VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, MARCH 11, 1948.

NUMBER 2.

Activities Loom For Area; Bledsoe Looks Forward To Expansion Plan

W. Restiff—Avalanche-Journal
BLED SOE, Cochran County—The little frontier community of Bledsoe, situated a scant 15 miles from the New Mexico state line, has the smell of oil in its nostrils and soon may be a busy, bustling oil town. Lights for the black gold is slowly being integrated its way nearer to this small supply community and a road to the south within seven miles of it, over Lea county, New Mexico, is a flowing well. To the south 2 miles is another well, the No. 2.

New Building Completed

Griffiths, who has been in business here since 1931, recently completed a new and modern brick, tile and concrete building, 700 by 100 feet, on the main street of the town and soon will move his business into the new location from his old store near the railroad station. The old store will be maintained as a feed and grain warehouse.

Town Ideally Located

When the play gets heavy in the upper reaches of the Permian basin expansion, Bledsoe stands ideally located to become a boom town. If it comes, the little Texas town will not be the first pinpoint on the map to jump into prominence overnight on the crest of a wave of oil. Already residents of Bledsoe are looking forward to a pick-up of activities. One oil well supply company is reported to have purchased a block of land near the Santa Fe railroad station, where a spur line of the AT&SF ends after running the 75 miles from Lubbock.

22nd. Birthday Celebrated By Borger Monday

Borger American Legion Post, assisted by other civic organizations, observed Borger's twenty-second birthday with an area wide birthday party in Borger, Texas on March 8th. The streets were decorated with banners and welcome signs to greet the many visitors who swarmed in from the Texas Panhandle to celebrate. Two sections of the main street were roped off for concessions.

Funeral Services Held Tuesday For Gilbert Martinez

Funeral services were conducted for Gilbert Martinez, 9 months old son of Mr. and Mrs. John L. Martinez, in the chapel of Singleton Funeral home at 3:30 o'clock Tuesday with Rev. W. C. Wright officiating. Interment was in Morton cemetery.

Development Planned

F. E. Jordan of Clovis, N. M., recently purchased 200 town lots in Bledsoe and plans development of the business district. Lots range in price from \$50 to \$200. Oil leases are priced from \$12 to \$15 an acre and what royalty is for sale surrounding proven areas a score of miles away range from \$30 to \$35 an acre. Ranch land is selling from \$10 to \$15 an acre.

Farm Bureau Membership Drive Underway

Cochran County Farm Bureau Membership Drive is on. One team, E. P. Farmer and E. V. Thompson have obtained 70 new members in a weeks time. Some teams have not been heard from, but two other teams have reported between 20 and 30 new members. Some teams have not gone to work but March 21 is the deadline, as all new members must be reported to state office by March 24th, advises Gene Thompson, secretary and treasurer of Cochran County Farm Bureau. Let us make a good showing and work for that \$10.00 and \$5.00 for 1st and 2nd prizes.

It was a real meeting at Plainview March 8th, on water control program. The farmers voted not to have this control until more information was available. This is the farmers advice after hearing Broodhurst of the State Engineering speak. This kind of meeting will have a lot of weight in the legislature. Stay in there and organize farmers. This is what it takes to be heard in legislative matters advises the secretary, Gene Thompson.

Waco Tire Plant General's Finest

WACO—A Waco businessman who visited Akron, Ohio, traditional tire center of the nation, last month, had a lot of fun with a little quiz game.

He won several cups of coffee by betting several Akron industrialists that they couldn't tell him where the General Tire and Rubber Company's most modern plant is located.

The answer—as a lot of other businessmen are noticing—is Waco.

The city that twenty years ago pulled in the welcome mat when the approach of industry was heard today has a three-block-long tire plant that is rolling out 4,500 shiny new tires a day.

The new plant is still expanding. L. A. McQueen of Akron, vice-president in charge of sales for General Tire, said last month the company is beginning a \$200,000 construction project which will enlarge the Waco plant's capacity by 25 per cent.

The plant, built at a cost of \$6,000,000 in 1944, already covers 390,000 square feet, and is practically a small town in itself, with parking lots and police and fire protection.

It employs 825 Waco people at present, with an annual payroll of \$1,000,000.

The teeming brick buildings and sheds turn out passenger, truck and farm tractor tires in an endless process that reminds most visitors of cooking big round waffles.

Such ingredients as crude rubber, synthetic rubber, oils, carbon black and chemicals are channeled together by a recipe; according to which part of the tire the mixture will be used for.

In four huge Banbury mixing vats the ingredients are thoroughly kneaded, much like dough.

Contrary to most opinion, the larger truck and tractor tires are virtually made by hand. Workmen add ply after ply of the rubber sheeting to a rotating drum, constantly cementing and stitching them together. It takes a pretty husky worker to "build up" the tire.

Since it began operation in January of 1945 the plant has rolled out well over a million tires and is one reason General's 1946 sales reached the highest point in history.

BOYCE HOUSE 'Gives You Texas'

A while back, your columnist visited Fort Davis and met Barry Scobee, author of hundreds of Western magazine stories and newspaper feature articles.

He was a newspaper reporter in Pittsburg, Kansas, and in San Antonio, went to Fort Davis 25 years ago because of his health and has been there almost continuously ever since, except for serving on a freighter plying between the United States and South America during the submarine-menace days of World War II.

Scobee has written a book, "Fort Davis", giving the history of the fort, the ruins of which are being restored to their original state by Judge D. A. Simmons of Houston. Scobee was in his office in the courthouse—(he is justice of the peace)—when I called and he insisted on being my guide and thereby added much to the pleasure of the drive in the November sunshine in air so pure that it almost sparkled—Fort Davis is almost a mile high.

Coming over from Alpine, I had passed peaks in the distance, then had passed others that frowned down upon the highway like the ramparts of a giant castle.

The cottonwoods were glowing in the gold of autumn and my host pointed out different kinds of trees, among them the juniper, which is mentioned in the Old Testament but which I had never seen—to know, at any rate, Scobee is something of an authority on trees. In fact, he brought in 22 different kinds and planted them in the courthouse yard.

He indicated the spot where a party of Spaniards had camped in 1500 and something; we inspected beautiful Indian Lodge (a tourist hotel), and drove to the top of Mt. Locke, where the McDonald observatory stands.

On the spot where scientists study the heavens, I thought of Elbert Hubbard's opening line about the sinking of the Titanic, "It was a night of a thousand stars." One obtains a noble view from the mountain-top, including a range, an estimated 80 miles away, in Old Mexico.

On the way back to Fort Davis, we talked of the Magee expedition when American adventurers drove every Spanish soldier out of Texas and, for brief weeks, ruled a republic of their own.

All in all, a most pleasant afternoon, that one spent in the company of Barry Scobee.

Dudley K. Brummett Announces For State Senator From 30th. District

Dudley K. Brummett, Lubbock Attorney and Army Air Corps combat veteran of World War II, announced Saturday that he is a candidate for State Senator from the 30th. Senatorial District.

Brummett is 28 years of age and married. He is a former member of the Attorney Generals Department of Texas under Gerald C. Mann. He served as an Attorney for the Supreme Court of Texas following his release from military service in October, 1945. Since September, 1946, he has been actively engaged in the general practice of Law at Lubbock and an Instructor of Government at Texas Tech. He is an ex-student of Texas Tech and the University of Texas Law School.

Brummett volunteered for the Army in May, 1942 as a buck private. After training at Mineral Wells, Texas, he was transferred to the Air Corps and trained as an aviation cadet. He later was commissioned a Lieutenant. Brummett flew a bomber plane from the United States across the ocean to England. From there he participated in bombing raids over Germany. He piloted a B-17 Flying Fortress, and, together with his eight crew members, was shot down on his sixth mission over Hamburg, Germany. All crew members parachuted from the burning plane to safety from ten thousand feet, though one crew member was jerked unconscious when his parachute opened and when he struck the ground broke one leg and seven ribs. All members on landing were scattered over a distance of about twenty miles. When Brummett hit the ground he attempted to escape into a nearby forest. He was pursued and fired upon by German soldiers who had seen him come down. Brummett and all crew members were gathered up and became Prisoners of War of the Germans until the end of hostilities. Brummett, together with several thousand other Air Corps Prisoners of War participated in the January sub-zero march on foot through deep snow from Sagan, in the east part of Germany to Spremberg, Germany. The Prisoners of War were being removed out of east Germany to prevent their liberation by the approaching Russian Army invading Germany from the east. They were there crowded into box cars and carried on to Mooseburg in southern Germany, a crowded, infamous and filthy Prisoner of War camp, without heat or fuel, and there kept on a starvation diet. They were there liberated by General Patton's Third Army on the 29th. day of April, 1945. Brummett and his entire crew were immediately flown out of Germany and returned to the United States, which all agreed was the most

blessed country on earth. Brummett was awarded the Air Medal for his bombing missions over Germany.

Brummett stated that in seeking the office of State Senator, "I desire to serve my fellow man in the Senate Hall of Texas. It has been my life ambition to serve in public life." Brummett stated further, "I have but one promise to make in offering myself as a candidate for State Senator, and that is, that when elected I will represent all the people of my district to the best of my ability on every legislative matter that shall come before the Senate of Texas."

Brummett was born and reared in Dickens County. He moved with his parents to Lubbock in 1932. He attended the Lubbock Public Schools and Texas Tech, working his way through school as a grocery clerk with Furr Food Stores for three years of this time. He later attended the University of Texas Law School.

Brummett is a Vice-President of the Junior Bar of Texas, member of the State Bar of Texas, member Lions Club, Member Junior Chamber of Commerce, member Methodist Church, member Texas Prisoner of War Club, member Caterpillar Club, and a Reserve Officer in the Air Corps of the U. S. Army.

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes... she'd named them... they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers... but he figured Sue had put up

with his peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

Cochran Poultry Raisers Urged To Cull Flocks

Many farmers are having their flocks culled in Cochran county by produce men. This is a good idea advises the County Agent. Feed is so high and boarding hens are very undesirable.

Mr. Barnes of Neelyward Community had his flock culled on Feb. 24. When the job was finished, he had 38 percent of the birds culled. The 121 hens which had been culled had been eating the expensive laying mash which Mr. Barnes was buying and feeding.

Due to the world feed shortage, it is time for all poultry raisers to take steps to eliminate this unthriftness and waste, advises the county agent.

There's still room for YOUR name on this calendar

● Not only in one place, but several. Actually, we mean your name along with your farm machines that need checking over and repair work before they go into the fields next season.

You see, this calendar is our Early Bird Service Schedule. And by getting a date on it now, we can both be sure that anything from a checkup to a complete overhaul will be done during the months your machines are idle.

That's the best way for both parties concerned. We'll have plenty of time to do a satisfactory, Blue Ribbon Service job. You'll be insured against breakdowns or lost time during busy weeks ahead. See how it pays to be an "Early Bird"? Line up necessary service work with us now!

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

JUST ROUTINE TACTICS

What about the power of the lie? When a person is sworn to tell lies under the necessity of advancing his own purposes, then it is very difficult for an honest man to know how to deal with that person. This is not a matter of "viewpoint" I am talking about. I refer to the use of the lie in the dealings of men. I mean lack of integrity, as opposed to truth and honesty.

The "good" Communist is sworn to lie. (Unfortunately, all the liars are not in Russia, nor even in the Communist Party in this country. Life would be much more simple if they were.) However, among our so-called liberals, and even the fellow-travelers, there are those who are waking up to the fact that disdain for plain old honesty and integri-

ty is one of the chief characteristics of Communism. I know only one answer to the problem of the lie, and that is: truth.

Morality Needed

If there were only one Communist in the world, folks with truth in their lives could isolate him easily enough. But when you admit the tactics of lying into international relationships, things begin to get complicated. It is indeed a real problem to deal with nations which lack moral integrity, and my sympathies go out to our statesman who have to meet the Communists on international issues.

To illustrate. Shortly after President Truman's message to Congress on European recovery, the Moscow radio announced: "The essence of the Marshall Plan is war." Marshall, the radio said, was out chiefly to assist American monopolies. Mr. Marshall was called the "intimate friend of Wall Street big wigs." It seems that represent Secretary of State Marshall as imperialist, monopolist, oppressor, warmonger is just routine Communist tactics.

Nothing On Merit

Secretary Marshall is not an imperialist, and he is not trying to conduct a program in Europe in the interest of American monopolies, and so on, which fact everyone knows. Even the Russians who were saying those things knew the statements untrue. Their method of defeating the Marshall Plan at that time was to misrepresent it. They didn't dare criticize it on its merits.

These statements were designed, of course, for the American public. To the American public this particular incident was perhaps of little importance in itself. However, it is useful in demonstrating the tactics used by Communists in America for several decades. These men knew at the start it would not be easy to undermine the American way of life. They realized their best method was to cause dissension and friction among groups in America.

See The Methods

The Communists apparently decided that the easiest way to create this friction would be to set labor and industry against each other. To this end they began picking out American industrialists and calling them profiteers and capitalists, disinter-

VA Regional Office Moves To New Location

West Texas Veterans Administration Regional Office is now located in its new modern office building at 1600-24 19th Street in downtown Lubbock, Robert W. Sisson announced.

The regional office, serving 79 West Texas counties, has been located at the Lubbock Army Air Field, 12 miles west of the city since it was activated June 1, 1946.

The office began full operation in its new quarters March 1, 1948. Office hours will be from 8:00 a. m. to 5:00 p. m., Monday through Friday, it was stated.

"Opening of the new VA building will afford veterans of West Texas a more convenient and accessible service. It will provide them with the most modern medical and dental facilities for outpatient treatment and examination. It will enable VA to render the type of service which veterans of this area so richly deserve.

The West Texas Veterans Administration Regional Office,—its entire personnel and all of its facilities—is dedicated to service of veterans and their dependents in carrying out the Mandates of the Congress," Sisson emphasized.

According to the regional manager an official opening, combining open house and dedication ceremonies, is planned for March 26. At that time, all veterans, all service organizations, city, county and state officials, newspaper and radio men, district medical and dental society officials from the region will be invited to inspect the new building.

An extensive program is being planned for the occasion, to which Congressmen from West Texas, both United States Senators, and VA officials from Washington and Dallas are expected to attend.

We want the people of this area to feel free to visit their VA headquarters at any time; however, on the official opening date, March 26, we are making a special effort to give them a genuine West Texas welcome, Sisson explained.

Lehman 4-H Club Members Given Grape Cuttings

Miss Mabel Ann Manley presented Lehman 4-H'ers with grape cuttings at their meeting on February 19.

Procedure for cutting and setting the plants was discussed. Girls present for the meeting were: Misses Vylia Liles, Mauna Lou Liles, Sue Chapman, Margaret Scott and Ruby Whitehorn. A demonstration on making cottage cheese will be given at the March 4 meeting. Mrs. Chapman is sponsor of the group.

ested in the welfare of the worker. They also misrepresented the amount of profits, until many people think industrialists make ten times the profit actually made.

We can see quickly the absurdity of attacks on Secretary Marshall. But perhaps we have been slower to see the lies and misrepresentations used right here in our country against our own people. Our industrialists have worked unceasingly, along with labor, to help raise our standard of living. Only in America do the rank and file enjoy cars, radios, telephones, refrigerators and hundreds of other luxuries. Let's keep our thinking straight, despite Communist tactics.

One who believes stock market prices will fall is a "bear."

Irrigation Farmers Can Save Time By Levelling Land

If farmers will spend a few hours per acre now levelling land preparatory to irrigation, they will save many hours work and considerable water later in the summer, according to Dr. A. W. Young, head professor of plant industry at Texas Technological College.

"Since we are becoming more conscious of possible limitations of the water supply on the high plains, every farmer should make the most effective use of his irrigation water and not permit any unnecessary waste by allowing water to run into lake beds or along the road side," Dr. Young declared.

Vocational Ag. Judging Contest To Be Held at Tech

Vocational agricultural students representing approximately 30 high schools will compete in the 21st annual vocational agriculture judging contest at Texas Technological College April 24, Dean of Agriculture W. L. Stangel announces.

Approximately 650 boys are expected to compete. Judging is divided into six groups, including: cotton classing, poultry, dairy cattle, dairy products, livestock and crops.

LEHMAN NEWS

Mrs. J. W. Pond—Reporter

The Lehman Sunday School suffered a lack of attendance Sunday. Perhaps the beautiful day caused folks to go visiting. Mr. and Mrs. Pond visited some new neighbors Sunday afternoon and invited them to Church and Sunday School. We hope to have a larger crowd next Sunday.

Mrs. Sanders from Lubbock visited with her sister, Mrs. Trapp Sunday.

Mr. and Mrs. Dale Pond and son of Littlefield were dinner guests in the home of Mr. and Mrs. J. W. Pond Saturday.

Mr. and Mrs. Charlie Sanders entertained at a birthday supper Saturday night, February 28, in honor of their son, Bobbie Joe, and Mrs. M. B. Swanner, sister of Mrs. Sanders. Guests were members of both families, Mr. and Mrs. M. B. Swanner and children of Morton and Mr. and Mrs. Charlie Sanders and children.

Mr. and Mrs. Virgil Scott had as their guests Sunday, February 29, Mr. and Mrs. Paul Nichols, Amarillo, Mr. and Mrs. C. B. Maze, Crosbyton, Mr. and Mrs. E. A. Maze and daughter, and Mr. and Mrs. A. H. Maze of Roaring Springs.

Mr. and Mrs. Charlie Sanders and children were supper guests in the home of Mr. and Mrs. W. G. Freeland last Sunday night.

Mr. and Mrs. Henry Owen, his parents and J. W. Pond were business visitors in Clovis Saturday.

Mrs. Don Boles and children, Charles and Zela, Clovis, were visitors in the home of her parents, Mr. and Mrs. J. W. Pond from Sunday until Tuesday afternoon. Mr. and Mrs. Pond took the visitors home Tuesday and spent the night.

Mr. and Mrs. Jack Godwin of Odes s a, Mrs. David LeMonie, Levelland, Mr. and Mrs. Owen Blevins, New Home and Mr. and Mrs. Rodney Ivey visited this week with Mr. and Mrs. Neut Darland and Mr. and Mrs. Bert Darland.

Mr. and Mrs. O. S. Taylor spent last week-end in the home of relatives, Mr. and Mrs. Rice, near Lubbock.

Mrs. Paul Liles entertained with a birthday party for her 9 year old daughter Paula, Friday evening, March 5, at the Lehman School. Cake and cocoa was served to a host of children.

Mr. and Mrs. Charlie Sanders and children visited with relatives in Denver City Sunday.

Jessie Darland, from California, is visiting her parents, Mr. and Mrs. Neut Darland, Mrs. Darland is now confined to her bed.

Mr. and Mrs. Lamoine Keith and Mr. and Mrs. O. B. Huckabee spent the week-end with Mrs. Huckabee's sister and family in Albuquerque.

The Lehman H. D. Club met in the home of Mrs. Euel Prather Wed, March 3. Meeting was called to order by the president, Mrs. P. E. Liles and minutes were read of the last meeting by the Secretary. After business matters were attended to Mrs. W. G. Freeland gave a demonstration on home dying, instructing how to dye material in stripes of different colors.

Games were played and punch, cocoa and cake was served to the following members: Mesdames O. L. Castle, F. L. Fred, W. G. Freeland, E. L. Freeland, John Rhodes, O. S. Taylor, Charlie Sanders, P. E. Liles, J. W. Pond, Virgil Scott, Wanda Pierce and the hostess, Mrs. W. E. Prather

Plea For Traffic Safety Made By Chief W. J. Elliott

W. J. Elliott, chief of the Texas Highway patrol, issued a call to arms Tuesday.

The arms referred to are the kind you stick through car windows to signal your intentions to other drivers.

"Hand signals are a means of self-preservation when you are driving an automobile, as well as a courtesy to the other fellow," Chief Elliott said.

Signals Are Emphasized
He emphasized hand signals as one of the important laws designed to make motoring safer, and appealed for better voluntary observance of the regulation in cooperation with a nationwide "Learn and Obey Traffic Laws" program during February.

Capt. E. L. Posey of the Lubbock district offered these hand signalling tips:

1. Give signals far enough in advance to allow the other driver to adjust himself—at least 100 feet.
2. Hand signals do not justify you in making an unexpected or illegal maneuver. For example, to make a left turn, be in the left lane before you reach the corner.
3. Get both hands back on the wheel before starting to turn.
4. Hand signals are not uniform throughout the country. A safe rule is to be prepared for anything when another driver holds out his hand.

Army Day To Be Observed In Nation April 6

Army Day will be observed throughout the nation April 6.

Public action, to date, indicates that the people want to maintain a strong Military Establishment. People are deeply concerned over world peace, and are disposed to look to their Army as a defender of that peace. Therefore the slogan, "A Strong America is A Peaceful America" is our theme for the day.

The objective for Army Day is to bring before the public the importance of being prepared in the event of any emergency.

All Military Establishments will participate and cooperate in the observance of Army Day. The Regular Army, United States Air Force, National Guard, Organized Reserve and ROTC are a few of the components participating in presenting the complete Army Military Establishment to the country.

This is "Your Army". It must be built and maintained with your cooperation. It is not the "Government's Army"—or the "Army's Army"—but "Your Army". We need your help and cooperation in making the people realize the necessity of a strong and vital Military Establishment to maintain peace in the world.

Mrs. J. H. Chesshir Hosts County Line H. D. Club

The County Line H. D. Club met in the home of Mrs. J. H. Chesshir on Thursday, March 4. Mrs. K. A. Wilson gave an interesting demonstration on tie, wad and plain dyeing.

During a business session Mrs. C. M. Smith was elected delegate to T. H. D. A. and Mrs. E. C. Berry alternate delegate. Mrs. R. C. Cotton was elected council delegate.

Members present for the meeting were: Mrs. E. C. Berry, Mrs. R. C. Cotton, Mrs. K. A. Wilson and the hostess.

Next meeting will be on Thursday, March 18, in the home of Mrs. R. C. Cotton, at which time a demonstration on crocheting and knitting will be given.

MISS NORINE FRAZIER spent Sunday with her parents in Sudan, Texas.

annegrams presents

Warren Wesley Williamson, celebrated his first birthday today, Thursday, March 11. He is the son of Mr. and Mrs. T. K. Williamson and grandson of W. W. Williamson.

annegrams -- by ann england --

We take off our hat, that is we would if we had one, to the members of L'Allegro Study Club for putting on such a nice party last Friday night. The girls did an extra special job on their decorations, the food was good, service excellent and their program delightful.

Naturally we don't remember everyone there but noted at a table for six: Mr. and Mrs. Alvin Wolfenberger, Mr. and Mrs. Jack Nelson and Mr. and Mrs. Albert Morrow.

Mr. and Mrs. Charley Glenn and Mr. and Mrs. Lloyd Evans came in together and occupied a table for four.

Mr. and Mrs. Tom Arnn were there as were Mr. and Mrs. James St. Clair (they don't get out very often, because of the small fry.)

Of course the husbands of the L'Allegros were there to help out. There were approximately 100 guests.

Pretty little Kathryn Vanlandingham and her tall blonde husband, Babe, came in late from Levelland. That was the first time we had seen them since they moved from Morton.

Odessa Williamson helped serve and looked especially attractive in a blue ballerina skirt, red and white checked blouse and red slippers.

Deenie Arnn was wearing a black velvet formal with sequined bodice. Deenie's flashing smile goes a long way toward making everyone happy.

Lois Ruth Hawkins looked charming as usual. She was wearing a Gibson girl skirt and blouse. L. R. is one of those gals with a super IQ.

Yvonne Gipson was wearing a very becoming black net formal. Mrs. R. E. Dunham, a tall slender brunette, was most attractive in a very full skirted checked taffeta, over which she wore a short fur jacket.

Mrs. Paul Goodman, an attractive new comer to Morton, is a member of the club. She was wearing a brown ensemble that was particularly nice with her beautiful black hair and brown eyes.

The four high school youngsters who made up the quartet were very pretty in their "new look" skirts and blouses.

Bobbie and Ronnie Gast, eldest of the six Jim Gast children are always in demand and their little skit brought down the house. Their parents were there and sat at a table with Mr. and Mrs. Jim Carothers.

Mr. and Mrs. M. C. Ledbetter and her mother, Mrs. Mary Gowdy, seemed to be having a grand time. Mrs. G. told us that she was more than pleased that the L'Allegros had decided to have as one of their main projects the junior high library.

Incidentally Friday night was one of our worst as to weather, it was beastly cold and everyone's car glasses were completely frozen over. We went along with Bill and Mickey on account of the spouse was tired.

Mr. and Mrs. W. M. Harryman were just about the liveliest couple at the party. They do seem to enjoy life thoroughly. Mr. and Mrs. H. are the parents of two of Morton's popular young matrons, Mrs. Arlee Barnard and Mrs. O. L. Tilger.

Mrs. Elizabeth Greer called us Sunday eve to offer congratulations for the nice compliment we received in Sunday's Star-Telegram. Several others have mentioned it—needless to say we are about to burst with pride. It came at a most opportune time too as our morale had reached a new low. Thank you so much, W. C. S.

Sometime we hope to do something colossal enough to impress the spouse—maybe then he will stop talking about trading us off.

Jack Rice has suggested that we dress more in keeping with our position as editor of the Tribune. Jack probably means smart suits and stuff but so far we haven't been able to bring ourselves to dress our age. One of these days though we are coming out in something that will be strictly whistle bait and if that doesn't work we will just give up, and convert to matronly attire.

Since the weather cleared, Tye Williamson is afraid his dad won't return from Wichita in a hurry. It seems the cabin and fishing at Lake Kemp are almost irresistible to Mr. and Mrs. W. W.

The M. C. Ledbetters had a birthday dinner for his grandfather last Sunday. The elder Mr. Ledbetter is a true southern gentleman from Tennessee—from Ledbetter, Tennessee mind you. Next week we will have a picture of Mr. L. in the paper.

Of all the moving around that took place last week, Tom Morgan moved into his house that the W. B. Evans had been living in; the Evan's bought and moved into the Jess Burns home and the Burns moved to the Vanlandingham home that had been occupied by the Morgans. Van Greene who had been rooming with the Burns moved to an apartment at Tolliver Courts. All of which reminds us more or less of that old ditty, "The Music Goes Round and Round."

Carl Garner, Publisher of the Van Horn Advocate, and an old friend of ours, finished up 22 years on the Advocate last week. Congratulations Mr. G. We don't think we will be able to hold out that long, but then you did get a head start on us.

ATTENDED WEDDING PARTY
Mr. and Mrs. Albert Morrow were in Plains, Texas last Saturday where they attended a big party in honor of the fiftieth wedding anniversary of Mr. and Mrs. Marion McGinty. The McGinty family are old time friends of Mrs. Morrow.

NOTE OF APPRECIATION
To all of you who have sent greetings and gifts many many thanks. It is impossible for me to answer all personally, but I do want each and everyone of you to know that your kind expressions have made my stay in the hospital very pleasant.
Sincerely,
Treva Jo Thompson

J. B. Knox Home Scene of 1936 Study Club Meet

1936 Study Club met Wednesday in the home of Mrs. J. B. Knox with Mrs. H. S. Hawkins presenting the Texas day program.

The president, Mrs. Joe Gipson, presided during the business session. Mrs. C. M. Cravy gave a report on some of the activities in which the club has participated which included programs on Adult Education and contribution of the club to higher education.

The program, "Let us be Practical about Peace" by Mrs. J. D. Hawthorne was chosen as the outstanding program of the year and it is to be sent to Federation Headquarters.

Mrs. Pat Hatcher was appointed by the chair as cancer chairman.

A paper on comparative government was given by Mrs. P. B. Ramby.

Mrs. Hawkins gave a very clever program on Texas, discussing trees, products and cities of the state.

"Texas in the Spring," was beautifully sung by Mrs. Billy Proctor, accompanied at the piano by Mrs. David Todd.

The program was concluded by members singing, "Texas Our Texas."
Mrs. Todd played piano selections while Mrs. Knox served a delightful refreshment plate to the following members and guests: Mrs. Jess Burns, Mrs. Charles Cravy, Mrs. Truman Doss, Mrs. Joe Gipson, Mrs. Mary Gowdy, Mrs. Scott Hawkins, Mrs. Pat Hatcher, Mrs. M. C. Ledbetter, Mrs. R. C. Strickland, Mrs. Albert Morrow, Mrs. F. F. Roberts, Mrs. James St. Clair, Mrs. H. S. Hawkins, Mrs. J. D. Hawthorne, Mrs. Hume Russell, Mrs. Elizabeth Greer, Mrs. Roy Weekes, Mrs. Billy Proctor and Mrs. David Todd.

VISITED BRO. BULLARD

Mac W. Hancock visited with Rev. Jack Bullard at Phillips-Dupre Hospital, Levelland, Monday night. Rev. Bullard is reported in good condition and expects to come home next week.

Mrs. Barnett and Mrs. Luker injured in the same car accident with Rev. Bullard are both doing well.

VISITED IN DALLAS

Roy Smith was a visitor in Dallas Monday and Tuesday of this week. A. D. Forehand helped out in the Smith Furniture Store while Roy was away.

STATIONED AT OCEANSIDE

Billy Deavers, Morton High School graduate and son of Mr. and Mrs. B. R. Deavers is now stationed with the Marines at Oceanside, California.

Billy has finished a course in radio and is now studying tele-type.

FROM HEREFORD

Mr. and Mrs. B. M. Sudduth of Hereford, visited here briefly Tuesday with their daughter, Mrs. English Cox. They were enroute home from a trip to Lubbock.
