

## MARCH OF DIMES EXTENDED TWO WEEKS IN COCHRAN COUNTY

Cochran County has made another step forward in reaching its quota of \$1200 for the March of Dimes. It was reported Tuesday that donations totaling \$422.21 had been received from the Morton school. Winners in a contest among the rooms for the highest donations were those of Mrs. J. A. Gowdy, first, Mrs. Q. V. Wingham, second, and Mrs.

Gayle Bishop, third. The three winning rooms gave \$11, \$7.51, and \$2.35 respectively.

It has been announced by Glenn W. Thompson, chairman, and Mrs. Carl England, co-chairman of the local drive that they have been authorized to extend the campaign two weeks due to the bad weather. At the present, Morton is still far behind its quota.

Mrs. England announced Tuesday that the local Boy Scout troop will make a door-to-door canvas of the town Saturday. Everyone is urgently requested to cooperate to the fullest extent and give as generously as possible.

Never in the history of our nation has the need for the treatment of polio patients been greater. When the final count for 1948 is made it is expected that it will surpass the toll of 1916—when more than 27,000 polio cases were recorded. In Texas alone the count has reached 1,725—and there were more.

Twice during the past three years Texas has been hard-hit by the dread polio. The epidemic of 1946, second largest in medical history, left a worn and battered Texas. During 1947 the number of cases was little more than normal. Then in 1948 lightning struck again! Early in January, polio in epidemic proportions attacked the Rio Grande Valley... spread first east along the Gulf coast, then north and west... no region was spared.

By January 1, 1949, the fund for the treatment of polio was exhausted and was 2 1/2 million dollars in debt. The situation is critical. Two epidemics in rapid succession have drained the reserve. Only a successful 1949 March of Dimes will relieve this situation.

The largest March of Dimes to date provided about \$18,000,000. This year must see \$30,000,000 go into the till if the countless thousands of stricken children are to be cared for. The dime psychology must be replaced by the dollar psychology!

More than 70 per cent of all money sent from Texas to the National Foundation for Infantile Paralysis during the 11-year history of the organization has been returned to Texas. This includes emergency aid to 106 Texas Chapters plus research grants to four medical centers in Texas.

Texas share in the 1949 March of Dimes is \$1,250,000. The large number of carry-over cases from the past three years plus the number of cases stricken this year who will need continued medical and hospital care place a heavy financial burden on the Texas chapters. It is estimated that should Texas not have a single new polio case during 1949, the cost of continued care which Texas chapters must meet will amount to \$900,000.

Now is the time to give. When the Boy Scout comes to your door don't send him away empty-handed. Play your part in helping Cochran County meet its quota of \$1200 for the 1949 March of Dimes.

Give as much as you can and help to save a child's life. You can never tell when that child might be your own.

### Milton F. Brown Joins Morton Tribune Staff

Milton F. Brown, apprentice printer under the GI Training Program, joined the Morton Tribune staff this week. Mr. Brown and his wife, the former Paula Petnecky, moved to Morton from Brownwood last week-end. They are at home in the England guest house on Pierce street.

Mr. Brown attended Dallas schools and graduated from New Mexico Military Institute, Roswell, in 1943. After three years in the army he attended the University of Texas. Mrs. Brown also attended the University of Texas.

Mr. and Mrs. Brown are both members of the Methodist Church.

### MAURINE ROWDEN ATTENDS BEAUTICIANS MEETING

Mrs. Maurine Rowden attended a meeting of the District Beauticians Association at Hilton Hotel, Lubbock last Sunday.

In the hair styling contest Mrs. Esther Adams won second place. Mrs. Adams formerly lived in Morton.

### CLUB CAFE OPEN AFTER BEING RE-PAINTED, PAPERED

It has been announced by Bob Benefield, owner, that the Club Cafe has re-opened for business after having been re-painted and papered throughout inside. Free coffee was served all day Wednesday.

## TRAIL DUST

By DOUGLAS MEADOR

Time was everywhere in the valley. It eddied around a plume of smoke rising from the cabin and splashed against the purple mountains. It fled out through a small flume in the restless little river but more was fed into the basin from springs in the silent mountains. Old trees, massive and majestic, pointed fingers at the sky, but they were like crawling children to the ancient mountains, and boulders, worn and by tumbling waters eons before their seeds were sprouted, in the high walls great masses of stone were twisted like filmy dunes by the convulsing earth when this star first looked over the sides of its cradle of creation. A lone rider approached the cabin and secured his horse to the wall fence. At the gate he was met by a slender girl who yielded willingly to his embrace. Hand in hand they watched the shadows climb a tree-studded wall and the day spill its last saucer of light into the night. A diamond being chiseled from moments were charmed pieces of the precious hour. Their whispered words were like the sounds of winds in the tall trees; the stars like buttons on the gossamer web of a tent sheltering their love. They knew no past; eternities were dust about their feet.

Only the irony of deliberate fate could have secured the rusty spur to a plow share. Rich soil that had once been a round-up ground, being tilled in preparation for another crop, had concealed the emblem of a passing era. The herds had vanished as have the cowboys who listened to their clattering hoofs and horns. The trails have been plowed under and fences are anchored across the once open prairie. Never again will the rusty spur spring from the boot heel of a rider; never again will it find its mate. More fitting trophy in a collection case might have been the dreams and the hopes of the unknown cowboy who lost it.

In the game of life we frequently make bets with such a profound lack of judgement that in the event of winning we need to be told we did not lose. Often I attempt to cross my rivers before I reach them and in some instances I have arrested myself from trying to swim while still miles from water.

Politics should pay an amusement tax. Millions of people pay admission to shows with far lesser casts, inferior direction and equally as insipid acting. Anyway I have no fears that the Democrats will not remain in power. They do not win through their own planning but in spite of themselves at the Republican conventions. The Republicans, weighted down with water-logged timber which they can't remove, decide their place on the convention floor, and not at the ballot box. Only man who couldn't ride the mule to victory would be the genius who originated the new look.

Great minds have consistently declared that happiness cannot be purchased with money. They are perhaps correct but I would like to be able to afford a change in my brands.

I am aware it is possible to embarrass a horse but often a modern cowboy's mount being towed in a trailer behind a rubber-shoed automobile, seems mighty comfortable.

A woman's heart becomes dust when she beholds another woman wearing a hat identical with the one secured to her hair-do, but a man is pleased that his friend displays sound judgement in buying a hat like the one he is wearing.

Since I have tried most other mediums, I would like to be extremely unhappy because of too much wealth.

TWELVE PAGES THIS WEEK

"TEXAS' LAST FRONTIER"

VOLUME IX.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, FEB. 3, 1949

NUMBER 49.

Young couple pictured above is Mr. and Mrs. Alan Bryan, married in a formal ceremony Friday, January 28. She is the former La Juana Payne of Childress.

## Williamson's Nephew Died Sunday From Automobile Accident Injuries

Morton's First State Bank was closed Tuesday in order that members of the Williamson family could attend funeral services for Mr. W. W. Williamson's nephew, Dorman Williamson, who died in an Amarillo hospital Sunday as a result of an automobile accident Friday afternoon east of Amarillo.

Two other passengers in the car, reported driven by William-

son, were killed in the accident. They were Miss Patsy Hudson, Childress and Weldon E. Bassinger, Ft. Worth.

Mr. and Mrs. W. W. Williamson and his daughter, Billye, Tech student, left Friday night for Amarillo, after being notified of the accident. T. K. Williamson and other members of the family left here early Tuesday to attend last rites for Dorman in Childress, Tuesday afternoon.

Dorman and Miss Hudson were returning to Childress for mid-term semester holidays when the accident occurred. Bassinger was the other rider in the car. The accident was described as a head on truck-automobile collision.

Charges of negligent homicide have been filed in Amarillo against Calvin Seward, driver of the truck, according to a report in the Childress Index.

Seward was reportedly trying to pass two cars ahead of his—al driving west. He struck the east-bound car, reportedly driven by Williamson, head-on in Williamson's lane.

Williamson suffered two broken legs and head injuries, about an hour was taken to extricate Williamson from his car so jammed in was his body, it was reported by highway patrolmen. Being exposed and inert for such a time in the low temperatures, parts of Williamson's body were frozen, the hospital reported.

Young Williamson is survived by his parents, Mr. and Mrs. Thomas E. Williamson and two sisters, Childress, as well as other relatives including W. W. Williamson, uncle and T. K. Williamson, cousin.

## Coon Buys House Moving Equipment From Lloyd Crow

H. L. Coon announced this week the purchase of house moving equipment from Lloyd Crow.

Mr. Coon's service is bonded and the house moving equipment is available for both short and long distance moving.

## January's Much Needed Moisture Welcomed by Cochran Farmers

There has been a lot of shivering but happy people in Cochran County this past week. Although the weather has kept teeth chattering, the much needed moisture has been welcomed by the farmers.

Since 5 p. m. January 25 there has been .25 inches. Coming in the form of snow and sleet, the moisture will bring maximum benefits as the runoff and evaporation should be virtually nothing. The past week's precipitation has brought Cochran County's total up to 2.56 inches for January. The total for the same period of 1948 was .51.

A complete estimate of the damage caused by the cold wave has not been made as yet. W. K. Whitman, city secretary, reported Tuesday morning that 300 families in Morton were without water due to frozen pipes. He feared that the damage was bad, but stated that no estimate could be made until the pipes thawed enough to find the breaks. So far there has been no power or telephone failure in Morton.

All the highways in the county have been in a generally good condition during the past week. The sheriff's office reported that though the roads have been dangerous to travel on, they have all been passable. Though there have been no serious accidents, there were a few dented fenders in Morton due to the icy streets. There were no injuries.

## City Water Users Urged To Pay Bills By 10th of Month

It was announced Tuesday that W. K. Whitman has been instructed by Mayor T. L. McAllister and commissioners L. F. Hargrove and L. W. Ray that water service may be discontinued to those people who have not paid their bills by the tenth of the month.

City finances required that this be done in order to keep up with current expenses.

To date, about \$800 is due on unpaid water bills.

## L'Allegro Annual Jamboree Slated Friday, Feb. 11th

The annual Jamboree sponsored by L'Allegro Junior Study Club is scheduled to take place Friday night, February 11 at Veterans Hall. The affair will get underway at eight o'clock.

The hall will be decorated in a Valentine motif and recorded music furnished for dancing. There will be a floor show. Sandwiches and soft drinks will be served.

Funds derived from sale of tickets and refreshments will be used for benefit of the Junior High School Library.

MRS. W. A. JOHNSON, Jr. of Lubbock, spent the week-end here with friends.

## 'Futures Unlimited' Shown Wednesday At Lions Club Meet

Morton Lions saw the movie, "Futures Unlimited" at the regular meeting of Lions Club Wednesday noon, February 2. The movie was produced by the Lubbock Chamber of Commerce and depicts life on Texas Tech campus. Marion S. Peters, projectionist for the movie, also gave a talk on photography and cameras.

The program was under the direction of Ermon Miller and Lloyd C. Miller.

## Automobile License Plates Went on Sale Tuesday at Sheriff's Office

Passenger car license plates went on sale Tuesday at the Cochran County court house.

Registration fees are the same as last year, \$7.56 for a 2100 pound car, \$30.00 for a 6,000 pound car. Most passenger cars weigh around 3,200 pounds and will register for \$11.52.

To save time and trouble, people going to register their cars should be sure to have with them the following:

1. A certificate of title.
2. A 1948 registration receipt.
3. If you have a car from out-of-state you must have your out-of-state title. If you are from out-of-state and go in to buy your tags between now and April 1 you will have to buy a 1948 license as well.

Motor vehicle owners must observe certain requirements, as set by the motor vehicle division of the Texas Highway Department at Austin. These are:

1. Notary public acknowledgment must be complete and show seal—no blanks.
2. Titles on which erasures have been made cannot be accepted.
3. Current registration receipt must be attached to title.
4. Application for transfer of title and registration must be made within ten days after transfer of vehicle—or \$5 penalty on each delinquent transfer.
5. All title applications must be made with black ink or black typewriter ribbon.
6. Signature of owner and name of owner on application must be the same. If name is shown as John B. Doe, then signature must be same.
7. If assignment is by dealer,

## Cochran County Ginnings for 1948 Totals 15,364 Bales

There were 15,364 bales of cotton ginned in Cochran county from the crop of 1948 prior to Jan. 16, 1949 as compared with 33,476 bales ginned to Jan. 16, 1948.

## Morton's Dollar Day Scheduled Monday, Feb. 7

Monday, February 7 is Dollar Day in Morton; bargains in merchandise are being offered for one day only by Cobb's, St. Clair's, Ben Franklin Variety, The Fair Store and Todd's Furniture Store.

The first Monday in each month has been designated as dollar day in Morton for several months. Merchants have reported brisk sales for past dollar days and due to addition of more and better merchandise even better sales are anticipated.

The buying public of this trade area is cordially invited by the above merchants to take advantage of Morton's dollar days.

## Opening of Joe's Grocery Attended By Large Crowd

A large crowd attended the formal opening of Joe's Grocery and Market last week, in spite of the bad weather, according to Joe Mohmood, owner.

"One good thing about the bad weather was the demand for galoshes," Mr. Mohmood said. "We cleared out entire stock before Saturday."

Mr. Mohmood expressed his appreciation for the patronage shown his store and extends an invitation to visit his establishment any time.

## "Apartment For Peggy" Showing Here Sun., Mon.

A fresh and hilarious glimpse into the college campus life and problems of a student veteran and his wife who spin dreams of castles in the air from their campus trailer is due for local moviegoers when "Apartment For Peggy" opens Sunday at the Wallace Theatre. The Twentieth Century-Fox hit, photographed in color by Technicolor, teams Jeanne Crain and William Holden, with Academy Award-winner Edmund Gwenn as their co-star.

The movie, based on a novellette by Faith Baldwin, and set in a typical, small college town of today, unfolds the high-spirited story of the startling and delightfully uninhibited wife of a student veteran whose determination to snare an apartment and to see her husband graduate leads from one riotous complication to another. It is also the story of "The Professor" who thought he knew all the answers until he is brought smack-up against irresistible, atomic-powered Peggy.

The role of Peggy marks an exciting change of pace for beautiful Jeanne Crain who, in contrast to her usual sweet and demure self, is transformed into a very unconventional, fast-talking young lady who sets the college's ivy towers quivering with her lively doings. William Holden, has the best role of his career as Jason, the veteran who is discouraged over his college prospects. As "The Professor," Edmund Gwenn has another rare role of the unusual type and appeal to match the memorable Kris Kringle part in "Miracle on 34th Street" for which he won his Academy Award.

MRS. M. MARKOWITZ has been in Oklahoma City for several days visiting her daughter, Mrs. Fields, and family.

## Report on Grain Sorghum and Cotton Situation for 1949 by George Mahon

The present law permits but does not guarantee a loan, usually referred to as a support price, on grain sorghum. I have joined with others here in appealing to the Secretary of Agriculture to announce immediately a 90 percent of parity loan on grain sorghum for the 1949 crop. I am also supporting legislation which would require such a loan support. Producers need to know what to expect in the way of support prices long in advance of planting time.

The Secretary has authority to announce a 90 percent of parity loan, or a loan at any rate lower than 90 percent. A loan of less than 90 percent would be unsatisfactory and inadequate. What the Secretary may do and what Congress may do is not yet known. I hope we can secure passage of a long range farm program assuring a support of at least 90 percent of parity on grain sorghums, cotton, and other important crops. Producers should be on the alert for developments, particularly in connection with the 1949 crop.

Here is the situation as to cotton. The present law assures a support price of 90 percent parity for 1949, but after 1949 the support could be as low as 60 percent of parity. A 60 percent support would be practically worthless, and we hope to fix the figure for the long range program at not less than 90 percent.

Two important questions as to cotton may be decided by Congress within the next few weeks. First, will acreage planted to cotton in 1949 be considered in arriving at cotton quotas on individual farms in 1950? Second, what sort of formula should be used in fixing cotton acreage quotas for the states, counties and individual farms in and after 1950? It is assumed that if there is to be a support price on cotton in 1950 there will be a cotton acreage control program in 1950.

Production controls, however, would not be placed in operation

without an affirmative vote of the producers themselves.

If Congress decides that 1949 shall be counted as a base year, West Texas farmers will probably go the limit in seeding land to cotton. But, at the same time, many Central and East Texas farmers who have about gone out of the cotton business would probably plant a big cotton acreage, and it has been argued that West Texas might possibly sustain a net loss in cotton quotas.

Members of the House Committee on Agriculture are seeking passage of a resolution specifying that the year 1949 shall not be considered as a base year in fixing 1950 acreage quotas.

The House Committee on Agriculture has heard some of the recommendations of the Farm Bureau, a nation wide organization, in regard to cotton acreage allotment problems. Farm Bureau members in West Texas should see to it that the West Texas viewpoint is not overlooked in the presentation of the

Farm Bureau.

A group of West Texans are scheduled to appear before the House Committee on February 7. Committee officials advise that it will not be possible to hear all individual farmers who may want to appear, but they want to hear as many spokesmen of groups of farmers as possible in order to get a good picture of the situation throughout the cotton belt. The Committee hopes to conclude hearings as to cotton on February 11, but the final draft of the long range legislation will not be agreed upon until a much later date.

I shall seek to be of all possible assistance in this important matter. I welcome the views of the people of our District, and I shall submit any suggestions and plans which are submitted to me to the House Committee on Agriculture. Congressman Bob Poage of Waco and Congressman Gene Worley of Shamrock and Amarillo are members of the Agriculture Committee.

## Mid-Winter Symphony Concert Slated To Be Held February 8th at Lubbock

The Lubbock Symphony Orchestra will present its mid-winter concert on Tuesday, February 8. In addition to the orchestra, two guest artists will be featured. William A. Murphy, versatile young pianist will appear with the orchestra in a McDowell concerto and will present a group of piano solos, and Norma Jean Hammer, of Wink, Texas will appear as flute soloist.

Mr. Murphy has studied piano both in Europe and in the United States. His formal education was interrupted in 1943 for three years in the armed services. He holds certificates from the Conservatory of Music at the University of Nancy, France and a diploma from Trinity College of Music in London. He appeared as recitalist in Wymore Hall, London, and in Salle Poiré.

Miss Hammer began her study of the flute when she was ten years old, and almost as soon began winning in musical competitions. When she was thirteen she won first division honors at the National Band Concert that was held that year in Waco. Miss Hammer is the flute soloist for the Texas Technological College Band, and as such, appeared as solo artist on their spring tour in East Texas last year.

Tickets for the concert may be purchased at Adair Music Company, Varsity Book Store, or South Plains Music Store in Lubbock after February 1.

There is a very narrow margin between keeping your chin up and sticking your neck out.

## Don't Wait Too Long For Setting Out Trees, Shrubs

Don't wait too long. That's the advice from Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College, for those who plan to set out new trees or shrubs around the yard this year.

This is the time of year to do that kind of landscaping job, so better begin working on it now. Before you know it, the sap will begin rising and the buds will begin swelling after a spell of mild weather. And once the trees have their leaves, your good plans may have to wait another year. Trees that are set out late don't stand as much drought as those set early.

Planting new shrubs or trees, or transplanting old shrubs, is best done right after a rain, says Miss Hatfield, and your plants in their new places should be well established before the leaves unfold. The leaves use up much of the plant's vitality.

When you put trees out, it's best to ball and burlap them to keep the roots from drying out. For the planting job itself, use a spade or a long handled shovel for digging the hole. Make it deep enough so that the trees will not be more than an inch deeper in the ground than they were in the nursery or the woods. Planting too deeply injures or kills the shrubs. Be sure the hole you dig is large enough to hold the plant's roots without crowding them in, or curling them up toward the surface.

After you've set the tree, pack moist topsoil firmly around the roots. A good watering will help settle the earth, and get the tree off to a good start. Planting right after a rain is good management, reminds Miss Hatfield.

And when you have time and good weather, remember that winter is the best time for pruning shrubs, particularly the evergreens, shade trees and the shrubs that bloom in late summer.

Now is the time, so don't wait too long.

## Army Will Invoke Revised Ages-In-Grade for Officers

Starting January 1, 1949, the Army will invoke revised maximum ages-in-grade for all officers recalled to extended active duty, it was revealed here today by Sgt. first class Waldrop, Commander of the U. S. Army and U. S. Air Force Recruiting Station at 114 W. 4th St. in Littlefield.

"Although there are only limited vacancies available," Sgt. Waldrop said, "the revised ages-in-grade restrictions, including Chaplains, Medical Officers, and Women's Army Corps, are 2nd Lieutenants from 30 to 32 years of age; 1st Lieutenants from 35 to 37; Captains from 40 to 42; Majors from 45 to 47, and Lieutenant Colonels from 50 to 52.

Interested applicants may obtain further information at the local Recruiting Station at 114 W. 4th St. in Littlefield.

## NOTICE TO DEPOSITOR BIDDERS

STATE OF TEXAS, COUNTY OF COCHRAN )  
Notice is hereby given to any and all Banking Corporations, Associations, or Individual Bankers in Cochran County, Texas, that on Monday Morning, February 14th, 1949, at 10:00 o'clock of such morning in the Commissioner's Court Room in the Courthouse at Morton, Cochran County, Texas, such Court will consider bids for contract to become Depository for the Public Funds of Cochran County, Texas, for depository for the Public School Funds of the Common School of Cochran County, Texas, and for the Public Funds of Special Road District No. 1 of Cochran County, Texas.

All such bids should be prepared in accordance with the Laws of the State of Texas, as contained in Chapter 3, Title 47, Revised Civil Statutes of Texas, 1925, as amended, and presented

NOTICE OF TIME AND PLACE OF HEARING AND SHERIFF'S NOTICE THE STATE OF TEXAS VS. T. S. SALE and JOE KEMP—No. 7 IN THE COUNTY COURT OF COCHRAN COUNTY, TEXAS JANUARY-FEBRUARY TERM 1949

On this 10th day of January A. D. 1949, J. B. Knox, W. E. Angley and Fred D. Brock appointed by the court to assess damages owing by the State of Texas to the defendants by reason of the construction, reconstruction and opening of Highway No. F. M. 769, upon, across and through certain real estate described in plaintiff's petition, reference to which is here made, to which real estate the fee simple title is in the said T. S. Sale and Joe Kemp, as is more fully set out in said petition of the State of Texas, acting by and through the Commissioners Court of Cochran County, Texas -vs- T. S. Sale and Joe Kemp; filed with the Honorable County Judge of Cochran County, Texas on the 10th day of January A. D. 1949, said Commissioners having been sworn to assess said damages fairly and impartially, and in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the office of the County Judge of Cochran County, Texas, in the courthouse at Morton, Texas, on the 28th day of February A. D. 1949; a copy of this order shall be served upon T. S. Sale and Joe Kemp, together with the unknown spouses of said defendants who may be married, and the unknown heirs of each of said defendants, their heirs and legal representatives, and each of them respectively and service thereof shall be notice to said defendants and each of them, to appear at said place at 10 o'clock A. M. on February 28th, 1949, for the purpose of offering any evidence that they may desire to offer as to the amount of damages to be assessed against the State of Texas, and to be paid to the said T. S. Sale and Joe Kemp and each of them respectively for the right-of-way and strip of land described in said plaintiff's original petition, filed with the County Judge of Cochran County, Texas.

WITNESS our hands this the 10th day of January A. D. 1949.  
FRED D. BROCK  
J. B. KNOX  
W. E. ANGLE 4-51

to Glenn W. Thompson, County Judge of Cochran County, Texas, on or before the day and hour mentioned, for consideration by the Commissioner's Court in Regular Session setting on such day and at such hour of such day in the place mentioned.

This notice to bidders shall be published in some newspaper published in Cochran County, Texas, for at least twenty days before such day, and shall also be posted at the Courthouse Door of the Courthouse of Cochran County, Texas, in the City of Morton, Texas, for at least twenty days before such day.

Full instructions as to preparation of bids may be obtained from Glenn W. Thompson, County Judge of Cochran County, Texas, at his office, in the City of Morton, Texas.

Signed: G. W. Thompson, County Judge, Cochran County, Texas. 47-48-49

## Agricultural Short Shots Of Interest

Wet shoes should never be dried close to a stove. Fast drying of leather makes it shrink, harden or crack open.

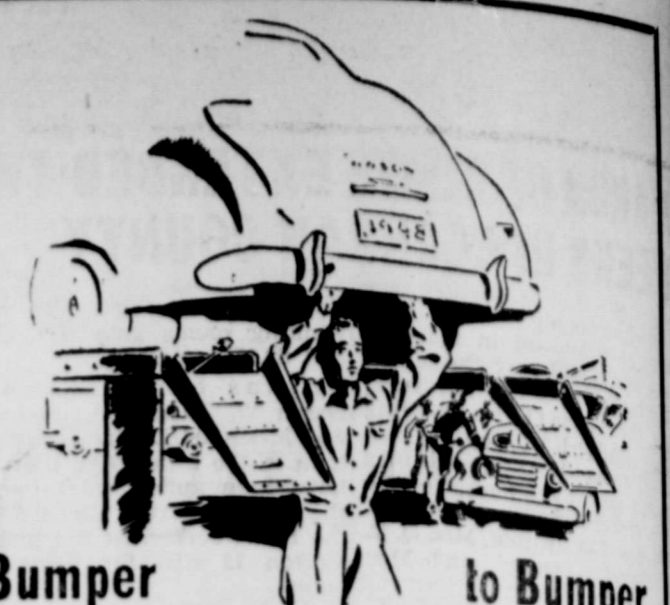

There are more than 1100 active farmers' cooperatives in the state, and 95 percent of these serve local groups of approximately 200 members each. Eighty-nine new cooperatives were chartered during 1948.

Vegetables on the February plentiful list include cabbage, carrots, spinach, Irish potatoes, onions, dried peas and beans, and canned corn.

Melt the fat for muffins or baked puddings in the baking pan to save time and extra dish-washing. Start melting the fat before measuring out the other ingredients so that it will be ready and the pan cool enough when the batter is ready.

A hen that lays 200 eggs a year puts about 14 times as much calcium into the eggs as she does her body.

Branches of trees and shrubs that have been split off by the weight of ice should be pruned off. All splintered and rough edges should be smoothed off before wound paint is applied.

## Bumper to Bumper

## Cochran County Highlights In Oil Activities

The outcome of a drillstem test now underway at Stanolind Oil and Gas Company No. 1 Adams should determine whether or not that semi-wildcat makes an extension to the Landon-strawn field of extreme south-central Cochran county.

Total depth is 10,494 feet in the strawn lime of the Pennsylvanian, regular pay in the Landon pool. Top of that formation has not been called.

Slight production signs were encountered at a lesser depth in the Pennsylvanian. Should the strawn be found unproductive, there is a possibility that the banker will develop the upper shows and make a discovery.

Location is 1,063 feet from west and 457 feet from north lines of section 13, block L, psi survey.

**Hole Reduced**

Also offsetting the Landon-strawn production, Stanolind No. Edwards, 660 feet from north and 528 feet from west lines of section 13, block L, psi survey is boring ahead from 9,103 feet to lime.

Leland Fikes and J. A. Humfrey No. 1 D. S. Wright, 440 feet from north and east lines of labor league 96, Mills CSL survey, pumped 24 hours to make an initial production of 87.57 barrels of 2 gravity oil. The gas-oil ratio is 358-1 and six per cent water is present.

The pay section at 4,893-4,942 feet was acidized with 11,500 gallons.

Successful applicants for today's regular army are making an average score of 90 in mental tests, compared with 40 under selective service.

## Improvement Of Summer School At Texas Tech For '49

General improvement of summer school and greater emphasis on the importance of "good summer terms" will be inaugurated at Texas Technological college during 1949.

Dr. E. N. Jones, vice president, said full courses will be offered in the summer providing the same advantages of a regular long term, and courses will be handled by the regular staff.

The administrative staff will supervise the summer terms with each division and department directed for the full advantage of students.

The first term begins June 6 and the second term July 18. Dormitory facilities open to summer students will not be ready before noon June 5.

Graduation for summer students will be held at 8 p. m. Friday, August 26.

Dr. Jones said the summer schedule was moved forward one week this year to allow students who have teaching positions in public schools adequate time to attend summer school and be back for the opening of public school also.

## Retirement Pay Regulations Issued By Army

The Department of the Army today announced publication of a special regulation covering the requirements for non-disability retirement pay to members of the Organized Reserve Corps who have satisfactorily completed 20 years of Federal service in accordance with Public Law 810 passed by the 80th Congress.

These regulations will be the official guide to applicants and will be distributed to all Army installations and Organized Reserve Corps Unit Instructor's offices throughout the State.

Applications must be made on National Military Establishment Form 108 and sent to the Department of the Army for processing and verification. Application Forms may be secured by addressing The Adjutant General, Washington 25, D. C.

Eligible Reserve personnel approaching the age 60 are urged to apply for retirement 90 days prior to reaching their 60th birthday, so that the Adjutant General may process the papers and retire them the last day of the month they reach retirement age with payment to accrue the first day of the following month.

As of the first of the year, 1642 applications for reserve retirement pay had been received by the Adjutant General in Washington and the first 50 checks to qualify reserve individuals were mailed the first week in January.

Adding Machine Paper at the Tribune Office.

## Few Vacancies For Enlistment In Third Army

T/Sergeant Gerald Cutshall, in charge of the U. S. Army and U. S. Air Force Recruiting Station at 310 West 5th St., Littlefield, Texas, stated today that there are a few enlisted vacancies for certain Military Occupational Specialties in the Third Army Area.

"If you hold the MOS of a Radio Operator, Pioneer, or Gun Crewman, (Light Artillery), you may be enlisted directly for The Infantry Center, Fort Benning, Georgia," said Sergeant Cutshall "and Clerk-Typists are needed at Fort Bragg, North Carolina."

Further information may be obtained at your local U. S. Army and U. S. Air Force Recruiting Station at 310 West 5th St., Littlefield, Texas which is open daily, except Sunday, from 8 to 5.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

## H. H. Homsley, Official of Three Way School, Guest Speaker at Lions Meet

H. H. Homsley, Superintendent of Three Way schools, was guest speaker at Lions Club, Wednesday noon, January 26. Mr. Homsley complimented the club and Morton on the growth of both. He told some humorous stories before speaking to the group on the necessity of citizens and particularly parents giving serious thought to present educational problems.

Mr. Homsley compared the indifference of the general public to proper selection of adequate and efficient teachers to their choice of an automobile mechanic, doctor or other specialized technicians, saying, "We exert the greatest of care in selecting some one to repair our car or body but we are indifferent to the choice of teacher who has the responsibility of molding our children's lives."

The speaker pointed out the current shortage of teachers and suggested that every citizen give serious thought to the staffing of class rooms for maximum efficiency.

Mr. Homsley was introduced by J. W. McDermott, program chair-

man. Preceding the talk Mr. McDermott conducted a contest designed to aid the tailwister in assessing fines.

W. B. Cox reported from the committee on Lions Ladies night, which is scheduled for Friday night, February 18. The program is being arranged and tickets for the event will go on sale after February 2.

Guests present besides Mr. Homsley were J. D. Owens, Borg-er, Texas, E. L. Willis; C. G. Shaw, John Kennedy and Miss Janice Timian, who was introduced by her father, Emil Timian. Mrs. Carl England was a guest of the club.

Members present: Dr. V. L. Lawson, E. A. Miller, L. E. Huggins, Carl Ray, David Todd, M. T. Beard, R. D. Ormand, J. B. Knox, Emil Timian, Murray Crone, Tom Arnn, Jr., C. M. Cravy, Lloyd C. Miller, P. B. Ramby, Hume Russell, Van Greene, Jack Rice, L. W. Barrett, J. W. McDermott, Jack Bullard, R. C. Strickland, Zeke Sanders, Glenn Thompson, Herman Crockett, Homer E. Thompson, Earl Crum, Andrew Essary, Courtney Sand-

1. Keep citrus in the diet. Citrus fruits are good to eat and good for you.
2. Eat citrus fruits fresh every day and conserve some for out of season use.
3. Try broiled oranges with your next pork roast, baked hen, or sausage.
4. Make ham more tasty by baking it with slices of oranges attached with cloves (leave the peeling on).
5. Serve mashed sweet potatoes in orange cups (Season with butter, brown sugar and orange juice. Brown in oven).

If brevity is the soul of wit and stylists continue the trend in bathing suits, there will be a lot of laughter at the beach this summer.

**Riding Circle Around Whitefaces**

by Art. N. Well

The Whiteface Public School, since the 24th has operated on schedule. The buses have made the rounds picking the children up and returning them all in good order. Undoubtedly throughout this week of bad weather, everyone working with the school bus drivers and all, have had worries trying to keep the routine of the school established. We parents can only nod approval to the schools management and assist in every way we can. We in this rural community are fortunate to a great extent. Our land surrounding us is comparatively flat. We have no high hills or deep canyons that our buses must travel. Our roads can not be called dangerous. We can easily imagine the worry both schools and parents must have who reside in a mountainous country. Our dangerous condition of the roads at the present time is because of the ice which later will be mud. Our buss drivers have made their runs the last week over slippery roads because of ice, we feel now they will make it through the mud.

It is odd how one will fit themselves into weather conditions. A farmer friend told me that even though it is snowing he finds

himself several times a day gazing off towards the north looking for a duster.

Since it seems to most of us that we are now more or less living near the Arctic circle we can easily imagine how the Eskimos, trappers, and those who live in the far north appreciate every bit of news. I find that unless people move around or get sick there is no news. Believe me our people of this community have pretty well shut themselves in during the recent ice storms.

The Methodist Church Ladies Guild met at Mrs. Herbert Lindsey's home on Wednesday the 26th. This is a new organization with Mrs. Herman L. Elliot as president, and this meeting is the second one since this guild organized. The church wishes every success to this guild.

Gradually the Stanolind Oil and Gas Company's Slaughter Field gasoline plant is approaching that day when the plant's engines will be drumming along steadily and gas from the field will no longer be flared. Already some of the gathering lines of the plan had gas turned into them. With the plant in full operation some oil companies will have their men work tower in order to keep a steady supply of gas to the plant. Other oil companies have wells pumped by electric clocks which will eliminate tower work. Schedule days off from that happy week-end to the middle of the week will be in effect for lots of employees, so that so many wells will be operating at the same time. Gas to the plant will be the main business next to producing oil.

Robert Neal, brother of Ben Neal of Whiteface, and a former resident of this community, is here this week on business and also visiting Ben and Mrs. Neal.

This icy weather may be holding everything to a standstill, livestock may be drifted in to where our air force is spot bombing hay to them, our buses may be stranded and fail their schedules and trains behind time, telephone lines are down and power shut off, but old man stork still flies, because he left twins with Mr. and Mrs. R. G. Ledbetter of Whiteface. Now that stork was winging a load for this bad weather but the twins arrived safe and sound the 27th and at this writing we do not know the names of the twins, but do know they and mother are doing well. Congratulations.

The Church of Christ is still continuing their Wednesday night Bible study which is held at 7:30 P. M. This church reports a good attendance at Bible study. Brother Bryan Lee will deliver the sermon Sunday, January 30. Everyone welcome.

Roping strays—The birds are hungry. I saw two meadow larks pecking around at our back door. I threw them some feed but they flew away. Later I saw them going at the feed as though they

**LaJuana Sue Payne and Alan M. Bryan Married at Abilene Friday Evening**

LaJuana Sue Payne, daughter of Mr. and Mrs. J. E. Payne of Childress, and Alan M. Bryan, son of Mrs. Felix Bryan of Birmingham, Ala., were married Friday evening at 7:30 o'clock in the Vine Street Church of Christ, Abilene, Texas. Dr. Walter H. Adams, dean of Abilene Christian College, read the double ring ceremony.

Vows were spoken before a fan-shaped arrangement of woodwardia fern and white gladioluses, flanked by white cathedral tapers in branched candelabra and baskets of gladioluses and palms. The bride's aisle was marked with white satin ribbons.

Wedding music was given by the ACC A Capella Chorus, and by Gloria Mathis, soprano, who sang "Because." Mrs. John Duncan of the ACC Department of Dramatic Arts, read "Melody of Love" against a musical background, and the wedding party entered to the "Bridal Chorus" from Wagner's "Lohengrin."

The bride was given in marriage by her father. She wore a traditional gown of white slipper satin, styled with a fitted bodice and marquisette yoke edged with a wide ruffle of Chantilly lace. The bodice buttoned down the back with tiny covered buttons, and the sleeves were long and fitted. The full skirt ended in a cathedral train, and she carried a white orchid atop a white Bible.

Mrs. Floyd Hill of Abilene was

were starving. Later in the day I saw a gaunt coyote slipping up on a rabbit. I fired a shot at him and he loped away.

matron of honor, and bridesmaids were Mrs. Marion Grant of Abilene and Mrs. Bill Hannah of Ozona, all club sisters of the bride. They were gowned alike in dresses of red satin fashioned with fitted bodices and full skirts with bustle-effect backs. They carried red satin muffs on which were pinned two white gardenias.

Roy Willingham of the ACC faculty attended Mr. Bryan as best man, and ushers were Charles Payne of Childress, brother of the bride, and Floyd Hill of Abilene.

Following the ceremony a reception was held in the parlors of McKinzie Hall on the ACC campus. The bridal couple was assisted in receiving by their parents, members of the wedding party, and Mrs. W. C. Sikes, dean of women at the college, and matron of the hall. The bridesmaids' flowers made a centerpiece for the lace-laid table, which held the double-tiered wedding cake topped by a miniature bride and groom.

When the couple left for a wedding trip to South Texas, the bride was wearing a spring suit of robin's egg blue with pink and black accessories, and a shoulder corsage of pink camellias.

Mrs. Bryan graduated from Childress High School and is a junior in ACC, where she is a member of GATA Social Club and was her class nominee for all-college beauty. Mr. Bryan graduated from George Pepperdine College in Los Angeles, Calif., and did graduate work in Texas Tech. Mr. Bryan teaches in the local high school and is minister of Morton's Church of Christ.

### Minnie Ola Cox Receives Free Gift Permanent

The free gift permanent given by the Modern Beauty Shop on February 1, was received by Minnie Ola Cox, daughter of Mr. and Mrs. English Cox, Mrs. Jesse Paulk, owner of the shop, announced Tuesday morning.

Another gift permanent will be given away for the month of February, Mrs. Paulk said.

Mrs. Marvin Doss picked the winning name from a box of names that had been registered during January.

All patrons of the shop receiving beauty service during month of February will be eligible for the March 1 drawing, according to Mrs. Paulk.

### Enochs H. D. Club Meeting Held in Seagler Home

Mrs. C. G. Seagler was hostess to the Enoch H. D. Club, Thursday afternoon, January 27. Bad weather prevented several from attending.

Mrs. Dutch Cash, president, presided for a business meeting. The club will complete work on cemetery project before starting anything new.

Mrs. Marie Carrington, Home Demonstration Agent, gave a demonstration on stain removal, home pressing and directions for making a sleeve board.

A refreshment plate was served by the hostess, Mrs. L. J. Jones will host the club at 2:30 p. m. Thursday, February 10. All members urged to attend.

#### VISITING PARENTS HERE

Mr. and Mrs. Tom Mather are being visited by their daughter and her husband, Mr. and Mrs. Duane Thompson, and grandson, Johnny.

Mr. and Mrs. Thompson plan to stay until Friday when they will return to Lubbock. Thompson is a student at Texas Tech.

### Neely Ward Party Nets \$25.45 for March of Dimes

The "42" party sponsored by Neely Ward PTA on January 21 netted \$25.45 for the 1949 March of Dimes.

Patrons of the school and all those taking part in the party are to be commended for their splendid support and cooperation in the current fight on infantile paralysis.

### Children's Dental Health Day Set For February 7th

Observance of the first National Children's Dental Health Day on February 7th has been approved and commended to Texas by an Official Memorandum signed by Governor Beauford H. Jester.

The dental health of children is of prime importance to their general well-being, and Dr. Geo. W. Cox, State Health Officer, says that every child should be under the regular care of a competent dentist from the time he is thirty months of age.

"Much can be done in the way of tooth decay prevention by dentists of today," Dr. Cox said, "and studies are under way at present which may lead to still further advances in the control of dental caries. Two Texas cities with almost identical fluorine content in their city water supplies are being used in one experiment. Sodium fluoride is being added to the supply of one city, and the results in the reduction of dental caries checked against that of the city whose water supply is not treated."

"This experiment has been in progress only 29 months and it is too early to establish a positive evaluation, but the results checked so far have demonstrated a decided tendency to caries reduction in the city where sodium fluoride is added to their drinking water."

Early training of children in good dental hygiene will materially aid them in keeping their teeth and gums in good condition, and their regular visits to the dentist will enable him to make any corrections as soon as they are needed.

**MRS. COURTNEY SANDERS REPORTED IMPROVED**  
Mrs. Courtney Sanders, patient in West Plains Hospital was reported by Mr. Sanders to be improved. She entered the hospital Sunday. Mrs. Sanders will probably return to her home late this week.

**MARKHAMS ARRIVE HOME**  
Mr. and Mrs. C. B. Markham arrived home Sunday night from several weeks visit in Pharr, Texas.

**WEDNESDAY VISITOR**

### Local Fire Dept. Answers Three Calls in January

Morton Volunteer Fire Department answered three alarms during the month of January with a total reported damage of less than \$25.00, according to Amos Taylor.

Considering the fact that there are gins, cotton yards, gasoline and butane plants within the city limits of Morton, the fire loss has been very slight during the past year. The three fires last month were two curtain fires in homes and an automobile fire Monday night.

The insurance rate for any city is based on the fire loss over a period of years. Morton was fortunate last year and it is reasonable to assume that the fire insurance rate will be somewhat lower this year.

The last major fire within the city limits was the Russell-McDonald gin fire early last year. Firemen agree that a cotton fire is one of the most difficult of all fires to combat and the fact that gins and cotton yards are in the city limits also are considered in figuring the insurance rate for residents of Morton.

#### ATTENDED DISTRICT MEET IN LUBBOCK SUNDAY

Mrs. Dortha Weekes and Mrs. Leota Buchanan of Dortha Weekes Beauty Salon attended the District Beauticians Association meeting in Lubbock last Sunday. Others attending were Mrs. Bessie Curtis and Mrs. Bertha Williams of Curtis Beauty Shop and Mrs. Maurine Rowden of Modern Beauty Shop.

#### SERIES OF SERMONS TO BE HELD AT CHURCH OF CHRIST

A series of sermons has been announced by Alan Bryan, minister of the Church of Christ for next week. The sermons will begin at 7:30 Sun. night. The theme will be "The Christian Home." The public is cordially invited.

#### TUESDAY EVENING VISITORS

Mr. and Mrs. Lloyd Crabb of Lubbock visited with Mr. and Mrs. Milton F. Brown Tuesday evening. The Crabbs and Browns also visited briefly with Mr. and Mrs. Tom Mather.

Mr. Crabb is a student at Texas Tech.

#### VISITING PARENTS HERE

Mr. and Mrs. Billy Dane Burns, student at Texas Tech, came in last Friday to spend a few days with their parents, Mr. and Mrs. Jess Burns and Mr. and Mrs. Lloyd Evans.

#### MARKHAMS ARRIVE HOME

## South Plains Newspapers Eligible for Awards of South Plains Press Assn.

A program of awards for editorial achievement and various other phases of newspaper production, winners of which will be announced at the organization's first annual convention, Lubbock, May 6 and 7, was approved by directors of the South Plains Press association in a luncheon meeting at the Hilton hotel Saturday.

Awards will be made for the best all-around weekly paper, best editorial and advertising content, best feature story, best news story, best editorial on a local subject, best community correspondence and other similar phases of newspaper work. Rules and regulations for the contest will be announced within the next two weeks.

**Committee Is Named**

Other preliminary plans for the convention were discussed at the luncheon presided over by E. I. Hall, president, editor of the Lynn County News, Tahoka.

Hill appointed Forrest Weimbold, publisher of the Hockley County Herald, Levelland, as chairman of the convention program committee and Chas. A. Guy, Avalanche-Journal editor; and Lois H. Vestal, association secretary, Levelland, as members. Election of the association's officers and directors will be held in connection with the convention, which is expected to attract newspaper editors and workers from a wide section of the South

Plains area.

The Morton Tribune, winner of first place in the best set ads contest in Texas Press Association competition last June and honorable mention for general excellence, will be entered in several of the contest divisions of South Plains Press of which both Mr. and Mrs. Carl England are members.

### ATTENDED FAT STOCK SHOW

Mr. and Mrs. Harve Andrews returned Wednesday night from Ft. Worth where they attended the fat stock show and visited friends and relatives.

### My Neighbors

"These Parlor Pinks remind me of Uncle Ben. Said he was always kinda fond of wimmen... 'til he married one!"

## Barbara Oden and Billy Watts Married In Lewis, Kansas

Miss Barbara Oden and Billy Watts were married in the Avenue D Church of Christ, Lewis, Kansas, Tuesday evening, January 25. Floyd Mitten of Bethel, Kansas, officiated for the single ring service.

Baskets of Gladiola and white stock flanked by seven branched candelabra formed the background for the ceremony. Candles were lighted by Dick Dimmick and Richard Hager, they also served as ushers.

Pre-nuptial music was furnished by Misses Gladys Meddlin and Billie Mae Towner who sang, "Because", "I Love You Truly", and "Oh, Promise Me."

Miss Phyllis Lee and Dick Tetus attended the couple. She was dressed in a brown and white checked dress with a shoulder corsage of pink and white camellias.

The bride, given in marriage by her brother in law, Allan Brown, wore a dove grey taffeta street length frock. Her bridal corsage was an arrangement of red camellias.

Following the ceremony a reception was held in the Brown home, where the bride's cake and coffee was served guests and members of the wedding party.

The bride has made her home with her sister, Mrs. Allan Brown and family, Lewis, Kansas, since September, where she was a popular member of the Senior class of Lewis High School.

Mr. Watts is a Morton High School graduate and attended Abilene Christian College for two years. He is minister of the Church of Christ at Wellman, Texas.

Mrs. Ruth Watts, mother of the groom attended the wedding.

### FROM ENMC, PORTALES

Miss Jo Ann Lackey, student at Eastern New Mexico College, Portales, spent the week-end here with her parents, Mr. and Mrs. Wes Lackey.

## THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor  
Missionary Baptist Church

### TIME

Time is one of the greatest assets that the human race has yet it is abused and wasted more than any thing that we have. The things of life are divided into two different groups; One is for the glory of God and mans benefit; the other is for Satan's good and mans destruction. Time is always present but we never have any time when it comes to doing God's work or there is time enough to wait awhile. The Bible teaches that today is the day and now is the accepted time. It is true that procrastination is the thief of time. Procrastination is robbing the world of its greatest value. If people only knew it, time is precious and we do not have as much as we think.

We are now living in the day of new things. The world is running after every thing that is new. The time in which we are living now, people are wanting a new religion. Brother they are getting it and it is going to be the means of leading them to hell. Give me that Old Time Religion, for it is good enough for me. Yes, I know that time has changed, people have changed and every thing has changed. God is the same, yesterday, today and forever and that is the only redemption for the human race. Every fellow you see today want's a new car. Talk about Christ and the service of the Lord all you want too and but very few will respond. Hollow new car and the whole country comes running. A new car is a good thing to have in many respects. It is good to soothe a family quarrel in. When such happens just get in the new car and take a ride, soon every thing is O. K. Too it is a good thing in which to start a family quarrel in especially when Dad makes an awkward turn; boy the fat is in the fire. You say, well what causes things like that? Time,

brother. Time. If we would only take time to follow the Lord things would be much better.

The time is coming that time is going to be no more. Old father time is standing behind every one of us, unfeeling the ringlets of hair and soon the sickle will be thrust in and we will be hurled into eternity. Time then will call upon each one to give an account of him self. Would not reason teach us today to use time while we have it? Meet with us next Sunday and begin to use the time that we have for the Lord.

You are always welcome at our service, a service where Christ and God come first. Where men have equal rights in the service of the Lord and where Dictators have no place at all. Where all together can say, "My Lord and My God."

### Levelland Voters In Okay of \$20,000 Bond Issue Sat.

LEVELLAND—Levelland voters, turning out in extremely small numbers, Saturday approved a proposed \$20,000 school bond issue for the improvement of Lobo stadium here.

The bond issue, which was approved by 54 voters and opposed by 25, calls for the addition of 2,000 more stadium seats and a visitor's dressing room, Supt. O. W. Marcom said.

The bonds will become due and paid serially at the rate of \$2,000 annually beginning with the year 1949 for ten years or through the year 1958. Bonds will bear interest at a rate not to exceed six per cent per annum.

W. M. Pickard was elected judge and Mrs. Pickard and Mrs. L. R. Murray were clerks. The election was held in the Junior High school building.

### WEEK-END GUESTS

Misses Lois Ruth and Grace Ann Hawkins, students at Texas Technological College, Lubbock, were week-end guests of their parents, Mr. and Mrs. H. S. Hawkins.

## WINNINGHAM'S FOOD STORE

Phone 139 — Plenty of Parking Space — We Deliver

### -- annegrams — by ann england —

M. C. Ledbetter laughed at our warty steps in front of the post office Sunday. Monday about noon we saw him slipping and sliding in front of the bank.

The snow has brought needed moisture to the farm land, but considerable damage has been reported around town due to frozen and bursted water pipes, leaky roofs, etc.

Children over town have thoroughly enjoyed playing in the snow. Noticed Reagan Orm and out last Thursday morning putting the finishing touches on a snow man for his daughter, Mary.

The snow late Wednesday night was the prettiest and most unusual we ever saw. The first pellets, following considerable lightning and thunder, were about the size and consistency of moth balls, graduating down to minute balls, all this on top of a heavy coating of ice and snow made a beautiful effect.

Earl Crum told us last week that Morton Power and Light had 782 meters here in Morton. Estimating four persons to each meter gives Morton a population of over 3,000. There were 666 meters in January, 1948.

J. W. McDermott framed up a contest for Lion's club last week that was pretty cute. Too bad Bro. Wright wasn't there as the contest was designed to show that the Lions eating at north table are superior to those at south table. Bro. Wright habitually calls those at N. T. "bums and riff-raff." (we eat at N. T.)

H. H. Homsley made a good talk. He has a wonderful memory for telling humorous stories—nice ones too we might add.

Not long ago we received the nicest note from Mrs. W. E. Angley. Ever since we came to Morton she has been one of our staunchest friends and we feel awfully ashamed that we do not get by to see her now and then. Mrs. A is confined to her home almost all the time now.

Junior L'Allegro's are very busy making preparations for their annual Jamboree on Friday night, February 11. As usual funds from this affair are earmarked for benefit of the Junior High library.

Mrs. Leonard Miller (who formerly lived in Cochran county) writes from Pismo Beach, California, where they recently moved from Hanford, California. She likes it fine and says her health is much better on the coast.

And Mrs. Lillie Hudson of Borger in renewing her subscription said, "We can't do without our good old home town paper. We can hardly wait each week to get it. We like to know what is going on in and around Morton. Have lots of friends there and love them."

One of our friends sent us a box of note paper with rose decoration. The note accompanying the gift read, "Dear Annie, roses remind me of you, hope you enjoy using these." Now wasn't that sweet? Wasn't our birthday or anything either.

Pretty little Paula Brown (wife of our newest employee) was busily engaged getting settled in her apartment Monday. She telephoned to tell us that the suction on the vacuum attachment wasn't working; all Paula did wrong was hook the attachment where the dirt sack belonged.

Friday we were just sitting here minding our own business and working on a big ad for James St. Clair when one of our inlays fell out (guess we were lucky at that, it could have been a tooth). Anyway we weathered the storm to get up to see what Dr. Lawson could do about it. We went in half frozen and 3 year old Judy greeted us with, "Why Ann, you're too big to wear a toboggan."

We have mentioned before that it takes a staff of doctors, dentists, chiropractors, cosmeticians and corsetteers to keep us in running shape, even at that it seems at times as if it is a losing game.

The spouse is doing exceedingly well on his diet (or so he thinks)—he eats what the doctor prescribed first and then goes ahead and eats what he wants.

People are always asking us if we heard so and so on the radio? We seldom ever listen to anything but the record player—alho there are any number of things we'd actually like to hear we dislike being browbeaten, excruciated, hanangued, wheeled and intimidated by the commercials.

Why is it youngsters come in from school starved and yet when dinner is ready a bell has to be rung, everyone in the neighborhood telephoned and finally someone sent out after him?

### Services for Mrs. L. B. Bass Held Here Monday

Funeral services were held Monday afternoon for Mrs. L. B. Bass at the First Methodist Church with Rev. A. A. Kendall officiating. Interment at McAdoo, Texas on Tuesday, with Singleton Funeral Home in charge of arrangements.

Mrs. Bass, 37, died Sunday of tuberculosis after a long illness. She is survived by her husband and two sons, Edwin and David Bass. Another son died in early childhood.

Mrs. Bass was a member of the Methodist Church and had been a Christian and consistent worker in the church since early girlhood.

### LEHMAN NEWS

Mrs. Lee Castle visited in the home of her father O. S. Williams at Sudan, Texas, Friday, January 28th.

Sunday School at Lehman was not held Sunday, Jan. 30 because there was no heat. There will be Sunday School next Sunday so every body attend.

Mrs. and Mrs. W. G. Freeland gave a 42 party for Mrs. Paul Liles in honor of her birthday Saturday night, Jan. 29. Many games of 42 was enjoyed by all. A delicious refreshment plate was served to Mr. and Mrs. Tom Lynch, Woodrow Cunningham, Ernest Moore, L. C. Keith, Paul E. Liles, Bill Martin and son, Mr. Dorsey Freeland, Mr. and Mrs. Butler, Mrs. John Freeland, Mrs. George Heflin and children and Mr. and Mrs. W. G. Freeland. Many nice gifts were received by Mrs. Liles.

Mr. and Mrs. Lamon Keith and children spent the week-end with his parents, Mr. and Mrs. L. C. Keith.

Joan and Mickell Clampitt, children of Mr. and Mrs. Jim Clampitt have been ill with chicken pox but are getting along O. K. now.

My we are glad of all of this nice moisture that we received during the month of January. Makes everything look brighter at Lehman.

MR. and MRS. LEONARD DAVIS and MRS. CHARLES BELL were visitors in Lubbock Monday.

Bob Rollen was out last week, while here he misplaced his car title and some other papers; reminded us of the discouraged chap who had written a long overdue letter, and then lost it before getting it mailed.

**LIVESTOCK LIFE-LINES**

Swine erysipelas germs thrive in lime-rich soil.

It is not unusual to find horses infected with cattle grubs.

More farm animals are poisoned by lead than by any of the other metallic poisons.

Chickens fed excessive amounts of fish-liver oil may develop nervous and paralytic symptoms.

Horses fed largely on coarse roughage and forced to drink ice-cold water are easy victims of colic.

Although hormone treatment can bring virgin heifers into milk, it is likely to destroy their breeding ability.

Owners should suspect the presence of lambing paralysis when one or more ewes in a flock die just before lambing time.

Good ventilation and a temperature of about 50 degrees Fahrenheit help to keep stabled cows in good health and in good production.

Dry litter, protected waterers, screened roosts, and good ventilation of poultry buildings are important in keeping coccidiosis under control.

Ringworm is one of the most common skin diseases of young cattle and is apt to be most prevalent in the cold months, due to crowding in winter quarters.

Brood sow rations containing as much as one-fourth of alfalfa hay or meal are being recommended by some veterinarians as a means of curbing losses of baby pigs.

Most candidates know that they can't fool all the people all the time; but are content to fool the majority for a short time—around election time.

**LOOKING AHEAD** By George S. Benson, President, Harding College, Searcy, Ark.

**LOOK AT THE LABEL**

A lot of persons, who like to think that they think, are bandying about a couple of terms that mean less than a whole lot to a whole lot of people. I refer to the terms: "liberal" and "reactionary." May I put in my two cents worth in hopes that you may know these modern labels better? The modern scene is made difficult to understand by a confusion of labels. We need to know how to call the tune, regardless of who pays the piper.

What I mean is that armchair commentators and soapbox spellbinders throw these terms at you, without any apology. Sure, you can get their meaning, whether they are for it or against it, by the way their lips are curled and their epithets hurled. But that's not enough. We need to know what the labels mean. Some bottles, with pretty labels, contain poison. A man can't think straight unless he can know his ideas as he picks them up.

**The Real Test**

You used to hear a lot about union labels. Still do sometimes. A union label describes the source of a product. It is not easy to tell for certain the source of some of these word-labels. But Jesus said of false teachers: "By their fruits ye shall know them." That is still the best way to size up a man and his idea. It is even possible to put that test to labels. That way, a man cannot call himself one thing and be another.

The word liberalism comes from the same basic word that gave us the term liberty. The ancestors of this label, therefore, are of the best blood. The term has the finest possible background, for it implies all sorts of freedoms and puts strong stress upon human liberty. Then how is it that those who claim liberalism as their doctrine are found waving the banner for the very worst enemies of all liberty?

**State Supreme**

We Americans declare that we hold sacred the right to life, liberty, and the pursuit of happiness. By so declaring, and then acting that way, we have shown our faith in the individual as a person and not merely as a unit of mass society. We have said that man is to be as free as possible, while also being responsible. The nation's founding fathers clearly insisted that government must be set up to serve man, and not man to serve the government.

But here and now we have the sorry mess of the liberals today wanting to change all this. They propose to improve this arrangement by "planning" us into either a socialist or a communist or a fascist society in which all signs of human freedoms must certainly vanish. These planners and plotters would have the society (government or state) to be supreme in all things. Even God they would replace by the State.

**A New Serfdom**

What need would we then have to guarantee personal rights and

**NOTICE TO BIDDERS**

Notice is hereby given that the Commissioners Court of Cochran County, Texas, will, on the 14th day of February, 1949, at 10:00 o'clock a. m. in its usual meeting place in the court house at Morton, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery:

One single axle gasoline powered motor grader. Motor grader must develop at least 30 brake H. P., must have mechanical controls and electrical starting and lighting equipment. Price must be complete including freight from factory.

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law:

GLENN W. THOMPSON, County Judge; by Order of The Commissioners Court. 50

**BOYCE HOUSE**

**'Gives You Texas'**

When I was a boy in the eighth grade in Memphis, Tenn., on a Saturday I would get to go uptown and, in order to save carefare, I'd walk. The nickle saved meant another picture show—(admission was only five cents in those distant days).

A few weeks ago, back in Memphis on a visit, I decided I'd see just how far that was—so I walked from town out to where we used to live. It took almost 50 minutes.

The little house is still standing; it has been painted a different color and the front porch has been screened in but otherwise it seems the same. Across the street had been a wooded area and some of the old trees under which I used to play are there yet.

P. S.—I rode the street car back to town. And it reminded me of old times—I had to wait so long and had to stand up.

Time brings changes and destroys the old landmarks. The up-the-alley printing office, where the statistical daily was issued and for which I copied the public records while attending Central High, is gone. The Phoenix Athletic Club where I viewed many a rousing fight—gone. I looked in vain for the old county jail where once I'd seen a mob turned back by a single officer. The old, rattling iron bridge over the creek at Mill Street—gone. The dusty book store, (with its many shelves filled with old volumes), which you entered and from the gloom there emerged an old, stooped man who grudging-

ly switched on one sickly-yellow light for you to examine a section, took your money silently and seemed to be on the verge of snarling as he handed you the book and the change—store and dealer, gone.

Mark Twain said of an acquaintance, "He is one of those narrow-minded men who think there is only one way to spell a word."

Long skirts sure have ruined a lot of American scenery.

## Large Audience Enjoys 2 Movies Sat. at Bedwell's

Nearly 225 persons attended on Saturday, Jan. 29, a program arranged especially for farmers, their families, and friends of this community. This program which was held in the Bedwell Implement building, and which was highlighted by the showing of two feature movies in color, was sponsored by Henry B. Bedwell, local Minneapolis-Moline farm implement dealer.

The films shown were entitled "This Heritage of Ours" and "Reasons for the Seasons." The first film told the story of growing America from the time the first colonies were established to the present and included such episodes as the Oregon and Mormon trails in opening of the West and the discovery of gold which brought on one of the greatest mass migrations in the history of mankind.

The second film, entitled "Reasons for the Seasons," was a story of the seasons, the sun, and the soil. By means of colorful animation and straight photography, the vital facts concerning the seasons were graphically explained. Included in this film were sequences showing how modern farm machinery is helping farmers cope with seasons as they affect him and his work.

## Progress of 4-H Dairy Program in County Reported

Four sponsors of Cochran county began an earnest dairy improvement program in 1947. That same year C. M. Cravy, Morton, delivered a registered Jersey heifer to Joe Cecil Coleman, a 4-H Club and FFA boy. The Morton Chamber of Commerce delivered a registered Jersey heifer to Melvin Yarbrough, a 4-H Club boy; James St. Clair delivered a registered Jersey heifer to James Dewbre, a 4-H Club boy, and Willard Cox delivered a registered Jersey heifer to John Denny, a 4-H Club boy.

Last year in 1948, the Morton Chamber of Commerce purchased a \$150.00 registered Jersey heifer and delivered it to Bobby Rhyne for having the prize winning 4-H Club gilt. Joe Cecil Coleman's cow dropped a Jersey heifer calf in 1948 and it was given to Jackie Neal Brown, 4-H Club boy, with Mr. Cravy's approval. This is the agreement of all boys getting these Jersey heifer calves, that is, deliver first heifer calf to another 4-H or FFA boy whom the sponsor recommends.

Melvin Yarbrough is holding his first heifer calf dropped from his cow in 1948 for the Morton Chamber of Commerce to deliver to the boy having the prize winning gilt in the spring Cochran County Fat Stock Show in 1949. The Morton Chamber of Commerce will pay the feed bill on the calf until show time this year. Willard Cox, sponsor of John Denny's calf is paying John the feed bill on his calf to hold for delivery to Willard's son at some future date to be determined. James St. Clair, sponsor of James Dewbre's calf, is still waiting for James' heifer to drop a heifer calf. When the heifer calf is dropped, Mr. St. Clair will find a good home for the calf, said County Agent Homer Thompson.

The county agent is encouraging these boys with these cows and heifers to carry their cows to Texas Tech dairy barn to be serviced by artificial insemination method if no good bulls are available. "This will require only a few minutes at Texas Tech and the boys can get the use of some of the best bulls in Texas for a fee of \$6.00. All the boy has to do is take the cow over to Texas Tech and bring her back home the same day," said Thompson.

## Whiteface 4-H Club Reorganized At Meeting Thursday

On January 27, County Agent Homer E. Thompson reorganized the 4-H Club in Whiteface community. Twenty-four 4-H boys joined the club. At the next regular meeting a new 4-H Club adult leader will be elected by the club. The club's officers will also be re-elected. Most of the boys indicated a special interest in the following demonstrations: Beef calf feeding, swine improvement program, and poultry production both for meat and eggs, advises the agent.

The week prior to the Whiteface 4-H Club meeting, the county agent met with the Blessco community 4-H Club boys and five new members were signed up. The total enrollment for 4-H Club boys in Cochran County is 91 members, added the county agent.

A good deed gets about as much attention these days as a homely face.

## Resolution Presented to Congress to Make FDR's Birthday National Holiday

AUSTIN—A resolution asking Congress to declare January 30—the birthday of the late President Franklin D. Roosevelt—a national holiday, was presented in the senate last week by Senator Kilmer B. Corbin of Lamesa. The lengthy resolution lauding President Roosevelt was unanimously adopted and went to the House for consideration. Copies of the Corbin resolution will be sent to the President, Vice-President, Speaker of the House and to each Senator and Representative from Texas in the Congress of the United States.

Much of his time last week was occupied in a battle which is expected to result in West Texas getting what it wants in the way of water priority laws.

At a meeting here, called by the West Texas Chamber of Commerce, Corbin was selected to direct the progress of water bills in the Senate and protect West Texas' interests when water measures are considered.

## TECH PROFESSOR TO ATTEND NORTHERN NEW MEXICO EDUCATION ASSOCIATION

Dr. Doyle D. Jackson, professor of education at Texas Technological College, will attend the Northern New Mexico Education association at Raton Feb. 11 and 12 and will participate on the program twice. He is scheduled to address the general session Feb. 11 on "Good Citizenship Through Public Education," and the high school section meeting on "Social Promotion."

Dr. Jackson is scheduled to speak at Lions Ladies Night here on February 18.

## W. M. HARRYMAN DOING FINE AFTER SURGERY ON ARM

Mr. W. M. Harryman is doing fine following surgery on his right hand and arm, performed at West Plains Hospital last week.
