

# Morton Tribune

"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, AUGUST 28, 1947.

NUMBER 26.

## NEW RURAL ROUTE ESTABLISHED FOR COUNTY; EFFECTIVE OCT. 1

Morton Postmaster has been authorized to establish Rural Route No. 2, effective October 1, 1947, with service daily except Sundays and holidays, according to a letter from Postmaster General dated August 12.

The new route will be 57.55 miles in length. The carrier will leave the post office at 11:00 in the morning and return by 3:30 p. m.

Families who desire to be served by the route should qualify by erecting mail boxes of approved type on the right-hand side of the roads in the direction that they will be traveled by the carrier, or by filing with the postmaster written agreements that they will join with others in the use of boxes. The postmaster is required to submit a report two weeks prior to the establishment of the route to the number of families who have made proper arrangements for mail receptacles.

Rural Route 1 will be extended north and west of Morton to take new territory which is not being serviced by any other route.

## Jordan Services Held At Tulia Sunday, Aug. 24

Funeral services for Charlie W. Jordan were held in Tulia at 4:00 p. m. Sunday, August 24, in the Methodist Church, with Rev. Kendall, Morton, officiating, assisted by Rev. J. W. Watson, Babbly.

Mr. Jordan died in Tucson, Arizona, Thursday, August 21, at the age of 57. For the past five years he has been associated with the Lumber Company at Morton and moved from Morton to Tulia.

Mr. Jordan is survived by his wife, Mrs. Winnie Jordan; a son, W. Jordan; two daughters, Cora Lee Moffett, Honolulu, Hawaii; and Cora Jordan, Los Angeles; a mother, Mrs. Cora Jordan; two sisters, Mrs. Joe H. Simpson, Canyon, and Mrs. Ray Sprinkle; five brothers, A. and G. B. Jordan, Amarillo; L. Jordan, Pampa; E. L. Jordan, Electric; and W. A. Jordan, and four grandchildren.

## ATTEND OLD SETTLERS REUNION IN ROARING SPRINGS

Mr. and Mrs. Minor Yarbrough and family left this morning to attend Old Settlers reunion in Roaring Springs Thursday and Friday. The family will also visit Yarbrough's mother, Mrs. J. Barton and twin brother, J. B. Barton, in McAdoo.

## 1947 Cotton and Grain Sorghum Loan Rates Announced By ACA Chairman

The following details of the 1947 loan programs covering cotton and grain sorghum have been announced by the U. S. Department of Agriculture according to G. C. Keith, Chairman, Cochran County ACA.

The average loan rate for 15 1/2 inch Middling cotton, gross weight, will be 27.82 cents per pound, which is 92 1/2 percent of the parity price of cotton as of August 1, 1947. The parity price of August 1st is 28.64 cents per pound. Premiums and discounts for grade and staple in the 1947 loan program will be calculated in relation to the loan rate on 15 1/2 inch Middling cotton.

The loan and purchase rate on No. 1 and No. 2 farm stored grain sorghum for Cochran County is 1.06 per cwt. No. 3 grain \$1.98 per cwt. No. 4 grain \$1.90 cwt.; Mixed grain 2c cwt. discount.

Maturity cannot exceed 13 per cent. Grain should be in the bin 30 days before making application for a loan. Total charges 2c per cwt. Loans must be made by August 28, 1948. The note bears 3 per cent interest, and matures April 30, 1948.

The farmer is required to deliver the grain by maturity date or pay off the note. Farmers are responsible for weight and grade. The support purchase price for grain is delivered.

The Support Purchase Agreement guarantees farmers prices equal to loan values on grain produced in 1947 and 1948.

In the list below, the first five are within the city limits and may receive rural delivery by erecting boxes.

Following is a list of the places the new route will cover; the numbers are the distance between stops:

Southeast to Evans Corner, 40; South to Cotman Corner, 15; East to Evans Corner, 40; South to City Limits, 10; West to Strickland Corner, 45; South to Ivalds Corner, 30; West to Culpepper Corner, 30; North to Patton Corner, 20; West to Hill Corner, 80; South to Byron Corner, 95; East to Sullivan Corner, 2.05; North to Chesshir Corner, 95; East to Henry Corner, 50; North to Hanna Corner, 65; East to Hatcher Corner, 2.05 South, East and South to Jones Corner, 1.80; East to Ward Corner, 1.30; Continue East to Wilson Corner, 1.30; North to Pugh Corner, 1.00; East to Webster Corner, 1.40; North to DeBord Corner, 3.65; West, irregularly to A. T. Taylor Corner, 4.10; North to W. C. Key Corner, 1.55; West to Davis Corner, 50; North to Keeler Corner, 55; West to Wilson Corner, 1.10; North to Sams Corner, 2.85; West to Patterson Corner, 3.05; South to Stallings Corner, 3.80; Continue South to Wright Corner, 1.70; East to McCasland Corner, 1.55.

North 1.80 and East to Decker Corner, 3.20; Continue East to Wells Corner, 70; South to Durham Corner, 1.20; West to Sumner Corner, 1.05; South to Watts Corner, 1.50; East to Hodnett Corner, 1.05; South to Kelly Corner, 2.10; West to Bennett Corner, 2.10; North to Cook Corner, 1.05; West to Highway 214, 1.55; South and West to Post Office, 1.75; Total miles, 57.55.

## Deadline This Week On Signing For Bangs Test

Applications submitted to the County Agricultural Agent's office for Bangs test will be forwarded to the Bureau of Animal Industry office this week. Those who have not made application and desire to do so are urged to sign up immediately.

The County Agent's office will be advised prior to the time of arrival of representatives, who will do the work in order that those requesting service can be ready.

Work routes will be made daily from the local office and farmers receiving notice of date and approximate time of visit are expected to have their cows penned and ready for testing.

To date, 45 farmers have applied for this service for a total of 476 head of cattle.

## Airport Sign Painted On Willis Food Store Roof

The name of this City has been painted on the roof of Willis Food Store as an aid to flyers in accordance with recommendation from CAA.

Mayor Paul Arnold received the request to choose a suitable building upon which could be painted the name of the city, distance to nearest airport with an arrow pointing that direction and another pointing true north.

This identifying lettering and direction indicators will be of aid to all flyers, and especially those in distress. The sign will also aid in specifications for G. I. flying program.

## Sadler Tent Show Appears In City 3 Days Next Week

Harley Sadler

Vaudeville acts, string and orchestra music along with a generous helping of the Toby brand comedy show as only Harley Sadler can serve will be in Morton beginning Monday, Sept. 1 and lasting through Wed. night.

Appearing under auspices of the fire department, Harley Sadler's company features among others, Ray Kemo and his Ranch Boys of Nashville, Tenn., of Barn Dance fame.

## Direct From Hollywood

Dianne Forester, actress, singer and dancer, came direct from Hollywood to join Sadler's show. Red Coghburn and his orchestra with Red featured as pianist contributes a share of the almost three hours entertainment under the big Sadler tent.

Five vaudeville acts alternate with the stage plays. June and Munde, jugglers, veterans with Harley Sadler, who has been touring West Texas with his own company for a quarter of a century; Roland and Russell, a brother and sister vaudeville act; Mack Johnson, talented dancer, and Bush and Maskiew, vaudeville team, perform against backgrounds of special scenery and lighting effects.

## Highlights From West Plains Hospital-Clinic

The following patients have been admitted since August 19:

Pat Key, Morton, tonsillotomy; Peggy Cloud, Morton, tonsillotomy; W. J. Dewbre, Morton, medical treatment; Pauline Warren, Morton, tonsillotomy; Sue Warren, Morton, tonsillotomy; Mrs. R. E. DeBord, Morton, medical treatment; Mrs. Ellen Neal, Morton, medical treatment; Milton Martin, Morton, tonsillotomy; Ann Martin, Morton, tonsillotomy; Billy Carol Martin, Morton, tonsillotomy.

Mrs. O. L. Tilger, Morton, obs. and medical treatment; E. R. Yearly, Morton, surgery; Rena Maud Kelo, Morton, tonsillotomy; Rose Fortenberry, Lehman, medical treatment; Mr. Seth Shaw, Morton, medical treatment; L. A. Short, Enochs, medical treatment; Ruby Hodge, Morton, tonsillotomy; Weldon Burns, Maple, tonsillotomy; Dan Burns, Maple, tonsillotomy; Mrs. W. L. Taylor, Morton, observation and medical treatment.

Betty Sue Sullivan, Morton, tonsillotomy; Mary Ruth DeBord, Morton, tonsillotomy; Velma Fay Henderson, Baileyboro, tonsillotomy; T. T. Floyd, Goodland, medical treatment and observation; Mrs. John D. Burns, Morton, hospitalized.

Mr. and Mrs. H. C. Williams announce the arrival of a baby girl on August 20th. The young lady weighed 5 pounds, 15 ounces.

Mr. and Mrs. M. S. Matheson announce the arrival of a 6 1/2 pound boy on August 20.

Miss Joyce Allman, R. N., has been employed as surgical nurse for West Plains Hospital. She is a graduate of John Sealey Hospital. We welcome her to our staff.

MISS GENEVA FAMILINER visited over the week-end with friends and relatives in Vernon.

## MORTON SCHOOLS SCHEDULED TO OPEN SEPTEMBER 1st AND 2nd

The first faculty meeting for the current school year will be held Saturday morning at 9:00 in the High School Building, according to an announcement by Carl Macon, Superintendent. Enrollment for Juniors and Seniors will be September 1, in High School building.

All other grades will enroll Tuesday at the Auditorium. First, second and third grades will be in the annex to old high school; fourth and fifth will be in the gymnasium building and sixth and seventh grades will be in same buildings as last year.

The faculty is complete, and pending one or two changes will be as follows:

Carl Macon, Supt., Wendell Watson, High School Principal; Ruby Burns, Math; Reba Farmer, History and Girls Coach; Andrew Essary, Vocational Agriculture; Marie D. Benham, Homemaking; O. L. Tilger, Commercial; Harry LeMaire, Band; Evelyn Smith, English; Louise Newman, English and Spanish; Reba Waddell, History; Lonora Jackson, Library; C. F. Martin, Coach.

Grammar School: Mrs. J. A.

Gowdy, Principal; sixth, seventh and eighth grade teachers will be: Mrs. John Alford, Math; Doris McAnally, History; Mrs. Carl Macon, Spelling and Penmanship; Mrs. Wayne Alkey, Reading and Speech; Mrs. J. B. Passmore, Geography; Lois Ruth Hawkins, English.

Mrs. J. A. Love and Mrs. Le-nave Freeland, fifth grade; Mrs. Woodrow Cunningham and Clara Taylor, fourth grade; Anna Maud Heflin and Mrs. Q. V. Winningham, third grade; Mrs. S. Y. Greener and Mrs. Iva Williams, second grade; Mrs. Vada Corder and Mrs. G. W. Thompson, first grade.

The new High School building consists of nine class rooms, homemaking, study hall and reading room. Shop work and Vocational Agriculture will be in the barracks building. The building is large enough for an enrollment of 400 students; only 275 are expected this year. The class rooms on the east side are painted in light-absorbing colors of rose and gold and those on the west side are painted green. Except for hardware for the outside doors and a few minor items, the building is completely finished.

## DAUGHTER BORN TO MR. AND MRS. RAYMOND STRICKLAND

Mr. and Mrs. Raymond Strickland are announcing the birth of a 6 pound and 15 ounce daughter, Lynda Kay, born August 20, in Plains Hospital, Lubbock.

Mrs. Strickland and daughter are visiting with the grandparents, Mr. and Mrs. R. C. Strickland, Morton.

## Miss Lois Wilson Selected For State Dress Revue

Miss Lois Wilson has been selected to represent Cochran County in the State Dress Revue to be held during the Round-up for 4-H Club work at A. and M. College, September 4 and 5, Kate Adele Hill, district agent said.

In the county revues 301 girls participated, with 75 winners judged, and the final winners for 8 counties are:

Lois Wilson, Cochran County; Peggy Cummins, Bailey County; Merlene Hollums, Floyd County; Patsy Reasoner, Gaines County; Jeanneane Kiker, Garza County; Jeanelle Thompson, Hale County; Jonelle Judd, Lubbock County; and Ellen Hill, Terry County.

Winners from the State Dress Revue will compete in the national dress revue held in Chicago in December.

## Bank And Post Office To Close Labor Day, Mon.

Monday, September 1, is a national holiday. The Post Office will be closed, according to an announcement by Post Master Walter Taylor.

First State Bank officials stated the bank would be closed also but county offices will remain open.

## ELMO SMITH PRINCIPAL AT RANGER SCHOOL

Elmo Smith, son of Mrs. D. T. Smith, left Tuesday for Ranger to assume his new position as Principal of Elementary school.

## REA Receives \$350,000 For Area Improvements

Mr. Glenn M. Ezell, manager Bailey County REA Cooperative, Muleshoe, Texas, has been advised of approval of \$350,000 for his organization to make improvements and provide electrical power in this area, including Counties of Cochran, Bailey and Lamb.

The scarcity of materials and labor during the war years prevented the expansion of rural electricity to all those desiring it. This appropriation will greatly aid in attaining the goal of "electrical power for all."

## Possibility Of Proration Of Irrigation Wells Discussed At C. Of C. Meeting

At last week's meeting of the Chamber of Commerce the subject of irrigation was discussed and the possibility of proration of irrigation wells was stressed. Larger cities to the north and east of Cochran County will eventually endeavor to pass legislation requiring a permit to drill irrigation wells in the area above them. They will claim their under-ground water supply is being lessened by the heavy drain of wells in this area.

For that reason it is urged that all farmers who are planning to drill wells in the future to make plans immediately and get the wells down before any legislation causes a delay. Even if a law could not be passed right away with this restrictive clause, there is the possibility of a restraining order being issued, pending final ruling. This would be just as harmful as the law to those desiring to drill a well and unable to obtain a permit.

Willard Cox, business man and farmer, would like for the farmers in this community to drive by the irrigated projects in the county and compare the crops with those on dry land.

H. P. Barker has an excellent feed crop; Bob Rramp has two wells going; Sam Kelley has fine cotton, feed and pasture; Mr. Doran has very good cotton on the Pat Hatcher farm; Merlin Roberts, on the Raymond Grindstaff farm adjacent to east limits of town, has nice alfalfa; Mr. Blanton, in north part of town, has had wonderful results with his truck farm.

Ask any of these men what they think about irrigation, the increased yield, the assurance of a crop every year.

## Morton Firemen Will Sponsor Barbecue Friday

Morton Fire Department is sponsoring a barbecue Friday evening, August 29, at 7 p. m., according to an announcement by Fire Chief Amos Taylor.

The early schedule for the meal will permit attendance of Church Revivals. Music and other entertainment will be furnished before the meal. Price per plate will be \$1.25, with the entire proceeds being applied to retire indebtedness against the iron lung, recently purchased for the benefit of the entire community. About \$600 is still due on the equipment and donations will be gratefully accepted by Chief Taylor, Mac Hancock and Herman Crockett.

The Volunteer Fire Department stresses the fact that the iron lung belongs to everyone. It was purchased for that purpose and those who attend the Annual Barbecue Friday will make a definite contribution to an article that may one day save the life of a loved one.

## O. D. VERNON REMAINS IN LITTLEFIELD HOSPITAL

O. D. Vernon who was seriously injured two weeks ago still remains in the hospital at Littlefield. His condition is reported unchanged.

## County Land Use Committee Plans Action On Agricultural Measures

The Cochran County Land Use Planning Committee met on August 9 and discussed several agricultural measures. The committee voted unanimously to take definite action on:

1. A County-wide rat control campaign.

2. Johnson grass killing demonstration in barrow ditches and fields.

3. To assist farmers who want an all around conservation program on their farms in soil and wind erosion to obtain mixed grasses, sodding and contours.

4. Make available to farmers who desire Bangs testing for their dairy cattle.

5. To plan a 4-H Club Stock Show Barn for Cochran County's annual stock show.

The County Agriculture Agent will put on an extensive educational program for farmers, designed for individual participation, beginning mid-September. Meetings will be held in each community to aid the farmers in their program; where to get poison bait, how to mix and use it, kind to get best results and precautions in handling. "A Modern Pied Piper" movie will be shown in conjunction with the rat-killing program. Ninety per cent of the rats in the county could be killed by this well-rounded program, and it is very important to exterminate these rodents because fleas on their bodies are known to spread bubonic plague.

Johnson grass is not difficult to control with a chemical spray

## "Miracle On 34th Street" Slated at Wallace Theatre

With "Miracle on 34th Street", the new hit starring Maureen O'Hara and John Payne, playing at the Wallace Theatre Sunday, August 31 and Monday, September 1, Twentieth Century-Fox has let out all stops in bringing to the screen what is said to be the most delightful hilarious and heart-warming motion picture entertainment of the year. Combining laughter and gaiety, romance and poignant sentiment, and photographed against one of the most unusual backgrounds ever captured for a film, the story by Valentine Davies, which was written for the screen and directed by George Seaton, and produced by William Perlberg, is being hailed by critics everywhere as a rare screen treat.

For Miss O'Hara, "Miracle on 34th Street" provides a role in the lighter vein she last enjoyed in "Do You Love Me", and gives her an opportunity to display her exceptional versatility. The beautiful, titian-haired star appears as Doris Walker, cool and efficient personnel manager of the world's largest department store. But, if during store hours, she is "strictly business," at home her composure is challenged by the problems of raising her precocious eight-year-old child, and by the loneliness of her divorcee status. It remains for an utterly unusual and amazing situation that arises at the store—a situation that engulfs her entire personal life—to catapult her into a dizzy, practically pixilated, new world.

John Payne, whose recent portrayal in "The Razor's Edge" brought him wide acclaim, and who was last teamed with Miss O'Hara in "Sentimental Journey," is said to give his best performance to date as Fred Gailey, a young and successful lawyer. It is through his chance association with Maureen, that he becomes involved in the most unusual and hilarious courtroom battle ever dreamed of, and in an exciting romance to boot.

The third most important role in "Miracle on 34th Street" is played by veteran character actor Edmund Gwenn who portrays a twinkly-eyed old gent whose stubborn insistence that he is Santa Claus creates a situation that sets the entire business world as well as the legal and psychiatric professions into an uproarious dither. Also featured in the cast is the sensational child star Natalie Wood as well as such other outstanding players as Gene Lockhart, Porter Hall, William Frawley, Jerome Cowan and Philip Tongue.

## SCD Recommends Grass Seeding For Land Productivity

Land that has lost its productivity through erosion can regain its value by grass seeding, according to Cochran County Soil Conservation District.

J. H. Cheshire, 8 miles northwest of Morton, seeded about 30 acres to a 11 pound per acre mixture of Weeping Love, Buffalo, Blue Gramma, and Side Oat Gramma last spring. This land was flat and shallow, with the top soil lost due to erosion. Mr. Cheshire's planting resulted in an excellent stand and despite adverse weather conditions, a good stand still remains.

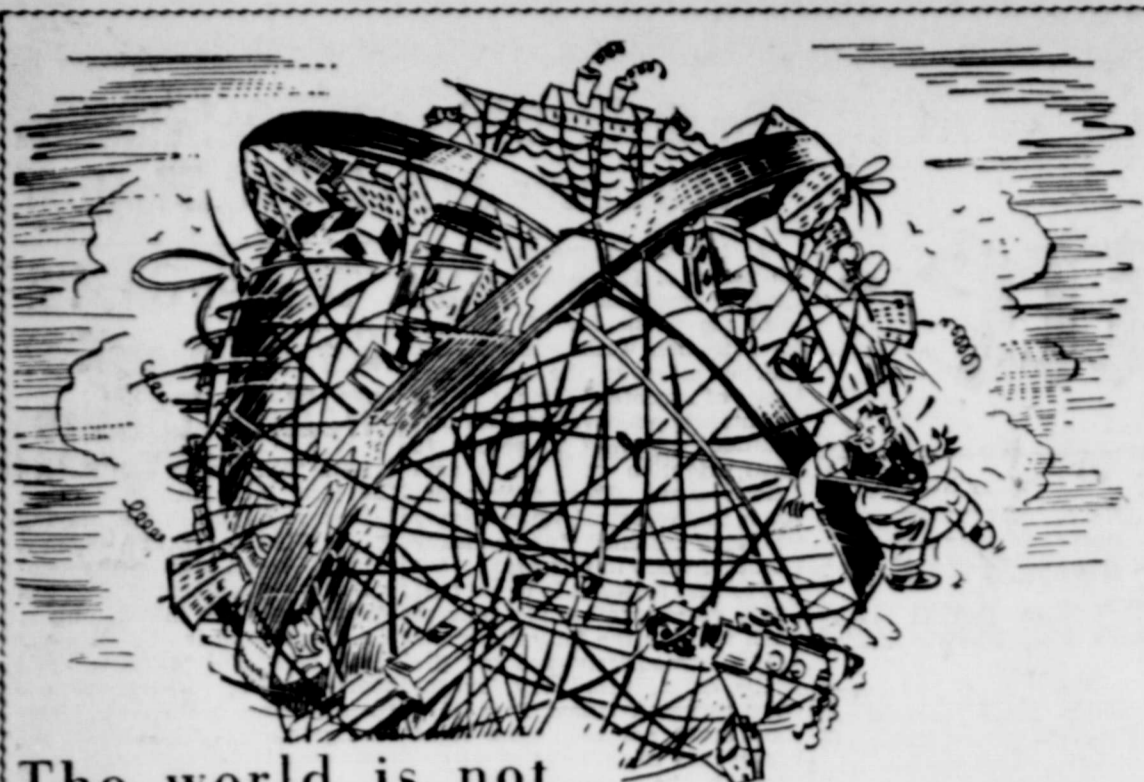

This is a dry land pasture and will require longer for sufficient growth for grazing than irrigated land. Grass roots deep and its growth is down until the roots are well established. Grazing too soon will result in the entire bunch of grass being pulled up by the cattle.

Sam C. Kelley, 3 miles east, 1 mile north, seeded 2 acres last October to a 12 pounds per acre mixture of Alfalfa, Perennial Rye Grass, Crested Wheat Grass, Bromo Grass, Orchard Grass and Clover. Prior to seeding, the land was irrigated to build up sub-soil moisture and from early spring to present time the pasture has been running five head of cattle per acre; milch cows receiving a supplement of roughage.

About two weeks ago fifteen head of pigs were turned on the pasture and will remain until ready to be finished out with grain.

A number of other farmers are planning to turn worn-out cultivated land to improved pasture; planting to be this fall or next spring, depending upon the kind of grass they plan to seed.

MR. and MRS. WILLIAM A. WHITMAN and VICKIE returned Friday from a week's vacation in Colorado.

The world is not tied together by ropes!

A crazy sort of world it would be if everything had to be fastened to it.

Nor are Baptists held together by artificial devices.

It would indeed be a crazy sort of Christian denomination that had to be tied in place—here a church held in check by the decree of some council; there a preacher lashed in place by the order of some diet; yonder a layman whipped in line by the threat of ecclesiastical authority.

What is it then that gives unity to Baptists?

They have no organization of authority to compel loyalty. What is the secret of their strength?

The law of gravity to Baptists is the love of

Christ. This is the magnet which pulls them together. Or, to state it another way, it is the recognition of the supreme authority of God and common obedience to Him.

Baptists for expediency's sake are not willing at any point to substitute man's authority for God's Word.

For instance

• They will not make the Lord's Supper a communion for fellowship, but insist that it must be, as taught in the Bible, a memorial of the sacrifice of Christ engaged in by baptized believers.

• Nor will they change the form of baptism for the sake of convenience, but rather accept the plain Scripture teaching as to its mode and meaning.

And certainly they will not depart from God's Word as to the terms of salvation—which they know can never be earned either by good works or by ceremonies, nor by a combination of both. Salvation is received individually by each believer as a free gift of God's love.

The sense of oneness which holds Baptists together is within.

It comes from an acceptance of God's authority, belief of the truth, a common affinity for the great drawing power of the crucified Christ, in whom they have individually and personally trusted for eternal salvation and whose will they seek to do.

We Have A Mission

The love of Christ constrains us—2 Cor. 5:14.

The TRUTH Shall Make Men FREE

### Highlights Of Uniform Traffic Code Given; Goes Into Effect September 5

The new traffic safety law, known as the Uniform Traffic Code, goes into effect September 5. The law, a long and legal-sounding instrument, boils down to common sense practices used at present by careful drivers.

Briefly, here are the main features of the new law, as outlined by Col. Homer Garrison, Director of Department of Public Safety:

Pedestrians are required to cross streets and highways at designated cross-walks where these are provided; to use sidewalks where they can, or walk facing the traffic, on the left side of the road, where there is no sidewalk. While crossing the street at a properly designated cross-walk, the pedestrian has the right-of-way over all vehicles.

Drivers are required to stay on the right side of the road, with certain sensible exceptions; dangerous maneuvers in passing are outlawed; right-of-way rules are set out—teeth are put into the stop-sign law; the safe manner of making turns and stops is designated, and uniform hand-and-arm signals are required for these maneuvers.

Drivers are required to dim lights 500 feet from an approaching vehicle at night; following radiator-to-bumper is forbidden and so is parking on a highway except when the vehicle is out of order and can't be moved. Driving while under the influence of drugs is about the same as driving while drunk under the new law, even if the drugs were given by a dentist or doctor.

Under the new law the reckless driver has a special noose to stick his head into. As it is now, a man can drive recklessly without violating any specific law, such as speeding, and officers must exercise their own judgement as to whether this can be construed as recklessness.

The code requires every vehicle to have good lights and brakes and a horn. Trucks and busses must also have mechanical signalling devices when they are so built that hand-and-arm signals can't readily be seen.

Anyone who has a highway accident must stop and identify himself, give any help that is needed, and immediately notify the nearest Highway Patrol or Sheriff's office. The driver must also make a written report to the Department of Public Safety within 24 hours if anyone is killed or hurt or if damage amounts to \$25 or more.

These accident reports are very important. They are confidential, and are not used to get evidence against a driver, but to help the Department of Public Safety to figure out where and when and why accidents are happening, so that whatever is necessary can be done to prevent future accidents.

All traffic control signs and signals put up hereafter by any city or county or the State Highway Department will be like those used in most other states. This is being done to prevent the motorist from becoming confused by highway signs when traveling from one town to another or from state to state.

### 77 New Industries Established In Texas In July

Seventy-seven new industries scheduled operations in July, giving Texas industrialization its greatest impetus since April, the Texas Employment commission has announced.

Fifty-one of the new businesses are already producing and have hired 991 workers. The other 26 plan to open in the next six months, and will add approximately 1,760 workers to industrial payrolls.

The commission report found two-thirds of the new firms in the manufacturing end of business. Fourteen were new type industries for the communities in which they located.

Employment Is Aided

The new firms in East Texas are employing an estimated 900 workers, while other good labor markets are Waco, Dallas, Austin, Beaumont, Abilene, San Angelo, Fort Worth and Harlingen, TEC said.

Food processing accounted for the greatest number of new businesses in the manufacturing field, but apparel manufacturing hired the greatest number of workers in July.

Non-agricultural employment advanced slightly over the state and now totals 1,246,000 workers in key areas. Claims for unemployment compensation declined. The July total of persons claiming such compensations was 18,925, a decrease of more than 400 during the month.

### - Enoch Echoes -

(Delayed)

Mr. and Mrs. W. M. Short of Avondale, Arizona, are visiting in the home of his sister, Mrs. T. W. Autry, and with families of his sons, Marvin and Leo.

Enoch won the baseball game from Sudan by a score of 10 to 2.

Betty Ruth Doyle is visiting her aunt, Mrs. Cecil Kirk, Lubbock. Betty Ruth is helping take care of the new daughter, Alice Gail, in the Kirk family.

The Herbert Hanks have returned to Enoch after an absence of two months.

Mrs. R. P. McCall's father and mother and little sister visited at her home Sunday afternoon.

Sandra Angle spent Sunday with Barvel Dick.

Mrs. M. L. Doyle—Reporter.

### 10-DAY TRIP TO COLORADO

Mr. and Mrs. C. M. Cravy left Thursday, August 21, for a 10 day trip to Colorado Springs and Denver, Colorado. The three Cravy boys will stay with their aunt, Mrs. L. S. Wilson, and grandparents, Mr. and Mrs. D. R. Ince, Spur, Texas.

### Charm For Your Shower

EVERYONE is going in for the His and Her motif as a decorative theme these days. Towels, bath mats and glasses all feature this idea, and not to be left out is the gay shower curtain shown above. You can work color wonders with a dull bathroom by hanging a curtain such as this in your own home.

But don't let the shimmering daintiness of this "Vinylite" plastic fool you. This modern material is strong and long wearing in spite of its silken sheen. Although it folds easily

and gracefully, you won't be bothered with cracks. It does not stick together and it's easy to clean too. Just wipe the surface with a damp cloth or wash it in luke-warm water and soap.

When you're prettying up the house this fall give a thought to the bathroom. The family spends a lot of time there, you know, and they deserve attractive surroundings. You can make yours that way with a "Vinylite" plastic shower curtain.

## Are the Pistons as Shiny as the Hood?

HOW NEW PHILLIPS 66 PREMIUM MOTOR OIL CLEANS AND PROTECTS YOUR ENGINE!

OF COURSE you want your pistons to be shining and immaculate—every other part of your engine too! Trouble is, you can't always see the pistons!

Then why not use the oil that removes sludge and varnish while it is doing a grand job of lubricating the moving parts of your engine?

WITH PHILLIPS 66 PREMIUM—

1. You get an oil specifically designed to keep the various parts of your engine clean!
2. You get an oil specifically made to reduce sludge, and sticky varnish formation!
3. You get an oil specifically blended to protect bearings from corrosion!

WE'RE MIGHTY PROUD OF THIS OIL!

You know the Phillips 66 reputation—we sincerely recommend this new Premium Motor Oil as one of the finest products to ever bear the Phillips 66 Shield! It costs a little more because it's a lot better. Get it at your Phillips 66 Station now.\*

\*You can get the new Phillips 66 Premium Motor Oil despite the shortage of cans! Your dealer has it in drums, too!

Missionary Baptist Church

#### "GOD'S VESSEL"

Jeremiah 18:4. "And the vessel that he made of clay was marred in the hand of the Potter: so he made it again another vessel." There is a great lesson here if we are ourselves down to the clay and watch the potter take the vessels. The potter takes a ball of clay and lays it on the disc and begins to shape it as he wishes. We see him as he begins to bring the clay to its finishing stage. The vessel when finished is tried and proven then placed on display. Jeremiah is placed on display because he is the vessel that God has made in the potters hand and he is to make it again another vessel.

This being the likeness, let us look at the real picture. Studying in Jeremiah we find that he was using this clay in the hand of the potter to illustrate man and placed him in the garden of Eden and gave him instructions but man paid no attention. In his self-willed way he became marred in the hand of the potter and he had to make it again. This is where some of the idea that God made two different men. Such an idea is against the teaching of God's word. He made man over but he did not make another man. Men

are still becoming marred as they did then and there had to be a new making. A redemption was made or man would have been thrown away. The potter did not throw that ball of clay away but he made it again another vessel. If God had not made men again, (or a new) man would have been lost in hell. That is why so many are on the road to hell and have eternal condemnation hanging over them, they will not be made again.

Jesus is the redemption for the vessel that has become marred. Spiritual reformation is the making of any vessel and that is the only redemption for a vessel that has become marred. Sinner friend, God has power to do with you as he wills but he will not will against your will. The clay is helpless in the hand of the potter and if you will just place your trust in Jesus Christ and become helpless in his hand he will do with you as the potter did the clay. You will become a new man before God. One that will have a far greater value and can be of use to the Master. When the potter makes the vessel over it is varnished and its value increases. When God makes a man over he is varnished with the Spirit of God and his value is far greater.

### Richardson Reunion Held In Amarillo Sunday Attended By Local Families

Reunion of the Richardson brothers and sisters, children and grandchildren was held in El Paso Park, Amarillo, Sunday. Those attending were: Mr. and Mrs. W. J. Richardson and Don of Amarillo; Mr. and Mrs. R. S. Richardson; Mr. and Mrs. C. L. Cavinton; Mr. and Mrs. John Richardson; Mr. and Mrs. John Joyneil and Carol; Mrs. Belle Harkins and Elna; Mrs. Odian Weddle, Janette and Ernie; Mr. and Mrs. Harmon Harrison; Jesse Floyd, Judy Fay, Mr. and Mrs. C. B. Harrison; Mr. and Mrs. C. B. Harrison; Mr. and Mrs. Clyde Cochran; Mr. and Mrs. Harry and Larry, Mr. and Mrs. H. W. Payne, Mrs. Pearl; Mr. and Mrs. W. C. Williams; Mr. and Mrs. Billy all of Okla.; Mr. and Mrs. H. Richardson; Mr. and Mrs. Jim Harrison; Mr. and Mrs. Pat Harrison; Vance and Dianne all of Amarillo.

Mr. and Mrs. Frank Wesley, Mr. and Mrs. Dorothy of Chicago; Mr. and Mrs. Will Ferguson of Douglas, Tex.; Mrs. Ollie Berry of Amarillo; Mr. and Mrs. Ruby Wilson; Mr. and Mrs. Junior of San Antonio; Mr. and Mrs. Raymond; Billy and Mary Ann of Amarillo; Miss Oudia Turner of Amarillo; Mr. and Mrs. Henry Harrison and Thurman of Whitewater; Wanda McCutcheon of Amarillo; Mr. and Mrs. Clayton Guest of Wichita Falls; Mr. and Mrs. W. S. Gardener, Mr. and Mrs. Donna Kay of Childress; Mr. and Mrs. Rolly Hill, R. J.

and Jug, Mr. and Mrs. J. C. Reynolds and Pamela Jo, Mr. and Mrs. Jake Johnson and Doyl Ray, Mr. and Mrs. Roy Hill and Waydelle, Mr. and Mrs. Jim Hill all of Morton.

All the eleven Richardson children were present except one boy who lives in Calif. The Hill brothers and sisters were together again also.

The day was spent talking, eating, taking snap shots and moving pictures of the group. All reported a jolly good time.

### Texas Boys Win

Megrail Dillard

FIRST PLACE honors for Texas in the 1947 Fisher Body Craftsman's Guild model car design competition went to James R. Megrail, of Grand Prairie, who won the \$100 state junior model car design award, and Wallace Dillard, of Canyon, who won the junior Napoleonic Coach award of \$125. The competition this year will see \$85,000 distributed in cash and university scholarships to the top boy craftsmen of the nation. The Craftsman's Guild is an educational organization sponsored by General Motors to encourage the development of creative ability, handiwork and craftsmanship among 'teen-age boys.

### Steer Roping and Branding Aug. 31 At Levelland

Competing in dead earnest for \$8,000 in rewards for fastest time, eight of the Nation's top rodeo stars will ride in annual Steer Roping and Branding in Levelland on Sunday, August 31st. Scene will be the Levelland Rodeo Association's Arena, Texas' largest, with a seating capacity of 10,000 persons.

Objectives of the flying lariats of the ropers will be fifty Mexican steers, fresh from the ranges of Oklahoma. The herd was purchased by the Rodeo Association especially for the Levelland show.

Performers who have been competing in other recent shows, and who expect to be at the peak of their skill when they go after the wild Mexican steers are Corron Lee, Fort Sumner, New Mexico; Carl Arnold, Buckeye, Arizona; Buck Goodspeed, Wetumpka, Oklahoma; Toots Mansfield, Big Spring; Everett Shaw, Stonewall, Oklahoma; Jeff Good, Yaso, New Mexico; Ike Rude, Dodge City, Kansas; and Billie Wilkinson, Cheyenne, Wyoming.

Announcing events will be the well-known Lefty Irby, of Clovis, New Mexico. Experienced and nimble witted, Irby keeps up a running chatter which pleases the crowds.

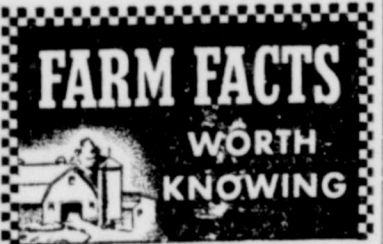

A fast show is assured, according to W. J. Robertson president of the Levelland Rodeo Association. He said that plans have been made to keep the animals following each other out of the chutes in quick succession.

### Tech Homecoming Scheduled For November 29th.

Homecoming at Texas Technological College this fall will be Nov. 29, D. M. McElroy, executive secretary of the Ex-Student Association, has announced. Originally set for Oct. 18, when the Baylor Bears will meet the Texas Tech Red Raiders in a football game, the date was changed in order to care for an enlarged crowd adequately, it was said.

McElroy announced President W. M. Whyburn approved the shift after it became apparent that the new Tech stadium will not be available for the Baylor game and seating space in the old stadium would not be sufficient for exes because of increased enrollment at Tech requiring use of more seats for those enrolled.

Mr. McElroy said he was assured by the Athletic Department that ample seats in the new stadium will be available to exes on Nov. 29, when the Hardin-Simmons Cowboys will be the Red Raider foe. The shift also will permit exes to attend the first game played in the new stadium.

#### Q. Is there any treatment that is effective against Newcastle disease?

A. At the present time there is no specific medicinal treatment which can be recommended. Affected birds should be isolated or quarantined, and birds that are paralyzed or dead should be disposed of either by burning or burying. As a control measure, dispose of those birds which may survive an outbreak of the disease.

#### Q. May ducks be raised on dry ground?

A. Yes. At the Research Farm of the Ralston Purina Company it was found that ducks may be successfully raised on dry ground. When it is convenient, however, a small concrete pool should be provided for swimming so the ducks may wash themselves and keep clean and comfortable.

#### Q. What percentage of pigs that are farrowed reach market age?

A. The death rate of pigs is much higher than with other kinds of livestock. Normally not more than 60% of the pigs farrowed are raised to marketable weights. Figures based on five-year records on typical farms by the United States Department of Agriculture show that each dead pig represents a loss of: 140 lbs. of feed at farrowing time. 260 lbs. of feed at 10 weeks. 600 lbs. of feed at 6 months.

#### Q. What causes some of my eggs, when candled, to show spots all over the inside of the shell although the outside is smooth?

A. This condition is caused by a drying out of the moisture in the shell of the egg, and while it does not hurt the quality of the egg, it does injure the marketability of the egg. This condition can be prevented by holding eggs in a room where there is at least 75% relative humidity.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

**More Attractions Being Added To Memphis Show**

Still more amusement attractions are being added to the calendar of entertainment at Memphis Oct. 3-4 for the First Annual West Texas Cotton, Ceramic and Ceramics Carnival the "Mardi Gras" of West Texas.

Announcement was made this week that one of the largest rodeos of the region would unfold in Memphis Oct. 2-4 in four performances. The contests will be sanctioned and promises to draw the top-ranking hands of the southwest before they move on to Madison Square Gardens and the world championships. The points gained there will apply to those championship scores, according to rodeo producers Ralph and Bill Jones.

From Amarillo will come the famed Maverick Club tumblers and trampoline champions to thrill the spectators with almost unbelievable stunts, according to coaches Ralph Dykeman and Nard Cazell.

Clarendon is preparing an excellent stage production to open festivities at midnight Oct. 2 and will be seen throughout the following two days and nights many times.

Add these new features to an already crowded menu of wrestling matches, football game, carnival attractions, street dancing, Queen festivities, radio broadcasts, aerial shows, band concerts, speaking by dignitaries of state and nation, demonstrations of the latest farm implements and machinery, inspection of hundreds of elaborate displays of communities of West Texas, industrial exhibits, National Cotton Council and State Chemurgic presentations and the visitor has a fair idea of what is in store for Carnival guests.

JACK RUSSELL of Sweetwater visited his mother Sunday, August 17.

**Texas State Fair Will Sponsor Souvenir Day**

Have you any souvenirs from the State Fair of Texas of bygone years? If so, shine them up and get them ready to enter in a souvenir contest to be sponsored this fall at the Fair. Announcement of the contest, as a feature of Souvenir Day, was made Saturday by David A. McMinn, director of special events for the State Fair.

Cash awards and ribbons will be given in three classes of souvenirs—documents, glass and metal, and miscellaneous. Souvenirs must be received by the State Fair not later than Oct. 1. Any person except Fair employees may enter.

First step is to write the State Fair of Texas for souvenir entry form. All forms should be returned to the Fair as soon as possible.

Souvenirs may be newspaper clippings, booklets, programs or posters to qualify under the category of documents. Spoons, glasses, pewelry and china come under the heading glass and metal. Handkerchiefs, balloons, and so forth come under the category of miscellaneous. All souvenirs must bear the words State Fair of Texas and date they were obtained.

Souvenirs will be displayed throughout the Fair in an exhibit in the Hall of State, and returned to their owners after closing date of the Fair, October 19.

**SURPLUS ARMY BUILDING ALLOTTED TEXAS TECH**

An additional surplus Army building has been allotted Texas Technological College to enlarge the new cafeteria, it has been announced. Previously moved to the campus were 32 surplus Army buildings which will be used for classrooms, offices, laboratories and other purposes. The cafeteria, large enough to care for several hundred persons, will be located near a new student recreation hall.

**Swing Of Southwest Farm Markets**

Lower prices for cotton and some livestock and vegetables marred otherwise steady to strong prices for southwest farm products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Most grains advanced steadily last week, influenced by continued dry weather in much of the corn belt, and by anticipated large export requirements of wheat. No. 1 hard ordinary wheat reached \$2.50 per bushel Friday at Fort Worth and Galveston and white corn rose to \$3.05 to \$3.09. No. 2 milo sold at \$3.42 to \$3.47 per 100 pounds. Oats gained some but yellow corn and barley changed little.

Light supplies of top quality eggs sold firm to slightly higher last week, and lower grades held up fairly well. Best eggs brought from 47 to 54 cents per dozen at principal southwest markets. Poultry prices stayed about the same. Heavy hens drew 22 to 25 cents per pound at Fort Worth

and Dallas, and fryers 35 to 37. Most cattle classes sold strong to higher last week, but grass steers and yearlings lost 50 cents to a dollar at some places, and beef cows weakened at Fort Worth and Houston. Good beef cows brought \$13 to \$15.50 at Houston and San Antonio, \$15.50 to \$17 at Fort Worth and Wichita, and up to \$19 at Oklahoma City and Denver.

Hogs gained generally 25 cents to \$1 or more for the week, but butcher hogs and sows dropped 25 to 50 cents at San Antonio, while stocker pigs fell sharply lower at Oklahoma City and Wichita. Late top was \$26.75 at San Antonio, \$27.75 at Fort Worth, \$28 at Oklahoma City, \$28.25 at Wichita, and \$29.50 at Denver.

Spot cotton prices declined \$3.75 to \$5.50 last week, as liberal new crop offerings in South Texas eased the most urgent demand. Farmers sold less readily in Central and North Texas, where picking of some drought-opened cotton got started.

**Tomorrow's Decor Today!**

SMART living room corner showing several new and interesting ideas featuring plastics in interior decoration. Almost everything in the setting is plastic... except the girls, of course. Furniture is covered with the new "Vinylite" plastic upholstery material which is as durable as it is attractive. And most important to the homemaker is the fact that light colors are no longer a luxury, for this versatile plastic can be merely wiped clean with a damp cloth. It's highly resistant to alcohol and greases and is waterproof and vermin-proof.

This same plastic, in a lighter weight, also makes the draperies. Two different colored films are used and a most unusual effect is achieved by hanging them one in front of the other. This gives an iridescent glint to the shimmering material. No need to worry if a sudden rain comes through an open window; these curtains are waterproof anyway.

The lamp shades are the most modern for they are made of the most modern material combining "Vinylite" resins and glass fibers. The textured effect strikes a decorative note and is serviceable, too, for it is easily cleaned with soap and water.

Today's hostess and homemaker will appreciate these plastic materials. Their beautiful color, enduring finish, resistance to water, abrasion, and aging bring into reality the theme of functional and lasting beauty.

**Orders For 8,138 Combines Filled By TES In Harvest**

The farm labor program of the Texas Extension service handled a total of 8,138 placements of combines, and at least 7,545 wheat and other small grain crops that totaled 8,326,165 acres, it is revealed in a summary of activities by J. B. Kidd, farm labor field assistant who maintained an office at Plainview in the expanding and coordinated statewide assignment program.

This, it was shown, was not necessarily that many different machines and individuals, but did involve shifting of thousands of machines from county to county as the crop developed and as calls were received from various places in the well organized labor assignment program.

The 8,138 combine placements compares with 5,097 the previous year, and an anticipated need for the year of 3,372 as shown by a survey among county agents last Apr. 1. Of the placements, 4,698 involved combines from other states and Canada, and 4,530 from Texas.

**To Speak At All-Day Meet In Amarillo Sept. 1**

Dr. C. Oscar Johnson

Recently elected president of the Baptist World Alliance, Dr. C. Oscar Johnson of St. Louis will be principal speaker for an all-day stewardship rally at the First Baptist Church of Amarillo Monday, September 1.

One thousand church officers representing 78,827 Baptists in this area will attend the meeting to hear reports on the World Alliance meeting in Copenhagen and to plan their church financial programs to meet increasing world needs.

Dr. J. Howard Williams, executive secretary of the Baptist General Convention of Texas, recently returned from the World Alliance, will describe the relation of the Texas Baptist program to world evangelization.

To aid individual churches in financial planning, demonstrations and conferences led by outstanding laymen and ministers will be featured in the rally. A large evening mass meeting, especially for men unable to attend the day sessions, will have as speaker A. D. Foreman, Sr., prominent Houston business man and past president of the Baptist General Convention of Texas.

**Weekly SURPLUS NEWS WAA**

The second auction from the floor of surplus property ever staged in Texas by the WAA will be held at the Childress Army Air Field this Friday, August 22. Oral bids will be accepted on 20 lots of surplus, valued originally at \$120,000. There will be three farm tractors, a bull dozer, road roller, several air conditioning units, parachutes and aircraft parts and a quantity of metal goods, ovens and urns. Inspection of the property is to be held from 9 a. m. to noon, and the floor bidding will commence promptly at 1 p. m.

Honorable discharges or other accepted proof of World War II service will be the only admission tickets needed by veterans at a sale of 480 surplus vehicles when gates at the Grand Prairie War Assets plant open at 9 a. m. Monday, August 25. To determine their order of purchase, veterans must be present for a drawing to be held at one p. m. that day.

War Assets Administration has established a reputation for selling used industrial laundry equipment that has given satisfaction and upon which no complaints have been received. All is useable, subject to repairs, and this type of surplus equipment has fitted into the industrial picture in a manner satisfactory both to the purchaser and to WAA. Two hundred, eighteen additional pieces are listed for sale on a sealed bid basis through Customer Service Center to all levels of trade until August 27 through the Grand Prairie office of WAA. Listed are washers, tumblers, shirt presses, garment presses, trouser presses, laundry forms, marking machines and extractors.

Indicative of an unusual trend, fixed price sales of surplus property brought almost as much as total bid sales during July in the War Assets Administration's disposal of \$16,663,800 worth of goods in the Southwest zone, the Grand Prairie WAA office has reported. Actual sales for the month accounted for property originally costing \$12,942,399, with \$3,721,301 worth of surplus disposed of through transfer, donation and other methods. Goods on fixed price sales were valued at \$4,447,865 whereas bid sales accounted for a total of \$4,769,194.

**Watch Your Kidneys!**  
Help Them Cleanse the Blood of Harmful Body Waste  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.  
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**DOAN'S PILLS**

**FROM SILVERTON**  
Mr. and Mrs. D. E. Chesshir and children of Silvertown, Texas, visited Mr. and Mrs. O. D. Chesshir and children and Mr. and Mrs. J. H. Chesshir and children over the week-end of August 16.

**3-DAY FISHING TRIP**  
Mr. and Mrs. O. D. Chesshir and son, and Snoky Russell enjoyed a three day fishing trip to Umbarger Lake, near Hereford. Ernest Gene Chesshir spent those days with his grandmother, Mrs. N. J. Russell.

**ARE YOU SUFFERING FROM PAINFUL ARTHRITIS AND RHEUMATISM?**

**NATIONAL PRESS BUILDING**  
WASHINGTON, D. C.  
By Anne Goode

Because so many people understand the word "inflammable" to mean "non-flammable," many safety councils have started plugging the word "flammable." Several other fire-fighting organizations have also adopted this word. So, for flammable items in your home why not mark the bottles or cans with red nail polish to readily identify them?

Here's a canning tip to remember: keep constant check on the gauge of your pressure canner. Unless the gauge is accurate, food being processed may not get enough heat for safe-keeping. Or heat may be too high, thereby destroying vitamins and impairing flavor.

Don't take chances on buying table spreads that have become rancid from storage. Buy vitaminized margarine that's fresh and is made only upon order. It's always flavor-right.

Because of the battling in the East Indies, which supply most of the world's black pepper, prices of this seasoning have soared within the past month.

And speaking of prices going up, hides have gone up in price and shoe manufacturers say there's little hope of footwear getting cheaper any time soon. So don't forget that good wax-liquid and paste polishes will help to keep leather hides soft and make them wear longer.

Make a few extra jars of jelly for Christmas gifts. Then when Christmas comes, tie a sprig of holly or a big red bow around the jars to make them look festive and see how very welcome they are!

**IT PAYS TO GET GENUINE Factory-Engineered CHEVROLET PARTS**

For repairing your Chevrolet car or truck, insist on getting genuine parts... made expressly for Chevrolets to the standards and specifications of the original parts... It stands to reason that Chevrolet engineers know what's best for the vehicles they design. And a part made to fit a number of makes may not be so good for one particular make as the part designed for that one make alone.

**FAN BELTS, For Instance**  
Different yearly-model chevrolts have different-size pulleys with different V-angles—so Chevrolet has a particular belt for each model—just any belt won't do. (In tests, genuine Chevrolet belts have stood up 2½ times as long as non-genuine belts.)  
AS WITH FAN BELTS, SO WITH OTHER PARTS—IT PAYS TO USE GENUINE CHEVROLETS PARTS.

### Examinations To Be Held For State Health Dept. Jobs

AUSTIN—Competitive examinations for positions in Local Units affiliated with the State Department of Health have just been announced by the Merit System Council for the Texas State Department of Health. Examinations are for public health medical positions, and will consist of an evaluation of training and experience and an oral examination. Veterans preference will be allowed applicants who

have been honorably discharged from the United States armed forces, and who make a passing score on the examination.

Applications will be received continuously until further notice. Positions for which examinations will be held are: Directors of local health units, directors of communicable disease control in various specialties, and public health physicians. Salaries range from \$5508 to \$7200, according to the size of the unit and to the qualifications of the individual applicants.

Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Texas.

Mrs. J. W. Pond—Reporter

Mr. and Mrs. L. W. Marlar, and daughter, Kay, spent the week-end with the latter's parents, Mr. and Mrs. J. M. Matsler of Post, Texas. Sunday being her mother's birthday, all the children were meeting there and having a reunion.

Misses Virginia 'Sue', Betty Dee, and Margaret Anne Willis of Lubbock, are spending two weeks with Mr. and Mrs. O. B. Huckabee and children.

Barbara Oden and Roynell Kayal of Lamesa, visited the past week with Wynelle Prather.

A group of people met last Sunday at the Lehman School and cleaned off the school yard. Lunch was spread at the noon hour.

The Lehman H. D. Club met Wednesday, August 20, in the home of Mrs. W. G. Freeland, with a lovely pink and blue shower for Mrs. Paul Liles and Mrs. Charlie Sanders. Several pencil games were played and recipes for making left-overs was given by each member, and then the gifts were opened and passed around. Beautiful decorated cakes, punch, jello and crackers, covered with Pimento cheese was served to the following member: Mmes. W. H. Benton, E. L. Freeland, Charlie Hickman, L. W. Marlar, John Rhodes, W. E. Prather, Charlie Sanders, O. S. Taylor, Paul Liles, O. B. Huckabee, L. C. Keith, J. E. Clappitt. Those sending gifts were: Mmes. Dale Pond, Rayford Masten, E. N. Darland, F. L. Fred, T. F. Lynch, George Heflin, and Hall. Visitors bringing gifts were: Mmes. Kenneth Watts, Morton; W. E. Akin, Morton; and three sisters to Mrs. Charlie Sanders, Mrs. H. L. Massey, Lubbock; Mrs. N. M. Rushing and baby, Bryan, Texas; Mrs. M. B. Swanner, Morton.

The next meeting will be in the home of Mrs. J. E. Clappitt on Sept. 3rd.

Mr. and Mrs. Lenard Lee and daughter, Lenora from San Saba, Texas, spent the week-end with friends around Enochs.

Mr. and Mrs. L. J. Jones, Mr. and Mrs. W. S. Ingram and daughter, visited Mr. and Mrs. J. E. Foust in Littlefield last Wednesday.

Mr. and Mrs. Mode Gibson and children of Bellflower, Calif., visited relatives here last week.

Wayne Van left Sunday evening for Bellflower and other points in California, visiting friends and relatives.

Mrs. Cecil Kirk and children, Dail and Alice Gail from Lubbock are visiting her sister and family, Mrs. M. L. Doyle.

Rev. Charles Van and family of Plainview spent the week-end with his parents, Mr. and Mrs. J. B. Van.

Betty Ruth Doyle returned home Sunday from Lubbock where she spent 2 weeks with her aunt.

Bob Van and Miss Katherine Graham of Morton were Sunday guests of his parents, Mr. and Mrs. C. W. Van of Bula.

Our community is very sad over the death of Carl Laeser of Springlake, who was killed Sunday night in a car wreck 3 miles south of Enochs. Carl is the husband of Ida Marie Autry, daughter of Mr. and Mrs. W. T. Autry. Leo Short who was also in the wreck with Carl Laeser is in a very serious condition.

Mrs. L. J. Jones, Mr. and Mrs. W. S. Ingram and daughter, Joy Ann visited relatives in Amarillo last week-end.

Mr. and Mrs. Lenard Lee and daughter, Lenora from San Saba, Texas, spent the week-end with friends around Enochs.

Mr. and Mrs. L. J. Jones, Mr. and Mrs. W. S. Ingram and daughter, visited Mr. and Mrs. J. E. Foust in Littlefield last Wednesday.

Mr. and Mrs. Mode Gibson and children of Bellflower, Calif., visited relatives here last week.

Wayne Van left Sunday evening for Bellflower and other points in California, visiting friends and relatives.

Mrs. Cecil Kirk and children, Dail and Alice Gail from Lubbock are visiting her sister and family, Mrs. M. L. Doyle.

Rev. Charles Van and family of Plainview spent the week-end with his parents, Mr. and Mrs. J. B. Van.

Betty Ruth Doyle returned home Sunday from Lubbock where she spent 2 weeks with her aunt.

Bob Van and Miss Katherine Graham of Morton were Sunday guests of his parents, Mr. and Mrs. C. W. Van of Bula.

### Gen. Wainwright To Be Honored On Last Day Of Duty

General Jonathan M. Wainwright, Fourth Army Commander, will be honored at formal ceremonies at Fort Sam Houston, San Antonio, Texas, August 31, the General's last day of duty on the active list of the Army. The hero of Bataan and Corregidor retires to civilian life after more than forty-five years of service, and will make his home in San Antonio.

Troops from Fort Sam Houston and Camp Hood will stage a parade and review at 3 o'clock the afternoon of August 31 and a contingent of 10th Air Force planes will join in the salute to General Wainwright as they fly low before the reviewing stand on Arthur MacArthur Field. Distinguished military and civilian leaders from the five-state Fourth Army area will participate in the ceremonies.

### MRS. DUANE DRUM HONORED WITH SHOWER AUGUST 22 IN MRS. D. T. SMITH HOME

Mrs. Duane Drum, nee Ruth Ann Broomfield, was honored with a shower in the home of Mrs. D. T. Smith August 22, with Mrs. Byron Willis and Mrs. Shirley acting as hostesses.

Mr. and Mrs. Drum were married in the home of the bride, Dora, New Mexico, August 15, and will make their home in Morton.

### FROM SAN SABA COUNTY

Mr. and Mrs. Lon Mullinax, San Saba County, visited their sons, Aldin and Arlin and families last week-end.

### VISITED DAUGHTER

Mr. and Mrs. Johnnie Myers, Greenville, Texas, visited over the week-end with their daughter and husband, Mr. and Mrs. Jim Carothers.

### IN GALVESTON HOSPITAL

Mr. W. A. White, Whiteface, is in Galveston Hospital under-going treatment for nervous condition.

MR. and MRS. CARL ENGLAND left Friday for Santa Fe and Taos, New Mexico, on a holiday trip.

N. H. STEED returned Tuesday, August 19, from a visit with his mother in Galveston.

MISS JOBETH RUSSELL was in Lamesa last week with MRS. J. V. MCKAY.

### Freedom of Individual Opportunity; Secret of American Prosperity

Government planning and management of industry can lead only to a totalitarian state in which the people exist for the government whose dictates they must obey, says Dr. George S. Benson, president of Harding College, Searcy, Arkansas. He called upon the iron and steel industry to pioneer in reselling the virtues of the American way of life to the American people.

Dr. Benson hailed iron and steel as the nation's number one industry at the recent 55th general meeting of the American Iron and Steel Institute in New York. Stressing that its products are essential to agriculture and nearly all American industries, from the cities' huge factories to the small businesses of villages and cross roads, he credited the industry with pioneering in the nation's most important business problem—labor relations.

"America has developed the greatest prosperity any nation ever achieved," declared Dr. Benson, listing these facts:

Our 1939 national income equalled that of the next six highest nations combined; wages to labor in '39 enabled workers to buy twice as much food, clothing, shelter and transportation as workers in England at similar jobs, two and a half times as much as in France, five times as much as in Russia; during the '30s more American young people attended high school and college than in all the rest of the world combined; farmers had machinery and equipment permitting them to earn more and live better than ever before; iron and steel wages are 75 percent higher than 1939, but prices are up only 25 percent.

A large part of the American public is unaware of what makes the American way of life click, unaware of the real secret of our unique achievements that have brought better living to factory hand and farmer, teacher, lawyer, doctor and merchant, mechanic, clerk and stenographer, Dr. Benson said:

"The real secret of American prosperity is freedom of individual opportunity, which allows

us to draw on the total brain capacity of our entire population, which inspires competition and develops high investment of capital per job."

"Our imperfections are magnified while the virtues of our way of life remain untold. The trend is toward the totalitarian state, more government power, less freedom for the individual. Russia, Germany and Italy carried the principle to its ultimate consummation. England and France are following. America is not too far behind. Here it has become almost unpopular to be successful. Private ownership of the tools of production is criticized, owners of capital are branded profiteers."

This capital and efficient management, he continued, has made possible the highest living standards for labor anywhere, the best distribution of wealth in the world and improved products—all possible because America has the world's highest capital investment in tools per job, \$6,000 to \$50,000 per job.

Our youth is led to believe that freedom of individual opportunity is a mistake and that free enterprise has failed. They are told that it has not prevented depressions, unemployment, and has not brought equal distribution of wealth. They have an impression that government management which would destroy the profit motive would remedy these weaknesses. The story sounds plausible because they have not been informed that despite depressions and unemployment, we still maintain the highest living standards labor has ever known anywhere.

Our forefathers were willing to die for freedom, said Dr. Benson and asked:

"Shall we raise a generation who do not know the value of freedom and liberty or shall we succeed in keeping those values before our people? Shall we resell them the virtues of our American way of life to the degree that they will be willing to suffer, go through a depression, sacrifice for these greater values?"

Answering Dr. Benson's challenge, Edward L. Ryerson, Chairman of Inland Steel Company, who is also chairman of the Iron and Steel Institute's Public Relations Committee, announced a program to cooperate with agriculture, industry and general business to bring to the public the truth of American opportunity, living standards and prosperity.

### Polluted Waters May Harbor Virus of Polio

A third precaution among six simple health rules that should be observed during the polio epidemic season is to avoid swimming in polluted waters, the National Foundation for Infantile Paralysis cautions, through its local chapter.

While proof of direct infection by this means is lacking, the National Foundation points out that research financed by March of Dimes funds indicates that the virus causing polio is often found in sewage.

Consequently, wherever sewage may find its way into waters used for swimming, such waters should be avoided. To be sure, consult your local Health Department.

Take no chances and don't swim in waters known to be polluted.

## New Building Slated For Three Way Ind. District

Three Way Independent School Board will meet in the office of Architect M. C. Butler, Lubbock, Saturday, September 6, at 2:00 p. m. for the purpose of letting contract for construction of an auditorium-gymnasium at Three Way in the immediate future, according to an announcement by H. H. Homsley, high school superintendent.

The new building will be semi-fire proof, constructed of brick backed with tile with floor space of 7,000 square feet and will cost approximately \$60,000. Bleacher section will seat 800 persons; a large stage is provided; rest room and showers for students and a public rest room; projection booth and acoustical ceiling.

The faculty of 14 instructors is complete. Twenty credits will be offered, with Vocational Agriculture added this year. An enrollment of 400 is expected, and will be transported by seven busses.
