

Three Polio Cases are Reported in County

Morton Tribune

"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JUNE 24, 1948.

NUMBER 17.

COX OPENING ATTRACTS HUGE CROWDS

Combining wheat from the 8-bushel per acre volunteer stand on the Shorty Waldrop

farm. R. J. Hill is at the controls and R. W. Hill is shown in the background.

Local Oil Interest Centered Around No. 1 Griffith

Oil interest for Cochran County centered around R. B. Farris No. 1 Griffith, in the extreme west-central part of the county last week. No tests have been made at last reports. Drilling has progressed to 3,789 feet and was continuing. This venture is a decided step-out from any near field and production will result in drilling activity in this area.

Seaboard Oil company of Delaware No. 1 F. O. Masten, eight miles southeast of Bledsoe, was plugged back from the total depth of 5,001 feet and was swabbing to test late last week.

On the last test reported, the well swabbed 96 barrels of oil in a 12 hour period with a shakeout from three to six per cent basic sediment. No water was recovered in the test and the well is expected to be completed as some sort of a producer in the near future.

DeKalb Agricultural association Inc., No. 1 G. L. White, in extreme western part of Hockley county has been abandoned as a dry hole. The drilling progressed to 4,720 feet in lime and carried no signs of oil or gas.

Heavy Damages Done To Crops By High Winds

Unseasonable high winds leveled thousands of acres of cotton and feed in the county in the three day blow.

Saturday afternoon's thunder shower and hail, immediately preceded by a duster caused considerable damage, as did the full day of wind Sunday. Monday was the worst of the three days, with a very high wind blowing from the southwest.

James St. Clair, business man and farmer, County Judge Glenn Thompson and Homer Thompson, County Agent, expressed the belief that about 25 per cent of the county's entire acreage was destroyed.

Many farmers lost practically all of their cotton and a good portion of their feed. A few farmers, who have tight land, reported only spotted destruction and over-all burning by the sand.

A two mile strip just west of town, extending for several miles north and south, was almost entirely destroyed. Farmers in this area report insufficient moisture to replant.

Candidates Head Into Stretch Of Their Campaign

Candidates for county offices are heading into the stretch of their campaign with no new announcement immediately prior to the Saturday midnight deadline.

Keenest competition will be in the Sheriff's race with eight men seeking the office. Present County Commissioners in all four precincts have announced for reelection and each of these men have one contending candidate. The only other county office being contested is that of County Judge.

Lindsey Feed And Seed Portable DDT Sprayer Available

Lindsey Feed and Seed has recently acquired a portable DDT sprayer for use in eradicating flies and sanitary nuisances.

This unit is available for custom spraying in Morton and Cochran county. The tank has a capacity of 100 gallons DDT mixture and is mounted on rubber.

Estimated 1,500 Persons Attended Opening Of Cox Ford House Building

An estimated 1,200-1,500 persons visited the show room of Willard Cox last Friday when the 1949 Fords were displayed by the local dealer.

More than 400 individuals registered at the desk during the day and only one person from a family was asked for signature. From this figure and the fact that 1296 cold drinks were served, Mr. Cox believes almost 1,500 people passed through the doors of his new building.

The show room was crowded throughout the day and employees were kept busy explaining the details concerning their particular department.

"Unconquered" Now Showing At Wallace Theatre

One of the finest motion picture productions yet to come out of Hollywood made its bow at the Wallace Theatre yesterday. It is Cecil B. DeMille's Technicolor action-drama of pre-Revolutionary days, "Unconquered," co-starring Gary Cooper and Paulette Goddard.

The Paramount picture features Howard Da Silva, Boris Karloff, Cecil Kellaway, Ward Bond, Katherine DeMille. Cooper appears as a Virginia militiaman and patriot who falls in love with Miss Goddard, an English girl unjustly sentenced to fourteen years of slavery in America, to be bonded to the person who buys her at public auction. Da Silva portrays an unscrupulous fur trader—and traitor—who works with the Indians and whom Cooper is determined to expose.

Annual Rodeo At Levelland July 2, 3 and 4

Plans are rapidly getting underway for the biggest annual rodeo ever held in Levelland, which is set for July 2, 3, and 4, said Bert Eads, president of the Levelland Rodeo Association, sponsors of the event.

Night performances are scheduled for July 2 and 3, and matinees for July 3 and 4. The Lions Club is sponsoring two booster trips, with the Levelland High School band furnishing the music, one of which will be Wednesday and the other June 29.

The Lions Club is also decorating the entire business district with red, white and blue flags and other emblems.

Junior Chamber of Commerce will conduct a parade at 10:00 o'clock Saturday morning, July 3. The City Federation Women's clubs are selling tickets and advertising for the daily programs, with one-fourth of the net proceeds going to the women for a club and youth center building.

Modern Trailer Camp Slated To Open Saturday

A new modern trailer camp has been opened eight blocks south of the stop light, owned and operated by N. H. Corder.

Mr. Corder assures his customers plenty of parking space, separate baths and clean rest rooms plus all the city conveniences without the disadvantages of living in town.

Power, water and gas are ready to be connected to the trailer home upon arrival.

MRS. BERTHA ROBERTS, member of the nursing staff at the West Plains Hospital, has returned from her vacation.

Three new Fords were on display for the formal opening of the new home of Willard Cox. A Club Coupe and a Tudor Sedan were kept on the floor and a Fordor Sedan was used as a demonstrator. During the day 275 persons were given demonstration rides and a waiting list remained at closing time.

Numerous business concerns in Morton sent flowers congratulating Mr. Cox on the opening of his new building. An entire counter area plus a large floor space was banked with these tokens of good will.

Among the many out-of-town visitors for the opening were: Mr. C. J. Baskett, Manager of Business Management Department of the Dallas Branch of the Ford Motor Co., Mr. John Reader, also of the Dallas branch, and Mr. Ralph Dunivan, District Manager for Universal Credit Corporation, Lubbock.

Included in the congratulatory messages received by Willard Cox from Ford officials were those from B. H. Smith, Sales Office Manager, Dallas and from Ira Groves, Zone Manager of ten southern states for Ford, Kansas City, Mo.

Check Swindler Returned To Morton Tuesday

A check swindler was taken in custody in Earth Tuesday by members of the Sheriff's department. The man was returned to Morton by Sheriff Hancock and Deputy Herman Crockett.

"This man had been swindling with checks in a number of towns over the area, averaging more than \$100.00 worth of checks a day in each town," Crockett said.

The peace officer again warned business concerns, and individuals, against taking checks from strangers. "Banks and Post Offices require identification," Crockett added, "and it is good business policy for stores to do the same. An honest person will be glad to furnish identification on request."

ENJOYED FISHING TRIP

Mr. and Mrs. A. L. Beggs and family and Mr. and Mrs. Mon Tanner and family recently enjoyed a fishing trip to Buchanan Dam. The group caught approximately seventy-five pounds of fish.

Tribune Wins 1st. Prize In Texas Press Contest

The Morton Tribune won first prize for the best set advertising in a contest held last week during the convention of the Texas Press Association in San Antonio.

The Tribune was also awarded "honorable mention" on general excellence.

Awards were presented by Olin B. Hinkle of the University of Texas Journalism Department, during a dinner and open house given by the San Antonio Express in the Express building Friday night.

The advertising award is given annually by W. N. Beard, publisher of the Southwestern Magazine, Ft. Worth, Texas.

5TH DIVISION OF AMERICAN LEGION AND AUXILIARY CONVENE IN SAN ANGELO

The Fifth Division of the American Legion and Auxiliary convened in San Angelo last Saturday and Sunday.

Attending from Morton were: Mr. and Mrs. Albert Morrow, Mr. and Mrs. Homer E. Thompson, Mrs. Tom Arnn and Mrs. Jim Gast.

Dr. W. S. Dove, City Health Officer, Reiterates Plea For County Clean Up

The worst polio record in the state's history for this time of year plagued Texas Wednesday.

The State Health Department reported that the year's total incidence of the dreaded disease mounted last week-end to 428. There were three cases in Cochran county as reported by Dr. W. S. Dove, chief of staff at West Plains hospital and city health officer.

Dr. Dove has reiterated his plea for a city and farm clean up, emphasizing the fact that effective control can be accomplished economically by the widespread use of DDT.

Altho the city owns a portable DDT sprayer, Dr. Dove feels that each householder should assume personal responsibility for the cleanliness of his own premises. In another portion of the Tribune Dr. Dove has outlined an effective means of controlling the fly population, and the prevention of possible spread of disease.

"Other towns and other states have completely wiped out the fly menace," Dr. Dove said.

This year Iowa is launching its third annual "No Flies in Iowa" campaign. Last summer demonstration centers were set up throughout the state to train local committees in fly-killing techniques. Residents were in-

structed in the use of DDT and emphasis was placed on proper sanitation around the house, in connection with use of the poison.

Dr. Dove in a report earlier this spring to the city commission recommended that all sanitary nuisances within the city be sprayed liberally at least twice a week with a DDT mixture. Since farm homes do not come under the jurisdiction of the city, he has suggested that each farm householder attend to sanitary measures on his place.

Instructions on the use of DDT may be obtained from Dr. Dove. It is necessary that precaution be used in administering the poison. While harmless to people and to most animals, DDT should be used with caution, Dr. Dove, pointed out.

"When spraying is done on the farm, drinking bowls and feed troughs should be covered, and DDT in oil solution should never be used on cattle, for it will penetrate the skin. But there is no reason why Morton and Cochran county cannot be made fly proof this summer," he continued.

Dr. Dove was of the opinion that a speedy eradication of the fly population and general clean up of all sanitary nuisances would greatly reduce the spread of polio and other hot weather diseases in this area.

Work On Cochran County's Service Record Publication Progressing

Work on the Cochran County Service Record, a publication devoted to veterans of both World Wars of the county, is progressing rapidly, according to Ken Coffman, V. F. W. Post Commander.

"The photographs of the veterans are coming in right along, but yet there are no photos of the World War I boys. A form to be filled out is carried in the Tribune and every veteran in the county should fill in the form and send it in along with their picture," Coffman said.

The publication will consist of five sections. The sections will follow in the order of: Gold Star boys, World War I vets followed by the men of the last war, photographs of action, unusual shots of the ship, outfit or battle area and the last section will consist of advertisements of local business concerns.

A condensed service record of each individual will accompany

their photographs. There are approximately 600 veterans in the county and a complete record of each service man and woman will be carried in the publication if the form is sent in and photographs are included.

3 Polio Cases Diagnosed At Local Hospital

M. D. Sides and Emmett Thomas were transferred from West Plains hospital to a hospital at Plainview Tuesday. Both cases had been diagnosed by Dr. W. S. Dove as possible polio and referred to the Plainview hospital for special treatment.

Helen Ruth Horton another polio suspect remained in the West Plains hospital for further treatment and observation.

Plans Complete For County's Biggest Rabbit Drive and Barbecue, Today

Plans have been completed for Cochran County's biggest rabbit drive and barbecue.

The Morton Chamber of Commerce will furnish the beef and bread for the barbecue. Ladies of the community will bring pies and cakes for dessert.

Meeting place for the drive has been set at the Twin Mills on the Hughes Smith farm 15 miles southwest of Morton. Visitors from surrounding areas are invited and a number have indicated they will be present.

The sponsors of the event again state that shot guns only will be used. Rifles are dangerous in a group and will not be permitted.

Funeral Services For Riddle Infant Held In Whiteface

Carl Ray Riddle, seven-months-old son of Mr. and Mrs. Cecil Riddle of Whiteface, died about 4:30 p. m. Tuesday, June 15, in Lubbock Memorial hospital from acute diarrhea and vomiting, after an illness of more than a week. He was admitted to the hospital Tuesday morning.

Services were held in the Whiteface Baptist church with Rev. Elvis E. Morris of Levelland officiating. Burial was in Whiteface cemetery.

Survivors include the parents; two sisters, Faye, 8, and Mae, 5; a brother, Cecil, jr., 3; and both sets of grandparents.

DR. AND MRS. N. A. MONK LEFT FOR HOUSTON SAT.

Dr. and Mrs. N. A. Monk left Saturday for Houston, where he will be associated with the Jeff Davis Hospital. Dr. and Mrs. Monk were formerly on the West Plains Hospital staff.

The drive will get underway soon after eight o'clock Thursday morning, covering a designated area. After the noon meal at the Twin Mills, another area will be covered. Winning hunters will receive prizes for the first three places.

The rabbit population on the Lehman Farms is exceptionally thick this year, so hunters are assured of plentiful game.

Morton Gun Club To Hold Session Of Target Skill

Members of the Morton Gun Club will have their first try at the clay pigeons Sunday afternoon, 2 o'clock, June 27, when the club will have its first session of target skill.

The range is located on the Fred Crow farm, 1/2 mile east and 1/2 mile north of the airport.

Traps and targets have been secured and the range is in complete readiness for the event. Shells will be on the grounds for sale at a reduced price to members. Shotgunners of the open bore type will be used.

All of the club's 26 members are urged to participate in the match and spectators are welcome. Membership is still open and interested parties are urged to contact T. K. Williamson, Bob Dunham or Roy Allsup.

RECEIVES SURGICAL TREATMENT AT DALLAS

N. H. Lovelace and daughter, Mrs. Bill Garrett, returned Tuesday from Dallas where he had received surgical treatment of an oral cyst.

Minor Injuries Received In Fall From Drilling Rig

Dudley Zant, 18 year old grandson of A. D. Forehand of Morton, suffered comparatively minor injuries when he fell 87 feet from a drilling rig June 13. He received fractures of one arm and one leg.

Young Zant was preparing to descend from his working position high on a derrick of the Trinity Drilling Co. on location 1/2 miles west of Barnhart, near Spring, when he lost his footing and plunged to the board platform 87 feet below. He apparently landed on his outstretched leg and arm and escaped with no other injuries. Zant never lost consciousness and was able to tell other members of the crew how to contact his relatives.

Mr. Forehand said the young man contacted pneumonia early in the week but is now greatly improved.

Junior Baseball Club Has Four Game Schedule

The Junior Legion baseball club is rounding out a well-filled schedule with four games this week. Three games will be played away from home with Friday afternoon bringing the local club and Muleshoe together at Slaughterfield.

The youthful sackers dropped a close 5-7 decision to Littlefield Sunday in an exhibition of fine ball playing. The boys visited Brownfield Monday and were defeated by a score of 10-4. The team played the Plainview club Wednesday.

"A good team deserves good attendance from the home town, and we certainly have a good team," said Tom Morgan, speaking for the Morgan-Roy Hill co-managership. The club pilots are expecting a large crowd for Friday's game.

State Veterinary Tested Cows In County June 18 For Bangs Disease

County Agent Dr. A. J. Lewis, State Veterinary of Lubbock, was in the county on the 18th of June for the purpose of testing milk cows for Bangs disease. Out of the 18 animals tested one showed positive reaction.

Milk from cows having Bangs disease causes Undulant fever. The meat from these animals is not harmful. Animals having this disease carry a large "B" on their jaw as an identifying brand.

Dr. Lewis will return to the county of test animals of other herds if there are enough interested owners. A charge of \$2 per head will be made if 40 or more farmers desire the veterinary to test their cattle.

The grasshopper poisoning station is still in operation but only a comparatively few farmers are taking advantage of this service. It cannot be too strongly emphasized that the grasshopper is a direct threat to every acre of crop in the county. Those who have poisoned report up to 90 per cent kill.

The poison should be put out early in the morning before the pests move from the pasture into the fields. It must be put out wet so the hoppers will not touch dry grass.

The poison station is being provided for the benefit of all the farmers and they are urged to take advantage of this service. The poison does not harm cattle, as it may be put out in the pasture used for milk cows. It can

WHITEFACE MAN ARRESTED ON LIQUOR LAW VIOLATIONS

A Whiteface man was arrested Tuesday night on liquor law violations. Sheriff Hancock and Deputy Crockett reported the man had a case of beer and a case of whiskey in his possession at the time of arrest.

SAVE USED FATS!

HELP YOUR COUNTRY...
HELP YOURSELF!

There is still a very real need for every ounce of used fats we can salvage. The world-wide shortage is greater today than ever before. Please... keep saving and turning in your used kitchen fats. P. S. You will get paid for them... and you know how ready cash counts today.

McDERMETTS ON 10-DAY TRIP TO SOUTH TEXAS

Mr. and Mrs. J. W. McDermett and son, Donnie left Wednesday for a ten day trip to South Texas. They will attend a family reunion in Abilene Thursday and Friday. From Abilene the party visits in San Antonio, returning to Austin for the Annual Texas Butane Dealers Association Convention, Sunday through Thursday.

SPENDING SUMMER HERE

Mrs. H. E. Tolliver and daughter, Wanda of Berkeley, California, arrived last week to spend the summer here. They were accompanied to Texas by five of Mrs. Tolliver's grandchildren.

Cochran Gardens Are Thriving

By Mabel Ann Manley, C.R.D.A.
Gardens throughout Cochran County are thriving. Many people are enjoying fresh green beans, onions and other tasty vegetables right out of their own gardens now. The life of the home gardener is not all rosy. Right along with the nice vegetables the bugs have made their appearance.

During the past few days the home demonstration agent has been called on for some information on how to control the "garden hi-jackers" by a number of people in the county. People are just smarter than the bugs take them to be. They are moving in with spray guns, dusters and poison bait.

One of the most common bugs that the gardener wants to control is the squash bug. The best time to get this fellow is when he first appears. Get a supply of sabadilla dust and keep it on hand. At the first appearance of Mr. Squash Bug give him a good dose of sabadilla. Do this every 5 to 7 days. A squash bug is not very discriminating when he has finished the squash, cucumbers and pumpkins, he will move on to tomatoes and other vegetables.

Mustard, lettuce and other early vegetables are going to seed. The smart gardener realizes that if these vegetables are left standing in the garden they will harbor insects and use up precious water that the other vegetables need. The old stalks should be removed when they have passed their usefulness and the ground either replanted in some summertime vegetable such as peas, okra, egg plant, etc. or left fallow.

These stalks should be put into a compost pile where they will deteriorate and be ready to add to next year's garden to help make the soil loose and mellow. A good layer of compost increases the soil water holding ability.

VISITED IN BIG SPRING

Mr. and Mrs. Loyce Upo visited Sunday in the home of Mrs. Upo's grandmother, Mrs. D. M. Anderson, in Big Spring.

MRS. C. B. JONES is spending three weeks at Christoval, taking mineral baths for rheumatism.

LEHMAN NEWS

Mrs. J. W. Pond—Reporter

We had a nice crowd at Sunday School this week. About 50 were enrolled last week in our Vacation Bible School, and all enjoyed it a lot. We had as our workers, Miss Moore from Henecca, Texas, and Miss June Foster from Floydada, Miss Mary Williams, Rev. W. C. and Mrs. Wright from Morton, also Norma Ruth Wright and Mrs. June Kennedy.

Miss Margaret Scott is visiting relatives in Amarillo.

Mr. and Mrs. Bob Bacon and son from Lamesa spent Father's Day in the home of Mrs. Bacon's father and family, Mr. and Mrs. Harry Tapp.

Mr. and Mrs. Don Yeary and children from Morton were dinner guests in the home of Mr. and Mrs. O. S. Taylor, Sunday.

Mr. and Mrs. Virgil Scott and children visited in the home of Mr. and Mrs. P. E. Liles and children Sunday.

Mr. and Mrs. J. W. Pond and children visited relatives in Hereford Saturday.

Mr. and Mrs. A. C. Ward and family from Seminole were Sunday dinner guests in the home of the latter's brother, Mr. and Mrs. Charlie Sanders and children and her father.

Lehman H. D. Club met on Wednesday, June 18th at 3 o'clock in the home of Mrs. O. L. Castle. Meeting was called to order by the president and roll was called by the secretary. All new and old business was taken care of. Sandwiches, fruit, cookies and punch was served to the following members:

Mrs. J. W. Pond, F. L. Fred, Virgil Scott, P. E. Liles, O. S. Taylor, J. E. Clappitt, W. G. Freeland, E. L. Freeland, Charlie Sanders, and Mrs. Castle's daughter was co-hostess.

Next meeting will be in the home of Mrs. E. L. Freeland on July 7 and will be an all day affair. All members are to bring a covered dish and we will learn how to make bread. Mrs. O. S. Taylor and Mrs. Freeland will give a demonstration on bread making that day.

NOTICE OF TIME AND PLACE OF HEARING AND SHERIFF'S NOTICE

STATE OF TEXAS vs. NO. 108 W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Towsite Company and J. T. Russell.

In The County Court of Cochran County, Texas.

May Term, A. D. 1948.

On this the 14th day of May A. D. 1948, J. B. Knox, W. E. Angley and Fred B. Knox, Special Commissioners, appointed by the Court to assess damages owing by the State of Texas to the defendant's by reason of the construction, reconstruction, and opening of Highway No. F. M. 385, upon, across, and through certain real estate described in Plaintiff's petition, reference to which is here made, to which real estate the fee simple title is in the suit W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Towsite Company and J. T. Russell as is more fully set out in said petition of the State of Texas, acting by and through the Commissioner, Court of Cochran County, Texas, vs. W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Towsite Company and J. T. Russell.

Filed with the Honorable County Judge A. Cochran County, Texas, on the 12th day of May, A. D. 1948, said Commissioners having been sworn to assess said damages fairly and impartially, and in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the Office of the County Judge of Cochran County, Texas at Morton, Texas, in said County on the 25th day of June, A. D. 1948; a copy of this order shall be served upon W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Towsite Company, and J. T. Russell, together with the appraised spouses of each of said defendants who may be married, and the unknown heirs of each of said defendants, their heirs and legal representatives, and each of them respectively, and service thereof shall be notice to said defendants and each of them, to appear at said time and place at the Office of the County Judge for the purpose of offering any evidence they may desire as to the amount of damages to be assessed under the State of Texas, and to be paid to the suit W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Towsite Company, and J. T. Russell, and each of them respectively, for the right-of-way and strip of land described in said Plaintiff's original petition filed with the County Judge of Cochran County, Texas.

WITNESSE OUR HANDS this 14th day of May, A. D. 1948.

J. B. KNOX
W. E. ANGLETT
FRED B. KNOX

Special Commissioners.

Ann Srygley's Wedding To Joe Bill Gipson Held Sunday In Baptist Church

Miss Valetta Ann Srygley, daughter of Mr. and Mrs. Thomas Srygley, Skellytown, was married to Joe Bill Gipson, son of Mr. and Mrs. Joe Gipson, Sunday afternoon, June 20. Rev. H. L. Gipson, uncle of the groom, Amarillo, read the double ring ceremony at the Missionary Baptist Church.

Music was furnished by two uncles of the groom, H. N. Gipson, Amherst, pianist, and J. W. Gipson, Austin, vocalist. Wedding numbers presented included the traditional marches, "Oh Promise Me," "Because" and "Indian Love Call."

Monroe Martin, Lubbock, was best man, Billy Dane Burns, Lubbock, Johnny Holloman, Walter W. Lytle and Winston Martin, Lubbock, served as ushers.

John Gipson, Odessa and Ronald Parker, Abilene, cousins of the groom, lighted the candles. Miss Phyllis Shuman, Amarillo, was maid of honor, and Mrs. Herman Day, Canyon, was matron of honor. Miss Yvonne Gipson, Mrs. Jess Carol Burns and Mrs. Walter Taylor, Quitaque, were bridesmaids. They wore aqua and gold frocks fashioned similarly to the brides. Miss Vickie Lea Cannon, Lubbock, was flower girl. She wore a pink dotted swiss floor length dress and strewed rose petals along the bridal path from a white basket.

Mr. Srygley gave his daughter in marriage. Her white satin bridal gown was an off shoulder model with fitted bodice and bertha. The long sleeves terminated in points over her hands. The full skirt was fashioned with chapel length train and her finger tip veil was of white illusion. She carried an arm bouquet of calla lilies.

Out of town guests for the wedding were from Lubbock, Amarillo, Pampa, White Deer, Skellytown, Canyon, Abilene, Austin, Farwell, Amherst, Slaton, Odessa, Detroit, Michigan and Shawnee, Oklahoma.

The bride is a graduate of White Deer high school and is now a senior student at Texas Tech. The groom graduated from Morton high school, served 32 months in the army during War II and is now studying for a Master's degree at Texas Tech. They will be at home in Lubbock at 2112 Tyler after a honeymoon trip to New Mexico.

Fifty-three U. S. Navy bands are at present stationed on ships and at shore stations over the world.

Average earning per hour for railroad employees increased from 75.1 cents in 1940 to \$1.67 in 1946.

Ceylon is an island in the Indian Ocean.

Cotton Research Congress Slated July 22, Dallas

Facts on the kind of cotton American manufacturers want and other information on domestic markets for cotton and cottonseed products will be featured at the afternoon session of the opening day of the ninth annual Cotton Research Congress in Dallas, July 22. Gibb Gilchrist, College Station, program chairman, has announced.

H. A. Burow, Bonham, president of the Texas Manufacturers Association, will preside at this session, which follows a morning program devoted to cotton's opportunities through world recovery.

Qualities of cotton desired by manufacturers will be discussed by Claude L. Welch, director, cotton production and marketing division, National Cotton Council, Memphis, Tennessee.

Doctor N. R. Whitney, economist, Proctor and Gamble, Cincinnati, will speak on domestic markets for cottonseed products.

The value of commodity exchanges will be the subject of W. A. Wooten, vice-president, First National Bank, Memphis, Tennessee.

Open forum discussion, led by authorities on each subject, will follow the presentation of papers, by these speakers.

General theme for the three-day Congress, sponsored by the Statewide Cotton Committee of Texas and to be attended by an estimated three thousand persons, is "Cotton Counts Its Opportunities". Sessions the second day, July 23, will be devoted to technical research and farm production, with the final day's program built around extensive displays of the latest farm machinery at the State Fair of Texas.

Freshman Football Will Return to Tech College This Fall

Freshman football will return to Texas Technological college next fall with five games scheduled, Morley Jennings, Tech athletic director, announces.

Freshman since 1942 have been eligible to play varsity ball, but the Border conference returned to the freshman rule after last season's play. At its spring meeting, the conference changed its rules to permit five, instead of four, games each season for first year teams.

Tech freshman next fall will play West Texas State at Lubbock Oct. 10; Hardin-Simmons frosh in Lubbock Oct. 22; West Texas State in Canyon Oct. 29 as part of the Buffaloes' homecoming program; New Mexico Military institute in Roswell Nov. 11; and the Cameron Aggies in Lawton, Okla., Nov. 19.

Texas Tech's freshman team next fall is expected to be fairly strong, with many eligible men already in school and others indicating they will enroll in the summer or fall.

Players on hand include: Jarrel Price, 220-pound Brownfield tackle and guard; Jackie Cockburn, Denison, tackle; Norman Daulton, Abilene, tackle; Arbie Minzenmeyer, Granger, end; Pete Jones, St. Jo, end; Roy Jackson, Sherman, back; Harold Haynes, Roscoe, back; Harold Duval, Roscoe, back; Arbit Phillips, back from Paschel High school, Fort Worth; Max Pinson, 225-pound Falfurries guard; and James Roberson, 200-pound Bowie guard.

Barn-dried hay and wilted grass silage at ordinary levels of roughage feeding usually provide enough vitamin D to prevent rickets in calves, but artificially dried hay may not provide enough.

Eyes set too close together may mean a mean disposition, but lips set too far apart are sure to get you into trouble.

ATHLETES FOOT GERM KILL IT IN ONE HOUR. YOUR 35c BACK.

Suggestions On Making Your Ironing Easy

Ironing day comes around once or twice a week in most homes—and there are a few suggestions that might make the job a little easier for the housewife.

Gladys Darden, assistant extension home management specialist of Texas A. and M. College, says that the job of ironing can start when the clothes are hung out on the line. If the clothes are shaken well and hung neatly on the line, there will be fewer wrinkles in them to iron out later.

Some of the clothes, of course, don't have to be ironed at all, so they can be folded out in the clothes yard. In this "no-iron" list are the sheets, bath towels, diapers, knitted underwear, cup-towels, and so on. Seersucker and some of the materials that don't need ironing are good for work dresses and play clothes.

You can't expect to do your best ironing with an iron that's too heavy, a rickety board and an ironing board cover and pad that doesn't fit right. The best board to use is one adjustable to the height most comfortable for you. It's the standing up to ironing that makes it such a tough job. It is possible to sit down and iron, and much easier on you, too.

Sleeve boards, pressing cloths, and a gadget for holding the cord back out of the way are handy things that will have time and help turn out a better job. Also a drying rack near the ironing board will be convenient for the things you have finished.

A little organization in the process will help, too. Keep together

Tribune, Morton, Cochran County, Texas, Thursday, June 24, 1948

all the pieces that are alike, and stack them in the order you'll be ironing them. Put the linens at the bottom, cottons next and the rayons on top.

And here is something the housewives might have been wondering about. Is it the weight of the iron or the heat that does the job? It's the heat of the iron, says Miss Darden, so don't wear yourself out by pressing down as you iron the clothes.

RETURN FROM VACATION

Dr. and Mrs. W. S. Dove and daughter, Marilyn, returned from a fifteen day vacation trip in California last Wednesday. They were accompanied home by H. B. Walker, Bakersfield, father of Mrs. Dove.

The most famous American air-cooled automobile was the Franklin.

EVERYTHING FOR THE BUILDER

Morton, Texas

BUSINESS TRIP TO DALLAS
Mr. W. W. Williamson flew from Lubbock to Dallas Tuesday on business. He returned Wednesday.

FROM KIRKLAND
Miss Billye Lee Williamson of Kirkland is spending the summer here with her father, W. W. Williamson and Mrs. Williamson. While here Miss Williamson is helping with work in the bank.

VISITED GRANDMOTHER
Miss Barbara Jo Ramby spent last week-end in Lubbock as a guest of her grandmother, Mrs. H. G. Ramby.

A. C. WHITE of the Galbraith Steel Supply Co., Lubbock, was a visitor in Morton, Tuesday.

MRS. OSCAR COATS visited Tuesday with MRS. J. A. VERNON.

Tribune, Morton, Cochran County, Texas, Thursday, June 24, 1948

-- annegrams -- — by ann england —

Last week was lovely—Mrs. Gowdy filled up ae's space in the Tribune. Allene answered our SOS and wrote practically all the copy for the Willard Cox opening.

All we had to do was sell advertising, and sit dressed up at the desk just editing our head off. Not that Allene's copy needed any correcting, nor could we have made any if it had, but we are SUPPOSED to be the editor.

Then on Wednesday we took off for the Texas State Press Association convention.

Before we forget it tho, will thank those of you who have called and written in telling us you liked Mrs. G and missed us.

Speaking of conventions, which we do a lot of—it has occurred to us that our reader's may get the impression that all we do at these affairs is have a good time. (We do plenty of that too).

Actually we attend nearly all of the business sessions and conferences, listen to the wonderful discussions and talks and generally learn a great deal.

The program this year was unusually well planned, with all of the speakers outstanding in their respective fields.

Dean Kenneth Olson, Medill School of Journalism, Northwestern University, gave several grand suggestions on building up reader interest, which we hope to apply.

Mr. Lynn Landrum impressed upon us the importance of telling the truth to readers and in presenting facts on both sides where there are controversial issues.

Gavin Astor, assistant to the publisher, of the London Times, compared publishing in the U. S. and England. We think we have a newsprint shortage here but after hearing Mr. Astor we felt ashamed of complaining. He also told us that the Times cheapest advertising rate is \$24.00 per inch.

He had his spouse, Lady Astor, with him. She was quite nice and, in case anyone is interested, was wearing a figured silk dress, white flower trimmed hat that was tied on under her chin.

The Astors are quite young and attractive. He went sound asleep during one of the afternoon sessions. We were sitting just two seats away so got in on all the catnapping he did. Oh, yes he had on sort of dark red suede oxfords with real thick soles.

Mr. Walker Saussy of New Orleans gave us a lot of points to remember in selling advertising. He particularly stressed the fact that actually none of us sell "advertising" but "service" to our customers.

The whole objective more or less is to learn new ways to produce a better newspaper for you. The fun is simply thrown in for good measure.

Friday evening the awards were made during the party the San Antonio Express gave for the visiting newspaper people. We had given up all hope of winning anything and were just sitting there with good looking Fred Massengill, Jr., publisher of the Terrell Tribune, waiting for the dance to start—when Mr. Hinkle announced that the Morton Tribune had won first prize on the best set ads of 30 inches or more.

Everyone looked around for the spouse and when it became evident he wasn't going up for the award Fred suggested we go and get it. We certainly were glad we had orchids in our hair and golden sandals on our feet when we went up to the speaker's stand for the award.

The Tribune also got "honorable mention" for general excellence. To say we felt proud is a mild understatement.

In case anyone is curious about where the spouse was? We were too—but we never ask any questions. We do know that he always runs into a bunch of people that he has known for ages and usually goes off in a corner somewhere to talk over old times.

He and Stuart Rivers (manager of E. C. Palmer Co.) certainly had us wondering about "Pearl". They kept talking about the trouble they had with Pearl 23 years ago. Hours later we discovered that Pearl was some sort of job printing press.

100 dozen roses were sent from Tyler to the ladies attending the Friday luncheon of the convention.

The dude ranch party from three p. m. Saturday afternoon until after midnight at Bandera was perfectly wonderful. The Bandera tourist association treated the newspaper folks (all 400) to a grand tour of the dude ranches.

Followed by a big barbecue, then a wild west rodeo and four dances.

We don't mind saying that Bandera is one of the choice spots in Texas for a delightful vacation. There one can find any sort of entertainment he wishes. Or if rest and relaxation is what one craves that too can be found.

Luther Hargrove took care of Bunky's business while the latter attended a Methodist Youth conference in Abilene.

Luther told us that if and when Bunky got back he was going to stake him to that filling station because he (L.) wanted to go fishing.

Luther is one of the city commissioners and we think between the filling station and city complaints he is about fed up.

Jake and Mrs. Minor are building a modern, air conditioned motel on the outskirts of Morton east. He said nine units to begin with. That is fine but we need 109.

Winnie Jordan writes from Tucson that she would like very much to hear from some of her Morton friends. Mrs. J. has only recently moved to Tucson from California.

She is still missed around here especially at the Methodist Church where she was choir director and active in many of the church societies.

Heard in a round-about-way that there is a possibility of Morton getting a railroad—cotton compress and pipe line supply house. That is something to think about and look forward to.

The Bud Nairns are pretty proud of their handsome new convertible Buick—and well they should be as it is a honey.

Our time is probably not worth a cent more than a dime an hour but the other day when Mr. Taylor (PM) told the spouse that about thirty minutes of our time could be saved by the expenditure of approximately 7c more per week on Tribune postage—the spouse hesitated before agreeing to the new method.

Mrs. Oscar Coats and Mrs. Carl Williams sent us a picture folder of beautiful spots around Colorado and Manitou Springs. The scenes evoked a certain amount of nostalgia as we have spent several summer seasons there.

Understand the City of Morton has bought a DDT spraying outfit. With three cases of Polio already reported in the county it looks as if that sprayer ought to be put to work.

We suppose extra men would have to be hired to operate the portable unit but killing off the flies and preventing a possible spread of the disease would certainly make that expenditure worth while.

The spouse says, "Men put off things they ought to do, and women put off things they ought to wear."

Life is hard, By the yard; But by the inch, Life's a cinch!

annegrams presents

Katie Nell Blackstone, daughter of Mr. and Mrs. Harvey Blackstone. Katie Nell's grandparents are Mr. and Mrs. Tom G. Brown and Mr. and Mrs. W. L. Blackstone of Kerrville, Texas.

Monks Honored With Surprise Farewell Picnic

The West Plains Hospital staff gave a surprise farewell picnic last Thursday evening for Dr. and Mrs. N. A. Monk at the City Park. A picnic supper was served and the couple was presented with going-away gifts.

Those attending other than the Monks were:

Dr. and Mrs. Barker and family, Dr. and Mrs. Dove and Marilyn, Nell Brown, Mr. and Mrs. Paul Robertson, Diane and Shirley, Mr. and Mrs. Larry Kelley and family, Mrs. Elma Seaney, Mr. and Mrs. C. N. Hood and Leota, Mr. and Mrs. Roy Shields, Mrs. Rita Taylor, Miss Iona Purvis, Miss Laverne Mullins and Miss Norine Frazer.

VISITING IN JACKSBORO

Mrs. J. A. Gowdy and son, James A. and Mrs. Gowdy of New Mexico left Wednesday morning for Jacksboro and Archer City, Texas.

In Jacksboro they will visit Mrs. Gowdy's sister, Mrs. L. O. Gowdy. In Archer City they will be guests of Mrs. Joe Slack, daughter of Mrs. J. A. Gowdy and sister of James.

POLIO NOTICE!
Texas is faced with possibility of the largest polio epidemic in its history. THREE CASES HAVE ALREADY OCCURED IN COCHRAN COUNTY. All three are from farms. We believe that polio can be prevented. The following measures should be adopted at once by all residents:

1. The first and most important measure that we believe will prevent the spread of polio is the riddance of the premises of all flies. On the farm this can be done in a few days. The same measures should be carried out in the city of Morton and in other population groups. In Morton spraying is being done by the City, but do not depend on the city to eliminate a nuisance that is on your place. If flies and insects are there you personally must destroy them.
 - a. Obtain a good hand spray gun and purchase DDT 5 percent mixture in Kerosene and spray the outhouses, barns, garbage collecting areas, garbage cans, fences, sides of buildings where flies are seen to collect, door-steps. The fly does not have to be sprayed just so the place that the fly sits is sprayed.
 - b. Clean out all refuse in the outhouse type toilet and bury it. Scrape and clean ground thoroughly under the outhouse. Do the same for fresh barn yard manure. Then spray the area with DDT and under the outhouse use liberal quantities of lime covering each deposit at the time the outhouse is used.
 - c. To maintain these measures then the outhouse should be made fly-proof by closing cracks and by screening of entrance and all possible openings where flies could enter. The house should be screened.
2. Avoid crowds.
3. Do not go swimming in public pools.
4. Wash thoroughly any vegetables or fruit eaten raw.
5. Do not eat leftover food that possibly could have been contaminated by flies.
6. Keep physically clean, wash hands thoroughly in running water before eating.
7. Avoid excessive fatigue.

DR. W. S. DOVE

Soil Conservation District Notes

Fred W. Collins

New co-operators of the Cochran-Yoakum-Terry Soil Conservation District are W. A. Lewis, M. D. Sides, E. D. Courtney, Sylvester Greener, Truman Smith and Robert E. Waddell.

Irrigation ditches have recently been staked for B. D. Elliott, Bob Ramp and W. A. Lewis. Floyd Rowland has an irrigation well nearing completion. This is Mr. Rowland's second well. Mr. E. D. Courtney has also recently completed an irrigation well. The casing and pump were set last Tuesday for a well on J. D. Hawthorne's farm.

The windbreak plantings that were made throughout the county this spring are getting an excellent start, in that most have had more than average moisture. Rabbits have taken a heavy toll of the Chinese Elm in the south part of the county. Some Cedars have died, as a result of the movement of sand particles. Any co-operator of the C-Y-T Soil Conservation District, or farmers who have placed application with the office at Morton, wishing trees for windbreak purposes, either farmstead or field, for fall planting, should contact the local Soil Conservation Service office before August 1.

Two grass seedings were made the past spring on dry land, on the A. C. Chesher ranch and the local airport, in the amount of 143 acres. A good stand is up on the Buffalo, Side Oats Grama, Blue Grama and Weeping Lovegrass. The weeds are now being mowed on the airport grass plots, in order that the grass seedlings may have more sun and to conserve the moisture.

Tech Directors In Search To Find New President

Counsel of leading educators of the nation "to find the best man possible for the needs of Texas Technological college" is being sought in the intensified search for a new Texas Tech president. Charles C. Thompson, chairman of the board of directors, announced at the recent directors meeting held at the college.

Pres. W. M. Whyburn leaves the college Sept. 1 to become head of the department of mathematics at the University of North Carolina.

A committee composed of Directors Leon Ince, Houston; Charles Woolridge, Dallas; Robert B. Price, El Paso; and O. B. Ratliff, Lubbock, was named by Thompson to interview during the next few weeks applicants and any possible candidates for the presidency, and to make definite recommendations to the board by the next meeting, July 10.

Chairman Thompson said that it is the intention of the committee to narrow the list of candidates to six by the summer meeting. A spokesman from the board said that the board hopes to make a final choice this summer, but he indicated an acting president may be named for a short period if an appointment cannot be completed before Sept. 1.

BOYCE HOUSE Gives You Texas

In a world filled with so many lurid and disturbing events, it is somehow reassuring to turn to the contemplation of the life of a man like my friend, Wiley Akins. His isn't so much a spectacular career as a record of step-by-step progress because he was ready for each new and enlarged opportunity.

He was born on a farm in Hill County in 1903, one of a family of eight boys and five girls. After school, he worked in a grocery store; during summers he plowed, chopped cotton, picked cotton, milked and the other tasks of farm life. After graduating from Bynum school and Hillsboro High, Akins went to work for a wholesale grocery in the office but "part-time" on the road. He showed such an aptitude for selling that soon he was a full-time salesman.

For six years, Akins was territory salesman for one of the largest feed companies in the United States.

After running his own wholesale and retail feed store in Tyler for a year, he sold out to become East Texas sales representative for Burrus Feed Mills. A year later, he was made the company's sales manager and, in 1935, just a year after that, he became general manager.

At that time, the company's traveling sales force consisted of only two men. Today, the sales force numbers 30 and, the company's products are sold extensively in 12 states and a dozen foreign countries. In addition to the mills in Dallas, McKinney and San Benito, soon Akins will have the thrill of seeing Burrus' new mill, in Fort Worth, open—one of the biggest—and the most modern—feed mills in all the world.

Busy and successful business executive, Wiley Akins finds time for the duties of good citizenship. He is on the Baylor University board of trustees, was chairman of the board of deacons of his church for five years, makes frequent speeches on "the training of youth" through 4-H Clubs and Future Farmers of America and is an honorary member of the FFA, an honor bestowed by the boys themselves in recognition of outstanding service.

Wiley Akins says, "A man can do little without friends."

If a writer swipes from another writer, that's plagiarism. But if he swipes from many writers, that's research. (I don't remember who I swiped that from!)

And Kin Hubbard declared the hardest thing to do is to disguise your feelings when you put a flock of relatives on the train going back home.

From where I sit... by Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

Joe Marsh

Associate Justice James P. Hart Covering Ground

For a "weekend campaigner," Associate Justice James P. Hart, of the Texas Supreme Court has been covering a lot of ground these last three months.

Running for his first State office and his first elective term on the Supreme Court, Judge Hart has campaigned in more than 85 counties and made speeches in some 25 Texas cities.

Meanwhile he has attended every formal session of the Supreme Court, when arguments are heard and decisions handed down, since his appointment to the bench last October.

Judge Hart has made addresses, mostly non-political in nature, in a number of counties, cities in which he has spoken include: Amarillo, Lubbock, Post, Muleshoe, Wichita Falls, El Paso, Midland, Abilene, Brownwood, Stephenville, Fort Worth, Dallas, Waco, San Antonio, Corpus Christi, Brownsville, Longview, Marshall, Tyler, Nacogdoches, Lufkin, Houston, Port Arthur, Galveston and Bay City.

A long ton is 2,240 pounds, while a short one is 2,000 pounds.

Miss Srygley, Mr. Gipson Honored With Shower Fri.

Mesdames Hume Russell, W. A. Johnson, E. L. Willis, W. W. Williamson, F. F. Roberts, C. L. Taylor and P. B. Ramby were hostesses for a bridal shower at the Russell home on Friday evening, June 18 in honor of Miss Ann Srygley and Joe Bill Gipson, who were married on June 20.

Mrs. Russell, mothers of the engaged couple, Mrs. Tom Srygley and Mrs. Joe Gipson and Miss Srygley greeted the guests. Miss Yvonne Gipson presided at the guest book.

Refreshments of mint punch and sand cookies were served by Mesdames Johnson, Williamson, Taylor and Ramby.

Vases of Shasta daisies decorated the entertaining rooms. The lace covered table was centered with an arrangement of daisies, flanked by yellow tapers.

Recorded music was played during the calling hours.

Guests registering were: Mr. and Mrs. C. M. Cravy, Mr. and Mrs. J. W. Alford, Mr. and Mrs. Lem Chesher, Mr. and Mrs. James St. Clair, Mr. and Mrs. Bud Nairn, Mr. and Mrs. Jack Rice, Mr. and Mrs. M. C. Ledbetter, Mr. and Mrs. J. B. Knox, Mr. and Mrs. Ermon Miller, Mr. and Mrs. C. A. Baird, Mr. and Mrs. Olen Harris.

Mesdames Mike Walden, Fred Morrison, E. Greer, C. B. Markham, G. W. Thompson, Jess Carol Burns, R. C. Ross, Jess Burns, James Porter, O. C. Hankins, Bill Markham, Bill Garrett, Hattie B. Spotts, Babe Vanlandingham, John L. McGee, W. W. Buck, J. A. Gowdy, Roy Hickman, W. B. Lackey and Lloyd Evans.

Misses Geneva Famuliner, Nelma Weatherly, Marie Scott, Peggy Joan and Pattie Cornwell. Messrs Monroe Monlin and Joe Gipson.

Christine Liles Honored On Sixth Birthday June 14

Mrs. P. E. Liles entertained with a party in her home at Lehman on Monday, June 14, in honor of her daughter, Christine, who was celebrating her sixth birthday.

Twenty children and six mothers were served ice cream and birthday cake by the hostess.

Games were enjoyed by the youngsters during the afternoon. Christine was the happy recipient of many gifts from her little friends.

Cooperative-Owned Hospitals Get Texas Medical Association O. K.

The House of Delegates of the State Medical Association of Texas last month approved a seven point standard for cooperative-owned hospitals. The standards were adopted upon the recommendation of a special committee of the Association which had been appointed by B. E. Pickett, Sr., then President of the State Medical Association, for the purpose of discussing and studying the situation.

Robin-Burns Vows Read June 12 In Alamogorda

Announcement has been made of the marriage of Miss Helen Robin, daughter of Mr. and Mrs. J. G. Robbin of Knox City, Texas, to Mr. Jess Carol Burns, son of Mr. and Mrs. Jess Burns. They were married on June 12 in Alamogorda, New Mexico. Attendees were Mr. and Mrs. Babe Vanlandingham and Mr. and Mrs. George Graham, Jr.

Mrs. Burns received a degree in history from Texas Tech this spring. He is a former Tech student and veteran of World War II. They are at home here following a honeymoon trip to points in New Mexico.

Mr. Burns is engaged in the restaurant business.

BIRTH ANNOUNCEMENT

Mr. and Mrs. O. D. Orr have announced the birth of a daughter, Barbara Joan, on June 18 in Tahoka. The Orrs have a six year old son.

Mrs. Clyde Weeks, mother of Mrs. Orr, is visiting with the Orr family in Tahoka this week.

MR. and MRS. R. J. MERRITT spent Sunday in Portales.

Tribune Want Ads Get Results

As reported by the State Journal of Medicine, the committee was appointed "to discuss these matters and make recommendations to the governing bodies of the Association whereby the cooperative hospitals of this state might serve their purpose in rural communities and be operated on a basis acceptable to the medical profession.

The committee of Dr. Harvey Renger, Hallettsville, Chairman; Dr. O. N. Mayo, Brownwood, and Dr. A. C. Scott, Temple, met in San Antonio on April 3 with representatives of the Texas Federation of Cooperative, the Grange, the Farm Bureau, representatives of cooperative hospitals and interested individuals. Several hours of discussion of the various phases of the question resulted in a realization that there was little difference of opinion between those working with cooperative hospitals and the viewpoint of the representatives of the Medical Association. The committee recommended the seven-point program which was substantially as follows:

1. This type of hospital should be developed through local enterprise for the purpose of operating locally.

2. The hospital should be open staffed.

3. All medical phases of the hospital must be under the control of a physician.

4. The hospital should be established on an economically sound basis, assisted in some measure by a plan similar to those prepaid hospital and medical care programs already in operation in this state.

5. A mean should be worked out by which the services of a specialist can be obtained.

6. To solicit patients for a doctor's services as an inducement to membership in a cooperative hospital is improper.

7. Provided the above regula-

Tribune, Morton, Cochran County, Texas, Thursday, June 24, 1948

tions are met, the manner of the physician's payment should be decided by mutual agreement.

Managers and directors of cooperative hospitals who have been consulted agree that the above program is in line with what they are attempting to do and that it will involve no changes in their methods of operation or the plan of pre-paid medical service.

Discussion at the committee meeting brought out that up to the present time approximately fourteen cooperative hospitals have started operations and charter applications had been received for a total of forty-seven in the office of the Secretary of State as of January 1, 1948. Applications

for several more have been received since that date.

This forward looking step of the State Medical Association is to be highly commended. As pointed out in the editorial in the May issue of the Journal of Medicine, the rural population has become increasingly aware of the desirability and necessity of adequate medical personnel and facilities, not only for emergency illnesses and accidents, but as a source to which they can turn for preventive medicine. They are increasingly demanding these facilities and it is to be sincerely hoped that cooperation of local groups and communities and the medical profession can provide these facilities.

Only the Servel GAS Refrigerator

STAYS SILENT... LASTS LONGER

GIVES YOU A TEN-YEAR GUARANTEE

IS TEXAS' BIG FAVORITE...

MORE AND MORE TEXANS want the Gas Refrigerator! This modern refrigerator stays silent, lasts longer because it has no moving parts in its freezing system.

There's no motor to wear! No machinery to get noisy! And that's why your new Servel comes with a ten-year guarantee of noise-free, worry-free performance. (Actually, 18 and 20 years' satisfaction is not unusual—say many of Servel's 2,000,000 happy owners.) In the Gas Refrigerator just a tiny gas flame does the work. And Servel operates anywhere—on any kind of gas.

Come see the new models now on display. You'll find every new convenience you want—a big frozen food compartment, lots of ice cubes, moist cold and dry cold for fresh foods. It's first come, first served for Texas' big favorite—the Servel Gas Refrigerator.

Charlies Miniature Golf Course To Open Friday Eve
 Morton's newest recreation center, a miniature golf course, opens at 7 o'clock Friday evening, one block south of the square.
 The 18 hole course accommodates more than 50 persons at one time. The ground is in excellent condition and adequate lighting makes night playing enjoyable.
 Charlie Money, owner, invites the public to the free games on opening night.

CARD OF THANKS
 I take this method of saying Thank You to my friends for the lovely flowers, nice cards and visits while I was in the hospital, all of which helped me so very much. Also, I want to say a great big super thank you to the nurses and Drs. at the hospital for their kindness and care I received while there.
 Mrs. W. L. Harris.
