NUMBER 19

RAIL DUST

By DOUGLAS MEADOR

It was like a raw-hide rope wrapped around the hub of a wheel, dragging the heavy sled through retarding muck and across the little islands of happiness. The strand of years had accented a bulky spool, causing a drag to move more rapidly as it unwound the remaining distance. Allowing his heels to slip on the dusty sea that had contained his dreams, the became weary. He had traveled for and no interest remained in the scenery or the peaceful temples of his ideals. A bitter vista ahead left no beauty in his memory. The past, he was smiling at. Friends found him one day, lifeless on his couch, as might have glimpsed and hurried on a little a-

erty usually leave a stain which the suds of comfort are unable to remove. I relish bread but hesitate to eat it in public places because of the fear that I may reveal the needed years I ate it without privilege of choice.

his failure looks diligently after unable to find a man whose heart is hidden in his

ing the devil would rejoice prayers were answered. I would be granted a instrument which could hidden under the cloak of

gleaming trains now past scattering white crosses the railroad right-of-way luxury-pampered passengers in air-conditioned comfort, of the pioneer's sacrifice, through the burning desert. Thundering trains have in the sacred silence of their millions have passed beside their gloryless yet the destiny of a nation has been served in their Earth is the common denominator of all mankind and is no sweeter beneath a monument in a green cemetery than the rocky and a lonely desert bier. Per the tears which fell on hot sands were from springs love than those which fall on the soft grass of burial grounds.

probable that some of my provincial contemporaries are interested in knowing it possible to purchase new hitching posts in a certain Angeles emporium. The of my visit to this part of the city of angels private concern.

ing slowly, like the wheel of a steamer, anchored ship in the moonlight, the windmill in the night breeze, Coyotes in the jungle of darkness, whispers close to the weather when old shed where his hangs. It is a dried and thing, like a tube from the artist long ago squeezed paint; a saddle swinging rusty uncovered horn with rusted stirrups. Lines of light and the light from moons have left no trace thick dust sifting through boards. His long-silent hang near the roof on a ball in the weather-stained four. Outside there is a spring in the mesquites; the sound of hoofs and the rattle suspended on a short ways slightly, as if touch-

ery is a kind of bubble- which produces satisfaction accomplishing any last- results; a perfume which pleasure to the wearer and smells to the world.

and MRS. BUTCH LANE the week-end in Spur, Tex.

Morton's Fly and Gnat Population on Wane Since

City Fogged With DDT

Morton C C Heads Drive On Rabbits

Morton Chamber of Commerce is sponsoring a Rabbit Drive on the Lehman Farms on Friday July 11. The public is invited to participate in this drive and asked to meet at Lehman at 8:00 a.m. for a good early start. Soft drinks and coffee will be furnished at lunch as well as bread, pickles etc. Ladies are asked to bring basket lunches to Twin Mills at noon.

Only shot guns will be used and hunters are to furnish their own shells, preferably number six. Lehman farms, a government project, consist of 29 individually owned farms, averaging about 200 acres each in cotton. Farmers on the Lehman farms report that rabbits in large numbers are destroying the young cotton.

A definite decrease in the fly and gnat population of Morton has been noticed since the 5 per cent DDT fogging of the entire city last Sunday.

W. D. Cook, of the Lubbock City health department and an operator brought the Lubbock fogging equipment to Morton last Sunday and began work at 8:00 a. m. Every alley and street within the city limits was thoroughly covered by noon. The city dump ground was also sprayed with the DDT mixture.

According to W. K. Whitman, city clerk, Morton will be dusted

twice again this summer in an effort to control disease bearing insects.

The equipment was furnished through the courtesy of the Lubbock Commissioner's Court in cooperation with Morton's city commission.

No charge was made against the City of Morton for the use of the machine and operator. Two barrels of the DDT mixture were used at a total cost of \$70.00.

Area Dairymen To Re-organize

Dairymen from West Texas and Eastern New Mexico will reorganize the West Texas branch, Texas Dairy Products association at a meeting to be held in Lubbock July 17. Specific place for the meeting has not been designated, but it will probably be on the Texas Technological campus, according to L. G. Harmon, professor of dairy manufactures.

Plant operators from all branches of the dairy manufacture industry, including cheese, butter, market milk and ice cream, are expected to attend. Meetings of the West Texas branch were discontinued when transportation grew critical during the war. Members are drawn from a wide area, including the Texas Panhandle, Big Spring, Vernon, El Paso and Eastern New Mexico.

Tech cooperates with the organization and the industry in providing counsel in quality control, Harmon said. Prof. K. M. Renner, head of the college dairy manufactures department, is also chairman of the state quality control committee. Harmon is in charge of the West Texas dairy products analysis laboratory at the college.

CITY TO ENFORCE ORDINANCE ON PLUMBING INSTALLATION

In a City ordinance, governing the installation of plumbing, passed and published a year ago, owners of buildings both private and public, were warned that they would be penalized if the sanitary connections were not made within thirty days after the ordinance was passed.

Due to the fact that the necessary plumbing equipment in sufficient quantities was not available, the City commission has not enforced this ordinance. However an advertisement in this is-

ssue of the Tribune states that application and arrangements must be made by property owners for the installation of water closets and connections to the City's sewer system or the ordinance will be strictly enforced, and all property owners failing to comply will be penalized.

The penalty for not installing proper sanitary disposal units is a fine of any sum not more than \$100.00, and according to the ordinance, each day the ruling is violated will constitute a separate offense.

All work done and materials used in connection with the sanitary system must comply strictly with the requirements of the city plumbing ordinance as published in July, 1946, which states that owner controlling the installation or his agent shall cause the water closets installed to be supplied with water for flushing, shall be delivered from a tank of which the bottom must not be less than four inches above the spud opening in the closet bowl. The tank shall hold not less than four gallons of water and so arranged to deliver not less than four gallons of water at each flushing and to refill with water at a pressure of not less than fifteen pounds to the square inch.

The ordinance specifically warns that all outdoor privies within the city limits must be abolished within thirty days after the enactment of the plumbing ordinance.

Allsup's Entertain Motor Co. Force

Mr. and Mrs. Roy Allsup entertained the entire force of the Allsup Chevrolet Company and their families with an all day picnic at McKenzie State Park in Lubbock on July 4.

Those present were: Mr. and Mrs. W.G. Baker and children; Mr. and Mrs. Tom Rowden, Mr. and Mrs. Kirby Smart, Mr. and Mrs. Evert Allsup, Mr. and Mrs. Parnell Sehon and boys; and Mr. and Mrs. Arlee Barnard.

Mrs. Bill Garrett, is the former Miss Mickey Lovelace, who was married July 3. She is the daughter of Mr. and Mrs. N. H. Lovelace.

Accuracy Certificate Award Won By Lindsey's Feed and Seed Firm

The Lindsey Feed and Seed, of Morton, has won recognition for the accuracy and uniformity of its custom grinding and mixing service. The local firm recently received a Certificate of Mixing Accuracy for 1947 following analysis at the Ralston Purina Co., St. Louis, Mo., of samples taken from regular mixes prepared for customers of the mill.

Proper mixing of ingredients has become recognized as an increasingly important factor in feeding efficiently. Ralston Purina requires that all samples not vary more than one-half of one per cent to qualify for the certificate. The Lindsey Feed and Seed showed only the slight variation of .24 per cent protein in the samples tested.

The Certificate will be posted in a prominent place at the Lindsey Feed and Seed as evidence of the ability of the local equipment to serve farmers with custom mixing that will help them in achieving maximum production from their grains.

Wallace Theatre Being Improved

Work got underway on improvements at the Wallace Theatre this week, according to Levi Self, manager.

A new marquee will be added and new seats put in the old chairs and a general overhaul job made on the whole theatre building, according to Self.

Estimated cost of the remodeling will amount to about \$5,000., Self said, and will make the Theatre one of the most modern and comfortable in the South Plains area.

BILL WHITMAN enjoyed the double-header baseball game in Lubbock last Friday, July 4th.

Hospital May Be Opened July 20th

Frank Bennet of the B. F. M. Construction, Company, Lubbock, contractors on the Cochran County Hospital, announced early this week that barring no unforeseen difficulties, work on the building would be near enough completed by July 20 for the admission of patients.

Finishing up work such as putting on locks, door handles, kitchen hardware and interior finishing details will probably not be completed until late in the summer.

NEWS ABOUT FOLKS YOU KNOW

Mr. and Mrs. Bill Markham are in Memphis, Tennessee, where Bill has enrolled in school for a course in Diesel engineering.

MR. and MRS. N. H. LOVE-LACE and daughter, DIXIE DEAN, returned last week from a visit with his brother, REV. LOVELACE and family in Albuquerque, New Mexico.

Miss Mary Wight of Dallas is expected to arrive Thursday, July 10, for a visit in the W.W. Smith home. Miss Wight is a librarian by profession, and Mrs. Smith were classmates in Sweetwater High School.

Louis Smith and his brothers A.J. and Ed of Portales, New Mexico left July 3, for a fishing trip at Red Bluff, Texas. They returned Sunday. While at Red Bluff a nearby camp neighbor of the Smiths drowned and the three Smith brothers assisted in dragging the lake in an effort to recover the body.

Helen Evans of Deming, New Mexico is visiting in the W.B. Evans home.

Mr. and Mrs. Billy Dane Burns, Misses Peggy Key, Kathrine Graham, Marie Scott, Babe Vanlandingham, Jess Carroll Burns, Joe Paul Rowell, all of Morton and Thurman Dickison of Lubbock were guests of Miss Graham's parents, Mr. and Mrs. G.A. Graham at Ruidosa, New Mexico last week-end.

Mr. and Mrs. L.E. Huggins and Cathy and the Vernon Blackley family and friends from Anton returned Sunday night from a four day fishing trip at Cowles, New Mexico.

W.B. Evans left Monday for Tulsa, Oklahoma on a business trip.

Mr. and Mrs. Hume Russell and son Jack attended funeral services for her uncle Mr. John Austin in Childress, Tuesday, July 1.

Revival at Rock Baptist Church

T.L. (Jack) Bullard, Pastor of the Missionary Baptist Church has announced that an old time revival will be held at the Rock Baptist Church the first two weeks in August.

Mr. and Mrs. Jess Paulk spent the week-end in Lamesa, Texas; their daughter Mrs. Sol W. Cleveland and three sons, Jim, Bill and Bob returned home with them to spend a few days.

Local Pastor Helps In Observation Of Christian Education Day Meeting

Christian Education Day, observed last Sunday by Baptist churches, was highlighted at the Baptist church here when George Stokes, director of the Wayland College enlargement campaign, led the Sunday morning service. Rev. W. C. Wright, Morton pastor, introduced Stokes, who centered his message around the contribution to Christian education, made by the enlargement program now in progress at Wayland.

"Although no generation can solve the problems of the next, we can be a part of the answer instead of the problem, through Christian education," Stokes told the congregation.

A world mission must have an authoritative beginning at home, he said, and he declared that Dr. J. W. "Bill" Marshall, president of the Baptist College at Plainview, is ready to begin that program at Wayland.

Singing School at Baptist Church

A school of Sacred music is now being conducted at the First Baptist Church each evening from 8:30 until 10 p.m. W.D. Kay is the instructor.

The public is cordially invited to attend this singing school that offers 45 minutes of music theory and 45 minutes of hymn singing at each session.

The singing school began on July 7 and will continue through July 18.

W.C. Wright, Pastor, announces that following the conclusion of the singing school a Revival will commence at the First Baptist Church on July 20.

Strong Interest Shown by Citizens In Saturday's Special Election

Voters flocked to the polls in Cochran county last Saturday 716 strong to cast their ballots to determine whether the Cochran county Commissioners' Court sell or lease the new county-owned hospital.

716 total votes cast
466 for selling or leasing
250 against selling or leasing
216 more voted for than against the issue.

The votes for leasing or selling the hospital carried by a total of 466 with 250 votes being cast against the proposition.

Broken down into precincts, the balloting was as follows:
Morton: 248 for leasing or selling; 222 against.
Neely-Ward: 125 for and 11 against.
Bledsoe: 36 for and 8 against.
Lehman: 17 for and 6 against.
Whiteface voted 40 for selling

or leasing the hospital, while three votes were cast against.

This election was called after Cochran county Commissioner's court was presented a petition bearing the names of 152 property tax-paying voters requesting the court to call a special election to determine whether the court should sell or lease the hospital, as provided in House Bill No. 419, of the 50th Legislature of the State of Texas.

SCOUT-FATHER-SON BANQUET TO BE HELD THURSDAY NIGHT

Plans have been completed by the Morton Boy Scout Troop for a Father-Son Banquet to be held Thursday night, July 10th, at 8 p. m. at the First Baptist Church. Scout scribe, Jimmie Robertson, announced Tuesday that Roy Hill and L. M. Baldwin would prepare the banquet.

Boys who are planning or who would like to join the scouts are cordially invited to bring their fathers and attend the Father-Son Banquet. Movies of other scouts, scout camps and activities will be shown after the banquet.

At a meeting of the scouts Monday night at Veterans Hall

17 boys were present, there were four new members and one guest. Zeke Sanders met with the group.

Nineteen scouts enjoyed a weiner roast at Yellow House Canyon last Thursday evening. They were accompanied by Scout Master Roy Tarver Jr., and Zeke Sanders. Transportation was furnished by the Morton Gas Co. Company.

Test Cows For Bang's Disease

Farmers who have cows tested for Bangs disease in Cochran County should make application at the County Agent's office-advises the Agent.

In about two weeks the Veterinarian from Levelland, Texas will be over to test again for Bang's disease, and will call for all applications at the Agents office.

It is not necessary for farmers to have tests run for T.B. on cows at this time unless the farmer desires to do so. The T.B. test is not required, because Cochran County is one of the approved counties as being free of the disease.

Homemakers Club Hold Meeting

Mrs. B. L. Rhoderick was hostess to the newly organized Homemakers Club at her home on June 25th.

Year books were completed at the meeting. In order to raise funds the members decided to donate a penny for each year of her age.

Plans for the next meeting call for a tour of well planned laying houses with discussions scheduled by Mrs. Rex V. Faulkner and Mrs. B. L. Rhoderick on "Housing and Caring for Laying Hens."

Mrs. Rhoderick served a refreshment plate to the following members: Mesdames Hood Wise, D. A. Ramsey, R. E. Tisdale, Rex V. Faulkner, Johnnie Brooks, W. C. Millsap, Reece Morris, Ralph DeBord, and one guest, Mrs. C. W. Webb.

Homemakers will meet with Mrs. Ramsey on July 9th.

War Veteran Replies to Tax-Payers of County

How many ex-servicemen in this county think that the tax payers are paying for their medical attention? Or do you think you paid for it with sweat and blood?

There are some people in this county who had very few taxes to pay until December 7th, 1941. Then some of them acquired a few dollars (you might call them blood dollars). Anyway, for every dollar made there was a drop of blood shed.

I personally believe that the ex-serviceman paid and paid dearly for everything they get. Millions of our boys paid the supreme price, millions are still paying. Look around you-do you see veterans who are disabled for life, not for a hundred dollars worth or for a year, but for life.

This has no bearing on the previous hospital conflict, but I, for one cannot stand by and see such disrespect for ex-servicemen who fought that this county could live again in peace.

Signed: J. W. JOHNSON.
Served with the U.S. Navy from March 28, 1941 to December 5th, 1956.
J. W. JOHNSON.

Mr. and Mrs. R.C. Ross and children, Ray Ann and David visited last week-end in Farwell, Hale Center and Plainview.

W.D. Kay, superintendent of Bula school is in Morton conducting the singing school now in progress at the First Baptist Church.

Mrs. C. Waldrep Buried at May

Mr. and Mrs. R.D. Butts, Mr. and Mrs. J.L. Nations and family and Mr. and Mrs. Boyd Crooks of Lubbock attended funeral services for their sister, Mrs. Leo Crooks Waldrep, at May, Texas on Sunday, July 6.

Mrs. Waldrep, 33, of Dayton, Texas was injured fatally in an automobile accident on July 4. She was the youngest child in a family of seven children. Her mother preceded her in death five months ago and her father two years ago. She is also survived by her husband, Leroy Waldrep of Dayton.

Funeral services were held at the First Baptist Church, May, Texas on Sunday July 6 and interment in the May cemetery.

Look Who's Here!

Wanda Kay Baker, second daughter of Mr. and Mrs. E.R. (Jiggs) Baker arrived at a Levelland hospital at 7:35 a.m. Monday, July 7.

Wanda Kay weighed seven pounds and four ounces at birth, mother and babe were reported "doing fine" on Tuesday.

Loyd Kennedy and daughter Kat attended the Levelland rodeo on July 4.

All Avenger Field Buildings Bought

A complete clean out sale of all major buildings at Avenger Field, Sweetwater, has been effected, it has been announced through the office of real property disposals at the Grand Prairie office of War Assets Administration. The remaining 28 larger structures were sold to independent school districts and the City of Sweetwater and to Nolan county.

Forty housing units for GI's will be set up out of the 10 buildings sold to the city of Sweetwater. These were six barracks, three latrines and one hospital building. The Nolan county commissioners court has sponsored an adult education project out in the rural areas and will erect a classroom out of a warehouse sold to that county from Avenger Field, officials said.

Sales to independent school districts were as follows: Sweetwater, four buildings; Jayton, one barrack; Levelland received three buildings; and Roscoe, nine buildings.

J. L. Merrill, Snookie Russell and Teeny Weed attended the opening performance of the Levelland Rodeo last Thursday night.

Miss Geneva Famuliner visited with her sister in Lubbock last Thursday night and Friday.

You'll like everything about our coffee shop—where you're welcome for breakfast and lunch, or for mid-afternoon or after theatre snacks.

NO WAY TO DO IT!

By MACKENZIE

Swing Of Southwest Farm Markets

Cotton and some grains dropped sharply last week, and easy spots appeared in livestock and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest products sold steady to strong.

Volume movement of the new crop punctured recently ballooning sorghum markets, and prices collapsed to levels 70 to 80 cents per hundred pounds lower last week. Quotation at Fort Worth and Galveston Thursday stood at \$2.61 for No. 2 milo. White corn gained 22 cents, to reach \$2.85 per bushel, and yellow corn dropped six cents, to sell at \$2.29. Other grains changed very little from a week earlier.

Rice trade reported offers for sale after June 30 at prices far above former ceilings. Rains delayed prairie hay harvest in the southwest and damaged Alfalfa in the Central West. Peanut markets saw light trading, but

new crop prospects continue good. Oilseed meals climbed up, but millfeeds dropped, and other feeds remained fairly steady. Good staple 12-months Texas wools sold at 47 to 55 cents per pound.

Spot cotton markets quoted at \$2.50 to \$7.25 per bale lower prices last week. A little more activity left trading still on a small scale. High and medium grade cotton continued in demand. Most cotton areas enjoyed favorable growing conditions.

Eggs held firm last week, and even advanced slightly in some areas. Better qualities found especially good demand. Current receipts mostly 37½ to 38½ cents per dozen at Ft. Worth, 39 to 42 at Denver, and 38½ with rots candled out at Dallas. High quality graded eggs sold quite a bit higher. Poultry held steady.

Shipping point prices of Texas tomatoes about held their own last week. U. S. No. 1 six by six and larger sizes loaded at \$2.00 to \$2.15 in East Texas, and \$2.35 to \$2.50 in North Texas. Watermelons and peppers weakened at New Orleans, Denver, and Kansas City, as shipments increased. Oklahoma corn went lower at Kansas City.

Most cattle sold about steady last week, but Oklahoma City paid 25 to 50 cents higher prices, while cows and bulls went lower at Houston, as did calves, bulls, and low grade cows and heifers at Denver. Common to medium cows bulked at around \$12 to \$15 at most places, and canner to cutter grades \$8 to \$12. Common to medium stocker steers and yearlings brought \$13 to \$16 at Houston, while medium and good kinds moved at \$16 to \$20 at Fort Worth, and \$16.50 to \$18.50 at Wichita.

Texas hog markets held about steady for the week, but other southwest terminals dropped 50 cents more or less. Closing bulk of good and choice butcher hogs brought \$24.75 to \$25 at Fort Worth. San Antonio's late-week top was \$24.50, Oklahoma City and Wichita \$24.75, and Denver \$25.25.

Most sheep and lamb markets held fully steady, and some classes gained up to 50 cents, but slaughter and feeder yearlings dropped \$1.00 or more at Fort Worth. San Antonio bought medium to good fat yearlings at \$14 to \$16.25, while Fort Worth paid \$13.50 to \$17 for shorn lots. Denver took shorn lambs, \$18.50 up to \$21.

FOURTH CELEBRATED IN LUBBOCK

Mr. and Mrs. W. W. Williamson and Billy, Mr. and Mrs. W. A. Johnson, Mr. and Mrs. Hume Russell and Jack, Mr. and Mrs. Roy Hickman, Mr. and Mrs. P. B. Ramby and Barbara, and Mr. and Mrs. Winard Buck enjoyed a day of golf, bowling and a barbecue dinner in Lubbock on July 4th.

Abilene C. C. Has Over 800 Enrolled

Abilene Christian College at Abilene, Texas, has enrolled almost 800 students in all departments of the school, the greatest enrollment for a summer session in the history of the college.

Approximately 650 are enrolled in college courses and more than 100 others are enrolled for high school classes. A complete offering of college subjects are made available during the summer session, which is divided into two six-weeks terms. The second six-weeks term begins on July 21 and the forty-second long session of Abilene Christian College will begin on September 16.

Enrolled from Morton is Arlene Bennett, daughter of Mr. and Mrs. M. A. Bennett of the same city.

Mrs. J. B. Passmore, Jr., has enrolled for summer school at A. C. C. She will room with her sister, Arlene.

Texan Completes Novel of the West

Harry L. Kidd, Jr., assistant professor of English at Texas A.M. College, is nearing completion of his first novel, "The Long Lane." Set in the oil fields of the Southwest, it portrays the struggle of a middle-class American to find a working philosophy of living which can give him spiritual satisfaction in today's materialistic and confused age.

During the nine months of the regular school year, Kidd writes the radio script for the Texas School of the Air program, which is carried over the Texas Quality Network. He has several short stories published in such magazines as "Argosy," "The New Republic," "Field and Stream," and "Southwest Review."

Thomas Y. Crowell and Company, New York City, will publish the book soon after completion of the manuscript in January, 1948.

CITY TO ENFORCE SEWER ORDINANCE

A City Ordinance, passed and published in July, 1946, specifically states owners of a building or part thereof occupied by people for any purpose, any part of day or night, situated on any city block where a public sewer is laid and maintained within 150 feet of such building, or any buildings within 150

feet of a public sewer, MUST within thirty days after enactment and publication of the ordinances, put in water closets, and have same CONNECTED with the sewer.

The work done and material used MUST comply with The City of Morton Plumbing Ordinance.

Every person, firm or corporation who shall omit or refuse to comply with, or who willfully violates any section of this ordinance shall be deemed GUILTY of a misdemeanor, and upon conviction therefor, shall be fined in any sum not more than \$100.00 for each offense, and each day that such violation shall exist shall constitute a separate offense.

The City of Morton
W. K. WHITMAN, City Clerk

Veterans' News

abled veterans eligible for automobiles must submit applications to the Veterans Administration sufficiently prior to permit processing before the deadline, VA said this week.

QUICK SERVICE Dry Cleaning
BOWMAN CLEANERS

June 30, under present legislation.

Nearly 23,000 disabled veterans of World War II have filed applications for vehicles through May 31 under the law which provides a \$1,600 conveyance for those who in service lost, or lost the use, of one or both legs at or above the ankle.

Of this number, 16,052 applications were approved and nearly 13,000 sales agreements were certified for payment as of the same date.

The number of veterans claiming readjustment allowances for unemployment dropped over 35 per cent in the past three months, effecting a saving of nearly \$8,000,000 a week over the rate of expenditure for February of this year, VA announced today.

The 728,000 claims filed during the last full week in May represent the smallest number received in any week since January 1946, when in the wake of wide spread demobilization of the armed forces, the number began to climb toward the all-time peak of nearly 1,800,000 reached in April of that year.

More than 300,000 veterans have exhausted all of their readjustment allowance rights, having drawn the entire \$2 weekly payments of \$20 each specified by law.

JUDGE WINDER AND GRANDSON WICHITA FALLS VISITORS

Judge J. R. Winder and grandson, Jerry, are visiting C. N. Winder and family in Wichita Falls Texas this week.

CROP and LIVESTOCK ROUND-UP

Current production of two of the world's leading fibers—cotton and wool—is small. The 1946 world cotton crop was the lowest in 23 years, and stocks of cotton on hand at the beginning of the 1947 season are very low, especially in the United States. The World wool production for 1947 is expected to be the smallest since 1935; wool stocks, however, are still unusually large although 10 per cent smaller than a year ago.

Nearly one and one-half billion acres of land in the United States are used for crop and livestock production. With 260 million acres in timber, land in crops, pasture and timber accounts for about 90 per cent of the nation's land area.

Census figures show that more Southern farmers owning farms, with the number of tenants the smallest in half a century. From 1940 to 1945, the number of owner-operated farms increased 19 per cent in 16 southern States.

Grain sorghums equalled corn in feeding value in three years of tests at the Fort Hays, Kansas, Experiment Station. Fattening of steers fed grain sorghums showed no significant difference in amount of gain, selling price, dressing percentage and carcass grades from those fed straight corn in the grain ration. Sorghum fed steers showed a slight advantage in cost of feed per 100 pounds of gain. All steers received 1 1/2 pounds of cottonseed meal daily to supply needed protein.

Total meat production of 23 billion pounds in 1947 is expected to be about the same as last year, and the fourth largest on record.

Concentrated feeds are especially important for pigs because the mature pig has a stomach with a capacity of only about 8 quarts, compared with a total capacity of over 250 quarts in the four-fold stomach of the mature cow, Fred Hale, Texas Experiment Station, points out.

Recent research has not unlocked all of the secrets of cotton quality, says the U. S. Department of Agriculture, "but much has been done to improve the quality of the world's dominant fiber, to utilize more effectively varying fiber properties, and to improve the competitive position of American cotton."

Americans today eat less grain products and potatoes, more fruits, vegetables and dairy products and about the same portion of fats and meats, figures for 1945 compared with 1910 show.

Cottonseed ranks among the first ten crops of the United States as a source of agricultural income, and usually ranks third, exceeded only by lint cotton and tobacco, in the South. During the period, 1940-44, the farm value of cottonseed averaged 222 million dollars annually.

Medical Care For Wives of GI's Will Be Discontinued

FORT SAM HOUSTON—James L. Tenney, State Board of Health official, has announced that after June 30, 1947, no new applications will be accepted under the Maternity and Infant Care Program, which provides for free medical care from civilian doctors as well as free hospitalization for the wives of servicemen. Will be in those cases where pregnancy occurs prior to July 1, 1947. In which case, the serviceman's wife is still eligible for the free treatment and hospitalization by civilian doctors and even though application is not made until shortly before the birth of the child.

Reserve Corps for Training Planned

WASHINGTON, D. C.—On-the-spot organization of "affiliated units" of the Organized Reserve Corps in every civilian field of endeavor to enable the immediate utilization by the Army of skill and know-how necessary to the military effort in case of national emergency is the basis of a broad beamed program proposed by the War Department. Basic factor behind the plan is the necessity of having trained manpower to expand immediately the existing military structure in case of another world-wide emergency.

Kid Benefit Show At Clovis July 19

The Kid Benefit Show coming to Clovis on July 19th is the biggest Western Show ever to hit New Mexico. Louise Massey, famous NBC starlet and composer of the nation's top favorite "Adobe Hacienda", has altered her summer schedule in order to come to Clovis and perform on the Kid Benefit Show. Wiley and Gene, Oklahoma's leading cowboy stars will be on hand to do their own compositions, such as "Make Room for a Friend", and "Blue Moon". Gene will also give his famous rendition of old time poems including "Washing Your Feet Before Going to Bed", "Pass the Biscuits", and "Sleeping at the Foot of the Bed." Other stars and celebrities who will attend are Cecil Hunter, the Stuttering Sam" man, and Cal Farley. Grady Maples will be master of ceremonies. There will be two performances, the first at 3:00 in the afternoon at the Clovis High School Auditorium.

The second performance starts at 8:00 p. m., at the Clovis ball park. All proceeds above actual expenses will go to the "Kids" for the benefit of their recreation program.

Army Divisions to Be Reactivated

WASHINGTON, D. C.—The 4th Infantry Division, the Fifth Infantry Division, the Ninth Infantry Division, and the Third Armored Division will be reactivated on July 15 to perform the duties of the present Replacement training centers at Fort Ord, Calif., Fort Jackson, South Carolina, Fort Dix, New Jersey, and at Fort Knox, Kentucky, respectively.

Doctors 'Expose' County Judge

To the Doctors outside of Cochran County, whose names appeared in an advertisement July 3 issue of the Morton Tribune, exposing the County Judge, I want to thank you for your interest in the health and financial welfare of our good Cochran County people.

We were unaware of your interest until the last few months and I am doubtful if any would have known how to cast their ballots if it had not been for the generous information you gave them concerning my ability, along with the county commissioners, to purchase hospital equipment.

After rejecting the first bids on the hospital equipment that we believed excessive and questionable the commissioners court re-advertised and instructed me to make a trip to St. Louis to inspect and get prices on hospital furniture and equipment. Here are the fruits of that St. Louis trip:

- Scovil and Sublett Co., Oklahoma City..... \$21,500.00
- American Trading Corporation, Oklahoma City..... 22,400.00
- A. S. ALOE CO., St. Louis, Mo..... 11,942.37

Without much figuring we accepted the Aloe Company bid, and used the money saved to purchase additional equipment for the Hospital.

As for the taxes that the small group pays, you may get this information from our tax assessor. The equipment and buildings of the Association are on the tax rolls of Cochran county.

Thanking you again for the service you rendered us last Saturday, and trusting that I may be of service to you sometime, I remain
Yours truly,

G. W. THOMPSON

England Rose Garden Was Scene Of Lovelace-Garrett Wedding Rites

In an impressive double ring ceremony, read by Rev. A. A. Kendall, in the Carl England garden Thursday morning, July 3rd, Miss Mickey Lovelace became the bride of Bill Garrett.

The couple was attended by Miss Mary Hope Norfleet of Oton, and Mike Walden. Miss Norfleet wore a two-piece white linen ensemble with black accessories and a shoulder corsage of red roses and forget-me-nots.

The bride chose as something new and blue, her street-length wedding dress, and a halo hat of white braid trimmed with blue roses. For something old, she wore a single strand of pearls. She carried a borrowed white

Bible topped with Sweetheart roses and ribbon streamers. She also wore a lucky penny in her slipper.

A reception was held in the England home immediately following the ceremony. The bride's table, laid with a hand-crocheted lace cloth, held the white embossed cake topped with miniature bride and groom, flanked by silver candle-holders, containing lighted white candles decorated with blue forget-me-nots.

The mantle at one end of the long living room and book cases at the opposite end, were banked with greenery and summer flowers.

Assisting at the reception were: Miss Mary Hope Norfleet, Miss Jo Ann Thompson of Plainview; and Miss Betty Cunningham of El Paso, niece of the bridegroom.

Guests were: Mrs. Ed Garrett, mother of the bridegroom; Mr. and Mrs. N. H. Lovelace and Dixie Dean, parents and little sister of the bride; Mr. and Mrs. Mike Walden, Mr. and Mrs. R. T. Ray, Rev. A. A. Kendall and Miss Geneva Famuliner.

After the reception, the couple left for a wedding trip to Grand Canyon, Arizona, after which they will make their home in Morton.

Mrs. Garrett was graduated from the Brownfield High School class of 1945, and attended Wayland College at Plainview.

The groom attended schools in Levelland and Morton, and was in the Navy two years during World War II.

—by ann england—

Well, we got Mickey and Bill married Thursday morning without any undue excitement. The morning was beautiful and the ceremony started promptly at seven, as scheduled.

The ones of us who gathered a little ahead of time were beginning to show signs of nervousness when Rev. Kendall arrived cool, calm, and collected, so we took the cue and settled down. He is about the most soothing person we nearly ever saw.

When Mickey announced to us the day before her wedding that she had invited more guests than we had anticipated, we promptly told her she'd have to have them bring their own cups and cake plates, but fortunately Mary Hope came over a day ahead of time, and ran around over the neighborhood borrowing things for us.

We got extra flowers from Mrs. Roy Hill, Mrs. Cliff Davis and Mrs. L. W. Ray. Neighbors are certainly nice, and if we do say so ourself, the wedding was very sweet.

The party Mrs. Johnson and Billy Margaret gave for Mattie Lou was perfectly delightful. Of course that Johnson house is the prettiest place with all the collector's items and the soft blue walls in the living room. And it is so nice and cool out there.

We heard Mrs. R. T. Ray say, "I wish I had this house and Margaret had a nicer one."

Billy Margaret made the lovely guest register and the plate favors as well as the beautifully decorated refreshment tid-bits.

We are always delighted at the press conventions by all the nice compliments handed the spouse on his expert craftsmanship, etc., made by salesmen and newspaper men who have known him for many years.

F. F. Roberts dashed into the office Monday morning startling us the rest of the way out of our wits by saying, "I know now where those flying saucers are coming from. I was late for supper the other night and had to dodge a few."

We have always fancied that we had a "green thumb" more or less, but lately the strangest things have happened. Of course everyone knows that we put out rose cuttings and got potatoes—but what we didn't even know was that there is a cottonwood tree growing by leaps and bounds where only a few days before a beautiful weglia was covered in pink blossoms. And the bed in which we planted zinnias is full of blooming Oriental poppies.

We saw Pamela Jo, infant daughter of J. C. and Mrs. Reynolds last week. She is a darling baby girl.

As much as we like and admire the men-folks, there is one thing that not only puzzles but infuriates us about them, and it is their continuous harping about "women drivers," when every-one knows a woman is a much better driver than a man, and has fewer accidents, according to statistics.

We have blamed a lot of things on the newspaper shortage, but we haven't gone quite so far as a Utah newspaper which said: "Due to the newspaper shortage, we are postponing a number of births until next week."

Smith Tire & Supply have been in the process of installing an air-conditioner for days but if they don't hurry, it will be time to turn on the heat instead of washed air.

The following item in the July Good Housekeeping by Kay Riley entitled, "What she doesn't know, she tells," struck our fancy. There's one in everybody's crowd Who's not so erudite as loud On every subject known to man From Baseball to the clothes for Cannes.

She'll tell you what an artist means
And how a politician leans
And what is good on all the screens
And just how long to cook your beans
She'll gladly tell you what to wear
And how to think and fix your hair
She'll take a superficial look
And tell you all that's in a book
She's a doctor if you're feeling ill,
And a lawyer if you'd make a will
She'll be your friend, your guiding light
As long as you admit she's right.

Read in Liberty magazine, that there were just as many careless drivers thirty years ago, but the horses had more sense!

MR. and MRS. HARVE ANDREWS, and MR. and MRS. BUD YOUNG attended the Stamford Rodeo Thursday, July 3rd. From Stamford the quartet went on to Fort Worth for the week-end.

**Margaret Ann Weaks Becomes Bride
Of Lowell Webb Thursday Afternoon**

Miss Margaret Ann Weaks, daughter of Mr. and Mrs. W. J. Weaks, and Lowell Webb, son of Mr. and Mrs. C. W. Webb, were married at First Baptist Church, on Thursday afternoon, July 3, Rev. W. C. Wright officiated.

The bride, a 1947 graduate of Morton High, who has been employed in the First State Bank for several months, chose for her wedding a white linen suit and black accessories, and wore a bridal corsage of gardenias. For something old, she wore a cameo belonging to her mother new and blue a handkerchief and carried a white Bible belonging to Mrs. B. L. Rhoderick.

Mr. Webb was graduated from the Flomot High School. He saw service in the armed forces as a technician, and is now engaged in farming.

CARD OF THANKS

We wish to express our deep thanks and appreciation to all who helped to rebuild and re-furnish our home which was destroyed by fire May 28.

MR. and MRS. FRANK FERRIN and SONS,

Mr. and Mrs. J.D. Hawthorne and children, Max, Sharon and Jan spent the week-end in Weatherford, Texas.

**Johnson's Hold
Bridge-Tea Party**

Mrs. W.A. Johnson and daughter Mrs. Winard Buck of Lubbock were hostess at a bridge tea in honor of Mrs. Joe Nicewarner at the Johnson home on Monday afternoon, July 7.

Mrs. W.W. Williamson registered the guests in a pink book made in the shape of a baby carriage and trimmed with lace and ribbons.

The tea table covered with a blue embroidered cloth was centered with an arrangement of pink gladioli, flanked by pink tapers in crystal holders. Mrs. Loyd Kennedy and Mrs. C.L. Taylor poured. Plate favors were tiny blue and pink cradles filled with pastel mint balls.

As a gift for high score Mrs. Hume Russell was presented with a gift box of Maderia handkerchiefs.

Mrs. Nicewarner presented the two hostess with lovely gifts.

The hostesses and guest shopped Mrs. Nicewarner with pink and blue gifts.

Those present were: Mesdames C.L. Taylor, F.F. Roberts, C.M. Croy, Hattie B. Spotts, R.C. Ross, L.W. Ray, Truman Doss, E.L. Willis, J.T. Porter, Lem Chesler, Hume Russell, M.C. Ledbetter, B.B. Ramby, Joe Gipson, W.W. Williamson, J.D. Hawthorne, Loyd Kennedy, Carl England, R.T. Ray, Willard Cox, Opal Terry, English Cox, L.B. Childs, and Misses Geneva Famuliner, Yvonne Gipson, Barbara Jo Ramby and Jan Hawthorne.

**HOMEMAKING CLASS GO ON
ALL-DAY PICNIC AT LUBBOCK**

The Homemaking Class of Morton High School left Morton early Monday morning for an all-day outing at McKenzie Park in Lubbock.

A picnic lunch and supper was enjoyed and members spent the day swimming, sunning and sightseeing.

The trip was made in a school bus and the group of girls were accompanied by their instructor Mrs. D.E. Benham, Mrs. E.R. Fincher, Mrs. E.B. Wages and Mr. and Mrs. Nath Crockett and daughter Mattie Lu.

Girls making the trip were Sidney Glenn, Doris Lindsey, Marvie Ann Fincher, Sue Smith, Wilma Jo Trice, Joyce Rountree, Wanda Hancock, Doris Wages, Maudetha Corder, Joetta and Norma Brock, Grace Vernon, Kate Weston, Estelline Weed, Peggy Mullinax, Glenda Evans, Doris Mc Master, Roselyn Sandefer, Geraldine Gandy, Kathrine Nieman, Peggy Singleton, Jamettie and Imogene Jeter.

Dean Field In Cochran County Ruled Part Of Slaughter Setup

AUSTIN.—The Railroad commission today ordered that the Dean field in Cochran county, effective July 1st, shall become known and considered as a part of the Slaughter field in Cochran, Hockley and Terry counties.

The commission order said that the two fields are now believed to be producing from a common source of supply and, therefore, there is no logical reason for the separate identities of the two fields.

The order followed a hearing by the commission June 5, where it was shown that when the Dean field was first brought into production in March, 1938, the nearest production was in the Slaughter field five miles to the east.

The new well was therefore considered in a new field until subsequent drillings between fields indicated a common pool.

All special rules and regulations governing the Dean field become void July 1, and future oil allowables will be established in conformity with the provisions of the field rules applicable to the Slaughter field, the commission order declared.

Three New Faculty Members Named For Texas Tech

Three new faculty members for the 1947-48 school term at Texas Technological College have been announced by Dr. W. M. Whyburn, president. They are: Archie L. Leonard, associate professor of agricultural economics; Mrs. Etzel Jane Beittler, assistant professor of applied arts; and Stuart Frederick Shafter, assistant professor of textile engineering.

Leonard has had 12 years experience as farm management specialist with the United States Department of Agriculture. He holds bachelor of science and master of science degrees for Oklahoma A and M and has completed two additional years of graduate work at the University of Illinois.

Mrs. Beittler has had 17 years experience teaching costume and textile design in the Milwaukee Vocation 1 school, Milwaukee, Wis., and will teach the same type courses here. She received her bachelor of science degree in home economics at Iowa State College and a master of education degree at Marquette University.

Shafter received his bachelor of textile chemistry degree from the Lowell Textile Institute, Lowell, Mass. Experienced in textile manufacturing techniques, he has served as laboratory assistant in the Institute of Textile Technology, Charlottesville, Va., and the Fabric Research Laboratories, Inc., Boston, Mass.

When Your Back Hurts—

And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and starchy urination with smearing and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

State Health Officer Dr. Cox Warns Of Childhood Perennial Ailments

Austin.—With the incidence of measles usually being somewhat high in summer time, Dr. Geo. W. Cox, State Health Officer, has issued a statement concerning the use of immune globulin for protecting very young or frail children from attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him immune globulin," Dr. Cox said. "Through city, county or state health departments, doctors can obtain immune globulin free, to be used as they think advisable. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may avoid the disease if immune globulin is administered within eight days from the time of exposure."

The State Health Officer emphasized the fact that immune globulin cannot give a child a

permanent protection against measles, but explained that the protection is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it once can be protected by it again if exposed later. Immune globulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without risking serious consequences.

During an outbreak of measles, Dr. Cox said that it is well to keep children under five years of age, and more especially frail children, from all other youngsters who might serve as sources of infection. Statistics show that nine-tenths of all measles deaths occur in children under five years of age.

CALIFORNIA VISITORS

Mrs. Don F. Bernard and daughter, Donna Karen, arrived in Clovis, N. M., last Wednesday night from Bakersfield, Calif.

They were met by Mrs. Bernard's brother, Ben Alexander. The group met U. S. Alexander in Brownfield on July 3 and went on from there to Weatherford and Fort Worth for the holidays.

Fish Bites Woman!

Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!) Blabbing mouths never cause

anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home to a mellow glass of beer.

From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together—whether those tastes apply to beer or fishing.

Joe Marsh

Memphis Democrat Wins Award; Big Celebration To Be Held In Memphis

The Memphis Democrat, winner of the Fort Worth Star-Telegram award for doing more than any other weekly paper to promote a better culture, does not intend to rest on its laurels, according to publisher Claude Wells. The Democrat is leading a group of progressive business firms in Memphis offering other cash awards to 4-H Clubs of Hall County which have the best community spirit at the West Texas Cotton-Chemurgic and Ceramics Festival to be held there October 1 and 4.

There are 16 of the 4-H Clubs within the county, publisher Wells pointed out and "each has something outstanding." He said he believed the visitors at the Carnival would be amazed at what the club members can show.

Individual, Inc., of Dallas, has also offered cash awards and a trophy to the individual or small manufacturing firm of West Texas showing the best item developed from natural resources of the region or the one presenting the best idea for commercial development.

Tech Presented With Electric Scoreboard, Gift

Texas Technological College basketball fans next year will be aided in keeping up with the score by a new and elaborate electric scoreboard, gift of the 1947 senior class.

In presenting the gift to the college, Orville Alderson, class president, voiced the hope that the scoreboard might soon be placed where its newness would not contrast so sharply, with its surroundings.

A new gymnasium for Tech has long been the wish of students, faculty and friends of the college. Both men's and women's physical education departments are now housed in a drafty frame and stucco affair, erected in 1926 for "temporary use."

College officials have pointed out that a gymnasium is not the only new building the college needs. The Administration building, constructed in 1925, is still incomplete, as is the Textile Engineering building, erected the same year. New buildings to house the Home Economics division and the petroleum engineering department are also needed, they say.

The only certain method by which the college may obtain these structures, which will eliminate present critical shortage of classroom, laboratory and office space, is for the voters of Texas to ratify an amendment to the state constitution, creating a special building fund for state colleges, Tech administrators say. A special election on the amendment is scheduled.

Educational Conference To Be Held At Tech

Between 200 and 300 public school teachers are expected to attend the Fifth Annual Educational conference at Texas Technological College July 11. It has been announced by Dr. R. E. Garlin, education and psychology department head.

The morning program will be held from 10 o'clock until noon, and the afternoon session from 2 until 4 o'clock. General subject for the conference is recruitment of teachers. Tech faculty members, students, and superintendents of 10 south plains schools will present talks and panel discussions. Both the morning and afternoon sessions will close with general discussion periods.

Development from such resources.

Chambers of Commerce and other organizations all over West Texas are notifying the Memphis Chamber of Commerce of intentions to attend, bring exhibits, bands, queen candidates and huge delegations for the two-day "Mardi Gras" of West Texas. Seminole advises they have the Queen title already in the bag. Spearman advises they are bringing everything not tied down on the North Plains. Amarillo says they will move to Memphis for the occasion and Perryton claims their entries will stop the show. Shamrock offers a challenge to all comers and Pampa defies anyone to top their unit. Dozens of other cities are completing their plans which promises some interesting announcements.

Every community in West Texas boasting the production of cotton, agricultural products or having clay deposits, is invited to participate at the Memphis celebration. Exhibit space is free, and queen candidates seeking the title Miss Cotton of West Texas, will be regally entertained. Bands, floats and riders are urged for the parade which Governor Jester will lead.

Due to the early acceptances being received, all are urged to reserve space immediately in order the city of Memphis may be turned into a huge West Texas Farm for the two days.

There's no need to drive a shabby car while you are waiting for a new one. We can paint your car the factory way.

4-H Clubs To Hold State Round-Up At Texas A & M

The State 4-H Club Round-up, the biggest event of the year for Texas 4-H clubbers, has been set for September 4-5 on the campus of Texas A and M College.

J. W. Potts and Lorene Stevens, state 4-H club leaders of the Texas Extension service, have announced that each county may send to the Round-Up 2 4-H boys and 2 4-H girls, one woman club leader and one man leader.

The 1946 Round-Up, first of that type program held in Texas, was planned by and for 4-H'ers who ran the whole show for 3 days of entertainment and instruction at Texas A and M. Plans in the making now call for a similar program with maximum participation scheduled for the youngsters.

Potts and Miss Stevens explain that in addition to the county attendance quota, 4-H members who are taking part in the state dress revue, rifle matches or who are on any other part of the scheduled program will attend the get-together. All boys and girls, however, must be at least 14 years of age to make the Round-Up trip.

4001 Enrolled At Texas A. and M.

Texas A. and M. College has an enrollment of 4001 for the first six weeks of the summer term which began June 9, according to H. L. Heaton, registrar. Of this number, 3136 are veterans attending under the G. I. Bill.

Fifty-nine women have enrolled compared to fifty-six for the same term of 1946. Enrollment for the college last summer at this time was 3184, an increase of \$17.

The first term will close July 19; the second six weeks will begin July 21 and end on August 29th.

A LITTLE DOES A LOT . . .

When a woman starts improving on nature, as women have done for centuries, the results are easy on the eye. And it's a surprising fact that American women spend more money each year for beauty aids than they spend for the electric service that makes their homes so comfortable.

This doesn't mean women are cosmetic-crazy. Not at all! It merely proves that electricity does a lot for a little.

Every penny of those FEW dollars spent monthly for electricity buys you plenty of dependable, labor-saving service. One penny will light a 100-watt bulb for about 2 hours. It will bring you the finest radio entertainment for an entire evening. It can swish the dirt from 3 large tubfuls of washing—give you correct time for 4 days—run your refrigerator for about 5 hours.

Yes, electricity does many, many more chores for the average home than it did 15 years ago—but it does about twice as much for the money as it did then! And how dependable it is!
