VOLUME XIV

MORTON, TEXAS, THURSDAY, MARCH 25, 1954

NUMBER 3

Largest Scout Court of Honor Set Monday

A Troop 101 "Boy Scout Court of Honor," the largest ever held here, is being planned for Monday night, 7:30 p. m., on the stage of the County Auditorium.

Fifteen promotions and 93 merit badge awards bring the total of honors to be handed out to 108. All Scouters, Scouters, parents and friends are invited to attend.

Five Life Scouts will be made and two others will receive Star ranking. Among the other activities will be an Indian Rain Dance by local scouts. The meeting will be attended by several County Executives from the district.

On Friday-Saturday and Sunday, a three-day hike in training for the coming District Camporee, will be held. For the first time the scouts will use their troop bus, according to Dr. Dan Brown, Scoutmaster.

Large Crowd Sees Senior's Play

The largest crowd to witness a local event in the new County Auditorium was on hand last Friday night as the Morton High School seniors presented their Senior Class Play.

The attendance was estimated between 700-800 people who saw 13 students star in the production, "Going Places," under the direction of faculty member Roy Tarver Jr., and student assistant, Linda Stockdale.

Found Guilty On Drunken Driving

A \$71.50 fine has been paid in county court by a 44-year-old Morton man convicted of driving while intoxicated.

The man, Floyd Jennings, was arrested a week ago Friday night by City Marshal Joe Hodge and Sheriff Deputy Chester Miller. He pleaded guilty to charges and fine was affixed at \$50 and costs with a six-month suspension of driver's license and the automatic three day sentence.

Ropes Winner In Play Competition

The Ropesville High School one act play, "Bumbo The Clown," was declared District 9-B winner at the program Tuesday night at Whiteface. Bledsoe was fourth in the competition behind Plains and Seagraves.

Bonnie Batteas, 3-Way 8th Grader, Wins Bailey County Spelling Honors

Bonnie Batteas, 13-year-old eighth grade student at Three Way school, spelled her way to the Bailey County spelling championship in the annual "bee" provided by the Avalanche-Journal and the Muleshoe Journal.

Bonnie, daughter of Mr. and Mrs. E. T. Batteas of Goodland, required an hour and 15 minutes to spell down eight competitors from other schools in the county. For her efforts she took home the \$15 top award and also qualified for the regional contests to be held at Lubbock.

Betty Halford, daughter of Mr. and Mrs. A. D. Halford of Enochs, was nosed out in the finals. She tripped over the word "orchestra" to go down in defeat.

Jane Millar, seventh grade student at Three Way, took third place, falling on the word "neither." The Enochs girl was awarded \$7.50 and Miss Millar won \$2.50.

J. M. Forbes, publisher of the Muleshoe paper, awarded the prizes. Last year he had awarded the prize to a classmate of Bonnie's, Janelle Sedgwick.

The regional crown, to be decided between 13 county winners, will be awarded April 10 and the winner will get an all expense paid trip to Washington to compete in the national finals, May 17-22.

Cochran's championship will be decided Saturday of this week in the District Courtroom according to Fred Stockdale, County director of the Spelling Bee.

At Muleshoe Junior High, where the Bailey contest was held, the nine contestants had gone through a list of 569 words in the first-round list of words in the practice book for contestants in the National Spelling Bee before the championship crown settled on the Goodland girl's head.

Girlstown Will Benefit Sunday From Amarillo Stock Car Races

Local racing fans will have a chance to watch a locally built car in action and to help support Cochran County's own Girlstown at Amarillo this weekend.

The entire proceeds from the first Sunday racing program at the Amarillo Fair Grounds track will be used to help Girls Town prepare for the 80 girls they expect to have by the start of the school year this fall.

Jaycee organizations all over the area are helping co-sponsor the Girlstown project. Races will be held Sunday afternoon at 2 p. m., with time trials to start at 1 p. m.

James Butler, local race car builder, who has been in the stock car racing business for the past six years, is constructing an entry to be used on the Amarillo track. Murrell Brown of Levelland will be the sponsor and Dub Poston, popular area driver, will pilot the 1932 Ford with a Cadillac engine. It's a new car.

The car raced by Butler and friends last year has been purchased by Doyle Dean of Littlefield and will also be entered driven by Fats Jenkins. It has a new 88 motor.

Early this week, 6,000 tickets had been sold to the racing card opener. Plans were being made for Miss Amelia Anthony, Girlstown manager and founder, to bring a group of her girls to Amarillo for the festive occasion.

Rules to be used on the Amarillo track, according to information received here locally, will permit any kind of dual ignition dual carburetion system. The local car already went through trial spins last Sunday at the Amarillo track, breaking an axle on a rough turn. However, it will be ready for the time trials and competition Sunday.

At least two of the girls now finding a home at Girlstown, just south of Whiteface, are Morton girls, it was pointed out.

Fined \$100 Here For 'Possession'

A plea of "guilty" and a fine of \$100 and costs featured the case of C. A. Reynolds of Levelland who was charged in County Court Monday with possession of untaxed liquor.

Reynolds, a repeater in the local court, was arrested Saturday night as law enforcement officers found his car stopped beside the road at Lehman and decided to investigate. They found in his possession one full case of half-pints of whiskey.

Merchants Help Buy Suits For Bula Ball Club

BULA (Sp.)—Collections from eight business firms in Bula, Enochs Muleshoe and Morton have resulted in starting of a fund to provide new uniforms for the Bula Ball club, according to an announcement released to the Muleshoe Journal.

Total contributions up to last week were \$165. The team was hoping to purchase fifteen uniforms. Donating funds so far have been Rowland's Gin, Hyndricks Gin, Simmons Grocery and Market, Richardson Grocery and Market, Gage's Garage, Morton Flash-O-Gas, Middlebrook Service Station and Sam Fox of Muleshoe.

Five Others In Winner's Circle At Stock Show

Complete judging reports from the Hockley County Fat Stock show completed last week resulted in the adding of five more Cochran County names to the prize winner's list.

In addition to those mentioned last week as winners, Ed Lloyd and Douglas Patton of Morton were winners. Lloyd took first in the fine wool lamb judging and thus laid claim to one champion. It was a lightweight lamb beaten out in the overall judging. Patton copped both second and third places in the medium wool heavy division.

Pat Miller of Whiteface had a second place winner in the medium wool light lamb judging.

Other winners from Whiteface included Weldon Curbo who took a second in the baby beef, milk fed lightweight division and Tommy Keener who was second in the dry lot lightweight beef division.

Scout Jamboree Film Date Set

The showing of a technicolor film, depicting the annual Boy Scout Jamboree held last year in California, has been set for Morton Tuesday night, March 30.

Harold Drennan, Scoutmaster of the newest Morton troop, now in the process of formation at the First Baptist Church here, said the film will be shown in the County Auditorium, if possible. Everyone is cordially invited to attend.

Dr. D. Wiggins Will Speak At JC Installation

Dr. Dossie Wiggins, former president of Texas Technological College, and presently vice-president of the Citizen's National Bank of Lubbock, will be guest speaker at the installation of Morton Junior Chamber of Commerce officers, May 3.

Wiggins accepted the invitation extended by the local club this week, according to Harold Drennan, in charge of arranging for the speaker. The installation will be held in the dining room of the new Office and Activities building.

Election of Jaycee officers for the coming year has not yet been held.

Check Violator Wanted in New Mexico Captured Here; Runaways Returned Home

PAIR FROM HOBBS NABBED SATURDAY, NEAR LEHMAN

Two teen-aged runaways from Hobbs, were returned to their home Sunday by local law enforcement officers after they were picked up around midnight Saturday with a soldier about to be sent overseas.

The runaways, both girls, were 13 and 14 years old. They were stopped in the soldier's Mercury as officers noticed the car was being driven across the middle of the highway. One of the girls was driving.

Hailed to the Sheriff's office, the girls at first told false stories and gave false addresses which were checked out by the officers. Then, when told they would be jailed and the boy would be held for transporting them across the state line, they finally admitted they ran away from home the previous afternoon. Hobbs authorities verified that portion of the story and one of the father's of the girls picked them up and took them back to Hobbs. A story told by the other girl, as to why she decided to run away from home and asked the girlfriend to go with her, was being investigated by Hobbs authorities.

The soldier, who lives in Nebraska and was heading home to leave his car before reporting for overseas duty, was not held.

Webb Rites Tentative At 3 p. m., Today

Funeral services have been tentatively set for 3 p. m. this afternoon for Harold Webb who died suddenly in his home early Wednesday morning after 14 years of illness.

Webb, 42 years old, was forced to retire from farming many years ago because of a leaky heart valve. An operation two years ago to open up the valves to his heart, proved unsuccessful.

Services will be held in the First Methodist Church with Rev. Ollie Robinson conducting. The date was tentatively set for 3 p. m. Wednesday afternoon while word was awaited from a son who is in the service.

Webb was a member of the First Baptist Church of Flomot. He moved his family here from Flomot eight years ago. He is survived by his wife; one daughter, Mrs. Calvin Milligan of Morton and two sons, Billy Joe of Muleshoe, and Veryl, now stationed at Camp Polk, La.

Burial, under the direction of the Singleton Funeral Home, will be in the Morton Cemetery.

GIRL COMPANION RELEASED TO CUSTODY OF HIS PARENTS

A 27-year-old New Mexico man, wanted for at least 11 checking law violations in and around Roswell and numerous other counts in New Mexico, Texas and Oregon, was delivered into the custody of the Sheriff at Roswell Tuesday, after being arrested here Friday night by a Highway Patrol unit.

The man, Zan Davis, had with him a woman companion, 17-years old. Stopped for improper lights on their auto, the couple were taken into custody when the State Patrolman recognized the man's name on an old warrant.

The couple told somewhat different stories at first and the man refused to sign a waiver of extradition. However, by Monday morning, he was ready to sign the papers and be bound over to Roswell authorities. The woman, who first claimed to be married to Davis, later admitted only being a fiancée. They were to be married, they told local officers, as soon as present divorce decrees pending were final. She had been married twice previously, once at the age of 14, and had two children living with a sister in California. She told officers her mother died when she was 12 and her father was confined to a mental institution in Iowa.

Charged with vagrancy, the girl was fined but the girl was later suspended and the girl was placed on probation in the custody of Davis' parents who live at Dodson, Texas.

Eight Others Become Cooperators; Working Toward Soil Conservation

Eight local farmers and ranchers, whose workable land covers some 12,200 acres, have joined the Cochran County Soil Conservation District as cooperators during the past three months, since January 1.

New cooperators include: Omar Sims, J. E. Briscoe, Alton Lamb, Elvin Berry and Willie Taylor, all farmers, and M. W. Ellington and C. A. Hollingsworth, ranchers.

Local soil conservation technicians are at this time working on the J. Frank Bennett ranch, 5,700 acres and the Spire Ranch, 28,000 acres.

Any farmer, rancher or renter in the Cochran Soil Conservation District is eligible to become a cooperator. All he must do is have a sincere desire in the maintenance of his land and of its productivity in years to come.

In an effort to reach those who are not now members and know little about how to become one, the local district urges these men to contact W. W. Smith, J. W. Cunningham, D. A. Ramsey, Woodley, or any of the local Soil District technicians.

The SCD can provide valuable assistance to you. Through their ideas of conserving soil and its productivity for the economical production of higher quality agricultural products and by the wholehearted participation of other cooperators and teamwork provided within the District, the knowledge pooled will accomplish great things. Sound conservation planning will lead us toward near maximum productivity which more rapidly than we could arrive using only our own individual ideas.

Release Unplanted Allotment

Cochran County cotton farmers who do not intend to plant their full allotment should release their unplanted acreage to the county ASC Committee, according to Hub Cadenhead, Farm Bureau president of Cochran County.

"Releasing the unplanted acreage to the committee won't hurt the farmer's individual allotment history," the county farm leader said. "Acreage released will be considered as planted on the farm from which it was released, provided that any cotton was planted on the farm in 1952, 1953 or 1954. Thus, the farmer who releases unplanted acreage gets credit for them in future allotments."

The latter is one of the provisions of the 1954 law which the Farm Bureau promoted.

Cadenhead stated that the released acreage that is planted elsewhere not only will help other farmers who want to plant cotton this year, but also will help to preserve the historical

Cadenhead Appeals to Farmers; Preserve Cotton Acreage Base

Hub Cadenhead, Farm Bureau president of Cochran County, is appealing to farmers to preserve their cotton acreage base of the county and the state.

Acreage must be released by May 21, 1954, in this county. Official premeasurement of all marketing quota crops will be offered. Farmers will have to pay the cost of this. However, it will save the expense of plowing up overplanted acreage or the loss from underplanting.

Church Will Add Steps On Corner

Plans were made Monday night by members of the Morton Church of Christ to place steps across the front of the church's lot extending from the street level up to the lawn.

Church Will Add Steps On Corner

Plans were made Monday night by members of the Morton Church of Christ to place steps across the front of the church's lot extending from the street level up to the lawn.

Jesse Brookshire Will Hold Revival

Jesse Brookshire, minister of the Morton Church of Christ, will leave Monday for Ralls where he will conduct a week-long revival beginning Monday and continuing through Sunday.

Nine Students Competing for Spelling Title

Nine Cochran County junior high school students were poised and ready this week . . . that is, all ready except for some last minute cramming, for the second annual County Spelling Contest.

Three students each from Morton, Bledsoe and Whiteface, will be reviewing their "Words of Champions" speller until the last possible moment next Saturday morning when they will toe the line at 10 a. m.

Billy Woods, Elsie Hammonds

and Jimmy Embry are the Morton students who will be attempting to win one of the top three trophies to be awarded by the Morton Lions, the Chamber of Commerce, and the Morton Jaycees. Gloria Medley, Dale Hall and Richard Houston will be carrying the Whiteface colors. Exa Kay Ainsworth, Patsy Webb and June Kennedy are the Bledsoe competitors. All will be trying for the top prize, a trip to Lubbock to compete in the district contest sponsored by the Lubbock Avalanche Journal. The winner there will go to Washington, D. C., to compete for national honors.

County Judge Fred Stockdale is in charge of the Morton competition Saturday. All words used will be from the above mentioned speller, for which each contestant is supposed to be supplied a copy.

Richard Houston is the only repeater from last year's contest, having competed as a 7th grader from Whiteface. Bledsoe had no entries last year.

Jackie Outlaw was the winner last year but missed out at Lubbock in the early rounds.

Assembly of God Is Sponsor of 'Faith' Film

A film hailed by the local Assembly of God Church as "the world's first Bible deliverance film," will be shown in the school auditorium, 7:30 p. m., on March 29.

Being shown without admission charge throughout the country, the film is not being shown in theatres. Everyone is invited to attend according to the Assembly of God Church, sponsor in Morton.

"Venture Into Faith," built around the evangelistic ministry of Rev. Oral Roberts, tells an absorbing story of the power of faith in God. The sound-color picture tells the story of Roberts' meetings all over the country in a portable "Tent Cathedral" he used.

It's the story of a couple about to lose their son to the ravages of tuberculosis. The wife has faith, the husband rejects religion in any form. When they attend Oral Roberts' meetings a change takes place furnishing the action of the story.

County Judge Fred Stockdale is in charge of the Morton competition Saturday. All words used will be from the above mentioned speller, for which each contestant is supposed to be supplied a copy.

Richard Houston is the only repeater from last year's contest, having competed as a 7th grader from Whiteface. Bledsoe had no entries last year.

Jackie Outlaw was the winner last year but missed out at Lubbock in the early rounds.

PLANS SET TO DRILL WILDCAT

A projected 5,000 foot wildcat for west-central Cochran County has been announced as the newest development in oil activity for this county.

Falcon Oil Company of Waco will attempt the wildcat just east of the New Mexico line, its No. 1, J. Y. Robb. Drilling with rotary tools are to start at once. Approximate location is two miles northeast of Bledsoe.

County Judge Fred Stockdale is in charge of the Morton competition Saturday. All words used will be from the above mentioned speller, for which each contestant is supposed to be supplied a copy.

Richard Houston is the only repeater from last year's contest, having competed as a 7th grader from Whiteface. Bledsoe had no entries last year.

Jackie Outlaw was the winner last year but missed out at Lubbock in the early rounds.

Return From Vacation Covering 11 States

Mr. and Mrs. Willard Cox returned home last Friday from an extended vacation during which time fishing and shopping highlighted a trip through several states and Cuba.

The couple was gone three weeks, visiting Oklahoma, Kentucky, Illinois, Tennessee, North and South Carolina, Georgia, Alabama, Louisiana, Mississippi and Florida. From Florida they made the trip by boat to Cuba.

According to Mrs. Cox, it was probably the bass fishing in Louisiana and the deep sea fishing off Florida that was the high point of the trip. Although, the fact that they took their time and shopped in the various states, provided another highlight.

Only Two Cases Are Settled

Only two of the cases set to be tried in criminal court here beginning Monday of this week were completed, both of them after the defendants switched to a late plea of guilty. Alfredo (Freddy) Morales was fined \$50, given a three-day jail sentence and 6 months suspension of his license for DWI. Baldo Martinez Jr., was fined \$10 on a liquor law violation. The other cases were continued for various reasons including an assault case in which the defendant's attorney moved to disqualify Judge Fred Stockdale as judge in that case.

Three Way Play Showing Tonight

"A Ready Made Family," a three act comedy featuring an all adult cast from Three Way schools, will play tonight at the County Auditorium under the sponsorship of the Morton Lions and the Three Way P-TA.

The play will get underway at 8 p. m., with proceeds to be shared by the Lions and the Three Way FFA Chapter.

Jaycees Planning Installation Fete

The "attendance boost" supplied two weeks ago by the appearance of State Jaycee president Tommy Cook in Morton, continued over at Monday's meeting as 18 Jaycees turned out to discuss a heavy program of activities.

Foremost in their mind was the coming installation of new officers and the subsequent installation banquet. A committee of Smiley Monroe, Marvin Doss and Eddie Irwin, was named to nominate new officer candidates.

Committees were also set up to plan the banquet as to menu, price, place, etc. Harold Drennan announced that Dr. Dossie Wiggins would be the principal speaker.

Also discussed was the coming State Convention and the membership campaign now underway which will conclude a week before the convention date.

Three invitations to attend other Jaycee installation banquets and one telegram announcing the Dallas Jaycee president as a candidate for State President, were read.

Plans were adopted to build a Little League Park and a committee was named to investigate the situation and report back to the club.

The group also continued effort for future meetings.

Jaycees Back 'Little League' Diamond Project

Morton will have a Little League ball park this year.

The Morton Jaycees, after a discussion at their Monday meeting, voted to see that a Little League park is constructed for competition this year.

The decision was prompted after reports were made that several interested businessmen and fathers had expressed hope a league park comparable to that of Muleshoe could be set up.

However, the Jaycee plans included only the construction of the park. The Jaycees are making no plans for sponsoring the league. A spokesman said Tuesday, the Jaycees feel that the fathers of the boys who will compete, the coaches and manager and sponsors of the teams should have their own meeting to arrange for the league, set up the program and get it going. The Jaycees function is just to see that the park is built.

As to the location of the park,

nothing is definite. Two locations were discussed. Some wanted it to be located at the County Park and wanted to approach the right officials from the angle that it would be an asset to the park. The objections were that the park might not have a big enough place available, could not be lighted in the future if such is wanted, and wouldn't have enough room for cars to park around or near the field.

Others wanted it located at

the site of the present softball diamond, perhaps deep in the outfield, facing toward the present diamond. The objections, a fence would keep crowds from parking around the other softball diamond, and the fence would also make baseball playing on the larger diamond absolutely impossible.

However, the Jaycees feel sure that all the problems can be ironed out to the best interests of everyone. Any businessmen

who would help in the park construction by financing a sign on a section of the outfield fence, are asked to contact Dexter Nebut, Bill Glassford, or any other Jaycee on the committee.

LEAVE FOR CALIFORNIA

Airman and Mrs. Lonnie Allsup left last Thursday for California where Allsup will embark for Japan. Mrs. Allsup plans to return to Morton.

Two Pledged To Social Fraternity
 Two Morton youths are included on the list of recent initiates to Texas Tech's eight social fraternities. As a climax of two "rush weeks" on the campus, 261 were pledged.

Rex Virgil Faulkner Jr. and Jack Don Russell were the Morton boys pledged to Pi Kappa Alpha according to a list released by Dean of Student Life, James G. Allen.

Senator Corbin's . . . REPORT FROM AUSTIN

AUSTIN, March 24.—State Senator Kilmer Corbin of Lubbock introduced a bill to stop the flow of state funds to Duval County until missing financial records of the county and two school districts are returned and audited.

Records of Duval County and the Benavides and San Diego School Districts have been under examination by State Auditor C. T. Stansell Jr., which followed by two hours the removal of District Judge C. Woodrow Laughlin by the Texas Supreme Court.

Corbin introduced the resolution just 24 hours before the resignation of Duval County Auditor C. T. Stansell Jr., which followed by two hours the removal of District Judge C. Woodrow Laughlin by the Texas Supreme Court.

Among the "irregularities" cited by Corbin were:

Unlawful payroll advances made to county employees; illegal transfers of constitutional funds in the sums of \$35,000, \$142,415 and \$141,500; checks signed in blank by the County Treasurer and County Auditor; the absence of evidence that fines or forfeitures have been accounted for by officials other than the Tax Assessor-Collector and District Clerk;

"A \$20,000 expenditure for which the County Auditor has not made a proper accounting; a report by handwriting analyst E. N. Martin that (1) the same person signed the name of both the County Auditor and the County Treasurer to various warrants, (2) many of these warrants were also endorsed by the County Auditor, and (3) the County Auditor issued numerous warrants in blank."

He also pointed out "affidavits by Jim Wells and Duval citizens that certain records of the Texas State Bank of Alice and the San Diego State Bank have been destroyed or misplaced, thus preventing a full and complete audit of county and school funds."

The resolution states that \$736,216.58 in state funds was disbursed to the San Diego and Benavides school districts in the years 1951-53, and that \$10,176.75 in other state monies was disbursed to Duval County in that time.

"The taxpayers of Texas cannot afford to continue to pour their money into private pockets in Duval County," Corbin said.

"All state allocations to the county ought to be withheld until we find out where all this money went, and we can only find out from the missing books. Somebody knows where they are."

edlines..

By Eddie Irwin

WE SINCERELY HOPE that our Grand Jury which will convene next month gives a little more support to the law enforcement officers than the one which was last in session.

we can not . . .

KNOW WHAT HAPPENED that so many no bills were brought in during the last Grand Jury session. But we do know that to whitewash person after person who is charged with a crime, is in effect to just ask for more crime in your community.

it's sorta . . .

LIKE THIS COMMUNISM deal. We have thousands of well-meaning citizens who bend over backwards so far to make sure that they give the Commies an even break, that they really aren't giving themselves an even break, we know now . . .

THAT THE STATE OF TEXAS has finally begun to see the need. Two bills have been introduced into our state legislature. One to provide for protection by making it unlawful to aid in the commission of any act which aims to overthrow the government, and another specifically outlawing the Communist party.

WE AREN'T TOO late. The same general idea should apply in these grand jury sessions. Everyone who is charged with a crime in which the law enforcement officers have supporting evidence, should stand trial. We must not confuse the issue and place the Grand Jury in the position where they believe they are trying the case. We will select a criminal jury to handle that chore. The grand jury has a duty to see to it that wherever the evidence warrants, the case is set for trial.

it's foolish . . .

TO THINK WE can get good men to serve in our offices, attract honest men to law enforcement positions and maintain our present laws without supporting the officers.

the past record . . .

CERTAINLY DOESN'T indicate the people of Cochran County have supported their officers.

the announcement . . .

THAT DR. Dossie Wiggins, former president of Texas Tech, will be the principal speaker at the Morton Junior Chamber of Commerce installation of officers this year, should be of general interest.

for anyone . . .

WHO REALLY is interested in the economic picture, Dr. Wiggins should be a pretty authoritative speaker, he's now Vice-President of the Citizen's National Bank of Lubbock. He'll no doubt have plenty of comments on the economic outlook as it affects the south Plains. We should have one of the largest crowds ever drawn to a local organizational banquet.

ALL THIS CAME out in the preliminary, first night, two-hour questioning. No telling what a couple of days of pondering the situation might bring to the surface. Pathetic is about the only word that really describes it.

we were . . .

PLEASED TO note this week that the L'Allegros cook books are selling well and that they will have another 90 books ready for sale within the next week.

we knew . . .

THEY'D SELL FAST. There's something about a collection of tried and true "homemade" recipes, that make them ten times as good as the recipe you ordinarily get out of a cook book you'd buy in a store.

we hope . . .

THE L'ALLEGROS will see fit, each year, to add maybe a 10 page supplement with some sort of a contest to award a prize for the best local recipe of the year. Would be a real hit to the girls in the community.

congratulations . . .

THIS WEEK, to the Three Way girl, Bonnie Battaes, who copped spelling honors in the Bailey County spelling contest. Makes the second year in a row for a Three Way student to win that event and, as if that weren't honor enough for the Morton trade area, the two little cities just across the line in Bailey County, took all three moneyed awards. An Enochs-Bula girl was second and a Three Way girl was third.

geographically . . .

Maple-ThreeWay-Goodland are in Bailey County as well as Enochs-Bula. But we still claim 'em as our people because they not only lie in our trade territory, but with the exception of a very few county seat directed events, they support our activities and we support theirs.

and their's . . .

SOMETHING ABOUT neighborhood support in all things that transcend county lines and legal barriers. Under the prevailing situation we always try to see to it that any major event in which schools are asked to participate is never called a Cochran County show but is made clearly an area-wide event.

it would be . . .

WELL IF ALL our people did the same. Our softball league was never better than when Enochs, Bula and Three Way competed, and even the group of Eastern New Mexico softballers. Our Fat Stock shows are always better if all the area youth are

allowed to compete here, instead of making the Three Way and Bula and other area youths compete at Muleshoe. Here in Morton a local club is sponsoring a play put on by Three Way, tonight.

each year . . .

MORTON MERCHANTS help out the various schools in their bake sales, annuals, school papers, sporting events, etc. We have a situation here that is totally unlike that found in most counties.

"The Last Frontier" area is distinguishable only by its ever-generous and neighborly people. Go in any direction from Morton until they cease to be that way, and you've reached the end of "The Last Frontier."

it was a . . .

PATHETIC SIGHT that trouped into the Sheriff's Office here Friday night, a worldly young 17-year-old girl, claiming to have been married three times, claiming to be the mother of twin three-year-old boys, boasting that she had run off to be married at the age of 14 and that none of her family wanted to have anything to do with her.

maintaining . . .

THROUGH an almost untruffled

courtenance that she hadn't done anything wrong, that she had a certificate to prove it but "thought" she was married to the man with whom she was resting.

telling . . .

A STORY that only in a few places tallied with the one offered by her 27-year-old companion.

alternately . . .

PRETENDING to be someone about what would happen to her friend and assuring that law enforcement officers that she would go get a job and help pay fine if he was in any trouble.

and then . . .

WHEN THE FULL reality that everything would be laid out dawned upon her, she broke down in tears of bitterness and relief.

Just a scared . . .

SEVENTEEN year old probably too far into trouble to be steered back to the right direction. And the reason is a more plausible than some of her mother died when she was a child, her father was committed to a state mental institution.

of course . . .

3-Way News . . .

By MRS. FRANK GRIFFITH (Intended for last week)

DAUGHTER FOR REEVES'
 Mr. and Mrs. James Reeves of Portales are the parents of a daughter born March 7. The paternal grandparents are Mr. and Mrs. Leon Reeves of Goodland.

Gail Ann was ill last week.

Rev. and Mrs. Clyde Coffman and children visited relatives at Alamogordo last week.

WINS TOP PRIZE
 Howard Pollard won the grand champion prize with his hogs at the 4-H and FFA show at Muleshoe last week. Howard is a member of the Three Way FFA Chapter.

Mr. and Mrs. Troy Wilkerson visited in the Reeves home Sunday.

Cecil Cole made a business trip to Lubbock last Thursday.

The regular monthly meeting of the PTA was postponed for a week due to the death of Mrs. Fort.

Mr. and Mrs. M. L. Carpenter recently attended funeral services for Mrs. Carpenter's sister-in-law in Decatur, Texas.

The home of Mr. and Mrs. Newel Carpenter was recently destroyed by fire. Everything in the house was saved except the kitchen fixtures.

Miss Louise Carter was on the sick list the first of the week.

Mr. and Mrs. Glenn Williams visited friends at Friona Monday.

Mr. and Mrs. Harold Carpenter are away on a fishing trip.

OTHER EXAMS
 The United States Civil Service Commission has announced a Meteorological Aid examination for positions with the United States Weather Bureau and various other Federal agencies located in Washington, D. C., throughout the United States, and in Alaska, Puerto Rico, the Virgin Islands, the Hawaiian Islands, and in various other Pacific Islands and in foreign countries. The salaries are \$2,950 to \$3,410 a year.

A written test will be given. Applicants must have had appropriate education or experience. Further information including instructions on how to apply and application forms, may be secured from the Commission's Examiner in Charge, or B. R. Proctor, located at the Post Office, or from the U. S. Civil Service Commission, Washington, 25 D.C. Applications will be accepted until further notice.

New Regulations on the SPACING OF IRRIGATION WELLS

Effective Feb. 9, 1954, as adopted by all 13 counties of the High Plains Underground Water Conservation District No. 1.

RULE 4 — SPACING OF NEW WELLS

(a) Wells to be drilled after the effective date of these rules shall be spaced as follows:

A well to be equipped with a 4-inch or smaller pump shall be located at least 200 yards from the nearest existing well; a well to be equipped with a 5-inch pump shall be located at least 250 yards from the nearest existing well; a well to be equipped with a 6-inch pump shall be located at least 300 yards from the nearest existing well; a well to be equipped with an 8-inch pump shall be located at least 400 yards from the nearest existing well.

SIZE OF PUMP (Inside Diameter of Column Pipe)	MINIMUM DISTANCE FROM NEAREST WELL
4-inch or smaller pump	Minimum distance: 200
5-inch pump	Minimum distance: 250
6-inch pump	Minimum distance: 300
8-inch pump	Minimum distance: 400

(b) A special permit shall be applied for when the applicant desires to use larger than an 8-inch pump. Such special permit may be granted if the applicant shows that such operation will not unreasonably or materially increase the drawdown of the water table, cause waste, or cause confiscation of property.

For Further Details See

COUNTY AGENT

By HOMER E. THOMPSON
4-H Tractor Maintenance Program: "Care Not Repair."

tenance Program to the extent that the county planning committee has worked out a real training school.

The item "Care Not Repair" describes the public relations value of the program to the 57,000 implement dealers. It also makes clear that the program is designed to teach care, not repair and therefore, does not compete with the dealers own service and repair program.

Safety and care of tractors is taught to the adult leaders and larger 4-H boys; so they can impart their learnings to the younger 4-H boys in the county. Tractor and machinery safety cannot be over-emphasized. The number of tractor accidents points out that there is a constant need

for more careful operation of machinery. According to the National Safety Council, a tractor and farm machinery accident occurs once every 19 seconds on our nation's farms.

Safety is taught as a subject in tractor maintenance 4-H Club program. 1954 marks the 10th year of this program.

These county committees prove very effective in team work, and in selection of leaders in the programs development.

For Cochran County, several leaders have been developed over the past four years by attending the District three-day school put on at Texas Tech.

This year the leaders are: Hub Cadenhead, Gehrome Holloway, John Gunter and all the implement dealers locally will work together to put on at least three programs on Saturdays between now and May 1. May 1 is the district contest date for tractor and safety teams competition at Texas Tech.

The county agent is busy with the 4-H Club boys—working out and training them into three different teams for the District Elimination Contest. The teams are entomology, rifle marksmanship and safety, and land judging. Forty-two boys from Morton 4-H Clubs alone are entered in the three contests. There will be over 100 entries. I predict in these contests within the next 10 days.

A Cochran County leadership recreation training laboratory is scheduled for Monday, Tuesday and Wednesday evenings, April 5, 6 and 7 in the banquet room, Agricultural Building, Morton, from 6:30 p.m. to 9:30 p.m. About 40 is the minimum to attend this training meeting—about 10 4-H Club boys, 10 4-H Club girls and 10 adult leaders will attend this recreation school. These folks will represent all the 4-H Clubs of Cochran County. Those able to attend will become leaders to train all the other 4-H boys and girls in the county in community and county wide programs following this training. The purpose of this program is to develop leadership and recreational training. It does adults just as much good as it does the younger folks. The leaders, boys and girls who will attend the three evenings training April 5, 6 and 7 will be announced later. On Wednesday, March 24, 1 to 3:30 p.m. in the banquet room, Agricultural Building, Morton, there will be an irrigation meet-

Shelia Aikey Has Birthday Party

Shelia Aikey was honored with a party on her seventh birthday by her mother, Mrs. Wayne Aikey, in their home on NW 4th St.

Several games were played and favors and prizes were awarded.

The birthday cake, made in the shape of a doll with a full skirt, was served with ice cream and pop to Margaret, Betty and Charles Ledbetter, Brenda Cole, Gaylene Weed, Linda Hawkins, J. L. and Jean Lemons, Mike and Sharon Irwin, Larry Miller, Mary Kate Miller, Vickie Doss, Terry Pace, Pamela Reynolds and Douglas Scott.

HOME FOR VISIT

Melvin Yarbrough of Rocky Ford, Colo., recently spent a weekend in Morton visiting his mother, Mrs. Bea Yarbrough.

ing on water well development and surging of wells by Ivan D. Woods, Washington, D.C. Mr. Woods is an outstanding authority on underground water wells for irrigation in the United States. He would like for the farmers, pump dealers, and well drillers to attend.

Mr. Woods will discuss any subject you may care to ask on any irrigation well problem. He will discuss the principles and practical methods of developing water wells, analysis of sand and gravel, importance of perforating casing properly, artificial gravel packed wells, increasing intake area of wells, developing sand wells with surge plungers, what to look for in operating a surge plunger, and precautions in using this system, water sand and gravel formations, in wells, the kind of well that often cause trouble, taking of water sand samples, back washing, acidizing and dynamiting wells and fitting the size pump and power to the well. Just ask him whatever you wish. He is qualified to cover the subject. Don't forget Wednesday, March 24, from 1 to 3:30 p.m.

CHEVROLET

What you want most

gives you first!

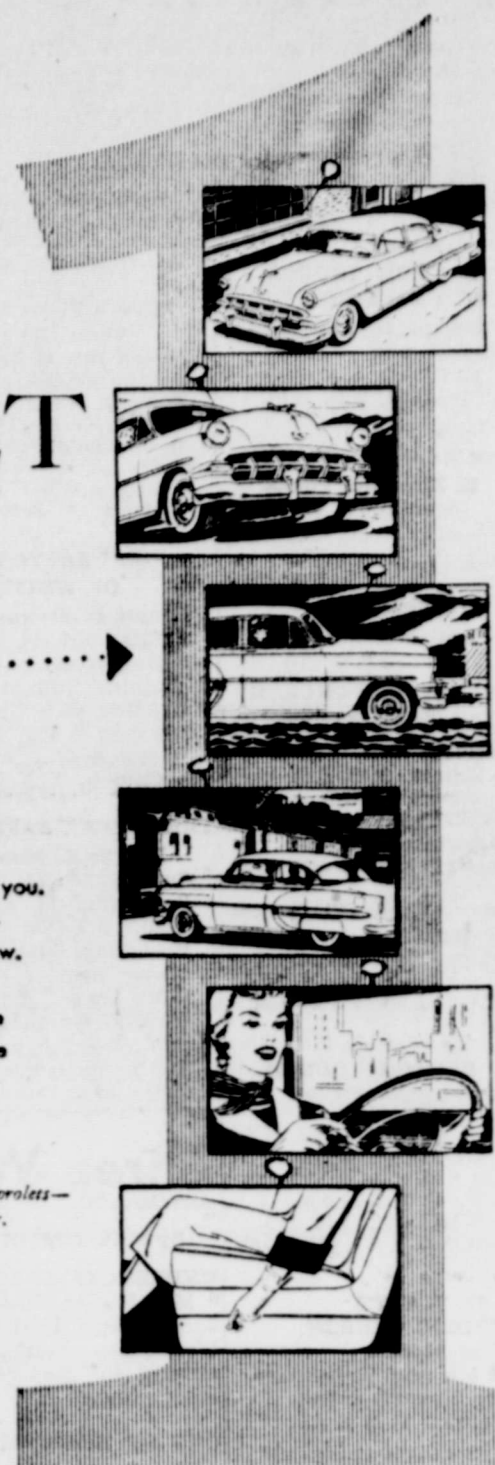

This year, again, Chevrolet is out ahead of the other low-priced cars in the things that mean more pleasure and satisfaction for you. And yet Chevrolet costs the least—no other line of cars is priced so low. So why go hundreds of dollars higher when you can have all these things you want in Chevrolet? Come in and let us show you the kind of facts and figures you like to see!

*That explains why more people buy Chevrolets—and want Chevrolets—than any other car.

ALLSUP CHEVROLET CO.

113 E. Washington MORTON Phone 3361

Out ahead with that bigger, lower look Chevrolet is the only low-priced car that has body by Fisher with that big, smooth, low-slung look.

Out ahead with the highest-compression overhead valve engines Chevrolet's more powerful valve-in-head engines have the highest compression ratio of any leading low-priced car!

Out ahead with that smooth and solid big-car ride Chevrolet's the only low-priced car with Unitized Knee-Action—one reason for its finer road-smoothing, road-hungry ride.

Out ahead with bigger brakes for greater safety Chevrolet brakes are the largest in the low-price field for smoother, safer stops with less pedal pressure.

Out ahead with zippy, thrifty Powerglide It's the first automatic transmission in the low-price field and the most improved and advanced! Optional on all models at extra cost.

Out ahead with automatic power controls Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as extra-cost options.

Three Way News...

By MRS. FRANK GRIFFITH
JUNIOR CLASS GIVES 3-ACT MYSTERY
 The Three Way Junior Class presented a mystery-comedy in three acts entitled, "Finders Creepers" Friday evening, March 19, in the school gym.
 Mrs. Jimmie Jenkins, the class sponsor, directed the play.
 Ray's Hardware of Morton supplied the furniture for the stage setting.
 The cast and their sponsor worked hard to present the play on schedule. The receipts totaled \$36 and this money will be used to finance the Junior-Senior banquet.

DINNER GUESTS
 Mr. and Mrs. C. T. Cunningham and daughter Frances of Plainview visited the Clyde Coffmans over the weekend. Mrs. Cunningham is the former Sylvia Coffman.

BIRTHDAY DINNER FOR MRS. HAZEL CARPENTER
 Mrs. Hazel Carpenter was honored with a birthday dinner Sunday in the home of her parents, Mr. and Mrs. J. M. Phillips.
 Guests attending were Mr. and Mrs. O. F. Phillips and children of Springlake, Mr. and Mrs. M. E. Phillips of Hart, Mr. and Mrs. Howard Julian and Eddie of Lamesa, Mr. and Mrs. Lloyd Pollard and boys of Enochs, Mr. and Mrs. E. W. Kelton of Muleshoe, Janette and Sam Cunningham, Eva Dell, Bonnie and Hazel Carpenter, Brenda Griffith and Bonnie Battise.

HOME FOR VISIT
 Mr. and Mrs. L. D. Sanderson Jr. and Miss Bernice Sanderson, all of Roswell, visited their parents, the L. D. Sandersons Sr., Sunday.

ORBY PHILLIPS GUESTS
 Guests in the Orby Phillips home Sunday were her parents, Mr. and Mrs. Bill, Rev. and Mrs. Frank Booth and Rev. and Mrs. Clyde Coffman and children.

SISTERS GET TOGETHER
 Mr. and Mrs. Lester Lancaster and family of Blackwell, Texas, and Mr. and Mrs. Russell Smith of Wingate visited the Zernory Boozers over the weekend.
 Mrs. Lancaster and Mrs. Smith are Mrs. Boozers' sisters.

MRS. EUBANKS IS 3-WAY P-TA PRES.
 The Three Way P-TA met Monday evening with Mrs. Cass Stegall presiding.
 Officers for the coming year were elected during the business meeting. Mrs. Eubanks was elected president; Mrs. Frank Griffith, Mrs. W. T. Parker and Mrs. Baker Johnson were elected 1st, 2nd and 3rd vice-president; Mrs. Irby Smith, secretary, and Mrs. John Shackelford, treasurer.
 Ray Crowford reported to the group that a table saw for the FFA workshop had been ordered and was to be delivered any day. The P-TA is buying the saw for the shop.

ELEMENTARY GRADES PRESENT OPERETTA
 An operetta "Hansel and Gretel," was presented by the Elementary grades under the direction of Mrs. Pruitt and Mr. Allen.
 Refreshments of cake and coffee were served during the social hour.
 Hicks Chapel Baptist Church reported an attendance of 60 people Sunday morning.

Seen' ... Readin' and Believin'

That's why more and more progressive merchants are turning exclusively to newspaper advertising.

Last year alone the "up-and-at-'em" merchants of our country spent \$2,655,500,000 in newspapers in promoting their products—twice as much as was spent in any other medium.*

Why? 'Cause they know that all business is local... and so are most newspapers.

Morton Tribune

Two family cars are better than One!

Over 400,000 families own two Fords and enjoy all the practical advantages and conveniences of two quality cars at costs not too much different than those of one expensive car. Yet in feature after feature Ford duplicates these expensive cars... as thousands know who have already joined the 2-Ford family fold.

Just think!... for the price you pay for just one car of some makes you can have two 1954 Fords. Whether you choose the new I-block Six or Y-block V-8, you get the last word in high-compression, low-friction power. And you get the greatest advance in chassis design in 20 years—new Ball-Joint Front Suspension. In Ford you get a new Astra-Dial control panel too, Center-Fill Fueling, suspended clutch and brake pedals and a hull-tight Crestmark body, all exclusive with Ford in the low-price field. With this host of fine car features and many more, Ford offers you a car that's worth more when you buy it... more when you sell it.

'54 Ford

 Tired of plain green beans—home canned or commercial ones? Let's dress them up like the 4-H Club girls are doing this

Fashions Hit the Road

FASHION SHOWS staged for mixed farm audiences and factory workers figure importantly in the unique merchandising methods of an Allentown, Pennsylvania, department store. Owner Max Hess, Jr., attributes record sales to this truck-borne pitch for business.

PATRONS ARE hardly limited to those impressed at shows. Tots accompany parents, enjoy kiddy car races while mom and dad shop.

SMART BRIDAL salon in Allentown store is typical of numerous services offered. Store sales to all others in U. S. communities under 200,000.

ADDITION to giving portability to the firm's fashion shows, motor trucks provide vital link between store and its Lehigh Valley customers. Delivery scene with housewife, driver and International truck shows important role played in merchandising operation.

month.

Mary Ruth Coon gave a method demonstration to the 5th and 6th Grade Club on "Cheese Sauce." This was the first time Mary Ruth had been asked to show a large group of girls how to cook something.

The school room is not the most convenient place for cooking either. But with the teacher's desk as work surface and an electric hot plate, Mary Ruth did a nice job with the demonstration.

Barbara Waltrip and her mother gave the same cheese sauce demonstration to the Famuller 4-H Club and the Morton 7th and 8th grade club. The cheese sauce was served hot over hot drained green beans and on a cracker to get the full flavor of the sauce. Both girls found that making

a smooth sauce is easy and simple if a good recipe is followed. They used standard measuring equipment and followed directions very carefully.

Barbara and Mary Ruth would like to share the Cheese Sauce Recipe with you.

Cheese Sauce: 4 tablespoons fat, 4 tablespoons flour, 2 cups milk, 1/2 teaspoon salt, 1/2 pound cheese, shaved thin (2 cups). Melt the fat, blend in the flour. Add cold milk and salt. Heat and stir until thickened. Add the cheese. Stir until it melts.

Serve over bread or toast slices... boiled rice, hominy grits, macaroni, spaghetti, boiled potatoes, cabbage, asparagus, onions, cauliflower, or broccoli.

baked potato, green beans, cheese sauce, relish plate, hot rolls, strawberry shortcake, coffee or milk.

Now get the good from every piece—waste no cheese. Use every little bit. Cut off only as much as you need each time, then store the rest tightly wrapped in paper or clean cloth. Use promptly before the cheese dries out. Cheese may mold without spoiling. If it does, cut off the mold and use the rest.

To Relieve Memory of COLDS take 666
 LIQUID OR TABLETS—SAME BEST RESULTS

Go easy with the heat when you cook cheese. That way the cheese melts completely and spreads good cheese flavor thru the whole dish. Cooked too quickly, cheese gets tough and stringy.

To speed up the melting and blending of cheese, get it into small pieces before you heat it. Break it—grate it—shave it thin. When possible, mix the cheese into a sauce before adding it to other ingredients.

Washington Represented

By **LYNDON B. JOHNSON**
FARM INCOME: Almost everybody knows farm income in 1953 was lower in 1953 than farm income in 1952. Individual farmers in Texas are sharply aware of that fact.

In the Nation, farmers last year retained as net income the smallest percentage of their realized gross income that they have retained in any year since 1932.

FORM SPENDING: What the farmer spends in his operations is mighty important to the national economy—to all of us. The farmer is a good customer. Last year he spent 14.2 cents of every dollar spent at retail in the United States.

The farmer in 1953 spent about \$1.9 billion dollars for goods and services of all kinds. Here is where some of it went: \$3.4 billion for food; \$2 billion for furniture, appliances and household operation; \$2.1 billion for buildings and repairs to buildings; \$1.5 billion for clothing; \$3.2 billion for machinery, including automobiles; \$3 billion for gas, oil and upkeep of equipment; \$4 billion for feed; \$1.6 billion for livestock; \$1.2 billion for fertilizers and lime.

CONCERNS ALL: Those figures show why it is just plain good sense for everybody to be worried when the farmer's income goes down. If it goes down and stays down, everybody is in trouble.

That is why we must make sure new farm legislation does not pull the economic rug out from under the farmer. That would be bad for all of us.

WATER: "We must store up water or starve."
 That is what a Texas friend recently wrote me. He is completely right.

One part of the solution for our water problem lies in upstream water control projects all over Texas. I mean such projects as that in the Brady Creek watershed, where it is proposed to build 47 water-retarding structures.

I was glad to go before a House Appropriations Subcommittee recently, along with a group of West Texans, to urge that money be made available to finish this authorized project in four years.

NEWS BRIEFS: Rode down to Miami Beach with Senator Dick Russell of Georgia and Senator Smathers of Florida for the meeting of Southern Democrats.

Raleigh Mull of San Antonio, Railroad Man of the Year, came by to see me. Miss Fleur Walton, Abilene High School teacher, is in Washington on a Ford Foundation Fellowship to observe workings of the Government. Her father, W. Truett Walton, is vice president and dean of students at Hardin-Simmons University. My old friend, W. R. Wortham Sr. of Paris was a most welcome visitor. Lady Bird and I gave a luncheon for East Texans here to tell a Senate group about the merits of Ferrell's Bridge Project, near Jefferson. Dr. Paul L. Boynton, president of Stephen F. Austin State College, Nacogdoches, visited the office. It is inspiring to know that Thomas E. Murphy, one of the five atomic energy commissioners, starts every day by going to his church and kneeling to pray for peace.

Gov. Shivers Buys First Easter Seals

DALLAS—The burdensome job of running the affairs of state was forgotten for a few minutes when Governor Allan Shivers lifted a smiling, brown-eyed little girl to his knee. Five-year-old Karen Albrecht of San Antonio, the National Easter Seal Child called on the Governor to ask him to buy the first sheet of Seals in the 21st annual Easter Seal Campaign which begins today.

Karen, victim of cerebral palsy due to a birth injury, was selected to represent the thousands of crippled children who have been aided by the Easter Seal Societies. Her face will appear on billboards, car cards, in newspapers and on television during the 30-day appeal.

One of four children, Karen is the daughter of Mr. and Mrs. H. H. Albrecht, and regularly attends the San Antonio Cerebral Palsy and Crippled Children's Center where a staff of specialists are training her to walk with the aid of braces and crutches. The San Antonio center is only one of 23 such facilities over the state supported by Easter Seal dollars.

During the campaign over a million letters carrying the Easter Seal message will be mailed to home throughout Texas. Organized in 1921, the Easter Seal Society is a nationwide federation of more than 1,200 state and local affiliates in the 48 states, District of Columbia, Alaska, Hawaii and Puerto Rico.

IT'S OUR PROBLEM TO SOLVE

Muleshoe has again scooped us in a progressive step that could go a long way toward helping our juvenile problem.

The Bailey County seat town that not so long ago was no larger and no more progressive than Morton, has taken huge strides in the past few years. Not only has it passed Morton in population increase, but the ideas being carried out there, by a group of progressive businessmen and farmers, through several very active organizations, are paying off in lessening the blows that would necessarily accompany a business recession.

The latest idea, not a fly-by-night scheme, but the result of careful planning, is a Little League baseball park that will provide a supervised summer athletic program for boys of two different age groups.

The Little League park, built especially to smaller specifications, will be the home of a Little League (7 to 12 year olds) and a Pony League (12-18 year olds). They may even have another American Legion Junior ball team.

We played some Little League ball in Morton last year. Not only did it help some 100 or so youngsters find wholesome recreation, before the season was over, the crowds attending the free twilight games began to develop a great deal of interest.

But to play the game on a national scale, according to the specified rules, the kids must have a diamond laid out to certain specifications and the league must be run according to Hoyle. It's not too late to do the same thing here in Morton. It won't require a lot of money. Mostly, it requires effort on the part of the dads.

We should erect a permanent or portable screen or fence at the softball park. We should have five times as many dads offering to help, than would lend a hand last year. We should have fathers offering to handle all the tasks so necessary to an efficiently run league.

As is the case in every project we ever heard of, carried on for the specific benefit of the kids of the community, money won't buy it. It's one of those things that is bought by a genuine desire to accomplish the job. Effort is always the most important ingredient. If we have a desire to provide recreation for these youngsters; if we want to see them get interested in something at home; if we want an inexpensive recreation . . . that is, inexpensive for the huge number of people it would serve, here's a chance to provide it.

And while we're on the subject. With all the little gestures of help that have been offered to solve a problem that plagues more and more communities every day, our juveniles, it's high time we quit expecting someone else to do the job. If the dads won't get the job done, maybe the women's clubs around town could provide the answer.

The point is, it's not a one club project. Just as it isn't the job of law enforcement officers to see that kids stay out of trouble. It's time we all pitched in together, like we did on the Christmas program, formed a committee of citizens who will get the job done, and provide an overall recreation program for the summer months.

Mrs. Charlie Sanders Is H. D. Hostess

The Lehman H. D. Club met in the home of Mrs. Charlie Sanders on Wed., March 17, at 2 p.m.

The president presided over the business meeting. Roll call was answered and minutes of last meeting read and approved. New business on the agenda was a bake sale which was held March 20th.

Mrs. F. L. Fred gave a council report.

Mrs. S. E. Bratton and Mrs. Roy Rogers were in charge of the program, "Simplifying a Job."

The recreation hour was under the direction of Mrs. Arvel Snodgrass and Mrs. Roy Rogers.

A refreshment plate was served by the hostess to seven members.

The next meeting will be in the home of Mr. Roy Rogers.

VISITORS FROM CLOVIS

Mr. and Mrs. Cleo Huggins and girls from Haskell, Tex., and Mr. and Mrs. Bob Pemberton and girls of Clovis, N. Mex., recently visited in the J. W. Pond home.

DAUGHTER ILL

Mr. and Mrs. H. C. Tapp are spending this week with their daughter, Mrs. Bob Bacon in Midriff, Tex., who is ill with mumps.

VISIT OLD FRIENDS

Mr. and Mrs. Marvin Swanner of Floydada visited recently in the Charlie Sanders' home. The Swanners are former Mortonites.

VISITS DAUGHTER

Mrs. Bea Yarbrough returned recently from a three weeks visit with her daughter and husband, Mr. and Mrs. George D. Holland in Monroe, La. Mrs. Yarbrough also attended a Comella show in Shreveport and returned by way of Ft. Worth and Dallas where she visited relatives.

The self-propelled torpedo, major offensive weapon of the submarine, was invented in 1866.

LIBRARIANS NEEDED

The United States Civil Service Commission announces that there is still a need for librarians in various Federal agencies in Washington, D.C., and vicinity for positions paying entrance salaries of \$3,410 a year.

Applicants are required to take a written test and must have completed (a) a full 4-year college course which included at least 30 semester hours of study in library science; or (b) 4 years of progressive experience in library work; or (c) 1 full year of professional library training in a library school plus 3 years of college study or 3 years of progressive experience in library work.

Further information and application forms may be obtained from the Commission's Examiner in Charge, or E. R. Proctor, located at the Post Office or from the U. S. Civil Service Commission, Washington 25, D.C. Applications will be accepted by the Commission in Washington until further notice.

Muscular Pains Relieved In Few Minutes
With Doctor's External Prescription
Make This 24 Hr. Test

Use MUSCLE-RUB for those tired, aching all-over muscular pains. MUSCLE-RUB gives fast, soothing relief from all nagging pains and aches. Apply MUSCLE-RUB gently on sore, aching spots, and enjoy that instant soothing warm relief that thousands of MUSCLE-RUB users have known and praised for years.
No internal dosing. No waiting. MUSCLE-RUB differs from old-fashioned liniments and rubs. Leaves no unpleasant odor. To get safe, quick relief, simply apply this pleasantly scented liquid EXTERNALLY wherever you feel pain — limbs, joints, shoulders, neck, back. Note how much more comfortable you feel all day, how many hours of restful sleep you get at night.
Don't be unprepared when pain strikes. Keep a bottle of MUSCLE-RUB handy at all times.

Money Back Guarantee
Get Muscle-Rub today from your Druggist. Use half the bottle. If you are not delighted with results, return what's left to your Druggist, who will cheerfully refund your money. Regular size bottle \$1.25. You save when buying the large Economy \$2.25 size.

Muscle-Rub At Your Drug Store

Students Invited To Muleshoe's Guidance Day

The third annual Education for Citizenship Day, a program for vocational guidance, will be held in Muleshoe on Thursday, April 8. Leading educators from four west Texas and eastern New Mexico colleges and universities will spend the day working with business and civic leaders in giving counsel and advice to some 500 Juniors and Seniors in this area of the South Plains.

Working with the Muleshoe school system, the local Chamber of Commerce has drafted a program that has won the support and cooperation of both high school and college officials. West Texas State College, Canyon; Texas Tech, Lubbock; Wayland College, Plainview; and Eastern New Mexico University, Portales, N. M., are all sending faculty representatives to confer with high school juniors and seniors from Bovina, Friona, Lubbudie, Springlake, Sudan, Bula, Morton, Three Way and Muleshoe. Local businessmen, West Texas Chamber of Commerce representatives, the United States Air Force and United States Navy are also participating in this program that has a threefold purpose.

The first objective is to afford high school juniors and seniors the opportunity of conferring with representatives of colleges they plan to attend after graduation, second to strengthen and emphasize the principles and ideas of citizenship in young people, and third, to present vocational counseling that will aid them in preparing for the profession or vocation they plan to follow.

Inspirational addresses will stress democratic ideals and individual responsibilities. Dr. G. E. Giesecke, vice president in charge of academic administration at Texas Tech, will speak on the "Responsibilities of Good Citizenship" and Marshall Formby of the Texas State Highway Commission, will address the 500 students on "Private Enterprise."

The day long program will be dotted with entertainment, featuring talent from the various colleges. Typical of the authorities to be used as vocational counselors is Dr. N. C. Fine, dean of Agriculture at Texas Tech, and Dr. Emmett Smith of West Texas State College, who will counsel with the students planning to enter the teaching profession.

American submarines are, in general, named after fish.

The first ship to have a plane land on deck was the USS Pennsylvania in 1911.

DRAMATIC SCENE above is taken from the film, "Venture Into Faith," which will be shown here in cooperation with the Assembly of God Church, Monday night, at the school auditorium. Public is invited. No admission charge.

LET YOUR CONGRESSMAN KNOW HOW YOU FEEL . . .

(We believe the idea behind two bills introduced to the Texas State Legislature is very important. We believe that the senators and representatives would want to know how you feel. Read the bill reprinted here and then, next week, read the other. If you think the idea is good, contact your congressman and urge passage of the bill.)

A BILL To Be Entitled

An Act finding a Communist conspiracy in existence committed to the overthrow of the government of the United States and of this State by force or violence, constituting a clear and present danger thereto; declaring the Communist Party of the United States, including its local components in Texas, illegal; depriving it of all rights, privileges, and immunities otherwise incident thereto; providing for forfeiture of property to the State and procedure for recovery thereof; making membership in, or participation in the violent overthrow activities of such party a felony; providing a penalty; providing for severance of the Act in even of invalidity of any part; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Upon evidence and proof already presented before this Legislature, Congress, the Courts of this State, and the Courts of the United States, it is here now found and declared to be a fact that there exists an international Communist conspiracy to overthrow of the government of the United States and of the several States, including that of the State of Texas, by

force or violence, such conspiracy including the Communist Party of the United States, its local components in Texas, and the members thereof, and that such conspiracy constitutes a clear and present danger to the government of the United States and of this State.
Sec. 2. The Communist Party of the United States, together with its local component organizations in Texas, no matter under what name known, is hereby declared illegal and not entitled to any rights, privileges, or immunities attendant upon bodies created under the jurisdiction of the State of Texas or any political subdivision thereof, and any such rights, privileges, and immunities heretofore granted to such party are hereby terminated. Any property belonging to such organization shall be forfeited to the State of Texas, to escheat to the State as in the case of a person dying without heirs, to be recovered in a proceeding brought in a court of competent jurisdiction by the Attorney General of Texas.
Sec. 3. Whoever shall knowingly be a member of the Communist Party of the United States or any local component thereof in Texas, no matter under what name known, or whoever shall knowingly participate in the activities of such Communist Party designed to further the overthrow of the government of the United States or of this State by force or violence, shall be guilty of a felony, and upon conviction thereof shall be fined not more than Twenty Thousand Dollars (\$20,000.00) or imprisoned in the State Penitentiary not less than one (1) year nor more than twenty (20) years, or may be both so fined and imprisoned.

Sec. 4. If any section or part whatever of this Act, or the application thereof to any person or circumstance, should be held for any reason to be invalid, such invalidity shall not affect or invalidate any portion of the remainder of this Act, and it is hereby declared that such remaining portions would have been enacted in any event.

Sec. 5. The fact that the Communist Party constitutes a clear and present danger to our State and Federal governments creates an emergency and an imperative public necessity that the constitution rule requiring bills to be read on three several days in each House be suspended, and said rule is hereby suspended, and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

Texas Program Heads Study Club Meeting

Mrs. J. B. Knox was hostess to the regular meeting of the 1936 Study Club, Wednesday, March 3.

The president, Mrs. James St. Clair, presided over the business meeting which was followed by a Texas Day program with the following speakers:

Mrs. Hume Russell, speaking on "Texas Tales and Anecdotes;" Mrs. E. L. Willis, on "Legends of Texas Flowers;" and Mrs. P. B. Ramby on "Indian Myths of Texas."

Refreshments were served to the following 23 members and one guest: Mesdames D. E. Benham, Joe Gipson, Mary Gowdy, W. R. Hatcher, L. F. Hargrove, H. S. Hawkins, Scott Hawkins, J. D. Hawthorne, Pegues Houston, Gage Knox, M. C. Ledbetter, E. A. Miller, Lloyd Miller, Albert Morrow, J. B. Nicewarner, E. L. Miller, Lem Chesher, Neal Rose, Russell, St. Clair and Willis, and the guest, Mrs. E. Greer.

Rehearsals Going For Junior Play

Rehearsals are in session for the Junior Class play, "Me and My Shadow," a 3-act comedy under the direction of Rex Faulk-

ner and Miss Jackson, class sponsors.

The play will be presented in the County Auditorium, April 12, at 8 p.m. Advance sale of reserved seat tickets will be 75

cents. General admission is 50 cents for adults and high school students and 35 cents for children.

Cast of the play will be announced next week.

WEEKEND GUESTS

Mr. and Mrs. Darold Roberson and daughter Denise, were weekend guests of her parents, Mr. and Mrs. John Tyson and family of Morton Route.

C. A. Williams' Feted On 50th Anniversary

Mr. and Mrs. C. A. Williams were surprised with a 20th wedding anniversary party March 13, in their home at Bula.

A lovely array of gifts were presented to the couple from friends who called.

Those present included Allen, Juanell, Demel, David and Barbara, children of the couple.

Refreshments of pecan pie and coffee were served to Messrs. and Mesdames Tidwell and Glenda, Jim Fuson and Buddy, Carl Burns, Patsy and Mother Burns, and S. A. Williams, all of Bula, and Mr. and Mrs. Jack Swanner and children of Plain-

view, Mr. and Mrs. Lowell Walden and Delvin and Mr. and Mrs. Duke Powell of Spade, Mr. and Mrs. W. C. Hendricks, Clydean, Jennie and Margie of Rowell, Mr. and Mrs. Sammie Williams, Mr. Billie Cooper and Jeanette, Dolores Stevenson and Shirley Williams of Morton.

Water District Sponsor 'Life Saving' Program

One of the major projects of the High Plains Underground Water Conservation District for 1954 is concerned with the preservation of human life.

This year the District, which includes Cochran County, will sponsor a drive designed to promote a movement on the part of the property owners to fill or cap as prescribed by law, all the old abandoned holes which potentially are killers in their own right.

Manager Tom McFarland says that a recent survey throughout the Plains are revealed an average of about three uncovered open holes per section of land. He says, also, that a number of partially covered holes were discovered in the survey.

McFarland says it is the specific duty of each property owner to fill or properly cap such holes—it is the moral obligation of each citizen to call to the attention of the land owner or the Water District every open hole known to exist in the Plains. "What if your child were to fall into one of those holes?" he said. "The child would have little chance to survive."

The District's project theme is "A Little Life Is Worth More than a Little Time." Educational programs, sponsored by the District and conducted throughout the area by McFarland, will be designed to enlighten the public on the importance of this life saving program.

The filling and capping of the old abandoned wells will not only save the lives of children, but will reduce water pollution and livestock accidents, McFarland said.

McFarland referred to Rule 5 of the High Plains Rules and Regulations which concerns the covering or filling of old wells. This rule applies to all property owners in the 19 High Plains counties actively participating in the District activities. The rule says in effect, that "Immediately upon completion of a replacement well, the old well shall be filled and abandoned; properly equipped in such manner that it cannot produce more than 100,000 gallons of water a day; or without exception, closed to comply with Article 1721 of the Penal Code passed by the 51st Legislature. Violation of such offense is punishable by a fine of not less than \$100 and not more than \$500."

The manager said the District Board of Directors hopes it does not become necessary to press charges against anyone simply because they won't eradicate a death trap. It will only take a few minutes to fill it, he said.

McFarland mentioned public response to an appeal last year to get rid of old ice-boxes and refrigerators, after several children across the country had died of suffocation when they crawled in them to play and the door slammed shut. "People went to work and got rid of many of the old ice boxes," he said. "They can do as much for the old abandoned wells. It might save the life of a child."

Mrs. Ed Howell Is Host to Jayceettes

The Jayceettes met in the home of Mrs. Ed Howell for a business meeting, Tuesday night.

President Odessa Williamson presided over the meeting. Decorations for the annual Jaycee Installation dinner were discussed and plans for a bake sale were made.

Members attending were Mesdames Williamson, Howell, Merlin Roberts, Dexter Nebhut, Marvin Doss, and one guest, Mrs. Eddie Irwin.

The next meeting will be election of officers for the coming year. All members and Jaycee wives are urged to attend.

ALLSUP VISITORS

Mr. and Mrs. Lloyd Allsup of Denver City and Mrs. Mary Richards from Dallas visited Thursday evening in the Roy and Don Allsup homes.

4-H Boys Get Land Judging Course, Sat.

Land judging will be taught Saturday, March 27, at Morton for all 4-H boys interested in this subject. Four boys will be selected to represent Cochran County and will go to Plainview, Texas, April 10, to enter the District 4-H Land Judging contest. This is a real course for adults and boys too. You'd never think of buying a cow without looking at her, but many farmers buy land and never take a profile of the soil. Why? It is not advisable to answer this question, but it is the truth.
