TWO LOCAL STUDENTS ENROLLED AT HARDIN-SIMMONS UNIVERSITY

Among the more than 2,000 students enrolled in Hardin-Simmons university this term are two from Cochran county, according to Mrs. J. A. Beard, registrar of the university.

The current enrollment is the greatest in the history of H-SU. Mrs. Beard said, and represents both the resident students and those who are taking extension courses.

Those from Cochran county enrolled for the term are: Minnie Mildred Monroe, Morton, and Evered D. Cagle, Bledsoe.

Swing Of Southwest Farm Markets

Many southwest farm products declined in value last week, though most sheep and cattle sold higher, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat prices fell sharply during the week and most other grains also suffered losses. Weakening factors included uncertainty concerning possible price programs, European shipments, more favorable weather in the corn belt, and increased supplies of new corn. No. 1 wheat closed Friday at \$3.03 1/4 per bushel at Texas Common points.

Southwest egg prices dropped mostly 1 to 5 cents per dozen last week. Hens lost a cent or two per pound but fryers and broilers sold firm to a little higher. Best mixed colored eggs brought 45 to 50 cents at Dallas and 48 to 55 at Fort Worth. Denver bought current receipt eggs at mostly 43-1.3 and New Orleans 53-1.3.

Hog markets registered sharp declines of mostly \$1.00 to \$2.50 per hundred for the week. Closing top prices for good and choice medium weight butchers stood at \$25.50 at San Antonio, \$26 at Fort Worth and Oklahoma City, and \$25.85 at Wichita.

Southwest cattle closed the week generally steady to 50 cents higher compared to a week earlier, except at Oklahoma City

losses ranged from 25 cents to \$1.00, with cows and heifers losing most. Common and medium cows sold at \$12 to \$14.50 at Houston, while medium and good grades cashed at \$15.50 to \$18 at San Antonio, \$13.25 to \$16 at Fort Worth, and \$14 to \$17 at Oklahoma City. Wichita bought good weighty cows at \$16 to \$16.50, and Denver paid \$14.75 to \$18.25 for common and good kinds.

Spot cotton markets saw another active week with large volume of sales. Prices declined mostly 50 cents per bale. Rains delayed harvesting in many sections.

Farmers Urged To Contact WAA For Farm Supplies

Farmers of the agricultural Southwest are being encouraged to contact Customer Service Centers of the War Assets Administration for such limited farm equipment and supplies as are offered from time to time. Farm operators are urged to communicate with such centers in their territory regarding any wanted items on farms whether or not the equipment desired has been advertised, declared E. C. Berie, newly appointed agricultural representative of the Grand Prairie office of WAA.

"We are eager to serve our food producers with such equipment and supplies as are available or whenever they come into our surplus inventories," Mr. Berie added. "We will welcome correspondence or visits to these centers in order that individual farm needs might be checked against whatever items might be on hand for sale at the time."

Customer Service Centers in the Southwestern WAA zone are located at Grand Prairie, Houston and San Antonio, Texas; New Orleans, La.; Tulsa and Oklahoma City, Okla.; and at Jackson, Miss.

Among some New Guinea tribes, no girl would marry a man who has not proved his courage as a head hunter by taking at least one head.

Military Funerals No Obligation To Next Of Kin

While various veterans organizations have signified their willingness to conduct military funerals for the remains of the war dead, there is no obligation upon the next of kin to have such services. Lt. Col. S. H. Partridge, chief of the American Graves Registration Division in San Antonio emphasized.

"In the early planning for the war dead repatriation program it was anticipated that many families would wish to have their dead buried with military rites," Col. Partridge said. "The armed forces do not have the men available and invited veterans' organizations to assume this responsibility."

"These organizations, from national headquarters down through local posts, promptly and gladly offered their services. Families desiring military funerals should contact some veteran's organization in their communities. If they are unable to make such a contact," Partridge recommended, "they should contact the memorial section, Fourth Army, Fort Sam Houston."

"However, a large number of persons have indicated that they do not care for military funeral; that they want their dead buried with the simplest possible ceremony. Such wishes should be respected. The fundamental policy of those responsible for the war dead repatriation program is that there must be no infringement upon the private rights nor intrusion on the grief and bereavement of the families who have already given the nation so much."

WHOSE OX...??!

The following appeared in a recent issue of the Burlington (Ia.) Hawkeye Gazette: "Because of the high cost of construction, proposed improvements to Labor Temple, including building of a new front, have been abandoned for time being."

Martin Baner, president of the Trade and Labor assembly, said it was found that materials were hard to get, and the building prices were "much too high."

Battle Over State Spending to Face Next Legislature

A battle over state spending is shaping up as the biggest problem that will confront the next legislature when it convenes in January, 1949, according to the Texas Research Institute. The legislature will either have to cut expenditures or levy additional taxes, declares a report issued this week by the Institute, a statistical agency sponsored by the South Texas Chamber of Commerce.

The state government is taking in more money than ever before," says the report. "But it also spends far more than ever before. The last legislature appropriated all the money certified by the comptroller as available, including an accumulated surplus of \$32,000,000. A much smaller surplus will be available when the next legislature convenes. The difference will have to be raised by more taxes unless the lawmakers reduce expenditures."

State government cost increased 34 per cent in the fiscal year ended last Aug. 31 over the preceding fiscal period to reach a total of \$319,988,191, the Institute reported. It was the biggest year-to-year gain in history.

"This expenditure will be overshadowed, however, by the anticipated expenditure of more than \$450,000,000 for each year of the present biennium," the report added. "Demands for still more spending may be expected in the next legislature. Higher taxes will be difficult to avoid unless Texans alarmed by the prospect make their voices heard between now and January, 1949."

Farmers spent about \$800 million for new farm machinery in 1946, not counting tractors.

Five thousand Texas Baptists will attend the Texas Baptist General Convention in Amarillo November 11-13 to hear reports on denominational work of the past year and messages from outstanding Baptist ministers and laymen.

Doctor Newton will speak Wednesday morning, followed by the annual convention sermon by Dr. A. D. Foreman, Jr., pastor of the First Baptist Church of Amarillo. The afternoon session will feature reports from Baptist colleges with Dr. J. W. Marshall of Plainview, new president of Wayland College, as speaker. Reporting on civic righteousness will be Dr. W. R. White of Austin.

Wednesday evening will bring reports from the Woman's Missionary Union of Texas and the State Baptist Brotherhood. Concluding the Wednesday evening session will be a message from Dr. J. B. Lawrence of Atlanta, Ga., secretary of the Southern Baptist Home Mission Board.

Doctor Dawson and Governor Kerr will speak Thursday morning, and afternoon messages will be brought by Dr. T. L. Holcomb of Nashville, Tenn., secretary of the Southern Baptist Sunday School Board, and Dr. Blake Smith, pastor of the University Baptist Church of Austin.

Plans for next year's convention will be announced Thursday afternoon when also the nominating committee will report on new executive board members. The closing session of the convention Thursday evening will center around foreign missions with an address by Dr. Everett Gill of the Foreign Mission Board in Richmond, Va.

Preceding the opening of the General Convention, the Woman's Missionary Union of Texas will hold its annual meeting. Speakers will include Mrs. George Martin of Norfolk, Va., Southern WMU president, and Mrs. J. M. Dawson of Washington, D. C.

The program for the annual convention of the Baptist Brotherhood of Texas, which coincides with the WMU meeting, will bring Allan Shivers, Lieutenant Governor of the State of Texas; Dr. Bredahl Peterson of Copenhagen, Denmark, agent for the Baptist World Alliance on relief to Europe, and Lawson H. Cooke, executive secretary of the Baptist Brotherhood of the South, Memphis, Tenn.

Texas Baptist General Convention To Be Held In Amarillo Nov. 11-13

Five thousand Texas Baptists will attend the Texas Baptist General Convention in Amarillo November 11-13 to hear reports on denominational work of the past year and messages from outstanding Baptist ministers and laymen.

Dr. Louie D. Newton

The Convention will open Tuesday evening, Nov. 11, with an address by the president, Dr. Wallace Bassett, pastor of the Cliff Temple Baptist Church of Dallas. Dr. J. Howard Williams, executive secretary of the Texas Convention, will then make the State Mission report.

Maple News

Maple Reporter
(Delayed from Oct. 30)

A bridal shower for Mrs. Bill Roberts was given at the home of Mrs. Iris Holloway last Tuesday night. Many lovely gifts were presented and everyone reported a nice time.

Little Miss Barbara Sinclair, who has been on the sick list, is reported to be recovering nicely.

Mr. and Mrs. Buford Webb and children from Bledsoe were visiting in Maple Sunday.

Mr. and Mrs. R. H. Parker were visiting in Amarillo Monday.

Miss Lucy Clark, Maple, is spending the week with Miss Winona Webb, Bledsoe.

Mrs. Lackey left for Dallas Monday to visit her son, Jimmie. He is reported to be doing fine.

Mr. and Mrs. Jewel Brackman and son had dinner with Mr. and Mrs. H. T. Clark Sunday.

Mr. and Mrs. E. J. Henderson spent Sunday with Mr. and Mrs. Jack Henderson.

Rev. and Mrs. Burns, Mr. and Mrs. Robinson, and Mr. and Mrs. Humphrey had dinner with Mr. Albert Kelley and boys Sunday.

Rex Burns from San Diego, Calif., is expected to arrive here the latter part of the week, to visit his parents, Rev. and Mrs. Burns.

A large crowd attended church and Sunday School at Maple Baptist Church Sunday. If you are not attending church services elsewhere, we invite you to come to the Maple Baptist Church. The church with a friendly welcome.

Mrs. Pete Todd and daughters, Lehman, and Mrs. Lera Cloud, Jessie and Peggy Cloud, were visitors in the home of Mrs. Paul Powell Sunday.

Include Proper Food Requisites In Daily Diet

AUSTIN—Commenting on the food conservation program now being stressed throughout the nation, Dr. Geo. W. Cox, State Health Officer today emphasized the importance of including the proper food requisites in the daily diet, as being important to the maintenance of health.

"Food conservation is an absolute necessity and all Texans are eager to assist in this program; but eliminating needful basic foods will only result in undernourishment and illness, which can be avoided by observing the Texas Food Standard in daily meals," Dr. Cox said. "This food standard will enable Texans to utilize available foods, eliminate waste, cooperate in conserving food and spend their food dollar wisely."

The Texas Food Standard, recommended by Dr. Cox, provides all necessary food elements, and for each individual includes

daily servings of: 1 pint to 1 quart milk; 1 egg or substitute; 1 serving meat, poultry or fish; 1 serving potatoes; 1 serving green or yellow vegetables; 1 serving citrus fruit or tomatoes; 1 serving other fruit; 1 serving whole grain products; other enriched cereals or breads; small amount butter or margarine with vitamins added; some sweets or des-

serts in moderate quantities. "Good nutrition is based upon the observance of good food habits, practiced every day," Dr. Cox declared. "This is important at any time, but especially now, when it will not only maintain good health but assist in the conservation of food supplies."

Expect everyone is anxious to know how the hearing on the disposition of the county hospital came out? Altho we sat through it all we didn't know any more when the judge called a halt to the public hearing than we did before it started.

Anyway the lawyers for the plaintiffs called on nine of the defendants for questioning and it seemed to us that a lot of unnecessary time was taken up asking their names, what they did, etc. Every one knew all that anyway.

That being our first trial outside of the movies we actually didn't know what to expect. They asked practically every witness the same questions—that is what was their job, were they members of the health association, were they members of the association at the time they were elected to office, etc., etc.

We did get pretty nervous when they dragged out copies of the Morton Tribune because naturally a bunch of smart men would notice immediately all the errors—and we do make so many of them.

The room was filled with spectators and everyone seemed to enjoy the proceedings. However that experience as a spectator convinced us that we would be no good whatsoever as a witness because if a lawyer yelled at us if only asking our name we would promptly forget it.

Bill and Mickey finally got moved into our little guest house and Mickey certainly has everything looking nice. She has full white ruffled curtains on the pair of double windows in the living room, the blue upholstered ranch type furniture and the pine-paneled walls are very harmonious.

Now that little Vaga bond house is finished we hope the spouse will find time to dig the bermuda out of the rose garden.

Saturday night we helped nine of our friends with a surprise bridal tea. Actually we were no help as we arrived late and only had time to get our corsage pinned on and dash over to the receiving line before the guests started arriving.

While we were living in Snyder the country club consisted only of a swimming pool and golf course. Now they have added a large club house and it makes a charming place for parties, and all sorts of entertainment. The club building is war surplus and with a little fixing certainly turned into a nice club house.

Missed Roy Hickman and Crickett at the Lions party, heard later that he had been puny. However Crickett has been on an extensive shopping spree lately so that may account for Roy's feeling low.

While in Snyder we met a lovely couple, Mr. and Mrs. Bob Biggerstaff, they are friends of the Cochran county Bucys. Their daughter, little Beth Bucy started sometime ago on Santa Claus correspondence and her most recent letter contained at least a dozen cut outs of various things she wants the old gentleman to bring her. (we are santa's local helper).

Jack Russell, son of Mr. and Mrs. Hume Russell, met with an accident while horseback riding last Sunday. We understand Jack lost a front tooth. Too bad as Jack had beautiful teeth.

Heard that the homecoming at ENMC last Saturday was the biggest and best ever held. Two Morton boys, Bill McAllister and Kenneth Willis, who are freshmen students at the Portales college made quite a showing in the football game. ENMC won over Silver City Teachers College 15 to 7. Everyone from here who attended the homecoming said that the Morton band looked wonderful in their new uniforms and played exceedingly well.

We have mentioned it time and again BUT ALL wedding stories mailed in to the Tribune must be signed before we can use them. We do not use the writer's name but it MUST be on the letter. We usually telephone or make some effort to get in touch with a member of the family but often have to put the stories to one side for lack of information.

Think the spouse has about decided that fun is like insurance—the older you get, the more it costs.

They say America is still the land of opportunity, where a man can start digging ditches and wind up behind a desk—if he doesn't mind the financial sacrifice.

Bledsoe School Hallowe'en Carnival Success

The P. T. A. of Bledsoe sponsored a Hallowe'en Carnival Friday night that was a huge success. The ladies served sandwiches, hamburgers, coffee, pie and do-nuts to a large crowd.
George Graham, Manager of Wallace Theatre, Morton, furnished and popped the corn and the total proceeds, more than \$300, will be used to buy athletic equipment and other needed materials.

On Saturday, Nov. 8, the Flanders Poppy will be worn in honor of the dead of both wars, and a grateful nation will once again be given an opportunity to express its appreciation to the veterans for their sacrifices.

The poppies which will be distributed in Morton were made by mentally ill patients at the Waco Veterans Hospital. The Jesse R. Bond Post Auxiliary of the American Legion paid these sick veterans for making the poppies. These disabled men make these flowers in honor of their fallen comrades and the work is valuable to them as occupational therapy besides bringing them much needed earnings.

More than a million permanently disabled veterans are in Veterans Hospitals today. They do not receive adequate care, just compensation and effective rehabilitation by automatic government processes. Things which require the touch of personal interest and human understanding those who wear the poppies will help the Auxiliary in doing.

Children whose fathers have died or become disabled as a result of war service are increasing in numbers and many of them are needing help. The work which the Legion and its auxiliary always has carried out for the welfare of veterans children must be greatly expanded to meet their needs. The sale of the poppies finances this work.

To us from falling hands have come the poppies. Remember their sacrifice by wearing these flowers with renewed determination never to surrender any part of that freedom for which they gave their full measure of devotion.

Everyone will have an opportunity to make a personal contribution to the welfare of the war's living victims. It may be little or it may be much, but it's the giving which counts—something contributed directly from one's own means to those who have given so much.

Weekly SURPLUS NEWS WAA

Marking a new era in Texas industry, the multi-million dollar Lone Star Steel plant near Daingerfield, completed near the end of World War II, rumbled into continuous pig iron production last week under privately managed, independent operation. At ceremonies commemorating start of production, Robert M. Littlejohn, administrator of War Assets Administration, hailed the operation as particularly gratifying since pig iron is in such short supply throughout the country. The company holds a three-year lease with option to buy the plant from WAA. All of the first iron output of the plant is destined for the Federal Housing

Authority and will go into new housing throughout the country, according to E. B. Germany, company president.

Simple sales procedure will mark the sale of 132 surplus buildings at the Blackland Army Airfield near Waco, November 13. The public is invited to buy structures eight by eight feet to 20 by 160 feet, including storage type buildings, lavatories, quartermaster warehouses, squadron administration, post exchange, barracks and various other types. It is announced by War Assets Administration as a streamlined sale wherein would-be purchasers only have to be at the sale, bid, pay and receive title "then and there". Buyers may remove buildings the day of the sale and shall remove them within 60 days. Inspection continues until November 12 between the hours of 8:00 a. m. and 4:30 p. m., Saturdays and Sundays excepted.

Proposed Policies and Work Program for West Texas C of C Being Debated

Proposed policies and work program for the West Texas Chamber of Commerce in 1948 are being debated by town groups in the area served by the regional organization as its 1947 convention season—sixth annual of the referendum type—nears the climax.

Announcement from the headquarters office Saturday said reports had been received of local referendum meetings held during late October in 22 of the 140 affiliated West Texas towns. The number is expected to exceed 100 before Nov. 11—Armistice Day—when the directors' assembly will convene at Abilene to register the final and binding vote on all planks in this year's referendum ballot.

promotion of better relations with Mexico.

All planks have been closely gone over at WTCC's eight district referendum meetings held from Oct. 14 through the 24th. Most extended discussion has been on plank 2 advocated by the Agricultural and Livestock commission headed by W. R. Cusenbary of Sonora. This resolves that the regional chamber campaign for adoption of the state constitutional amendment submitted by the last Legislature which, if adopted at the November 1948 general election, will permanently abolish the state ad valorem tax for general revenue purposes, and second, authorize counties by popular vote to levy property taxes up to 30 cents per \$100 valuation for financing their own farm-to-market roads and flood control projects.

Tribune, Morton, Cochran County, Texas, Thursday, Nov. 6, 1947

require that each county's soil and water work tie in with and carry out its share of any existing district conservation program to which it is committed, with its portion of the over-all fund to be spent within the county. Other safeguards call for a definite time limit on the entire program so as to assure relief from the tax after a given period; for explicit breaking down and allocation of the county's tax fund with a 75 per cent ceiling on any one project; and for providing good fiscal control to assure maximum farmer protection and benefits.

If Plank 2 is adopted the West Texas chamber will study out and submit to the next Legislature a proposed enabling bill. Wiley Caffey, president of the West Texas County Judges and Commissioners Association, has joined WTCC's agricultural commission in sponsoring the plank.

HOW MUCH LIGHT is enough to GET GOOD GRADES?

Scientific tests have proved that children can read faster, read longer and remember better when they study under proper illumination. The plain truth is that many children do their lessons reluctantly because their eyes rebel at the hard work of trying to see under poor lighting.

Help your children keep their prized possession. Keep their eyes young. Provide them with a lamp using at least a 100-watt bulb, or preferably one equipped with the 100-200-300-watt size.

MORTON POWER & LIGHT
LIGHT — POWER — HEAT

War Assets Administration is preparing to clear airfields throughout the country of 405 surplus aircraft, including 29 Stearman trainers at the Dallas Naval Air Station, by means of a fixed price sale to veterans and other buyers opening November 12. Veterans may buy from November 12 through December 3. Remaining planes will be offered to other priority groups until December 11, when the residue will go on sale to the general public. Public inspection of planes at all locations has been scheduled for November 10 and 11. The WAA has lowered prices on virtually all of the surplus craft in order to speed their transfer to private owners. All of the aircraft are divided into two categories, set-aside planes which may be purchased for personal use by anyone possessing honorable discharge papers from World War II, and non-set-aside planes which may be purchased by veterans who have been issued WAA aircraft purchase certificates.

Seven buildings from the Dalhart Army Airfield and two auxiliary buildings were recently purchased by West Texas and Panhandle public schools and cities in a recent priority sale of structures. The sale was held by

H. C. Custard of Cleburne, WTCC president, will preside at the 7-hour windup session. It will be an all-business affair with an hour's time-out for the annual assembly luncheon at which C. W. Bailey, banker of Clarksville, Tenn., will be the speaker. Bailey is the immediate past president of the American Bankers Association.

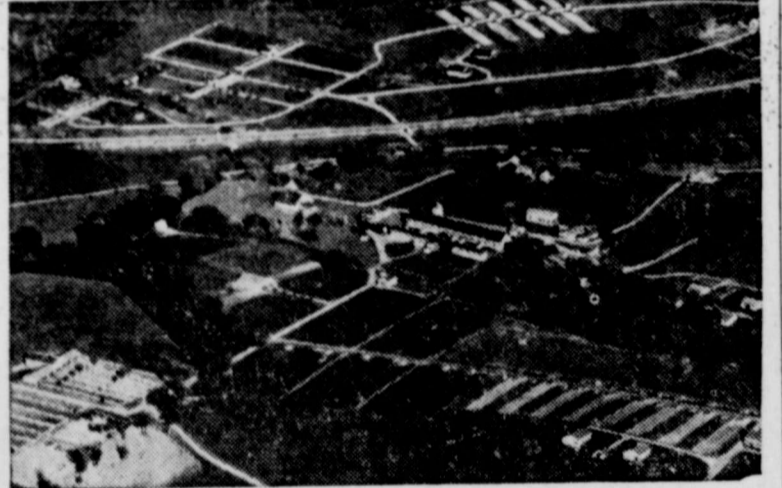

For Rural Life

Policy planks in this year's ballot as presented and recommended for adoption by various WTCC commissions call for work for enhancement of Texas rural economy and life; for parity in freight rates with new comprehensive studies of commodity rates moving raw materials produced in volume; continuation of the West Texas industrialization campaign; security benefits for full-time workers in the area's local chambers of commerce; and

WAA's office of real property disposal. Schools purchasing were Cotton Center in Hale county, Stratford high school, and Dalhart public schools. Cities purchasing were Dumas and Sunray. At a later date, the remaining buildings will be advertised for public bidding and sale for off-site use.

R. K. Lindsey Visited Purina Farm

Purina Research Farm, Gray Summit, Mo.

R. K. Lindsey of the Lindsey Feed and Seed was one of a group of 225 Texas feed dealers who traveled by special train to visit the 738-acre Research Farm of the Ralston Purina Company at Gray Summit, Mo., recently.

One of the largest privately-owned livestock and poultry research projects in the world, more than 45,000 birds and 3,000 animals are studied each year. The Purina research Farm has

pioneered many advanced practices such as year round production of turkeys, dry feeding for calves, life-cycle feeding program for dairy cows, complete dry feed for dogs, special starting mash for baby chicks and other poultry, and many others.

Lindsey saw the grade-stock dairy herd which has doubled its production under the Purina program of careful sanitation, sound management, good breeding and good feeding.

From where I sit... by Joe Marsh

Square Biscuits, Yet!

I see by a neighboring paper, that the round biscuit is on the way out. Yes, sir, home-management specialists have found that the square biscuit lends itself to assembly-line production and easy storage better than those customary ovals.

Well, we're all for progress, but that's one new idea we just don't cotton to. A round biscuit, spread nicely amidst with snappy country cheese, looks like a biscuit! And accompanied by a mellow glass of beer, it's a combination that you can't improve on!

So at the risk of being called old-fashioned, I'm voting for round biscuits, that fit a hungry man's mouth like no square imitation ever will... and for American beer served in the good old-fashioned way, in tall, cool mugs or ordinary glasses, with frosty sides and bubbles winking at the brim!

Think I'll step out to the kitchen for a snack right now!
