"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JULY 8, 1948.

NUMBER 19.

Morton Legion Nine On Top In Battle For Playoff Berth at Finish of Season

Although only tied for third place in the race for the championship of the North bracket in American Legion junior baseball, Division 2, the Morton Legion nine is on top of the league in the battle for a playoff berth at the finish of the season.

This curious setup is possible because the two teams currently leading the North bracket race, Lubbock "B", and Muleshoe, have never been certified by state league officials and thus are not qualified to compete in the region tourney.

Nephew Of Mrs. Winningham Killed In Crash

Tragedy came home to a Morton resident Wednesday when Mrs. Q. V. Winningham learned that her nephew, Vern J. Staley had perished in the DC-3 airliner that crashed in Orizaba, Mexico.

Improvements On Cochran County Airport Announced By Flying Club

Improvements on the Cochran County Airport have been announced by members of the Morton Flying Club who are seeking C. A. A. approval and federal aid for the airport.

Entertainment Program To Be Held Tues. Night

A program of entertainment is planned for next Tuesday night at the American Legion Hall. Bingo games will be held and tables for 42 players will be set up in another room.

Charlie Money's Junior Golf Course Opens After Being Delayed By Rain

Rain and other weather difficulties delayed the opening of Charlie Money's miniature golf course here in Morton, but failed to dampen the owner's spirits.

Mr. Money put it, "it takes time to help the people around here raise their crops and earn money in order to play golf."

Third Teen Age Night Slated For Friday Night

Teen age night is gaining in popularity. This gathering of youngsters will be held for the third consecutive night next Friday.

Two Cochran Residents Injured In Automobile Accident Thursday

A 21 year old Lamesa youth was killed and two Cochran County residents were injured in an automobile accident 16 miles North of Big Spring, Thursday evening.

Morton Baseball Team To Tangle With Ropes Sun.

Morton's league leading State Line baseball nine will tangle with Ropes in one of the toughest battles of the season Sunday afternoon on Slaughter Field.

Immunization Program Sponsored By Parent Teachers Association

A long overdue program of inoculations of both adults and children against the dread diseases of Smallpox, Typhoid, Diphtheria, and Whooping Cough will be held in this area next week when a County nurse will be at the schools to administer the injections.

Many states have laws providing that all children receive these injections and also a physical examination before entering school but this program is entirely voluntary and free to all.

Bank Statement Shows Decrease From Last Report

The Statement of Condition of the First State Bank of Morton at the close of banking hours June 30 shows a decrease from the report of April 12.

Carter Opens Morton's New Croquet Courts

Morton's new croquet courts, constructed and run by W. L. "Geronimo" Carter have given the city one of the cheapest forms of recreation and exercise available.

Crowder-Sale Vows Read In Oakland, Calif.

Announcement has been made of the marriage on June 19 of Dorris Crowder, daughter of Mr. and Mrs. H. E. Tolliver to Mr. R. F. Sale.

July Edition Of Dollar Day To Be Held July 12

The July edition of Dollar Day in Morton has befallen the same fate of Dollar Days all over the country due to a nationwide Monday celebration of Independence Day.

Morton Baseball Team To Tangle With Ropes Sun.

Morton's league leading State Line baseball nine will tangle with Ropes in one of the toughest battles of the season Sunday afternoon on Slaughter Field.

Morton Baseball Team To Tangle With Ropes Sun.

Morton's league leading State Line baseball nine will tangle with Ropes in one of the toughest battles of the season Sunday afternoon on Slaughter Field.

Morton Team Wins 7-4 Over Plainview Tues.

A big four run sixth inning enabled the Morton American Legion junior baseball team to come from behind and defeat Plainview at Slaughter Field Tuesday evening 7 to 4, despite the fact that the local nine was held to three scattered hits.

Rebekah Box Supper Success, \$122.50 Raised

The box supper given by the Rebekah lodge last Friday has been pronounced a success despite the weather difficulties that forced everyone to eat inside instead of in front of the lodge building as originally planned.

Consolidation Of Morton-Lehman Schools To Be Decided Sat., July 31

Presiding officers at Lehman and Morton have been named to take charge of the General Election, July 31, to determine whether Lehman Common School District No. 5 will be consolidated with Morton Independent School District of Cochran County.

Visited In Greenville

Mr. and Mrs. Bill Purifoy and family were guests of her father and sister, J. C. Warren and Mrs. H. E. Moss, at Greenville, Texas last week-end.

Mrs. Duane Drumm Honored At Coffee Wednesday, July 7

Mrs. Duane Drumm was honored at a coffee in the home of Mrs. J. D. Hawthorne on Wednesday morning, July 7.

Fifteen Officers Installed By Rebekah Lodge

Fifteen officers were installed by the Morton Rebekah Lodge last Thursday evening in their annual installation ceremonies.

Bank Statement Shows Decrease From Last Report

The Statement of Condition of the First State Bank of Morton at the close of banking hours June 30 shows a decrease from the report of April 12.

RETURN FROM VACATION

Mr. and Mrs. M. B. Swanner and children returned last Friday from Kingdom Possum Dam where they had been for a two weeks holiday. The Swanners spent last Sunday in Levelland.

JULY 4 IN LUBBOCK

Mr. and Mrs. Babe Vanlandingham and his parents, Mr. and Mrs. C. W. Vanlandingham of Enochs, spent July 4 in Lubbock.

VISITED IN CHILLICOTHE

Mr. and Mrs. Fred Morrison and daughter, Martha Deane, returned early this week from Chillicothe, Texas where they had been for several days visiting friends and relatives.

VISITED IN S. T. COX HOME

Mr. and Mrs. U. G. Cox of Odessa were fourth of July visitors here in the home of his parents, Mr. and Mrs. S. T. Cox.

Tribune, Morton, Cochran County, Texas, Thursday, July 8, 1948

Polio Cases In Texas Reported Alarming Total

AUSTIN—Reported cases of polio in sixty-five Texas counties reached the alarming total of 580 during the first six months of the year, according to Dr. George W. Cox, State Health Officer. For the same period in 1946, the total number of cases reported in sixty-five counties of the state was only 292.

"This staggering increase in polio in a brief two year period evidences a need for drastic measures in all communities to combat the disease," Dr. Cox asserted. "It is the responsibility of the people of the State to report themselves to their doctors whenever they recognize symptoms of polio. It is also their duty to give wholehearted co-operation to clean-up drives in the communities."

Dr. Cox urged immediate medical attention, especially at this time of year, for such things as headaches, fever, stiff neck, pain in the legs, irritability and drowsiness. These, the health officer stated, are symptoms of polio.

"It is well to guard against panic in polio cases," he said, "for complete recovery is not impossible. Even in the more severe cases, when the germ has pene-

Native Shrubs and Trees Need Extra Moisture for Roots

"Native shrubs and trees which have been set out within the past two years will need extra moisture until they have grown good roots, so give them water during the hot, dry summer months."

This advice comes from Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College. She says that experience with the transplanting of native shrubbery has shown that the first two years after setting out the plants is the most critical period—after that, they are hardy enough to withstand normal weather conditions.

Contours and small terraces to catch and hold water after every rain will help to keep the soil moist. Shallow cultivation will also help. The use of mulch is an excellent way to hold moisture around trees and shrubs.

Among the good mulches to be found around farm and ranch homes, Miss Hatfield says, are decayed leaves, grass clippings, decayed wheat or oat straw, decayed hay or barnyard fertilizer. Place the mulch two or more inches deep.

An inch or two of sand is sometimes used on tight soils. When the sand or mulch, or both, are worked into the soil next year, they will improve the soil's water holding capacity.

The growth of favorite flowers, shrubs and trees often can be helped by removing other plants which take up the moisture.

Miss Hatfield points out that a light watering does more harm than good, as it causes roots to grow near the top of the soil. A good, slow watering once a week, giving the moisture a chance to soak several inches into the ground, is much better than a light watering every day.

MR. and MRS. L. E. HUGGINS and daughter, CATHY, spent last week-end in Snyder, Texas.

trated the nervous system causing paralysis of one or more groups of muscle; some remarkable recoveries have been made."

Dr. Cox indicated his belief that the first line of defense against polio is a carefully conceived and thoroughly executed clean-up campaign in all communities.

"Local police power should make such clean-ups mandatory," he said.

deeds that cost a slight effort and yet show generation—how important are.

Good many years ago, your first was on a Fort Worth trip. When our bus arrived in Garland, the welcoming committee said, "All of you come to the cafe and have coffee." It was a cold and rainy day and a cup of coffee was welcome and the opportunity with Garland citizens having the coffee made it pleasant.

It was the first time I ever saw Bill Bradford, publisher of Garland News, by the way.

Another time, or it may have been that same trip, our bus went into the picturesque little town of Palo Pinto. Just as we pulled off the bus, there was a sharp, crackling explosion.

Gib Abernathy had given an appropriate touch to the Wild West by setting off a string of firecrackers. At least, it told me it was my friend, who is a former sheriff and Texas Ranger.

As I see, I still remember the way those towns because somebody did something that they were glad we came.

Under how an old pioneer wore a coonskin cap and a muzzle-loading rifle and feel if he could return and beautiful high school name him?

How Jean LeFitte, the pirate would feel if he could re-Galveston Island and see a bearing his name?

One of fate's greatest ironies is applied by Austin, a lovely name for "the Father of Texas" with a beautiful hotel there, Stephen F. Austin, with air-conditioning, steam heat, paint, and swift elevators.

Stephen F. Austin died from pneumonia contracted from a log house in the winter without a fire.

LOOKING AHEAD By George S. Benson, President, Harding College, Searcy, Ark.

AN AMERICAN'S FAITH

This year at the commencement exercises of Harding College a notable address was delivered. It was no ordinary speech. The burden of its message was so significant, and the appeal so earnest, that I wish the audience had been many times larger. I am therefore taking this method of passing to you a portion of this solid and thoughtful address. It was made by Mr. Lamar Fleming, jr., of Houston, Texas.

"This historic responsibility is new to us—But those who view accomplishments in the atomic laboratories and the development of other terrible means of destruction must recognize that no one on earth longer has the power to decide whether he will live alone. That power of decision has passed to those who are evil enough to—use terrible designs—unless Mankind combines to prevent them from so doing.

Our Call From Destiny

"If we accept that, being sons of God, we are brothers to all Mankind, and that we are the only nation strong enough to lead Mankind to combine for suppression of violence and recovery of Peace, we cannot reject

the role to which our Destiny calls us. We will cherish the memory of more placid days, when this responsibility was not upon us, but we cannot reject our Destiny.

"We must enter this role in humility conscious of our shortcomings and determined to overcome them to the best of our ability. We must do more than conquer the resistance to truth which springs from our animal instincts. We must chastise all who seek to inflame and prey upon our group grievances, greeds, and hatreds. We must remind ourselves constantly that our duty of human brotherhood is no less to distant peoples—than to our neighbors in our home towns.

Men of Good Will

"We must realize that peace and well-being will not return to them nor remain with us unless we achieve the ability to work together in a brotherly and mutually helpful company, each placing the common good above the greeds and ambitions of any person, group, or nation. We must include—peoples temporarily prevented from cooperation toward the common good and must pray for the day when their chains will be removed and they will be free to join our company.

"Above all, we must require of this great undertaking that it function by the standards of millions of individual consciences, which are the communion of sons and daughters with their Spiritual Father—not by group, party, or national ethics, in which conscience gives way to animal instincts, fears, and passions of the herd, and responsibility is spread so thin that no one feels it as his own. This calls for a profound spiritual revival—in us and in all men and women of good will.

Well of Goodness

"The years we approach hold for us great uncertainties, great responsibilities, great sacrifices—You men and women of this class cannot expect your lives to be of ease and security—nor can you want such lives. Your lives will be... lives of great adventure, great responsibility and great opportunity to serve Mankind. What your generation can do with this opportunity rests with you and with God.

"... I have faith that all men and women everywhere have something in common between them, that is fundamentally good, and that time and great effort and patience will restore the mutual flow of this goodness and understanding between them, not merely in your lifetimes but also in mine... I have great faith that the well of goodness in the Americans of your generation will be full enough to start the mutual flow."

FIRST PERSON TO FLY OCEAN IN A CHEVROLET

Charles W. Alexander, a foreign correspondent, is credited as the first person to fly the ocean in a Chevrolet. Being unable to book regular passage and requiring ground transportation in his work, Alexander stayed in the car while a freighter flew it from Newark to Geneva, Switzerland. The trip took 24 hours.

MECHANICS SHORTAGE

A bulletin citing the current shortage in trained mechanics and opportunities in the field is being circulated by Chevrolet. The company urges dealers to cooperate in programs to increase enrollment in vocational and technical schools.

J. H. Oppenheim Predicts Farm Living Standard Will Continue To Advance

American farmers are living more like "city folks" than at any time since pioneer days, says J. H. Oppenheim, president of the Farm Equipment Institute. And barring war or economic catastrophe, he predicts that the living standard of rural families—measured in goods, services and opportunities—will continue to advance toward a new high level in the next decade.

"Not long ago the cover of a popular weekly magazine carried a picture, painted from life, of a farmer and his family seated in their living room," Mr. Oppenheim says. "The only thing added to the actual setting was a picture of a prize steer and two blue ribbons hanging on a wall. This addition was necessary, the artist explained, to identify the group of a farm family, seems to me an excellent commentary on the high standard of rural living today."

Mr. Oppenheim, who is also vice president and general manager of the New Idea Farm Equipment Division of Avco Manufacturing Corporation, cites figures to show that the average farmer's wartime prosperity is based on a solid foundation.

"Farm income has almost tripled since the beginning of the war," he says. "Part of these earnings have been translated into more comfort and less work. That extra money has meant better houses, modern kitchens, electricity for more homes. It has meant more machinery to plow and prepare the land, to plant, cultivate, harvest and store crops. It has helped 2,500,000 fewer farmers to harvest 20,000,000 more acres today than before the war."

"But perhaps it is more important that, while farm income has tripled, farm savings are more than four times what they were in 1940, and that the national farm mortgage debt has been reduced by 20 per cent in the same period. Farmers today aren't mortgaging themselves beyond their depth to buy land, as they did after the first World War. They have learned and profited by the painful lesson which boom times and depression taught."

The city dweller may possess certain advantages over those who live on farms, Mr. Oppenheim concedes, but the farm

dweller likewise have some advantages not enjoyed by his brethren in town. For those who prefer the environment and special satisfaction that go with agricultural life, he foresees a future in which the farmer and his family may hope to eat, dress and live increasingly well.

Agricultural Notes Of Interest

There are two kinds of buffalo grass—male and female plants. The female plant is preferred in lawns and can be identified by the flowers, which are set between leaves and stem, close to the ground. The male plant has a seed stalk four to six inches high.

Centipede grass is a native of China and was introduced into this country about 25 years ago.

For safety, never grease, oil, unlug or adjust a machine that is in gear.

When working around machinery, don't wear any type of clothing that can catch in wheels or gears.

There will be plenty of glass jars and cans for home canning needs in Texas this year; however, the future for pressure cookers hold a question mark because aluminum is used in airplanes.

The U. S. Department of Agriculture and the Alabama Agricultural Experiment Station are cooperating on research on sweet potato products. Farmers stand to gain new markets for sweet potatoes, including the off-sizes that don't move on the vegetable market.

VISITORS IN ODESSA

Mr. and Mrs. Raymond Gage of Circleback and Mr. and Mrs. Olen Harris were visitors in Odessa Saturday afternoon and then attended a lodge meeting in Goldsmith Saturday night.

VISITED IN LYTLE HOME

Mr. and Mrs. Hugh Lytle and daughters, Carol and Jean, and Maurice Lytle of Lamesa joined Mr. and Mrs. Donald Brown and daughter, Marilyn, of Bledsoe in visiting at the home of Mr. and Mrs. E. R. Lytle in Morton, Sunday.

MR. and MRS. ELMER HARRIS visited his parents over the weekend and returned to their home in Lubbock Sunday evening.

ALMA BASDEN VS. O. P. BASDEN

IN THE 72ND JUDICIAL DISTRICT COURT OF COCHRAN COUNTY TEXAS, —No. 745.

TO THE HONORABLE DISTRICT JUDGE OF SAID COURT:

Now comes Alma Basden, resident citizen of Cochran County, Texas, hereinafter called plaintiff, complaining of O. P. Basden, whose residence is unknown, hereinafter called defendant, and being a suit for divorce on the grounds of cruel treatment.

Plaintiff alleges that she is now and has been for a period of twelve months a bona fide inhabitant of the State of Texas that she has resided in the county of Cochran six months next preceding the filing of this suit.

Plaintiff alleges that plaintiff and defendant were married on or about the 23rd day of January, A. D. 1948 and separated on or about the 10th day of April, A. D. 1948, since which time they have neither lived together nor cohabited together as husband and wife; plaintiff alleges that there were no children born of this marriage; plaintiff alleges that plaintiff and defendant acquired no community property during their married life.

Plaintiff alleges that during the married life of plaintiff and defendant that plaintiff was kind and affectionate toward the defendant but that the defendant became unmindful of his marital vows about one week after their said marriage began acts of cruelty toward this plaintiff. Plaintiff alleges that the defendant cursed and used language too vulgar to place in this petition. Plaintiff was in fear that defendant would do plaintiff bodily harm and this endangered plaintiff's health and plaintiff left the defendant on the date last alleged above.

Plaintiff alleges that the actions and conduct of the defendant in general are of such nature as to render their further living together as husband and wife insupportable premises considered.

Plaintiff respectfully request the court that her former name be restored to read that of Alma Allred.

WHEREFORE plaintiff prays that defendant be cited to appear and answer that upon final hearing plaintiff have judgement for divorce and for such other and further relief both in law and in equity that plaintiff's former name be restored to that of Alma Allred. And such other relief that plaintiff and plaintiff will ever pray.

HOWARD WALDEN Attorney

**Morton Legion Junior Baseball Team
Wins 12-11 Triumph Over Brownfield**

The Morton American Legion junior baseball nine lashed out 17 hits to all corners of Slaughter Field Friday but it remained for a single unearned tally in the last half of the 8th inning to give them a thrilling 12 to 11 triumph over Brownfield.

The victory evened the Morton record at four triumphs against four defeats but the four victories have come in the last five games to indicate that the home towners are really beginning to roll.

Shaky fielding throughout the contest and a weakening on the part of Kenneth Burke, Morton twirler in the 9th inning, nearly cost them the game. But Coach Tom Morgan decided that Burke had had enough with none away in the 9th and Morton holding a one run lead. He signaled to Bill McDaniels, Morton shortstop to take over and McDaniels proceeded to strike out two men and force one to ground out to end the ball game.

The victory was sweet revenge for the Morton Legionnaires who had suffered a 10 to 4 setback against Brownfield earlier in the season.

Morton took a 4 to 0 lead in the second inning on six straight singles as the team batted around. Burkes held the Brownfield men completely in check for the first four innings giving them only two hits.

Two unearned tallies in the fourth frame, and a run in the fifth and sixth innings for Brownfield tightened the game up a little but the Morton team kept up and had a 7 to 4 lead at the end of the sixth frame. DeWayne Burke's two run homer was the big blow of that uprising.

A triple, two singles, and an error gave Brownfield 4 runs and an 8 to 7 lead in the top half of the 7th inning but once again Morton came back with four to maintain their lead. Cliff Wall's triple and Waydel Hill's second double of the day paced that four run blast.

The all important run in the bottom of the 8th was garnered on one hit. John Cotman led off with a smashing single to left and proceeded to steal second and third bases on the next two pitches. DeWayne Burke fanned but Jimmy Winder was safe on an error by the Brownfield second baseman and Cotman came a-

cross with the 12th run. An error, a single, and Curtis' fourth hit of the day a booming triple to deep center set the stage for McDaniels to take over in the 9th.

Curtis had two triples and two singles in 5 times at bat to lead the batters of both teams at the plate. Herring, the Brownfield pitcher aided his cause with 4 singles in 4 times at bat.

Cotman had four hits for Morton and everyone on the team except Harold Evans had at least one hit.

*Now its proved quality
becomes more impressive than ever*

**...AND CHEVROLET'S
LOW PRICES**

are even more attractive than in the past!

FIRST in Value . . .

**FIRST in Big-Car
Quality at Lowest
Prices . . .**

FIRST in Registrations

ALWAYS THE VALUE-LEADER . . . Always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head

Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

*Compare Values! . . .
Compare Prices! . . .*

CHEVROLET — and Only CHEVROLET — IS FIRST

LEHMAN COMMON SCHOOL DISTRICT NO 5
NOTICE OF ELECTION TO CONSOLIDATE DISTRICTS
 STATE OF TEXAS
 COUNTY OF COCHRAN

NOTICE IS HEREBY GIVEN that an election will be held on the 31st day of July, 1948 at the school building in the Lehman Common School District No. 5 of this County as now constituted to determine whether or not a majority of the legally qualified voters of said District desire that Lehman Common School District No. 5 of Cochran County as now constituted shall be consolidated with Morton Independent School District of Cochran County as now constituted for school purposes.

W. P. Houston has been appointed Presiding Officer for said election and he shall select two Judges and two Clerks to assist him in holding the same and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County as is required by law for holding a General Election.

All persons who are legally qualified voters of this State and of this County and who are resident voters in said District shall be entitled to vote at said election, and all voters who favor the proposition to consolidate the said Districts for school purposes shall have written or printed on their ballots the words:

"FOR CONSOLIDATION"

And those opposed to the proposition to consolidate the said Districts for school purposes shall have written or printed on their ballots the words:

"AGAINST CONSOLIDATION"

Said election was ordered by the County Judge of this County by order made on the 6th day of July, A. D. 1948, and this notice is given in pursuance of said order.

DATED the 6th day of July, A. D. 1948.

G. W. THOMPSON,
 County Judge, Cochran County, Texas. 22c

From where I sit... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

Joe Marsh

-- annegrams

— by ann england —

After inquiring around as to who went where and why over the long fourth of July week-end we decided it would have been easier to find out who stayed at home.

It seems that nearly every one in Morton went some where. The Bill Purifoy's returned from Greenville by way of Mineral Wells and were delayed considerably by a bad detour in that region.

The C. C. and J. C. Reynolds fishing trip was hailed out. They were on the Canadian river and judging by the expressions of father and son when we saw them Tuesday they were both disgusted.

Saw Kate Hargrove buzzing around town Friday. When we asked her why she was in town with her shoes untied she said she was too busy to tie them. She was trying to get some sewing done for Dot and get ready to go on a fishing trip.

T. L. Causseaux of Andrews sent in for renewal of the Tribune. Apparently he enjoys the paper as he never allows his subscription to expire.

Mr. and Mrs. J. C. Sutton, who lived here for some years are now at Seaside, California. They like their new location first rate but want the paper in order to keep up with their friends here.

Goodness! This column is read—sometimes we wonder. After we reported a rumor, Mr. Blankenship of the Wallace Theatre chain sent a representative out to ask where we got our information about a possible "drive in" movie.

It isn't possible for us to keep up with sources of all the rumors. Anyway everyone around here is mighty anxious for a new movie theatre. We expect that construction of the new Wallace will put a stop to any other theatre projects.

Saw Wynelle Cheney out bright and early Wednesday morning. W. C. lives with her parents. Mr. and Mrs. J. A. Holloman, across the street from us. She is a mighty cute gal.

Commissioners court finally hired a county health nurse. They are to be commended for this move also members of the P. T. A. who have been nagging the court for sometime for this purpose.

Jack Maddox and Cecil Sweet flew a new Navion in here last week from Hobbs. They complimented Morton and Cochran County for improvements at the local airport. There were a couple of other fellows with Maddox and Sweet but we haven't been able to find out who they were.

Lots of folks drove over to Levelland last Thursday to see and hear Lyndon Johnson. His pilot landed that helicopter practically on the square, stirring up quite a bit of dust, so the spouse said.

Dr. Barker most recent addition to the West Plains staff has been kind of puny lately and Dr. Dove has been treating him. The thing we haven't been able to figure out is, when a doctor gets sick and another doctor doctors him, does the doctor doing the doctoring have to doctor the doctor the way the doctor being doctor'd wants to be doctor'd, or does the doctor doing the doctoring of the doctor doctor in his own way?

Earl Crum and R. D. Ormand have bought a new Luscombe plane. Think Earl must have sold that old army job he had, anyway he hasn't been flying it around lately.

While strolling up the street Sunday evening in Ruidoso we saw Mrs. Scott Hawkins and Odessa Williamson. There were so many Mortonites up there, it was just like old home week.

If we never mention miniature golf again it will be because Allene Curry Flinn beat us so badly at the game we never want to hear of it. We lost our rabbit's foot.

The party at Francie Hawthorne's for Mrs. Drumm on Wednesday morning was so nice. Mrs. D certainly received a lot of lovely gifts.

The little bitty whole wheat muffins served with coffee at these early a. m. affairs are the best things. Wish we were not so polite so we could go ahead and eat all we want of them.

Eddie Irwin, journalism student at Butler University, is helping us out and we are already dreading the time for Ed to start back to school.

Evidently Mr. Macon's illness didn't amount to much as we have seen him out several times since we heard last Wednesday that he was ill. Probably just wanted some attention.

While driving on the narrow dirt road to Cloudcroft, New Mexico, last Monday afternoon the spouse said, "It won't be long before the old narrow roads, where two cars can barely pass without colliding, will be replaced by splendid highways on which six or eight cars can collide at the same time."

Barber Shop Singers Returning To 1948 State Fair Of Texas On October 17th.

The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America has arranged for Oct. 17 as Barber Shop Quartet Day at the 1948 State Fair of Texas. At least twenty chapters will send quartets for the parade on this day.

Throughout the nation there are 480 chapters with 30,000 members. SPEBSQSA foursome

above are (top 1. to r. Hal Jones and George Walters; and (bottom 1. to r.) Dyke Turner and C. D. Johnson, of Dallas.

Fifty other organizations have completed arrangements for special days at the 1948 State Fair of Texas, and this number is expected to be tripled before opening day, Oct. 9, David McMinn of the State Fair, has announced.

Demonstrations Held On How To Kill Rats

County Agent

The last six days in June comprised a busy week for farmers replanting but it was not too busy for 21 farmers to take time out to assist in killing rats on their farms.

Carl Jacobs with the State Rodent Control and Homer E. Thompson, County Agent conducted six demonstrations with a total attendance of 42 farmers. It is estimated that over 3000 rats were killed on these farms. If a rat is valued at \$20.00 each, that being the minimum amount of destruction estimated for one rat per year, then says Thompson that is \$60,000 worth of control. This does not take into consideration that rats carry disease and pests.

Brad Stovall of Neely Ward Community says, "I do not know how many rats were killed but judging from the odor, it must have been a great many on my farm."

Cyanogas and 1080 were the two poisons used on these farms the county agent stated. If rat burrows are in the ground under and around buildings cyanogas is ideal. "I am going to try to get the Commissioners' Court to purchase for the farmers use, a cyanamid gun to dispense the gas for killing rats," said Thompson. This gas is very effective when the summer temperature prevails because temperatures averaging 80 to 100 degrees are ideal. The farmers can use the gas and can purchase it, but not the 1080 poison. There is no antidote for 1080.

VISITORS IN LINDSEY HOME

Mr. and Mrs. Gene Hill, Okra, Texas and Mr. and Mrs. Athel Claborn and family from Sundown, were visitors at the W. A. Lindseys, Monday evening.

BUSINESS TRIP TO ARTESIA

Mr. and Mrs. L. W. Ray were visitors in Artesia, New Mexico last Monday. He attended to business in the New Mexico town.

Americans are spending more than \$120 annually per family on education compared with about \$108 in the 1929-'30 period.

Top O' Texas Rodeo, Pampa Slated Aug. 3-7

The Fourth Annual Amateur Top o' Texas World's Championship Rodeo and Horse Show will be held in Pampa, Texas, August 3, 4, 5, 6 and 7.

The streets up-town will roar with celebrationists decked out in Stetson hats, cowboy boots and technicolored shirts. This is where East greets West as grand excitement reigns for five spectacular days and nights.

The rodeo performances will be held on the nights of August 4, 5, 6, and 7 and feature contests in Saddle Bucking, Bareback Riding, Calf Roping, Brahma Bull Riding, Bulldogging, Double Muggin and Cutting-Horse.

The cowboys aren't the only ones that compete for prizes and horsemanship in this show. The Sponsored Cowgirl Contest gives the cowgirls a chance to meet their equal. A hand-stamped saddle is given as first prize, riding costume and boots as second prize and shop-made boots as third prize.

There will be a \$4,000 purse plus one-half of the entry fee added back for the best two-day average in the Rodeo Events.

In connection with the Top o' Texas Rodeo, there are three Horse shows.

CHEVROLET RECORD

Chevrolet hit its first million-car year in 1927. Since that record, the figure has been topped eight times.

Quality Of Eggs Is Affected By Their Environment

The quality of eggs is affected by their environment. In the case of eggs, that "environment" means the way eggs are handled from the time they are laid until the housewife serves them at the table.

Heat, says F. Z. Beanblossom, extension poultry marketing specialist of Texas A. and M. College, is the greatest enemy of high quality in eggs. Eggs should be gathered several times a day and the animal heat reduced as soon as possible. All eggs should be held below 68 degrees F.; higher temperatures break down the egg rapidly.

As a matter of fact, says Beanblossom, quality may be lower in eggs after three days of improper handling than in eggs which have been properly stored for as long as six months.

LOCAL INDUSTRY

Chevrolet is "local industry" in virtually every state. Cotton, glycerine, lumber, turpentine, hides, nickel and sugar cane are some of the unrelated products touched by Chevrolet's vast purchasing power.

"PEACE BE STILL"

When we notice the text, we think of a troubled soul. No doubt there are many troubled souls today that would welcome such peace but they are not willing to make the sacrifice. Jesus was teaching by the seaside and late in the afternoon he set sail for the other side. He had been teaching all day and no doubt he was worn out and needed some rest. As the Disciples manned the ship Jesus lay down in the hinder part and went to sleep. The Disciples were just men and no doubt they did not think of danger but it came then, as it does to us today. Soon a storm began to rage on the sea and soon the Disciples saw that they were in great danger. No doubt they used every means possible to control the ship but to no avail. They were soon convinced that their only hope was in Christ who was asleep in the ship. If men today could realize that their only hope is in Christ, things would be so much different.

The awakening came; As soon as these men saw their trouble and danger and realized that their only hope was in Christ they were ready to go to him. They called him and said; "Master carest thou not that we perish?" Jesus realizing that this was all because of the like of Faith, arose and rebuked the wind and said, "Peace be still." My friend are you in trouble? Do you realize that you can do nothing of yourself? Have you gone to the Lord for help? May we think on these things and consider our condition in the storm of life today. Christ can, and will help every one that is troubled, who is willing to call upon him.

The heart of man is like the sea and the fiery darts of Satan are like the storm that covers the sea, it brings trouble. Jesus can still the troubled heart as he did the sea and it is certain that he cares. When he spoke and said, "Peace be still," the wind obeyed his voice and soon the sea was at rest. Fear was no longer in the Disciples heart and they themselves could rest in peace. The same Christ that stilled the wind and storm, lives today. He is ready to still the storm in your heart if you will give him a chance. After the storm had been stilled those men were able to land safely on the other side. Brother when Christ stills the

storm of your heart and claims you for his very own, you will be able to land safely on the other side. Peace to a troubled heart means rest to a weary soul. That peace that Jesus offers is in reach of every one today. Will you call upon him before it is too late?

A. & M. College To Establish Journalism Dept.

A department of journalism to train Texas boys for the operation of small town weekly and daily newspapers will be established at Texas A. and M. College in September. President Gibb Gilchrist announced. The department will also emphasize training for writing on agricultural and technical subjects.

"We have no intention of duplicating the efforts of existing schools and departments of journalism," President Gilchrist said, "but intend to specialize in the field for which our school is particularly suited. Our students will be given a broad educational background with a minimum of technical courses in journalism. Students majoring in this department will also receive a sufficient knowledge of the mechanics of newspaper production to fit them for practical small town operation."

Editors and publishers of Texas weekly and daily newspapers will be asked to visit the classes as lecturers and observers, and their advice will be sought in order to keep the curriculum practical. An arrangement for summer "interne" training of advanced students in local newspapers throughout the state will also be sought.

Journalism students expecting to work in agricultural areas will be given sufficient agricultural background to enable them to understand the problems of their communities. Those who will go into oil or industrial areas will receive engineering courses as background for their work.

In addition to training prospective newspapermen, the department will furnish training in newspaper writing for future county agents, vocational agriculture teachers and others whose work will be enhanced by this training. Engineers will receive special training in the field of technical writing.

Provision will be made for special training of young men who will work on agricultural or technical magazines, as well as those who will specialize in agricultural, oil or other technical writing for newspapers.

The new department will be headed by Donald D. Burchard, who is coming to Texas from South Dakota State College, where he is professor and head of the department of Printing and Rural Journalism. Burchard received his M. A. degree from the University of Missouri with a major in journalism, and taught journalism at Butler University, Indianapolis and Oklahoma A. and M. College before moving to South Dakota.

In addition to his academic training, Burchard has served as city editor of a midwestern daily, owner-publisher of a Missouri weekly, associate editor of Radio Digest magazine and a staff member of the Chicago Herald and Examiner.

Panhandle South Plains Fair Slated To Open Sept. 27

Dates for the 31st Panhandle South Plains Fair have been set at September 27th through October 2nd, 1948.

Superintendents of all agricultural and livestock departments have been selected and are holding a meeting in the Hilton Hotel ballroom, in Lubbock, next Wednesday, July 7, at 2:30 P. M. All exhibitors, past and prospective, are invited and urged to attend the meeting so that they, the exhibitors, can make recommendations on improvements desired within their various departments this year.

It is the opinion of the department superintendents that the Fair can be made even bigger and better this year if prospective exhibitors, county agricultural agents, vocational agricultural teachers and other agricultural workers get together and discuss desired changes in the classes, rules and procedures, prior to the printing of the catalog.

Mr. and Mrs. Tom Arnn, Jr., and Mr. and Mrs. Bill Markham, spent the Independence holidays at Cowle, New Mexico.

'Four Faces West' To Show At Wallace Theatre

When filming "Four Faces West", the United Artists release due on Sunday and Monday, July 11 and 12 at the Wallace Theatre, Producer Harry Sherman, whose name has become synonymous with class Westerns for many a year, took his cast and camera crew to the famous White Sands National Monument in New Mexico. This Monument, which was the scene of the first atom bomb explosion, is situated in the now historic area near Alamogordo where much of the action of the picture takes place.

Co-starring in "Four Faces West", which is an Enterprise Studios' production, are Joel McCrea, his beautiful wife, Frances Dee, and Charles Bickford. Joseph Calleia tops the featured cast of players which includes William Conrad, Martin Garralaga and Raymond Largay.

EARL CRUM flew one of the planes at the county airport to Dallas on a business trip last week.
