"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, APRIL 29, 1948.

NUMBER 9

## Morton FFA Boys Placed High In Judging Contests

Morton FFA boys attended two judging contests recently and placed high on the list of winners.

At a district contest, held in Mulshoe April 17, the local chapter competed against teams from Anton, Spring Lake, Leveland, Littlefield, Three-Way, Mulshoe, Olton, Sudan and Sundown. Poultry, Crops, Livestock, Dairy Cattle and Dairy Products were judged.

Morton's judging team, composed of Walter New, N. H. Steed and Verle Webb took top honors in the poultry division. The livestock team, made up of Billy Ford, J. B. Carter and Leroy Wilson won fourth place. Second place went to the local crops team, composed of Vaughn Killian, Clarence Moore and Clifford Wall.

More than 80 schools and 700 boys competed for Sweepstakes Honors of the Texas Tech Vocational Agricultural judging contest held in Lubbock the following Saturday. Verle Webb tied for second place in poultry judging and Clarence Moore took second place in poultry judging and Clarence Moore took second honors in the commercial grain grading event.

Andrew Essary is director of agriculture and livestock classes in Morton schools.

## COOPERATION OF HOUSEHOLDERS IN ENFORCING SANITARY MEASURES URGED BY HEALTH OFFICER

In speaking to a group of women at the high school auditorium Tuesday afternoon, Dr. W. S. Dove, City Health Officer, urged householders to cooperate with city officials in enforcing sanitary measures.

In outlining a sanitary improvement program Dr. Dove pointed out the presence of 181 outhouses within the city limits of Morton, 13 places where either cows, horses or pigs are kept and unsanitary garbage cans in

practically every backyard in town; "all of these conditions constitute a health hazard," he said.

"The ordinary house fly is an enemy to health, and is one of the agents responsible for the spread of disease," speaking in this connection Dr. Dove suggested the citizens, particularly housewives, stand adamant in their demands that the city commission enforce existing ordinances regarding these sanitary nuisances.

The women present wholeheartedly agreed to cooperate with the health officer and the city commission by circulating petitions to that effect. After the petitions are signed they will be sent to the city commission.

Six women present volunteered to canvas the residents, who have on their premises out houses, in order to get their permission to have these as well as other sanitary nuisances sprayed twice weekly.

Mrs. Roy Hill and Mrs. Hume Russell will canvas the south-

east and northeast portion of town; Mrs. Andrew Essary and Mrs. L. F. Hargrove, southwest; Mrs. M. C. Ledbetter and Mrs. Mark Kennedy, northwest.

All householders are urged to provide standard size garbage cans equipped with tightly fitted lids. The city of Morton will be asked in the petition, to provide adequate garbage pick-up service and an employee to spray outhouses and other sanitary nuisances.

## Masten Donates \$100 To Two 4-H Club Members

F. O. Masten, prominent Cochran county farmer and rancher, has donated \$100 to be divided between the two 4-H Club members that are chosen to attend Boys and Girls State in Austin.

The girl to make the trip has not been selected. Charles Farmer has been chosen to attend Boys State June 6-13, representing Cochran county 4-H Club.

Mr. Masten is donating \$250 to the 4-H and FFA Fat Stock Show awards, in addition to the other prizes. The combined awards should bring keen competition to the show in Morton Saturday.

## General Requests Presence Of Local Soldier At Texas Tech Dedication

J. L. Hudson, brother of Mrs. B. R. Stovall, expected to attend dedication ceremony.

A reunion of two World War II campaigners, one a more or less obscure "citizen soldier" and the other a world famous professional, may take place when Major General Andrew D. Bruce, deputy commander of the Fourth Army, Fort Sam Houston, arrives at Texas Tech May 2 for the

dedication of Memorial Circle. The meetings will be between Gen. Bruce and Sgt. J. L. Hudson, who was assigned as his personal chauffeur while he was stationed in Korea, and will be by the General's request.

In a telephone conversation with Lt. Col. O. V. Adams, professor and head of military science and tactics at Texas Tech Gen. Bruce stated that Hudson was "one of the sweetest boys I have ever known and I would like very much to see him when I come to Lubbock."

Gen. Bruce has also announced a change in the subject of the address he will deliver at the ceremony. Instead of "The Importance of the College in a Community," he will speak on "National Security."

The circle on the Texas Tech campus is being dedicated under sponsorship of the Tech War Veterans Association to all whose service has brought honor to college and country and will apply to both those in the past or who shall render such service in the future.

## Al Dexter Band To Make Personal Appearance Here

Al Dexter, writer of "Pistol Packin' Mama," and his Columbia Recording Band will appear in person at the Roller Rink on Thursday night, May 6.

Dexter is on a cross-country tour but, because his popularity in Texas is so great, Al has set aside a special number of days which he will devote exclusively to Lone Star State appearances.

Although Al Dexter's own recording of "Pistol Packin' Mama" sold more than two million copies and is still considered the greatest all-time hill-billy hit song, Dexter has not rested on his laurels. In the past year, Dexter has turned out such hit records as "Wine, Women and Song," "Guitar Polka," "Down at the Roadside Inn" and "Rock and Eye Rag." In the coast to coast Western Hit Parade, the name of Al Dexter appears regularly. On juke boxes all over the nation, and on hundreds of radio stations, the hit records of Al Dexter are played every day.

The temporary lull in recording has given Al Dexter an opportunity to take his great band across the country to play for the thousands of dancers who until now have known him only through his records and film appearances. On the Bandstand with Al will be many fine entertainers. Al himself will sing "Pistol Packin' Mama" and many of his other hit songs.

## Morton School Band Concert Postponed

Due to conflicting entertainment the Band Concert scheduled for Thursday night has been postponed. Prof. Harry LeMaire announced this week.

Prof. LeMaire said the concert would probably be given on Friday night, May 14.

MR. and MRS. M. C. LEDBETTER and four children returned Sunday after a week's vacation spent at Hot Springs, N. M.

## Two Abilene Men Sentenced In Court Monday

Two Abilene men were sentenced to three years each in burglary charges in District court Monday morning, Judge Dan Blair presiding.

Matthews and Wilson were sentenced to three years in jail, minus the four months they have already served prior to trial, for the burglary of the Igo car in Morton Christmas week.

Melvin E. Hindman, also of Abilene, allegedly implicated in the same case, was dismissed because of insufficient evidence.

The murder trial of I. G. Golden, 62, Morton negro, was postponed until the next session of court, with no definite date set.

The Griggs case, charging removal of mortgaged property from the county, was also postponed.

District Attorney Lloyd Croslin and assistant District Attorney E. G. Pharr represented the state in the burglary case and the law firm of Denton and Salyars, Lubbock attorneys, defended the accused men.

Deputy Sheriff Ed Hatch of Lamesa was a key witness in the burglary case. He was responsible for the arrest of the two men who were sentenced Monday.

## Quarterback Club Organized At Meeting April 26

A Quarterback Club, composed of local men interested in athletics, met at the high school Monday night, April 26, for the purpose of organizing. A general discussion of various ways to encourage and assist the athletic program was discussed.

Charter members of the organization are: M. C. Ledbetter, Gayle Bishop, P. B. Ramby, Alvin Wolfenberger, Hume Russell, Roy Alsup, Raymond Strickland, Carl Macon, J. W. McDermett, Earl Crum, Fred Morrison, R. C. Strickland and E. E. Sanders. Officers elected were: M. C. Ledbetter, president; Gayle Bishop, vice-president and Raymond Strickland, secretary.

The entire membership was appointed as a committee to solicit new members.

The Quarterback Club plans to undertake the project of sending football boys to a training camp before the fall school semester begins. This training, if supplied to the boys, will enable them to play a good game of football from the very start of the season, inasmuch as it gives them about two weeks of rigid training under the strictest possible training rules.

Boys and girls participating in the various High School athletics will be encouraged to meet with the club and present their problems to the members. The club, in turn, will attempt to help the coaches in seeing that school training rules and schedules are adhered to.

In order for the Quarterback Club to be of any real help to Morton, so that the community can have an athletic program of which everyone are all very proud, the club must have the full cooperation of every citizen in our community. It is therefore urged that anyone interested in the school athletics contact one of the members and work with the Quarterback Club.

Preston E. Smith, state representative from the 119th district, has announced his candidacy for re-election.

## City Commission Held Regular Meeting April 26

Mayor T. L. McAlister, Commissioners L. W. Ray, L. F. Hargrove and City Clerk, W. K. Whitman, met in regular session at the City Hall, Monday evening, April 26.

Routine business matters were attended to, with considerable discussion among the group on plans for the future improvement of Morton.

New City Officials L. W. Ray, commissioner, T. L. McAlister, Mayor, and L. F. Hargrove, commissioner. The three city officials took office Monday, April 19.

Attending the first official meeting of the new City Council of Morton were Dr. W. S. Dove, City Health Officer, Mrs. Carl England, editor of the Morton Tribune, Comm. L. W. Ray, Mayor Tom McAlister, Comm. Luther Hargrove and W. K. Whitman, City Clerk. The meeting was held in the new city hall. —Tribune Staff Photo

## RECORD NUMBER OF STOCK TO BE EXHIBITED AT SHOW SATURDAY

The finest array of FFA and 4-H livestock in this area will be shown here Saturday at the annual Cochran County Livestock Show. The exposition will be sponsored by the Morton Chamber of Commerce. This will be the twelfth such show under the civic organization's sponsorship.

Youthful exhibitors will compete for prize money totaling approximately \$800.00, consisting mostly of donations by local business men.

In addition to Future Farmers of America and 4-H Club exhibits, Cochran county farmers and ranchers will show cattle in the open Shorthorn and Jersey breed classes.

The Cochran County Fat Stock Show will be held in Morton Saturday and plans are being completed to take care of the record number of stock that is expected, according to County Agent Homer E. Thompson.

Livestock to be shown include 4-H and FFA beef calves; 4-H and FFA swine, consisting of

gilts, sows, boars and sows and litters of five or more.

In the open class, permitting entries from anyone in the county, Jersey and Shorthorn cows, heifers and bulls will be shown.

Both registered and ordinary breeds will be shown in two classes, junior, under 880 pounds, and the senior class, over 880 pounds, subject to change, depending on the average weight of livestock received for entry.

The Sales Committee will determine the location of the sale of the stock and the time, probably early in the week following the show.

A larger crowd is expected for this show than in any previous year.

## First Good Rain Of Season Fell Last Wednesday

Last Wednesday's thunder shower and the evening's slow soaking rain was the first moisture of consequence this year.

The local Soil Conservation District reported .56 inches in the afternoon and .65 inches during the night, bringing a total of 1.21 inches of rain in the city limits.

Reports from farmers indicate that the rainfall was not general over the county. Truman Smith, 5 miles northeast estimated he received more than two inches; Tom Brown, just south of town reported 1 1/2 inches and H. B. Abbe, 12 miles northwest of town received about one inch.

## Prize Money For Winners In County Fat Stock Show Sat. Announced

by County Agent County Agent Homer E. Thompson said the way the prize money is coming in that it looks like the awards will be about as follows:

Grand Champion Calf about \$75 to \$110; Reserve Grand Champion Calf about \$40 to \$70; Third Grand Champion Calf about \$15; Fourth Grand Champion Calf about \$10; Junior Fat

Calves: 1st prize, \$25; 2nd prize, \$20; 3rd prize, \$15; 4th and all others, \$10.

Best pen of three calves, \$40; second, \$35; Third, \$30; Fourth, \$25.

Registered Jerseys: 1st, cows, \$10; 2nd, cows, \$7.50; 3rd, cows, \$5.

Open classes to all. Jersey Heifers: 1st, \$10; 2nd., \$7.50; 3rd, \$5.

Registered Shorthorn: 1st, cows, \$10; 2nd., cows, \$7.50; 3rd., cows, \$5.

Shorthorn Heifers: 1st, \$10; 2nd, \$7.50; 3rd, \$5.

Bulls Jersey: 1st, \$10; 2nd, \$7.50; 3rd, \$5.

Bulls Shorthorn, 1st, \$10; 2nd, \$7.50; 3rd, \$5.

Unregistered class of Jerseys and Shorthorns about the same as registered class above depending on the money collected, advises the County Agent.

Swine for 4-H and FFA only. Best gilts of the 15 free given away sponsored by the Chamber of Commerce, Morton: 1st gilt gets, Registered Dairy Heifer; 2nd, gilt gets, \$50. War Bond; 3rd, gilt gets, \$25.

The gilts sows, litter of 5 or more and boars are as follows in the two open reg. classes: 1st, \$15; 2nd, \$12.50; 3rd, \$10, 4th, \$7.50; 5th, \$5.

Be in Morton Saturday, May 1 and let us back our producers. James A. (Hank) Gowdy of Arch, N. M., will try to be here for our show. He has some calves for sale now and is giving away his free one to the winning boy again this year. Thanks, Hank said the County Agent.

Now boys let's get to thinking now about more calves for the show next year. Now is the time to select them advises County Agent Homer E. Thompson. These calves to be shown Saturday will be sold Tuesday, May 4, by the Lubbock Auction and Commission Co. advises the Sales Committee. Have the calves in Lubbock by 9:30 a. m. on Tuesday advises Tom Morgan, chairman of the sales committee.

## Installation of PTA Officers To Be Held Mon. Night

Morton P. T. A. will meet Monday night, May 3 at the high school auditorium, eight o'clock. New officers will be installed and a program presented by the kindergarten class. A social will be held during this meeting.

## VISITORS IN BARRETT HOME

Visitors in the L. W. Barrett home last week were his brother, Herbert Barrett of Canyon and his two daughters and their husbands, of Claude, Texas and Chicago, Illinois.

## Two Boys Injured In Scooter Mishap Monday Evening

Burl Deavers, Jr., and Sonny Hudson received painful injuries Monday evening about six when the motor scooter they were riding was in collision with a car driven by Claude Hale of Lubbock.

The two boys were headed east on the scooter with Hudson driving when the scooter and the Hale car traveling south collided at the intersection of East First Street and Washington.

The two boys were taken to the hospital immediately following the accident. Attending physicians report condition of both as good. Burl, Jr., son of Mr. and Mrs. Burl Deavers, received one broken bone in his left leg and torn muscles and tendons in the left foot. Sonny, son of Mr. and Mrs. Ray Hudson, suffered a concussion and multiple bruises.

## Spanish Fiesta To Be Held Tonight At Veterans Hall

The stage is set and everything in readiness for Morton's second annual Spanish Fiesta to be held tonight (Thursday) 8 p. m. at Veterans Hall, under the sponsorship of the American Legion Auxiliary.

The Fiesta climaxes Pan-American programs held here and over the states as a good will gesture toward better understanding and promotion of good will between the peoples of North America and those "South of the Border."

Members of the Auxiliary have worked tirelessly to bring the public an evening of good entertainment, the hall is beautifully decorated, a superlative menu has been prepared and the welcome mat is out.

The entire family will enjoy the food and program at tonight's party—be there.

## Monday Night Scout Meeting Well Attended

Approximately forty Scouts saw the movies, "Tornado Town" and "Danger is Your Companion" at the scout meeting held at Veterans Hall Monday evening.

The pictures were furnished by the American National Red Cross and were shown by Carl England, publisher of the Morton Tribune. Scout Leader, Bob Dunham, and the scouts expressed their appreciation to Mr. England and the Red Cross for the show.

At the conclusion of the scout showing Zeke Sanders took the films to the high school auditorium where they were shown to the Quarterback Club.

## GORDAN HOOD HONORABLY DISCHARGED FROM ARMY

Gordan Hood has been honorably discharged from the United States Army after two and one half years of service. He served on Guam for eighteen months. He returned to Morton last Saturday.

**New Wildcat For  
 County Slated  
 To Start Drilling**

A new wildcat for Cochran county is scheduled for immediate drilling. It is to be the Bay Petroleum Corporation and John Darden No. 1 R. E. Gardner. The prospector is to be located 330 feet from north and east lines of tract 19, FO sub-division 2, and is three miles west of Anderson-Fritchard No. 1 Veal. The Veal well was recently completed and is an extension of the Leveland field. Contract calls for 5,100 feet and will explore into the San Andres section of the Permian. Rotary tools will be used on the project.

Cities Service Oil Co. No. 1-C Masten, 10 miles southeast of Bledsoe had drilled past the 4,000 feet mark early this week and was coring ahead in anhydrite. Anderson-Fritchard Oil Corporation No. 1 Ford Hawkins, wildcat in central Cochran has conflicting reports of being a dry hole and a light producer. Official reports late last week indicated that the well had been drilled near 5,000 feet and had shown some signs of possible production. It was expected to be completed as some sort of oil well.

Production tests are not available on Atlantic No. 1-B F. O. Masten, one quarter of a mile west of a recently completed pumper 16 1/2 miles west of Morton. A pump was installed over the hole, which was drilled to a total depth of 5,080 feet.

**TRACTORS VS. FARMERS**

Back in the early twenties it was a case of the tractor vs. the horse. Ole Dobbin was a thoroughly reliable means of power and could be depended upon when the going was tough. Farmers were a bit sceptical about tractors. Too easy to break down or get bogged in heavy soil, they believed.

Experience proved that these early impressions were false. American ingenuity built tractors that were rugged, dependable, and easy to operate. Record-breaking crop yields and new prosperity came to the farmers of America. Today more than 3,000,000 tractors being operated on the Nation's farms testify to the fact that "the tractor is here to stay."

Tractor manufacturers did their job well. They built tractors that "could take it." They built mobile power units that can do the work of forty horses—that are capable of still doing an efficient days work long after the average horse is ready for "going to pasture." But these tractor manufacturers overlooked one important point. A tractor is only as efficient as the farmer who operates it. In the old days both Dobbin and the farmer were ready to quit at about the same time. But a tractor never tires.

A tractor keeps going as long as there's somebody at the throttle. It is still fresh at the end of the day. But what of the farmer who drives it? Tractor riding is known to be the roughest, toughest, and fatiguing experience there is. In most cases, after a day of tractor operating, farmers are ready for Sloan's liniment. The tractor can take it but they can't.

So the situation became—tractor vs. farmers. This was what prompted the World's largest manufacturer of ride control products—a Michigan firm who specializes in providing smooth-riding for most of the popular makes of automobiles—to produce a tractor seat that would substitute "easy-chair" comfort for the aches and strains of tractor riding.

One out of every eight tractors now being operated on farms throughout the country, are equipped with tractor seats. And more and more farmers are realizing that they can win a decision in the tractor vs. farmer clash—a decision that means "easy-chair" tractor riding, better health, more safety, and up to twenty-five percent more tractor mileage, resulting in that much more profit.

**BIG UNIONS DON'T  
 LIKE THE LAW**

"Labor's Goal: To Repeal Taft-Hartley Law." That is the declaration in big, black type in the AF of L Weekly labor publication. John L. Lewis goes on another coal strike spree.

Evidently Congress has sound reasons to believe that the claim that the rank and file of union members believe the law is a

good one. If it wasn't a good one it never would have gotten through Congress in view of the flight of President Truman to defeat it with his veto.

Now let's look at the historical facts, and find out just how the Taft-Hartley Labor Law was enacted.

"The Taft-Hartley 'omnibus' labor bill was the result of almost five months of deliberations among the leaders of the Republican majority in Congress. Each of the two chambers passed separate bills, the House the Hartley bill (April 17) and the Senate the Taft bill (May 13). A joint conference committee drafted a compromise measure (May 29) which was passed by the House (June 4) by a vote of 320 to 79, with 217 Republicans and 103 Democrats voting for it and 12 Republicans, 66 Democrats and 1 American Laborite against it. The Senate approved it (June 6) 54 to 17, with 37 Republicans and 17 Democrats for and 2 Republicans and 15 Democrats against. President Truman vetoed the bill (June 20). The House overrode the veto the same day, 331 to 83, with 225 Republicans and 106 Democrats voting to override and 11 Republicans, 71 Democrats and 1 American Laborite voting to sustain. The Senate also overrode the veto (June 25), 68 to 25, with 44 Republicans and 20 Democrats voting against the President and 22 Democrats and three Republicans upholding him."

Publishers, and the New York Stock Exchange have labor troubles and strikes.

**WEEK-END WITH PARENTS**

Misses Lura and Pat Taylor of Wayland College, Plainview, Texas, spent the week-end here with their parents, Mr. and Mrs. Walter L. Taylor and sisters, Clara, Dorothy and Jimmie.

MR. and MRS. CARL RAY visited in Dallas and Azle, Texas from Friday through Monday.

## Knowledge And Facts Of Poliomyelitis Will Help Fight Fear Of The Disease

AUSTIN—The danger of crippling and death from poliomyelitis is very real and should not be minimized, but according to Dr. Geo. W. Cox, State Health Officer, a knowledge of the facts about this disease will help fight the fear of it, and aid in preventing the panic that is usually associated with the appearance of polio.

The facts about polio are these: It attacks so few people that 20 cases per 100,000 population is considered an epidemic. Half of those who get the disease recover without crippling; another fourth, with good care, recover with only slight crippling. Deformities can be prevented and crippling

lessened in many cases, by prompt, complete and sometimes prolonged medical care.

Even though these encouraging facts have been established, still with polio as with any other disease prevention is better than cure. Summer is the chief danger period, and to avoid the risk of contracting this disease, it is well to observe the following health suggestions, especially with regard to children: practice absolute cleanliness in personal, home and community life; try not to mingle with crowds; don't get over-tired since extreme fatigue lowers resistance; avoid chilling by swimming overlong in cold water; consult your doctor at once if a member of your family has fever, headache, nausea, a cold, upset stomach, muscle soreness or stiffness.

Following these suggestions will help to prevent the spread of polio but if you do have a case in your family, remember that the majority of patients with good care recover without crippling. Your fear or panic will only make it harder for you and your child.

## Brunson-Bundrant Wedding Vows Read In Lubbock

The recent marriage of Miss Ollene Brunson, daughter of Mrs. O. R. Brunson, and Luther A. Bundrant, jr., son of Mr. and Mrs. L. A. Bundrant, Lubbock, was announced by Mrs. Brunson last week.

Rev. Floyd Dawson of the Lubbock Four Square Gospel Church read the ceremony. The bridal couple was attended by Mr. and Mrs. Ed Brundrant of Amarillo.

The bride chose for her wedding a light blue silk dress with which she wore blue and white accessories. Her bridal corsage was an arrangement of red rose buds. She carried a shell purse brought to her from Guam and wore a lucky penny in her slipper.

Guests at the wedding were the groom's parents and the bride's mother, also Mr. and Mrs. Fred McCrummen, Lubbock, Misses Louise Gibbons, Goodland, Billye Burns and Christine Hutchinson, both of Lubbock, Margie Edwards, Post, and Jack Bundrant of Goodland.

The young couple will make their home in Amarillo.

 "One Person tells another"

-- **annegrams** — by ann england —

Noticed in writing the Chamber of Commerce report last week that Earl Crum was left off one of the committees. It hadn't occurred to us before that Earl was slipping so badly.

The spouse gave a pre-view Friday evening of the two movies sent out by the Red Cross. "Tornado Town" and "Danger is Your Companion." One certainly has a keener appreciation of the grand work done by the Red Cross after seeing these two pictures.

Roy Weekes and wife, Dortha, were visiting the gals that eve so the four joined us for the pictures. As we have come to expect the spouse wound up the show with his favorite "Movie of the Month."

Treva Thompson came by for a few minutes Sunday, she looks so well after hospitalization at Gonzales Warm Springs. Apparently she has recovered entirely from the paralysis suffered last fall.

Our cup is overflowing—last week we were introduced by Tye Williamson at Lions Club without having to bribe him to do so and the spouse without even being asked read one of our stories and said, "that is good." We were speechless and too we saw no particular advantage at that point in telling him that we had clipped about half of the story from another newspaper.

Then on top of everything else on Sunday we received a letter from George Mahon that read: Dear Ann:

I have been reading in the paper about you and have seen your picture. We must keep Morton on the map! I don't see you folks often but I haven't forgotten you and I wish you and Carl every happiness and success.

Yours cordially,  
 George Mahon.

Well George has one vote he can count on for sure.

Saw Mrs. W. E. Angley shopping for spring materials last Saturday. We are always so happy to see Mrs. A able to be out in town. She says the kindest and most flattering things to us and we love it.

Not long ago the spouse received a letter from Mr. Stanley Marcus of THE store in Dallas asking for his favorite recipe, preferably one or more for canapes, hors d'oeuvres, sauces etcetera.

Since his favorite menu is composed of meat, bread and potatoes we thought of asking Pop Hodges of Littlefield for his successful steak sauce.

Saturday eve we dined over there with the Hodges and the steaks Pop prepared were out of this world. Forrest Weimhold and his clever wife, Ruth, of Level-land, were also there.

We have mentioned this on numerous occasions but want to say again that we'd like very much to have all club reporters turn in club news after each meeting. The same goes for all churches, and civic organizations. Obviously we cannot get around to everything and unless the club reporters function the Tribune is apt to miss publishing some good local news.

Chief requisite in turning in news is to have complete names, date of meeting, where, program, and any thing else that might prove of interest.

Another thing if you have guests, a party, a baby or if you go somewhere we'd like to know it. So if you have any local news—please call or come by the Tribune office.

Somebody drives a truck, license number RB 5345, in the most careless manner we ever saw, right around the square too. Whoever you are won't you please be careful. You may not be very fond of your own neck but most of us care a great deal for ours.

Jack Rice and James St. Clair certainly pleased us by letting us

**SAVE USED FATS!**

HELP YOUR COUNTRY... HELP YOURSELF!

There is still a very real need for every ounce of used fats we can salvage. The world-wide shortage is greater today than ever before. Please . . . keep saving and turning in your used kitchen fats. P. S. Yes! you do get paid for them . . . and you know how ready cash counts today.

Keep Turning in Used Fats! American Fat Salvage Committee, Inc.

have their dollar day copy on Friday and Saturday, respectively. Both of them were quite nappy with their first dollar day. We'd like very much to take advantage of some of their store specials but then we never have a dollar.

Saw Tom Neal looking tired and worn out last Friday. He explained that since Mr. Weed's illness he had been doing the night watching as well as his day time job of City Marshall. However we believe S. T. Cox has now taken over the night watch.

People say the strangest things. Last week we asked Van Greene if he'd decided when and whom he'd marry; his answer was that he had decided on the former but not the latter.

Wilma Morrison flattered us by asking to have her ad on the page with this column (Minnie usually requests the same page too). Not only that but Wilma gave us a chance to guess the blacked out record Saturday. Of course we couldn't, the only one we are really sure of is Guy Lombardo and His Royal Canadians playing "All at Once" with Kay Armen on the vocal.

Oh, dear—we still have those Fiesta tickets to peddle.

**Enochs H. D. Club Meeting Held In Dutch Cash Home**

Enochs H. D. Club met with Mrs. Dutch Cash last Thursday afternoon with fifteen old members, one new member and one guest present.

Roll Call was answered by a good deed performed by each member.

A demonstration on desserts was given by Mrs. Williamson. The club women plan to give a play at an early date, arrangements were made to that effect during the afternoon meeting.

The hostess assisted by Mrs. Williamson served a delicious refreshment plate to the group.

Mrs. J. E. Autry will host the club on May 13. Each member is requested to bring a pot holder for the grab box.

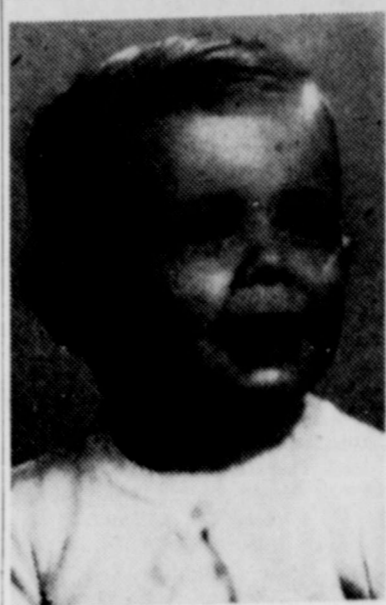

**NEW CITIZENS ARRIVE**

Four baby girls have arrived at West Plains hospital since April 20. Parents and date of baby's birth: Mr. and Mrs. Alton Chaney, April 20; Mr. and Mrs. Weidon Simmons, Whiteface, April 23; Mr. and Mrs. P. K. Lane, Whiteface, April 25, Mr. and Mrs. H. C. Toombes, Maple, April 28.

Ross Shorter of Whiteface was a visitor in the home of Mr. and Mrs. Bill Harris Tuesday night.

Cedar Chests Make Nice Graduation Gifts—Todd Furniture.

—annegrams presents—

David Ross, son of Mr. and Mrs. Raymond Ross. David will be three years old November 2. His grandparents are Mr. and Mrs. B. N. Graham of Farwell and Mrs. W. T. Ross of Plainview.

**Virginia Doughty Attendant To Rodeo Queen**

Miss Virginia Lee Doughty and her mother, Mrs. Dona Doughty, returned Monday from Oklahoma City, where Virginia was one of the attendants to the rodeo queen.

Virginia rode in the parade which was declared one of the longest in Oklahoma City's history. It took two and one half hours for the parade to pass, there were 1500 horses, more than 100 units and 5,000 persons participated.

The queen and attendants were feted by the Chamber of Commerce at a luncheon on Wednesday, at which the C of C also honored the old timers.

Event number 1 on the rodeo program was the grand entry. Introduction of visitors in the grand entry was made by Oklahoma's Governor Roy J. Turner and included Miss Doughty. She with the other attendants and queen were honorees at many events during the week of the 89'er celebration. Virginia has been invited back to the rodeo next year.

**CARD OF THANKS**

We want to thank our friends of Morton for the courtesy they extended during my wife's illness and especially the four citizens which donated their blood: Deputy Sheriff Herman Crockett, Proff Angley, Lloyd Evans and Arlie Barnard.

Sincerely,  
 Mr. and Mrs. O. L. Couch and family.

**Red Cross Chapter  
Reorganization  
Scheduled May 4**

M. C. Ledbetter, county chairman, announced this week that a meeting will be held in the court house here next Tuesday night, May 4 at eight o'clock, for the purpose of reorganizing the local Red Cross chapter.

Miss Leah Jackson, general field representative American National Red Cross, has notified Mr. Ledbetter that she will be on hand to help with the reorganization program.

This is to be an open meeting and all citizens of the county are urged to attend.

Cochran countians have in the past contributed generously to the annual Red Cross fund drive, and a great deal of worthwhile work has been done in the county.

"The existing Red Cross officers have given freely of their time to the program but most of the chairmen find other duties and obligations in conflict and would like to see the whole program reorganized," Ledbetter said.

The present Red Cross officials in Cochran county consist of M. C. Ledbetter, county chairman, Carl Ray, fund chairman, Mrs. Roy Hill, secretary, A. E. Sanders, treasurer, P. B. Ramby, first-aid chairman, J. B. Nicewarner, accident prevention chairman, J. L. Winder, county disaster chairman, Mrs. Carl England, publicity chairman, Mrs. Ray Knowlton, Bledsoe fund chairman, H. P. Clemmons, Whiteface fund chairman.

Ledbetter expressed the hope that representatives from outlying communities make a special effort to be on hand for the Tuesday night meeting.

**FOREHAND ANNOUNCES**

A. D. Forehand authorized the Tribune to announce his candidacy for County Judge Wednesday.

## LEHMAN NEWS

Mrs. J. W. Pond—Reporter

Lehman Sunday School was well attended last Sunday with 48 present. Roy Dean Seaney preached at the 11 a.m. service. New members are coming in, enrollment is now 72 with five being added Sunday.

Mrs. Virgil Scott and two children have gone to visit with her mother at Roaring Springs.

Mrs. Charlie Scott and children and Mrs. Marvin Swanner and children of Morton visited in the Lubbock home of their parents, Mr. and Mrs. Nancy, last Friday.

Miss Wynelle Prather spent the week-end at home with her parents.

Harry Tapp spent two weeks recently with relatives and friends in Alabama.

Mr. and Mrs. Dale Pond and son, Robert Dale, of Littlefield were dinner guests in the home of the former's parents on Monday, April 19.

Rev. and Mrs. W. C. Wright and Rev. Avery Rogers were dinner guests in the J. W. Pond home last Saturday.

### LEHMAN H. D. CLUB

Mrs. V. V. Scott was hostess to the H. D. Club at her home Wednesday afternoon, April 21.

Games were played by the group. Mrs. Scott assisted by her daughter, Margaret, served a refreshment plate of cake, punch and jello to Mesdames Euel Prather, J. W. Pond, L. C. Keith, Paul Keith and several children.

The club will meet next in the home of Mrs. O. S. Taylor on May 5. At this time plans will be made for a community party.

### W. W. Huggins Buried In Local Cemetery Sat.

Funeral services were held at the chapel of Singleton Funeral Home Saturday for W. W. Huggins, 52, former resident of Morton. Rev. W. C. Wright conducted the service. Interment in Morton cemetery.

Mr. Huggins died April 22, in a Carlsbad hospital, as a result of injuries received in an automobile accident near Carlsbad on April 5.

Survivors include his mother, Mrs. E. W. Huggins of Moorpark, California; wife, six children and five grandchildren.

## THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor  
Missionary Baptist Church

(Article 8.)

### THE TIME OF HIS COMING

Much has been said about when the Lord will come. Perhaps there would be great volumes of books if all the comments were recorded. The things that you or I might say does not amount to anything unless they correspond with the teaching of Gods word. Many have ventured far enough as to set a definite date for the Lord to come. Just why any one should be so foolish, as to have such idea is more than I am able to understand. We find in Matt. 24:36, that the Lord said, "But of that day and hour knoweth no man, no, not the angels of heaven, by my Father only." Now if there is no man that is able to know and not even the angels know, why should you and I think for a moments time that we are some one special in the world? One of the hindrances that we have today, to the Lord's cause are men that think they know more about the Lord's work than He does Himself.

It is a definite fact that the

### V.F.W. Auxiliary Officers Installed At Recent Meet

The following officers were installed at a recent meeting of the Veterans of Foreign Wars Auxiliary:

Jamies Coffman, president; Joan Bowen, sr. vice-president; Marietta Dunham, jr. vice-president; Margarette Chapman, secretary; Elora Cunningham, treasurer; Fausteenta McKinley, chaplain; Wilma Morrison, conductress; Jean Bishop, guard; Blackie Hill, Bertha Walden and Willie Rose, trustees.

V. F. W. Auxiliary meets at Veterans hall each second and fourth Thursday nights at 8 p. m. All members urged to attend and bring prospective members.

### FROM IOWA PARK, TEXAS

Mr. and Mrs. Osborne and daughter, Helen, of Iowa Park, Texas, visited in Morton Monday. Miss Osborne was formerly employed at West Plains hospital.

Cedar Chests Make Nice Graduation Gifts—Todd Furniture.

### WHAT TIME IS IT?

Back before the dawn of history man found the need for marking the parade of the hours. He did it first by noting the changing lengths of shadows cast by the sun. From that evolved the idea of the sun dial brought to perfection by the Greeks more than twenty centuries ago.

The Greeks also gave us our custom of putting 12 hours into a day—nobody knows why 12 was chosen. It could just as well been any other number. Man long ago began looking for mechanical means of telling time. In 1850 mass production began. Machines to cut watch parts were invented by two Americans. They told a friend they would soon be making seven watches a day. The friend laughed.

"Where," he scoffed, "will you find enough people to buy that many watches?"

Today, hardly a hundred years later, more than 70 million Americans own watches and we have a normal production of \$25 million worth every year.

Yet, people still ask, "What time is it?"

No need for YOU to ask that question. COME in today and see our complete line of Ladies' and Men's watches—both fancy and waterproof.

Use our lay away plan, and select that Graduation gift now!

**MINYARD-ORMAND JEWELRY**  
North side of square

### CONTRACT'S NOTICE OF FARM-TO-MARKET ROAD CONSTRUCTION

Sealed proposals for construction of approximately forty-two and half miles of grading, drainage structures, flexible base, and double asphalt surface treatment, a portion of which is in each of precincts 1, 2, 3, and 4 in Cochran County, will be received at the office of the County Judge, Morton, Texas until 10:00 o'clock A. M., May 6, 1948, and then publicly opened and read. Plans and specifications are available at the office of Glenn Thompson, County Judge, Morton, Texas and at the office of Lubbock Engineering Company, 1721-Broadway, Lubbock, Texas.

The Commissioners' Court reserves the right to reject any and all bids.

Signed: Glenn Thompson,  
County Judge,  
8/9/10 Cochran County, Texas

Lord is coming and the thing that should concern you and me most of all, is to be ready when He comes. There is deceit on every hand and there is but one way that you and I can know the truth. We should ever be ready to resort to that means. "Study the Bible." We are told in Matt. 24, that false Christs will arise and if it were possible they would deceive the very elect. We are warned of the fact, that if men say He has come and He is in the desert, not to go there. If they tell you that He is in the secret places not to believe them. Why? For the coming of the Lord will be to all men and everyone will know when He does come.

We think oftimes of the condition of things when He does come. Just what will be going on at that time? What will people be doing? Things are not going to be out of time at all. Men are going to be about their daily task, for that time will be as a thief in the night. There are just a few signs that we should think about in connection with his coming. The sun will be darkened and the moon will not give her light, even the stars will fall from heaven and even the powers of heaven will be shaken. "And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn and they shall see the Son of man coming in the clouds of heaven with power and great glory." This will be after the great tribulation period but when that period will be we do not know. Let us watch with patience that we might not be caught unaware.

From where I sit... by Joe Marsh

### Sam's Hens Wear Spectacles!

Yes, it's a fact! Sam's brood of two dozen hens are wearing spectacles—which he bought from a mail-order house in Capitol City. Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs. Makes me almost wish we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we

do so much of the time, we'd live and let live in contentment. From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues... whether a man should drink beer or cider... whether a woman should wear slacks or skirts... instead of seeing each other through "spectacles" of tolerance that enable us to live-and-let-live like Sam's brood of chickens.

Joe Marsh

## Dumas Dogie Days Scheduled For May 20 Through 23

Fine horseflesh and gaily be-dressed riders will dominate the huge parade to climax Dumas Dogie Days there May 20, 21, 22, and 23.

The famed mounts and uniformed riders that make up Amarillo's colorful Will Rogers Range Riders will match showmanship with the equally colorful XIT Range Riders from Dalhart.

In between and conceding nothin horseflesh will be Moore County's own riders from such historic spots as Flying A, Sneed Ranch, the J. A., the Dick Coon, the Taylor Range and many others.

Prize winning quarter horses will prance alongside of pampered palominos, grays, buckskins

## Birthday Party Honored Butch Nairn Thursday

Butch Nairn celebrated his sixth birthday last Thursday afternoon with a party at the home of his parents, Mr. and Mrs. Bud Nairn.

Refreshments of cake, ice cream and punch were served to the following: Mac Cravy, Norton Willis, Butch and Barbara Bishop, Mack Miller, Jimmie Porter, Dean Harris, Bill Ed Thompson, Vicky Whitman, Diana Whitman and Jimmy Alford.

and sorrels in all the glittering panoply of the Old West.

The Dumas show opens with the opening of a giant midway Thursday night, May 20.

Friday, May 21 is Old Settler's Day with picnics, reunion and old time dances.

The giant parade climaxing the celebration will move promptly at 11 a. m., Saturday, May 22.

A full three hour action packed rodeo performance will be held in a new arena starting at 2 p. m., Saturday, May 22 and at the same hour Sunday, May 23. Already sure for the parade march colorful high school bands from Spearman, Phillips, Dalhart and Dumas.

## April Garden Check-Up To Save On Food Budget

The man with the hoe, or the rake, or the shovel, or a handful of seed packages is the man that plans to save on the food bill this spring and summer. And right now is the time for this man to make an April check-up on his garden, says J. F. Rosborough, extension horticulturist of Texas A. and M. College.

Check-up on the plantings already in the ground, or that are now coming up: sweet corn, peas, beets, lettuce, cabbage, swiss chard, carrots, spinach and mustard. Make a second planting of mustard. It's just about too late in the south and south-central parts of the state to plant cabbage, carrots and english peas.

Plant both pole and bush beans, and don't forget to inoculate with nitrogen-fixing bacteria—a dust or powder that can be bought at seed stores. This gives the beans extra vigor and growth, and helps to increase yields. Wait until the weather warms up to plant limas. This bean is warm natured and "catches cold" easily.

Yellow Crookneck, Acorn and Fordhook are three good squash varieties to plant, and give a harvest range of 30 to 60 days. Sow cucumber seed in rows one foot apart, and when the vines begin to run, thin out to one vine every two feet. Cucumbers are good for slicing into salads or pickling.

Leaf lettuce may be planted now for late spring and summer production, and this is a good time to start okra if the soil has warmed up pretty well. Okra takes a lot of heat, and won't grow until the sun begins to bear down. Allow two to three feet of space between peppers and eggplants so they will have lots of room to grow.

Thin late planted beets to two to three inches apart, and use the ones that are taken out to fill in skips to get a uniform stand. Set out tomato plants at this time, and don't forget the cut worm menace that will hit many of these vegetables, say Rosborough. After making this check-up, the spring gardener may take comfort in knowing he is off to a good start for this year's garden.

Muskrats are important fur animals in hot Louisiana and frigid Alaska.

Porpoise milk is slightly sweeter than cow's milk.

## LOOKING AHEAD

### A STEP TOWARD SOCIALISM

Dr. Robert A. Millikan, one of the world's most distinguished scientists and Nobel prize winner, has referred to current proposals for federal aid to education as "another of those efforts to clear out the cockroaches by burning the house down." That is right. More federal aid might bring increased teachers' salaries, which all of us want. But I stand in constant amazement that so many folks in the education profession are blind to the tremendous dangers of federal aid.

Not to be outdone by those clamoring for money to be routed via Washington for the public schools, college and university administrators recently climbed on the bandwagon and put in for their share. At a major conference of higher education in Chicago, Dr. Alonzo Myers of New York University proposed a catch all program that would call for expenditures dwarfing those in public school bills now in Congress.

**Take Your Share**  
Among other things, this program would set up an "Educational Reconstruction Finance Corporation." As a government project, this bureau would no doubt take bookkeeping lessons from RFC and TVA. Both of these have tucked away millions of wasted tax dollars. Experts have said that it will be impossible for RFC ever to account for all of its funds. After this ERFC, we can expect other RFCs for any group that has enough power and votes to get the ear of Congress.

Not to be outdone in the scramble, educators from several private colleges (not state-supported) fought strenuously at the above-mentioned conference for federal aid. Their impelling motives went like this: in any dis-

ment the purse-strings for local education then we have taken the long step toward Socialism. What we must do is get the federal government off the necks of taxpayers. Then the states can collect more taxes and there is no rime nor reason left to get education expenses from Washington. We must draw the line on this dangerous trend. Let's have no so-called "federal aid."

**Great Handout**  
To me all these things look like very poor Americanism. Is this a generation that runs to Washington and Congress to receive cure for every ill that besets the community? If our local people (states and communities) haven't got the backbone to take adequate care of their educational problems, then for sure more money from the federal government will not remedy the situation. And that goes for Arkansas, too.

But the nub of it is: local communities that have done plenty, still are doing things about local and state needs in education. I have no patience with those who hallow the internal propaganda machine in Russia and call it education. We have done more to educate our youth than any Communist country ever will be able to do—under Communism. There's nothing radically wrong with American education. But there will be—if we hand control over to Washington.

**Dangerous Trend**  
Another thing. Our states are steadily creating surpluses and are improving their financial circumstances. Not so the federal government. Ever increasing financial burdens assumed by the federal government leave little hope of even cutting down on the \$260 billion national debt. Why, then, must we pay toll by sending our educational dollars through wasteful Washington and back? Viewed in that light, "federal aid" is no help at all.

Education is one of the biggest enterprises in America. When we give over to the federal govern-

ment the purse-strings for local education then we have taken the long step toward Socialism. What we must do is get the federal government off the necks of taxpayers. Then the states can collect more taxes and there is no rime nor reason left to get education expenses from Washington. We must draw the line on this dangerous trend. Let's have no so-called "federal aid."

**W. A. BROWN TO CONDUCT REVIVAL IN LEWIS, KANSAS**  
Mr. and Mrs. W. A. Brown and children left Monday for Lewis, Kansas where he will conduct a ten day revival.

MR. and MRS. BUD NAIRN and son, BUTCH were Sunday visitors in Lubbock and Clovis.

## Future Farmers of America

We join in inviting the people of this territory to come in Saturday, May 1, to see the fine animals fed out by the FFA and 4-H Clubs and to be exhibited by them.

We are all proud of our Future Farmers of America and our 4-H Club boys and we congratulate them upon the fine job of feeding they are conducting.

We consider the feeding demonstration being conducted each year by these boys to be a great importance to the future welfare of our section. Let's encourage and back them in every way we can.

BOYCE HOUSE

**'Gives You Texas'**

There was a noted Central Texas district judge who greatly enjoyed a friendly game with the boys and a "chaw". One morning, when he was red from having sat his eyes all night, playing poker, and had a big chunk of tobacco in his jaw. It was a divorce case and the wife was on the stand. She testified, "Judge, my husband is no good; he plays poker every night and he is always chewing tobacco."

The judge nearly choked on his end, then said, "Divorce granted."

Phillip Mittanck (Fill-up-my-bank) still has a service station at Pleasanton, I mentioned this half a dozen years ago; a few weeks back, as I went through the town on a bus, I noticed the sign again.

South side of square

A big, jolly chap is Ben Milam of San Antonio, who drives a bus on the route between Stephenville and San Antonio. He makes a neighborly little talk to his passengers at the start of the trip and everybody feels right at home. He used to be wrestler and, judging from his broad shoulders, he was a good one.

An Easterner was making a speech at a convention in an Amarillo hotel when a loud-mouthed man came in with a six shooter in his hand. The Easterner was not to be taken in by this characteristic bit of "Wild West" horseplay. He said, "Give me that pistol" and took the weapon, then he said, "Now, sit down there and behave," and resumed his speech.

Afterward he found that the man he had disarmed was a ranchman who likes to come into town, get a few shots of hooch and then wave a gun around.

And then the visitor really had a chill.

Not all the foot-and-mouth disease is in Mexico and among cattle. All of us know somebody who, every time he opens his mouth, puts his foot in it.

**BRIEF VISITOR**

Seaborn Collins, formerly of Morton, now living at Las Cruces, New Mexico, was a brief visitor here last Wednesday with friends.

**Standard Oil Co. Bets A Billion**

Public opinion regarding the oil industry has been very gloomy, and the big industry has not been able to stem the tide of pessimism by increasing the all-time record high—estimated by Standard Oil as 61 percent greater than before the war.

The Standard Oil Company of New Jersey insists that the job ahead is a big job, calling for big plans and big performances. The company's advertising spread in full pages in the Capital of the United States a few days ago laid down this amazing statement:

"ONE BILLION DOLLARS—that's one thousand million dollars—is what this one company and its affiliates are spending in 1947 and 1948 to modernize and expand production and facilities at the greatest rate in our history."

Congress must realize that it has an associate in the "billion-dollar" class.

Standard Oil officials mention the opinion that "Standard Oil has lots of enemies." But that shows they are too supersensitive. The fact is that Standard Oil won such battles in Washington as repeal of the Sherman Anti-trust Law.

Standard tells you that the output of oil in our country was greater last year "than in the whole world in 1939." The oil industry furnishes the gas for 3,000,000 more cars than there were before the war and proportionately more buses and trucks. Besides 1,500,000 more home owners now heat their homes with oil.

Standard Oil never lost a battle since Ida Tarbell wrote up old John D. Rockefeller. Let me remind you that the old guy hired one of the best editors that ever sat at the helm in a New York daily newspaper, and he popularized old John D. by telling the truth about the oil-funder. The records of the Rockefellers for the past quarter of a century guarantee the ability of Standard Oil to save the industry. They'll do it with only a billion dollars.

**VA Relieves Its Training Officers Of Responsibility**

The Veterans Administration Regional Office at Lubbock today relieved its training officers of all responsibility for the direct supervision of 14,354 non-disabled World War II veterans in training under the GI Bill in the West Texas region, Robert W. Sisson VA Manager, announced.

He said that the change will permit VA's training officers to devote more time to the needs of the 2,242 disabled veterans in training under the Vocational Rehabilitation Act (Public Law 16) in this region. The law gives VA full responsibility for the training and rehabilitation of these veterans.

In suspending supervision of GI Bill trainees by direct contact, VA called on all schools and business firms conducting on-the-job training to meet fully their obligations under the GI Bill. VA will look, with an increased extent, to the State Approving Agency to carry out its obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and that are otherwise satisfactory on the basis of current inspections.

Schools and job training establishments are obligated to furnish effective education and training to each veteran they enroll and to promptly notify the regional office when a veteran stops his training, VA said.

"The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veterans attendance and progress. VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions. No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll. VA will use periodic conduct and progress reports and spot checks to supervise ex-service-men and women in other schools and in job-training establishments. Spot checks will be used in supervising veterans taking institutional on-farm training.

The New England colonies in the 17th Century produced meats and cheese for the West Indies trade.

### Trick Cigar For Bob Hope In Where There's Life

During shooting of his latest Paramount comedy, "Where There's Life," scheduled to show at the Wallace Theatre Sunday and Monday, May 2-3, Bob Hope had to smoke what was probably the only electrically-equipped exploding cigar on record.

Director Sidney Lanfield, a stickler for detail, insisted that the cigar be made so that it could go off exactly on cue, to dovetail into the rest of the action at the psychological split-second. The Paramount property department wrestled with the problem for a while. It finally came up with a cunningly contrived Havana with a tiny detonator in one end, connected with very fine wires to a battery that could be

By BILL PAULSON

"Can't understand 'made-work' or 'featherbedding.' Suppose we had to hire three men to milk two cows; milk would have to sell for \$1.75 a quart!"

carried in the pocket.

Hope clenched the cigar between his teeth, pressed a button on the battery, and wham! Lanfield was very pleased with the effect; Hope looking like a modern version of Old Black Joe, wasn't talking for publication.

"Where There's Life" co-stars Signe Hasso and William Bendix with Hope, and features George Coulouris.

MISS NORINE FRAZIER was a visitor in the home of her parents, Sudan, last Saturday and Sunday.

### In Case Of War

Under the Constitution of the United States only Congress can declare war. Before the first World War, Woodrow Wilson addressed Congress and appealed to the Legislative groups to recognize the probability that the United States would eventually be drawn into the conflict.

The discovery of radio played an important part in the prewar days of World War II. Hitler and Mussolini bellowed defiance to the World, including the United States, and every radio station in our country was packed with listeners. The same listeners came back in a day or two to hear their own President Roosevelt defying the German and Italian leaders. Finally, many of our ships were sunk by German submarines and Congress followed the lead of the President and declared war. We won the second World War just as we had won the first World War.

Today Uncle Sam is "champing at the bit," apparently hoping against hope to avoid being drawn into a third World War. Nevertheless, Washington wonders if it is only a matter of time before the United States will have to meet and lick Communist Russia by force of our superior military strength.

Right now the United States Government is patiently trying to avoid being drawn into a third World War.

### Agricultural Notes

The longer the nation waits to do something about soil conservation, the more there will be to do, and at a much higher price. Once the top-soil of a farm gets down into the Gulf of Mexico, it won't come back.

Water makes up 60 percent of meat, 87 percent of milk, 55 percent of poultry flesh, and 65 percent of eggs.

For thrifty use of food, eat heartily in the day. A good breakfast is important for health and morale, and means more efficient use of food.

Soil exploitation in this country began as long as three hundred years ago. Today our account with Nature's bank is overdrawn.

To straighten yarn that has unraveled from a knitted or crocheted garment, wind it around a board, dampen it with water, and let it dry on the board. It will be as straight as a new skein.

Specialists say that partly used cans of paint can be kept from drying out by coating the surface with paraffin.

### Preston E. Smith Announces Candidacy For Re-election State Representative

Preston E. Smith, Lubbock theatre man and state representative from the 119th district, has made formal announcement of his candidacy for re-election to the post.

"In announcing for re-election to the Legislature, I feel that I can render the people of this district much greater service than during the past," Smith's statement said.

"The state government is the largest business operated in Texas with annual expenditures in excess of \$300,000,000 and I believe we ought to have qualified men in Austin to make decisions on the spending of this huge sum."

Smith listed redistricting, re-apportionment of the permanent university fund income to the state's 16 state supported colleges, farm-to-market road improvement and improvement of the plight of Texas schools and school teachers as foremost problems confronting the Legislature.

"One of the most important functions of our state government is the education of our school children," Smith's statement pointed out. "To accomplish this we must have well qualified teachers. To get these teachers we must realize that they are important to our future citizens and should be paid according to the important contributions they are making to our society. I will continue to support those measures that will benefit our school teachers; also those measures strengthening safety for our school children."

"The farm-to-market roads in this state, in many areas, are in a deplorable condition. There is much legislation that the legislature could pass to help get the farmers on good roads with their farm products. At the same time this would be beneficial to those rural schools which carry their students to and from school daily. I have always supported measures that would improve farm-to-market roads and will continue to do so if re-elected."

Regarding redistricting, Smith said: "Our present governor, if he would carry out his Constitutional oath of office, would immediately call the legislature into session and redistrict this state."

"Year after year, the Constitutional mandate that this state shall be redistricted after each federal census has been ignored, but there is nothing in the Constitution to prevent the governor from calling a special session on redistricting. Every time the state has been redistricted, it has been at a special session and this was accomplished the last time by

Gov. Pat Neff back in 1921. "Without representation, which is the only defense we have in the legislature, West Texas is at the mercy of the majority members who have repeatedly violated their oaths of office and thwarted every move to redistrict the state. Actually the plight of West Texas, by the state not having been redistricted in the past 27 years, has been 'taxation without representation,' as we are always taxed and since 1930 this section has not had the proper representation at Austin.

Smith, who was one of the leaders the past two sessions in a movement to apportion income from the permanent university fund among the state's 16 state colleges, said he would continue to work for a redistribution of this income to all state colleges on a per capita basis for building purposes only.
