

## American Legion Commander Urges Citizens to "Wear A Poppy" May 28

All members of The American Legion were called upon to wear poppies on Poppy Day, Saturday, May 28, in a special message to be read by Homer E. Thompson, commander of Jesse R. Bond Post of the Legion.

Thompson said that veterans of both world wars set an example of courage for the war dead by wearing the memorial flower throughout the day, Commander Thompson said:

"Passage of the years has not dimmed our memory of those comrades of ours who served by our sides and who gave their lives for America. Let us, then, show that we remember them and honor their sacrifice by wearing our memorial flower, the poppy, on Poppy Day. In this observance war veterans should set the example for all citizens.

"Members of the American Legion Auxiliary, our wives, mothers, sisters and daughters will distribute the flowers on the streets on Poppy Day and receive contributions for welfare work among needy veterans and veterans' children. Knowing as we do the great and growing need for this phase of Legion and Auxiliary activity, we should be as generous as our means permit when receiving our poppies.

"Members of The American Legion should be among the first to put on poppies on Poppy Day and should give every cooperation toward making the observance of the day a complete success."

## RAIL DUST

By DOUGLAS MEADOR

Time has grown old in its tracks and the kernels have become wrinkled and exceedingly since that dew-kissed dawn walked down Hollywood's Sun Boulevard, to Gower street. I reached the manuscript in my hand and felt its words beating against the taut drums of my life. Purple fog was unveiling hill-top homes and distant mountains. There was a perfume of dew and flowers, a faint grass and a faint whisper of the sea. I reached the shabby, unpainted building on "Poverty" and looked at a serene casement with ivory doors and hammer-gold dome. Hours passed before an old, lame man arrived. He admitted me to the office with its dirty, worn flooring and peeling wallpaper. It was a beautiful room and I enjoyed the delay. There was no one to whom I had collected from tears; failure and despair had kept the stores of misery in the room where I waited. There was no end of the hope that had perished within the dark, shadowy interior. Somewhere outside in distance, a streetcar bell was ringing furiously and automobile horns were honking. The tide of life was flowing in the streets. A short, fat man was abrupt in comments regarding my story. He searched under the old papers on a tottery desk for a book. I stopped several times on my way back to my room and looked at the check which I later cashed for half a dozen dollars. I have never been so completely confident of my future. I now have a story that anyone with sufficient hope and stupidity will eventually succeed.

Soft music is often sweet cakes and honey for the hungry. Pink doves of dreams we keep in secret chambers of our hearts.

Have a boy enough rope and will find a dog to attach to the end of it.

Perhaps it is true that "Iron do not a prison make" but certainly tend to hamper routine activities of men behind them.

Doubt is a stone in the pillow; faith, a drug in the crystal ball of contentment.

My struggle for the achievement of lofty ambitions ceased. The grey started to show beneath my hat band. At present I am engaged in a rather laudable effort to prevent the discovery of the actual extent of my abilities.

Without fellows, these politicians devote so much oratory to the country from their colleges, while their colleagues perform an identical service.

It is appropriate that we pay tribute to our ancestors but by histories are apt to be in the recording of characteristics which fail to meet approval of society. Surely nature has not changed much in the past few generations as to separate this generation from those who lived before such a great gulf of continuity. It seems by the law of average that a few more rascals must have been among them.

Only the resolutions written on our hearts can survive for an entire year. Those written on our merely convey to our poor consciences, our better intentions, when they become solvent.

Weakness is one of the great gifts of wisdom but the meek do not always wise.

### Levelland Pool Activity Tending To Cochran Area

A definite trend has been taking place over the past few months toward the majority of oil activity in the Levelland field spreading westward into Cochran County. Since the discovery of the pool, most exploration has been confined to Hockley County. Only recently has development been more intense west of the county line.

The pool made eight new oil wells over the past week. Of these, five were in Cochran county. Other producers completed were in the Slaughter field of Hockley county, which gained two, and one in the Smyer pool.

Locations totaled six each in Cochran and Hockley counties. Statistics are based on applications and reports filed with the oil and gas division of the Railroad Commission.

### Improvements at Local Hospital Made This Week

Recently fluorescent lights were installed in the West Plains Hospital - Clinic except for the patients' rooms. Fixtures with four 48-inch bulbs were placed in both the emergency and examining rooms, making it almost like daylight in these rooms.

Removal of surgical supplies and minor remodeling this week opened the observation room adjacent to the surgery so that relatives can now watch operations.

A large plate-glass window looks into the surgery from this room. However, the floor and walls are quite hard and unyielding, so if anyone watching an operation feels himself growing faint, he should try to slide down easily.

### Two Heads Are Better Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose. "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—

but you'd better ask Henry, 'cause already have." I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

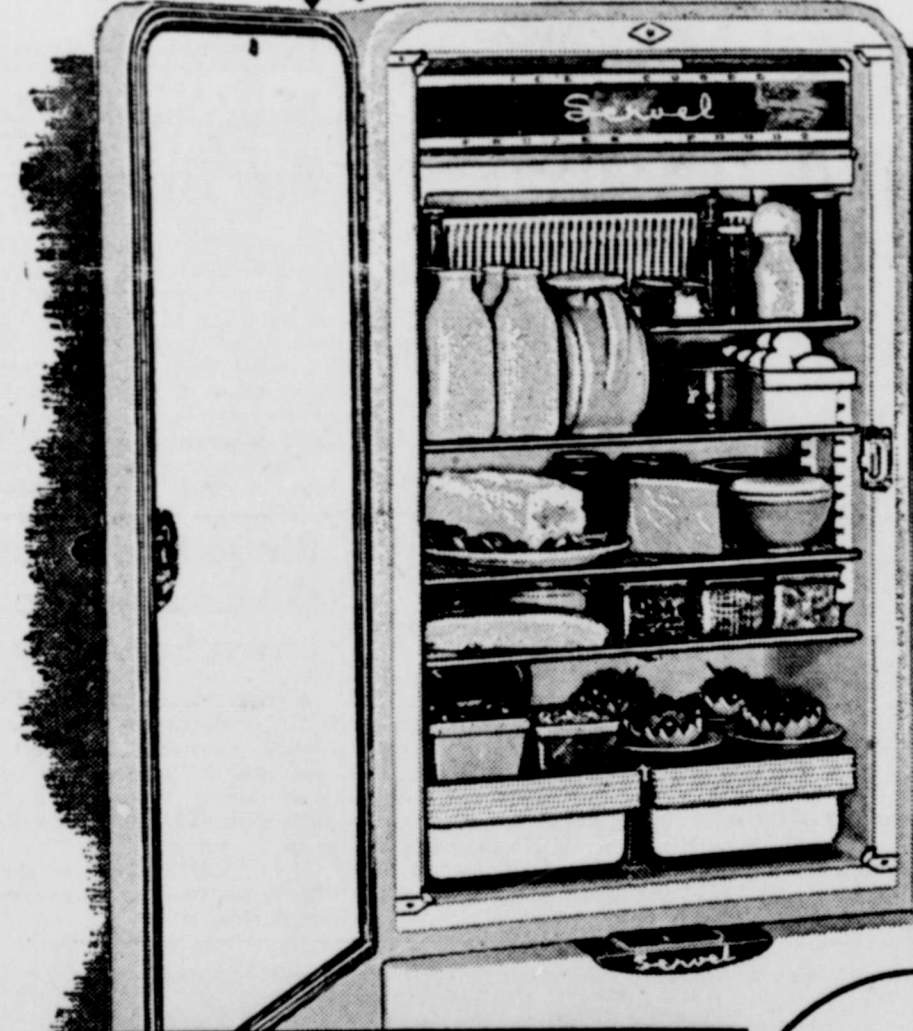

From where I sit, your own opinion is worth a lot—but not the other fellow's. That's why I'm saying, over and over, let's be a crant of the other person's point of view—whether it's on politics, farming—or whether you like milk shakes and he prefers a temper glass of beer.

Miss Wanda Vivian Hancock, daughter of Mr. and Mrs. A. H. Hancock, became the bride of R. C. Lemons, Jr., of Lovington, N. M., at 6 o'clock p. m. Saturday in the First Baptist Church. Mr. Lemons is the son of Mr. R. C. Lemons, Sr., of Morton.

Pink and white roses and white candles formed the background for the impressive double ring ceremony read by Rev. John P. Cundieff of San Angelo, uncle of the bride.

Miss Alleen Altman of Enoch played "I Love You Truly" preceding the ceremony and "All-ways" after the ceremony.

Given in marriage by her father, the bride wore a white gabardine suit with navy accessories and a coronet of blue and white feathered carnations. She carried white carnations and white satin ribbons on a white Bible, the ribbon streamers marking her favorite scripture, 23rd Psalm. For "something old" she

wore a locket of her paternal grandmother. For "something borrowed" she wore an ankle chain of Miss Sammie Garrett and for "something blue" a pair of blue garters.

Miss Sammie Garrett of Lamesa was maid of honor. She wore a navy gabardine suit with white accessories and a corsage of pink and white carnations. Miss Elouida Thomas of Lubbock was bridesmaid. She wore a pink gabardine suit with light blue accessories and a corsage of pink and blue carnations.

W. L. Hancock, uncle of the bride served as best man.

The candles were lighted by Miss Naomi Cundieff of San Angelo, cousin of the bride, and Miss Mayree Hancock, sister of the bride. Miss Cundieff wore orchid picolay with the bodice embroidered in white. Miss Hancock wore pink with white eyelet. Their corsages were pink roses. The ceremony was attended by relatives and close friends.

Following the ceremony a reception was held at the home of the bride's grandmother, Mrs. Mac W. Hancock. The brides table was laid with a lace cloth centered with a white and pink bridal cake decorated with a miniature bride and groom. Miss Wanda Yarbrough and Miss Jammie Jeter served punch from a bowl flanked with sweet peas. Flowers were used at vantage places throughout the house. The bride wore a grey crepe with navy accessories for travel.

Mrs. Lemons is a graduate of the 1949 Morton high school class. Mr. Lemons spent 2 years in the army.

They will make their home at Lovington, N. M., where Mr. Lemons is engaged in farming.

### Lubbock ABC Boys Club Championship Rodeo To Be Held June 8, 9, 10 and 11

The American Business Club of Lubbock is readying Jones Stadium, on the Texas Tech campus, for the June 8, 9, 10, and 11 presentation of the exciting Boys Club World Championship Rodeo, with five big acts and \$4000, plus entrance fees, in prize money. Everett Colburn is the managing director of this world-famous show. It is a crowd-thrilling spectacle that has played to capacity audiences all over America, including Madison Square Garden and two previous appearances in Lubbock under the auspices of the Lubbock ABS's.

Again this year, receipts from the four-day showing of the ABC Boys Club World Championship Rodeo will be placed in the capital fund of the Lubbock Boys Club. Concession earnings of the Lubbock Lions Club will also go to this fund. The entire show is sponsored to aid the boy-building projects of the Lubbock Boys Club.

A colorful parade of horsemen and ladies, horses, and vehicles of the old West will wind its way down Lubbock's principal thoroughfares on the afternoon of June 8, at 5 o'clock, to launch the big rodeo activities. The famed Will Rogers Range Riders of Amarillo will highlight this parade, which is expected to be many blocks long.

The Lubbock ABC Boys Club World Championship Rodeo features five dazzling acts, packed with laughter and gasps. Among them are: two separate performances of spectacular horsemanship by the skilled Hendricks family; the comedy team of Beeswax, the taxi mule, and the Moore family; an 18 horse quadrille; and four lovely trick riders.

For ropers, bulldoggers, and riders, the World Championship Rodeo offers \$4000 in prizes, entry fees added. Saddle bronc riding, bareback bronc riding, calf roping, steer wrestling, and bull riding are among the prize contests. The meanest and fastest stock from Everett Colburn's Lightning C Ranch in Dublin, Texas, will provide entrants with first-class opposition.

All eyes will be on the spill-defying acts of the talented Hendricks family, Byron, Lee and Ann. The two boys will give two nightly performances on twin horses, with thrilling bareback and bridleless variations. Ann Hendricks and her dancing horse, King Richard, will execute some neat footwork to the tune of fancy music.

Beeswax, the mule clown, will spice the annual Lubbock ABC Boys Club Rodeo with a hilarious act featuring the comedy antics of the popular Moore family. An 18 horse quadrille will step through its paces, to be described by announcer Ray Lacklin. There will be an act of daring trick riding by four pretty young ladies, and a host of riding contests in genuine championship style.

Performances begin nightly at 8 p. m., June 8, 9, 10 and 11, at Jones Stadium, Texas Technological College, with a clear view of all acts and contests from all of the 20,000 seats.

### Timely Tips

**Extension Foods and Nutrition Specialists—A. & M. College**  
Plentiful foods during April are: Eggs, spinach, carrots, potatoes, onions, dried peas and beans.

Plentiful foods are usually cheaper. Plan to use them often during the month.

Potato skin is a great protection against the loss of food value in cooking. This isn't true with the carrot skin.

If you want to serve potatoes without the skin remove it after cooking.

Some homemakers do leave the skin on carrots, especially if they are young, small and tender.

Mature, stored carrots, on the other hand, may be more appetizing if peeled before cooking.

### One-Half of Texas Cotton Classed Free Past Season

One out of every two bales of cotton ginned in Texas the past season was classed without cost for nearly 97,000 farmers in Smith-Doxey improvement groups.

This same service will be available again this year, John L. McCollum, southwest area manager, Production and Marketing Administration's cotton branch U. S. Department of Agriculture, Dallas, announced.

Participation in Texas was higher last year than at any time since the program went into operation 11 years ago and prospects indicate it will be higher this season, McCollum pointed out.

Latest count shows farmers ginned over one and a half million bales on which they received classification and market news service, both without cost. Total ginnings for the state amounted to more than 3 million bales.

Any organized improvement group which adopts a variety of cotton, files application, arranges for sampling and meets certain other requirements is eligible for this service on the coming crop.

Application should be filed as soon as members have planted their cotton, but not later than July 1 for counties lying entirely or for the most part east of the 100th meridian, and July 15 for those lying entirely or for the most part west of the 100th meridian. Latest date which applications may be received is Aug. 1 for the eastern block of counties and Aug. 15 for the western block.

Instructions and application offices of Production and Marketing Administration, the area cotton branch office, or cotton classing offices in Austin, Dallas, Galveston, Lubbock and Abilene, McCollum explained.

**UNDER TEXAS SKIES**

A. Garland Adair, Curator of History, Texas Memorial Museum

In the Great Hall on the second floor of the Texas Memorial Museum, the ever increasing throngs of daily visitors may see a large case filled with numerous well preserved and priceless official and personal articles originally belonging to the Austins and handed down by them from generation to generation over a period of more than a hundred and fifty years. These treasured exhibits have been presented to the museum by gift of Mrs. Hally Bryan Perry and Mrs. Guy M. Bryan II and daughters.

Conspicuous in the display is a magnificent bust of Stephen Fuller Austin, "the Great Empresario and Father of Texas." It is one of the masterpieces of art done by the gifted hand of America's most noted sculptress, the dramatic Elisabeth Ney of Austin.

Gracing the south wall of the Pioneer Room on this same floor also may be seen two grand oil paintings—one of Moses Austin and the other of his son, Stephen. They are the handiwork of another well known artist—Mrs. Lucy W. Rice also of Austin.

The following are eloquent excerpts from "The Life and Writings of Dr. Rufus C. Burleson," who was for many years president of Baylor University and who was a personal friend of Sam Houston and many other pioneers whose names were beloved household words in early time in Texas.

The question is often discussed in debating societies, "Which was the greater man, Austin or Houston, and which should Texas reverence more?" Before discussing this question, we advise them to settle another question, "Which should sons and daughters reverence more, father or mother?" Every true heart instinctively responds, love and honor both alike. So all Texans in all ages should honor and love Austin and Houston alike. Both were Godsent men and essential to the greatness of Texas.

The goodness and wisdom of God are eminently displayed in the grand pathfinders and foundation builders he gave Texas. Eminent among these will ever stand Stephen F. Austin. His father, Moses Austin, in dying from long journeys and exposure and desertion of his traveling companions, had a glorious assurance that his son Stephen would carry out fully his cherished plans of colonizing Texas. Stephen F. Austin was born in Austinville, Va., November 3, 1793, the same year Sam Houston was born in the same grand state.

His father moved to Missouri when Stephen was six years old. He spent four years in New London Academy, Missouri, and graduated in Transylvania University, Kentucky, then one of the most eminent in the United States. When Missouri was organized into a territory in 1818, Stephen F. Austin was elected Territorial Legislator, and rendered good service in laying the foundation of Missouri. The next year he removed to the Territory of Arkansas, and was immediately appointed Circuit Judge. Which office he filled with great distinction till the death of his noble father, when he was called to take his place in laying the foundation of the grandest State in the Union. He assumed the grand work in 1821, when twenty eight years old.

Austin was pre-eminently fitted for his great and delicate work. He was finely educated, especially in the history of founding States and empires. He was immaculately honest and just to all and firm as the rock of Gibraltar. He succeeded so well in locating 300 families that he took a contract for bringing 500 more. And later 200 more, and finally 200 more. The brilliant success of Stephen F. Austin in-

duced twelve other men to get grants to bring colonists to Texas but seven out of the twelve failed.

The illustrious patriot, Austin, while profoundly engaged in his office as Secretary of State, especially in preparing instructions for Ministers to be sent to England, United States and France, was compelled to toil a greater part of three days and three nights in December in a room without fire, from which he contracted a severe attack of pneumonia, of which he died at Columbia, December 27, 1836."

Dr. Burleson concludes his articles about Austin by saying that, "His remains were accompanied by President Houston and Cabinet and both houses of Congress to the family burial ground at Peach Point, Brazoria County," where his remains still sleep in glory."

Since the time of this writing the remains of Stephen F. Austin have been brought to Austin where they have been reinterred in the State Cemetery. A printed funeral notice concerning his death is one of the exceedingly rare bits of Texans in this Museum exhibit. He was never married, but made his home chiefly with his sister, the mother of our illustrious fellow-citizen, Guy M. Bryan, who inherits many of the excellencies of his illustrious uncle.

**CARD OF THANKS**  
I wish to express my sincere appreciation, for the help rendered and for the wonderful visits of my many friends. Also for the many beautiful flowers I have received since I have been in the hospital.

The spouse recently received an invitation to cocktails and dinner and down in the left hand corner with the "repondez s'il vous plait" it also read, "dress optional." Now we have always considered ourselves ultra-modern but decided that we'd feel more comfortable if we just went ahead and wore something—especially since there are apt to be a lot of people there we don't know very well; expect we are just "old fashioned" after all.

★ Heard the other day that one of the town "characters" had been picked up by the local law but we hardly dare (since making some of the county officials angry) stick our head in the court house to find out anything for fear we will get thrown out on our head. Probably wouldn't hurt our head—but after all we have our pride.

★ A card from Mrs. Leonard Miller. They have just recently completed and moved into a new home about 1/2 mile from the beach at Grover City, California.

★ Lillian Williamson had the sewing club at her home last Thursday afternoon. We couldn't go out but Lillian brought us a lovely potted geranium after the party was over. She gave everyone present one of them. Lillian is sweet and thoughtful.

★ We heard that the home of the S. T. Cox's daughter, who lives in Amarillo, was blown away in the storm that hit the Panhandle city not long ago. The Cox grandson, Michael, was injured in the storm.

★ A son of Mr. and Mrs. A. D. Forehand, gave a plot to the Sunday Church of Christ for the rebuilding of a church there.

★ Gene Huggins is knee deep in blue prints for the new home he is building for his family. The house is located west of the Plains hi-way and will be next door north to the Lloyd Allsup home.

★ That is quite a toney neighborhood; R. C. Stricklands on northwest corner, next south is the Joe Nicewarner home and then the W. W. Williamson's new white brick place. The Jiggs Baker, Allsup and future Huggins homes are immediately west.

★ H. G. Richards, publisher of The Anton News, is high man in our affections now. In his column "Seems to Me" last week he wrote, "Ann England, editor of the Morton Tribune writes a column called 'annegrams'. Mrs. England has been the recipient of more verbal bouquets than any other columnist on the South Plains, and for a very good reason, too. But evidently there is one fine newspaperman who has not been so lavish with the flowers" (Mr. R. here quotes a portion of an excerpt from ae) and then goes on to say, "Well, C. W. must be that kind of a thing you called him—the way he raves about YOUR column to us men and not tell you the same."

★ If there is anything we like better than seeing our name in someone else's paper we don't know what it is—especially when it is as nice as Mr. R. makes it. Mr. Richards is the new president of the South Plains Press Association and if he flatters the other newspaper folks as much as he has us he will certainly have every last one of them eating out of his hand.

★ We got to thinking of that Waldorf-Astoria recipe and decided to try it (incidentally the recipe should have read 1 teaspoon of vanilla)—think it must have been the mayonnaise that intrigued us so much. Anyway we mixed the thing, set the oven and took off for a visit for the required baking time of 35 minutes.

★ Upon our return, the house smelled kind of strange and when we opened the oven there was charred dough everywhere but where it should have been. Decided that the leavening we used must have been dynamite instead of soda. Made an attempt to analyze ingredients, chemical reaction, etcetera. Came up with the amazing deduction that the cake pan used should have been the size of a wash tub.

★ Bessie Tilger came over the other afternoon to see the newly decorated bathroom and Paul Goodman has expressed a desire to see it. We like it all right but doubt very much if we ever serve coffee in it as Elsie de Wolfe did in the bathroom in her apartment in Paris, France.

★ A story, "The Elsie Legend" in a recent Bazaar has this to say about it, "The bathroom was the glamour high spot. A low couch covered with zebra skin ran along one side of the room; the electric light fixtures were mother-of-pearl in a design of oyster shells; the rug white vel-

vet and the curtains of silver tissue. White orchids decorated the mantel (do you suppose she had a fireplace in there, too?) and on tables surround the tub. This bath room caused so much talk that every visitor asked to see it and eventually it became the custom for after-dinner coffee to be served there."

★ In reading couldn't help but wonder if E had another one hidden around the corner for less show and more practical purposes.

★ Well—the Hutchinson County Herald over at Stinnett certainly came out with something new and different last week. In Uncle John's column on the front page announcement was made of the unusual society page and when we turned to it—found that all the pictures were of men. Two young and handsome chaps were pictured as recently having had their engagements announced; one fellow was modeling the latest fashion in hats; a trio was shown on the golf course; two group pictures showed men dining and another the new prexy of Borger Junior Chamber of Commerce.

★ Oh, yes, Ruth Weimhold (she and Forrest fed us Sunday evening) told us that she wired the Concert Association about membership cards and they answered that the cards were in the hands of the printers. Too bad those easterners didn't pick on a printing office out this way in order to get faster service.

★ Headline in Sunday's Ft. Worth Star-Telegram read, "Falsies, Creams, Phony Hair, Paint, Make Fems Seem What They Aint". The lengthy article went on to describe what would happen if the entire cosmetic and corseting industry suddenly went out of business. It was very interesting but didn't tell how one holds one's tummy in and a strapless bra up at the same time; that feat we've found is about on a par with patting one's head and rubbing the tummy—almost a muscular impossibility.

★ Our roses have developed yellowish foliage since the rains and we are advised by Miss Manley to stir up the soil around the plants and apply nitrogen fertilizer. Small shrubs and roses require 2 to 4 heaping table-spoons per plant. A good dusting with sulphur or rose dust once a week or within 24 hours after a rain will help keep roses free from mildew and black spot.

★ If tender annuals show signs of damping off (the plant falling over and drying out—ours have done this too), aerate soil as quickly as possible. Try sprinkling soil with one pound semsan to eight gallons of water for damping off troubles.

★ Notes from the County Library on current books available will be given from time to time in the Tribune under the heading, "Book Nook", look for this news and patronize the library. Mrs. Hessie B. Spotts has been engaged by the county as librarian. Mrs. S. is also clerk for the Cochran County Vocational School.

★ Lola, colored cook for the Jim Casey's at Whiteface, was quite pleased when she found that Mr. Holman had had an oversized chair installed in the balcony of his new "Home" theatre at Whiteface for her special benefit. To show her appreciation Lola baked a nice angel food cake for the Holmans.

### "BOOK NOOK"

Good news for the readers of Cochran County library. More books have recently been added. They are new. They are interesting. Read them. The library is located in the basement of the court house and is open every day but Wednesday from 9 until 5 P. M. It closes Wednesday noon and at 4 on Saturdays. HESSIE B. SPOTTS is there to help you with your selections. Library cards cost 50c per year. Get Yours. Three of the new books are:

"Prairie Avenue" by Arthur Meeker. Here is the gayest of novels. It is in the form of a chronicle of what happened to the family in the Prairie Avenue Mansion in Chicago, of their wives and children and their grandchildren. It is of the wealthy and great from 1880's to 1918.

"Sangaree" by Frank Slaughter. The best, most extraordinary novel of our day—is the turbulent, swiftly moving story of a daring experiment in land tenantry in Savannah, and the efforts of the brilliant young surgeon, to enforce it in the face of the bitter opposition of entrenched wealth, prejudice, pirates and plague. This book is by the author of "In a Dark Garden."

"The Chain" by Paul Wellman. A powerful, beautiful novel of a man of God—John Carlisle, a clergyman in Jericho, Kansas

**VANNA LOUISE BUTLER,** . . . six months old daughter of Mr. and Mrs. Bill Butler, Lubbock. Mrs. Butler is the former Colleen Smith, a Morton High School graduate, and Texas Tech student. Mr. Butler is a Tech senior. Mrs. Albert Morrow is Vanna's maternal grand mother and the paternal grandparents are Mr. and Mrs. Louis Smith of Ruidoso, New Mexico. Vanna spent the week-end and until Wednesday out here with Mr. and Mrs. Morrow.

### 1936 Study Club Officers Installed At Meet May 18

Mrs. M. C. Ledbetter, Mrs. Hume Russell, Mrs. P. B. Ramby, Mrs. James St. Clair, and Mrs. Elizabeth Greer, were hostesses to the 1936 Study Club dinner May 18, at 8:00 p. m. in the home of Mrs. Ledbetter.

The guests served themselves from a beautifully decorated buffet table, consisting of salads, hot rolls and strawberry short cake. They were then seated at Bridge tables.

Mrs. Raymond Ross, retiring president, asked Mrs. Scott Hawkins to read the history in the absence of Mrs. James St. Clair, who was historian of the club.

Mrs. Ross thanked the club for the cooperation given her during the year. She presented Mrs. Truman Doss as installing officer. Each retiring officer presented the officer-elect for installation. After the installation, Mrs. Ross turned the meeting over to Mrs. C. M. Cravy, president-elect, who adjourned the club for the summer.

Each of Mrs. Ross' officers were wearing a corsage, presented to them by their president.

Those present were: Mesdames J. A. Gowdy, L. F. Hargrove, J. B. Knox, H. S. Hawkins, Jess Burns, Joe Gipson, R. C. Strickland, Scott Hawkins, J. D. Hawthorne, R. C. Ross, F. F. Roberts, Pat Hatcher, Albert Morrow, C. M. Cravy, the hostesses, Mesdames Ledbetter, Russell, Greer, and Ramby, and the installing officer, Mrs. T. W. Doss.

## Dallas News Publishes Huge 442-Page Edition

The Dallas Morning News published a 442-page Sunday edition, May 22, titled "Texas Unlimited," which was the second largest newspaper ever printed in the United States.

Each of the 200,000 copies weighed more than six pounds and contained more than five million words of reading matter in news stories. That was exclusive of the more than 300 other pages of advertisements and pictures.

Only the Miami, (Fla.) Daily News has published a larger edition. In 1925 it printed a paper with more than 500 pages.

The last press run of 88 pages started Saturday at 5:30 p. m., and a crew of about 250 men began inserting previously printed sections which had bulged even into the News' lobby for storage.

More than one million three hundred thousand pounds of newsprint and a ton of ink were used in printing the edition, the theme of which was to project Texas' resources and possibilities into the future.

The edition was delivered to subscribers at no extra cost. Beginning Monday, May 23, it will sell for 50 cents a copy with postage prepaid to anywhere in the continental United States.

Anyone wishing a copy of the "Texas Unlimited" edition may secure order blanks at Morton Tribune.

## Whiteface Lions Elect Officers at May 12 Meeting

Election of officers was the principal business before the group of Whiteface Lions who met May 12 in the dining room of the Methodist church in Whiteface.

A pre-business dinner was served by women of the church. Weldon W. Snodgrass was elected to head the organization for 1949-50, and others who are to assume duties of the group include G. W. Garrett, vice-president; M. B. Brooks, second vice-president; T. J. Capps, secretary-treasurer; Henry Galvin, tall twister; Berry Lyons, lion tamer; and O. C. Rankin, publicity.

A resume of the clubs activities for the past year showed achievement of the following projects:

1. Glasses and medical attention for needy children of the school district.
2. Food and clothing for needy families in the district.
3. Completion and installation of street markers in the community.
4. A net take of \$325 from the Lions' first minstrel presentation will be used for civic improvements in the community.

The interest shown in the Lions club activities in Whiteface presages a bigger year to come, according to one source. Plans are under way for a concerted membership drive which will begin very soon.

## Riding Circle Around Whitefaces

by Art. N. Wall

The big doors of the school are gradually swinging shut. Baccalaureate services were held last Sunday night the 15th. Wednesday the 18th the grade school held their graduation exercises which consisted of a pageant showing the early settlers of America, the gradual growth of this country, the many races of people who eventually built this great nation. It was a good pageant and well done, eighth grade. On the night of May 19th the seniors had their graduation exercises. After this, report cards and the school doors are closed.

Mr. and Mrs. W. M. Irvin of Fort Worth are visiting in Whiteface with their son, Mr. E. M. Irvin and his wife. Approximately on or about May 23rd Mr. and Mrs. W. M. Irvin and Mr. and Mrs. E. M. Irvin will leave for Phoenix, Arizona for two weeks vacation.

Mr. and Mrs. John Stockton and daughter, Nickey, will leave on vacation May 20th. They will spend their vacation at Stephenville, Texas. The Mr. and Mrs. Stockton's will be gone two weeks. John is an employee and supervisor for Stanolind Oil and Gas Company.

Speaking of vacations it seems everyone is getting ready to take them. We have had a spell of warm weather now and the fish are biting. "Butch" Baker, groceryman at Morton, told me that the water is low at Red Bluff Dam and fishing none too good. From all reports Possom Kingdom is about the best fishing right now.

Mr. W. E. Peterson, pastor of the First Methodist Church of Plainview gave the address at the graduation exercises of the senior class at the Whiteface Public Schools. He titled his talk, "Get Tough". Mr. Peterson held the audience's attention throughout his address. An interesting speaker, he said, "Be tough with your self in order to make your self a niche in this world. Get tough with yourself to help keep peace in this world. Get tough with yourself in order to keep yourself believing in God. Get tough with yourself but stay tender to others."

Mr. and Mrs. James Thomas Wall of Midwest, Wyoming are visiting this week of May 15th at the home of Mr. and Mrs. A. N. Wall. Mr. and Mrs. James Thomas Wall left Saturday, May 21st for Houston, Texas to visit a few days with his brother, John Edwin Wall.

Mr. Williamson, father of Mrs. Ben Neal has been sick with the flu for the past two weeks.

Mr. Sam Bozkie of the Cut-Rate Grocery of Whiteface is in the Lubbock General Hospital with a stomach ailment.

The Stanolind Oil and Gas Company had one of the company's family banquets at the American Legion Hall in Brownfield on Friday night, May 20th. The company gives two of these banquets to employees and their families each year.

I saw what I believe is tops in luggage carriers. It is held to the top of a car by suction cups and hooks that fit under the water channels that are on each side of the top of a car. This carrier was made by Mr. Clyde Williamson of the Stanolind Oil and Gas Co. Mallet "G" camp. Clyde built this carrier water proof. The top of the carrier when removed will fold out and make a neat little camp table. Clyde is a carpenter and this job shows he is good at this trade.

There has been some discussion in Whiteface of the people of this community having a meeting and map plans for a carnival or some other means whereby funds could be raised for that all-important swimming pool that our kids want. A horseshoe pitching contest, bingo games, a cow calling contest, wrestling, foot races, garden displays, home made quilt displays, a little carnival or tent show, surely with all this combined funds could be raised. We live where there is a considerable large payroll. Communities that are a lot poorer than we have some sort of recreation for the kids. Now that these dry lake beds are full of water, now that school is out, youngsters are going to try and swim in these places and most of these pools of water are infested with mosquitoes, therefore the water is unhealthy. Too, there is the danger of rattlesnakes or a child drowning.

Here is a letter from a little girl I know real well and incidentally Claudine did not have to take any examinations this year cause she was tops in her studies.

Dear Mr. Wall:

I am a girl in the fifth grade in the Whiteface School. My teacher is Mrs. Wolfenberger. We have a nice school but I wish it had a swimming pool so I could learn to swim. Then when I take a vacation I could swim like the other kids I go to see.

Thank you, Claudine Williamson.

Well thank you, Claudine. We are going to try awful hard to get that pool and I bet you would be a good swimmer too.

A home I like to visit in and always made to feel right at home is the Mr. and Mrs. P. L. Flowers home of Whiteface. Mr. and Mrs. Flowers still have that good old western attitude where if you found them living on a ranch and you rode in to see them horseback. Mr. Flowers would most certainly call out, "Put your horse in the corral and throw it some feed and come into supper." Mr. and Mrs. Flowers front room of their home is decorated with many western pictures. The first impression one receives of the room is that it is comfortable and cozy. A visitor is made to feel welcome and at home. I choose Mr. and Mrs. Flowers as indeed a important part of our western country.

A fellow that is always busy and up and going is Mr. Walter Miller, an employee of Devonian Oil Company. Walter's home is in Whiteface and right now he is digging a storm cellar.

It has been suggested that I write in this column that it might be a good idea for Whiteface to put on a "clean-up" week program. Hot weather is coming on now. Kids will be flocking around town and a clean-up program may keep down some polio. How are the cess pools? How is the trash barrels? How about a big campaign and just give old Whiteface a good cleaning up? It pays just big dividends to have a clean town.

### Cochran 4-H Club Girls to Attend State Round-Up

Martha Willis, Morton High 4-H Club, Patricia Nell Masten of Whiteface 4-H Club and Joyce Ramsey of the Morton High 4-H Club will attend the State 4-H Club Round-Up June 13-17. Martha was the Gold Star 4-H'er for 1947. The Round-Up was postponed in 1948. This makes Martha eligible to attend the Round-Up in 1949. Some of the demonstrations Martha has carried are clothing, poultry and food preparation. Patricia Masten was the Gold Star 4-H'er for 1948. She will attend the Round-Up as the county's second delegate. Patricia has also carried clothing, poultry and food preparation demonstrations. This year she has added gardening to the list. Joyce Ramsey was the county's winner in the Dress Revue and will model her dress in the State Dress Revue. The girls will leave the morning of June 12 for College Station by bus with the other 4-H'ers and their leaders going from this area. An adult leader will accompany the girls.

### Miss Keith Named Assistant Terry County HD Agent

Ella Katherine Keith, Junior student in Home Economics at Texas Technological College, has been appointed Assistant County Home Demonstration Agent in Training for Terry County, effective June 6 to August 30. This announcement is made by Miss Kate Adele Hill, District Agent, Extension Service, A. and M. College. Miss Keith, whose home is at Whiteface, has been one of the most outstanding 4-H club girls of her community and hopes to become a county home demonstration agent after she completes her college work. This position, recently created and financed by the Extension Service of A. and M. College, at no expense to the county, is for the purpose of training young home economics college students to become agents, under the direction of an experienced agent already on the job, such as Miss Helen Dunlap, Terry County Home Demonstration Agent. Terry County is one of the three counties in District Two chosen by Miss Hill in which to place an agent in training because of the excellent cooperation of the commissioners' court and the citizens of the county with the Extension Service and because of Miss Dunlap's experience and ability as an agent. The other counties where such assistants in training will be placed are Floyd and Lamb.

### 'Three Musketeers' To Show at Wallace Theatre Sun.-Mon.

With Lana Turner, Gene Kelly, June Allyson, Van Heflin and Angela Lansbury at the head of one of M-G-M's biggest "name" casts, "The Three Musketeers" opens Sunday at the Wallace Theatre to present breathtaking pageantry of Technicolor spectacle, fiery romance and daredevil adventure. Here are the ingredients of motion picture entertainment at its best—flashing swords, dashing heroes, beautiful women, explosive drama and thrilling suspense in Alexandre Dumas' unforgettable story of the adventurous musketeers whose motto was "One For All And All for One!" Lana Turner gives terrific impact to her role of the Countess de Winter who, as a pawn in the hands of the scheming Richelieu, sets out to ruin the careers of the three musketeers as well as to dethrone the King of France. Gene Kelly is the swashbuckling D'Artagnan, who duels to protect his King, rides across France to save the honor of his Queen, and crosses the English Channel to rescue the lovely Constance, the latter played with warmth and sympathy by June Allyson. Van Heflin gives a spirited portrayal of the romantic Athos, Angela Lansbury is every inch the French Queen, and fine supporting work is offered by Frank Morgan as the weakling Louis XII, Vincent Price as the sinister Richelieu, Keenan Wynn as the ubiquitous Planchet.
