"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JULY 17, 1947

NUMBER 20

RAIL DUST

By DOUGLAS MEADOR

ured in the kiln of Texas and the tall rider's face was as red as the straps of an old boot. Laughter was suppressed behind his blue eyes and mirrored in the deep creases of his forehead when he tilted the broad brim hat off his forehead. When he walked it was with an easy gait of the wind-rocking lean frame on high-heeled boots. He usually dropped his hands inside the waist of his well-fitting trousers, as if to rest the weight of his long arms. Men sought his company because he listened more than talked and his heart had never hardened to ridicule. Supper was over and the cook was washing the pans when the buckskin steered camp. Tired cowboy stretched on the ground leaning against bed-rolls, and watched the approaching red heat waves from the sunset reflected on the woman's face as she neared the wagon and reined the animal to a halt. As the silent summons the tall man rose and went to her. A hand came to her eyes at the sight of him. He held her small hand for awhile, then kissed her on the cheek. Presently he turned back to the wagon, picked up his saddle and bed-roll and carried them to the buckskin. Without a word to the impatient group of riders, he took the reins, and climbed into the seat beside the woman. She was rising out of the east when he drove away, the carriage drawing a weaving wagon road as he drew through an unmarked statement.

The clouds fill the summer sky like notes of a soft organ with silence in the air. All the shades of the rainbow's hunger find consolation in the Master at the key. He had heard the requests of spoken prayers.

Allowing a man to win an argument may make a friend of him for life, but it may impair the esteem of your intelligence to the extent that he will shun you in the future.

During a moment of retrospection, a greying, booted man, who knows how to hold a branding iron, said recently that a boy should go ahead and wash college so he will be qualified to work for the fellow who wasn't able to get through high school.

Fabric of California's charm woven on the looms of peace. La Jolla, life's fever departs amid beauty in such lavish quantities that it rises like a fringe of paradise out of reality. This is an unhurried interval, washed with splendor; La Jolla, a washed jewel in the hand of the mountains.

Builders of the city have one thing in common. They are men who labored under earth and reared steel skeletons of mighty buildings to be built with brick and stone; they spanned rivers and paved their throbbing streets have taken their departure without ceremony. The men who sweated as they poured great foundations of concrete, hammered the glowing rivets no greater glory than their families, their humble homes and common bread. Vast powers rise against the sky and hurrying millions use the heritage which their calloused hands brought for those who follow; little unknown men, builders of cities.

One trouble with inheriting money is that the knowledge to spend it prudently is seldom included in the windfall. However, the shorter is subject to few complaints.

E. J. Odell of Eldorado, Oklahoma and his sister-in-law Mrs. Leonard Odell and son, Leonard, of Littlefield were recent visitors in the home of Mr. Odell's sister, Mrs. L. W. Barrett and Mr. Barrett.

Rays' Hardware Celebrating Second Birthday

Rays' Hardware and Furniture Store, located on the west side of the square, owned and operated by the Ray brothers, L. W. and C. D., are this week celebrating their second anniversary in business in Morton.

Rays' Hardware carry a nationally advertised line of appliances, Serval and Maytag mechanical refrigerators and washing machines. The beautiful O'Keefe and Merritt gas range as well as a wide variety of hardware and houseware. Included in the well stocked store are many gift items, dishes, cooking utensils, radios, hunting and fishing equipment and home and farm supplies.

The store will feature for one week only a Birthday sale on many pieces of fine furniture and miscellaneous merchandise. Sale starts on July 17 and continues through July 24.

L. W. and C. D. Ray have expressed their appreciation to the public for the very nice business and friendly relations they have enjoyed since coming to Morton two years ago. They invite their many friends and customers to continue to make Rays' Hardware and Furniture store headquarters for their many household necessities.

Plainview Frontier Rodeo Boosters In Town Tuesday

Boosters for the Frontier Day celebration and rodeo to be held in Plainview on July 17-18 and 19 put on a show on the north side of Morton square Tuesday morning.

The rodeo will be presented in the new stadium recently put up by the Plainview Rodeo Association.

Teachers And Schools To Get More Money Under New Law Over Texas

Morton teachers, along with teachers in rural aid schools over Texas, will receive a respectable wage this year, the highest ever paid under a rural aid law, which will rightly compensate them for their years of preparation.

On the other hand, teachers will be placed under more stringent regulations regarding the amount of college work they must have completed in order to teach.

By 1950, every teacher in an accredited school must have at least a B. A. degree.

Maximum salary for teachers with a B. A. degree this year will be \$295 per month, according to Carl Macon, city school superintendent. A sharp increase over last year's maximum.

The new law allows the teacher \$25 per month for each year of college work above the first year, and \$6 per month for each year of experience up to 12 years.

Good news to school boards is the fact that allowance for school expenses has also been increased. For the 1947-48 term, rural aid schools will be allowed \$300 per teacher for these expenses, an increase of \$90 from the \$210 allowed last year. This will allow school boards to improve such facilities as libraries, laboratory equipment and other needs.

Final major change in the new law increases transportation aid from \$3.50 to \$4.50 per scholastic per month this year. The high transportation costs for the Morton Schools can be met much easier under this law.

The State Accrediting Committee met June 13 to set up the

Circulars And Free Passes To Be Distributed By Air Saturday, July 19

An airplane will fly over Morton on Saturday, July 19 from three until five o'clock in the afternoon, distributing circulars advertising the movie "The Johnson Story" to be shown at the local Wallace Theatre on Wednesday, July 23 and 24.

Included in the circulars will be a large number of Free Passes to the show. Examine your circular carefully as there may be a

GETTING READY FOR THE RODEO—Here are some of the best-dressed exponents of the art of beard-growing, all Littlefield business men. They are

just a few of the 300 Littlefield males who are sprouting a summer crop of whiskers for the second annual four-show Littlefield Jaycee rodeo, July

25-26-27. Shown left to right are Phil Adkins, Wayne Brown, retiring president of the Littlefield Jaycees, Otha Smith and "Slim" Cook.

School Transfers Should Be Made By Last Of July

Parents of Cochran county wishing to transfer their children to another school district for the ensuing school year, must make applications for the transfer with the county superintendent during the month of July.

Cochran County School Trustees will meet on August 4th at 2 p.m. at the Cochran county court house to either pass on or reject all transfer applications.

Any patrons or school officials wishing to meet with the county school board will be welcomed at this meeting.

The office of G.W. Thompson, county Superintendent of Schools, is in the county court house, at Morton.

Deposits In Mortons First State Bank Up \$200,000 Over July Of Last Year

Deposits in the First State Bank of Morton, as noted by the condensed statement issued at close of business on June 30 show a gain of \$200,000.00 over a like period in 1946.

Copies of published financial statements are sent periodically to both the Comptroller of Currency at Washington, as well as the State Banking Commission at Austin.

Annual Father-Son Banquet Held By Boy Scouts

Morton Boy Scouts met at the First Baptist Church last Thursday night for their annual Father-Son Banquet. There were 32 guests present for the banquet and the movies shown by Carl England on scouting, scout trails and activities.

Deposits in the local bank at close of business in June were \$1,987,193.32 and expectations are that deposits will rise to a new high when Cochran county's prospective bumper cotton crop pours millions into the coffers of growers in this area.

Bank officials here declared that the institution was in fine financial condition.

General business conditions in Morton are good, all types of businesses report, and the shortage of merchandise is not as acute as it was several months ago.

Cap Lindsey Yard Ablaze With Color As Dahlias Blossom

The back yard of the Cap Lindsey home on west second street is ablaze with color with more than thirty dahlia plants in full blossom.

Colors from pure white through deep maroon including many shades of yellow, pink bronze or red through deep purple and red, are grown by the Lindseys.

The dahlias blossom vary in size from small pom-pom to the exhibition flowers that measure 12 and 14 inches in diameter.

Demonstration On Supplying Stock With Minerals To Be Held Friday

A demonstration will be held on the J.D. Slaughter place about 9 miles Southeast of Morton, Texas at 2: P.M. Friday July 18, 1947. The direction from Morton to Mr. Slaughter's place is one mile Southeast of Morton on Hi-Way 290, turn left and go east about 8 1/2 miles.

The purpose of this demonstration is to install mechanical devices for supplying Phosphorous in stock water where there is a controlled water supply for animals, as on Mr. Slaughter's place, the demonstration of this equipment can be easily done.

City Again Warns Property Owners to Comply With Plumbing Ordinance

A second warning is being issued by the Morton City Commission this week to all property owners or their agents to make application for sanitary facilities and plumbing connections with the City Sewer system.

Pipe and other necessary plumbing equipment is becoming more plentiful and it is in the interest of the health and well being of the entire community that all out door privies and cess pools be eliminated as quickly as possible.

The City Plumbing Ordinance was enacted and published in July, 1946, but because of shortages in plumbing equipment the ordinance has not been enforced. However the City Commission warns that effective immediately all property owners not making application will be penalized.

The City has undergone a recent extensive clean-up drive, as well as a city wide spraying with 5 per cent DDT mixture. All of these precautions will be ineffective if strict compliance of the plumbing ordinance is not observed.

450 Rabbits Killed In Drive Friday At Lehman Farms

Approximately forty men with shot guns turned out for the rabbit drive held on the Lehman Farms last Friday, and sponsored by the Morton Chamber of Commerce.

Earl Crum Equips Airplane For Crop Dusting In Area

Earl Crum, well known pilot in Texas Aviation circles, manager of the local power and light plant, has recently equipped his Piper Cub airplane for crop dusting.

Estimates given by hunters gave the total number of cotton eating rabbits killed at around 450 with L. A. Cochran taking top honors when he brought in 40 rabbits.

The plane is equipped with a poison tank and a good supply of the poison being used is now available, according to Crum.

Barbecue and trimmings was furnished by the Chamber of Commerce, ladies attending prepared salad, pies, cakes, etc. Joe Bennett, one of the Lehman farm owners prepared and brought a large pot of ranch style beans to the feed. Lunch was served at noon at Twin Mills to about 100 persons.

Farmers in this area have had to depend on planes and personnel from other cities, sometimes as far away as Houston, until the conversion of Crum's plane but with this new equipment located at the Cochran county airport, crop dusting may be secured promptly and efficiently by placing the order with Crum.

In the afternoon children who had accompanied their parents to the drive enjoyed swimming in the tank at Twin Mills.

Several thousand acres of young cotton in this area is infested with flea hoppers. Farmers who have had their cotton dusted report that their cotton looked better immediately and that the poison preparation seemed to kill practically all the flea hoppers and other insects.

TWIN SONS FOR LAYTONS

Mr. and Mrs. Johnnie Layton of Morton are the proud parents of twin sons, born on July 2 at the Muleshoe hospital.

Attending Summer Classes At Hardin-Simmons, Abilene

ABILENE, July—Miss Minnie Mildred Monroe, daughter of Mr. and Mrs. C.P. Monroe of Morton, Texas is enrolled in summer school at Hardin-Simmons university, according to Mrs. J.A. Beard, university registrar. She will finish her first six weeks of work on Friday, July 11 and registration for the second six weeks term will begin on the following day.

The babies weighed six pounds and three ounces and five pound and nine ounces, respectively, they have been named Donald Roy and Ronald Ray.

Mrs. Mary Hale Blevins is their maternal grandmother. Their aunt, Mrs. Coolidge Graves of Lubbock is a twin sister of their mother.

J.W. McDermott made a business trip to Amarillo, Monday of this week.

Dickie Kennedy, son of Mr. and Mrs. Loyd Kenedy is visiting in Colorado City, Texas.

Miss Monroe is a junior student and is making her home at 2133 Hickory Street while attending Hardin-Simmons.

She is one of the 1,095 persons registered, a record enrollment for Hardin-Simmons summer school. This figure is exceeded only by the fall and winter semesters of the 1946-47 school year.

MRS. J. M. WALLER EXPECTED HOME FROM HOSPITAL FRI.

Mrs. J.M. Waller, a surgical patient in a Lubbock hospital, is expected to return to her home in Morton this Friday.

While in the hospital Mrs. Waller was visited by her son, John L. Waller and her daughter, Mrs. Walter Lemons and little daughter of Hereford, Texas.

SCHOOL DAYS

By DWIG

RETURN FROM WEDDING TRIP

Mr. and Mrs. Bill Garrett, who were married July 3, returned Tuesday, July 15 from a wedding trip to Santa Fe, New Mexico, Grand Canyon, Boulder City, Phoenix, Arizona, Eastern California and El Paso, Texas.

In El Paso they were guests of his sister, Mrs. F. L. Cunningham and family.

ITS A BOY FOR THE ELLIOTS

A nine pound, four ounce son was born to Mr. and Mrs. B. R. Elliot in a Littlefield hospital on Monday, July 14.

Mrs. Elliot and baby were reported doing fine on Wednesday.

COCHRAN COUNTY OIL NOTE

Stanolind Oil and Gas Company No. 1 Hall, section 13, block L, psi survey deepening operation in the two-well Landon pool of southern Cochran County, was drilling below 7,280 feet, in lime.

VACATIONING AT LAKE KEMP

Mr. and Mrs. T. K. Williamson and son, Warren, and Mrs. Tom Arnn Jr., left Tuesday for a vacation at Lake Kemp, Texas. Mr. Arnn will join them at the lake later this week.

C. F. Winder New Mail Carrier For Rural Route 1

C.F. Winder, who has been employed in the Morton Post Office for 19 years and one month, took over duties of rural carrier for Route 1 on Wednesday, July 16.

FISHING AT COWLES, N. M.

Joe Nicewarner and Buck Briley left late Tuesday for several days fishing at Cowles, New Mexico.

VACATIONING IN NEW MEXICO

Mr. and Mrs. R. C. Ross, their children, Ray Ann and David are vacationing at Cowles, N. M.

Recipes And Hints For Better Cooking

Never wash berries until just before they are used. To keep the juice in strawberries, wash the berries before removing hulls. The best way to wash them is to float them in a pan of water and lift out gently. Repeat the process until the water remains clear.

Oranges and lemons will squeeze more easily if they are rolled against the table until they are slightly soft. If they are too hard to roll, heat them slightly.

To cut hard-cooked eggs readily, use a fine wire or a sharp knife dipped in cold water to prevent the yolk from sticking.

To cut meats for salad, use a pair of kitchen shears in place of a knife. You will be able to work much more quickly.

Bacon should be placed in the skillet before the unit is heated. Cook slowly, pouring off the fat as it accumulates.

To remove pinfeathers from fowl, a pair of tweezers is very satisfactory.

MINT-CHOCOLATE FROST

(Serves 4)
 1/2 cup cocoa
 1/4 cup corn syrup
 1 cup hot water
 1 teaspoon vanilla
 1/2 teaspoon mint extract
 1 quart milk
 1/4 teaspoon salt
 1/2 pint vanilla ice cream
 Combine cocoa and syrup. Add hot water, stir well and cool. Add remaining ingredients and beat with egg beater until well blend-

ed. Serve in tall glasses. Additional scoops of ice cream may be used on top to give the effect of a soda.

EGG AND I' JULEP

3 eggs, beaten
 1/4 cup sugar
 1/8 teaspoon salt
 2 cups orange juice, strained
 1/3 cup lemon juice, strained
 Crushed ice
 Club soda

Blend eggs, sugar and salt. Add fruit juices. Shake or beat until the sugar is dissolved. Pour over finely cracked ice and fill glasses 1/2 full. Add club soda slowly. Serve promptly.

Chocolate Banana Milk Shake

(Serves 6 to 8)
 4 sieved large, ripe bananas
 4 cups milk
 1/2 cup chocolate flavored malt drink
 Ice

Press the bananas through a sieve, then combine them with the milk and chocolate flavored malt drink. Use a shaker or tightly covered jar. Add ice. Shake well and serve at once.

AMBERSIA

(Makes 6 quarts)
 4 cups apricot nectar
 4 cups orange juice
 1 1/2 cups lemon juice
 1/2 cup lime juice
 1 cup powdered sugar
 4 quarts carbonated water
 Ice
 Combine juices and sugar and stir until latter is dissolved. Just before serving add the carbonated water and pour over ice.

ORANGE LIME FIZZ

(Serves 5)
 2 cups orange juice
 1/2 cup granulated sugar
 12 sprigs mint
 4 tablespoons lime juice
 1 1/2 cups carbonated water
 Ice

Heat 1 cup of orange juice to the boiling point. Add sugar and mint which has been chopped. Cool, cover. Strain and add remaining orange juice and lime juice. Just before serving add carbonated water and ice.

Cranberry Pineapple Ale

(Makes 6 cups)
 1 pint cranberry juice
 2 1/2 cups pineapple juice
 1 1/2 cups ginger ale
 Cracked ice
 Combine fruit juices with ginger ale. Add ice and serve, well chilled.

Chocolate Malted Milk

(Serves 1)
 1/2 cup chilled milk
 2 tablespoons chocolate syrup
 1/2 cup carbonated water
 Chocolate or vanilla ice cream
 Add milk to syrup slowly, stirring constantly. Pour into tall glasses. Add carbonated water and stir well enough to mix. Add ice cream and serve at once.

RECIPES WITH their main ingredient as fruit juice or a combination of them are given here. These come under the guest beverage classification but also may be served the family when you want to give them a special treat.

BLOOD PRESSURE UP

A flustered woman, her arms full of packages, approached the department store floorwalker. "Oh, dear," she said in a anguished tone, "I'm looking for my husband. I was to have met him here two hours ago. I wonder if you have seen him?"

The floorwalker did his best to look obliging. "Possibly I have, madam," he replied. "Is there any distinguishing characteristic about him by which I could identify him?"

After a moment's thought, a frightened expression came over the woman's face. "He's she replied hesitantly, I imagine he's purple by now."

Mr. and Mrs. M.A. Wilson and sons Harold and Albert of Hamilton arrived Monday to visit his sister Mrs. R.C. Strickland and Mr. Strickland.

FROSTED GINGER ALE

(Makes 6 1/2 glasses)
 1/4 cup light corn syrup
 1/4 cup sugar
 1 cup hot water
 5 whole cloves
 1 stick cinnamon
 1/4 teaspoon allspice
 1/4 teaspoon nutmeg
 1 1/2 cups orange juice
 1 cup grapefruit juice
 3 1/2 cups ginger ale
 Ice
 Boil together syrup, sugar and water for 5 minutes. Add spices and let stand 1 1/2 hours. Strain through several thicknesses of cheesecloth. Add fruit juices and chill. Just before serving add ginger ale and pour into ice filled glasses.

Brushing Teeth And Inspection A Necessity

decay may occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist, Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to the germs that attack the enamel of the teeth and gum tissues.

"If, despite the practice of proper oral hygiene, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to have their defects corrected, because they foolishly fear the discomfort they might experience in the dentist's chair, said the State Health Officer. "There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduced masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth." Dr. Cox advised those who are

Tribune, Morton, Cochran County, Texas, Thursday, July 17, 1947

Mr. and Mrs. O.B. Huckabee visited in Lubbock last Friday. They went to see Mrs. Huckabee's uncle T.P. Keane of Slaton who was hurt in an auto-train accident in Lubbock last Wednesday. The Huckabees also attended a family reunion with Mr. Huckabee's folks.

L.M. Baldwin reported two inches of rain on his farm north of town on Wednesday evening, July 9.

interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice a year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

"In short," Dr. Cox declared, "successful mouth hygiene means not only intelligent personal daily applications of prophylaxis but complete and timely co-operation with the family dentist as well."

Mrs. Head is in Dallas for medical treatment.

 M. L. Bronen,
 Adjutant General.

Veterans of Foreign Wars of The United States

Founded 1899

Howard Martin Post No. 5074

Morton, Texas

July 11, 1947

Dr. Wendell Dove
 Morton, Texas

Dear Sir:

We regret to inform you that your application for membership into the local Veterans of Foreign Wars, Howard Martin Post 5074, presented at the regular meeting July 10th, 1947, was rejected.

The balloting was held in accordance with the by-laws of our order. If at some later date you would like to submit your application again, please do so.

Yours truly,

Jack Bowman, Adj. V. F. W.
 (signed by Jack Bowman)

W. K. Smart, Commander
 (signed by W. K. Smart)

NOTICE to Members of VETERANS of FOREIGN WARS

(Paid Insertion)

BY WENDELL S. DOVE, B. A., M. D., F. A. C. S.

THE TWO COMMUNICATIONS PRINTED TO THE SIDE ARE SELF EXPLANATORY. A FEW WORDS IN COMMENT ARE OFFERED:

1. Immediately after Pearl Harbor I flew at my own expense from South America to Washington and offered my services to the Army.
2. The Surgeon General was unable to accept my volunteer enlistment at the time because I was too old.
3. In the spring of 1942 legislation was passed permitting them to accept me and I was sent a cable to South America.
4. Again at my own expense, AND WITHOUT HAVING EVER REGISTERED WITH ANY DRAFT BOARD, I took a plane to Washington and enlisted, resigning a \$15,000.00 job to put on Majors Leaves at \$5,000.00 per year.
5. On June 23, 1942 I left the continental

limits of the United States for service in a foreign country. I served through England, Africa, Sicily, Italy, until 1945.

6. In June of this year I resigned as Chief of Surgery for Veterans Administration for the 3 state area of Texas, Louisiana and Mississippi to accept this position in Morton.

7. Shortly after coming to Morton the Commander of Veterans of Foreign Wars invited my membership in Post 5074, and personally came to my office for my application.

8. According to the Constitution and By-Laws of VFW any applicant can be "black-balled" by 3 members. My application was rejected by a small group of SMALL COWARDLY men none of whom can truthfully say that he knows me..

I WAS MADE THE VICTIM OF PETTY LOCAL POLITICS BY ATTEMPTING TO DEGRADE ME IN THE EYES OF MY FORMER WAR COMRADES.

I made a conscientious effort to serve my Country in the recent war, and I did serve on a VOLUNTEER BASIS through 1942-1945 in a rather large theatre of FOREIGN WAR.

I do not believe that my record of VOLUNTEER service in the Army and my recent work for Veterans Administration makes me deserving of such treatment as this. I would like to hear from the GENTLEMEN members of VFW who I am sure are in the majority.

If the few who took this action against me without knowing me desire to know something about me, for further reference you may write to The Reference Library of Who's Who In America; You may write to my longtime friend U. S. Senator Tom Connally of Texas; You may write to my old schoolmate Hon. Tom Clark, Attorney General of the United States; You may write to the Medical Director, Veteran's Administration; You may write to my friend Major General Norman Kirk, Surgeon General of the United States Army; You may write to my friend and war associate J. A.

Krug, Secretary of the Interior of the United States; You may write to the Presiding Officer of United Nations, Dr. Alfonso Lopez whose family I had the honor to serve as surgeon at the time he was President of The Republic of Colombia; You may write to Mr. Nelson Rockefeller with whom I served in World War II; You may write to the Medical Directors of The Texas Company and Socony-Vacuum Oil Co. with whom I was associated for many years; You COULD write to a few "GI" patients I treated in a foreign theatre of war who would not think much of your action.

If any one or more of you feel any PERSONAL resentment at my addressing you as SMALL COWARDLY MEN, I think you know where my office is. You are not dealing with a "Yankee" now, you are dealing with a BORN TEXAN.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
 Missionary Baptist Church

As we think of this great act "Sitting at the Feet of Jesus," let each of us invoice our own hearts in regard to the teachings of our Lord. At the Master's feet is a place that each soul needs to go, that we might be better qualified to go out in the world for our Lord's work, is because we have not sat at his feet to learn of him.
 Let us notice some of the characters that we have in the Bible, who have gone to the Lord in this manner. Let us notice too we find Mary at his feet as an eager learner. Mary was one that wanted to know what the Lord

had to say, in that she did not have to clean the house and do other chores when she had an opportunity to learn of the Lord; She pushed those things aside and put the Lord first. Second, we have Jarius at his feet as a pleading intercessor. Jarius had a daughter that was sick, nigh unto death and he went and fell at Jesus's feet pleading that he come to rescue her. When something like that comes along we all can find our way to the feet of Jesus for help. Let us show an interest in the Lord's work even when those things do not exist. Then we have an out cast at his feet, weeping for her sins. Jesus met this woman at the well and began to talk to her about that living water. Perhaps the greater number of people today should go to him for this very purpose. We then find a praising Samaritan at his feet giving thanks. This man with nine others were healed of their leprosy but only this one was willing to turn back and thank the Lord for what he had done. How careless we are; would it not be the best for us to go and fall at the feet of our Lord and just say "thank you Lord for the blessing that you

have given us." Last of all we find John, the last living disciple at his feet as dead. The Lord shewed mercy in that he laid his hand on him and said, "I am the first and the last". We today should fall at his feet as eager truth seekers; Humble supplicants, Weeping penitents and grateful Souls, mindful of our cleansing. We should go there for protection from evil and as adoring spirits, worshipping him in spirit and truth.
 Be with us in service and receive that great blessing that the Lord has in store for you. Remember, we are looking forward to our Revival meeting which begins the First Sunday in August. Bro. Roy Filippo of Amarillo will do the preaching for us.

The "Jolson Story" At the Wallace July 23 and 24th

The "Jolson Story" is coming to the WALLACE Theater on Wednesday & Thursday, July 23-24, and it will be a long time before Hollywood ever again achieves anything so worthy and so remarkable. We will not attempt to evaluate this new Columbia picture which brings to the screen the story of an era in entertainment, a story rich in music, a story which brings to the screen a star who is both an old favorite and an old friend, portrayed by a new star who is destined to be as illustrious as the man he portrays.
 Larry Parks is the bright new star, personifying Al Jolson in this Technicolor calvacade of music. Jolson, the old favorite and old friend of millions of theater and movie-goers, has been called by so entertainment-wise a performer as Jack Benny "the greatest star I have ever seen in this business." Al Jolson undoubtedly was the first star in talking pictures.

The talkie today is as different silent pictures of two decades ago as those early minstrel show differed from a Broadway production like "Oklahoma". Al Jolson spans the entertainment years on the stage from vaudeville, through minstrelsy to Broadway spectacle—and he spans the two decades of motion picture magic, from the first faltering sounds today's rich warmth and beauty.
 Al Jolson was "The Jazz Singer" his is "THE JOLSON STORY" "The Jolson Story" presents much that is significant in the entertainment history of a nation—not only in the music of Al Jolson, but the many other great contributions this "greatest star" in the business has given the American people. "The Jolson Story" is not only the story of sound pictures, it reveals how Jolson introduced music based on the rich jazz rhythms of the Negro people. "The Jolson Story" reveals his insistence upon singing to the audience he can see, even if it meant shutting down blinding spotlights and installing theater runways; his willingness to give Sunday night performances for those theatrical folks unable to see his shows because they worked at the same he did. "The Jolson Story" is more than the story of "California", "Here I Come", "April Showers", "My Mammy", and the dozens of other songs which today are attuned to the heartbeat of our time.
 Al Jolson created a revolution in the entire world of entertainment. That is history. That is "The Jolson Story".

Chevrolet First to Reach Half Million Mark In 1947

DETROIT—Chevrolet today became the first manufacturer in the auto industry to announce production of half a million vehicles in the calendar year 1947, according to a statement made by Nicholas Dreystadt, general manager of this largest General Motor division.
 Production of its 500,000 unit July 7 contrast with 1946, when Chevrolet, because of a prolonged strike and material shortages, had not attained so high a mark until mid-November. The figures include 369,947 passenger cars 140,688 trucks.
 The current Chevrolet record, established in virtually six months despite a new car change-over period and limited truck production due to the model change-over that preceded announcement of the division's new "advance-design" truck line for 1947, was made with only negligible output from its newly opened Flint (Mich.) assembly plant.

Veterans Must Secure Authorization From VA for Free Medical Treatment

Veterans must secure authorization from the Veterans Administration before going to a local dentist for dental treatment at government expense, AA officials have warned.

Unless prior authorization for out patient dental treatment, veterans must establish their dental defects as service-connected. This necessitates the filing of a claim.

VA pointed out that most dental conditions are assumed to be service-connected if application for treatment is within one year after discharge. In many of these cases, VA can authorize out-patient treatment prior to adjudication and rating of the claim.

Where applications are filed later than a year after discharge, the claim must be adjudicated and rated as service-connected be-

fore any dental treatment can be authorized by VA Regional Offices.

Where VA dental clinics are not feasibly available, treatment by private dentist on fee basis may be authorized by VA in Texas, Louisiana and Mississippi.

Mrs. Red Fincher and children; Mrs. E.B. Wages and daughters, Dolores, Kathleen, and Doris, visited Mr. Fincher and Mr. Wages at Farwell last Thursday. Fincher and Wages have been working in the wheat in that area, moving on farther north over the week-end.

Mrs. Opal Terry of San Saba, Texas is visiting her sister Mrs. Willard Cox and family.

Louis Smith made a business trip to Amarillo, Tuesday July 8.

Weekly SURPLUS NEWS WAA

Veterans cleaned out the stock of surplus vehicles at a pre-Fourth of July sale at Red River Arsenal by grabbing them off at the rate of approximately one and a half vehicles a minute. During the opening five hours of the War Assets Administration sale, the vets bought 420 vehicles originally costing approximately \$300,000. The remaining vehicles were disposed of early on the sale's second day. The purchase order drawing for the sale was supervised by Dean W. P. Akin of the Texarkana College, acting for the Texarkana American Legion chapter.

Employing "cash and carry" sales tactics to surplus Texas real property for the first time, War Assets Administration will offer 100 buildings of the Dalhart Army Air Field on a spot bid basis July 15. The streamlined type of sale was adopted as the most expedient means of providing additional storage facilities to wheat growers in the Panhandle area. The buildings will be sold at Dalhart singly with bids acceptable from any one present, and awards announced as fast as bids are sorted.

War Assets Administration has decided to donate several thousand surplus dynamotors to the schools and other public institutions. Approximately 2,000 institutions in the Grand Prairie region are eligible. It is estimated. The inventory is located at the Belmont Radio Corporation of Lockland, Ohio, and inquiries should be directed to WAA officials there or to Mr. Logan, case State Educational Agency for Surplus Property, Austin, Texas. Dynamotors are commonly used as power sources for radio and communications equipment.

Pistons, gears, engine assemblies, lamp bulbs, drive shaft flanges and bearings are included in lots of automotive parts and equipment placed on sale through Customer Service Center of the Grand Prairie office of WAA until July 16. Both priority and commercial groups are invited to bid, with encouragement given to auto parts jobbers, dealers, service garages and fleet owners.

Household furniture now goes on the WAA market until July 14 through the Customer Service Center at Grand Prairie, Texas. Included are single size wooden beds, steel cots, curled chicken feather pillows, coil springs, rotary type chairs and double pedestal desks. These items will be sold on a competitive bid basis.

Two hundred and ninety-four buildings at the Pecos Army Air Field are on sale until August 5 for removal from the premises. Included are barracks, infirmaries, mess halls, latrines, a post exchange, recreation buildings and warehouses, AA officials announced.

Ammunition igloos at Pantex Ordnance Plant, near Amarillo, have been leased by WAA to the farmers for the storage of wheat. Eight small and two large surplus oil storage tanks at Cactus Ordnance works near Dumas, were sold for wheat storage. The leasing and sales will materially aid storage of the crop in the Panhandle.

In an emergency move to clear the Fort Worth Quartermaster depot for the army's program of returning the overseas dead of

World War II, all remaining surplus property at the depot will go under the hammer by competitive bidding July 21, 22, and 23. More than \$900,000 worth of hardware, furniture, cafe equipment and miscellaneous goods will be involved. Regional War Assets Administration officials announced that the material will be offered in 100 lots, with the first two days set aside for public inspection and bidding and 9 a.m. Wednesday, July 23, the time for awarding of bids to the highest bidders present. Successful buyers at this informal bid clearance will be required to remove their purchases by the end of the month.

North Camp Hood will be the site of a sweeping clearance of a quarter million dollars worth of war surplus on July 23, 24, and 25. Eighty lots will be offered by the War Assets Administration through informal bidding, with 21 auto vehicles, bicycles, motors, tires, bedding, hospital supplies and a number of attractive hardware items in the variety of materials on sale. The clearance is part of a Texas-wide plan to clean out remaining surplus at army installations by means of non-priority, public sales. Successful bidders must be present at the 9-30 a.m. Friday, July 23 bid opening to complete purchases. All lots are located in the camp, five miles southeast of Gatesville.

How are you fixed for anterior and posterior teeth? Bearing in mind that 28 teeth are required to make a full upper and lower set, you might check your needs and see Customer Service Center of War Assets Administration at Grand Prairie, Texas. Some

2,000,000 artificial teeth are being offered by WAA at fixed prices until August 6. The teeth are located in the Medical Supply Depot at Louisville, Ky.

All major buildings have been sold at Avenger Field, Sweetwater, Texas. The last remaining structures were sold to independent school districts and to the city of Sweetwater and Nolan county.

Construction machinery, such as crawler tractors, scrapers, hoists and dozers, are now available at fixed prices to both priority groups and the general public through the Customer Service Center of WAA at Grand Prairie, Texas. The sale closes July 28. Also offered are pipe layers, graders, compressors, cranes, and shovels. Veterans who desire to establish their own business are encouraged to participate in this sale.

Who's got the button? War Assets has -13,000 of them in one lot! And there are thousands of yards of various kinds of cloth, thread, cotton tape, webbing and buckles. Customer Service Center of the Grand Prairie WAA office is offering a vast variety of textiles and products on a competitive bid basis to all levels of trade until July 28.

"PLANNED ECONOMY"

By PAULSON

"Don't just sit there, call Washington! Maybe they can issue a directive against this sort of thing!"

-- annegrams -- — by ann england —

We are in receipt of the new 608 page Texas Almanac, published by the Dallas News; it is really super and contains one piece of the best news we nearly ever read and that is found on page 161 where "Colorful Texas Weather" is discussed. It says, "There are also some 'Tall Tales' of West Texas sandstorms; they are spectacular and disagreeable, but they are infrequent and seldom cause property damage."

Altho we know some people who do not quite agree with the above statement; the Almanac is chock full of useful and essential material about Texas and is well worth the small purchase price of \$1.00 by mail, or 80 cents if one drops in at the Dallas News office.

Our wallpapering technique seems to be getting around; friend La Marylis Wall, who teaches school in Odessa writes us to come and see her and bring our papering doo-dads and the spouse. Don't know why she particularly invited the spouse unless it was to entertain her while we did the papering.

Anyway we are rather proud of our latest papering job on the bathroom at Vagabond house, altho a bit Salvador Dalí-ish we sort of like those big cabbage roses on the ceiling in combination with the plain white walls. The effect is a bit startling to say the least.

Several have asked us why the Tribune didn't win a prize in the Texas Press Association contest. Guess the chief reason is that the Tribune wasn't entered. Anyway we are kind of like parents who know they have the best and most beautiful child; a contest is not needed for further convincing purposes.

Aunt Ima and Carroll visited us last week-end and it was certainly grand to go home and find a good meal already prepared and on the table.

Carroll repaired one of our roof ventilators that a little west Texas breeze had torn loose from its mooring and scattered in hundreds of pieces all over the premises.

Aunt Ima is only five years our senior and when we were small she was a frequent guest in our home. We sometimes have a feeling that she still holds it against us for melting a whole box of crayolas on the stove pipe when she was visiting us. Mama had sent off for the crayolas for something new and different to give her when she made this anticipated visit.

One thing we thoroughly dislike about visitors is that they come, spend a few days thoroughly spoiling us and then pack their things and go home.

Colorful Rodeo To Be Presented At Littlefield

LITTLEFIELD, July 17.—One of the most colorful rodeos to be staged in West Texas this summer will be the annual big-time Littlefield Jaycee western show, set for July 25-26-27.

The four-show rodeo will be directed by the veteran Howard Brown of Dublin, for five years superintendent of the Gene Austry World's Championship Rodeo Association. The stock will be furnished by the famous Austry-Colbert ranch at Dublin.

Added attractions of the big western show this year will be a mammoth street parade on the opening day of the rodeo, street dances each night and the cow-girl sponsor contest.

Some of the specialty acts will feature Don and Virginia Wilcox of Tulsa, Okla., performing trick and fancy roping; Gene McLaughlin of Fort Worth, a veteran trick roper who has appeared at such shows as Madison Square Garden, the Boston Garden and others; Ruth Miriam, one of the leading trick riders of the country; Roy Seward, who will stage his famous Calgary rope act and Alec Alexander, clever and resourceful colored bull fighter and clown.

The Littlefield Jaycee Rodeo, approved by the Rodeo Cowboys Association of America, is posting prize money totaling \$2,000.

Mr. and Mrs. Joe Austin, parents of Mrs. Hume Russell are visiting in Morton. They have been living in El Paso but are moving to Childress.

Rats Considered A Serious Menace To Mankind, Industry And Commerce

AUSTIN.—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet unknown.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products."

The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number.

Wallace Theatre
July 23 - 24th

Destroying their shelter and breeding places requires the rat-proofing of buildings and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open here its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in ratproof containers, the proper storage and disposal of garbage, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace, but in improved health conditions and the prevention of rat-borne diseases.

CALIFORNIA VISITORS

Mr. and Mrs. D.W. Collins, son Bill and daughter La Vonne of Bakersfield, California have been visiting his sisters, Mrs. S. Butler and Mrs. D.H. Trawick.

The Collins' visited in other parts of Texas and Oklahoma and returned to their home by way of Grand Canyon and Hoover Dam.

W.L. Lavender returned Wednesday, July 9 to his home in Morton after a month's visit in Oklahoma and Wichita County with relatives and friends. He reported fine crops and lots of wheat in the areas visited.

Tribune, Morton, Cochran County, Texas, Thursday, July 17, 1947

Veterans Learn Lesson From Joe Howerton

DENTON, Tex.—Veterans seeking increased subsistence allowances and students who are continually writing home to Pop for more money can learn a lesson from Joe Howerton of Corsicana, now working his way through North Texas State College.

The valedictorian of his class at the State Orphans Home in Corsicana, Joe is a master of economy. Working part-time last year for a local furniture company, he made \$567.25. He is now working at the boy's dormitory at the college for his board and room.

Asked what he did with the \$5 he didn't save while working at the furniture company, Joe admitted that he has a few human weaknesses.

LOOKING AHEAD

SOMETHING NEW

For the first time in the history of the United States a President has vetoed a bill passed by congress for reduction of taxes. Traditionally, it has been considered proper for Congress to hold the purse strings and determine expenditures. Consequently, when Congress has spoken on the subject the President has always accepted the verdict with regard to lowering taxes. This time the bill passed both Houses with a large majority and still was vetoed by the President—something new.

Financial experts are now predicting a considerable surplus in the budget at the end of the fiscal year. This happens because more income from taxes is being realized than was expected. Moreover, Congress has succeeded in cutting down proposed expenditures a great deal. Consequently, the reduction of four billion dollars in taxes could have been made and at the same time a large payment on the national debt.

Soaring Tax Load

The total tax bill of the nation is now running just about one-third of the total amount of money earned by all the people of the nation. This means that one-third of the average income of the average individual is going for taxes. It means that one-third of every man's income directly or indirectly goes back to the government in taxes. This is a dangerously high tax rate for peace time and if continued can be ruinous to the economy of this nation. In fact, no nation can be expected to prosper under that kind of tax load—not for very long.

President Truman, in commenting on the tax bill, said there was already sufficient cash available for "necessary investment and business expansion." It should be remembered however, that America didn't become great by making only what the government considered "necessary investment and business expansion." The government did not pronounce as "necessary" the development of our great western railroads.

Neither did government pronounce "necessary" the development of the great automobile industry. The government did not pronounce "necessary" the production of a cheap automobile made possible by Henry Ford, General Motors and others who had similar dreams and who made great capital investments beyond what the government announced "necessary."

No Brakes Needed

From personal contact with industrialists and financiers I am thoroughly convinced that new ventures are entirely too few. Much capital is being held back because of various discouragements including high taxes and uncertain industrial relations.

Homemakers Meeting Held Wed., July 9th.

The Homemakers Club met on Wednesday July 9 in the home of Mrs. D.A. Ramsey. Ten members answered roll call with their favorite recipe.

Mrs. Rex V. Faulkner led the discussion on the care and housing of laying hens. A practical demonstration was given by a group on their visit to the laying house under construction on the Ramsey farm.

Refreshments of punch and cookies were served to the following members and guests: Mesdames; Ed Neiman, Johnnie Brook, Shorty Buchanan, J.H. Buchanan, W.C. Millsap, Bo Tisdale, Hood Wise, De Bord, Rex Faulkner and Mrs. Chestir.

The club will meet on July 23 with Mrs. Johnnie Brooks.

By George S. Benson, President, Harding College, Searcy, Ark.

Had these brakes been on during preceding generations they would have prevented the development of the railroads, the automobile industry, the refrigeration industry, and the airplane industry. Our nation would have been much poorer today and we would have been living on a lower income level.

If we are going to have a prosperous economy ten years from now, taxes should be lightened immediately and industrial relations tremendously improved. We must look ahead to anticipate our needs. We can go along making "necessary" investment and business expansion and move in to poverty and mediocrity, slipping gradually backward. If our nation is to remain great, free men must be able to dream their own dreams and make new ventures.

Entertains With Bridge Party

Mrs. Hessie B. Spotts, assisted by her daughter, Mrs. Robert Lively, entertained with a bridge party at the Spotts home on Monday afternoon, July 14.

Concluding the bridge game gifts were presented to Mrs. Hume Russell and Mrs. Lem Chesher who made high score, respectively.

A delightful refreshment plate was served by the hostess to the following guests: Mesdames: J.B. Knox, Loyd Kennedy, Lem Chesher, M.C. Ledbetter, J.B. Nicewarner, E.L. Willis, L.W. Ray, Hume Russell, Joe Gipson, F.F. Roberts, Carl England and Miss Yvonne Gipson.

Mr. and Mrs. H.C. Gore arrived in Morton from Snyder last Thursday for a visit with her niece, Mrs. Carl England and Mr. England.

You'll like everything about our coffee shop—where you're welcome for breakfast and lunch, or for mid-afternoon or after theatre snacks.

From where I sit... by Joe Marsh

Sam Helps with the Dishwashing

Dropped in at the Abernathy's just the other evening—and there was Sam, out in the kitchen with an apron on, helping his missus wash the supper dishes. (And then I learned later he'd helped cook the supper, too.)

Of course, Sam could have settled into his favorite chair, enjoyed his evening glass of beer, and left all the messy kitchenwork to Dixie. But he kind of likes her company—and she in turn certainly appreciates his help.

In fact, sharing the housework

and the mealtime chores is sort of a bond between them... like sharing that friendly glass of Beer together, when the work is done. It's one of those little all-important things in marriage.

From where I sit, the time that a man and wife can spend with each other in this busy world today is all too precious. And the more things they can do together, the better.

Joe Marsh

A LITTLE DOES A LOT . . .
When a woman starts improving on nature, as women have done for centuries, the results are easy on the eye. And it's a surprising fact that American women spend more money each year for beauty aids than they spend for the electric service that makes their homes so comfortable. This doesn't mean women are cosmetic-crazy. Not at all! It merely proves that electricity does a lot for a little. Every penny of those FEW dollars spent monthly for electricity buys you plenty of dependable, labor-saving service. One penny will light a 100-watt bulb for about 2 hours. It will bring you the finest radio entertainment for an entire evening. It can swish the dirt from 3 large tubfuls of washing—give you correct time for 4 days—run your refrigerator for about 5 hours. Yes, electricity does many, many more chores for the average home than it did 15 years ago—but it does about twice as much for the money as it did then! And how dependable it is!

Suggestions For Local Gardeners On Control of Vegetable Insects

LUBBOCK.— Suggestions for elimination of insects that have begun plaguing gardeners are offered by George Elle, assistant professor of plant industry at Texas Technological College. Most difficult to control are the squash bug, now appearing in droves on squash, and the harlequin cabbage bug that attacks cabbage, collards, mustard, turnips and radishes, he said. Sabadille, a compound sold under the trade name of Sabicide, is effective on the young bugs but not

always on adults. Its use will result in some measure of control, however, since the squash bug reproduces two generations per season and the cabbage bug three. The squash bug is a dark brown insect with a flat back that feeds on the underside of leaves but often suns itself on the leaf top. It is advisable to inspect the underside of leaves for eggs of both insects and destroy eggs if found. Cabbage bug eggs resemble small black-rimmed white kegs, Elle said, and the squash bug eggs look something like light brown fleas. The flea beetle, a black jumping insect about the size of the end of a lead pencil, constitutes a threat to area potato growers, he warned. This insect chews holes in leaves about the size of a pencil lead. A half and half mixture of cryolite and sulphur is recommended as a control, especially for home gardens. Arsenicals are satisfactory but dangerous, he said, while cryolite is not toxic to humans and is even more effective.

Mr. and Mrs. Raymond Seif of Lubbock were recent guests of his parents, Mr. and Mrs. L.L. Seif. They were here for the celebration of the elder Mrs. Seif's birthday, returning to Lubbock on July 6.

Veterans' Questions & Answers

I am a World War II veteran and plan to go to school under the GI Bill for the first time next fall. When should I arrange for my entrance into school?
A. You should arrange for your entrance into college or other institution of learning at the earliest possible moment.
Q. What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the Vocational Rehabilitation Act?
A. Veterans Administration will pay for his tuition, books, supplies, fees, and other authorized expenses within certain limitations. A disabled veteran may receive a pension or compensation and subsistence allowance concurrently.
Q. In getting a guaranteed loan under the GI Bill, must my loan be secured by a lien?
A. Not invariably. Under most circumstances a lien will be required as security for a loan, but there are a few conditions under which a loan may be unsecured.
Q. Do the veterans rights to a loan guaranty extend indefinitely.
A. No. A guaranty may be had if applied for within 10 years from the determination of World War II which has not been declared yet.

Sidelights From Washington

By George Mahon

Chairman Taber of the House Appropriations committee invited me to fly to Old Mexico today—June 28—with a group from the Agriculture and Appropriations Committees for the purpose of investigating the hoof and mouth disease. The group is headed by Congressman Gillie of Indiana, a veterinarian, Congressman Worley of the Amarillo District, a member of the House Agriculture Committee, is making the trip and since Texas will be well represented, I have remained here in Washington to attend to other pressing duties.

Here is the reason for the trip. The deadly hoof and mouth disease broke out in Old Mexico late last year. This past Spring we appropriated \$10,500,000 to be used in fighting the disease in Old Mexico, hoping to prevent the spread of the infection to the cattle of Texas and the Southwest. Secretary of Agriculture Clint Anderson recently appeared before our Committee, and requested 65 million dollars more. Chairman Taber balked at this request and said that he would block the appropriation of further money until Congress has more information. Judge Joe Montague of the Texas and Southwestern Cattle Raisers Association, and Bob Kleberg, of the famed King Ranch, provided some very convincing facts to the Committee a few days ago, and I feel sure that when Dr. Gillie's group returns from Mexico, Congress will provide additional funds for combating the spread of this disease.

I hate to see us have to spend millions of American dollars for the slaughter of Mexican cattle in the infected area, but everyone agrees that without such action on our part, the hoof and mouth disease will spread to the United States and paralyze the cattle industry of the nation.

The U. S. government operates on a fiscal year basis which begins on July 1 of each year and ends June 30—not on a calendar year basis as is the case with most businesses. Therefore, the annual appropriation bills for the various government agencies must be passed by Congress and approved by the President prior to July 1, otherwise government agencies will lack the funds with which to operate after July 1.

The present Congress has utterly failed to carry out the normal procedure of government. Only one of the 12 annual appropriation bills has passed both the House and Senate and been sent to the President for approval. A stop-gap measure has been passed authorizing the agencies to continue to operate on a temporary basis but they cannot pay their obligations.

Agencies which will lack funds with which to operate on July 1 include the Department of Agriculture, Veterans Administration, State Department, War and Navy Departments, Justice Department, in fact all government agencies except the Post Office and the Treasury Departments.

This is being written on June 28. The chances are that within 15 days all the major appropriation bills will have cleared Congress and gone to the President for his signature. The House has passed all of them with one exception. The delay is in the Senate.

On the tax veto, Texans in the House voted 13 to 4 to sustain the President. On the Taft-Hartley Labor bill, Texans voted 15 to 3 to override the veto. I voted to sustain the President on the tax bill and to override the veto on the Taft-Hartley Bill.

Vacation Bible School Enrollment Mark Reaches 5,000,000 Children

The Protestant vacation Bible schools of the United States and Canada will have an enrollment of 5,000,000 children this summer, it was predicted recently by Miss Elizabeth Murphy, director of vacation religious education for the International Council of Religious Education, of Chicago.

Each year during the war the number of vacation Bible schools increased as churches and communities began to realize the opportunity offered to reach unchurched boys and girls during vacation periods, Miss Murphy pointed out, adding that now in the post-war years the addition of new schools is continuing.

With statistics showing that 13,500,000 of America's children under 12 years of age not touched by any religious instruction—Catholic, Jewish or Protestant—including rural and urban areas, Miss Murphy asserted that vacation church schools offer one of the greatest opportunities for the building of Christian citizenship today.

"A vacation church school

- Flowers
- Pot Plants
- Trees
- Shrubs

MORTON FLORAL
Home Owned & Operated
PHONE 182

makes the weekdays of vacation time count for Christian teaching in every village, town and city," Miss Murphy declared. "It is the summertime through-the-week educational program of the churches, and gives opportunity to share Christian conviction with others."

Last year, she stated, 4,750,000 children spent part of the summer in church schools which combine religion with handicraft classes, games, informal conversation and outdoor activities. Thousands of schools use material prepared through the committee on vacation religious education of the International Council in which 40 Protestant denominations work together.

Household Hints

On stormy days confusion is greatly diminished when looking for rubbers if mates are attached with snap clothespins which are labeled with the names of the owners.

It is time to change your mind if you're one of those who think all furniture in your best room should match piece for piece. The smartest and most comfortable rooms we've seen were rooms with mixed furniture—mixed with taste. You need not have all "period pieces" or all modern to get a good effect. Blond and dark pieces go together very well and you may, for example, have a practical, functional table next to your old wing chair.

Swing Of Southwest Farm Markets

Most southwest farm products found fully steady to strong markets last week, but many fruits and vegetables and a few livestock sold lower, according to the Production and Marketing Adm., U.S. Department of Agriculture.

After early-week declines, spot cotton scored sharp advances following the July 7 acreage report, and netted gains of \$8.50 to \$11 per bale. Medium and higher grades found strong demand in light trade. Texas crops made good growth.

Grain markets developed generally strong tendencies last week. Sorghum prices soared again, gaining 60 cents per hundred, as South Texas movement reached full volume, and the July 10 crop report indicated smallest production since 1939. Corn netted little change, for cash premium reductions offset futures market rises. An average crop of 2.6 billion bushels is forecast—675 million less than last year.

Rice prices bounded upward \$4 to \$5 per hundred pounds last week after controls ended June 30. Bran dropped \$4.50 per ton, and shorts \$6.50. Soybean meal sold lower too, but other protein feeds advanced. Hay harvest went forward in most areas. Growing conditions for peanuts continued favorable. Fine and 1/2-blood free and government owned combing wools sold actively at strong prices.

Eggs and poultry of good quality found steady to firm markets last week, and lower grades held around steady. Fort Worth bought most eggs on candle grade at 47 cents per dozen for select whites, 44 to 45 for mixed, and 40 to 42 for medium. Denver paid mostly 40 to 42, Dallas 39, and New Orleans around 43 1/2.

West Texas potatoes found a dull, weak market at Fort Worth, and Missouri and Kaw Valley prices weakened as shipments neared a peak. Onions held about steady. Watermelons weakened at most markets. Texas Black Diamonds brought \$2.50 per hundred pounds for 35 to 40 pound melons at Kansas City, and \$2 to \$2.50 for 26 to 40 lbs. at St. Louis. Honeydews and peaches sold lower.

BOYCE HOUSE 'Gives You Texas'

While in a South Texas town recently, I was told that an argument arose at a ladies' bridge club as to whether when after one cuts the cards before they are dealt, the one making the cut should put the two stacks back together. So (according to the story) they decided to write to a famous bridge expert. He replied that, while there was no actual rule, it was courtesy for the one cutting the cards to put the two stacks together.

With that, the ladies thought the matter closed. But not quite, for at the end of the month here came a bill for \$30 from the expert. The club members consulted an attorney in their town to learn whether they had to pay the \$30 and he advised them that they did as the man they had consulted was an expert in the field of bridge rules and that such advice was the way he earned his living. So they paid him the \$30.

Then at the end of the month came a bill to the club for \$10 from the lawyer.

Which reminds me of Mr. Goldberg. His friend, an attorney, said, "You look worried."

"Yes," he explained, "I have a chance to put over a big deal but there is an obstacle." He proceeded to describe the situation, whereupon the lawyer told him how the difficulty could be surmounted. Goldberg made the deal, with a profit of several thousand dollars. Soon after, he received a bill from the attorney for \$500 for professional advice. The bill was paid.

A week or so later, the businessman was walking along when he met the lawyer and said, "It's a fine day, isn't it?" Then before the attorney could reply, Mr. Goldberg hastened to add, "Remember: I'm telling you, not asking you!"

Everyone in the County Line community is busy with a hoe these days, getting the weeds out of the young cotton.

Mrs. C. C. Rendleman is a patient in a Littlefield hospital.

WORLEY & McCULLOCH
REAL ESTATE AND INSURANCE
Morton, Texas

ches sold some lower at Denver. Most sheep and lambs gained 25 cents to \$1 or more last week. Medium to good spring lambs brought \$18 to \$20 at San Antonio, and \$21 to \$24 at Oklahoma City. Good and choice grades cleared at \$21 to \$22 at Fort Worth, and \$24.50 to \$25 at Wichita and Denver. San Antonio bought common to medium shorn goats at \$6 to \$7.

Butcher hogs and sows sold 50 cents to \$1.75 higher at southwest markets last week, and gilts topped at \$25 at San Antonio, \$25.50 at Fort Worth, \$25.75 at Oklahoma City, \$26.35 at Wichita, and \$26.25 at Denver.

Only minor weak spots marred a generally advancing cattle market last week. Houston paid \$25 for choice club yearlings, and \$14 to \$20 for common to medium steers and yearlings. San Antonio bought average medium to low good grass steers at \$24, and common to medium steers at \$16 to \$22. Medium to good steers and yearlings brought \$18 to \$24.75 at Fort Worth, and \$20 to \$23 at Wichita. Good fed yearlings drew \$26.50 at Oklahoma City, and steers mostly \$23.50 to \$27.50 at Denver.

LEHMAN NEWS

Delayed

The Lehman Home Demonstration Club met in the home of Mrs. W.E. Prather on Wednesday July 2. President Freeland conducted the business meeting at which time suggestions for the new year books were made. Several other subjects of interest were discussed.

At the close of the business procedure Mrs. L.W. Marlair gave a very helpful talk on "The Care of the Skin and Hair." The program was then turned over to Mrs. P.E. Liles who made a check-up on the membership contest. The Reds are in the lead at the present time.

The hostess served a delicious refreshment plate of ice cream, cake and punch to put the finishing touches on a very lovely afternoon.

There was an exceptionally large turn-out and it is hoped that the ladies keep the good attendance. Members present were Mesdames: Lee Castle, E.N. Dargland, Stanly Fortenberry, W.G. Freeland, Charlie Hickman, L.W. Marlair, E.L. Freeland, F.L. Fred, A.S. Taylor, J.W. Pond, Charlie Sanders, Jim Clampitt, O.B. Huckabee, P.E. Liles W.E. Prather. Guests were: Mesdames: Dale Pond, Virgil Scott, W.E. Prahter, V.V. Williamson and L.N. Plunkett. Misses Wynelle Prather, Verla Jean Prather and Dona Madge Fred.

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, bronchitis, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won nationwide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Lowell Webb Ignored At Gift July 8th.

Invitations were issued to 140 guests for a gift-tea in the T.L. Webster home on Tuesday, July 8, in honor of Mrs. Lowell Webb, nee Margaret Ann McAllister, recent bride.

Mrs. Webb was assisted in her duties by Mrs. B.L. Rhoads and Mrs. Mark Kennedy. The tea-table beautifully lighted with pink tapers was centered with a miniature bride and groom surrounded by summer flowers and ribbon streamers. Refreshments of pink lemonade and pink embossed cookies were served.

Mrs. Webb was dressed in a frock of pink gladiola. Mrs. Rhoads and Mrs. C.W. Webb, hosts of the bride and groom, wore corsages of carnations. Their sheer summer dresses, very beautiful and useful, were received by the popping bride from her many guests.

Mrs. Elra Oden Postmistress To Wesleyan Guild

The Wesleyan Service Guild met Monday night, July 14 in the home of Mrs. Elra Oden.

At a short business session following the program, Mrs. L. Oden, president, appointed Mrs. Bishop to fill the unexpired term of Mrs. Carl England resigned as corresponding secretary and reporter.

Cliff Davis, program leader, introduced the guest speaker, Attorney M. C. Ledbetter, who spoke to the group on "The Law and the Law."

Including the program refreshments were served by Mrs. Mesdames Carl Alexander, Gayle Bishop, J. D. Hawley, J. V. McKay, L. W. Ray, Arney Sanders, Cliff Davis, Miss Buey, C. M. Cravy, Miss Fannulliner and one guest, W. P. Houston.

The Guild will meet July 28 at 7 p. m. in the home of Mrs. Elra Oden.

Mrs. Elra Oden and Mrs. Jack Rice and son, Bill Ed, left last Saturday for their vacation. They will be in Paris, Texas, with her.

TO SEE FIRST RODEO—Jose Aguilier, assistant vice-consul for the Venezuelan government at Caracas, Venezuela, South America, will see his first American rodeo—the annual Littlefield Jaycee western show, July 25-26-27. In Littlefield visiting his cousin, Morris Costello, Senor Aguilier decided to stay over for the rodeo. Littlefield officials are laying claim to the distinction of having the only South American as a guest at a West Texas rodeo this summer. The show's stock will be furnished by the Autry & Colbert ranch at Dublin.

DR. C. EUGENE COTTON TO HEAD BIBLE DEPARTMENT AT WAYLAND COLLEGE

Dr. C. Eugene Cotton has recently arrived at Plainview to head the Bible department at Wayland College. Dr. J.W. (Bill) Marshall, president-elect of the school announced.

An outstanding teacher and leader, Cotton has been pastor for the past eight years of the North Temple Baptist Church in Dallas, a church which he organized and which has experienced phenomenal growth under his ministry. During his pastorate there 1,252 new members were added, which 375 were by baptism.

The author of a number of booklets on religious subjects, Dr. Cotton received his B.A. Degree from Baylor University, his Th.M. from Southwestern Seminary, and his Th.D. from Central Baptist Seminary at Kansas City.

A native of Fort Worth, Dr. Cotton is married and has two sons, aged five and three.

JULY 21 REGISTRATION DAY FOR SECOND TERM OF SUMMER SCHOOL AT TECH

LUBBOCK. Registration for the second term of summer school at Texas Technological College is scheduled for July 21, with classes to begin the following day.

Enrollment for the six-weeks session is expected to be high, although lighter than the record breaking 2,705 figure for the term.

Barbara and Grace Acker returned to their home in Phoenix, Arizona last Sunday.

Jefferson Davis Hospital Seeking Nurse Recruits

Jefferson Davis hospital, Texas' largest civilian hospital, is launching a campaign throughout the state to recruit students for its September nursing class. A. D. Reaves, hospital director, said today.

This announcement came at a time when the shortage of nurses threatens to become so severe as to close wards in many hospitals over the country.

The Jefferson Davis campaign is directed toward the girl graduates of high schools over the state, particularly those from the small cities and rural areas, who, the hospital has found, make excellent nurses.

"Nursing offers to those whose educational and job opportunities might otherwise be limited, a wide opportunity for a career in a professional field," Mr. Reaves said. "Nurses are in demand in hospitals, factories, department stores, hotels, schools, colleges and all government agencies concerned with health work."

To enroll in the Jefferson Davis hospital class, a student must be between the ages of 17 and 30, a high school graduate in the upper third of her class, and in good health.

A loan fund is available, interest free, to eligible applicants who lack the registration fee and other expenses of the class. This loan may be repaid after graduation.

In addition, student nurses also may compete for scholarships offered by the Quota club and the auxiliary of the Harris County Medical Association and for \$100 awards given annually by a Houston business man to the three outstanding students.

When enough prospective student nurses have applied for entrance to the September class, they will be invited to spend a week-end as guests in the nursing home and will be given a trip through the hospital, Mr. Reaves said.

Interested applicants may write Mrs. Elizabeth Nichols, director of nurses at Jefferson Davis, 1801 Buffalo Drive, Houston, Texas.

Social Worker and Geologist Positions Open

Examinations were announced today by the U. S. Civil Service Commission for filling Social Worker and Geologist positions in the Federal service.

Persons appointed to Social Worker positions, at salaries ranging from \$3,397 to \$8,179 a year, will give social work assistance to veterans in hospitals, out-patient clinics and other Veterans Administration installations located in Washington, D. C., and throughout the United States. No written test is required. To qualify, applicants must have had appropriate training and experience in the field of social work.

Geologist positions are located in Washington, D. C., and vicinity, in various Federal agencies, and throughout the United States in the Department of Agriculture and the Dept. of the Interior. Salaries range from \$4,149 to \$7,102 a year. Competitors will not be required to take a written test. To qualify, they must have completed college study in geology or must have a combination of such study and technical experience, plus professional experience in geology.

Further information and application forms may be obtained from the Commission's Local Secretary, Mr. C. F. Winder, located at Morton, from most first and second class post offices, except in Dallas, Civil Service Regional Office, 210 S. Harwood Street, Dallas, and from the U. S. Civil Service Commission, Washington 25, D. C. Geologists' applications will be accepted by the Commission until further notice. Applications for the Social Worker examination must be filed with the Board of Examiners at the appropriate Veterans Administration Branch Office not later than August 12, 1947. The addresses of the Branch Offices are given in the examination announcement.

SUITED FOR SEA

Lovely Pat Kirkwood is striped for action in this novel two-piece suit of blue and white cotton. The M-G-M starlet was delighted by the unusual cut of the adjustable bra top. The flared edging forms the pockets of the slim drop-front shorts.

Cranberry and most fruit stains will come out if boiling water is poured on them with force while stains are still fresh. Soap will set the stains.

Branch Office not later than August 12, 1947. The addresses of the Branch Offices are given in the examination announcement.

Bids will be opened at 10 a.m. on July 19, 1947. The Commissioner's Court reserves the right to reject any and all bids.

Glenn W. Thompson County Judge Cochran County, Texas

County Line News

County Line Community enjoyed a tacky party at the home of Lois Wilson, Tuesday night, July 1.

Everyone present took part in the judging with each penny received, counted as a vote. Funds derived from the party will go to the benefit fund of H-D and 4-H Clubs.

Winners in the tacky contest were in the eleven years and below group; Oleta Blevins and Ernest James Wilson. Among the young people Leroy Wilson and Patsy Odom took the prize, and among the married couples Mr. and Mrs. R. C. Cotton were dressed the tackiest, according to the votes received.

Following this the entire group participated in a "cake walk," with Patsy Odom being the lucky "walker."

Everyone in the County Line community is cordially invited to attend these socials given for the benefit of the H-D and 4-H clubs of the community.

A quick way to cool boiled starch so it leaves no scum is to pour it over ice cubes.
