**Warning Issued To Parents By Health Officer**

AUSTIN—Dr. George W. Cox, State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and "summer complaint."

"The chief cause of these intestinal diseases are contaminated milk; water or food; allowing the child to get overheated or exhausted; excessive sugar in the babies formula; and improper amount of food," Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox urged extreme care in the preparation of a feeding formula for infants. He said it should be prescribed by a physician, and that cleanliness and refrigeration were absolute essentials. Babies should be fed at regular intervals and on a definite schedule, since their stomach and bowels can be easily upset if fed irregularly or whenever they are fretful or restless.

The State Health Officer declared that dysentery is transmitted by flies and said every home should be well-screened and free of flies.

"If dysentery or diarrhea develop, consult your physician at once," Dr. Cox advised. "This so-called 'summer complaint' can be a very serious menace to your baby's health, if not an actual threat to his life."

**Milland Up To His Old Tricks In 'Golden Earrings'**

Ray Milland is up to his old tricks—cinematically speaking.

In the well-remembered "The Lost Weekend," the star, at the command of the script, stole a bottle of booze.

And in Paramount's "Golden Earrings," coming to the Wallace Theatre, Wednesday and Thursday, June 16-17, he's again doing a bit of thieving. This time, however, Milland's "itching fingers" reach for a chicken.

The scene is a comic highlight in the romantic adventure drama and discloses the star, hungry and desperate for food, breaking into a chicken house. His attempts at landing a feathered "victim" result in a mad chaos of clucking and the untimely arrival of the owner with a shotgun.

"Golden Earrings", a adapted from the best-selling novel by Yolanda Foldes, co-stars Milland with Marlene Dietrich. Miss Dietrich portrays a seductive Hungarian gypsy, Milland a high-born English officer whom she saves from pursuing Nazis. Mitchell Leisen directed.

**KNOWING HOW**  
 isn't always enough...

All your knowledge about farming won't be of much use if your farm equipment isn't ready when you need it.

Remember, every machine must be working just right to get a good job done in each crop. And to make sure they'll be 100%, it's best to have them checked over and repaired plenty of time ahead of work seasons.

To get all equipment in first class shape, do this first: put your tractor and implements on our Early Bird Service Schedule. Then, during their idle time, we'll do a top-notch IH Blue Ribbon Service job on each one.

That combination of Early Bird scheduling and Blue Ribbon Service can prevent any time lost in the fields from breakdowns!

**Cotton Classing Short Course At Texas Tech**

June 21 through July 2 has annual cotton classing short course sponsored by the Texas Technological college textile engineering department and the extension division for graders, farmers, students, ginners and all other persons interested in cotton production and rating.

L. E. Parsons, head of the textile department, said that a number of outstanding lecturers have been invited for the short course. Laboratory facilities at 1701 Avenue H. United States Division of Agriculture headquarters, will be used this year due to a full summer school schedule at the college. L. O. Buchanan from USDA offices is to be in charge of the laboratory sessions assisted by his professional staff.

The classing session are to be held from 9 a. m. until 3 p. m., and the lectures on Tuesday and Thursday will begin at 3 p. m. in classrooms at the college, Mr. Parsons said.

Certificates are to be awarded those who successfully complete the course.

Registration is slated for 8 a. m. to 9 a. m. the opening day, June 21.

**Regional Farm Bureau Meet At Abilene June 11**

County Agent

The Regional Farm Bureau meeting is to be held at Abilene, Texas, at the Winsor Hotel Friday, June 11. David Weaver, one of your directors in the Farm Bureau is going to this meeting and he is urging that as many farmers who can go, to attend. He will leave about 6 a. m. June 11 for Abilene and says he wants to fill his car.

Another car will leave the Courthouse of Morton for Abilene about 8 a. m. on June 11. Be here at that time if you can go.

David says that most of the directors are planning on going and that he would like to see all cars filled. He believes there will be plenty of cars to take all those who are interested.

Nature can do a lot to help us produce a crop, but it doesn't help us market it, so let's find out more about our immediate marketing problems and get together on our reasonable demands.

**Annual Cotton Research Congress To Be Held At Dallas July 22, 23 and 24**

Opportunities for cotton in world trade, domestic markets, technical research, improved production and mechanization will be discussed by outstanding authorities on these subjects at the ninth annual Cotton Research Congress at the Baker Hotel in Dallas, July 22-23-24.

"Cotton Counts Its Opportunities" will be the theme of the 1948 meeting, Burris C. Jackson, general chairman of the State-wide Cotton Committee of Texas, has announced.

Carrying out this theme, the program and extensive exhibits will present the latest develop-

ments of the cotton world, including the largest display of mechanical equipment for cotton farmers ever assembled in the Southwest, Jackson said.

Speakers will include world trade authorities from the Department of State and Economic Cooperation Administration (administrative agency for the Marshall Plan), representatives of banks, research institutions, cotton industry organizations and other agencies from Texas, Tennessee, Virginia, Mississippi, Ohio, and other states. Leaders of the industry from all Cotton States and several foreign countries will attend.

Business sessions and exhibits will be supplemented by a luncheon session and two night sessions, including a style show of the latest cotton fashions, arranged by the National Cotton Council, at which prizes of cotton and cottonseed products will be awarded to ladies attending.

Jackson announced that the final session of the Congress on Saturday, July 24, will move from the Baker Hotel headquarters to the State Fair of Texas in order to accommodate extensive displays of mechanical equipment exhibited by more than fifteen of the nation's leading implement manufacturers. Speakers at this session will discuss the use of machinery shown, ranging from terracers and fertilizer distributors to mechanical pickers and harvesters, and visitors will have opportunity to examine each machine.

All Congress sessions and exhibits will be open to the public. L. T. Murray, Waco, is chairman of the invitations and arrangements committee; D. T. Killough, College Station, exhibits chairman, with Eugene Butler, Dallas, arranging farm equipment displays; and Gibb Gilchrist, College Station, program chairman.

**Enochs H. D. Club Meeting Held In A. Archer Home**

Enochs H. D. Club met Thursday afternoon, May 29 in the home of Mrs. Arnold Archer. There were 17 members and four visitors present. Nine members of the Muleshoe H. D. Club were welcome guests at this meeting.

Muleshoe guests entertained the Enoch's club with a musical program and playlet, which was enjoyed.

Mrs. Williamson spoke to the group on lines and dress designs. Enoch's club members, who recently visited the Langview H. D. Club, reported a nice reception from the host club.

A refreshment plate was served by the hostess. The next meeting will be on June 10 with Mrs. T. A. Thomas as hostess.

**Now Is Right Time To Fight Grasshoppers**

County Agent

A county grasshopper bait mixing station is to be set up in Morton at the Tolliver Gin, advises County Agent Homer E. Thompson. This station will be supervised by a county leader who will be at this station daily to mix and deliver the poisoned bait. The bait will be wet mixed at the station and ready for distribution to farmers. A nominal fee of 20 cents per sack for bait will be assessed at delivery for defraying trucking and wage cost. The bait and poison is furnished free by the USDA Grasshopper Control.

Farmers are urged to take advantage of this situation immediately and spread the wet bait to fence rows, buffalo wallows, lake beds, field borders, ditches, or wherever the grasshoppers may be. This year appears to be one of the worst grasshopper years and what is done by poisoning before the hoppers start drifting will determine largely how effective we can control them. The bait should be spread thinly early in the morning about 4 to 7 a. m. Get the bait in afternoon for morning distribution.

"The poison and bran are here, but we are waiting on saw dust to arrive. The mixing station will be ready to go upon arrival of the saw dust. It is on its way here now. I know these are busy times, advises the agent, but we must fight the sand and grasshoppers when they are ready not when we are ready. I trust we will be able to open the station this week."

**Who is this Man?**

Now and then, in the pages of the *Clarion*, I run a biographical quiz, under the heading of "Who Is This Man?" For instance ...

"He was one of the earliest lovers in American history..."

"And yet he was too shy to court a woman outright..."

"He came to the New World on the Mayflower..."

"A cooper to repair the beer barrels accompanying the Pilgrims..."

"Who is this man?"

I thought that everybody was

stumped. But not Ma Hoskins, who returned the clipping to me with "John Alden" on it. She recognized all the clues—including that reference to "beer" and "cooper."

For Ma—who's read her history, knows that beer is the beverage of moderation, is as old in this land of ours as the never-ending American search for tolerance which brought the Pilgrims over to this country in the first place.

### THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor  
Missionary Baptist Church

(SALVATION)  
In writing the Roman letter, the Apostle made this statement: (I am not ashamed of the gospel of Christ, for it is the power of God unto Salvation to everyone that believeth.) Salvation is something that every one should be interested in. The world is in need of nothing more than Salvation. The word Salvation has as great a meaning as any word in the English language and implies as much. The word implies safety, deliverance, healing and many other and surely it is the great word in the Gospel. It includes the redemptive acts, such as, Justification, Sanctification,

Redemption, Grace and Forgiveness. The need of Salvation to day seemingly in line with the age when God saw that wickedness of man was great in the earth. Would it not be wise for us to consider Rom. 3:8. Paul said, "what shall we say then, are we better than they?" No, in no wise, for we before have proved both Jew and Gentiles, that they are all under sin. We to-day should turn the spotlight on our own heart and consider our own condition. If men could only see the condition of the heart and could understand the decision of the Lord we would become disturbed

over our condition. We to should know that the Lord has made provisions for Salvation, to everyone that will believe. We sometimes think that the things that we can do with our own hands will bring about Salvation. Such is not the case, never has been and never will be. God made the Provisions and you and I will never be able to change them no matter how hard we may try. God sent his own son into the world to die for our sins, that we through him might have life. In 2 Cor. 5:21. Paul leaves this thought with us: "For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him." Yes, God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life. For us to go through life without Salvation, means that we will not have life with the Lord but will spend eternally away from him. May I ask you, and you; how will it be in your life?

CARL ENGLAND, publisher of the Morton Tribune, was a business visitor in Lubbock last Friday.

**Miss June Jones-Loyce Igo Wedding Vows Exchanged Saturday Evening**

Miss June Jones and Loyce Igo exchanged wedding vows in a double ring ceremony read by W. C. Wright Saturday evening at the First Baptist Church. The bride is the daughter of Mr. Mrs. C. B. Jones and the groom is the son of Mr. and Mrs. Geo. Igo, all of Morton.

The ceremony was read in front of an arch of pink clusters. The setting was highlighted with baskets of pink gladiolas and candelabra with a background of greenery.

The pianist, Mrs. Sam Allen of Plainview, played nuptial music and accompanied Mr. Sam Allen as he sang, "O Perfect Love", "Always" and "Because."

Given in marriage by her father the bride wore a dress of white pique, styled with a short fitted jacket and ballerina skirt. She wore white accessories and a gardenia corsage. Miss Juanita

**Liquor Violation Charges Filed In County Court**

Pleas of guilty were entered in County Criminal Court Monday morning by parties charged with liquor law violations.

Charges were filed against the violators by City Marshall Tom Neal and other members of the Sheriff's department. One case specified transporting liquor into a dry territory; one for the possession of beer and two cases charging driving while intoxicated.

Corley of Brownfield, former roommate of the bride and maid of honor, was dressed in pale blue linen with brown and white accessories and a corsage of pink carnations. Ushers were: J. L. Merrill and Vern Roberts. They also served as candlelighters. Winston Jerden served as best man.

A reception at the home of Mr. and Mrs. Roy Hill followed the ceremony. Members of the house party included parents of the couple and Mrs. Roy Brown, Mrs. Roy Hill, Mrs. Wanda Gunnels, sister of the bridegroom, Janelle Jones, sister of the bride and Miss Melba Jones of Mobile, Ala., cousin of the bride.

Out of town guests registered were: Mrs. Dollie Anderson and Mrs. Henry Robinson of Big Spring, grandmother and aunt of the bride and Mr. and Mrs. G. T. Edds and Pamela from College Station.

Mrs. Igo is a graduate of Wayland Baptist College of Plainview and Mr. Igo attended ENMC at Portales. He served in the army.

For a wedding trip the bride wore an aqua linen suit with brown and white accessories and a gardenia corsage. They will be at home in Morton.

Regardless of your walk in life, smooth running gets you there a lot quicker.

**Miss June Jones Honored With Bridal Shower**

Miss June Jones, bride-elect of Loyce Igo, was honored with a bridal shower in the home of Mrs. W. A. Woods, Wednesday afternoon, June 2.

Garden flowers were used profusely throughout the spacious home. Entertainment was furnished by Misses Mary Williams and Glynna Kennedy, pianists, and Mrs. J. R. Redmond, who sang "Always". Mary Redmond presided at the guest register.

Hostesses were: Mesdames Roy Hill, F. G. Kennedy, A. R. Lindsey, Floyd Grimsley, J. R. Redmond, W. L. Taylor, Keith Kennedy and W. A. Woods.

Refreshments were served to Mesdames: C. B. Jones, George Igo, D. T. Smith, Roy Brown, Roy Gunnels, J. C. Wylie, L. W. Barrett, W. K. Whitman, W. A. Lindsey, John Sullivan, Rolly Hill, Hardie Rhyne, L. E. Huggins, Virgil Riley, J. C. Bowen, L. M. Abbe, Jess Burns, C. H. Jordan and L. M. Baldwin.

Mrs. J. W. Pond—Reporter

Small attendance at Sunday school last Sunday. It is hoped that everyone in Lehman community will make an effort to be on hand for Sunday school each Sunday. A determined effort by all will result in a fine attendance.

Mr. and Mrs. L. C. Keith had as their guests their daughter and family from College Station. They left Tuesday for Muleshoe for a visit with Mr. and Mrs. Lamoine Keith and sons, from there they will go to Minnesota.

Mr. and Mrs. Don Boles and children, after a two weeks visit with her parents, have gone to Clovis, where Mr. Boles is associated with a radio station.

Lehman H. D. Club met in the home of Mrs. J. E. Clappitt on Wednesday, June 2.

Following a business session, Miss Mabel Ann Manley, gave a talk on walks and drives.

The hostess served a delightful refreshment plate to ten members. The next meeting will be in the home of Mrs. Lee Castle on June 16.

### Aisle Of Light Theme For OES Installation

In a colorful and impressive candle lit ceremony officers of Morton's Chapter of Eastern Star were installed Monday night, May 31.

The public installation service was held at Veterans Hall, which was lavishly decorated with baskets of flowers. Theme of the installation was "Up the Aisle of Light to the East."

Taking office were: Mrs. E. L. Willis, worthy matron; Mr. Boyd Willis, worthy patron; Mrs. J. T. Porter, associate matron; Mr. P. E. Ramby, associate patron; Mesdames Andrew Essary, secretary; Jessie Lindsey, treasurer; P. B. Ramby, conductress; C. M. Cravy, associate conductress; Iva Willis, chaplain; Hessie B. Spotts, marshal; M. B. Swanner, organist; Wendell Watson, Adah; E. A. Miller, Ruth; Carl Macon, Esther; Nadine Fowler, Martha; Fred Morrison, Electra; Etta Louise Sullivan, warder and A. R. Lindsey, sentinel.

Installing officers were: Mesdames Eula Moore, installing officer; Joe Gipson, marshal; Bertha Miller, chaplain; F. F. Roberts, secretary; C. L. Taylor, organist.

The program included: Song, "Let Others See Jesus in You," "Prayer," by Mrs. C. B. Markham. Farewell Address by Mrs. J. B. Knox, retiring worthy matron.

New officers were conducted "Up the Aisle of Light" by young girls bearing lighted tapers.

After the ceremony of installation was completed an inspirational program was given with Mrs. E. L. Willis, worthy matron, in charge.

"The Lord's Prayer" was given by Mrs. Bill Proctor, vocalist, as the benediction.

**Keeping Dairy Cattle Herds To High Standard**

County Agent  
 Much has been said and little has been done about keeping our herds of dairy cattle up to a high standard. Cochran county may organize a breeders association for Jersey or Holstein cows. Five-star bulls are available now at Texas Tech. These bulls cost money and some are insured for \$10,000. Yes, that service is available to Cochran county farmers if they desire to organize an association.

David Weaver is now attending Texas Tech at Lubbock preparing himself for handling this situation. It is the artificial insemination method. It will require about \$90.00 worth of tools and instruments. The semen will be shipped Tuesdays, Thursdays, and Saturday of each week. This will last a few days when placed in temperatures of 34 to 38 degrees.

David will finish school at Texas Tech this week and more information will be published weekly on this important problem.

Texas Tech has one young five-star Jersey bull which cost them over \$3,000 and has as good bulls as any breeder in the nation. The cost of this service to farmers has not been established but it is thought that \$6.00 per head will be charged where service performed is satisfactory. The service is guaranteed to the farmer.

**Winners Of Girls State Trip Left Wed. For Austin**

Winners of the Girls State trip left Morton Wednesday morning by automobile, accompanied by Mrs. Albert Morrow, one of the state's Counsillers at the state-wide event in Austin.

Two girls from Yoakum County, winners of the trip in their locality, will join the Morton group at Plains. One Lubbock girl will join the party at Brownfield.

Girls State is held annually in Austin, with this year's dates June 2 through June 8.

**Household Hints**

Instead of sewing shoulder pads into dresses, attach them with small snaps. Sew top half of snap to shoulder seams, lower half on pads. Snap out at laundry or cleaning time: one paid will do for several dresses and blouses, too.

An ordinary alarm clock may be used to indicate when cakes should come out of the oven, and time other household tasks.

A little butter or cooking oil added to the water when cooking sweet potatoes will eliminate the "ring around the pan."

When unsetting the table, stack dishes orderly in place to be washed so that they will not have to be moved or restacked before washing.

Always remove colored clothes from washline as soon as they are dry: sunlight, a natural bleach, is hard on colors.

Colorless nail polish makes a good substitute for glue.

**Premium Lists Of 1948 State Fair Of Texas Mailed**

First copies of the official premium list of the 1948 State Fair of Texas, to be held October 9-24, were mailed this week to farmers, ranchers, and pure-bred livestock breeders in all parts of the nation in response to the greatest early season interest ever experienced by the Fair, it has been announced by State Fair officials.

"The unprecedented demand for information so far in advance of the Fair means that more exhibitors are making plans to show their herds, flocks, Palomino and Quarters horses at "America's greatest state fair," and foreshadows the most successful livestock show in the history of the Fair," officials declared.

All Texans are urged by Governor Beauford H. Jester, in a preface to the 1948 edition of the Premium List, to attend the Fair where "the youth of the farm, the ranch and the city find the inspiration for fine citizenship and happiness."

R. L. Thornton, State Fair president, in a foreword to the new edition, reviews some of the work being done in preparation for the 1948 Fair, including construction of the new \$750,000 Automobile, Aviation and Recreation Building, and the \$1,200,000 Cotton Bowl improvement program.

Requests for copies of the State Fair Premium List should be addressed to State Fair of Texas, Dallas 10, Texas.

#### LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

##### LABOR NEEDS PROFITS

Have you ever heard talk about "fair" and "reasonable" profits? The suggestion is that any amount of profit higher than "reasonable," whatever that is, would be unwholesome and bad for everybody. If you have ever fallen for that old line, repent at once. This may shock you back to reality, but I say it sincerely: What America needs is big profits, the largest profits that can be earned honestly! I say this with the welfare of the worker clearly in mind.

Just "fair" profits won't do. We need exceptional profits. Just 1 or 2 per cent is not enough to entice capital into new ventures. This venture money has to take a lot of risks in starting a new enterprise or expanding an old one. There must be a chance for large profits. If that chance exists, an enterprise will have plenty of takers. Never too many takers, perhaps, but enough to help maintain the dynamic America we know. Venture capital makes jobs for workers.

##### The Worst Crime

Once a great labor leader wisely said: "The worst crime against working people is a company which fails to operate at a profit." A survey has shown that people agree with this, in principle. Yet, they think profits much higher than they are today. The survey showed that most people thought profits to be more than four times what they actually are. Most people said that 10 per cent of the sales dollar would be about right. The fact is that last year corporate earnings averaged less than 6 per cent of sales.

Then there are those who are always trying to kill the goose that lays golden eggs, by calling for more wage to be paid out of "increased" profits. Except for taxes, the biggest portion of last year's profits went for better plants and tools. If every dollar of the profit which went to stockholders last year had been turned over to workers, it would have brought a wage increase of only 6.8 per cent.

##### Cut Down Profits

It is unfortunate that so many people have regarded profits as money taken wrongly from workers and consumers. It is just as false to assume that industry could make wages higher and prices lower by cutting down on profits. That way, profits would no longer be the incentive for healthy competition. Government would have to step in and control the whole economy. This would mean the end of free enterprise and the high standards of living we enjoy.

To some people, it may seem like a good thing to soak the "rich" or lambast capital at every opportunity. But they will stop doing that when they begin to realize how much it hurts the worker. Our workers are depending upon the profits of capital to supply the tools that mean so much to them and to every consumer. How can we have tools and plants unless we encourage profits? How can we have jobs and prosperity, then, unless we encourage profits?

##### Danger To Workers

We have gone through a long period of danger, but we're not out of it completely. The period 1930 to 1940 was the first decade in our history during which our stock of tools did not increase. We allowed 25 per cent of them

to wear out. They were not replaced. In 1930, America's stock of tools amounted to \$1,646 per person. By 1940, this was down to \$1,302. To get back to the 1930 level at once, we would have to spend perhaps 75 billion dollars.

Do you see our danger? Modern man is completely dependent upon good tools. We cannot afford to eliminate profits, and do away with the rewards that come from taking risks. If we do, the American workers will have to bear the brunt of a dangerous mistake. We need more Henry Fords and Thomas Edisons. Did they make profits? Yes, and they built America. With profits, they made it possible for millions to enjoy a more productive America.

##### DOVES TO CALIFORNIA

Dr. and Mrs. W. S. Dove and daughter, Marilyn, left Sunday for a vacation trip to California.

They will visit the doctor's sister and son, Wendell S., Jr., in Los Angeles and Mrs. Dove's father and sister in Bakersfield, California.

## The Cotton Plant

What a royal plant it is!

The world waits in attendance on its growth: The shower that falls whispering on its leaves is heard around the earth:

The sun that shines on it is tempered by the prayers of all people.

The frost that chills it and the dew that descends from the stars is noted, and the trespass of a little worm on its green leaf is more to England than the advance of the Prussian Army on her Asian outposts.

It is the heritage that God gave to this people forever as their own when He arched our skies, established our mountains, girt us about with the ocean, loosed the breezes, tempered the sunshine, and measured the rain!

Ours and our children's forever!

### FUNERAL CONDUCTED FOR O. C. PALVADO

Funeral services were conducted at Ackerly, Texas, Wednesday afternoon for O. C. Palvado, 39, who died Sunday morning of a heart attack in California. His brother E. L. Palvado lives south of Morton.  
The body was flown from California to Texas for burial services.

VAN GREENE spent the weekend in Wichita Falls and Electra, Texas.

### CARD OF THANKS

We cannot thank each individual personally so we take this means of thanking each of our many friends for the deeds of love and kindness, shown us during our hours of sorrow. May God richly bless each of you is our prayer.

Mr. and Mrs. L. B. Kelso,  
Rena Maude; Mr. and Mrs.  
H. W. Miller and Harvey.
