

# Morton Tribune

"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, NOV. 4, 1948.

NUMBER 36.

Young cowhands at Boys' Ranch, Amarillo, are bursting with pride over their newest building, the non-denominational chapel, Jack Dempsey, former world champion heavyweight boxer and a true friend of boys.

recently visited the Ranch and a group of the boys took him to the new chapel, moved to the Ranch from Dalhart Air Base. The building was given two coats of paint by members of the Amarillo Junior Chamber of Commerce.

Non-denominational services are conducted every Sunday in the new chapel. "Now the Ranch has everything," Dempsey said. "It's wonderful that the boys have a place to worship," the boxer continued.

## Prices Paid For Texas Farm Products Slated To Go Down A Little In 1949

On the average, prices paid for Texas farm products will go down a little in 1949; prices farmers pay for things they buy will probably be a little higher than they were this year.

It all adds up to an expected 1949 net income on Texas farms and ranches of some 5 to 10 percent below that of 1948, but still greatly above any prewar year.

That's a two-sentence summary of the 1949 farm prospects as seen by Tyrus R. Timm, extension economist and professor of Texas A. and M. College, who returned last week from the National Agricultural Outlook Conference in Washington, D. C.

As to farm commodities, livestock and livestock products seem to hold the most favorable price position. The most speculative situation is indicated for fruits and vegetables. No sharp decline generally is expected, but certain individual commodities in this grouping may experience serious "short-run" seasonal declines.

In between, these two groups of commodities is the outlook for cotton and grain, with cotton holding a more favorable spot.

Meanwhile he expects prices of automobiles, farm equipment and building materials to be as high or perhaps even higher than in 1948. Some economists, he says, think a general increase of 5-8 percent may be expected.

You may pay a little less for radios, some items of household equipment and textiles.

The outlook interpretations are based on present supply and demand situations and requirements of existing government programs. Timm points out, "Drastic changes from normal weather conditions, or a major overhauling of the government's programs, could change the picture completely."

Workers in glass never have any waste. Anything that turns out wrong is called an ash try.

## National 4-H Club Achievement Week, Nov. 1 to 7

4-H'ers all over the nation are observing National 4-H Achievement Week November 1 to 7. The young people who are members of the largest youth organizations in the world will give an account of themselves for the past year.

Cochran County 4-H Clubs have not been idle on the job. Last December Ella Katherine Keith and her brother, George, made a trip to the National 4-H Congress in Chicago as a result of their outstanding 4-H Club work.

Cochran County 4-H Club girls made a good showing of themselves in the 1948 County Dress Revue. Thirty-three girls showed dresses and twenty-one scored above 90. Pins furnished by the Simplicity Pattern Company will be awarded to these twenty-one 4-H Club girls Saturday night, Nov. 6. Mary Helen Keith, Shirley Taylor, Nelma Pierce, Janice Grimsley, Twila Daniels, Erma Long, Joyce Ramsey, Winona Webb, Martha Willis, Shirley Tucker, Helen Gathright, Janette Mills, La Von Cunningham, Ruth Weaver, Dona Roulain, Janice Snodgrass, Wilma Gandy, Carol Knowlton, Jowynn Cheshier, Carolyn Moore and Katherine Fleenor.

Other awards that will be made to girls in the county are: Record Book Reward, Lois Wilson; Garden Award, Mary Helen Keith; Award of the Clover Leaf for 4-H leadership to Mrs. Cecil Masten who has served her club five years as 4-H leader and Mrs. G. C. Keith who has served as leader to the Whiteface Clubs for the past five years.

The Gold Star Award which carries with it a trip to the State 4-H Round-Up will be made to Patricia Masten and the Junior Award will go to Shirley Dean Taylor.

The program to be given Saturday night at the Veterans Hall should be of interest to every friend of boys and girls in 4-H Club work.

**BUSINESS VISITORS IN AUSTIN**

Judge Glenn W. Thompson and commissioners L. M. Baldwin, E. C. White, John Kennedy and C. G. Shaw were in Austin last week conferring with the State Highway Commission.

While in Austin Judge Thompson also attended to school business. They returned to Morton Saturday night.

## Patricia Masten Awarded Cochran County's Gold Star 4-H Club Girl

Patricia Masten, the thirteen year old daughter of Mr. and Mrs. Cecil Masten has been chosen Cochran County's Gold Star 4-H Club Girl. Pat as she is affectionately called by her friends and family, has been a member of the Neely Ward 4-H Club since 1944. She has completed a number of projects. Here is Pat's own story as she told it to the judges when they interviewed her.

The demonstrations I have carried in the past four years are: 1944-'45, Food Preparation; '45-'46, Poultry; '46-'47, Clothing; '47-'48, Poultry and clothing.

In my two years of clothing demonstrations I have made twenty-six garments. The first year of club work I made one garment that number has increased to the thirteen garments I made this year.

I have saved approximately \$85.00 in doing my own sewing. Though this saving has caused my mother a great headache, I have enjoyed it, as a whole.

I am very proud that I have

learned to sew, this will help me to save on the clothing budget the rest of my life. I have learned to rip, ravel, and sew all at once.

As poultry demonstrator I have raised 47 Austra-whites. Losing 9 in the first six weeks I had them. The chickens cost \$7.50, feeding cost \$25.00, total \$32.20. Net returns \$2.30.

I have fed and cared for my chickens. Caring for them includes cleaning their house once a week, watering them every day and seeing that the feeders were always full.

I value my flock at about \$25 at the present time. However, they have not begun to lay.

I have remodeled my bedroom, using a color scheme of red, grey and white. I repainted my furniture and papered.

I have prepared 107 meals, made 5 cakes, 2 pies, and seven bunches of candies and cookies.

I attended the district camp and county camp this year. I attended twenty of the 4-H meetings held by my club and three

county meetings and one district meeting.

I have saved or earned about \$500.37 by doing my own canning, sewing, and other things.

Patricia Masten, chosen as Cochran County 4-H Club Gold Star Girl. Patricia is the daughter of Mr. and Mrs. Cecil Masten.

I have received a great lift in my 4-H work and am very satisfied with the companionship, personal development and leadership developed.

Recently a friend remarked, "How did you get acquainted with so many people?" I smiled and answered, "As a result of my 4-H Club work."

I am enjoying helping and learning to do things.

## Hallowe'en Floor Show Members Given Luncheon

Mrs. Carl England honored members of the Hallowe'en Carnival floor show with a luncheon at her home Saturday preceding rehearsals. She was assisted by Mrs. Leroy Flinn of Levelland.

Arrangements of chrysanthemums formed decorations; a buffet luncheon was served to Misses Betty Monroe, Estelline Weed, Doris McMaster, Nelda Childs, Beverly Blackley, Nell Brown and Nelda Briscoe.

VAN GREENE attended a Massey-Harris dealers meeting in Lubbock last Saturday.

## Eleven Candidates Announced For School Beauty Queen Contest

Eleven candidates have entered the "Beauty Queen of Morton School" contest sponsored by the War Whoop staff, according to Wanda Yarbrough, editor.

Those entering and their sponsors are as follows:

Jean Alford, Football team; Janelle Jones, FFA; Nell Brown, FFA; Peggy Lillejdah, Pep Club; Glenda Evans, Band; Billie Davis, Choral Club; Nelda Joye Childs, Jr. High; Audrey Faye Kelley, Seniors; Frances Peters, Juniors; Martha Wood, Sophomores; Juanice Cooper, Freshmen.

An entrance fee of \$2, and the candidates names were submitted to Mrs. Danforth last Wednesday. This fee is to defray expenses of the contest, such as the pictures and expense of the crowning ceremony, which is to be the latter part of November. Watch for announcement of the exact date in this paper.

## Three New Wells Completed Past Week In Area

Three wells were completed within the past week in the Cochran county sector of the Levelland oil field, it has been reported. All are good producers.

Sells Petroleum Inc. have completed their No. 1 D. Slaughter Wright, 440 feet from north and east lines of lease in labor 7, league 60, Martin CSL survey. It made a 24-hour potential of 176-64 barrels of 38 gravity oil. That was based on the actual pumping production during six hours.

No water was present and the gas-oil ratio was 227-1. The pay section at 2,928-2,950 feet was treated with 10,000 gallons of acid.

Ralph Lowe 8 Veal, 440 feet from south and east lines of lease in tracts six and seven, league 114, Potter CSL survey, pumped six hours and made a calculated 24-hour potential of 165.60 barrels of 30.4 gravity oil. The gas-oil ratio was 271-1 and no water was present.

## HONORED WITH BIRTHDAY DINNER SUNDAY, OCT. 31

Mrs. E. D. Garrett honored her son, Bill, Sunday with a dinner in her home. Those present for the occasion were:

Mr. and Mrs. Mike Walden, Mr. and Mrs. John Lawrence, Mr. and Mrs. N. H. Lovelace and Dixie Dean, Mr. and Mrs. J. C. Poppelz, Mr. and Mrs. Robert Willis, Lubbock, Mr. and Mrs. E. D. Garrett, the honoree and wife, Mickey.

LUGGING POWER TO WHIP YOUR TOUGHEST JOBS  
MASSEY-HARRIS MODEL "44"

- Full 3-Plow Power
- 202 Cubic Inch Engine
- 5-Speed Transmission
- Built-In Governor
- Self-Start
- Shock Resistant Steering
- Velvet-Ride Seat

You'll like the way the Massey-Harris 3-plow "44" steps up production on your farm . . . the easy, effortless way it breezes through a tough job of plowing . . . its constant, dependable performance under all conditions.

It's economical power . . . with an extra margin held in reserve. You get more acres out of every tank of fuel . . . more work for every penny you spend.

Husky 5-speed transmission gives you a practical speed for each job. Shock resistant steering . . . streamlined styling . . . Velvet-Ride Seat and dozens of other advantages make the "44" easier to handle, more comfortable to drive.

From hood-to-hitch it's built rugged to deliver downright lugging power at its best.

**CHURCH OF CHRIST VISITORS  
SUNDAY, OCTOBER 24TH.**  
Visitors at the Church of Christ  
on Sunday, October 24 were: Mr.  
and Mrs. G. L. Lunsford, Little-  
field, Texas.  
Mr. and Mrs. L. T. Prather and  
sons, Euell and Orville of La-  
mesa, Texas.  
Mr. and Mrs. H. R. Shaw and  
family of Lubbock, Texas.  
J. W. Lightfoot of Honey Grove,  
Texas. Frances Corbell, Bailey-  
boro, Texas.  
Mr. and Mrs. W. J. Manuel of  
Bell, California. Miss La Juana  
Payne of Abilene, Texas.

**HILL CONSTRUCTED**  
The Ford Motor Company has  
constructed a hill on the test  
track at Dearborn, Mich., to  
check performance of Ford, Mer-  
cury and Lincoln automobiles.  
On one side is a 17 per cent  
grade and on the other a 30 per  
cent grade which approximates  
famed Filbert Street in San Fran-  
cisco. About 112,000 tons of slag  
were hauled from the Rouge  
plant to build the hill.

**Resolution Calling For Exemption From  
Taxes Of Vets Organizations Passed**

A resolution calling for the ex-  
emption of Congressionally char-  
tered veterans organizations from  
payment of all ad valorem  
taxes, was passed at a meeting  
of Post 5074 of Howard Martin  
VFW, Morton, here Thursday  
night, October 28.

The resolution, which was sub-  
mitted to the post by Roger Q.  
Evans of Austin, will be returned  
to Austin where it will be used,  
along with hundreds of others  
passed by other veterans organi-  
zations over the state, to wage a  
fight for passage of a tax-exempt  
bill during the session of the 51st  
Legislature, in January.

**LEHMAN NEWS**

Mrs. J. W. Pond—Reporter  
Sunday School was well at-  
tended Sunday. We hope to have  
all members back soon.  
Mr. and Mrs. Aulery Thetford  
and children of Gainsville are  
visiting with the latter's sister,  
Mrs. J. W. Pond, Mr. Pond and  
family.

Mrs. P. E. Liles entertained her  
Sunday School class with a so-  
cial Saturday night in her home.  
The group enjoyed a weiner and  
marshmallow roast and were  
served cookies and punch. Twenty  
four children were present for  
the party, which was also given  
in honor of Linda Gayle Pond,  
who celebrated her fifth birth-  
day.

Mr. and Mrs. Lancone Keith  
and sons visited in the home of  
their parents, Mr. and Mrs. L. C.  
Keith, Sunday.

Mr. and Mrs. J. W. Pond and  
children and Mrs. Aulery Thet-  
ford and children visited in the  
home of Mr. and Mrs. Dale Pond  
of Littlefield, Sunday.

The resolution passed by the  
local post states that this post—  
"goes on record to sponsor  
legislation before the next ses-  
sion of the Legislature of the  
State of Texas, requesting neces-  
sary legislation to effect tax ex-  
emptions for all Congressionally  
chartered veterans organizations  
by the State, county, city, and  
schools of Texas."

In a letter to Commander Ken  
Coffman of the local post, Evans  
said he expected to complete the  
ground work for the drive and  
have the "facts ready to lay on  
the table before members of the  
next session of the legislature."

The Sam Houston VFW Post  
No. 76, San Antonio, started the  
drive for this legislation in the  
form of a resolution in Novem-  
ber, 1947, and the resolution was  
then endorsed by the State Vet-  
erans of Foreign Wars encamp-  
ment at Corpus Christi in June.  
Ken Coffman, commander of the  
local post said.

**Agricultural Short  
Shots Of Interest**

Milk production in Texas  
ranges from a high of 143 per  
cent of average in early summer  
to a low of 62 percent by early  
winter. These extremes are cost-  
ing the producer as well as the  
manufacturer.

After ten years of the average  
of farm product prices becoming  
successively higher, it is hard to  
realize that this same index the  
next ten years could be succes-  
sively lower. This possibility is  
worth thinking about.

This year, with sugar plentiful  
and prices down, the flow of  
other sweetenings such as syrup  
molasses and honey to market  
has slackened very noticeably.

Ethylene dichloride emulsion  
is the best chemical for peach  
tree borer control. And this is the  
best time of year to spread it a-  
round the tree and cover it over  
with a mound of dirt.

A pound of pecans contains 3-  
336 calories. A pound of beef-  
steak contains 1,635, and a pound  
of turkey has only 1,060. But  
who'd trade a pound of pecans  
for a big, thick, juicy steak that  
weighs a pound?

The USDA estimates that over  
half the farm families in the  
United States are using freezer  
locker space for preserving home  
foods, most of it home grown.

The average person forms an  
opinion by adding to a small  
measure of information a dash  
of imagination and a large  
quantity of prejudice, shaking  
well with emotion.

**"How To Handle  
Family Income"**

One of the hardest problems  
that face young married people  
is that of "How to handle the  
family income."

Mrs. Eloise Johnson, extension  
family life education specialist  
of Texas A. and M. College, says  
that a recent study made by  
Michigan State College found  
that spending the family income  
in the wisest way was a problem  
that took the longest time for  
families to work out. Half of the  
people interviewed were able to  
work out a satisfactory arrange-  
ment, but the other half said it  
took months or years—and some  
never did agree.

Mrs. Johnson believes that the  
reason lies in the fact that often  
young people are not taught the  
wise use of money while they are  
young, and then are faced with  
the problem when they marry, at  
a time when they are confronted  
with many other problems of ad-  
justment.

"It takes most of us a lifetime  
to learn the basic principles of  
earning, saving, spending and  
enjoying money," she says. "So  
the earlier one starts to learn,  
the better. Too many young peo-  
ple grow up without any inde-  
pendence in using money. Some  
are kept entirely dependent upon  
their parents, not only for money,  
but for every decision as to how  
the money is to be used. Such  
dependence is poor background  
for mature judgement when  
young people leave home."

She points out that children  
can be included in the family  
plans for the use of money at a  
very early age. They can be  
helped to understand that things  
cost money and that they have a  
share in the family money, just  
as they have a share in the fam-  
ily food and the family home.  
"Their judgement in the use of  
money at the age of three, for  
instance, is not the best, but  
learn from example and even  
more from experience," she says.  
"They'll make mistakes and  
waste their money," she conclud-  
es, "but such mistakes are less  
serious than those that might be  
made when the children are old-  
er. Wise money habits can be  
built, if children understand and  
actually take part in the plan-  
ning for earning, spending, sav-  
ing and sharing the family  
money."

The Morton Parent-Teacher Association will hold its monthly meeting Tuesday, November 9, at 4:00 p. m. in the High School auditorium.

M. C. Ledbetter, County Attorney, will be the principal speaker. His subject will be "The Home—A Pattern For Building Sound Character and Moral Values."

Mrs. John Tice will give the devotional and every parent and teacher is urged to attend.

**THANKS—EVERYBODY:**

The American Legion and Auxiliary wish to thank all who took part in the Halloween Carnival Saturday night.

We especially appreciate the merchandise loaned for the style revue by Minnie's Shop, Cobb's and St. Clair's Department Stores.

Our deep appreciation to Mrs. Jesse Paulk of Modern Beauty Shop and Mrs. Bessie Curtis of Curtis Beauty Shop for the use of their facilities by the models; and to operators Maurine Rowden, Polly Ausmus, Bertha Williams and Dorothea Weekes, who contributed their time and skill in creating the hair style and make-up for the models.

We want to thank Mr. Joe Yates for the use of his public address system; Mr. Carl England for furnishing equipment, film and his own services for the movie; and Mr. and Mrs. Bill Harris for furnishing their equipment, film and services for the photo booth.

To all the members who helped in any way our deepest appreciation. And last but definitely not least, to all of you who came to the carnival our gratitude.

Jesse R. Bond Post American Legion and Auxiliary.

**LEGAL NOTICE**

Pursuant to the authority conferred by Chapter 391, Page 784, Acts of 1947 (H. B. No. 335), 50th Legislature, State of Texas, the County of Cochran and City of Morton, Texas propose to enact a Zoning Ordinance and Resolution to protect, regulate, and restrict the height of structures and objects of natural growth in the vicinity of the Cochran County Airport. Accordingly, the County of Cochran and the City of Morton, Texas have prepared such an Ordinance and notice is hereby given that a public hearing in relation thereto will be held in the office of the County Judge of the County of Cochran, Texas in the Court House at Morton, Texas at 10:00 a. m. on Nov. 13, 1948. In the event there are no valid objections to the proposed Ordinance or Resolution, it is contemplated that the Commissioners' Court of the County of Cochran, Texas and the City Council of the City of Morton, Texas will enact said Ordinance within 10 days from the date of said public hearing.

G. W. Thompson, County Judge, County of Cochran, Texas.

T. L. McAllister, Mayor, City of Morton, Texas.

Adding Machine Paper at the Tribune Office.

**LOOKING AHEAD**

By George S. Benson, President, Harding College, Searcy, Ark.

**What's Under the Hood?**

Machine loving, curious Americans, we are. If we buy a new car, most of us want to know first what it's got that makes it go. Many a lad, since grown up but still curious, remembers papa's razor-strop or mama's rage because he tore up the Big Ben alarm clock. He just wanted to see what made it tick! The genius of young America today, for understanding things and machines and gadgets, shows a quality of mind and spirit that is distinctly American. May we never lose it.

To want to know what's under the hood is a mighty fine thing but about America itself: the story of our enormous growth, the foundations for our freedoms and prosperity—these things we have not looked into. We know that America is the best land in which to live, but we don't always have the answers why. That's not fair to America, nor fair to the future we all have a right to expect. We ought to know the How's and Why's of the American Miracle.

**Seeing is Believing**

Ever since I came back in 1936 from a ten-year stay in China and a look-see at dozens of other nations both ways around the world, I have been plugging for a real understanding of America. When we steamed into New York harbor that time, my wee daughter thought Heaven would be wonderful if it were half that nice. She didn't mind saying so. She was born in China. But I found a nation full of confused people, and I felt that many of my fellow Americans were faint-hearted.

I do not regret having since devoted so much time and energy to the job of reselling everybody I meet on the idea of America. It's not that Americans are against the American way of doing things. We've been so free, and so busy, that we just haven't paid much attention to the reasons for our well-being. Then, when some Johnny Commie happens along to tell us: "Down with capital and hate your boss"—we fail to have answers ready for him.

**Know Your Land**

Such a misunderstanding of America can be serious. It can keep us from seeing trouble ahead when ill-conceived legislation is proposed. It can lull us to sleep about our responsibilities to our jobs. It can make us indifferent to wonderful things that we enjoy only because we are fortunate enough to be a part of America. On the other hand, if we are informed, a full understanding of how our system works will make us valuable and intelligent citizens.

I am happy to see that the Advertising Council, Inc., a non-profit organization made up of men in the advertising profession, will dramatize the story of America in magazines, newspapers, and on billboards. Many companies and publications will sponsor the advertisements prepared by the Council. The American Federation of Labor, the Congress of Industrial Organizations, and other groups are helping. If you see any of the ads in November and later months, please read them.

**A Greater America**

You will also want to read "The Miracle of America," a booklet which will be offered free in the advertisements. Two full years of work were put into preparations for this educational campaign by the most talented story tellers in the land: American.

**250,000 COPIES**

More than 250,000 copies of "How to be a Safe Driver" by Al Esper, chief test driver for Ford Motor Company, have been distributed in the past two years. Most of them have been requested by children of school age.

**Texas Baptist To Hold Convention November 7 to 11**

Ten thousand Texas Baptists are expected to converge upon the city of Houston November 7-11 for their centennial celebration.

The annual convention of the Woman's Missionary Union will be held in the historic First Baptist church of Houston November 7-9. The Brotherhood convention will open on Monday the 8th, with sessions in the city music hall. The closing sessions of these two pre-convention meetings on Tuesday evening will be the opening session of the Baptist General convention in the city auditorium.

The feature of the opening session will be a pageant depicting one hundred years of organized Baptist work in Texas. Dr. Wallace Bassett, for thirty years pastor of the Cliff Temple Baptist church in Dallas will deliver the president's message.

**ATTENDED GAME IN SILVER CITY, N. M., LAST SATURDAY**

Mr. and Mrs. T. L. McAllister were in Silver City, New Mexico last Saturday night for the ENMC and Silver City football game.

MRS. LEROY FLINN, Levelland spent the week-end here as a guest of MR. and MRS. CARL ENGLAND.

**SUNDAY GUESTS**

Sunday guests in the home of Mrs. Sally Walden were: Mr. and Mrs. R. V. Armstrong and daughter, Sara Lou and Mr. and Mrs. Joe Foust, all of Littlefield.

## November 15 Deadline For Special Overseas Air Mailing Program

November 15 is the deadline for the special overseas mailing program, according to information received from the Post Office Department.

The October 15-November 15 program gives post office officials sufficient time to insure delivery of the packages before Christmas but in the rush period prior to the holidays there are too many packages and many have to go too great a distance to make delivery by December 25 guaranteed.

The postal authorities pointed

out that packages intended for shipment by air mail cannot be guaranteed after it reaches the port of embarkation. The mail will travel to the POE by air but from there on transportation will depend solely on the facilities which the army and navy have at their command and the demand on the facilities of the Air Transport Command.

Regulations for overseas mailing are the same this year as usual. Weight limit is 70 pounds and parcels may not exceed 100 inches in length and girth combined.

Various services have pointed out that members of the armed forces are supplied with food and clothing and such items are not encouraged as gifts. Soft candies do not carry well; sharp instruments should have their cutting edges protected and containers of liquids should be sealed.

Perishable matter will not be accepted and sending of fragile articles is discouraged. Valuables should be registered or insured. The box should be strongly wrapped and tied. Contents should be tightly packed so they will not rattle and the box should be of metal, wood, solid fiber-board or strong double-faced corrugated fiber-board, testing at least 200 pounds. Four separate pieces of strong card should be used to secure the box and sealing the flaps with gummed tape strengthens the box although sealing alone is not effective.

The address must be legible and done in ink or by typewriter. The preferable style is for outside addresses to be hand printed directly on the wrappers of the box. Be sure the address is correct.

### Wearing Apparel Of Tech Typical Co-eds Compiled

The typical co-ed at Texas Technological college this fall has short hair and wears tubular skirts, preferably grey, brown or green, of corduroy, jo sweaters and has a boxy coat.

Facts concerning the dress of the Tech co-ed while on the campus were compiled in a fashion count by a group of home economics students enrolled in textile merchandising.

Results of the fashion count indicate also that the majority of married co-eds are wearing hose to classes. About 34 per cent of all women students are bare legged and 4 per cent wear anklets.

The bell fashioned skirt ranked second to the tubular in popularity. The bustle type, predicted to be a leader in skirt patterns hasn't found its way to the campus yet.

Average length of skirts ranges from midcalf to long. Very few co-eds are clinging to the "short skirt" fad.

Three counts were made before the final results were tabulated.

### LOOKING AHEAD By George S. Benson, President, Harding College, Searcy, Ark.

#### How Much Government?

It's 2,272 miles from New York to Salt Lake City, Utah. Yet, if all the civilian employees in the executive branch of our federal government were six feet tall (they're not), and you placed them head to toe on U. S. Highway 30, they'd reach the distance easily with 1.4 miles to spare. This comparison is conservative. It was based on an estimate of 2 million government workers in the executive branch alone.

Perhaps nobody can ever know just how many there are. During the first four months of this year, they increased at a rate of more than 450 a day. Use another comparison. There is one executive worker in the federal government for every 21 income taxpayers. In other words, these 21 taxpayers are paying the salary of the 22nd man. And that's just in the executive arm of the federal government.

#### Paying The Piper

Each and every American citizen must not fail to be interested in this problem of mushrooming government. As long as we fool ourselves into the habit of asking for more government, we'll see more and more added to the payrolls and we'll pay higher and higher taxes. We need to decide how much government we want. Certainly the more of it we set up the more we have to pay for. At the rate we have been going in the last decade, most of us will be working for the government in a few years.

That would be one of the simplest ways to take the country into socialism. Let most of us be drawing paychecks from the government, in salaries and various benefits, and we would have socialism right here without voting for it. What we need constantly to remember is that the government has not a cent to spend except what it collects from our neighbors. We must call a halt!

#### It's Up To Congress

Our next Congress will have a real test, and a real opportunity. Last year, the 80th Congress provided this historic opportunity by establishing a commission to study the reorganizations of the executive side of our government. If the coming Congress meets the test, it will begin the task of reorganizing just as soon as possible. Membership of the Commission includes some of our most public spirited citizens.

The Commission has been careful to stay out of politics. It has recruited twenty-two separate groups of experts from all parts of the country to help in the job of studying government agencies. These experts are giving the structure and functions of many a government agency a thorough going over. They are also studying expenditures, with the idea of proposing changes that will bring both economy and efficiency.

#### Must Say: "No!"

The 81st Congress will have the job of acting upon whatever recommendations the Commission may present next January. It is not an easy task. Any executive finds it hard to lop off an office here, and an office there. When the government starts a service, it is hard to find a stopping place. Moreover, each and every department will fight to the finish for increased personnel and more money. That is the nature of executive departments.

May the coming Congress find enough gizzard and gristle to stand up and say no. We must end waste and extravagance in

### Eat Plenty Of Apples for Health

Apples are plentiful now—eat apples for health—they furnish minerals, roughage, vitamins, especially Vitamin C which prevents scurvy and helps maintain good condition of teeth and gums.

When the first norther begins blowing, try adding apples to muffins or griddle cakes. Place a slice of apple on top of the batter, after pouring it into the muffin cups. Sprinkle with a pinch of sugar and cinnamon. Two cups of well chopped apple added to the griddle cake batter and baked in the customary fashion should produce delightful results.

Economical apples also may form the basic ingredient of equally economical salad dishes. Most apple combinations, in addition to being tasty, are economic. Try apples and sweet potatoes, or apples and cabbage, or fried apples with onions or carrots.

## Stanley Products Demonstrations Held By Garden Club At Tuesday Meeting

Members of Cochran County Garden Club sponsored three demonstrations Tuesday of Stanley Household necessities. The all day meeting was held in the home of Mrs. Roy Hill. Mr. H. W. White of Lubbock and Mrs. Laney of Whiteface conducted the demonstrations.

Demonstrations were divided into three sections with one each being held in the morning, afternoon and preceding the regular meeting of the club Tuesday night.

Guests registering for the demonstrations included Mesdames John L. McGee, Bob Cross, Jesse Paulk, D. T. Smith, L. M. Baldwin, Willard Henry, Joe Gipson,

### REV. W. C. WRIGHT ATTENDS STATE-WIDE BAPTIST CONVENTION IN HOUSTON

Rev. W. C. Wright, pastor of Morton's First Baptist Church left early Monday to attend a state-wide Baptist convention in Houston, Texas. He was accompanied by the pastors of Smyer and Maple, Texas and Marvin McDaniel, Morton High School student.

Approximately 10,000 persons are attending the convention, a centennial observance scheduled for 1945 but postponed until now because of the war.

Rev. Wright is expected home Friday of this week.

F. F. Roberts, C. A. Baird, Lester Baucus and her mother, Mrs. Alexander of Oklahoma.

Concluding the evening demonstration the regular club session was held with Mrs. C. W. Davis presenting an interesting discussion on "Types and Culture of Day Lilies."

A refreshment plate was served by the hostess to members and guests.

Members present for the meeting: Mesdames Carl Alexander, Tom Arnn, R. E. Burleson, C. W. Davis, A. A. Fralin, Elizabeth Greer, L. W. Ray, R. T. Ray, C. H. Silvers, Lotus Tanner, Homer E. Thompson and Miss Mabel Ann Manley.

The club will meet next on November 23 for a book review and Thanksgiving dinner.

### COCHRAN COUNTY SCHOOLS TO BE CLOSED THURSDAY

Cochran county schools will be closed Thursday, November 11, in observance of Armistice Day. Classes will be resumed at the regular time Friday morning.

## Swing Of Southwest Farm Markets

Southwest farm products brought mostly firm to higher prices during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Corn climbed seven to ten cents a bushel for the week, as wheat gained five, oats 3 and barley 2. No. 1 hard wheat closed Monday at \$2.45½ at Texas common points. Based on No. 2 grades white corn sold around \$1.78 to \$1.90, yellow corn \$1.63, barley \$1.45 to \$1.49, and oats \$1.01 to \$1.02 at Galveston. Sorghums gained 12 cents a hundred lbs to sell at \$2.67 to \$2.72 for No. 2 grade.

Movement of turkeys to the Thanksgiving market remained light last week. Prices ranged from around 40 to 45 cents for young toms and 45 to 50 for young turkey hens. Eggs strengthened slightly, while poultry

held mostly steady to firm. Best fresh eggs brought 50 to 55 cents in North Texas, and fryers 32 to 34 cents.

Cattle sold generally unchanged to \$1 or more higher for the week. Stockers and feeders showed greatest strength in Texas and Oklahoma. Medium and good whiteface stocker calves changed hands at \$19 to \$22 at Houston, where Brahman moved at \$17 to \$20. Medium and good stocker calves went back to the country at \$22 to \$24.50 at San Antonio and \$21 to \$26 at Oklahoma City. Fort Worth took stocker steer calves at \$25 and down. Denver bought a few loads of choice at \$29.

Monday's lower hog market brought the week's losses to largely around 50 cents a hundred pounds from a week earlier. Good and choice butchers ranging from 180 to 280 pounds closed around \$24 at San Antonio, Oklahoma City, Wichita and Kansas City, \$24.50 to \$24.75 at Fort Worth, and \$25 at Denver. Sows ranged from \$21 to \$23.

PROTECT YOUR NATIONAL SERVICE LIFE INSURANCE - MAIL PREMIUMS PROMPTLY

## "Saving" Feed To Be Costly This Winter

The old saying, "You can't starve a profit into livestock," has a new slant this winter.

Livestock authorities are advocating not only that enough protein and roughage be fed to prevent starvation, but that these relatively cheap feeds be used generously enough to carry livestock through the winter in good condition.

"With cattle and other livestock commanding the prices they do, there is no excuse for winter losses this season," Louisiana's beef cattle specialist, W. T. Cobb, recently said. "A full supply of hay with supplement, and we can come out of the winter with a more thrifty herd of cattle and better calves and more of them."

The need for good feeding is greater than usual in Texas this fall. Dr. W. C. Banks, Extension veterinarian, points out. In average years, beef and dairy cattle enter winter months in good condition after feeding on green grass. This year, however, many cattle are already suffering from lack of green feed; and many cows that are now carrying calves may not be in condition to give birth and take care of their calves. He suggests that, in addition to protein feeding, plenty of good quality hay be available for cattle.

Even in Wisconsin, which must ship in protein concentrates from other states at relatively higher costs, dairymen and other stockmen are being urged to feed liberal amounts of relatively cheap feeds this winter.

"There are good reasons to feed all livestock possible and to feed well-balanced rations this winter," says Dr. Gus Bohstedt, University of Wisconsin authority. Research, as well as practical

experience, proves that it often is costly to attempt to "save" feeds during the winter.

Feeding early enough, as well as adequately, is important in maintaining cattle and other livestock during the fall and winter. Livestock authorities point out. "Caking" on the range, or the feeding of cottonseed meal on the farm, should start as soon as forage is dry or scarce, and continue until green grazing is ample.

Breeding cows that receive ample protein concentrate produce more milk for their calves, with the result that calves are heavier at weaning. The cows also are in condition to produce a better, earlier calf crop the next season.

When a person is polite enough to ask you how you are feeling, you should be polite enough not to bore him by telling him.

## Mrs. A. Morrow Attends Auxiliary Meeting In Austin

Mrs. Albert Morrow, 19th district president American Legion Auxiliary, returned Monday from an executive board meeting of the Auxiliary, held in Austin last Saturday and Sunday.

Sessions were held in Stephen F. Austin Hotel. Business was concerned with the budget, program for the year and in setting the quota for membership in the Auxiliary; this year's quota has been raised 5 percent, Mrs. Morrow reported.

Band Sweetheart—Glenda Evans, Band Sweetheart of Morton High School is the daughter of Mr. and Mrs. W. B. Evans.

### BOYCE HOUSE Gives You Texas'

One view is that Opportunity knocks only once at each man's door but Walter Malone, the poet, quotes Opportunity as saying: "Each morn, I bid you wake to rise and fight and win."

I. D. McEachern of Hale County agrees with this view—and the career of the wiry, little farmer is convincing.

After several successes in life, followed by reverses, McEachern, a few years ago, found himself, at the age of 55, with just \$350 in cash.

But his blue eyes only sparkled with greater determination as he decided to make a comeback. He proposed to become a grower of certified seed—not cotton or corn but grain sorghum.

He went to one grower but was turned down because of shortage of supply. Undiscouraged, he went to another and, from him, obtained 12½ pounds on the promise to pay it back, four for one.

McEachern planted the seed on the farm of a friend in South Texas and harvested 1,700 pounds. He then had seed enough to plant on his own farm near Petersburg.

But rain wouldn't fall to get the seed started. One day, he and a friend visited the field and dug up a few of the seed. The visitor slowly shook his head and remarked, "You've got to have rain by Saturday night." What made this statement especially tragic was that it was then Saturday morning.

It didn't rain Saturday night but it did rain Sunday—and the seed did so well that McEachern sold his crop for \$20,000—besides paying back 50 pounds of seed for the 12½ pounds he had borrowed.

The old saying is that "it never rains but what it pours." And McEachern found that to be true.

Four years before, he had decided to build a two-row ensilage harvester. As an inventor, he had never invented anything before, but that didn't deter him. All he had to work with was a cold chisel, a hammer and a punch and he proceeded to build a machine.

Then he applied for a patent. The application dragged along for four years and at last was granted.

Then one of the biggest farm implement manufacturing concerns offered him \$500 for his rights. He refused, so the company sent a representative down and the visitor asked, "What will you take?"

"Oh," replied McEachern in an unconcerned tone, "ten thousand dollars."

The company took him up on the proposition. So, along about the time that he sold \$20,000 worth of certified grain sorghum seed, here came a check for the invention and he used it to buy his present farm—a half section; and there, in a modern home with a yard that looks like a park—so bright are the flowers and so trim the trees and so green the lawn—he and his wife live.

They have nine children—all grown—eight sons and a daughter.

Last year, McEachern sold 12,000 sacks of Plainsman grain sorghums. County Agent Manuel W. Ayers says the market price was around \$4.75 to \$5.00, which would figure out something like \$57,000.

McEachern keeps adding to his holdings. "My wife won't let me buy but a quarter section a year," he says, with a grin. He has added 816 acres to the original half-section, 10 miles west of Plainview, and has seven irrigation wells.

Not bad, not bad at all for a farmer who, four years before, at the age of 55, was "down" but refused to quit.

"Every four minutes an American dies of a disease caused by a common cold," says a medical item. It must be awfully monotonous for the American.

### Annual Pictures Taken Today

Individual pictures of all students will be made today," announces Glen Yeary, Lohaj editor. Paul Bentam, a representative of the K. C. Henington students, Wolfe City, Texas will be here all day.

"One hundred and forty annuals have been sold up to last Wednesday," Yeary added. These annuals may still be purchased by contacting Gene Williamson, sales manager, or a class representative.

### LEADERS APPEAR WEARING NEW UNIFORMS

Drum major Glenda Evans and majorettes Nell Brown and Charlene Lindsey appeared in their new band uniforms of white short skirts, blouses and boots at the recent Tahoka-Morton game.

### Editorial . . .

(From Indian War Whoop)

Out of 231 students enrolled in MHS approximately 81 students have subscribed for the school paper. Out of the 35 seniors, only 17 are subscribers. This number includes five senior boys.

Freshmen rank highest as they have 27 subscribers compared to the juniors 21, senior's 17 and sophomore's 16.

We want to urge every girl and boy in school to back your school paper by buying a subscription immediately! We will appreciate subscriptions from anyone else. (50¢ a semester)

### NELSONS MOVE TO LUBBOCK

Mr. and Mrs. Jack Nelson and daughters have moved to their new home in Lubbock. Jack has been engaged in the construction business for a number of years.

### From where I sit... by Joe Marsh

**To Dunk or Not To Dunk?**

Dunking doughnuts is Sober Hopkins' favorite morning pastime... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts... figuring that will stop him. Sober thinks it over for a while and then: Dunk! Taste! Smile! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the less we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now—'ou've guessed it—she's a daily dunker, too!

Joe Marsh

## MORTON ANTHEM

Words by Carl Macon  
Music by Harry LeMaire

Arise! You Morton Indians!  
Arise in strength and might  
To conquer fears dominions  
With courage, truth and right.

Go forth! You Morton Indians!  
Go forth to dare and do.  
To hold up Morton's colors  
Will all depend on you.

Go forth! You Morton Indians!  
With conquest as your aim.  
It's up to you our Indians  
To win this football game.

 One person tells another"

**MAPLE NEWS**

Three Way Eagles playing a home game last Friday beat Southland 46 to 16.

Mr. and Mrs. L. A. Corbell have moved near Lubbock. The community is sorry to lose this fine couple.

Mr. and Mrs. Jack Richardson and cousin of Lubbock, visited in the E. B. Richardson home last Sunday.

Miss Bonnie Jean Garvin, Lubbock, spent Sunday with her parents. Bonnie Jean is Christmas Princess of the Freshman Class at the West Texas Hospital School of Nursing.

W. S. C. S. met at the church Wednesday for a business meeting. Mrs. T. K. Kelly is president and Mrs. Johnson, vice-president. The next meeting will be held at the church on November 17.

Grandmother Fort visited Sunday in the home of her son, H. W. Garvin and family.

**PAULKS ATTEND FAMILY REUNION IN AMARILLO**

Mr. and Mrs. Jesse Paulk attended a reunion of her family in Amarillo last week-end. They were guests in the home of Mrs. Paulk's sister, Mrs. M. H. Sneed and Mr. Sneed.

Eleven brothers and sisters took part in the reunion, only one sister in San Jose was unable to attend. She was called by long distance telephone with each member of the family talking to her.

**MR. and MRS. A. D. ROWDEN** spent last week-end at Bridgeport, Texas.

**RAMBY'S PHARMACY**

**THEY'VE BOTH SHRUNK!** By MACKENZIE

**Riding Circle On Whitefaces**  
 by Art N. Wall

Talked with Mrs. T. J. Capps, who last Thursday arrived back home from Dallas where she had been visiting her daughter who is sick in Baylor hospital. Mrs. Capps reports her daughter is now out of the critical stage and on the road to recovery.

Talked with Jimmy Howell a few minutes Saturday the 30th. Jim is farm boss for Stanolind Oil and Gas Company on the Mallet "G" lease. Jim said he was transferred to Farmington, New Mexico for this winter. He is allowed three weeks vacation and is taking part of it now before leaving for Farmington.

I noticed Mr. and Mrs. Fisher at Whiteface Gulf Gas Station has opened additional space to the public. The Fishers have converted the old living quarters of the building into a recreation room with various games installed, and with the sales of candy, pop and so forth the young folks can loaf many an hour here. An afterthought—Whiteface should work for a teen age building.

A car honked in my driveway yesterday, Saturday the 6th, along about supper time. It was Clyde Williamson, his wife and daughter, Claudine. They were driving a new Nash, bought that day. Clyde pumps for Stanolind

Oil and Gas Company on the Mallet "G" lease. That new Nash parked along side of my jeep really made my jeep look rough.

The Whiteface school will be Alma Mater Friday the 12th of this month when ex-students will again stroll through the school for the annual event which is called "The Home Coming." I understand a dinner will be served at about 6 P. M. in the cafeteria.

Side glances: I noticed Guy Spurlock now butchering in Jim Casey's store—the newly completed wide graveled road running from main street between the school and Gulf Station to the Morton hi-way, this is certainly an improvement to Whiteface—Mr. Clemmon's new home and Nathan Tubbs'—homes in Whiteface to be proud of.

Rumors that I hope are true—The Whiteface Methodist Church Building Fund Committee planning new improvements to the church. That the Baptist Church is now getting new furniture for their new addition. I shall have to contact some member of the Church of Christ for news their way. From them I've heard nothing.

An afterthought on some things that would help us to be better—I noticed a merry twinkle in the eyes of each one of a large Mexican family. They were all quick to smile. They seemed to enjoy life. If they can laugh easy so should we. The patience of Coach Salsar at the Friendship game. It kept his team feeling right and in the groove. We should have that patience. The feeling of pride we all have in watching the school band, we should carry this pride on into our community. The courtesy of a Texas-New Mexico bus driver, I never have seen them fail to give a woman with a tired, cross child a nice smile and ever favor they could.

Ben Neel, who farms three miles south and about a mile east of Whiteface is winding up his cotton picking providing these dust storms don't beat him to the cotton. Ben drove to East Texas and brought back twenty-eight colored folks to help him with the picking this season. He has ten left. The rest got homesick and returned to East Texas.

Friday, Nov. 12th the Whiteface Antelopes play Cooper. The game will start at about 8 P. M. and will be at Duggan Field. I believe Duggan Field rates a few lines in this column. It lies north of the school at just about the proper distance to where it is handy to the schools athletic affairs. There is plenty of room for parking. A nice grandstand sets on the west side of the field. Floodlights for night games are properly located. The Antelopes this year trotted out an eleven man team. In past years they played a six man team. I saw them clash with Friendship the 28th. Coach Salsar and his assistant Nathan Tubbs have nothing to be ashamed of in the Antelopes and believe me Friendship came on the field sure that this was one game they were going to win, but someone had to lose in a game like that and it was hard-fighting Friendship.

Out at Duggan Field, Friday, Nov. 12th, the Whiteface High School are going to crown their football queen. Thelma Roulaine is the lucky girl. I don't believe the boys made a bad play there. Thelma will make a fine, wonderful queen for any team.

If men had no faith in one another, we'd all have to live without our income.

**LEHMAN NEWS**  
 Mrs. J. W. Pond—Reporter

Forty persons attended Sunday School at Lehman last Sunday.

Mr. and Mrs. J. W. Pond and children, and Mr. and Mrs. M. A. Thetford were dinner guests last Sunday in the Bob Pemberton home at Clovis, New Mexico.

Mr. and Mrs. Bob Bacon and son of Hobbs, New Mexico, visited in the home of Mr. and Mrs. Harry Tapp last Wednesday and Thursday, November third and fourth.

**LEHMAN H. D. CLUB**

Lehman H. D. Club met in the home of Mrs. Euel Prather, Wednesday afternoon, November 3.

Business was conducted by the president. Following a game period a refreshment plate was served by the hostess to the following: Mesdames V. V. Scott, F. L. Fred, E. L. Freeland, W. G. Freeland, Charlie Sanders, Paul Liles O. S. Taylor, J. W. Pond, J. W. Rhodes, Gardie Carpenter, Grandma Prather and several children.

The club will meet with Mrs. J. W. Rhodes, Wednesday, November 17 at two o'clock.

**Wesleyan Guild Sending Supplies To Seward General Hospital In Alaska**

Mrs. Courtney Sanders, supply chairman of Wesleyan Service Guild, has requested that all members and friends of the organization get their gifts for Seward General Hospital to her not later than Friday of this week as she wants to mail the package Saturday.

Listed below are items needed badly by the hospital:

Wash cloths, bath and face towels, unbleached sheeting, sheets (63x90), pillow slips (35x45), flannel bath robes for women and children, flannel bed slippers, sweaters, baby blankets, wool shirts (long sleeves), diapers, baby powder, ivory and castile soap, black and white sewing thread, hospital gowns (all sizes), games, books, embroidery materials, hand looms and materials, and small metal tea pots for patients trays.

Any gift from the above list or cash donations will be greatly appreciated by the Guild as well as staff members and patients at the Seward General Hospital in Seward, Alaska.

**VISITED PARENTS HERE**

Mrs. C. E. Hogan of Portales, New Mexico, spent the week-end in Morton with her parents, Mr. and Mrs. L. F. Hargrove and other relatives.

**What Is A Church?**

Divine "I will build MY church" (Matt. 16:18). The church was founded by Jesus Christ the Son of God. He conceived the idea. He alone founded it.

Godly Its members believe on Christ. They have committed their lives to Him, for time and eternity. Their great desire is to live as He wants them to live.

Christian A church's task is the work her Founder and Saviour wants done in the world—winning all people to faith in Jesus Christ, God's Son.

**Winning**—The church's big job is to win others to faith in Christ. This is the work of every Christian—soul-winning. This task is also done jointly by church members in public services and by their combined gifts used in missions on foreign fields and in the homeland.

**Baptizing**—A believer in Christ, wanting to be with other believers, joins the church by baptism. Baptism is a public act by which the believer says that he has given up his sinful way of life, has trusted Christ to save him, and is obeying Christ's commandment in baptism.

**Teaching**—The new church member wants to live the Jesus way. He wants to learn Christ's rules. The church is a group of people seeking to master the Christian way of life. A New Testament church teaches all of the things Christ commanded.

"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, NOV. 11, 1948.

NUMBER 37.

Eight Cochran Students Attend Wayland College

Eight students from Cochran county are among the 541 enrolled at Wayland College, President J. W. "Bill" Marshall announced today.

They are Eugene Bragg, Velma Justine Bryant, Louise Burke, Helen Pearl Crow, Marie Kathryn Kennedy, J. L. Merrill, Patsy A. Taylor, and Lura Lee Taylor. All are from Morton.

Bragg, son of Mr. and Mrs. H. B. Bragg, is a sophomore preparing to be a teacher. Miss Bryant, daughter of Mr. and Mrs. W. M. Bryant, is a junior. She is also planning to teach.

Burke, is majoring in education and is preparing to be a teacher. Miss Crow, daughter of Mr. and Mrs. Fred Crow, is a junior preparing to do some secretarial work.

Miss Kennedy, daughter of Mr. and Mrs. John Kennedy, is a sophomore. Merrill, son of Mrs. C. B. Merrill, is a sophomore planning to be a missionary.

Miss Taylor, daughter of Mr. and Mrs. W. L. Taylor, is a sophomore majoring in pre-medical. Miss Lura Lee Taylor, sister of Miss Patsy A. Taylor, is a sophomore majoring in physical education.

The Wayland student body of 541 numbers about 30 more than were enrolled at the same time last year, the registrar's office stated. There has also been an increase in the faculty and staff, from 28 last year to 51 this year.

Improvements on the campus include a new science building, with plans nearing completion for the erection of a new dormitory for girls to match the new boys' dorm, McDonald Hall.

State Bar To Hold Legal Institute At Lubbock Friday

A legal institute sponsored by the State Bar of Texas will be held in Lubbock, Friday, November 12, for attorneys of the 19th Congressional District, according to Truett Smith, State Bar director of this district.

One of a series planned by the State Bar in the ensuing nine months, the one-day institute will originate from the Lubbock Hotel and attendance is expected to be fully representative of the 25 counties comprising the 19th District.

Speakers for the Lubbock institute include Associate Justice James R. Norvelle of the Fourth Court of Civil Appeals, San Antonio; Wilmer D. Masterson, professor of oil and gas law at Southern Methodist University in Dallas; and Julius F. Frankl, specialist in civil procedure from Austin.

Mr. and Mrs. E. R. Hazle, Seminole, Texas; Mrs. J. I. Stanley, Seminole, Texas; Mr. and Mrs. A. J. Marshall, Kopperal, Texas; Mr. and Mrs. A. Q. Lucas, Whiteface; Mr. and Mrs. O. G. Lunsford and Nadine, Anton, Texas.

Members on the sick list: Mrs. Andy Davis of Earth recently in hospital at Amherst, reported improved.

Mrs. N. D. Jeter and Peggy Cloud were admitted to West Plains hospital last week.

HOPE FOR A HARVEST

By COLLIER

Dynamite Experiment Gives Promise Of Making Search For Oil Cheaper

A charge of dynamite, set off in the bleak region near the South Pole during the Byrd Expedition of the early '30s, set off a train of events which today gave promise of making the search for oil in Cochran County quicker and cheaper.

The explosion was set off during the Byrd Antarctic Expedition of 1933-1935 by Dr. Thomas C. Poulter, second in command and scientific advisor of the expedition, as part of some seismic measurement experiments.

Dr. Poulter, nationally known scientist who now is the associate director of Stanford Research Institute, Palo Alto, Calif., last year presented his new method of seismic exploration to the Institute of Inventive Research, San Antonio. Dr. Poulter then was on the staff of the Armour Research Institute, Chicago.

The Institute of Inventive Research is a non-profit public service organization endowed by Tom Slick, Texas oil producer and rancher, to provide aid for inventors. The Institute agreed to underwrite further research on Dr. Poulter's new development, provided he would conduct the experimentation.

On Thursday, Nov. 4, at Essar Ranch near San Antonio, the new way of making seismic tests for oil was unveiled. Dr. Poulter and Dr. Harold Vagtborg, president of the Institute, held a press conference.

Then newspapers men were taken into the mesquite brush on the ranch for a demonstration. Light charges in the explosive pattern were set up on stakes above the ground, spread around the area to be tested, and all were exploded together.

The new method contrasts with the present system of firing a single, large charge in a hole of considerable depth. The Institute staff sees the principal advantages of the Poulter method over those currently in use as being the elimination of shot holes and their attendant costs, and the greater speed with which areas may be mapped.

Seismic recording, equipment identical with that now generally in use is employed by the new method. Tests have shown, Dr. Vagtborg said, that the above ground method reduces danger of damaging nearby structures of concrete or other solid material. It also eliminates the dangers of falling stones.

Applications for patents on the method have been filed.

CHARLES W. RICKETT of El Paso, Texas and Peoria, Illinois visited briefly in the CARL ENGLAND home Sunday evening.

MRS. L. B. CHILDS, owner of Minnie's Shop is attending market in Dallas this week.

FHA Girls Attend District Meeting Announced

Approximately 25 girls from MHS attended the district FHA wiener roast in Levelland last Tuesday night, celebrating National FHA week. The seven schools represented were Whiteharral, Anton, Sundown, Whiteface, Levelland, Ropes and Morton.

Each school sang their school anthem. Morton was given recognition as having an outstanding school song.

Mrs. Marie Benham, home-making teacher, and Mrs. E. F. Farmer accompanied the girls.

Football Squad Have High Grades

Lubbock Morning Avalanche, Wednesday, November 3, 1948 carried a story under "Sports Study" says 14 of the 40 boys on the Morton Indian football squad made the honor roll the first six weeks period with not a single failing grade charged against any student.

During the 1947-1948 basketball season the ten boys included on the traveling squad made the honor roll consistently.

Since the honor roll requirements are at least one "A" and no grades lower than "B" the record of the Morton athletic teams is very unusual.

(Ed. note: These boys have made high grades practically all of their school years.)

Mrs. Williamson Hosts Sewing Club Thursday Night

Happy Hour Sewing Club met with Mrs. W. W. Williamson in her lovely new home on South Main Street, Thursday night, November 4.

Plans were made for a husband's party to be held at Veterans Hall, Tuesday night, November 23. This will be the annual Thanksgiving party.

Mrs. Williamson served chocolate cake and coffee or cocoa to Mmes. L. W. Ray, T. L. McAlister, Carl Alexander, C. H. Silvers, Lem Chesher, L. M. Baldwin, L. E. Huggins, L. A. Cochran, C. A. Baird and C. W. Webb. Guests were Mrs. H. B. Admire, of Estelline, Texas, mother of the hostess, and Mrs. Carl England.

MRS. J. W. HAWTHORNE has accepted the chairmanship of local Junior Red Cross.

Statement Issued on Communicable Disease by State Health Department

AUSTIN—In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. Geo. W. Cox, State Health Officer states that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient, but helps to prevent the spread of the disease to other persons.

"The State Health Department," Dr. Cox said, "does everything within its power to protect the

Morton Indians Play Muleshoe Thurs., 2:30 P.M.

Plenty of offensive fire-works should be seen at the Indian stadium Thursday afternoon at 2:30 when the Morton Indians play host to the Muleshoe Yellow-Jackets in the final game of the season for the local eleven.

Muleshoe goes into the game slight favorites, but looking at comparative scores, Morton should make a great game of it.

No referee was actually "on top of" the fourth down pass that gave Sudan a 13-7 half-time lead. To fans near the end zone, it seemed that the pass was actually caught out of the end zone. Never the less, this rates Morton a one point edge and Morton High feels that if the team plays the bang-up brand of ball exhibited in past games, the Indians are two touchdowns better.

**PANHANDLE PRESS ASSN. CONFERENCE ATTENDED BY ENGLANDS AT WELLINGTON**

Mr. and Mrs. Carl England attended a regional conference of Panhandle Press Association in Wellington, Texas, last Saturday.

Publisher and Mrs. Deskin Wells and staff of the Wellington Leader were hosts to the conference. The Wellington Chamber of Commerce honored members of the press at a luncheon in the community building of Wellington at noon.

Forrest Weimhold of Levelland is president of the Panhandle Press Association. He and Mrs. Weimhold and six members of the Herald staff were present for the conference. Publisher and Mrs. Allen Hodges of County Wide News, Littlefield, also attended.

JACK RICE, manager of Cobb's Department Store, and Cobb managers of the South Plains area are attending market in Dallas.

A woman is someone who will need new drapes to go with the new upholstery she has in mind to match the new rugs she just bought.

**Weekly Cotton Market Review**

Cotton prices declined early in the week but advanced on Wednesday and Thursday, according to the Department of Agriculture. Trading was relatively light in most markets. Domestic demand was limited and export buying was small in volume. Loan entries reported to CCC during the last week of October totaled 339,600 bales, the largest weekly volume of the current season.

Considerable progress has been made in reducing the backlog of samples in government classing offices and they should soon be on a reasonably current basis. Demand improved and trading increased in volume in the cotton gray goods market this week. Reports indicated that picking and ginning made good progress in most southwestern and far western areas this week but rains delayed harvesting in some eastern and central sections of the belt.

Spot cotton prices dropped below the 31.00 cent level this week for the first time since early September. Prices for Middling 15/16" cotton in the ten spot markets averaged 31.19 cents per pound on Thursday, Nov. 4, compared with 31.00 cents a week earlier and 32.40 a year ago. Near month futures were fairly steady

to a little higher at the close of the week while the more distant months showed considerable strength.

Spot markets were only moderately active this week. Inquiries were numerous but trading was limited and the volume of sales was smaller than in the preceding week. Reported sales in the ten spot markets totaled 242,500 bales during the short business week. Sales totaled 356,800 bales last week and 313,500 a year ago. The cotton export market was a little more active but export sales were in relatively small volume.

There were reports that some merchants were having difficulty in delivering cotton from some interior points for export because of warehouse and rail embargos. The latest CCC figures indicate that reported loan entries totaled 339,600 bales during the last week of October. Loan entries averaged about 279,500 bales per week during October. Loan entries reported for the season through October 28 totaled 1,654,600 bales.

**Program Explained More Fully At FHA District Meeting**

A meeting of all county committeemen of the Farmer's Home Administration of this district was held in Lamesa Wednesday, November 10. Those making the trip from Morton were the committeemen, J. B. Knox, Elmer Gardner and Virgil H. Bewley. Mr. Turknott and Mr. Cross of the local F. H. A. office.

The primary purpose of the 53 county meeting was to explain the program more fully, phase by phase, take up any pertinent problems of any county and discuss all current problems of the loan program.

**Cotton Research Building At Tech To Cost \$25,000**

Conditioning of a building to be used exclusively in the cotton research program at Texas Technological college is expected to be completed this winter at a cost of \$25,000. Pres. D. M. Wiggins said.

Facilities of the textile engineering buildings needed in the research program will continue to be available to Cotton Research Committee experimentation and development at Texas Tech.

Intensive research is planned to begin as soon as a top research expert is employed by the committee to direct the research work at Texas Tech. and when it is possible to occupy the new building, a \$20,000 quonset hut.

Texas Tech performs laboratory research as a member of the three part committee composed of Texas A. and M. and the University of Texas. Field and statistical phases of the research are conducted by the other two schools.

**COTTONSEED REVIEW**

Movement of cottonseed to crushing mills increased in Texas as but decreased in Oklahoma during the week according to the certificates received by the Cotton Branch. Light rains and heavy dews retarded the harvesting in Oklahoma especially in the western part where production is the heaviest.

Cottonseed prices in Texas for wagon-lot seed l. o. b. gins increased during the week. Average price for the state was \$73.50 per ton compared with \$69.90 per ton last week. Reported prices ranged from \$63.00 in Districts 4 and 5 to \$85.00 per ton in Dists. 1 and 2. The average price in Oklahoma was \$73.50 per ton last week. Prices ranged from \$60.00 in District 3 to \$83.00 per ton, in Districts 4 and 7. Most of the seed was purchased on basis grade 100 with some on "as is" basis. Oil mill prices ranged from \$70.00 per ton to \$85.00 per ton.

Cottonseed grades in Texas averaged 102.5 which is slightly lower than the 103 average last week. In Oklahoma the average was 102 which is unchanged from the previous week. Quality discounts for excess foreign matter has become more noticeable in Districts 1, 2, 4 and 5 of Texas.

The demand for vegetable oils was rather steady during the week with buying in considerable quantity.

**American Art Week Observed By Study Club**

The 1936 Study Club of Morton met in the home of Mrs. P. B. Ramby Wednesday afternoon, November 3.

The Club was observing "American Art Week", sponsored by American Arts Professional League and General Federation of Women's Clubs.

Mrs. Hume Russell, program chairman, introduced Mrs. R. E. Dunham, local artist, who has won prizes over the state of Texas with her paintings.

Mrs. Dunham gave a resume of "Art Through the Ages," and displayed twelve of her pictures which included charcoal and pastel drawings and oil paintings.

Mrs. Dunham is a member of the Junior Study Club, originated here last year under the auspices of the 1936 Club.

During a brief business session, with the president Mrs. R. C. Ross in charge, the name of Mrs. Frank Barker was presented for membership. The members in secret ballot voted unanimously to accept Mrs. Barker as a member.

A refreshment plate of pie, coffee or tea was served to six guests, Miss Leah Jackson, St. Louis, Missouri; Mrs. V. L. Lawson, Mrs. R. E. Dunham, Mrs. E. A. Timian, Mrs. John Tice and Mrs. Carl England.

Members: Mrs. R. C. Ross, Mrs. Hume Russell, Mrs. J. B. Knox, Mrs. H. S. Hawkins, Mrs. Elizabeth Greer, Mrs. Joe Gipson, Mrs. R. C. Strickland, Mrs. F. F. Roberts, Mrs. L. F. Hargrove, Mrs. Pat Hatcher, Mrs. J. D. Hawthorne, Mrs. Scott Hawkins, Mrs. Jess Burns, Mrs. C. M. Cravy, Mrs. M. C. Ledbetter, Mrs. J. A. Gowdy, Mrs. P. B. Ramby, and Mrs. James St. Clair.

**Well Placed Walks May Add Much Beauty To Home**

Well placed walks may add much to the looks and the beauty of the home grounds. But they are for use, not just to look at. In rainy weather, walks are useful in protecting the family from wet feet, which may result in colds. And stone walks around the yard make it easier on the housewife, since less mud is tracked into the house.

Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College, says that cool weather is a good time for building stone walks around the grounds. Materials for building walks can be found around most farm homes. What about that pile of stones out in back you have been putting off getting rid of? Or the bunch of rocks over on the west side of the place? They'll work fine if they are good sized stones. Flat stones are perhaps the most attractive and are easier to work with. They may be set together with concrete or allowed to grow green veins of grass.

Around in back or at the side of the house where the walks will be used the most, concrete walks with a rough surface may be the most convenient. Attractive walks can be made of brick, sand or gravel. Miss Hatfield says that anything which will provide a clean, well-drained walk about the home may be used.

For the average cottage-size house the main front walk should be at least three and a half feet wide. Walks in the service area don't have to be quite so wide—15 to 18 inches is wide enough. Slick surfaces on walks are dangerous during cold or wet weather, so keep them rough enough to get a good foothold in bad weather.

**"MOTHER AND FATHER" DAY TO BE OBSERVED THURSDAY**

Parents of the football team will be honored guests and will be recognized in the half-time ceremonies Thursday afternoon at the Armistice day football game between the Morton Indians and Muleshoe Yellow-Jackets.

Special seating space will be placed on the side-line beside the coaches and football team for the parents.

**WHY THE BLOOD?**

Before you read this article would you get your Bible and read I Pet. 1: 13:21. In considering this subject may we do it carefully and prayerfully that the very strength of Gods word will find it's way into our hearts.

This question, "Why did Jesus have to shed his blood on the Cross?" has been an outstanding question in the minds of men for years past. First may we keep in mind that, "life is in the blood." Without blood there would be no life for you or I. To drain the blood from our bodies would be to drain our lives away. We are told in Gen. 9:4 Deu. 12:23 Lev. 17:14 and many other places in the Bible that the life of the flesh is the blood there of. We have been given permission to eat the flesh of animals for meat but we have been warned not to eat the blood of the flesh, because the blood is the life.

It also takes shedding of blood to protect life. When we find a real protection for life, we find that blood has been sacrificed. Adam and Eve in the beginning tried to make amends for their transgression by sewing fig leaves together but they failed. That was not acceptable with God, even tho it might have served the purpose as far as they were concerned. God made for them coats of skin from animals. That old sheep or what ever it was, had to give the blood in the sacrifice for the covering. A similar thing happened in Egypt just before the children of Isarel left there. Blood was sacrificed that the people might have it to put on the door post that the destroying Angel would pass over them that night. The blood was essential on that occasion, for if it had not been for the blood the first born of every home would have been taken. So it is with my life and yours. If there is not an application of the blood, destruction is certain.

Through the blood we live with Christ. In the scripture that I referred to, we find that it is certain that we are not redeemed with corruptable things, such as

silver and gold but with the precious blood of Christ. Why then did Christ have to shed his blood? That you and I might receive the forgiveness of sin. Paul said that almost all things were by the law purged with blood and without the shedding of blood there was no remission. Paul stated in the Ephesian letter that we have Redemption and Forgiveness through the blood of Christ. John stated in Revelations that those that he saw were those that had come through great tribulation and had their robes made white in the blood of the Lamb. Yes, my salvation dates back to the cross and so does yours. The person that does not have salvation has not had an application of the blood. May we go back to the cross and there meet the Saviour.

An old man never knows whether he is four feet from a million dollars or a million feet from four dollars.
