

Singleton Funeral Home's Formal Opening Slated For Sunday, Nov. 24

The public has been extended an invitation to attend the formal opening of Singleton Funeral Home on Sunday, November 24, at 10 a. m. until 6 p. m.

At 2:30 in the afternoon a special program of incidental music and singing by a local quartet will be presented. Also talks by Rev. A. A. Kendall, Bullard, W. C. Wright and Foutz.

Factory representatives will be on hand to help conduct visitors through the home and to explain the products.

Refreshments will be served to guests and lady visitors will receive souvenirs.

Singleton Funeral Home is located by Mr. C. V. Singleton of Lone. Local manager is Mr. W. T. Barrett assisted by Mrs. M. J. Barrett. Both men are licensed embalmers and morticians; graduates of the Landig College of Mortuary Science, Houston, Texas. They have special certificates awarded them for making above average grades in their college course.

Singleton bought the Rowland Funeral Home in July, 1942. The mortuary was housed in the new building, across the street from the present location in August.

The new building is a one story structure, modern in architectural design with 86 x 38 feet interior floor space.

The home is modern in every detail, with six well arranged rooms, including reception room, chapel, slumber room, office, waiting room and preparatory room, designed for the comfort and convenience of the public and staff personnel.

The funeral home maintains ambulance available for day or night service.

Singleton Funeral Home is equipped to take care of any type funeral from the most modest to the most expensive and each service is handled with the utmost care and consideration.

CCC MAKING 1946 SORGHUM GRAIN LOANS

Commodity Credit Corporation is making a loan on farm stored grain sorghum for the 1946 crop according to G. C. Keith, Chairman, Cochran County ACA.

The following information is submitted by Mr. Keith pertaining to the loan:

No. 1 or No. 2 grain, \$1.66 cwt.; No. 3 grain, \$1.38 cwt.; No. 4 grain, \$1.50 cwt.; Mixed grain 3c cwt. discount; Moisture cannot exceed 13 percent.

Grain should be in the bin 30 days before making application for a loan.

Total charges 2c per cwt. Loans must be made by Feb. 28, 1947.

The note bears 3 percent interest, and matures April 30, 1947. The farmer is required to deliver the grain by maturity date or pay off the note. Farmers are responsible for weight and grade when the grain is delivered.

Completion Of Well Extends Irrigation South

A well recently completed on J. H. Barker's farm, 3 miles southeast of Morton, extended the known limits of irrigation somewhat to the south. It is about two miles south of the well on J. E. Doran's farm. The depth and thickness of the principal water-bearing stratum is comparable to that found directly east of town and a test made by Soil Conservation Service personnel showed an output of approximately 900 gallons per minute. The White Motor Power unit being used is the first of that make to be installed in this county.

Mr. Barker has sown 30 acres of wheat which he plans to water. He hopes to get some twenty acres or more of this field seeded to alfalfa in the fall of next year. He also likes the idea of improved pasture and is planning to break out ten acres of sod in the near future to be planted to a mixture of grasses and legumes.

A well-kept windbreak adds much to the appearance of Mr. Barker's farm. He says that several species of trees in his windbreak are not suitable plants for this purpose, but he is well pleased with the others. To have the proper kind of a shelterbelt, Mr. Barker thinks one should give due consideration to the choice of tree species and give the planting careful management. Incidentally, Mr. Barker is in the market for some squirrels to live in his trees, but there will be no "open season" on his farm.

Texas Banks Receive National 1000 Pt. Award for Service to Agriculture

For the ninth consecutive year the banks of Texas have received the 1000 point award which is made annually by the Agricultural Commission of the American Bankers Association, according to W. W. Williamson, President, First State Bank, who represents the banks in Cochran as County Key Banker. Mr. Williamson was notified that the award was made today at the A.B.A. Agricultural Commission meeting, which is being held at Louisville, Kentucky.

Each year the A.B.A. Commission rates banks in all of the states on the basis of country bank activities which benefit agriculture. In the numerical evaluation of these activities, the Commission considers work done by individual banks, and programs which are carried out by the agricultural committees of the state bankers associations. Points are given for "regular" and "extra" services rendered by the banks.

"Agricultural production of Texas is wisely varied," Mr. Williamson pointed out. "Bank activities in each community have been carried on to meet the needs of the community. The Texas Bankers Association, however, has encouraged statewide projects to promote interest in soil conservation which not only takes in terracing and contour farming, but also pasture improvement. Bankers throughout the state have been very active in

Tom Mather Scheduled To Play International Polo At San Antonio

Mr. Tom Mather, local polo pony trainer and player has gone to San Antonio where he will take part in the International Polo Games to be played on November 24, 28 and December 1.

Mr. Mather returned early in November from the east, where he had been all spring and summer playing in revival of the game at Meadow Brook and other polo clubs in the Long Island area.

The first International series between the U. S. and Mexican polo team was held recently in the east.

Mather was a member of the selection committee for the first series along with Robert E. Strawberry, Jr., and Deverux Milburn, Jr. The team was composed of Michael Phipps, Stewart Ingelhart, Cecil Smith and Peter Perkins.

The Mexico team is composed of four brothers, Gabriel, Alejandro, Guillermo and Jose Garcia. Horses Mather will use in the San Antonio series include: Two

Housing Clinic To Be Held Here Nov. 26

A Housing Clinic will be held in the Cochran County District Court Room, Tuesday, November 26 at 10:00 a. m. The meeting is being called by the County Home Demonstration Agent in cooperation with the Farmers' Home Administration office and other interested agencies. The purpose of the Clinic is to help people who are interested in planning to build or remodel their homes.

In connection with the program, a film concerning installation and use of electrical equipment will be shown. This film should be of great interest to any person who plans to purchase any new equipment in the near future.

Persons who are planning to build or remodel should bring a rough sketch of their house plan.

Wesleyan Guild Meeting Held Monday Night

The Wesleyan Guild met Monday night, November 18, in the home of Mrs. W. W. Williamson.

In the absence of the president a business session was conducted by the vice-president, Mrs. J. D. Hawthorne.

The nominating committee reported and the following officers for the coming year were elected by acclamation: President, Mrs. L. W. Ray; vice-president, Mrs. R. C. Ross; secretary-treasurer, Mrs. Courtney Sanders; corresponding secretary, Mrs. Carl England.

Mrs. Ruth Willis moved to amend a previous motion whereby both drapes and a picture will be purchased for the choir by the Guild. This amendment carried unanimously.

The Guild Ritual was given by the members in unison.

Mrs. R. C. Ross presented the program; a very interesting talk on the assigned subject "One God, One Brotherhood."

A delicious refreshment plate was served by Mrs. Williamson to the following members: Meses. A. A. Kendall, R. C. Ross, Gayle Bishop, Carl Alexander, Ruth Willis, Ellery Oden, J. D. Hawthorne, L. W. Ray, Chas. Cravy, Carl England and Miss Geneva Famulliner.

Whiteface Team Meets Union In Bi-District Tilt Friday

Whiteface's versatile Herefords, who have scored 356 points in seven games this season, met Union of Dawson county in the six-man bi-district championship for districts 2 and 3 at Levelland High School Stadium at 2 o'clock Friday afternoon.

The Herd defeated Union in the bi-district tussle last year 54 to 13.

According to Bill Phillips, manager of the club, the heavily favored Whiteface club has defeated five conference teams, with only 12 points scored against it—that by Cooper.

The team defeated Dickens, championship combine of district 4, by a score of 74 to 14, and got into 11-man togs to measure the Morton B team, 19 to 0.

"Watch out for us," Phillips quipped, "when we pare down to five men and start playing basketball."

Ray McCoy is the leading scorer with some 80 points and the other scores are pretty well spaced out over the other members of the club. L. S. Salsar, product of Texas Mines, is coach.

War Films Will Be Shown At Legion Meeting

The American Legion meets Thursday (tonight) at Veterans Hall, 7:30 p. m.

Sgt. Scoggin of Lubbock will show war films. Two of which are: "Air operations over Europe" and "Target Germany."

The public is invited to attend this meeting and see the pictures. There will be no charge.

Following the showing of the films the American Legion will hold a business meeting.

MASTER THOMPSON, son of MR. and MRS. GLENN THOMPSON has recovered from a tonsillectomy performed recently at the Amherst hospital.

INDIANS LOOSE GRID TUSSE TO MULESHOE

The Indians went down fighting here Friday night in a hard fought grid battle with the Yellowjackets coming out on top by a slight 14 to 6 margin.

The Morton boys fought hard and in first downs and other statistics, the Indians were in the lead. The local's kept the Jackets pretty well back against their own goal line most of the game with several long punts turned in by Kenneth Willis and Billy McAlister.

The Indian's defense, for the first time this season, held stubbornly against the Muleshoe ground attack. The boys up front in the line were smearing the Yellowjackets for terrific losses all during the game. But on two lucky occasions the visitors got away on runs that counted. Both times they added the extra point from placement. St. Clair and Huff from Muleshoe shared the scoring honors.

Jack Shirley added several much needed yards to the Indian ground attack with Bobby Graham also doing some nice ball carrying. Kenneth Willis and Bill McAlister were doing some nice kicking and running while the line turned up with some very good blocking. Jack Taylor, Billy Gandy, John Williamson, Snookie Russell, Jerry Winder (incidentally Jerry knocked down several passes attempted by the Jackets and intercepted one and made a nice run back) and Gerald Lemon stopped the ground attack and smeared the passer back several times to help hinder the offense of the visitors.

Hub Cadenhead caught several nice passes for very large gains which didn't hurt the Indians either. All together, the Indians played a hard game.

Edward Negal made the only Morton score on a pass from Willis. The try for extra point failed.

We would like to take this opportunity to thank the people of Morton for backing our team.

Cochran Cotton Ginning Report

Census report shows that 109 bales of cotton were ginned in Cochran County, from the crop of 1946 prior to Nov. 1, as compared with 96 bales for the crop of 1945.

VISITORS IN CARLSBAD

Mr. and Mrs. M. L. Baker and Paula Louise were Sunday visitors in Carlsbad. Butch and Mrs. Baker went through the caverns, Paula Louise waited their return in the nursery.

MAYOR'S PROCLAMATION

THE STATE OF TEXAS)
COUNTY OF COCHRAN)

Clinic for Crippled Children To Be Held In Plainview

Dr. Walter Taylor, Chairman Cochran County National Foundation for Infantile Paralysis, has notified that a clinic for crippled children will be held at Plainview Sanitarium and on Saturday, November 30.

Dr. Sim Driver and Eugene P. Driver of Dallas will conduct the clinic.

Dr. Driver, formerly of the Roll-Over Clinic of Dallas is one of the most prominent orthopedic specialists in the State. He is a professor at the Southern Medical Foundation and is chief of the orthopedic division of Baylor Hospital. Doctor Driver is also a staff member at the Northwestern Medical Foundation and is associated with Doctor Driver.

This is the first of regular clinics these men will hold in Plainview, since they have been designated to supervise the orthopedic care for the polio patients of the West Texas Center Plainview.

All polio patients who require orthopedic examination, regardless of when or where they had disease, are invited to attend this clinic Saturday, November 30. Also, any other crippled children in this area who need care will be seen.

Driver Of Stolen Wrecked Auto Hunted By Sheriff

LUBBOCK—Sheriff's deputies checked hospitals Tuesday at request of Sheriff Mac Hancock of Morton, who was seeking driver of a stolen automobile wrecked west of Morton Monday night, but said there was no record of his receiving hospital treatment here. Neely Ward 4-H Club Meet Held November 5th.

The Neely Ward 4-H Club met on November 5 with all members and the county home demonstration agent, Miss Manley, present. The president presided over a business session, at which time the minutes of the last meeting were read and approved. At the suggestion of Mrs. Masten, sponsor, a song and game leader was elected. Kenneth Wynn was chosen song leader and Clyde as the game leader. Majorie and Alice Faye gave a team demonstration on "That's a Good Egg."—Patricia Nell, Rept.

Quartermaster Tests Question The Use Of Salt As Sausage Preservative

Tests conducted at the Quartermaster Food and Container Institute for the Armed Forces at Chicago over a period of nine months have disclosed that fresh frozen pork sausage prepared without salt keeps better than the same product prepared with salt. The tests were to determine a satisfactory method of preparing sausage for freezing to provide maximum stability, appearance, and palatability. It had been found that fresh frozen pork sausage developed rancidity after relatively short periods of storage at temperatures of 0 and 15 degrees F. Three lots of sausage from the same initial stock were identical-

ly prepared except for seasoning ingredients. One lot was seasoned with sage, pepper, sugar, and salt. Another contained sage, pepper, and sugar only, and the third contained no seasoning. Samples were prepared from all lots, frozen at zero degrees, placed in storage at that temperature and very 30 days portions were removed from each lot and submitted to chemical as well as taste tests. At the end of three months it was noted that the sausage which contained salt had deteriorated in appearance, flavor and odor. Taste tests indicated similar deterioration, and chemical examinations confirmed these indications. After each succeeding month of storage and subsequent examinations, the samples containing salt continued to deteriorate in all respects and became so gray in color that it was necessary to taste test the three types under red lights to eliminate the ease of detecting the salt-seasoned sample from the two types prepared without salt. The tests indicated that seasonings other than salt had but little effect on the development of rancidity in the sausage during freezing, storage, and cooking. On the contrary, the type to which sugar, sage, and pepper had been added were slightly more acceptable and had lower deterioration values than the type to which no seasoning had been added.

Called Meeting For Auxiliaries Held Thursday

Sixteen members of V. F. W. and American Legion Auxiliaries met in the home of Mrs. Roy Hill, Thursday night, November 14, in a called session. Mrs. Jack Nelson, president, V. F. W. Auxiliary, presided over a business session, at which time a financial report was given, and committees appointed to pay bills incurred for the Armistice Day celebration. Misses John L. McGee and Oscar Vernon from A. L. Aux and V. F. W. Aux were appointed as joint secretary and treasurer to handle furnishing funds, make collections and disbursements. The auxiliaries expressed their appreciation to Mr. Ben Dyer of the Wallace Theatre for the donation of Pop-corn sold by the auxiliaries during the veterans football game.

WAA Parts Man To Make 2-Day Visit To Lubbock

J. M. Rogers, auto parts representative of War Assets Administration, Fort Worth, will make a second two-day visit to Lubbock, Wed. and Fri., Nov. 27 and 29, to familiarize automotive and parts dealers, veterans, service garages and fleet owners with surplus automotive parts for sale by WAA.

Rogers has for interested parties the latest revised National Consolidated Inventory, giving the number, name and price of all surplus automotive parts available in the entire 48 states.

All purchasers, except veterans, must place a minimum order of \$500 net. Veterans in an emergency can buy automotive parts without a minimum.

During his stay in Lubbock, Rodgers will be located at the American Legion Home, 910 Texas Avenue. For future reference, he will leave the revised inventory list, and supplements will be issued after Dec. 10 listing all new inventories of surplus auto parts.

MR. and MRS. M. MARKOWITZ visited in Lubbock Sunday. While in Lubbock they bought spring shoe merchandise.

QUOTES OF THE WEEK

"I just get tired of them!"—Mildred G. Underwood, Chattanooga, Tenn., after 16th divorce from eight different husbands.

"I just want an English war bride."—Ralph Douglas, Downs, Ill., explaining enlistment in the Army.

"I think I'll have my yard fixed up a bit."—Mrs. F. J. Erdsvurm, 68, Chickasha, Okla., widow, on inheriting \$250,000.

"The phony claims of proponents of government planning have been disproven on virtually every count."—Ralph Hendershot, financial editor, on aftermath of OPA meat de-control.

"It's one of the most illiberal of all our statutes."—Senator Ball, Minn., on closed-shop provision of Wagner Act.

"Now that we do see America first, we hope to see America last."—Dallas Morning News.

Morton Tribune Threatened By Fire Saturday

The Morton Tribune wishes to thank the Morton Volunteer Fire Department for their prompt action in answering the Tribune's call for help Saturday when a fire broke out in the store room of the building.

The conflagration was started when a gas connection on a lighted stereotyping box came loose, setting fire to a thin wall board partition.

There was no damage as only a few old files of the Tribune burned.

MR. and MRS. L. B. CHILDS attended market in Dallas first of the week.

Former Cochran Teacher Instructing Panamanian School In Panama City

George W. Turner, the former teacher of the Cochran school in Panama City, is teaching a week in a Methodist school in Panama City. Mrs. Turner is also assisting in the instruction in sewing and homemaking in a branch mission school in the slum of Panama City. Margaret flew to Panama from Cochran in July to join her husband, Captain George W. Turner, who is in Panama with the Army Air Corps. They live at the post and Mrs. Turner comes to the city for her class.

In the slum work being conducted by the mission, Mrs. Turner has stressed the need for equipment necessary in the instruction of the students. She especially is anxious to secure thread, needles, cotton print and thimbles of small size. These materials if secured would permit the instructors to teach the pupils the basic principles of sewing and help them to clothe themselves simply and inexpensively. Books too are urgently needed in the Mission Library. Most critically needed are books for children and young adults. These classes are composed of English speaking Jamaican Negroes. The Missionaries are endeavoring to install the principles of Christian living into their lives and to help them to a better way of living. Mrs. Turner taught school in Cochran county for one year. She is the daughter of Mrs. Mary L. Beard of Morton.

AND EVERYWHERE THAT MARY WENT By COLLIER

»annegrams —by ann england—

Mrs. Byron Willis did the clerking for the Veterans Auction Sale on November 11 and according to veteran officials and the auctioneers, she did a wonderful job. In our opinion it was real work with all the crowds, confusion, etc.

Mrs. J. B. Knox told us that the exquisite Haviland china used at a party in her home several days ago was a portion of her wedding china. A slender cut glass vase used as a center piece with carnations was a gift from her mother years ago. We know how she cherishes these treasures.

Notice in papers from towns in this area where Christmas lights are being dusted off. We hope Christmas lights will be displayed in Morton. They would certainly show the new paving off to advantage, besides adding gaiety and a spirit of progressiveness to the town.

Saw pretty little Sue Cochran in town last week. First time we've seen Sue since she entered college in Lubbock. Her new school work apparently agrees with her.

Mattie Ramby celebrated her birthday November 20. Mattie is a lovely person and always too busy. Can't imagine how she ever found time to have a birthday.

C. V. Singleton, owner of the Singleton Funeral Home, is tall, dark and handsome and single we might add.

Mrs. Lem Chesshir brought us a beautiful corsage Tuesday; and last week we received fruit and things from our Sunshine Sister.

The spouse is convinced we are running some kind of a "Racket."

We like to think the reason for the gifts is our "pleasing personality."

Mrs. Beard at the Blackstone Cafe showed us some pictures sent by her daughter, Margaret, who is living in Panama. The pictures are of the negro students being taught in classes sponsored by the Methodist Missionaries. These teachers and Missionaries are in dire need of simple sewing room supplies. Anyone wishing to send needles, thread, thimbles and lengths of cotton goods may leave the items with Mrs. Beard. The teachers would welcome large sacks that may be utilized in the sewing room.

The Mission is trying to build up a library and will appreciate any books that may be sent them.

Mrs. L. W. Rav, a comparative newcomer to Morton, certainly has pitched in to do her part where needed in the civic, church and welfare work in Morton.

Christmas is just around the corner. Trees for decorating purposes are all ready arriving in town.

We don't think it is original (or even funny for that matter) but the spouse told Bill, "The powder that goes off with a bang is not so dangerous as that which goes on with a puff."

CARD OF THANKS

We would like to take this means of thanking those who were so kind and thoughtful during the illness and death of our father and husband. Mrs. J. C. Reid, Mrs. May Johns, Mrs. B. C. Pippin, Mr. M. E. Reid, Mr. Jake Reid and Miss Betty Jo Reid.

FRED SAUNDERS is again able to be in school after a seige of pneumonia suffered recently.

Household Goods Auction Sale At Lehman Tuesday

A. H. and W. L. Hancock, well known auctioneers of Morton are announcing a sale of household goods at Lehman on Tuesday, November 26 at 2:30 p. m.

Mr. W. H. Ellis, Santa Fe Agent, is being transferred and cannot take his furniture with him. Many of the furnishings listed are practically new.

The Hancock Brothers in their announcement invited any one having items they want sold to bring them to the auction and they will be sold at the regular commission after the Ellis sale is completed.

PFC. BILL M. GOODMAN HOME ON 15-DAY FURLOUGH

Pfc. Bill M. Goodman, son of Mr. and Mrs. H. E. Goodman of Morton is home on a 15 day furlough with his parents and sister, Joyce Goodman.

Pfc. Goodman was inducted in the Army in April, 1946. He has been stationed in Virginia for the last seven months but will report back to Kentucky, Nov. 28.

Pfc. Goodman is a 1945 graduate of Dekalb High School, Dekalb, Texas. He came to Morton with his parents in January, 1946.

A birthday supper given in his honor was enjoyed in the home of his parents Tuesday night. He celebrated his 19th birthday.

Wing Of Southwest Farm Markets

Attention took the spotlight at southwest markets last week as it moved back to the 30 cent per pound level. Also wheat and hogs made small gains, but other farm products were steady to weak, according to the U.S. Department of Agriculture's Production and Marketing Administration.

Wheat went up about \$17.50 a bushel last week as market activity in cotton textiles increased during the end of price competition. Spot market prices strengthened a little in relation to futures. However, country hogs' prices were generally low in relation to central and futures market prices.

Turkey prices were about steady at 28 cents per pound for hens and 26 to 28 cents for young toms at most southwest markets last week. Some rural prices were 3 to 4 cents per pound below these, and fryers held about steady, although demand was weak. Eggs reversed recent

trends as expected holiday demand began to strengthen prices. Cattle prices went up and down last week at most southwest markets despite active trading. However, no great losses or gains were registered. Top quality slaughter classes were steady to higher. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston and \$11 to \$18 at Ft. Worth. San Antonio quoted common and medium fat steers and yearlings \$14.50 to \$16.50. Medium and good steers brought \$18 to \$20 at Oklahoma City while medium light steers realized \$16 to \$18 at Wichita. Medium to good steers ranged from \$17.50 to \$25 at Denver.

Last week saw hogs move gradually higher under active trading at most southwest markets. Friday's quotations for top butchers stood at \$24.50 per hundred pounds at San Antonio; \$24.50 to \$24.75 at Wichita; \$25 at Denver; \$25.25 to \$25.50 at Oklahoma City and \$25.50 at Fort Worth.

Southwest sheep and lamb markets registered increases of 25 to 50 cents per hundred last week as good demand quickly absorbed light supplies. San Antonio quoted common and medium grades of lambs at \$12 to \$14.50, ewes at \$6.75 to \$7.75 and goats \$5.25 to \$6.75. Medium and good fat lambs brought \$17.50 to \$20 at Ft. Worth. Good and choice lambs realized \$23 to \$23.75 at Denver and \$22.50 to \$22.75 at Wichita.

Trading in domestic wool was less last week due to the advance in prices effective November 11. Decontrol order stimulated buying in foreign markets.

Wheat went up a penny or more per bushel last week while corn lost 3 to 4 cents per bushel, barley 1 to 4 cents, oats about 2

"Last Roundup" Before Thanksgiving

An abundant turkey crop for 1946 promises that the nation will observe Thanksgiving in the established tradition. But not every family will dine on a gobbling chosen "on the hoof." Pretty Marys Pascoe, of Detroit, Mich., made sure of her selection by driving her new Chevrolet out to Shady Valley Farms, one of the largest turkey farms in the country, where Orville M. Felmelec assisted in the selection.

cents and sorghums 7 cents per hundred. Bran, shorts and soybean meal dropped \$3 to \$6 per ton too, but other feeds stood at recent high levels. Widespread snow and rain increased the demand for hay and strengthened prices.

Rice continued to sell at top OPA levels with the heavy movement from the new crop unable to meet the urgent demand.

Deliveries of farmers' stock peanuts from southwest area was light last week and most sales were at the support level.

Citrus, apples and most vegetables brought about steady to slightly stronger prices at southwest markets last week. Only potatoes and onions were easy. Louisiana sweet potatoes went up as haulings decreased and brought \$2.65 to \$2.85 per bushel crate.

and corrections is necessary in order that Social Security Administration may keep their records under one account number," Elliott Adams said. "It is also important because it means full benefit rights when the worker retires, or in case of death of the wage earner, accurate monthly benefits to his or her eligible survivors."

A form OAN-7003, "Employee's Request for Change in Records"—can be obtained at any Social Security office.

MR. and MRS. L. E. HUGGINS and daughter, CATHY, spent the week-end in Snyder, Texas.

Social Security Manager Will Be Here Nov. 28th.

Elliott Adams, manager of the Social Security Administration at Lubbock, Texas, will be in Morton, Thursday, November 28, 1946 at 11:00 a. m. at the Postoffice, for the purpose of answering any questions regarding Social Security benefits or Social Security Account number cards.

Brides, divorcees and other workers, who have been employed in stores, offices, factories and similar industrial or commercial work, should advise the Social Security Administration of any change in their names if they are to continue to work in such occupations, Elliott Adams, manager of the Social Security Administration field office at Lubbock, stated today.

From where I sit... by Joe Marsh

Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimnings" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

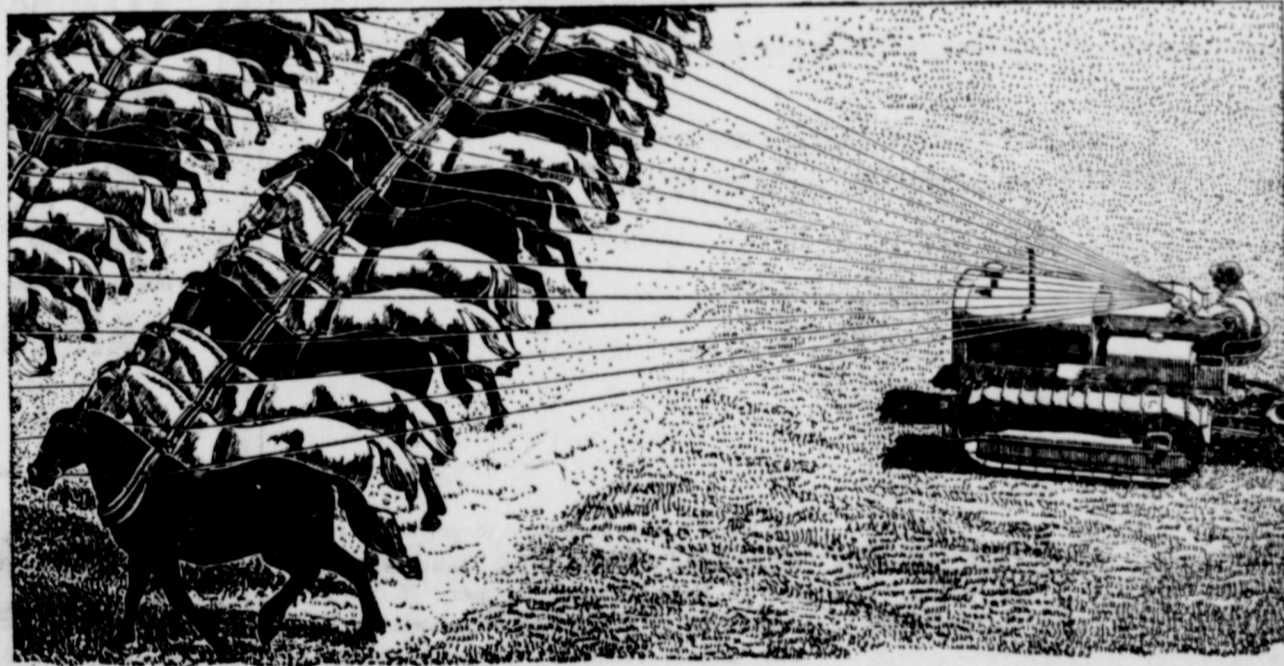

belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimmings" too.

Joe Marsh

Tilling with a Hundred Teams of Steel

MORE power on the farm means more food... more jobs.

If a farmer had three teams of horses twenty-five years ago he was well equipped. Now, with over two million tractors and thousands of other power producers, most farmers command the equivalent of... a HUNDRED TEAMS.

Wise use of their power, which can be packed into a few tons of steel, is enabling U.S. farmers to keep abreast of unprecedented food requirements. It is one of the secrets of national progress.

Steel horsepower does more than produce bigger crops with less labor. It has released, for production of human food, millions of acres once needed to feed horses and mules,

and has created thousands of new jobs for town and city people who process and sell the increased harvests.

The benefits of farming with steel are the result of teamwork between farmers and industry. The farmer knows what he needs; industry knows how to supply it at a price he can afford. This teamwork must continue if America is to remain a land of abundance.

Farmers need still more power. The country needs still more food. Uninterrupted industrial production will permit industry to catch up with the pent-up need for more farm power.

AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER.
Write for a copy and it will be sent gladly.

Whiteface Teams Win Two Tilts In Basketball

WHITEFACE, Nov. 12—Whiteface basketball teams swept a doubleheader from Three-way here tonight, the boys romping to a 52-32 victory while the girls edged the Three-way aggregation 19-17 in a heated overtime battle.

Ray McCoy of Whiteface was high for the evening with 17 points, followed by Glenn Lucas of Whiteface with 12. Avery garnered 10 points for the losers.

TO VISIT RELATIVES

Mr. and Mrs. Albert Morrow left Sunday on a trip that will take them to Amarillo, Shamrock, and Borger, Texas, and on to points in Oklahoma where they will visit friends and relatives.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

F. B. I. CALLS FOR A COUNT

In Europe the past summer I was made to understand an important fact. Consistently, I was informed by labor leaders, government officials, and industrialists in all of the eight countries I visited that the most disturbing element in each nation was the Communist element. In every country the confusion wrought by the Communists was quite disconcerting.

In England, Norway, Sweden, Denmark, Belgium, Holland, and Switzerland the Communist element was not large in number. But it was well organized. Apparently the movement was receiving funds from abroad in each country, for a campaign all out of proportion to actual size of the organization was in progress. In France, although the Communist party is not the largest, it has the best organization and is recognized as the strongest single party in France.

How About America?

Confusion, today, is not confined to Europe. In America we have been having a lot of confusion. We are facing the most serious industrial problems in our history. Though the war has been over for 15 months, our industry is still dragging badly. Production, in nearly every field, is disappointing. But an abundant by-product is confusion, and more confusion.

Industry wants to produce, for that is the only way it can make money. Some of our largest manufacturing establishments have actually lost money instead of making money in the past twelve months. Industry is not pleased with this situation, and I cannot believe they are purposely trying to keep it that way. Labor finds it difficult to live on current income. Labor's need is wages, and I cannot believe that labor as a whole wants confusion, work stoppages, and light production.

More Confusion

Does the government want to hinder production? Surely it wants the people to have food, clothing, transportation, and housing. Yet, when we have every reason to believe that labor, industry, and government want production, we are not getting production. Despite the desire of the three groups to avoid confusion, yet we have confusion confounded.

J. Edgar Hoover, many years head of the Federal Bureau of Investigation, a trusted citizen and public servant, is in a position to understand perhaps better than any other person what is happening in America. In a speech on the West Coast, September 30, he decried the growing menace of Communism, declaring that "in the past five years American Communists have made their deepest inroads upon our national rights."

Pincers Movement

Their skillfully designed and adroitly executed propaganda, Mr. Hoover stated, has been projected into every phase of national life. "They have maneuvered themselves into position where a few Communists control the destinies of hundreds who are willing to be led or have been duped," he continued. "The average American working man is loyal and law abiding, but in his desire for security for himself and family he finds himself in a Communist pincers movement manipulated by a powerful minority," Mr. Hoover observed.

Their false preachments on civil liberty mean that Communists want the right to do as they please. Those who seek to provoke prejudice and stir up the public mind to angry resentment against our form of government are a menace to the very powers of law and order which guarantee and safeguard popular rights. Said Mr. Hoover: "Communism has spread Fascism and Fascism spawns Communism. Both are the antithesis of American belief

in liberty and freedom. If people of other countries want Communism, let them have it, but it has no place in America." It is time to stand up and be counted, indeed.

BILLY D. WATTS ATTENDING ABILENE CHRISTIAN COLLEGE

Billy D. Watts, son of Mr. and Mrs. J. J. Watts, is one of the new members of the Abilene Christian College Aggie Club, a club which is made up of members of agriculture classes. He is a freshman student in Abilene Christian College and is majoring in the field of agriculture.

EDITORS NOTE:

Will the reporters for the various clubs please give both the given and sur names of persons used in reports as well as location of the Meetings—Thanks.

National Aeronautics Association Will Hold Annual Convention Nov. 22-23-24

The annual convention of the National Aeronautics Association will meet in Lubbock November 22, 23, and 24, according to Fred Lindall, San Angelo, president of the council.

Among the topics to be discussed by the convention is the establishment of a state headquarters for the Council with a paid manager to coordinate the activities and efforts of, and to serve local groups. Adequate financing of such a comprehensive program will also be taken up.

Other topics which will be brought before the gathering are examination of proposed state legislation pertaining to aeronautics, adoption of a policy of cooperation of the part of the council.

in this legislation, discussion and formulation of plans for a proposed State Aviation organization designed to combine the activities and strength of all Texas aviation organizations, promulgation of a uniform aviation effort for the common good, and election of new State council officers for the coming year.

Each chapter in the state will elect or appoint a delegate to vote and speak for the group.

LION'S CLUB

Lion's Club will meet at 7 p. m. Thursday (tonight). The program for the meeting has been arranged and will come from Lubbock.

MABE LANN MANLEY, Home Demonstration Agent left Wednesday, Nov. 20 to visit her mother, father and sister in Dallas.

MR. and MRS. WES LACKEY of Morton visited Monday with his brother, Rosco Lackey who is in the Veterans Hospital at Amarillo.

Miss Betty Jo Reid Becomes Brides of Kenneth Watts

Miss Betty Jo Reid, daughter of Mrs. Reid and the late Mr. J. C. Reid, and Kenneth Watts, son of Mrs. J. E. Trice, were married in a quiet ceremony last Thursday noon, November 14th.

The ceremony was performed by Rev. A. A. Kendall at the Methodist Parsonage.

The bride wore a blue dress with black accessories and a shoulder corsage of white carnations.

Guests for the wedding were Mrs. Trice, mother of the groom; Mrs. Reid and Johnnie Reid, mother and nephew of the bride.

The couple left immediately after the ceremony for a wedding trip to Roswell and Ruidosa, New Mexico.

Mr. Watts is employed by Piggly-Wiggly store in Morton.

Mrs. Watts is employed by the local triple A office.

The young couple will be at home in their recently constructed home in west Morton.

Notes Given On National Service Life Insurance

1. Five Year Level Insurance (now eight years) may be reinstated by submitting the current payment and one back payment. The current payment does not have to be for full \$10,000. The current amount due will be governed by the amount of insurance reinstated.

2. Ordinary Life, 20 Year Pay, or 30 Year Pay may be reinstated by paying all back payments.

3. Converted insurance may be made retroactive to first payment which was made on 5 Year Level Insurance, or any later payment which was made. This means that by paying a reserve at the time of converting, you may set the date of the 20 year policy back a year or a month for every year or month that payment has been made on the original 5 Year Level Insurance policy.

4. The date for reinstating National Service Life Insurance expires February 1, 1947.

5. Insurance may be reinstated and converted at the same time.

6. Insurance may be reinstated for any amount from \$1,000 to \$10,000. By reinstating \$1,000 a person may reserve the right to convert later on by paying a small amount each month, instead of reinstating the full \$10,000.

Problems Of Teaching Agriculture Discussed At Meeting Held Thursday

Teachers of veterans' vocational schools conferred on problems of teaching agriculture when they met at Texas Technological College Thursday. About 40 teachers from 20 West Texas counties attended the session, the first of its kind in this part of the state.

The schools were established five or six months ago for veterans under the GI Bill and are supervised by the state board of education.

Conference speakers included Quinten Mathews of Dallas, Chief of agriculture training for the area including Texas, Louisiana and Mississippi; T. L. Leach, senior agriculture training officer of the Lubbock region; Ray L. Chappelle, head of agriculture education at Tech; L. M. Hargrave, assistant teacher trainer at Tech; and others.

Rex Faulkner is local coordinator for Cochran County vocational agriculture classes.

Loans May Be Obtained By Farmers From Farmers' Home Administration

Cochran county farmers who are unable to obtain operating loans from local banks, cooperative agencies or other responsible sources in their communities may seek assistance from the Federal government through the recently created Farmers' Home Administration, according to Davis E. Benham, Cochran County supervisor for FHA.

FHA combines in one agency the functions formerly carried on by the Farm Security Administration and the Emergency Crop and Feed Loan Division of the Farm Credit Administration, Mr. Benham said. It assumed responsibility for their programs on November 1st.

The new agency's facilities are available only to farmers who are unable to obtain financing at interest rates not exceeding five percent from banks and other lending agencies in their communities. Eligibility of applicants is passed upon by a local committee of Cochran County Farmers, consisting of W. A. Woods, Floss S. Baldwin, and Virgil H. Bewley, who certify, among other things, that the applicant is not able to obtain credit elsewhere. The production and subsistence loans made by the Farmers' Home Administration are of two types, Mr. Benham said: annual loans and adjustment-type loans.

Adjustment-type loans are similar to the "rehabilitation" loans formerly made by the Farm Security Administration. They are based on improved farm and

home management plans worked out jointly by the borrower family and FHA supervisors. Their plans call for home production of feed and of the family living as nearly as possible; for several sources of cash income for the farm and improved soil conservation practices and the best land utilization. The loans may be made for farm operations, for purchase of additional livestock and modern tools and equipment for the farmer, and canning or other needed equipment for the farm home—in fact for anything needed to put the farm and home plan into operation. The loans are accompanied by on-the-farm assistance in farm and home management problems provided by FHA supervisors.

Repayment may be made over a period of up to five years. The loans bear five percent interest. Borrowers indebted to the Farmers' Home Administration for five years may not obtain further credit until their indebtedness has been paid in full.

Surplus War Materials Being Used By FPMA To House War Veterans

Pontoon bridges, battleship and camouflage paints, canvas tarpaulins and even church benches have been taken out of surplus by the Federal Public Housing Authority and adapted for use in providing temporary living accommodations for veterans and their families in congested towns and cities and at colleges.

Under the Veterans Emergency Housing Program, the FPMA has the assignment to provide close to 200,000 temporary dwellings for veterans and their families most urgently in need of housing.

Because of the temporary nature of this housing and the critical shortage of building materials, the use of new materials is kept to the barest minimum. As far as possible, materials from Federal surplus stocks are used, particularly materials which private builders would not find suitable for permanent houses.

In its great need for millwork, FPMA engineers have salvaged lumber from pontoon bridge decking, from table tops taken out of Army and Navy mess halls and from church benches taken out of Army chapels. They have gone to abandoned shipyards and reclaimed timbers used to support ships during construction but unusable for remilling. These timbers have been sawed and used in building foundations.

Heavy battleship paint has been thinned and thin camouflage paint thickened and treated for use in temporary dwellings. These paints were not readily adaptable for more exacting permanent residential uses but provide an acceptable protective cover for temporaries.

Hundreds of thousands of feet of steel invasion pipe, used during battle for the hasty laying of gasoline and oil pipe lines, have been adapted by FPMA. By dipping the piping in tar it becomes corrosion resistant and can serve as water pressure piping. It won't last forever but will hold up for the life of the projects. Similarly, thousand of feet of black pipe

are being converted to water pipe by galvanizing it to resist deterioration.

Millions of square feet of gyp-

sum box liners were adapted to use as ceilings and walls. Originally designed to stiffen and water proof cartons for overseas shipments of lend-lease materials, the liners were of sizes not suitable for conventional home building.

Floors which were worn rough, splintery and porous have been covered with canvas tarpaulins, claimed from Army and Navy

Tribune, Morton, Cochran County, Texas, Thursday, Nov. 21, 1946

surplus stocks, and painted with a floor enamel to make them serviceable as bath and kitchen floors where linoleum would ordinarily be required.

Hundreds of thousands of feet of single conductor, rubber covered and waterproof wire have been refabricated by FPMA into non-metallic sheath cable as a

substitute for the types ordinarily used in permanent housing. In this fashion, a greater portion of newly produced cable has been freed for permanent builders. In a comparable manner, some Navy-type insulated cable—awkward to handle and considered undesirable

Thanksgiving Day Also Proclaimed For Good Health

AUSTIN—The first Thanksgiving Day in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonists had reaped but for the sturdy health and endurance that had permitted them to survive the hardships and exposure, that first rigorous year in America. On the occasion of this Thanksgiving Day the State Health Officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community.

"We have much to be thankful for in that our national health level has remained high despite the nervous tension, the sacrifices, the deprivations of a post-war period," Dr. Cox stated. "Our people have maintained a remarkably high health level and even under existing conditions,

FARM FACTS WORTH KNOWING

Q. Will a cow produce more milk if milked three times a day rather than twice?
 A. Yes, provided that the cow has inherited the ability to produce large amounts of milk. Milk secretion is continuous, and when the udder is filled to capacity the nutrients for making milk return to the body. By milking more often, more milk is made.

Q. Do laying hens need more feed when their egg production is high?
 A. Yes. When egg production is high, hens need more feed to keep up their body weight. If feed rations are not sufficient, body weight will go down and production will slump. The Research Farm of the Ralston Purina Company recommends feeding according to the following table:

When Egg Production Is	Total Feed Required Daily
40%	20 to 22 lbs. per 100 birds
50%	23 to 25 lbs. per 100 birds
60%	26 to 28 lbs. per 100 birds
70%	29 to 32 lbs. per 100 birds

Q. Do champion swine producers make use of pasture?
 A. During the past two years, several swine producers in Michigan have made enviable production records. In every case, the proper use of pasture played an important part in their success. It was reported that 15% to 20% less feed was required when pigs could have plenty of good forage. About half of the protein needed was supplied by the pasture.

Q. How much coal is required for brooding broiler chicks?
 A. About four to seven pounds of coal per chick is required, depending upon the region and the season of the year.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Teachers Launch Statewide Fight For Higher Pay

Public school teachers of Texas are rallying to the call of the Texas Teachers Welfare Association, Inc., determined to wage a valiant fight for the right of teachers to earn a decent salary, and for proper recognition of the service they render in directing the education of Texas youth.

Plans are being made now for the annual meeting of this militant organization in December, at which new officers will be elected to direct the activities of the association. These include a membership campaign to enlist support of every teacher in Texas, a statewide educational campaign to inform the public of the grave crisis now faced by the school system, and sponsorship of legislation before the Legislature for increase in the pay of teachers.

Founders of the Republic of Texas made liberal provisions for a great public school system, but succeeding generations have not met their responsibility fully in maintaining this great public educational system, Dr. Joe P. Harris, Dallas County School Superintendent, Secretary-Treasurer of the association, said.

The American Council on Education ranks Texas 33rd among the States in per capita expenditure based on average daily attendance; 31st in expenditure per classroom unit.

Dr. Harris said the Rural School Aid Law, which provides State funds to help poorer rural districts, should be amended. This law fixes ceilings on pay of teachers in Rural Aid Schools, starting at \$1,215, with increase each year of \$14.50. Maximum salary for teachers with degrees is \$1,431.

These salaries may have been adequate when the law was passed, but they are far too low now, Dr. Harris said. The Teachers Welfare Association will sponsor legislation to raise the pay of teachers.

To reduce to a minimum the number of veterans' priority certificates in the active files, Harold Gish, chief of the Veterans Division, WAA, announced that a survey of all veterans of the WAA list will be made to determine their interest in the future purchasing. A letter will be sent each veteran, asking whether or not he wishes to buy surplus property. All who answer in the negative or whom do not answer within 20 days will have their certificates removed from WAA files.

Texas has shown a continued decline in maternal and infant deaths.

"The people of Texas have reason to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable disease," Dr. Cox asserted. "Responsibility for advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules with which they have become acquainted through public health education."

Dr. Cox pointed out that one direct result of public health efforts in this nation has been the lengthening of the normal life span by more than 15 years.

"Certainly this is something to be thankful for and it should lend incentive for further efforts to promote and maintain community as well as statewide public health programs.

BOWMAN CLEANERS

Weekly SURPLUS NEWS WAA

Veterans of World War II are to be given a double-barreled buying opportunity starting Mon. Nov. 25 when \$2,500,000 worth of surplus property will be offered at the Fort Worth Q. M. Depot. It has been originally planned that War Assets Administration would hold two separate "site sales" but in order to give veterans a better buying opportunity, samples of all surplus goods at Camp Bowie, which were to have been offered a week later, will be on display at the Fort Worth Q. M. sale and veterans may buy from two "site sale" sample rooms at the one location.

Certified veterans will be waited on in order of oldest dated certificates for the many items of textiles, hardware, housewares and other surplus to be offered.

Immediate shutdown of 1642 OPA offices will make large quantities of surplus property available to educational institutions, WAA announced this week. Transfer of property to schools through Federal Works Agency, will include typewriters, which many institutions turned over to the armed forces at the outset of the war. Estimates indicate that the average OPA Price Board now to be cleared of property contains approximately 10 desks, 10 to 20 chairs, filing cabinets, typewriters and some office machines. The Public Interest Division of WAA is giving this disposal top consideration and speedy handling to get the needed property to the schools.

A little "sales psychology" plus product research has saved many a dollar for your Uncle Sam, in slow-moving items. When WAA offered "Salt Water Soap" at 12 cents a pound, buyers remained aloof, and the soap began to gather dust. A price cut to 6 cents was ordered, but a WAA merchandiser decided something was wrong. Reasoning that the product should sell because of the soap shortage he decided the name was wrong, and the explanation too vague. The price cut was rescinded, the soap was advertised as "all purpose" laundry and hard water soap (which it is) and the entire inventory was sold out in 48 hours after the advertisement appeared.
