

# Morton Tribune

"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, SEPT. 18, 1947.

NUMBER 29.

## Hockey-Cochran Baptist Association Met To Meet In Morton Sept. 24

Wright pastor of Morton First Baptist Church, has called a meeting of the 13 churches of the Hockey-Cochran Association here on Wednesday, September 24.

Williams will be in charge of the service. W. M. Draper reports on stewardship of the year.

J. R. Grant, pastor of Lubbock First Baptist Church, who recently returned from a tour of duty will speak on district work.

Timmons of Biedsoe will give the annual sermon at the service. George Stokes of Texas College will speak to the association at the evening session.

## South Plains Fair Boosters To Visit Morton Sept. 25

A preview of the giant balloon parade which will open the 30th Annual Panhandle South Plains Fair in Lubbock, Sept. 29, will be a feature of this year's good will tours of the South Plains by a large group of Lubbock businessmen. The delegation, traveling by chartered bus, will reach Morton at 9:15 o'clock September 25. They will present a program at the school, giving the highlights of the 1947 "Show Window of the South Plains."

The boosters will have Fair Souvenirs for distribution, in addition to much printed information.

Their stay, a yearly pre-Fair event, also includes a brief period for visiting and renewing old acquaintances on the downtown streets.

With the big Buck Steiner rodeo, the Bill Hames Shows and midjet auto racing lined up for entertainment at the Fair, and with good agricultural and livestock exhibits assured, Fair officials expect record-breaking crowds to jam the 300 acre grounds.

Four trips in all are being made by the boosters, one each on Sept. 16, 18, 23, and 25. Next week's tours will stop at Abilene, Haile Center, Plainview, Lockney, Floyd a. a. Matador, Roaring Springs, Dickens, Spur, Crosbyton, Ralls, Lorenzo, Idalou, Leeland, Whiteface, Morton, Plains, Tatum, Lovington and Hobbs.

## Wallace Showing 'The Long Night' Last Time Thurs.

Offering one of the most unusual love stories to have been filmed in many years, "The Long Night," a Hakim-Litvak production, will show for the last time tonight (Thurs.) at the Wallace Theatre, starring Henry Fonda, Barbara Bel Geddes, Vincent Price and Ann Dvorak. Many months in production, this tensely dramatic motion picture introduces to film audiences the Broadway acting sensation, Barbara Bel Geddes.

Photographed against a background of a town of the Pennsylvania-Ohio steel area, "The Long Night," an RKO Radio release, combines a tender romance and keen suspense with turbulent realism. Henry Fonda portrays a steel worker who falls in love with a beautiful young girl, only to find that an older man has a strange and baffling influence upon her. This rival is played by Vincent Price, and he is somewhat reminiscent of the classic Svengali character. Ann Dvorak interprets Price's shapely vaudeville assistant who is consistently unlucky in love.

The story is told mostly in retrospect, by the mental images of Fonda while he is seen barricaded in his third floor room undergoing a spectacular police siege. After killing a man, he refuses to be arrested, firing through his door to punctuate his meaning. The population of the town surges in the square below to witness the battle as police bullets shatter Fonda's refuge.

Supporting players of note in "The Long Night," released by RKO Radio, include E. Isha Cook, Jr., Howard Freeman, Moroni Olsen, Queenie Smith and a score of others in speaking roles. The script is credited to John Wexley, playwright of "The Last Mile."

**FINED \$21.00 FOR SHOOTING  
DOVES WITH GUN HOLDING  
MORE THAN TWO SHELLS**

A fine of \$21.00 was paid to Justice of the Peace, Alvin O'Pry on Monday by a Cochran county resident for hunting doves with a shot gun capable of holding more than two shells in the magazine. The complaint was signed by Rayneal Baze, State Game Warden.

MR. and MRS. JAMES CLARK returned Wednesday from a trip to Snyder.

## Cochran 4-H Club Girls To Attend Dallas State Fair

Saturday, October 4 has been set as 4-H club day at the State Fair of Texas held in Dallas each year. Four of Cochran County's 4-H club girls will be on hand for the occasion. They are Ella Katherine Keith, Lois Wilson, Elaine Pugh and Mary Helen Keith. The girls will defray their own expenses.

Ella Katherine has been chosen as the girl from District 2 to receive the honor award from the Fair Association. The awards will be made to the outstanding 4-H club boy and girl in each of the Extension Districts at a luncheon given to the 4-H club members and their leaders by the Fair Association. Miss Keith is a seventh year 4-H club girl. She has very recently enrolled as a freshman student at Texas Tech. Last year she was the candidate for district 2 for the Maggie W. Barry Scholarship and a delegate to the National 4-H Club Congress in Chicago as a guest of the Santa Fe Railway company.

Other 4-H club members who plan to attend the State Fair with their parents should contact the county home demonstration agent before Saturday, September 23 so that admittance tickets can be obtained. The 4-H clubbers will be furnished badges and the total cost of attending will be the 10 cent tax.

Due to the request for tickets for "Annie Get Your Gun," the Fair Association is holding 594 seats at \$2.20 and 271 seats in the balcony at \$1.30 until September 25.

**LOCAL OFFICIALS ATTENDED  
SHERIFF'S SCHOOL IN HOBBS**

Sheriff Mac W. Hancock and deputy Herman Crockett attended a sheriff's school in Hobbs, New Mexico from Sunday, September 14, through Tuesday, September 16th.

## Demonstrations On Killing Johnson Grass To Be Held

There will be four Johnson grass killing demonstrations, one in each commissioner precinct in Cochran County, within a few days, according to an announcement by the County Agent.

Chemicals to be used are: atlatide, mixed at the ratio of 1 1/2 pounds to a gallon of water, or sodium chlorate and water in the same proportions. This solution is to be sprayed on Johnson grass now and left until spring.

Either hand or pressure spray may be used and one gallon will kill out 100 square feet of mature Johnson grass.

JIGGS BAKER left Tuesday for Hot Springs, New Mexico. He expects to return to Morton on Saturday.

In a report given by the New York Medical Academy, after a four year survey conducted over the United States and completed four months ago, the Academy recommends urban and rural groups to join local cooperatives or plans in order to secure adequate medical care.

Fifty physicians and laymen were on the reporting committee and numerous laymen and professional citizens gave testimony in 120 sessions.

The group as a whole disapproved of compulsory health insurance (the projected Wagner-Murray-Dingell plan) for the pre-emptive, as well as any prepaid medical plan designed to apply to all localities. Citing as facilities the discrepancies of facilities found throughout the United States.

For instance in 1942 (considered a normal year) the infant mortality rate, in areas where hospital and medical services were not adequate was one in 10, where one quarter of the births were unattended by physicians and half occurred outside hospitals.

In states or communities where virtually all births occurred in hospitals and were attended by a physician the mortality rate was only three in 100.

It follows that, until the nation's health facilities are more uniform, it would be useless to treat the problem nationally. The Academy does not, how-

## Morton Indians To Meet Dimmitt Eleven At Local Stadium Fri. Night

The Morton Indians will meet the Dimmitt eleven at the high school stadium Friday night, 8 P. M., for the first home game of the season. Morton dropped a hard-fought tilt to Seminole last Friday and Dimmitt won their first game from Springlake, 13-6.

Season tickets for the five home games went on sale Wednesday at \$3.00. Admission prices for all games will be 75c for adults and 30c for school children. All high school football games this year will be played at night, which is beneficial to both players and spectators.

Starting line-up for tomorrow's game will be as follows:

Jimmie Winder, number 88, left end; Jimmie Chapman, 99, left tackle; Edwin Bass, 34, left guard; Corky Evans, 22, center; Billy Joe Gandy (Captain), 77, right guard; Jug Hill, 66, right tackle; Merle Monroe, 90, right end; Bill McDaniel, 10, left halfback; Jack Hodnett, 20, right halfback; Wayne Shaffer, 56, fullback and Jimmie Willis, 11, quarterback.

Reserve players are: Don Baldwin, 55, 1 e; Bobbie Rhyme, 40, 1 t; Ted Wood, 80, 1 g; J. C. Ferguson, 44, e; Joe Igo, 33, r g; Forrest Studdard, 67, r t; Harold Neagle, 70, r e; Buddy Hanna, 30, 1 h; Wavdale Hill, 50, r h; Glenn Yearly, 60, f b; and Charles Farmer, 45, q b.

Depredation or mutilation of boxes or interference with the mail in any manner is a Federal offense.

## Baseball Tournament Moving On Schedule; Final Game For Sunday

Morton's baseball tournament moved along on schedule this week with Springlake dropping the opener Sunday to Muleshoe, 9-7. Morton took the second game from Sundown, 18-3. Brownfield won from Amherst 17-8 in a hit-and-run affair Monday.

Portales and Ropesville dropped out of the tournament. Sundown forfeited to Springlake in Tuesday's first game and Morton dropped a thrilling 3-0 game to Muleshoe. Neither team scored during the first seven innings. Muleshoe made two runs in the 8th and one in the 9th to win the sixth game played to date.

Wednesday's games will be between Springlake and Amherst at 1 P. M. and Morton and Brownfield will play at 3 P. M. Wednesday's games will decide which teams go into the semi-finals. Morton, Springlake and Amherst have lost one game each. Either Springlake or Amherst will be eliminated and if Morton loses to Brownfield the home team will be out of the running.

Regardless of who the final winner will be, some very good baseball games are being played and those who have not been able to attend during the weekdays shouldn't miss Sunday's final game.

## Postal Dept. Sets Regulations On Rural Routes

The Postal Department sets rules and regulations that must be complied with on rural routes, according to an announcement by Postmaster Taylor.

Types of boxes approved by the Department are either number one, 18 1/2" long, 6 1/4" wide and 7 1/2" high or number two, 23 3/16" long, 11" wide and 13 3/8" wide. These boxes will bear the inscription "Approved by the Postmaster general." Boxes must be mounted on posts, wooden, metal or concrete, on the right hand side of the road in the direction the carrier is going, at a height accessible to the carrier from his vehicle. The owner's name must be clearly legible to the carrier.

Families who will have mail for the first time will receive a slip to be filled out with the name of each individual who will receive mail in the box. Carriers will not leave mail for any person not on his list.

If boxes become loose on the posts, lids become bent or broken or if the box becomes mutilated to the extent that it will not protect the mail from the weather, steps must be taken by the owner immediately to remedy the situation.

Depredation or mutilation of boxes or interference with the mail in any manner is a Federal offense.

## Cochran County Farmers To Sponsor Rat Control Program In Near Future

Several farmers in the County are now waiting for the Rat Control Program to get underway. The program, outlined by County Agent Homer E. Thompson, will be as follows:

The farmer will procure bait and poison to be used, and put it out simultaneously with his neighbors. This will make the campaign more effective and at less cost to the farmer.

Within a few days a series of educational meetings will be conducted in the county to explain the most effective poison to use, how to put it out and necessary precautions to be observed. A moving picture will be shown in each community to bring out in detail the methods and precautions to be used.

Farmers are prohibited from using 1080 poison, because there is no antidote for it. Other good poisons are available without the risk.

Poison bait should be used near feeding places, at sources of water for rats, near barn entrances, along run-ways, and where rats have been seen. Bait should never be placed near food because of the possibility of contamination.

The following precautions should be observed carefully: Record all bait locations when bait is put out. It is necessary to remember this so that bait can be recovered and burned. Dispose of all bait and dead rats the following morning, preferably by

burning. Clean all utensils, such as saucers or lids, used in the preparation and feeding of the bait and thoroughly wash hands with soap and water.

Warnings will be given when poison is procured because antidotes vary with the kind of poison used.

All poisons can be used safely if directions are carefully followed. Rats annually damage as much food as 200,000 farmers produce, spread livestock, poultry and human diseases and actually cost the average farmer \$100 per year.

## Dowdy Receives Extra Bonus For 1st Bale of Cotton

Bud Dowdy, who produced Cochran county's first bale of cotton received an extra bonus of \$67.00 from merchants and business men in Morton.

Listed below are the contributors and the amount each gave:

Piggly Wiggly, \$10.00; Long and Nation Barber Shop, \$1.00; Farmers Produce, \$1.00; Ramsey Shoe Shop, \$2.00; Kay Hudson Service Station, \$2.00; Hawkins Grain Co., \$5.00; Steak House, \$1.00; Gulf Station, \$1.00; Davis Service Station, \$1.00; Alexander Grocery, \$2.00; Smith Tire and Supply, \$3.00; Byron's Auto Supply, \$1.00; Domino Parlor, \$1.00; Baker Grocery, \$3.00; L. F. Hargrove, \$5.00; Morton Lumber and Supply Co., \$5.00; Smith Bros. Oil Co., distributors Phillips 66, \$1.00; Roy Weekes, \$5.00; Morton Auto Parts, \$2.00; City Barber Shop, \$1.00; Burns Cafe, \$1.00; Todd Furniture, \$1.00; Blackstone Cafe, \$1.00; Roy Tarver, \$1.00; Coffee Shop, \$1.00.

Dowdy was given a cash premium of \$75.00 by the Morton Chamber of Commerce. Morton Coop Gin, ginned the cotton free and gave \$25.00 in cash. Jack Rice of Cobb's Department Store bought the cotton at forty cents per pound.

## PSP Fair Invites Cochran County To Have Exhibit

Panhandle South Plains Fair Association has issued an invitation to Cochran County to have an agricultural exhibit at the 30th annual event September 29 to October 4, inclusive.

The County Agent may reserve a booth for the agricultural exhibit by applying to the Association, and considering the fact that each county is virtually sure of winning a premium, which will more than pay for the cost of preparing an exhibit, this is one of the cheapest advertising mediums that can be devised.

Thousands of people will attend the Fair and if what they see causes them to want more information about our town and county, the best way to arouse their interest and create a desire to know more about our section of the country is for the county to have an agricultural exhibit.

## J. M. Rector Home Destroyed By Fire

The J. M. Rector home, 6 miles east and 1 mile south of Morton, was completely destroyed by fire about 8 A. M. Tuesday.

Mrs. Rector and two small children were home at the time of the fire. Mr. Rector had gone to the gin at Whiteface and older children had gone to school. Cause of the blaze undetermined.

MR. and MRS. O. H. CLARK spent the week-end at Lake Brownwood.

## New York Academy of Medicine Advocates Prepaid Medical Plan

In a report given by the New York Medical Academy, after a four year survey conducted over the United States and completed four months ago, the Academy recommends urban and rural groups to join local cooperatives or plans in order to secure adequate medical care.

Fifty physicians and laymen were on the reporting committee and numerous laymen and professional citizens gave testimony in 120 sessions.

The group as a whole disapproved of compulsory health insurance (the projected Wagner-Murray-Dingell plan) for the pre-emptive, as well as any prepaid medical plan designed to apply to all localities. Citing as facilities the discrepancies of facilities found throughout the United States.

For instance in 1942 (considered a normal year) the infant mortality rate, in areas where hospital and medical services were not adequate was one in 10, where one quarter of the births were unattended by physicians and half occurred outside hospitals.

In states or communities where virtually all births occurred in hospitals and were attended by a physician the mortality rate was only three in 100.

It follows that, until the nation's health facilities are more uniform, it would be useless to treat the problem nationally. The Academy does not, how-

ever, propose that any one merely sit around and wait for something better to happen. A few of the recommendations offered by the Academy for immediate action are the joining of a cooperative where available, or if not available the suggestion by the Academy was to form one, rent a house and communally hire a doctor. Or sign on with a group-practice panel of doctors at prepaid rates.

The Academy also made recommendations to doctors in both urban and rural communities; suggesting to the former that they lower their overhead expense and give more service by joining in voluntary group practice. Rural practitioners were urged to stay where they are and to solicit grant-in-aid if necessary from state or federal government.

No one believes that U. S. Medicine is as well organized as it can and should be. There is room, the Academy points out, for much useful planning and experimentation in conformity with local conditions. It should not be inhibited by preconceptions. We don't yet know nearly enough to go for any kind of over-all solution to our medical needs.

**ENTERS NURSE SCHOOL**

Billye Jo Wood, daughter of Mr. and Mrs. T. H. Wood of Morton, enrolled in Nurses' School at West Texas Hospital, Lubbock, September 8.

Billye Jo graduated with the Morton class of 1947.

The common sense of this American attitude toward health service, versus the British way (inhabitants of England and Wales will have available next year free medical care, to be paid for by the state) has a very strong appeal. It would seem to be a matter of building from the floor up rather than from the roof down.

MR. and MRS. CARL ENGLAND spent the week-end in Snyder, Texas.

MR. and MRS. HARVE ANDREWS PURCHASE BUCK BRILEY FARM

Mr. and Mrs. Harve Andrews made a deal with Buck Briley last Thursday whereby they bought his home and farm 12 miles west of Morton.

The Andrews will move to their new home in a short time.

MR. and MRS. O. H. CLARK spent the week-end at Lake Brownwood.

MR. and MRS. O. H. CLARK spent the week-end at Lake Brownwood.

## B. L. Rhodericks To Open Army Surplus Store

Mr. and Mrs. B. L. Rhoderick are announcing the opening of an Army Surplus Store on Saturday, September 20. The store is located four blocks west of the square on the New Mexico Highway and was formerly occupied by Butler Repair Shop.

The couple invite the public to come in and see the many items for sale not listed in their advertisement. They will have for sale a good supply of khaki shirts and pants, mackinaws, coveralls, heavy duty shoes, wool pants, bunk beds, mattresses and many other articles.

Mr. and Mrs. Rhoderick bought a portion of the Famuliner land and have been living in Cochran county since January. They have a five month old son, Barry Lee.

## Highlights From West Plains Hospital-Clinic

Patients admitted since September 9th:

Dolly Short, Enochs, medical treatment; Mr. Karl Griffith, Morton, accident patient; Mrs. B. F. Turner, Morton, admitted; A. H. Wilton, Morton, tonsillectomy; Joyce Goodman, Morton, appendectomy; Ronnie Day, Baileyboro, medical treatment; Mrs. Andy Davis, Morton, accident patient; Margaret Morris, Morton, medical treatment; A. C. Ford, Morton, minor surgery; Mr. and Mrs. Jake Minor announce the arrival of a 10 pound boy on September 9th.

Mr. and Mrs. B. F. Turner announce the arrival of a baby girl on September 15th.

MR. and MRS. CARL ENGLAND spent the week-end in Snyder, Texas.

MR. and MRS. HARVE ANDREWS PURCHASE BUCK BRILEY FARM

Mr. and Mrs. Harve Andrews made a deal with Buck Briley last Thursday whereby they bought his home and farm 12 miles west of Morton.

The Andrews will move to their new home in a short time.

MR. and MRS. O. H. CLARK spent the week-end at Lake Brownwood.

MR. and MRS. O. H. CLARK spent the week-end at Lake Brownwood.

Sheb Wooley and his Calumet Indians, the group shown, will be with the Lubbock Good Will Trippers

when they come to town next week. The cowboy string band will also appear at the Fair grounds during the 30th

Annual Panhandle South Plains Fair, starting September 29, continuing through October 4.

## Weed Control Month Observed in Hale County

Hale county, Texas, has added another month-long observation to the list. This time it's Weed Control Month, which has just been observed during August.

The idea belongs to the Hale County Weed Control Committee, says County Agent Manuel Ayers, and it stemmed from the \$500,000 loss which the county suffers each year in crop damage due to weeds.

Everything from paid newspaper advertisements, through circular letters and plain old "lip service" by the committee members was used, says Ayers, in spreading word about the weed control month. Civic organizations in Plainview and other Hale county towns pitched in to help plan the weed-killing drive, and the commissioners' court made arrangements to let every farmer in the county who wished to take part have weed-killing chemicals at wholesale prices.

County Agent Ayers reports that a big part of that \$500,000 yearly loss was shaved off the books during the month, but that permanent eradication of weeds is a long-time proposition which will call for control work for several years, not only on that "month-at-a-time" basis, but year around.

### TAYLORS ANNOUNCE BIRTH OF DAUGHTER

Mr. and Mrs. Lawrence Taylor are happy to announce the arrival of their adopted daughter. The little lady has been named Vicki Lynne and weighed seven and one half pounds at birth on September 11.

## LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

### PLANNER'S DREAM

"With more miners at work and more machinery, Britain is producing 15,000,000 tons less coal per year than in 1941." This statement by Mr. Churchill aptly describes the results of nationalization. It is striking that whereas England used to export large quantities of coal, she is now importing as much as 600,000 tons from the United States in the present quarter. This is the picture 18 months after nationalization of Britain's coal industry was begun.

Last summer in England I had a conference with Mr. Michael Young, head of the research department of the Labor Party, and their chief economist. Thirty or so years of age, tall and slender, Mr. Young expressed great confidence in England's program of nationalization of industry. He hoped the program would proceed rapidly to include all industries, and he was confident it would bring full employment, high productivity, and greater prosperity. Mr. Young's hopes remain in the dream stage.

### What Results?

High British officials came to Washington last month. They wanted to discuss new terms on the American loan. A London report of their interview with Secretary of the Treasury John Snyder tells of Mr. Snyder asking the British official "Why nationalization had not produced more coal and if it has hampered output." Mr. Snyder was also firm in inquiring whether Britain, under the scheme of nationalization, was "still going to be a solvent concern."

With England sitting on vast coal reserves, yet importing coal, one can understand that Secretary Snyder is a bit dubious about the results of nationalization. While England has nationalized about half the industries marked by the Labor government, her program now seems at a standstill. Nationalization of the steel industry has been indefinitely postponed, and land nationalization has not gone ahead as anticipated a year ago.

### Failure Evident

This slow-down in the program doubtless came because those industries already nationalized showed no long-term improvement in productivity. In coal mining there was at first an upward surge of output. But soon the gain wore off, and turned into a dramatic loss. This experiment in government management of industry simply did not come through. Other industries are learning in the same manner.

The Labor government, which has urged more construction of houses by \$0,000. The use of petrol is to be cut down by one-third; foreign travel is to be reduced by one-half. An individual can now buy only 20 cents worth of beef a week. The fact that the food situation is extremely critical plus the failure of nationalized industries to get production led to the passing of Britain's Crisis Bill.

### Dictator Law

This unprecedented law provides powers over people, money, and property more sweeping than anything England has experienced. The British Press described the bill as giving the government power to:

1. Direct labor within an industry or from one industry to another.
  2. Replace inefficient managements in any industry by government nominees, which will mean, in effect, taking over the business.
  3. Divert investments into certain channels, and prevent them going into others.
  4. Control hours and conditions of work, and even rates of pay.
  5. Send supplies and raw materials to certain industries, and keep them going into others.
  6. Order goods to be exported to given markets, and prevent them going to others less profitable to the nation.
- These dictatorial powers are the true offspring of a government managed economy. They have no place in the lives of liberty loving peoples, and it is unfortunate they have been made necessary in England by the type of economy chosen there.

### RETURN TO LUBBOCK

## A Texas Farm Lease Problem

The instability of occupancy by tenants is one of the biggest troubles involved in farm lease operations in Texas today.

That is the basis on which Joe Motheral, rural life economist of Texas A. and M. College, has prepared a publication, "Notice of Termination—A Farm Lease Problem in Texas," which has been made available to county agricultural agents in the state. The report describes the character and growth of the occupancy problem and suggests possible solutions that are aimed to aid the farm-tenant and landlord in reaching mutually satisfactory leasing agreements. Motheral's suggestions are based on a ten-year study of farm leases in Texas.

Of several weaknesses in Texas' farm lease set-up, none has so often troubled landlords and tenants, nor slowed economical production on rented farms, as the instability of occupancy, says Motheral.

The economist has made this report available to county agents and other agricultural workers

### BOYCE HOUSE

## 'Gives You Texas'

Have been getting so many invitations to speak and it costs to jump around over the state and my work suffers back in the office, so your columnist has had to begin to make a moderate charge (depending on distance) for speeches. We appreciate what we have to pay something for, as a general rule. Speeches made recently or soon to be made include: National Peanut Council; National Editorial Association; "ladies' night" of numerous civic clubs; annual dinners of the Chamber of Commerce in Lampasas, Tullia, Nocona and Schulenburg. Then the high school commencement addresses range from Pecos to San Augustine with Bastrop, Midland, Santa Anna and Doscoe between.

A visitor in Hannibal, Mo., met an old-timer and asked him, "Did you know Mark Twain?" The native replied, "Yes, I did; and I know just as many stories as he did; the only difference is he writ 'em down."

# Boone Cotton Harvesters

ARE BEST BECAUSE . . .

- 1—First 2-row tractor mounted harvester produced commercially after years of field experimental work.
- 2—Exclusive patented features.
- 3—Four years proven operation.
- 4—Best by man official tests from the field to the spinner.
- 5—Hundreds of satisfied customers. (try to buy a used one)

## Special Advantages . .

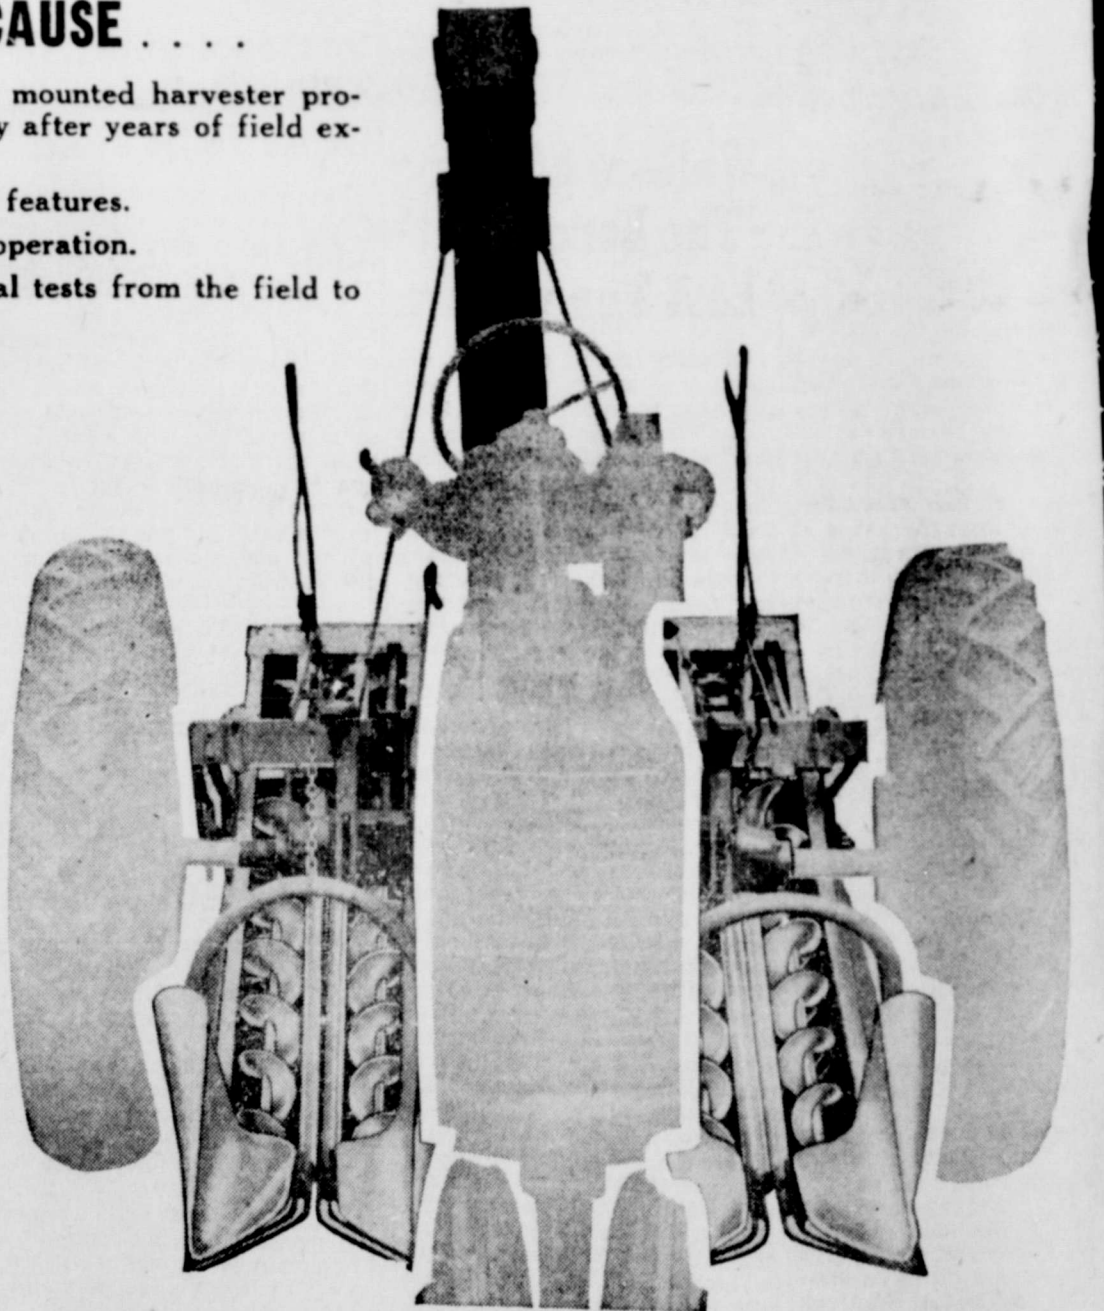

Long high speed double roller developed by Texas A. and M. College.

Tapered screw conveyors, original design and used exclusively by Boone.

Large slotted trough bottoms for elimination of dirt and small loose trash

Spring tension permitting rollers to yield to size of plant allowing bolls to be removed gently from the plant.

Close contact with ground by stripping rolls gets all the cotton.

## OUTSTANDING EXCLUSIVE PROVEN FEATURES . . . . .

- 1—Long high speed double rollers—do not comb or tear the cotton from the plant but remove it gently, leaving the limbs on the plant.
- 2—Special design screw auger conveyors move the cotton along evenly and do not chop it up.
- 3—Both stripper units and pickup fingers are adjustable to different angles with the ground for various field conditions.
- 4—Stripper units are adjustable to various row widths.
- 5—Spring tension on both ends of one roller in each stripper unit (principle developed by Texas A. and M. College engineers)

curable, this is only true in the  
most advanced cases. Dr. Geo.  
W. Cox, State Health Officer, ad-  
vises those persons who even  
suspect the presence of pyorrhea  
to seek an early diagnosis from  
their dentist so that proper treat-  
ment can be instituted while the  
disease is still curable.

"Early detection and proper  
treatment of pyorrhea represent  
the formula for a successful cure.  
This means that the dentist must  
have an opportunity to discover  
the presence of the disease at the  
earliest possible moment since  
the symptoms are often so vague  
that the patient is unaware of its  
existence," Dr. Cox said. "Regu-  
lar visits to the family dentist are  
therefore extremely important."

The treatment of pyorrhea is  
not an involved procedure. In the  
average early case one of the  
main therapeutic features is the  
proper hygienic care of teeth and  
gums as outlined by any reput-  
able dentist. Carelessness regard-  
ing mouth hygiene is usually  
the basic cause for the condition.

The family dentist can usually  
remove the cause of the trouble,  
Dr. Cox said, and when this has  
been done, intelligent routine  
homecare of the mouth by the  
patient will effect a cure in the  
majority of early cases.

**Social Security  
Official To Visit  
Morton Sept. 25**

Elliott W. Adams, Social Secu-  
rity Representative, will be in  
Morton at the U. S. Post Office at  
11:00 a. m. on Thursday, Septem-  
ber 25, for the purpose of an-  
swering any questions you may  
have on Social Security; discus-  
sing possible benefits and taking  
claims from persons who seem  
to be entitled to benefits; and  
taking applications for Social  
Security account number cards.

Every holder of a social secu-  
rity card who reaches age 65, and  
the closest relative of a card  
holder who dies at any age,  
should get in touch with the  
nearest office of the Social Secu-  
rity Administration to avoid pos-  
sible loss of Federal insurance  
payments which may be due.

FROM ALABAMA  
Pfc. Bob Riddle of Alabama ar-  
rived by plane last week for a  
visit with his wife and their new  
son, Robert Weldon, Jr. Mrs. Riddle  
is the former Vera Mae Cay-  
lor.

Memphis, 16 years of age and  
older are eligible to compete for  
the title provided she is sponsor-  
ed by a city, chamber of com-  
merce, civic club, school, ranch  
or West Texas business firm. No  
self-sponsored candidate will be  
accepted, officials have ruled.

Candidates should be in Mem-  
phis by no later than 6 p. m.,  
Oct. 2 and register at the Cham-  
ber of Commerce. She will be  
presented that evening on a ra-  
dio broadcast and stage show  
presentation. She will be honor  
guest at the Queen Presentation  
Ball the evening of Oct. 3, and  
will be presented at all major  
Carnival events throughout the  
three-day program. The Corona-  
tion will be staged the night of  
Oct. 4 as a fitting climax to the  
"Marid Gras" of West Texas.

Candidates will be required to  
wear a bathing suit in the parade  
pageant the morning of Oct. 4.  
Otherwise dress is optional. Can-  
didates will appear in bathing  
suits at the Coronation and final  
judging in order to be fitted for  
her personality-gown award.  
Evening gowns are suggested for  
the two Balls given in honor of  
all candidates.

**Panhandle South Plains Fair To Feature  
Steiner Rodeo Each Night Sept. 9-Oct. 4**

Night time attraction in front  
of the grandstand at the 30th An-  
nual Panhandle South Plains  
Fair will be the big Steiner  
Rodeo. A performance will be  
presented each night of the Fair,  
Sept. 29 through Oct. 4.

T. C. (Buck) Steiner and his  
son, Tommy, producers of the  
rodeo, promise the "cleanest,  
fastest wildest, most spectacular  
show" ever seen on the South  
Plains. They bought new horses  
this year in Nebraska, especially  
for use in the numerous rodeos  
they are producing. Other stock  
includes Mexican steers and  
Brahman calves from the Steiner  
ranch at Bastrop.

Managing director of the rodeo  
will be Jack Favor, Arlington,  
Texas. Buck Jones of Wichita  
Falls is judge and Sam Stewart  
of Fort Worth is the clown.

Other features of the six-day  
fair include a giant balloon pa-  
rade 2½ miles long at 1:30 p. m.  
on opening day, Sept. 29. These  
balloons will also be displayed  
on the Fair grounds throughout  
the Fair in a rubber zoo.

Midget auto races and a tre-  
mendous midway round out the  
entertainment end of the exposi-  
tion.

**VISITED IN SLATON**

Mr. and Mrs. David C. Todd  
and son, David, were in Slaton  
visiting friends and relatives last  
Sunday.

Todd returned Sunday night  
but Mrs. Todd and David remain-  
ed until Tuesday.

**FROM NEW YORK**

Dr. Charles Richardson of Clif-  
ton Springs, New York, visited  
Dr. and Mrs. W. S. Dove last  
week-end.

Dr. Richardson flew from New  
York to Lubbock by commercial  
airline.

**TO WASHINGTON**

Captain James R. Lively of  
Washington, D. C. arrived in Mor-  
ton last Thursday. Mrs. Lively  
and their son, James Robert, ac-  
companied him back to Wash-  
ington where they will make  
their home.

**MOVED TO LUBBOCK**

Mr. and Mrs. Ed Foreman have  
moved to Lubbock, where Fore-  
man is engaged in farming.

Until a few weeks ago Fore-  
man was the Phillips 66 distri-  
butor for Morton.

**Birthday Party  
Honors Mrs. Fisher  
On 90th Birthday**

Mrs. A. J. Neutzler entertained  
with a party at her home on  
Wednesday, September 3, in hon-  
or of her mother, Mrs. Fisher,  
who was celebrating her 90th  
birthday.

The lace covered refreshment  
table was centered with a huge  
birthday cake trimmed with ros-  
es and ninety candles.

Flowers in profusion were ar-  
ranged throughout the Neutzler  
home. Mrs. Will Slayter of Lub-  
bock, great-grand daughter of  
the honoree cut the birthday  
cake and assisted the hostess in  
serving cake and punch to the  
many friends and neighbors who  
called and brought gifts to their  
beloved friend.

**Kidneys Must  
Work Well—**

For You To Feel Well

24 hours every day, 7 days every  
week, never stopping, the kidneys filter  
waste matter from the blood.

If more people were aware of how the  
kidneys must constantly remove sur-  
plus fluid, excess acids and other waste  
matter that cannot stay in the blood  
without injury to health, there would  
be better understanding of why the  
whole system is upset when kidneys fail  
to function properly.

Burning, scanty or too frequent urina-  
tion sometimes warns that something  
is wrong. You may suffer nagging back-  
ache, headaches, dizziness, rheumatic  
pains, getting up at nights, swelling.

Why not try Doan's Pills? You will  
be using a medicine recommended the  
country over. Doan's stimulate the func-  
tion of the kidneys and help them to  
flush out poisonous waste from the  
blood. They contain nothing harmful.  
Get Doan's today. Use with confidence.  
At all drug stores.

**DOAN'S PILLS**

**From where I sit ... by Joe Marsh**

**Yes, I'm Guilty!**

Talks sometimes criticize us  
small-town editors for the way we  
play up "little things" ahead  
of . . . human, local news in  
favor of world events.

I can't deny it. Read the Clarion  
and you'll learn about the Martins'  
wedding anniversary . . .  
about the community sing down by  
the river . . . the husking bee at  
Sater Hoskins', where neighbors  
helped husk the corn, and later  
trunk sparkling beer together.

"Little things" Maybe. But  
from where I sit, they add up to the

bigger things we call America: The  
friendliness of small towns . . . the  
helping hand . . . the respect for one  
another's rights. And above all the  
love of fellowship and freedom—  
whether it's freedom to speak one's  
mind or choose between a glass of  
beer or buttermilk.

I figure that if everybody looks  
after the "little things," maybe  
the bigger things will take care of  
themselves.

Joe Marsh

## Editorial

Transient advertising schemes are becoming more numerous as harvest time approaches. Their fluent sales-talk runs the entire scale from promoting articles not in existence to the lowest form of human endeavor, sacrifice of our honored dead.

Tailor-made post holes and sky hooks are as sensible as some ideas concocted by the enterprising shysters. Beware of any get-rich-quick schemes presented to you.

Advertising is an integral part of selling. Large concerns, such as the automobile industry, spend millions in sales promotion each year, yet their campaign managers are not altogether idealistic dreamers but are rather following the trend in social and economic changes.

The average business man realizes he must keep himself and his products before the public. This is all well and good but criticism is directed to the gyp artists who make huge profits without producing the contracted medium.

A specific example would be the town to town salesman who sells advertising space on pamphlet covers to be printed in another locality and returned in a few months for distribution. There is no guarantee that the covers will ever be printed and even if a few did show up some time next year it would be difficult to determine whether the promised number was printed or only a handful.

The safe policy for business men to follow is to ask the solicitor if he has the approval of the Chamber of Commerce. Legitimate concerns make it a practice to contact civic organizations for approval before proceeding with their campaign. Donations should be made to charity, not to individuals or concerns of unknown or doubtful reputation.

### -- annegrams --

— by ann england —

We are still chuckling about the tale Mrs. Cliff Davis told on her young son, Jamie. It seems she opened the silver drawer to put away the freshly washed flatware only to have a nice fat frog jump out at her. Jamie had put it there "so he won't get away, Mommy."

Our ego is still considerably below normal since hearing our voice as recorded by Hop Halsey on a new wire recorder he has in his store. And all this time we had just assumed that we had a GOOD voice for radio purposes.

Recordings are made on a spool of stainless steel wire, capable of recording a one hour's continuous program. The wire may be played back an unlimited number of times. However its main feature is that a recording on top of the preceding one erases it and the wire may be used over and over.

Babe Vanlandingham running around with official looking papers in his hands and Kathy Graham all starry eyed. We are just waiting for an announcement.

Notice where Princess Elizabeth and her bridegroom will have to be content with only 10 rooms of the 25 room Sunninghill Park home given them by her father. Poor things, they will probably feel horribly confined.

Last week we had the thrill of actually ACTING like a real editor (for first time since our name appeared on masthead of Tribune) when Allene Curry (our guest) and Bill Harris (our assistant) handed us copy to edit.

Allene not only attended to the injunction story but cleaned Vagabond House, did the ironing and then came to office and rearranged one of our show windows.

Everyone in this vicinity certainly enjoying the cooler weather. Most all are wearing sweaters and light weight jackets now.

Noticed Norine Frazier in a darling short, plaid jacket and grey skirt.

Saw Minnie and her good looking husband, L. B. Childs, going for mid-morning coffee. Minnie was wearing a becoming kelly green dress with wrist

sleeves and new longer skirt.

Mrs. Jesse Paulk's fishing trip on the Concho and later visit to Lamesa with friends and relatives must have done her a world of good as she looks wonderful.

Mrs. Ike Harris has the most beautiful asters in her yard, shading from deep purple to orchid. She has had lovely flowers all summer.

Joyce Goodman, who helped us here in the office last winter, had an acute attack of appendicitis last Saturday and was operated that afternoon. She is doing fine and was sound asleep when we called to see her.

Fred Saunders and his mama, Hessie B. Spotts are upset over the loss of their black cocker spaniel, "Butch" who disappeared last week.

The Grover Ward children who lost their pet squirrel last week were overjoyed when it was found and returned by Bobby Keith. Mr. Ward estimated that the squirrel traveled 50 miles or more from the time it left their place until it was found.

Mrs. Elizabeth Greer has started her Christmas sewing. Which is definitely a good idea. All of us might profit by shopping and sewing early before the rush gains headway.

We felt sorry for Lowell Webb when we saw Margaret Ann in the store buying candy, potato chips, etc., but she assured us that Lowell wouldn't be home for dinner. If Lowell is like the spouse, he wants meat, bread and potatoes for dinner.

New seed catalogs are in, hope we can resist as we've decided that those beautiful illustrations are just there to show what the stuff would have looked like had it come up.

Wonder why money is called "dough"? Dough sticks to the fingers.

### QUOTES ON COTTON

Tripled Yields—"Cotton yields have been more than tripled by use of hairy vetch and crop rotation on the farm of J. C. Brown, St. Francis County. Last fall, 48 bales of cotton were picked from a 40-acre field which had a heavy growth of vetch turned under April 1."—Arkansas Extension Service.

Minutes Costly—"About 7 months are required to produce and harvest a bale of cotton. Hauled to the gin wet, a few minutes of ginning can damage the bale as much as \$15. The best and quickest way for cotton to dry is in the boll. The farmer always loses when it is picked wet."—Mississippi Extension Service.

More Strippers—"One implement dealer makes the forecast that within three years every farmer in Western Oklahoma who has 50 acres or more of cotton will have a stripper. He may be too optimistic, but the use of strippers appears likely to expand rapidly in the next few

years."—Oklahoma Experiment Station.

Replacement—"On many farms machines will not displace labor but replace labor that has already left cotton areas."—Oscar Johnston, National Cotton Council.

No Worry—"So far as domestic consumption of cotton is concerned, there appears to be no cause for worry this season."—Cotton Trade Journal.

Plan For Pickers—"To obtain best results from harvesting machinery, their use must be accompanied by adjustments in other steps of cotton production. Varieties of cotton and methods and equipment used in planting, chopping, cultivation and ginning cotton must keep pace with progress in development and use of harvesters."—North Carolina Experiment Station.

Tribune, Morton, Cochran County, Texas, Thursday, Sept. 18, 1947

### Hudson-Buchanan Marriage Vows Read In Clovis

Mr. and Mrs. W. K. Hudson have announced the marriage of their daughter, Clydie, to Delbert Buchanan, son of Mr. and Mrs. N. W. Buchanan, in Clovis, New Mexico on Sunday, September 14.

The bride, a 1947 graduate of Morton High School, wore a pink and white dress with black accessories for her wedding.

Buchanan, recently discharged from the army, attended Morton schools previous to entering the service.

The young couple was attended by Mr. and Mrs. Dicky Carr and Leonard Davis.

**Battleship Texas Commission To Launch Drive**

Lloyd Gregory, chairman of the Battleship Texas Commission, today called upon all former crew members of the USS Texas to assist in the drive starting September 15 to raise \$225,000 to bring the gallant old battlewagon home to the Lone Star State. He asks them to contact the Morton Tribune, explaining that they are former crew members of the Battleship Texas; and also to send their names, addresses, and facts about their duty aboard "Old Tee" (as she was familiarly called by her crew) to: Battleship Texas Information Bureau, 1428 Commerce Bldg., Houston 2, Texas. These names will go into a master list for historical record about the retired battleship.

When things got tough aboard the Texas, or when crew members ran into trouble, some one always shouted "Come on, Texas!" And it got results. Once more "Old Tee" must call upon its crew, and again she does it with: "Come on, Texas!"

**VISITED BROTHER**

Mr. and Mrs. Lawrence Porter and son, Lawrence, Jr., of Alvin, Texas, spent Sunday night with his brother, J. T. and Mrs. Porter and son, Jimmie.

Tribune, Morton, Cochran County, Texas, Thursday, Sept. 18, 1947

One of the fifty or more giant balloons which will appear in the opening day parade of the 30th Annual Panhandle South Plains Fair in Lubbock at 1:30 P. M.,

Sept. 29. The parade will also include mounted rodeo performers and a number of bands. The 1947 Fair dates are September 29 through October 4.

**U. S. Farmers Have Thirty-Four Million Turkeys On Farms**

U. S. farmers now have 34 million turkeys on the farm, and although that sounds like a lot of meat, it's 16 percent less than last year's production.

About 3,681,000 of those birds are in Texas, which is being ranked out of another first place by California, where almost 4 million turkeys are being raised. All but three states in the union show decreases in turkeys raised, compared with a year ago, according to USDA's Bureau of Agricultural Economics. The decrease, says the bureau, is due to unfavorable price relationships, unusually large storage stocks toward the end of last season, high feed costs and the uncertainty of 1947 turkey prices. Texas turkey raisers have 13 percent less birds than in 1946, when at this time of year there were better than 4,231,000 turkeys in the state.

MR. and MRS. L. W. RAY left early Sunday for Gonzales, Texas, where they will visit her parents, REV. and MRS. BURNS.

**Avery-Kelley Nuptials Read At Maple Aug. 30**

The marriage of Miss Christene Kelley, daughter of H. A. Kelley of Maple, and Weldon Avery, son of Mr. and Mrs. Neal Smith of Morton, was solemnized Saturday afternoon, August 30, in the home of the bridegroom's parents.

Rev. W. H. Burns, pastor of the Maple Baptist Church, officiated for the single ring ceremony before a table banked with summer flowers.

The bride wore a grey wool suit with a teal blue blouse, black accessories and a corsage of red carnations.

A reception was held in the home of the bridegroom's parents for close relatives and friends.

After the reception the young couple left on a wedding trip to Roswell, Ruidoso and other parts of New Mexico.

The couple will be at home near Maple.

MRS. R. C. SMITH of Floydada has been in Morton with her sons FLOYD and ROY E. for several weeks.

**BOY BORN TO MR. and MRS. JOHN KELLEY OF ODESSA**

## Review Of Southwest Farm Markets

Continued strong trends prevailed at Southwest farm markets last week, according to the Auction and Marketing Administration, U. S. Department of Agriculture.

Most hog markets established all-time high prices in ad- vances ranging mostly from \$1.25 per hundred pounds. Week's top was \$27.75 at San An- to, \$29 at Fort Worth, \$30 at

Oklahoma City, \$30.35 at Wichita and \$31.75 at Denver. Sows and pigs shared the full advance to sell at mostly \$22 to \$28.

Cattle closed the week mostly steady to 50 cents higher than a week earlier, but weak spots appeared on calves and low grade stockers. Common to medium calves sold largely from \$13 to \$18.50 at Texas markets. Beef calves brought mostly \$22 down at Oklahoma City and Denver, while Wichita paid \$17 to \$20 for good and choice heavy calves. Stocker and feeder calves sold generally at \$16 to \$22.

Seasonally scarce fresh eggs and poultry sold at firm to slightly higher prices last week. Cold

## Specialist Resigns From A. and M. After 28 Years

Dora R. Barnes of the headquarters staff of Texas A. and M. College Extension Service, has resigned after twenty-eight years of service as clothing specialist.

Maurine Hearn, Extension vice-director for women and state home demonstration agent, announced the resignation, effective August 31st.

Mrs. Barnes has served as clothing specialist since November 1, 1920, coming to the staff at that time from the position of district agent. She had taught school in her native state of Kentucky and worked as home demonstration agent in Florida previous to coming to Texas. She holds a Masters Degree from Columbia University, having received a B. S. from the University of Wisconsin.

A complete history of clothing in Texas home demonstration work with women and 4-H girls has been compiled by Mrs. Barnes and given to the Extension Service library, with copies of publications.

Succeeding Mrs. Barnes in this field of work will be Mary Routh, as clothing specialist, with Nena Roberson as associate clothing specialist after September 15th.

Miss Roberson is a sister of Mrs. W. A. Woods.

### VISITING HERE

Miss Mary Graham, who spent the summer in Ruidoso is visiting friends and relatives in Morton.

Miss Graham is working part time for the Western Abstract Company.

MISS NORINE FRAZIER visited her parents and attended the Fall Festival in Sudan last week.

storage eggs supplied most of the market for best grades. Fort Worth and Dallas offered around 35 cents per dozen for best candled white eggs, and 50 for mixed colors. Heavy hens brought mostly 23 to 26 cents per pound.

Grain markets made further sharp gains last week, with even poorer prospects for feed grain crops and more pressing requests from Europe for relief supplies. Sorghums gained around 25 cents per hundred pounds at Fort Worth and Galveston, and sold Friday at \$3.82. Yellow corn rose 10 to 15 cents per bushel to sell at \$2.65 and white corn \$3.00. Wheat advanced 6 to 7 cents to reach \$2.78.

Cotton dropped sharply following the crop report Monday, but climbed back to close Friday only a little lower for the week. Spot sales increased, and demand continued good for Strict Low Middling and above of 7/8 to 31/32 staple.

## Weekly SURPLUS NEWS WAA

A rapid-fire auction of nearly a quarter million dollars worth of newly released surplus consumers' goods will be open to the public at the Fort Worth Quartermaster depot September 23 and 24. It will be WAA's second oral auction disposal of this type in the Texas area. Goods will be offered in approximately 70 lots containing wooden army lockers, office furniture, cotton sheets, wool trousers, cafe supplies, a sewing machine and assorted miscellany. Inspection is scheduled at the depot from 9 a. m. to 3 p. m. September 23, and the floor bidding will start the following morning at 9 a. m. The sale will provide additional storage space in the army's regional program for repatriation of overseas fatalities.

Remaining unsold surplus from the big August clearance of the Grand Prairie War Assets Administration warehouse plus 28,000 feet of scrap lumber will be lumped off for a purchase by informal bidders September 23, 24 and 25. Materials will be arranged in 19 lots for public inspection and dropping of bid cards from 8 a. m. to 4 p. m. September 23 and 24, and from 8 to 12 noon on the 25th. Much of the merchandise will be aircraft components, everything from nuts and bolts to special instruments and fittings. Bids will be opened at the warehouse offices at 1 p. m. September 25.

Clearance of four warehouse buildings from Hereford Prisoner of War Camp at Hereford, Texas, is expected to result from the government's announced public sale of the structures. Priorities close September 22 after which the general public will be permitted to place bids until October 3, according to officials of the Office of Real Property Disposal of the Grand Prairie office of War Assets Administration.

The Customer Service Center of the Grand Prairie WAA office is offering pipe and machine tools in a fixed price sale to priority and commercial groups until September 26. Included in the offering are radial and press drills, high duty grinders, hack saws, pipe benders, rivet machines, lathes, drill bushing and micrometer check pilots. The equipment offered is described as being standard in make and readily adjustable to commercial use and for instruction purposes in schools.

Eighty-three items of surplus machine tools as outright gifts to qualified institutions, including schools and colleges, now stored in Dal-6 WAA warehouse at Grand Prairie, await distribution through the Priority Claimants Division. Application should be made to this division before September 29. Other items to be disposed of in like manner are located at Todd-Houston Ship Yard and the WAA Warehouse located at 2600 Clinton Drive, Houston, Texas.

### Shower Honors Recent Bride

A tea and shower honoring Mrs. Weldon Avery, the former Miss Christene Kelley, was given in the home of Mrs. W. H. Burns of Maple, from 3 to 5 o'clock Friday, Sept. 5.

Seventy-six guests registered in the bride's book.

After the many nice and practical gifts were displayed, cake and punch was served to the guests.

### ENROLLED AT TECH

R. T. Tarver, Jr., registered at Texas Tech Tuesday. He and Mrs. Tarver and their son, David, have moved to Lubbock.

### HOME FOR THE AGED

Bill's retired . . . . .

And he's only six months old! Yes, the Treasury Department says the average dollar bill holds up only about half a year before it goes to pieces!

But any housewife can tell you the life expectancy of a greenback is even shorter than that. When a dollar goes to market nowadays, it lasts hardly any time at all—and seems to buy less

But don't forget electricity! Actually the service you get for your electric dollar is just about the biggest bargain in your budget. If yours is an average Plains family, that dollar buys you about twice as much electricity as it did 15 years ago!

Break it down into terms of service, and that little greenback lasts a long while. It can run a radio for 100 evenings—or do your family wash for 5 months—or tell you the correct time for more than a year and a half! It'll even vacuum clean 600 rugs—or brew you 1,000 cups of coffee!

No matter what service you want it to perform for you, that electric dollar has a very long life, indeed!

**MORTON POWER & LIGHT**  
LIGHT — POWER — HEAT

Here's how **big** your enjoyment will be—

and here's how **small** your cost!

**BIG CAR QUALITY**  
AT LOWEST COST

Yes, in addition to giving you all the Big-Car advantages described here, the new 1947 Chevrolet saves you money on all items of purchase price, operation and upkeep—gives you BIG-CAR QUALITY AT LOWEST COST!

You'll enjoy the Big-Car luxury of this smart, streamlined, style-leading Body by Fisher—with genuine No Draft ventilation, extra-comfortable seats, and every facility for your comfort and safety—for Fisher Bodies are the finest bodies, and they're found only on Chevrolet and higher-priced cars.

You'll thrill to the Big-Car performance of a lively, powerful, dependable Chevrolet Valve-in-Head Thrift-Master Engine—the type of engine found only in Chevrolet and higher-priced cars.

You'll delight in the Big-Car comfort and road-steadiness of the United Knee-Action Gliding Ride—giving that smooth, safe, perfectly balanced feeling which makes it seem that car and road are one—another advantage found only in Chevrolet and higher-priced cars.

Be sure your car is ready for winter! During September and October Chevrolet dealers are making a special point of fall service to demonstrate the excellence of our service facilities and quality workmanship. So bring your car in soon and let us get it ready for the bad weather days ahead.
