A call has been issued for all interested area boys who want to play baseball this summer on the Morton team, to try out at 7 positions next Sunday afternoon at the local team meets the Lubbock Clowns on the local diamond.

The Morton team, the Frontiersmen, have won one game and lost one in two outings so far this season. They are being managed by Red Vaughan. They beat the Clowns 4-3 in 9 innings and lost to Springlake, 6-2 last week.

Sunday's game is slated to get underway at 2 p.m.

## SCHOOL PAPERS EARN AWARDS

### War Whoop Draws Award Of Merit

Austin—The War Whoop, school newspaper of Morton High School, was presented an Award of Merit in Journalism by the University Interscholastic League Press Conference. The award recognizes the paper for the work done by its staff during the 1953-54 school year.

The Press Conference, Texas-wide organization of 250 public school publications, climaxed its 27th annual convention in Austin with this announcement of the rating of member papers in each of five classifications. The War Whoop was one of 12 papers within its classification to receive this award.

The Award of Merit is given in recognition of the worthy contributions which by maintaining a notable level of journalistic quality, the paper has made to the school for which it was published.

## THREE SCHOOL BUSES PURCHASED BUCKY WALTERS NAMED AS HEAD COACH; BOARD ACCEPTS ONE RESIGNATION THIS WEEK

### H. L. Coon Speaks On Candidacy

H. L. (Hulen) Coon, well known local trucker, in making a statement this week in behalf of his candidacy for Constable of Pct. One, pledged "I'll do the best job I know how."

Coon, who was a native of Eastland County and moved to Morton in 1936, formerly lived at Morton and Spring, New Mexico. In Cochran County he farmed from 1936 until 1940.

In 1940 he began trucking and doing yardwork in the city of Morton. He is married, has three children, two grown and one yet in school.

Coon is seeking his first political office. He pledged that he does not claim to know all about law enforcement but that he "will do what's right, in my own mind."

### Dean Cole Will Speak

PORTALES (Sp.)—Dr. Martin L. Cole, Academic dean at Eastern New Mexico university will speak on "The Crooked Stick" as he brings the commencement exercise message to Morton High school seniors and their guests at the May 20th program.

Dr. Cole making addresses at four commencement programs this spring will speak at Ft. Wingate, May 12. He will also speak at the final exercises for seniors at Perryton May 21 and Borger, May 27.

### Garden Club Makes Plans For May 30th Spring Placement Show' May Breakfast

The Annual Cochran County Garden Club Spring Placement Show, set for May 30th, in the Activities building, from 4 until 6 p.m., was the main topic of discussion at the regular meeting of the club, Tuesday night as they met with Mrs. W. L. Miller.

The theme of this year's placement show, according to Mrs. Hap Rogers, club reporter, is "Texas Under the Six Flags" and the program will include six table settings by the club and three more by the Camp Fire groups sponsored by the Garden Club.

The six tables will carry out

Bucky Walters, Morton Junior High Coach for the past two years was elected head coach of Morton High School, Monday night at the regular monthly meeting of the Morton Independent School District Board.

The Board interviewed Walters along with two other coaches who had applied for the job upon the resignation of Coach Hoy Marcum. Walters was elected unanimously by the Board to a one year contract.

In other action taken, the resignation of J. C. Koen, high school teacher was accepted by the Board, the minutes of the previous meeting were approved, bills were read and approved and the Board voted to purchase 3 new school buses for the coming year.

Walters, interviewed by the Board told of his ideas of coaching and explained that establishment of a "B" team in football would be one of his first moves.

A report from two Board members named to check into the possibilities of putting in a cement tennis court was made and they advised the construction would cost approximately 25 to 40 cents per foot. No action was taken on that issue.

Koen, in announcing his resignation by letter addressed to the Board and delivered by Supt. H. A. Owens expressed his appreciation to the Board for their cooperation. One other resignation was mentioned but the Board delayed accepting it until the resignation is received in written form.

As for the buses, the Board was informed by Supt. Owens and Nath Crockett, bus foreman that at least three of the old buses must be replaced and a fourth was needed but perhaps could not be afforded this year. One 36 passenger bus and two 48 pass-

enger buses will be ordered immediately so that they will be received by the time school is in session next fall.

Rupert McCasland, business manager and tax assessor was granted a year round assistant in the school office for which \$1,500 salary was allocated. He was given the right to select his own office help.

The Board also discussed needed repairs on the junior high school building and Board members were asked to inspect the buildings before any further action was taken.

Eleven parents and guests were present at the open meeting held in the high school study hall. The meeting was twice interrupted by light failures during Monday's rainstorm and the session lasted about four and one half hours as Board members listened to comments from the guests and parents before the meeting actually got under way.

All Board members were present, plus the superintendent, the principal of the high school, the junior high principal and one representative of the press as President Truman Doss conducted the meeting.

Close behind the top students in the senior class were Linda Stockdale, Erna Long, Betty Lou Hoffman and Frances Sullivan among the girls and Ray Williams and Joe Tone Daniels among the boys.

Top students in the Junior class were Mary Ruth DeBord, Barbara Stovall, Donnie Waller and Connie Carter, who will assist in the senior graduation program.

Twelve members were present and were served a dessert plate, coffee and tea by the hostesses, Mrs. E. L. Willis.

The next meeting of the club will be at a May breakfast on May 25th, at 8:30 a.m. in the home of Mrs. Roy Hill.

### Father-in-law Dies Sunday

J. R. Teague of Floydada and father-in-law of Roy Smith of Morton passed away at his home in Floydada Sunday afternoon after a lengthy illness.

Funeral services were held on Monday afternoon at the Church of Christ in Floydada with Rev. Milton Ownbey, nephew of the deceased, officiating. Interment was in the Floydada cemetery.

Roy and Floyd Smith of Morton attended the funeral.

### PANCAKE SUPPER IS GREAT SUCCESS

The Boy Scout Troop 101 pancake supper held last Saturday night in the dining room of the Office and Activities building proved a huge success, according to adult leaders. The Scouts fed some 450 to 500 persons.

In a signed statement admitting to seven local burglaries since he was released from the state penitentiary at Huntsville last December, Jim Earl Carothers, 30-year-old Morton resident may have cleared up a host of cases which had local law officers baffled.

Carothers, arrested last Saturday night in an attempted burglary of Higginbotham-Bartlett Lumber Co., Monday of this week expressed the desire to go to Austin before the Polygraph (lie detector) machine. At the time he said he would go he stated it would allow him to clear himself of any connection with the other burglaries.

Taken by local Deputy Chester Miller and Sheriff Hugh Freeman of Bailey County, Carothers had to wait while several officers were being checked on the machine, he voluntarily told officers he would make a complete statement.

Later his testimony was checked through the Polygraph in connection with a Muleshoe burglary which Sheriff Freeman was most interested in. That test proved negative.

Carothers admitted to burglarizing seven Morton places

and gave the dates of the break-ins. Included were the burglarizing of Willis Food Store, Strickland Cleaners, Forrest Lumber Co., Higinbotham-Bartlett Lumber Co. and the \$10,000 Doss Food Store burglary.

He told officers he burned the checks and a \$7,500 note found in the Doss safe and ten, according to Carothers' statement, he threw the door of the safe in the Trinity River. Tuesday he took the local officers by the spot in the river and efforts were to be made to recover it.

The Sheriff said, late Wednesday it is up to the County Attorney and the District Attorney what further steps are taken. Carothers was taken back to the Hockley County jail. A new bond will more than likely be called for a further charge will be filed.

### Invited To Enter Gladiola Flower Show

Anyone interested in entering Gladiolas in the first Annual Gladiola Show to be held in Lubbock at the Kuykendall Chevrolet showroom July 17 and 18 is invited to attend this meeting. There will be a door prize and refreshments will be served.

### BUSINESS MEET SET

The Ladies Golf Association of the Morton County Club will hold a business meeting Tuesday night, May 18, with all members urged to attend.

## Top Students Of Morton Are Named

A 93.1 average for his entire four years of high school work enabled Bobby Fred, son of Mr. and Mrs. L. G. Fred to become class valedictorian at the graduation exercises, May 20.

Marie Hancock, daughter of Mr. and Mrs. Hazel Hancock posted an overall 90.1 average to gain salutatorian honors. Bobby is nineteen years old and plans to attend college. Marie is eighteen and has made no plans for the future.

Close behind the top students in the senior class were Linda Stockdale, Erna Long, Betty Lou Hoffman and Frances Sullivan among the girls and Ray Williams and Joe Tone Daniels among the boys.

Top students in the Junior class were Mary Ruth DeBord, Barbara Stovall, Donnie Waller and Connie Carter, who will assist in the senior graduation program.

# 1.3-Inch Rain Falls In City

General rains which covered most of the South Plains of Texas with generous quantities of moisture, didn't miss Cochran County late Sunday night and Monday.

The moisture started with a slow drizzle late Sunday and by Monday morning had gauged only a trace on the rain markers. However, at about 9 p.m. on Monday night rainfall began in earnest and by daylight had dumped about 1.15 inches of

## R. E. Thomas' Statement To Precinct Voters

R. E. Thomas, who filed his candidacy for Commissioner of Pct. One, last week and became the eighth candidate in the race, this week made a statement to the press on behalf of his candidacy.

Thomas, who has lived in Cochran County since 1941 and previous to that lived in Lamb County for 15 years, is a farmer. He has three children, all married, including J. D. Thomas, now farming near Morton; Mrs. S. T. Newman of Dimmitt and Marvin Thomas of El Paso.

In his statement, Thomas said: "To the Voters of Pct. One:

Having decided to enter the race for Commissioner, I would appreciate your vote and influence in behalf of my candidacy. If I am elected to the office, I will do my best to fill the position for the best interests of all concerned."

## Jaycees Install Officers Tuesday; Wiggins Speaks

Dr. Dossie Wiggins, popular South Plains banker and former president of Texas Tech will be the main speaker next Tuesday night, May 18, as the Morton Junior Chamber of Commerce, installs its third set of officers, since the foundation of the club.

Bill Glasford, co-publisher of the Morton Tribune, will be installed as president of the Jaycees as T. J. Simpson relinquishes the reins he took over a year ago. Serving with Glasford will be Harold Drennan, 1st vice-president; Merle Ensor, 2nd vice-president; Dexter Nebhut, secretary; Babe Van, treasurer; T. K. Williamson, state director; Smiley Monroe, Merlin Roberts and Tom Rowden as directors.

The banquet will get underway at 8 p.m. in the County Activities Building dining room which will be appropriately decorated for the occasion by the Morton Jaycees. Immediately following the banquet, at 9 p.m., an installation dance will be held at the Veteran's Hall.

Tickets to the banquet are now on sale by Jaycees at \$1.50 per plate. For those who attend the banquet, the dance will be \$1 additional per couple. For those not attending the banquet, the dance will be \$1.50 per couple.

Jaycees from all over the area have been sent invitations to attend and Odell Heathington of Ralls, recently installed state vice-president for this region, will conduct the officer installation.

and run through Saturday night. It includes 15 rides and shows and is billed as "Thirty Truckloads of Fun."

The arrival of the performing elephant is Sunday afternoon.

water into Morton proper. Another 2 was received during the day.

The moisture was heaviest in the east and southeast portions of the county, slackening up sharply west at the Star Route Grocery and dwindling to only about a half inch at Maple, Goodland and Baileyboro.

At Whiteface more than two inches was received in the total rainfall and further east and south, at Levelland, and Sunday, up to three inches of moisture was reported.

General cloudiness prevailed even long into the night Tuesday, several hours after the rains had completely subsided.

A scattering of hail was reported but no damage was announced at the Soil Conservation Office. They reported that the northeast corner of the county received a rain Tuesday afternoon which may have boosted their total considerably.

As far as damage as concerned, only the Power and Light Company had any trouble being out most of Monday night repairing shorts. The lights in the City of Morton went off twice during the night. Lightning had struck a pole between Morton and Whiteface, tearing down some lines and burning the pole.

## Bula Seniors To Graduate Friday, May 21

BULA (Sp.)—Carolyn June Reynolds, Marcelle Austin and Richard Skinner will be the honored speakers as the Bula High School seniors plan their own commencement exercises for Friday, May 21.

Carolyn's 95.09 grade average for the four-year high school period earned her top honors as class valedictorian. She is the daughter of Supt. and Mrs. H. A. Reynolds.

Marcelle rang up a 94.88 average to be named Class salutatorian. Her parents are Mr. and Mrs. Raymond Austin of Bula.

Skinner, as class president will offer the principal address of the evening as students also perform the various other customary commencement functions. Curtis Snitker will give the invocation and Jimmie Canon will offer the benediction. Laverne George will read the class history and Bob Pool will read the class will.

Entertainment will be offered by the class quartet composed of Jesse Motes, Jim Drake, Virginia Thomas and Robbie Arnold, and accompanied by Miss Reynolds. The music teacher, Mrs. John Gunter will offer the procession-al and recessional.

Baccalaureate services will be held Sunday, May 10, at 8 p.m., with Rev. George Bryant of the Methodist Church invited to deliver the sermon.

## Pete Predicts . . .

Able, for the first time in many weeks, to see what he thought looks like rainfall for the area, Pete the Predictor came out of semi-retirement this week, just as he had said he would many weeks ago, "as soon as he could predict something besides dry and clear weather."

Pete looks for continued cloudy weather Thursday with scattered showers, clearing up on Friday evening and probably remaining clear Saturday. However, on Sunday he looks for the return of threatening weather and scattered showers, continuing on Monday and Tuesday. On Wednesday, another short break in the rains should bring clear weather.

**SALVATION AND WORKS**

We have pointed out to you already, three different kinds of works mentioned in the Bible, namely: Gods works; man's works; and works of righteousness.

Then we have the works of the law of Moses, as discussed in Romans Chapter 4, where Paul talks about being saved by faith and not of works. Faith only teachers have never realized that the works of the law of Moses was under consideration, in fact they have never learned there are more than one kind of works discussed in the Bible. Why, was Paul talking about the case of Abraham in Romans 4. His entire argument is that Abraham was saved or justified by faith 430 years before the law of Moses was given, therefore without the works of the law of Moses.

Then if Abraham could be justified before the law of Moses was given, we can be justified since the law of Moses has been taken away. In Romans 10:4 he declares that "Christ is the end of the law unto righteousness to everyone that believeth." Which is but to say that the "aim" of the law of Moses was to bring us unto Christ and he put it that way in writing to the churches of Galatia. "The law is our tutor to bring us unto Christ, that we might be justified by faith." (Gal. 3:24) The very aim of the law of Moses was to bring us unto Christ, but Christ is not the end of all law, as faith only teachers would have us believe.

In 1 Corinthians 9:12 I read: "To those outside the law I became as one outside the law — not being without law toward God but under law to Christ — that I might win those outside the law." Webster's dictionary defines divine law as "A divine commandment, or a revelation of the will of God; collectively, by the whole body of God's commandments or revelations." But again he says it is "The whole body of rules relating to one subject." Therefore, since we are under law to Christ we are obligated to do everything that Christ has commanded, and cannot be saved unless we do. He is the author of eternal salvation to them that OBEY HIM." (Heb. 5:8,9.)

**Sprinkler System Adds To Yield Of Alfalfa Crop of C. O. Durham**

Mr. C. O. Durham, Soil Conservation District Cooperator, whose farm is approximately five miles northeast of Morton planted six acres of alfalfa Monday of last week and it is up to a good stand. The alfalfa will be used as rotation hay and pasture since Mr. Durham has several head of livestock.

Mr. Durham's farm consists of about 93 acres with approximately the north 1-2 or 40 acres in cultivation at the present time.

In the fall of 1953 an irrigation well was drilled in the middle of the 40 acres in cultivation and water was applied by the installation of a sprinkler system.

Mr. Durham drilled approximately 20 acres of rye immediately after completion of his irrigation well and sprinkler system. The rye has furnished ample grazing for his livestock through the winter and spring months, as well as provide cover for his land thus reducing wind erosion to a minimum.

The rye is to be plowed under in the very near future so as to allow for approximately 4 acres of cotton, 8 acres of feed for bundles and 6 acres of Sudan.

The sudan will be irrigated and utilized as summer grazing and sufficient stubble will be left for protection of blue panic grass which Mr. Durham will plant in the early fall of this year.

Mr. Durham believes that with the six acres of alfalfa, which he plans to take two cuttings from this year, plus the six acres of blue panic grass that will furnish grazing next year plus his 30 acres of native grass pasture he can increase his livestock numbers to some extent and still not have to buy any additional feed of which he has been compelled to do so to a

**HOLLOMAN'S HOLD FAMILY REUNION**

The Holloman family observed Mother's Day with a picnic at the City Park. In the afternoon the J. T. Hollomans entertained the group in their home on South Main where the evening meal was served.

Those attending were Mr. and Mrs. J. A. Holloman, Mr. and Mrs. Ran Holloman and Judy, Mr. and Mrs. John E. Holloman and Rodney and Karen, Mr. and Mrs. Jake Holloman of Portales, Mr. and Mrs. Leonard Emory and Linda and Donna of Levelland, Mr. and Mrs. J. T. large degree in the past. Mr. Lonnie Hooper's 10 acres of Blue Panic, which was planted week before last was examined last week and found to be sprouting. It should be up to a good stand at this time and with recent rains it is expected to make a lot of good fast growth this summer.

Mr. Hooper's farm is approximately 7 miles southeast of Morton and he has been a cooperator in our local soil conservation district for several years.

**Springlake Is 6-2 Winner In Sunday Battle**

Inability to hit in the clutch, plus a late-in-the-game defensive collapse, sent the Morton Frontiersmen down to their first defeat, in two games this season as they lost to Springlake on the local diamond, Sunday, 6-2.

The locals started strong, using two hits a single by Harry Pollard and a triple to plate one run and the second scored on an error in the first inning. Freddie Zimmerman held the visitors to a pair of scattered hits through the first four innings and then began to slip.

In the 5th, Springlake scored on two walks and a dropped fly ball. They tied the game in the 6th on back to back singles and a stolen base. In the 7th they went ahead, 3-2, as Washington parked a home run to deep left field.

Then they broke the game wide open in the 8th adding a pair of runs on two walks, a single and two throwing errors. In the 9th, Eardien struck a home run to finish the scoring.

Actually, Morton was only out hit, 8-7. But after the first frame, they failed to hit in the clutch. They left single runners on base in the 2nd, 3rd, 5th and 8th innings. They left two runners stranded in the 4th. On three occasions they had a man trapped off base, once stealing; twice on bonehead plays.

Harry Pollard collected two hits for his second consecutive game and leads all Morton batters. Zimmerman fanned five batters and walked seven, also hitting one batter with a pitch.

Ronnie Smith hurled for Springlake and did a fine job while receiving good backing. After that first inning outburst, Smith walked only one man, fanned seven, and issued five more hits, all singles. His mates made four errors while Morton was charged with four miscues.

Line score:  
Sp'Lake ..... 000 011 0121—6 8 4  
Morton ..... 200 000 000—2 7 4

**THANKS..**

TO ONE and all

Undertaking the Construction of a Church is a tremendous task; one requiring not only the efforts of the church members, but of the entire Community.

In the construction of St. Mary's Church we have called on many people for help. They have responded both generously and readily. Without their help, our task would have been almost impossible.

To all of you who have lent us a helping hand, in any way . . .

OUR HEARTFELT THANKS.

Fr. Fredrick L. Hyland and the members of St. Mary's Parish

By Eddie Irwin

A BIG HEARTY hand of applause for Alfred Coats, the lone athlete who went to the state track meet and took second place in the Class A division of the high jump. Alfred did well enough to qualify for first place many a year, jumping more than six feet one inch. However, as is the case ever so often, he was up against some real great jumpers. In the Class "AA" and in the Class "A" division they had boys who cleared six foot five and three eights inches. So sensational that the marks were acclaimed as the meet's greatest performances.

oh well... ALFRED HAS another year and it's a good bet, by next year, he'll be state champion instead of having to settle for runnerup.

and while... WE'RE ON THE subject of sports, we certainly can't start too soon giving Bucky Walters, Morton's new head coach, cooperation in trying to bring a winning football team to our school. Bucky was hired at the school board meeting Monday night,

don't know... WHICH CAUSED the most comment this past weekend, the capture of a local man charged with burglary or the rains. Everyone had looked forward to both for so long, it was kinda' like hitting the jackpot.

THE LONG LIST of yet unsolved burglaries around Morton least begins to look like the officers may have the break that will start them on their way toward getting at least some of them solved.

and as for... THE RAIN, well everyone seemed to know it was coming within 24 hours of the time they started. Even "Pete" the predictor, cut short his long vacation and came in to say that we had co-sponsored by the American some heavy rains coming within the next two weeks or so and probably would receive a lot of moisture even before we could get it in the paper. That was early Monday, before the deluge came.

an indication... AS TO WHAT the rains really meant was noticeable at the school board meeting. There were quite a few people who dropped in on the proceedings to listen to what was going on and there were several problems ironed out that at times caused some rather crisp remarks. But when the rain started outside, it seemed like only a matter of a few minutes that everyone began to get more congenial.

in this... COUNTRY, a drouth breaking rain can do more to settle problems in general, than anything on earth.

## A Hydra-Matic GMC pays you back 6 ways

**S**URE, GMC's Truck Hydra-Matic Drive costs extra on some light-duty models. But man—how it pays you back!  
**You save gasoline**—because GMC Hydra-Matic cuts the high consumption of fuel in stop-go use.  
**You save tires**—because GMC Hydra-Matic's velvet-smooth getaways prolong tire life—by as much as three times in some operations.  
**You save maintenance**—because GMC Hydra-Matic ends all clutch costs—prevents shock-loading damage.

**You save time**—because at every start, GMC Hydra-Matic ends shifting lags, gets up to road speed quicker.  
**You save yourself**—because GMC Hydra-Matic frees you of all clutching and shifting chores. And being fresher, more alert, you're quicker to avoid hazards that could be costly.  
**You save on trade-in time**—because a Hydra-Matic GMC will rate a higher price than old-type hand-shifted trucks.  
Are you a shrewd buyer? Then drop in at our showroom. We'll prove that a Hydra-Matic GMC is your best truck investment.

PROGRESS BRIEF

Total capital expenditures by the oil industry since the end of World War II total well over \$10 billion dollars. This is striking

evidence of the industry's efforts to develop its facilities, improve its services, and keep the American people and the armed forces supplied with an abundance of petroleum products.

your senator reports . . .

By Senator Lyndon Johnson ONE BASIC ISSUE: More and more it becomes glaringly apparent that the age in which we live poses one basic question, and one only. That question is whether free, representative government — the kind of government we have in the United States — can survive. Every other issue, whatever its nature, is secondary. The manner in which this issue is settled will determine whether our young men must go again to war — whether our children will have a future of freedom or a future of slavery — whether we, as a Nation, are in the twilight of our destiny or at the threshold of a better tomorrow.

NO MEETING PLACE: There is no common ground for a meeting of minds between the adher-

ents of communism and those who believe in the American system of freedom in government, freedom of enterprise, and individual freedom. Communism stands for slavery. Americanism stands for liberty. Communists believe in an all-powerful state. Americans believe in the importance of the individual. On all counts, the conflict between communism and Americanism is fundamental in nature. Recognition of that fact is, it seems to me, the beginning of wisdom in dealing with the menace of communism.

A STRONG AMERICA: The American policy toward communism should be — must be — based firmly upon our strengths, not waveringly upon our weaknesses. Our strengths are many. They include an industrial capacity that is the envy of the world. They include a people who are bold, vigorous, and skilled in modern technology. They include a civilization which has the potential ability to lead the world to peace and freedom.

AN IDEA, AN IDEAL: There are indeed great points of strength. There is one other still greater. That is the idea of liberty. The idea of liberty — the ideal of freedom — has a powerful appeal to the hearts of mankind. Surely, as a people we can make that appeal more compelling to all the world than the false promises of communism. I have faith that we can.

EVER VIGILANT: We must never cease to be alert to the threat of the communist ideology to all that we have come to consider typically American. We must steadfastly refuse to coddle communists at home. We must strongly oppose the courtship of communists abroad. We must guard and protect the secrets of our atomic weapons in order that they may serve as a deterrent to aggression.

POWER OF PEACE: Theme of the observance of Armed Forces Day on Saturday, will be "The Power of Peace."

The world's hope for peace lies in the power of our armed forces and the strength of our trust in Divine Guidance. We must reject neither.

PRAYER: Every day's session of the Senate is opened with a prayer. Only rarely is this prayer offered by a layman. But when Fred M. Lange of Dallas, distinguished welfare worker, vice-president and executive director of the Dallas Community Chest, was in Washington recently, he was invited to offer the opening prayer.

This is the text of Mr. Lange's moving prayer. "O God, our Father, in these times of stress, when many minds are perplexed and many hearts are faint we turn, in simple trust, to Thee, our strength and our Redeemer.

"We ask Thee for wisdom, that we may seek Thy will; for courage, that we may do it; and for faith, that we may walk with calm assurance. "Guide the thoughts and purposes of these chosen leaders of our people. O Lord, that they may above all else, say and do what is pleasing in Thy sight. And help us all to be true to our American heritage and faithful servants of the living God. "In the name of Christ, our Saviour, Amen."

WIND EROSION: The Senate passed an amendment to H. R. 8541, supplemental appropriation bill, providing \$15 million to make payments to farmers who carry out emergency wind control measures under the 1954 agricultural conservation program. I spoke in the Senate in favor of the amendment and voted for it.

A number of Texas counties have suffered severely from wind erosion. This damage is an immediate tragedy to the people

living on the affected land. From a long-range viewpoint, it could easily become an immense tragedy for the United States.

BETTER HIGHWAYS: Texas will receive a larger amount of Federal road aid during the next two years than any other State, except New York. Total for Texas, and will be a credit to those of you who had so much to do with its passage.

PERSONAL: Perhaps it's because Spring is here — or because the rains have come — or maybe just because Texans are grand people. Whatever the reason, there has never been a

time since I came to Washington that Lady Bird and I have received so many wonderful, heart-warming letters from people back home. We are grateful, as, under terms of the bill recently enacted by Congress, will be \$52,200,000 per year for the two-year period. Dewitt Greer, our able State Highway Engineer, recently wrote me as follows about this bill: "I feel confident that the Federal Highway Aid Act of 1954 will be the most progressive step toward the improvement of the road system of this country. It has yet been made and will accrue to the best interests of our

Don't wait, says Thompson, until harvest time to begin trying to solve the storage problem. Local county agents have plans for building many types of structure and loan information is available from the county ASC committee at Morton, Texas.

Study Club Net FWC Meet Awards

The 1936 Study Club tied with Sudan for First Place in Americanism at an awards breakfast climaxing the 33rd annual convention of Seventh District Federation of Women's Clubs held April 21, 22 and 23 in Dalhart. Mrs. Albert Morrow is chairman of the Americanism committee. The Club also received Honorable mention in the Fine Arts Dept.

Mrs. P. B. Ramby was the 1936 Study Club delegate. Other club members attending were Mrs. Hume Russell and Mrs. Albert Morrow. The Town and Country Club received second place on their scholarship program. Mrs. LeRoy Johnson was the Town and Country delegate. Mrs. Fred Stockdale also attended.

By Homer E. Thompson LOANS ON GRAIN DEPEND UPON ADEQUATE STORAGE

Grain producers who intend to take advantage of Government price support loans on this year's crops should be giving thought to the problem of storage space at harvest time. It is the producer's responsibility to provide approved storage either on his farm or in commercial space, before he can obtain a Government loan, says Homer Thompson. Inability to find space can lead to dumping of crops on the market at harvest time when prices often are 35 to 50 cents a bushel, or hundredweight below their normal levels later in the year. The storage problem can become critical because of the huge surpluses of grains already in storage and from increased

plantings, especially of grain sorghums, in this area and over the state. Favorable moisture conditions during the growing season will further increase the production and need for storage facilities. Current estimates place the shortage of space in the state at 60 million bushels and more if heavy grain sorghum producing areas continue to receive needed moisture.

The answer for many farmers is to provide space on their land to take care of their own crops. Thompson says loans are available for building new facilities or remodeling existing buildings. Too, farmers are eligible to write off such construction over a five-year period on their Federal income tax.

### Olds Outlasts Maple Hitters By 10-5 Score

Hawkins Oldsmobile, champions of the local softball league in two of its five years of competition, and still under the management of Dock Long gave strong indication that this year they will be in the running for the championship again as they slugged down the Maple Outsiders, 10-5, Thursday night in an exhibition softball game at Slaughter Field.

Hawkins, runnerup last year, used Cark Kernell on the mound for the fourth straight year. He was touched for eight hits, including the game's only home run. However, Kernell was getting good support from his mates, had little trouble with walks and bore down in the clutch to gain an early lead that stood up all the way.

Hawkins used the wildness of Ed Neutzler, first Maple hurler, to gain their win. They scored three runs in the first inning on four walks, a freider's choice and an error. A walk, an error and three hits in the second produced four more runs and that was enough for victory. Neutzler retired in favor of Bill Mann in the third frame and Mann hurled good ball, surrendering only four hits over the last five innings and three runs. Kernell himself was the only Hawkins batter with two hits.

Maple hit harder but wasted their chances. Leon Dupier drove in three runs with a double and a single. Bill Mann got the only homerun in the 7th inning. They left eight men stranded on the basepaths and Kernell twice fanned a batter with two men in scoring position.

The two teams were slightly revamped from last year. Maple had a brand new catcher and a new right fielder. Leon Trotter and Ronald Coleman were the newcomers.

For Hawkins, Walter Gerik, who formerly played with Phillips, was at first base in place of Keuhler who had tended the first sack for Hawkins the past two years. Bob Greener was at shortstop and they borrowed Lloyd Pollard from Enochs to play centerfield. Notably missing were Hub Cadenhead, last year's shortstop; Waydell Hill who is away to school and will return and Winston Jerden who has played centerfield for Hawkins for the past three years.

### BACK FOR VISIT

Mr. and Mrs. Tom Mather were back in town Tuesday of this week visiting old friends. The Mathers recently sold their home here and moved to Lubbock temporarily. They have been touring several parts of the country on business and plan to leave again for California in a few days.

# Northern Star COTTON SEED

- STORMPROOF
- CERESAN TREATED

## WILL MAKE YOU MORE MONEY

An improved stormproof cotton that stays in the burr, with premium staple. Ideal for stripping.

Northern Star is one of the highest varieties in lint yield per acre of any cotton grown as shown by State Experiment Station and Farmer Variety tests over the U. S. Cotton Belt.

It is one of the quickest maturing varieties grown. In many places Northern Star is the "Last Cotton Planted and the First Harvested." If any cotton makes a crop, Northern Star will.

All of our seed are the results of one pedigreed high yielding line, which has consistently produced more lint per acre than many selections tested against it.

Due to the wide differences in planting practices we have provided for you either fuzzy, or saw delinted.

Northern Star Cotton plants have a strong main stem, deep root system, close jointed fruiting branches, light foliage and produce good bolls, from 65 to 75 weighing one pound.

STANDARD OF LIVING SHOWN BY COUNTRY'S USE OF OIL

A good barometer of a country's standard of living is its use of oil per capita. In the United States, oil consumption per capi-

ta ran over 735 gallons last year. In France, the per capita use was 104 gallons. Income figures run a close parallel, for the average American's income is three times that of a Frenchman.

MRS. MARVIN DOSS INSTALLED TUESDAY AS PRESIDENT

The Morton Jaycee-ettes met in the home of Mrs. Tye Williamson for installation of officers on Tuesday night.

Officers installed by Mrs. Williamson, out-going president, were: president, Mrs. Marvin Doss; vice-president, Mrs. Eddie Irwin; secretary-treasurer, Mrs. Andy Behrends; reporter, Mrs. Tye Williamson, and State director, Mrs. S. M. Monroe.

During the business meeting it was decided to join the state organization again this year. Plans were discussed for a Jaycee-Jaycee-ette family picnic but no definite date was set.

After the business meeting a refreshment plate was served to Mesdames E. Howell, Jack Loran, Bill Glassford, Merlin Roberts, Dexter Nebhut, Don Smart, Doss, Irwin, Behrends, Monroe, Williamson and one guest, Mrs. Victor Swinney.

Enochs vs. Hawkins, Maple vs. Bailey REA, In Softball Tonight

Enochs and Hawkins, long the Tribune went to press. Teams will be notified before Monday that they open the season. The games will be played on Monday, Thursday and Fridays. Each regular season game will be limited to one hour and 15 minutes or whatever fraction of time is needed to complete the inning all ready in progress when the time limit runs out.

In the league competition, first games are to start at 8:30 each night. Maurice Lewallen, Joe Seagler and Dale Middlebrook are the league commissioners.

Meanwhile, plans for opening the league next Monday night were still continuing with Bailey County REA announcing their entrance into the league and also scheduling a practice game with Maple, tonight, in the second game on tap.

That brought the tentative list of team entrants to six teams but the schedule for the opening night was not available when
