

# MAG W. HANCOCK DIES IN AUTO CRASH

## FUNERAL SERVICES HELD WEDNESDAY MORNING; INTERMENT IN HANCOCK CEMETERY, LAMESA

Funeral services were held Wednesday morning at the First Baptist Church for Mac W. Hancock. W. C. Wright, pastor of the First Baptist Church, assisted by A. A. Kendall, pastor of the First Methodist Church, conducted the service.

Following the service here the funeral cortege left for Lamesa where graveside services were held. Mr. Hancock was buried in the Hancock cemetery.

Sheriff Hancock, 60, was killed almost instantly about 4 p. m. Monday six miles west of Levelland on the Levelland-Whiteface highway when his automobile struck the rear of a heavy road maintainer.

The sheriff was returning home from Huntsville where he had taken two prisoners to the state prison. He had arrived in Lubbock about 8 a. m. Monday and spent part of the day in Lubbock while his 1947 Oldsmobile two-door coach was being serviced at a garage, according to Lubbock officers. He was alone at the time of the accident.

The driver of the combination caterpillar and grader machine, Fred R. Huckaby, of Levelland, was not injured.

A resident of Morton since 1941, Hancock had been sheriff here for two years and was seeking reelection this year. He was a veteran of the war, having served in that capacity for about 32 years.

He had been a resident of Lamesa and Dawson county for 40 years, prior to residence here. He was born in Erath county in 1888.

According to the highway patrol, who investigated the accident, the automobile crashed into the rear of the machine crushing Sheriff Hancock against the steering wheel and the dash board. There were no skid marks to be found on the highway, and the left rear wheel of the car was along the center stripe, the officers reported. As indicated, they said, that he may have fallen asleep while driving, considering his long trip and that he was facing the sun when the accident occurred.

The steering wheel was broken off, the windshield knocked out, and the front seat forced under the dashboard, they said. A highway patrolman said that the car apparently moved forward about three feet after the impact, and was completely crumpled.

"It looked like the front of the automobile stopped on impact," he said, "and that the rest of the car moved forward that three feet."

Huckaby stated that he didn't know there was a vehicle behind him prior to the fatal crash. His machine was believed damaged to the extent of \$200.

Sheriff Hancock was believed dead when Huckaby reached him. He was taken to Levelland by Plains Funeral home ambulance, and later removed to Singleton Funeral home here.

Survivors are his wife; four sons, A. H. Hancock, Mac, Jr., and W. Hancock, all of Morton and J. A. Hancock, of Lamesa; six daughters, Mrs. Herschel Pruitt, 2409 Twenty-seventh, Lubbock, Mrs. Gilbert Holladay, of Lamesa, Mrs. Lewis Linguist, of San Antonio, Mrs. Bernice Towns, of Texaco, N. M., Mrs. Dale Raspberry, of Morton, Mrs. William H. Scoggins, of Harlingen; and 13 grandchildren.

Approximately \$800.00 was contributed by local business men and ranchers for prize money.

Fat calves predominated in quantity at the show and visitors were privileged to see some very fine Angus and Shorthorn cattle, Hampshire and Duroc hogs were scarce but excellent specimen were evidence of careful handling and feeding.

The Morton Chamber of Commerce donated \$150.00 for the

### Regular Meeting Held Tuesday By Flight Club

Morton Flight Club met at the court house Tuesday night with seven old and one new member present.

During the business session the group decided that no student would be permitted to make cross-country flights until all members have soloed. It was also agreed that no student would fly solo unless some qualified person was present at the airport. Other routine business was transacted.

Present for the meeting were the two instructors, Earl Crum and R. D. Ormand, new member, Tom Arnn, Jr., and R. Kelly, S. C. Kelly, Lloyd Allsup, Tom Arnn, G. W. Thompson and Dr. L. N. Podesta.

### Pep Man Pays Fine On Liquor Violation Here

Tom Neal, city marshal, reported the arrest of a man from Pep here last week on charges of liquor law violation.

Neal stated that the man was in his parked car on the square at the time of the arrest. Neal found six cases of whiskey and four cases of beer in the car. The man pled guilty in county court and was fined \$100.00 plus court costs.

### Auxiliary to Honor Mothers At Meet Thursday Night

American Legion Auxiliary will present a special musical program at their regular meeting Thursday night, May 6 at Veterans Hall.

The program will honor mothers and Gold star mothers of the organization," said Mrs. Jim Gast, president of the auxiliary.

### Commissioners Court to Receive Bids On County Paving Project Today

The Commissioner's Court will meet in a special session today (Thursday) to receive bids on approximately forty two miles of farm to market roads to be built by Cochran County.

There has been several contractors in the county the last few days looking over the roads that are to be paved and studying the plans on file in the County Judge's office. The Commissioners Court is expecting several bids on this job.

According to Judge Thompson, who was in Austin last week to confer with the State Highway Commission, there will be a state contract let in June on a portion of their roads in the county that has been accepted into the state highway system.

In conjunction with the road proposal and the right-of-way conflict encountered by some land owners, Judge Thompson quoted excerpts from other periodicals, giving opinions on the subject.

"Brownsville—County Judge Oscar Dancy of Cameron County has called upon the farmers of Hidalgo and Cameron Counties to donate the right-of-way for the Valley's proposed super highway.

Judge Dancy said that after 25 years as a county judge, he found that the average man is willing to meet the county half way. He argued that it is unjust to tax money from farmers on mud roads to buy rights-of-way which will greatly increase the value of other farm lands."

"Nacogdoches—On future farm-to-market road projects, Nacogdoches County will not pay for the right-of-way or for changing the fence lines. This new policy was adopted by the Commissioners Court of Nacogdoches County at a recent meeting.

County Judge Jack Varner said that the Court felt that persons living on the rural roads should be willing to give the right-of-way and move their own fences when a paved road was built past their homes.

### Dexter to Appear At Record Shop Today, 2:00 P. M.

At Dexter will make a personal appearance at Morton Electrical Supply and Record Shop at 2:00 o'clock this afternoon.

The famous recording artist will autograph records for his fans during his hour's appearance and those interested in meeting the entertainer are urged to be present.

Mr. Dexter and his band will play for the dance at the Roller Rink tonight. Dexter's recording of "Pistol Packin' Mama" has sold more than two million copies and is still one of the hit tunes of the nation.

### Fire Damages Steak House Early Saturday

Damages resulting from an early Saturday morning fire inside the Steak House in Morton were estimated by Jiggs Baker, operator of the local cafe, to run between \$1,500 and \$2,000.

Fire in the Steak House, located just off the square on the Plains highway, was discovered about 12:20 Friday night by Bill Goodman, roughneck in local oil fields. Goodman turned in the alarm, but a bucket brigade composed of "half the town," Baker said, had the fire under control before the volunteer fire department arrived.

The damage was confined to fixtures and supplies inside the cafe building, plus plate glass in the doors and front. The floors were only slightly scorched, and the fire failed to break through the ceiling. Smoke damage inside the building was heavy, Baker said.

Full insurance coverage was carried, Baker said, Saturday at mid-morning. The building is owned by C. L. Taylor. Baker opened the Steak House for business July 1, 1947.

Included in the damaged fixtures was a juke box, booth and counter equipment for the box, all of which was the property of Babe Vanlandingham, who recently returned to Morton from Levelland. Records inside the juke box were melted by the heat.

An insurance adjuster was to be in Morton Monday to check the fire loss, Baker reported. Repairs began immediately, with hopes of reopening the business as soon as possible. Saturday Baker hoped to reopen by Friday.

The local cafeman was not positive how the fire started. Mrs. Baker closed the business at 11:30 Friday night. The two are of the opinion that live cigarette ashes placed in a trash receptacle under the counter started the fire.

Counters and part of the back bar and shelves showed heaviest damage. All stock items stored under the counter and on the shelves were destroyed.

"Fires always hurt bad," Baker declared, "but we are lucky that the damage was no worse. Both Mrs. Baker and I sincerely appreciate the assistance of local citizens who helped operate that bucket brigade and otherwise," he added.

### LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

**"AID" OR WASTE?**

Suppose your doctor should say, after having drained off about three quarts of your blood: "Why, my poor man, you look anemic. I'm sorry for you. Out of my well-known generosity I am going to give you a half-pint of blood." You wouldn't consider his reasoning to make good sense. Yet, the backers of federal aid to education, arguing that "poorer" states are not able to support adequate educational programs within their borders, fall back on that sort of thinking.

For the federal government to take from Arkansas \$98 million a year in income taxes and then offer back \$6 million in "aid" because of Arkansas' poverty. If the federal government would eliminate its present wasteful spending and reduce income taxes by only 10 per cent, that alone would be worth more to the "poorer" states than passing back to them this proposed "aid."

**Operation: Wasteful**

It must be remembered that Washington has no money to give anybody. The federal government can hand out only that which it collects. It can only tax the states to get money with which to "aid" the states. We should remember, moreover, that such aid will always be weighted with bureaucrats and political hangers-on, to be paid for by the

same states that get the "aid." The local way is not only the responsible way, it is also the economical way.

The federal government has no record for the economical operation of anything. Should our public school system become federally controlled, I would definitely expect it to become a very wasteful operation. (Most of our Indians are educated in federal schools. The cost per student is several times greater than in our regular public schools.) A federally operated school system would show the same waste and inefficiency that is typical of federal operations in general.

**How to Become Poorer**

We have a national debt so monstrous already that there is mounting concern whether we shall be able to meet present obligations and maintain economic stability. Therefore, I look upon federal economy and efficiency as an issue of prime importance. The same thinking that begs for federal aid to education can be allowed to wreck the government by adding financial burden upon financial burden, when the treasury has more debt than anything else.

As an Arkansas citizen, I am fully aware of our own educational problems, in one of these "poorest" states. Yet, we have tripled our per capita income since 1939. Scores of new industries have been started in the state, and our agriculture is prosperous. We can support an adequate school system. What Arkansas needs most is a suitable reorganization of an outmoded system, not federal aid as a crutch for all present weaknesses.

**A Real Need**

As a citizen, you surely know that the day will never come when the dreamers cannot dream up more plans calling for more money on "social" projects and on education than this nation, or any other, can afford. Yet, in comparison, America is spending far more for education and is providing more higher education for more people than any socialized state has yet done. Contrary to all the scare talk, there is no crisis in education that requires federal action!

What America actually needs today is deep moral purpose in her education, rather than a more extravagant system. Our educational advantages have increased greatly in the last 40 years, but the juvenile crime rate has increased just as fast. There are those who would make federal aid the answer to juvenile delinquency, a problem which goes back largely to home and parents. Yet, the moral purpose that America needs so much suffers a real set-back every time we hand individual freedom to federal bureaucrats.

### BOYCE HOUSE

## 'Gives You Texas'

Back in 1916 when your columnist was "cub reporter" on the Memphis Commercial Appeal, Vincent M. Carroll was one of the ace members of the staff. Years went by—and I was editor of the Ranger Times.

One day, the phone rang and it was the advertising manager of the Southwestern Bell Telephone Company, speaking in his office in Dallas. He said, "Are you the same Boyce House who used to work on the Commercial Appeal in Memphis, Tenn.?" "Yes." "Well, do you remember a man who was a reporter, by the name of Carroll?"

"You mean Vince Carroll? Yes, I remember him very well."

It flashed through my mind that Carroll was in Dallas, wanted to get a check cashed and had given me as reference. I hoped the check wasn't a very large one. Of course, I didn't say any of this, just thought it.

The phone company official said, "Just a moment; he's here in the office and wants to speak to you." So we had a little chat and then the original caller came back and I asked, "What is Vince doing now?"

"Oh, he's got a job with the phone company; he's our vice president!"

Yes, the years bring changes. Awhile back, the news came that life's chapter had closed for Vince Carroll. He was a fine chap.

Chas. Lamb says about the greatest of joys is to do a good deed secretly and then have it found out, by accident, that you did it.

And when somebody asked Mark Twain how the million people packed in to the tenements of Naples made a living, he replied, "Oh, they take in each other's washing."

**L. Hudson Was Special Guest Of General Bruce**

Gen. L. Hudson was a special guest of his former commanding officer, Gen. Andrew D. Bruce when the General spoke at an impressive program at Texas Tech Sunday.

Mr. Hudson was the personal chauffeur of Gen. Bruce while they were stationed in Korea. He participated in the parade with the General and was introduced by many high ranking officers and other dignitaries who were hand to witness the dedication of the Memorial Circle at Tech.

Gen. Bruce requested Sgt. Hudson to return to active service in his former capacity and Hudson indicated that his plans are to that effect as soon as his brother-in-law recovers from his accident.

**Junior High Writing Classes Enter National Penmanship Contest of 1948**

The writing classes of Junior High School recently entered the National Penmanship Contest of 1948.

The students were judged according to the following things: graceful movement, proper slant, height of letters, spacing, neatness and attractive arrangement. Each grade was also judged according to a standard set for that grade.

All the efforts of both the students and the teachers proved worth while when the results of the contest were received.

Nine students, because of the excellence of their handwriting were selected as members of the All-American Penmanship team. As such, they are eligible to compete for the All-American trophy for the grade in which they are enrolled.

Two of these students are in the sixth grade, Alice Faye Thompson and Helen Gathright. The other seven are members of the seventh grade. They are as follows:

Freddie Don Lewis, Bobbe Jeanne Gast, Jean Leming, Neta Joyce Cotton, Norma Ruth Wright, Gayland Hammonds, Mary Carolyn Moore.

The following students have won a First Class Certificate and have passed the National Board of Examiner's "National Penmanship Test":

**1947 Crop C. C. C. Loan Cotton Pool Explained**

Cotton farmers of Cochran County who have government loans on their 1947 crop cotton are being reminded that all 1947 crop loan cotton still under loan on August 1, 1948, will be pooled by Commodity Credit Corporation for the producer's accounts.

G. C. Keith, Chairman of the Cochran County Agricultural Conservation Committee, said that 1947-crop cotton under CCC loan that is not redeemed by August 1, 1948, will be placed in pools and sold in an orderly manner by CCC. After July 31, 1948, producers will not be entitled to order the sale of the cotton. The loans mature on that date.

He explained that when all the cotton in the pools has been sold the net proceeds, if any, after deductions of all advances, interest and accrued costs, will be distributed among the producers whose cotton was placed in the pools. Distribution will be made on the basis of the amount of the loans on the cotton placed in the pools. No payment will be made to producers at the time their cotton is placed in the pools.

Mr. Keith, reminded cotton farmers that they may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell on the open market. Producers should give serious thought to marketing the loan cotton before it goes into the pools. At present prices, farmers should be able to sell most of this cotton at a profit over the loan and charges against the cotton.

**'Wolf Call' Yields To 'Scudda-Hoo! Scudda-Hay!'**

It's the name of a novel by George Agnew Chamberlain that captivated millions of readers with its wonderful story of young love.

It's the title of a new Twentieth Century-Fox hit, filmed in gorgeous Technicolor, and hailed by preview critics for its enterprising blend of heart-warming emotion, violent conflict and enthralling romance.

But to the younger set of the Hollywood film colony who attended its preview, "Scudda-Hoo! Scudda-Hay!" is all that—and more.

It's a sly and potent call that is on its way to replacing the by now well-winded "wolf whistle."

Reports state that the cry of "Scudda-Hoo! Scudda-Hay!" which punctuates the film opening Wednesday and Thursday, May 12-13 at the Wallace Theatre, is already echoing on the nation's boulevards, and young bloods everywhere are testifying to its irresistible appeal and gratifying results.

**RAILROAD STRIKE**

**Look who gets squeezed!**

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

**Unions refuse rules discussion**

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

**Greater wage increase not justified**

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

**Who's to blame?**

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

Compare these wages with what you make!

## Oil Prospector Abandoned As Dry Hole

Ralph Lowe No. 1 Wright has been plugged and abandoned as a dry hole. This prospector is located nine miles southwest of Whiteface, 440 feet from south and west lines of labor 25, league 95, Mills County School land.

The hole was drilled to a total depth of 5,035 feet, plugged back twenty feet and shot with 225 quarts of nitro glycerin. After swabbing, no sign of gas or oil developed.

Anderson-Pritchard Oil Corporation No. 1 Ford Hawkins, central Cochran county wildcat is still bottomed at 4,956 in lime and was testing with acid the last part of the week. The development has shown some sign of production and is due to be completed as an oil well in the near future.

## Safer Pick-Ups For Housewives Around House

There is much picking up for the housewife to do around the house, and some of it is difficult or dangerous if done by hand. Because burns and cuts are among the most frequent home accidents suffered by women, more care should be taken with hot and sharp articles. There are ways to handle these dangerous articles without getting cut or burned, says Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College.

Tongs to pick up hot articles at the stove, outdoor fireplace or kitchen sink will have many burned fingers, she says. Use tongs to lift jars from hot water in canning, large vegetables from cooking water, baked potatoes from the oven or hot grates or lids from the fire. Use tongs to lift the silverware from hot rinse water.

A small magnet will easily pick up pins and needles that have been dropped on the floor, and to save fingers and hands when a glass falls off a shelf or out of a cabinet, use damp cotton. The cotton will pick up the small splinters of glass and will offer the housewife protection from cuts, says Mrs. Claytor.

A phalanx was an ancient battle formation in which men were closely bunched.

Singers for programs in which local senior high school students took part included the four pictured above. They sang "The Eyes of Texas." From left to right the student-singers are Billie House, Betty Monroe, Lonnie Allsup and Bunky Hargrove.

Betty Monroe, pictured above, was one of the Morton High School students who took part in San Jacinto Day programs at the local school. Betty spoke on the Battle of San Jacinto. The program took place Wednesday, April 21.

In the above picture is shown the senior high school grammar class, members of which took part in San Jacinto Day programs at Morton School. Shown at the extreme left is R. C. Childs, English instructor, who directed presentation of the patriotic selections.

## Some Kinds Of Pruning May Be Done Any Time

"Some kinds of pruning may be done at any time," Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College, said recently. "Remove dead limbs, diseased limbs and limbs that injure each other regardless of season."

Some plants need pruning all during the growing season. Among these shrubs are abelia and Florida jasmine which have a tendency to send out long awkward shoots. If the buds at the tips of branches are cut off the plant will grow into a compact form which generally is liked better than a shrub with a few long sprouts. Hardy shrubs which grow fast such as amur river privet or Japanese ligustrum, may be pruned safely during the growing season.

## An Easy Way Of Doing Hard Job Demonstrated

An easy way of doing a hard job was demonstrated at the Morton Warehouse Tuesday morning.

A hydraulic crane was used on the front of a Ford tractor to hoist bales of cotton upon the bed of a truck. The adaptation of the crane for this particular job was first used by H. L. Coon, of Morton, who demonstrated the excellent performance of his brain child.

Mr. Coon's practical device is a hook and spike affair that firmly grips the bale of cotton and permits the crane to double deck the load on a truck.

The crane is one of the numerous specialty attachments produced by the Heath Engineering

Co. of Fort Collins, Colorado and Mr. Hugh Hawkins, field representative, said Mr. Coon would be given the county dealership for their entire line of products in his adaptation of their hydraulic lift into a new field. Other attachments manufactured by the concern includes manure forks, hay racks, gravel and sand scoops, ditching equipment and related machinery.

## English Grammar Students Observe San Jacinto Day Wednesday, April 21

English grammar students in Morton Senior High School celebrated San Jacinto Day in connection with work in speech and written composition. The observance took place on Wednesday, April 21.

In keeping with the Texas holiday event, English classes of the local high school celebrated the 112th anniversary of the battle of San Jacinto in what the instructor, R. C. Childs, termed a "highly appropriate and patriotic manner." The program featured classroom work in speech (oral composition) and written composition.

The program varied in content, Mr. Childs reported, but all of them stressed the last battle for Texas Independence, unselfish love for the Lone Star State, and a strong and abiding faith in the state's great future.

Interesting and well-planned talks were given in the course of the day. In one of the classes several students dramatized in a realistic manner the capture of Mexican General Santa Anna, following the defeat of his army by Texans under the command of Texas General Sam Houston.

Among the outstanding talks made by the students were those on the Battle of San Jacinto, Seige and Fall of the Alamo, Stephen F. Austin, David Crockett and William B. Travis, Minerals of Texas, Leading Manufacturing Industries of Texas, Livestock of Texas, Farm Crops of Texas, Wildlife of Texas, Wild Flowers of Texas, The Battleship Texas, Deepwater Seaports of Texas and The Future of Texas.

In the course of the programs, songs of a sentimental and patriotic nature about Texas and Texas were sung by the students in quartets and in larger groups. Among the songs were The Eyes of Texas, Texas—Our Texas, Have You Ever Been to Texas in the Spring? and Deep in the Heart of Texas.

Latest approved methods of correct oral and written composition were emphasized by the students in development preparation and delivery of talks, the English instructor said. Mr. Childs assisted the students in the use of a chart containing in large letters approved rules for writing English themes. The rules were carefully read and followed by the students in preparing their discussions.

Another set of rules guided the students in delivering their talks. Before each student made his talk, he first read carefully and thoughtfully the "Standards for Speaking" to be applied in public speaking. In this way, the instructor explained, the programs blended oral and written composition and patriotism in an effective and pleasant manner.

Students taking part in the speaking, singing and dramatization programs included the following: Glenda Evans, Geraldine Gandy, Joyce Daniel, Paul Gunter, Bunky Hargrove, Billie Jo Heflin, Billie House, Betty Monroe, Imogene Jeter, Paul Gunter, Lonnie Allsup, Edith Lightfoot, Walter New, H. L. Shakespeare, N. H. Steed, Dorothy Taylor, Clifford Wall, Billie Joe Webb, Billie Holmes, Bonnie Sullivan, Sue Waller, Beth Winder, Melvin Yarbrough, Norma Dewbre, Barbara Lee.

### Wesleyan Service Guild Meet Held Monday Night

The Wesleyan Service Guild met Monday night, April 26th, in the home of Mrs. J. D. Hawthorne. The devotional was given by Mrs. John Alford. Mrs. C. M. Cravy, the Study Course chairman, introduced Rev. Kendall, who gave the last lesson on the "Great Prayers of the Bible."

The business session was presided over by Mrs. J. D. Hawthorne, the president. A gift of appreciation for teaching the study course was presented to Rev. Kendall by the Guild. The meeting was concluded by the group repeating the Lord's Prayer in unison.

Refreshments were served to Mmes. David Todd, Gayle Bishop, C. M. Cravy, J. W. McDermott, Cliff Davis, John Alford, P. B. Ramby, Wendell Watson, Carl Alexander, Hawthorne, Curtis Chapman and Miss Irene Hamner, and one new member, Mrs. Earl Bowers, and one guest, Mrs. Alvin Wolfenberger.

The next meeting will be May 10th in the home of Mrs. C. M. Cravy.

"Doc sure has something there!"

It's no trick at all, Doc tells me, to take out an appendix. The tough job, he says, and the important one is knowing whether it is the appendix that's causing the trouble.

Same way with cars. Anybody who calls himself a mechanic can fix cars when somebody tells him and shows him exactly what's causing poor performance.

But the fellow who can spot the complaint right off—without costly, time-wasting guesswork and experimenting—there's a real serviceman.

And that's the only kind we have at our Dodge and Plymouth headquarters here. Fact is, our boys are so skilled that they don't even think they know it all.

Right now every last one of them is enrolled in the Master Technicians Service Conference. This is post-graduate education in engineering principles . . . in the fastest, surest ways of finding mechanical difficulties . . . in all the newest and best service techniques.

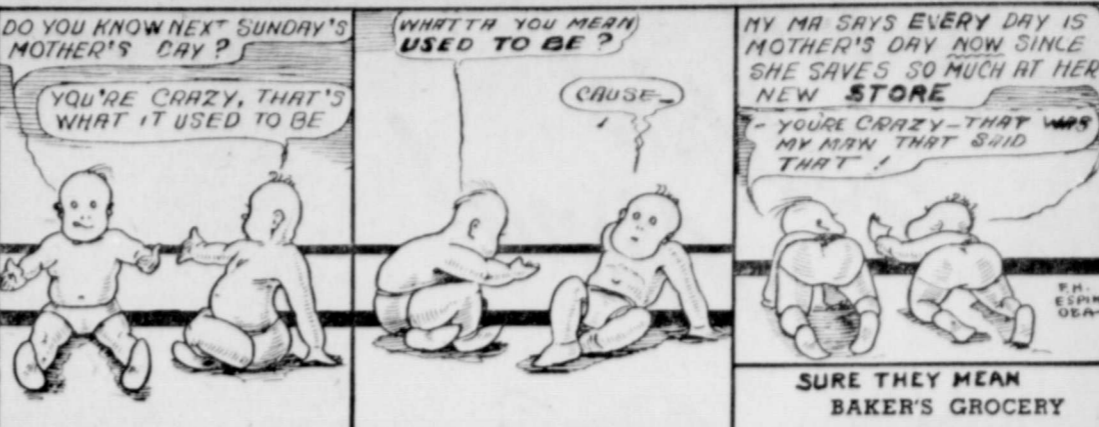

Doc, himself, says these mechanics are tops when it comes to check-ups and diagnosis. But don't take his word for it—bring in your car and see for yourself. You'll say you never saw such thorough service.

Vets Attending School to Receive More Subsistence

Some 6800 West Texas veterans attending school full time under the G. I. Bill will have approximately \$102,000 more to spend each month beginning with their VA subsistence checks for April, Robert W. Sisson, V. regional manager announced today.

To ease the strain on the budget of those veterans who devote their full time to school training, Congress recently enacted a law which authorizes an increased subsistence allowance to them.

Sisson said that the increase is effective for the month of April and would be included in the checks for veterans in this category due on or about May 1, 1948.

Veterans who have submitted documentary evidence to VA establishing more than one dependent will be increased from \$90 per month to \$120.

Those who have established proof of only one dependent will be increased from \$90 per month to \$105, while a veteran without dependents will be increased from \$65 to \$75 per month.

VA pointed out that proof of dependency must be on hand before the increase can be authorized in the higher brackets, but that veterans with dependents have until July 1, 1948 to establish such proof in order for the increase to be retroactive to April 1. If it is received after July 1 the subsistence allowance will be increased as of the date of receipt of the evidence. Increase for a dependent acquired after April 1, 1948 will be made effective as of the date proof is received by the VA.

Chickenpox 100% Higher Than In 7 Year Median

AUSTIN—With the incidence of chickenpox one hundred per cent higher than records indicate for a seven year median, Dr. Geo. W. Cox, State Health Officer, issued a statement declaring, "It is a great mistake to treat even light cases of childhood diseases such as chickenpox, measles, mumps, scarlet fever or whooping cough as though they did not amount to much. That sort of treatment makes it possible for these diseases to spread and cause serious outbreaks among children and their resulting impaired resistance makes them easy victims to other forms of infection."

"Some of the most serious outbreaks of chickenpox have been traced to mild cases—that is, cases so light that the doctor was not called. In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days, they have returned to school and have scattered these germs among their schoolmates. Strict isolation of chickenpox patients is the only means by which the spread can be controlled and parents should cooperate fully in isolating a child as long as the doctor thinks it advisable."

The State Health Officer said that the family doctor is the best judge of the seriousness of such childhood diseases, and suffering and anxiety will be avoided if the doctor's advice is sought and followed throughout the course of the illness.

THE SOON COMING OF CHRIST (Article 9)

The Great Tribulation  
In thinking of the Tribulation period, naturally our mind goes to Jerusalem. In Daniel we find that the destruction of Jerusalem is mentioned, which was fulfilled by Titus about 70 A. D. During the life of Christ; He spoke of the fact that Jerusalem would be destroyed again. When we see this with some other things come to pass, then we will know that the time is just around the corner. Reading in Matt. 24:21-22, we find Jesus giving this warning; "For then shall be great Tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. And except those days be shortened, there should be no flesh saved; but for the elect's sake those days shall be shortened." You talk about trouble, brother it is going to be at that time. We think we have trouble and hard times but we do not know the first letter. This will be a time in which trouble will come in a manner that we have never heard of before. This is going to involve, in a measure the whole earth.

In Rev. 7, we find that much is said about the tribulation. Some today believe that only the Jews will be involved; this is not true. "After this I behold, and lo, a great multitude, which no man could number, of all nations, and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands." Rev. 1:9. John was asked, who these were but he was unable to answer. He was told that these were they that came out of great Tribulation and had washed their robes and made them white in the blood of the Lamb. Listen my friend, when the time comes for you and me to stand at the Judgement.

Wesleyan College Homecoming Slated May 29th

Mary 29 has been set for the annual Homecoming and Spring Festival at Texas Wesleyan College, Fort Worth, it was announced today by President Law Sone.

Three former classes will be honored at the celebration. They are the classes of 1943, 1938 and 1928. This year marks the beginning of a new plan for honoring classes of five, 10 and 20 years previous at the Homecoming.

Plans for the May date include an annual business meeting of the Alumni and Ex-Students Association, 10th anniversary breakfast of the Guardians of the Golden Shears and traditional reunion of the Class of '39 Club.

All four students of TWC automatically became members of the Alumni and Ex-Students Association with the recent abolition of membership dues. Election of officers will be held May 29th.

our coming through tribulations will not do any good if we have not had our robes made white in the blood of the Lamb.

This Tribulation period will precede the coming of Christ to reign here on the earth. The Tribulation period will cover a period of about three and half years and will be one that will go down in history if there is any history written. I would not say for a moments time that Jerusalem will soon fall as has been mentioned but things are shaping for something. Some of these days we are going to wake up and find that the world is in this period of time. Consider these thoughts and your relation with the Lord.

# Scant Interest Shown In Reorganization Meeting Of Local Red Cross Chapter

Very little interest was shown by Cochran countians in the reorganization meeting of Cochran county chapter of the Red Cross held at the court house here Tuesday night. Only a handful put in an appearance with three of these coming from out of the county.

Miss Leah Jackson, field representative, gave a brief outline of the duties of the Red Cross chapters including local, national, international. She stressed particularly the fact that the National organization of the Red Cross is a functioning member of the United States Government and as such inactive local chapters are apt to lose their charters.

Miss Jackson made the trip to Morton at the invitation of M. C. Ledbetter, county chairman, who had requested reorganization of the local chapter.

Carroll Smyer, administrative officer Veterans Administration, and W. R. Rollen, representative from the claims department Veterans Administration, Lubbock, attended the meeting.

## Wartes Families Attend Reunion

The Party House in Mackenzie State park was scene for a get together for the Wartes families and other relatives Sunday. Sixty seven persons were in attendance.

Brothers and sisters attending were Mr. and Mrs. A. J. Wartes, Seattle, Wash.; Mr. and Mrs. C. M. Wartes, Morton; Mr. and Mrs. J. W. Wartes, Petersburg; Mr. and Mrs. W. C. Wartes, Petersburg; Mrs. C. B. Reasoner, Slaton. One sister, Mrs. Alva Simmons of Denver City, was unable to attend.

Others present were Mr. and Mrs. L. M. Wartes and Ronnie, Mr. and Mrs. Orb Wartes, Mr. and Mrs. Byrnes Temple and James, Lubbock; Mr. and Mrs. T. A. Wartes, Brownfield; Mr. and Mrs. Bates Reasoner, Mr. and Mrs. Earl Reasoner, Miss Patsy Reasoner, Mr. and Mrs. Floyd Reasoner, Mr. and Mrs. Nelson Reasoner, Slaton; Mr. and Mrs. Dale Key and Miss Ila Nell Petty, Fort Worth; Mr. and Mrs. J. P. Lynn, Mr. and Mrs. Woodrow Smith, Gladewater; Mr. and Mrs. Berl Rush, Seagraves; Mr. and Mrs. V. B. Thorpe and Mr. and Mrs. Guy Lynn Scarborough, Petersburg.

Mr. Ledbetter presided at the business meeting, at which time R. C. Strickland was appointed Home Service chairman, J. W. McDermott, disaster, Nath Crockett, accident prevention, and Mrs. C. M. Cravy, junior Red Cross chairman. Other chairmen remain the same.

## Clemmons, Miss Jackson Speakers At Lions Meeting

Lions and guests heard E. P. Clemmons, superintendent of Whiteface schools, and Miss Leah Jackson, representative of the American National Red Cross, in brief talks at the regular meeting, Wednesday, May 5.

Mr. Clemmons spoke on 'American Heritage', the duties and privileges of being an American. Carl Macon introduced Mr. Clemmons.

Miss Jackson, outlined briefly junior Red Cross aims and ideals. Miss Jackson was introduced by M. C. Ledbetter, Lions Club president.

The president appointed the following as a nominating committee: W. B. Cox, Hume Russell, R. C. Strickland, P. B. Ramby and J. B. Knox.

Date and chairman for the "Clean-Up" drive will be announced at next week's meeting.

Members present were: M. C. Ledbetter, Willard Cox, C. M. Cravy, Floyd Smith, Harry LeMaire, A. A. Kendall, Hume Russell, Carl Ray, M. T. Beard, Jack Rice, J. B. Knox, Carl Macon, Andrew Essary, Walter Taylor, Roy Hickman, Murray Crone, Earl Crum, T. K. Williamson, Tom Arnn jr., R. D. Ormand, Joe Weaks and Roy Hill.

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

So long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

Thursday evening at the Fiesta we got off to our usual good start by introducing Mrs. Homer E. Thompson to our guests as Mrs. Paul Goodman. That isn't difficult as they are both young, small, have dark hair and each is quite beautiful.

Maxine Bowers, teen age daughter of Mr. and Mrs. Max E. Bowers, was selling souvenirs, gardenias or something and looked mighty cute in a red rope with bright embroidery.

Mrs. W. B. Evans always attractive and one of the entertainers was wearing a long black lace trimmed dress with aqua corsage and head band.

Mr. and Mrs. Courtney Sanders were entertaining their two charming little daughters that evening. Both youngsters seemingly enjoyed the Fiesta.

Mrs. Tom Morgan was very smart in a purple frock sequin trimmed.

Homer E. Thompson, Larry Kelly and Zeke Sanders were seated together. Mrs. T helped with the serving, we didn't see Mrs. K and of course there is no Mrs. Zeke.

Drs. Podesta and Monk and their wives were our guests before the party. Mrs. Monk is a very pretty, vivacious brunette. Mrs. Podesta is also a brunette

and an extremely charming and interesting person. Not long ago she asked us if it would be all right for her to call us "Ann", for a minute we had no answer as we hardly know we have another name.

We have been asked why we always act so dumb—rest assured it isn't an act. However we think it was Cotton who said, "if you want enemies, excel others; if friends, let others excel you." We want friends.

In the May issue of American Mercury, there appears a letter headed "Women As People" by Thomas Olson of Austin, Texas.

In one portion he says, "When they marry they turn their homes into debating societies, think nothing of insulting their husbands in public, and consider it their right to flirt with other men on the ground that 'we're human beings, too.' Of course, every man, in the secrecy of his heart, knows that women are not human beings."

With theories like that we are amazed that Mr. Olson lived to grow up. However we are intrigued and if we ever find ourselves in Austin will certainly look the gentleman up and see if we can find out what women really are—in his opinion that is.

The Kinsey report is certainly causing a lot of consternation

and has been a best seller (at \$6.50 per copy) ever since it came out. We find tho that the more intense the condemnation and criticism of a publication the better it sells. However we haven't read the report—preferring to make our own surveys; besides the Kinsey survey did not include this area, so one could not arrive at any definite conclusions simply by reading it.

Saw Mrs. Herman Crockett, wife of the deputy sheriff, give up trying to park in front of the bank early Monday morning. She just double parked and went on in.

Norine Frazier, business manager of West Plains hospital, our permanent house guest and a very lovely girl had the florist send us a beautiful fuchsia last Saturday. This is by no means the first nice thing Norine has done for us and all the courtesies are much appreciated. Norine and her room-mate Iona Purvis are the source of a great deal of pleasure for us.

Allene Curry Flinn, our friend of a good many years standing, came over Saturday morning, for a bit of shopping. (Levelland papers, please do not copy.) While here she wrote several stories for this week's issue of the Tribune. Not only that but Sunday afternoon she defrosted the ice box at Vagabond House. People like that we love.

In our opinion appreciation is the sweetest flower that grows in the Garden of Human virtues and we hope that we express our thanks adequately for the many, many kind things that our friends do for us.

Friday while VA doctors were giving the spouse a going over we had a nice visit with Mr. R. W. Sisson and Mr. Carroll Smyer, manager and administrative officer of Veterans Administration in Lubbock.

They have both visited the American Legion here. Mr. Sisson a handsome man has dark eyes and the most engaging smile. Mr. Smyer is the possessor of a very keen sense of humor and is about as entertaining as anyone we have ever known.

Occasionally we wonder about the tact and diplomacy of the spouse; for instance Monday when he met R. Dr. Ormand he said, "Why I thought you were a young man." Actually Mr. Ormand is young, and quite good looking, we might add.

Last week we met R. E. Thompson, four year old son of Judge and Mrs. Thompson, on the court house steps, after we'd greeted him, he said, "You know I don't think I've ever really met you." We are of the opinion that R. E. will outgrow such formality in a few years.

This reminds us of the spouse: When I help with the dishes after we've dined, (My wife won't let me shirk!) It's not the indignity I mind—It's the work!

## Morton Citizens Entertained With Spanish Fiesta

Morton citizens were again treated to a Spanish Fiesta sponsored each year by the American Legion Auxiliary, at Veterans Hall last Thursday night.

Guests seated at colorfully decorated tables were served a dish typical of the Pan-American countries by members of the auxiliary. Places were marked by hand made place cards which were presented guests as souvenirs.

Mrs. David Todd, talented pianist, presented several piano selections during the dining hour.

Mrs. Jim Gast, president of the American Legion Auxiliary, introduced the following program: "Manana," vocal solo by Erma Long, "Man a qu a Nicaragua," vocal solo by Bobbie Gast, "Rancho Grande" and "Spanish Two Step," Guitar solo by Arthur Cook. "An Old Sombrero" was presented vocally by Miss Betty Monroe, accompanied by Arthur Cook. Mr. Cook also accompanied Miss Monroe and Mrs. W. B. Evans as they sang "Mexicali Rose."

Concluding the program by local entertainers an ensemble from Eastern New Mexico College, under the direction of Miss Florence Landon, presented an all Spanish comedy skit entitled, "A Trip to Guadalajara." Jack Cochran acted as interpreter for the skit and Master of Ceremonies. Those from ENMC taking part in the skit were: Joan Foster, Delmer Gillespie, Joyce Pond, Horace Gore, Charles Fleming, Wavis Scoggins, Betty Jane Polk, Ann Strong, Emmett Clayton, James Vanderford, Helen Montgomery and Grace Melendez.

A stringed ensemble from the college also gave several musical numbers, members of the ensemble were: Peggy Cooper, Barbara Jamison, Louise Sikes; they were accompanied at the piano by Helga Wall.

**Agricultural Facts**

Cover crops grown in pecan orchards should be disked by the middle of April or the first of May.

Pick up and destroy all peaches that drop from the trees, especially in April and early May to help control the plum curculio.

Use a washing powder to clean painted woodwork or walls before repainting.

Keeping the poultry brooder dry often keeps down an outbreak of coccidiosis.

Plenty of young, tender green feeds often save as much as 15 percent of the mash usually fed to growing pullets. Some of these good green feeds are: rape, turnip greens, lettuce, ladino clover, lespedeza, soybeans, Bermuda grass and lawn clippings.

For every dollar invested in building rural co-op power systems, consumers spend \$4.50 on wiring and equipment.

If she gets all the water she wants, a cow will give 8 to 15 percent more milk.

Secretary of Agriculture Anderson estimates that soil erosion costs 4 billion dollars annually.

**Morton Baseball Clubs Win First 3 Games of Season**

Morton baseball clubs have won their first three games in early season play, defeating Garrison, New Mexico, in their first game April 25 and taking Ropesville in a double header here Sunday.

The Junior club, sponsored by the American Legion, is shaping up fine, according to a loyal fan, Roy Allsup. More practice, plus a lot of civic backing, will make this one of the best junior teams in the area.

The city club needs a lot of work-outs, too, and there is still room left for new members. New suits are expected in the near future, perhaps in time for the next home game in two weeks.

Both clubs will play Ropesville in a road game next Sunday, with the Junior team taking the field at 1:30. The city club's game will follow immediately.

**CITY ORDINANCE NO. 8**

Be it ordained by the City Commission of the City of Whiteface, Texas Inc., this the 15th day of April, 1948.

That it will be unlawful for any person, persons, Corporations or Companies, to use the vacant lots, Streets, or Alleys, of the City of Whiteface, Incorporated, or allow them to be used, to run water from a Laundry; or other hand, help-selfy, Steam or any other kind of a laundry, or wash house, in the Incorporated Limits of the City of Whiteface, and it is unlawful to use an open cess-pool or any other means of disposing of the water used in the above named places unless the water is cleaned out of said cess-pools daily. Each day of this violation shall constitute a separate offense, and shall be punishable by fine of not less than \$25.00 or more than \$100.00 for the first offense.

The Mayor called for a vote upon the ordinance as read, and all members of the Commission voted Ayes and no No.

The Mayor then declared the Ordinance duly passed as read, and ordered the same spread upon the minutes of the City Commission.

L. L. Drumheller, Mayor  
H. J. Knox, City Clerk.

# Ernie Fields and Orchestra to Play Here Monday

Ernie Fields, who will bring his orchestra to the Morton Roller Rink Monday night, May 10 began making his bid for prominence in the entertainment world in the late 30's throughout Oklahoma, the East Texas oil fields and the entire Southwest.

His first big break came in 1940 when John Hammond, the well known swing critic discovered him and arranged for his first Eastern theatre tour and recording session.

Favorite with dance and popular music lovers from coast to coast, Ernie has been featured in the leading night spots of at least 38 states and is hailed as the "Crown Prince of Swing."

During the duration, Fields' Orchestra boasted of having done more than one hundred camp shows and twelve overseas broadcasts for soldiers.

Vocals are prominently featured, as are ensemble singing, jive tunes and the more romantic ballads and sentimental blues being done by Mel Moore who has been vocalist with the band for eight years.

A few spots where he has been featured are: Oriental Theatre, Chicago; Orpheum, Los Angeles; Apollo Theatre, N. Y. City; Tic Toc, Boston; Old Orchard Beach, Maine; Rainbow Ballroom, Denver; University of Oregon; A and M College, Oklahoma; A and M College, Texas; Cocoonut Grove, Salt Lake City; Mayo Hotel, Casa Loma and English Village, Tulsa.

# Frozen Foods Are Becoming Popular With Housewives

Frozen foods are becoming very popular with homemakers because they are time saving, table ready, and little preparation is necessary, according to Louise Mason, extension food preparation specialist of Texas A. and M. College.

They are so simple to prepare they appeal to beginning cooks and business women who have a limited time for cooking. If the following simple rules in preparing frozen foods are followed, good products will result.

Do not re-freeze frozen foods once they have been thawed. If partial packages of frozen fruits and vegetables are to be used, divide the package, rewrap unused portion, and keep frozen until it can be used.

Add frozen vegetables to briskly boiling, salted water. Do not defrost (except corn on cob). Begin counting cooking time when boiling begins again after frozen vegetables have been added.

Cooking time varies with variety and maturity of the vegetable, size of pieces and method of preparation. Less water may be needed if heavy utensils and controlled heat are used.

Finally, watch cooking time carefully. Freezing weakens the cell walls, and it is easy to overcook vegetables.

Miss Mason says the ten- to fourteen-ounce package of frozen vegetables will usually serve four people.

## CARD OF THANKS

I can not thank each individual personally so I take this means of thanking each of my many friends for their deeds of kindness during my illness. May God richly bless each of you is my prayer.  
Mrs. Alma Covington.

Tribune, Morton, Cochran County, Texas, Thursday, May 6, 1948

## CARD OF THANKS

We take this means of thanking our friends and neighbors for the many kind things done for us during the illness of our baby son, Ernest Gene.

We especially thank the ladies who helped with the house work. The flowers, cards and gifts of money are all deeply appreciated.

Sincerely,  
Mr. and Mrs. O. D. Chesshir and family.

## CARD OF THANKS

We want to thank everyone for the many kindnesses shown us during the time of Erwin's illness; especially do we thank the ones who sat up and the persons who sent the beautiful flowers. Erwin went home from the hospital Thursday, April 29, and is doing fine.

Sincerely,  
Mrs. B. R. Stovall, Russell Hudson, Winfred Patton and J. L. Hudson.
