MORTON, TEXAS, THURSDAY, JULY 8, 1954

NUMBER 18

July 4th Accidents Injure Four; None Seriously

Four people, involved in two accidents just outside the city limits of Morton, Sunday, narrowly missed serious injuries and their cars badly damaged.

The first accident occurred a few minutes after 2 p.m. on Farm-to-market road 1780, just east of the County Park. A soldier stationed at Ft. Hood, driving a 1953 Chevrolet, attempted to pass two other cars, lost control of his vehicle and plowed up several hundred feet of bar ditch, a row of fencing, rolled his car over twice.

The driver of the car was Henry Harrison who was enroute to visit his brother-in-law Leon Crowley who lives east of town. Harrison was taken to the Cochran County

Hospital, X-rayed, and then released to the custody of Reese Air Base medical attendants who came after him. Harrison was just shaken up and bruised. His car was almost completely demolished. Sheriff Hazel termed the soldier "lucky, to have escaped." Harrison's car was evidently traveling at a high rate of speed, according to Hancock and when it attempted to pass two vehicles, caught the rear fender of a pickup driven by Pegues Houston and then went out of control. Houston's car was undamaged.

The second accident, involving three teen aged Morton girls, occurred on the same road, about two miles further east, on the turn

just east of Pat Hatcher's house. Ray Ann Ross, driving a 1954 Ford belonging to her father, Raymond Ross, lost control of her car and it rolled over and came to rest on its top, badly damaging the top of the car. She and her companions, Betty Waller and Nancy Blackley were taken to the Cochran County Hospital where they were X-rayed for possible internal injuries. Ray Ann had a bruised leg but no cuts and was released shortly. The other two girls were kept in the hospital through Tuesday where they complained of bruises on the back of their necks.

The car, although it rolled over at least once, did not have a broken window, the sheriff's office pointed out.

WATCHING... and WAITING

(Ed Note: The editorial below, one of numerous that have been written on the same subject, is a few days old. In that, the dogs mentioned were poisoned about a week ago. However, it is hoped that the many people who have always considered the subject over-stressed will see the point under the new light.)

Two more dogs were poisoned in Morton recently, that is two certain dogs among perhaps a great many that have suffered a similar fate.

The importance of these two dogs, as members of a family where they were loved by two children, is no greater than any other dog in the community. But the significance of the poisoned is this:

The parents of the two children in this family are worried. They

have cause to be. The two dogs were poisoned about 10 days apart. They may have eaten the poisoned food, or whatever it was, in the yard at that home. So far they've been unable to locate it.

Naturally, they must keep the children out of the yard so that they couldn't accidentally come across the poison. How long do they have to wait?

These parents are but two among a whole group of parents who earnestly ask that anyone knowing who is doing the poisoning, report it immediately. There's no use asking any more, for the person to stop it. Evidently, whoever is behind this practice, doesn't care. And we, by this time, don't care what they do to the dog poisoners when they catch 'em.

G. A.'S MET TUESDAY

The G. A.'s of the First Baptist Church met Tuesday in the home of Mrs. Elmo Smith for election of officers and a study of the mission-aries in the Philippine Islands.

Officers elected were: President, Denise Rose; Vice President Judy McCutison; Sec. Dala Brotherton; Ass. Sec. and Treasurer, Peggy Patterson.

The next meeting will be held in the Smith home on July 13, at 9:30.

Brother Dies In Topeka, Kans.

Funeral services were held for J. E. White, 52, former resident of Littlefield, at 2 p.m. Wednesday in the Parkview Baptist Church in Littlefield. The deceased was a brother of Arthur White of Morton.

White died Monday morning in Topeka Kan. The Rev. John Taylor conducted the funeral service. Burial was in the Tech Memorial Park under the direction of Hammonds Funeral Home.

The White family moved to Topeka four months ago from Littlefield.

He is survived by his wife, three daughters, Miss Lois White of Topeka, Mr. Bert Watson, Lubbock and Mrs. David G. Calcutt, also of Lubbock. Three sons, Jerry, Wayne and J. R. White, all of Topeka, six grandchildren, two sisters, and three brothers.

Hawkins Gets Win; West Side Bounces Back

Hawkins Oldsmobile ran up an early lead to post their 9th triumph of the season against just one loss, Monday night and kept two full game ahead of their nearest competitors for the softball League title, REA.

Hawkins outlasted Maple's outsiders in the second game of Monday's twin bill after High School had up set West Side in the opener.

Tuesday night, the Pipeliners, in quest of their first victory of the season, brought in a relief pitcher a little late and lost 11-7 verdict to West Side. The victory enabled West Side to bounce back into fourth place in the league.

RETURN FROM VISIT

Mr. and Mrs. Jack Burke and Penn returned Monday from a weeks visit with the Burks other sons in Tulsa, Sapulpa, Okla. and Ft. Sumner N. M.

Appreciation Day Adopted Twenty-Six Merchants In; Others May Still Enter

The Morton Chamber of Commerce and some of Morton's leading merchants will sponsor a new Trade's Day for the city, it was determined Thursday and Friday.

The signal to go ahead with "Appreciation Day" was reached by the merchants themselves. They agreed that at least 25 merchants must be participants before the program could be successful. By Saturday the 25 had been signed up and the workers were still signing up others. More than 50 had not yet been contacted by Chamber of Commerce representatives and Rodney Ward, representative of the National Trade's Day Association, originators of the plan.

Any merchants who have not been personally contacted, or who have not heard the Appreciation Day program explained and have decided to take part, should contact Carl Ray, President of the Chamber of Commerce within the next three days.

The final list of participating merchants will be turned in to the company printing the coupons, this weekend.

The Chamber regrets Mr. Rodney Ward, representative of the National Trade's Day Association could not see each merchant.

A merchants meeting was held last week at which Ward revealed his plan to some 30 merchants. Others were contacted Thursday, Friday and Saturday.

The following merchants have indicated they will take part in supporting the Chamber's project: Hub Variety, Cobb's Department Store, Piggy Wiggly, Ray's Hardware, Strickland Cleaners, Morton Tribune, Nu-Way Cleaners, Reynolds Tire Co., Doss Food Store, R. E. Dunham Jewelry, Morton Drug, Ramby Pharmacy, Rose Auto and Appliance, Willis Food Store, Forrest Lumber Co., Joe's Grocery and Market.

Also, Wallace Theatres, Forrest Lumber Co., St. Clair's Department Store, St. Clair's Variety Store, Don's 66 Service, Loran-Stripling, Higgenbotham-Bartlett Co., Miller Motor Co., City Electric, Hoffman Welding, Morton Electrical Supply, Truett's Food Store and First State Bank (a supporting member).

The plan will go into effect in about three weeks, but the decision as to when to hold the first Appreciation Day, had not yet been reached by the weekend.

The program will be fully explained in a small brochure, thousands of which will be distributed in the area to let everyone know how the idea works. Once explained, it is a relatively simple idea.

The merchants participating in the plan were to have a meeting this week to set up the program. They will decide what day is to be called "Appreciation Day," how the appreciation coupons are to be distributed, in other pertinent details.

The theory on which the idea works is a "building pocket" which each week gets larger. . . . AND YET, each week finds one winner. The pot does not necessarily have to be larger than it was the previous week, but it will continue to build.

Earlier the Chamber of Commerce, Board of Directors, looking for a plan that might stimulate trade in Morton, had endorsed the plan almost unanimously.

Absentee Voting Opened Sunday

Absentee balloting for the July 26th Democratic First Primary election opened at the office of the County Clerk, Mrs. Lee Taylor, Sunday and will continue until July 20th, four days prior to the election.

The times are set up in the Texas Election Laws. Since Sunday fell on a legal holiday and Monday was also being observed in Morton as a legal holiday, the office of the Clerk was closed. However, in case of necessity, Mrs. Taylor had said she would open up so that a ballot could be cast.

Two persons were waiting for Mrs. Taylor to open the office Monday so they could cast their ballot. By Tuesday, four absentee ballots had been cast and 27 absentee ballots were mailed out, indicating high interest in the coming election.

Yes, Sir! Cotton IS "On the Way"

Things are looking up in Cochran County. . . . J. S. Boystum, who lives six miles north and one mile east of Morton, walked into the Tribune office with cotton blooms taken from his field.

Irrigated cotton, yes, but no commercial fertilizers of any kind were employed, he reports.

Boystum says the cotton was planted around April 20, remember we've had two freezes and plenty of cool weather since then.

A believer in irrigation, Boystum employs concrete pipe to aid in putting the water to his crops.

Peaceful 4th Observed Here

Local law enforcement officers reported this week, the "soberest" long holiday weekend in many a year with only two auto accidents marring almost perfect record.

No drunks, no drunk drivers, no robberies, no break-ins, no fights, no law breakers of any kind were arrested here although a driver's license check along the Bledsoe road did cause some discomfort and net a few fines.

Sheriff Hazel Hancock said a road block Saturday night, in just a few minutes time, netted about 10 violators. Some were driving without licenses, some were driving while their license were suspended. All violators paid fines.

J. B. Knox Is Secretary For Water Board

J. B. Knox, local abstractor has been named secretary for the Water Conservation District Board, Glen Thompson, Board member said this week, following a meeting, Tuesday night.

Knox was appointed, Thompson said to give farmers a place to go to file their application for a water well permit, without having to scour the country for a board member. Anyone desiring to make application for a permit, or desiring any other information about water wells, should contact Knox with Westehn Abstract, east side of the square.

WHITEFACE STILL SEEKING POSTMASTER; SECOND SET OF EXAMINATIONS IS ANNOUNCED

For the second time in about six months the acting postmistress of Whiteface, Ava M. McClure has announced that examinations will be held to fill the office of Postmaster at Whiteface.

No word was received as to why the position is still unfilled.

Anyone interested in taking the exams for the job should contact the acting postmistress for further information or may apply to the United States Civil Service Commission, Washington 25, D. C.

The job pays \$1,770 per year according to the brochure

enclosed with the letter received by the Tribune. Closing date for applications is August 3, 1954 and the written test will be taken at Lubbock.

Little League Meeting, 4 P.M., Today Play To Start Tomorrow Evening

Little League play, long awaited in Morton, will begin Friday following a meeting which has been called for today at the District Courtroom, at 4 p.m.

There is no way of estimating how many teams will play this season. As yet, only one team is formed, that an Enochs team, and

two local businessmen have said they will sponsor teams.

A total of 22 boys have signed up to play, a high school boy has offered his services to manage a team or help coach or manage. Umpires are needed.

Play will begin on the Softball League diamond, probably at 5 p.m. on the evenings for games. If, and when the regular Little League Park is constructed, games will be switched to that location.

A plot of land on which to place the permanent Little League has been located. Monetary donations are being accepted now to help build the fence around the permanent diamond. Anyone wishing to help should mail or bring their donation to the Tribune's Little League Park fund.

Anyone who will help in the Little League affairs, either umpiring, sponsoring, managing or in any other capacity is urged to be at the meeting this afternoon.

Three Way News—SICK AGAIN

Mr. Woody has been on the sick list again the past week.

CRITICALLY ILL

Mrs. Rena Taylor is critically ill. She is in the Miller Hospital at Portales. Mrs. Taylor is the mother of C. L. Taylor and Mrs. Gaylon of Maple.

GUESTS ON 4th

Mr. and Mrs. F. P. Perrin and children of Morton spent the 4th visiting the Frank Griffiths.

SHOWER HELD FOR MRS. CARL POLLARD

The Monument Lake W. S. C. S. honored Mrs. Carl Pollard with a pink and blue shower Wednesday June 30th in the recreation hall of the Monument Lake Methodist Church.

Refreshment of punch, cookies and mints were served from a linen covered table centered with an arrangement of pink gladioli. Blue ribbon bows around the table completed the decoration.

Guests calling were mesdames: Marvin Holt, Jack Knowlton, Jack Lowe, Pete Tarlton, Clyde Krebs, Vivian Arnn, Pete Sanders, Louie Jordan, Leon Reeves, Cecil Cole, A. N. Moats and J. G. Arnn.

RETURN TO QUITAKE

Don and Lynda Lowe and Lynda Rhea returned to Quitaque last week with Mrs. Lyles who had been visiting her daughter, Mrs. Jack Lowe.

HOME FOR WEEKEND

Ann Cole who is attending E. N. M. U. was home for July 4th weekend. She is the daughter of Mr. and Mrs. Cecil Cole.

VISITOR

Charles McCafferty who has been working at Lubbock was back in the community over the weekend.

VISIT PARENTS

Mr. and Mrs. L. D. Sanderson Jr. of Roswell were visitors in the home of his parents, over the weekend.

HIME FOR HOLIDAY

Gail Arnn, daughter of Mr. and Mrs. J. G. Arnn was home from Tech for the holiday.

BARBEQUE SUPPER

Mr. and Mrs. Frank Griffith and children and Mrs. Bailey visited Mr. and Mrs. H. W. Terrell of Amherst on Wednesday evening. They were entertained with a barbeque supper on the back lawn of the Terrill home.

Lowly Snake Causes Trouble; Climbs Sub Station And Knocks Out Power

The power went off . . . in some businesses in Morton Tuesday night and stayed off for about an hour before power workers were able to determine the cause. . . . a snake in the grass, or perhaps we should say, a snake in the wire.

The reptile climbed onto the substation at Whiteface, probably after birds. He happened to get stretched out across two of the high voltage wires and what resulted was a duplication of the electric chair. Only thing, there wasn't any doctor around to pronounce him dead.

The lights were cut off about 8 p.m. and service to the dead areas was resumed at 9 p.m. However, so much water was used during the emergency period that it was another three hours before the city's water service could be resumed at full capacity.

Among the downtown locations where lights and power were off, were: Piggy Wiggly, Don's Service Station the Malt Shop and the Courthouse. Fortunately for Wallace Theatres, the movie was not affected this time.

According to manager T. J.

Allups Attend Relative's Funeral

The Roy Allsup family attended the funeral of Mrs. Paul Perry, in Wolforth, Tuesday afternoon at the Wolforth Methodist Church. Mrs. Perry was an aunt to the Allsup grandchildren.

RUIDOSO BOUND

Mr. and Mrs. Chapman left for Ruidoso Thursday afternoon to spend a few days.

TO CHILLICOTHE

Mr. and Mrs. Fred Morrison and children Tommy and Martha Dean, visited Mr. and Mrs. H. W. Terrell of Amherst on Wednesday evening. They were entertained with a barbeque supper on the back lawn of the Terrill home.

Ice Cream Supper Set Wednesday for Methodist Church

An ice cream supper will be held at the First Methodist Church of Morton next Wednesday, July 14th, at 8 p.m. on the church lawn.

The supper was planned by the Official Board which Tuesday night, at a regular meeting elected Elmer Gardner their chairman. He takes the place of Pegues Houston who led the Board last year.

WEEK-END IN CORPUS CHRISTI

Mr. and Mrs. O. B. Williams and daughter Linda spent the week-end at Corpus Christi and Kingville their sons, Rhodney and Ken returned home with them from a two weeks vacation in Kingsville. Their daughter, Mrs. Billie Chamberlain also returned to Morton.

PRESS LEADERS—Elected to head the Texas Press Association for its 1954-1955 year, at the Diamond Anniversary Convention of TPA, held recently in Fort Worth, were W. R. Beaumier of the Lufkin Daily News, Russell Bryant, Italy News-Herald, and Tom Whitehead, Brenham Banner-Press. Beaumier will serve as president, Bryant as vice president, and Whitehead as secretary treasurer. The association selected June 10-11, 1955 as the dates for its 76th Annual Convention, and Galveston as the convention city.

Judge Stockdale Makes Statement To County Voters

TO THE PEOPLE OF COCHRAN COUNTY: Most of you know that in January of this year I announced my candidacy for reelection to the office of County Judge and Ex-Officio County Superintendent. I did so in a spirit of humility and gratitude for the fine cooperation shown me by everyone during my administration. For your help I am truly grateful, and the progress we have made is the result of that kind of assistance by all the people.

The dockets of all branches of the county court have increased considerably, and I want to publicly express my appreciation to those who have responded for jury service. Your willingness to serve has enabled us to dispose of more jury cases than ever before in the history of the county.

Also, I desire to thank all other officials and employees of the county, district and state for the help and cooperation given me at all times. It is this spirit of harmony that really gets things done and produces constructive results for the benefit of all.

It is my wish to talk to each of you personally, but in the event I do not get to see everyone I sincerely hope you will consider this as a personal solicitation of your vote and support. And, if elected in the Democratic Primary July 24, I pledge you my continued best efforts toward securing more and better things for all the people.

Respectfully your friend,
Fred Stockdale

GUEST OF SWINDELLS

Visiting in the home of Mr. and Mrs. C. C. Swindell the past week were their daughter and husband, Mr. and Mrs. Wyley J. Barr of Sacramento, Calif. Also their son, Cecil C. Swindell ENI and Mrs. Swindell and their three children from Millington, Tenn., where he is stationed with the U. S. Naval Air Force.

Patrolman Qualifies For Pistol Team

T. A. Rowland, local State Highway patrolman, was in Austin this week after qualifying for a place on the Highway Patrol's pistol team.

Patsy Gore, Gerald Green Wed In Double Ring Rites, June 20

Miss Patsy Gore, daughter of Mr. and Mrs. A. W. Gore of Sudan exchanged vows with Gerald Green, son of Mr. and Mrs. L. G. Green of Mountainair, N. M. on June 20. The bridegroom formerly lived in Morton.

The double ring ceremony was performed in the home of the bride's aunt and uncle, Mr. and Mrs. Hugh Gore with Rev. Wayne Perry, minister of the Sudan Baptist Church officiating.

The altar was decorated with candelabras holding pink tapers, flanked with baskets of pink gladioli and white mums.

Given in marriage by her father, the bride was dressed in a white embroidered nylon street length dress over taffeta. It was fashioned with a fitted basque bodice with a small round collar edged in lace.

Her fingertip silk illusion veil was attached to a small hat edged in lace and seed pearls. She wore small lace mitts and her bridal bouquet was of pink sweetheart roses and stephanotis atop a white Bible. She wore a blue garter and her ensemble was something new.

Miss Mary Alice Weber of Mule-Bible belonging to Mrs. Alex Weber and something old was the white who also carried it at her wedding.

Miss Mary Alice Weber of Mule-Bible belonging to Mrs. Alex Weber and something old was the white who also carried it at her wedding. She wore a white linen sheath dress with a blue nylon rednecktie. Her accessories were white and she wore a corsage of pink and white feathered carnations.

GUESTS HERE

Mr. and Mrs. Walter W. Lytle Jr. of Ft. Worth and John Lytle of Weatherford spent last weekend visiting in the homes of Mrs. Francis Sifton, Mr. and Mrs. Thurl Lemons and Mr. and Mrs. Eddie Irwin.

FATHER IS AILING

Mr. and Mrs. Jiggs Baker visited briefly in Morton Saturday on their way to Muleshoe to the bedside of her father, Tom Morgan, who suffered a heart attack. Donna and Kay daughters of the Jiggs Bakers remained in Morton over the weekend in the home of their grandparents, Mr. and Mrs. A. Baker.

C. T. JOHNSON

A DEMOCRAT FOR LT. GOV.
 CUT HIGH PHONE RATES
 \$100 MO. PENSION AT 65
 \$5000 BONUS FOR ALL VETS
 SAVE WATER—SAVE FARMS

Candle lighters were James Gore and Bill Gore, brother and cousin of the bride respectively.

Traditional wedding music was played during the ceremony.

A reception was held in the home following the ceremony.

Miss Nadine Johnston poured the punch and Miss Wanda Whitmire served the cake. Guest were registered by Miss Freda Lou Gage.

For a wedding trip to Ruidoso N. M., the bride chose an aqua and white printed dress with accessories and a pink rose corsage.

Mr. and Mrs. Green will make their home in Muleshoe where he is engaged in business.

The bride is a graduate of Sudan High School and the bridegroom graduated from Morton High School.

With Your... COUNTY AGENT

Homer E. Thompson
J. W. McDermott, Morton, Texas has planted no cotton the past two years, but this year, 1964, he planted 30 acres. He put on 10 to 20 tons of cottonbuds on 10 acres of the 30.

He put on 500 lbs. of 0-20-0 fertilizer prior to planting. He also put on the same amount of phosphate on the land not treated with burrs. He plans to apply 100 lbs. of anhydrous ammonia (nitrate) per acre a little later, on part of the burrland and part of the cotton land without burrs. A check plot of cotton land will be made on part of the untreated land by using no burrs or fertilizer. All the cotton was planted the same time and will be cultivated alike. The cotton yields will be kept on all plots of different treatment. This should be a real demonstration advises County Agent Homer E. Thompson.

E. Thompson
Cotton 4-H
There are 24 4-H boys and girls who have signed up to date for the county and district 4-H cotton contest. These 4-H'ers are planting all kinds of cotton varieties. Looks like an experiment station list.

13 are signed up for non-irrigated cotton and 11 have signed up for the irrigated division.

All the cotton land in the contest must be designated by July 1, 1964. Those who are to compete had better get this in the county agent's office soon. There are a few who have indicated they will compete, but have not designated the plot on the farm. Do this right away and send a sketch of the farm and where the plot is located on the farm. Record books are available in the county agent's office. Accurate records are necessary in the contest. This office is ready to help you when you want help on the record books.

Mrs. Joe Crothers Is Honoree At Baby Shower

Mrs. Joe Crothers was honored with a Pink and Blue shower in the home of Mrs. M. L. Doyle on June 25.

Hostesses for the occasion were mesdames: James Jones, John Lloyd, M. L. Doyle, Ted Wallace, Leon Stinson, Ruby Killian, Orlan Cook and Carl Dupler.

The serving table was covered with a white linen cloth and centered with an arrangement of pink and white Gladioli. Refreshments of punch and cake were served.

Guests calling and sending gifts were mesdames: Betty Spicer, Rose Thompson, Arlie Self, Wilma Morrison, W. L. Miller, Iva Williams, E. L. Willis, Bert Jennings, E. Straener, H. E. Shakespear, Jesse Paulk, Charles McDermott, Pete Lindsey, Roy Hill, Donnie Hand, Jack Burke, Eller Pledger, Lois Winder, J. D. Head, Francis Submitt, Florence Ensor, Ralph Merritt, John D. Lackey, Juanice Cook.

Alton Burleson, A. E. Sullivan, Sam Noville, Marie A. Baldrige, Elmo Smith, J. W. McDermott, Paydell Turner, C. J. Goudston, Bill Jeffries, Hazel Hancock, George Williams, Grace Bowman, Bonnie Gandy, A. A. Fralin, Louise Grantham, A. J. Bilibey, J. W. Rhyne, Lockett Terry and Misses: Dorothy Doyle Marie Hancock, Billie Jean Doyle, Barbara Jeffies, Alice Straener, Gwen Jennings, Wanda Williams and Sue Waller.

Out of town guests were mesdames: Jack Burns of San Francisco; Joe Sutton from Bledsoe; Mrs. Earl Doyle and Mrs. Travis Truett of Lubbock and Irvan Neville of Portales, N. M.

ENOCHS GUESTS
Mr. and Mrs. R. P. McCall and family of Enochs spent Monday visiting in the home of her parents, Mr. and Mrs. Nath Crockett.

Hawkins Blasts Enochs, 12-5

Enjoying the benefits of one big inning and then almost completely handcuffing Enochs the rest of the game, Hawkins Oldsmobile hammered out a 12-6 triumph over Enochs in their second league meeting of the season last Friday, and in doing so they pulled three games in front.

The league leaders had to come from behind to gain their victory. They trailed 4-0 going into the last half of the 2nd inning. Then Hawkins enjoyed one of the biggest innings of the season. They put together six hits, including a homer and a triple, two walks and three Enochs errors for a 10-run spurge.

Carl Kernell hurled top flight ball the rest of the way for the Oldsmobile crew and thus bested Harry Pollard, on the mound for Enochs.

THE WAY OF SALVATION

We often hear people speak of "joining the church," but this expression is foreign to the New Testament. The first time we read of the church of our Lord as an established and existing institution is in the second chapter of Acts. Concerning those who became members of it, we read: "the Lord added to the church daily such as were being saved." (Acts 2:47) The church is referred to in the New Testament as the household, or family of God. (See 1 Tim. 3:15; Eph. 2:19) As members of God's family, Christians are referred to as children of God. (Gal. 3:26; Rom. 8:16-17) Now, we do not think of a child's becoming a member of a family by "joining the family." The child is born, and another member is thus added to the family. So the Lord adds to the church those that are being saved.

We refer you back to the passage from Acts 11:26: "And the disciples were called Christians first in Antioch." Thus we have a simple definition of the word, Christian. A Christian is a disciple, (that is, of course, a disciple of Christ). If we can learn how one becomes a disciple, we shall have by the same process learned how we become a Christian. By reading from the American Standard Version of the 28th chapter of Matthew, we learn that after the resurrection of Christ from the dead, He appeared unto his disciples and said: "All authority hath been given unto Me in heaven and on earth. Go ye therefore, and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all things whatsoever I have commanded you." (Matt. 28:18-20) The mission of those men whom Jesus sent into all the world was to "make disciples of all the nations." Since a disciple was a Christian, they were to make Christians of all the nations. They were given instructions as to how they were to make disciples. He said, "baptizing them, and teaching them to observe all things whatsoever I have commanded you." We are not to conclude that baptism alone is all that it takes to make a disciple of Christ, or a Christian.

SOIL CONSERVATION NEWS

Spring Grasses Proven Better Suited To Grow On Land With Some Cover

Cochran Soil Conservation District News.

Past seedings of grasses in the Cochran Soil Conservation District has determined that Spring sown grasses such as Weeping Lovegrass and Blue Panic have a much better chance to come up to a good stand and survive when drilled on land where there is sufficient dead litter or cover than when seeded on bare land.

Crops that furnish a good dead cover include African millet, red-top cane, sudan or other sorghums and may be planted in regular spaced rows although better results have been obtained when the cover has been drilled.

Sufficient dead cover for grass plantings serves a three fold job in that it prevents or reduces soil blowing, reduces soil moisture evaporation loss, and shields young grass seedlings from the hot sun.

To effectively serve this three-fold duty, as mentioned above, crops that are planted for cover should not be grazed or harvested in order to allow for as much plant growth as climatic conditions, namely length of growing season remaining after cover crop has been planted and rainfall, will permit.

District cooperators who have planted crops to serve as dead cover for 1963, Spring grass seedlings and those who will make such plantings along with the acreages of each are: Mr. F. O. Maston, 3000 acres of feed that is already planted; Mr. Jesse Marks, 100 acre of Sudan already planted plus another 125 acres of which will be drilled to African Millet; Mr. J. Frank Bennett, approximately 200 acres to be planted to grain sorghums or African Millet.

Other District cooperators who are planning to initiate plantings of crops to serve as dead cover crops for Spring grass plantings and who are at this time undecided on the kind they will plant, should contact anyone of the District Board of Supervisors or contact your local Soil Conservation Service Personnel for assistance on this matter.

Ramsey Candidate For Re-election

In this state of razzle-dazzle politics and slam-bang campaigns, the calm, deliberate manner of Lieutenant Governor Ben Ramsey is an oasis.
 A friend, in introducing Ramsey, once remarked "Ben has been more places and been seen by fewer people than any man in Texas public life."
 He might have added, as the record shows, that when the modest Ramsey was temporarily hospitalized during his first statewide campaign, friends from the forks of the creeks and cities carried on Ramsey won by 177,851 votes.

The quiet campaigner for re-election as lieutenant governor formed his ideas about people and politics during his youth as the son of a district judge and former in Deep East Texas. He hasn't strayed.
 Ramsey lives on a farm near San Augustine and practices law there when official duties do not keep him in Austin.
 His own words seem best to explain Ramsey's campaign attitude. "A man or woman doesn't buy a suit or dress without feeling the cloth and I don't think the people of Texas will select their officials without checking the record. That is all," Ramsey said, "that I ask."

the field and came out with their victory of the season, a 10-7 decision over the West Siders in one of the season's top upsets. Bowen took the mound for High School and Blansitt went behind the plate. That, plus an early lead they built off Andy Behrens, enabled the High School boys to stave off one bad inning to post the victory. West Side errors proved very costly in the struggle, allowing five unearned runs. But Sammy Malone's High Schoolers showed by far their best overall effort of the season.

Janice Grimsley's Engagement Told

Mr. and Mrs. Floyd A. Grimsley, of Lubbock announce the engagement and approaching marriage of their daughter, Miss Janice Grimsley to James C. McGraw, son of Rev. and Mrs. J. C. McGraw of Petersburg. The Grimsleys are former Mortontonites.

The wedding will take place at the Woodrow Baptist Church, August 25, Rev. J. C. McGraw will officiate. The bride-elect is a Sr at Hardin in Simmons University. Her fiancé is a Sr. at Texas Tech.

Depletion of Water From Income Tax Being Studied

UBBOCK.—The High Plains Underground Water Conservation District, with headquarters here, is studying the possibility of securing the approval of the Internal Revenue Service in allowing water users to deduct from their income tax the cost value of underground water depleted through municipal, industrial and agricultural use.

District Manager Tom McFarland explain that there is no such allowance now, but that if possible such an allowance will be obtained.

He said that under the existing regulations, the only way a person can deduct the depletion from his income tax is that said person sell the land and show a loss which concurrently was the direct result of underground water depletion. He exemplified this by saying that if a person pays \$400 an acre for 200 acres of land and if he pumps water from the land for 25 years, thus exhausting his supply to the extent that the land is worth only \$100 an acre because of the exhaustion, then the only way he is permitted a deduction for the loss he has sustained, is through the sale of the land.

"There are several problems encountered in securing a deduction permit," the manager said. "First, it will be necessary to establish that the landowner has a cost in his underground water as distinguished from the cost of his soil. Secondly, it will be necessary to establish that the underground

Barbara McCamish, Filmore Bilbrey Wed

A single ring ceremony in the personage of the First Baptist Church of Bledsoe, Friday July 2nd united in marriage, Barbara McCamish, daughter of Mr. and Mrs. Lee McCamish of Bledsoe and Filmore Bilbrey, son of Mr. and Mrs. Marian Bilbrey of Bledsoe.

Rev. C. R. Kinnaird read the service that united the couple, both former Bledsoe High school students. The wedding was held at 1 p. m.

Lorretta Bilbrey, cousin of the bridegroom, served as Maid of Honor and Travis Berry, a friend of the bridegroom was best man. The bride was attired in a dress of white nylon marquisette trimmed with white taffeta bands and pink accessories. Her corsage was of pink carnations. For something old she carried a penny with the date of her birth, in her shoe. Her garter, belonging to Mrs. Edsel Young, friend of the bride, was borrowed and blue. The dress and accessories were the "new" to fill out the ancient good luck symbols.

The Maid of Honor wore a blue nylon dress and wore a corsage of white carnations. After the ceremony the couple left on a short wedding trip to the mountains of Western New Mexico. They were to return to Hobbs, N. M. Sunday or Monday where they will make their home.

The bride is a 12-year resident of Bledsoe and the bridegroom resided in Bledsoe for eight years. He is now employed with the Amcrada Petroleum Co. of Hobbs.

water is depleted through its use, and thirdly, the annual rate of depletion must be established. "Obviously," he said, "in areas where pumping does not deplete the underground supply, the landowner would not be entitled to an allowance. However, in areas where it is being depleted by continuous use, such as the Hi-Plains it appears that a deduction should be allowed the landowner as compensation for the asset consumed in the production of income. He further explained that a depletion deduction of this nature would be comparable to the present cost depletion allowance made on oil, gas, minerals and timber. Also, it would be similar to the present allowance for depreciation on equipment used in a trade or business.

"The reason we think an allowance should be permitted," McFarland concluded, "is that many areas natural resources are being depleted, whether people know about it or not."

Support the
LITTLE LEAGUE
 Program and the
SPONSORS
 of the teams...

"Big tries by small fry" . . .that's Little League Baseball, an organized enterprise worthy of support by all advertisers, America's reply to juvenile delinquency.

The time is getting short. The little guys are chaffing at the bit. They want to get started.

Little League baseball should start in Morton next week. Any merchants who will sponsor a team should make their intentions known.

All the boys who want to compete -- those between the ages of 6 and 13 should sign up immediately. A drawing will be held to divide up the boys within the next day or two.

Meanwhile, for all it does for the boys and for all it does for the community, Little League baseball deserves your support.

If you have a boy of playing age, give us a hand in running this league. We need umpires, scorekeepers, coaches, managers and sponsor.

edlines..

By Eddie Irwin

WE GOT QUITE a kick out of Jesse Brookshire's experience on his recent trip through the northern part of the country, and east...

IN MISSOURI OR Illinois, Jesse came upon a freak being exhibited to the public, a 10-year-old bull with four horns, four eyes and two noses.

Jesse says...

THE BULL, actually breathes out of both noses although he can see out of only the two normal eyes. The others, water but they are partially covered over with hide.

in case...

YOU DON'T BELIEVE this story, contact Jesse and he'll show you the pictures he has of the freak animal.

purely from...

THE ANGLE of cooperation on a project that will help the town, we've gotten more cooperation behind the new trade's day promotion than for anything we've had in Morton in a long time.

in fact...

I GUESS, the opposition to the liquor election last year was the only project that has been received any better by the people, as a whole.

some folks...

WERE GETTING mighty aggravated at Pete this week because he thought he saw some rains for the Plains, and a good chance of rainfall here. And by Saturday, no rain, not even hardly a cloud in sight. But at this writing, Saturday about 2 p.m., Pete still hasn't given up hope and still believes you'll see some rain before the publication day rools around again.

in case...

YOU DIDN'T notice the story on absentee balloting for the coming election, you have until July 20th to cast an absentee ballot. The election is July 24th, and that's not very many weeks away in case you've been wondering why the campaigning is getting so hot and heavy.

have you...

DRIVEN SOUTH since they if not, do so, as soon as possible. In these days of heat without rain and days with little business, it'll pick you out of the depths of gloom like nothing has in a long time.

you bet...

WERE GROWING, all the time. Some are doing everything they can to cast a shadow of gloom on the situation but Morton is far from dead.

two of the...

WELL KNOWN Whiteface citizens were in town the other day and they happened to drop by the Tribune office to renew their subscriptions. Both were long and loud in their praise of the recreational program which is being conducted for both students and adults at Whiteface.

TWO IMPORTANT things for the community. It provides much needed entertainment which keeps the kids out of some mischief and also keeps some of the people at...

home. Then it also builds that precious thing that no community can get too much of, Community spirit.

they're...

USING THE old gymnasium as a roller skating rink and some of those who have been taking part in the regular skating sessions, two nights each week, have pointed out that the floor is one of the best they have ever skated on.

it's tough...

THAT A doctor can't go out and enjoy a little recreation like others, without endangering his health and thus rendering him less effective as a doctor. We noticed Doc. Monk hobbling around on the crutches the other day, merely because he slid into a base at one of the softball games and twisted his ankle.

it was...

AS FAR AS we know, the first injury this season. We had one injury resulting in a broken collar bone last season. Here's hoping Doc gets better in a hurry. He may be playing softball just for the recreational value in it, but he's undoubtedly one of the steadiest, most dependable and better players in the league. West Side will feel the loss.

looks like...

THE LOCATION of the Little League Park, may be changed again. Some of the folks out on the Hospital Road didn't especially care for the dust that blew off the freshly scraped diamond and wanted to know if there wasn't some other lot available, one not so near to residences.

a search...

OF THE TOWN netted a few lots available but only two were large enough for the diamond, without also having some telephone wires that would interfere.

they are...

BEING CONSIDERER IF we can get the general public to donate a little money to get the fence started, the park shouldn't take too long to build. As far as playing is concerned, the little boys can start playing on the softball diamond until the newer field is ready for them.

we still...

HAVEN'T HAD any volunteers to run the league. None of the dads have volunteered to sponsor, manage, coach or even cheer for any of the teams and not a soul has offered to umpire.

it certainly...

IS GOING to take a little volunteering, to get the job done properly.

it was funny...

THE FIRE RUN that was made late Monday afternoon. Seems that a lady piled up some old trash, including some old tires and set it afire. To make sure that she wouldn't catch anything else on fire, she got out the garden hose and played it on a pile of lumber and a shed near the fire.

someone noted...

THE FLAMES AND SMOKE (it was pretty black) and decided it was time for the fire department to move in. Before the lady could explain, they had the hoses unreeled and had the fire almost completely doused.

she finally...

DECIDED THERE wasn't much use trying to explain. So she remarked, "now I'll have to burn that trash all over again when it dries out."

an hour later...

THE FIRE alarm sounded again, this time for a fire drill. But this time, while the volunteers checked in at the Fire Station for their regular drill period, the trash pile they had doused an hour earlier, was burning merrily, under good control.

MORE MONEY for ROADS

During Allan Shivers' Administration more money has been spent for roads than in any other comparable period in Texas history. For that money Texas added 14,926.10 miles of smooth roads to the state highway system and maintained all roads to keep them safe and sound for you.

Allan Shivers knows the importance of good roads to you. Whether trade-routes that speed goods to market or modern super-highways that make your driving a pleasure, good roads save you time and money.

IN COCHRAN COUNTY

\$836,262.04 has been spent on roads for you during Allan Shivers' Administration. You have 90.15 more miles of roads today than when he became your governor. This means better Farm-to-Market roads, so important to farmers and citizens of small towns. It means modern, safe highways that make your trips enjoyable and inexpensive. Texas comes first with Allan Shivers.

Even Better Mousetraps Need Advertising

Once upon a time there was a man who invented the best mousetrap in the world. But contrary to what he had heard the world didn't beat a path to his door. In fact, no one came to his door because no one knew about his remarkable mousetrap; So the poor man departed us leaving neither fame nor funds but a world yet plagued by mice. The trouble was the fellow didn't believe in ADVERTISING. But what about the people who do believe in advertising? Well, there's Sears' retail stores which invests \$25,000,000 annually in newspaper advertising and Marsh's of Boston buying over 13,000,000 lines of newspaper advertising in one year. And Macy's of New York buying 6,000,000 lines of newspaper advertising each year. Nearly everyone would agree that Sears and Macy's and Marsh's are doing all right with their mousetraps.

THE TRIBUNE

THE FIRE RUN that was made late Monday afternoon. Seems that a lady piled up some old trash, including some old tires and set it afire. To make sure that she wouldn't catch anything else on fire, she got out the garden hose and played it on a pile of lumber and a shed near the fire.

someone noted...

your senator reports . . .

By LYNDON B. JOHNSON

The future of American foreign policy -- the issues of war and peace -- are being shaped by two separate events.

One is the visit of Prime Minister Winston Churchill to America. The other is the Soviet Aggression against the Western Hemisphere

which has exploded into civil war in Guatemala.

At the time this is being written, we are still waiting for Churchill's visit and the civil war is still under way. But regardless of the outcome of either event, there are certain background considerations which must be taken into account in deciding our destiny.

Prime Minister Churchill is coming to the United States at a time when Anglo-American relations are under the greatest strain in decades. Prime Minister Churchill is a man of great charm and personality. But the American people are properly concerned about the actions of his government in the past few years.

They want to know: Why the British government has persisted in recognizing Red China despite the continuous treatment of British diplomats by the communists?

Why the British government has persisted in keeping open certain trade channels to the Iron Curtain nations?

Why the British government has persisted in keeping the Geneva talks going even when they obviously had reached the point of futility?

The American government has built up its system of post-World War II alliances for one reason and one reason only -- to halt the pattern of communist conquest. In the post war world, there can be no other objective that deserves such a high priority.

These alliances must be a two-way street. If Prime Minister Churchill is well advised, he will bring with him assurances that he personally has that understanding and his government will act accordingly.

The immediate issue which will be discussed by American and British officials is of course, Indo-China. But the more basic issues cannot be avoided. They must be faced and faced squarely.

Shortly before Prime Minister Churchill's arrival, I attended a conference at the White House at President Eisenhower's request. It included Democratic and Republican leaders of Congress and ranking members of the Foreign Relations Committees. It was the second such conference called by President Eisenhower since we came back in January.

I attended that conference in full determination of approaching the issues in a nonpartisan spirit. The issue before us are issues of life and death for all Americans. We should judge them as Americans and not as partisans.

The Guatemalan situation involves questions more "localized" than the Indo-China war but equally important. The basic issue is communist military penetrations of the Western Hemisphere.

There can be no doubt that such penetration is taking place. The communists have shipped arms to the leftist government of Guatemala. The communist delegate to the United Nations Security Council refused to permit the Organization of American States to consider the Civil War in Guatemala.

These two factors taken together represent a clear notice of communist plans for Western Hemisphere conquest. These plans endanger us all -- the United States and our neighbors to the South.

There are 21 nations numbered among the members of the Organization of American States. The Soviet veto action does not prevent them from taking jurisdiction over the Guatemalan Civil War. Nor will it prevent them from taking joint action to halt shipments of red arms into the United States.

It is understood that the overwhelming majority of these nations are ready to take joint action to send the Americans off from communist penetration. A few are not agreed on the type of action to be taken. Only Guatemala -- alone of all the members -- is opposed flatly to any action at all.

Under any circumstances, the United States must and will prevent communist arms from enter-

ing our Hemisphere. But we want as much help from our neighbors as we can possibly get.

The fires of communism must be put out in the New World as rapidly as possible.

A saddening note! One of the greatest tragedies of recent years was the suicide of my good friend Senator Lester C. Hunt, of Wyoming. He is the sixth Senator to pass away in this Congress.

Lester Hunt was one of the quiet men. He was able, hard-working and utterly devoted to his country. Those of us who were close to him have been disturbed for several months at the evident concern over his health which cast a pall of gloom over his usually cheerful disposition.

He is gone to his maker and the hearts and the prayers of all of us are with him.

George Mahon Announces His Candidacy

George Mahon has announced recently that he is a candidate for re-election to Congress. His application to have his name on the ticket in the July primary is on file with the County Democratic Chairman. He has no opponent, but, as in previous years, he is placing his announcement in the newspapers of the District in order to let the people know of his candidacy and as a means of requesting their vote and continued support.

"I want to announce for re-election, and at the same time thank the people for their generous support and good will through the years. I will be grateful for your support in the July primary," the Representative said. "I am always mindful of the fact that public office is a gift of the people and should never be taken for granted."

Mahon is one of the senior Members of Congress from the standpoint of years in service in Washington. His record in behalf of the people is well known to West Texans.

"In some undertakings," he said, "I have failed. Other efforts have been successful. I have tried in big and little matters to do the best possible job in behalf of our Nation and the people of our District."

"If re-elected, and I use this means to solicit your continued favor, I shall go my whole limit to do a good job. I want to contribute everything within my power to the cause of decency and good government and to the cause of peace and security."

Vocational Education Increase Is Almost Unanimous Vote

WASHINGTON, D. C. -- The House of Representatives voted June 9 almost unanimously to increase the appropriation for vocational education from \$18,673,261 to \$23,673,261, according to Lewis B. Taylor, executive secretary of the Vocational Agriculture Teachers' association of Texas. He stated that this is an increase of \$5,000,000.

Of this amount, Taylor stated, Texas will receive an increase of probably a little more than \$200,000. The increase for each of the four federal phases of vocational education for Texas probably will be as follows: For agriculture, from \$348,000 to about \$425,000; for home economics, from \$270,000 to about \$340,000; for trade and industrial, from \$260,000 to about \$325,000; and for distributive educa-

tion, from \$8,600 to about \$20,000. It was brought out on the floor that Russia is expanding its vocational education program at an increasing rate, and that the security of this nation is dependent to a large degree on the skill and productive capacity of our people.

Efforts were made on the floor of the House to increase the appropriation for distributive education by removing restrictive language and thus allow it to share in the funds as provided in the formula of the George-Barden Vocational Education Act. The House voted to increase the amount for distributive education from \$450,000 to \$900,000. An amendment to make approximately \$2,000,000 of the \$23,000,000 available for distributive education was defeated.

One man can attach the forward gangs of this four-row cultivator to any Farmall H, Super H, M, MD, Super M or Super M-TA tractor in six minutes, or less. He merely drives the tractor between the two sections, as shown, and then uses its hydraulic power to lift the gangs while they are secured in position. The new cultivator, also available in two-row sizes for both H and M series tractors, saves time by making the tractors quickly available for other jobs during the corn or cotton cultivating seasons.
