"TEXAS' LAST FRONTIER"

VOLUME XI.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, MARCH 30, 1950.

NUMBER 5.

Holy Week to be Observed Here by Methodist Church Starting Sunday

Holy week, beginning with services Palm Sunday, April 2, will be observed here at the First Methodist Church.

Evening services will start at 7:45 p. m. Monday through Friday.

Rev. C. C. Armstrong, Methodist pastor, will conduct the Holy Week services. In speaking of the special observances Rev. Armstrong said, "To the church this is the most important week in the whole year; it signifies one of the most memorable

events ever to transpire in the history of the world.

"Churches observe this week in commemoration of the triumphant entry made by Christ into the City of Jerusalem, which at that time was the most important city on earth to the religious peoples of that time. This celebrates the week in which He instituted the Lord's Supper; and the week in which He experienced the agony that broke His heart; the week in which He was condemned by a mock court and sentenced to death because of false accusations and the week in which He was crucified and buried and arose from the dead.

"We observe Easter as an anniversary of His resurrection; it is a week when all Christians should be in church, should be quiet, worshipful, meditative, forego all social obligations and spend the time as nearly as possible in renewing their spiritual lives."

Rev. Armstrong urges attendance of all members to Holy Week services and especially invites those persons not attending church services elsewhere.

"Higley Levelan" Demonstration To be Held Here

The "Higley Levelan" an attachment for all type tractors will be demonstrated in Morton this Saturday, 2:30 p. m., April 1, weather permitting. In case of bad weather Saturday the demonstration will be given the following Saturday, April 8.

The Levelan levels and plows or chisels in one operation and is highly recommended for irrigation as well as dry farming.

The demonstration will take place on the McDermott farm just north of Morton Co-op Gin. Henry Bedwell of Bedwell Implementation Company is sponsoring the demonstration.

Local Chamber of Commerce Holds Directors Meeting

Directors and the finance committee of Morton Chamber of Commerce met Tuesday noon at the Steak House for luncheon and a business meeting.

J. W. McDermott, president, presided for the business meeting at which time W. W. Williamson, finance chairman, reported excellent results from an initial canvass of members.

Paul Goodman was appointed chairman for "Trades Day." The chamber made tentative plans toward setting up a Retail Merchants Association.

Twenty four members attended the meeting.

More Bargains are Offered Customers By Piggly-Wiggly

Because of the unusually good response to their formal opening, Orville Tilger and Arlee Barnard, owners of Morton's Piggly-Wiggly Store, are offering store wide bargains on canned goods.

They invite both old and new customers to visit the store and stock up on these bargains.

MISS LOLA FLOWERS JOINS DORTHEA'S BEAUTY STAFF

Miss Lola Flowers has been added to the staff at Dorthea's Beauty Salon.

Miss Flowers is a graduate of Scoggin's Beauty Academy, Abilene, Texas.

General Meeting Of Country Club Friday, April 7

A general meeting of Morton Country Club members will be held Friday night, April 7, it was announced this week by C. B. Markham, president and P. B. Ramby, secretary.

Purpose of this meeting is to elect three new directors. Members unable to attend may vote by proxy, Ramby said. Only members with paid up dues will be eligible to vote. Each membership is entitled to one vote.

There will be six nominees for director with three of these being selected. Three directors are elected each year. There are nine directors in all with the officers of the club being chosen each year from the new board of directors.

Club officials hope to have the April 7 meeting at the club house but because of weather conditions a definite place of meeting has not been decided. Next week's issue of the Tribune will give the meeting place.

All club members are urged to keep this date in mind and come.

Partial Unofficial Survey Made in County Monday During Sand Storm

Monday afternoon at the peak of a three day sandstorm a partial, unofficial survey was made of Cochran County farm land. Lloyd C. Miller, manager of Slaughter estates, at the request of the Morton Tribune made the tour of hundreds of acres of land. Photographs were made by Miller during the tour.

Following is the report made by Mr. Miller.

Why Does Our Precious Land Blow?

Cobb and St. Clair Continue Dollar Day's Bargains

Cobb's and St. Clair's Department Stores are again offering merchandise bargains in their stores for dollar days.

Originally dollar day was held on first Monday but in order to accommodate rural shoppers who customarily do not get to town on Monday the sales are effective on Saturday preceding first Monday.

A few facts observed the afternoon of March 27, 1950.

Where good cover was found there was no movement of soil. An excellent cover was found to consist of high grain sorghum stubble with annual grass growth that had not been disturbed.

Another excellent cover was found to consist of Balboa Rye found on the C. C. Slaughter farms, two miles West of Morton.

A good cover was found where wheat or even cotton with annual grasses were growing that had not been disturbed. In these fields very little soil movement was found with some shifting taking place.

Cotton fields with no grass and even some grain sorghum fields were blowing considerably. Where cotton and grain sorghum stubble had been cut, we are having our worst damage.

Some deep breaking was observed where an adequate amount of clay had been turned to the top, the land was holding well. Another observation was made from the leeward side of a windbreak on the J. W. Pond farm, four miles South of Morton, here there was no movement of soil to be found.

Some of the chisled land where the crop residue or stubble was left standing is doing a good job of wind erosion control.

TYE WILLIAMSON WINS FIRST PLACE IN COTTON GUESSING CONTEST SPONSORED BY TRIBUNE

COCHRAN'S TOTAL BALES GINNED REACHES 61,747

There is no getting around it; Tye Williamson is the best "guesser" in these parts. Last fall the Morton Tribune offered awards to the three persons guessing nearest the number of bales of cotton ginned in Cochran County during the 1949 season.

W. W. Smith, this week received official census from Department of Commerce and report on cotton ginned in Cochran County for the years 1947, 1948 and 1949. Total ginned in 1949 was 61,747 bales. Tye's guess was 61,137 1/3; why Tye added the 1/3 no one knows, anyway he gets the Morton Tribune "free" for three years.

S. M. Monroe was second with a guess of 59,320. The Tribune will be sent to Mr. Monroe for two years. J. B. Lilledahl was the third winner with his guess of 58,975 bales. Mr. Lilledahl will receive the Tribune free for one year. Mrs. Lowell Webb missed the third award by only 25—she guessed 58,950.

Mr. Smith selected the winners by comparing the census report with the "guesses" left in a closed box in the Tribune office. These figures were all submitted last fall at beginning of cotton ginning season.

Congratulations from the Tribune are extended these three winners. We hope you enjoy the paper and we also wish to express our appreciation to all the others who entered the contest. May we have an even bigger and better cotton crop this fall and more to enter the contest.

Listed below the other entries and their guesses: W. W. Williamson, 57,150; J. B. Nicewarner, 54,000; George Graham, 55,523; Mickey Garrett, 53,477; Nelda Nations, 40,000; J. A. Love, 75,000; Roy Tarver, 40,105; Homer E. Thompson, 57,400; J. O. Hill, 65,000; Mrs. Homer Thompson, 39,450.

P. B. Ramby, 51,791; Mrs. A. D. Rowden, 46,000; Mrs. Pat Hatcher, 43,000; Roy L. Brown, 52,587; Jack Rice, 47,500; James St. Clair, 55,333; H. S. Hawkins, 68,500; J. R. Roddy, 52,000; Mrs. Truman Weed, 50,000; and Arlee Barnard, 40,000.

DERWOOD McCLINTOCK AND BROTHER FISHING IN MEXICO

Derwood McClintock and brother, Carl, Jr., of Tahoka left last Saturday for a week's fishing at Lake Martine, Mexico. They expect to return this week-end.

Mrs. Carl McClintock is visiting in Morton with her mother, Mrs. Dona Doughty, and sister-in-law, Mrs. Derwood McClintock, during her husband's absence.

Wallace Theatre Sponsoring Free Kiddie Show Sat.

The Wallace Theatre is sponsoring a free April Fool Kiddie Show Saturday morning, April 1 at 10:00 a. m. All children up to, and including, 12 years of age are invited and will be admitted free.

The program is to consist of cartoons and comedies which promise to furnish fun and entertainment for all those in attendance. All children of Morton and surrounding towns are invited.

BUSINESS VISITOR HERE

Ryan Bibb, representative of E. C. Palmer Co., Dallas, Texas, was a visitor in Morton, Tuesday.

City of Whiteface To Elect Officials Tuesday, April 4

Officials for the City of Whiteface will be elected on Tuesday, April 4, when an election is held there.

Candidates for Mayor of Whiteface are T. J. Capps and G. W. Garrett. Charles Blis, J. T. Lawrence and V. C. Stephenson are candidates for Whiteface City Commissioners.

MISS MARGARET FORD NAMED PHI GAMMA NU TREASURER

Miss Margaret Ford, daughter of Mr. and Mrs. W. D. Ford, Route 1, has been elected treasurer of Phi Gamma Nu, national honorary business sorority at Texas Technological College, Lubbock.

Waggoner Carr, Lubbock Attorney, Announces for State Representative

Waggoner Carr announced his candidacy Thursday for the office of State Representative from the 119th District, which includes Lubbock, Hockley, Crosby, Lynn, Cochran, Terry, Yoakum, Dawson and Gaines Counties.

Carr made this brief formal statement:

"I will represent every person in the district fairly and without favoritism, regardless of where he lives.

"We will work together in solving our state problems. Your opinions and advice will be solicited on all matters. Since I owe no favor to any individual or group, my fairness and efficiency will not be impaired by political deals or secret promises. My only obligation will be to represent the people of this district, and this I will do to the best of my ability."

Carr was elected County Attorney of Lubbock County in 1948 by a decisive majority. Prior to his election, he served as Assistant District Attorney of the 72nd Judicial District of Lubbock, Crosby, Hockley and Cochran Counties.

Waggoner Carr is 31, married, and has a son 10 months old. His wife is the former Ernestine Story of Tahoka and Lamesa. Carr has lived in West Texas since 1932, having moved to Lubbock that year from Hunt County. He was graduated from Texas Tech in 1940 with a B. A. Degree in government.

"I believe I held down practically every job in the books in order to remain in school," he recalls.

After graduation, Carr entered the University of Texas Law School. When war was declared, Carr interrupted his legal education by volunteering for service. He entered the Army as a private and was an aviation cadet when discharged 37 months later.

Upon discharge, Carr reentered law school and was licensed to practice law in 1946. Upon graduation, he returned to Lubbock County, where he engaged in general practice of law with his brother, and for a time was an instructor in American Government at Texas Tech. He became Assistant District Attorney in 1947.

WAGGONER CARR

Carr has been active in West Texas civic affairs. He is a member of the State Bar of Texas and the Lubbock Bar Association, a director of the Lubbock Junior Chamber of Commerce and past chairman of the agriculture committee of that organization, a member of the American Legion, the Lubbock Lions Club, Texas Tech Alumni Association, and the Methodist Church.

VISITED PARENTS HERE

Miss Grace Ann Hawkins, student at Texas Tech, visited her parents, Mr. and Mrs. H. S. Hawkins, over the week-end.

FROM TEXAS TECH

Herman Bedwell, student in Texas Tech, visited his parents, Mr. and Mrs. Henry Bedwell, the past week-end.

DALLAS WHALEY TO APPEAR IN LIONS CLUB MINSTREL SHOW

Dallas Whaley, well known amateur minstrelman and known to all as "Big D" will appear here Thursday and Friday night with the Negro Minstrel, being presented by Morton Lions Club. Mr. Whaley is a popular member of the Lubbock Lions Club.

Gags, pranks and the usual run of fun associated with a minstrel are blended with a well balanced musical program; featuring such popular songs as, "Camp Town Races," "No body," "Carry Me Back To Old Virginia," plus quartets, solos, sextets and special numbers by the Jive Band.

The Lions have several closely guarded surprises for the show, some of which may be totally impromptu and unrehearsed. Director Paul Goodman will probably draw a sigh of relief when the final curtain goes down.

A big feature of the show is the between act candy

sale. So many business firms and friends of the Lions Club have given prizes that the thing looks like a treasure chest.

There are no reserved seats and its first come, first served. Ushers will attempt to cut to the minimum the confusion invariably caused by seating latecomers.

Persons attending the show are urged to be on hand before curtain time.

Cochran School Trustee Election Slated Saturday

A school trustee election will be held in Cochran County, Saturday, April 1.

The following have been petitioned and are candidates for election:

J. D. Hawthorne, county school trustee precinct 1; L. W. Bills, trustee precinct 2; D. A. Ramsey, C. E. Buchanan, Gehrome Holloway, D. W. Davis, C. B. Evans and M. R. Chandler, Bledsoe Independent School District.

M. D. Sides, Bob Oats, O. A. McCoy, J. T. Hall, Melvin Woodley and J. H. Davis, Whiteface Independent School District.

Truett A. McCulston, Marvin Swanner, D. C. Bowman, Mrs. W. R. Hatcher, Willard Henry, Ken Coffman, Bob Luker and Bert Jennings, Morton Independent School District.

WAYMOND MARSHALL, student at Texas Tech visited his parents over the week-end.

New City Officials To be Elected in Morton April 4th

A city election for the purpose of electing a Mayor and two commissioners will be held in Morton at the city hall on Tuesday, April 4.

L. W. Ray and R. T. Tarver are candidates for mayor, while Jack Rice, E. A. Miller, Roy Hill and Charles L. Taylor are candidates for commissioner. Two commissioners are to be elected.

Dr. Wiggins, Lubbock, Guest Speaker At Lions Club Luncheon, March 22

Dr. D. M. Wiggins, president of Texas Technological College, Lubbock, was guest speaker at Morton Lions Club, Wednesday noon, March 22. He was introduced by Willard Cox, program chairman.

"Development in the last quarter century in West Texas and on South Plains is startling, almost beyond comprehension," with this introduction Dr. Wiggins pointed out the positive contributing factors toward this development as that of individual responsibility.

"This part of our country always seems to me nearest pioneer days, and as I think of the men and women who came west and settled the land, I realize how much the concept of what they wanted, worked and dreamed for has changed.

"Our ancestors asked only for a chance; with the government acting as umpire; they didn't dream the government would move in and take over the game. They believed that their children could do anything they wanted to do and all that was necessary to accomplish this goal was individual drive and personal responsibility."

"Our American Way of Life is being seriously threatened by our desire of 'security.' We must throw up a strong line of defense to protect our government from further socialistic inroads.

"One of the great tragedies taking place today is the average person's unwillingness to accept his own responsibilities.

"This manifests itself in nearly every activity today, both in private and public way. It is in evidence in the manner in which we educate our children.

"Security is a legitimate and admirable goal of the American people. We've progressed far beyond the age when most people lived on farms and had no direct dependency on business and industry, salaries or wages—an age in which the soil directly supported a large percentage of the population.

"Our dangers do not lie so much with Russia and other foreign powers but within our own country," Dr. Wiggins continued.

"In our educational programs we need to stress the importance of individual responsibility, this is far more important than being 'tops' in any line of endeavor.

"We are being offered more 'security' with promises of more government housing, more social security, more 'free' medical care, more government welfare projects and more special privileges to various groups and interests. This is nothing more than attempt to escape the responsibility of providing for one's self and the planning ahead that it must necessarily entail.

"This weakening of our responsibilities is being done in the name of security; we're all anxious, of course, to see the living standard and general welfare improved. But we need to disregard this type of security and stand on our own legs. The trend of protecting ourselves against every possible mishap

has closely paralleled the government's increasing trend toward socialism.

"Many of the economic theories advocated by security planners will make us a 'welfare or Slave State,' and slavery is bad, it is worse than not having a nice home, a good car or even not having enough food.

"This country was not founded nor was it made the great nation that it is by this type of philosophy. Our fore fathers were rugged, freedom loving souls that asked no quarter; they knew and were supremely proud of the fact, that they alone were masters of their own destiny. They knew that for each bit of security they got, from a source other than their own making, they would also have to surrender that much freedom.

"We should be sure that we, our elected representatives and public officials, recognize this fact. And we must all get a clear understanding of what social security now being offered actually costs.

In conclusion, Dr. Wiggins suggested, "Let us each assume our part of responsibility in community and governmental affairs; in this way lies the salvation of the nation and the preservation of our way of life."

Van Greene, third vice-president, presided for the meeting. Thirty-eight members and these guests were present: C. P. McDermott, R. R. Givens, Henry Bedwell, Albert Morrow, Don Allsup, Roy Allsup, J. C. Buchanan, A. D. Forehand, G. W. Graham, W. W. Williamson, C. M. Cravy, Winard Buck, Lubbock, C. A. Mebus, El Paso and L. E. Smith, of Lubbock; Mr. Smith is assistant to Dr. Wiggins.

Morton Members Of L.S.C. Win at Odessa Skeet Meet

Lubbock shooters took home 10 trophies and five championships in the Permian Basin Shoot held at Odessa, Sunday.

High winds made shooting hazardous and uncertain, with visibility next to zero most of the day, but some fine scores were turned in despite the weather.

The shoot attracted men from virtually every city in West Texas and several from New Mexico. Tye Williamson won the Class C, 20 gauge title and Tom Arnn was runner up in the Class A, 20 gauge division.

Claude Drennan Enters County Sheriff's Race

Claude Drennan, Cochran County farmer and former deputy sheriff has joined the ranks as candidate for sheriff.

This brings the total candidates for the office to four. Herman Crockett, incumbent, asks for reelection with W. M. Harryman and Hazel Hancock the other two candidates.

Recognize Any of These Characters?

Pictured above are the five style show winners chosen by applause at Three Way school auditorium Thursday night, March 23.

Taking part in the spring fashion show were prominent men of Maple, Morton and Muleshoe. Top picture, reading left to right; Coach Self, modeling a swim suit; H. S. Buis, formal evening dress; Cass Stegall, ballet costume; Glenn W. Thompson, afternoon frock; Cecil Tate, tailored suit. The show was sponsored by Monument Lake W. S. C. S.

Lower picture reading from left to right; Pete Sanders in background; Coach Self, holding a box of cigars awarded him as first place winner; Glenn W. Thompson, Earl Burleson and Cecil Tate.

Three Way Style Show Thursday Declared Success

A full house in the Three Way auditorium watched men from Morton, Muleshoe and Maple put on a style show of the latest in ladies spring fashions Thursday night, March 23.

Monument Lake W.S.C.S. sponsored the program that was introduced by Mrs. Tommy Galt.

Dale Krebs was presented in several numbers on the electric guitar. H. H. Homsley, superintendent of Three Way school, was master of ceremonies. Mr. Homsley as well as the other members of the cast were dressed in ladies clothing varying from tailored suits, spectator clothes, afternoon dresses, formal wear to ballet costumes and bathing suits.

Facial make-up along with the new style in "eye" make up was lavishly applied as were other mechanical aids to nature; including wigs in every hue of the rainbow.

Judges were hard put to decide winners as the applause for each entry was deafening. Zed Robinson, popular singer, was presented in several vocal solos; including "Let Me Call You Sweetheart," "Beautiful Doll," "In the Shade of the Old Apple Tree," "My Wild Irish Rose," and other tunes. Piano accompaniment for the show and the singer was played by Miss Anna Margaret Gunter. Men taking part in the show were Cecil Tate, John Shackelford, Glenn Thomson, Earl Burleson, Sam Fox, Muleshoe; Welbie Burleson, Tommy Galt, Cass Stegall, Pete Sanders, Jack Lenderson, Muleshoe; Pete Tarleton, Rev. Kirby, Roy Tunnel, Jack Lowe, H. S. Bule, Bob Sanders, Coach Self, G. S. Speed, Roland Sheppard and Bob Dunham.

A box of cigars was given the winner; he in turn passed the cigars to members of the show.

Proceeds from the show will be applied by W.S.C.S. to the building fund.

Adding machine paper at the Tribune Office Supply Dept.

Tribune, Morton, Cochran County, Texas, Thursday, March 30, 1950

Shirley Temple and Lon McCallister embrace the approving eyes of Barry Fitzgerald and the 'Biscuit' in "The Story of Seabiscuit."

Warners' new Technicolor film showing Wednesday and Thursday, April 5 and 6 at the Wallace Theatre in Morton.

Mahon's District Mail Concerned Over Failure of CCC to Give Grain Support

Congressman George Mahon reported to the Tribune this week that his mail from the District indicated concern over the failure of the Commodity Credit Corporation to announce a loan support for the 1950 grain sorghum crop. Over a period of months Mahon has urged such support, indicating his belief that a support program would be announced.

In his report this week, which was also sent to the office of the County Agent and the County PMA office, Mahon stated that no one could guarantee that a support program for grain sorghum would be provided but that every indication pointed in that direction. The support program on grain sorghum last year was announced on March 14. In conferring with officials in Washington, Mahon has insisted that it is most important that a support program be announced as soon as possible and at a level not below last year.

On March 23 the House of Representatives passed a measure strengthening the Commodity Credit Corporation and increasing the capital stock. Favorable action by the Senate is anticipated. Mahon said that indications are that after this measure has become the law an early determination on the grain sorghum program will be made. He is hoping for favorable action.

Federated Club Women Invited To Littlefield

President of the Texas Federation of Women's clubs, Mrs. J. Howard Hodge of Midland will be the main speaker at the luncheon to be given in her honor April 5 at the Littlefield Country club at 1 p. m. sponsored by the Littlefield Woman's club.

Club Invited

The local Woman's club has extended invitations to all federated clubs in the surrounding area so that they may have the opportunity of hearing the state president, Mrs. James A. Allen, president of the seventh district of the federated clubs has also been invited. Mrs. Allen spoke there in the fall.

Speech On Fellowship

Mrs. Hodge will speak on "World Fellowship and U.S." She is a graduate of Howard Payne college at Brownwood, and is completing her seventh year as a trustee of that institution. Her education also includes graduate work at the University of Colorado. She has served as an assistant instructor in Howard Payne college and has taught in three Texas High schools.

In her woman's club activities, Mrs. Hodge has served as President of the Fine Arts club and the Woman's club of Midland; first vice-president and president of the eighth district of the Texas federation; first vice-president and appointed board member of the Texas Federation of Women's clubs; and is now serving as president of the Texas Federation.

In charge of a special music program for the luncheon are members of the Music department of the Woman's club. Reservations for the luncheon may be made with Mrs. R. W. Badger or Mrs. Charles Duval, Littlefield.

County Line News

By Mrs. W. K. Courtney

Rev. and Mrs. Murphy of Levelland were Sunday dinner guests in the R. C. Cotten home.

Rev. Murphy is the new pastor of the County Line Baptist church.

Mr. and Mrs. J. L. Cox and children of Ralls visited in the W. K. Courtney home Friday.

Mr. and Mrs. Odis Martin, Shirley and Glen and Mrs. O. D. Woody of Anson visited in the W. K. Courtney home and with Mrs. O. T. Pryor at West Plains hospital, over the week-end.

Mr. and Mrs. J. G. Eubank, Betty, Shirley and Raymond spent the week-end visiting relatives in Matador.

Mr. and Mrs. E. D. Courtney visited in the A. J. DeBord home Sunday afternoon.

Mr. A. J. DeBord is on the sick list.

Mr. and Mrs. O. L. Woolsey visited in Brownfield, Sunday. Mrs. Woolsey visited her mother there who is ill.

VISITED PARENTS HERE

Bill Ed McDaniel visited his parents over the week-end. He is attending Eastern New Mexico University in Portales, N. M.

MR. and MRS. W. E. CALLIS moved last Wednesday to Cedar Hill, Texas.

LITTLEFIELD WINS TRACK-FIELD MEET OVER MORTON BY 1/2 POINT

Littlefield's track and field team won a track meet here Tuesday, edging out Morton by a scant half point, 53 to 52 1/2. The Wildcats clinched the meet in the final event, the mile relay. Although Morton's team won the event Littlefield had two entries and took second and fourth places.

Other teams and their point totals are: Brownfield, 31 1/2; New Deal, 13 1/2; and Plains two and one-half points. Morton's results are as follows.

120-yard high hurdles, Royce Smith first, Lamar Burns second. 200-yard low hurdles: Burns second, Jackie Shipp tied for third place. 440-yard relay: Morton second (team composed of: Don Baldwin, Kenneth Wynn, Johnny Green and Mike Bolton). 440-yard dash: Bolton fourth.

880-yard dash: Veryl Webb second. Mile run: James Gathright first. Doyle Webb third.

Veryl Webb fourth. Shot putt: Jimmy Coats third. Jimmy Chapman fourth. Discus: Chapman third. Bo Allsup fourth. High jump: Kenneth

Wynn tied for first. Pole Vault: Burks first, Webb second. Lackey and Robinson tied for third. Mile Relay: Morton first (team composed of: Green,

Moore, Hargrove and Bolton). Other entries from Morton who failed to place in any event are as follows: Ted Woods ran the low hurdles but failed to place when he fell on the sixth barrier. Freddy Stockdale and Waydelle Hill entered the high jump but failed to place in their favorite events. Hill also entered the discus as did Leon Mills, Curt Rathbun James Dewbre, Jimmy Coats, Mills, Rathbun and Dewbre also threw the shot. Jackie Shipp ran the half mile and a lap on Morton's second mile relay team. Shipp ran a fine lap on the relay team but failed to gain any points there as the team did not place. Jerry Odom entered the mile run but failed to place.

Saturday Morton took a team to the West Texas Relays. Results of this meet were unknown at the time the paper went to press.

Chorus to Participate in Lions Minstrel

Approximately 25 members of the High School Chorus will participate in the Negro Minstrel, sponsored by Morton Lions Club, to be presented Thursday and Friday night.

The Sextet, composed of Beverly Blackley, Joye Seaney, Pat Weaks, Nelda Brisco, Doris Mc-Master and Martha Willis, will sing, "On the Bumpy Road to Love."

Some of the specialties for the Minstrel include the Bowman Brothers trio; Jim Grantham, solo; Beverly Blackley, solo; Bobbie and Ronnie Gast, dialogue, bango solo, tenor solo, quartet, style show, Babe Vanlandingham in "Sugar Blues" and other numbers; and Freddy Stockdale is playing drums with the "Jive Band."

Members of the Chorus participating are as follows: Shirley Arnold, Donal Barnett, Sue Waller, Pat Weaks, Darryl Bowman, Tommie Bowman, Beverly Blackley, Nelda Brisco, Virginia Byrd, Ladeane Cravens, Evelyn Culpepper, Doris Edwards, Katherine Fleenor, Jim Grantham, Frances Head, Carolyn Heflin, Janelle Jones, Edith Lightfoot, Doris Mc-Masters, Peggy Mullinax, Francis Peters, Joyce Rountree, Wanda Williams, Verna Mae Stanfield, Joye Seaney, Jeanette Shue, Jane Garrett and Martha Willis.

Jean: I've been driving a car for five years and never had a wreck.

Doris: I've been driving a wreck for five years and never had a car.

Morton School News

WON'T BE BACK—WE'LL MISS HER

BETH WINDER

Beth Winder is a member of the "A" volleyball team this year, that won't be back. She has played regularly with the "B" team in volleyball last year.

She played basketball for three years, is on the annual staff and the War Whoop staff. She was sponsored as a candidate by the senior class for Beauty Queen this year.

Beth has attended Morton schools her entire school days.

Band Journeyed to Whiteface Friday

The Morton senior band journeyed to Whiteface to a band clinic at 9 o'clock Friday morning. Approximately thirty-five students went, in uniforms.

Mr. M. T. Newman of W.T.S.C. Canyon, directed the Morton band and five other bands while playing.

These bands were: Slaton, Levelland, Farwell, Sundown and Whiteface.

The main purpose for this clinic was, "Criticism" from Mr. Newman.

The Morton band played "Sunbeam," "Starlet," and "Enchanted Lake." Band members returned to Morton at 4 o'clock.

GRADE SCHOOL HIGHLIGHTS

By Roselyn Sandefer

Little miss Betty Ann Chance has enrolled in Mrs. Lawson's first grade. Betty moved here from Paris, Texas.

The chicken pox is not yet over with Burney Brown and Deberta Stephens have been absent and just recently recovered from it.

Easter is just around the corner, are you ready for it? Mrs. Lawson's pupils have been "decorating" their room with their own colored pictures of Easter rabbits.

Mrs. Williams reports that Sue Cooper has returned after a recovery from the mumps, while many of her classmates are still sick.

Mrs. Miller just recently issued new readers to her students. The name of it is "Little Americans," in which they will study of Mexico. They have been drawing free handed, using stories from the book to make a picture.

Mrs. Rose has a fish aquarium in her room. Just a small one of course, and has added a castle to it. This March wind calls for things that fly. No not airplanes—kites. They have been making them in this class.

Portales, N. M., lost a student. Morton gained one when Shirley Mauldin enrolled in Mrs. Love's room 5-2. Welcome to Morton Shirley!

Forty pupils are now enrolled in Mrs. Cravy's class. The new students are Ben Dunlap, Gloria Blakeley, Dean Mauldin, Paul Zuber, and Johnny Mauldin. This class made the Massachusetts Bay Colony on Cardboard, after studying about the Pilgrims.

This room won the pictures awarded by the P.T.A. This is the fifth time they have won.

Miss Praters class was busy with Science when I interrupted. They were studying about the flower, and drawing the parts of it, the pollen grains, the stem, pestil and petals.

The students in Mrs. Cravy's room made the "Mayflower". They have divided into groups called, Tulips, Robins, and Porcupines. In a recent reading contest, the Tulips won and will be treated by the other 2 groups.

Johnny Sullivan is wearing a sling on his arm after a recent accident. Kay Doss loaned several books to the library in Miss Huff's room. The little children are very enthused about the "Our Gang" comedy to be made by a man from Hollywood.

Bootsie Shakespeare and Wiley Hodge broke up. Jimmy W. take notice!

Nancy Corder has a crush on Coach Hartgraves we have heard. Cupid really did his work February 14. Three certain girls in the eighth grade just can't help themselves for liking 3 of the boys.

It is reported that 6-3 is glad Mrs. Brown is back.

The high school fad goes down to the sixth grade it seems. Bobby Neagle doesn't have much hair anymore.

FARMERS PROGRESS

By Noel Crow

The ag. boys attended the South Plains Fat Stock show in Lubbock last Monday. The boys that attended the show were Paul Gunter, Noel Crow, Robbie Key, Dannie Key, Jerry Ruzicka, Wayne Keeler, Carl Ray, Bryant Sandefer, N. H. Steed, Leroy Wilson, Kenneth Wilson, Lewis Hodge, Richard Hancock, Joe Carothers, and Clarence Moore.

Miss Mabel Manley, the Home Demonstration Agent gave the V. A. 2 and Home Ec. 2 class a demonstration on how to kill and cut up a chicken last Tuesday afternoon.

Clarence Moore carried two of his Hereford calves to the Junior Fat Stock Show at Levelland, March 18. The calf in the light weight class won second place and the calf in the heavy class won fourth place.

The farm shop boys are building a miniature house to learn how to construct a farm building.

Interscholastic Meet At Levelland, Friday

The Interscholastic League Meet will be in Levelland next Friday. Students from Morton high will be entered in declamation, spelling, typing, ready writer, shorthand and number sense.

In the declamation, sponsored by Mrs. Bob Rhyne, there will be two divisions. Those in the junior bracket are Carolyn Cox and Gwen Jennings. The first and second place for the senior bracket is undecided. Those trying out are Kat Kennedy and Sue Macon.

The four highest in the number sense tryouts were: Doris Gardner with a score of 190; Helen Hodges, 160; Jerry Oden, 100; and Norma Wright, 50.

Doris Gardner will represent the school in this division according to Mr. Kempson.

The shorthand took five minutes of dictation at eighty words per minute to determine the two highest. "Beth Winder and Joye Seaney were the two highest with Pat Weaks ranking third and serving as an alternate," stated Mrs. Fred Danforth, shorthand instructor.

In the ready writers division Janelle Jones will represent Morton High.

The three highest in typing were: Janelle Jones, Saradel Liljedahl, Nelda Brisco with Pat Weaks ranking fourth as an alternate. Mr. Eudy, typing instructor states that they have a very good chance at winning.

Those winning in this district meet will go to regional, April 22, at Lubbock.

What Must I Do To Be Saved?

- Hear God's Word. (Rom. 10:11-18; Jno. 8:32)
- Believe in Christ. (Jno. 20:31, Heb. 11:6)
- Repent of all past sins. (Luke 13:3; Acts 17-30)
- Confess faith in Christ. (Matt. 10:32; Rom. 10-10)
- Be Baptized (immersed) into Christ for the remission of past sins. (Rom. 6:1-4; Col. 2:12; Acts 2:38; Mk. 16:16; Gal. 3:26,27; I Pet. 3:21; Acts 22:16; Acts 8:36-38)
- Be Faithful. (Acts 2:42; Acts 20:7; I Cor. 15:1,2; Phil. 2:12; Heb. 10:25; James 1:21-27.

THE CHURCH OF CHRIST IS INTERESTED IN YOUR SOUL.

TIME: P. M. — 8 P. M.

BRYAN TO SPEAK AT BACCALAUREATE

In a recent class meeting the senior class decided upon Mr. Alan Bryan as their Baccalaureate speaker.

After receiving the invitation, Mr. Bryan responded immediately that he would be very delighted to speak.

As everyone will remember Mr. Bryan was the senior sponsor last year and he also taught English III and English IV. After accepting a job of preaching and teaching in Big Spring, Texas, he moved last fall.

Other choices of the class for speakers were: Peterson, Plainview and Wiggins, president of Texas Tech, Lubbock.

Student: But officer, I'm a college student.

Traffic cop: You'll get a ticket just the same—ignorance is no excuse.

THE STORY OF TEN LITTLE FREE WORKERS

THESE ARE THE WORKERS

REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESCLERK REPORTER

Ten little free workers in this country fine and fair. But if you cherish your freedom—worker have a care! Ten little free workers—Reddy was doing fine Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven But the government took over the railroads, then there were seven.

Seven little free workers—till the miners got in a fix Uncle said coal's essential and took over leaving six.

Six little free workers till the day did arrive The steel mills, too, were federalized—then there were five.

Five little free workers—but the farmers are free no more The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree All must have free legal advice—then there were three.

Three little free workers—the number is getting few. But with government groceries selling food—then there were two.

Two little free workers—our story's almost done. With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun Mustn't criticize government—so now there are none.

Ten little workers—but they are no longer free They work when and where ordered, and at a fixed rate you see, And it all could have been prevented if they'd only seen fit to agree And work together instead of saying "it never can happen to me!"

Eighty Teachers Get Homework At Texas Tech

Off-duty sailors are teased for renting row boats, but nobody is kidding 80 school teachers who are taking classes themselves at Texas Technological college each Saturday morning for three-hour stretches.

The teachers are attending courses offered as a special concession to persons who are teaching school and want to continue work on advanced degrees or merely catch up on the latest ideas in education.

Dr. Doyle D. Jackson, acting head of the education department, said the courses "are not extension classes in any sense of the word."

"These are regular college courses with resident credit. By attending them, and with just one summer's work, many teachers will be qualified for the master's degree," he added.

Teachers attending the courses come from Slaton, Littlefield, Levelland, Brownfield and a number of other South Plains communities. Courses offered this semester are "problems in research," "activity programs for elementary schools" and "educational and vocational guidance."

LIQUID OR TABLETS—SAME FAST RELIEF

THE LAW AND YOU

by Rob't. (Bob) Kirk
County Attorney
Lamb County, Texas

DO YOU KNOW the difference between giving the Defendant a suspended sentence, and placing him on probation?

In those cases in which it applies, where the Defendant's punishment does not exceed 5 years in the pen, the Court may suspend the Defendant's sentence and release him during good behavior. Good behavior is that Defendant shall not be again convicted of a felony or certain specified offenses. To revoke his suspension, the Defendant must be convicted of the second offense.

In cases where the Defendant is placed on probation by the Court after conviction, he is released under certain terms and conditions set out by the Court. So long as the Defendant lives up to these requirements he remains at liberty. Should Defendant violate any of the conditions of his probation, he may be arrested, brought before the Court and his probation revoked, and then ordered to serve his sentence. It is not necessary that he commit, or be convicted of a second offense.

Some of the conditions of the probation may be that Defendant

- (a). commit no offense against the law
- (b). avoid injurious or vicious habits
- (c). avoid persons or places of disreputable or harmful character
- (d). work faithfully at suitable employment as far as possible
- (e). make restitution or reparation to the injured party
- (f). support his dependants.

For further information on this subject, see your local attorney.

BOYCE HOUSE 'Gives You Texas'

Did you know that Marshall, Texas, was once the capital of Missouri? That's right—Marshall, Texas, was the capital of the State of Missouri.

The way it happened was this: When the War between the States broke out, the governor of Missouri was a Southern sympathizer and he wanted his state to secede but there was a battle and his side lost—so he left Missouri, taking with him official papers and the official seal and came to Marshall where he opened his executive office and announced that was the capital of Missouri.

He issued proclamations and documents as governor and affixed thereto the great seal of the State of Missouri.

Here's another believe-it-or-not: Travis and the other brave Texans in the Alamo died while fighting under a Mexican flag.

You may have seen paintings showing a Lone Star flag flying over the defenders of the Alamo—but historians say this is a mistake. Texas declared her independence from Mexico before the Alamo fell but Travis had not received the news.

The flag the men of the Alamo fought under was the flag of Mexico to which the numerals 1824 were added, referring to the Mexican Constitution of 1824, the democratic principles of which Santa Anna, the dictator, had swept aside.

Did you know that Brownsville, Texas, was the only town in the United States that ever had an ordinance prohibiting camels on Main Street?

Back in the 1850's when Jefferson Davis was U. S. Secretary of War, he had camels brought to Texas as an Army experiment to see whether the animals could carry men and supplies over the dry and sandy wilderness of Southwest Texas.

During the Civil War, these camels were used to carry cotton to Brownsville to run the Union blockade off the Gulf Coast and the camels brought back supplies. They frightened horses—so Brownsville passed an ordinance against camels on Main Street.

He spent his health to get his wealth,
And then, with might and main,
He turned around and spent his wealth
To get his health again.

Dr. White Chosen To Deliver Tech's Commencement

Dr. W. R. White, president of Baylor University, will deliver the baccalaureate address at Texas Technological college May 21.

Pres. D. M. Wiggins said the former Lubbock minister will deliver the sermon at 8 p. m. on the Sunday preceding the awarding of degrees to approximately 950 Tech seniors. On the following day, Russell B. Brown, Washington, D. C., lawyer, will speak at the commencement ceremonies scheduled for 8 p. m.

Dr. White is former president of Hardin-Simmons university at Abilene and one-time secretary and director of the Texas Baptist General Convention.

Tech Weatherbirds Set for Downpour

When the next good rain hits the South Plains a Golconda of war surplus meteorological equipment will be ready for recording precipitation at Texas Technological college.

The equipment, recently acquired by the college, includes a microbarograph, for continuous recording of air density and pressure, rain gauge, thermograph, sychrometer and wind recorder.

G. Frederick Warn, assistant professor of geology, said the equipment will be used to study local weather conditions

HEREFORD SHERIFF PICKED UP GRAFTER; RETURNED \$332

From Canyon News
The sheriff over at Hereford must be an alert fellow. He collected from an advertising grafter \$332 for refund to Hereford firms. This solicitor collected funds for a so-called directory for the new hotel which was completed last week. But the so-called directory was never printed, and the solicitor had no idea of printing one.

The maximum collected from local firms in Hereford was \$130, and the minimum \$36.

All newspaper men marvel at the gall of this bunch of grafters, and further marvel as to how gullible some folks are in forking over their hard earned cash to a group who hit town and go to work on such blue-sky schemes.

14TH U. S. CIVIL SERVICE REGION RECRUITING FOR TOPOGRAPHIC ENGINEERS

Paul H. Figg, Director of the Fourteenth U. S. Civil Service Region in Dallas, announced that his office has been requested to assist in recruiting to fill positions of Topographic Engineers at the entrance level at an annual salary of \$3100.00. Persons appointed to these positions will be assigned to duty in the States of Colorado, Wyoming, Utah and Montana, and in the territory of Alaska. Intensive recruitment has failed to produce sufficient young Engineers for this duty. Applications for these positions should be made to the Director, Thirteenth U. S. Civil Service Region, New Customhouse Building, Denver 2, Colorado. Applicants may secure necessary application forms from the Secretary of the Board of U. S. Civil Service Examiners at the nearest First- or Second-Class Post Offices.

Farmers and Ranchers Receiving Agriculture Census Blanks by Mail

Texas farmers and ranchmen are receiving a copy of the 1950 agriculture census questionnaire and each is requested to fill it out and have it ready for the census taker when he calls next month, officials announce.

The questionnaire is being sent to all rural route boxholders and to boxholders in small towns where there are a considerable number of farmers. The copy should not be discarded, says Tyrus R. Timm, extension economist of Texas A and M college, but should be studied carefully and completely filled in with accurate information. Here's why.

The Census of Agriculture provides an inventory of farms and farm resources. It gives facts indispensable in dealing with current farm problems. It benefits everybody, says Timm, because it gives a picture of what is happening in the rural areas of the state and nation and includes facts on land use, crop and livestock production, how many people live on farms, kinds of machinery used, farm home facilities and a large number of other equally important items.

In most states, it provides the major source of county figures in agriculture as well as the basic information on the changes, growth and improvements in agriculture in each county. Timm points out that the information

A three-year-old polio victim smiles proudly as she walks with her doll and a helping hand from her Red Cross nurse.

Fertilizers Tested Through Irrigation Ditch at Lubbock

An experiment to determine the value of irrigation water as an agent for carrying certain fertilizers to the soil in wheat pastures is now under way at Texas Technological college.

Dr. A. W. Young, head of the plant industry department, says anhydrous ammonia is being added to the water and run through the pastures. Late in March sheep will be permitted to graze in the pastures.

After the sheep have grazed in the pastures for a specific period, tests will be made to determine the efficiency of the method.

"We will probably conduct the research over a long period, since the results we might get on this first test may not be what we could expect under conditions when our rainfall is more plentiful," Dr. Young says.

Nation's Third Largest Dairy Show to be Held

The nation's third largest dairy show has once again moved into the front of the show world with the installation of milking facilities for all of its exhibitors.

In cooperation with the Surge Milking Machine Company, the stalls at the Panhandle-Plains Dairy Show have been provided with vacuum pipes and stall cocks. It is believed that these are the only show facilities in the nation so equipped.

The Panhandle-Plains Dairy show will be held from April 10-14, at Plainview, Texas, and a record number of exhibitors from Texas, New Mexico, and Oklahoma are expected for this year's advent.

A Jew went into the doctor's office and saw a sign "First call \$5.00, and second call \$3.00." The Jew went into the doctor's private office and said, "Well, doctor, I'm back again."

Mary had a little lamp, she filled it with benzine, she went to light her little lamp, and hasn't since benzine.

Treasurer's Report from January 1, 1949 to December 31, 1949, Cochran County, Texas.

Examined and approved, and Vouchers canceled in open Commissioners' Court, this 13th day of March, 1950
 G. W. THOMPSON, Presiding Officer, Commissioners' Court, Cochran County, Texas.

THE STATE OF TEXAS)
 COUNTY OF COCHRAN)

Before me, the undersigned authority, on this day personally appeared Odell Smith, County Treasurer of Cochran County, who being by me duly sworn, upon oath says that the within and foregoing report is true and correct.

ODELL SMITH, County Treasurer.

Sworn to and subscribed before me, this 16th day of March, 1950
 EARL CADENHEAD, Notary Public
 Cochran County, Texas.

(Seal)

From where I sit ... by Joe Marsh

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 50 years, but the town council voted it out. I dropped in at the meeting in Town Hall last week just in time to hear Smiley Roberts.

"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

What the Judge said was good for a laugh, but Smiley just about summed up how folks think in this town. We believe that the democratic tradition of "live and let live" is the only way to live.

From where I sit, it's not the American way to regulate your life by a horn—any more than it's right to criticize my caring for a temperate glass of beer now and then. Think what you wish, say what you wish, but don't ask your neighbor to do exactly as you do!

Joe Marsh

Members of House Party at Recent Bridal Shower in Nicewarner Home

HONOREE

Mrs. Murray Crone, recent bride, was honored with a beautifully appointed Gift Tea, March 16, in the home of Mrs. Joe Nicewarner.

Pictured upper left, Mrs. Truman Doss and Mrs. J. C. Reynolds, who presided at the refreshment table.

Reading left to right in lower picture are hostesses for the affair: Mrs. R. C. Strickland, Mrs. F. B. Ramby, Mrs. Nicewarner and Mrs. W. W. Williamson.

Mr. and Mrs. Crone live on South Main Street in their home which was recently completed. Exterior of the modern designed house is of redwood.

Mrs. Crone, former instructor in Home Economics at Whiteface, is doing her own interior decorating.

Mr. Crone, an ex-service-man, is postmaster here, secretary of Morton Lions Club and active in other civic organizations.

(annepic)

--annegrams -- by ann england --

For the first time in ages heard Ruth Weimhold Friday on KLVT's 3:30 p. m. program. She gave a lot of news from Morton, which we love—but then we love Ruth anyway.

The spouse and I were dining somewhere not long ago and I mentioned I'd like frogs legs but he had such a look of repugnance I decided to settle for turkey—can't imagine why frog legs are repulsive—after all most of us caught crawfish and ate the tails when we were kids.

Any of you gals tried the new "doe" make-up for the eyes? There have been numerous articles in practically every magazine with FLAIR going one better and calling it "Cat eye" make-up. Anyway before the L'Allegro party thought I'd see if I could glamorize my old beaten-up face with the new eye-do; it was successful, if one can call success looking as if one had been run into a door or been bopped in the eyes by somebody's two big fists.

By the time I'd scrubbed around trying to get the green shadow off I then looked as if I'd been weeping for hours.

International Harvester sent us one of those cute miniature farmalls, it is precisely like the big demonstrator, painted white with gold stars etcetera.

We were so busy Thursday night with the press camera didn't notice how many people from Morton attended the style show at Three Way but the show was a dilly. Nearly every one of the men in the show were wearing ladies high heeled slippers. Can't figure out whether the men out this way have small feet or the women have large ones. Anyway the show was a scream and we managed to get some pretty good pictures.

Those Gaddy gals (Mrs. Tommy Galt and Mrs. Cass Stegall), members of Monument Lake W. S. C. S. were in and asked the spouse to take part in the show. He was having dental worries and so had a legitimate excuse to say "no."

R. C. Strickland, Glenn Thompson and Bob Dunham from here dressed up in their spouses clothes (?) and we will say made attractive pseudo females.

A note from Robbin Rollen, Lubbock, written the Monday we had such a duster, in which he said, "A Morton Tribune just flew high over the VA building. I expect to see other representative portions of Morton overhead at any time."

Not sure just how much of Morton blew away but a November 1942 edition of the Cochran County Headlight (predecessor to Tribune) landed from somewhere in our yard.

Read too in that issue where Rev. and Mrs. J. M. Watson had attended funeral services for her brother in Hamlin.

The Wallace Theatre had made plans to open earlier in order to permit patrons to see a complete

show and get home early; for some reason or another.

J. L. Winder and G. C. Keith had resigned from the County Rationing Board and F. F. Roberts had been named as successor.

Mr. and Mrs. Elra Oden became the parents of a son on November 6.

A new wildcat was being drilled 20 miles west of Morton and autoists were told they'd have to dispose of all tires in excess of five. Oil field has moved in considerably with about 1200 well in production.

Willard Cox was promoted from Bomb inspector at the Texarkana ordnance plant to Supervisor of Inspection.

Mrs. J. B. Knox was hostess to the Happy Hour Sewing Club with the following members present: Mesdames J. J. Paulk, Roy Hill, Fred W. Hood, C. B. Markham and C. B. Newton.

The paper was six pages and contained 28 display ads; which included Piggy-Wiggly; Allsup; Hawkins; Hardy's Cafe; Doss; Strickland's; Morton Power and Light; W. L. Miller; and several from Levelland and Lubbock.

Teachers were notified by L. L. Price, County Superintendent, that examinations would be held first Friday and Saturday in December.

In "Grapevine Chatter" a column by the editor, congratulations were extended Mr. Garner and Mr. Lee on a 36 page Armistice Day edition of the Levelland Leader, one of the newest newspapers on the South Plains at that time. That paper was later consolidated with Hockley County Herald and Mr. G is now publisher of the Lorenza Tribune.

Speaking of newspapers reminds us that we've read where two of our favorite people have announced as candidates for the same political office.

A bulletin from Texas Press Association tells us that Miss Marga ret Turner, Avalanche Journal; and Mrs. Evelyn Boyd, until recently with the Post Dispatch, will each appear on the Panhandle Press convention program being held in Amarillo, April 14 and 15.

A talk from either of these gals will be worth the \$3.00 membership fee. Both are brilliant journalists; besides all that those persons wearing a membership badge will be treated free to two luncheons, a banquet, numerous cocktail parties, etc.

Too, Doug Meadow will conduct a mechanical clinic. This ought to be good as Doug by his own admission says, "I know less about printing than anyone."

Oh, yes, Doug is being quoted in the April issue of Cosmopolitan magazine. Found this out by reading some of his mail. Something from his column, "Trail Dust."

As most of you know Doug was publisher of the Tribune for about a year and the reason we sometimes read his mail is that letters come to this office addressed to him and we just assume that it is routine office mail.

Practically every one we know has taken a hand in trying to educate us as an editor. Fred Collins of KLVT gave us a book, "Interpretative Reporting," with

which we are enchanted. The only thing is, if we read the thing, then practice what we've read we will write just as all the students write who've read and are practicing what "I R" teaches.

Then where would the individuality of ae come in? Besides all that the book says and we quote, "The newspaperman who elbows his way through the crowd at the scene of an accident or fire, flashing his police card and gaining access to important personages, is an object of awe. Whereas the average citizen is acquainted with his barber, his doctor, his lawyer and his minister by name (some of them by their first names), the writers for his favorite newspaper generally remain unknown. At least they are only by-lines. The ordinary reader seldom recognizes a newspaperman on the streetcar or in society; he almost never knows one well enough to invite him to his home."

Can you imagine ann england being an object of awe? And we doubt very much if there are a half dozen people, including men, women and children in the whole county who doesn't know

and call us by our first name. Not only that but our readers are any thing but ordinary and we'd never meet any of them on a street car anyway. We do get invited; not only to the homes of our readers, but to practically every event from a stag banquet affair for the football boys to judging a better baby contest.

Wonder if being a female, living in Morton and loving everybody makes the exception to the rule?

Don't forget Lions Minstrel Thursday and Friday nights. Two other reminders, we vote Saturday, April 1 for school trustees and on Tuesday, April 4 for Mayor and two commissioners for Morton. Voting is a privilege and ALL good citizens should make it a point to vote.

Some types of activity get one nowhere—for example with a platform rocker you can get motion but no mileage.

HAWKINS OLDSMOBILE

Mrs. Frank Barker Hosts Wesleyan Service Guild Meeting Monday Night

Wesleyan Service Guild met in the home of Mrs. Frank Barker, president, Monday night, March 27.

Mrs. P. B. Ramby was in charge of the program and gave an interesting discussion on, "How Temperate am I?"

The speaker prefaced her talk with Webster's definition of temperance, saying in effect, "Most of us think of temperance in terms of alcoholism and eating; Mr. Webster tells us temperance is moderation, especially in regard to appetite and passions, patience, sobriety and total abstinence."

"The Christian Church has always advocated temperance in regard to alcohol. Physicians tell us that people drink because of weakness, envy, jealousy and the desire to 'get back' at someone; thinking too, that it will bring them relief from fears and worries."

"Amos 4:1-2 refers to the indulgent woman; he denounced temperance of the idle rich, who used their wealth selfishly with no thought of the poor whom they exploited. This applies to modern times, too. From time immemorial prosperity, pride and power have corrupted the morals of men and nations."

"Intemperance to most people is that thing other people are guilty of. Have we counted our own intemperate characteristics? Anger and its results: idle gossip; envy; criticism and jealousy."

"None of these are so harmful as an intemperate tongue; a small snowball started from a hill gathers snow as it falls until it becomes an enormous ball; that is the way with idle words; they grow until they become a mountain."

"Do we ever stop and think how much heart-ache and pain is caused by the unthought things we say about people?"

"In James 3:2 we find; If any man offend not in word, the same is a perfect man, and able to bridle the whole body."

"When we can remember our temptations to give quick indulgence to disappointment, irritation, envy and hatred; how difficult it is from day to day to meet our fellowmen in all moods, all states of health, and still show no sign of impatience, unkindness, or unselfishness, then we will know our spirit has mastered our nature."

"Worry and fear are other forms of intemperance. The seeds of discord are formed in the heart and sown from the mouth. They spring from all these intemperate passions; heedlessness, gossip, slander, lies, spite, malice, envy, hatred, revenge and evil temper. They can affect the entire community with their poison."

"These things doth the Lord hate: A proud look, a lying tongue; a heart that deviseth wicked imagination, feet that be swift in running to mischief; false witness that speaketh lies and he that soweth discord."

The Guild will meet next with Mrs. Fred Danforth at the home of Mrs. C. H. Silvers, Lions Club will be served by the Guild on Wednesday, April 5.

At the conclusion of the meeting Mrs. Barker, assisted by her daughter, Missy, served a refreshment plate of strawberry short cake and coffee.

Blue Goose Cafe Formal Opening Slated Saturday

Mrs. Ruby Yates will hold a formal opening of the Blue Goose Cafe, Saturday, April 1.

The cafe closed until recently is located across the street east of the stop light.

Mrs. Yates opens the cafe at four a. m. and closes around ten p. m. She will serve all kinds of short orders, lunches and ala carte orders.

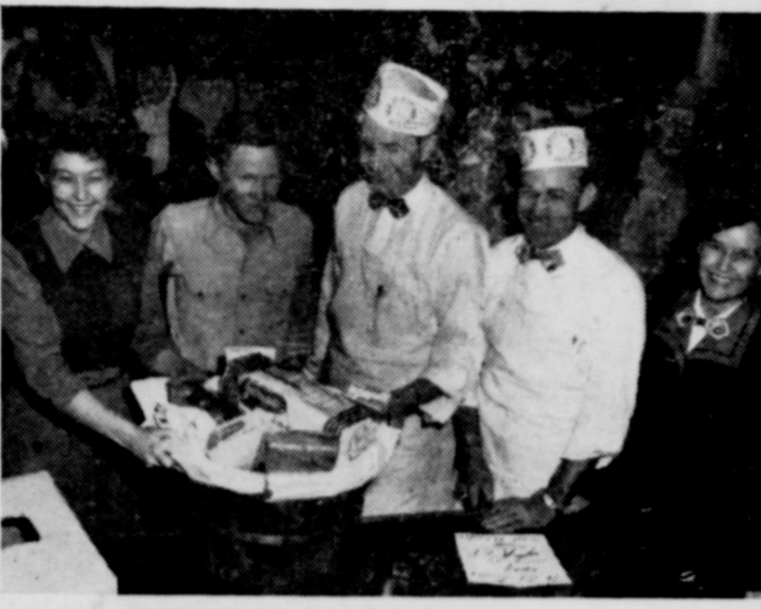

During the formal opening Saturday free coffee will be served.

WEEK-END GUESTS HERE

Mr. and Mrs. Merle Monroe of Lovington, New Mexico, visited their parents in Morton over the week-end.

Tribune, Morton, Cochran County, Texas, Thursday, March 30, 1950

PIGGLY-WIGGLY FORMAL OPENING

New owners of Morton's Piggly-Wiggly Store, Orville Tilger and Arlee Barnard are pictured in top picture with Jack Snieder, Lubbock, who was master of ceremonies for the formal opening held Saturday, March 18.

Garden Club Met With Miss Mabel Manley March 28

Miss Mabel Ann Manley was hostess to the Cochran County Garden Club, Tuesday night, March 28.

Mrs. Lester Baccus, president, had charge of a business session. Miss Lanora Jackson discussed Aquatic bulbs. Mrs. Hessie B. Spotts read a paper on Dahlias.

At the conclusion of the program Dahlia tubers were presented by Mrs. Baccus to each member and guest present.

Miss Manley assisted by Mrs. C. L. Taylor served a refreshment plate to Mesdames L. M. Baldwin and Glenn W. Thompson, who were guests and the following members: Mesdames Tom Arnn, Carl England, C. A. Baird, Spotts, Fred Collins, Baccus, C. W. Davis, T. M. Tanner, Albert Morrow, Homer E. Thompson, Misses Effie Knott and Jackson.

Change in Name Of Concert Group Is Announced

Thursday, March 23, a meeting of the officers and directors of Levell and Concert association was held in the high school auditorium. Phil Pryor, a member of the Pryor-Menz Concert and Lecture Service of Council Bluffs, Iowa, and Charlie Thomas, field director, met with the local group.

The directors agreed that the name of the association hereafter would be known as the Levell and Mutual Concert association. The Pryor-Menz Service operates from the Canadian Border to the Gulf of Mexico, and anyone holding membership to the local association, will be eligible to attend the service.

The next concert for Levell and is scheduled for Saturday, April 29, with Scott, a humorist pianist on the program.

FROM ENMU, PORTALES

Bill McAlister, who is attending Eastern New Mexico University, Portales, visited his parents, Mr. and Mrs. Tom McAlister, the past week-end.

Miller and Collins Make Tour of Area

Lloyd C. Miller, manager of the Slaughter Estate, Fred Collins, supervisor of the Soil Conservation office here and Miss Maxine Lamb, secretary, made a tour of Cochran County farm lands, Monday afternoon. Mr. Miller made pictures of land where soil conservation measures have been employed; also of land where no conservation measures have been taken.

5 Good Reasons Why Your Land Should Be Level.

- Level land produces better.
- Level land takes less water.
- Level land makes irrigating much faster and easier.
- Level land keeps top soil in its place.
- Level land increases the valuation of your farm.

Add up the total of these 5 good reasons and you will have one big reason why you should own a "Higley Levelan".

The Higley Levelan operates so economically and so efficiently that it will be one of your best investments for the future.

The "Higley Levelan" levels and plows or chisels in one operation.

Level your land every year before planting a new crop.

Dry land farmers are finding the Levelan pays big dividends in even distribution of rain fall by keeping the surface level.

A size for every tractor.

6 price ranges to choose from.

See us about the Higley Levelan and ask about a demonstration.

Weather Permitting a Demonstration of Land Leveling will be held SATURDAY, 2:30 P. M., April 1 on the McDermott Place North of Co-op Gin. Otherwise the Demonstration will be the following Sat., April 8th.

IRRIGATION FARMERS AND OTHER INTERESTED PERSONS ARE INVITED TO SEE THIS DEMONSTRATION.

BEDWELL IMPLEMENT COMPANY

Minnie Ola Cox Hosts Junior Janes Meeting Tuesday

Minnie Ola Cox was hostess to the Junior Janes, Tuesday afternoon, March 28.

Miss Mabel Ann Manley, was guest speaker. Her subject was "Grooming" from which members derived many helpful ideas.

New officers elected: Carolyn Cox, president; Minnie Ola Cox, secretary; Jean Henry, vice-president; Carolyn Moore, treasurer; Doris Gardner, reporter; Shirley Robertson, song leader, and Maxine Bowers, parliamentarian.

Miss Gardner will host the organization at the next meeting.

Present for Tuesday's meeting were Jean Henry, Doris Gardner, Nancy Blackley, Carolyn Cox, Shirley Robertson, Mary Carolyn Moore, Sue Macon, the guest speaker, Mrs. Willard Henry and Mrs. English Cox.

CARD OF THANKS

To each and every one for the many beautiful cards, flowers and visits during my recent hospitalization. I wish to express my deepest appreciation.

I also want to thank staff members of West Plains Hospital for the attention and kindness shown me.

Again my deepest thanks to all of you. Sincerely,
Mrs. Willie Rose. 5c

YWA Girls Guests At Wayland Party March 24 and 25

The Y. W. A. girls of Morton First Baptist Church were guests at a house party at Wayland College, March 24 and 25. The girls were encouraged to look over the campus and buildings. Special programs were provided for their entertainment. A banquet was given Friday evening for the visitors. All girls and sponsors attending had a lovely time.

The following girls and sponsors made the trip: Norma Wright, Sue Macon, Gay Sullivan, Ladeane Cravens, Mary Redmond, Shirley Tucker, Geneva O'Brien, Mrs. Herman Raphael, Mrs. John Sullivan, and Mrs. Ruth Williams. Mrs. D. T. Smith went also, to visit with her daughter, "Skeet," who is in college at Wayland.

Progress H. D. Club Meet Held Mar. 21

The Progress Home Demonstration club met March 21st at the home of Mrs. W. P. Houston with nine present.

The meeting was called to order by the president and Mrs. Ford Hawkins gave a report on the last council meeting. Mrs. M. C. Hall was elected to serve on the finance committee and the next meeting will be at her home, April 4th.

Mrs. N. E. Hall was enrolled as a new member.

LOCAL MEN MADE FISHING TRIP TO SUGAR LAKE

L. E. Childs, James St. Clair, L. E. Huggins, Joe Nicewarner, Bill Williamson and Carl Ray made a fishing trip to Sugar Lake last week-end.

Cochran County Farm Bureau Met March 21st

The Cochran County Farm Bureau held its annual meeting, March 21, in Veteran's Hall. Entertainment was furnished by the "Morton Drifters," a local string band. President, M. A. Tanner, presided over the meeting and introduced Charley Cravy to the group as the Area Representative of the Service program of the Texas Farm Bureau Federation.

Mr. Cravy spoke of the history and accomplishments of the Farm Bureau. He said that the organization was certainly the voice of agriculture with its 40,000 members in the state and growing. He stated that some of its past accomplishments were the gas tax refund to farmers, cottonseed purchase program, farm storage for government loan grain, Rural telephones, and their Service Programs to their members. The service program consists of Life, Fire, and Auto Insurance to its members at cost.

The local organization elected the following officers and directors for 1950-51: M. A. Tanner, reelected president; Joe Bennett, 1st vice president; Brad Stovall, 2nd vice president; Lloyd Miller, secretary and treasurer; and the following directors: L. T. Lemons, D. A. Ramsey, James Masten, and Woodrow Cunningham.

VISITED IN KENNEDY HOME

Miss "Dodie" Kennedy, student at Eastern New Mexico University, was a guest in the home of her parents, Mr. and Mrs. Mark Kennedy, over the week-end.

MR. and MRS. R. J. MERRITT visited in Lovington, Sunday.

The first Decennial Census of the United States was taken in 1790. The United States marshals of the Nation's 16 judicial districts were the supervisors and 600 deputy United States marshals served as enumerators. The 1790 Census counted a population of 3,929,214 inhabitants, exclusive of Indians not taxed. The Census reported on the number of free white males in two general age groups, those under 16 years old and those 16 years old and over. Other items on which figures were published included the number of free white females, the number of other free persons, and the number of slaves.

The first five decennial censuses listed only the names of the heads of households and the number of persons in each household. The 1850 Census was the first to list all persons by name. It also added inquiries on age, sex, color, occupation, value of real estate owned, place of birth, marriage, and education.

For many decades, the Congress itself determined the questions to be asked. Beginning with the 1930 Census, the selection of the questions, was delegated to the Director of the Census, with the advice of users of the Census information such as business men, labor and educational organizations, and public agencies, subject to the final approval of the Secretary of Commerce. Questions on age, sex, race, birthplace, citizenship, occupation, employment, marital status, and education have become established as fixed items by 100 years or more of tradition. Other questions vary from census to census as changing times bring need for new information.

There are 45 basic questions in the 1950 Population Census. Only seven of these will be asked about all individuals. These are name, relationship to head of household, race, sex, age, marital status and birthplace. One additional question will be asked of all foreign-born persons, to determine whether they are naturalized. For all persons 14 years old and over there are additional questions on status of employment during the week before the Census, and if employed, the number of hours worked and the kind of work done. The remaining 29 questions will be asked of only a sample of the population.

In order to expedite the field work and to relieve the public as much as possible from the chore of answering questions, most of the Population Census inquiries will be directed to a sample of one in five individuals. Nine of the sample questions will relate to one in five individuals of all ages. Eleven others will relate to only one in five of the persons 14 years and over. Finally the last seven questions on the schedule will be asked of only one in 30 persons.

The choice of the individuals to whom the sample questions will apply is left entirely to chance. There is no way of telling in advance who will be included in the sample. Each page of the Population Census questionnaire used by the Census taker provides lines for listing 30 names. Six lines of the 30, or one in five, are underscored on the preprinted form. As the Census taker lists, in succession, the names of individuals he enumerates, every fifth name will fall on one of these underscored lines. These lines are keyed to the special question to be asked. Then one in six of these sample lines, or one in 30 of these on the page, is also keyed to the seven supplemental questions to be asked of only one in 30 persons.

Where they lived a year ago, country of birth of parents, highest grade of school completed, and whether they have attended school since February 1, 1950 or questions to be asked of one in five individuals of all ages. One in five unemployed persons 14 years old and over will be asked how long he or she has been looking for work. One in five individuals in this age group will be asked the amount of income, up to \$10,000, received in 1949 from each of three general sources, namely income from wages of salaries, income from own business or farm, and income from interest, dividends, pensions, rents, and other sources aside from earnings. One in five family heads will be asked to report income of other members of his family, to determine total family income. Every fifth male of 14 or over will be asked if he ever served in the U. S. armed forces during World War I, World War II, or at any time, including present service. Every 30th person who worked last year but is not working now will be asked to report the kind of job in which he was last employed. Every 30th person ever married will be asked if he or she has been married more than once, and if still married, for how long. Every 30th woman ever married will be asked how many children she has borne.

Bridal Shower Honors Mr. and Mrs. K. Nettles

Mr. and Mrs. Kenneth Nettles were honored with a bridal shower at Neely Ward School house, from 8 p. m. to 10 p. m. Saturday night, March 18. Mrs. Nettles was the former Billie June Davis.

Mesdames F. G. Kennedy, Willie McCullough, B. W. Bolton, George Williams, Keith Kennedy, and Hadley Kern were hostesses. Miss Mildred Davis, sister of the bride, presided at the bride's book.

Hot punch and individual cakes were served from a lace covered table, with a centerpiece of multicolored snapdragons and fern.

Mrs. Keith Kennedy gave a reading as the gifts were presented in a miniature ship.

Those present were: Mr. and Mrs. Odell Smith, Mr. and Mrs. E. C. Wynn, Mr. and Mrs. W. L. Davis, Mr. and Mrs. J. E. Kuenstler, Mr. and Mrs. Lenard Davis, Mr. and Mrs. Curtis Chapman, Mr. and Mrs. Roy Davis, Wanda Williams, Mildred Davis, Margorie Ann Williams, Patsy Davis, Mr. and Mrs. Louis Rork, Mr. and Mrs. D. G. Henry, Mr. and Mrs. Clyde Davis, Mrs. V. W. Howard, Mr. and Mrs. C. C. Nettles, Mr. and Mrs. D. R. Davis.

Tech Foundation Plans College, Industry Tie-Up

The rejuvenated Texas Tech Foundation will be active in coordinating the needs of Texas industry and agriculture to the college facilities, Pres. D. M. Wiggins says.

Originally founded in 1939, the Foundation spent \$274,903 during an 11-year period, mostly on buildings and research. The 10-man board recently appointed by Tech's Board of Directors will plan the use of funds turned over to the college for scholarships, fellowships, research grants and building projects.

"We expect this board to function in the way that the Petroleum Advisory Committee here at Tech has operated—by giving us the benefit of wide experience in industry and by representing the viewpoints of every section of the state," Dr. Wiggins says.

A recent New York Times survey showed that 200 American colleges and universities are receiving \$125,000,000 from the government and industry this year for research alone. Dr. Wiggins says the Foundation will be the proper agency for accepting such funds which might be earmarked for projects at Tech.

GUESTS OF MRS. YARBROUGH

Visitors in the home of Mrs. Minor Yarbrough and son, Melvin, last Monday until Wednesday were Marvin Yarbrough and son, Royce, of Lodi, California. Marvin is a brother of the late Mr. Minor Yarbrough.

FREE CITY MAIL DELIVERY

From Memphis Democrat
Free city mail delivery in Memphis—a goal long sought by civic groups and local citizens—has been approved by a postal inspector and may go in force here by July 1—providing more house numbers are installed.

Postal Inspector L. H. Schworke of the Ft. Worth division has been conducting a personal inspection of the situation here this week.

"I believe there is a strong possibility that city mail delivery can be begun here by July 1," he said.

PERFECT WATER SUPPLY ANALYSIS RECORD

From Post Dispatch
Announcement was made last night at the annual banquet of the Texas Sewage and Water Works association in College Station that Post was one of nine cities in Texas to have a perfect water supply analysis record.

Forty-eight samples were submitted during the last 12-month period collected from various taps over the city. Bacteriological analysis for each was 100 per cent pure.

"ABBAWAWA GOOGUM BOLO"

From Liberty Vindicator
Maybe the trouble is that people do not understand what is meant when someone says "the federal deficit has reached \$260 billion." Maybe that kind of language is just like saying "abbawawa googum bolo nolo." That many billions of dollars just doesn't exist in the minds of anyone except somebody who works for the government.

I'm sure that everyone understands little words of figures like two thousand and eight thousand, and if somebody should suddenly walk up to me and say "You owe \$8,000, pay up!" I probably would fall over in a dead faint. But if somebody should come up and say "We owe \$260 Billion!" I would probably say, "Yeah, I think he's a nice fellow, too. Who did you say was sick?"
Elko (Nev.) Independent

HIGH SCHOOL BAND ENTERTAINS LIONS

From Gaines County News
The Seagraves high school swing band, composed of a portion of the members of the concert band, entertained the Lions Club members with several selections of popular music Wednesday noon.

Visitors of the club included Ross Buckner, Creighton Hogan, Jesse Lambert, Porter Giles and Ralph Henry.

MERCHANTS WARNED TO BE ON WATCH FOR BAD CHECKS

From Stamford American
The Retail Committee is warning local merchants to be on the look-out for a short, stout man wearing a black mustache, who has been passing bad checks in surrounding towns.

According to the Retail Trades Committee here the man has been passing himself as a farmer and has passed several checks on farmers.

The signatures he forges on the bad checks are so near the signature of the person the checks are written on that the banks have taken some of them.

He is described as being short, stout of build and has a black mustache. He usually signs his checks for "Calf." His checks have turned up in Breckenridge, Olney, Graham and Seymour and are usually passed at feed and auto stores for the amount of \$29.50 each.

CITY STREETS HAVE HARD SURFACE

From Yoakum County Review
Commissioner C. W. Brown of precinct 1, is proud of the looks of the streets in the southeast part of town where the calichi from the Wolfenberger excavation was placed. This calichi was a gift to the town and Mr. Wolfenberger even paid the county \$560 to move the dirt, and instead of taking it off and throwing it away it was placed on the streets for the benefit of the public. It has now been rolled and is smooth. Some big culverts are to be laid where needed along the highway on the east side.

GROUND IS BROKEN FOR NEW HIGH SCHOOL PLANT

From County Wide News
A spade of dirt turned Monday morning by Mancell Hall, president of the school board, launched actual construction of Littlefield's new half million dollar school plant.

Shortly after Hall scooped up the dirt in a public groundbreaking ceremony, a score of workmen started excavation work on the foundation of the new building.

FLYING SAUCER, SILVER BAR SEEN SATURDAY

From Paducah Post
A flying saucer and a silver bar were seen over this area Saturday.

Mrs. Allen Holley, of the Ogden community, states the object she and her young son, Roger, saw Saturday around 12:45 p. m., while walking in a pasture near their home was one of those "flying saucers" everyone hears about, but few people see.

Had it not been for the honking of some geese overhead, which attracted Mrs. Holley and Roger's attention, they would not have seen the "saucer," bright and white in color, traveling northwest, toward Childress, at a speed resembling that of an airplane; however it was not accompanied by sound.

Also around 5:00 p. m. Saturday afternoon, several Paducahians, including Prattler saw a silver bar traveling northwest. The large silver object traveling with a terrific speed passed directly over town and appeared to be about the size of an ordinary telephone pole when first seen.

FORREST WEIMHOLD SEEKS REPRESENTATIVE POST FROM 119TH DISTRICT

From Anton News
Forrest Weimhold, editor and publisher of the Hockley County Herald and Sun-News at Levelland, has announced that he is a candidate for the State Legislature from the 119th Legislative District.

Weimhold, who is very active in newspaper circles, stated to the News Wednesday that he had some definite ideas for which he would work in the Legislature, and that he expects to make an active campaign for the office.

Weimhold is young, sober and a hard worker, for although he is owner of newspaper plants worth more than a hundred thousand dollars, he has often found him in the back shop with his sleeves rolled up working with the hands.

SUDAN PUBLISHER TO SUPERVISE CENSUS TAKING

From Sudan News
L. D. Whiteley, district supervisor for the Bureau of Census in Lubbock announced the appointment of Preston A. Hawks as supervisor for Lamb county in the decennial census which will start April 1.

VERNONS MOVE TO PLAINS

From Yoakum County Review
Mr. and Mrs. Oscar Vernon who have been operating a radio shop here, have moved to plains and are living in the J. W. Moore home. Tuesday Mr. Vernon moved his business and will continue in the radio business doing repair work as well as selling new machines.

The store is on a lot on the north side of Brownfield road in the Beane addition.

Bob Wills Hears Folks Tell Of Hadacol's Many Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 8 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands

have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are. . . . it matters not where you live. . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

E. L. BANKS Co.

LOOKING AHEAD By George S. Benson, President, Harding College, Searcy, Ark.

THE LEOPARD'S "FREE" LUNCH

Once upon a time there lived in the jungles of northern India a handsome young leopard. He roamed the dense virgin forests carefree and happy, with a zest for living and with that love of freedom, which is intense in all members of the animal kingdom, including man. When he had learned to protect himself against the elements and jungle denizens, there remained for him only one real problem—food.

Early in life the leopard learned to forage for his breakfast and supper. He learned too that appeasing hunger didn't come easily. This always required physical exertion and the use of his jungle-bred intelligence. He learned, in fact, that satisfying all his wants sometimes was most difficult, but this knowledge only made the young cat work the harder.

Something for Nothing, Eh?

Bounding through the great forest, like a character in the Tarzan stories, our leopard grew to young adulthood, sleek, lithe and sinewy, a powerful and beautiful creature of 175 pounds. One day while roaming happily through a vine-hung stretch of forest, the big spotted cat caught a tantalizing scent on the down wind—raw meat. He wasn't hungry but he swung along the scent trail to investigate.

At the edge of a clearing the leopard came upon the meat. It was a rich red hunk odorously tempting, asking to be taken. The cost? Nothing! The leopard circled it, sniffing. The animal really wasn't hungry, but here was something too good to pass up. He licked his chops and stepped in for the feast. Wham! The trap door worked. Four months later the leopard was the star attraction at the Oklahoma City Zoo, in an 18-foot-deep concrete pit.

Zoo—A Good Provider

The zoo provided the captive with a mate, a beautiful leopardess. The spotted prisoners liked each other and they seemed resigned to make the best of things. Zoo Director Julian Frazier was delighted. He took a fancy to them. They got shelter, protection, cold running water and an eight-pound hunk of juicy horse meat every morning. No worries at all. But the big male leopard from the jungles of India got restless. He longed for the soft shady floor of the forest and the wind rustling through tree boughs. A basic instinct was at work. He longed for freedom.

Late one afternoon, driven by this powerful instinct, the leopard

The Bait Attracts Again

It was moonlight when the animal reached the encircling fence. One leap and he was within the zoo grounds and approaching the pit. He sent a whining call to his mate. But—ah, ah! The scent of raw meat intruded. Two big hunks of horse meat lay at the pit's rim. With a growl the big cat closed his jaws on a four-pound piece—another free lunch. The meat disappeared. The leopard attacked the second hunk, devoured it. Then, satisfied, he became strangely drowsy. He staggered down a runway and collapsed, asleep.

The captive from India never again regained his senses. Within fifteen hours he was dead. Zoo Director Frazier was grieved. The meat, he explained, contained a sleeping potion. And the leopard ate more than expected. Of course the zoo officials had only wanted to capture their leopard, protect him, and provide for his welfare in their own way. "We didn't want to kill him," pined the late leopard's masters. "We only wanted to put him to sleep. We thought everything was working perfectly."

Are we Americans, like the leopard, trading our liberties for a free lunch?

LIVESTOCK LIFE-LINES

Malnutrition and disease are the principal enemies of livestock.

Deep bedding in stalls helps to protect cows against udder injuries.

Warm days followed by cold nights often set the stage for outbreaks of swine influenza.

Baby chicks that turn somersaults and walk backwards may be suffering from vitamin E deficiency.

Deficiencies of iron and copper, resulting in anemia, are common in pigs raised without access to soil.

Keeping barnyards well drained and free of sharp-edged stones helps to prevent foot rot in cattle and sheep.

Sen. LeBlanc Continues Rationing of Hadacol

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The demand for HADACOL has increased 100 per cent in the past year as more and more people have learned the blessings of its five B Vitamins and four important Minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand.

ployes are working shifts around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes.

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycerophosphate should for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

Seniors Make \$26.55 Selling Concessions

The senior girls made \$10.00 selling sandwiches, candy and etc. in the hall Thursday two weeks ago, in the 45 minute noon period.

The senior boys made \$16.55 selling in the hall Tuesday of last week at noon and at the track meet that evening.

This will help to finance the senior trip. —From War Whoop

CANASTA PLAYING

From Avalanche-Journal

Now, after a few private and unprivate sessions, we are beginning to understand why some folks pronounce the a's in "Canasta" as in "nasty."

TASTY DISH

Add cooked rice to omelet for a tasty dish. Add the rice to the yolk mixture before folding into the beaten whites.

TWO HOURS FOR LUNCH

By the time a man becomes important enough to take two hours for lunch all he can eat is crackers and milk—Catskill Mountain News, Margaretville, New York.

SHOVED THROUGH

Some folks don't go through life—they're merely shoved through it—The Birmingham News, Birmingham, Alabama.

WEEK-END GUEST

Kenneth Willis, student in Eastern New Mexico University, visited his parents, Mr. and Mrs. Boyr Willis, over the week-end.
