MORTON, TEXAS, THURSDAY, MAY 20, 1954

NUMBER 11

O. B. Stamper Resigns As Three Way Supt.

The resignation of T. B. Stamper, superintendent of Three Way School, located just north of Maple, has been announced, effective July 1st.

WHITEFACE CUBS MAKE "DADS" GIFTS

Den One of the Whiteface Cub Scouts met in the home of the Den Mother, Mrs. Ray Carter on May 18.

Two Charged In Second Beating

Assault with attempt to murder charges have been filed against two Denver City men in J. P. Court here after the men sent a third man, a local laborer to the hospital in serious condition, Saturday night.

Sixty-Eight To Graduate From Eighth Grade

Sixty-eight eighth graders will graduate here, Friday night, May 21, with a graduation program featured by two plays and the presentation of scholarship letters and diplomas.

Teachers, Students Get Awards At Three Way School

The Three Way High School student council presented awards to students and teachers doing outstanding work the past year in an assembly Friday morning.

JAYCEE OFFICERS INSTALLED Wiggins Urges "Belief In God" Necessary For Survival Today

Confidence in one's fellow man, and more important, belief in God, are the two requirements for survival in this age of scientific productivity.

PROCLAMATION

Whereas: the citizens of any community ought to and do take a full measure of pride in the cleanliness of their city, and;

CONGRATULATIONS SENIORS OF 1954

START CLEANUP DRIVE; THURSDAY IS BIG DAY

The first cleanup week held in Morton for the past three years gets under way officially tomorrow but the important date to remember is next Thursday, May 27, when cleanup day will find Jaycees and co-workers manning trucks to haul away the week's accumulation of trash.

Boosted by the Mayor's proclamation and promise of cooperation from the city workers, the cleanup drive should be a big success. The city will be zoned off into 4 areas and the big effort will be concentrated next Thursday morning.

Present plans call for burning weeds off of vacant lots and general cleaning up wherever necessary. City Manager Joe Gippson said the city's sprayer would go to work as soon as the workers had cleaned up and would spray thoroughly, every area in town that could be a fly breeding menace.

Fifteen Seniors From Three Way Received Diplomas Last Friday

THREE WAY (Spl.) — Fifteen seniors received their diplomas of graduation from Three Way school last Friday night and heard members of their class conduct most of the program.

Mrs. W. L. Hancock, "Improved" After Being Shot, Tuesday Evening

The condition of Mrs. W. L. Hancock of Morton was reported "as well as can be expected" and "improved" late Wednesday by hospital authorities as she fought off the effects of loss of blood and shock, suffering from a gunshot wound.

Teachers, Students Get Awards At Three Way School

The Three Way High School student council presented awards to students and teachers doing outstanding work the past year in an assembly Friday morning.

Important Meet For Farmers Slated June 3

A meeting of all farmers in this county interested in getting Mexican Nationalist labor this season and in getting a local distributing point for the laborers, has been called for June 3rd in the County Auditorium.

Pete Predicts . . .

Look for clear and warm days until Sunday, anyway is the prediction Pete put out this week as he foresaw the cessation of cloudy and rainy days until late Saturday night.

MAX BOWERS, Mayor of Morton

Thirty-five In MHS Senior Class Receive Diplomas, Hear Commencement Address

The Senior Class of Morton High School, with thirty-five graduating members, will receive their diplomas in a regular commencement exercise held at the County Activities Building, tonight (Thursday), May 20.

Dr. Martin L. Cole, academic dean of Eastern New Mexico university will be the commencement speaker and Bobby Fred and Marie Hancock will give the valedictory and salutatory addresses.

Mother Dies At Beggs, Oklahoma

Mrs. Hazel Harrison was called to Beggs, Okla., Wednesday night of last week by the serious illness and resulting death of her mother, Mrs. Jim Culbert.

With Your... COUNTY AGENT

A district meeting is being held Monday afternoon, May 24th at 1:30 p.m. in the Agricultural Engineering Auditorium, Texas Tech Campus, Lubbock, Texas.

The purpose of this meeting is to discuss problems which will no doubt arise this fall with grain sorghum storage. A team composed of W. S. Aldred, Agricultural Engineer, Neal Eandolph, Entomologist, J. W. Sorenson, research or grain drying, and a State ASC office representative will present the information. Also a representative from the commodity stabilization service will attend.

The Extension Service is requested to invite the following agencies, groups and organizations to attend: Vocational agricultural teachers, bankers, PCA Farmers Home Administration, County ASC Committee, and administrative officers, local bin and equipment dealers, elevator people, county Farm Bureau, radio and newspaper people and others.

Will you please attend—and if you can meet at my office 12:00 noon, Monday, May 24th, so we can limit the number of automobiles used. This is a challenge to Farmer Storage facilities existing shortage. Construction of adequate storage may mean the difference between

profit and loss. Let's do our best to see that proper information is given to the right folk.

MAY 1954 RANGE NOTES

1. Give range land a chance to make some top and root growth before they are grazed.
2. Defer pastures for range recovery—(a) Rest the best condition grass first as it will make more recovery in less time. (b) Graze the poorest condition grass first—it can be deferred later as it make take two to five years to recover. (c) Encourage a deferred grazing system on ranches. 3. Proper stocking is the key to good range management. (a) Regulate grazing to prevent damage to weakened plants. 4. (b) Encourage operators to breed back rather than buy back into the business. 4. Watch poisonous plants, overgrazing encourages undesirable plants. 5. Encourage brush control combined with proper range management.

Circular 320 "Range Management Versus Drought" is available at county agent's office. Gives definite suggestions to follow.

4-H CLUB SUNDAY OR RURAL LIFE SUNDAY

4-H Club Sunday or Rural Life Sunday is May 23rd, 1954 and is observed by church organization throughout the nation to emphasize the meaning of Christ-

Carl E. Duffield, of Tyler, who has been voted Dog Breeder of the Year in the national poll of the Gaines Dog Research Center, New York. Forty years "in dogs," Mr. Duffield won the honor because his breeding program has brought out English Setters who have contributed greatly to the breed's elevation in field trial performance. When he won the National Amateur Quail Championship in 1953 with Commander's Bightone Beau for the second consecutive year, he became the only man in the nearly 50-year history of the illustrious championships to win the title four times.

MONUMENT LAKE BIBLE SCHOOL IS SCHEDULED

The Monument Lake Methodist Church Vacation Bible School will start May 24 and run through the 28th. The hours are from nine a.m. until 11 a.m.

Teachers will be: Kindergarten, Mrs. Cass Stegall and Mrs. Leon Reeves; Primary, Mrs. Earl Burlison and Mrs. Louie Jordan; Juniors, Mrs. Cecil Cole and Mrs. L. J. Sanders; Intermediates, Mrs. John Shackelford and Mrs. Pete Tarlton and Director, Mrs. Dolly Arnn.

Every one is invited to attend this school.

VISITING HERE

Mrs. David Rozzell flew to Amarillo last week from Sault Ste. Marie Mich. and was met by her father, Pete Lindsey. She is visiting here in the home of her parents. Her mother recently underwent surgery and is recuperating in her home in the Pierce Addition.

port loans.

Financial assistance is available to farmers through Commodity Credit Corporation loans for building farm storage facilities. Thompson points out that loans up to 80 per cent of the cost of the construction can be obtained. These loans are repayable over a four-year period and carry a four per cent interest rate. They may be obtained through local banks or the Cochran County Agricultural Stabilization and Conservation Committee.

FARM STORAGE OF GRAIN RECOMMENDED THIS YEAR

Storing grains at harvest time is a practice which has put additional money in the pockets of producers. With crop prospects improving, the storage situation could easily become critical long before harvesting is finished this year, says Homer E. Thompson. On-the-farm storage, he adds, must provide a sizable part of this needed space if producers are to receive the benefits from more orderly marketing and sup-

FARM BUREAU NEWS...

LeRoy Johnson, President

Texas Farm Bureau has called three area wide mass meetings this month to discuss pending farm legislation advises LeRoy Johnson, Cochran Farm Bureau President.

The three meetings are May 26, Baker Hotel, Dallas, May 27, Lubbock Hotel, Lubbock, Texas and Plaza Hotel, San Antonio, Texas, May 28.

All the farmers of this area who are interested in farm legislation should be at Lubbock, Texas 10:00 a.m. Thursday, May 27 to get in on bills that are in the mill to help or hurt the farmers. Of course all should be as it surely affects our pocket book said Johnson.

John C. Lynn, legislative director for the American Farm Bureau, Washington, D. C. will be the main speaker for all three meetings.

Lynn's talk will touch on agricultural legislation being considered in Washington. This includes all phases of farm programs that have been or will be introduced in Congress during this session.

In addition, he will explain in detail the major provisions of the agricultural act of 1949. This is the basic law under which agriculture will operate beginning next year unless present temporary amendments are extended or new amendments tacked on.

Lynn is an authority on the 1949 act. These sessions are not intended to rally support for or against any proposed farm legislation. The Farm Bureau members have called for these meetings to get unbiased and factual information in order to get a better understanding of the past, present and future farm laws.

More and more farming is being done on "off the farm" operations that affect your security and well being. So please attend and get first hand information. It affects YOU. Lynn has

made scores of appearances before House and Senate Committees in behalf of Farm Bureau. He keeps in close contact all the time.

WEEKEND IN SOCORRO

Mr. and Mrs. John E. Holloman and children, Mrs. Hessie B. Spotts Miss Marie Scott and Freddie Saunders spent the week-end in Socorro, New Mexico visiting in the home of Mr. and Mrs. Bill Weatherly.

WEEKEND IN CLEBURNE

Harold Drennan spent week-end in Cleburne visiting the home of his parents and Mrs. W. M. Drennan. J. O. Glassford returned to town with Mr. Drennan for a week. He plans to return to Morton on Friday.

VISITS SISTER

Mrs. A. Baker is visiting sister in Cleburne, California.

SALVATION AND WORKS

There is still another kind of work that we wish to say something about, and that's the works of our own righteousness. In Titus 3:5 we read, "Not by works of righteousness which we did ourselves, but according to his mercy he saved us." Paul talks about the works of his own righteousness in Romans 10:3. The works which they undertook to perform through traditions and additions to the law of Moses and upon which they stood. In other words these are the works which a man does that are not commanded or authorized of God. Now I want some of these "faith only" works to tell me which of these five kinds of works that we have discussed, all of which are mentioned in the Bible, conflict with grace. Do the works of God conflict with grace? Do the works of faith conflict with grace? Do the works of righteousness conflict with grace? Where does baptism classify in the premises. As the good works of a Christian life? Why, if it does, it is the only good work that a Christian may perform just ONE TIME. There is not another good work they can mention, not another single one; the Lord's Supper, contributing of our means on the Lord's day, all the rest that may be mentioned, that is not continuous in nature. You can't just give one Sunday and never give any more and do what God teaches. You can't observe the Lord's Supper one time and never do it any more and do what God teaches. But a man does not continue in baptism. The nature of it distinguishes it from the good works of a Christian life. It is a work of God's righteousness, wrought by faith in our hearts, and is therefore a work originating with and ordained by God. It is taught in His word, established by His divine authority, and performed by faith in the heart of the individual. Baptism IS NOT included in the works of the law that nullify grace. (Romans 11) Neither is it the works of the law that would nullify faith. (Romans 4). It is the works of faith, of God's righteousness. A man can't even be baptized until and unless he does believe. That is the very reason why an inspired preacher said, "if thou believest with all thine heart, thou mayest" (Acts 2:37) be baptized. Baptism unto remission of sins is justification "by grace through faith."

WHEAT
Texas wheat crop May 1 estimate is 23,418,000 bushels slightly larger than the 23,035,000 bushel produced last year. 55 per cent of acres planted will be harvested, as 45 per cent has been abandoned.
Grain Field Tour—Amarillo Experiment Station.
There will be a small grain field tour May 26, 1954 sponsored by Amarillo Experiment Station. The tour will begin at 1:00 p.m. Wednesday, May 26. Those who attend will visit the research projects. After the tour those who wish may see other projects on the station. The tour will be completed by 4:00 p.m. Stops on the tour will show small grain tests under irrigation and dry land showing new varieties of wheat, and winter barley.
600 different varieties of wheat, oats and barley are being tested. Other stops include insect and weed control in small grain crop rotation studies, stubble mulch studies, and livestock grazing studies.
The Amarillo Air Force Base is furnishing the buses for the tour; so will not need to use your car on this tour. Realizing this is a busy time, but farmers need this information to save themselves time and money. After all that is the real objective; so let's attend if possible. The Experiment Station is located near Bushland, Texas, 14 miles west of Amarillo. If you wish to go direct from home.
GARDENING
Malathion comes about as close to an all purpose insecticide for home gardens as anything now available. It has many of the chemical properties as Parathion, but is less toxic to man and warm blooded says Neal Randolph, Extension Entomologist.
Malathion is an effective weapon against a host of insects which attack or ornamentals, vegetables, and fruits, such as aphids, lacebugs, mealybugs, and most leaf chewing insects. In addition its recommended for use in dairy barns and poultry houses but not for use as a spray on these animals. It is rather expensive and has an offensive odor to some people. It is a well rounded insect killer, and should not be used on fruits or vegetables 10 to 14 days before harvest. Be sure to read manufacturer's directions even though malathion is sold under several trade names.
SHRUBS
Pen up your yellow leaf shrubs if abnormal in color. This may indicate an alkaline soil. Add one or two cups of sulphur to the soil may correct this matter slowly. Sulphur acts slowly. Add 1-2 cup of iron sulphate for quicker results or spray leaves with 1-4 teaspoon full of iron sulphate (copperas) dissolved in 1 gallon water.
For roses there are several short method demonstrations — Bulletins available in the county Extension offices. One to two cups of 5-10-5 fertilizer over 25 square feet will feed roses. In richer soil 1-2 cup may be sufficient. Never add much over 2 1-2 cups as a rule.
Dust roses with copper-sulphur if you can get it. This will keep down blackspot, mildew and red spiders.

Also Misses Celma Henderson, Glenda Allsup, Pat Key, Opal McLendon, Nelda Joy Bedwell, Elizabeth Wall, Carolyn Steed, Neoma Stowe, Helen Kelly, Betty Thompson, Helen Gathright, Jaunice Cook, Verna Mae Stanfield, Barbara Preston, Shirley Pierce, Wanda Lemons, Opal Richardson, Gloria Nations, Jessie Clayton, Maurine Weed, Barbara Stovall, Wanda Davis,

A new Firestone tractor tire, designed to replace worn tractor tires and increase farming efficiency, is demonstrated here to a progressive farmer. The new budget-priced replacement tire features greatly increased bar height for deeper soil penetration, deeper center bite and greater drawbar pull at no increase in price. It is known as the Firestone Deep Tread Open Center Ground Grip tractor tire.

Vacation School Beginning May 31st At Methodist Church

Vacation Church School of the First Methodist Church will begin May 31st and continue through June 11th. There will be a two-hour session each

morning from 8:00-10:00. All children from ages 4 to 15 are cordially invited to attend.

Following are the various departments and faculty members. Kindergarten: Mesdames Edwin Neiman, W. G. Freeland, Woodrow Cunningham and Curtis Chapman; Primary I; Mrs.

Richard Key, Laura Sue Waller, Edna Waltrip and Mrs. Lloyd Miller; Primary II; Mrs. Don Hoffman, Mrs. Lem Cheshir, Mary Ruth DeBord and Donna Sue Burnett; Primary III; Carolyn Steed and Mesdames Wil-lard Cox, F. E. Baldrige and Earl Akin; Juniors; Mesdames

John Crowder, Bud Burnett; and Leon Stinson; Intermediates; Mesdames W. J. Waltrip, Hazel Harrison and Elra Oden; Music; Mesdames Frank Weir, Charles Taylor and W. P. Houston. Secretary; Mrs. P. B. Ramby and Director, Mrs. Willard Henry.

New driver comfort! New driving ease!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save time in traffic. New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save time on the highway. New high-compression power gets you up to highway speeds from a standing start in less time, and saves you time on hills, too. You make trips faster—and the new Comfortmaster cab makes them seem shorter. It's got everything!

You save extra trips, too. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper... new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.

You save on operating costs. High-compression power saves you money! The "Thrifmaster 235" engine,

the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high resale value.

Come in and see how much you're ahead with America's number one truck. You'll like the way we're talking business!

Most Trustworthy Trucks on Any Job!

Celebrates Birthday With Party, May 6

On May 6, Linda Faye Rose celebrated her fifth birthday with a party for her friends. Games were played in the backyard followed by refreshments. An anniversary birthday cake decorated to represent a package was served with ice cream and pop to each of the guests and trick cigars and candy lipstick were given as favors.

Warren Williamson and the honoree's brother, Marlin Rose, assisted Linda's mother in entertaining and serving the following guests: Sharon Clayton, Lem Chesher Jr., Toni DeVault, Darlene Lytle, Ronnie Windom, Margaret Ledbetter, Terry Lupel, David Brown and Dubbie Ellington.

RETURNS HOME

J. R. Ward returned home Monday from Grand Prairie after undergoing four weeks treatment at the H. H. Milling Sanatorium. His health is reported to be improved.

GETTING BETTER

Mrs. Jessie Brookshire is reported in good condition after undergoing surgery in Lubbock last week.

'GLAD TO BE BACK'

SAYS MRS. S. W. HAWTHORNE

Mrs. S. W. Hawthorne has returned to Morton from an extended stay in California and she says, typical of those who have gone away for an extended visit, "I'm sure glad to be back."

VISITS RELATIVES

Mrs. Dorman Corbin spent last week in Floyd N. M., visiting in the home of her parents, Mr. and Mrs. J. A. Myers. Mrs. Corbin's sister, Mary Sue Myer returned home with her for a visit.

ANNUAL PICNIC

The Junior Class of Morton High School held their annual picnic at the Mackenzie Park in Lubbock Friday afternoon.

Rex Faulkner, sponsor and Mrs. Lloyd Hiner and Mrs. R. L. Harrison, chaperoned the group.

Mary DeBord, Mayree Hancock, Norma Jane Mullinax, Shirley Taylor, Alice Thompson, Linda Key, Tommie Baker, Gwen Baker, Jo Ann Amyx and Gail Taylor.

Horticultural Exhibit, Along With Spring Placement Show on May 30

In addition to the Spring Placement Show next Sunday, May 30 at the activities building from 4 to 6 p.m., the public will be given an opportunity to also view a horticulture exhibit prepared by the Cochran County Garden Club members.

All flowers and flowering shrubs that are in season may be exhibited and members are asked to contact Mrs. C. W. Davis not later than next Tuesday, May 25, giving her information on specimens to be entered. This information is needed immediately in order to prepare a schedule, Mrs. Davis advises.

Leaflets on "Beautifying America with Roses" have been ordered and are to be handed out at this exhibit to the guests. This leaflet covers all care and information on roses from 1940 to 1954.

Following the theme, "Texas Under Six Flags," the tables will carry out the tradition of the

particular ear they are representing and Mrs. A. E. Sanders, club president, announces the following members in charge of these tables: United States — Tea Table — Miss Lonora Jackson, Mrs. T. M. Tanner, Mrs. C. W. Davis and Mrs. H. O. Rogers.

Texas — Outdoor Table — Mrs. Fred Collins, Mrs. Homer Thompson and Mrs. A. E. Sanders.

Mexico — Supper Table — Mrs. Charles Jones, Mrs. W. L. Foust and Mrs. H. A. Barnes.

France — Breakfast Table — Mrs. Maurice Lewallen, Mrs. Jack Wallace and Mrs. J. A. Gowdy.

Confederacy — Dinner Table — Mrs. Roy Hill, Mrs. A. A. Fralin and Mrs. Elizabeth Greer.

Spain — Luncheon — Mrs. Herman Bedwell, Mrs. J. S. Boydston and Mrs. W. L. Miller.

Registration table and floral arrangement will be prepared by Mrs. Sanders.

The Camp Fire groups have

been invited to prepare tables for this show carrying out designated themes.

"Prayer for Peace" written by a Morton high school sophomore, Deanna Rose, has appeared in the "District Gardener," a quarterly publication of the Garden Clubs, and this prayer was also used at the State Garden Club Convention in Dallas earlier this month. Mrs. A. L. Manjeat, District 1 Governor gave the prayer. Deanna has previously received special recognition for this achievement.

The plant exchange at the last club meeting proved to be quite interesting. Mrs. H. O. Rogers, club reporter says, Mrs. Sanders and Mrs. Hill, who attended a Flower Show in Levelland in the afternoon on that particular date were given some very rare plants — "The Love Apple" grown by Mrs. Herbert Ray in Levelland. They, in turn, gave each club member a plant.

Mrs. E. L. Willis, guest at the meeting, who has one of the nicest yards in Morton, gave each member of the club some plants.

Olds, Enochs Tie For League Lead After First Softball League Play

The Morton City Softball League got off to a rousing start Monday night with one unusually close game and one wild battle on tap for the handful of fans who braved cold weather to see the openers.

Defending Champion Enochs were extended all the way to beat Maple, 4-2 in a tight pitcher's duel which saw each team collect only four hits. It was the closest kind of a game but in the ultimate outcome it was the walks that defeated Maple hurler, Bill Mann. He walked only three batters in the game, but they all scored runs.

In the second battle, three-time league champion Hawkins Oldsmobile last year's runner-up won an easy 9-3 decision over Bailey County Coop after a wild first inning in which they took a 4-0 lead and were never headed.

In the opener, Maple scored twice in the very first inning

bunching three blooper singles and two wild throws by Enochs' first baseman for a 2-0 lead. Thereafter Harry Pollard gave up only one scratch hit, walked two batters and held Maple in good check. In the third inning Enochs got two men on base through walks to open the frame. Harry Pollard sacrificed them to second and third and with two out, a single plated the tying runs. Then in the fifth frame, a walk to leadoff batter Carl Hallford, a single to centerfield bobbled long enough to allow the runner to score and the batter went to third base. And a sacrifice fly, tallied the last two runs for Enochs.

Hawkins wasn't pressed by Bailey Coop who, after the bad first inning settled down to play ball. Behind 7-0 in the second inning Coop changed pitchers. Arnold Gross took over and held Hawkins to a pair of runs

the rest of the way. Bailey Coop scored once in the four and twice in the sixth but had several runners out on boor baserunning.

Both games were cut short by the league's new one hour and 15 minutes per ruling. Enochs and Maple played six frames and the last two teams played five and one-half innings.

The other three league entries were slated to see action next Tuesday and High School plays the second game.

A brand new schedule was begun Monday night as West Side meets West side meets Bula in the drawing up since the addition of the seventh team to the league and scheduled were to be prepared by next Monday night. Thereafter two games will be played each Monday, Thursday and Friday nights, Tuesday nites except during the week of the All-Star games and week of the rodeo.

Morton Wins Baseball Game 13-11 Sunday

The Morton Frontiersmen won their second game of the season and for the second time of the season had to come from behind in the late innings to do it as they stopped the Lubbock Clowns on Sunday, 13-11.

Leading 5-1 for the first four innings, the Frontiersmen faltered in the 5th and saw the lead melt away. They dropped behind 7-5 in the 6th and the visitors made it 11-5 in the top half of the 7th.

Then Morton came back with a four run 7th and a four run 8th to gain the decision. George Zimmerle, the third local hurler got the victory while Head started on the mound. Juan was the loser for the Clowns who lost their other previous game here, 4 to 3.

Head hammered out a home run a triple and a single to lead all hitters in the game. George

Zimmerle's single which got away from the left-fielder was the game winning blow.

PIANO RECITAL SET IN AUDITORIUM SUNDAY

There will be a Piano recital Sunday afternoon at five o'clock for the pupils of Mrs. Pegues Houston in the county auditorium activity room.

Students taking part in the recital are Diane Fields, Mary Ann Smith and Carolyn Houston. Guests participating will be Deanna Rose and Frances Lowe.

FISHING AT CONCHOS DAM

Mr. and Mrs. Willard Cox and Mr. and Mrs. Hume Russell went fishing at Conchos Dam in New Mexico last week.

SPONSORED by THE

Morton Tribune

edlines..

By Eddie Irwin

DON'T FORGET, there are two graduation exercises in Morton this week, not to mention those which haven't yet been held in the other Last Frontier area schools.

In addition ...

TO THE HIGH SCHOOL commencement, the grade school will hold a promotional program, a little different in type than the usual commencement. Instead of having a bunch of speeches, they'll present a couple of plays. Friday night, at the County Auditorium, sing a few songs and hand out diplomas and awards.
a total ...
OF SIXTY-EIGHT will graduate from the local eighth grade.
big doings ...
IN THAT PLANNED terrapin race for Memorial Day, May 30th, Albert Morrow was in starting that State Commander L. E. Page will have a terrapin entered and several out of state entries are listed. The Tribune has imported a terrapin from New Mexico to enter the race.

sincerely believing the stories that say "over in New Mexico, terrapins have to be faster in order to get enough food to exist."

the Legion ...

AND THE SHERIFF POSSE are both sponsoring the event and practically any member of the groups will sell you a terrapin to enter in the race or will take your entry fee if you want to enter your own terrapin.

the event ...

WILL BE HELD at the County livestock barn and we're told they'll assemble the terrapins that are to compete in each "heat" in the center of a ring, set fire to some rags and that'll get em all off to a running start.

however ...

WE WANTED TO make sure that we didn't get ahold of a terrapin that had been trained not to be afraid of fire so we will enter our own animal, thanks to the help of our printer who resided in New Mexico and knew where to find a gen-u-ine racing terrapin.

plans for the ...

JOYCEES CLEANUP drive are going along well, after another meeting with the city commission last Monday night. But in order to do any kind of a good job at all, it's going to take lots of cooperation.

you can ...

LEND A BIG HELPING hand by having your yards and homes cleaned up BEFORE Thursday of next week and by having the trash gathered in the ally, by that morning so it can all be picked up at once. That means any and all trash you're trying to get rid of. Let's get it all cleaned up at one time.

if the local ...

MERCHANTS WILL cooperate by allowing some of their hands to work for a few hours Thursday morning, May 27, and those that can, by closing their business establishments, we'll get the job done right.

looks like ...

WE MAY HAVE a new Scout Troop formed in the Enchs-Bula-Three Way area. Don't know, but suppose they will be classified in another district than Morton, even though they are in our natural trade area. At any rate, regardless of whether or not they are in our district, they will have some of Scouting leaders behind them when they meet next week, trying to help them get started. It's also a goal but they'll make more than one outing with the local Scouts and that plenty of cooperative Scouting experiences will be shared by the two troops. We hope they have lots of interested parents, leaders and boys out at the meetings.

want to ...

MAKE SURE THEY understand that the meeting of the 25th is for the Would-be Scout leaders, those who are offering to help in whatever ways needed to create a troop. The boys who want to be Scouts are not to be at that meeting.

then on the ...

28TH, THE meeting will be held for the boys who are interested in becoming Scouts and Cubs and their parents are asked to attend this second meeting, also.

we were glad ...

TO HEAR BELATEDLY, that work has started at the new refinery and a crew of men were hired a week ago Monday. They still expect to complete refinery construction by December according to reports here.

another ...

ANNOUNCEMENT we received indirectly last week concerned the resignation of J. B. Stamper, Supt. at Three Way. Stamper decided to continue more schooling looking for his doctor's degree.

he has ...

BEEN VERY COOPERATIVE with us, letting us know everything that is happening at his school, except, his own resignation, which we spotted in the Littlefield paper. Under him, we're sure, Three Way has had a very successful school year.

in case you ...

HADN'T HEARD, the fire alarm you heard last Monday evening was just a way of letting the volunteer firemen know that they had a mission to fill the elephant's tank with water at the carnival.

of course ...

THEY HAD TWO other good reasons for blowing the fire alarm. First of all, they'd installed a new alarm and that was the first opportunity they had to know it would work, according to Fire Chief R. C. Strickland. And then the other reason, they were afraid too many of the boys might stay away from Monday night's regular fire meeting, for one reason or another, and they wouldn't get a chance to decide when and where the boys should go fishin' this year.

well sir ...
IT WON'T BE very long now before the Morton Country Club takes a place beside other golf courses around the area with grass greens. The pipe is laid and tested, the well dug and pumped, and the results are nothing short of amazing even only a few days after the water was turned on.
they're going ...

TO HAVE PLENTY of grass on the fairways as well as on the greens, though they probably won't take the major step of installation of grass greens until late this season. Won't be playable until next year, probably.

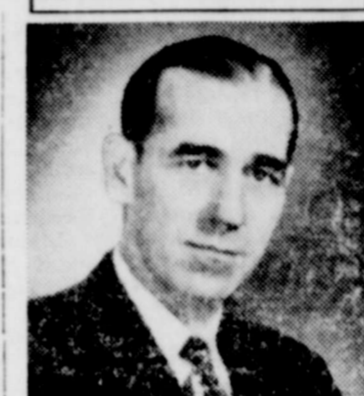

may be ...

JUST IMAGINATION, but it looks like the attendance is up a whole lot since they decided to install the well.

ON SENIOR TRIP LEAVE SUNDAY

The Senior Class of Morton High School will leave Sunday morning on their annual trip. They plan to make New Braunfels their main stopover. They will also visit Austin and San Antonio. Roy Traver, Jr., class sponsor will make the trip along with Mrs. Traver and several of the Senior mothers.

Heads USO Drive

Watrous H. Irons, above, president of the Federal Reserve Bank of Dallas, has been named Texas campaign chairman for the 1954-55 United Defense Fund. The drive will be launched next fall. Principal agency of the United Defense Fund is the USO, which provides recreational activities for the men and women in the armed forces. Appointment of Mr. Irons as campaign chairman was made by Ben. H. Wooten of Dallas, general chairman for Texas.

World's First!

Phillips 66 presents the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication...
Mil-Q-2104, Supplement 1 level.

The toughest standard ever set up for automobile lubrication is the Mil-Q-2104 Supplement 1 test. New Trop-Artic is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine!

Compared to ordinary motor oils, new Trop-Artic reduces ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and bearings cleaner... longer-lasting. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing over 150,000 miles of driving.

Trop-Artic is truly an all-weather oil... S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.

Any car, in any climate, at any time of the year will perform better with Phillips 66 Trop-Artic. It is a worthy companion product to Phillips 66 Flite-Fuel, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.

BULA NINE WINS BI-DISTRICT CROWN
BULA (Spl.) — A fine young Bula High School baseball team swept to bi-district honors at Bula Monday as they edged out a 3-2 decision over Petersburg in their final game of the season. Carl Wayne Hallford, Bula's sophomore hurler, tossed a four hitter in the Bulldog's second win over Petersburg in the best of three game series. Bula won the opener, Petersburg squared the count last week, and Bula took the final game for the bi-district championship.

QUARTET TO SING AT LOCAL CHURCH
 The South Plains Stamps quartet will be singing at the Assembly of God Church, Sunday night, May 23rd. It was announced this week by Pastor H. T. Clarke.

A cordial invitation has been extended to all who like "good gospel singing to meet with the local church. There will be no admission charge."

Dr. Jno. A. Roberson
GENERAL DENTISTRY
 712 Austin

 Levelland, Texas
 Phone 435 (Residence 864)

150 People Turn Out To Witness Colorful Whiteface School Program
WHITEFACE (Spl.) — The Whiteface Elementary School composed of the first four grades presented a very colorful program last Tuesday evening, May 11, in the new gym.

The first grade presented "Mother Goose Shows the Way," a program that dramatized mother goose rhymes. Mrs. Margie Mills and Miss Bobby Fox are teachers of the first grade.

Second graders presented, "May Pole Patterns," a very colorful dance around the May pole. Mrs. Dorothy Smith and Miss Christine Cooper are teachers of the second grade.

The boys and the girls of the third grade were divided to present two novelties that thrilled the entire audience. The girls presented a Hawaiian dancing act and the boys performed skills of acrobatics. Teachers of the third grade are Mrs. Phyllis Knick and Mrs. Alice Rankin.

The fourth grade presented an excellent program on the theme of conservation of Natural Resources. The name of their program was "Keep the Forest Green." Mrs. Leonora Richardson and Mrs. Irene Galvin are teachers of this grade.

The entire program combined music, art, language arts, physical education and social studies. The program showed fine cooperation on the part of the entire elementary grades, including students, teachers and others.

Mr. Charles Duvall assisted in his high school shop courses. Mr. Russell Cochran, music teacher, directed the music for the program. School custodians, Carl Mills and Orvil Summers helped greatly in making the program a success. Teachers of all elementary children are to be commended for their costuming efforts. The costumes were very colorful and added greatly to the program.

MISS TOMMIE BAKER

ENGAGEMENT OF TOMMIE BAKER ANNOUNCED HERE

Mr. and Mrs. Jack Baker of Morton announce the engagement and approaching marriage of their daughter, Miss Tommie Baker to Mr. Carlton A. Tanner, son of Mr. and Mrs. M. A. Tanner of Star Route II, Morton.

The wedding will be held in the home of the bride-to-be parents of June 11 at 2:00 p.m.

Rev. Kenneth Martin of Rails will perform the ceremony.

THELMA JO TANNER TO WED MAY 27

Mr. and Mrs. M. A. Tanner of Star Route II, Morton, announce the engagement and approaching marriage of their daughter, Miss Thelma Jo Tanner to Mr. Howard Ray Scoggins, son of Mr. and Mrs. J. H. Scoggins also of Star Rt. II, Morton.

The couple will be wed in the home of the bride-to-be's parents, May 27, at 2:00 p.m. Mrs. H. T. Clarke will perform the ceremony.

News From Bula

SEVERAL ATTEND COOKING SCHOOL

ENOCHS (Spl.) — Several local women were among those attending the Reddy Kilowatt cooking school at Muleshoe on May 13, held in the high school auditorium.

Various cooking methods on electric ranges were demonstrated. A Muleshoe lady won the stove given away.

Among those from Enochs attending were Mesdames Jerome Cash, H. H. Snow, R. P. McCall, Elton Vaughn, Carrol Pearson, C. W. Vanlandingham, W. L. Speck, W. A. Pool, J. B. Vanlandingham, Roland Gibson and D. T. Johnson.

RAINFALL STILL LIGHT NORTHWEST OF ENOCHS

Planting of cotton in the dry-land form belt around Enochs and Bula started last week with many farmers having from 1 to 1.5 inches of moisture on which to plant. However, west and northwest of Enochs, even after rains late last week there still was not enough moisture to allow planting.

Millsap-Tollett Vows Set Friday Night

Mr. and Mrs. W. J. Millsap of Goodland announce the engagement and approaching marriage of their daughter, Miss Gail Millsap to Mr. Sammy Tollett, son of Mr. and Mrs. G. L. Tollett of Rogers, N. M.

The couple will be married in the Maple Baptist Church, Friday, May 21, at 8:00 p.m.

Rev. A. R. Coleman will perform the ceremony.

Soy Bean Seed Available Now Agent Advises

The Plains Cooperative Oil Mill advised County Agent Homer Thompson this week that they have a carload of Soy Bean seed to be sold at \$5.25 per bushel.

The seed, of Ogdan variety, treated but not inoculated are in two bushel sacks of 120 lbs. Thompson, in passing along the information, advises it could be a new crop for diverted acres.

Anyone interested should contact them immediately in Lubbock.

Entertained Friends With Bridge Party

Mr. and Mrs. W. W. Williamson entertained friends with a fish fry and bridge party Tuesday night, May 11, at the Morton County Club.

Those attending were Mesdames and Messers L. A. Cochran, M. A. Silvers, J. F. Hargrove, Charlie Silvers, Joe Nicowarner, Lloyd Evans, C. A. Masters, Lem Chesher, Virgil Riley, Neal Rose, Earl Crum, M. C. Ledbetter, N. A. Monk, Babe Vanlandingham and Mrs. Arlee Bernard, Dona Doughty, Elizabeth Greer, and P. B. Ramby.

PLAY AT SMYER

In quest of their third win of the season, the Morton Frontiersmen will travel to Smyer next Sunday afternoon for a 2 p.m. game with the Smyer team. The Morton team has a 2-1 record so far this season.

Attempt To Form Scout Troop Is Now Under Way
THREE WAY (Spl.) — A preliminary organizational meeting and an initial scouting meeting are set for Three Way, May 25 and 28 as the leaders in that area attempt to form a Scout Troop made up of youths in the Three Way-Maple-Enochs-Bula area.

The first meeting for all interested Scouters will be held at 8 p.m. in the Three Way school gymnasium. Elra Oden of Morton will explain Scouting.

If the organization proves successful, boys interested in becoming Scouts and their parents are called back to a Meeting at the same time, May 28th. At that meeting, to be attended by the program, mended for their costuming efforts. The costumes were very colorful and added greatly to the program.

Carnival Showing Through Saturday
 Tidwell Carnival remains in town this week through Saturday, showing under the auspices of the Morton Volunteer Fire Department.

The carnival, featuring nine Dr. Dan Brown, Morton Scoutmaster and Bill Strain, District Scout Leader, a film of the 1953 International Scout Jamboree will be shown.

rides and a wide assortment of games and tent shows, is located 2 blocks north of the square on the Muleshoe highway.
