## Local Campfire Girls Plan Camporee For New Mexico Mountains, this June

The Morton Campfire girls are busy planning for their first summer camp. Mrs. M. C. Ledbetter, Mrs. J. C. Reynolds and Mrs. W. G. Freeland were in Portales, N. M., last Monday to meet with the Campfire executives of that city and complete plans for a joint camporee.

## Tentative Plans Made for Showing Of Bible Film

A tentative date of Wednesday, June 15, at 8:30 p.m. in the county auditorium has been set for the showing of the 84-minute film, "Our Bible - How It Came To Us."

The film was produced by the American Bible Society and is believed to be one of the most authentic Bible films ever made.

Arrangements for the tentative date showing in Morton was being made Friday by Rev. Carrol Jones, district director of Friendship for Korea, Rev. Curtis Carol, and Rev. S. Frank Weir.

Plans were being completed whereby local churches would hold brief services prior to the showing of the film.

No admission charge would be made, but an offering would be taken to help pay for or feed animals being sent to Korea.

## Cemetery Directors Meet Mon. Night

A regular meeting of the Cemetery Association's board of directors is scheduled for Monday night, June 6, at 7:30 o'clock at the Morton Floral and Greenhouse.

## Three Way News ...

**By MRS. FRANK GRIFFITH**  
Mrs. Gertrude Laxton, daughter of Mrs. Lilly Laxton became the bride of Donald Wayne Davis, son of Mr. and Mrs. Marion Walker of Goodland in a double ring ceremony Saturday evening, May 22 in the First Baptist Church of Portales, Rev. Doyle, pastor of the church officiated.

Nuptial vows were repeated before an archway of greenery and white flowers. White candles in candleholders flanked the setting. Candles were lighted by the bride's two younger sisters.

The traditional wedding March was played as the bride walked to the altar attired in a white nylon street length dress with white accessories. She carried a white Bible topped with white roses.

Johnnie Clark was the bride's only attendant. She wore a blue street length dress.

Robert Stanford, cousin of the groom, served as best man. For her daughters wedding, Mrs. Laxton chose a dress of Navy blue crepe and white accessories. A corsage of white carnations completed her attire.

Mrs. Walker chose a suit dress of salmon pink and white accessories and a white carnation corsage.

Immediately following the ceremony the couple went to Roswell on their wedding trip.

Guests at the wedding from Three Way Community were the groom's parents, Mr. and Mrs. Walker and children. Also Mr. and Mrs. Thos. Lemons, Mrs. Adolph Witter, Mr. and Mrs. Andrew Witter, Rev. and Mrs. Bobby Rowe, Mr. and Mrs. Ted Ferguson, Miss Brenda Griffith, Jimmy Bates, Curtis Smith, Jim Henry Johnson.

The young couple are making their home in the Three Way Community where Donald is engaged in farming.

Guests in the Frank Griffith home over the weekend were Mr. and Mrs. Elmer Pruitt and Sherman of Roswell.

Mr. and Mrs. Lloyd Nichols of Silver City, N. M. and Mr. and Mrs. McConnell of Lubbock were weekend guests in the home.

**Rain Gauge Shows .12 Inches For Thursday**  
Another .12 moisture was recorded on the local rain gauge during a very heavy downpour that lasted only about five minutes, Thursday afternoon. Other area towns got considerably more moisture, in some instances.

Heavy clouds darkened the skies over Morton most of the day but failed to shake loose any rain except for those few minutes.

# Polio Case Reported

The Tribune learned late Thursday afternoon that Cochran County's first polio case of 1955 had been received at the local hospital.

## Three Bible Schools In Progress

One Vacation Bible school is entering its final week, and two more get underway tomorrow.

The First Missionary Baptist Church Summer Bible Study will be completed Friday after two weeks under the direction of Mrs. Joe Gipson, the school has been held each morning from 8:30 a.m. until 11 a.m.

The First Baptist Church opens its Bible School tomorrow (Monday) and will continue for two weeks. The hours are the same as for the Missionary Baptist School.

Mrs. Francis Shiflett is director. Assisting Mrs. Shiflett will be Mrs. Wayland Walton and Nelda Fincher will play the piano. Dixie Darland and Mrs. Ross Shaw will be secretaries.

In addition, the following women will help conduct the school: Mesdames Lee Greer, R. E. Brotherton, Rusty Reeder, Walter Taylor, Ollie Gathright, K. A. Wilson, Glen McDaniels, Harry Williams, Percy Wilson, Lillian Wilson, Oveta Smith, Peggy Johnson, Christene Wilson, Merle Monroe, John D. Lackey.

Also, Mesdames, R. J. Hill, Roy Hill, Speedy Lindsey, Eddie Irwin, Clyde Gunnels, Connie Jackson, N. H. Steed, Jack Gunnels, George Markley, J. W. Pond, A. P. Fred, Billie Burris, Olen Darland, Elnora McMaster, Ollie Robinson, T. H. Wood, Allen Grusendorf, Merl Roberts.

And, Mesdames Truett McCulliston, H. B. Barker, James St. Clair, Pete Lindsey, F. G. Kennedy Buck Huckabee, W. B. Mitchell, Sammy Williams, Lowell Webb, N. A. Monk S. M. Monroe, Harold Drennan, David Rozell, James Hicks, Keith Kennedy, J. W. Haralson Clayton Stokes, Mrs. Blackstock, Mrs. Berry, Mrs. Reed and Miss Deanna Rose.

The Methodists are conducting their school in the afternoon, this year, beginning tomorrow and also

## S. Frank Weir Reappointed Methodist Church

Announcement of the re-appointment of Rev. S. Frank Weir to the Morton Methodist Church for another year was made by the Northwestern Texas Conference of the Methodist Church, at a meeting last Sunday.

At the same time Weir was named advocate agent and reporter for the Brownfield District.

Other Brownfield District appointments went to Rufus Kitchens, reappointed at Whiteface; L. K. Quisenberry, reappointed to the Maple-Bledsoe area and the Bula-Petit pastor will be named later.

One change in the immediate area found James Merrill formerly of Denton, Okla. appointed to the Eucha-Monument churches. Clarence Stephens, formerly of Morton was reappointed at Muleshoe and Clarence Bounds, formerly of Whiteface was appointed at Medicine Mound. He'd served at Farmer's Valley, Wildcat, last year.

Stephens was named district director of temperance, Plainview District.

## Cotton Insect Meeting Set For Three Way

M. A. Townsend of the Stegall Gin and M. E. Casey of the Casey Gin at Maple have announced a cotton insect meeting to be held Thursday night, June 9, at 8:15 o'clock in the Three Way school auditorium.

The program will include a short talk, the showing of a film, and refreshments.

Everyone interested in the area's fight against cotton insects are invited to attend the meeting.

Francis Escalante, 7-year-old Mexican child was brought to the hospital Monday, according to County Health Officer, Dr. Dan Brown. She was found to have

paralytic polio, being paralyzed in her right leg. She has been taken to the Plainview Polio Center where no word was received Friday as to her condition.

Though the girl had received the first inoculation in the proposed series of three Salk Vaccine shots in the Morton schools, six weeks earlier, Dr. Brown said there was no reason to believe it possible that the shot had caused it. In fact, though he was careful to point out, it's hard to draw definite conclusions, he said "the incubation period is usually 7-10 days, and that would have been long after she received the shot."

One unusual thing about the case, according to Dr. Brown, was that there were no warning symptoms. She just suddenly came down with polio.

Questioned about the incidence rate of polio this year, Dr. Brown said she was the 18th paralytic victim in Texas this year. The rate of polio appears to have decreased and the percentage of paralytic polio among all polio cases has taken a decidedly sharp drop.

## Little League Teams Named; Boys Not Selected, In Minor League

The Little League schooling, cut to three days after managers decided they had seen enough to enable them to bid on the services of the players, ended Wednesday.

Player auction was conducted Thursday night in a meeting of the four Little League team managers, Player Agent Eddie Irwin and the directors.

The following is a list of the boys who made the Little League teams and the teams to which they have been assigned.

Selected by the Sox, managed by Dr. N. A. Monk and Leon Patterson are Willie D. Franklin, Eugene Neagle, Kenneth Williams, Donnie McCall, Robert Martinez, Earl Cox, Robert Wilson, Raymond Chancey, Charles Ledbetter, Bob-Glen Keuhler, and Robert Weir.

On the Cubs, managed by Jerry Wiley Bailey, Jackie Fulton, David Cates, Larry Tanner, Larry Sheon, Lowell Hatcher, John Ed Collins, Darwood Aaron, Ronnie Schon, Larry Miller, Benny Turner, Dickie Walker, Mike Houston, Wilburn Zuber and Larry Beseda.

Playing for the Cards, managed by Harold Drennan and Fred Payne will be Johnny Little, Sammy Carrasco, Jimmy St. Clair, Vernon Slaton, Sandy Wallace, Jesse Robinson, David Haralson, Bill Huckabee, Bob Pyburn, Wilburn Bailey, Maurice Blackstock, Stanley Cunningham, Robert Herrington and Marlin Rose.

For the Giants, managed by Hub Cadenhead and Andy Behrands, are Lee Oden, Jimmy Bilbrey, Ray Tucker, Larry Pollard, Dean Westerman, Frankie DeLeon, Jerry

## Local FHA Offices Close from Noon June 6 thru June 8

The Farmers Home Administration office here will close at noon June 6, and all day Tuesday and Wednesday, June 7 and 8, to allow office personnel to attend a district meeting scheduled at Amarillo, it was announced this week by Robert Cross, county supervisor.

## Tarver Opens Furniture Store Here, Saturday

Tarver Furniture, under the management and ownership of Roy Tarver, Jr., opens its doors to the public Saturday, on the north side of the square, at the location formerly occupied by Hub Variety.

The City's newest furniture and appliance dealer is in a completely remodeled building. The opening sale, featuring several special items and registration for a bedroom suite, will continue through next week with the drawing slated for Saturday, June 11th.

Coffee and cookies will be served Saturday and Monday (Dollar Day), Tarver said. Favors are also to be handed out to the kiddies.

Tarver will handle a complete line of furniture, some of which will not arrive in time for his opening, and also will handle Frigidaire Appliances.

**TEAMS PLAY OFF POSTPONED GAME**  
Morton and Llano-Grande Gasoline Plant softball teams were to play off their postponed game, Saturday night, after the Dollar Day Special went to press.

The announcement came too late for Thursday's paper and due to the fact that the Special must be printed two days early in order to get it to Rural Routes before Dollar Day, the results could not be included in this issue.

## Morton Alone At Top Of Softball Loop

Carl Kernell pitched himself out of a 7th inning jam, Thursday night and racked up his third triumph of the season, a 5-4 victory over Howard Shaw of Sundown, to put Morton alone at the top of the City Softball Standings.

The Trunkmen went into the 7th with a 5-3 lead but Dee McInturff led off with a tremendous home run to deep left field to cut the margin to one run. Then Sundown put two more men on base with just one out but the tying run died there as Kernell throttled the attack.

In the second game of the evening, Llano-Grande won their first game of the season, blasting out an easy win over REA.

## Neighbors Replant SICK MAN'S CROPS

Neighbors helped replant the crop of Houston Mansell on Thursday. His crop had been hailed out recently. Mansell was reported critically ill in the hospital at Muleshoe. He has been ill for several months and has had to go back to the hospital several times.

## See Ads for Real Bargains

MRS. RAYMOND ROSS, local school-teacher and housewife, is shown consulting with one of the editors of Town Journal and Farm Journal magazine, in Philadelphia, recently, and another of the women who were selected to help plan the magazine's fall articles.

## PALOMEETO POLO GAME AT RODEO ARENA TODAY

The first regularly scheduled competition in palomero polo will be witnessed this afternoon at the rodeo grounds as the Cochran County Sheriff Posse team meets the Dawson County Posse from Lamesa.

The game will be a league affair, the two teams being members of an eight team district league set up last week.

The game will get underway at 1:30 p.m. Each team puts five mounted men on the field divided into five zones. Only one man from each team plays in each zone. The object is to drive the ball (about the size of a medium sized beach ball) through the opposition's goal posts.

The game develops into a sport highly dependent upon the skill of a well trained horse and the riding ability of the team member.

Morton's quintet will play a return match against Dawson County at the Old Settler's Reunion on July 4th at Lamesa. They also will play each of the other six teams in the league, once on their home field and once in Morton, before the season is over.

Winner of the round-robin matches will be matched against the winner of another district until a State of Texas champion is named next fall.

J. T. Holloman is the Cochran Posse's director in the league formation and is also coaching the local team. Lovington, Slaton,

Hale County, Lubbock, Terry Co. and Lynn County are the other teams in this district.

## MINOR LEAGUERS MEET MONDAY, 6 PM AT SOFTBALL FIELD

Boys not assigned to Little League teams were advised this week to report to the softball field on Monday evening at 6 p.m. for the start of the minor league program.

Boys will be divided up into teams during the next week or so will be started.

Fury Leaguers have been divided into teams and are already practicing preparatory to starting the season.

WELL SIR, the Little League program is ready to roll. The school and the auction are over. Some 60 boys made the grade as Little Leaguers. Perhaps the hardest problem is now being faced by about 40 boys who just didn't show up well enough to make Little League teams. They are no doubt disappointed. But we hope they realize they aren't counted out.

not only ... WILL THEY see plenty of action in the minor league program, but they will be the first players called up when re-placements are needed. Some of them will be on Little League teams within a very few days, no doubt.

the managers ... WILL BE LOOKING them over, as they need replacements. The boys that are hustling the most in the minor leagues, will be the ones selected to move up.

and you'll ... HAVE UNIFORMS, too. Slip over jerseys, and caps. You'll play regularly scheduled games, just like the Little Leaguers, and as soon as the Little League park gets a carpet of grass, you'll play your games there, just like the Little Leaguers.

so don't ... BE TOO disappointed. There's lots of ball ahead for all of you who really want to play, and just because you're just learning the game certainly does not mean you won't be able to keep up with the other boys who are in the Little League now. Remember, hustle is the key to the whole program. The boy who makes up his mind he's going to be a Little Leaguer, and hustles, will become one.

local persons ... AND, IN FACT, any of you folks out around the area are reminded this week that the local cleaners will clean, free of charge, all flags up to June 12th of this month, in exchange for your promise that you will display the flag, on Flag Day, June 14th.

three churches ... IN MORTON have their Vacation Bible schools in progress right now and from the list of names of workers at the various churches all of them should be outstanding successes. If you haven't enrolled your boy or girl, better do so immediately, maybe at church services tonight. The schools are all slating morning study.

we expect ... THE SWIMMING POOL here to really come into its own this year. When the pool was built and even last summer, the attendance was held down by two main reasons. First of all there was a predominant number of local persons who could not swim. It took about two seasons to get them accustomed to swimming.

secondly ... THE POLIO scare last year cut deeply into attendance. Almost simultaneously with the first announcements that we had polio cases, folks began telling their

**Know Your Government . . .**

We are going into our third week of payless Session, and many members are becoming more and more jittery and discontented. Although there are some members who can afford to serve without pay for some reasonable time in order to finish the important work of the Legislature, we do have a great number for whom it is a real sacrifice to serve without pay. Expenses continue to go on and don't think a majority of the Legislature will continue very much longer without pay. My position has been that we should continue to finish up our "must" legislation and avoid a Special Session. We still have not passed the General Appropriation Bill, and

cannot pass it until we get a tax bill for a sufficient amount to pay for what the appropriations call for in the General Appropriation Bill. The Senate has been wasting valuable time for more than three weeks since the House Bill was sent to them. They did nothing in their committee, except cut off about half of the revenues provided in the original House bill, and the House bill barely provided enough to balance the budget. The Senators are meeting again this morning, and I hope they will send us an acceptable bill which the House can accept without the necessity of a free conference committee. Bills written by a conference committee are never very

popular, due to the fact that sometimes a conference committee can and does completely rewrite a bill, and there is nothing the House or Senate can do except to accept the conference committee's report or reject it; for no amendments can be offered to a conference committee report. As the House passed the Tax Bill, it provided for 1c per package on cigarettes, 1c per gallon on gasoline, a freeze of 8% of value on natural gas, a raise in licenses to beer and wine dealers, a tax on trade stamps, and a 5% tax on uranium (which there is none at this time). The Senate committee eliminated everything except the cigarette, gasoline and beer and wine dealers license features, which would raise only about one-half of the amount of money needed to provide for

the Appropriations Bill. I heard this morning that the Senate would consider eliminating the beer and wine dealers license features, which would raise less than one million per year anyway, and substitute a tax on beer of 1c per can or bottle. I have favored the beer tax all along and tried to get a beer tax on the original House Bill, but we could not do it. I believe though that the House might take a beer tax now, and I hope we can get a bill from the Senate which will be acceptable to the House, then a conference committee will not be necessary. Then we could pass the Appropriation Bill and go home. There is also being considered by the Senate a 1/8th of one cent manufacturer's tax, which will raise a lot of money. Actually this tax

seems rather attractive to a lot of us, due to the fact that it would broaden our tax base. This tax would apply to every manufacturer in and out of the State and would have the effect of making everybody pay some taxes. We must stop sometime this practice of simply adding to already high rates on just a few things like cigarettes, gasoline, gas and etc. We need to get everyone in on this program of support for our State government. It is a real problem and I am sure that you could find at least one hundred different opinions from the 181 Members of the Legislature. No one wants to vote for a tax which would affect their own people. We all want the taxes to be paid by the other fellow. But the Legislature is getting

very tired and nerves are on edge, and tempers are short. If the Senate doesn't get out some sort of acceptable tax bill today which a majority in the House can accept, I think that we may have to let die adjourn this Session, and let the Governor call a Special Session to consider only two things: Appropriations and Taxes. He has offered to do this but a majority of both Houses of the Legislature have elected to stick it out as long as there is a possibility of working out a satisfactory program, for none of us want a special session, and would rather work a few weeks without pay rather than come back during this hot weather for a special session. The House and Senate chambers are not air conditioned, and believe me, with the temperatures run-

ning above 100 outside, there is little comfort inside either. I hope the people will understand that some tax bill is absolutely imperative due to the rising costs of education, hospitals, departments of government, etc. The major part of increases in appropriations comes about thru the needs of our public schools, colleges, hospitals and welfare programs. Actually, the increases asked by the various state departments have been negligible as compared with the other things I have mentioned. The sad facts are also that the costs of government are going to continue to rise as we have more children to educate, and more people moving into our state. I hope that we can hold taxes to the minimum and appropriations as well. But I hope the

people back home will not overlook the Legislature's responsibility to make sufficient provisions for education, the care of our old people, the sick and indigent, and those other unfortunate people in our midst. We cannot do less than our best for these causes even though we have to pay more taxes. I hope to see you soon.

thought the cemetery was going to float away, so we checked it, decided maybe the water should be turned off (sprinkler system) and phoned Jack Loran about mid-night. Evidently the Lorans have the baby well trained, for neither they nor the youngster woke up, and we wound up having to roust Smiley Monroe out of bed. He promptly told us to "leave it running, we'll need all the water we can get for awhile."

now that . . .

THE LITTLE LEAGUE business is well underway, the organizers are turning their attention to Pony League. The boys were called out for the first time, Thursday afternoon. Any boys who are 13 or 14 years of age are eligible.

IMMEDIATELY if you are going to play Drop by the Tribune office or see Jim Middleton.

beginning . . .  
PROBABLY next week, we're going to run a series of seven articles dealing with atomic energy. The articles should prove interesting, having been prepared for weekly newspaper release by General Electric Co.

TO BE STRESSED is the way and means which atomic power is being put to work as a useful force in society rather than as a destructive weapon.

we lose our . . .  
LINGTYPE OPERATOR this week and for the time being, at least, we're going to struggle along without one. Which means that the present staff will add type setting to their duties. All of which sim-

ply adds to another way of saying, if you want something in the paper, better get it turned in by Monday afternoon.

we might . . .  
GET IT IN the paper if it's turned in later, but we won't be able to make any promises.

good operators . . .  
ARE HARD TO find, and we make no bones about the fact that we sure hate losing Perry. However, he has an excellent chance to work on a bigger paper, learning to operate a bigger machine, and some day will be worth a lot more to him since he's interested in the daily field, rather than the weekly newspaper shop.

no doubt . . .  
MORTON WILL also hate to lose the entire Demere family. The two daughters, both in our schools, have participated in many school activities. From here they are going to Hereford, and their main objective, as soon as possible, is to get back to their home base, San Angelo.

have you . . .  
DRIVEN OUT to the southwest part of town lately and seen the beginning of construction on the new Cotton Warehouse, Inc.? It's going to be quite a sizable building and Fred Payne has it well under construction now.

The victory gave the Printers a 333 percentage and moved them out of a last place tie into fifth place in the 8 team circuit.

In the second game, perhaps the most thrilling of the young season, Enochs and Bula played a real corker before Bula wound up a 10-9 winner.

a result of errors.  
After that session, Van settled down and hurled tight ball as his mates began to chip away at the 7-1 lead. They made it 7-3 at the end of two innings, 7-4 in the third, and then Bula added two more in the 4th. Enochs came back with another and it was 9-5 going into the 5th. Bula tallied what proved to be the winning run on a wild throw and had a 10-6 lead came to bat in the last half of the 5th. Enochs added another in the 5th and had two men on base when Wynn finally yielded the mound to Wayne Caffer. This almost proved fatal to Bula. In the 6th inning, Enochs collected three runs and had the tying run on third base when Lloyd Pollard bounced out to end the threat.

One of the largest crowds of the season stayed right through the last inning for the tight game. Victory gave Bula a 2-1 record for the season and the loss was Enochs first in three outings.

Halford, with two bunt singles was the only Enochs player to get more than one hit.

**Enochs Defeat, Cuts Undeclared Teams To Two, In Softball Loop**

The Muleshoe Printers, in a battle royal with their other City rivals, REA of Muleshoe, put their first victory of the season on the books Tuesday night, scuttling REA by a 12-9 count.

LeWallen hurled the victory for the Printers, though he was hit rather freely. The Printers outthrew REA steadily and took advantage of two home runs to tally five times.

### 14 To Attend Music Camps At Colleges

Fourteen Morton high school bandmen will attend music camps on two college campuses this summer with nine of them going to ENMU for the Sunshine Music Camp beginning June 3, and five going to the West Texas State College Music Camp at Canyon in August. Students enrolled at ENMU are Davy Mitchell, Tommy Hawkins, Johnny Stockdale, Donald Chosshir, Christine Gray, Henryetta Bedwell, Myrian Cox, Truman Harris, and Freda Chosshir. Those going to Canyon later in the summer are Glenda Allsup, Mary Silhan, Thetis Foust, Barbara Lackey, and Neida Fincher. John M. Bealmer, band director, plans to attend both camps.

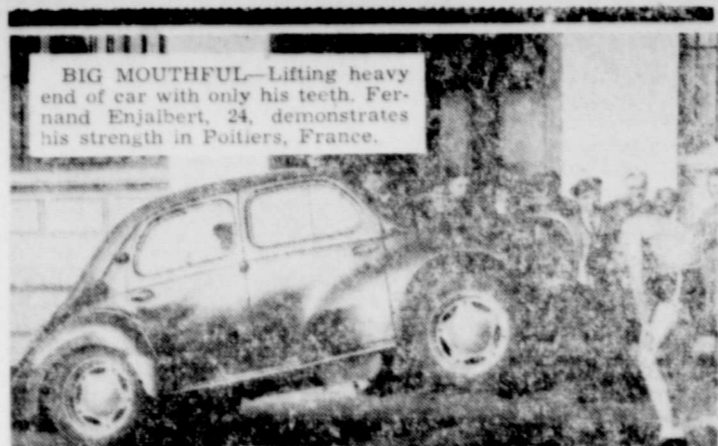

### Chehelos Replant Flowers Around

The Chehelo Campfire girls met in the M. C. Ledbetter home with their leaders, Mrs. Ledbetter and Mrs. Lloyd Miller, on May 31st. Most of the discussion was about the Campfire summer camp which some of them will attend this month. They then adjourned to the County Activity Building where they spaded up their spring bulbs and planted gladioli, asters and zinnias for summer blooms. Members present for the meeting were Mary Ruth Coon, Billie Crockett, Linda Williams, Vivian Ledbetter, Penny Grossendorf and Shirley Miller.

Sure Fire Death for Red Ants

Our Own **RED ANT KILLER**

Now On Sale At **MORTON DRUG STORE** NORTHSIDE SQUARE

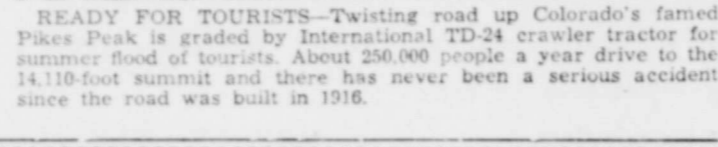

**BIG MOUTHFUL**—Lifting heavy end of car with only his teeth. Fernand Enjalbert, 24, demonstrates his strength in Poitiers, France.

**MUSIC LESSON**—Organist Ken Griffin coaches young singer who can really get down for the low notes. Pupil practices diligently, fearing roasting by critics.

**'THE THING'**—Theresa Fayre digs that crazy sundae at dairy bar in Essex, Md. The Thing consists of cake, fruit, 13 scoops of ice cream; sells for \$1.25. Only one in 100 can finish it.

**READY FOR TOURISTS**—Twisting road up Colorado's famed Pikes Peak is graded by International TD-24 crawler tractor for summer flood of tourists. About 250,000 people a year drive to the 14,110-foot summit and there has never been a serious accident since the road was built in 1916.

### Farmers Need Publicity Man

The term "Publicity Man" had a bad ring to the ears of the average farmer. Nevertheless, no other segment of our economy has had such adverse publicity in the past two years as our farm people.

Most farmers would be repelled by the idea that an "outsider" could champion his cause with the people of the Nation. A farmer prides himself on being a rugged individualist — the man supporting the basic structure of our national economy. He prefers to make his own way, grow his crops, care for his land and make a little money, without outside interference.

But in these days of complex interdependence of one industry on another, rugged individualism is slowly becoming a thing of the past. The farmer needs someone to tell his story to the city people. He needs someone to explain that high prices today don't necessarily start on the farm. They are largely the result of increased cost in transportation, processing and marketing of farm goods.

Even some of our national farm leaders have contributed to the distorted idea that high farm prices are the main factor in the present high cost of living. What is the true story?

During the past four years, the price the farmer has received for his produce has decreased 24 percent. Yet the cost of foodstuffs has not decreased in like amount. A loaf of bread still costs the same although wheat prices have dropped drastically. This fact is true of most other commodities which originated on the land.

City people have been sold the idea that the farmer is responsible. They have been told that high support prices mean burdensome demands on their salaries for needed foodstuffs. Yet how much of this 24 percent drop in farm prices was passed on to them in food dollar saving? About 1/2 of one percent.

The difference came out of the farmers' pocket. He has had to cut back by one-fourth the amount of goods and services he needs to maintain his living standard. His buying power has suffered a similar blow.

This is the story that needs to be told. The farmer isn't a gouger of the salaried dollar. He is the victim of bad publicity. The result has been the end of a guaranteed price program for his goods by the Federal government which once served as a kind of "minimum wage law" for the farm population.

LYNN RANDALL and her marvelously skilled carriage beauty, "Top Hat", will appear as one of the premier attractions of the annual A.B.C. Rodeo, June 8-11, at Jones Stadium on the Texas Tech campus in Lubbock. A member of the talented Randall family of rodeo fame, Lynn Randall will direct her charge through two of their most popular presentations, "Equestrian Elegance" and "Rhythm on Wheels".

### Dust Bowl Not All Farmers' Fault Weather Has Been Biggest Factor

One of the great injustices against Texas Farmers is the wide-spread theory that present "drought bowl" conditions on the Plains is the result of poor farming practices. In a few cases, this is true. But during my recent tour of West Texas I found that only a small proportion of the land was blowing due to deliberate or unthinking misuse.

Some of the Plains country should never have been touched by the plow. Eventually this land must be put back to pastureland. Even land which has had the best of care is bound to suffer some damage from wind erosion during

#### ADMITTED TO HOSPITAL

Word has been received here that Rev. Ollie S. Robinson, was admitted almost immediately on his arrival, to Sealey Clinic and Hospital in Galveston. Usually, prospective patients have to wait several days. Rev. Robinson is to undergo a complete checkup.

prolonged dry spells. Yet most of the soil is shifting in West Texas because the farmer doesn't have enough money to practice those measures which would prevent it. One of the immediate steps the Federal and State governments should take in the Texas drought disaster area is the setting up of a realistic long-term loan program. It takes money to practice soil conservation. It also takes plenty of money to survive four to five consecutive years of almost complete crop failure. Unintentional neglect of the land is bound to result. The Federal government does have a loan program in operation under the FHA. But farmers everywhere tell the same story. The requirements are so strict that few can qualify. Those few — about one in a hundred — who do qualify for loans soon find it is not an "Emergency loan" program at all. There is little difference, if any, between what is offered by the Government and what can be had

### City Secretary Attends 2-Day U of T Program

AUSTIN (Spl.) — A total of 74 persons registered for a two day Governmental Accounting and Finance Institute first of its kind in Southwest, sponsored by the University of Texas. The institute was conducted by the university's Institute of Public Affairs, Division of Extension and

College of Business Administration, in cooperation with the Texas League of Municipalities, Association of City Clerks and Secretaries of Texas, and Texas Chapter, Municipal Finance Officer's Association.

Among those attending was A. M. (Van) Greene, City Clerk of Morton. Others from this area were A. P. Couch, Lubbock City Auditor; Jack M. Goodlowe, La Mesa City Secretary; and Mrs. L. N. Reed, City Secretary at Seagraves.

By PRICE DANIEL

Look for a great increase in highway construction during the next five years.

The Senate last week passed legislation to provide for the modernization and expansion of highways throughout the United States. The bill provides for a joint contribution for securing the necessary funds between the states and the federal government. In September, 1954, President Eisenhower appointed an advisory committee on a National Highway Program which reported that the existing system of highways is inadequate and that a safe and efficient highway network is essential to America's military and civil defense. Further, while there were 34,000 cars and trucks on our roads in 1946 and over 58,000,000 today, it is anticipated that by 1965 the total will reach 81,000,000 and the present highway program would never keep pace with that expansion. In addition, the death toll from highway accidents is steadily increasing and a large contributing factor to this is the inadequacy of our present highway system.

Under the Senate bill Texas, which has more miles of highway than any other State, would receive over the next five-year period \$725,700,000.00 for construction from the Federal Government to which it will add the necessary matching state funds. Whether the House approves the bill as passed by the Senate still remains to be seen, but it is certain that some type of large highway improve-

ment legislation will be enacted this session.

**New Farmers' Bulletin**  
We have received copies of a new farmers' bulletin entitled "Cotton Diseases and Methods of Control" which is available for distribution. Crop losses caused by cotton diseases constitute about 15 per cent of the total crop. To combat these diseases the cotton grower must know the cause, symptoms and most effective control measures. This bulletin gives such information on the more important cotton diseases. If you think this bulletin will be helpful, I will be glad to send copies so long as they last.

**Federal Grants-in-Aid**  
Recent figures indicate the total amount of funds which are distributed by the Federal Government as grants-in-aid to individuals and State and local governments. These figures show that Texas ranks third in the nation in the amount of money received from Washington. The totals are deceiving. While in 1954 Texas received \$237,218,000 in grants, at the same time Texas paid into the Federal Treasury \$2,193,725,000. This illustrates most clearly that we pay well for every penny we receive from the United States Government.

While there are many programs such as the interstate highways which by their very nature are national in scope and should be supervised by the Federal Government, there are many more which could be better handled by the State without Federal intervention and the consequent loss of funds in the process of travel from the State to Washington and back again.

**Narcotics Hearing**  
Our Committee for investigation of the narcotics traffic begins public hearings this week. Our first witness, Mr. H. J. Anslinger, Commissioner of Narcotics, has been asked to give the Committee heretofore unpublished data on the concentration of the narcotics problem by cities and states. He has already told us that the principal source of illicit narcotics is Red China where manufacture and sale is being encouraged by Gov-

ernment officials, both for monetary gain and for demoralization of people to whom the narcotics are sold in the free nations.
