"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, JAN. 27, 1949.

NUMBER 48.

Cong. Mahon Named Head Of One Of Most Important Groups In Congress

WASHINGTON—Cong. George Mahon of Colorado City and Pueblo, representative of the 10th Congressional district, was named the head of one of the most important groups in Congress—the sub-committee of the House Appropriations committee which will handle the entire military budget for national defense.

His appointment as chairman of the five-man sub-committee was announced in the capitol by Chairman Clarence Cannon (D-Mo.) of the full House Appropriations committee, and marks a definite "move up" in authority of Congressional circles for the Texas congressman.

Post Is Important
His appointment marks the first time that one sub-committee will handle all appropriations for the entire armed forces.

Through Mahon's committee will come the requests of President Truman for fifteen billion dollars which is more than one-third of the entire national budget.

Cong. Mahon's appointment puts him in one of the most responsible positions in Congress and through his hands will pass requests for expending of the greatest amount of funds of any group in Congress.

On the way in which the chairman of the sub-committee conducts hearings, on the questions and answers at those sessions, will largely depend the future of planning for this nation's security. The House committee must function before the Senate and then the Senate can approve any fund spending.

Veteran In Congress
Cong. Mahon started his eighth successive term in Congress this month. He has served on several other important committees in the past.

Other members of the sub-committee which Cong. Mahon will head will be Congressmen Lee, Florida; Harry Sheppard,

Henry Bedwell To Sponsor Two Movies Saturday

A colorful program which will include the showing of two feature films in color and in sound has been arranged for farmers and their families in this community. This program, which will be held on Sat., Jan. 29, is sponsored by Henry B. Bedwell, local Minneapolis-Moline farm machinery dealer, and will be held in his place of business.

Special invitations were mailed out by the local dealer to farmers in this area inviting them to bring their families and their friends to enjoy the program.

One of the films, entitled "This Heritage of Ours," features the great episodes in the growth of America where freedom has always been a sacred heritage. In dramatic way, it takes the audience on a tour of places that live in history, including many made famous by the Oregon Trail, the Mormon Trail, the camp where gold was discovered in '49, and the Alamo, where a handful of brave men fought a great battle for freedom. This film also stresses the part agriculture has played in making America the great nation it is.

The second film, entitled "Reasons for the Seasons," is a story of the seasons, why they occur, and how they affect the lives of all living things on earth. This film is of particular interest to farmers who depend so much on the seasons for their livelihood. Colorful sequences is able to depict more effectively with the demands made by the seasons on him and his work.

In announcing the showing of these films, which are scheduled to begin at 1:30 P. M., Mr. Bedwell, owner, declared that the program that has been prepared will also include drawing for prizes—Free Coffee and Do-nuts will be served.

Tickets may be obtained at Bedwell Impl. Co. and in order to be eligible for prizes, tickets must be filled out with name and address. Tickets may be also obtained upon entering the building Saturday afternoon.

California; Albert Engel, Michigan, and Charles Pulumpley, Vermont.

Another Texan on the Appropriations committee was given the chairmanship of another sub-committee of importance.

Rep. Albert Thomas, Houston, was named chairman of the group to handle independent offices. The big units to come before Thomas' committee are atomic energy, Veterans administration, Maritime commission, Federal Communications commission, Federal Trade commission, which recently has had so much to say about the basing price system on freight, and the Tennessee Valley authority.

CONG. GEORGE MAHON

Arnn Motor Co. Announces Showing Of New 1949 Pontiac Sunday, Jan. 30

Arnn Motor Company, Pontiac dealer for Morton, announces the showing of the 1949 Pontiac Sunday, January 30, from 2:00 to 6:00 o'clock in the afternoon.

Sunday has been designated as the date for showing "the most beautiful thing on wheels" by Pontiac dealers all over the nation. The enormous publicity campaign will be launched from Waldorf-Astoria Hotel in New York and will be taken up by local dealers in every state.

Pontiac production has lagged in recent years but 1949 promises to provide a decided increase in the number of cars built. Demand for this car has always been steady, due to the outstanding features found in no other car. The optional Hydra-Matic transmission in Pontiacs has long been accepted as an outstanding feature of this car.

Harry J. Klinger, General Manager of Pontiac Motor Division says "Pontiac for 1949 offers new bodies, new frames, a great many new mechanical features and a new wheelbase."

The Torpedo Series has been discontinued and the Chiefline Series, an entirely new line of cars, takes its place. The Streamliner Series will continue its Series and will include new features proven to be desirable by extensive research.

American Legion Membership At All Time High

To date the American Legion has reached its all time peak in membership. The local Jesse R. Bond Post No. 374 has 182 members signed up to date. More members are joining up every day. Homer E. Thompson, Commander of the post is especially proud of this record and wishes to thank each and every one for their cooperation in this drive to make this membership drive a commendable affair. "It takes all of us working together to make this worth while organization click. Yes, we are getting out of the red in our finances but we still have a few current obligations all the time and some past obligations which are overdue. We are anxious to retire these obligations and respect of our creditors Thompson said.

"Many new members have signed up who have never belonged before. The regular meeting nights are the first and third Thursday of the month and all veterans are urged to attend. Important business is coming up and commands the attention of all veterans in the handling of funds. If you are not there to speak your rights then please don't speak unfavorably on the outside.

"We still live in a democratic country and we cherish this heritage. The majority is going to rule in deciding these matters involving veterans, whether or not it is in harmony with the commanders personal opinion.

"We have a good organization and its going to get better, our increasing membership has proven that fact. The participation of the members in this post is needed at all times to guide the functions and activities of this commendable organization.

Arnn Motor Company invites the public to attend the showing of the new Pontiac Sunday and next week when demonstrations of performance will be conducted. Qualified personnel will be on hand to answer any questions pertaining to the new 1949 Pontiac.

Rain, Snow And Sleet Falls In Cochran County

Rain last Saturday, snow and sleet Monday and Tuesday brought Morton and Cochran county's total precipitation to around 2.31 for January. It was reported from the Soil Conservation office here at five p. m. Tuesday. Sections of the county report more and some slightly less.

Fred Collins, Cochran county soil conservationist, said the month's moisture was the "soaking in" kind and would do the land more good than any previous rain received in sometime.

Farmers as well as business men had become pessimistic over chances for crops in 1949. The picture for good ground seasoning now looks much brighter.

The cold wave with accompanying moisture has been reported all over the country.

Most of Texas, parts of Oklahoma, Kansas and Nebraska received moisture Saturday from a blanket of moist air that moved up from the Gulf of Mexico and "overrode" a mild cold front that had spread over the Midwest and Southwest Thursday and Friday.

Farmers and ranchers were especially benefitted from the slow fall of rain which came on top of earlier moisture left behind by snow and sleet storms. The only voiced complaint to the precipitation was that unpaved rural roads were becoming almost impassable in spots, and difficult to travel in many other sections.

Drouth Now Broken
Assurance that South Plains' drouth of almost three years duration definitely is broken was sounded by Fred Collins, who said:

"Our drouth definitely has been broken. Most farmers report that the precipitation this month from rain, snow and sleet has penetrated from 9 to 12 inches into the ground.

"While there was little or no sub-moisture for the precipitation to meet below the surface, the South Plains has one of its best ground seasons it has had in a long time.

"We will need more rain to assure crops this year of course, but we have a fine moisture foundation laid for the future. More good rains between now and planting time would give this area an excellent season. The way our precipitation has fallen has been of especial benefit for almost all of it went into the ground. None was lost through runoff and the continued cloudiness has prevented heavy evaporation as is generally the case on the Plains.

GUEST SPEAKER
H. H. Homsley, superintendent of Three Way schools was guest speaker at Lions Club, Wednesday noon, January 26.

First Shipment Of 1949 Car License Plates Received, Go On Sale Feb. 1

The first shipment of 1200 passenger car licenses and 500 commercial licenses have been received by the tax assessor-collector's office and these tags will go on sale February 1, but cannot be put on vehicles until the first day of March.

Cochran County's registration tags will bear these designating letters and numerals: from AL 6550 to AL 7949, commercial trucks, MB 8650 to MB 8949 and farm trucks RB 8150 to RB 8449.

Truck tractors, farm tractors, trailers, house trailers and motorcycles tags will bear special designating letters.

Automobile registration has shown a steady increase, as indicated by the following records: 1946, 1800; 1947, 1922; 1948, 2,213, up to January 25, 1949 tags will be on sale through February.

Registration fees will be the same as last, \$7.56 for a 2,100-pound car to \$30.00 for a 6,000-pound car. Most passenger cars are of the 3,200-pound size and will register for \$11.52.

Registering a car and buying tags is simple, but many car owners fail to bring the necessary papers. Then the deputies cannot issue tags, and sometimes the car owner becomes angry.

Requirements Are Given
Here's what is needed to register a car:

1. Your certificate of title.
2. Your 1948 registration receipt.

Here's what is needed to register a car from out of state:

1. Your out of state title.
2. There's a joker: Out of state residents who come in to register a car between now and April 1 must also buy a 1948 tag for the duration of that period. But it won't cost much—from 63 cents on up.

Law On Licenses Strict
By long custom some automobile owners reserve certain numbers. It may be the person's telephone number or something similar.

That means a lot of extra record-keeping for the office, a lot of extra time for which the deputies don't get paid extra.

Motor vehicle owners must observe certain requirements, as set out by the motor vehicle division

of the Texas Highway department at Austin; before car papers can be accepted. These are:

1. Notary public acknowledgment must be complete and show seal—no blanks.
2. Titles on which erasures have been made cannot be accepted.
3. Current registration receipt must be attached to title.
4. Application for transfer of title and registration must be made within ten days after transfer of vehicle—or \$5 penalty on each delinquent transfer.
5. All title applications must be made with black ink or black typewriter ribbon.
6. Signature of owner and name of owner on application must be the same. If name is shown as John B. Doe, then signature must be same.
7. If assignment is by dealer, dealer's license number must be shown.
8. Title will be mailed to address shown on application.
9. A further warning is issued for the benefit of those who have new or reconditioned motors put in their cars: Application should be made at once for corrected title. In event of theft or disaster, it might speed recovery of the car or insurance.

Showing Of 1949 Chevrolet Well Attended Sat.

The welcome mat was out at Allsup Chevrolet Friday evening and Saturday and an estimated 2,000 persons passed into the show room to see the first showing of the 1949 Chevrolet.

A large portion of the shop section of the building was specially prepared for the display of the Styleline DeLuxe four door sedan. Visitors were greeted at the door by Roy Allsup, owner of the company, or by one of the employees.

Mrs. Ellie Barnard, bookkeeper for the concern, and Mrs. Al Mullinax, wife of an employee, were at the registration desk and David Weaver served coffee from a ten-gallon urn throughout the day. Cup cakes and soft drinks were provided for the kiddies.

Employees of Allsup Chevrolet were busy explaining the new features of the car and answering technical details pertaining to mechanical phases of the new Chevrolet.

A chilling drizzle began shortly after noon Saturday and visitors paused only for a few minutes before continuing their shopping. Mr. Allsup said the new car would not be offered for sale but would be retained as a demonstrator. Road demonstrations were planned for this week but bad weather continues and performance tests will likely be postponed.

Allsup Chevrolet Company began business in their present location in 1941 and the business is swiftly out growing the building. At present there are nine employees, other than Mr. Allsup, who is active in the business.

Visitors registered from neighboring towns but visitors from major towns were scarce, largely due to the fact that Saturday was "Chevrolet Day" for all dealers.

Out of town visitors registering included: J. K. Finnell, Zone Business Manager for General Motors and Mrs. Finnell, Oklahoma City; H. K. Palk, El Paso; O. K. and A. L. Anderson, Lubbock; Roy Derrica, Hobbs; J. R. Dashko, Hobbs; Mr. and Mrs. Joe Cole, Portales; A. B. Badgett, Winters; H. A. Sheldon, Caney; Kansas; H. J. Jobe, Bartlesville, Oklahoma; Guy J. Johnson, Livingston, Calif.; F. O. Masten, Sudan; Mrs. O. E. Duncan, Muleshoe and George Martin, Brownfield, as well as those from Whiteface, Lehman, Bledsoe, Pep, Maple, Enochs and neighboring New Mexico communities.

SMITH'S ANNIVERSARY SALE WELL RECEIVED
Roy Smith, of Smith's Furniture and Appliance Store, reported that the stores third anniversary sale has been well received by the public. The sale continues this week through Saturday.

MRS. WILLIAMSON ON VISIT
Mrs. W. W. Williamson is spending a few days this week in Estelina, Texas with her mother and visiting friends in Quanah.

AWARDS OFFERED IN SCHOOL DRIVE FOR MARCH OF DIMES

Three cash awards have been offered by Glenn W. Thompson and Mrs. Carl England, chairman and co-chairman respectively of the Cochran County March of Dimes, to the 3 rooms of Morton Public Schools collecting the largest amount of money for the March of Dimes.

Friday, January 28 has been designated as March of Dimes day in the local schools. Each child is requested to bring his contribution to the school Friday morning, also any donation any member of his family may wish to send.

The drive around Morton has lagged, due probably to bad weather the past few days keeping many at home. Collection jars placed in business houses around the square only contain a few small coins.

All funds obtained are divided equally between the local polio treasury and the National Foundation. Local funds are used exclusively for assistance to sufferers of polio in the community. Last year Cochran county reported five polio cases, four of these cases were aided by the local fund.

National Polio Foundation funds are used in research, education, and the training of per-

sonnel in the care of polio victims. Polio is liable to strike any where at anytime and is no respecter of age, race or circumstance.

Personal solicitations will be made this week-end around Morton's business firms in order to augment the funds collected in the jars. All firm managers are requested to have their donations ready or in the jars.

Veterans Asked To Wear Full Winter Uniform

All veterans in Cochran county are urged to participate in the military funeral of Sgt. V. G. Pierce, Jr., to be conducted here Friday afternoon under direction of American Legion and V. F. W. Posts of Morton.

Veterans are requested to be at Veterans Hall, Friday afternoon at one o'clock, January 28, in winter military uniform which consists of: wool O. D. shirt, khaki tie, O. D. pants and Eisenhower jacket or blouse, if weather is extremely cold a sweat shirt may be worn underneath.

High School Football Team Honored With Banquet By Quarterback Club

By Bill Harris
The Quarterback Club honored the High School football team with a banquet Monday night in the school cafeteria and despite near zero weather and snow a large crowd attended.

Immediately following the meal of Virginia baked ham with raisin sauce, boiled potatoes, buttered green beans and salad, with dessert of cake and ice cream, the letters were presented to 21 football players. Mr. Macon, superintendent, was scheduled to present the sweaters but hoarseness hampered his speech. Mr. Wendell Watson, high school principal was chosen to make awards.

"We are proud of our football team," Mr. Watson said. "I have never worked with a finer, cleaner bunch of boys than those seated here. There was no failing grade in any 6-weeks work for any member of the football team and about half of them made the honor roll," Mr. Watson continued.

The black sweaters with the gold "M" were presented to Glen Yeary, captain, Wayne Shafer, co-captain, Joe Coieman, Curt Rathbun, Bo Allsup, Corky Evans, Bill Ed McDaniel, Don Baldwin, Clarence Moore, Darwin Marshall, Waymon Mar-

shall, Jimmie Chapman, Leslie White, Verl Webb, Floyd Brundage, Waydell Hill, Ted Wood, Jimmie Winder, Charles Winder, Gene Williamson, Royce Smith, James Dewbre, and the two coaches, Crawford and Hart-graves.

Gold footballs were awarded to the following players: Billie Weaver, Darryl Bowman, Walter New, Melvin Cooper, Kirby Lackey, Tommy Bowman, Randall Redmond, Berley Taylor, Earl Roberts, Danny Key, Billie Brack, Harold Asten, Harold Corder, Don Lindsey, Kenneth Wynn, Mike Bolton, Charles Spenser, Worth Marshall, Otho Mills and Jackie Shipp.

M. C. Ledbetter, president of the Quarterback Club, presented individual trophies to five men who were named or mentioned for the All District team. In presenting the bronze trophies Mr. Ledbetter said, "On behalf of the Quarterback Club it gives me great pleasure to give these awards for being mentioned or named for the All District team."

Those receiving the individual awards were Wayne Shafer, Jimmie Winder, Bill Ed McDaniel, Glenn Yeary and Corky Evans. The ten-inch bronze trophy depicted a uniformed player posed in a passing position and carried the individual name and "M. H. S. '48" engraved on the base.

P. B. Ramby, on behalf of the Quarterback Club, presented Coach Melvin Crawford with a handsome leather traveling case and the coach presented a gift to the club president, M. C. Ledbetter, and to assistant coach Hart-graves.

The Quarterback Club was lavish with praise for the two coaches, and both coaches returned the compliment by expressing appreciation for what the Club had done for the team during the season.

The guest speaker of the evening, Frank Kimbrough, head coach of West Texas State Teachers College, Canyon, was introduced by M. C. Ledbetter. Mr. Kimbrough talked directly to the players, mixing humor and seriousness with sportsmanship and good citizenship. Mr. Kimbroughs theme was "Things That Make A Good Football Player", and he listed these things in three major categories; spirit, or desire to play, ability and size.

"When we work we make a living, when we play we make a life" the WTSTC coach said during the course of his address.

In concluding his address Coach Kimbrough quoted the poem inscribed on a plaque beneath Knute Rockne's picture displayed at Notre Dame and the essence of the verse is "If I can't be a winner, let me stand by the side of the road and watch the winners go by."

The concluding phase of the program was the showing of a color movie of WTSTC homecoming game last year with the University of Houston. Coach Kimbrough furnished the commentary during the film.

Cobb's January Clearance Sale Being Continued

Jack Rice, Manager of Cobb's Department Store, reported this week that response to Cobb's January clearance sale had been very good. In order to give patrons benefit of further savings the sale is being continued.

"We still have bargains in practically all lines with limitations only in sizes and colors" Rice said.

CRAWFORD AND MACON ARE RE-ELECTED TO POSITIONS
Carl Macon, Superintendent of Morton Public Schools and Melvin Crawford, Morton School coach, were re-elected at a recent school board meeting. The new two year term for Macon and Crawford begins in July 1949.

Purchasers Of Car License Plates May Get A Break With Passage Of New Bill

The fellow who drives miles to get his automobile license plates and then waits in line hours at the courthouse is going to get a break, if a bill introduced in the Texas Legislature becomes law.

The proposal, authored by Sen. W. A. Shofner of Bell County, would authorize the establishment of permanent automobile registration offices in an estimated 500 small towns and rural communities, in addition to county seats and large cities.

In all there would be approximately 1,000 places to register cars, compared now with 254 places—the courthouses.

Senator Shofner said his proposal would relieve county tax assessor-collectors of the burdensome duty of registering cars and handling title transfer papers. This duty would be turned over to responsible local business men in each community, who would be designated agents and be directly accountable to the State Highway Department.

Agents would be named for every town and community where deemed necessary. Large cities and in many cases, county seat towns, would have not one but several agents.

Senator Shofner said he had been assured that each designated agent would be a responsible local man with a place of business in a non-congested area, yet in a place convenient to the public.

"Passage of the bill will mean there will be virtually no more waiting in line and a minimum of travel to obtain license plates—even for persons living many

miles from the courthouse," he said.

The Bell County senator said his bill had the endorsement of every tax collector who was "fully acquainted" with what the bill will mean toward giving the public better service. He pointed out that the work of tax collector offices had greatly increased in years and this duty had no relation to the regular tax work.

He said he had been advised by E. J. Amey, director of the motor vehicle division of the State Highway Department, that his department favored the proposal because of two major advantages: (1) The public will be given better service at no additional administrative cost (agents will receive a fixed commission), and (2) The more efficient system will lead to greater and quicker recovery of stolen vehicles and prompt identification of vehicles involved in accidents.

Amey said the county's share of car license money that is used for county roads will not be less than now received and in some counties the amount will be more.

Texas Drouth Part Of Cycle Every 11 Years

The recent Texas drouth was part of a climatic cycle which can be expected to recur about every 11 or 12 years, says a University of Texas archaeologist who is interested in the relation between climatic change and human history in North America.

Alex D. Krieger, participant in a program on weather cycles at the recent Plains Archaeological conference in Lincoln, Neb., says drouths have recurred repeatedly for many centuries in the Great Plains states, and this information should be a sign-post to farmers to anticipate these changes in their crop planning.

He points to modern drouth periods in 1934-36, 1922-24, 1910-12, 1899-1901, and the 1880's as examples of climatic cycles which have had profound effects on American economy.

Establishment of the exact dates on climatic periods in North America during the past 25,000 years is one of the problems facing climatologists.

The archaeologist can date his finds through geological and other means, thus helping the climatologist to determine the date of climatic periods which changed life on this continent during the past 25,000 years, Krieger says.

MRS. McALLISTER EXPECTED HOME FROM HOSPITAL

Mrs. T. L. McAllister, surgical patient at Lubbock Memorial hospital, Lubbock, is reported in good condition and is expected home the latter part of this week.

Farm Business In Texas Chalked Up A Good Year

Farm business in Texas chalked up a good year as far as co-operators were concerned. Texas farmers took advantage of favorable business conditions during 1948 to put a little more money in their cooperative pockets, says M. C. Jaynes, extension organization and cooperative marketing specialist of Texas A. and M. College.

Fifty-three Texas cooperatives paid back their loans in full last year. Many others made pretty good-sized payments to reduce their debts.

During the year, more than 28 million dollars was lent to 173 farmers' cooperatives serving 114 thousand farm and ranch families. These associations are set up to perform a variety of off-the-farm services which only a few farmers can provide for themselves. For example, farmers use their cooperatives to gin their cotton, handle and market grain, rice, fruit, vegetables, livestock, dairy and poultry products, to crush and market cottonseed, manufacture feed and purchase supplies needed on the modern mechanized farm says Jaynes.

A normal increase was made last year in the number of new farmer's cooperatives in Texas. Eighty-nine new ones were chartered. More than 95 percent of the 1100 active cooperatives in the state serve local groups of around 200 farmers each.

The family size farm would have a tough time competing with the large corporate farming organizations if it weren't for the farmers' cooperatives, says Jaynes. By helping to build up these small and medium sized farms and increasing their earnings, these cooperatives benefit the entire community.

SUMMER CATALOG FOR TECH WILL BE READY FOR DISTRIBUTION MARCH 1ST

Summer catalog for Texas Technological college will be ready for public distribution about March 1. All copy is to reach the catalog committee by Jan. 24, and be ready for printing immediately.

The catalog schedule has been stepped up to provide catalogs earlier for students planning to enroll for summer sessions.

Clothing Course To Be Offered At Texas Tech

A new clothing course arranged particularly for graduate students who will teach or are teaching clothing in junior colleges and colleges is to be offered at Texas Technological college for the first time during the second term of the summer session.

Miss Mabel D. Erwin, head of the clothing department, will teach the course which takes up particular mechanical problems in sewing as well as stressing modern examination methods, classroom instruction and a comparison of 'short cuts' in modern sewing with accepted methods.

Miss Erwin, author of an adopted text "Practical Dress Design" and of "Clothing for Moderns," off the press the last week in January, said recent trends in clothing education directed toward "good looking" clothes will be evaluated with comparison of factory products and "home made clothes."

Graduate students who have had advanced clothing courses are eligible for the '532 clothing course, Miss Erwin said.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor Missionary Baptist Church

"THE WRATH OF GOD UPON THE EARTH"

Thinking of the wrath of God upon the earth, let us notice what is mentioned in Rev. 16 about this. John heard a great voice say to the seven angels; go your ways and pour out the vials of the wrath of God upon the earth. They did go their several ways and these things are coming to pass before the end of time. It is indeed true that God is laying the Chastening hand upon many even now. Suffering prevails, destruction of lives are witnessed but that is not the wrath of God that we are going to see before the end of time. There were seven angels and each of them has a part of God's wrath.

When the first part of God's wrath was poured out upon the earth, men were stricken with sores who had the mark of the beast or who worshipped his image. The second was poured out upon the sea and it became as the blood of a dead man. Every living thing in the sea died because of this one thing. The third was poured out upon the rivers and fountains of water. They became as blood and men had only that to drink. This was done because they had taken the lives of saints and prophets. The fourth was poured out upon the sun and he was given power to scorch men with heat. This brought about the fact that men cursed God for such torment and did not repent. The fifth vial was poured out upon the seat of the beast and his entire kingdom was a place of darkness. There the people gnawed their tongues because of the pain and they cursed God for their pain and sores. The sixth vial was poured out upon the Euphrates River and it was dried up. This was done to make way for the kings of the earth to prepare for that great battle of God Almighty. When this time comes the battle of Armageddon will soon get underway. The seventh vial was poured out into the air. When this is done we will hear a voice from heaven say, "It is done." A great earthquake will come that will be the greatest that has ever been experienced. Cities will be torn down and the great City will be divided into three parts. The Islands and Mountains will disappear and the whole earth will be hit with a hail storm.

You can see by this that it will be trouble and sorrow on every hand for those that are not Christians. Real children of God are going to be the only ones that will escape. When that time comes, make believe will not stand the test. God knows our hearts better perhaps than we know them. Why not turn the case over to him; He never lost a battle and He will not lose this one.

Texas Farm Record Book A Big Help To Farmers In Keeping Their Farm Records

Keeping farm records isn't a good set of records. The record book is full of inventories—inventories of nearly everything on the farm—There are inventories of land, farm improvements, machinery and equipment, livestock, crops and feeds on hand, farm sales and expenses, farm product used at home, and last of all, a summary of the year's farm business.

Did you ever wonder how to avoid the large amount of trouble and work it takes to fill out your income tax return? Did you ever wonder how your farm operates from year to year? Can you remember from time to time just how much land, machinery, and farm products you have on hand? The farm record book is the answer to all these questions, says John G. McHaney, extension county agricultural agent at large of Texas A. & M. College.

Texas farmers received about two billion dollars last year from the sale of crops, livestock and livestock products. This is pretty big business, and is becoming very competitive. Such economic conditions as these, as well as others, have shown many farmers the importance of planning their yearly operations, and to check up from one year to the next.

Farm records serve as a basis for locating the weak and strong points in farm operations—a kind of mirror that reflects a whole year's business. And, too, records will point out any unsatisfactory performances on the farm before more serious losses occur, says McHaney.

When it comes to getting credit from loan agencies, farm records show these agencies the possibilities of the farm and give a list of the assets—in inventory form—located on the farm.

The Texas Farm Record Book was designed so it can be adapted to any farm conditions in the state, and to cut down on the time and effort needed to keep a

L'Allegro Junior Study Club Meet Held Thursday

Miss Yvonne Gipson was hostess to L'Allegro Junior Study Club at her home Thursday evening, January 20. Mrs. Tom Arnn, Jr., president, was in charge of a business session.

Mrs. David Todd gave an interesting discussion on "China—ware of America and Europe."

The hostess served a refreshment plate to the following members: Mrs. Tom Arnn Jr., Mrs. Raymond Strickland, Mrs. Charlie Money, Mrs. David Todd, Mrs. Paul Goodman, Mrs. Bob Cross, Mrs. Fred Danforth, Mrs. Hump Barker, Mrs. Regan Orm and, Mrs. J. C. Reynolds, and Misses La Vern Mullins, Marie Baldwin, the Club Sponsor, Mrs. Joe Gipson and one guest, Mrs. Boyd Thompson.

Mrs. O. D. Chesshir and Miss Manley Attend Radio Clinic Held In Lubbock

Mrs. O. D. Chesshir, winner in the listening contest, directed by Miss Kate Adele Hill, district agent for Texas A. and M. Extension service, and Miss Mabel Manley, Home Demonstration Agent for Cochran County, were among the guests invited from Districts one, two three and four to attend a two day radio clinic in Lubbock, Monday and Tuesday.

Ken Gopen, of Washington, D. C., of the radio staff of the Department of Agriculture, and Andy Adams of the Extension service participated in the radio clinic.

Monday, the three Lubbock radio stations honored 16 women from as many counties in the district who are winners of the listening contest.

Monday morning the group were guests of station KCBD. They inspected that station's equipment and were conducted on a tour of the studios in Lubbock. At noon, a dinner was given for the winners at Hilton hotel, at which Ken Gopen was guest speaker. Station KFYO acted as one of the hosts for the program.

Following the lunch, the winners visited station KSEL, and from 4 until 5 p. m. they were guests of the Lubbock National bank.

MAPLE NEWS

Three Way Eagles have been playing good basketball lately—alho they haven't won every time. Muleshoe girls team beat Three Way girls one point Friday night. Muleshoe Boys B team beat the Three Way B team and Three Way boys A team won over Muleshoe boys A team. In the tournament at Whiteface Three Way girls lost by two points.

More moisture has been received in this community, as soon as the weather clears farmers will all get busy.

Several cases of measles in and around Map.

The H. C. Uenny's are enjoying having their daughter, Miss Helen Penny, home on vacation.

Mrs. Williams, sixth grade teacher, has been visiting her family at DeLeon, Texas. Mrs. T. K. Kelly substituted for Mrs. Williams.

W.S.C.S. met in the home of Mrs. T. W. Holloway Wednesday afternoon. All present reported a good time.

Mrs. G. A. Davis has been on the sick list this week.

NOTICE OF TIME AND PLACE OF HEARING AND SHERIFF'S NOTICE THE STATE OF TEXAS VS. T. S. SALE and JOE KEMP—No. 7 IN THE COUNTY COURT OF COCHRAN COUNTY, TEXAS JANUARY-FEBRUARY TERM 1949

On this the 10th day of January A. D. 1949, J. B. Knox, W. E. Angley and Fred D. Brock appointed by the court to assess damages owing by the State of Texas to the defendants by reason of the construction, reconstruction and opening of Highway No. F. M. 769, upon, across and through certain real estate described in plaintiff's petition, reference to which is here made, to which real estate the fee simple title is in the said T. S. Sale and Joe Kemp, as is more fully set out in said petition of the State of Texas, acting by and through the Commissioners Court of Cochran County, Texas -vs- T. S. Sale and Joe Kemp; filed with the Honorable County Judge of Cochran County, Texas on the 10th day of January A. D. 1949, said Commissioners having been sworn to assess said damages fairly and impartially, and in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the office of the County Judge of Cochran County, Texas, in the courthouse at Morton, Texas, on the 28th day of February A. D. 1949; a copy of this order shall be served upon T. S. Sale and Joe Kemp, together with the unknown spouses of said defendants who may be married, and the unknown heirs of each of said defendants, their heirs and legal representatives, and each of them respectively and service thereof shall be notice to said defendants and each of them, to appear at said place at 10 o'clock A. M. on February 28th, 1949, for the purpose of offering any evidence that they may desire to offer as to the amount of damages to be assessed against the State of Texas, and to be paid to the said T. S. Sale and Joe Kemp and each of them respectively for the right-of-way and strip of land described in said plaintiff's original petition, filed with the County Judge of Cochran County, Texas.

WITNESS our hands this the 10th day of January A. D. 1949. FRED D. BROCK J. B. KNOX W. E. ANGLE 4-51

Morton, Texas

-- **annegrams** -- by ann england --

Morton Lions evidently get the best food at their meetings of any club. Every visitor out here remarks to great length on it. We fancy we are prejudiced but we too think Lions luncheons each week, "tops".

Of course we know personally every one of the W.S.C.S. and Wesleyan Guild members who plan the menus and prepare the food and there are no better cooks anywhere.

Rev. B. P. Maddox of Clovis, a guest at Lions last week, is certainly an impressive speaker; good looking chap too. The identification button he wears at his own club is inscribed, "Fire Insurance."

We have been conventioning again. This time the state press conference in Austin. It was just like spring or Florida. We saw lots of green trees, grass and even camellias blooming in the yards.

Mrs. Oveta Culp Hobby, former head of the WACS and assistant publisher of the Houston Post, spoke to the group. She is a very striking looking person and has a wonderful voice.

Corinne Neal Cook of the Mesquite Mesquiter was also on the program. She told of conditions in Europe and Asia as gleaned from a recent three months tour of seventeen foreign countries. We liked Corinne's talk but really enjoyed a personal conversation with her at a gathering that evening in the Driskill penthouse with several other friends.

The Van Stewart's of Perryton were our hosts in the penthouse. Only the Stewarts and celebrities like Bob Hope are lucky enough to get the penthouse.

The spouse spent Saturday morning in the capitol building visiting with friends—he has a goodly number of them down there.

Strangely enough politicians are very friendly to publishers and editors.

For the second Saturday in a row we visited a museum. This last one "Texas Historical Museum" sponsored by the American Legion of Texas.

Its curator and director is A. Garland Adair, a former business associate of the spouse, and one of the most interesting men we have ever met.

The building cost about a million dollars and is certainly a feather in the cap of Texas American Legion. It is beautiful and houses one of the most interesting, rare and valuable exhibits of any museum in the U. S.

Wish we could remember all the details but since our trip was very hurried we can't. There is a perfectly beautiful collection of dolls from all countries, period clothing, silver, fans and one of the oldest and rarest gun collections in the world.

There are original documents including our declarations of war in World War II, and the peace treaty. There is a big old stone head (about 2000 years old) on the fourth floor that weighs 12,000 pounds, it came from Mexico, there are several smaller ones.

There are dinosaurs, bones of some found in Texas. And beautiful displays of Texas flora and fauna.

Our little friend, Harriet Redwine of Snyder, is especially fond of museums and we feel confident other children are equally interested. Museums are certainly educational and we'd suggest a trip for every school child.

Oil activity is pretty much at a standstill around here. Probably due to the weather of which we have had an abundance lately. Snow and ice still covers

everything and pedestrians are slipping and sliding all over the place.

A bunch of us went to Bessie Tilgers for Wesleyan Guild Monday night. Bessie has her home fixed up mighty nice. She used a ranch theme and has a living, dining room combination that is very comfortable and attractive.

Mrs. Lloyd C. Miller, a comparative newcomer to Morton, is also a new member of the Guild. She is an attractive brunette.

Mrs. Charles Bell is one of Guild's newer members. She has brown hair and blue eyes and speaks with a decided accent. Irene is from Canada. She met and married Charles while he was in service. They have been here sometime but formerly lived in Oklahoma City.

Mrs. David Todd, had on a black velvet jumper dress and white house and black ballerina slippers. Donna has the most beautiful, sparkling black eyes. David Todd is the proudest husband and father and well he should be.

After so long a time we received a letter from Eddie Irwin. Eddie is the husband of the former Dot Lytle, and worked here last summer in the Tribune office.

He tells us that Dot is again planning to spend summer here with her mother, that young Mike at six months has two teeth, weighs 19 pounds and crawls around like a fish.

Eddie continued by saying, "I have been very grateful to note throughout last fall that the efforts of Mortonites and Quarterback Club, and my interest in Crawford were not in vain. I certainly want to congratulate Morton High on having a good football team and a good football season."

Oh, yes, probably the paragraph that pleased us most was this one, (he was speaking of examinations) "Be that as it may, I have had 10 of the infernal things to do in 7 subjects. True to my word, and ever thankful for the opportunity, I wrote two of them on phases of the Morton Tribune. One was on the what I consider a highly efficient one-woman advertising staff, and the other on general reporting for the weekly paper. I am still waiting to see if the instructors thought as much of the term papers and the subjects as I did."

Well good luck Eddie and if at all possible send us a copy of the examination papers—even with instructors criticism.

Everyone in the Tribune enjoyed working with Eddie last summer and we are hoping he comes back to us when school is out.

The folks in town also liked Eddie very much. He seemed to make a hit with all.

Mr. and Mrs. Bill Proctor are enchanted with their new son. We are very happy for Bill and Isabel, and think the little boy pretty lucky, too.

Will each one of you please do something about the March of Dimes before we have to make a report.

1936 Study Club Meeting Held In Hawthorne Home

The 1936 Study Club met Wednesday, January 15, with Mrs. J. D. Hawthorne as hostess.

The Club Collect was led by Mrs. Hume Russell. Mrs. Scott Hawkins, secretary and treasurer, read the minutes of the previous meeting, listing the officers nominated for the coming year. Mrs. Albert Morrow, moved they be elected by acclamation. The motion was seconded and the vote was unanimous. The officers elected are: Mrs. C. M. Cravy, president; Mrs. J. D. Hawthorne, 2nd vice president; Mrs. H. S. Hawkins, recording secretary and treasurer; Mrs. James St. Clair, corresponding secretary; Mrs. P. B. Ramby, parliamentarian; Mrs. Elizabeth Greer, Historian; and Mrs. F. F. Roberts, reporter.

Mrs. R. C. Ross, president, asked for reports of committee chairman. Mrs. P. B. Ramby, reported that Mrs. Emel Timian would take the leadership of the Brownie Scout Troop for girls, sponsored by the club, and would discuss it at the next meeting, which meets in the home of Mrs. Scott Hawkins. Mrs. Albert Morrow made her monthly report on Federation.

Mrs. J. B. Knox, program leader, assisted by Mrs. Scott Hawkins, Mrs. Albert Morrow, Mrs. M. C. Ledbetter and Mrs. P. B. Ramby discussed Metal Work and Carving—Hardware of the Home.

Refreshments were served by the hostess, from a lovely refreshment table to the following members: Mesdames L. F. Hargrove, Frank Barker, R. C. Ross, Albert Morrow, Pat Hatcher, R. C. Strickland, James St. Clair, C. M. Cravy, F. F. Roberts, J. B. Knox, H. S. Hawkins, J. A. Gowdy, Scott Hawkins, M. C. Ledbetter, Elizabeth Greer, Hume Russell, P. B. Ramby, J. D. Hawthorne, and three guests, Mrs. John Tice, Courtney Sanders, and Ermon Miller.

Mrs. Orville Tilger Hosts Wesleyan Guild At Meeting

Mrs. Orville Tilger, assisted by her sister, Mrs. Arlee Barnard, was hostess to the Wesleyan Service Guild at her home on South Main Street, Monday night, January 24.

The club ritual was led by Mrs. P. B. Ramby and Mrs. C. M. Cravy. Mrs. John Alford gave the devotional.

Mrs. Cravy gave the second lesson in the current study, "The Bible and Human Rights." A report on Christian Social Relations was given by Mrs. Ramby.

The organization voted to serve Lions Ladies Night in February. Mrs. J. D. Hawthorne, president, conducted the business.

Refreshments of coffee and fruit cake with whipped cream were served by Mrs. Tilger and Mrs. Barnard to Mesdames J. W. Alford, John Tice, Courtney Sanders, David Todd, Tom Rowden, J. D. Hawthorne, V. L. Lawson, Joe Michael, C. M. Cravy, P. B. Ramby, Bob Cross, Charles Bell, Carl England, Lloyd C. Miller, Elsworth Barnard and Mrs. L. F. Hargrove.

SON BORN TO PROCTORS
Mr. and Mrs. Billie Ray Proctor are parents of a son, born last Saturday morning, January 22, at West Plains Hospital. The baby has been named Billie Ray Junior.

NOTICE TO DEPOSITOR BIDDERS

STATE OF TEXAS,)
COUNTY OF COCHRAN)

Notice is hereby given to any and all Banking Corporations, Associations, or Individual Bankers in Cochran County, Texas, that on Monday Morning, February 14th, 1943, at 10:00 o'clock of such morning in the Commissioner's Court Room in the Courthouse at Morton, Cochran County, Texas, such Court will consider bids for contract to become Depository for the Public Funds of Cochran County, Texas, for depository for the Public School Funds of the Common School of Cochran County, Texas, and for the Public Funds of Special Road District No. 1 of Cochran County, Texas.

All such bids should be prepared in accordance with the Laws of the State of Texas, as contained in Chapter 3, Title 47, Revised Civil Statutes of Texas, 1925, as amended, and presented

to Glenn W. Thompson, County Judge of Cochran County, Texas, on or before the day and hour mentioned, for consideration by the Commissioner's Court in Regular Session setting on such day and at such hour of such day in the place mentioned.

This notice to bidders shall be published in some newspaper published in Cochran County, Texas, for at least twenty days before such day, and shall also be posted at the Courthouse Door of the Courthouse of Cochran County, Texas, in the City of Morton, Texas, for at least twenty days before such day.

Full instructions as to preparation of bids may be obtained from Glenn W. Thompson, County Judge of Cochran County, Texas, at his office, in the City of Morton, Texas.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

AMERICA'S GREATEST RESOURCE

When you enter the gates of our huge factories and industrial plants, do you see what is really there? Many of you are more familiar with hydraulic presses, annealing ovens, and catalytic crackers than I am. But whenever I go inside factory gates, the wonder of it all amazes me. Where did all the equipment come from? By what magic was all of it assembled into such a gigantic unit for production?

What tremendous outlay of capital it takes, just to get the machines running! Before a worker can start drawing a paycheck, the average American industry has brought together \$6,500 worth of machinery and facilities for this workman to use. Somebody had to pay for all of it. What great benefactor accomplished that deed? Do you suppose it was a capitalist? Are capitalists guilty of that kind of thing?

Nobody's Orders

Yes, capitalists did the deed. It is interesting that they keep doing that type of thing, all along. They keep building steel mills and putting up new oil refineries. New assembly lines are continually set up, and old ones improved. Plant expansions are undertaken. Modern tools are installed to replace worn ones. And one of the most amazing things about it is that nobody has to tell them to do it!

No dictator commands that all this money be spent. No government bureau has to send out a directive. It's all just part of the system that is the mainspring of America. This system of free and individual enterprise has made possible the building of our nation. Whenever the incentive of profit or reward is there, both men and money will be put to work. Capital comes to the job in hope of a reward, just as a man expects a paycheck as the result of his labor. Money and men work side by side, then.

Profits Make Jobs

These things are so common under the enterprise system as we know it in America, that most of us take them for granted. It is a commonplace experience to see people deny themselves luxuries they otherwise might have, in order to supply the capital for a business enterprise. They look for profit, yes. Yet, these capital-

ists (sometimes attacked so bitterly by unthinking persons) constantly supply the essential ingredient that makes jobs and produces goods.

Actually, the six or seven cents profit out of each sales dollar, which is typical of industry as a whole, does a tremendous job for you and for me. It pays for all the machines that, in turn, do most of the work. This makes it possible for 60 cents or more of this same sales dollar to be given to those who supply the human energy, the workmen. Some three cents, or only about half of this small profit, is used on the average to pay investors for the use of capital that brought these industries into being.

Incentives for Each

The other three cent or so of the profit goes back into the business. This portion of profit is used to pay for worn-out equipment and other replacements, and to keep up with rising costs and increased taxes. Today, that part of the sales dollar called profit is hardly ever enough to meet industry's real and urgent needs. In late years our industry has had to borrow more and more to meet rising inventory and equipment costs.

The nation's industrial enterprises cannot exist now, and never could have been developed, without the use of capital. This is the way that America's tools of production are brought together and put into action. Capital very effectively teams up with labor and management to bring great benefits to every citizen. Each of the partners—investor, worker, manager—has his own incentive. This system, free and unhampered, brings forth the best effort from each. This enterprise system is our country's greatest resource.

Highlights From Soil Conservation District Office

Fred W. Collins

The CYT Soil Conservation Service personnel at Morton have recently established contour lines for the following cooperators: Truman Smith, Olen Cooper, Joe Weeks, J. H. Barker and V. V. Williamson.

New locations for irrigation wells have been staked for Curtis Lee, W. S. Moss, J. L. Sullivan, Alvin Ray, E. N. Shirley and Joe Weeks. Pat Hatcher and Phillip Simmacher, who lives east of Morton, have the casing set and are ready for pump installation. Garrett and Schram, who bought one of the Bob Ramp farms, pumped their well, which was good, last Friday.

The following farmers have recently made application for assistance, from the SCS, on their respective farms: J. D. Hawthorne, A. B. Hight, F. H. Kennedy, Harley L. Ward, Woodrow

Self, Virgil Riley, Fred Horner and L. S. Roulain.

New cooperators that have recently completed a plan of soil and moisture conservation on their respective farms are J. D. Hawthorne, Alton Ainsworth, B. E. Reed, L. S. Roulain and J. M. Lane.

The CYT Soil Conservation District has purchased a nine foot Eversman Land Leveler. This leveler is available to the farmers of Cochran county.

Last July this office ordered 160,000 Chinese Elm and Eastern Red Cedar for windbreak plantings. Just recently we were notified that we would receive a total of 14,000 trees for replants only. There will be no trees furnished by the SCS to the district this year for new windbreaks.

LEVELLAND COUPLE MARRIED HERE SAT. BY BRO. BULLARD

Mr. Alvin Louis Johnson and Mrs. Opal Gay Bradford, both of Levelland, were married Saturday in Morton by Jack Bullard, minister of the First Missionary Baptist Church.

The couple was attended by Mr. and Mrs. Sharp Crockett. Mrs. Crockett is a niece of Mr. Johnson.

The couple will make their home in Levelland.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Cochran County, Texas, will, on the 14th day of February, 1949, at 10:00 o'clock a. m. in its usual meeting place in the court house at Morton, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

One single axel gasoline powered motor grader. Motor grader must develop at least 30 brake H. P., must have mechanical controls and electrical starting and lighting equipment. Price must be complete including freight from factory.

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law;

GLENN W. THOMPSON, County Judge; by Order of The Commissioner Court. 50

HEADQUARTERS for Ford Tractors, parts and accessories
 Dearborn Farm Equipment and parts
 Expert service
 Farming information

Just what is service? Here's what we try to do: Keep every Ford Tractor and every piece of Dearborn Farm Equipment working at top efficiency... and be Johnny-on-the-spot when something goes wrong.

Some of our service is free; some costs only for the parts; some requires a reasonable labor charge. But you'll find us fair... we want to keep on serving you for a long time.

Riding Circle Around Whitefaces
 by Art N. Wall

The Whiteface Public School is enjoying huge crowds during the basketball tournament. Every seat is taken. People swarm into the doorways of the gym, are seated along the walls, mill back and forth between the hall and the gym. Basketball uniforms of all colors are noticeable throughout the crowd and somehow they present a gay atmosphere to the occasion. The best game on Friday night was between Whitharal and Whiteface girls team. It was nip and tuck ever bit of the way, the score ending thirty-four to thirty-two, Whiteface leading. Saturday night winds up the tournament which began Thursday the 20th.

The heating system in the Whiteface school caused the pupils to miss school on Wednesday the 19th. Whether it was in the heating unit or a failure in sufficient gas supply, this column failed to find out, but everyone sincerely hopes that what ever

the difficulty was is corrected, as the children lost much time during the recent bad weather.

With the hopes old man winter will hold off, the Speech Class will give that school play next Monday the 24th. The name of the play is "Another Spring." Here is a chance for everyone to enjoy some good entertainment. Rehearsals have been many and the Speech Class has studied hard intending to give a good audience a good play.

Max Dickerson, student at Whiteface school, who sometime ago had an eye injured in a basketball game which necessitated stitches to be taken above the eye, is again having trouble with it, due to abscess forming behind the stitches.

Now that the weather is acting like it is going to behave for a while, church attendance should be good. At the Church of Christ, Bible study is every Wednesday evening. On Sundays, Bible study is at 10 a. m., sermon at 11 a. m. Everyone is cordially invited to this church. At the Baptist church, church school at 9:45 on Sundays and morning service at 11 a. m. Evening service at 7:30 p. m. For the Methodist Church, Sundays, church school 9:45 and morning service at 11 a. m. Evening service at 7:30 p. m. Attend one of these churches next Sunday.

Little Gary Gene Crupper, age three, is on the sick list this week with a throat infection. Gary Gene is convalescing at his home near Whiteface.

Mr. and Mrs. John Stockton and daughter, Nicky, of the Stanolind Oil and Gas Company's Mallet "G" camp spent the week end of the 22nd and the 23rd in Stephenville, Texas.

Mr. Harry McIlwain of Midwest, Wyoming was in Whiteface last week and looking over the Stanolind Oil and Gas Company's gasoline plant. He will be transferred from the company's plant at Midwest to this plant.

Several families from Wink, Texas will be transferred from the Stanolind Oil and Gas Company's plant at Wink to the company's plant near Whiteface.

Farmers are tuning up their tractors, hitching on the plows and entering the fields. The generally opinion is that the moisture that we have had is not too deep. It is hoped a good rain or a deep snow is in the immediate future. Still, with early Spring rains good crops are assured but our land was dry, it will take lots of moisture.

Roping strays—I am hoping a civic meeting will be held soon. Believing Whiteface has many plans ahead for the future, I hope that a teen-age building can be worked in among the plans as a necessity. Always the young people should be among the first.

Pontiac Division Announces New 1949 Prices

Harry J. Klingler, General Manager of Pontiac Motor Division, announces the new 1949 prices which increase from forty to sixty dollars on the volume models of the 1949 Pontiac line. Price of the new, larger and redesigned Pontiac convertible has been increased \$135.

It was also announced that the Pontiac Torpedo Series has been discontinued.

Pontiac's advertised delivered price at Pontiac, Michigan, for its Streamliner Series follows:

Streamliner Sedan Coupe, Six \$1721, Eight \$1789; Streamliner Four-Door Sedan, Six \$1771, Eight \$1839.

Prices for the new Chieftain Series, an entirely new line of cars, are:

Chieftain Four-Door Sedan, Six \$1792, Eight \$1860; Chieftain Two Door Sedan, Six \$1742, Eight \$1810; Chieftain Sedan Coupe, Six \$1742, Eight \$1810; Chieftain Business Coupe, Six \$1618, Eight \$1686; Chieftain Convertible Coupe, Six \$2169, Eight \$2237.

"Pontiac for 1949 offers new bodies, new frames, a great many mechanical features and a new wheelbase," Mr. Klingler said. "The increased cost of materials and new tooling was the determining factor in setting Pontiac's 1949 prices. We consider these necessary increases to be normal."

"Both Streamliner and Chieftain Series may be had with standard or deluxe equipment as desired, with the exception of the convertible coupe which is deluxe equipped only. Station wagon prices will be announced at a later date. There has been no price increase on the Hydramatic transmission, which remains optional equipment on all Pontiac models," Mr. Klingler said.

This Will Taste Good In Texas
 KEEP CITRUS IN THE DIET
 Recipe of the Week
 Ambrosia Chiffon Pie

1 package orange gelatin
 1/2 cup hot water
 1 cup orange juice
 1 egg white
 1/2 cup heavy cream (whipped)
 1 cup halved seedless grapes
 1 baked pie shell
 1/2 cup grated coconut

Dissolve the gelatin in hot water, add the orange juice. Chill until slightly thickened. Beat until light. Fold in beaten egg white, whipped cream and sugar. Chill until about firm. Add grapes. Pour into baked shell. Sprinkle with coconut. May arrange orange sections over top. Chill and serve.

Adding Machine Paper at the Tribune Office.

From where I sit... by Joe Marsh

Who's A Foreigner?

While I'm waiting for a haircut the other day, Slim Hartman let slip with a crack about those "foreigners" who live by the depot.

"Now wait a minute, Slim," snaps Doc Sherman. "Don't forget we're all 'foreigners' more or less. Some of our families have simply been here longer than others. But even if they came over on the Mayflower, they were foreigners to the Indians."

Slim gets a little red and you could see that Doc had him. "And the reason they came here," he goes

on, "was to find freedom to do and think as they wanted to so long as they didn't trample on the rights of the other fellow."

From where I sit, America became the great land it is today through our being tolerant of different people and different tastes—whether it's a taste for square dancing or waltzing, radio or movies, goat's milk or a temperate glass of sparkling beer.

Joe Marsh

Tailoring Schools To Be Taught To Cochran Women

Tailoring schools are being held throughout Extension district 2 by Miss Mary Routh, Clothing Specialist, to teach better tailoring methods. Cochran County is one of those counties lucky enough to have one of these schools. The first meeting will be held February 18. At the first meeting the women that are to attend the school will be given general instructions concerning the school. The other meetings will be held on March 25, April 1, 8 and 15.

The plan being used by the clothing specialist is a little different from the general run of training school. Eight women are chosen from each county. They are taught by the specialist. The women in turn agree to teach three other people during the time that the county school is being taught. The result will be thirty-two people being taught.

The following Cochran County women have volunteered to attend the county school and teach others: Mrs. V. H. Bewley, Mrs. Andrew Essary, Mrs. Rex V. Faulkner, Mrs. P. E. Liles, Mrs. G. C. Keith, Mrs. C. W. Jordan, Mrs. Francis Cunningham and Mrs. Cecil Masten.

Mechanization Of Crop Production By Texas Farmers

Texas farmers are making long strides toward complete mechanization of crop production, according to H. P. Smith, agricultural engineer of the Texas Agricultural Experiment Station.

Smith has just completed analyzing information on power used on Texas farms in crop production furnished him by county agricultural agents.

No horses or mules are now used in crop production in about 40 Texas counties. With the exception of some hand-hoeing and hand-harvesting of cotton, crop production in these counties is completely mechanized, Smith said.

Thirty counties use less than 25 horses or mules, while in another 35 counties less than 100 horses or mules are used in crop production, Smith said.

Tractor power is used almost exclusively in the production of all crops in a block of 77 Northwest Texas counties. It was reported that a few farmers in these counties still keep a team or two for odd jobs about the farm or for hauling feed.

There are about 47 million acres in these 77 counties. The total devoted to crop production amounts to about 14 1/2 million acres.

Smith found that East Texas farmers still use a good deal of animal power. This is likely due to the farms being smaller units than in West Texas. East Texas farmers were reported to use horses and mules ranging in number from a few hundred per county to more than 6,000, Smith added.

MR. AND MRS. CARL ENGLAND ATTENDS CONFERENCE OF TEXAS PRESS ASSOCIATION

Mr. and Mrs. Carl England returned Sunday night from Austin, Texas, where they attended the mid-winter conference of Texas Press Association. The Englands and Mr. and Mrs. Allen Hodges of Littlefield made the trip to Austin with Mr. and Mrs. Forrest Weimhold of Levelland.

Mrs. J. W. Pond—Reporter

Bad weather has hampered attendance at Lehman Sunday School. The first anniversary of the Sunday School will be observed Sun., January 23. Everyone is requested to bring a basket lunch for the meeting. Everyone cordially invited to attend.

Mr. and Mrs. W. G. Freeland spent Saturday, January 15, in Lubbock, where their son, Billy Bob, received medical treatment. He is reported in an improved condition.

Mr. and Mrs. Rolly Hill visited Saturday evening with the W. G. Freelands.

Mr. and Mrs. P. E. Liles were Saturday evening guests of the L. C. Keith family.

Mr. and Mrs. Lemoine Keith of Lariat, Texas spent Thursday night with his parents, Mr. and Mrs. L. C. Keith.

Miss Sue Chapman spent the week-end with Mauna Lou Liles and sister, Miss Chapman formerly lived in the Lehman community and is missed by her friends here.

Virgil and W. T. Scott, who moved recently to Floyd county, came in last week to finish moving livestock and got caught by the storm so remained several days. They visited with the P. E. Liles family and Joe Pierce in Morton.

Mr. and Mrs. Paul Liles visited Sunday, January 16, in the W. G. Freeland home.

Lehman H. D. Club meets this week with Mrs. Charlie Sanders.

Permanent Agriculture Goal For U. S. Sighted By Conservation Chief

H. H. Bennett, Chief of the Soil Conservation Service, said in his 1948 fiscal year report the margin between land deterioration and land conservation in the United States has been so narrow that the goal of a permanent agriculture is in sight "if we but speed up our efforts."

Contributing to the progress of the Service's work he reviewed during the past 15 years in his report to Secretary of Agriculture Charles F. Brannan was still another record year of farm and range land conservation treatment in farmers' soil conservation districts. That was 21 1/2 million acres on which soil conservation measures were applied to meet the needs of the land, or about 7 percent more than in the previous record year of 1947.

The report pointed out that during each of the 15 years of the life of the Soil Conservation Service, more conservation work was done per employee than during the preceding year.

"Moreover," the soil conservation chief observed, "increased experience on the part of Service technicians, together with increased experience and efficiency of the soil conservation districts and cooperating farmers... collectively have made it possible for the Service to increase the work load per man each year without sacrificing quality or thoroughness of the conservation work done."

The 1948 accomplishments with a staff reported at 17 percent less

per soil conservation district than the year before brought to 571,163 the number of active conservation plans made in the districts since August, 1937, covering 157,751,642 acres. The 1948 year's 109,673 plans covered 31,484,947 acres. The 21,576,654 acres treated in the last fiscal year brought the total acreage treated in districts since the first ones were organized to 82,824,431. The figures do not include other work done during the demonstration phases of Service activities, mainly on private lands.

The report showed there were 2,033 conservation districts in the 48 states, Hawaii, Puerto Rico, and the Virgin Islands as of June 30, comprising 1,114,003,200 acres, and including about three-fourths of all the farms and two-thirds of the farmland in the country.

Chief Bennett also reported a considerable spread of soil conservation to other countries, with 49 now carrying on some work patterned after that of the Soil Conservation Service, and with 378 scientists or officials of 67 countries having come to the United States since 1942 to study soil conservation methods.

"A prosperous and lasting agriculture utterly depends on an adequate supply of productive land, properly used and so protected that it will remain permanently productive," the report emphasized. "Without this solid foundation, there can be no real hope for a continuously successful agriculture anywhere. And, too, without this foundation there can be no assurance of economic stability and social progress; there can be no assurance of adequate nutrition, prosperity, happiness, or peace anywhere on earth... The solution of our land problem can be stated simply: use each acre of land under adequate safeguards from erosion and other impoverishing forces for the type of production to which it is best suited by nature."

By sharply increasing present conservation operations on the land, he said, the United States can overcome and control erosion within 20 to 30 years. To this end, he advanced seven recommendations for getting the conservation job done on time:

1. Set up a timetable for the establishment of those basic measures needed for the conservation of our soil and water resources, according to capability of the land and availability and need of water.
2. Adjust research in conservation to specific problems encountered in field work and intensify research on those problems.
3. Encourage and promote a comprehensive program of conservation education through all available educational agencies and institutions.
4. Complete land capability surveys of the country and analyze the information to provide land facts needed for future farm planning and action.
5. Recognize and use land capabilities in making production adjustments and in developing other agricultural programs.
6. Encourage continued organization of soil conservation districts, in order to develop conservation programs with local leadership and direction.
7. Improve the conservation credit structure.

INDIANS LOOSE TO SUNDOWN

The Sundown Roughnecks took both "A" and "B" string games from the local basketweavers Tuesday night.

Led by Houx's 8 points, the "B" string took a 25-13 decision. Rathbun had 2 field goals to pace Morton. Beautiful floor work and fine ball handling of rebounds off both backboards by guards Johnny Greene and Vaughn Killion gave Morton a 9-7 half time lead, but Sundown came back strong to win going away.

The 'A' string, paced by sharp shooting Doug Ethridge roared from behind in the second quarter and stalled off a late rally by Morton to take a 43-22 decision. Ethridge sacked a total of 25 points, while the game Morton squad was led by Hill's 13 points.

Rev. B. P. Maddox Speaks To Lions At Regular Meet

Rev. B. P. Maddox, introduced by Rev. W. C. Wright, spoke to the Lions Club at their regular noon meeting, Wednesday, January 19. Subject of Maddox's talk was "Our Greatest Modern Problem" which he defined as a religious war. Rev. Maddox stated that, "communism is a religion, of materialism, and we must fight it on two levels, that of economy and religion." He further pointed out that socialism is a path to slavery and in order to prove our democratic principles and "Free Enterprise" a success we must make capitalism work.

"Communism has grown as substitute faith and we as Christians must possess and provide a real Christian Faith in order to hold civilization together," he continued.

Rev. Maddox is pastor of the First Baptist Church at Clovis, New Mexico. He was in Morton last week conducting a series of Bible studies at the First Baptist Church.

Other guests were J. D. Owens, Borger, Texas, guest of Carl Ray; Bob Cross, guest of Lloyd C. Miller; Fred Collins, guest of L. W. Barrett and Mrs. Carl England.

Members present were Carl Ray, Willard Cox, Lloyd C. Miller, Zeke Sanders, R. C. Strickland, J. B. Knox, Murray Crone, Charles Bell, L. E. Huggins, P. B. Ramby, Emil Timian, W. C. Wright.

Williamsons Host To "Fish Fry" In Their Home Wed.

Mr. and Mrs. W. W. Williamson were hosts to a "fish fry" at their home, Wednesday night, January 19. Concluding the fish dinner the group played bridge with Mrs. Hume Russell receiving high score and Mr. Joe Gipson low.

Guests present were: Mr. and Mrs. J. B. Knox, Mr. and Mrs. Willard Cox, Mr. and Mrs. L. W. Ray, Mr. and Mrs. Joe Gipson, Mr. and Mrs. P. B. Ramby, Mr. and Mrs. R. C. Ross, Mr. and Mrs. F. F. Roberts, Mr. and Mrs. Hume Russell, Mr. and Mrs. J. B. Nicewarner and Mrs. Carl England.

David Todd, V. L. Lawson, M. C. Ledbetter, J. W. McDermett, C. M. Cravy, L. W. Barrett, Van Greene, Andrew Essary, Earl Crum, Courtney Sanders and Hume Russell.

LEHMAN NEWS

The first anniversary of Lehman Sunday school was well attended, Sunday, January 23. Mrs. V. V. Williamson and son, Gene, were present and presented some fine music for the program. Rev. W. C. Wright and family also attended. Dinner was spread and all present ate together. The entire community is cordially invited to take part in this Sunday school.

Mr. and Mrs. F. L. Fred have returned from Monroe, Louisiana, after taking their daughter, Mrs. R. N. Chadderdon home. Mrs. Chadderdon had spent the Christmas holidays out here. A trip by Borger to visit another daughter, Donna, was postponed because of bad weather and roads.

Mrs. Don Boles and two children and Mrs. Bob Pemberton of Clovis, New Mexico, daughters of Mrs. J. W. Pond and Mrs. Dale Pond and son, visited in the J. W. Pond home, Wednesday, January 19. Mrs. Dale Pond and son remained for a longer visit. Mrs. Dale Pond is a daughter-in-law of the J. W. Ponds.

LEHMAN H. D. CLUB

Mrs. Charlie Sanders was hostess to the L. H. D. C. Wednesday afternoon, January 19. Mrs. Paul Liles conducted a business meeting in the absence of the president.

Glass etching and loop braiding was studied by the group. Several glasses were etched and turned out quite well.

At the conclusion of a game period a "pink and blue" shower was presented Mrs. J. W. Pond.

The hostess served a refreshment plate to the following: Mrs. F. L. Fred, Mrs. J. W. Pond, Mrs. Euel Prather, Mrs. Vernon Pierce, Mrs. L. C. Keith, Mrs. William Gunter, Mrs. John Rhodes, Mrs. P. E. Liles and visitors Mrs. Earl Akins, Mrs. Bert Darling, Mrs. Bill Reid, Mrs. Don Boles, Mrs. Bob Pemberton, Mrs. Dale Pond, Mrs. M. B. Swanner and several children.

Mr. and Mrs. Charlie Sanders spent Sunday, January 16 in the John Rhodes home.

Mr. and Mrs. Paul Liles visited the W. G. Freeland home Sunday night, January 23.

Mrs. Nance visited in the home of her daughter, Mrs. Charlie Sanders, Sunday night, January 23.

Miss Janell Moore, Lubbock was a week-end guest of her parents, Mr. and Mrs. Ernest Moore. New members of the community are extended a friendly welcome.
