"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, NOV. 25, 1948.

NUMBER 39.

## Gifts For Families of Hospitalized Veterans To Be Collected Dec. 2nd.

Unanimous approval was given to the motion that "Open House" be held at the Veterans Hall December 2 for the purpose of collecting gifts for families of hospitalized veterans, according to Post Commander Homer E. Thompson.

Each family may bring one or more gifts, not to exceed one dollar in value, and not wrapped. The gifts will be shipped to hospitals where the veteran can choose the gifts he wishes for his wife or children.

The selected presents will be sent to the person designated by the service men. Gifts should be appropriate for children and wives.

Other business discussed at the meeting included the proposed state bonus for Texas veterans. The local Post voiced approval of the resolution adopted in Big Spring to submit favorable recommendations to the Legislature. In turn, the Legislature will submit the legislation to the people for approval or rejection by popular vote.

Federal pensions for all veterans was also discussed. Spanish

American War veterans receive a federal bonus of \$60.00 per month after they reach the age of 55; \$75.00 per month when they become 65. This would apply to veterans of both world wars. This is one of the first things on the docket of the Department Commander of the American Legion to approach the next Legislature with, Thompson said.

Another issue discussed at the meeting was in regard to benefits to the veteran's family after his death. This is especially true of World War II veterans who dies of service injury. At present, his family receives none of the money.

## Two New Wells Announced for Cochran County

Drilling schedules for two new wells in Cochran county have been received:

Stanolind No. 2 J. F. Edwards, 660 feet from north and 528 feet from west lines of section 13, block L. psy survey, rotary, 10,700 feet depth, Landon-Strawn field, starting at once.

Wide and Hawkins, No. 1 F. O. Masten, 440 feet from north and east lines of labor 11, league 152, Randall CSL survey, rotary, 5,000 feet depth, Levelland field, in drilling process.

One producer has been reported. It is Ralph Love No. 7 Veal, 440 feet from north and east lines of tract 7, league 144, Potter CSL survey. The well flowed six hours through a one-half inch choke to show a 24-hour potential of 198.72 barrels of oil, with no water and a gas-oil ratio of 314.1.

The 31 gravity oil came from the section at 4,885-2,969 feet, after being treated with 9,000 gallons of acid.

MRS. ROY HICKMAN left Monday afternoon for Dimmitt, Texas to be with a sister in law who is ill.

## Geneva Famuliner, J. B. Nicewarner Married In Lubbock

Miss Geneva Famuliner and Mr. J. B. Nicewarner were married Saturday evening, November 21 in the study of First Methodist Church, Lubbock. Rev. Robinson pastor, officiated.

The couple was attended by her sister, Mrs. H. F. Barrett and Mr. Barrett of Lubbock.

The bride wore a grey suit with black accessories and her bridal corsage was an arrangement of orchids. For something old and borrowed" she wore an Italian cut cameo locket belonging to Mrs. Elizabeth Greer something "new and blue" was the linen handkerchief she carried. She wore "lucky" pennies in her shoes.

Mr. and Mrs. Nicewarner are at home here after a wedding trip to Carrollton, Missouri, where they visited her parents, Mr. and Mrs. G. W. Famuliner. The Famuliner family formerly lived in Morton.

Mr. Nicewarner is vice-president of Morton's First State Bank.

ENMC President To Judge Morton High School Beauty Contestants

Floyd D. Golden, President of Eastern New Mexico College has accepted an invitation to select Beauty Queen of Morton High School from portraits of the seven contestants, according to Gene Williamson, member of the War Whoop staff.

Those in the contest are: Bienda Evans, Juanice Cooper, Jean Alford, Billie June Davis, Martha Wood, Peggy Lilljedahl, Nell Brown, Frances Peters, Anelle Jones, Nelda Joye Childs, and Audrey Faye Kelly. The publicity department of ENMC announced over KICA, Clovis, last week that President Golden was judging the Morton Beauties from photographs and would come to Morton Friday night, December 3, to personally crown the queen.

In a letter to Mrs. Danforth, sponsor of the War Whoop, President Golden said, "I shall be delighted and consider it an honor to have the privilege of selecting your Queen and attendants..." "I shall spend plenty of time and the talent I have in choosing the Queen and attendants," he added.

The college President also mentioned in the letter that he would bring a group of music students to render a program preceding the coronation.

"We have several students here from Morton and I shall contact them to see if they would like to attend this great occasion."

The crowning ceremony will begin at 7 o'clock p. m. in the school auditorium. Admission

## VFW Sponsoring Dance Sat. Night

Veterans of Foreign Wars are sponsoring a dance at Veterans Hall, Saturday night, November 27th.

Old Hank and his Cowhands of Radio Station KSEL will furnish the music.

The dance starts at eight o'clock. Everyone cordially invited to attend. Proceeds to be used in VFW welfare program.

## Officers School Completed By Herman Crockett

Deputy Sheriff Herman Crockett, Sheriff-elect of Cochran County, has just completed a two-weeks "Officers School" at Camp Mabry, Austin.

This school was conducted by the Texas Department of Public Safety, and co-sponsored by the Texas Sheriff's Association. In this school sheriffs-elect and their deputies had an opportunity to learn the latest techniques and procedures in scientific phases of criminal investigations. Laws of arrest, rules of evidence, civil rights, policing in disaster areas, juvenile control, fingerprinting and many other subjects were discussed.

Representatives from other state and Federal Police Organizations participated in the school and served as instructors to acquaint the sheriffs with a well rounded knowledge of his duties.

A. H. Freeman, Sheriff-elect of Bailey County and Deputy Sheriff J. W. Styles, Seymour, were among those attending the school.

## Closing Dates for Morton Schools Announced

School closing dates for Morton schools for Thanksgiving and Christmas holidays have been announced by school officials.

Students will have a four-day holiday, counting Saturday and Sunday, for Thanksgiving; Wednesday, November 24, until the following Monday.

Ten days have been allowed for the Christmas holidays, from Friday, December 17 until Tuesday, December 28.

## Better and More Merchandise On Shelves For Christmas Shoppers

Have you taken a good look at the calendar recently? If not, it might not be a bad idea to look and then count the shopping days until Christmas.

According to calendars, there are only 25 shopping days until Christmas as of today (Thursday). And that isn't very long when one considers how fast time flies.

Morton merchants are already feeling the effects of holiday shopping. One store reported that shopping for Christmas merchandise doesn't begin on a large scale until after Thanksgiving but this year is proving to be the different.

Merchandise is far better this year than any time during and since the war was the general opinion given by a large majority of the merchants. Toys, jewelry, clothes, electrical appliances, furniture. All are better.

**Variety in Toyland**

Children will be interested in knowing that Santa Claus will have a great variety of toys from which to choose this year. And many of them are so much better and more realistic than in years past.

And parents will be interested in knowing that the prices of many of the toys are much lower—on the average—than they have been in years past.

Morton jewelers report that their merchandise is more attractive and of a better class than in previous years. Many lay-aways are being reported in this business.

Electrical appliances are in great variety this year. Waffle irons, radios, phonographs, toasters and all the rest are to be found in even greater numbers than last year.

And, from all reports, none of this merchandise is sitting idly

on the shelves. It is moving out in large numbers. In fact, some numbers have been sold out—and Christmas still is 25 shopping days away.

**Many Shopping Early**

"Don't think we don't appreciate this early shopping," one Morton merchant said, as he surveyed his crowded store. "People formerly waited until the last three days before Christmas before they decided to do their shopping."

"It's different now and are we glad?" The merchants were all of the same opinion. "Do your shopping now and you will have a much better selection from which to choose. And think of the worrying you won't have to do."

Taking it as a whole, Christmas merchandise seems to be far superior than any previous year, and a larger selection from which to choose may be seen. Prices, on the average, will be about the same.

But don't forget—25 shopping days until Christmas.

## Legion Auxiliary Called Meeting To Be Held Monday

Mrs. Jim Gast, American Legion Auxiliary President, has called a meeting of the Auxiliary for Monday night, November 29, seven thirty o'clock at Veterans Hall.

Mrs. Gast asked especially that all officers as well as members attend this important meeting. Plans will be completed and committees assigned for the Christmas party to be held at Veterans Hall December 2.

## State Attorneys Studying Railroad Commission Order to Shut In 17 Big Texas Oil Fields For Waste of Gas

State attorneys are busy studying the still incomplete Railroad Commission order designated to shut in 17 big Texas oil fields for alleged wasteful gas flaring. Included among the fields are the Levelland Slaughter pools in Cochran and Hockley counties.

Railroad Commissioner Ernest O. Thompson told a statewide oil hearing in Austin that the orders—which the commission authorized last week—are still in preparation.

They will be written as separate orders to apply individually to each of the fields affected, Thompson said.

The exact meaning of the shut in order is not clear. Oil men have been in session with members of the Railroad Commission frequently since Thompson began the plans for stopping production where flaring is alleged. Operators, in session with the Railroad Commission, have formed the opinion there will be no wholesale shut in, as was indicated in the first announcement of closing Olin Culberson issued a statement saying, "I am agreeable to stopping of this waste in such fields as the re-

ords show that no attempts have been made to correct such wastage." Operators took this to mean that if efforts were made to check waste no stoppage for the entire field would be forthcoming.

A year ago the Seelingson field was closed down and the case immediately was thrown into court. One opinion was that the Railroad Commission was out of bounds entirely, having no business in interfering with production of so vital a product. The Supreme Court judged finally that the Commission had full conservation power, even to shutting down fields, but can require operators to do only such things as are reasonable and economically feasible.

This phraseology leaves a major loop-hole for operators. A court ruling on just what is economical and reasonable seems certain. Many operators have been conserving gas waste for quite a while but they have a strong argument when it comes to pumping the gas back into the ground. The high cost and scarcity of steel is almost prohibitive; neither does it seem feasible to construct refineries in sufficient number to process the waste gas for commercial use. The cost of enough pipe lines to carry the gas from the fields to users on the east coast is staggering to the imagination.

Oil men seem of the opinion that the Commission will not close any field where an effort is made to conserve the gas that is now being flared.

## V. F. W. Football Team Began Practice Friday

Members of the V. F. W. football team held a practice session on the local field Friday afternoon in preparation for the Vets Exes game Thanksgiving afternoon.

Fred Morrison, coach of the Vets, announced that practice sessions will be held at 6:00 o'clock the first three afternoons of this week. Last week the team was looking for a coach, now Coach Morrison is looking for players. He would like to have two full squads in suits Thursday.

Morton High School is to provide the suits for all players, but no guarantee has been given for a perfect fit. Some of the ex-Indian players have put on a bit of weight; and some of the vets are rather stout, too.

Coach Morrison has not picked his line-up; that will probably be done at one of the practice sessions this week.

Melvin Crawford, coach for the exes, has not announced his starting line-up and it is not known how many players he expects to have for the game.

## Funeral Services Held Nov. 13 For Miss Mary Collins

Funeral services were held at Singleton Chapel Saturday afternoon, November 13, for Miss Mary Gertrude Collins, 48. Interment was in Morton Cemetery.

Miss Collins was found dead in her home on the morning of November 11. Her death was due to congestive heart failure, according to Dr. Frank Barker and Judge Alvin O'Pry, who conducted an inquest.

Miss Collins had lived in Morton fourteen years and had worked as housekeeper for different families during that time. She was employed at the time of her death by the D. C. Bowman family. She owned her home here.

Survivors include: Mr. and Mrs. F. W. Stewart, Monahans, Texas; Mr. and Mrs. H. L. Collins, Enid, Oklahoma; Mr. and Mrs. M. H. Collins, Andrews, Texas; Mr. and Mrs. O. O. Collins, San Juan, N. M.; Joe Collins, Midland, Texas; Mrs. Mamie Gibboid, Ft. Worth, Texas; Mr. and Mrs. Wes Worley, Dattel, N. M.; Mr. and Mrs. Verna Ward, Medford, Oregon.

## W. W. WILLIAMSON REPORTED IN IMPROVED CONDITION

W. W. Williamson was reported in an improved condition Tuesday. He became ill Sunday night and was taken to West Plains Hospital but was able to leave the hospital Monday.

## Public Invited To American Legion-Auxiliary Christmas Party Dec. 2nd.

The American Legion and Auxiliary will hold "open house" in a joint meeting Thursday night, December 2 at Veterans Hall. This is the annual Christmas party and the general public is cordially invited to attend.

There will be no admission charge but guests are requested to bring a gift—all types of gifts suitable for men, women and children, are solicited.

These gifts will be forwarded to Veterans Hospital at Waco, Texas. Patients in the hospital will select from these gifts, Christmas presents to be sent by them to members of their families.

Many of the patients in Veterans hospitals or either too ill or not financially able to shop for gifts for their family; so as one of their many projects to aid the veteran, the Legion and Auxiliary make an attempt each year to provide the disabled veteran with a selection of gifts from which to make his choice.

These gifts are furnished without charge to the veteran. Any gift one would select for a member of his own family will make a suitable selection to send for the gift shop at veterans hospital.

In the lives of all sick people there are many hours of loneliness and despair. No human being can erase all those hours, but in every VA hospital in Texas, there are Legionnaires and Auxiliary women who are trying to make them fever and brighter for the hospitalized veteran.

**COME, LET US BE THANKFUL**

### THANKSGIVING

by Joseph McSorley

For how many gifts I owe You thanks, O God!  
And what boundless thanks I owe You  
For coming down to earth!  
They say that the poet  
May claim a license to exaggerate,  
And the lover may go beyond the bounds  
Of logic and strict reason,  
Because they need this greater liberty  
In order to express beautiful thoughts.  
Noble feelings.  
But no poet and no lover  
Could have so great a need as I.  
Indeed, even with all barriers of convention thrown down,  
And with all the limits of custom overstepped,  
I am still unable to frame in human speech  
An adequate Thanksgiving to You.  
May I forego no opportunity of thanking You  
In word or in deed!  
At morning, at noon, at night, with every breath I draw,  
With every heartbeat—In fair weather and foul,  
In calm and in storm,—Whether things go well or ill,  
When I am called upon to labor diligently,  
Again when I must patiently wait,  
Still again when it is my duty to suffer  
Trials or disappointments, afflictions or temptations.  
May I, in all these varying circumstances,  
Do as I am now resolved to do—  
Show my gratitude to You Who came upon earth  
Out of love for me and other sinners!  
May I offer my thanks—In the one only way,  
That is possible for me—By making Your Will my own!

### Pen And Pencil Sets Are Being Offered For Sale

In an effort to retire financial obligations already incurred by the local Legion Post, pen and pencil sets are being offered for sale.

Commander Thompson is justly proud of these sets. They are the well-known "Secretary" brand and are nationally advertised at \$11.00 for the set. Both pen and pencil are gold filled and have a life-time guarantee.

Wholesale buying has permitted a drastic reduction in the usual price. The set can be purchased for \$5.00 from the Post Commander or Service Officer.

Profit from the sale of the sets will go into the Legion fund to pay for expenses incidental to burial of veterans, for flowers and maintenance of the Legion Hall.

### U. S. Civil Service Examinations Announced

The United States Civil Service Commission today announced the following examination: Personnel Officer; Apprenticeship Representative; Highway Engineer, Trainee; and Junior Hand Compositor and Printer, Hand Compositor.

The Personnel Officer examination is for filling the following kinds of positions in various Federal agencies in Washington, D. C., and vicinity: Personnel Officer, Personnel Assistant, Employee Relations Officer, Employee Relations Assistant, Employee Counselor, Personnel Rating Examiner, Position Classifier, Placement Officer, Placement Assistant, Occupational Analyst, and Salary and Wage Analyst. The salaries range from \$3,727 to \$6,235 a year. To qualify, applicants must have had 3 years of experience in general personnel administration or closely related work and from 1 to 3 years in specialized phases of personnel work. Pertinent college study may be substituted for the general experience. No written test is required.

The positions to be filled from the Apprenticeship Representative examination are as follows: Apprenticeship Officer, and Apprenticeship Standards Examiner. The positions, which pay from \$3,727 to \$7,432 a year, are located in Washington, D. C., and throughout the country. No written test is required but applicants must have had from 4 to 6 years of experience involving work in the apprenticeship trades, part of which must have been responsible experience in the development or administration of apprenticeship. For the position of Apprenticeship Standards Examiner, applicants are required to submit with their applications a 500 word statement setting forth their reasons for believing their experience qualifies them for apprenticeship work.

The highway engineer, trainee, positions pay \$2,498 to \$2,974 a year and are located in Washington, D. C., and throughout the country. Applicants for these positions must pass a written examination. In addition, for the two lower grade positions, they must have had either 2 or 3 years of college study leading to a bachelor's degree in civil engineering. For the \$2,974 positions, they must (a) have completed a standard professional engineering curriculum in civil engineering or (b) have had 4 years of experience in civil engineering, or (c) have had any time equivalent combination of education and experience. Applications will be accepted from students who expect to complete the required amount of study not later than September 30, 1949.

### This Tastes Good

**Celery Walnut Stuffing**  
3 qts. toasted bread crumbs  
1 1/2 cups chicken stock  
3 eggs  
1 cup butter or margarine  
1 cup chopped onion  
1 cup chopped parsley  
1 tablespoon salt  
1/2 teaspoon pepper  
2 cups chopped celery  
1 1/3 cups chopped walnuts  
1/2 cup chopped pimento  
Moisten bread with chicken stock. Beat eggs and add to bread. Melt butter or margarine and saute a minute. Add to bread mixture with parsley, salt, pepper, celery, walnuts and pimento. Stuff turkey lightly. This will stuff a 12-pound turkey.

### Timely Tips

**Extension Food Specialists**  
Texas A. and M. College

1. With the left over Thanksgiving food make—  
A tender crusted pie, piping hot from the oven.  
A savory casserole with vegetables topped with tiny biscuits.  
Baked hash fragrant with onions, garnished with parsley.  
Golden brown croquettes, crispy and delicious.
2. Serve pumpkin in fall meals; use it, of course, for pies—but try it, too, for custards, for cookies, for delicately flavored casserole dishes.

**Prospects Brighter This Year For Turkey Growers**

Things look better this year for turkey growers. The turkey situation at present is putting turkey raisers in Texas in a slightly better place than they were last year at this time.

This is the year turkey producers get a fair price for the birds. And this year the feed costs were a little less than last, says the extension poultry husbandman, Ted Martin, of Texas A. and M. College.

There were fewer turkeys produced this year than were last, and this year's turkey crop is better quality stock because of better breeding, feeding and general management.

Turkey producers should make their plans now for next season because the turkey hatcheries can do a better job of planning if they can check on the number of advance bookings. Chicken hatcheries like very much to have early bookings, and the turkey hatcheries are no different, says Martin.

Quite a large number of high quality turkey eggs are shipped out of Texas, and the turkey growers have to compete against them at marketing time. So it's a good idea to book the turkey poulters early in order to get the best quality birds.

Martin says to make your deal with the hatcheryman early, even though you don't plan on getting your poulters until later in the season. It will pay to check now to be sure of your poulters when you want them. And, while you're getting poulters, get the best. Buy them from producers that have high quality birds free from disease.

Poults from flocks that haven't been tested for pullorum disease are more apt to die than the ones tested. Here are several points to look for in parent stock when selecting poulters: be sure the parent stock has been selected for quick maturity, fast feathering, and good fleshing.

In other words, says Martin, a bird with lots of meat will make for a better turkey industry in Texas.

So start planning now for next seasons turkey production.

**Advisory Highway Speed Sign to Soon Make Appearance**

AUSTIN—A new type of highway sign, an advisory speed sign designed to aid in traffic safety, will soon make its appearance on Texas main highways. Part of the Texas Highway Department's program of speed zoning, the new sign will advise motorists of the maximum safe and comfortable speed on curves and turns which are not considered safe to travel at speeds above 50mph. It will be a sign with a yellow background

and black numerals and letters. The speed indicated on the sign is not the maximum at which a turn may be taken, but is the maximum at which the average car can make the turn without an uncomfortable side-throw of its passengers and still stay on its side of the road.

The speed indicated is calculated by the use of a Ball-Bank indicator, an aircraft device which measures the degree of

force in any turn. Highway Department test drivers will try each turn at increasing speeds until the maximum is determined.

The Governor's Highway Safety Conference held this spring recommended that the Texas Department institute a program of speed zoning and marking curves with safe speeds, and the new signs are a result of that recommendation.

**Pecans Go Nicely With Cold Days By The Fireside**

Whether they are canned, frozen or in the shell, pecans go nicely with cold evenings by the fireside. And, if you intend to store any of this year's big crop of pecans, don't wait too long to get started. This information comes from Lucile Shultz, extension food preservation specialist of Texas A. and M. College.

Waiting too long before putting them away might give the pecans a chance to get rancid. So for best results, store them before January.

Freshly shelled pecans may be packaged in cellophane bags, tin cans, freezer jars, or heavily waxed cartons. Seal the container and store at 0 degrees F. in a home freezer or a commercial locker. No heating is necessary when freezing pecans.

If you're canning pecans, they should be shelled, sorted and cleaned of all the little bits of shell. Put pecans in a slow oven for a pre-heating treatment, but make sure they don't scorch. When done, pack the pecans to within an inch of the top of hot, dry jars, and drop in a piece of crumpled parchment paper to absorb the moisture.

Semi-seal the jars and put them in the pressure cooker. Adjust the lid and clamp. Leave the pet-cock open for seven minutes, or until you see the steam coming out. Close the cooker lid and raise the pressure to five pounds. Release it immediately to bring out the moisture, and, at the same time, create a vacuum inside the jar.

Take the jars out of the pressure cooker and complete the sealing job. Wipe them dry and allow to cool before storing them on the pantry shelf. Now they're ready for eating.

If you'd rather leave the pecans in the shell, better store them below 32 degrees F.—and they will last as long as a year.

Whether frozen, canned or stored in the shell, says Miss Shultz, they'll taste mighty good these cold winter evenings or next spring.

**Better Reflection From Your Lamps Urges Specialist**

"If the light from lamps seem dim these longer evenings, look them over with the idea of getting better reflection," advises Bernice Claylor, extension home management specialist of Texas A. and M. College.

For example, dark colors absorb light, and so a lamp shade which is dark inside actually wastes light, she points out. A white paper lining, or a coat of white paint, or even white shoe polish on the inside may double or treble the light given off.

"The shape of the shade counts too," Mrs. Claylor says. "Wide, flaring shades give off more light than narrow shades with straight sides."

If you're planning on buying lamps, take into consideration the size of the shade and the height of the lamp. Table lamps need shades 14 to 16 inches across the bottom, and large floor lamps need shades 18 to 20 inches across the bottom.

A short floor lamp is usually better than a tall one. A lamp about 45 inches from the floor to the bottom of the shade is usually better than a tall one, because the source is nearer the book or other place where ample light is needed.

"A table lamp, used on a desk or reading table, is best when about 15 inches from table to the bottom of the shade," Mrs. Claylor concludes. "If it is taller the white lining of the shade may cause a glare in the eyes."

**Have You Heard These Things About the Church of Christ . . .**

You may have heard many rumors about the Church of Christ during your lifetime, but have you ever honestly investigated to learn if these things were true?

It is said that members of the Church of Christ are usually odd, backward people who cling to their religion because of their ignorance.

Others have told that the Church of Christ practices an over-emotional "hallelujah" type of "Holy Ghost deliverance" not based on intelligent reasons.

Another rumor heard is that we condemn all people to hell that do not "join our church" and accept "our brand" of religion.

Still worse is the claim that we accept only a bigoted, prejudiced interpretation of religion and will not reason with others as to our attitude in religion.

If these things were so the Church of Christ would have long since vanished from the face of the earth. Fortunately, these are only rumors spread to prejudice the minds of individuals against any truth that might be taught by the Church of Christ.

The Church of Christ is growing by "leaps and bounds" throughout the world and is recognized today as being the fastest growing religious body in Texas.

If you care to investigate our teachings we invite you to any and all of our services or you may write us for information.

## Riding Circle Around Whitefaces

by Art. N. Wall

A snappy football team known as the Cooper Pioneers stepped off of a school bus Friday evening the 12th, looked over Duggan field, and decided it layed perfect to do some Antelope hunting. Quite a bunch of Whiteface Antelopes were loping around one end of the field and the cold-eyed Pioneers seemed well pleased at the idea of dropping a few of them in their tracks. On interview the Pioneers stated briefly what their plans were. They said, "Our homes around Cooper are in none too good a shape. Building material is high. The cheap way to settle this problem we figure is to nail Antelope hides to the walls of our homes and thus keep the cold winter air out. Christmas, kids are going to be sucking pickled Antelope tails. For Thanksgiving we plan on eating baked Antelope ribs,—seasoned with Whiteface pep squad girls and for dessert "Tubbs" full of "Saulser" pie. Too, while we are eating this, the Whiteface band will be playing low music." Off times though well laid plans go astray. After the dust settled over Duggan field, the weary Pioneers headed for home with seven points in their credit while the galloping Antelopes ran up twenty-one.

Mr. J. B. Howell, farm boss for Stanolind Oil and Gas Co. returned from vacation to the company's Mallet "G" camp, last week-end and after spending Sunday visiting friends, left Mon-

day for Farmington, N. M. Mr. Howell will spend this winter in Farmington, looking after the company's interest there.

Last Saturday the 13th, Mr. Cecil Thompson received word that his brother in Stephenville, Texas had been critically injured in a car accident. Mr. Thompson, an employee of Stanolind Oil and Gas Co., left for Stephenville that day. He returned the 17th leaving his brother in an improved condition.

Mr. and Mrs. "Red" Stephenson, of Stephenson's drug is spending this week in East Texas. Mr. and Mrs. Stephenson are attending the reburial of Mrs. Stephenson's nephew whose remains were shipped from Germany.

PTA. Most generally held the third Thursday of each month at the Whiteface school cafeteria, was postponed the 18th due to bad weather. At this writing no meeting date has been set. This column will endeavor to inform its readers if a near-future meeting will be held as we will know that PTA is a progressive organization and should be well attended.

Due to Thanksgiving week, the monthly meeting of the Fellowship or mens' class, will not be held the last Wednesday of this month. This column will publish the date of the next meeting. The men of the Methodist Church sponsor this program.

Mr. and Mrs. Bud King of Roswell, N. M. were week-end guests in the home of the Clyde Williams' at the Stanolind Mallet "G" camp. Mr. King is foreman on the construction of the new Santa Fe depot that is being built in Roswell.

The Women's Missionary society of the Whiteface Methodist Church met at 2 p. m. Monday. Seven members were present. Mrs. J. H. Key was elected president. Mrs. A. J. Parsons, vice president. After the meeting, tea was served in the parsonage by the Rev. and Mrs. Patterson.

Side glances—That the big trucks parked in the middle of the streets in Whiteface may at noon hour prove hazardous if a school child should come from around one of those standing trucks into the path of an oncoming truck or car. That the need of school signs warning of children, along the graveled road to Morton hi-way from Whiteface Gulf Station is becoming greater.

Rumors—That when basketball season breaks open that the fans will be treated to a fast team from the Whiteface high school. That the Methodist church is soon to have a junior choir led by Miss Gale Webb with Miss Carrol Cooksey at the piano. That the dust storms are really giving our cotton crop a beating.

After thoughts—I heard an ex-cowpuncher, now seventy-two years old say the other day, "In them days that weren't no Lubbock. All twas that was one big store full of hawse feed and grub. Weren't no Plainview. No towns at all till you got to Amarillo. I and some hands was trailing about fifty head of hawses. Trailed them all the way from Northern New Mexico. We grazed them out on what is Levelland now. That was Spade's ranch grass then. I wanted to hang around and watch the Spade boys break out them fifty head of brones we brought them but I had to be hitting the trail for Northern New Mexico." Now how many of us "could hit the trail for Northern New Mexico" now days "hawse back" without later having to take a long rest from the ordeal. I for one am a "soft-tee". The ex-cowpuncher who said the above? Why Mr. Hayes B. Robbins of Whiteface.

A bad egg weighs less than a good egg.

## District Governor Doyle Jackson Visits Lions Club

District Governor Doyle D. Jackson of Lubbock visited Morton Lions Club Wednesday, November 17. Dr. Jackson was introduced by Lion C. M. Cravy, who presided at the meeting in the absence of President A. E. Sanders.

Lion Jackson enlivened the meeting with some humorous stories. He presented officers and the board of directors with pamphlets on "Lionism" of which he is the author. Dr. Jackson congratulated the members upon their splendid club and the cooperatively manner shown by the club in all civic improvement programs.

Lloyd Ponder of Odessa, field representative for Buford and Feinberg Architects and Engineering firm of Dallas, was introduced by Carl Ray. Mr. Ponder spoke briefly to the group on the rapid growth and development of the South Plains area.

Other visitors were Winard Buck, Lubbock, Melvin Crawford and Mrs. Carl England.

Members present were Lions Earl Crum, Glenn W. Thompson, P. B. Ramby, E. H. Timian, Lloyd C. Miller, C. M. Cravy, Carl Ray, L. W. Barrett, Walter L. Taylor, W. C. Wright, Hume Russell, Roy Hickman, Carl Macon, Tom Arna, Jr., R. C. Strickland, Bud Nairn, Andrew Essary, R. D. Ormand and David Todd.

## BOYCE HOUSE 'Gives You Texas'

Short name: Max Itz. He runs a tobacco shop in San Antonio.

San Antonio really abounds in the picturesque. Its sidewalk "characters" are colorful. One has long, thick hair like Buffalo Bill; he even has a mustache and goatee. He plays a fiddle but, instead of using a bow, picks it as though it were a guitar.

And there is a pencil vendor who looks like an Old Testament prophet; his beard is long and flowing, and his hair reaches six inches below his shoulders.

Desdemona had a home coming a while back. When that Eastland County town was in the midst of a rich oil field, things were exciting, even baseball games.

One day, an umpire made a decision that aroused a group who had bet on the game, so out on the field they came in such a threatening way that he reversed his ruling.

The next game, the same umpire made the group sore again and out they came once more. The umpire yanked a six-shooter from his hip pocket, marched them back to the sideline, dusted off the home plate and yelled, "Play ball!"

There was no more trouble.

Incidentally, Desdemona, after years of inactivity, is seeing wells drilling in every direction

seeking deeper sands than the one which produced during the boom of 1919-21. Maybe the old town will see a comeback.

**CHURCH SERVICES IN KOREA**  
 Charles Graham, Morton High  
 School graduate, son of Mr. and  
 Mrs. George Graham, Ruidoso,  
 New Mexico, and brother of  
 George Graham, Jr., Mrs. Babe  
 Vanlandingham and Miss Mary  
 Graham, wrote the following de-  
 scription of church services from  
 Korea, where he is stationed with  
 the U. S. Army.  
 (The following is a description  
 of the church in Korea written  
 by Charles Graham, a member  
 of Morton Church of Christ.)  
 Yesterday was the Lord's day  
 in Korea. In Seoul, the capital of  
 American occupied South Korea,  
 a group of Christians met to  
 worship God. It was a rather  
 small group since it represents a  
 nation with thirty million in-  
 habitants. But just as the nation  
 is young, so is the Church of  
 Christ in Korea.  
 Few American Christians have  
 ever heard the story behind this  
 small band of Christians. In fact,  
 few American Christians know  
 that there is a church here in  
 Korea at all. I didn't until I ar-  
 rived here.  
 Brother S. K. Dong is minister  
 to the church. Brother Dong alone  
 has a very interesting history  
 behind his life. I am sending a  
 copy of it along with this, told  
 in his own words.  
 Brother Dong, at the present  
 time, has no regular material  
 support coming from America.  
 Under the conditions he is work-  
 ing, I would say the job he is  
 doing is off to an exceptionally  
 good start. Even though the  
 work will never be finished it  
 could be made to grow much  
 faster than it is. It just needs a  
 little more support from America.  
 The church meets in a one  
 room building. That room is ap-  
 proximately 18x25 feet. In front  
 of the room is a platform where  
 the preacher delivers his ser-  
 mons. A small table serves for  
 both the Lord's Table and the  
 rostrum. The chairs number  
 about ten. This is no inconveni-  
 ence though because the people  
 sit on the floor.  
 The people take their shoes off  
 before they enter the building.  
 This is not because they think  
 something is holy inside but it  
 is a custom practiced in the  
 Korean home. It is very easy to  
 get the shoes mixed up and even  
 though I did get the small end  
 of the trade one Sunday morning  
 after services, I can't find any-  
 thing scripturally wrong with  
 the custom.  
 Brother Dong has recently con-  
 verted a Protestant preacher and

in turn converted part of his  
 congregation. They are tempo-  
 rarily meeting in a school build-  
 ing.  
 There are a number of things  
 that have crept into the worship  
 services. Women leading in pray-  
 er and individuals singing solos  
 before the congregation are a-  
 mong the outstanding errors.  
 They do not have much root  
 though and are well on the road  
 toward correction.  
 Many are the things that are  
 needed by this congregation as  
 well as this country. But by far  
 the first thing that is needed is  
 your prayers.

**Several Deaths  
 Usually Reported  
 From Gas Fumes**  
 AUSTIN—With the advent of  
 cold weather each year in this  
 State, several deaths are usually  
 reported, resulting from asphyxi-  
 ation by gas fumes in improperly  
 ventilated homes or sleeping  
 quarters.  
 Dr. Geo. W. Cox, State Health  
 Officer, has issued a warning in  
 this respect, emphasizing that it  
 is never safe to sleep in a tightly  
 closed room with a gas fire burn-  
 ing. Even if there are no gas  
 leaks, the air soon becomes vitia-  
 ted and unfit to breathe.  
 "When occupying a room in  
 which gas is burning, be sure  
 always to have at least one win-  
 dow or door open, to admit fresh  
 air," Dr. Cox said. "If the weather  
 is too cold to permit leaving an  
 open window in the room occu-  
 pied, then play safe by opening  
 a door into an adjoining room,  
 where a window can be opened."  
 Dr. Cox said he was prompted  
 to issue this warning early in  
 the season because of the fact  
 that thousands of new residents  
 in the State have come from dis-  
 tricts where they have been used  
 to burning coal, wood or oil, and  
 they do not know the dangers of  
 gas fumes in improperly ventila-  
 ted homes.  
 "Occupying a room heated by  
 an open gas flame, and at the  
 same time keeping the room  
 tightly closed, may prove disas-  
 trous the very first time it is tried,"  
 Dr. Cox said. "It is better not to  
 risk it even one time. Always be  
 sure that your room has plenty  
 of fresh air, but make doubly  
 sure when you have a gas fire  
 burning."

**Television on the Farm**  
 Buck Childs' home has become  
 mighty popular ever since he got  
 that television set—one of the few  
 sets in our town, outside of Andy's  
 Garden Tavern.  
 Not only do the kids stay home  
 nights, but the neighbors drop in  
 to see whatever's being telecast.  
 And Buck and the missus always  
 make them welcome, with a mellow  
 glass of beer or ale (with cider and  
 cookies for the youngsters).  
 While I guess everyone admits  
 that television still has far to go,  
 it's not hard to see that it will some-  
 day be as much a part of American  
 home and farm life as the temper-  
 ate glass of beer that Buck serves,  
 and the hospitality that goes with it.  
 And from where I sit, anything  
 that adds to gracious living in  
 America—brings folks together for  
 temperate, quiet entertainment—  
 is a boon to this home-loving land  
 of ours. (We're thinking of buying  
 a television set ourselves!)

**Postal Rates To  
 Go Up, Effective  
 January 1, 1949**  
 In accordance with an act of  
 the 80th Congress, postal rates  
 will be increased, effective Janu-  
 ary 1, 1949, according to postal  
 authorities.  
 The increase will be on air  
 mail, third-class matter, fourth  
 class, special delivery, money or-  
 der fees, postal notes, domestic  
 registered mail and registered  
 receipts. There will be no in-  
 crease on ordinary first-class let-  
 ter mail or on the government  
 postal cards.  
 Air mail will go from five  
 cents to six cents, with an 8-  
 ounce limit. Under the new prices,  
 postal cards may be air-mailed  
 for four cents. In other words,  
 you place a three-cent stamp on  
 a government postal and send it  
 via air-mail, marking it "air-  
 mail."  
 Special delivery will jump  
 from 13 cents to 15 cents, up to  
 two pounds; from two pounds to  
 ten pounds, from 20 to 25 cents,  
 and over 10 pounds, from 25 to  
 28 cents.  
 Money order fees will be cut  
 from eight to four divisions, with  
 new fees of 10c, 15c, 25c and 35c,  
 an increase of four cents in each  
 division.  
 Postal notes will increase from  
 5c to 8c, up to \$10.00.  
 Fourth class, or parcel post,  
 will be increased according to  
 zones.  
 Domestic registered mail shows  
 an average increase of 10c and  
 returned receipts on registered  
 mail an increase of one cent.  
 These new prices will go into  
 effect on New Year's Day, Janu-  
 ary 1, 1949.

**DOES GOVERNMENT MANAGEMENT WORK?**

For a decade before World War II, France was moving toward control and management of her major industries. Private employers were unduly criticized. The profit system was represented as being abused. There were those who apparently found it easy to forment confusion and strife. Employees were set against employers. Production went down standards of living went lower and lower. The security of France became doubtful, as dangers arose. Then came the attack from Hitler. France fell quickly. Her divided condition, her hatreds and factionalism, made defense feeble and weak. Then five years later, liberation came. France again established her own government. But industrial confusion was still everywhere. Employers were so discredited by the propagandists that production couldn't get going. Things kept moving slow, and the public was more dissatisfied than ever.

**From Chaos to Worse**  
 The trouble that the French people in general, tattered by the propagandists, couldn't get down to straight thinking. The public wanted more and more for doing less and less. The call for government to take over major industries became louder and louder. People finally decided that order could be brought out of chaos only by the government taking over industries.

Certain industries were therefore taken over in 1945 and 1946. One of these was the coal industry, in which the government took over ownership of the mines. It employed the management, and hired all the workers. The government was placed in full and complete control. Then, time

passed. Now, after about three years of government ownership and management of French coal mines, we have an opportunity to weigh results. What has happened?

**No Happy Family**  
 You have perhaps read the news in recent weeks. Government employed miners went out on strike against their government employer. These government employees so seriously damaged government owned mines that government soldiers had to be sent out to protect the property and the mines. You might think that under Socialism, everybody would be just one happy family.

Not at all. Fighting has been going on between the government miners and the government soldiers. Property has been so damaged that some mines cannot be reopened for many months at best. Lives have been lost in the fighting, and many persons wounded. All this at a time when France is in a critical hour, when her people need coal and fuel. This is all wrong, and it certainly proves that government management cannot insure industrial peace.

**Keep Industry Safe**  
 There are other important observations. Very important is the fact that government ownership and management of mines did not increase production per man day. On the other hand, 4 million tons of coal have been lost, and the price has risen about 50 per cent. This has led to the diversion of 19 million Marshall Plan dollars from other purposes, to buy fuel for the French people. France is worse off than before.

Many who wanted government management are still not satisfied. Many of them are promoting a Communist state, now. That would happen in America. There is no indication that government management would work any better here. It is only a step toward Communism, which we do not want. Let us work in every way to preserve private management, a system which has helped America to achieve the highest wages and best living conditions ever known.

Food requirements of the Navy in 1941 were 1,000,000,000 (B) pounds; in 1945 they had risen to 5,700,000,000 (B) pounds.

**Home Economics Association Of Texas To Meet**

The family's problems of consumer buying has been the interest of the Texas Home Economics Association for 1948, and will be the program for the annual meeting November 26th in Dallas, announces Bess Edwards, extension district agent for Texas A. and M. College, and president of the Association.

Miss Edwards says the program for the annual meeting will include a "consumer speaks program" with specialists in foods, clothing and housing. Louise Mason, foods specialist for the Texas Extension Service; Rosa Jean Tannahill, Mary Hardin Baylor College, and Mrs. Leonard Maxey of North Texas State Teachers College, will present the panel.

A report of the National Conference on Family Life will be given by Mrs. Dora Russell, housing authority of Dallas, and a special feature on fashion by Mr. Edward Marcus of Dallas.

The Association's membership of nearly 800 will have representatives at this annual meeting of teachers, research workers, county home demonstration agents, and commercial and business home economists. The meeting will be in connection with the Texas State Teachers Association.

Nancy Lynn Webb, daughter of Mr. and Mrs. Lowell Webb and granddaughter of Mr. and Mrs. W. J. Weeks and Mr. and Mrs. C. W. Webb.

Nancy was born August 11, 1948 on the birthdate of Mrs. W. W. Williamson.

MRS. HOMER E. THOMPSON and son, BILL ED, spent the week-end in Lubbock visiting with friends and relatives.

Can't remember when we have seen anyone as excited as Shorty Moore was last week when he came in from a hunting trip in New Mexico with a big eight point, 200 pound deer. His friend and hunting companion, Leroy Perry, was equally thrilled with his nine pointer that weighed only a little less.

Just a few more days now until the time of giving and receiving. As a good giver, you choose with loving thoughtfulness gifts you hope will bring pleasure. And what's more fun than to shop for the ones you love?

But most of us forget those who aren't so privileged. Wouldn't it add a lot to our pleasure in Christmas if when we are buying for our own to include a little gift for some one less fortunate?

Our pastors and teachers know of many who do not have the means for daily necessities. Why don't we see to it that they too have a happy Christmas? After all it is more blessed to give than receive and really true love is expressed in giving—not in receiving.

Well! we didn't know whether to be embarrassed or pleased at Lions club last Wednesday. Dr.

Doyle D. Jackson, professor of something or other at Texas Tech and district deputy governor of lions, got up when introduced and after the usual compliments to the club, the food etcetera he said, "And you are to be congratulated upon having this young lady, I presume she is your secretary, as she certainly seems to be running things, and doing a good job of it."

Dr. Jackson made everyone feel good by telling some sophisticated jokes and not getting involved in a long winded speech. He is tall and sort of scrawny, has a pleasant speaking voice. BUT he intimidated her was at least forty years old—which we don't believe at all.

Barbara Aiken was up there helping her mama, Mrs. Earl Aiken, with the dinner. She is a chubby little blonde. We asked her age and she held up four fingers and as an afterthought held up ten fingers and said, "Next year I'll be this old and I can go to school, mama will make me some school dresses and take me to school in the car."

The "Scooter Set" have absolutely no inhibitions and the things they say as reported by their parents amuse us no end.

Lowell Hatcher, about four, was sort of disgusted because all the other boys at nursery school had "gul shiends" (Lowell has a little difficulty with some of his letters.) He finally decided on one, only to find the very next day she was sitting by some other little boy, so that afternoon when he got home he told his mother, "She can just sit by that other boy, I don't want her anyway."

James Robert Lively, darling little grandson of Mrs. Hattie B. Spotts, was quite ill with flu last week, and his absence from school was very disturbing to Missy Barker, Young Robert and his mother, Jean, are visiting here from their home in Washington, D. C., where Captain Lively is stationed with the Army.

Mrs. Jess Burns gave such an enlightening talk on "decorative textiles" and the use of colors in the home at the study club Wed-

Tribune, Morton, Cochran County, Texas, Thursday, Nov. 25, 1948

nesday afternoon that we were ashamed to go home.

Mrs. R. C. Strickland certainly surprised us by arriving at club on time and looking as if she had just stepped out of a band box. We had left her at 3 p. m. at the tailor shop, still in her work clothes. She gave a very good discussion on tapestries.

Goodness! after that dinner Thursday night we could hardly bend. First thing we know we will be crowing, chicken at Lions Club Wednesday and then turkey dinner Thursday night.

John Sullivan is some "42" player, we felt kind of sorry for all our partners as we certainly were blank. L. A. Cochran is a good player, too, but he made the mistake of changing cards with the spouse at head table as our partner and we both promptly went to the foot of the line.

Mrs. Sullivan, wife of Johnnie, looked mighty pretty in a black dress with embroidered ditty on the left of her blouse. Her earrings matched the embroidery in color and were very effective. They were amethyst—we think.

Mrs. Webb was wearing dark green with antique gold buttons and a brooch that was mighty pretty.

Mrs. Silvers, the champion, had on light green which was very becoming to her fair complexion and blonde hair.

Mrs. Virgil Riley had on a pretty black dress trimmed around the neck in vari-colored sequins. She has the friendliest smile.

Mrs. L. M. Baldwin's grey dress with gold embroidery on white trimming at neck and sleeves reminded us of a mandarin coat. She wears her hair cut becomingly short.

Mrs. Huggins, cute and little, was wearing a dark brown dress with raglan sleeves and peplum effect blouse. She had a white mum shoulder corsage and her slippers were green. Mrs. H. is president of the club and we thought for ages that her given name was R. L. until we saw it in print, it is Aureole.

Jewel Chesher was also wearing black, a lovely draped model. She and Lem are an attractive

couple.

No wonder we couldn't play the game—we were entirely too intrigued with all the pretty clothes—too full too we might add.

We may be prejudiced but we nearly always think the spouse about as good looking as any of the other men. Altho he doesn't chase the women, isn't a drunkard or gambler, he does have some bad habits such as hiding his dirty socks under the bed. Sometimes we sweep out eight or ten pair (depending on whether it has been 8 or 10 days since we swept) Then too, he collects buttons, hoping that eventually we will sew some shirts on them.

Bill H. told us that Fred Morrison was out practicing with the boys for the Thanksgiving football game and after several bad attempts he told the fellows they'd have to quit smoking—for fifteen minutes that is.

Last Friday was beautiful but practically everyone had to clean house following the sandstorm Thursday afternoon.

We hit on a pretty good stunt for washing curtains. After they are thoroughly clean dip them in thick starch and hang upside down on the line with the rod in place. This keeps the curtains reasonably straight and after they are completely dry a little pressing of the ruffles is all that is needed. Try it on your ironing board sometime.

**Mrs. B. M. Harris Honored At 4-H Club Luncheon**

Mrs. B. M. Harris, Plainview, was honored at a luncheon in the Hilton Hotel Saturday, November 20. Mrs. Harris has served District 2 as director for the Texas Home Demonstration Association for the past two years. Miss Kate Adele Hill, District Agent, introduced Mrs. Harris to the present and gave a brief summary of her contribution to 4-H Club work.

Mrs. Harris first became a local 4-H Club leader in 1931. She served as a local leader until she was elected district director for the T.H.D.A. During her term as director she has always had the good of 4-H'ers at heart and has encouraged the Home Demonstration Club women in District 2 to support 4-H Club work. She will serve as State 4-H Club Chairman for the next two years for the association.

The award was a silver spur clip pin with the 4-H emblem between the shanks. Mary Lew Crump, Chairman of District 2 4-H Club committee presented the pin in behalf of all the 4-H'ers in District 2.

Cochran County people attending the luncheon were: Katherine Fleener, 4-H Club runner-up in the Gold Star Contest, Mrs. C. C. Keith, chairman of the 4-H sponsors committee, Mrs. Rex Faulkner, chairman of the Cochran County Home Demonstration Council, Mrs. Frances Cunningham, sponsor for the Bledsoe 4-H Club girls and Miss Mabel Ann Manley, County Home Demonstration Agent.

Mrs. J. W. Pond—Reporter

Sunday School was well attended Sunday. The Primary Class gave some Thanksgiving poems and sang some songs.

Mr. and Mrs. Euel Prather spent part of last week visiting relatives at Lamesa.

Mr. and Mrs. Charlie Williams and son, spent the week-end with relatives at Ryan, Okla.

Mr. and Mrs. Lamone Keith and sons, from Muleshoe spent the week-end with the former's parents, Mr. and Mrs. L. C. Keith.

**LEHMAN H. D. CLUB**

Lehman H. D. Club met Wednesday afternoon, November 17 with Mrs. John Rhodes.

Concluding a business session a recreational period was enjoyed. This was followed by a discussion on trees and shrubs and their uses as wind breaks, by Miss Mabel Ann Manley, Cochran County Home Demonstration Agent.

Mrs. Paul Liles will host the club on December 15 for the annual Christmas party. It will be an all day affair. Each member is asked to bring a lunch. Secret pals will be disclosed during the exchange of gifts at this party.

Mrs. Rhodes served a delicious refreshment plate of sandwiches pie and cocoa to members and several children.

**COTTONSEED REVIEW**

The movement of cottonseed to crushing mills continued heavy during the week as generally good weather favored harvesting in west Texas and Oklahoma.

Cottonseed prices in Texas for wagon-lot seed f.o.b. gins increased slightly during the week, according to reports. Average price for the state was \$75.40 per ton compared with \$74.90 per ton last week. Prices ranged from \$75.00 per ton to \$85.00 per ton, the highest being paid in District 1 of Texas where movement is the heaviest. The average price in Oklahoma was \$75.60 per ton which is only slightly higher than the average of \$75.20 per ton last week. Gin prices ranged from \$60.00 per ton to \$85.00 per ton. Oil mill prices range from \$80.00 to \$85.00 per ton.

Cottonseed grades in Texas averaged 103.0 which is slightly better than the 102.5 average last week. In Oklahoma the state average was 101.0 compared with 101.5 last week. During the corresponding week last year the average grade for Texas was 103.5 and for Oklahoma 98.0.

10000 15000 20000

**It MAKES good sense to have your car serviced regularly.** The wise motorist makes it a habit to have his car lubricated every 1000 miles, and a complete "Physical Exam" every 5000 miles.

Take a look at your Ford's speedometer, today. If it's nearing a "5000" mile reading, bring it "home" to us for your Ford's "Physical"—which includes a thorough engine, ignition, electrical, wheel and brake check . . . and a complete inspection of the body, inside and out.

Make it a habit to let us check your Ford regularly to keep the top performance that's built into your car. It's the right way to catch the "little things" that can develop to make driving unsafe. You'll be surprised how much money you'll save throughout the life of your Ford, with regular Ford care.
