Cochran County Methodist Churches Outstanding Will Observe McMurry College Day **Cochran County** 4-H Club Girl

Abilene-Two Methodist Chur ches of Cochran county will observe McMurry College day next Sunday, along with more than 300 other Methodist churches in Northwest Texas.

A goal of \$20,000 has been set for the amount to be contributed An annual 'observance, each proportion to its total member.

"I need not stress the fact that the tuition paid by students in any college represents about 40 per cent of the total needed to aintain the school," Dr. Harold . Cooke, McMurray president, aid. "The remainder must come. in the case of the church schools. rom friends and believers in the hurch-related type of education.

'The tremendous importance of the Christian college has been brought to the attention of many because of our recent world criss, and regardless of denominaion, we know that they are the oulwark of human society in inculcating the ideals and spiritual alues which go to make up the character of our future citizens nd leaders. Such training helps o promote interracial and international understanding, brothernood and world peace.'

McMurry's present student enollment is from 66 Texas counies, and nine other states. More han 110 ex-service men are now n McMurry College.

Methodist churches of this ounty participating in the Mc-Murry day program are: White face and Morton.

'To secure additional account numbers means possible loss in benefits to the individual as well as causing the government unnecessary expense in establish. ing a new account," he said. "Since no one number can be assigned to two different individuals, any employee for whom two accounts are established pro hibits forever the Board using the extra account number assigned for anyone else.

Q. When may turkeys be vaccinated for fowl post?

A. The vaccination is easily given six to ten weeks of age.

Q. How much fresh water does a dairy cow need?

A. A cow should drink a minimum of about five gallons of water for each gallon of milk she produces, although many cows will drink more. Even when dry, dairy cows need a regular supply of clean, fresh water.

Q. How does the value of wool produced by the angora rabbit compare with that of sheep?

A. On a dollar-and-cents basis, the angora rabbit out-produces the sheen. The rabbit clipped five times per year will produce about twelve ounces of wool, which would have a value of market.

Q. How many pigs must be marketed from each litter to pay for the production costs of the litter?

A. Long-term records from the Research Farm of the Ralston Purina Company indicate that when farrowing two litters per year. the returns from five pigs per litter are required for payment of production costs of the entire litter.

Q. How great is the financial damage caused by weeds?

A. The extent of financial loss caused by weeds is indicated by the fact that seeds of cockle and bulblets of wild onion and garlic annually cost Southern Illinois wheat growers \$350,000.

Send your questions about any phase of farm management to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this vice of this ne

SAVE! SAVE!

MOVED BY THE PLIGHT OF EUROPE'S MILLIONS, GOVERNMENT SUGGESTS WAYS OF HELPING THEM

Washington - Mindful of the olight of the hungry millions in Europe the Federal government Sunday offered these suggestions on how you could help them:

1. If you're a housewifeor a teaspoonful of fat away.

vegetables.

Don't fry meats, poultry, fish. Bake, boil or stew them. Fresh Fruit Recommended.

Use fresh fruit for dessert, not pastries. Serve homemade salad dress-

ing, vinegar or lemon juice, not rich salad dressing. Use meat drippings to flavor

vegetables, dressings, sauces. Store bread in moisture-proof wrapping in refrigerator. This retards mold.

Use dry, leftover bread in toast, puddings and stuffings.

Serve open-faced sandwiches. Or better still, serve a vetgetable salad, such as potato or bean, in its place.

Give each person only one small slice of bread at a meal. Cut out dry cereals as much as possible. Use potatoes (a fine breakfast dish) and oatmeal. Proposals for Men.

If you're a man-Don't overeat.

Eat all they serve you at a rea taurant.

Stay away from pastries. Order fruit instead

Plant a vegetable garden. Be a one-man information bureau. Spread the word around that the world food situation is

critical and will remain that way for at least three months. Everybody-Cut down on waste. The De-

partment of Agriculture estimates that one slice of bread in every loaf is wasted. This alone would give 2,500,000 people in Europe three fourths of a pound

Remember that people are starving, that many will die un-

And remember that that help can only come from you.

We have especially enjoyed watching Spring come to Mortor making several trips out the south highway to admire the Flowering Peach in the Cliff Davis yard and the Red Bud in Albert Morrow's yard was also worthy of attention. We have admired a great many yards, but so far haven't learned the names of all the owners of same.

With the Cochran County Garden Club members stressing yard ting. beautification-by co-sponsoring a contest with the Chamber of Commerce and Lion's Club, we expect to see some really fine improvements around Morton in the way of beautiful yards and gardens.

Mr. W. K. Whitman tells us that practically every one in town has asked for a permit to put down a sidewalk. Isn't that wonderful, now when that big rain comes we won't get out feet muddy. Besides a nice sidewalk improves the looks of a place and adds to its value.

Lots of new buildings going up around here. One of these days we are going to take time off to make a personal census of the business and residence build ings under construction.

We like to brag and while in Snyder this week-end we were asked how many oil wells Cochran county had and we didn't E. Culpepper, from the posses know the answer-but that

What to Study

Schooling actually does not help people much unless it makes better neighbors of them. It should, by all means, train them to engage in activities with other people, for the benefit of all. Today this is clearly the most essential feature of education because people who don't understand cooperation are being led by the nose straight through collectivism to dictatorship.

George William Curtis once wrote: "While good men sit at home, not knowing that there's anything to be done, nor caring to know, half persuaded that this republic is the contemptible rule of a mob and secretly longing for some splendid and vigorous despotism, . . . remember that it is not a government mastered by ignorance? it is a government betrayed by intelligence."

Betrayed by What?

We have a sad state of affairs indeed when intelligent people realize that things are taking the material may be purchased place which they suspect are very had for the country, yet fail to For the average gardener one 10 take a hand in remedying matters. Preserving the personal liberty of all people ought to be every man's personal duty. Those who have been without freedom

obligation. Some men have deep learning bacteria into the jar and mix in fields that do not embrace hiswell by shaking. They should be tory, government or economics. planted immediately because the Others have gained far-flung bacteria is killed if allowed to knowledge without sensing the dry out or is exposed to extreme duties of citizenship or any obligation toward other people. Cur-

Lubbock, Texas tom? Consolidating our recent scientific gains and preserving

Although thousands of Americans are eager to go abroad today, few will be able to make the trip. But if you are a young man from 17 to 34 years old, you can go overseas - with a good job, your traveling expenses paid, food, clothing and quarters supplied free . . . and a 20% bonus added to your regular pay.

How? By enlisting in the new peacetime U. S. Regular Army for a 3-year period. This 3-year enlistment also enables you to choose the particular branch of service in which you want to be.

No matter where you are stationed. you'll be able to study in U. S. Army Training Schools, specializing in skills and trades which will prepare you for a

good civilian job later on. And the GI Bill of Rights provides a college, trade or business school education with a living allowance for you after your discharge.

These are only a few of the many attractive enlistment privileges now offered by the Army. You owe it to yourself to get the full story in detail without obligation. Stop in today.

A GOOD JOB FOR YOU U. S. Army CHOUSE THIS FINE PROFESSION NOW!

## **Canning Clinics Will Be Held In All Cochran County Communities**

A series of Canning Clinics are to be held during the month of May in all Cochran County Communities by the County Home Demonstration Agent and Farm Security Home Supervisor.

All persons who have any canning problems are urged to altend the meeting that is nearest them.

The clinic will be divided as follows: Checking pressure canner guages, cleaning and adjusting sealers, and checking jars of spoiled home canned food to determine cause of spoilage. Persons who have any such jars should bring them to the meeting along with any cookers or sealers that they wish to have cleaned or adjusted.

Each person bringing a cooker or sealer to the clinic should bring with them: an old tooth brush, shallow pan, dish rag and cup towel, and a pint of kero-

The place and time for each meeting is: County Line, May 7 in the home of Mrs. Cline Melton, at 10:00 A. M.; Lehman, May 1, in the home of Mrs. V. F. Fredat 1:30 P. M .; Midway, May 10 in the home of Mrs. B. H. Tucker at 1:30 P. M .: Sun Shine (Morton) May 14, at 1:30 P. M. in the and little daughter left Friday tance covered by the wagon soe, May 28, at 1:30 P. M., in the School 'Home Economics room: Neely Ward, May 23 at 1:30 P. M in the school building

Whiteface, May 24, at 1:30 P. M. of this nature held in the county of school building.

This will be the only meetings possible to attend.

fulness.

lf winged mustangs break their night stake-ropes on the lush prairies of Valhalla, and the sound of muffled hoofs and chiming spurs pour out of the sky range where old cowboys. have watched star fires burn in endless night, there is cause for pandemonium. Some new hand in paradise has brought the word that cowboy's shirts sell for as much as \$60 in the sage and mesquite land where work and wage used to be important.

Experience is not only a severe teacher, she is president extent of punishing us for the same mistakes as often as neces

Dismal rain fell on the auction lot where many had stood to pay more than they could afford for objects they would not purchase in any other mart. Only two articles remained unwanted a crude pulpit and a pool table. Being merely an observer of life on this dangerous star, my mistakes are more frequent than the days, but I would not fail in my guess at the object which would have caused greater bidding, had the auction continued. Men would probably be more concerned about their souls if there was a way to avoid thought in the process. Golden urns held the flames of clouds licking night's half-drawn curtains and the scent of rain was on spring's enchanting gown, swishing through the little valleys. It was a twilight to rouse old memories from their couches in corridors of the past. and like restless phanioms, trek through the opened door. Each spring is cut from the pattern of a thousand others.
