

Open House Held By W. A. Lindseys Sunday Afternoon

Guests registering during calling hours Sunday afternoon in the W. A. Lindsey home numbered 114. Mr. and Mrs. Lindsey were observing their golden wedding anniversary.

Many beautiful gifts were received by the couple as well as numerous congratulatory messages. Mr. and Mrs. Lindsey were assisted in receiving by their daughters, Mrs. Myrtle Feazel, Lubbock; Mrs. Virgil Humphreys, Levelland; Mrs. Emmett Jones, Clovis, New Mexico; Mrs. Amel Glazer, San Francisco, California; and Mrs. Vincent Viaille, Levelland.

The refreshment table was laid with an ecru lace cloth and silver coffee and tea service brought from Germany by one of the Lindseys sons after World War II. An arrangement of gold Chrysanthemums and a beautifully embossed, thirty five pound cake, inscribed, "Will and Alice" completed table decorations.

MOVED BACK TO MORTON

Mr. and Mrs. Jim Carothers and son, Don, moved back to Morton about two weeks ago after an absence of several months. They have been living in Lovington, New Mexico.

Mr. Carothers is employed by Permian Oil Company.

Well—after much concentrated effort we finally sort of got the hang of football lingo and here the season has practically ended and basketball begins. So we have it all to do over again.

Eddie handled the baseball news while he was here this summer—but we do know that in baseball the ball isn't carried while in football it is—but darned if we know what is done with the basketball except some of tall boys always tries to knock it out of the hands of a shortie who is trying to put it in the basket.

Goodness—someone, probably Lillian, really did some work decorating for the party out at the Andrews place last Tuesday night. That barn is nice; then with all the beautiful cotton, hay etcetera it was really a sight to see.

We ran in there for a few minutes after attending a Bailey County Teachers meet at Three Way. Why Mr. Homsley asked us out there we will never know but it was certainly nice.

Three Way has a beautiful school; the food and program offered guests was superb. We

thoroughly enjoyed being a guest of Mr. Homsley.

Just finished writing the talk Mr. Carr gave at Lions last week. Did it in fear and trembling too—as we do most write-ups of talks. Can't take notes fast enough to write down everything said—so depend largely on memory and a few scattered notes and very often find that we have misinterpreted a statement.

This is letter writing week—month or something. It seems some people dislike writing letters—not we—we love writing letters and always have. Our trouble is finding someone who will answer back so we can write again.

Verdie and Otho Mills came by the house the other day to get magazines for use in their literature class and while looking through heard V say, "there isn't a comic book" in the lot. Can you imagine those big ol' long legged practically grown boys looking for comic books?

We gave them what we call a choice selection of magazines including recent issues of Fortune, Holiday, Town and Country, House Beautiful etcetera, etcetera; and the most we got out of the boys was, "Mrs. Smith will like these." They had reference to their teacher, Mrs. W. W.

The Buck Brileys have just about finished a beautiful new home out west of town. Three bath rooms, wall to wall carpeting and everything. Mrs. B has a beautiful and unique pink fireplace. She made a trip to East Texas alone to bring back the special brick.

The birthday cake made by Jaunita Louder over which we had such a fit had her special "Three minute" icing; thought you might like the recipe. Use a mechanical mixer; three tablespoons water; 1 cup confectioners sugar; one egg white; 1/4 teaspoon cream of tartar and 1/8 teaspoon salt.

Stir sugar and water and boil until sugar is dissolved—add this syrup mixture to the egg white and beat at high speed for about three minutes, add one teaspoon of vanilla while still beating. It is wonderful. We watched Nene make it one evening while over there and it looked very simple and easy. Haven't tried it yet.

In response to a letter written by ae some time ago we have the

following:
Ann England, Morton Tribune
Morton, Texas

Dear Mrs. England,

I appreciate your letter of October 6 because it led me to check on myself and I found that I was in error as the reporter in including Morton among the towns where Mr. Masten has helped to provide athletic facilities for the high school. I checked back on my notes and I found that I did not have Morton down there. It was simply carelessness on my part that I did not refer back to my notes when I wrote the story instead of writing it from memory which proved faulty.

Again, thanking you for your letter I am,
Yours sincerely,
Wendell Bedichek,
Public Relations Director
Abilene Christian College.

Since we didn't go into elaborate detail on the Indian stadium, it might be well to mention that the local school spent around \$1,100.00 on construction. There was some hired labor and the lumber was secured at cost.

Got our bulbs the other day—now all we lack is a place dug in the yard to plant them. Did decide to pot some for indoor blooming. Mrs. Albert Morrow gave instructions for this and just in case any one else is interested will pass it on.

Bulbs, grown indoors, never lose their popularity as house plants. You can have a sunny window filled with spring flowers from January until spring if you plant a good supply of bulbs now.

It takes only a reasonable amount of care to make most spring bulbs produce their flowers indoors. You can use crocuses, tulips, daffodils, hyacinths, grape-hyacinths, scillas, and other less well-known bulbs. Don't plant different varieties in the same pot. Some will be done blooming and unsightly while others will just be coming into flower. But put several bulbs of the same variety in one pot for the best effect, although hyacinths will usually give a good show with a single bulb.

It will take some bulbs a little longer than others to develop a good root system. But once they are ready, you can take them in whenever you wish. That way you can space them out so as always to have some in bloom.

The bulbs can be thrown away after forcing, or you can keep them growing until the foliage withers down naturally. Then plant them outside in the spring. They will gather strength and will usually bloom outdoors after a couple of years. But don't try to use the same bulbs indoors again next year—it won't work. Pot your bulbs in good soil, made porous, if necessary, by adding sand. It's best to use a low, broad pot, called a bulb pan. Keep drainage hole from clogging with pieces of broken pot. Allow an inch or so between bulbs, with tips just below soil surface. Water well.

Now move pots to a dark place where temperature is about 40 degrees. A cool basement corner will do, or dig a pit about a foot deep outside. Use gravel for drainage, and protect pots against freezing with a covering of leaves, excelsior, or similar material. A cover will keep out rain. Bulbs in basement may need extra water.

Check root growth after about eight weeks. Bulbs are ready if there is a heavy mass of white roots. However, you needn't bring in all bulbs as soon as ready—only as many as you need at the time. Move them indoors at two-week intervals for succession of bloom all winter long.

Place in a light but not sunny spot, and water your bulbs from now till blooming is over. Pale leaf tips will turn green after a few days. Then move pots to a sunny window. Flowers will last longer if you can move the plants to a cool place during the night.

Paper-white narcissus and hyacinth bulbs will bloom in plain water. Use stone chips for support, with only enough water to just reach base of bulb. Or try an old-fashioned hyacinth vase which has bulb in upper section, water in lower one.

One of our favorite gifts used to be small pots of narcissus. We'd start them early and have the pleasure of watching them sprout and grow—then on Christmas Eve wrap the pots in colorful Christmas paper and deliver them to friends. Haven't gotten around to doing this in a year or so.

The spouse says, "Life would be practically perfect, if someone would invent a process for taking the hard work out of it."

Sudan Rolls Over Morton, 33 to 13

Sudan's Hornets swarmed all over the Morton Indians here Friday night, beating them into the ground for a 33-13 District 4-A North conference victory.

The Hornets scored twice in the opening period, then coasted to victory over the Indians, tallying again in the second and twice in the third period, converting one each in the first and third quarters. Rallying in the final quarter Morton pushed across two scores and one conversion for their only tallies of the night.

A crowd estimated at 1,500 witnessed the game under a clear sky. All the night's scoring was done on the ground, although passing greatly accelerated the Sudan attack.

Clifford Wall, Indian wingback, ran 25 and 10 yards, respectively, for the Morton scores, while Back Tommy Sherrill was outstanding for the visitors, running across two Hornet touchdowns. Veryl Webb played an outstanding defensive game for the hosts.

Charles A. Guy Editor to Select Beauty Queen

The pictures for the beauty queen contest will be mailed today to Charles A. Guy, editor and publisher of the Lubbock Avalanche-Journal. He has accepted the invitation to judge the photographs but will be out of state on November 18, the night of the coronation ceremony.

Editor Guy's reply to the invitation in part is, "If you should like to have me judge the photos, or select someone from our staff who can be present at the crowning to judge the photos, I shall be glad to do so."

The War Whoop staff has decided to let him select someone from his staff to crown the second Beauty Queen in the annual Morton High School Beauty contest sponsored by the War Whoop.

New Score Board

Roy Allsup, owner of the Allsup Chevrolet Company, is having built and donating the long needed score board on the football field according to Wendell Watson, high school principal.

"It would have been built at the first of the season," said Watson, "but Roy was unable to obtain the proper kind of pipe. It is set down in solid concrete and should last forever," he added.

The score board is located on the south side of the goal post and will be painted white to make the black lettering stand out. It is large enough to be read easily by any of the spectators.

Morton High School wishes to sincerely thank Mr. Allsup for his generous donation.

Farm Bureau Meeting Held October 18th

At a meeting of the Farm Bureau Tuesday evening, October 18, a good program was enjoyed by those attending. A local band was arranged for by Mr. T. E. Lynch, one of the directors. It was called the "Unknown Band" because the 12 members played together for the first time. At the meeting the band decided to be known as the "Cochran County Farm Bureau Band." Providing expenses can be arranged for by the Farm Bureau it is hoped this band can attend the State Farm Bureau Convention in Dallas on November 20th.

As for the educational part of the program, County Agent Thompson spoke on the progress made on the cottonseed loan program. Nothing satisfactory to date has developed on this loan program, but \$46.50 per ton selling price is guaranteed by the Commodity Credit Corporation. In order to get paid for the seed the farmer is required to know the weight of the seed.

ATTENDS FLOWER JUDGING SCHOOL IN LUBBOCK

Mrs. Lester Baccus, president of the Cochran County Garden Club, and Mrs. Roy Hill, member of the same club, attended a flower judging school in Lubbock, Tuesday and Wednesday of this week.

MR. and MRS. W. E. CHILDS and daughter, NELDA, were dinner guests in the LLOYD MILLER home Sunday.

MR. and MRS. DACRA MERRITT visited relatives at Pettit Sunday.

BILL VESSEL visited his son in Hobbs, N. M., Sunday.

From where I sit... by Joe Marsh
Now They're Sitting Pretty
Squint Miller, who's working as a telephone lineman, was telling me about some birds that got into a fight with his company.
Seems a couple of woodpeckers set up housekeeping in a telephone pole. Nobody minded them living there, but they kept pecking at the wires—causing one short circuit after another.
Finally, the telephone people—who had nothing personal against the birds—just stopped up the hole where they lived. But they kept coming back. At last, the company donated that pole to the woodpeckers and set up a brand-new one for their own use!
From where I sit, we'd all be better off if we were as tolerant with our own kind as that telephone outfit was with the woodpeckers. Let's consider the other fellow's point of view—whether it's his right to live where he wants, or to enjoy a friendly glass of temperate beer or ale when and if he pleases.

2 Former Morton Students Playing With ENMU Team

Two former Morton High school players are appearing in the Eastern New Mexico University Greyhound lineup—Ken Willis and Billy McAllister. Both men have earned two letters with the Greyhounds and are contributing much to Greyhound victories this season.

Willis is playing his second year as quarterback for the Silverback. In his freshman year, Willis was outstanding as a halfback. Equally capable in either position, Willis has appeared both as a quarterback and halfback this season.

Billy McAllister, who is also playing his third year for the Greyhounds in a halfback position, has been outstanding for his kick-off and punt runbacks. In addition to this, he holds an enviable record of an average of 23 yards gained from scrimmage per carry. McAllister has appeared in only four of the Greyhound's six games this season.

Injured in the game with Panhandle A. and M., McAllister has led out for two games, appearing against Adams State. In the last week, McAllister intercepted two of the Indian's passes and caught three that were tossed by Willis.

Lubbock County Attorney Speaks to Lions on "Modern Transportation"

"Modern methods of travel have brought the world to our door," Lions were told by Waggoner Carr, Lubbock County Attorney, at a meeting of the Lions Club Wednesday, October 19.

Mr. Carr told of a trip an uncle of his made by wagon from Lubbock to Morton several years ago. He said, "The trip required two days, I drove out here this morning in an hour, but if I'd been flying in one of the new jet propelled machines it would have taken only six minutes. In this age of speed the problems of Morton are not isolated as they were twenty years ago, but your problems are the same as faced by Lubbock, the problems of the United States are those of the world. We must all live together as neighbors and in order to do this there are two important things we must remember.

"Our mental attitude should keep pace with mechanical advancement; we must be greater believers in democracy. We must believe as did that handful of men who gathered in Philadelphia in 1776 to sign the declaration of independence, that all men are created equal and that each person has the right to Life, Liberty and the Pursuit of Happiness. The United States is the only place in the world where this is true—are we living up, in the full meaning of the word, to these concepts?"

In bringing out the second point to be observed in "getting along with our neighbors", Mr. Carr said, "We must not allow ourselves to become discouraged with what seems like slow progress in accomplishing world peace. Back in early U. S. history the 13 colonies had difficulties to overcome; there was bickering and discontent between the states but they did something about it; although it took 13 years to accomplish. In those days the people were few, they were all the same color, most of them dressed alike and they thought alike and it took 13 years to iron

out their troubles. Now with the whole world as our neighbor the problems are much greater and it will take time and patience to accomplish results."

To emphasize this point Mr. Carr compared as an example, the Russian language with ours, saying, "The Russian language is so far from ours that it cannot be adequately and understandably translated."

Concluding his talk Mr. Carr introduced Edwin E. Merriman, who accompanied him to Morton. Mr. Merriman spoke briefly, expressing his appreciation to the club for the fine fellowship and luncheon. Mr. Carr and Mr. Merriman were guests of Carl England and Bob Cross, who were program chairmen for the day. Other guests were Mrs. Carl England and Art Harris.

W. C. Wright reported on the street marking and house numbering project. It was decided by the club at this time to hire someone to complete the job of selling house numbers.

C. C. Armstrong and C. A. Baird will have charge of the program Wednesday noon, November 2.

Thirty six members were present for the October 19 meeting. Group singing was led by P. B. Ramby with Fred Danforth at the piano. C. C. Armstrong gave the invocation. Lion President David Todd appointed J. W. McDermott as tall twister for the day.

THAT'S WHAT I CALL REAL SERVICE

And You ALWAYS Get It When You Use McCormick Equipment

One day, right in the middle of harvest, a customer hurried in and asked for a replacement part for his 10-year-old combine. I went to the parts bin, and as I came back and plunked the part down on the counter, he grinned and said: "That's what I like about using McCormick equipment. When I do need a part, you always have it or can get it right quick."

He started to walk out, and I said, "How about letting our service man put that part on for you? Your machine might need a little adjustment here and there, and he can do that at the same time."

He thought it over for a minute, and laid the part back on the counter. "Go ahead," he grinned. "I've got a couple of other things to take care of here in town anyway. The combine is standing in the field south of the house."

He turned to go, and I mentioned, "If you're not at home by the time he puts on the part, I'll have him try the combine and look it over thoroughly and give you a report. Maybe we can get together and arrange to fix it ahead of time for next season and save you time and trouble."

"Go ahead," he agreed again. "That's what I call real service!"

"Just a part of our regular IH 5-Star Service," I said.

CARD OF THANKS

I would like to take this means of expressing my greatest thanks and appreciation to my swell football coach, Mr. Myrick, also Mr. Smith, Mr. Crawford, Mr. Watson, Mr. Macon and all my teachers and our many friends and neighbors. Also the two swell doctors, all the nurses and janitors at the West Plains Hospital.

And last, but not least, I especially want to thank all 7th grade football Indians. All my classmates, for all the swell things they did for me during my little mishap in the Bula football game.
