

## Levelland Rodeo Expected to Draw Capacity Crowds in 4-Day Stand

Citizens of Morton and Cochran County are expected to be well represented at Levelland over the week end when the Levelland Rodeo Association unveils its sixth consecutive Four-Day Rodeo.

Residents of Hockley county and the Levelland area were making extensive preparations all week long for the rodeo which is expected to be the best in the history of the association.

The show which starts on Saturday, July 1, and climaxes with the fourth of July performance on

Tuesday, is expected to draw contestants and spectators from a wide area. Peak attendance should easily pack to capacity the rodeo grounds grandstand which will accommodate 6,000 fans.

Buck and Tommy Steiner of Austin, furnishers of the stock for the four-day show, have promised one of the greatest strings of bucking stock ever turned into a West Texas arena, according to Rodeo Secretary, D. N. Bills.

A good will tour from Levelland advertising the rodeo is expected in Morton sometime this week probably Tuesday or Wednesday. They will bring news of bronc riding, bull and calf riding and bulldozing. A total of \$3,300 in prize money has been added for the entire show.

Five p.m. Saturday will be touchoff time with a mammoth parade scheduled to tour downtown Levelland. Sheriff's posse from surrounding cities are expected to take part in the colorful ceremonies. Music will be furnished by area bands.

A barbecue for sheriff's posse

guests has been scheduled at the rodeo grounds immediately following the parade and prior to the opening rodeo performance.

A square dance contest is scheduled for Monday night with prizes to the winners. Dancers from neighboring cities will participate. Other dances will be held following the Saturday, Monday, and Tuesday performances at the rodeo clubhouse.

Levellanders have unrolled the welcome mat for all who like to join in on festivities for a big evening of entertainment.

## Candidate Rally Thursday Night

Political aspirants are reminded of the candidate rally and box supper being held at the Woodrow Cunningham place in Fannin community Thursday (tonight).

Contests for ugliest man, prettiest girl and most beautiful baby will be conducted during the rally. Ladies attending are requested to bring boxes of food which will be auctioned.

Proceeds of the rally will be used in community development.

## Another Mercy Flight Scheduled For D. E. Hamilton This Morning

Principals who arranged the mercy flight of Louise and Edward Hamilton to Galveston last week, went to work again this week and obtained for D. E. Hamilton a mercy flight to the same hospital. Mr. Hamilton was scheduled to leave at 8 a.m. this morning.

Sheriff Herman Crockett, County Judge Glenn Thompson, and Col. G. W. Parry, Commandant of the Reese Air Force Base at Lubbock made arrangements.

Edward and Louise were flown there last week for skin grafting. Mrs. Faye McMahon accompanied her daughter and two other local persons, Melvin Butler and Weldon Weston went along as possible blood donors. Louise was brought back this week by Mrs. Courtney Moudy and Mrs. Lou Weatherly who left Sunday by automobile to bring her back. Her treatments could not be started yet, hospital officials decided. All of the Mortonites returned except Edward.

Pilot of the C-47 transport that completed the trip last week was Lt. Kneeland S. Durham, weather officer at the base. Lt. Jim Black, regular sports announcer for radio station KCB, served as copilot while on a two-week summer tour of duty as a reservist. Technical Sgt. Homer Galligar was crew-chief.

The flight required 3 hours and 25 minutes from Lubbock to Galveston. Deputy John Goswick, L. W. Barrett, Glenn Thompson, and the Sheriff drove the couple to Lubbock. Treatments were given in the State Memorial Hospital.

## Lions Club Organizes Zones For Clean-Up

Morton Lions Club in regular meeting Wednesday noon, June 24, voted to cosponsor Morton's annual Clean-Up Drive with the Chamber of Commerce. July 6 was set as date for the drive.

J. W. McDermott and Van Greene, who in past years have headed the drive volunteered to work together in setting up zone captains and section chairmen.

The club requested Chamber of Commerce to send letters of instruction to Chamber members regarding duties in the drive.

Wednesday, July 5 will be last meeting of Lions Club until the first Wednesday in September. At this meeting new officers will be installed by R. C. Strickland, a past president of the organization.

Tom Cobb of Lubbock was the only guest present. He was introduced by Carl Ray.

Van Greene, third vice-president, was in charge of the meeting.

Members present were Bob Dunham, Jim Robertson, Babe Vanlandingham, Don Allsun, Raymond Strickland, Paul Goodman, L. W. Barrett, Carl Ray, V. Lawson, Orville Tilger, John Goswick, R. C. Strickland, Herman Crockett, J. S. Harrison, E. Willis, J. C. Stripling, Zeke Sanders, P. B. Ramby, M. T. Beard, Lloyd C. Miller.

Truman Doss, T. K. Williamson, Courtney Sanders, Neal Rose, B. Knox, J. W. McDermott, Van Greene, M. C. Ledbetter, E. A. Miller, Homer E. Thompson, Artie Hicks and Scott Hawkins.

## George Mahon Seeks Re-election To Congress

Announcement of his candidacy for re-election to the House of Representatives from the 19th District of Texas is being made formally through the press of the District by Congressman George Mahon.

Mahon has met filing requirements in all the counties of the District. "It now appears," said Mahon, "that Congress will be in session up to and beyond July 22, the date of the Primary, and I will have very little opportunity to visit and campaign over the District. I thus am taking this method of again presenting my candidacy to the voters of the 19th District."

By virtue of his congressional tenure at the will of the voters, only 47 of the 435 members of the House are now senior to Mahon. By reason of congressional seniority procedure, this gives the 19th District a position of prestige possessed by relatively few areas in the country. Mahon ranks No. 3 on the powerful House Appropriations Committee and is Chairman of the subcommittee handling appropriations for the Armed Services.

Said Mahon in his announcement: "As your representative in Washington, I have been confronted with many difficult problems, as has been the case with you folks at home. You have cooperated with me and placed your trust in me in matters of greatest importance.

We are now in a very dangerous and difficult time in the history of the nation, and as the representative from the 19th District, I am seeking as best I can to measure up to the terrific responsibilities confronting our government."

Mahon said that he wanted to thank the people for the wonderful support they had given him through the years and that he would continue to do everything in his power to do a good job in Washington for the people of the 19th District.

At this time, in addition to his regular assignments, Mahon is aggressively seeking to prevent passage of a pending proposal which would shift a large portion of the West Texas cotton acreage allotment to Central and South Texas in 1951.

Earlier in the session Mahon secured approval by the House of the bill he handles which provides funds for the operation of the U. S. Army, the Navy and Air Force. The Senate has not yet passed the measure and final agreement between the House and Senate cannot be secured until this is done.

## C. Of C. Directors Vote to Cosponsor Clean-Up Drive

Chamber of Commerce Directors met Tuesday noon for regular business meeting and luncheon in private dining room of the Steak House with seven members and three guests present.

Albert Morrow was appointed by the president, J. W. McDermott, to work with Van Greene on the Clean-Up campaign, sponsored jointly by C. of C. and Lions Club.

Plans for a meeting with T. N. M. O. bus officials were discussed and Morrow was instructed to contact bus company for an appointment.

M. A. Tanner, president of Cochran County Farm Bureau; Paul Ormsby, of Gorman, and Ann Englund were guests. Members present were J. B. Knox, Albert Morrow, E. C. Strickland, Willard B. Cox and J. W. McDermott.

There will be no meeting on July 4 due to Independence holiday. Next regular meeting will be July 11.

## One New Project, 3 Completions Made In County

The Levelland area reported five new locations and four new completions according to reports submitted to the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas this last week.

Hockley County gained four of the new locations. Cochran County reported one new project.

The Levelland field of Cochran County claimed three of the new producers.

The Hockley County side of the Levelland field reported one new oil well.

**Cochran County Location**  
Stanolind No. 4 - R/A A Birtie T. Brown, 1,287 feet from south and 330 feet from east lines of north half of section 14, block A-49, Harrison and Brown survey, 5,300 feet deep Landon field, starting at once.

**Cochran County Completions**  
Mid-Continent No. 6-8 Smith Ranch, 660 feet from south and 1978.8 feet from east lines of north half of section 17, block A-49, Harrison and Brown survey, pumped 24 hours and made an initial production of 71.25 barrels of 28-gravity oil. Gas-oil ratio was 80:1. Total fluid recovered was cut with two and two-tenths per cent water.

The pay section at 4,998-5,035 feet was acidized with 8,500 gallons.

Lion No. 8 F. O. Masten, 1,926 feet from north and 2,006 feet from east lines of lease in league 132, Carson CSL survey, pumped 24 hours and made a potential of 97 barrels of 30.0-gravity oil. Six per cent of the total fluid recovered was water. Gas-oil ratio was 1,662:1.

The pay formation between 4,420 feet and 5,034 feet was treated with 20,500 gallons of acid.

Skelly No. 7 J. H. Bennett, 440 feet from east and 2,354.31 feet from south lines of lease in leagues 2, 9, 3 and 8, league 132, 2d league 131, Carson CSL survey, flowed six hours through a 20/64th-inch choke to produce a daily potential of 198.72 barrels of 30.1-gravity oil. No water was present. Gas-oil ratio was 593:1.

The pay section at 4,978-5,014 feet was acidized with 8,000 gallons.

MRS. C. F. CARSON JR. and children of Morton and Mrs. C. F. Carson Sr. of Kermit, Texas, are visiting in Kansas this week.

## City Anxious To Count All Noses For Complete Census Tabulation

Cochran County and the City of Morton in conjunction with the U. S. Census Bureau are very anxious that no resident in this area be missed when the census is completed. At this time the majority of the census enumeration work is completed but there may be a few persons in the area who have not been counted. If any reader has any reason to suspect that he or she or someone he knows has not been counted it would be appreciated if you would contact the proper official.

Naturally the county is anxious to record its growth on the official records since a census is only taken every ten years. However, any persons who have moved here in the past few weeks and were already counted in their previous locality should not be counted again.

The Morton Chamber of Commerce is anxious to help in the

## Mayor Tarver Proclaims City Clean-Up Week

Mayor R. T. Tarver in a proclamation has set aside the week of July 3 as Clean-Up week for the City of Morton.

Morton's Clean-Up Drive sponsored annually by Lions Club is being cosponsored this year by the Chamber of Commerce.

City garbage trucks will haul off all trash placed in alleys. Mayor Tarver requests that all property owners clean premises in preparation for hauling on Thursday morning, July 6 when city trucks will be aided by additional trucks and men in the annual drive.

In the interest of health, sanitation, and promotion of a more beautiful city every one is urged to take part in the drive.

## Mrs. J. S. Crockett Confined to Memorial Hospital

Mrs. J. S. Crockett is still confined to Memorial Hospital in Lubbock where she has been for several weeks.

She is attended by special nurses and Mr. Crockett remains at her bedside most of the time.

Altho Mrs. Crockett is in pain a great deal of the time she is enjoying short visits of her friends.

Mrs. Crockett, well known and beloved in Morton, assisted her husband in running the City Cafe until her illness and hospitalization.

MRS. W. B. COX HOSPITALIZED HERE

Mrs. Willard B. Cox, patient at West Plains Hospital, is reported by members of the family as resting well.

Mrs. Cox has been under the care of a physician for several days and was taken to the hospital Monday night.

## July Fourth, Then and Now

In a simple spire-topped meeting house in Philadelphia in 1776, liberty was born on paper. To make each idea live, each phrase was fought for in patriot's blood. Trace the mightiness of our nation today to the sacrifices of this little band of men of great vision.

## Building Permits Soar to \$60,000 In Month of June

A heavy registration of \$62,950 worth of building permits in the city of Morton during the first 26 days of June left the city a total of more than \$145,000 in construction on business enterprises and private homes in the last six months.

Big factors in the boom during the past month have been a \$15,000 frame and brick home and a \$12,000 building. In addition to those already listed in City Hall, several contracts for homes, businesses and lot improvements have already been estimated but are not yet registered.

The month of May saw only \$8,900 worth of permits issued, the worst record since January when permits were signed for \$5,400 worth of building. Other monthly totals for the first half of the year were: February, \$11,300; March, \$34,100; and April, \$23,050.

Some of the larger construction jobs have been on the new department store on the West side of the square and the new Taylor Drug building and Rose theater on the North. The permit for the theater was of course issued last year.

Construction and improvement of homes has been carried out for Pat Hatcher, Bea Yarbrough, S. M. Monroe, Homer Stephens, W. C. Vanlandingham, Lloyd Evans, Fred Morrison and Doc Lawson among others.

## Whiteface Youth Confined to Bed Could Use Cheer

Mr. and Mrs. County resident just how thankful are you that you can walk?

James Swanner, 22-year-old Whiteface youth who is paralyzed from the waist down can tell you what its like to spend six weeks in that shape. What he wants now, more than anything else, are a few letters and cards to cheer him up.

No doubt many of you readers know the youth, the son of Mrs. Gracie Swanner. No doubt many of you remember his gridiron exploits for the Whiteface High School eleven. Today he is in the Payne-Shotwell hospital at Littlefield where his condition is described as slightly improved.

In a special article to the Lubbock Avalanche Journal last Sunday, the writer told of how Swanner had suffered a broken back in an automobile accident. About six weeks ago his car overturned on the Mallett ranch road after hitting a slick spot. The road had been freshly oiled and a rainstorm made it treacherously slick.

The article went on to say that Swanner would not be able to leave the hospital for a long, long time. The cast must remain on for weeks yet. Hospital officials prescribed cheerful cards and letters as his best medicine.

Get out that pen or pencil and write him a few lines to let him know how things are going. A card of cheer would help a great deal. But better still, next time you happen to be going out toward Littlefield for a ride, why not stop in and tell him in person how good it'll be to see him up and around again.

## Mrs. Hamilton Dies Monday Of Severe Burns

After lingering between life and death for 26 days with 1st, 2nd and 3rd degree burns suffered in an explosion, June 1, Mrs. Maimie Hamilton, 52, Morton, died in the West Plains Hospital in Morton Monday evening.

Mrs. Hamilton was one of four members of the family all burned critically in a butane explosion in the Hamilton home. Two of the injured, Edward and his wife Louise have been recovering rapidly and were flown to Galveston last week on a mercy flight by the Reese Air Base in Lubbock. In Galveston they were to undergo skin grafting.

Edward's parents, Mr. and Mrs. D. E. Hamilton of course remained in the West Plains Hospital both still listed as in serious condition. Hospital attendants today described the condition of Mr. Hamilton as improved.

Mr. and Mrs. Hamilton had moved to Morton from Ralls in 1937. He had been employed in a grocery store in Morton until this year when he was farming approximately 200 acres on the edge of town.

Mrs. Hamilton was a member of the Church of Christ and is survived by 4 sisters; Eva New, Morton; Mary Wells, California; Ovella Dyer, Fannin County Texas; and Minnie Lightfoot, Honey Grove, Texas. One brother preceded her in death two years ago.

In addition to the son Edward of Morton, she has two other sons Leon of Morton, and Frank who makes his home in California and one grandson and granddaughter.

## PROCLAMATION

WHEREAS, it is vital to the health and welfare of our people to eliminate all waste material, garbage, weeds, filth, and such other trash that may serve to act as breeding places for flies, mosquitoes, and other pests; and to the detriment of our well-being;

AND WHEREAS, it is beneficial for our people to live in cleanliness and neatness of surroundings; and whereas such appearance would impress itself upon all who visit our City;

NOW, THEREFORE, I, R. T. Tarver, acting by authority invested in me as Mayor of Morton; and complying with obligations and duties of office, do hereby designate the week of July 3 as CLEAN-UP Week for the City of Morton; and herein urge all establishments to suspend business and trade between the hours of 7 a.m. and noon on Thursday, July 6, when trucks will pick up all trash and debris in alleys.

ALL CITIZENS are urged to take part in activities vital to the accomplishment of the objectives set forth herein and to have premises cleared and cleaned of all garbage and trash by the morning of July 6.

Given Under My Hand and Seal of Office, on this, the twenty sixth day of June, A. D. 1950.

R. T. TARVER, Mayor of the City of Morton, Texas.

## Porter Purchases Steak House From E. R. Baker

E. R. "Jiggs" Baker has announced the sale of the Steak House in Morton to J. T. Porter of this city. The new owner took over operation of the restaurant last Friday morning.

Porter has announced that official open house with free coffee and doughnuts will be held tomorrow, Friday, June 30. He urges all to come in and get acquainted. He plans to follow the same general policy of operation until further notice.

Baker as yet has not indicated what he intends to do. He formerly operated a cafe in Levelland and before that owned the "Coffee Shop" a restaurant located on the North side of the square where the new Wallace theater is being constructed.

Porter was manager of the service station located directly next door to the Steak House before the addition to that building last summer. The entire building housing service station, the steak house, and temporary headquarters of the Morton Drug is owned by C. L. Taylor.

## Morton Swelters Under 100 Degree Mercury Readings

A 6 inch rainfall last Monday afternoon broke temporarily the sweltering heat that had bathed Cochran County and Morton for five days. But almost as soon as the rain had ceased the heat began again with slightly less fervor.

Temperatures during the hottest part of the day, have zoomed over the 100 mark on Thursday, Friday, Saturday, Sunday and Monday. On Sunday one thermometer registered 102 in the shade.

Monday's rain covered a fairly wide area but did not last long. It brought heavy hanging clouds which stuck around after the rain had ceased and helped to hold the heat down. Nevertheless, with Tuesday any heavy sun at all on Tuesday afternoon, the city was again saturated with heat. At 4:45 p.m. the Tribune thermometer showed a reading of 98 degrees.

## MR. AND MRS. J. T. HOLLYMAN and daughter Belinda of Levelland visited relatives in Morton Sunday.

## MR. AND MRS. TOM McALISTER observed their 29th wedding anniversary on Wed., June 28.

## Dairy Association Points Way Toward Surplus Reduction

June is dairy month. During the month, the spotlight will be on the dairy industry and the part it plays in making the residents of the United States the best fed nation in the world. The producers of milk and other dairy products, according to the extension dairy husbandmen of Texas A. & M. College, have done a good job of meeting the demands for their products, in fact, surpluses have developed in some of the heavy producing areas of the country.

The American Dairy Association, which speaks for some five million dairy farmer members in 42 states and who produce about 90 per cent of all the milk in the nation, in a report sent to the dairy specialists, points out that all surpluses could be removed if the consuming public would only slightly increase their use of dairy products.

If each family in the nation would use one extra pint of milk; an extra quarter pound of butter; an extra quarter pound of cheese; an additional 1/2 can of evaporated milk and one extra pint of ice cream per month, the entire surplus would be taken care of. The extension dairy specialists say the extra quantities of dairy products used by each family would be a good investment so far as the food dollar is concerned, because milk and dairy products are one of the cheapest and best sources of needed vitamins and other food elements.

MR. AND MRS. MAC W. HANCOCK, JR. and Mac Wesley visited in Lamesa last week.

## Famuliner 4-H Club Holds Meet

The W. R. Key home was the scene of a meeting of the joint 4-H Club group, June 8.

Winona Webb, president, had charge of the meeting. There were sixteen present, four new members and five guests.

Miss Mabel Ann Manley, Cochran County H. D. Agent, talked on demonstrations and 4-H clubs. Recreation will be the demonstration carried by the group it was decided.

Games were played at this meeting and group singing. A refreshment plate was served by the hostess, Mrs. Key.

## West Texas State Memorial Chapel Nears Completion

Canyon, Texas—Formal ceremonies marking the laying of the cornerstone at the Memorial Chapel on the campus of West Texas State were held recently with Dr. J. A. Hill, president emeritus, as main speaker.

The chapel, a project of Dr. Hill's, will be completed by fall and ready for use. Constructed of Colorado red sandstone, the chapel was erected through the contributions of 611 persons and organizations who raised over \$45,000.

MR. AND MRS. HUME RUSSELL and son, Jack, left Wednesday for a few days at Cowles, New Mexico.

T. K. WILLIAMSON attended the ABC rodeo in Lubbock last Saturday.

## Around Texas with the Exchanges

### MAYOR OUTLINES CITY'S PROGRESS FOR VISITORS

Thirty Fort Worth Westerners blew into Levelland Wednesday for a two-hour visit with local businessmen and a tour of the city.

They were officially welcomed by Mayor Kenneth Harper who outlined to them the growth of the city over the past ten years. Spokesman for the group was George Kelley, advertising manager of Universal Mills.

The good will party left Fort Worth for Post Monday night in special pullmans. From Post they fanned out in an air conditioned bus to visit the South Plains area Wednesday morning they stopped at Brownfield and Littlefield was the next scheduled stop after leaving Levelland.

The group lunched at noon in Levelland with some twenty-five local citizens.

Forrest Weimhold, publisher of The Hockley County Herald, was spokesman for the city, introducing Mayor Harper and local citizens to the visitors.

In his official welcome Mayor Harper pointed out that the city had grown from a population of 3,091 in 1940 to 8,333 in 1950.

The monthly payroll of the city itself has grown from \$575 in 1940 to \$6,500 in 1950, he said, and the city's tax evaluation has risen from \$1,069,581 in 1940 to \$4,540,240 in 1950. — Hockley County Herald.

### BLUE RIBBON WEEKLY

The Canyon News is the Blue Ribbon weekly newspaper of Texas as in its population bracket!

For the second time in recent years the Canyon News has won the General Excellence Trophy Cup offered by the Texas Press Association, which is the highest honor awarded in competition with a group of 65 weekly newspapers of the State. These competitors are all high class publications.—Canyon News.

Ed's Note: Congratulations Publisher Clyde Warwick and News Staff; we agree absolutely with the judges.—ae.

### THINGS ARE QUIETER

Now that flying saucers seemed to have slowed down, Antihistamin tablets for colds have proved worthless and Canasta is

losing popularity it seems that things are getting back into the same old rut and the first thing we know we'll have another war going just to get something started again. What we need is some men from Mars, a visit from some strange animal from the bowels of the earth or some new movie stars.

Folks just can't stand peace, prosperity, high taxes, plumbing that don't leak and summer vacations. — A. M. Jackson — The Slaton Slatonite.

### LORENZO WILL GIVE AWAY MONEY

Several local business men have been busy this week making arrangements for a local trades day here each Saturday beginning probably next Saturday week, and continuing each Saturday afternoon from that time. The plan is to give purchasers a ticket with each dollar purchased and at the drawing to award a cash prize to the winner if he is present. The amount of money to be given away has not yet been determined but it will be announced next week with full details in the Tribune. This is being done in an attempt to stimulate trade in the hot summer months. — Lorenzo Tribune

### HIGH SCHOOL PAPER WINS HIGHEST RATING

The Lobo Lair, bi-weekly publication of the Levelland High school journalism department, has been placed in the highest rank of class A schools as judged by the Interscholastic League Press Conference at Austin.

The announcement was made by Bluford B. Hestir, a University of Texas faculty member and director of the interscholastic league.

Last fall the publication won an All-Texas award at a meeting at the State College for Women at Denton.

The recent certificate awarded the publication states that it is an award of "distinguished merit in journalism" and that the Lobo Lair has been placed in the highest rank of its classification. — Hockley County Herald.

CARL ENGLAND made a business trip to Lubbock last Thursday.

Tribune, Morton, Cochran County, Texas, Thursday, June 29, 1950

## T. W. Coffman Stegall Resident Buried in Morton

Thomas Walter Coffman, 71-year-old resident of near Stegall, was buried in the Morton Cemetery, Monday, June 19, following funeral services held at Enochs.

Mr. Coffman who spent the winter in Hot Springs and returned here May 3 was stricken ill and taken to the hospital in Amherst. He was on the road to recovery after being transferred to Amarillo but he suffered a heart attack on June 17 and died at the age of 71 years and 9 months.

A member of the Baptist church for 43 years, Mr. Coffman was a charter member of the churches at Lucille, Baileyboro, Enochs and Hicks Chapel where he held membership at the time of his death.

Born in Dallas County, August 28, 1878, he was the son of two Virginians, Ida Jane Kite and William Samuel Coffman. He married Amanda Francis Bratton in 1898 and to this union ten children were born, all of whom survive. They are the six sons: Claude of Baileyboro; Clyde of Cause, New Mexico; Charles of Whiteface; Clarence of Edouch; Carl of Lamesa, and Chester of Big Spring.

Surviving daughters are: Mrs. Grace Swanner of Whiteface; Mrs. Ida Henderson of Amarillo; Mrs. Ellen Bayless of Enochs; and Mrs. Olene Cunningham of Circleback. His wife will make her home with the Cunninghams.

BILLY DEAVERS, recently with the United States Marine Corps, is employed at Morton Electrical Supply.

Adding machine paper at the Tribune Office Supply Dept.

of Circleback. Other survivors are 22 grandchildren, 8 great-grandchildren, 3 brothers, Rob, Harry and Will and one sister Mrs. Birdie Keel. Three sisters and two brothers preceded him in death. The Coffman's had held a family reunion upon his return from Hot Springs last May in which every brother and sister was present.

### OVERHEARD ON THE FAIRWAYS AT MORTON COUNTRY CLUB

BY V. L. L.

Hot—did you say? Brother this weather is hotter than James St. Clair's putter was two weeks ago, except it doesn't cost quite as much.

I guess Neal Rose is the only one who likes this hot weather. He said it's too hot to play golf but he runs his fool head off playing softball. He 'lows as off playing night games don't heat you up so much.

Well sir, after two days of "bitchin'", I'm ready for that semi-monthly steak barbecue Tuesday nite. Yep—I'm gonna get there early too and help M. C. Lebetter sample that stuff I don't tell when it's done. I don't know why he's the recognized official sampler of food unless it's cause that wife of his is such a good cook. She is also the champion spiced-tea brewer of the South Plains. Brother that stuff is really good the way she makes it.

How do you like the taste of that water since last Friday? A colored gentleman and yours truly cleaned out that water tank and I wish you could have seen what was in it. Nuff said, but it's clean now.

The fairways look like more par golf, too. Think I'll challenge that Sno-Ball and M. C. right this very afternoon. Our most generous president furnished the tractor, so I'm told and the fairways are really good, still being mowed. No. 6 green is looking good too, since that dose of distillate. Hope the experiment pans out. We'll try it on No. 7. Our little grass green tee on No. 7 is also doing fine and we hope be using it for regular play in about three weeks. Wouldn't it be nice if we had all 9 holes fixed with bent grass greens and trees?

Now don't that Bill Williamson like the cake. Ever since he heard James St. C. shot 3 under par on the first 6 holes last week Bill has been rubbin' his busted hand. He keeps No. 8 green spick and span and even tries approaching it with his one good hand. Wish each group of golfers assigned to the different greens had just one member as interested as Bill W. We'd certainly have some nice greens.

Our wind mill went ka-fluey for three days and we were out of water. I suggested to our good friend Button Silvers, how serious it was and lo and behold he fixed it the very next mornin'. Now he's a swell guy to have in anybody's club. Thanks a million Button till you're better paid. Mrs. Lloyd Miller says wouldn't it be nice if we had a concrete tennis court. You bet your sweet life it would. I like golf but I'm willin' to help out the tennis players too.

We also need a nice little three room house for a keeper and his

wife. They could look after the entire course, clubhouse and everything pertaining thereto. Since we need so many things, this caretakers job should be top o' the list seems to me.

A good six or eight inch well would insure us a nice lake, permanent type, and could be used for wetting the fairways and grass greens later on. A swimming pool could be built. You see there's no harm in thinkin' and dreamin'. Imagine how much fun the kids would have. Yes-sir-ee. I'd like some of that myself.

Mrs. Sno-Ball says she wishes some of you women golfers would call her for a game. She wants some excuse for makin her old man stay on the job more. She's probably the better golfer of the two anyway. She at least doesn't throw away her clubs.

Now brother W. Cox has been mighty quiet lately. He oughta be rested up from those square dances and be just right for pickin'. He's got lots of excuses and is planning a fine home on his farm, but we need to circulate a little more of Mr. Henry Ford's dough.

Secretary Earl Crum has flown an airplane so long he tries to make his golfball do stunts. His main trouble is standing too close to the ball after he hits it.

On second thought that big feed is a day and half away. I'd better go get me a hamburger. That's all the dough them bums 'left me last week. That prey still owes me a nickel. I could buy a Coke if I had it now, daw-ron-it. So long.

### Mrs. M. Hancock Has House Full Of Company

Mrs. Mallie Hancock has a house full of company since several members of her family arrived from far and near to visit her and other relatives here.

Coming from the farthest distance were Captain and Mrs. Doyle H. Rasberry and children, Dexter and Beverly, Fairbanks, Alaska. After visiting here and in Lubbock the Rasberrys will return to their new station at Wright-Patterson Air Force Base, Dayton, Ohio.

Other visitors are Mrs. William H. Scoggin and daughter, Sanette, Harlingen; Mrs. Louis Linquist, San Antonio; Mr. and Mrs. Gilbert Holladay and sons Wayland and Harold Howard, Lamesa; Mrs. R. C. Lemons Jr., and daughter, Rayma Lynn, Lamesa; Mrs. H. L. Pruitt and daughter, LeAnn, Lubbock; Mr. and Mrs. Verney Towns and children, Karolene and James, Muleshoe.

Adding machine paper at the Tribune Office Supply Dept.

### Reed Making Vigorous Race for Lt. Governor

A state government, like a family, should live within its income, W. O. Reed, former Speaker of the Texas House of Representatives, declared this week as he vigorously pushed his campaign for Lieutenant Governor.

Reed, who is now serving his ninth consecutive term in the Legislature from Dallas County, is well qualified to speak with authority on economy in government, for he has actually done something about it.

He was the author of the pay-as-you-go law which put Texas on a cash basis and prevents the Legislature from spending money it does not have. While Reed was Speaker in 1947-48, he directed legislation which resulted in a surplus of over \$90,000,000 in the general revenue fund at the end of his term.

"Additional taxes are not the answer to the rising cost of state government," he declared. "I am definitely opposed to any kind of a general sales tax, income tax or gross receipts tax."

"I firmly believe that if common sense and practical business economy are used in running our state, Texas can halt the runaway cost of governmental expenditures."

Reed, who is the oldest member of the Texas Legislature in point of service, is an attorney who worked during the day and attended school at night to obtain an education. He co-sponsored and actively supported the Veterans Land Law.

As a candidate for Lieutenant Governor, Reed has declared that he will support a more efficient, long-range farm-to-market road program; legislation to make Texas highways safer; the development of our soil and the conserving of the water supply of Texas; to aid our parched towns, farms and ranches; continued support of rural electrification and rural telephones for our farms and ranches.

"As your Lieutenant Governor," Reed stated, "I pledge that I will strive to give the people of Texas the same progressive debt-free government that I helped direct when Speaker of the House of Representatives in 1947-48."

### Hog Market Sets Top Premium On Lighter Porkers

Swine producers may hold the answer to better prices. The lighter weight hogs, those weighing from 200 to 230 pounds, stand the best chance of topping the market, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

He says that hogs weighing more than 230 pounds are not in strong demand because of their lardiness, and too, after they pass this weight they become less efficient utilizers of the feed they consume.

He recommends watching the hog gains very closely and topping-out the animals as they reach the 200 to 230 pound weight average.

Regenbrecht says that Texas is still a heavy pork importing state and he believes that Texas producers can profitably increase their output of hogs.

He says that hog producers should strive to continually improve the quality of the hogs they produce for market and that good pastures and more efficient feeding and management practices should be followed to cut down the production costs.

Hog producers and especially those who feed hogs for market should watch closely the research work that is now underway at many of the State Experiment Stations, including the Texas Station, on the use of APF (animal protein factor) vitamin B-12 and the antibiotics, in the hog feeding rations. These research findings may very materially affect hog production in the near future.

MR. AND MRS. P. B. RAMBY and daughter, Barbara, visited Monday in Lubbock. Barbara spent the day with her grandmother Ramby.

## Hawkins Hand Top Levelland Team First Defeat of the Season, 11 to 2

Morton's Hawkins Oldsmobile team traveled to Levelland Saturday to become the first team to stop the previously undefeated Keeling Buick nine by an 11-2 margin.

Bolstered by the addition of Charlie Van, Lamarr, and Junior Mills, the Hawkins team played heads-up ball in the field committing only two errors and blasted starting pitcher Moran from the mound in less than 3 innings.

Actually, the Keeling Buick team made but one mistake. They started the wrong pitcher. Reliever, Bob Young, came in to put out the third inning fire and completely throttled the Hawkins team the rest of the way on one hit.

But Hawkins' Junior Mills was doing some throttling on his own account. After the Buickmen had scored in the 1st inning to take a short-lived 1-0 lead, Mills twirled 7 hit ball to earn the victory. Three of the bloopers were of the infield variety and two came on extremely doubtful calls by the first base umpire. Mill's feat was all the more remarkable in that he did not issue a single walk and fanned five men.

G. D. Lewis and Shot Mills opened the second inning with singles and Keeler was hit by the pitcher to load the sacks. Moran then walked Lefty Hall to force in the tying run and Mills plated the second run with a fly to right. Willis doubled home another and Hall scored on a wild pitch before the side was retired. The Oldsmobilemen punched out five more hits in the next inning and took advantage of three Keeling errors to scamper across 7 runs. A two run single by Keeler was the big blow. After Moran was relieved by Young, Lewis greeted the new pitcher with a single, the only other hit Hawkins was to get.

### Leading Batters

(These averages are based only on men with eight or more turns at bat. Three teams have played only one game and thus the individual players haven't batted enough.)

Player	AB	H	Pct.
Scram (Reynolds)	8	7	.875
E. Hall (Hawkins)	11	8	.727
Burkes (Arnn)	9	6	.666
J. Willis (Olds)	16	10	.625
C. Van (Arnn)	10	6	.600
Irwin (Reynolds)	10	6	.600

Individuals		
Hits	Runs	RBI
Willis (10)	8	7
E. Hall (9)	11	8
Burkes (12)	9	6
H. Run—Keeler (3)	3	3
3BH—Several tied	3	3
2BH—Jerden (3)	3	3
Stolen Bases—Willis (3)	3	3

He retired 13 of the next 14 Hawkins batters, walked only one, and struck out 6. He fanned three men in order in the 6th and also struck out the first man to face him in the seventh.

Hawkins announced that Keeling will play here in Morton tomorrow night, June 30, in the second game of a double bill.

Line score:  
Hawkins —047000—11 8 2  
Keeling —1000010— 2 7 3

## Arnn Wins Again On 20-2 Decision From West Siders

The Arnn Motormen won their second straight softball game of the young season Friday night as they blasted the West Siders 20-2 in five frames.

Arnn started their parade against Zeke Sanders and pummeled him from the box in the second inning after he had allowed 6 hits and nine runs. His successor, Bo Phillips, wasn't much more effective. Arnn continued to shell him for 6 hits and 11 runs before the game was called at the end of the 5th.

Charlie Van coasted along smoothly for Arnn dishing out just four hits, three of which were bunched in the last two innings for the pair of West Side tallies. Charlie fanned three Mer chants and walked three. Buddy Hanna collected half the West Side hits with a pair of singles.

Charlie Van got the only homer of the game, a scorcher down the third base line that produced three tallies in the 2nd inning. But it was Johnson who was the hitting star with a perfect evening at the plate. He cracked out two doubles and two singles and scored three runs.

The four bobbles by Arnn was the least number of errors any local team has committed since Arnn stopped Texaco. The Motormen thus have far and away the best fielding average of the second half.

The defeat was the first for West Side in the second half of the season.

Line score:  
Arnn —47504—20 12 4  
West Side —00011— 2 4 12

Texaco	0	2 .000

# Hawkins Oldsmobile Racks Up 3rd Straight Win

## Five Run Sixth Inning Gains Nod In 12-11 Slugfest With Maple Men

Hawkins Oldsmobile, with a 5 run spurge in the last half of the 6th frame, battled from behind to hand Maple its first defeat in second half play and to capture undisputed first place with three victories and no defeats. The final score was 12-11.

In a game featured by heavy hitting on both sides, the Olds boys bashed out 14 hits including five in the big 6th frame. Homers by Jimmy Willis, S. L. Keeler, and Early Hall paced their attack. It was Keeler's 3rd homer of the young season and he ran his RBI total to 12 in 3 games.

Maple garnered one more hit but Hawkins' pitcher Lefty Hall kept them better scattered and thus they did slightly less damage. Five runs in the first three innings gave Maple a 5-2 lead into the last of the 4th but Hawkins came back with 4 more runs to grab a 1 run margin. A 6-run 5th looked like it might set things up for Maple before Hawkins broke loose for the winning rally.

J. Davis and D. Davis poked out

## Lewis Doyle Sets New Track Time On Lamesa Oval

Morton race drivers continued to amass prestige in the territory racing field Sunday as Lewis Doyle drove his stock car to a track record of 24 seconds and came out victor in the helmet dash.

Car No. 3 driven by Keith Jones churned the oval in 24.3 seconds and Car No. 2 under the control of Bud Cockerham turned in a time of 24.7 seconds.

Competing against hot rods which of course should be raced in a separate class from the stock cars or lallopies driven by local drivers, the local boys never the less turned in a handsome performance. Cockerham placed 2nd in the final race and Keith Jones took the money in the consolation drive.

In the 24-lap main event, Doyle continued to run into bad luck as his car No. 100 jumped the barrier in a collision with another car and plummeted into a brand new 1950 Buick parked at the side of the retaining wall. Doyle was unhurt.

The Morton drivers will be in competition twice during the next week. They will enter competition at Littlefield next Sunday in hopes that they will not run into competition with hot rods. On Tuesday they will compete in the big 4th of July races at Buffalo Lakes. Sunday's races start at 3 p.m. with time trials set at 2:30.

## Arnn Motor Takes 36-2 Battle From Texaco Refiners

Arnn Motor Company, who finished the first half of the season with a tie for 2nd place and figures as strong possible contender for the crown this half of the season Tuesday night with a tremendous 36-2 victory over Texaco.

In a game halted at the end of five frames because of the tremendous lead, Arnn's experience proved too much for the Refiners who were playing their first game of the season. The Motormen pummeled two Texaco pitchers for 23 hits including 4 home runs.

Arnn pitcher Charlie Van had a shutout game for three innings and then with a 26-0 lead he retired to third base in favor of DeWayne Burkes who permitted a Texaco run in each of the last two innings.

Everybody connected for hits on the Arnn team with Foster, Burkes and Charlie Van leading the attack with four apiece. Burkes garnered two home runs, a double and a single. Foster hit for the circuit with a single, a double, a triple and a homer. Charlie got a triple, two doubles and a single.

Charlie Van gave up two hits and Burkes two more to the Texaco crew.

Line score:  
Arnn —4120119—36 23 1  
Texaco —00011— 2 4 19

three straight blows for Maple. Bill Sowder ran into trouble with his wildness and walked five batters and hit two. Four of these men eventually scored to provide the winning margin.

Line score:  
Maple —2120600—11 15 5  
Hawkin —204015 —12 14 4

## Reynolds Pounds Texaco Toddlers For 15-5 Victory

The Reynolds Tiremen and the Texaco Toddlers hooked up in what looked like a pitchers battle for three innings Monday before Reynolds broke loose for 13 runs in the next three innings and a 15-5 victory.

It was the first win for Tiremen who have looked bad in the season's second half of play. It was the second straight defeat for the new Texaco team.

With Manager Herb Hillman shaking the lineup because of the poor showing in the previous games, Reynolds looked like a new team. They lashed out 13 hits and committed only one bobble over the six inning abbreviated route.

Pitching duties on the Reynolds side were shared by Gross and Kernell. Gross allowed 3 runs and 2 hits in the first three innings and Kernell gave up 2 runs and 4 hits in the final 3 cantos.

First baseman Scram with three hits and a walk in four trips to the plate led the Reynolds attack. Leadoff man Kelley was the only man to collect two hits off Reynolds pitching with a single and a home run.

Line score:  
Texaco —002120— 5 6 6  
Reynolds —002562—15 13 1

Tribune, Morton, Cochran County, Texas, Thursday, June 29, 1950

## Tribune Sport Page

### Maple, Hawkins Cop 1st Victories In Thrilling Twin Bill Thursday

A jam-packed crowd at the softball field Thursday evening got a full measure of thrills as the strong Three Way-Maple combination blasted out a 16-15 win over Reynolds and Hawkins Olds withstood a last minute rally to throttle Enoch 26-23.

Neither game was well played with Reynolds responsible for their own downfall with 14 bobbles including 7 in the first inning. Reynolds outfit Maple 15-8 but sloppy base running cut down four baserunners during the 7th inning.

Reynolds pounded Bill Sowder for 4 hits and 5 runs in the very first inning and then allowed them to tie the score on two errors by the first baseman, two by the third baseman, one by the shortstop and one by the left fielder. Odie Vernon twirling for the Tiremen never was able to get the support of his teammates in the field. After Reynolds knotted the game at 15-15 on the top of the 7th, Maple pushed the winning run across on the bottom half.

Lloyd Pollard poled out a pair of homers for the Tire Crew and Ed Neutzel blasted one for Maple. The victory put Maple into a temporary tie for first place in the league.

Hawkins and Enoch blasted a total of 36 hits in their contest. The Oldsmobile men hit Johnny Van hard throughout his stay on the mound but his biggest downfall was the six men he walked

in the first two frames. Hawkins led 10-3 at the end of three innings but when it looked like they were going to win an abbreviated contest, the Enoch crew came to life.

Trailing 18-7 and needing a run to stay in the ball game, they put together four hits and five errors for five tallies to make it 18-12. Hawkins came back with seven which again almost cinched the game but the Enoch crew batted across 4 to stay alive going into the final stanza, 25-16.

In the big 7-run final inning for Enoch, Lefty Hall walked four men and was touched for four singles. With the score 26 to 23 and two important men on base, Hall buckled down to fan Harry Pollard and Layton to end the game.

Thomas paced Enoch with two doubles and two singles in five trips to the dish. Early Hall and Jimmy Willis got four hits each with Hall pounding out a home run. Keeler smashed out two home runs.

Line scores:  
Reynolds —5104312—15 15 14  
Maple —5521201—16 8 12

Hawkins —7214471—26 19 12  
Enochs —3031547—23 17 12

### ENTERTAIN NEW YORKERS

Mr. and Mrs. H. C. Neavitt from the Bronx district of New York visited in the home of Mr. and Mrs. Joe Gipson of Morton over the week-end.

## Reynolds Crushed By Hawkins Olds In Replayed Tilt

Hawkins Oldsmobile, given a second chance against Reynolds Tire due to rain last week, did not fumble the opportunity Friday night. They switched pitchers and coasted to a neat 17-3 win behind the six hit pitching of Bill McAlister.

The defeat was a hard one to swallow for the Reynolds team. They had run up a 14-5 lead in Hawkins last week and needed just two outs to make it an official ball game when a downpour of rain washed the game off Friday it was started all over again instead of facing the faster side of Lefty Hall who they had battered heavily in the first game. Reynolds found McAlister's tantalizing slow ball difficult to handle.

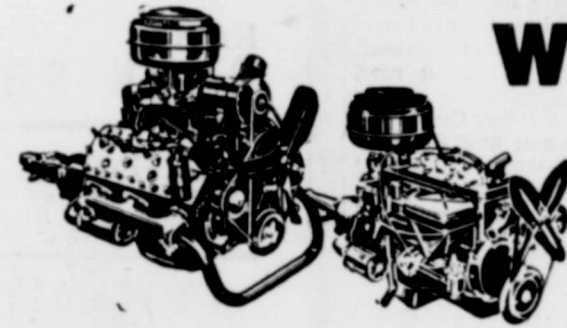

But Hawkins earned their victory all the way with a 17-3 attack against Odie Vernon. Carl Kernell which included two run homer by Shot Mills and Jimmy Willis. Winston Jester and Bill McAlister banged out three hits apiece to pace the Hawkins team. A home run and a double were the only extra base hits off McAlister with Rose smashing out the homer.

The error situation was a better than it has been in previous games. Reynolds bobbled costly times and Hawkins batted just four but the scorer was more than lenient at times when the fielders could have made a play but didn't.

The victory left Hawkins in tie for first place in the league and dropped Reynolds Tire to cellar with two defeats and two victories.

Line score:  
Hawkins —11843—17 7  
Reynolds —01031— 5 3

### Mr. and Mrs. Dexter Nebhut At Home In Morton Following Marriage June 12

Mr. and Mrs. Dexter Nebhut, married June 12 at the Bula Church of Christ, are at home here at 217 East Third Street.

Lewis Garnett of the Seagraves Church of Christ read the double ring service. The altar was covered with greenery, flanked by baskets of gladioli and lighted candles. Candle lighters were Cherry Sanders and Annie Lea Layton; they wore pastel frocks and corsages of white carnations.

Miss Nadine Altman of Enochs was maid of honor; bridesmaids were Dorothy Nell Thomas, Enochs; and Janet Vestal, Bula. Sandra Mercer, Kress and Charlotte Vestal, O'Donnell were flower girls. Dolores Vestal was junior bridesmaid, they wore pastel organoid frocks and carried bouquets of white carnations.

Norman H. Hodges, served the room as best man. Ushers were

### Summer Classes Set New Record at West Texas State

Canyon, Texas.—Enrollment at West Texas State has broken the previous high total for any summer term in history as 1143 students signed up for full study.

The previous high summer mark of 991 was by-passed as hundreds of teachers resumed study under the recently passed Gilmer-Aiken bill.

This record-breaker marked the fifth consecutive semester that enrollment highs have been tumbled at West Texas State. With its rapidly growing fields of opportunity and the huge building program on the campus, college officials are expecting another record-breaking enrollment in the fall.

### Lamb County Voters Seeking Water Reservoir

Littlefield — Petitions from Lamb County voters seeking designation of an underground water reservoir by the State Board of Water Engineers are on their way to the Board.

Members of the Lamb County Water Conservation Association Monday gave the petitions with 250 signatures, to Lamb County Clerk Joel Thomson for recording here. Then they will be forwarded to the State Board of Water Engineers.

### Garden Club Councilor visits in Dumas, Floydada

Mrs. Albert Morrow, councilor of District 1 Garden Clubs, was in Dumas last Monday and Tuesday where she gave demonstrations of flower arranging to Dumas Garden Clubs. While in Dumas Mrs. Morrow was guest of honor at a barbecue.

On Thursday and Friday the councilor visited in Floydada. She reviewed "The Road to Survival" at a coffee Friday morning and gave the history of garden clubs and value of federation to a non-federated club on Thursday.

### Cochran Farmers May Use Tech Seed Testing Facilities

Lubbock — Establishment of a State Seed Laboratory on the Texas Tech campus has been announced by Dr. A. W. Young, head of the department of plant industry.

The laboratory, in charge of Robbie L. Gill, Tech graduate, will serve West Texas farmers and seed dealers in testing seed samples, including those from the West Texas area used as a basis for enforcement of the Texas Seed Act.

### W. B. Ray Honored

W. B. Ray was honored by his children on Fathers Day with a family reunion at the Clyde Edmondson home in Lamesa.

There were 44 members of the family present, including Mr. and Mrs. L. W. Ray, Mr. and Mrs. Carl Ray, Mr. and Mrs. Clyde Cravens and daughters, La Dene and Towanda of Morton.

Mr. Ray, 79 is in good health and quite active. He divides his time among his children. Members of the Ray family present for the reunion came from Littlefield, Odessa, Big Spring and Brownfield.

### Be prepared for an ALL-CROP harvest

No waiting for neighbors... no hiring a custom machine... no extra harvest crew. With your own All-Crop harvester, you can handle the job alone, when your crop is ready.

Look at these features:

- ALL-RUBBER SHELLING CONTACTS reduce crackage of beans, seeds and grain.
- FULL-WIDTH SPIRAL BAR CYLINDER — same width as the header. Puts crop through without bunching or chopping.
- AIR BLAST SEPARATION plus oversize threshing rear saves more grain, even in long, heavy straw crops.
- SAW TOOTH WIND CONTROL VALVES mean better cleaning and saving of light seeds over cleaning shoes.

The All-Crop handles more than 100 different kinds of grains, seeds and beans. Let's talk about an All-Crop for your harvest.

**R-U-AWARE by STRICKLAND**

Dirt and Perspiration attack and rot fabrics in a hurry. Our cleaning will keep your garments' correct lines in every detail and leave them with that New Season Freshness. See us, today for quality cleaning and pressing.

## Why Wait? Clean-up Now!

The annual clean-up drive is more than just a publicity stunt. No matter how hard each merchant or each householder works to keep his or her property in good condition throughout the year, there are always plenty of public places that accumulate a good share of refuse, trash and waste material. We all know that these accumulated piles of waste become breeding places for all sorts of insects. We owe it to the children of the community for whom we are guardians, to take these cleanup steps in order to prevent the spread of disease.

Because the cleanup drive is a basic program for the good of all, the city and county officers, the medical authorities, and the Morton Tribune feel it is their duty to urge complete cooperation. We're not offering prizes for the cleanest homes. We're not giving a trophy to the hardest worker. This is no game. It's a job we must all pitch in and accomplish. Without the full support of everyone, what we do accomplish may be in vain.

In the past years the general results have been very gratifying thanks to the excellent leadership of block captains and the cleanup chairmen. But in each instance the final result has been marred by the complete lack of cooperation of owners of some of the vacant lots.

This year, let's not look for excuses. If you are the owner of a vacant lot that is now covered with weeds and trash, why wait until Thursday to get the job done. Every lot cannot be mowed on the morning of Thursday, July 6. But if we start now, every lot and every lawn can be mowed by the morning of July 6.

Once again we fall back on the old bromide. It's your city. It's up to you to make it attractive so that you will be proud to live in it and so that others will be proud to visit it.

## Play It Safe, Morton Needs You

Whenever a national holiday falls on Monday or Tuesday it creates a bonus weekend for the Grim Reaper. Such an elongated holiday will be recognized this weekend prior to the celebration of Independence Day.

Insurance companies, traffic bureaus, and motor clubs have already transferred the nation's population into a welter of statistics for the four day period. The most conservative estimates of probable deaths by highway accident, drowning, and shooting are set at 400.

A little more caution to offset the feeling of relaxation that goes with a "vacation" trip will go a long way toward insuring your return Wednesday morning in good condition.

Probably 3,000 or more Morton and Cochran county residents have planned motor trips, bathing excursions, or hunting and fishing expeditions over the weekend. All of these 3,000 will be statistics. Let's make sure the statistics for us are on the right side of the ledger.

We cannot hold a torch to light another's path without brightening our own, said Ben Sweetland.

It is better to light one candle than to curse the darkness—Chinese proverb.

## Politics Move In, Absentee Balloting Available Soon

With the Democratic State Primary election little more than three weeks away, political activities in Cochran County have stepped up considerably the past week.

On June 17th the list of official candidates was complete according to law and Monday, June 26, was the last day for the candidates and campaign managers to file the first expense account for the primary election.

The list of County candidates has swelled to 34 in the past two weeks with the offices of County Judge, Sheriff-Tax Assessor-Collector, and County Commissioner Pct. No. 1 having four candidates each.

The offices of County Judge and Constable of Precinct 1 were the only two posts in which the incumbent is not running for re-election. Judge Glenn Thompson has decided to step down and Constable Hazel Hancock is running for another office.

On July 2nd, absentee voting opens. All those who will require absentee ballots should contact the County Clerk's office. Applications for such ballots must be made three days prior to the voting.

## Home Rule Power Being Threatened Spokesman Says

Texas mayors, county judges and school board members were alerted today to the threat of their "home rule" powers being turned over to labor groups and the diversion of more than \$30 millions of public tax monies from the State Highway Department building program.

General Ike Ashburn, executive director of the Texas Good Roads' Association, in a statement released from the Association's headquarters in Austin compared the threat to Texas in the El Paso Wage Rate Case to be on a parity with the Tidelands Case.

The Texas Supreme Court is scheduled early in July to receive the El Paso Wage Rate Case. The issue is whether organizations, like the American Federation of Labor in the El Paso case, will dictate the policy of wage contracts for the state highway department or whether that department will do so.

Many years ago, General Ashburn cited, the state legislature delegated to the highway department, with its many specialists and engineers, the right and responsibility to determine the prevailing wage rate in the areas where state highway contracts are to be let. Each succeeding legislature has left this right in violation. The responsibility to determine the prevailing rates by this same law was placed upon various agencies who are responsible for the administration of many state, city and county functions.

"If the thinking of the labor group in El Paso is correct," Gen. Ashburn's statement said, "it will mean that the legislature all these years has been in error and that the state department and the county judges and commissioners of Texas are no longer capable of determining what the proper wage scale is in Texas counties. It will mean that some other group of business agents like the union labor group at El Paso will be allocated this authority and the legislature, the state highway department, the county judges and the county commissioners' in Texas will be by-passed."

The Good Roads executive warned that if "the present group or any other group get their foot in the door and win in this case, we can expect to see a breakdown of our present home rule of municipal, county and school board units. We don't believe our Texas mayors, county judges, commissioners and school boards want, or need, any outside group to pass on their prerogatives and hand these rights over to labor or any other groups," he concluded.

## QUOTES ON COTTON

Still Indispensable. — "A mid-century look at cotton indicates considerably more elements in its favor during the next 50 years than during the first half of the 1900's. As a feed and fiber crop for this state, cotton is still indispensable." — Oklahoma Cotton Grower.

Fine Combination. — "Cattle and cotton are a mighty fine combination." — The Progressive Farmer.

Essential Condition. — "American cotton must sell in world markets at competitive prices with other cotton and with synthetic fibers and be permitted to move freely into the market. . . that is absolutely necessary if the industry is to be prosperous." — Committee Report, American Cotton Shippers Assn.

## LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

### HOW THE PLOTTERS WORK

It has been difficult for the American mind to accept the fact that for many years there has been at work in America a well-organized, adequately financed and shrewdly directed Communist conspiracy to destroy our form of government. Some other high placed educators, commentators, editors and writers who influence public thinking, all the while have referred to the Communist conspiratorial apparatus as a "political party" in the ordinary sense of that term and have pleaded the case of its members on the basis of American "rights."

This fuzzy thinking has even prevailed in some quarters despite the repeated statements of FBI Chief J. Edgar Hoover branding the Communist plotters for what they are, and in spite of the New York jury verdict finding 11 top American Communist Party leaders guilty of teaching the violent overthrow of our government. I hope the cold facts of Mr. Hoover's recent testimony to Congress will aid in correcting this dangerous viewpoint. He said the danger of subversive activities is greater today than during World War II.

### Burrowing In

Of special significance was Mr. Hoover's statements that the Communist have made "amazing strides" in gaining a foothold in the legal profession and are now concentrating in strengthening their position among the unions in America's heavy, strategic industries and in our highly important media of communications such as the newspapers, the magazines, radio, movies, television, etc.

Even while the FBI chief was thus trying again to alert the nation to the Communist internal menace, another crusade, almost identical to Communism in its basic objective, was being carried on in our country in a highly organized way. Not

## POLITICAL Announcements

The Morton Tribune has been authorized to present the names of the following citizens as candidates for office subject to the action of the Democratic Voters in their Primary Election on Saturday, July 22, 1950.

enough Americans realize this movement carries a threat to their freedom. For that reason it is even more dangerous, as an internal force, than Communism. The groups of this movement call themselves by various names, but all are working for an American Socialistic State.

### Hard To Believe.

Many Americans who found it difficult to accept the facts of the Communist conspiracy until the traitors and spies began to be rooted out of our Federal government find it still more difficult to understand that the efforts of the present Socialist Planners would have the same effect on our form of government. This state of mind is, of course, a help to the organized planners. In fact, they have almost succeeded in creating an atmosphere in which anyone who raises a cry of "Socialism" against any measure is immediately stigmatized as a "crack-pot" or "reactionary," or "disciple of doom."

In England the Fabian Socialists who gained control of that country didn't reveal their actual intentions until after they had taken over the Labor Party; and even then they labelled their objective not as a "Socialist State" but as "The Welfare State." The Fabians got control of England by working in "nests" to infiltrate various political, social, governmental and labor groups.

### Out Of The Bag

The Socialist Planners have been burrowing into the fabric of our nation's life for more than 25 years. Some of their talkative members have "let the cat out of the bag" as to technique. Here's what one, H. Stephen Raushenbush, wrote in the Socialist "New Leader" 23 years ago: "One good man with his eyes, ears and wits about him inside the Department of Interior or the Treasury can do more to perfect the technique of control over industry than a hundred men outside." Twelve years later Raushenbush was chief of planning in the power division of the Department of Interior. He is now a consultant in the United Nations organization.

The Socialist plan is to infiltrate both American political institutions and American minds. In the institutions, they establish Socialist policies and practices so gradually hardly anyone is aware; and through infiltration such as the press, radio, textbook of our thought-shaping media the movies, etc., they condition the American mind to accept the gradual change as "progressive" and to hold in contempt those who challenge "Socialism." Truth will always out. But I hope it will not be too late for America when the Socialist designs are also fully exposed.

## THE LAW AND YOU

by Robt. (Bob) Kirk  
County Attorney  
Lamb County, Texas

Do You Know that it is unlawful to sell a motor vehicle without the seller having possession of the certificate of title at the time of the proposed sale?

The Texas "Certificate of Title Act" makes it illegal for anyone to attempt to sell a motor vehicle without having the certificate of title at the time in his possession. The Act further declares that any sales made in violation of this Act shall be void and that no title will pass until the provisions of the law are complied with.

When a sale has been made it is the duty of the seller to immediately execute the certificate of title and either deliver the same to the purchaser, or to forward the same to the County Tax Collector with proper applications and remittances so that

## Moneyed Citizens Must Use Pockets; Wallets Are Rare

Hey! Got any money? You'd better put it in the bank if you don't already have a wallet.

Morton merchants could well display a few red faces yesterday. A confident Morton citizen stepped into several stores in the city Wednesday and asked to look at their wallets. Each time she received the same reply, "What Wallets?"

After making the rounds of the stores she thought should carry a stock of wallets, Mrs. J. T. Porter finally gave up in disgust. She decided that evidently Morton merchants don't think anyone has enough money to carry around in a wallet.

Morton merchants with a wallet in stock might do well to keep it handy. Mrs. Porter may still be looking today. And remember all that work you did trying to impress the Morton people to buy in Morton and help support the city.

## FRED STOCKDALE

### Observance of Dairy Month Throws Spotlight on Use of Milk Products

Spot light during the past month has been thrown on one of our finest all-round foods, milk and milk products. The month of June carried a special distinction as "Dairy Month," according to Jimmie Nellis, associate extension foods nutrition specialist of Texas A. M. College, every family plan to use milk generously in the daily menus.

Points out that children should have at least one quart of milk per day and that adults profitably consume from one to a quart daily. Milk and milk products furnish fats, carbohydrates and proteins in easily digestible forms along with calcium and other minerals, vitamins A and riboflavin. All are needed for properly balancing the diet.

Milk may be purchased in many forms: fresh, dried, evaporated or sweetened condensed and one quart of the following may be used instead of a quart of whole milk. One pint of evaporated milk plus one pint of water; one and one-eighth cups of dried milk plus a quart of water; one quart of liquid skim milk plus three tablespoons of butter or one cup of dried skim milk plus one quart of water and one ounce of butter will, according to Miss Harris, be equal food value to one quart of whole milk.

Milk is a versatile food. It can be used as a liquid in meat loaves or in creamed soups of the vegetables. It can be used in many of the cream pies, sherbets, ice creams, puddings and gelatin mixtures. Name a few, and cool milk drinks are a favorite for hot weather. Children, especially, like milk chocolate and milk shakes of all flavors.

She says milk and milk products are among the best and cheapest sources of fats, carbohydrates, proteins, minerals and some of the vitamins. It is a well-balanced food that can be used in many different ways, and is easy to prepare and serve. It is a mighty important consideration for the homemaker during the hot summer months.

### Hospital News

#### New Babies:

A daughter, Clara Jane, weighing 7 pounds 1/2 ounce, born June 13th at 10:12 p.m. to Mr. and Mrs. C. G. Richards of Morton.

#### Medical Patients:

Mrs. Wayne Roberts, Morton; Mrs. Odell Smith, Morton; Mrs. Selman, Abilene; Mrs. Henry Turney, Morton; Baby Walton, Lovington, N.M.; Johnnie Carroll, Enochs; Mrs. L. D. Sanderson, Baileyboro; Mrs. Willard Cox, Morton; Mrs. Frank Hamilton, Morton; Doris Edwards, Morton; Mrs. J. F. Fobbs, Whiteface; Mrs. A. R. Gonzales, Morton; C. L. King, Levelland; Lyndel Fred, Morton; Billie Haynes, Morton; Mrs. Dan Emerson, Morton; Mrs. Willie Merrill, Morton; Mrs. S. C. Kelly, Morton; Mentha Lee Hamilton, Levelland.

#### Surgical Patients:

Wesley Stephens, Morton.

### Mrs. R. C. Smith Visiting Here

Mrs. R. C. Smith of Floydada is visiting here with her sons, Floyd and Roy.

Sunday members of the Smith and Hammons family met at McKenzie Park, Lubbock, for a family reunion.

All of Mrs. Smith's children, with exception of one were present, along with several members of the Hammons family. Mrs. Smith was a Hammons before she married.

#### GAINESVILLE TRIP POSTPONED

A visit to the State School for Girls at Gainesville by Judge Glenn W. Thompson and a group of Morton women scheduled for Thursday and Friday has been postponed.

### Hospital Asks For Closer Observance Of Visiting Hours

The West Plains Hospital moved this week to curb restlessness of its patients caused by unthinking well wishers who invaded the hospital at will when the patients should be resting.

In announcing a revision of visiting hours and a plan to enforce observance of these hours, West Plains Hospital officials urgently asked the cooperation of friends and relatives of patients. "Visitors are asked to bear in mind," a spokesman said, "that hospitals are places where patients are to recover from illness or surgery, and that almost always rest is needed by the patient as much as anything else."

The new visiting hours will be from 10 to 11 in the mornings, from 2 to 4 in the afternoons, and from 7 to 9 at night. This should provide ample opportunity for all well wishers to stop in and see the patient for a few minutes.

Ordinarily, visits should be brief. Then visitors should make every effort to depart punctually when visiting hours are over. The closely integrated schedule of a hospital calls for exact meal times and exact times for all phases of treatment.

#### H. L. COON RETURNS TO MORTON AFTER HOSPITAL RELEASE

Huelin Coon, Morton trucker who was injured in an automobile accident in New Mexico last week, is back in Morton after his release from the Portales hospital.

Coon, despite the fact that he has a cracked pelvic bone, insisted on leaving the hospital as soon as possible and is hobbling around the city on crutches.

#### ATTEND A B C RODEO

Mr. and Mrs. Harley Ward and children, Wylie Richard, Phyllis Jean and Gayland, attended the ABC Boys Club Rodeo, starring Movie Actor, Johnny Mack Brown, at the Jones Stadium in Lubbock, Friday night, June 23.

#### NEW PASTOR AT ENOCHS

Rev. and Mrs. W. H. Kirby and infant daughter, Carolyn Ann, have moved to Enochs from Dallas. He is pastor of the Enochs Methodist Church.

### Mrs. Connie Coffman Is Eighty Dollar Trades Day Jack-Pot Winner

A throng of nearly 2,000 persons crowded in around the south steps of the Cochran County Courthouse Saturday evening as little Billy Merlene Weeks reached in the basket and pulled out an eighty dollar winner in the weekly Morton Trades Day drawings.

Climaxing the drawing, Billy Merlene drew out a white ticket number 678036 for the top prize of the day. Mrs. Connie Coffman, who lives near Morton lost no time in stepping forward and collecting the two week prize. Last week the \$40 ticket was un-

claimed and so the prize had been doubled for Saturday's drawing.

Other winners were Darwin McCasland, \$15; Gordon Howden, \$20 and Wilbern House, \$25. The little girl who drew the winning numbers was blindfolded this week after officials found that the children had a tendency to pick tickets of their favorite color. This week apportion of colors was fair with two white tickets, one red, and one green drawn as winners.

Trades Day participation seems to be growing each week. Cars have been double and even triple parked around the square for the last two weeks while anxious ticket holders listened for their numbers to be called out. Neal Rose again served as announcer and Albert Morrow assisted the little girl.

It was announced that the drawing will be held on a different set of steps each week to prevent the crowd from trampling down the same grass each week. This week's drawing will be held on the West side of the square.

#### H. S. HAWKINS FAMILY ATTENDS GROUNDBREAKING CEREMONIES IN LUBBOCK

It was announced that the drawing will be held on a different set of steps each week to prevent the crowd from trampling down the same grass each week. This week's drawing will be held on the West side of the square.

#### GROUP VISIT BRILEY MOUNTAIN HOME

A group of Mortonites, Mr. and Mrs. Joe Nicewarner, Mr. and Mrs. L. E. Huggins and daughter, Cathy, were guests of Mr. and Mrs. Buck Briley at their mountain home near Springerville, Arizona, last week-end.

MR. AND MRS. LEE NIBLITT of Levelland visited in the home of Mr. and Mrs. M. R. Hollyman over the week-end.

MRS. LUCILLE ROSSETTI with Mrs. Bud Cockerham and son Timbo visited Mrs. Rossetti's mother and father, Mr. and Mrs. Baker at Bledsoe Sunday.

### My Neighbors

By BILL PAULSON

"A Socialist hot with desire To make the world over entire, Thought up tax after tax Till the load on our backs Sank us all in the mire."

### Military Justice Soon to Be Unified Under One Code

Austin.—A single law for the administration of military justice for the nation's Armed Forces, the first in American history, will become effective May 31, 1951, according to announcement today by Colonel Oscar B. Abbott, Chief of the Texas Military District.

The Uniform Code of Military Justice, signed by President Truman May 6, will apply to the Army, Navy, Air Force, Marine Corps and Coast Guard. All members of Reserve component's when on active duty will be subject to provisions of the code.

To allow time for indoctrination in the military service and for preparation of a new court martial manual, effective date of the new code was set off a year. This will mark the second revision of the Army manual in less than two years, the 1949 manual having become effective this year.

When effective, the new law will replace the articles of war, under which the Army and Air Force court martial systems operate, the articles of government of the Navy, which apply to both Navy and Marine Corps, and the disciplinary laws of the Coast Guard.

In signing the new act, President Truman described it as "an outstanding example of unification in the armed forces," and added that the code is "tangible evidence of the achievement made possible by the teamwork of the Army and Navy, the Air Force, the Marine Corps, and the Coast Guard."

### Dysentery Can Be Prevented With Food Protection

Austin.—Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. George W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

DR. V. L. LAWSON  
DENTIST  
Morton, Texas

# EVERYTHING FOR THE FARM!

## ENJOY SHORTER,

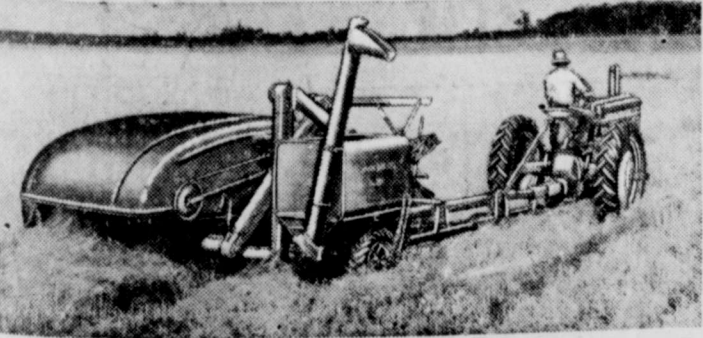

### More Profitable Harvests

WITH A

## JOHN DEERE NO. 12-A COMBINE

Cutting a full six-foot swath, the John Deere No. 12-A does a remarkable job in all small grain and seed crops. The crop is handled in a straight line from the cutter bar on through the machine—there are no turns—no corners to cause piling or slowing down of material. Big capacity in cutting, threshing, separating and cleaning units results in more and cleaner grain, more acres harvested every day.

Heavy-duty platform with canvas elevator which cuts 1 1/2 to 40 inches from the ground . . . ground-driven, slip-clutch-protected reel . . . extra-wide, easily adjusted, rasp-bar cylinder . . . full-width separation and thorough cleaning . . . low-down, auger unloading grain tank . . . simple swinging hitch for narrowing transport width . . . an even, uniform distribution of straw behind the combine—these are the features that contribute to the greater satisfaction of John Deere No. 12-A Combine ownership.

JOHN DEERE Quality Implements and Service

**HANCOCK FAMILY HOLDS REUNION, JUNE 24.**

The Hancock family held a family reunion at the Verney Towns home in Muleshoe on Saturday, June 24. Guests included Mrs. Mallie Hancock, Mr. and Mrs. W. L. Hancock, Mr. and Mrs. Mac W. Hancock, Jr., and Mac Wesley III, and Mr. and Mrs. Hazel Hancock and family of Morton.

Others were: Mrs. Louis Linguist of San Antonio, Mrs. Gilbert Holladay and sons Wayland and Harold Howard of Lamesa, Mr. and Mrs. Herschell L. Pruitt and Le Ann of Lubbock, Capt. and Mrs. Doyle H. Rasberry and Dexter and Beverly of Dayton, Ohio, Mr. and Mrs. William H. Seoggin and Sanette of Harlingen, Mrs. R. C. Lemons and Rayma Lynn of Lamesa and Mr. and Mrs. Verney Towns, Karolene and James, Muleshoe.

**JOE RAY GRIMSLEY IN SUMMER SCHOOL**

Joe Ray Grimsley, a junior from Morton, is among the 1200 attending the summer school at Hardin-Simmons University. He is enrolled in the first six weeks of school which will be concluded July 8. The second six weeks term will start July 11. There will be a final three weeks term beginning August 19.

Approximately half the students are graduates. Many of them are attending as a result of the Gilmer-Aikin bill.

**MRS. ENGLISH COX AND MINNIE OLA VISIT HERE**

Mrs. English Cox and daughter, Minnie Ola, of Muleshoe, visited in Morton last week. The Cox family recently moved to Muleshoe from Morton. He is associated with St. Clair's Department Store there.

**DOYLE H. RASBERRYS VISIT RELATIVES HERE**

Capt. and Mrs. Doyle H. Rasberry, Dexter and Beverly are visiting relatives in Morton and Lubbock. They have just returned from Ladd Air Force Base in Fairbanks, Alaska, where he served a tour of duty. They will move to Wright-Patterson Field Dayton, Ohio, where he will be stationed following his leave.

Adding Machine Paper at the Tribune Office Supply Dept.

**--annegrams-- by ann england--**

Last Wednesday morning we were just plumb aggravated with the men folks in this office. Came back, after morning coffee with Neal Rose, wearing an orchid given us by P. E. Ramby and do you think that either the spouse, Eddie, Clyde or Luther noticed or mentioned the flower? Well they didn't until we practically stood on head and screamed.

Another funny thing about these boys is that they order us around individually and collectively — hesitate not at all in scolding, or in case of error anywhere in Tribune, "Oh, that's ann's department."

BUT on the other hand just let some one come in the office and start "bawling" us out and they are all ready to go to bat for us. They are consistent in their inconsistency.

Just before drinking coffee with Neal we'd been driving around with him and J. W. McDermott—strictly on business! Mc is president of Chamber of Commerce, Neal is publicity chairman and we are the one they flatter to get "free" advertising in the Tribune. Expect they can tell by looking that we are the gullible one on staff.

My! what a relief to pick up the Tribune and find something we didn't write or "clip". Had already heard of Eddie's encounter with the policeman regarding a traffic ticket but it was much more entertaining to read about.

Had the pleasure of taking a moonlight spin in Dr. Metzner's new Chevrolet convertible Wednesday night—it is a peach—nice for blistering purposes also, we understand.

Looks as if we are included in a group of women to look over the state school at Gainesville this Friday. We've been looking forward to the trip, particularly since the superintendent, Mrs. Maxine Burlingham, is a high school friend of ours.

Came in an inch of saying "old" but since Max isn't and

and we won't admit it will leave well enough alone.

Merlene Daniels over at Cobb's congratulated us the other day upon having "not only a good and distinguished looking husband, but Ann he seems so broad minded." We agree with M on the first two counts and on the third will say he could hardly have stood as for these many years if he hadn't been.

However when questioned regarding our behavior he's been known to reply, "Ann has never developed mentally beyond adolescence." Too, we overheard him telling some one at the convention that we didn't know what "necrology" meant and was looking it up in the dictionary when he read the letter announcing we'd been named chairman of that committee. That's what dictionaries are for—isn't it?

Mattie and Fifer Ramby have kept reasonably sane during the remodeling of their home and to be sure they keep it they are now busily involved in plans for a California trip to see her mother, Barbara, their cute little girl, has been taking her afternoon nap on packing boxes at the drug store.

The Tom Rowden's have a darling and unique designed new home. Understand the Paul Goodman's are building one. The Raymond Strickland place of redwood exterior with yellow shutter trim seems almost complete and is very attractive.

Surprise of surprises — never imagined Marion and J. T. Porter in the restaurant business but just bet they'll do well.

Looks as if we are going to have to catch Sadie Taylor off guard in order to get a picture. She and Charles hope to have formal opening of their beautiful new drug store building in a short time. And since they have been in business in Morton just about as long as anyone we insist on pictures.

Sadie is real cute but doesn't think she is photogenic. We have the same trouble—except that each time there is any picture taking going on we step right out in front—hoping against hope that, "this is the time the darned thing will flatter us."

Got clear off the track on new homes—can't keep up any way but the Babe Vanlandingham are among those with lovely new places.

Mr. C. E. Markham has had his place enlarged (it was already one of largest in town). Mrs. M told us the remodeling was done to accommodate visiting children and grandchildren.

Not to be addone the Englands have added a tile wall on west and north yard at Vagabond House. Orville Tilger said, "It is almost tall enough to simply add a roof and have a bigger guest house."

The Tilgers are our neighbors; altho we seldom see them at home. And the way that Bessie gets around is the most amazing thing. She not only is the indispensable secretary of power and light company here but dashes over in the evening to help Orville at the store AND takes her turn at helping Guild serve Lions Club.

We are extremely grateful to commanding officer and personnel at Reese Air Force Base, Lubbock, for transporting Edward and Louise Hamilton to Galveston last Wednesday. They needed a lot of plastic surgery following the explosion in which they and his parents were severely burned. Sheriff Herman Crockett was making arrangements to take them by car—which would have been excruciating in their condition and in the present Texas heat—distance etcetera, but RAFB flew them down in only 3½ hours.

Some one asked us why we liked a small town. The above is one of the many reasons. Every one goes all out to help his neighbor. Oh we fuss and stew around a good bit of the time when things are running smoothly but differences are forgotten when troubles occur to any of us.

Only the other day we were in town about to lose our skirt because waist was too large. What to do? It was simple—just dropped in at one of the stores and a clerk very obligingly took the button off sewed it on again and off we went secure in knowledge skirt would stay on and that Morton clerks are most accommodating. Could you do a thing like that in a city?

The spouse says, "Fun is like life insurance—the older you get the more it costs you."

From where I sit... by Joe Marsh  
Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident. She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's." He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

Joe Marsh

Here's WD finger-tip control for all trail-type equipment built for standard hydraulic control. This simple ram assembly meets ASAE specifications... and lets you make full use of the WD hydraulic system.

1. Raises or lowers headers or cutter bars without effort.
2. The one-way cylinder does not "freeze" the lift. Leaves it free to raise and lower over obstructions without damage.
3. Quick coupling—one hose, less bulk and weight to move from one implement to another.
4. Plenty of power for a quick, sure lift.

A small investment will make your farming a lot easier. Stop in and ask us about it.

**Civil Service  
Needs Cotton  
Technologists**

The U. S. Civil Service Commission today announced an examination for cotton technologist positions paying from \$25 to \$6,400 a year in the Production and Marketing Administration of the Department of Agriculture in Washington, D. C., and in the southern and southwestern parts of the country. The optional branches of the examination include cottonseed technology, fiber technology, ginning technology, and textile technology.

No written test is required. To qualify, applicants must have completed a 4-year college course in one of the branches of cotton technology or have had 4 years of appropriate technical experience. In addition, they must have had from 1 to 3 years of professional experience in one of the branches of cotton technology. Provision is made for the substitution of pertinent graduate study for 2 years of the required professional experience.

The maximum age limit of 62 years will be waived for veterans.

Full details concerning the requirements are in the examination announcement. Information and application forms may be obtained from the Commission's local Secretary, Mr. B. R. Porter, located at Postoffice, from the civil service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications for the examination will be accepted by the Commission's Washington office until further notice.

Tribune, Morton, Cochran County, Texas, Thursday, June 29, 1950

**NEW REFRIGERATOR HAS DE LUXE FEATURES**

The spacious interior of International Harvester Model H-84 is impressing housewives everywhere. Actual capacity is 8.4 cubic feet. Rigid, beveled-edge steel shelves, designed for maximum food storage, make bulky foods easy to handle. Two crisper pans for vegetables and fruits, can be shifted to suit housewife's convenience. Fifty pounds of frozen foods fit in the full-width freezer compartment. Added storage space is provided by the Pantry-Bin, which holds 26.1 quarts of unrefrigerated foods.

**'Favorite Dog' Photos Are Sought In  
1950 National Dog Week Contest**

"My Favorite Dog Picture" is the announced theme of this year's photo contest sponsored by the Gaines Dog Research Center, New York City, as part of the observance of the 1950 National Dog Week this fall, according to word received by this newspaper. Prizes totalling \$875 are being offered for photographs of a favorite dog or dogs or favorite photographs of a dog or dogs, according to Harry Miller director

of the Center. Entries will be accepted in two classifications: 1. Work of amateur and 2. Work of member of a camera club. In each classification there is a first prize of \$250, a second of \$100, and a third of \$50. In the camera club classification, there is an additional \$25 prize for each of the three clubs which the winners will have named as their membership affiliation.

Deadline for entries in this contest is 4:00 p.m., Friday, September 8, 1950. Judging is to be done by a committee of photographic authorities, and the winners announced during National Dog Week, or as soon thereafter as is practicable.

A copy of the official contest rules may be had on request to the Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y. Interesting, appealing pictures are desired, with no limit on the number submitted by a contestant. Only unmounted, untouched black-and-white photographs, irrespective of size, will be considered. Original negatives from winners will be required later, and each contestant must be prepared to furnish, on request, the written consent of the person or persons who may appear in the picture or pictures and from the owner of the dog or dogs appearing therein. Prior publication of an entry, save that used in a paid advertisement, will not bar it from the contest, and the sponsor reserves the privilege of purchasing any non-winning photograph entered in the contest at prevailing prices.

**This Will Taste  
Good In Texas**

**RECIPE OF THE WEEK**  
**Mint-Glazed Carrots with Peas**  
3 medium-sized carrots, cut in strips, 2 cups fresh peas, 2 tablespoons butter, 2 tablespoons sugar, ¼ cup butter, ¼ tablespoon chopped mint leaves and salt and pepper.

Cook carrots in boiling, salted water 15 minutes; drain. Cook peas in boiling, salted water, about 8 to 10 minutes; drain and season with 2 tablespoons butter, salt and pepper. Glaze drained carrot strips in mixture of sugar, ¼ cup butter, and mint leaves. Place peas in serving dish; border with carrot strips. Serves 4 to 6.

**Complete Menu**  
Mint glazed carrots with Peas, New potatoes, raw spinach salad, drop biscuits and prune whip.

**Timely Tips**  
Young carrots may be cooked in boiling, salted water in 15 to 25 minutes; old carrots may be cooked in boiling, salted water in 25 to 40 minutes.

Carrots are a good source of Vitamin A, and carrots are an inexpensive vegetable on the plentiful food list, so use them often in your diet.

Uses for carrots (raw): carrot strips, carrot curls, grated or chopped in salads.

Uses of carrots in cooked foods: chowder, creamed carrots, carrot-apple whip, carrots in casserole, carrot timbales, creamed carrots and celery, rice carrots.

## FAMULINER COMMUNITY NEWS

By Mrs. O. D. Chesshir

Mr. and Mrs. Hobbs Rosson and family returned home Saturday from a trip to Cisco, Texas, in Eastland County.

Mrs. Carman Buchanan and children and Mrs. Davis. Mrs. Buchanan's mother, from Dallas, visited in the home of Mr. and Mrs. John Buchanan Sunday.

Dale De Bord had his tonsils removed and minor surgery Wednesday in the local hospital. He returned home Thursday and is doing nicely.

Mr. and Mrs. Richard Key and Linda visited in New Mexico over the week end. They took their niece, Louise, and her girl friend, Rita, home. The girls had been visiting in the Key home since Monday. Danny and Robbie Key returned home with their parents. The boys had been visiting their aunt and family.

Sara Dell Kennedy was overnight guest of Clovia Buchanan, Sunday.

Mr. and Mrs. Beryl Reed returned from a trip to Las Cruces, New Mexico, Tuesday evening.

The Friendship Club met in the home of Mrs. Lois Igo last Wednesday. Refreshments were served to 13 ladies. A quilt was quilted for the hostess. Next meeting of the Friendship Club will be July 5 in the home of Mrs. Mildred Jones.

Guests Sunday in the O. D. Chesshir home were Bro. and Sister Ralph Givens and children and Miss Clovia Buchanan.

**Good Neighbors Meet**  
The Famuliner Good Neighbors met Thursday night, June 22, in

### Jo Beth Russell Bride of Roy Dean Hill

Miss Jo Beth Russell, daughter of Mrs. N. J. Russell of Lubbock, formerly of Morton, became the bride of Roy Dean Hill, son of Mr. and Mrs. Edgar Hill, of Carey, Texas, Saturday evening, June 17, in Childress, Texas. The rites took place in the home of the bride-groom's sister, Mrs. Foy Owen and Mr. Owen.

Rev. Wayne Williams, pastor of the Carey Baptist Church, read the single ring service before an improvised altar banked with spring flowers and roses.

The young couple was attended by Mr. and Mrs. Foy Owen as best man and matron of honor.

The bride chose a pink street length frock for her wedding, her accessories were white and she carried a white Bible topped with pink and white rose buds. Something new and blue were lace garters; she wore a lucky penny in her shoe.

Following the wedding a reception was held in the Owens' home for members of the wedding party and fifty guests.

After a wedding trip Mr. and Mrs. Hill will be at home in Carey where he is engaged in farming.

C. L. HARRIS

### Candidate For District Attorney

41 years of age, married, wife and one boy 14 years of age.

Attended Texas Tech and University of Texas Law School.

Has Had Twelve Years Experience in the Practice of Civil and Criminal Law.

"A vote for C. L. Harris is a vote for law enforcement and experienced service."

★

(Paid for by Friends of C. L. Harris.)

the home of Mr. and Mrs. N. H. Steed.

Mrs. Paul Byrd, vice-chairman presided in the absence of Chairman Woodrow Cunningham. Roll Call and minutes were read by secretary, Mrs. Frances Cunningham.

Mr. Richard Key made a presentation of several Good Neighbor Awards.

The Box Supper and Candidate Rally to be held June 29 (tonite) was discussed and every one is urged to attend. Proceeds to be used to benefit the Community.

N. H. Steed Jr., and Mrs. O. D. Chesshir were leaders of the recreation period.

Refreshments of ice cream and cake were served to 85 people.

Next meeting will be 4th Thursday in July at home of Buford Webb.

## LEHMAN NEWS

by Mrs. Charles Sanders

Lehman H. D. Club met in the home of Mrs. Bill Bledsoe. Following a business session a demonstration on "Table Settings" was given by Miss Lois Wilson; she also reported on a trip to Chicago made last year.

Refreshments were served to eight members and two guests.

J. D. and A. E. Sanders visited last Sunday in Seminole with their daughter and sister, Mrs. A. C. Ward and family.

Done Boles and family have been visiting in the J. W. Ponds home this week.

Mr. and Mrs. Dale Pond picniced in McKenzie State Park, Lubbock, last Sunday.

Quentin and Don Rhodes have returned home from a visit with relatives in Lubbock.

## Thrips Threaten Summer Flowers Specialist Says

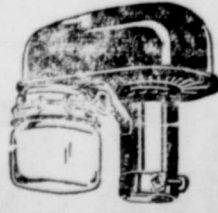

The infestation of thrips on flowers and many ornamental plants is particularly heavy this year in many sections of the state. These insects are so small and move so fast they are hard to see unless infestation is so heavy that they may look like dust. Right now they are damaging flowers and the berries on many ornamental plants that make the plants beautiful next winter, says Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College.

She points out that the insects often cause roses and other flowers to dry up before the bloom opens. They cause wilting and browning of the petals of many flowers. They do not eat holes in the leaves nor petals and since they are hard to see, their presence is often detected by the damage that shows up on the plants and blooms.

When the petals dry around the edges before the bloom is fully open or dry spots appear on the petals of some flowers or the rose buds look dry and fail to open fully, then it is pretty certain that thrips are at work in your flower garden. The damage is caused when the thrips suck the sap out of the plant or flower. Young nandina berries along with other ornamental berries are often attacked by thrips. The young berries may turn a light color but will darken and then fall.

To control the heavy infestations that are showing up this year, Miss Hatfield recommends the use of either a dust or spray on the infested plants every week or ten days. During rainy weather, the applications of the insecticides should be more frequent. She recommends the use of a dust or spray containing 10 per cent chlordane or 10 per cent toxaphene or 5 per cent DDT. Be sure to use a wettable powder if sprays are used instead of an emulsion. A dust widely used by commercial rose growers for controlling the rose thrip is composed of 3 per cent DDT and 3 per cent chlordane. She says these insecticides can be purchased at most feed and seed stores, and she adds that your local county extension agents will be glad to furnish any additional information that you may need in order to control not only thrips but other flower garden insect pests.

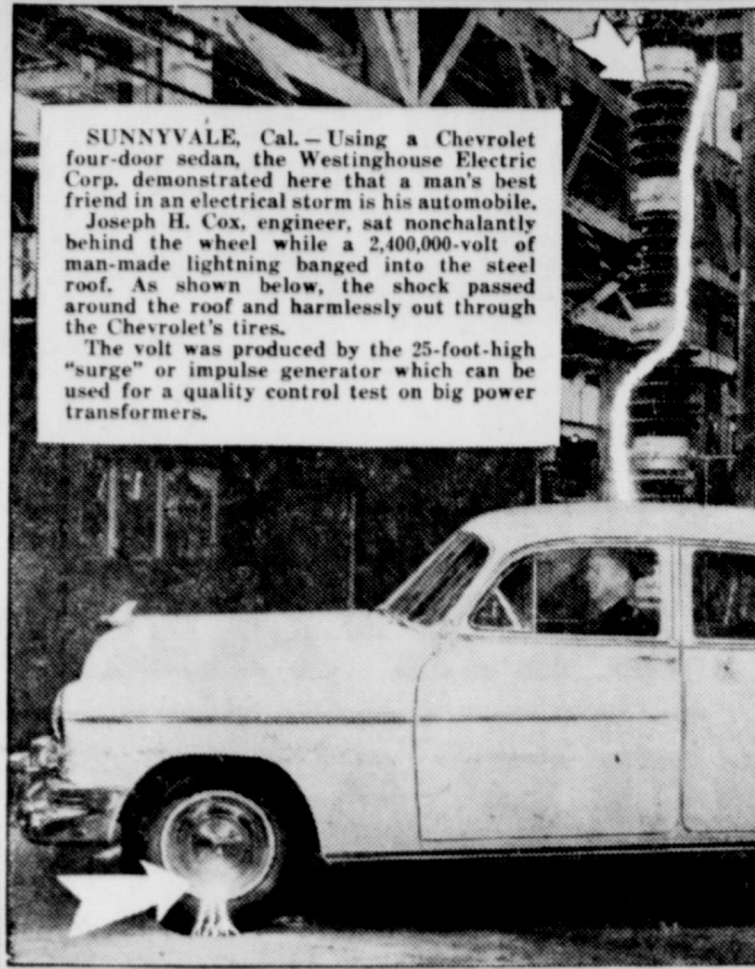

## PRE-CLEANER

Don't choke the power out of your tractor engine with dust, chaff and lint. Get a thorough-cleaning IH Pre-Cleaner.

E. L. BANKS CO.

## Sedan Defies Lightning Bolt

SUNNYVALE, Cal.—Using a Chevrolet four-door sedan, the Westinghouse Electric Corp. demonstrated here that a man's best friend in an electrical storm is his automobile. Joseph H. Cox, engineer, sat nonchalantly behind the wheel while a 2,400,000-volt of man-made lightning banged into the steel roof. As shown below, the shock passed around the roof and harmlessly out through the Chevrolet's tires.

The volt was produced by the 25-foot-high "surge" or impulse generator which can be used for a quality control test on big power transformers.

## Quilting Club At Bledsoe Met at School

Bledsoe Quilting Club met at the school building Wednesday, June 22. A quilt was finished for Mrs. W. B. Griffin.

The group will meet July 13 and at this meeting plan to quilt for Mrs. J. N. Foster.

Plans were discussed for an ice cream supper for families of members.

Port Aransas is called the Tarpon Capitol of the world.

## CIVIL SERVICE COMMISSION ANNOUNCES AN EXAM FOR SANITARY INSPECTOR

The Civil Service Commission announces an examination for filling vacancies in the position of Sanitary Inspector at entrance salaries ranging from \$2650 to \$3100 per annum. Employment will be with various Federal agencies in the state of Texas. Application forms and additional information may be obtained from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

## Mrs. J. W. Watson Hosts Wesleyan Guild Meeting

Mrs. J. Wendell Watson was hostess to the Wesleyan Guild at her home Monday night, June 26.

During a business session in charge of Mrs. Lloyd C. Miller, president, the Guild voted to send two representatives to the Methodist Conference at Ceta Canyon; they are Mrs. Miller and Mrs. J. W. Alford. Others wishing to attend the conference were instructed to secure reservations in advance.

The study "Mission at the Grass Roots", was continued by Mrs. C. M. Cravy, Mrs. Wanda Yarbrough, student at McMurray College, was introduced by Mrs. Cravy, she spoke on "What Does Youth Want and Need?"

Mrs. Yarbrough and her mother, Mrs. Minor Yarbrough, were guests, as was Mrs. Clarence Stephens, wife of the pastor of First Methodist Church, and Mrs. E. L. Willis, sister of the hostess.

A refreshments plate of ice cream and cake was served to the above and Mesdames J. W. Askew, Raymond C. Ross, Arlee Barnard, Orville Tilger, Carl England and J. D. Hawthorne.

The next meeting on Monday night July 10 will be held at the Carl England home.

### Merit System Offers Exams for State Positions

Competitive examinations for positions with the Texas Employment Commission and the State Department of Public Welfare will be given on August 5, according to a statement issued by Chas. S. Gardiner, Director of the Merit System Council.

Examinations being offered are for the positions of Clerk-Typist, Stenographer, Field Worker, Interviewer, Auditor, and Tabulating Equipment Operator.

Gardiner stated that there is always a great need for Stenographers in every part of the state. The demand for Typists, Interviewers, Field Workers, and Auditors is limited primarily to the smaller cities and towns of the state. Tabulating Equipment Operators are located only in Austin, Texas.

Gardiner pointed out the favorable working conditions in the state departments under the Merit system. The advantages offered include good salaries, permanent employment, promotional possibilities based upon merit, and liberal vacation, sick leave, and retirement benefits.

Qualifications for the positions vary from high school graduation to college graduation. Appropriate experience may be substituted for the required education in many cases.

Application blanks for these examinations are available at the local office of the Texas Employment Commission or the State Department of Public Welfare. Or you may write the Merit System Council, 1000 San Antonio Street, Austin, Texas. Applications must be postmarked before midnight, July 15.

### Grasshoppers Can Be Controlled

According to Homer E. Thompson, County Agent, "grasshoppers can best be controlled immediately after hatching in their hatching areas. Enough rain has fallen to hatch the grasshoppers in most places. Hatching areas can be found in low places, along roads and in buffalo wallows. Grasshoppers lay their eggs in spots such as these mentioned. Cochran County does not anticipate purchasing any bait this year because the Federal free baits are not available unless we are fortunate enough to find a county with a surplus left over from last year.

"Chemical dust and sprays are better than baits and more spray machines in county owned by farmers. So if you have an outbreak of grasshoppers on your place ready mix emulsion concentrates and wettable powders may be used to make up your spraying material. This material should be diluted with water to suit the spraying equipment. For example, should spray put out 10 gallons per acre or four gallons per acre, enough of the wettable powder or emulsion concentrates to put at least 1 pound of technical chlordane per acre or 1 1/2 pounds of technical toxaphene per acre. In other words, one pound of powdered chlordane or emulsion which is 20% in strength will require five pounds of same to get 100% in strength or to make one pound of the technical chlordane should be added to the water required to be sprayed on one acre. If it is 50% in strength it would require two pounds. This will tell you how to dilute your grasshopper poisoning before you spray. In rank vegetation these preparations may be increased from 50% to 100%.

"Most insecticides dealers may obtain these poisons if you will request them. Anyway, they may be obtained from Lubbock or Plainview or locally if the demand is large enough. "Chlordane and Toxaphene is poisonous if taken internally but the strength demanded for grasshoppers can be used safely in sprays. Keep insecticides containing chlordane and toxaphene away from the eyes and nose. Bathe thoroughly and change to clean clothing daily after spraying or dusting with these insecticides, advises County Agent Homer E. Thompson. Keep animals off the area sprayed several days if grassland is sprayed."

"Proceeds from the ticket sale will be used to finance a trip to Carlsbad, New Mexico, and to augment the Club's building fund. Tickets may be purchased from any Theta Rho girl, Smith Bros. Furniture Co., and The Burger Bar. Radio is now on display at the Smith Furniture Co.

WAYLAND HOLLADAY of Lamesa spent last week visiting his grandmother Mrs. Mallie Hancock and uncles, Mac W. and W. L. Hancock.

A number of ceremonial Indian Mounds are to be found six miles west of Alto, Texas.

### Mac Smith and Doris Jennings Married In Double-Ring Ceremony June 11

Candles provided soft illumination for the ceremony which united in marriage Miss Anna Doris Jennings and Mac Smith at 5 p.m. Sunday, June 11.

Setting was the home of the groom's parents, Mr. and Mrs. Louis Smith, in Ruidoso, with Rev. W. C. Wright of Morton, Texas, a close friend of the groom, officiating at the double-ring service. A group of relatives and close friends witnessed the ceremony.

The bride is the daughter of Mrs. Ollie Jennings, Kinta, Okla., who was unable to attend the wedding.

Standing before the living room fireplace, the couple repeated their vows beneath an archway of roses and snapdragons entwined in forest greenery. Tall white tapers were placed along the mantel of the improvised altar.

The bride, given in marriage by Lester Smith, an uncle of the groom, wore a ballerina length gown of white lace-trimmed with white net. It was fashioned with a low, rounded neckline, fitted bodice and full skirt. Her shoulder length veil of net, trimmed at the bottom with wide lace, cascaded from a sweetheart-shaped crown of net, also trimmed with lace. She wore silver and white brocaded satin slippers and her only piece of jewelry was an antique opal pin belonging to her grandmother.

"Something Borrowed" was the small white Bible she carried, with decor of blue carnations and matching satin streamers tied in bows.

Matron-of-honor was Mrs. Bill Butler, Snyder, Texas, the groom's sister, who wore a pale pink suit with white accents and a corsage of pink roses.

Mr. Butler was best man. For her son's wedding, Mrs. Smith wore a dress of light pink linen with a shoulder corsage of pale yellow roses.

The reception, which immediately followed the ceremony, was also in the Smith home.

White snapdragons decorated the bride's table and the couple

cut a three-tiered wedding cake, topped with a symbolic wedding bell. The cake, which carried the words "Mac and Ann" in blue lettering, was encircled by a garland of pink flowers. Punch was served from a crystal bowl.

Assisting the groom's mother were his aunts, Mrs. D. H. Smith and Mrs. Lester Smith, of Portales.

The couple planned to leave Ruidoso Saturday, culminating their wedding trip in Oklahoma City where Mr. Smith is employed as office manager for Republic Pictures Corp.

Guests included Mrs. Dan H. Smith, Mrs. Clyde Cook, Mr. and Mrs. D. H. Smith Jr., and children, Mr. and Mrs. Lester Smith, all of Portales; Mr. and Mrs. Billy F. Butler and Vanna, Snyder.

### 487 Students Are Enrolled for Eastern New Mexico University Summer Term

Portales—Final registration for the 1950 summer session at Eastern New Mexico University is 487 students enrolled, announces Miss Ruth Wheeler, registrar. Enrollment for the 1949 session was 367.

Of the 487 figure, 146 are registered students. The senior class tops the undergraduate list with 114, while the junior class has

69 enrolled. Sixty-five are enrolled as sophomores and 39 as freshmen. There are 25 registered as unclassified students, 21 as special students, and eight are auditing classes.

Dr. Martin L. Cole, director of the summer session, reports that a summer dramatic production, "The Philadelphia Story," is scheduled for July 20. Also on the schedule are a choir concert under the direction of C. M. Stookey, associate professor in music, to be July 27, and a lyceum program, Hal and Ruby Holbrook, to be June 25. A series of swimming parties and dances are also planned, according to Miss Irma Poole, counselor of students affairs.

# ANOTHER STRIKE

### AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

### President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

## Railroads' answer to Board is ...

# YES! NO!

## Union leaders' answer to Board is ..

### In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

#### Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

#### FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

#### The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

### Would You Drive Blindfolded?

Hardly! Yet that's just about what many motorists do, when they drive at night with poor headlights. If your car does not provide adequate road lighting after dark, be sure to see us now! Complete line of auto lighting supplies at low cost!

**FUNERAL SERVICES  
FOR MRS. D. E. HAMILTON  
THURSDAY AFTERNOON**

Funeral services for Mrs. D. E. Hamilton will be held Thursday afternoon 3 o'clock at the Church of Christ.

Services will be conducted by L. L. Givens, Interment Morton Cemetery under direction of Singleton Funeral Home.

**Speeding Blamed  
As No. 1 Cause of  
Traffic Accidents**

Traffic accidents in Texas are killing about one-third more people this year than were killed last year according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

"If this rate continues," Colonel Garrison said, "there will be 2,500 lives lost in traffic accidents during 1950 and that will be 540 more than were killed during the year 1949."

During the past twelve years the highest toll for the month of May was in 1947 when 160 were killed. A preliminary figure for May 1950 is 202 deaths and complete reports for that month will push the total to 225.

Speed is the number one killer, Garrison warned, in that it claims one out of every three traffic deaths. Somehow we must impress upon drivers that when they have an accident while driving at excessive speed the resulting impact is more than their bodies will stand.

In an effort to reduce this mass slaughter, the Highway Patrol Division has received instructions from Chief W. J. Elliott to curb speeding on Texas Rural Highways where traffic deaths have increased 24%.

Most of world's supply of helium is produced around Amarillo, Texas.

**CARD OF THANKS**

It would be impossible to thank all my many friends enough for the kind letters, cards, flowers and personal visits I received during my recent illness in the West Plains Hospital.

May I presume to hope that this letter in some small way will serve to show you that I will never forget your attentions which were greatly appreciated.

And may I especially thank the doctors and nurses at the hospital for their services. May God bless you all.

Mrs. Cornelia Lytle.
