Riding Circle Around Whitefaces

by Art. N. Wall

Mr. Jessie Henson, owner and operator of the Gulf Service Station in Whiteface has now a helper. Jessie says that the new helper can not do much around the station right now as he was only born October 1st, '49 in the hospital at Morton. Jessie says that the cleaning up around the station has nearly doubled since the new helper has showed up. Jessie claims as the helper weighs nine pounds and is a boy he at least could wipe windshields off. Someone told Jess that at that weight the helper ought to be put changing truck tires. Anyhow both mother and boy are just doing fine and Jess is the proudest fellow in Whiteface. Congratulations Jess and Mrs. Henson.

—★—
And what have we here? A nice card from Neosho, Missouri. It is from Mr. and Mrs. John Moss. We all remember them. For many years they farmed near Whiteface. They were very faithful workers in the Whiteface Methodist Church. This card states a birth announcement showing that on the 13th of September, '49 and weighing eight pounds was born a boy now named John B. Moss. And congratula-

tions to you Mr. and Mrs. John Moss. Thanks for the card. We all miss you here. Please let us hear from you often.

—★—
I finally found it, Mr. Stephenson. Remember that slogan you gave me at the drug store? I put it here in the desk at home and in some way it disappeared. In rummaging through the desk last night I located it. I don't know whether Mr. (Red) Stephenson thought this slogan up or whether someone gave it to him but here it is: "Whiteface, the Doorway to the Land of Enchantment". This is a very nice slogan. It seems to me we ought to have a slogan contest. A slogan that will boast up our crops, oil and business opportunities. Maybe we can go so far as to pick the winning slogan and place it on signs and locate the signs along the highways that enter our town. It would encourage business. You kids think some up and send to me. Maybe we can get the business men of the town interested where prizes of some kind would be given.

—★—
Last Sunday afternoon the 2nd, Mr. and Mrs. Sim Rankin of Whiteface visited with the wife and I in our home. Someday I am going to ask Sam why everyone calls him "Sam" when his initials are O. C. Sam is employed at the Stanolind gasoline plant near Sundown. Mrs. Rankin is one of the teachers of the third grade of our Whiteface schools. As Mrs. Rankin is son Tommie's teacher he was naturally in the show-off stage. Even with Tommie's antics we did enjoy the Rankin's visit.

—★—
Mr. and Mrs. J. B. Neal, better known to all as Mr. and Mrs. Ben Neal and who farm near Whiteface, visited the wife and I last night, Oct. 7th. As I had been expecting Ben, I had all the groceries hidden in the attic. When he searched the cupboards good and couldn't find anything to eat I felt sorry for him so I boiled up some coffee. Ben told me he drove his truck down to East Texas on the 1st of October and returned the 3rd, bringing back fourteen negro cotton pickers. He has about three bales gathered so far. Since he gave me some news I did give him some vanilla wafers to go with his coffee.

—★—
And here comes a football player whose name is Jack Spurlock. Jack informed me that at six o'clock the evening of Saturday the 8th a barbecue will be given the football players of the Whiteface team at the Wiley ranch, located fourteen miles west of Whiteface. This is news first hand as Jack is setting right here beside me.

—★—
Am I getting nervous. You see I have been appointed master of ceremonies at the farewell party that will be given for Mr. L. L. Bechtel, superintendent of the Stanolind Oil and Gas Company. Mr. Bechtel retires the 24th of this month. The party will be on the 21st. I have never been master of ceremonies at any gathering before. Being just an old country boy this is a new one on me. It is said there may be five hundred people there. Too, officials from all over the organization. O my. O my. Well I can always say I tried. The party will be held at the Brownfield American Legion Hall. I suppose the old joke about the traveling salesman is entirely too old.

JOE SULLIVAN ELECTED VICE PRESIDENT OF SAM HOUSTON CHAPTER FFA

Joe Sullivan of Morton has been elected vice president of the town campus group of the Sam Houston collegiate chapter of Future Farmers of America.

The election of fall semester officers was held at a recent meeting when an active program of work was mapped out for the term.

The Sam Houston agriculture department chalked up an enrollment of 458 students, about one fifth of the total number of students in the school. The number of freshman enrollees greatly surpassed the number expected by the department.

Cravy Speaks to Lions at Regular Club Meeting

Thirty two Lions heard C. M. Cravy speak on "Facts and Figures of the Present Agricultural Picture", at the regular meeting of Lions Club, Wednesday noon, October 6, at the First Methodist Church. Lions Cravy and Earl Crum were in charge of the program.

Mr. Cravy in speaking of agricultural development in Cochran County said, "Oil has brought 'quick' money to a number of farmers in this area but agriculture is our main source of permanent revenue. The potentialities and future development of this great area, with Morton as the center of the trade territory, lie not in oil but in agriculture."

"One seventh of the National Income is represented each year by agricultural income," Cravy continued; "this has held true for the past thirty years and will probably continue. While there are fewer farmers now than ever in the past, still statistics show that farm production is the greatest in history."

Cravy stressed importance of a large membership in the Farm Bureau.

Concluding Cravy's talk, Lion President Todd spoke briefly on the "Special Football Train" being chartered by the Quarterback Club.

Fred Danforth, new Lion member, thanked the group for fine support given the school band.

Ed Merkt, Lubbock, was a guest of T. K. Williamson.

MR. AND MRS. ALAN BRYAN ATTENDED GAME HERE FRI.

Mr. and Mrs. Alan Bryan of Big Spring, Texas, attended the football game here last Friday night.

Mr. Bryan is teaching in Howard County Junior College. He and Mrs. Bryan lived in Morton until September.

MRS. JEAN SHAKESPEARE visited with MRS. EARL DOYLE in Lubbock last Monday.

From where I sit... by Joe Marsh

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.

From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've come a long way on the right road... the road to a better America, that is!

Proposed Amendment to Constitution Of Texas to be Voted on November 8

This Constitutional Amendment will appear upon the ballot as follows:

"For the Constitutional Amendment relative to sessions of the Legislature and to compensation of its members."

"Against the Constitutional Amendment relative to sessions of the Legislature and to compensation of its members."

The purposes of the Amendment are as completely hidden as it is possible to hide purposes by cunning verbiage. This fact, and putting two distinctly different issues in one Constitutional Amendment throws a cloud of illegality over the entire matter.

Here is a Brief Analysis Of The Amendment Itself:

First—That the members of the Senate and House of Representa-

tives shall be paid an annual salary of \$3,600.

Second—That the Legislature shall meet in January of each year instead of every other year as at present.

Third—That Appropriations shall be made for one year instead of for two years as at present.

Fourth—That the Sessions falling in the even numbered years shall deal only with proposed Constitutional Amendments, appropriations, and such other matters as four-fifths of the members of the Senate and House may determine shall be considered.

Fifth—That, if ratified by the people, this Amendment shall become effective January 1, 1950.

This Amendment Must Be Defeated—The present tendency of every unit of government is to Legislate too much. Tax too much, and Spend too much—Unless this practice is checked, Bankruptcy seems inevitable.

No better illustration could be found than in the actions of our Legislature in its Billion Dollar 1949 Session just concluded. At the beginning of the session the State had a surplus of approximately \$100,000,000.00—At the close of the session the Legislature had not only appropriated this huge surplus, but \$75,000,000.00 in excess of the entire estimated income of the State for the next two years. This made it necessary for Governor Jester to veto the appropriations for the eleemosynary institutions for the second year, and created the necessity of calling a Special Session of the Legislature to raise money by levying additional taxes.

Among many sound and valid objections to the Adoption of this Amendment are the following:

1. Annual Sessions of the Legislature will mean that the Legislature will be in session from six to nine months each and every year from now on.
2. That the additional cost of the annual sessions will amount to at least \$2,500,000.00 for the two years.
3. We must check the present fixed course of government units to legislate too much, spend too much and tax too much—this amendment would speed up our march to bankruptcy.
4. If members of the Legislature are permitted to stay in Austin six to nine months each year, it follows as the night the day that there will be passed a law providing for a Legislative Office Building costing five or six million dollars, so that members may have the facilities of a private office, have private secretaries the year around, and such other help as the members may deem desirable. Then stay in Austin, Legislate, Tax and Spend.—Tax, Spend and Legislate the year around, with little or no restraint—Do you know that the House, in its session just ended, actually passed such a bill?
5. A great number of informed people in Texas have for years advocated a reduction in the membership of our State Legislature. If this amendment is adopted, such a program would be aborting. We would never be able to get two-thirds, or any considerable number of the members of the Legislature to ever vote themselves out of a job paying \$3,600 per year and enabling them to live in Austin and keep the Legislature in session continually, if it met their whims.
6. The final reason herein expressed against the adoption of this amendment is vital and fundamental. No amendment to our organic law ever should be adopted unless the widest publicity possible has been given it, and until the people have been made familiar with its full import and effect.

The form in which this amendment appears on the ballot provides no information whatever for the people, and may well have the effect of deluding the voters into thinking that the matter is of little or no import-

Editorials From Our Exchanges . . .

The Joker is in... ...The Fine Print

We are on record as opposing the poll tax as a matter of principle. We believe that the constitutionally guaranteed privilege of a free vote means just what it says...freedom to vote, with no strings attached, for every qualified citizen.

But we are going to go on record right now as opposing the proposed amendment to the Constitution of the State of Texas which would outlaw the poll tax in this state.

Does that sound inconsistent? How closely have you read the text of the amendment?

There's a great big grinning joker in that document, and the more we look at it, the bigger it looks.

The joker is that, while you won't have to pay a poll tax to vote in any election in which federal officers are involved, you will have to pay a "registration fee"...and that fee, which the legislature has so casually inserted in the amendment, isn't set in advance.

It can be any amount which any legislature chooses to make it.

The "registration fee" proposed in the amendment may or may not be more than the present \$1.75 poll tax. The power to set the fee, and the amount at which it can be set, is left to the discretion of the Legislature...not too comforting a thought when you consider the amount of "discretion" exhibited by some of our legislatures in the past.

What's more, the over-age voters who are now exempt, specifically, from payment of the poll tax, may be required to pay the registration fee. Again it's left up to the Legislature.

What we're trying to point out is that this particular amendment doesn't do what it appears to do on the face of it. Most voters, who won't bother to read more than the title of the amendment, will automatically believe that the poll tax is being repealed. And so it is...but in name only.

We are opposed to the poll tax...but we prefer a poll tax which is set at a definite amount to a "registration fee" with the a-

mount left up to the whims of the Legislature.

Here is an amendment which doesn't amend...a "free vote" which isn't going to be free...another, and not uncommon, example of the sort of Legislative double-talk designed only to confuse the voters.

It's important to read "the fine print"...in constitutional amendments and legislative bills as well as in contracts and insurance policies. Vote your convictions on this one...but know what you're voting on.

What is Cotton?

With everyone wondering whether Crosby county's cotton crop this year will be a bumper one, or whether we are doomed to another disappointment, this definition of "What is Cotton?" seems quite appropriate:

Cotton is the overcoat of a seed that is planted and grown in the Southern states to keep the producers broke and the buyers grey. The fiber varies in color and in weight, and the man who can guess nearer the length of fiber is called a cotton man by the public, a fool by the farmer and a poor business man by creditors.

The price of cotton is fixed in New York and goes up when you have sold and down when you

have bought. A buyer working for a group of mills was sent to New York to watch the cotton market, and after a few days of deliberation wired his firm: "Some think it will go up, and some think it will go down. I do, too. Whatever you do will be wrong. Act at once."

Cotton is planted in the spring, mortgaged in the summer and left in the field in the winter.

Well—it certainly looks as if Neal Rose has his hands full of women—what with the arrival here a few days ago of his wife, two daughters, his mother and his wife's mother. Neal told us confidentially that he was mighty happy to see all of them.

Last week we thought we were being the very essence of levity only to have Wilma Morrison say, "Ann what was wrong last week when you wrote your column, you sounded so serious?" And David Todd said, "All that stuff about your birthday was plain silly."

Mary Lois Ledbetter had mentioned some time ago that she wanted to have an introductory coffee for Dorothy Rose when she arrived and would we pour? Neal said the family wouldn't be here until December.

Promised a recipe to use up tomatoes—so here it is, courtesy of Mrs. Lewis Owen, Pep, Texas:

So what happens? The girls arrive Sunday and ML decides to have the party Tuesday night. She caught us running around the square, considerably wind-blown. She said, "Ann I want to have the coffee Tuesday night, be sure and wear a long tailed dress." Now ML knows we haven't a thing to wear much less a new formal—so just had to drag out that old long skirt (same one we wrapped and stored dishes in during the war) and hunt up a top for it.

If ever my house should burn, there's one special book I want to rescue—it contains the very best of my collection of recipes. In it is found this tomato chutney recipe from India. Its aroma in cooking brings you all the romance of the Far East and its flavor will bring you fame.

Use 4 lbs. of thick seeded tomatoes (use thin part for canned tomato juice) 4 lbs. of sugar, 4 tsp. salt, 1 lb. of raisins, 3 oz. garlic, 1½ qts. vinegar, hot dried peppers. Boil the vinegar and sugar to a thick syrup. Grind raisins and garlic (fine) mix all ingredients, except pepper, in syrup and boil until thick. Boil a few tablespoons of peppers in a small quantity of water for 15 minutes. Use the liquid for seasoning the chutney, just before its removed from the stove. Season and taste—until it suits your individual preference, remembering that it is supposed to be very "hot". Pour into sterilized jars or bottle when cool and seal.

There is one secret, use only thick pulp thereby shortening cooking time and retaining the natural color. A tip on making peach butter, put in a generous sprinkle of all-spice in each kettle full.

Mrs. C. A. Baird, visiting in Oklahoma City, sent the grandest box of chocolate candy last Saturday. Came at a wonderful time too as we were all in with a wretched cold. Little Lulu (Mrs. L. W. Ray) came over with a beautiful wrapped package—it contained hose and handkerchiefs—two of our favorite presents.

The following "Society" note appealed to Crickett Hickman, (Mrs. Roy).

EXPECTANT PAPA IS GIVEN SHOWER

The little pink and blue things went to the expectant papa. No ladies were present when friends of T. J. Bower gave him a baby basket full of gifts at a party at Abilene last Friday night.

Bowers opened the gifts daintily with a pocket knife. The honoree wore a matching green dungaree pants and shirt caught up at the waist with a brown leather belt. The Abilene Reporter News reported.

Saw Mrs. L. E. Huggins and her darling little daughter, Cathy, in the drug store a few days ago. The Huggins have recently moved into a beautiful new home and are so happy with all the room etcetera.

The spouse had a little surgery done on his mouth last Thursday and along in the afternoon we went home to see about him. Didn't help matters much by putting our big foot right in the middle of his glasses—fortunately they were on the floor and not on his face.

Robin Rollen, friend from Lubbock, came out Sunday and brought a girl friend, Miss Maxine McMillan. Maxine is a pretty little brunette. She formerly lived in Slaton, where she knew Donna and David Todd. MM went by for a few minutes to visit the Todds and to get acquainted with Michael—who she said, "is one of the cutest, smartest little boys I ever saw." R. R. brought us a set of Florentine coffee spoons.

Ethel May Harris of the Photo-shop after advertising Christmas specials had this happen to her: Fond Mother: How much do you charge for taking children's photographs? Ethel May: Five dollars a dozen. Fond Mother: "You'll have to give me more time. I have only 10 now.

Announces for Office of State Education Board

E. H. BOULTER

I take this opportunity of announcing to you my candidacy for the office of member of the Texas State Board of Education from the 19th Congressional District. The Gilmer-Aiken School bill provides that there be twenty-one members of the State Board of Education—one member to represent each Congressional District, to be elected on November 8, 1949.

I feel that I need no introduction to the people of West Texas as I have worked continuously for the past eight years with the school people of this area. My chief concern has been, as I worked with parents, boards of trustees, laymen, and teachers, for equal and progressive educational opportunities for the youth of West Texas.

As a result of my close association with the educational problems of this section, I was solicited to run for this important educational post by a nominating committee appointed by Dr. D. D. Jackson then President of the West Texas Teacher's Association. Letters were mailed to all the school administrators of this congressional district asking them to indicate their choice of a man to run for State Board member. On July 5th, 1949, the information was tabulated and I was honored by being chosen to represent this district as a candidate for this important office.

I feel that I am well qualified to fill the office of State Board Member from the standpoint of both training and experience. I am a native Texan, born and reared in Brown County. I was educated in Texas schools, and hold a B. A. and Master's degree. I have been connected directly with the public schools of this state for some thirty years. As a parent, a class room teacher, a school administrator, and a deputy school superintendent, I have become familiar with the school problems of West Texas. I am chairman of the legislative committee of the 14th District of Texas Congress of Parents and Teachers. I am now District Supervisor of the National Educators Life Insurance Company. I am a veteran of World War I, and am a member of the American Legion.

If I am elected, I will support all phases of the Gilmer-Aiken School Program which I think is one of the best forward movements of public education in Texas.

If I am elected, I pledge myself to a fair, impartial educational program for the boys and girls of West Texas. I am not seeking this office to further the interest of any individual aspiring to the office of Commissioner of Education for the State of Texas, but I am seeking this office for the opportunity to serve the public schools of this Congressional District.

28,607 Oldsmobiles Produced During Sept. at Lansing

September production of new 1949 Oldsmobiles continued at a high level, with the manufacture of 28,607 cars at the main plant at Lansing, Mich. and at General Motors assembly plants throughout the nation. The total was 74.6 percent greater than Oldsmobile production during September 1948. Production of new Oldsmobiles for the first nine months of 1949 reached a record mark of 226,040, or 51.1 percent greater than the output for the first nine months of last year.

In releasing the information, G. R. Jones, general sales manager of Oldsmobile Division, said that "Rocket" Engine cars accounted for 64.9 percent of the total production last month. Series "88" and Series "98" Oldsmobiles are powered by the new high-compression "Rocket" Engine. Hydra-Matic Drive is standard equipment on both Series.

Levelland Lobos Beat Indians 33-0

The powerful Levelland Lobos defeated the Morton Indians 33-0 at the local stadium in a District 4-A tussle. The Indians did a fine job of holding the Lobos the first quarter but the half ended 14-0 in favor of the visitors.

The Indians could never stop the passing attack that was thrown against them. This was the Indians third defeat of the season which gives them three wins and three losses.

CANDIDATES HAVE PHOTOS MADE

Eleven beauties had their pictures made Thursday, October 6 from six to eight o'clock p. m. These are candidates for Beauty Queen of Morton school contest sponsored by the War Whoop.

Junior high school has added a candidate to compete with the high school candidates. She is Betty Lou Hoffman of 8-1. Betty was a candidate for the Winter Carnival Queen last year.

The program to be presented this year at the crowning ceremony will be given by the students.

"Ride the Train"

Ride the train to Slaton! A round trip ticket costs \$3.05 but it's worth it when you consider the distance, traveling expenses, and time element.

The Quarterback Club is sponsoring the chartered train to and from the Slaton-Morton football game. This club has backed the Morton Indians in everything they have undertaken. Now it is our turn to back them by riding the special train.

For some people this will be one of a few train rides. Since we don't have a track through our fair city we always say, "Ride the bus." Here is our opportunity to get "up-town" (Colleges send special student trains to nearly all games!) and change the saying for at least a week to—"Ride the train!"

Morton High School Band Will Attend Eastern New Mexico U. Homecoming

By Lavern Corder

The Morton High School band will participate in activities scheduled for Homecoming Day at Eastern New Mexico University, Portales, Saturday. Approximately ten other bands from West Texas and Eastern New Mexico have been invited to attend this affair and at the half time of the Adams State College, Colo., and

ENMU football game the bands will give a mass and individual performance.

"Band members will meet and leave from the band hall at 8:30 Saturday morning," announces Fred Danforth, band director. About 42 members are expected to go.

Schedule for the day for band members includes rehearsal at 10:30; barbecue at 12:00 served by the Portales Chamber of Commerce; parade at 1:00; and football game at 2:30.

Indians Journey To Slaton Friday

The Morton Indians journey to Slaton to meet the Slaton Tigers of the South half of district 4-A Friday night. The teams will probably be well matched and should provide plenty of thrills according to Coach Melvin Crawford.

Before Friday night the Tigers had played three games winning one of the three. In their first game they were defeated by Abernathy, in a close battle, seven to six. A powerful Muleshoe eleven defeated them in their second game 26 to 0. In their first conference tilt they beat Tahoka 26 to 12. The Indians have played only one of these teams that being Tahoka, whom they conquered 30 to 12. The Indians have won three of five games.

The Indians will be out to repeat their 12 to 6 victory over the Tigers last year if possible. The Tigers will have other ideas, however, and will be out for revenge.

FHA Arranged Booth in Show

The Future Homemakers Chapter of Morton took part in the Annual Flower Show, sponsored by the Garden Club, Saturday and Sunday, October 8 and 9.

The booth was arranged to show the degrees of achievement of FHA and the symbols; colors, flower and various newsletters of the area, state and national organization.

Miss Ester Sorenson is the district supervisor of homemaking education and states, "There were 688 chapters in Texas in 1948 with a membership of 28,271, representing ten per cent of the number of chapters in the nation."

Card Catalogue '48 Seniors Gift To MHS Library

"I would like for every high school student to learn how to use a card catalogue, because you will certainly have to know in college," said Jimmie Willis, former Morton High School student.

Students can now learn how to use the card catalogue since we have a new one in the library. The seniors of 1948 left \$68.00 to be used to buy an Indian head plaque. Since this could not be purchased, Miss Lanora Jackson, one of the Senior's sponsors, bought the card index, which was suggested by several of the ex-seniors.

It is a great addition to the library and every one should learn to use it.

New!
High Speed **OLIVER**
COTTON HARVESTER

Here's the new 2-row Oliver Cotton Master... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour... picks as much as 20 bales a day.

Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.

See us for full information on this new-pull-type Oliver Cotton Master that is quickly attached to any tractor... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

County Line News

By Mrs. W. K. Courtney

The County Line Home Demonstration Club met Thursday, Oct. 6 at 2 o'clock in the home of Mrs. K. A. Wilson.

Miss Manley gave a demonstration on cooking a one dish meal. She baked a Shepherd's Pie.

Immediately after club adjourned a lovely pink and blue shower was given Mrs. Elvin Berry.

Refreshments of cake and hot chocolate were served to the following: Mesdames Lorene Thompson, Florene Flott and G. J. Cotten of Levelland; O. V. Cooper and Louise Gill of Winters; H. L. Berry, Whiteface; J. H. Chesshir, Willie Taylor, C. R. Melton, Raymond Benham, Cecil Masten, Dan Tims, R. C. Cotten, O. T. Pryor, K. A. Wilson, Elvin Berry and W. K. Courtney.

The next club meeting will be Oct. 20 in the home of Mrs. Cecil Masten.

Mr. and Mrs. Everett Bishop of Pep are parents of a baby girl, born Oct. 6, in the Littlefield hospital. The baby was named Donalla Lou. Mrs. Bishop is the former Louise Sinnacher.

Mr. and Mrs. H. J. Marsh of Tahoka and Mr. and Mrs. Burley Taylor were guests in the Herman Taylor home Sunday.

Mr. and Mrs. Larkin Taylor of Slaton were week-end guests in the home of Mr. and Mrs. A. T. Taylor.

Misses Winnie Davis, Jerry Harris, and Betty Eubanks visited in the R. C. Cotten home Sunday.

Carroll and Clyde Eubank were guests of Kenneth Wilson Sun.

Mr. and Mrs. H. M. Montgomery are at home again after a months absence. Mrs. Montgomery is recuperating from an operation performed at Knox City Hospital in Knox City, Texas.

Miss Lois Wilson spent the week-end at home. Mr. and Mrs. K. A. Wilson went to Plainview Sunday afternoon to take Lois back to Wayland College, where she is attending school.

MRS. NEAL ROSE AND TWO DAUGHTERS JOIN THEIR HUSBAND AND FATHER HERE

Mrs. Neal Rose and two daughters, Deanna and Denise, arrived in Morton Sunday night to join their husband and father who has been here for several weeks.

Mr. Rose recently bought the Western Auto Associate Store.

Mrs. Rose was accompanied to Morton by her mother, Mrs. Frank Dean of Gorman and his mother, Mrs. A. B. Rose of Fairfield, Illinois.

The junior Mrs. Rose is convalescing from recent major surgery, performed at a Waco hospital.

The family bought and are at home in the house formerly occupied by Mr. and Mrs. Alvin Wolfenberger.

New Oil Locations Drop Completions Increase for Area

During the past seven days 11 new completions and six new locations in the oil field area were reported to the oil and gas division of the Railroad Commission of Texas. This is an increase of five new completions and a decrease of six new locations from last week's total.

The Cochran County field received four new oil wells. The Slaughter field of Cochran county had one new completion.

Two new producers each were added in the Slaughter and Levelland fields in Hockley county.

The Anton-Irish field in Hale county reported one new completion. The Anton-Irish field of Lamb county also reported one new producer.

Four new projects were reported in Cochran county. This county also reported one amended application.

Hockley county gained two new explorations and 1 amended application.

SMALL-SCALED MEETING OF UNITED NATIONS AT TECH

When 33 cosmopolitan members of the Texas Technological college student body get together, it's like a small-scaled meeting of the United Nations.

The "delegations" range from the five students sent by Mexico down to the lone student from the Belgian Congo.

Other nations which have sent students to Tech include Costa Rica, China, Burma, Venezuela, Panama, Peru, Brazil, Lebanon, Iran, Greece, Honduras and India.

TEXAS TECH STUDENTS RECEIVE CHRISTMAS PRESENTS

Students at Texas Technological college got a Christmas present today, and like most presents, it's a mighty welcome one.

Dr. E. N. Jones, vice president, said the Christmas holidays for students will be extended one day, from Jan. 2 to Jan. 3. He explained that the change will permit students to spend New Year's day at home.

REEL NEWS

By Wallace Theatre

The Wallace has a line up of all out westerns booked for the coming week. Ranging from the rough and tough days in "The Doolins of Oklahoma" to the modern rodeo days of today in "Tucson", this is a week of entertainment no one will want to miss!

Sunday, Oct. 16 is National Children's Day. There are few things that children like better than movies. Bring your children to the show Sunday and we will see that they thoroughly enjoy themselves.

Meet Randolph Scott, the Humphrey Bogart of Western pictures. Scott, like Bogart, had to get tough to become famous. When they finally made fists of their hands and planted them solidly against other men's jaws, their marquee values sky-rocketed.

Riding the crest of popularity, Scott currently is starred in Columbia's "The Doolins of Oklahoma", hard-driving Western in which he is cast as the tough leader of the Doolin Gang, the wildest outlaw band that ever terrorized the Cimarron country. Scott has made the Western range thoroughly familiar, and the lean, Western hero type his oyster.

TOM ARNS ON BIG GAME HUNTING TRIP IN COLORADO

Mr. and Mrs. Tom Arnn, Jr., left Wednesday for Lake City, Colorado. The Arnns will hunt big game in the Rocky Mountain area.

MR. AND MRS. COX HOSTS AT SUNDAY DINNER IN LUBBOCK

Mr. and Mrs. H. J. Cox of San Francisco, California were hosts Sunday night to a dinner in Lubbock for members of their family living in Morton.

LUBBOCK BUSINESS VISITOR

Mrs. Bob Rhyne, Morton school teacher, was a business visitor in Lubbock, last Wednesday; her classes were in charge of Mrs. J. D. Hawthorne, substitute teacher.

WINSTON CHURCHILL, ROY ROGERS AND JOAN CRAWFORD EXPECTED AT TECH OCT. 14-15

Winston Churchill, Roy Rogers, and Joan Crawford may be among the 8,000 visitors expected on the Texas Technological college campus Oct. 14-15 for the annual Homecoming celebration.

The trio with the famous names are former Tech students. They've been invited—along with 51,000 other ex-students—to attend the parade, Baylor-Tech football game and other events scheduled during the crowded week-end.

600,000 PEOPLE HAVE VISITED PANHANDLE PLAINS HISTORICAL MUSEUM

Boone McClure, director of the Panhandle Plains Historical Museum since the time it was opened.

Indications at present point to a record role of visitors this year since 49,848 have registered so far this year. The record of 50,628 viewing the exhibits last year is sure to be broken.

Year by year figures have shown a steady increase in the popularity of this historical place.

SHERIFF'S NOTICE OF SALE THE STATE OF TEXAS, COUNTY OF COCHRAN

Whereas, by virtue of a certain execution and order of sale issued out of the District Court of Cochran County, Texas, on the 27th day of September, A. D. 1949, wherein H. F. Lafferty is Plaintiff, and B. H. Odum and wife, Hallie Odum are Defendants, on a judgment rendered in said court on September 6, 1949, against said Defendant and in favor of the said Plaintiff, for the sum of Three Thousand Seven Hundred Thirty One (\$3,731.73) and 73/100 Dollars, with interest thereon at the rate of 10 per cent per annum, from date of judgment, together with all costs of suit; I have levied upon said land on September 27, 1949, and will on the 1st day of November, A. D. 1949, being the first Tuesday of said Month, between the hours of ten o'clock a. m. and four o'clock p. m. at the Court House door of said County, proceed to sell for cash to the highest bidder, all the right, title and interest of B. H. Odum and wife, Hallie Odum in and to the following described property, levied upon, to-wit:

Lots Nos. 7 and 8, Block No. 173 Original Town of Morton, Cochran County, Texas.

The above sale to be made by me to satisfy the above described judgment for \$3,731.73 in favor of Plaintiff, together with all costs of suit and sale, and the proceeds to be applied to the satisfaction thereof.

Dated this 27th day of September, A. D. 1949.

H. D. Crockett, Sheriff, Cochran County, Texas. 33c

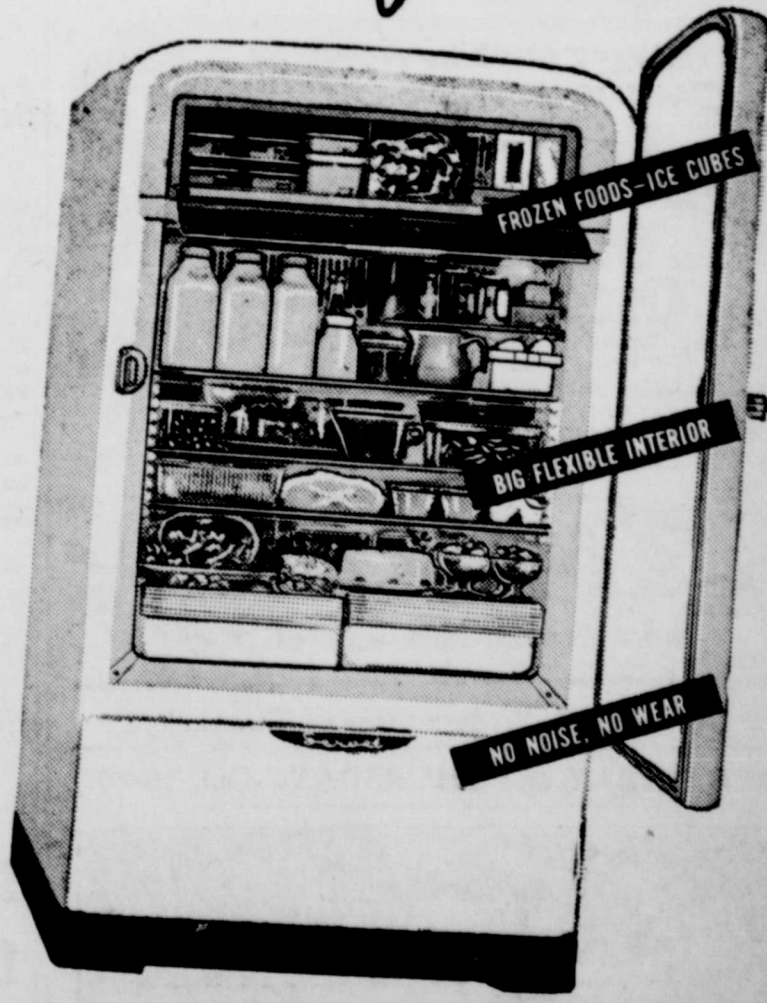

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different... offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.

That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.

But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.
