

School Consolidation Vote Defeated 56-36

All Requests For School Transfers Granted by Board

Every transfer requested for school children in the county for the coming school year has been granted according to County Judge Glenn Thompson.

Geil Masten has been appointed by the school board to fill out the unexpired term of the late W. Dewbre who died two weeks ago.

A total of 53 transfers were granted Lehman school children 28 transferring to Morton and 25 going to Whiteface.

Three students from the Neely district have transferred to the Way, five have transferred to Eldsloe, and all Neely Ward students of high school age will go to Morton High School.

Eldsloe has 14 students enrolled at Morton and three transferring to Whiteface.

Five Whiteface school children are granted transfers to Sunnyside and five also will go to Morton. One Pep student will enroll at Morton.

No applications for transfer from Morton to another school were received.

500 Innoculations Reported In July By School Nurse

Cochran County School Nurse, Edith Collins administered a total of 501 inoculations to county residents during the month of July.

The inoculations for Typhoid, Diphtheria and Diptheria are recommended by Dr. Wendell S. Dove, County Health Officer.

A total of 192 persons received typhoid vaccinations, 154 were vaccinated against Typhoid, and received Diphtheria Combination inoculations. Diphtheria booster shots were given to an additional 61 persons.

The School Nurse schedule for August follows:

Monday
Morton Colored School 8 to 9 a. m.
Morton High School Gymnasium 9 a. m. to 4 p. m.

Tuesday
Eldsloe School 9 to 11:30 a. m.
Morton High School 1 to 4 p. m.

Wednesday
Whiteface High School 9 a. m. to 4 p. m.

Thursday
Steeley Ward School 9 to 11:30 a. m.
Morton High School 1 to 4 p. m.

Friday
Lehman School 9 to 11:30 a. m.
Morton High School 1 to 4 p. m.

Health Assn. To Hold Meeting At 8 P. M. Saturday

The annual meeting of the West Plains Health Association will be held at the Morton School Auditorium at 8 p. m. Saturday.

This will be the second annual meeting since the forming of the association and subsequent leasing of the hospital. Voting on at least one board member will probably be held.

Funeral Services Held Monday For Strickland Infant

Funeral services were held Monday afternoon at the Singley Funeral Chapel for Raymond Strickland, jr., infant son of Mr. and Mrs. Raymond Strickland of Morton who died shortly after birth at the Levelland hospital.

The baby, born three months premature, fought for life seven days before succumbing. Services were held at 2 p. m. and burial was in the Morton cemetery.

TRAVELING TURKNETTS
Miss Charlie Chambers of Eastland is here visiting her mother, Mrs. R. F. Turknett and her father, Mr. Turknett.

Miss Chambers is a school teacher in Eastland.

VACATION TRIP
Mr. and Mrs. M. T. Beard are on a two weeks vacation trip. Mr. Beard is manager of Forrest Lumber Co.

Hospital Celebrates First Anniversary Saturday

Morton Tribune

"TEXAS' LAST FRONTIER"

VOLUME IX,

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, AUG. 5, 1948.

NUMBER 23.

Open House Planned For August 7 To Commemorate Successful Year Of Operation For County Hospital

One of the county's finest achievements, the \$150,000 West Plains Hospital and Clinic celebrates its first anniversary of operation Saturday, August 7 with a formal open house.

Built by the county after a bond issue, the hospital was completed in August 1947 and county residents voted to lease the hospital to the highest bidder.

The West Plains Health Association was granted the lease and began operation officially on August 7, 1947 with one doctor, one graduate nurse, and three nurse's aides on the staff.

Actually the hospital was forced by necessity to open five days ahead of schedule on August 2, when four patients were admitted despite the fact that it was not completely staffed and the equipment was not set up. Beds were set up to handle the four patients and food was brought in. The first baby was born that day.

1236 Patients Handled
During its one year of operation, the hospital has confined 1236 patients and has attended and released numerous others. A total of 270 operations have been performed through Sunday, July 1, 1948, and out of that number 143 were listed as major operations and 127 as minor. Not one surgical patient or maternity case has died.

In the past year the staff has expanded to include 28 employees ranging from a general handyman to its own druggist. Four registered nurses, two doctors, a business manager, a medical technologist, two office nurses, nine nurse's aides, a pharmacist, a receptionist and

secretary, two kitchen workers, two janitors, and a housekeeper make up the staff.

The hospital, one of the most modern in West Texas, has 23 beds. It is equipped with an ultra modern operating room and delivery room.

The delivery room has handled 123 babies during the past year including 3 sets of twins.

Expensive Equipment Added
Some of the modern equipment installed in the hospital includes a pullmotor and resuscitator, a General X-Ray Machine, an electric Cardiograph, basal Metabolism equipment, and a complete laboratory.

The resuscitator is used in restoring oxygen into the lungs of persons near death from drowning, strangulation, or smothering, the cardiograph registers the movements of the heart, and the metabolism tests are used by doctors in making diagnoses.

A modern Heidbrink gas machine for administering anesthetics, a new oxygen tent, a large sterilizing unit, and an incubator are other modern conveniences located at the hospital. The Health Association has installed approximately \$16,000 worth of equipment in addition to that already furnished by the county.

The Hospital and Association is controlled by a Board of Directors elected by the more than 600 families that belong to the association. An annual meeting is held each year where the election of the Board members is made.

Directors Listed
At the present time, M. A. Bennett is the president of the Board, having been appointed to serve

out the term of H. B. Abbe who was elected First President of the Board last year. Mr. Abbe was forced to resign the position because of failing health but he was very instrumental in the organization of the health association.

Other members of the board are: John Moss, Vice President; Roy Hickman, Secretary-Treasurer; D. E. Benham, B. H. Tucker, Fred Young and Bob Ramp.

It is estimated that about 1/3 to 1/2 of the patients in the hospital are non-members of the association but absolutely no partiality is shown in the allotment of beds or treatment of cases.

The hospital is operated on an open staff basis which means that any qualified, licensed physician in the state of Texas, may bring his case into the hospital.

Headed By Doctor Dove
Dr. Wendell S. Dove has been Chief Surgeon since the opening of the hospital. Recently, Dr. Frank Barker has been added to the staff.

Norine Frazier is Business Manager and Alice Dove, R. N., is Supervisor of Nurses. Other registered nurses are Laverne Mullins, Surgical Supervisor; Mary Cross, Anesthetist; and Effie Knott, Night Supervisor.

Laboratory work and X-Rays are handled by Iona Purvis, Medical Technologist and A. A. Fralin is head of the Pharmacy located on the ground floor of the building.

Mrs. Larry Kelly is office nurse for Dr. Dove and Mrs. Polly Robertson is Dr. Barker's office nurse. The nine nurse's aides are: Charlotte Covington, Anne Foster, Irene Hamner, Bonnie Hanna, Thelma Lindsey, Myrtle Lou Lilledahl, Olene Nesbitt, Elaine Pugh and Bertha Roberts.

Mrs. Elma Seaney is receptionist and a secretary, Mary Graham assists her. Lera Cloud and Myrtle Williams are in charge of the kitchen.

Mrs. Winnie Shaw is housekeeper and A. J. Langrill and Roy Shields are janitors.

Johnny Sullivan Suffers Injuries In Rig Accident

Johnnie Sullivan, 35, received multiple injuries about the head, face, arms and shoulders, last Friday afternoon while working on an irrigation rig.

According to information given by Dr. Frank Barker, who treated Mr. Sullivan, the accident occurred while Sullivan was repairing a motor clutch. The starting bolt struck Sullivan in the head causing deep scalp lacerations, a gash near one eye and in the mouth and also knocking out several teeth.

Mr. Sullivan was dismissed in good condition from West Plains hospital Tuesday morning.

West Plains Hospital and Clinic staff pictured on front steps of hospital, reading from left to right, row 1, are: Mrs. Mary Cross, R. N., Miss Irene Hamner, Mrs. Larry Kelly, Row 2, Miss Olene Nesbitt, Mrs. Polly Robertson, Miss Bonnie Hanna, Mrs. F. Lindsey and Mrs. M. Lilledahl. Other nurses on the staff were not available at the time the pictures were made.

School Cafeteria Will Be Credit To School System, Asserts Supervisor

A report from E. H. Boulter, Deputy State School Supervisor of District 2, commends the Morton school for the installation of the school lunch program to be put into operation this September.

In an 8 point report to the State Department of Education, Mr. Boulter observed favorably that the school lunch program, "is a credit to any school system."

At present members of the school board are busy completing plans for the purchase of equipment and construction of the new cafeteria to be opened in the building formerly occupied by students after a fire had razed their old primary school building. Completion last year of the new building which now houses the high school left room for the cafeteria.

Other commendations by Mr. Boulter included an observation that the Morton Independent School District had seven buses involved in their smooth running transportation system, and the fact that two new credits were offered last year bringing the total number of credits offered to 32.

Farm Shop Work and Music were offered last fall and students given credits in these courses for the first time.

The school library was listed as adequate with many new publications and titles added during the last school year.

One of the most important programs in operation at Morton is the guidance counseling program which Mr. Boulter commented favorably upon. This program attempts to guide the pupils in selecting the proper subjects to train for a certain field of occupation. Many colleges require entrance credits that would not ordinarily be acquired by High School students unless they were informed in time to take these courses.

A meeting of the school board Tuesday evening was to determine date on which school will open this fall and to settle other matters. The information on this meeting was not received by the Tribune in time to go to press but within the next two weeks a complete list of the teachers at Morton for the 1948-49 school year will be released.

RETURN TO LUBBOCK HOME

Mr. and Mrs. Winard Buck and son, Wynn Alex, returned to their home in Lubbock Tuesday morning after a few days visit here with her parents, Mr. and Mrs. W. A. Johnson.

Morton Carries 67 To 0, Lehman Defeats Proposal

The second proposal in two years to consolidate the Morton and Lehman schools into one district was voted down in an election Saturday at Lehman.

Lehman voters cast 56 ballots against the proposition and 36 vote for the consolidation and thereby defeated the plan even though Morton voted 100 percent for it.

The State law provides that the proposal must be carried in both districts before the consolidation can go into effect. It would have meant that school children of both Lehman and Morton would go to one school and the district would be called Morton Independent School District.

In the balloting at Morton Saturday, 68 votes were cast and 67 were for the consolidation. One ballot was mutilated and had to be thrown out. Lehman also reported one mutilated vote.

The first Lehman-Morton consolidation proposal was voted on in 1946 after a petition had been presented to the county judge. In that election Morton carried the vote but Lehman voters defeated it.

Farmers Urged to Raise More Pigs By C. F. Brannan

Secretary of Agriculture Charles F. Brannan has again urged farmers to increase the fall pig crop by at least 10 percent. Holding back, rather than selling, bred sows and gilts now on hand offers the first and most rapid means of increasing the Nation's red meat supply, the Secretary pointed out.

Farmers can plan to expand the number of sows they keep for farrowing this fall with increased confidence, according to Secretary Brannan. This belief is based on (1) excellent prospects for 1948 feed crop production, (2) the probable strong demand for meats next year, and (3) assurance of continued price support.

Under recent legislation, Government price supports on hogs continue during 1949 at 90 percent of parity. This is the same level of support that has been in effect the past several years. Supports during the hog marketing year fluctuate seasonally, but the present annual support level is \$16.85 per 100 pounds, Chicago basis. The current 6-month price-support period extends through September.

Visitors Invited To View Hospital At Open House

The West Plains Hospital and Clinic will hold an open house Saturday in honor of the first anniversary of operating according to Norine Frazier, Business Manager.

Doors will be open to visitors from 1 to 5 p. m. Everyone is invited to attend and inspect the modern equipment and rooms of the only county hospital.

Wives of the members of the Board of Directors will act as hostesses at a tea to be served in the waiting room during the afternoon.

Interest Centers On St. Clair Well In New Oil Area

Oil interest for Cochran county last week centered about E. Constantin, Jr. No. 1 James St. Clair, 10 miles west of Whiteface. This well is a considerable distance from the nearest completed oil well and when completed will open up a new area.

The well was bottomed at 4,960 feet in lime. It has a string of 5 1/2 casing cemented at 4,883 feet. The rotary rig has been moved off and a cable tool unit has been installed to use in testing. Cores between 4,883 and 4,929 feet has shown signs of oil. Water has been encountered below that level.

It is expected that the bottom of the hole will be plugged back above the water level.

MRS. BURLESON RECOVERING NICELY FROM OPERATION

Mrs. Alton Burleson is reported recovering nicely from an operation at Levelland Hospital last week-end.

 Holding Revival
 At Lamesa Church**

Rev. W. C. Wright, pastor of Morton's First Baptist Church, will be away most of August. He is conducting a revival at Woody Baptist Church, Lamesa, the first part of the month.

The latter portion of August Rev. Wright will conduct a meeting at the First Baptist Church of Amherst.

Norma will accompany her father to these meetings and will assist with the music.

VISITED PARENTS

Mr. and Mrs. English Cox and daughter, Minnie Ola, were week-end guests in the home of Mrs. Cox' parents, Mr. and Mrs. B. M. Sudduth at Hereford, Texas.

**Agricultural Notes From
 County Agent**

By Homer E. Thompson

State Wide Farm and Home Egg Laying Contest will be conducted in Texas under the supervision of the Extension Service. Contest starts October 1, 1948 and is running for ten consecutive months through July 31, 1949. Any poultryman is eligible to enter the contest who owns 100 or more hens. Each contestant must state the number of chickens at the beginning of the contest. All pullets over four months and hens on the farm must be entered. Those in Cochran County who wish to enter the contest can secure blank forms from the County Agricultural Agent's office. Each contestant will be visited by the County Agricultural Agent or the County Home Demonstration Agent within 30 days after September 15. The contest will be judged by the number of eggs produced by each hen. All reports of contest must be submitted by the 5th of each month to the County Agricultural Agent or the County Home Demonstration Agent. These reports must contain number of eggs produced, number of hens culled, died, or disposed of each month.

There are 15 cash prizes ranging from \$10.00 to \$100.00. The objectives of this contest are:

1. To get higher egg production in Texas Poultry flocks.
2. Demonstrate the value of record keeping in poultry production.
3. To put poultry production on a sound business basis.
4. Demonstrate the advantage of good breeding, feeding, and management.
5. To market eggs on quality basis when possible.

The County Agent and the County Home Demonstration Agent will be glad to assist each farmer in Cochran County who desires to enter this contest.

Generally over the county cotton is heavily fruiting. The next two or three weeks is the critical period for watching the damage of the flea hopper and thrip. If you get by this period without much destruction the fruit will be big enough that damage of these insects will be negligible. 5 percent DDT dust and 75 percent sulphur using 10 pounds per acre is recommended for these pests. Check your fields two or three times weekly and be prepared to dust if it is required. Thrip will do about the same damage as the flea hopper, except thrip works from the bottom of the stalk up knocking off the little fruit while the flea hopper works from the top down.

Surrett Ranch manager Mr. Simpson is selling some club calves to Cochran County 4-H club boys Wednesday morning, July 28. This looks like a good feed crop year and I would like to see several club boys feeding

beef calves. The price of cattle also looks good for another year. 4-H Club boys wanting club calves contact the county agent.

We are arranging with Mr. Squires, manager of Southwestern Irrigated Cotton Growers Association of El Paso to meet with us next Monday, August 2. The purpose of this visit is to study their marketing set-up. We are anxious that you make this trip in order to better acquaint you with the El Paso Cotton Growers Association. We feel that first hand information on what El Paso farmers have accomplished in marketing their cotton will be of much value to us in setting up a local cotton yard for Cochran County.

We plan to meet at the west side of the Court House at 8 a. m. Sunday, August 1. We will leave from here by automobile Sunday morning and spend the night in El Paso. Monday morning we will visit the El Paso Cotton Growers Association and return to Morton Monday evening.

**Physical Check
 Urged For
 School Children**

AUSTIN—With the report of 77 new cases of chicken pox, 11 cases of diphtheria, 320 cases of measles, 75 cases of polio, and 199 cases of whooping cough occurring in the state in the week between July 10-17, Dr. George W. Cox, State Health Officer, has made an appeal to all parents to have their children undergo a thorough physical examination before entering school next month.

The appeal was made to coincide with the announcements of the various opening dates of schools throughout the state.

"It is a medically established fact that a child's health has a direct bearing on his progress in school," the health officer said. "It is no longer sufficient to provide the child with books and new fall clothing. Today we realize the health factor must be considered if the child is to reach his optimum level."

Dr. Cox said that since the child spends most of his time indoors with large groups of children, it is imperative that he be immunized against communicable diseases when such protection is possible. The spread of such diseases is facilitated in congested classrooms.

He said the examination should include a dental check-up and inspection of the eyes, ears, nose and throat. The best health insurance for any child is constant supervision by the family physician and dentist.

**561 Enrolled For
 Summer School At
 Abilene College**

Abilene Christian College, Abilene, Texas, opening the second semester of its 1948 summer school July 21, has enrolled 561 students from 25 states and four foreign countries, South Africa, Australia, Mexico and India. The college's 1948 fall semester will open September 14.

Included among the students in Abilene Christian College are two students from Morton. They are Arlene Bennett, daughter of Mr. and Mrs. M. A. Bennett, a junior student majoring in physical education; and J. B. Passmore, Jr., a freshman student.

**Hospital-Clinic Boasts Experienced Medical Staff,
Doctors Dove, Barker Competant In Surgical Work**

Pictured are Wendell S. Dove (left), M. D., F. A. C. S., Chief of Staff of the West Plains Hospital and Clinic in Morton.

Frank Barker, M. D. (below) is a recent addition to the staff.

Either Doctor Dove or Doctor Barker is on call at night giving the hospital a surgeon on duty at all times.

Today, one year after it's opening, The West Plains Hospital-Clinic boasts a highly competent medical staff with two doctors well experienced in both civilian and armed force practice and a head nurse with three years experience overseas during World War II.

Doctor Wendell Dove, City and County Health Officer and Chief Surgeon of the hospital was conferred his fellowship in surgery by the American College of Surgeons in 1933, after receiving his degree in medicine from the University of Texas Medical School at Galveston. Upon completion of his training in New York, Dr. Dove went to South America as Surgeon for the United Fruit Company. In private practice he owned a hospital in the Panama Canal Zone but sold it to take a position as foreign Medical Director for the Socony-Vacuum Oil Company and The Texas Company.

In 1942 he began his service with the U. S. Army as assistant to Nelson Rockefeller and later was in charge of a 350 bed surgical section in the first general hospital set up in Africa. After sometime at the Allied Headquarters he was discharged as a Major and then was named to the Veterans Administration Medical Director Staff. There he served as Chief Surgeon for 11 hospitals in the Texas, Louisiana, and Mississippi area before coming to Morton.

Doctor Frank Barker, recent addition to the West Plains staff received his B. A. Degree from the University of Oklahoma and his degree in medicine from Baylor Medical School in Dallas, 1940.

Dr. Barker interned at Highland Sanitarium, Shreveport, Louisiana and finished in July, 1941.

He spent four years with the ground forces of the United States Army dividing the bulk of that time overseas; 20 months in

Trinidad, British West Indies and 20 months in the South Pacific. During that time he attained the rank of Major.

After his discharge, Doctor Barker was on the Surgical Resident Staff at St. Paul's Hospital in Dallas and while there received 6 months intensive training in pathology, the study of the causes, symptoms and cures of diseases.

He entered private practice at

Texas Car Buyers
Warned To Check
Motor Numbers

Gangs of automobile thieves, operating in this as well as other parts of the country, are causing authorities no end of trouble according to deputy sheriff, Herman Crockett.

The stolen car traffic, complete with forged bills of sale, registration receipts, stolen certificates of title, and defaced motor numbers is so far out of hand that the Texas State Highway Department has issued a warning to all prospective car purchasers.

"Check the motor numbers," says the Department spokesman, "to see if they agree with the title and report any discrepancy or any indication that the motor number has been changed."

The sheriff's office has a list of motor numbers of cars stolen recently in New Jersey, Oklahoma and Ohio. Authorities believe that these gangs may be attempting to dispose of their stolen goods in Texas.

There is also an illegal traffic in Texas Titles issued on cars which have been wrecked or junked. Owners sometimes change the motor number on a stolen car to agree with the number on the title of the scrapped car.

Children's Days Slated September 29-30 At Panhandle South Plains Fair.

Midway ride prices to fit young purses were announced today for Children's Day at the Panhandle South Plains Fair in Lubbock, Wednesday and Thursday, September 29 and 30.

All "kid" rides will be a nickel; the merry-go-round 6 cents; Ferris wheel 12 cents; others in proportion. They will be just half the usual charges—as low, if not the lowest, for similar entertainment at any important fair in the U. S. this year.

These low prices are provided for in the Fair Association's con-

tract with Forsythe and Dowis, who operate one of the biggest and unquestionably the "cleanest" carnival booked in the Southwest this year. It features rides particularly, but will present numerous tent attractions of high entertainment and educational value.

Daily free attractions will feature "Seldon the Stratosphere Man", one of the most spectacular and dangerous acts on tour. Seldon performs at the top of a slender pole higher than a 15-story building.

The grandstand attraction will be the "Water Follies," the most sensational entertainment of its kind ever booked in the Southwest. The cast includes several world champion swimmers and divers and a large water ballet made up of bathing beauties.

Indicative of the magnitude of the Follies is the special equipment it carries, including two portable swimming pools—one large enough for the intricate performance of the ballet of 16 girls and the other deep enough for dives more than 100 feet high.

KILMER CORBIN

Candidate For

State Senator

EXPRESSES HIS APPRECIATION

He is grateful to the people of the 30th Senatorial District for the large vote which he received Saturday, July 24, enabling him to lead his three worthy opponents. He pledges to conduct a clean, active campaign and, if elected, to serve the people to the best of his ability.

Mary Cross, R. N., is shown in a typical private room at West Plains hospital. Mrs. Cross is also a registered anesthetist and after September 1 will devote full time to the administration of anesthetics. At present she is supervisor of nurses on the afternoon shift.

Absentee Balloting For 2nd Primary Opens August 8, Closes August 24

County voters have only 16 days to cast their absentee ballot for the Second Democratic Primary election, August 28.

Ballots may be secured from the County Clerk's office starting August 8 and the deadline for absentee votes to be in the mail is on Midnight July 24, four days prior to the election.

County interest in the Second Democratic Primary will center around the runoff for the office of Sheriff between W. V. (Son) McKay, Whiteface, and H. D. Herman Crockett, Morton.

If you are planning to be out of town August 28, put in your application for an absentee ballot

now. It's your duty to vote. It's your election and you are the one who will suffer if the wrong man is put into office.

Mrs. J. R. Evans, 76 Critically Ill At City Hospital

Mrs. J. R. Evans, 76, has been in critical condition at the West Plains Hospital for several days. Mrs. Evans, mother of Lloyd and W. B. Evans, both prominent Morton businessmen, is suffering from the effects of a growth in her stomach.

We promise to live up to, in every respect, the confidence reposed in us by the people we want most to serve.

LLOYD EVANS—Owner

WIGGLY

-- annegrams -- by ann england --

Big doings out at West Plains hospital as they get ready for "open house" Saturday afternoon.

If we did not like Norine and Alice so very much we'd be green with envy because of their pretty pictures in this week's issue of the Tribune.

Lavern Mullins, surgical supervisor, is a lovely person, but the picture made of her in surgery did not turn out well so we couldn't use it.

Iona is a pretty girl too, but that rear view and her nose stuck in a microscope doesn't exactly show her off to advantage.

Mayland Abbe, first born at West Plains hospital, is a darling little blonde curly haired boy. He is also the possessor of a very friendly smile.

Minnie and L. E. Childs are well pleased with their new home. It is getting the finishing touches now, with floor coverings scheduled to be laid this week. Arrangement and color scheme of the interior is very attractive.

Bill and Lillian Williamson haven't progressed to the finishing stages on their lovely home out on south main. It is an H shaped house with extra large living room, two bedrooms, pine paneled den, double garage, etc. Provision is being made for complete air-conditioning.

So many have asked us to publish something on the financial condition of the city—and as a public service institution we feel we should—but we don't know anything about the financial status of the city nor have we been able to find out anything.

At the time the new commissioners took office we were given to understand that an audit was to be made. Notice other papers get and publish the information—and we intend to keep on trying.

Taft Davis, well known hereabouts, who married a North Carolina girl, is the papa of twin daughters. Taft is a brother of Mrs. Arthur Cook and Cliff Davis.

We talked to Dr. and Mrs. T. W. Ferguson the other day. They sent "greetings" to their friends here. They seem delighted with Albuquerque.

The two little Ferguson girls, Jane and Carol, are getting to be big girls now and Jane starts to kindergarten this fall.

Mrs. Jesse Paulk told us she'd like to see recipes and poetry in the Tribune and we've been asked to conduct a column for the love lorn—Not having qualifications in any of the three categories, there probably won't be anything done about the requests.

There isn't much point in accumulating a bunch of recipes—as nowadays practically everything from soup to fruit cake can be bought already packaged with only the addition of hot water necessary. At least that is the way we cook.

As for poetry we can't even rhyme June and moon and have it make sense.

Occasionally we reprint a good poem or one that is particularly approp. For instance not long ago we used one on "gossip," because right at that time a silly rumor was going the rounds about some very fine people—the rumor, as is the case generally, was absolutely without foundation.

The thing that strikes us as strange is that the people who might possibly justify getting "talked" about don't, and those who never even think out of line are the ones who get the works.

We've concluded that destructive criticism, envy and jealousy are the products of unhappy people who have no other means of flattering their sense of moral superiority. In short it makes a small, mean person feel big and important to run some one else down.

Good gracious—anyone want to hire us as a lecturer? Oh well anything to fill up space.

Rose Marie Markham and her mother, Mrs. F. F. Roberts, went off to Big Springs on a relative visiting jaunt last week. Rose Marie has been quite busy helping Bill with the new business.

ATHLETES FOOT ITCH HOW TO STOP IT MAKE 5 MINUTE TEST

lately and hasn't been doing very much running around.

However Mrs. Roberts has been gone somewhere nearly all summer. She spent all of June with a sister at Monahans.

Jo Ann Lackey, attractive daughter of Mr. and Mrs. Wes Lackey, is getting ready to enter college at Portales this fall. Jo Ann is a sweet singer and we understand she is to continue her musical studies. She got off to a good start here with Mrs. L. L. Price.

Which reminds us—we looked at pianos in Albuquerque—not that we can play one of the things but we have musical friends and besides a piano makes a room look so elegant.

John Edmison was in Tuesday morn, we reminded him to remind Judge Blair of the steak dinner promised us. Judge B was probably joking, that remains to be seen.

The spouse says, "Women are never satisfied. They are either taking off weight, putting it on or trying to rearrange it."

Expect the auxiliary girls would be mighty pleased if a good sized crowd shows up for the meeting tonight. It is getting near fall now and most of us will be in the mood to get into the

Palestinian Supper Held At Enochs Methodist Church

Sixty five members of the Enochs Methodist Church and guests were present for a Palestinian supper at the church Tuesday night, July 26. Rev. A. A. Kendall of Morton officiated as guest pastor in the absence of the regular pastor, Rev. Luther Baker.

The meal, typical of those served during biblical days consisted of unleavened bread, fish, wine, rice and fruit. The food and program was prepared and presented by Mrs. Melvina Moore, Dallas, and her daughters, Mrs. E. L. Fletcher, Rockcraven, Maryland and Miss Irene Moore, Dallas.

Soft music was played in the Sanctuary while guests assembled; during the feast the only conversation was that taken from scripture readings.

Mrs. Zed Robinson of Enochs is another daughter of Mrs. Melvina Moore, who was instrumental in presenting the unique supper.

LEGAL NOTICE

S. J. R. No. 2
A JOINT RESOLUTION
Proposed an amendment to Section 28 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment; providing for the issuance of the necessary proclamation by the Governor; and making an appropriation therefor.

Section 1. That Section 28 of Article III of the Constitution of the State of Texas be amended so as to read as follows:

"Section 28. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial and representative districts agreeable to the provisions of Sections 25, 26, and 28-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin, within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) members of the Board, and shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duty in accordance with the provisions of this section by writ of mandamus or other extraordinary writs comparable to the causes of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incident to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the period in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall be printed thereon:

"For the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Notes From Soil Conservation District Office

by Fred W. Collins
 Recently application has been made by the following Cochran county farmers for Soil Conservation work: Willie McCulloch, M. McBee, Keith Kennedy, Todd, Ken Coffman, R. I. Buchanan, C. E. Buchanan, J. T. Pornd N. H. Steed.

Co-operators who have been drilled out a soil and moisture conservation plan on their respective farms are: W. P. Huson, W. B. Cook, Ralph E. Gardner, Paul E. Byrd, M. R. Chandler, A. L. Hicks, N. H. Steed, M. Millsap, Hood Wise, W. G. S. E. Williams, who lives west of Morton, drilled one well last week. After operation satisfactorily, for some hours, Mr. Williams decided to drill a second well. This well will be drilled in four rows of Red Cedar and Chinese will be planted on the north and south boundaries of the permanent pasture, and small grain will be planted over the entire area, utilizing a sprinkler system. This farm recently deep broke with a plow and disc plow.

Daily a meeting was held at the district office to discuss the advantages and disadvantages of windbreak plantings for farmsteads. There were forty-four present at the meeting, including Messrs. and Mrs. Turknott of the A. M. Thompson, County Agent, Mr. Benham, Veterans Administration and Fred Collins, Soil Conservation Service, who lives five miles west of Morton, talked to this about his experience with a windbreak. Mr. Pond recently drilled a farm with a windbreak on the west boundary. He had

A. A. FRALIN, registered pharmacist is manager of the pharmacy at West Plains Hospital and Clinic. The drug room is located at the foot of the stairs on the ground floor of the building.

planned to grub this break in the fall of 1947, but one interference after another prevented his doing so until crop planting time. When the wind and sand started blowing approximately 75 acres next to the break was protected. This 75 acres, Mr. Pond planted only the one time, while the remaining 90 acres were planted twice and a part of it three times. The same story was repeated again this spring.

Co-operators who have placed their orders, with the C-Y-T Soil Conservation District, for trees for farmstead and field windbreaks for fall delivery are as follows: A. L. Hicks, N. H. Steed, W. C. Millsap, W. C. Key, R. E. Gardner, E. C. Wynn, M. D. Sides, Fred

Conservation Plans For Coming Year "Shaping Up", Says P. M. A. Official

Plans and provisions of the 1949 Agricultural Conservation Program are "shaping up", so that farmers of Texas will not be delayed in making their conservation plans for the coming year. According to B. F. Vance, Chairman of the State PMA Committee, the 1949 National Outline, approved by the Secretary of Agriculture has been received. The National Outline is made up of practices recommended by State PMA and County Agriculture Conservation Committees after the advice and assistance of soil and crop specialists of State and Federal Agricultural Agencies.

Elmore, Zeke Sanders, G. Holloway, C. Taylor, H. H. Rosson, L. L. Morin, S. E. Williams, Sam Kelly, W. B. Cox, R. E. Waddell, W. G. Yates, J. T. Porter, E. V. Thompson, M. R. Chandler, Brooks Harwell, Johnnie Hobbs, B. Webb, Johnnie Brooks, C. E. Buchanan, E. C. Nelman, W. B. Cook, R. E. Tisdale, T. M. Tanner, W. P. Huston, Bob Ramp, R. D. Harrington, Mrs. W. J. Dewbre, R. I. Morris and Ken Coffman.

Witches for irrigation purposes were surveyed the past week by the Soil Conservation Service personnel on the following co-operators' farms: H. J. Greener, Bob Ramp, W. B. Cox, E. D. Courtney and H. B. Barker.

State PMA Officials, soil and crop specialists of State and Federal Agricultural Agencies met with County Agricultural Conservation Committees and Administrative Officers in the State PMA office in College Station July 19, 20 and 21 to review the National Outline and to develop the State Agricultural Conservation Program for 1949.

The conservation practices for 1949 have been re-grouped under six major objectives which focus attention on the soil and water problems the practices are to help correct. The first objective is "Practices to Protect Farm Soil from Erosion by Wind and Water." In this group are such practices as the construction of dams, terraces, sod waterways, farming on the contour, strip-cropping and planting trees.

Other practices are grouped under the following objectives: "Developing Cropping Systems to Restore and Maintain Soil Productivity," "Practices to Conserve and Obtain Efficient Use of Irrigation Water," Forestry and drainage practices are the other groups.

In 1949 there will be an increased emphasis on local use of the program to meet specific and "most serious" conservation problems. County committees will be encouraged to "push" practices which are most needed in meeting local problems. In many instances this will mean the introduction of practices which are not well known in the county or community and which need additional assistance to get them started.

Junior Utility Dairy Show At Texas State Fair

Originally developed by State Fair officials and Texas A. and M. College, the Junior Utility Dairy Show has as its primary aim the encouragement of 4-H Club boys and Future Farmers in dairy demonstrations.

Cooperating with the show committee of the Texas Swine Breeders Association, the State Fair has reorganized its Junior Pig Show and Junior Negro Pig Show into one of the most modern classifications for a Barrow Show.

Carroll Plager of Austin, Minn., will judge both shows. E. M. Regentbrecht of College Station is superintendent and L. M. Hargrave of Lubbock is assistant superintendent of the two shows.

The Fair's 1948 Junior Steer Show will be judged by John C. Burns of Fort Worth. A special award in this show will be the John Henry Dean Jr. Memorial Award of \$300 to be given in the Junior Steer Showmanship Contest.

A. L. Smith of College Station is superintendent of the Junior Steer Show.

Wide interest shown by 4-H Club members and Future Farmers point to a successful Junior Sheep Show at the Fair. H. M. Carter of San Angelo is superintendent and Ray Mowry of Lubbock will judge the show.

"In planning the whole program of the Junior Livestock Show, it has been the aim of the State Fair to provide facilities and premium money to encourage 4-H Club members and Future Farmers and Future Homemakers to become, better livestock men and women," Cabell said.

Climax of the Junior Livestock Show will be an auction sale Tuesday, October 12.

VISITING IN GRANGER
 Mr. and Mrs. J. C. Poppelz and Mrs. E. D. Garrett are visiting this week with friends and relatives at Granger and vicinity.

District 4-H Club Encampment August 9-10-11

The annual District 4-H Club Encampment will be held August 9, 10 and 11. The boys who go on this three day encampment will be out only \$5.25 per person for the three days. It takes care of the food, cooks and dishwasher's labor, plates, knives, forks, spoons, and cups, as well as ammunition for 22 rifle range. The camp will be well sponsored and the boys will be divided in groups. A few will be swimming, while the other groups will be playing ball, shooting, playing games, etc. Sponsors and dads are welcome to go on this encampment.

The persons need to take along these items: Sheets, pillow case, towel, soap, and necessary clothing. A truck will leave the court house Morton, Monday morning at 8:30 a. m. for Lubbock, Texas Fair Grounds. All who want to make this trip be on hand at the above place and time, advises County Agent Homer E. Thompson, who will go along with them.

"TO THE PEOPLE OF THE 19th CONGRESSIONAL DISTRICT:

While I had no opponent in the recent election, I want all of you to know of my appreciation for your confidence and support. At all times I welcome your suggestions and advice in regard to national affairs, and I want you to call upon me at any time for any special service which you feel I may be able to render. Thanks to all.

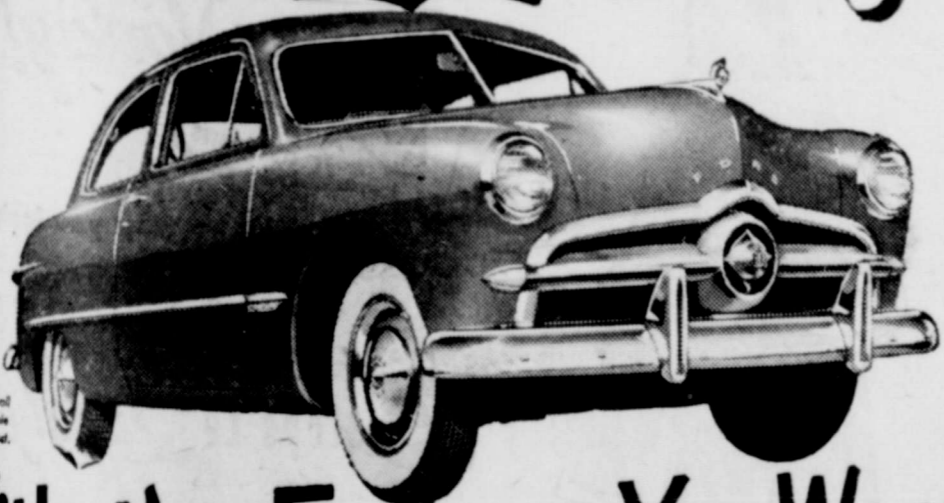

GEORGE MAHON"

Harold Neagle Received Burns From Trash Fire

Harold Neagle, 17, received second degree burns about the head and face Friday afternoon while burning trash.

Harold was disposing of rubbish behind the Morton Electrical Supply and was using gasoline to spread the burning process. Flames leaped to the can as gasoline was poured on the blaze. His shirt caught fire and he suffered second degree burns on his face. His eyes were injured also but Dr. Dove believes the eyes are only seared and eyesight will not be greatly impaired.

Harold was advised not to read or otherwise strain his eyes for several weeks.

TO GONZALES

Judge and Mrs. Glenn W. Thompson and children, Treva Jo and R. E., left early Tuesday for Gonzales, Texas. They expect to return to Morton, Friday.

Cochran County Cotton Improvement Sought By 7-Step Cotton Committee

by Homer E. Thompson

There are 5 active sub-committees working on cotton improvement in Cochran County. The 7-Step Cotton Committee is made up of 24 members representing farmers, business men and ginners who were to inspect the Southwestern Irrigated Cotton Growers Association in El Paso, Texas, July 26. This did not materialize because the board there could not meet with the Cochran County Committee on that date. A meeting is still pending on this matter. This committee is looking into the possibilities of establishing a local cotton yard in this county.

The sub-committee to gather information on the possibilities of a local cotton yard are Roy Hill, McGees Houston and A. T. Taylor.

The sub-committee to investigate the possibilities of organizing a cotton marketing association are A. T. Taylor, B. C. Butler, Vernon Blackley, E. P. Farmer, Bob Ramp, C. G. Shaw, Glenn Thompson, L. M. Baldwin and E.

C. White.

The sub-committee to study methods of improving cotton classing service under Smith-Doxey Classification are E. P. Farmer, Vernon Blackley, B. C. Butler and Homer E. Thompson.

The sub-committee to gather information on warehouse and compress requirements and possibilities for Morton are D. E. Benham, James St. Clair, H. S. Hawkins, and Tom McAllister.

In 1947 Cochran County ginned 34,304 bales of cotton. 29,816 bales were classed under Smith-Doxey. In that a swing of over \$7,400 to Cochran County farmers for free classing was reached. This means a classing service of 25 cents per bale to our farmers.

A few of the things to be done by the cotton classing service committee are: To reduce the number of two sided bales. Over 25 percent of the cotton bales classed from Cochran County last year were 2 sided. This means a variation of one grade to two grades, or \$15.00 to \$30.00 per bale loss to farmers.

To get a local classing office if at all possible.

To secure quicker classing service.

To get humidifying machines established in classing office to give the true staple length of cotton.

To get more classers and clerks for the classing office to take care of the peak load under the biggest cotton crop prospect in South Plains history.

To get a loan established for 1/2 grade variations of cotton. Example, strict low middling spot 15 16 inch staple is worth about \$30.00 a bale more than low middling spot 15 16 inch.

Now low middling light spot 15 16 inch is worth about \$15.00 a bale more than low middling spot 15 16 inch. The loan rate makes no provision for light spot. It must all go as spotted cotton at the lower rate. Who gets the benefit of this light spot cotton. The buyer gets the benefit advises the county agent.

This sub-committee is working on this too says the agent.

The county agent wishes to take this opportunity to advise farm users of 24D weed killer about its danger. Yes, it will kill certain weeds if used at the right time. It will kill cotton too. It will drift if sprayed or dusted. It should not be used within 1/2 to one mile of any cotton. Use then, only if wind is blowing less than a three mile an hour gale. The action of 24D is slow. It may require a month or more depending on temperature and moisture.

Additional important precautions to observe are:

1. Avoid application as a fine spray—Medium spray and medium pressure are most satisfactory and less drifting.
2. Do not spray on a windy day, as it may destroy desirable vegetation.
3. Do not allow excessive amount of spray to fall upon the soil—crops may be damaged through injury to roots.
4. Do not permit spray to fall into irrigation ditches, or into any supply of water used for desirable vegetation.

LEHMAN NEWS

Mrs. F. W. Pond—Reporter

Sunday School was well attended Sunday and we were glad to see all out and welcome them back every Sunday.

Mr. and Mrs. F. L. Fred and family, Mr. John Rhodes and children attended the Russell's county reunion at the McKenzie Park in Lubbock, Sunday.

Miss Wynelle Prather spent the week-end with her parents.

Mr. and Mrs. J. W. Pond and children and Zeke Sanders of Morton were all dinner guests in the home of Mr. and Mrs. Charlie Sanders and family Sunday.

Mr. and Mrs. V. V. Scott were dinner guests in the home of Mr. and Mrs. Paul Liles and family Sunday.

Paulie Joe and Wanda Wylie have come home after a months visit with relatives at Lubbock and Amarillo.

Mr. and Mrs. L. C. Keith visited Saturday at the hospital at Mule. shoe where their daughter-in-law underwent an operation. She was not resting so well Saturday evening.

Mrs. Mary Rushing and daughter, of Lubbock, spent Friday night in the home of her sister, Mrs. Charlie Sanders and family.

Mr. and Mrs. Olon Darland and children visited in the home of Mr. and Mrs. Neut Darland Sunday. Mrs. Darland is still confined to her bed and feeling very well.

Alice Dove, R. N. Supervisor of Nurses at West Plains Hospital. Mrs. Dove was transferring Michael Irwin from the delivery room to the nursery at the time the above picture was made.

Cochran County 4-H Club Boys Buy Calves

Four Cochran County boys have purchased 4-H Club calves according to County Agent Homer Thompson. Byron Gunter, Billy Kinser, Thomas Lynch, Clarence Moore, and Charles Farmer, all members of the 4-H Club in the county purchased between them six Angus calves and three whiteface.

The bumper feed crop in prospect and the good price of calves have convinced the County Agent that more boys should purchase these 4-H Club calves.

Thompson expressed the hope that 25 boys would be feeding calves by October.

Morton Resident Hails Rat Drive As Huge Success

A successful campaign against rats has been waged by several County farmers using Cyanogas and 1080 poison.

County Agent Homer E. Thompson has reported that the demonstrations on twenty-one farms and one town home by Mr. Carl Jacobs of the Rodent Control Office were a success.

L. G. Scoggins, Morton, Texas said, "The demonstration held on my place by you (County agent) was a big success. I had at least 1000 rats. Now I don't think there are any or only a few."

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
Missionary Baptist Church

THE VALUE OF A SOUL

In thinking of this great subject, may we think in terms of that God has to say about it and that we think, either in mind or actions. Mk. 8:34-38 gives us that God thinks about it. Jesus called the people together and told them that, "whosoever will come after me let him deny himself and take up the Cross and follow me." Then he said, "whosoever will save his life shall lose it; but whosoever shall lose his life for my sake and the Gospel's sake shall save it." As we bear in mind that unless our soul is saved it is not worth anything to any one. The value of the soul is to be thought of as it is saved. Jesus said, "what shall it profit a man if he gain the whole world and lose his own soul; or what shall a man give in exchange for his soul?" We may be able to gain the whole world but if we lose our soul we have not the value of anything when we come to face it. The wealth of this world is not in all its pomp and glory for nothing to compare with glory in the wealth of the entire world to cast into Hell than for one soul to have to go there.

Christian friend, may we consider the value of the soul of man in accord with God's word, is such manner that we will do the thing that the Lord ask us to do. It is true that we say that we think of the value of the soul and to some degree we are able to realize it's worth but what are we proving to mankind? My life and yours are proving to the world today just what we think along this line. The life that we live speaks much louder than the words that we say. That man that is in sin is looking at the life that we live but oftimes he never hears the words that we say. Let the things of this world go and settle our hearts and minds on the souls of men.

Come and be with us in our meeting. Services each day from now until the fifteenth of this month. Morning services from 10 to 11 and evening services beginning at eight. Prove to the unsaved of our town that you are interested in the Salvation of their souls. Tell them about Jesus and his power to save and tell them of the value that the soul can be to mankind and to the Lord's cause after it is saved.

Interesting Facts On Agriculture

Try using the tender, green leaves of spinach in a tossed green salad. Spinach leaves have both a good flavor and a crisp freshness.

Sodium fluoride is 90 percent or more effective in killing round worms in pigs. Mix thoroughly one level teaspoonful of this chemical with one pound of dry feed for each pig.

The best quality spatulas are made of stainless steel. The blade should be flexible enough to bend at right angles, but near the handle it should be rigid.

If every member of each family will get rid of one farm hazard, the nation will have 30,000,000 hazards less. What have you done on your farm to prevent accidents and make your farm safer?

Don't throw away the outer leaves on cabbage and lettuce. Wash them well and use them. Remember: "The greener the leaf, the more vitamin A."

Level land, clean ditches and good irrigation structures combine to make better use of water, save labor, and increase crop yield.

Through the use of green manure crops, crop rotation, cover crops and fertilizers, farmers can maintain and increase the fertility of their land.

The longest river in Africa is the Nile, 4,000 miles.

The DOME tells you when jar is sealed! The new Ball DOME (2-piece metal) lid is the easiest to use, surest to seal. Fits any Mason jar. Just press to test — if DOME is down, jar is sealed. You KNOW your foods are safe when you can them in Ball Jars sealed with Ball DOME lids.

Get a supply from your grocer today! Buy your Ball Blue Book of canning methods and recipes from him — or send name, address and 10c to: BALL BROTHERS CO., MUNCIE, INDIANA. Buy Ball Jars!

LEGAL NOTICE

H. J. R. No. 13 HOUSE JOINT RESOLUTION amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severally or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the promulgation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows: "Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and the rights of the wife, in relation as well to her separate property as that held in common with her husband, provided that common with her husband, provided that no pre-existing creditors, may from time to time by written instrument, providing for the severally or into undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recording, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper, with relation to the subject of this Amendment. Should this Amendment be passed and the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of the execution of such instruments and providing for their recording and other reasonable requirements not inconsistent herewith and anticipatory herewith, such Act shall not be invalid by reason of such Act shall not be invalid by reason of its anticipatory character, and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1945, at which election all voters favoring said Amendment shall write or have printed on their ballots the words: "FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severally or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Those opposing said proposed Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severally or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election, and have same published as required by the Constitution for amendments thereto.

Mrs. T. A. Thomas Hostess To Enochs H. D. Club July 29

Mrs. T. A. Thomas was hostess to the Enochs H. D. Club, Thursday afternoon, July 29. Nineteen members and three visitors, Mesdames Roy Turney, Henry Turney and Roy Seagler were present.

Further plans for improvement of the cemetery were discussed and a committee appointed to arrange for a well to be drilled.

Report of five hundred quarts of fruits and vegetables canned during July was made as well as completion of eight garments.

Following the business session a pink and blue shower was presented Mrs. Murna Turney.

The recreation committee introduced several entertaining games at the social hour.

On August 6 a social will be given, in the home of Mrs. Duda Altman, honoring the ladies who took part in the play given recently at the Bula school.

The next regular meeting will be on August 12 with Mrs. L. J. Jones.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Presley Sharp announce the arrival of a baby daughter born July 25th. The child weighed 7 pounds 2 ounces at birth. She has been given the name, Brenda Karen.

Pictured above is Miss Norine Frazier, business manager of West Plains Hospital and Clinic.

Typhus Fever Cases Total 182 For This Year

AUSTIN—Statistical information compiled by the State Health Department shows a total of 182 cases of typhus fever so far this year. During the week between July 17-24, seven new cases were reported, one-half the seven year median of fourteen for the week of July 24.

The disease reaches its peak in the month of August, Dr. Geo. W. Cox, State Health Officer, said.

Over a five year period from 1943 to 1947, typhus fever has been responsible for 273 deaths. The death rate has been reduced from sixty-three in 1943, to thirty in 1948.

"Typhus fever as we know it in Texas is transmitted by the fleas of infected rats," Dr. Geo. W. Cox, State Health Officer, said. "It can be controlled by the simple expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills and fever. A reddish mottling appears on the skin, and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

The greatest outbreak of typhus fever, or Brill's Disease, was in 1941, when there was a total of 773 reported cases.

The Health Officer added that it was a sad commentary on our

Mayland Abbe Celebrated First Birthday August 2

Mayland Lynn Abbe celebrated his first birthday on the actual first anniversary of the opening of the West Plains Hospital and Clinic.

Mayland, the first child born in the hospital, was the cause of an unscheduled August 2 opening last year. The official opening date however was August 7.

The boy is the son of Mr. and Mrs. Mitchell Lee Abbe, Route 1, Morton, and the grandson of Mr. and Mrs. H. B. Abbe, and Mr. and Mrs. Tom G. Brown.

At the time of Mayland's birth, the grandfather, H. B. Abbe, was president of the Board of Directors of the hospital but later resigned because of ill health.

Unprepared to receive the baby, the hospital welcomed a bassinett furnished by the child's father.

Mayland is the only grandchild of Mr. and Mrs. H. B. Abbe and only great grandchild of Mr. and Mrs. J. M. Abbe, pioneer settlers in this community.

Enochs Baptists To Hold Revival August 8 Thru 18

Elvin R. Ingram, pastor of the Enochs Baptist Church has announced that a revival will be held at his church from August 8 to August 18.

H. A. Lee of Magnolia, Texas and Gerald Moore of Corpus Christi will lead the singing. Pastor Ingram has issued a cordial invitation to all to attend.

VISITED IN BIG SPRINGS

Mrs. F. F. Roberts and daughter, Mrs. Bill Markham visited from Wednesday through Sunday in Big Springs in the home of Mrs. Pearl Cobble, sister of Mrs. Roberts.

Mr. and Mrs. A. H. Elkins of Ft. Worth were also visitors in the Cobble home. Mrs. Elkins is another sister of Mrs. Roberts.

position as the most health minded nation on Earth if we allow the disease to flourish when the means for its control and eradication is right at hand.

Thomas W. Floyd Services Held In Singleton Chapel

Funeral services for Thomas Wesley Floyd, 71, of Goodland were held at the Singleton Funeral Home in Morton July 23rd.

Mr. Floyd had been a resident of Goodland for the last 15 years having moved there from Kansas, Oklahoma.

He was born in Benton County Arkansas September 19, 1870. Floyd met Mary Elizabeth Walker and on December 30, 1906 they were married in Kansas, Oklahoma.

In addition to the widow, Floyd is survived by a son, Lester W. Floyd of Goodland, and a daughter, Mrs. Ollie Floyd Edwards of Portales, New Mexico. A brother, J. B. Floyd of Wilcox, Arizona and one grandson are living also.

Floyd was baptized into the Church of Christ in 1920 by Reverend R. Phillips. Rev. Ausmus of Lubbock conducted the funeral services at the Singleton Chapel.

He was interred in the Amherst Cemetery.

Eddie Rickenbacker was an automobile race driver before he distinguished himself in aviation.

Watermelon Feast To Be Held Today At Baptist Church

The Intermediate Department of the First Baptist Church in Morton will hold their second watermelon feast tonight on the church lawn at 8 p. m.

The first feast, held Thursday, July 29, was pronounced a success but the Intermediates hope there will be a larger attendance this week.

Fifteen boys and girls showed up at the feast which started out with the playing of games and soon settled down to the main event, plenty of watermelon for the crowd. After the watermelon was devoured the Intermediates played more games before adjourning.

The Intermediates cordially invite attendance for the feast to-night. Come and bring someone with you.

Plan Your Home... around these Electrical aids to Better Living

Whether you're planning to build or remodel, electric aids to better living are a "must" to today's modern home planners.

You'll want to plan your home around handy, work-saving electrical appliances—cool attic ventilation, an efficient, economical all-electric kitchen.

And all through the house make sure there is Adequate Wiring, and plenty of electric outlets for radios, lighting, fans, vacuum cleaners—all the appliances you will want to live better—electrically.

You'll find it the economical way of living, too—because electric service is cheaper today than ever before.
