NUMBER 29.

INDIANS DEFEATED ANTELOPES FRIDAY 13-12 IN SEASON OPENER

By David Todd
The Morton Indians chalked up a hard-fought victory over the Whiteface Antelopes last Friday night in the first game to be played on the newly-lighted Logan Field at Whiteface. Approximately 2,000 fans shivered under the impact of a light northeast breeze and watched the change hands three times before Morton finally held a 13-12 lead at the final whistle. The Indians hit pay dirt early in the first quarter when Glenn Yeary made a 15 yard circle around right end behind excellent blocking. The ball was advanced to the scoring position by consistent line gains by

Yeary, Evans and Smith. McDaniel kicked the extra point; which later was the deciding point of the game. Midway through the 3rd quarter Power, fullback for the Antelopes, scooped up a fumble on Morton's 40 yard line and raced the needed yardage to score. The pass for extra point failed, leaving Morton with a 1 point lead. Early in the 4th quarter Power took the ball from a spread formation and raced across for the second Antelope touchdown. Again the try for extra point was a pass that failed. With only minutes to play the Indians took to the air. In four plays they advanced from their own 20 yard line to the Antelope 15. McDaniel tossed a 25 yard pass to Winder for the final tally. Morton had 9 first downs, Whiteface 8.

This was the first eleven-man game played by the Whiteface team. Both teams showed a great deal of offensive power. Morton used a tight formation that permitted the Antelopes an occasional end gain but very little yardage on line plunges. Two punts dropped over the Indian safety and Power's two long runs resulted mostly from his ability to outrun his tacklers.

The physical condition of the Indians was excellent, due partly to their hard workouts on their home field and partly to the today training camp practice at Roaring Springs.

ATTENDED CORPUS CHRISTI LEGION CONVENTION
Mr. and Mrs. Albert Morrow, Mrs. Jim Gast, Mrs. Carl England and Mr. Homer Thompson attended the American Legion Convention in Corpus Christi early this week.

RETURN FROM FISHING TRIP
Guy Reid and O. D. Vernon returned Saturday night from a week's fishing trip at Hot Springs, New Mexico. Mr. Vernon brought back two fish, weighing over 60 pounds.

MR. AND MRS. BILL MARKHAM WERE LUBBOCK BUSINESS VISITORS SATURDAY.

First Load County Crown Milo Sold At Lehman Sept. 8

The first load of county grown grain was delivered to market September 8.

The grain was grown on the Coffman farm, south of Lehman. It was purchased by Karl Smith Elevator, Lehman, for \$2.00 per hundred.

The moisture test was 14.40. The yield on Mr. Coffman's early crop like most other early grain in the county, was cut short by weather.

Grain harvest over the entire county is expected to be early this year, due largely to dry weather, and partly to early planting.

Junior Golf Course Announces New Opening Schedule

Charlie's Miniature Golf Course will be open only three nights a week after Saturday night, according to an announcement by Charlie Money, owner. The course has been open regularly, except Sunday, since it began operation several weeks ago. Mr. Money made the change in his schedule to prevent conflict with other weekly programs. Starting next, the miniature golf course will open at 7:30 on Wednesday and Saturday evenings and will be open from 4:00 P. M. until 7:30 P. M. on Sunday. The course will be reopened from 11:00 until 11:00 o'clock on Sunday nights.

TO AUSTIN CONVENTION
Sheriff Hazel Hancock and Deputy Herman Crockett left Tuesday afternoon for Austin for a three-day convention of Texas Sheriffs.

Twenty-Five Members, Five Guests Attend First Meeting Of Lions Club

Wednesday noon, September 8, marked the beginning of a new year for the Lions Club with A. E. Sanders, new club prexy presiding. Twenty five members and five guests were present.

The meeting got underway with R. C. Strickland leading the group in singing. Pledge to the Flag was given in unison and Walter L. Taylor gave the invocation.

Tom McAlister, Morton's Mayor, spoke on the \$100,000 city bond election scheduled for September 18. McAlister stressed the fact that taxes would not be increased if the bond election carried.

He explained that a growing town can not exist on a "cash and carry" basis since it costs from \$500.00 to \$1,500.00 to make water connections to each new house with revenue received from these installations amounting to only about \$3.00 per month.

"In order to keep up with the growing population we need 14,000 feet of six inch water pipe, 32,000 feet of eight inch and 32 new fire plugs," the Mayor said. McAlister explained that it costs

the city between \$125.00 and \$150.00 a month to clean the sand out of water meters, this expense will be eliminated with the addition of a settling tank," he said. The settling tank as well as a 150,000 gallon storage tank is included in the plans for improvement of Morton's water system.

P. B. Ramby spoke to the group on the need to get started on construction of a Boy Scout Hut.

A new committee was appointed by the president to assist the old committee with details of the scout hut movement. Those appointed were: T. K. Williamson, Alvin Wolfenberger and P. B. Ramby.

Announcement was made of the open golf tournament to be held here September 19 through September 30, under sponsorship of the country club.

Guests present were: John Goswick, Levelland, guest of Herman Crockett; W. H. Atkins, guest of L. W. Barrett; John Kennedy, Bledsoe, of Glenn W. Thompson; Jackie Bea Nelson, guest of her father, Jack Nelson, and Mrs. Carl England.

American Legion Officers Installed By District Commander

New officers recently installed in local American Legion Post: Homer E. Thompson, Commander; Jim Gast and O. D. Vernon, vice-commanders; Roy Turney, finance officer and H. D. Wood, Commander of the 19th District, installing officer. Albert Morrow and Zeke Sanders are in background. Arthur Cook, adjutant; Roy Hill, historian and Woody Combs, chaplain, were installed by proxy.

Transportation Schedule Made by Quarterback Club

A meeting of the Quarterback Club was called last Thursday night for the purpose of planning a transportation schedule for the football team detained for practice after the school buses have left. It was decided that three cars would be needed each practice day, Monday, Tuesday and Wednesday. Members of the club are volunteering to take the boys home. M. C. Ledbetter, president, will make an effort to get in touch with each driver on the day he is expected to furnish the transportation.

Both football coaches attended the club meeting and said their team was shaping up fine. Coach Crawford thanked the Club and business men for what they have done in helping the team.

There are about 90 boys coming out for football this season, including grade school, junior and senior high schools. There will be games for every man coming out. They will endeavor to have a five game schedule for the 6th, 7th and 8th grades; a six game schedule for the B team and a regular 9 game schedule for the A team. Five of these games will be played in Morton, the first being Friday night against the Littlefield Wildcats.

The Quarterback Club is planning to have moving pictures of each game made and the film will be shown at the next club meeting. The public and team will be invited to see the movies.

Remains Of Pvt. Ray P. Cox's Body Slated To Arrive In Morton Friday

Remains of the late Pvt. Ray P. Cox, son of Mr. and Mrs. S. T. Cox, will arrive in Lubbock Friday morning, according to information received by Singleton Funeral Home. The body will be accompanied by military escort, from Ft. Worth to Morton.

Military funeral services will be conducted at the Church of Christ at 2:30 P. M. Sunday with Bro. A. D. Forehand officiating. The body will lie in state at Singleton Funeral Home from Friday morning until funeral time. Interment will be in Morton cemetery.

Pvt. Cox was killed in action at St. Lo, France, August 9, 1944. He was a member of the famed 29th Division of the 115th Infantry. This unit was composed largely of specially picked snipers. It is believed that Pvt. Cox was killed by German heavy artillery which completely demolished the town.

Survivors, other than the parents, include: five brothers, U. G. Cox, Odessa; Kenneth Cox, from Missouri; Clois Cox, Morton; S. T., Jr., from California and Dink Cox, Amarillo. Also five sisters, Mrs. Jane Ponder, from Missouri; Mrs. Jewell Sipes, Mrs. Ruth Pope and Mrs. Lucille Lytle, Amarillo, and Mrs. Nadine Spinks, Borger.

JURY COMMISSIONERS MEET HELD TUESDAY WITH BLAIR

Jury Commissioners met with Judge Dan Blair Tuesday to select jurors for the October term of court, which opens October 11.

Pvt. Ray P. Cox

Morton PTA Meet Held Tuesday, 39 Members Attend

The regular meeting of Morton P. T. A. was held Tuesday afternoon in the High School Auditorium, with 39 members present.

The business meeting was presided over by Mrs. Willard Henry, president. Wendell Watson, high school principal, introduced the new high school teachers. Mr. Elmo Smith, grade school principal introduced the new grade school teachers.

Mrs. Gowdy announced that the P. T. A. purchased \$63.19 worth of books for the grade school library last year.

Mrs. Mattie Ramby, program president, introduced Mrs. Kate Hargrove, who gave the devotional.

Mr. Watson gave an interesting talk on "Evaluation of Our Schools." Adjournment followed the social hour.

NEW RATES FOR FT. WORTH STAR TELEGRAM ANNOUNCED

The Tribune has been authorized to announce that both new and renewal subscriptions to the Ft. Worth Star Telegram can now be accepted by this office. Subscription rates are: daily, with Sunday, \$13.95; daily, without Sunday, \$12.60.

The above rates are in effect until December 31, of this year, and are good only on yearly subscriptions.

Tomblin Family Reunion Held Aug. 22

Members of the Tomblin family that were present for the family reunion held at Lake Gibbons August 22. Hugh Tomblin, Adell McFaridge, Will Tomblin, Virgil Tomblin, Jess Tomblin, Morton, Mrs. Lou White, Mrs. Evie McFaridge and Miss Bess Tomblin.

The proposed Water System Extension Bond election Saturday has as its purpose an increased supply of water for the citizens of Morton.

There is no doubt that more water is desperately needed. Homes in the northwest and southeast sections of town barely have an adequate supply of drinking water. The present storage of 50,000 gallons lasts one hour during the summer months. The two pumps presently installed require one and one half hours to produce that amount.

Morton has 16 fire plugs for the 249 blocks of city limits. This figure one fire plug for about 15 1/2 blocks. There is only one fire plug in the southeast part of town, an area extending from the Plains highway to the Levelland Road. There are 126 blocks in the north and northwest part of town served only by three fire plugs.

If the bond election carries, the City proposes to install 32 new fire plugs, put down 12,000 feet of eight inch pipe and 14,000 feet of six inch pipe, provide a 150,000 gallon ground storage tank and a settling tank. The cleaning of meters alone costs over \$100.00 per month. The settling tank will eliminate this expense.

Two additional pumps will be required to raise the water from the ground storage to the overhead pressure tank.

Bonds, in the amount of \$100,000, as proposed, will make these improvements to the present water system and at no addition-

al cost to the tax payers. Bond men agree that as much as \$165,000 in bonds could be raised without increasing taxes. No new water mains will extend beyond the present city limits.

In addition to supplying the citizens of Morton with an adequate amount of water, the proposed improvements would reduce the present fire insurance rate, which has been steadily rising with increasing population. An adequate supply of water is absolutely necessary for the health and protection of every town in the nation.

Two Small Boys Injured When Hit By Truck

Two small boys suffered severe injuries late Monday afternoon when struck by a light truck near Lehman.

Reports indicate that Ed Whitehorn, 6, son of Mr. and Mrs. Elmer Whitehorn and Don Rhodes, 7, son of Mr. and Mrs. J. W. Rhodes and Don's younger brother were playing with a toy wagon on the Lehman-Bledsoe road, just off the Plains highway. The youngsters apparently didn't see the approaching vehicle and moved directly into its path.

The panel truck, owned by Griffith Drilling Company of Ft. Worth under contract to the Phillips Petroleum Company of Houston, struck Ed and Don as it was stopping. One of the boys was removed from beneath the truck and the other was knocked clear by the bumper. The youngest member of the trio was not injured.

The injured boys were rushed to West Plains Hospital, Morton, where their condition was reported as fair Tuesday afternoon by Mrs. Dove, Chief of Nurses. Mrs. Dove said the Whitehorn boy suffered a fractured leg and numerous cuts and bruises about the body. Don received multiple cerebral concussion and cuts and bruises. Their condition is not considered critical.

Saturday Night's Proceeds Go To Football Team

The Quarterback Club has undertaken the responsibility of helping raise the funds necessary for insurance premiums on the High School football team. This is an example of the service rendered by the club; helping in school sports.

Insurance for the full membership of the team will cost \$180.00 for this season. Instead of asking for donations from individuals to meet this need the Club is seeking other means to raise the money.

Charlie Money, owner of Charlie's Junior Golf, volunteered to donate the entire proceeds from Saturday night's games to this cause.

Since Charlie has made a definite step toward helping the football team by placing the golf course at their disposal the public can enjoy an evening's entertainment while doing its part in aiding the team.

Morton Indians To Tangle With Littlefield Friday

The Littlefield Wildcats will be here Friday night to contest the Indians in the first conference game of the season for either team.

The Wildcats took a 24-0 victory over Dalhart last Friday night in their first game of the season. They are credited with having one of the best backs in the area.

The Indian-Antelope clash last Friday night showed that the local squad has a strong line and an aerial attack that pays off.

The Indians are aware they will be up against stiff competition when they meet the Wildcats and are working out their plans accordingly. This should be one of the most thrilling games of the entire season.

SUNDAY GUESTS

Mr. and Mrs. Jack Sandefer and Chipper, Mr. and Mrs. Leroy Flinn and Jack's mother, all of Levelland, were Sunday evening guests in the home of Mr. and Mrs. Bill Harris.

CARL MACON was called to Dallas Tuesday by the death of a brother-in-law.

High School Band, Pep Squad Staged Pre-Game Parade

Morton High School Band and Pep Squad made their first public appearance Friday afternoon when they staged a pre-game parade around the square.

The band led the parade, followed by the fire truck carrying a capacity load of girls comprising the pep squad.

The entertainers were followed by an eleven-car caravan of boosters, business men and other sports enthusiasts. Lettering of "Yea, Indians, Beat Whiteface and Morton Indians" adorned the cars of the boosters.

The band paused on the west side of the square and presented several numbers to interested spectators.

Enochs H. D. Club Meeting Held September 9th.

The Enoch's H. D. Club met Thursday afternoon, Sept. 9 in the home of Mrs. T. J. Jones. The president was in charge of the meeting.

Twelve members and two visitors were present for the meet. The roll call was answered with a memory verse from the Bible. Plans were made to make a quilt for a needy family of the community; plans were also arranged for clothes to be collected for this family.

The well has been drilled at the cemetery and the club hopes to get some shrubbery started soon. The community enjoyed a wiener roast in the home of Mr. and Mrs. M. J. Gipson last Friday night.

All club members are urged to be present at Mrs. Alexander's home Thursday, Sept. 16 to quilt.

The Club welcomes Mrs. Tommy Bryant and Mrs. Roland Gipson as new club members.

Each member is urged to attend the fair in Muleshoe, Sept. 15-16-17.

A delicious plate lunch and cocoa and coffee were served to the group. The next meeting will be held in the home of Mrs. Shortie Alexander, Thursday, Sept. 30.

Five Arrests Over Week-End Made By Sheriff's Dept.

Five arrests over the week-end were reported by the Sheriff's department.

Three individuals were charged with speeding and two were allegedly driving without drivers license.

A car stolen from a local owner was recovered in Rusk, Texas. The suspect has been apprehended and is awaiting trial, according to Deputy Sheriff Herman Crockett.

A Whiteface negro was charged with driving without a license Monday evening. He paid a fine and court costs amounting to \$18.00 Tuesday morning. A Morton negro, charged with check fraud, was arrested Monday. His case is pending.

Keep it on the tip of your tongue— "Lubri-tection!"*

It's the big word that ought to be in every Motorist's car and Vocabulary—
Phillips 66 Premium Motor Oil!

Sure, it takes a special word to describe Phillips 66 Premium—for this is no ordinary kind of motor oil! You get lubrication plus protection with this oil! It's expertly refined from some of the finest crudes—but that isn't all. We then add inhibitors designed to cut down the harmful sludge and engine deposits that so often run up repair bills and cut down power! Yessir, mister—that's a good word to remember for the good of your motor—"Lubri-tection"! Just ask for Phillips 66 Premium Motor Oil next time!

PHILLIPS 66 PREMIUM MOTOR OIL

* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

Plan Your Home... around these Electrical aids to Better Living

Whether you're planning to build or remodel, electric aids to better living are a "must" to today's modern home planners.

You'll want to plan your home around handy, work-saving electrical appliances—cool attic ventilation, an efficient, economical all electric kitchen.

And all through the house make sure there is Adequate Wiring, and plenty of electric outlets for radios, lighting, fans, vacuum cleaners—all the appliances you will want to live better—electrically.

You'll find it the economical way of living, too—because electric service is cheaper today than ever before.

LOOKING AHEAD

WOULD AMERICA COLLAPSE?

Some wag once said that if we should suddenly do away with all advertising in the United States, our civilization would immediately collapse. This statement contains more truth than is at first apparent. There are those who refuse to see the importance of advertising in the economic life of the nation. Moreover, there are those who have singled out this phase of trade and industry for strong criticism.

Civilization today would collapse if it were not bolstered up by American advertising. Today the rest of the world depends upon American production. Yet, too few people recognize that this nation's great productive capacity could not have been built up without advertising. Again, there are too few people who correctly see advertising as the bulwark of American economic freedom. Advertising is the golden key that has unlocked the door to plenty for us all.

Greatest Users

Our world-renowned standards of living were achieved because we found out how to produce in volume: bath-tubs, cars, radios, clothing, food. We learned how to make wise use of the human resources of work and brain-power. We learned to harness

"Water Follies Of 1948" To Appear At Lubbock Fair

The "Water Follies of 1948" are Lubbock-bound for their engagement at the Panhandle South Plains fair Sept. 27 through Oct. 2 after a smashing successful tour of the New England states, fair association officials were advised this week.

The Follies' last New England engagement was in Worcester, Mass., before starting in the general direction of the Southwest.

It is something of a tribute to the South Plains, Lubbock and the fair that this will be one of the smallest cities in which the gigantic Follies production will be presented on a coast-to-coast, Great Lakes-to-Gulf itinerary. To secure it, the Fair association had to underwrite the largest guarantee of any production ever presented at a Panhandle South Plains fair.

Newspaper reviews of the performances have been on the "rave" order. Typical was the Worcester Daily Telegram's account. It enthused over the grace and beauty of the water ballet of 16 "aquabelles," stressed the variety provided by big time vaudeville acts and praised the exhibitions of champion swimmers and divers. But it was particularly enthusiastic because of the comedy which delighted the spectators.

The Follies will be presented each night except Wednesday, during the fair, and on Tuesday, Thursday, Friday and Saturday afternoons. Some of the center seats will be numbered and reserved. Mail reservations for these now are being accepted. They should be addressed to the Panhandle South Plains Fair association, Lubbock. Reserved seats at \$1.80. General admission seats, which are excellent, are \$1.25.

water-power, steam, oil, gas, and all the others. We created machinery to do most of our hard work. We learned the value of tools. In brief, we have made our factories hum.

But is that all? By no means. The Socialist schemers have failed to evaluate their old slogan, "production for use," in the light of America's vast economy. Not only did we learn to produce, we have learned to use. Americans are the world's greatest producers, and also the world's greatest users. Only 7 per cent of the world's population, we own 70 per cent of the world's automobiles, 37 per cent of the railroads, 50 per cent of the telephones.

Better Prices, Quality

There's more to it than just production. Ask any manufacturer, and he'll tell you that the heart of his outfit is his sales force. The fellows who sell and distribute goods represent the other half of our great mass production system. Your high production is fine, but it would do no good unless the goods are placed in the hands of consumers. Continued high output lowers the price. Get the picture?

Selling and distribution simply could not do the job without advertising. Advertising not only sells goods, it always helps measurable to lower prices and to increase quality. When electric refrigerators were first sold only a few thousand were made, and it took \$600 or more to buy one. But during fifteen years of advertising millions were sold, the price came down to a fourth of the original price, and the quality was improved greatly.

Wake Up To Facts

Socialists and Communists have had some success in attacking this part of American economic life. A few years ago a survey of 5,000 consumers found that 72 per cent of those interviewed believed advertising increased costs to the consumer. Among high school teachers, this figure reached 82 per cent. Another survey, answered by 3,174 students in 33 colleges, revealed that 12 per cent considered advertising an economic waste. It is high time we woke up to the economic facts-of-life! Good and wise advertising is a vital part of free competitive enterprise. Naturally, advertising would be unnecessary in a dictatorship. The dictator could simply tell the people what to eat, wear, and enjoy. He would also tell them what they could not have. Under a system that permits no advertising, we would have two choices: a lower standard of living or a dictatorship.

BOYCE HOUSE Gives You Texas

More memories of a columnist's sojourn in California for a few months, nine years ago!

Of amusements, there is no dearth in Hollywood—(isn't that sentence a dilly, by the way?) At least, there was plenty to see when I was out there—a Pacific Conference football game every Saturday afternoon, two athletic clubs, each of which presented one card of boxing and another of wrestling each week, and two theaters that showed a combination of top-notch motion pictures and flesh-and-blood performers. Think of seeing a feature picture and also seeing, in person, Frances Langford, Kenny Baker and Ken Murray, all for only 50 cents!

They were always introducing notables at the ringside at the fights—such as Rochester, who was managing a heavyweight, and the old-time Olympic champion, the Indian, Jim Thorpe.

Then there were big road shows, such as "The Man Who Came to Dinner." The principal character was supposed to have been based on Alex Woolcott and the famous critic and writer played the role himself. But the night I went, he was sick and they had to make a substitution. Some of the people didn't stay but got their money back at the box office. I remained however and the substitute was wonderful. He made a better Woolcott than Woolcott did. I didn't know until I read the paper next morning who I had seen. He was Kaufman, the man who wrote the show.

Life has embarrassing moments. Here is one of many I've encountered:

Back in the early 1920's, a reunion of Texas Rangers was held in Ranger. They were men who had served on the frontier, 10 years after the Civil War I was the rather young editor of the Times and I invited half a dozen of them to go into the drug store and have something to drink. After the sodas had been served, I handed the young lady attendant a dollar bill but she pushed it back with the remark, as she looked right at me:

"We're not charging you old Confederates anything."

The average American consumes 187.4 quarts of milk in a year.

HORSE-MULE POPULATION

The horse and mule population on American farms has steadily declined since 1935, while the number of tractors has increased just as steadily during the same period. More than three million tractors now in use on the nation's farms represent a 186 per cent increase since 1935. This is just another factor in the ever-increasing use of oil products to produce more food.

Paul Bunyan is the legendary hero of lumberjacks.

EARLY TRAVELERS TO ASIA

When early travelers to Asia first viewed cotton growing in the fields, they carried home to Europe fanciful tales of tiny lambs which grew on trees. The fluffy white fiber was thought to be "tree wool", and cotton plants were called "vegetable lambs."

Landon Deep Test In Cochran Proves To Make Commercial Oil Producer

Stanolind Oil and Gas Company No. 2 Bertie T. Brown, Landon deep test in south-central Cochran county, has proved that it will make a commercial producer.

According to reports it flowed for 15 minutes at an estimated rate of 30 barrels of oil per hour, on a drillstem test in the top pay area of 10,371-430 feet.

The open hole test was for one hour. The 1,117 foot water blanket started flowing at the surface in 29 minutes. Oil came to the top of the drill pipe in 44 minutes and flowed for 15 minutes before the tester was closed. No water was developed with the oil.

Based on the geological structure of another deep test it is estimated there is at least 60 feet more of the pay section and plans are to drill the remainder of the zone and complete.

This well is about one third of a mile from the lone producer in the Landon Deep field. It is 2,655 feet from north and 660 feet from east lines of section 4, block L, ps1 survey.

In southwest Cochran county, C. U. Bay No. 1 Walter Houston, 440 feet from north and west lines of unit 20, F. O. sub-division No. 2, league 131, Carson county school land survey has been completed for a 24-hour potential test of 57.27 barrels of 27.6 gravity oil, with no water, and a gas-oil ratio of 2845-1.

The test was in the 4,957-5,004 feet zone which was treated with 8,000 gallons of acid. This well is a one location step-out from the recently field opener, C. U. Bay No. 1 Ralph Gardner.

In the southeast part of the county, Honolulu No. 11-B Dean, 660 feet from north and west lines of the west 441.75 acres in the east three quarters of league 89, Libscomb County land survey, was waiting to take a potential test. This project had drilled to 5,120 feet and plugged back to 5,105 feet. It has showed signs of commercial production on a small scale.

It is 18 miles west of Sundown and two miles west of the nearest producer in the southwest side of the Slaughter field.

2 Cases Smallpox, 588 Of Diphtheria Revealed In Texas

AUSTIN—An interesting sidelight on public health in Texas was revealed in the morbidity report of the Texas State Department of Health for the week ending August 28th, which showed a total of 2 cases of smallpox for this year, while in the same period there were 588 cases of diphtheria.

Commenting on these comparative figures, Dr. Geo. W. Cox, State Health Officer stated that diphtheria is as readily controlled by immunization as is smallpox, but that apparently the public has failed to recognize this fact, or to act upon it.

"Smallpox, which is highly contagious, is no longer considered a major health problem in Texas," Dr. Cox said, "and this is due to widespread vaccination against the disease. Diphtheria, equally contagious, can also be reduced to the point where a single case is a rarity, but only when parents awake to the fact that every child should be immunized in infancy. The baby's doctor will recommend when this should be done, and if all children were given this protection, there would be none susceptible to contract this killing disease."

Ordinarily the immunity provided by diphtheria toxoid lasts a child until he is of school age, however a Schick test should be given before the child enters school. If needed, an additional shot of toxoid should be administered.

"When all children are routinely immunized against this dreaded disease, it can be virtually eliminated as the health hazard that it now is, to the boys and girls of Texas," Dr. Cox declared.

VISITED HERE WITH COUSIN

Mrs. Cunningham Hostess Wed. To Homemakers Club

The Homemakers Club met Wednesday afternoon in the home of Mrs. Woodrow Cunningham, with ten members present.

"The average farm family spends 4 percent of its income on clothing," Miss Manley said. She also gave some very helpful suggestions on how to spend the clothing money.

Refreshments were served to Miss Mabel Ann Manley, Mrs. Rex Faulkner, Mrs. E. C. Norman, Mrs. O. D. Chesshir, Mrs. Ralph DeBord, Mrs. B. B. Harwell, Mrs. Ted Bryant, Mrs. D. A. Ramsey, Mrs. Francis Cunningham, Mrs. Johnnie Brooks, one visitor, Mrs. G. C. Freeland and the hostess.

Club meets next with Mrs. Rex Faulkner, September 22. In order to have time for yeast bread demonstrations club will meet at 12:30.

Texas is the only state of the Union that may divide itself into five separate states.

Whitharral Wins Over Morton 'B' Team 48-0, Thurs.

The Whitharral High School Panthers went on a scoring rampage Thursday afternoon on their home gridiron and put their football machine in "high gear" as they rolled over the Morton "B" team by a lopsided score of 48 to 0. Joe Wade, Sonny McDaniels and Calvin Bryant led the way as the Cats triumphed.

Whitharral, a member of conference 3-B, took a lead early in the opening minutes of the game and had an easy time the entire afternoon.

Wade was leader in the touch-down parade, reeling four touchdowns, while Bryant and McDaniels each stepped over the double-stripe twice.

'Growing favorite of more and more Texas families'

ONLY THE GAS REFRIGERATOR Gives you a Ten-Year Guarantee...

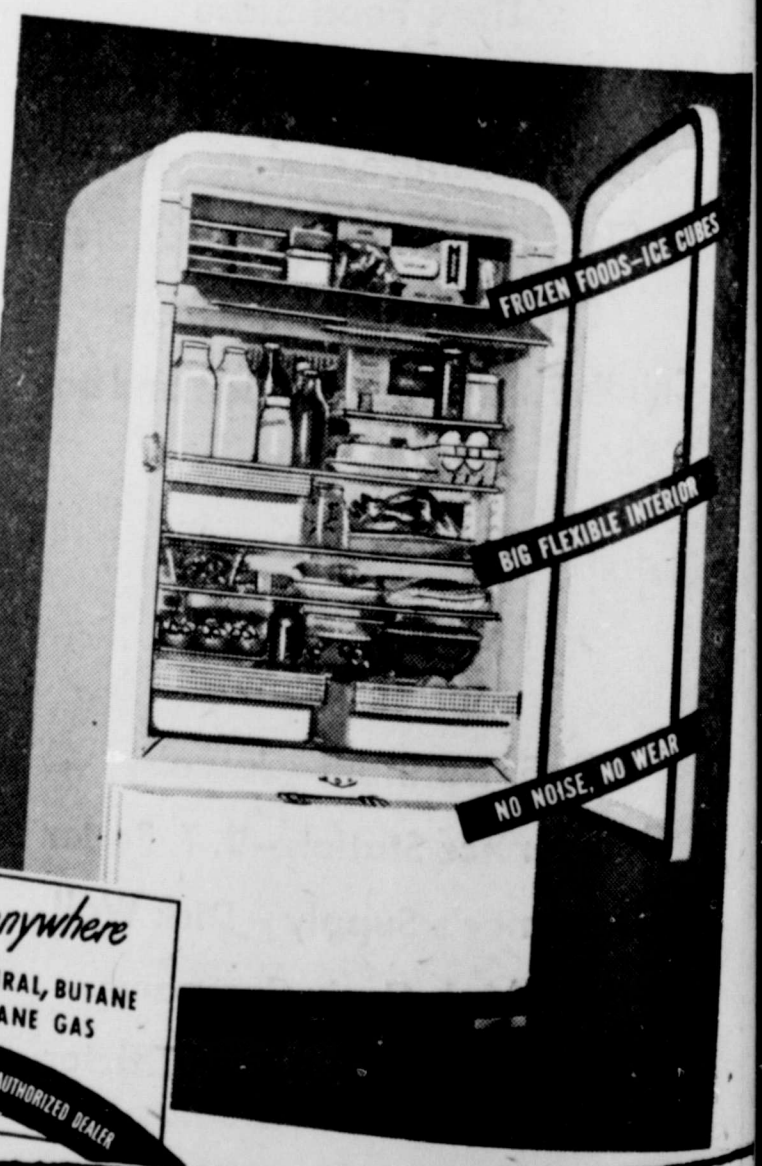

STAYS SILENT LASTS LONGER

No wonder Texas families say, "It's the Gas Refrigerator for us!" For people everywhere silent, lasts longer!

That's because only Servel has no moving parts in its freezing system. No motor or machinery. So there's nothing to wear or get noisy. A tiny flame of natural, butane or propane gas does the work. And Servel alone is guaranteed for ten years of silent, trouble-free performance. And actually, many of the more than 2,000,000 families who enjoy Gas Refrigerators today have had theirs 18 and 20 years!

But it's not only permanent silence and longer life that are swinging Texas families to the Gas Refrigerator. The new models—with convenience for keeping fresh and frozen foods—are beauties. Come choose your new Servel today. First come, first served.

Weekly Cotton Market Review

Southwest markets were fairly active during the week. Prices were slightly higher in the Dallas market but remained about the same in the Houston-Galveston markets. Export demand was fair but relatively few sales were made, according to reports. Domestic mill demand was slow. Weather prevailed and a slight to heavy rains fell in most sections of Texas. Harvesting has been curtailed due to rains. Additional moisture will benefit the cotton and check premature picking in hot dry sections. Texas cotton ginned through August 31 averaged higher in grade and slightly shorter in staple compared with ginnings of the corresponding date last season. Ginnings during the last half of August were about unchanged in grade and about 1/8" shorter in staple than during the first half of the month. Total ginnings in Texas through August 31 amounted to 822,775 bales compared with 494,449 bales last season, according to the Bureau of the Census.

Part-Time Nurse On Duty At Whiteface School

Mrs. Fred Collins will be a part time nurse in the Whiteface school this season and will be at the school each morning on Mondays, Wednesdays and Fridays. Mrs. Collins is employed by the Cochran county commissioners court and serves all schools of Cochran county.

The Whiteface school has purchased a hospital cot and a complete first aid kit and will be able to give first aid to any accident that might occur at the school.

The Dallas price for Middling 15/16" on Thursday was 30.95 cents compared with 30.65 cents last week and 31.05 on the same date last year. The Houston and Galveston prices of 30.85 cents and 30.90 cents were about unchanged from last week. The basis in the Dallas market strengthened during the week.

Reported sales in the Dallas market for the week ending Thursday amounted to 19,825 bales compared with 35,429 bales last week. Sales in the Dallas market for the corresponding week last year amounted to 26,899 bales. Sales in the Houston-Galveston markets were 16,175 bales which is about unchanged from the reported sales last week.

According to reports most of current ginnings are being processed for the loan. Farmers are not offering unless the price is considerably above the loan value. In some sections warehouse facilities are not available for loan storage and farmers are selling a portion of their ginnings and holding the remaining in an effort to get better prices.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
Missionary Baptist Church

RECEIVING CHRIST

In considering this thought may we bear in mind that Jesus is in the country of Gararea. Here he found that old Maniac out of whom he cast a legion of devils. The people came together and saw what the Lord had done and they drove him out of their land. Jesus set sail again for the other side from whence he came. Luke 8:40 tells us that the people there received him gladly. I wonder why? Was it because they did not yet believe in him and wanted to hear him again concerning his doctrine? No, Brother, it was because they had already come to know him in the free pardon and forgiveness of their sins. They were convinced that he was the Son of God and that he would bring peace to their land and to the individual heart.

Have you as an individual stopped to consider just why the Lord is not in your heart if he is not there? There are so many today that are in sin and do not have the Lord in their hearts that the world is in one of the biggest straits inwardly that we have ever known. It is true that the shooting stopped some time back but the war is not over. Thousands of boys are leaving home today, headed for training. Mothers and Dads are in possession of sad countenances, and unless things change soon the shooting will start again. Is this being brought about because the people love the Lord and receive him gladly? No, it is because people do not love the Lord and will not receive him at all. The Lord is not in an individual where sin gushes forth like a volcano. It is true that he will come where sin is, if only we will give him control. But brother, you can not mother sin and receive the Lord at the same time. If you and I are not willing to turn our back upon sin the Lord will not dwell there, and if we do turn to the Lord sin will vanish.

National Livestock Officials To Judge At Texas State Fair

Four national livestock officials recognized as authorities in their particular field of animal husbandry will judge the 1948 Junior Livestock Show of the State Fair of Texas, Oct. 9-12. W. L. Stangel, general superintendent of the Fair's livestock department, has announced.

John C. Burns of Fort Worth will judge the Junior Steer Show, October 9.

Making his first trip to Texas as a livestock judge, Carroll Plager of Austin, Minnesota, has been named to judge the Junior Pig Show and the Junior Negro Pig Show, Oct. 9. Plager is a top official of the National Barrow Show which will be held in Austin, Minnesota, in September.

J. W. Ridgway of San Antonio will be the official judge of the Fair's Junior Dairy Show and Junior Utility Dairy Show Oct. 11. Judging the Junior Sheep Show, Oct. 11, will be Ray Mowry of Lubbock.

Premiums in these shows total \$10,168.

From where I sit... by Joe Marsh

"Farming" Versus "Ranching"

Talked to some editors who run a column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's a real difference between cattleman and farmers. We make our living from the land like your folks do, we have the same 4-H Clubs and Granges; the same problems of prices and marketing.

"When it comes to recreation, we have the same liking to get together now and then for a barbecue and a friendly glass of beer."

And from where I sit, that about sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

Joe Marsh

MINNIES' SHOP
"More merchandise for less money"

-- annigrams -- — by ann england —

Corpus Christi here we are! At least a million typewriters and so far we haven't seen a single person—in case any one is curious after reading this far we are visiting in the Corpus Christi Caller-Times office but they don't know it. Have finally realized ambition to work in daily paper office.

After all just because we felt we were getting in a rut and needed to get away for awhile is no sign that we had any intention of neglecting ae.

The trip from Morton to Corpus Christi was uneventful with the exception of running out of gas which we did 4 miles from Karnes City at 3 o'clock in the morning—that is always embarrassing, especially to the person responsible for the car and occupants.

However Albert managed very nicely to get us out of the jam without too much delay and we arrived in Corpus at 8 a. m. hungry and weary.

The people of Corpus Christi went all out to make the visiting American Legion members and Auxiliary happy. Of course there has been a certain amount of confusion in housing accommodations but that generally happens even in cities with much larger population and more hotel facilities.

We shared a room with three other gals. Evelyn Gast, Zella Mae Morrow and Elizabeth Elliot of Colorado City, and with three women their accompanying paraphernalia you can well imagine the confusion. There are shoes and lipstick scattered all over the place to say nothing of the other items of wearing apparel.

We only had thirty minutes to get ready for the trip and after loading bag and baggage we began to wonder if we brought along at least one complete costume and accessories—we did—but brought one pink garter and one blue—after all it is of no importance because the gals don't care and no one else will ever know the difference.

We have seen any number of people from West Texas and the Plains; ran into J. R. Eagan, Lubbock Legion's new commander but he and Homer E. Thompson, Morton's new commander, have been so busy attending sessions etc that we have hardly had a chance to even say "hello". Both of those young men seem very appreciative of the honor

bestowed upon them and apparently are quite serious about their new obligations and they are learning all they can about workings of the Legion.

That genial gentleman from Lubbock, Mr. Robert W. Sisson, VA regional manager was easily the most popular man among a host of outstanding Legionnaires at this convention. He is loved by all who know him—and most everyone seems to know him—for his devoted service to the Legion and war veterans throughout the years. His charm and personal magnetism makes friends for R W S and the VA wherever he goes.

On Sunday Corpus was beautiful with a clear sunny day—Saturday was something else again as it was murky and rainy all day.

Saw Raymond Grindstaff, formerly of Morton, now living in Ft. Worth, in the hotel lobby Sunday morning—we were not very flattered—he didn't remember us.

Saturday noon while dining the waitress asked if we didn't eat bread because we were watching our figure—and for once in our life we felt awfully proud of our answer—which was, "Why should we watch our figure, every one else does that?"

Mrs. Morrow won quite a bit of recognition at the 8 and 40 (what ever that is) luncheon by telling of her most embarrassing moment. We have been threatened if we repeat it via ae, so will have to let that one pass.

We too are learning a lot about the Auxiliary that we should have learned a good many years ago.

Hope our men folks at the office didn't miss us too much; As capable as all of them are we are sure everything went off beautifully. The spouse probably found out that we are either indispensable or vice-versa. We almost hope he missed us a lot.

It was fun and we do think getting away from the regular routine has cleared the cobwebs from our foggy brain. We were almost to the unfunctioning stage and recommend to all and sundry a change of scenery occasionally.

Not only is it good for us but gives the folks at home a rest—especially those who live and work with us.

Booklovers Club Meeting Held In A. H. Essary Home

Booklovers Club met September 9 in the home of Mrs. Andrew H. Essary with officers, Mesdames E. L. Willis, Wendell Watson and Andrew H. Essary, acting as hostesses.

An enjoyable Mexican dinner was served after which business matters were discussed by the club.

Members present were: Mesdames J. T. Porter, Ermon A. Miller, Robert E. Waddell, Joe Gipson, Hume Russell, J. A. Love, D. E. Benham, A. E. Garrett, J. A. Gowdy, M. C. Ledbetter and Misses Marie Baldwin, Mabel Ann Manley, Lanora Jackson and the hostesses.

VISITED IN NESBITT HOME

Mr. and Mrs. Glenn Miller and family of Roosevelt, Oklahoma, visited last week with the G. G. Nesbitt family.

BUSINESS VISITORS

Mr. and Mrs. W. L. Weatherly and Mr. and Mrs. Alvin Wolfenberger were business visitors in Imperial, Texas, last week-end.

WEEK-END IN LUBBOCK

Mrs. Homer Thompson and son Bill Ed spent the week-end with relatives in Lubbock.

Kitchen Comment

A Missouri housewife recommends this method for pressing velvet or corduroy garments: Place a bath towel under the part to be steamed. Dampen slightly and press on the wrong side with an iron. Then the nap will have a fresh, steam-cleaned look.

A North Carolina homemaker says cotton scatter rugs will not slip when an old jar rubber is fastened underneath each corner.

An expert waffle maker recommends this recipe for making syrup: for a wonderful, rich topping add two tablespoons of margarine to one cup of extra sweet corn syrup. Heat until the margarine is completely melted and serve piping hot for a delicious waffle treat.

Here's a tip on how to remove lipstick stains from your cotton pillowcases. First try hot, sudsy water. If the stain resists, work a colorless grease, such as lard into the stain. Bunch up the material and dip into tetrachloride or sponge with the solvent. If a trace of color remains, sponge with diluted denatured alcohol.

We have seen very few people brilliant enough or with good enough memories to make really successful liars.

"One Person Tells Another"

We Believe the BIBLE

In this Book God has spoken—fully, finally. It is His complete revelation . . . summed up in the person of His Son.

On these pages is found the path to God through Christ. The way to live now. And reassuring intimations of a better future life for the believer.

In the search for peace through generations . . . man has turned to the Bible. For the things men live by are found in this book that is the Word of God.

Always, in its pages . . . men have found help for their deepest needs. Comfort for their shattered spirits. Light for their darkest hour.

Now, a bruised world needs this book for its lessons of mercy, humanity, tolerance, charity. For a restoration of the spirit torn with grief.

And here in its pages to seek the flame that lifts men's souls. The courage to face tomorrow. The faith that brings God's peace to the hearts of men.

MAPLE NEWS

Mr. and Mrs. M. W. Holloway from Lubbock have been visiting with their son and family T. W. Holloway this week.

Mrs. Hancock of Lubbock is the primary teacher of Three Way school.

Mr. and Mrs. Raymond Fleming from Las Angeles, Calif., have been visiting E. B. Fleming.

Mr. and Mrs. H. W. Garvin visited their daughter at Lubbock, Sunday afternoon.

Part of the Maple community received a good rain and the south part only a shower.

Miss Laqueta Kelly and Mr. Jimmie Emerson of Maple were married at Morton, Sept. 8. Bro. Harris performed the ceremony. The couple left for South Texas on a honeymoon.

Mr. and Mrs. G. A. Davis have completed their new farm home and have moved in.

Kenneth Carbell and Verna Joe

Road Construction Worker Injured By Car Tuesday

Eugene Gipson, 31, was slightly injured late Tuesday afternoon when he was struck by a car driven by G. W. Smith.

Mr. Gipson, whose home is Turkey, Texas, was working on the new farm-to-market road and the accident occurred at the intersection of the new road and the Levelland highway, near Whiteface.

Mr. Gipson received treatment at West Plains Hospital, Morton. His injuries were slight.

MR. and MRS. C. B. MARKHAM were business visitors in Lubbock Tuesday.

Carbell were Lubbock visitors Sunday.

There will be a bridal shower for Mr. and Mrs. Jimmie Emerson at Mrs. M. B. Toombs Sept. 17. Every one is invited.

4-H Club Gold Star Regulations And Rules Announced

A Gold Star Pin will be awarded by the Texas A. and M. College Extension Service to the outstanding 4-H Club girl in each county. Only one award will be made to a county each year.

The requirements for the winning girl are:

1. She must be 14 years old before the first of June, 1949.
2. She must have completed three years of 4-H Club work.
3. She must have a good established demonstration.
4. She must exhibit leadership along with achievement.
5. She must be planning to continue her 4-H Club work.
6. A girl may receive this award only one time.

Each girl selected as a candidate for the Gold Star Award will be interviewed by the 4-H Gold Star Committee which will be made up of the Chairman of the Education Committee of the County Home Demonstration Council and two 4-H Club girls who have received the Gold Star award and are still carrying on an active 4-H Club demonstration. In addition to the Gold Star pin the Cochran County girl winning will be awarded an all expense trip to the State 4-H Club Round-Up held each August at Texas A. and M. College.

The Junior Award group will be made up of those girls whose ages range from 10 to 13 years. The rules for the winning girl in this group are as follows:

1. The girl must not have passed her 13 birthday by June, 1949.
2. She must have completed at least 1 year of 4-H Club work.
3. She must be carrying a well established demonstration.
4. She must be planning to continue her 4-H Club work.
5. After winning the junior award she is eligible to participate in the Gold Star Contest when she reaches the proper age.

This award is strictly on a county basis. The pin will be a plain 4-H Emblem in either silver or bronze. The winner will be a county delegate to any district meetings that do not have an age limitation. The junior group will be judged by the same committee that judges the Gold Star Group.

Girls wishing to compete in either of these contests should notify the county home demonstration agent immediately and ask for proper forms to fill out.

Records should be in the agent's office by Saturday, Sept. 25, 1948.

TCU To Award Honorary Degrees On September 20

For the first time in its 75 year history, Texas Christian University will present an honorary degree "in absentia" Sept. 20 at its 75th Anniversary Convocation. President M. E. Sadler announced today. A Doctor of Laws degree, it will be conferred upon Henry Cohen, rabbi of Temple B'nai Israel, Galveston.

A special vote of the University's board of trustees made it possible for Rabbi Cohen to become the first person ever to receive an honorary degree "in absentia" from TCU.

At 85 years of age, Rabbi Cohen is unable to travel beyond the Galveston area. Still active and the sole spiritual leader of his congregation, Rabbi Cohen recently celebrated his 60th anniversary with his congregation.

Honorary LL. D. degrees will also be presented to Dr. Charles H. Harris, eminent Fort Worth physician and founder of the Harris Memorial Hospital and of TCU's Harris College of Nursing; and Oron E. Scott, St. Louis real estate executive and leading layman of the Disciples of Christ.

Feature of TCU's Diamond Jubilee Convocation will be a salute to all Texas business and industrial firms which helped pioneer Texas in TCU's own early days, including all of those 75 years old or older.

Principal speaker at the Convocation will be Dr. Henry G. Harmon, president of Drake University, Des Moines, Ia., TCU's sister Christian Church school.

FROM WICHITA FALLS

Mr. and Mrs. Olen Barnes and family of Wichita Falls visited friends and relatives in Morton last week. Mrs. Barnes is a daughter of Mr. and Mrs. H. A. Barnes and a sister of Mrs. Mike Dawdy and Mrs. T. M. Tanner.

VISITED WITH WILLIAMSONS

Mr. and Mrs. Doug Williamson of Kirkland visited here recently with his brother, Mr. W. W. Williamson and Mrs. Williamson.

Effort Being Made To Reduce Texas' Child Accidents

AUSTIN—A state-wide effort to reduce Texas' child accident toll of about 900 lives yearly through participation in the national child safety campaign in September was set forth by Dr. Geo. W. Cox, State Health Officer, as an immediate public health objective calling for concerted cooperation by all public health and medical authorities and interested civic organizations within the state.

"The needless loss of a single life, or the crippling of even one child, is an exorbitant price to pay for any neglect of this problem," said Dr. Cox. The importance of such a campaign is evidenced by the fact that accidents are now the leading cause of death among children more than one year old. Among children 5 to 9 years old, the death rate from accidents was 25.7 per 100,000, as compared with a rate of 4.6 for rheumatic fever and organic heart disease, the next cause; and among children from 9 to 14, the accident death rate was 20.8 and that for rheumatic fever and organic disease 7.2.

The outstanding improvement in the death rates from all non-accident causes during recent years is the result of the advance in medical science and concentrated efforts in the field of child health. The premise of the child safety campaign is that efforts now must be intensified to bring about a somewhat comparable reduction in the number of child accidents.

Don't Overlook Home Food Preservation

Looking for ways to be thrifty with food money? Don't overlook home food preservation, say food economists of the U. S. Department of Agriculture.

More than 20 million families put up some of their own food supply every year, and along with returns in varied and nourishing meals, advantages of economy are often cited.

Food supplies and prices: The winter food outlook is for supply of most foods no larger than last winter and continued high prices. If it was economical for a particular family to can or freeze food last year, it would definitely be so now.

The food for preserving: It is almost always thrifty to put up a home grown garden surplus or home-raised meat or poultry. Whether it is thrifty for a city family to purchase food to can or freeze depends on local prices. Late quality is worth home preservation, so food in poor condition is never a bargain for this purpose.

Equipment: In figuring the economies of canning or freezing food, equipment on hand is a considerable asset. If the equipment must be bought, and thrift is the object, the family should be sure that the equipment will be given plenty of use to get returns.

For canning tomatoes and fruits, a boiling water bath canner is called for. It is relatively inexpensive to buy, or can be improvised from a large, deep bucket or other metal container with good lid. For canning all vegetables except tomatoes, a pressure canner is needed. Small batches of vegetables may be canned in a pressure saucepan, provided it is tall enough to hold pint jars on a rack with the saucepan cover locked in place, and provided the gage allows pressure to be controlled accurately at 10 lbs. To sterilize vegetables for safe keeping, processing times at 10 lbs. pressure must be 20 minutes longer in the pressure saucepan than the time recommended for a pressure canner.

Lubbock Fair To Offer Most - Best Rides Than In Past

The most and the best rides ever provided by any carnival which has played the Southwest will be offered by the Great Forsythe and Dowis Shows on the midway of the Panhandle South Plains fair in Lubbock Sept. 27 through Oct. 2.

This assurance was received by fair association officials this week from the show management.

There'll be about 30 rides of various kinds, with a large proportion being of the kiddie type. All the equipment is new, much of it purchased this year. Some of the rides will be presented for the first time in the Southwest at the Lubbock fair.

On Children's Days—Thursday and Friday, Sept. 30 and Oct. 1—special half prices will be in effect. Kid rides will be a nickel. The merry-go-round will be 6 cents, the ferris wheel 12 cents, with nothing over 18 cents.

Fair association officials announced that 100,000 Children's Days tickets have been printed, the largest number in the history of the fair. Children using them will be required to pay only the 5 cent federal tax to gain admission to the grounds.

Opening Program Whiteface School Well Attended

H. P. Clemons, superintendent of the Whiteface schools, said that the opening exercises of their school was well attended. The large school auditorium was filled to overflowing with students following their enrollment a short time before.

About 200 parents of the school district were present for the exercises, the highlight being an address by Hon. George Mahon, United States Congressman from this district, who brought an interesting and educational message to those assembled.

VISITED IN ESTELLINE

Mrs. Bill Williamson spent a few days with her mother, Mrs. S. B. Admire of Estelline, Texas.

MRS. H. A. BARNES HONORED WITH BIRTHDAY DINNER

Mr. and Mrs. Olen Barnes and children of Wichita Falls, Mr. and Mrs. Mike Dawdy and children and Mr. and Mrs. H. A. Barnes and Mrs. T. M. Tanner Tuesday, Sept. 7. The event was in honor of Mrs. H. A. Barnes' birthday.

UNCLE SAM'S SELECTIVE SERVICE

1. Q—Will there be a lottery—or national drawing—as there was in 1940—to determine who will be classified and inducted into service first?
 A—No.
 2. Q—If there is to be no national drawing, just in what order will the registrants be considered for classification and induction?
 A—The oldest men—that is, those in the 25-year-old age group—will be considered first.
 3. Q—Will each local registrant receive a definite number that will identify him?
 A—Yes. It will be an identification number which will identify him as to state, local board, year of his birth, and his numerical position with respect to other registrants of his local board having the same year of birth, generally according to the sequence of their dates of birth.
 4. Q—After the initial registration period is over (the period from August 30 through September 18, both dates inclusive), will men who become 18 after that have to register?
 A—Yes. They will have to register continually as they become 18 within five days after the 18th anniversary of their births.
 5. Q—Where will these men register after the initial registration period?
 A—They will register at places designated by their local boards.
 6. Q—Will ignorance of the law be accepted as an excuse for failure to register?
 A—No. Ignorance of the law excuses no one. The Selective Service Act specifically provides that everyone will be deemed advised when the President proclaims dates for registration. This he did on July 20.
 7. Q—Will single men be considered first for classification and induction into the armed forces?
 A—Single men who are not fathers or not veterans probably will be considered first. The term "single man" is understood to include an unmarried man, a married man who does not live with his wife or who is separated, divorced, or a widower.
 Gypsies came originally from India, not Egypt.

Tomblin Family Holds Reunion At Lake Gibbons

A reunion of the family of the late Mr. and Mrs. Henry Tomblin was held Sunday, August 22, 1948, at Lake Gibbons, near Paris, Texas. This was the first reunion held by the family in twenty years.
 A picnic lunch was served to the following families: Mrs. J. C. White and grand daughters, Mary and Alice Cox and Betty Lou White; Mr. and Mrs. Hugh Tomblin and son, James, Miss Bess Tomblin, Ira Tomblin, Mr. and Mrs. Elra Tomblin, all of Paris.
 Will Tomblin, Mrs. Evie McFatrige, Mr. and Mrs. G. A. McFatrige and family, of Antlers, Okla., Mr. and Mrs. Jess Tomblin and sons, James Henry and Jess, jr., and daughter, Mrs. Garland Beard, of Morton, Mr. and Mrs. Virgil Tomblin and children, Fay, Robert, Thomas and Wayne, Mr. and Mrs. Eugene Tomblin and Mr. and Mrs. Herschel Blankenship, all of Atlas, Texas.

9,000 FARM AIRPLANES

Today there are 9,000 farm airplanes, an increase of 8,900 per cent since 1941. This increase is symbolic of the growth in oil-powered farming in the war and postwar years.

Chicago was the site of the Worlds War in 1893.
