TEXAS' LAST FRONTIER

VOLUME VIII MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JUNE 12, 1947. NUMBER 15.

Cochran County Vocational School Adds New Class

Cochran 4-H Club Girls Will Present Dress Revue At Veterans Hall Thurs.

The 4-H Club girls will present the first County-Wide Dress Revue Thursday, June 12. The Revue will be in the form of a radio broadcast. All those taking part in the Revue will be wearing dresses that they have made in club work.

The program Katherine Connor will act as station manager, Erma Long as a would be singer, Nell Brown as comedian, Ruth Wright as pianist.

It has been estimated that twenty-five girls will take part in the revue. The girls winning places in the county will receive a trip to the 4-H Round-up at Texas A. and M. College in Lubbock where she will represent the county in the state contest.

The girls must be fourteen years old and have had as much as three years of 4-H club work. The revue the girls will be divided into three groups. Those 9 to 11 years old inclusive will be placed in a group. The 12 and 13 year olds will be placed in a group. The 14 and 15 year olds will be placed in a group.

Rev. Kendall Is Reappointed As Methodist Pastor

Rev. A. A. Kendall, pastor of the Methodist Church here, received a re-appointment to this position when the appointments were read in closing session of the 28th annual session of the Southwest Texas Conference at Austin Sunday.

The community is glad to welcome Rev. Kendall back as pastor and his family have many friends during their stay here.

W. N. JORDAN UNDERGOES MAJOR SURGERY

W. N. Jordan, daughter of Mrs. C. W. Jordan, underwent major surgery at the hospital in Santa Monica, California on June 5.

According to information received by her parents this week, Jordan is doing fine and will be removed to her home.

WEDDED HERE TUESDAY

Miss O. E. Stevenson of Merriam of Morton, was in Tuesday moving her household goods.

Stevenson is in the Shant Memorial hospital in San Antonio for possible surgery.

Law Enforcement Sidelights

Davis Service Station, north of town on Muleshoe highway, was broken into Saturday night and \$15.00 in cash taken.

Entrance into the building was made by breaking a front window.

A 17 year old boy was apprehended by City Marshal, Tom Neal and Deputy Sheriff, Herman Crockett on Sunday morning and charged with the theft. He will be tried in County Court.

Neal and Crockett arrested a man Sunday night for driving while intoxicated. He made a \$500.00 appearance bond to County Court on Monday and was released from jail.

Mother Of Mrs. Mac Hancock Dies

Mrs. Ola Best, of Fort Worth, mother of Mrs. Mac W. Hancock, died early Wednesday morning at her home in Fort Worth. She had been in failing health for about a year.

Sheriff and Mrs. Hancock and her brother, Grady Best, of Elida, New Mexico, and two of the Hancock Children, Mrs. Vernie Towns of Farewell, and Nancy Pruitt of Lubbock, left Wednesday upon receipt of the death message.

Funeral services are to be held in Fort Worth, at 4 p. m. Thursday, June 12th.

MISS LOIS RUTH HAWKINS is enrolled for summer school at Texas Tech.

ON VACATION
Miss Geneva Famullner, employee of the First State Bank, is spending her vacation with friends and relatives in Missouri.

Dr. and Mrs. Dove To Make Home Here; Associated With Co-op Clinic

Dr. and Mrs. Wendell S. Dove are expected to arrive in Morton this week-end to make their home. Dr. Dove will be associated with the Co-op Clinic, according to Miss Norine Frazier, business manager of the clinic.

Dr. Dove was born in Groesbeck, Texas, later moving to Buffalo, Texas, where his father was representative in the Texas Legislature from Leon and Madison counties. He graduated from Austin Texas High School, the University of Texas in Austin with a B. A. degree and received his M. D. degree from the University of Texas Medical School at Galveston, where he was a schoolmate of Dr. Birdsong of Amherst and Dr. Sam Dunn of Lubbock. In 1933 was conferred his Fellowship by the American College of Surgeons.

After two years in New York where he completed his training he went to Panama as surgeon for the United Fruit Company, later entering private practice in the Panama Canal Zone area, where he owned a private hospital. In 1938 he sold his interests there in order to accept a position in South America as Medical Director for The Texas Company and Socony-Vacuum Oil Company interests there.

In 1942 he volunteered his services to the U. S. Army and served a short period as special assistant to Nelson Rockefeller working on health problems in Latin America. Later he went to England and on to the African Invasion, through Tunisia, Sicily and Italy.

In Africa in the first General Hospital established there he was in charge of a 350 bed surgical section. Later he filled administrative positions with the Air Corp and at Allied Force Headquarters.

At present Dr. Dove is on the staff of the Medical Director of Veteran's Administration for Branch 10, comprising the three state area of Texas, Louisiana and Mississippi, and is in charge of the Surgical Division for the eleven large hospitals for the three state area.

Dr. Dove's father, D. C. Dove, will be remembered by some of the older residents in this area, as during World War I he spent much time visiting established towns in this region making food production estimates as a part of the food conservation program.

Mrs. Dove, native of Ohio, received her nurses training in Cincinnati, later working in the U. S. Army at the beginning of World War II. She was sent overseas where she served in the same surgical section with Dr. Dove. She went through England, Africa, Sicily, Italy and France for the actual invasion of Germany. She was overseas for over three years as first Lieutenant, Army Nursing Corps. From the Army she received a special citation for her work as Chief Nurse of a large Brain Surgery section. She is at present assistant to the Chief Nurse in Veteran's Administration, Branch 10.

Funeral services were held at the First Baptist Church Saturday morning for Lyndell Dwight Long, 17 months old son of Mr. and Mrs. Grady Long, who live northwest of Morton, Rev. W. C. Wright was assisted by Rev. Dale of Ralls, Texas, in conducting the service.

The little boy was drowned about 2 last Thursday afternoon when he fell into a stock tank near the family's home.

All efforts at artificial respiration administered by Dr. J. V. McKay who worked with the child for about two hours, failed.

The youngster was found floating in the two and one-half foot stock tank about 20 minutes after leaving the house where the mother was washing dishes, it was said. Other children of the family were playing away from the area and did not see the tragedy.

The child was a grandson of Mr. and Mrs. A. J. Zuber, longtime residents of Cochran county, who live south of town.

The body was taken overland by Singleton ambulance to Childress where burial services were held at five p. m.

MISS GRACE ANN HAWKINS is visiting in Abilene, Texas.

Charles Baker's Health Restored By Operation

Charles Baker, 16 year old son of Mr. and Mrs. Roy Lee Baker, returned home Friday, June 6 from Dallas where he had undergone an operation to relieve a heart condition suffered since birth.

Charles Baker, who used to gasp for breath with every step he took, is happy now knowing he will soon enjoy a reasonable amount of physical stamina and can romp with other youths at a school he has never been able to attend.

His mother and father, who were with him in Dallas, have been under a strain every hour of Charles' existence, they wish everybody could be as happy as they are now.

"I cannot describe our joy," Mrs. Baker said Monday, "we want everybody who has a child like ours to know about this operation."

"He used to be blue all over. Until the time he was three years old he had as many as 10 heart attacks every day. We had to make him lie on his right side all the time so that he could breathe enough to live. Now his lips are red and he's going to be well," she exclaimed happily.

The Baker's feel doubly blessed because only last month death almost came to Charles in a hospital at Levelland, where he lay ill with another and unrelated disease.

"We thought he wasn't going to live last month," the parents said, but he finally pulled through. Then we heard about the operations they do in Dallas for such cases and with the help of friends we took him to the Baylor University hospital."

The Baylor Hospital staff surgeon who performed the four hour operation said Charles was the oldest person on whom he had operated in such a case.

The surgeon, with 16 such cases to his credit, said successful operations have been performed upon people in their 20's, the oldest on record being a 26 year old.

Elizabeth Willis Elected Chairman

ABILENE—Elizabeth Willis formerly of Morton, was elected recreation chairman of the Northwest Texas Conference Methodist Youth Fellowship at the 31st Annual Assembly, Thursday, June 5, McMurry College was host to the assembly group. More than 350 representatives from Northwest Texas Methodist churches attended.

Miss Willis is a McMurry College student.

Funeral Services Held Saturday For Long Infant

Funeral services were held at the First Baptist Church Saturday morning for Lyndell Dwight Long, 17 months old son of Mr. and Mrs. Grady Long, who live northwest of Morton, Rev. W. C. Wright was assisted by Rev. Dale of Ralls, Texas, in conducting the service.

The little boy was drowned about 2 last Thursday afternoon when he fell into a stock tank near the family's home.

All efforts at artificial respiration administered by Dr. J. V. McKay who worked with the child for about two hours, failed.

The youngster was found floating in the two and one-half foot stock tank about 20 minutes after leaving the house where the mother was washing dishes, it was said. Other children of the family were playing away from the area and did not see the tragedy.

The child was a grandson of Mr. and Mrs. A. J. Zuber, longtime residents of Cochran county, who live south of town.

The body was taken overland by Singleton ambulance to Childress where burial services were held at five p. m.

MISS GRACE ANN HAWKINS is visiting in Abilene, Texas.

COUNTY-WIDE MEET OF SCHOOL PATRONS TO BE HELD MONDAY

A county-wide meeting of all school patrons has been called for Monday night at 8:30 P. M. in the Morton Junior High Auditorium for the purpose of explaining the coming school tax election to be held in Morton on Saturday, June 21.

The Morton P. T. A. is sponsoring this meeting in the interest of all county schools.

This election is of great importance to the welfare of Cochran county schools and all citizens are urged to be present and learn details of the new tax bill.

Commissioners Meet; Election Slated June 21

Cochran County Commissioners meeting in regular session this week are studying county tax equalization.

Ballots have been ordered printed for the maintenance tax election to be held in Cochran county on Saturday, June 21.

The ballots will contain the following propositions:

"For Levying of Maintenance Tax."

"Against Levying of Maintenance Tax."

Each voter will mark out with black ink or black pencil one of the above expressions, thus leaving the other expression as indicating his vote for such other expression.

The election will be held in all election precincts of Cochran County, Texas, and all electors will vote in the election precincts of their residence.

The following persons have been appointed officers for the election at Morton in Election Precinct No. 1: Tom Arnn, Presiding Officer; Paul Arnold, Judge; D. C. Bowman, Clerk; Byron Willis, Clerk.

Appointed officers for election at Whiteface in Election Precinct No. 2: J. A. Taylor, Presiding Officer; Melvin Woodley, Judge; T. A. Keith, Clerk; L. W. Bills, Clerk.

The following persons were appointed officers for said election at Bledsoe in Election Precinct No. 3: J. W. Marr, Presiding Officer; Everett Nichols, Judge.

Appointed officers for said election at Neely-Ward in Election Precinct No. 4 of Cochran County: E. E. Alexander, Presiding Officer; Brad Stovall, Judge; W. J. Weeks, Clerk.

Appointed at Lehman in Election Precinct No. 5: C. H. Hickman, Presiding Officer; W. E. Prather, Judge.

CITY BRIEFS

Joe E. Ward, engineer of Wichita Falls, Texas, has been engaged as City Engineer by the City of Morton and will be in Morton within a week or ten days to make surveys and estimates on 17 blocks of city paving.

Morton volunteer firemen left Tuesday for the State Firemen's Convention being held this week in Amarillo, Texas.

City Commission met on Monday night, June 9; during the business session an ordinance governing city traffic was passed and is this week being published in the Morton Tribune.

Briefly traffic regulations for Morton are: no parking of trucks of cars with trailers exceeding 14 feet in length on the courthouse square.

Speed limit in city not to exceed 30 miles an hour either day or night.

No parking where curb is painted red. All vehicles must park at angle of curb as indicated by painted lines.

Special Program At Methodist Church Sunday

A special program will be presented at the Methodist Church Sunday evening, June 15, at 8, by the students who have been attending the Methodist Vacation Bible School this week.

Everyone is cordially invited to be present for the special program.

Charles Graham Accepts Preaching Engagement

Charles Graham, son of Mr. and Mrs. G. A. Graham and 1947 graduate of Morton High School has accepted a summer preaching engagement at the Whiteface Church of Christ.

Charles plans to enter College this fall to study for the ministry.

Colored Section Praised By State Health Official

W. D. Powers, representative from the Texas State Department of Health, on an inspection tour of Morton last week, was high in praise of Morton's colored section. He said, "The colored section here is the cleanest in the state and twice as clean as the other sections of Morton."

Morton's clean-up drive last Friday partially corrected this situation but it is said there is still much to be done in the way of cleaning up.

Citizens are urged to continue the drive, especially in cleaning up alleys, disposing of garbage and eliminating flies, mosquitoes and their breeding places.

LEHMAN NEWS

The Lehman Home Demonstration Club met in the home of Mrs. L. C. Keith on Wednesday, June 4th, at 2:30 p. m. Mrs. W. G. Freeland, president, conducted the business meeting at which time it was decided by the group to have a box supper to raise funds for the council. A committee of three, Mrs. L. W. Marlar, Mrs. Charlie Sanders, and Mrs. O. B. Huckabee was appointed by the president to take care of the necessary arrangements.

For the recreation period a plan proposed by Mrs. P. E. Liles to start a contest to help increase the attendance was adopted by those present. The losers of the contest, which will run until the end of July, will treat the winners and their families to an ice cream supper at the school house.

Miss Mable Manley, the H. D. agent met with the group and gave a very helpful demonstration on "Equipping a Sewing Center." Following Miss Manley's talk the ladies joined in a general discussion of sewing.

The hostess, Mrs. Keith, then served the ladies an enormous amount of very delicious ice cream and cake. Afterwards the ladies adjourned until June 18th when the club meets in the home of Mrs. Ponds.

Those present were: Mrs. J. E. Clappitt who was certainly welcome into the club as a new member and the following old members: Mesdames L. W. Marlar, P. E. Liles, E. N. Darland, Charlie Sanders, W. G. Freeland, A. B. Huckabee, L. C. Keith.

The W. G. Bentons are still vacationing in California and word has been received that they are having a wonderful time and seeing many things of interest.

Wonder why the F. L. Freds were looking so happy last week? Could be, because their daughters from Nebraska and California were visiting in their home.

WAR NURSE

SHE was born in War's grim garden,
A rose of the battlefield,
Baptized under hell and fire
While the world around her reeled.

She stayed at the front against orders
And when CI grips began
One Joe cried "If she can take it,
I am sure we soldiers can!"

Mercy's angel in a helmet,
She knew many a prison hell;
She lived and died like a soldier...
To the wounded she was "Swell!"

With the war she's been forgotten
Like the strains of "Over There,"
But each soldier boy remembers
Some brave War Nurse in his prayer.

WAR NURSE was written especially by Nick Kenny of New York Daily Mirror as a contribution to the \$2,000,000 raising drive for the construction and endowment of the new National Memorial Home in Washington, D. C.

Whiteface Senior Band Officers Elected May 26

The Whiteface Senior Band, under the direction of Conductor Herbert Lindsey, met May 26 and elected officers for the ensuing year.

Officers elected were: Assistant Director, Gloria Fae Cudde; Drum Major, George Keith; Second Assistant Director, Johnny Plunkett; Scribe, Lorraine Pipkin; Sergeants, Helen Eddins and Gaylia Peters; Corporals, Kenneth Baskin, Doris Reynolds and Katie Smith.

Members of the band appreciate the cooperation given this past year and with continued help expect to make great progress next year.

TEXAS TECH TO CHARGE FLAT NON-RESIDENCE FEE

Beginning next September, Texas Technological College will charge a flat \$150 non-residence fee per semester to out-of-state students. Previously, the non-residence fees had varied in accordance with amounts charged Texas students in other states, and ranged from \$25 to \$300 per semester.

The decision to levy the stated charge was reached by the board of directors at its June meeting, following authorization of this action by the state legislature.

And a speaker can be humorous without being vulgar.

TRAIL DUST

By
DOUGLAS MEADOR

Time was a muscled smith beating white-hot seconds on the anvil of a small desk clock Motionless, the man watched the clock, his chin socketed in long slender hands and elbows resting on the expensive desk. At intervals the beating seemed louder until it filled the rich room to its high, beamed ceiling, and then it would vanish like a massive sea striking the shore. At the instant the minute hand reached five o'clock, he reached for the telephone and spoke into the receiver. He waited patiently and hung the receiver back on its hook, and listened again to the beating of the clock. He folded his arms and rested his forehead on the back of his hand. Darkness had flooded the room like the muddy waters of mighty rivers when he awoke and it had covered the small clock. He snapped on a desk lamp, then rose from his chair and pulled his coat sleeves down to cover soft white cuffs. Snapping a switch, he flooded the room with light and walked to another desk, picking up a small package. He opened the package carelessly and removed a small rose bud from the expensive corsage, placing it in the lapel of his coat. Searching for a newspaper, he wrapped the remaining flowers in the paper, crumpled the bundle and tossed it in a waste basket. He went to the door, paused at the switch, then felt in his pockets for a cigarette, and lighting it, turned out the light and left the room. Seeds of deceit seldom find favor in the same soil on successive seasons.

• Truth does not often mollify its decisions and I am afraid to look at the ledger since what is written there may be a record that my only complete success is failure.

• Once when we rode on ahead in search of water for the little herd of half-Jersey cattle, the leathery-faced old man rolled a cigarette with his stiff, cracked fingers, cupped his hands over it, and spoke of the past. He had ridden the same rocky hills and trails since the pioneer days of the cattleman, and despite the fact that fortune had evaded his sprawling rope of years, he held no bitterness. He had learned to laugh and accept poverty with no more apprehension than clouds on sunless days. We found a hole of stinking gyp water in the bed of a creek and started back when he made the statement: "The only trouble with West Texas is that in early days too many high cottonwood limbs were used only for fire wood and too much rope served no other purpose than to brand calves and stake saddle horses."

• Often it is impossible to find a fact when there is nothing for it to hide behind.

• Men are little boys who know right from wrong and tell other men about their knowledge without applying it to themselves.

• Nothing can make me feel more like an over-ripe kumquat in an iceless refrigerator than to walk into an exclusive woman's store, and try to find something on which my stare will convey to clerks that I am waiting.

Veterans' Questions & Answers

Q. Will the government pay for a correspondence course at the same time it is paying my tuition in a night school?

A. The government will pay for the correspondence course only if you are unable to obtain such instruction at the school you are attending. In addition, such course must be in line with your general education objective.

Q. I am a World War II veteran and would like to know if I can get a guaranteed loan to pay off a debt that is past due?

A. Yes. It can be arranged under certain conditions. Your lender will be able to advise you concerning them.

Q. What must a veteran, who has lost his original discharge, do about getting a replacement?

A. He must apply for a certificate in lieu of the discharge paper from the branch of the service from which he was discharged.

Q. Will a certified true copy or a photostatic copy serve in place of the original discharge paper in getting a guaranteed loan?

A. No.

- Enoch Echoes -

(Delayed)

Mr. and Mrs. Clarence Vandeventer had as their guests Sunday their daughter, Mr. and Mrs. T. C. Carlisle and son of Monahans. Lois returned with them for a visit.

Gorth Bayless and Bill Merrell of Dora, New Mexico, called on Mr. and Mrs. Bill Deck and family last week-end.

Mr. and Mrs. H. K. Clark of Maple, Betty Ruth and Dorothy Fay Doyle of Enoch were guests of Mr. and Mrs. Zeb Pittman.

Mrs. Nath Crockett and daughter, Mattie Lou, were over night guests of her daughter and family, Mrs. R. P. McCall.

Mrs. Inez Butler is able to be up after having received injuries in an auto accident last Wednesday night. Her brother, A. D. Hatfield Jr., is visiting in the Butler home.

The community is sorry to hear that little La Don McCall has the whooping cough and is wishing him a speedy recovery.

Mr. and Mrs. Andy Hallford of Portales, N. M., were guests of Mr. and Mrs. A. D. Hallford Sunday.

Misses Emma Lou Elliot and Edith Roundtree visited the M. L. Doyle family Sunday.

Mr. and Mrs. Sam Patterson and family have been visiting relatives and friends this past week.

Enochs baseball team played Needmore Sunday on the Enochs field. Needmore was winner by a score of nine to twelve.

Carl Williams of Morton was noted at the baseball game Sunday.

Mr. and Mrs. Elmer Autman and family of Littlefield and Mr. and Mrs. James Autman of Post were guests of Mr. and Mrs. P. A. Autman and family Sunday.

Swimming Pool Pamphlet Being Distributed

AUSTIN—A pamphlet entitled "Minimum Swimming Pool Standards" is being distributed by the State Health Department throughout the state to operators of swimming pools or other interested parties according to Dr. W. W. Cox, State Health Officer.

The standards set up were prepared for the protection of public health and include recommendations of the Joint Committee on Swimming Pools of the Conference of State Sanitary Engineers and the American Public Health Association. These standards provide for proper sanitation practices at all types of pools from "fill and draw type" to the modern "recirculating type."

Some of the specifications for standards sanitation are that the material quality of the water should be equal to that of safe drinking water; frequency of changing or recirculating water should be such that maximum bacteria will be provided as well as proper economy; the water should be sufficiently disinfected to kill all disease bacteria and standards for cleanliness and algae control should be enforced.

Dr. Cox advises that the State Department of Health offers any services to the pool manager or operator. These services include free bacteriological analysis of the water, free kits for making chlorine residual tests on the water, and information and advisory service on any problem that may be encountered in sanitation, engineering, or operation. All operators or managers are invited to write the State Health Department if they wish to obtain the bulletin on pool operation or a free chlorine residual testing kit.

ager or operator. These services include free bacteriological analysis of the water, free kits for making chlorine residual tests on the water, and information and advisory service on any problem that may be encountered in sanitation, engineering, or operation. All operators or managers are invited to write the State Health Department if they wish to obtain the bulletin on pool operation or a free chlorine residual testing kit.

RADIOACTIVE POISON GAS
The Army is experimenting with radioactive poison gases a thousand times more effective than any previous types. The big problem the Army has not yet solved is how to protect its own soldiers while they store and use the deadly new gases. Alpha and gamma rays penetrate all known materials except thick walls of lead or concrete.

25 Diesel-Electric Locomotives On Order By Santa Fe

Orders for 25 new Diesel-electric locomotives are being placed by the Santa Fe Railway with four of the leading locomotive builders according to announcement made by Fred G. Gurley, president of the Railway.

Eight 6000 horsepower passenger locomotives will be built by electro-motive division of General Motors Corporation at LaGrange, Illinois; four 4000 horsepower passenger locomotives and four 1000 horsepower switching locomotives will be built by American Locomotive Company, Schenectady, N. Y.; six 1000 horsepower switching locomotives and one 2000 horsepower transfer locomotive will be built by Baldwin Locomotive Works, Eddystone, Pa.; and two 1000 horsepower switching locomotives will be built by Fairbanks Morse and Co., at Beloit, Wis.

When these locomotives are added to the Santa Fe fleet the total horsepower will be 748,760 divided as follows: 48 passenger locomotives, 228,800 horsepower; 73 freight locomotives, 374,600 horsepower, and 156 switching locomotives, 145,360 horsepower.

Civil Service To Hold Exams. For Security Inspectors

An examination was announced today for filling Security Inspector positions with the U. S. Atomic Energy Commission at Los Alamos, New Mexico. This examination offers an opportunity for men who desire to become members of the Atomic Energy Security Force, a uniformed enforcement organization whose principle function is to safeguard extremely critical and top secret installations, materials and information under the jurisdiction of the U. S. Atomic Energy Commission. Salaries range from \$3021 to \$3773 a year and advancement in salary is provided for on a systematic basis.

To qualify, applicants for the lower grade, Security Inspector positions, must pass a written examination. Applicants for the higher grade positions must also pass a written examination and must have at least one or two years of experience depending upon the grade of the position, of responsible successful activities in law enforcement activities as a member of a disciplined enforcement organization.

Applications must be on file with the office of the Thirtieth U. S. Civil Service Region, 144 New Customhouse, Denver 2, Colorado not later than June 23, 1947. Full information may be secured from the office of the Civil Service Region, from C. F. Winder, Secretary, Board of U. S. Civil Service Examiners at Post Office in Morton.

Head Of Newly Created Office At Baylor Hospital

The selection of Andrew Q. Allen, assistant to the administrator of Baylor University Hospital, to head a newly created office of director of public relations for the Baptist General Convention of Texas was announced Tuesday by Dr. J. Howard Williams, State Baptist leader.

The decision was reached at a meeting of the State Executive Board of the Convention in Dallas. Allen is widely known among Baptists of Texas and the South. He has served as business manager and assistant administrator of Baylor Hospital for the past three years, giving much of his time to public relations and personnel problems. Previously he has been assistant State Sunday School secretary for five years, State Sunday School leader in Tennessee for three years and with the Southern Baptist Board for six years.

He is a native of Petersburg, Hale County, and holds degrees from the University of Texas, Southwestern Baptist Theological Seminary, Forth Worth and Peabody College, Nashville, Tenn.

In announcing the creation of the new department Dr. Williams stated that Mr. Allen would interpret Baptist news through the press, serving as contact representative, and would also interpret the press to Baptist.

A second and vital phase of his work, the Baptist leader said, will be the creation and production of literature, posters, and other publicity matter for the various departments and branches of the convention.

BURIAL OF WAR DEAD

The veterans Administration has announced that because of the limited number and size of its cemeteries, burials are restricted to veterans who died in its 126 hospitals and homes and whose relatives do not desire burial elsewhere.

MR. and MRS. W. W. WILLIAMSON spent the week-end at their cabin on Lake Kemp.

Tribune, Morton, Cochran County, Texas, Thursday, June 12, 1947

Swing Of Southwest Farm Markets

Active demand at firm to higher prices ruled the majority of southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Wheat, cows, calves, shorn lambs, and hens were the losers.

Liberal offerings of new crop wheat broke the market early last week, and prices fell fifty cents per bushel after the long holiday weekend. Later rallies recovered only a little of the loss, and Friday closed \$2.45 for No. 1 hard at Fort Worth and Galveston. New crop oats and barley dropped some too, but corn and sorghum gained.

Spot cotton prices climbed steadily last week to score total advances of around \$4.50 per bale. Fairly numerous inquiries for the higher grades attracted only light offerings. The new crop made favorable progress in most areas.

Eggs and most poultry maintained steady to firm prices last week. Hens showed slight weakness, and sold mainly at 22 to 26 cents per pound. Most areas bought eggs at 36 to 38 cents per dozen; but South Texas and Louisiana centers paid 40 to 50 cents.

Hog prices fluctuated some last week but netted mostly gains of 25 to 75 cents. Heavy weights at Wichita showed the only real weakness. Closing bulk of good and choice butcher hogs brought \$25.75 at Fort Worth and Denver. Closing top was \$25.25 at Oklahoma City, and \$24.60 at Wichita. Week's top was \$24.25 at San Antonio.

Generally steady to slightly weaker prices prevailed at Denver last week for steers, heifers, and cows, while low grade cows and calves moved generally lower at other southwest markets. Bulls and some stocker classes showed weakness at San Antonio and Oklahoma City. Canner and cutter cows sold at \$8.50 to \$10.50 at Houston; \$8.50 to \$11 at San Antonio; and mostly \$11.50 to \$14.50 at Denver.

Neely-Ward 4-H Club Meet Held In Masten Home

Mrs. Cecil Masten was luncheon hostess to the Neely-Ward 4-H Club at her home on June 3.

Points of etiquette were studied by the group during the meeting. The following members attended the meeting with Mrs. Masten and later in the afternoon were guests of the Bledsoe 4-H Club for their dress review:

Misses Patricia Masten, Mary Lee Bolton, Rilda Campbell, Helen Henry, Ann Martin, Gertrude Self and Madge Pyburn.

Bring your **FORD TRUCK** "back home" for service!

YOUR OLD TRUCK may have to last you a little longer. To keep it working efficiently, profitably—bring it "back home" to us for Genuine Ford Service... better four ways.

1. Factory-trained mechanics.
2. Special Ford equipment
3. Ford-approved methods
4. Genuine Ford Truck Parts

FOR YOUR NEW TRUCK, pick the make that's built to last longer—pick Ford! Yes, the records show Ford Trucks last longer. The average age of all Ford Trucks now in use is nearly 9 years! What's more, 7 out of every 11 Ford Trucks built since 1928 are still on the job! Today's new Ford Trucks are better than ever, with 32 great engineering advancements for more ruggedness, more economy, more on-the-job performance. See your Ford Dealer today. It's "first-come-first-served" on deliveries—the only fair-play way.

Missionary Baptist Church

"CALL TO SERVICE"

When we think of the call to service, we think of Moses being called to lead the children of Israel out of Egypt. Moses did a great service to the Lord in leading them out but his place was no more important than that of your's is today. Sometime I begin to think of the work that we do and begin to wonder if we are not more slack in doing the things the Lord wants done than Moses was. It is true that Moses did not get to lead the Israelites all the way into the promised land but he was to blame for that. Joshua completed the job with great triumph, and he worked with the people for some time in a way that was pleasing with the Lord.

When Jesus came and began his work here on earth, he had to have some one to serve as leaders for the people. He chose the twelve Apostles to do this job. They were then sent out to begin their task by preaching the word of the Lord. They were used to further the cause of Christ by carrying the call to all men everywhere. Jesus made the call and the disciples are carrying it to

FROM SAN ANGELO

Mr. and Mrs. W. C. Mitchell and daughters, Patricia and Shelly of San Angelo, Texas, were recent visitors in the home of Mrs. Mitchell's parents, Mr. and Mrs. W. O. Marshall.

Other visitors in the Marshall home were their son, M. O. Marshall and Mrs. Marshall of Lubbock and the T. D. Marshall's and sons Waymon and Worth Marshall.

VISITING MOTHER

Mr. and Mrs. J. B. Wedgeworth and son, J. B. Jr., of Carthage, Texas, and Mr. and Mrs. L. F. Wedgeworth of Carthage and Timpson, Texas, have been visiting their mother, Mrs. L. L. Wedgeworth and sisters, Mrs. W. L. Miller, Mrs. W. E. Childs and Mrs. T. D. Marshall and their families.

NOTICE—We are now in the Market for your WHEAT—Our office will be open every day in Morton—See us for highest prices Hawkins Grain Co. 16c

Jack Bullard

the four corners of the earth. Many today try to evade the call of the Lord by saying that does not mean me. Would it not be best for each one to consider the situation in connection with God's word and not use our own idea about it? Moses tried to evade the call by giving his excuses but that did not stand with the Lord. Neither will my excuse and yours stand as a defense with the Lord. There are two reasons that the Lord has called us for. First because we are lost and on our road to hell; second because he needs workers in his service. The Lord never did save

anyone just to have something to do. He saved us for service in his work. Are we rendering that service as we should?

We are indeed grateful to every one that helped or took part in any way in our Bible School last week. It was far above our expectations in every way. We are looking forward to another school next year and we are hoping that we can do greater things for the Lord. Be with us in service next Sunday and do service for the Lord by coming. We are looking forward to a Baptismal service Sunday night. Each of you have a special invitation to attend.

Crop-Livestock Round-up

Milk production is beginning to catch up with consumption in parts of the Cotton Belt. Dallas, Texas, for example, has banned the sale of recombinant milk which during wartime supplemented local supplies. This suggests the importance of increasing feeding efficiency and reducing production costs in dairying.

Increasing popularity of grain sorghums in Alabama, South Carolina and other Southern States is a trend likely to have an important influence on cropping and livestock feeding programs. Grain sorghums have about the same feed value as corn, are easily handled with machinery and stand drouth better than corn, H. A. Woodie, South Carolina agronomist, points out.

Only a small amount of protein supplement is required daily by pigs, says John S. Robinson, Tennessee Extension Service, but this small amount is highly important. One-half cottonseed meal and one-half tankage or fish meal is an excellent supplement to corn for pigs on pasture.

Mississippi and North Carolina leaders are emphasizing the value of sheep as a profitable farm enterprise.

Strips of sunflowers and corn provide both shade and feed that are needed for poultry.

Machinery, research and better soil are designed to let us grow cotton so cheaply in the future that its production is bound to head to new places in the sun, comments Dr. Henry G. Bennett, president of Oklahoma A. and M.

Bang's disease vaccine developed by the U. S. Department of Agriculture is effective in preventing the disease, but of no value as a cure, Dr. C. K. Mingle warns.

Mexico and China are interested in buying horses and mules, which may help to take some of the work stock that are being replaced by tractors on Cotton Belt farms.

Skim milk is about 10 per cent as valuable as tankage in feeding hogs in the dry lot, reports Missouri Experiment Station.

Making silage from alfalfa instead of harvesting it as hay can save much of its protein value, E. E. Anderson, New Mexico Extension Service, says. Colorado tests also show that making silage can increase the vitamin A secured, as compared with alfalfa hay.

Twelve million dollars worth of meat was lost during 1946 from dead, crippled and bruised livestock at leading markets, reports the National Livestock Loss Prevention Board, which says much of this loss can be prevented by better handling in transportation.

BOYCE HOUSE 'Gives You Texas'

Many years ago when Tom C. McRae was running for governor of Arkansas, one of his opponents was assailing him. McRae's only comeback was, "A wise hunter doesn't waste ammunition on a dead duck." McRae was elected and made a great chief executive.

In these days when so many best sellers are filled with filth, I am so old-fashioned as to count it a real tribute when someone says, "None of the things in your book have to be fumigated."

Touring Texas: At Guthrie, a big rock house enthroned on a hill is visible for miles. The castle-like mansion is the main ranch house of the 6666.

On west is Red Springs. I didn't see the springs but in nearly every yard were red flowers that looked like tulips.

It is a scenic drive. To one side is broken country which is the divide of the Wichita River. Then there is picturesque Blanco Canyon.

And in Plainview is a "honey house", a store where nothing but honey is sold. And a little ways north of the town is a row of trees, half a mile long, beside the highway. One house is surrounded by trees taller than it is and the house is two stories high. I can remember when it was said that trees wouldn't grow on the Plains. Now, they have big nurseries up there.

Between Abilene and Coleman during May there were several miles of hills and valleys clad in solid sheets of light yellow flowers.

Hollywood has its Brown Derby—and Bangs has its Sombrero, a little cafe built in the shape of a Mexican hat.

And approaching Brownwood on the highway from the west your car drops down on the city almost as though you were coming in on an airplane.

VISITED BOWMANS

Mr. and Mrs. Paul Foutz of Carlsbad, New Mexico, visited in the D. C. Bowman home Monday of this week.

Mr. Foutz was formerly preacher of the Church of Christ here.

CARD OF THANKS

We wish to take this means of expressing our deep appreciation for the many sweet services and kindnesses rendered us during our hour of sorrow. We wish to thank each and everyone who called, brought food, and sent flowers. We are indeed grateful.

Mr. and Mrs. O. G. Long and children; Mr. and Mrs. A. J. Zuber and Willie Ray; Mr. and Mrs. W. T. Zuber and children; Mr. and Mrs. J. O. Mills and children; Mr. and Mrs. W. W. Zuber and children; Mr. and Mrs. Jim Middleton and boys; Mr. and Mrs. Woodie Combs and boys; Mr. and Mrs. M. R. Long and children, Memphis; Mr. and Mrs. M. M. Long and children, Childress.

CITY TRAFFIC ORDINANCE

STATE OF TEXAS)
COUNTY OF COCHRAN)
CITY OF MORTON)

This the 9th day of June, 1947, the City Commission of the City of Morton, incorporated, convened in regular session in the City Hall of the City of Morton, with all members of the City Commission present, to-wit:

Paul Arnold, City Mayor; T. L. McAllister, City Commissioner; L. M. Smith, City Commissioner; together with W. K. Whitman, City Clerk at which time there came on for consideration the following Ordinance regulating City traffic within the City of Morton:

AN ORDINANCE REGULATING CITY TRAFFIC WITHIN THE CITY OF MORTON, INCORPORATED, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

BE IT ORDAINED by the City Commission of the City of Morton, Incorporated, that in the future, after the publication of this Ordinance, as the law directs, that City Ordinances providing penalties for the violation thereof shall be effective. The following shall be violation of the traffic laws as provided herein:

1. No truck of a length longer than 14 feet, or no automobile with trailer attached of a total length more than 14 feet shall be parked upon either of the streets on the four sides of the courthouse square.

2. The lawful speed limit within the corporate limits of the City of Morton shall not exceed 30 miles per hour day or night.

3. No motor vehicle shall park adjacent to the curb which is painted "red" where fire plugs are located.

4. Motor vehicles shall park upon the curb at the angles indicated by paint upon such curbs.

5. No motor vehicle shall turn in the middle of any block, but all vehicles shall turn at street or highway intersections as the general Law of the Road directs.

6. All motor vehicles shall observe all stop signs or other control markers now located on the highways, streets, or alleys or hereafter placed by the City Commission upon the highways, streets, or alleys.

7. No motor vehicle shall make "U" turns on state highway intersections. No motor vehicles shall park on the left side of any highway, street, or alley.

8. Failure to observe any control sign or signal now placed by the City Commission upon the highways, streets, or alleys, or hereafter to be placed by the City Commission upon the highways, streets, or alleys shall be a violation of this ordinance.

9. Failure by the owner or driver to appear at the time and place set out in any tag or slip left on any motor vehicle alleged to have violated any traffic regulation shall be a violation of this ordinance.

10. All state highway laws, and all rules and regulations of the state highway department having the force of laws pertaining to the Law of the Road of the State and pertaining to traffic laws, rules, and regulations for incorporated cities, towns, and villages of the State of Texas, are hereby adopted in toto as a part of this ordinance.

Any violation of any section of this Traffic Ordinance shall be punishable by a money fine not to exceed \$200.00, together with the regular cost of criminal acts in the Corporate Court of the City of Morton.

Commissioner McAllister introduced the foregoing traffic ordinance and moved its adoption; Commissioner Smith seconded the motion. The Mayor called for a vote upon the motion as read, and all members of the City Commission voted "Aye" and none voted "No."

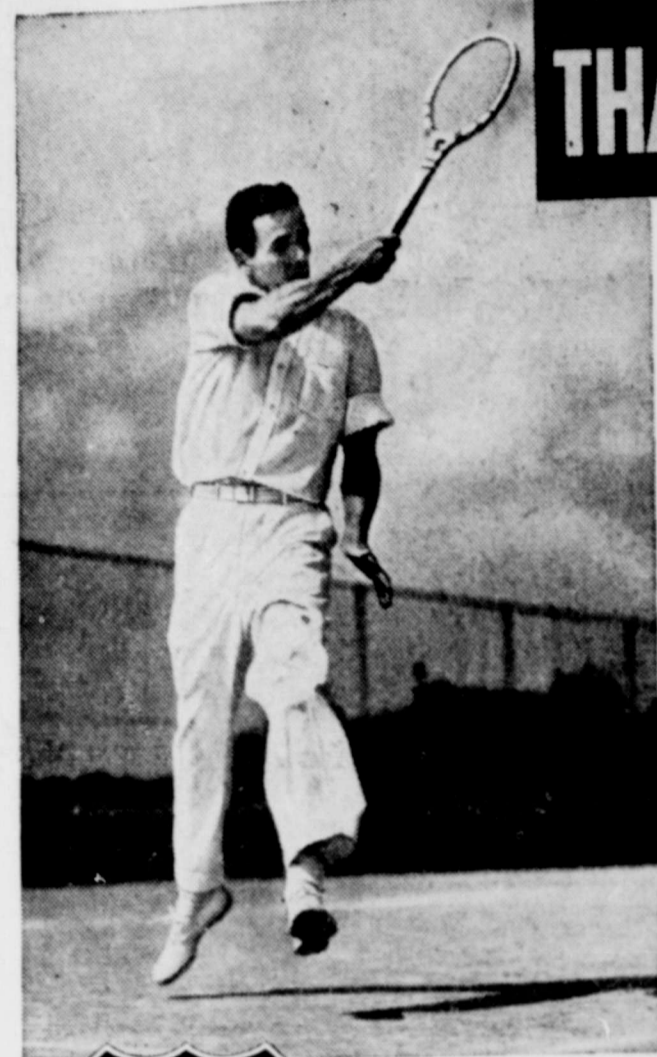

The Mayor declared the Ordinance duly passed, ordered the same spread upon the minutes of the City Commission in its regular place, and ordered the same published in two issues of the "Morton Tribune," a newspaper of general circulation published in the City of Morton, Incorporated.

Paul Arnold, Mayor, City of Morton, Incorporated.

Attest:
W. K. Whitman, City Clerk.

If you see Morton's Mayor, Paul Arnold walking around looking like the cat that ate the canary, it's because he came back from a fishing trip over at Hot Springs last week with the best fish story of them all—He claims he caught 250 pounds of fish without even trying.

We have been trying to get a word in edgeways with Red Carothers all week about his wedding last Saturday. We are particularly interested since we furnished part of the flowers for the church decorations.

Red was so excited when he came for the flowers that about all he said was, "Do you remember when you got married, were you excited?" Our answer to both questions was "yes".

However we didn't tell Red that we were scared too, scared there wasn't going to be a diamond ring in the deal.

Sometime later (after getting over our timidity) we asked the spouse why we didn't get an engagement ring ahead of the wedding ring and he said, "I gave a girl a ring once and lost both the ring and the girl."

H. S. Hawkins told us that the crops out this way looked better than they had for 25 years. That certainly is good news, because there has been some discouraging talk since the high winds and sand last week.

The coming hospital election seems to be stirring up quite a bit of interest.

In reviewing a June 14, 1945 issue of the Morton Tribune we read that only about one third of Cochran county's voters evidenced any interest in the \$100,000 county-owned hospital bond issue that had been voted on the previous Saturday.

The Tribune reported that 234 voted for the issue and 139 against.

Roy and Mrs. Allsup have a beautiful brick home under construction on the east side of town.

Mrs. Cecil Masten was in town Tuesday morning having coffee with the gals from the court house. She looked real cute in a red beret and white dress trimmed in red.

We were amused at D. C. Bowman telling about buying hair-cuts for his brood of fine boys. He said it just ruined a five dollar bill when they went to the barber shop.

He and Mrs. Bowman have four sons and the three older ones are very talented singers.

Mrs. Stevenson was here earlier in the week saying good-bye to her many friends and getting her belongings rounded up for the move to Mertzon.

The spouse is interested in trying Dolores out as a reporter, (he has long since decided we are no good) we are eagerly awaiting the results of her first assignment.

Overheard a customer say to Jess Burns, local concrete contractor: "So now you and your son are carrying on the business together?"

Jess' reply was, "Not exactly, I run the business and my son does the carrying on."

Rev. Wright reports that on the biggest day of the vacation Bible school around 200 children were present.

The nature pictures secured by Bro. Wright to show the children was as interesting to us as the youngsters.

County Line H. D. Club Meeting Held June 3rd.

The County Line H. D. Club met at 2:30 p. m. June 3 in the home of Mrs. C. C. Rendleman with the following members present:

Mrs. J. H. Cheshir, E. D. Courtney, R. C. Cotton, W. J. Cotton, C. M. Smith, and K. A. Wilson. There were two visitors: Mrs. Ethel E. Ray and Lois Wilson.

It was voted to have a community party every first and third Tuesday night to raise funds for the club. The first party will be June 17 in the home of Mr. and Mrs. J. H. Cheshir.

Mrs. J. H. Cheshir was nominated secretary-treasurer as Mrs. C. E. Melton had resigned the positions.

Mrs. C. M. Smith won the glass for the first game played. Mrs. C. Blevin's team won the second game.

Mrs. E. D. Courtney and Lois Wilson, an outstanding 4-H club girl of the community and county, gave a demonstration on equipping a sewing center.

A very nice sewing box was displayed by the demonstrators and emphasis was made on the time saved by having a good sewing box.

Cochran Garden Club Invited To Tea-Flower Show

Members of the Cochran County Garden Club have been invited by the Levelland Garden Club to a tea and flower show on Sunday, June 12 at 3 p. m.

Those expecting to attend are requested to meet at the home of Albert Morrow at 2 o'clock Thursday and all leave together from there.

MR. and MRS. H. S. HAWKINS are week-end visitors in San Angelo, Texas.

Ruzicka-Greener Rites Read May 31 At Saint Phillips Catholic Church At Pep

Miss Eveline Ruzicka, daughter of Mr. and Mrs. Leo M. Ruzicka, Morton, became the bride of Sylvester Greener, son of Mr. and Mrs. Herman J. Greener, Pep, in a double ring ceremony at St. Phillips Catholic Church at eight o'clock, Saturday, May 31.

The Nuptial Mass was performed by Father Wagoner. The candle lighted altar was decorated with white gladioli and plumosa fern.

Mrs. Jim Homer, organist, played the traditional wedding march and the nuptial mass songs.

Miss Katherine Greener, sister of the bridegroom, attended the bride. She wore a deep green net gown fashioned with fitted bodice, sweetheart neckline, the full length skirt was edged in tiny ruffles. She carried a fan shaped bouquet of pink and white split carnations.

L. J. Ruzicka, brother of the bride, attended Mr. Greener. The bride wore a starched marquisette gown, with a ruffle of embroidered marquisette extending.

Sandfer-Bunn Rites Held Sat.

Miss Helen Joy Sandfer, daughter of Mr. and Mrs. W. L. Sandfer of Star Route 2, and M. L. Bunn were married at the Methodist Church Saturday afternoon.

Rev. A. A. Kendall officiated. The couple was attended by Miss Roselyn Sandfer, sister of the bride.

Mrs. Sandfer is a graduate of Morton High School.

Mr. Bunn is employed by the Gravity Mill Oil Survey Company at Laredo, where they will make their home.

The couple was attending by Mr. and Mrs. W. H. Purifoy, Mrs. Purifoy, aunt of the bride, was dressed in blue and wore a corsage of red carnations.

The bride given in marriage by her mother, chose for the wedding a rose pink ensemble and wore a bridal corsage of white carnations.

Other guests for the wedding were Mr. and Mrs. Sam Neville. After a wedding trip to Carlsbad, New Mexico the young couple are at home in Morton where Mr. Carothers is employed as salesman for the Morton Auto Parts Company.

SON BORN TO MR. AND MRS. LEON LEMONS SATURDAY

Mr. and Mrs. Leon (Short) Lemons have announced the arrival of a son, their first, at the Amherst hospital on Saturday, June 7th.

The little fellow has been named Dennis Leon.

RETURN TO MORTON

Miss Ieola and Miss Hazel Crouch have returned to their home in Morton for the summer. They were both much impressed with the progress Morton has made while they have been away this year teaching school.

LEVI SELF, manager of the Wallace Theatre was a business visitor in Levelland, Tuesday.

Tribune, Morton, Cochran County, Texas, Thursday, June 12, 1947

They consist of movies of wild life in our National Parks and seeing the pictures is almost as good as being there.

The same movies will be loaned to the Methodist Church for showing on Thursday at 9 a. m.

A note from J. W. Watson, former Methodist pastor here, informs us he has been transferred from Crosbyton to Happy, Texas.

We have never had the pleasure of hearing Bro. Watson but folks around here are certainly complimentary when speaking of him.

Johnnie Andrews, "Little" brother of Harve liked our cold night air out here so well that he is trying to persuade some one to install a pipe line to carry some of it to Fort Worth.

The Morton P. T. A. has called a county wide meeting for next Monday night at the junior auditorium to discuss the new tax maintenance election to be held here on June 21. It is in the interest of each and everyone of us to be on hand for this meeting and learn what it will mean to our schools to have this election carry.

We've observed that the chronic kicker usually gets kicked out.

RETURN FROM FISHING TRIP
Mr. and Mrs. Fred Brock, their children, Bill, Harold, Anna Mae and Donna have returned from a fishing trip near San Angelo, Texas.
Harold claims that he caught the biggest fish of any member of the family group.

MRS. P. B. RAMBY is much improved following a severe attack of chicken pox.

CARD OF THANKS
We want to thank each and every one in and around Morton who made it possible for us to take our son to Dallas for a much needed operation.
May God bless each and every one as he has blessed us.
Mr. and Mrs. Roy Lee Baker and sons.

Visiting Johnsons
Mrs. W. A. Johnson and daughter, Mrs. Seale Stevens are visiting their son and brother, W. A. Johnson Jr. and Mrs. Johnson this week.
Other guests in the Johnson home are Mr. and Mrs. Winard Buck, Lubbock.

J. T. PORTER was in Amarillo on Tuesday in the interest of the new filling station to be soon opened on the southeast corner of the square.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

IT'S UP TO US!
Today it doesn't require a genius of a Barney Baruch to look into the future and see that America faces a great crisis. It doesn't require the wisdom of Solomon to know that if present conditions continue we are heading right into a deep and shocking depression so great that it might affect the fundamental pattern of our economy, and hence the entire future of the nation.

Neither does it require any special brand of genius or wisdom to know that we Americans could effectively correct the present conditions. We can, if only we would, prevent a serious depression for many years. But it needs neither genius nor wisdom to know that we are not likely to do so correct conditions as to avoid a depression. To do so would require three things we now definitely lack. These proper things will not likely be done and the depression will likely come.

What If It Comes?
In the midst of a sobering depression, however, we might muster sufficient courage to do the right things and thereby shorten its duration. I want to outline these necessary steps which could prevent depression if taken now, and which would shorten a depression if taken after it is upon us. In the first place, there is required a brand of bold, courageous, forthright, non-political executive leadership beyond anything Washington seems likely to display.

In the second place, it would necessitate a lot of new, daring, venturesome, resourceful industrial activity, which because of unfavorable tax rates, industrial strife, and general want of vision we seldom see. In the third place,

Entered at the Post Office at Morton, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

It would require from labor leaders in general a very genuine honest, sincere, and effective effort to remove all practices and policies that hinder maximum production per man-hour, and that needlessly add to the cost of goods, construction, and so on, of which we likewise see but little.

Toward Real Reases
These three steps would bring about three conditions necessary if we are to prevent depression, unemployment, and mediocrity. One of the first things this formula would lead to would be real understanding and cooperation between industry and labor, which is an essential to the continued welfare of this nation. We have not fooled ourselves into the foolish belief that these two great segments of industry must ever be at cross purposes.

In the second place, these things would lead to an increase of at least 40 per cent in actual amount of goods produced without increases in labor costs. At the same time there would be no decrease in rate of wages earned. This would rapidly increase the effectiveness of competition and would bring cuts in prices ranging from 20 to 25 per cent, thus giving a real raise in standards of living for the entire public, labor as well as all others.

A Simple Formula
These lower prices, in the third

Sidelights From Washington

By George Mahon

Friends of the Army Air Forces and the cause of national defense won a victory in the House of Representatives last week which will be a warning to the world that the United States is not planning to surrender her position as the world's greatest air power.

The controversy over U. S. air power arose when the Appropriations Committee, the Committee upon which I serve, slashed \$40,000,000 from funds recommended for the purchase of new airplanes. The request for the funds had been made of Congress by the Chief of the Army Air Forces, the Secretary of War and President. The Committee then requested the House to approve the slash.

In Committee I had offered an amendment to restore the airplanes which had been denied, but I was overwhelmingly defeated. When the bill came up in the House of Representatives I took up the fight again, re-offering the amendment to restore the funds for the airplanes.

The Republican leadership fought the amendment and the question was heatedly debated for a part of three days.

Finally, in the last half hour of the debate, Congressman Andrews in New York, the Republican Chairman of the House Committee on Armed Forces, took the floor in support of my amendment and in support of my contention that the Appropriations Committee had misrepresented the facts and the figures in regard to army air power. This broke the back of the opposition and shortly thereafter the amendment was accepted and passed the House. A number of Members of Congress from Texas were very aggressive in the successful effort to restore the funds.

I argued that it would be inexcusable for us today, or at any future time, to start down the road to a second rate air force and an inadequate national defense program. It was stated that the defeat of the airplane

Willard Batteries

McAlister - Huggins
John Deere Dealer

request would be a straw in the wind which would lead to dangerous international consequences. I pointed out that the army appropriations bill contained savings in funds to the extent of \$475,000,000 and that the expenditure of the additional \$40,000,000 provided in my amendment for army airplanes would not seriously interfere with the economy program.

Without my amendment there were already sufficient funds in the bill to provide 561 airplanes. With the amendment the bill provides for 749 aircraft of the latest type, the planes to come off the assembly line within two years.

Funds were not reduced for the National Guard, the ROTC units in high schools and colleges, and Reserve Officer training otherwise. No cut was made in funds requested for the important work of research and development. The bill reduced War Department civilian personnel by 74,600 employees and officer personnel by 18,000, it being felt that the Army was somewhat top heavy with officers. The bill provides for an army of 1,070,000 men during the period June 30, 1947, to July 1, 1948. The total funds in the bill exceed \$5,000,000,000.

MR. and MRS. T. K. WILLIAMSON attended the Bankers convention in Amarillo last week.

MORE THAN HALF OF TECH GRADUATES FOR THIS YEAR WERE WORLD WAR II VETS

More than half the students receiving degrees from Texas Technological College this year were veterans of World War II, a recent check has disclosed, and the Agriculture and Engineering divisions where most of the students are men, the majority of veterans was overwhelming.

Of 69 persons who were graduated from the Agriculture Division, 65 were war veterans, and were 68 of the 83 Engineering graduates. Over the college, 22 of the 406 students receiving degrees were former service men.

Article 4478—AUTHORITY

The commissioners court of any county shall have power to establish a county hospital and to enlarge any existing hospitals for the care and treatment of persons suffering from any illness, disease or injury, subject to the provisions of this chapter. At intervals of not less than twelve months, ten per cent of the qualified property tax paying voters of the county may petition such court to provide for the establishing or enlarging of a county hospital, in which event said court within the time designated in such petition shall provide for the establishment or enlarging of such hospital. Whenever any such proposition shall receive a majority of the votes of the qualified property tax payers voting at such election, said commissioners court shall establish and maintain such hospital and shall have the following powers:

1. To purchase and lease real property therefor, or acquire such real property, and easements therein, be condemnation proceedings.
 2. To purchase or erect all necessary buildings, make all necessary improvements and repairs and alter any existing buildings, for the use of said hospital. The plans for such erection, alteration, or repair shall first be approved by the State Health Officer, if his approval is requested by the said commissioners court.
 3. To cause to be assessed, levied and collected, such taxes upon the real and personal property owned in the county as it shall deem necessary to provide the funds for the maintenance thereof, and for all other necessary expenditures therefor.
 4. To issue county bonds to provide funds for the establishing, enlarging and equipping of said hospital and for all other necessary permanent improvements in connection therewith; to do all other things that may be required by law in order to render said bonds valid.
 5. To appoint a board of managers for said hospital.
- To accept and hold in trust for

Article 4479—BOARD OF MANAGERS

When the commissioners' court shall have acquired a site for such hospital and shall have awarded contracts for the necessary buildings and improvements thereon, it shall appoint six resident property taxpaying citizens of the county who shall constitute a board of managers of said hospital. The term of office of each member of said board shall be two years, except that in making the first appointments after this Act takes effect three members shall be appointed for one year and three members for two years so that thereafter three members of said board will be appointed every two years. In case of a tie vote of said board the deadlock may be voted off one way or the other by the county judge of the county. Appointments to fill vacancies occurring by death, resignation or other cause shall be made for the unexpired term. Failure of any manager to attend three consecutive meetings of the board shall cause a vacancy in his office, unless said absence is excused by formal action of the board of managers. The managers shall receive no compensation for their services, but shall be allowed their actual and necessary traveling and other expenses within this State to be audited and paid by the commissioners' court in the same manner as other expenses of the hospital. Any manager after being cited may at any time for cause be removed from office by said court.

Article 4480—POWERS OF BOARD

The board of managers shall elect from among its members a president, and one or more vice-presidents and a secretary and a treasurer. It shall appoint a superintendent of the hospital who shall hold office at the pleasure of said board. Said superintendent shall not be a member of the board, and shall be a qualified practitioner of medicine, or be specially trained for work of such

Article 4481—CHARACTER

The board shall also appoint a staff of visiting physicians who shall serve without pay from the county, and who shall visit and treat hospital patients at the request either of the managers or of the superintendent. Said board shall fix the salaries of the superintendent and all other officers and employees within the limit of the appropriation made therefor by the commissioners court, and such salaries shall be compensation in full for all services rendered. The board shall determine the amount of time required to be spent at the hospital by said superintendent in the discharge of his duties. The board shall have the general management and control of the said hospital, grounds, buildings, officers and employees thereof; of the inmates therein, and of all matters relating to the government, discipline, contracts and fiscal concerns thereof; and made such rules and regulations as may seem to them necessary for carrying out the purposes of such hospital. They shall maintain an effective inspection of said hospital and keep themselves informed of the affairs and management thereof; shall meet at the hospital at least once in every month, and at such other times as may be prescribed in the by-laws; and shall hold an annual meeting at least three weeks prior to the meeting of the commissioners court at which appropriations for the ensuing year are to be considered.

Article 4482—SUPERINTENDENT

The superintendent shall be the chief executive officer of the hospital, but shall at all times be subject to the by-laws and regulations thereof, and to the powers of the board of managers. He shall, with the consent of the board of managers, equip the hospital with all necessary furniture, appliances, fixtures and all other needed facilities for the care and treatment of patients, and for the use of officers and employees thereof, and shall purchase all necessary supplies, not exceeding the amount provided for such purposes by the commissioners court. He shall have general supervision and control of the records, accounts and buildings of the hospital, and all internal affairs, and maintain discipline therein, and enforce compliance with and obedience to all rules, by-laws and regulations adopted by the board of managers for the government, discipline and management of said hospital and the employees and inmates thereof. He shall make such further rules, regulations and orders as he may deem necessary, not inconsistent with law or with the rules, regulations and directions of the board of managers. He shall, with the consent of the board of managers, appoint such resident officers and such employees as he may think proper and necessary for the efficient performance of the business of the hospital, and prescribe their duties; and for cause stated in writing, he may discharge any such officer or employee at his discretion, after giving such officer or employee an opportunity to be heard. He shall cause proper accounts and records of the business and operations of the hospital to be kept regularly from day to day in books and on records provided for that purpose; and shall see that such accounts and records are correctly made up for the

annual report as required by this law, and present the same to the board of managers who shall incorporate them in their report to the commissioners court.

He shall receive into the hospital, under the general direction of the board of managers, in order of application, or according to the urgency of need of treatment, any person found to be suffering from any illness, disease or injury, who has been an actual resident and inhabitant of the county for a period of at least one year prior to his application for admission to said hospital. He shall also receive into the hospital, patients sent by the commissioners court of any adjacent county, which has contracted with the board for the care and treatment of its sick and diseased and injured persons, resident in such counties for a period of at least one year. Such patients shall not be received and cared for unless there is sufficient provisions for the care of the sick, diseased and injured of the county in which the hospital is situated. Said superintendent shall cause to be kept proper accounts and records of the admission of all patients, their names, age, sex, color, marital condition, residence, occupation and place of past employment.

He shall cause a careful examination to be made of the physical condition of all persons admitted to the hospital and provide for the treatment of each such patient according to his need; and shall cause a record to be kept of the condition of each patient when admitted and from time to time thereafter. He shall temporarily or permanently discharge from said hospital any patient who shall willfully or habitually violate the rules thereof; or who is found not to be sick, diseased or injured; or who is found to have recovered reason is no longer a suitable patient for treatment therein; and shall make a full report thereof at the next meeting of the board, and the said board shall make such final disposition proper. From the decision of the board of managers there shall be no appeal.

He shall collect and receive all

moneys due the hospital, keep an accurate account of the same, report the same at the monthly meeting of the board of managers, and transmit the same to the county collector within ten days after such meeting.

He shall before entering upon the discharge of his duties, give a bond in such sum as the board of managers may determine, to secure the faithful performance of the duties of his office.

These are the laws, quoted from the Revised Civil Statutes of Texas, which were in force on May 14, 1945, when the petition was presented to the Commissioners' Court of Cochran County to call an election for the purpose of voting bonds and building a County Hospital. The undersigned, Jesse R. Bond Post No. 374, American Legion, Department of Texas, was very active in securing the required signatures to such petition, in fact, indorsed, and has pushed the hospital project from the very beginning.

Such local American Legion Post in a regular meeting this last week, voted unanimously to sponsor, and pay for, advertising which will inform the people who are lawful voters in hospital election to be held in the County on July 5, 1947. Legal notices of such election are now posted; and the ballots to be used at such election will contain the following proposition:

"For authorizing the Commissioners' Court to sell or lease the Cochran County Hospital."

"Against authorizing the Commissioners' Court to sell or lease the Cochran County Hospital."

The local American Legion Post is right where it started when it carried the original petition for an election on the county hospital project. Now, as then, it believes that the hospital which the taxpayers have built, and obligated themselves to pay for, should be operated by the county under the laws hereinabove cited, and that it should be neither sold nor leased to any individual or organization, and that the majority vote at the election of July 5, 1947 should be, "Against authorizing the Commissioners' Court to sell or lease the County Hospital."

SPAAF To Hold Surplus Sale June 11 Through 17th

Major Robert W. English, commanding officer South Plains Army Air Field at Lubbock, Texas, has announced that several items of War Surplus property will be sold Wednesday, June 11, through Tuesday, June 17, except Saturday and Sunday.

All items to be sold are in small lots and include the following: plumbing supplies, electrical conduit, cable and supplies, old lighting fixtures, office furniture, blank keys, sudan seed, galvanized pipe, roofing materials, hand tools, clothing, screens and windows, and one 940 gallon tank.

Sales will be made by method sealed bid and items will go to the highest bidder. Successful bidders will be notified by mail as soon as possible after completion of the sale.

Gates at the field will be open daily from 8:00 a. m. to 4:00 p. m. during the duration of the sale and all interested parties will be given ample opportunity to inspect all merchandise before submitting bids. Upon arriving at the field prospective buyers must contact J. E. Rogers of Base Salvage Dept.

Next of kin requesting burial of World War II dead overseas may choose any one of the 14 permanent American military cemeteries and 3 National cemeteries which the War Department plans to establish as final resting places, according to an announcement received today by Col. C. C. Strawn, Commanding Officer, San Antonio General Depot.

Temporary U. S. Military Cemeteries laid out during World War II but which will become permanent cemeteries are: Cambridge, England; Margraten, Holland; Hamm, Luxembourg; Henri Chappelle, Belgium; Neuville-en-condroz, St. Laurent, St. James, Epinal, St. Amand, and Draguignan, France; Nettuno, Italy; and Manila, Philippine Islands. Florence, Italy and Tunis, Tunisia will also be cemetery locations, although the exact sites are not yet chosen by the Quartermaster General and the American Battle Monuments Commission.

The 3 new National Cemeteries to be established under the plan are Honolulu, Hawaiian Islands; San Juan, in the Marianas; and at San Juan, Puerto Rico. These National Cemeteries will provide final resting places for any armed forces personnel or honorably discharged veterans who may wish to be buried in Hawaii, Guam, or Puerto Rico in addition to those who died during World War II.

A half million dollar site clearance of four West Texas installations will be held at the Midland Army Air Field, it was announced this week through the War Assets Administration's sub-regional office at El Paso. The clearance will be an informal bid sale of surplus materials located at Midland; Pacific Air Field, Fort Stockton; Pyote Air Field and Pecos Air Field. Hardware, kitchen supplies, furniture and a few vehicles will be included in dozens of lots of related materials to be offered. Inspection and bidding will be carried on at each of the four locations on June 17, 18 and 19, with the bid opening scheduled for 9 a. m. June 20 at the Midland field.

Fourteen military chapels, including all installed equipment, at Camp Bowie, Brownwood, Texas, are to be offered for sale until July 9 through WAA. First consideration concerning use of the chapels after sale shall "be given to their use as shrines or memorials and second consideration shall be for use for religious purposes," it was said. Offers on the chapels will be accepted by WAA for transmission to the Chief of Chaplains, War Department, who, with the advice of representative church groups, will recommend the person or organization to whom disposal shall be made, WAA officials declared.

Various regional offices of WAA cooperate with each other in disposing of stocks of surplus property that might be "slow" in one area and in sharp demand in another. This practice resulted in the sale of 70,000 gallons of outside white paint to a Texas dealer recently. The paint was located in the inventory of the Spokane WAA regional office, where its sale was rated as "slow". This paint was in "tight" demand in the Grand Prairie region, where a customer was seeking the product. Correspondence between the two regional offices effected the sale and delivery of the 70,000 gallons to the Texas dealer.

Army folding cots in quantities sufficient to bed down nearly 40,000 soldiers are for sale until June 25 through WAA. They will be sold through sealed competitive bids on lots. A sample is on display at the Customer Service Center of the Grand Prairie WAA office as well as in San Antonio and El Paso.

Water coolers, spot lights and explosion proof receptacles are contained in \$50,000 worth of plumbing, heating, electrical and refrigeration supplies which are listed in a sale closing June 20. War Assets Administration officials announced. Descriptions of all articles may be obtained through the Customer Service Center at Grand Prairie WAA offices.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads: "Women through the years have stood keepers of the flame..." Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

Joe Marsh

Search For Oldest Chevrolet Truck To End June 15th

The search for the oldest Chevrolet truck still in active service is attracting entries from all parts of the country at the rate of several hundred a day, J. W. Burke, manager of the commercial and truck department, Chevrolet Motor Division, said today.

Entries in the search represent a cross-section of the motor truck field, come from every state in the union, and cover every conceivable use to which trucks are put.

"The results of the contest so far are most gratifying," said Burke, "not only because of the large number of entries, but because of the revelation that so many old Chevrolet trucks still are in active use."

The first Chevrolet truck was built in 1918, but only a comparative handful of trucks were built before 1926 and 1927, Burke pointed out. Nevertheless, the contest is disclosing that relatively high proportion of these early trucks are still being used every day.

The contest to find the oldest Chevrolet truck started May 10 and ends June 15. The owner of the oldest truck will be given as a prize one of the "advance-design" trucks, to be announced to the public June 28. The contest rules provide that the owner of the old truck must drive it to his nearest Chevrolet dealer for official entry.

L. E. HUGGINS ATTENDS JOHN DEERE MEETING
