Over 2,000,000 MORE PEOPLE IN THE UNITED STATES, are

alive, this year, because in 1954, Medical Science has raised the average life expectancy a whole year, Last year the average person lived 69.9 years.

THE BIBLE PROMISES US at least three score and ten years. There is no real reason why everyone should not live to be more than one hundred.

ALL YOU NEED IS FAITH, and the will to live properly. If you wait until you are seriously sick before calling a Physician, you may be taking years away from

RESEARCH WORKERS, PHARMACEUTICAL

CHEMISTS, PHYSICIANS AND PHAMACISTS, are all united in a great effort to help you to live longer, and to enjoy those added years. In our Pharmacy are the medicines and vitamins that can help to accomplish this purpose But you must give your Physician the opportunity to help you more by calling him at the first sign of illness.
