

# County Fair Dates Set, Sept. 16-17; Committee Chairmen Named

By far the most spirited meeting of the proposed fair to be held in the fall, was held at the Activities Building on Monday night of this week and the ball, under the direction of Elwood Harris, has finally begun to roll.

September 16 and 17 has been set as the dates, falling one week before the Panhandle South Plains fair held each year at Lubbock. What had previously been a big question mark, now should be fairly well assured, since approximately 75 of the more than 30 on hand at the meeting, accepted appointments to head various committees, and they also voiced no objection to Harris' request that they have their plans completely laid out by next Thursday at which time they will meet again to coordinate preliminary plans and start to work.

Previous discussions on the fair had bogged down due to inability to get people to accept parts in promoting the fair. Again Monday the most discussion centered around whether or not we were too late to put on a fair. The group was in general accord that we were too late to put on any expensive, and involved production, but they felt that we can put on a good little fair without too much expense, if everyone pitches in and helps.

Several general problems were the object of discussion, and it was generally decided to offer small cash premiums, to pay for the bulk of the cost by selling display space to merchants, to ask the various clubs to set up carnival and concession booths, to see if a few rides can be hooked in without any outside carnival concessions, and to make the fair an area-wide affair encouraging entries in both

the display exhibits and carnival exhibits from Morton, Blodsoe, Whiteface, Three Way, Maple, Enochs, Bula, and any other area communities that want to enter. It had not been given a name when the meeting closed.

A long list of officers and department superintendents was agreed upon, though a few, who were not at the meeting, had not been contacted to see if they would accept

the duties. Harris and Homer Thompson were designated as co-chairmen of the fair. Mrs. Murray Crone and Miss Lella Petty were named co-chairmen of the ladies division. J. T. Holloman will be the treasurer and the group has a secretary in mind. If she will accept the duties, Eddie Irwin will handle publicity, Wayne Walthall and Ran Holloman will superintend the building and grounds.

A complete list of the superintendents will be published as soon as all are appointed and officially accept their duties. Plans call for divisions of beef cattle, dairy cattle, swine, sheep, poultry & rabbits in the livestock division; vegetable, fruits, crops and educational exhibits in the general agriculture division; textile, culinary, art, relics and antiques, flowers and educational exhibits in the women's division, community and youth exhibits in a general division, the mercantile display division, the machinery and implement display division and the concessions.

### Agent, Ag. Teacher Warn Farmers of Bollworms, Fleahopper Infestation

Cotton producers need to be on the alert for bollworms, the Agent, Homer Thompson, said this week. Reflecting that out of 35 cotton bolls tested this week, six of the bolls had sufficient infestation to justify poisoning and two were already badly damaged. Some of the bolls tested, he said, had already had three applications of poison. The small, recently hatched, bollworms must be killed soon after hatching or they can get in a boll this five days, Thompson said. Don't wait till you see the worm. Advise, look for damage to bolls and if it's there, get busy. Although the infestation is considered light in general, fleahoppers in County farm fields have increased during the past week according to the insect report filed last week by the Cochran County Extension Agriculture Dept.

results warned that farmers should keep an eye open every day just in case heavier infestations might develop. Last week the report issued by Mr. Harris, Vocational Ag. instructor warned that this is the season when insect damage can be done in a matter of just a few days or even less.

### HD COUNCIL HELD REG. MEETING, THURS.

The Cochran County Home Demonstration Council had its regular meeting on Tuesday afternoon. Mrs. G. C. Keith, chairman, presided. Roll call was answered with activities of the clubs since the last council meeting.

### Maple Church Opens Revival Sunday Morning

Robert L. Allen, minister of the Forest New Mexico Church of Christ and a resident of Portales, is to conduct a one week gospel meeting series at the Maple Church of Christ beginning Sunday.

Maple Church Opens Revival Sunday Morning

## Light, But Decisive Vote Carries Both Proposals

By a very meagre County vote the citizens of Cochran County gave their okay, Saturday to both propositions being voted on here.

County-wide, out of 142 ballots cast, the split of the Sheriff, Assessor Collectors office into two separate offices was approved, 127 to 15. It means that in the election of 1956, we will elect a sheriff and we will also elect an Assessor-Collector. The new man will take office in January of 1957.

The other vote, by a margin of 110 to 29, gives the Commissioner's Court the okay to re-allocate the county tax money, putting more into the general fund and reducing the amount in the jury fund.

Voting was extremely light. In only one box was either proposal defeated. At White's Gin the vote was 1 to 5, against splitting the office and 3 to 3 on the second proposal. Morton carried both of the proposals, 81 to 4 and 70 to 15.

At Whiteface the vote was 11-7, and 7-3. At Blodsoe the carrying margins were 10-1 and on the 2nd proposition, 11-0. Neely Ward gave the two votes the okay by 17-3 and 12-7. At Lehman the margins were 7-0 and 6-1. One absentee vote was cast and it was split against the first proposal and for the second.

All children in the Morton Schools who received the first shot are entitled to receive the second shot free of charge. However, Dr. Dan Brown warned, make sure the parent brings the child in during the hours of 9 to 12 in the morning or 1 to 3 in the afternoon today or Friday. That will be the last opportunity to get the free second shot. Otherwise arrangements will have to be made through a doctor for a shot to be paid for by the parents of the children.

Dr. Brown also announced that the third shot will not be furnished by the Polio Foundation. It will have to be purchased sometime in February or March, it is advised, about seven months after the second shot. Straight commercial sale of the vaccine will probably begin in about six weeks or so. The local hospital will receive theirs as soon as possible and will begin administering the series for which many

local persons have already made a deposit.

### Rains Come; Crops Helped

The rains finally came to Cochran County in quantities sufficient to aid dying crops and even to allow some farmers to do some replanting, Wednesday.

Wednesday, a.m., beginning a few minutes past midnight, rain began to fall in Morton and by daylight measured 7 inches. Before the day was over another .1 was added. But the farmers in at least some parts of the county were more fortunate. Not including any rain they may have received during the day, Wednesday, the farmers west of town reported an inch to an inch and a half. North in the Enochs area the report was up to two inches in places. South they also received up to an inch.

### 2nd POLIO SHOTS TO BE GIVEN TODAY and TOMORROW

The second shot in the three shot anti polio series, will be available today and tomorrow only, at the school health offices (where the first shot was given) according to Dr. Dan Brown, County Health Officer.

### Maple Methodist Revival Starts Sunday Morning

The public has been issued an invitation to attend a week long revival series beginning next Sunday at the Maple Methodist Church with the pastor of the First Methodist Church of Whiteface, Rev. Rufus Kitchens as guest speaker.

### Break-in at Morton Malt Shop Is Investigated

The first local break-in in many months was reported Wednesday morning when an intruder broke a window in the Malt Shop and entered pilfering an estimated \$20 in change from the rear of the shop owned by Rob Richards and failed to get money but damaged a new juke box belonging to Babe Van.

### First Missionary Baptist Begin Revival Friday

Dr. W. J. Dorman, dean of the Jacksonville, Texas, Baptist Seminary, will conduct the summer revival beginning Friday night, July 22, at the First Missionary Baptist Church of Morton.

### JAYCEE-ETTES MAKE RODEO TIES MONDAY

In a special called meeting of the Jaycee-ettes on Monday afternoon of this week the women met in the home of Mrs. J. T. Holloman and made 100 rodeo ties to be sold by the Jaycees to help pay for the advertising on the rodeo.

### REBEKAHS INSTALLED NEW OFFICERS HERE

Reimann, who has been acting Executive Director of the ACS's Texas Division, since January 15, was officially notified of his appointment at a meeting of the Texas Division's Executive Committee earlier this week.

**PREMIUMS ANNOUNCED FOR SOUTH PLAINS FAIR**  
 Lubbock (Sp.) — Premiums totaling \$24,034 will be offered exhibitors at this year's Panhandle South Plains Fair, president John R. Moxley has announced. This is an increase of approximately \$10,000 over the premiums offered last year.

The \$4-page annual premium catalogue, mailed this week to 3,000 area residents, reveals the largest hike in premiums to be in the Livestock department where total awards have been boosted from \$11,213 to \$19,200. The women's department and Vocational Agriculture also received major premium increases.

The fair this year is scheduled in Lubbock from September 26 - October 1st. Each county having an agriculture display will receive a \$50 participation award.

**Chevrolet's got a new honey of a hardtop**  
 ... with a lower-than-ever price tag!

The new "Two-Ten" Sport Coupe

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too—no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a wallop bargain it is.

COMBINE YOUR NEW CHEVROLET PURCHASE WITH YOUR VACATION PLANS!  
 Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolet's built, if you like, and drive your home. Chances are, you'll save a substantial share of your vacation travel costs!

TEXAS

UNRELATED, BUT COOPERATIVE

**Soil Conservation Service; Soil Conservation District; Both Work Toward Same General Goals**

(Editor's Note: In the interest of explaining something that has always been misunderstood, —the differentiation between the SCD and the SCS, we print the following article.)

Cochran County Soil Conservation District and the Soil Conservation Service are two entirely different groups, according to Fred Collins, in charge of the SCS unit here.

The relation between the two, he says, is that SCS specialists render farmers and ranchers, cooperating with the SCD, certain technical services, but only when the services are specifically requested.

One of these organizations is a governmental agency, affiliated to the U. S. Department of Agriculture. That is the SCS. The other is a purely voluntarily formed group, voted into existence by land owners. True, most of their purposes are the same: to conserve soil and water. The two units, one of a local nature and one of an instructive nature, work together quite often to attain their goals.

Texas, like all other states, has laws which permit the organization of these Soil Conservation Districts, and which provide how and for what purpose these districts shall be administered by a board of five supervisors.

The supervisors are elected for five-year terms. They must be land owners in the district, which is divided into five zones. One supervisor is elected from each zone every five years. This brings a new or re-elected member to the board each year. They do not receive any compensation for their services, & at the first meeting after the election each year, these five men elect one of their number as chairman and another as vice-chairman, and a third as secretary treasurer.

**COCHRAN SCD**

The Cochran Soil Conservation District is bounded by the lines of Cochran which is not always the case in the districts. Some comprise parts of two counties. In this District and county, the Board is composed of D. A. Ramsey, chair-

man; W. W. Smith, secretary-treasurer; and Max Bowers, Woodrow Cunningham and Melvin Woodley, members. The board holds a regular monthly meeting at the Soil Conservation office because it is centrally located for all. The regular meeting date is the Tuesday following the second Sunday, and meeting time is 8:00 p. m.

A farmer or rancher wishing to enroll his land in a conservation program makes application to this board, explaining his soil or water erosion situation, and what he would like to do about it. Perhaps he doesn't know just what should be done or what he can do. With his permission, the supervisors ask a technician from the SCS office working in the area in which the land is located to go out and look it over and make a report to them, and to talk with the land owner. Neither the supervisors nor any cooperating farmer or rancher is under any obligation to call on the SCS for assistance or suggestions.

These services are all free to the land owners, since the work of the SCD is financed through the funds made available by the State of Texas through the State Board of Soil Conservation Districts. Accounting for these funds must be made by the supervisors to the state board.

In the past, the supervisors of this district have used a portion of the funds allotted them to purchase several items of equipment for the use of the farmers and ranchers in the district. Since the district isn't allowed to make a profit, but at the same time is expected to conserve its financial resources as well as soil and water, usually a small rental charge is put on the use of this equipment — just enough, however, to pay the maintenance and possible replacement costs.

Equipment owned by the SCD is usually such as will not be found on most farms and ranches. It is equipment that few landowners would have enough use for to justify buying it. For this reason, the district purchases it, and gets the vocational agriculture depart-

ment to care for it, then rents it for use, a few days at a time, to the farmer or rancher who needs the use of it.

Supervisors may also invest the SCD funds in sufficient quantities of seeds of promising new grasses or legumes to make fair trial plantings in their district to determine the adaptability of this vegetation in a soil and water conservation program.

**NO OBLIGATION**

"All we of the SCD have to offer the public," says Fred Collins, "is technical assistance, and then, only when specifically requested. He isn't under any obligation to call on the SCS for help just because he may have signed a cooperative agreement with the district."

Most operators, however, do call on the SCS for advice and suggestions, for soil tests or for the engineering services incidental to the running of contour lines, for the building of terraces, for sprinkler designs, diversions and things of that nature. Other employees of the SCS are more skilled in assisting with row crop production, or irrigation, or rangeland management. Whatever the farmer's or rancher's problem, there is an SCS specialist who can assist.

These men are frequently consulted by town dwellers with no greater agricultural problem than lawn leveling or grass planting. On the other hand, such government installations as air bases, state hospitals and other agencies, frequently consult them on larger problems.

**Softball Tourney**

(Continued)

the tying run. Cadrav and Spooner struck but Spooner reached last when the ball eluded the catcher. Merritt then clubbed a ball over the left fielder's head for what would have been a home run in a park with a fence, however he got credit for only a single and Bowen scored the winning run, in the 2 to 1 win.

In the second game, after two scoreless innings, Reece broke the game wide open against Randall Reiger on an error at second base. Singles by Wilkerson and Riske a wild pitch and a hit batter. That gave them two runs. In the next inning another error a wild pitch and a single by Wycoff set the stage for a two run homer by Wilkerson which made it 5 to 0. That's the way it ended with the Merchants getting only three singles off Wycoff, two in the last inning.

Trophies were awarded to the winners, second place Lubbock and third place Clovis.

The game in which Clovis was eliminated by Reece, last Friday, was one of the real thrillers of the tourney. Wilkerson also singled home the winning run in that tilt. Reece collected just three hits off of Koenig while the Clovis team was limited to a first inning single by Harrison. But once more, in the final inning, the game was almost lost. Wycoff had replaced Tuapor on the mound in the 6th. He hit the leadoff batter and the next batter, Foster, also got hit by one of Wycoff's fast balls. Koenig fanned and then Dyson came within an ace of winning the game for Clovis as he popped a little fly toward right field that looked like a sure hit. But Scire, the second baseman saved the game with a sensational grab and doubled Foster off second base to end the encounter.

Morton and the Muleshoe Printers, both of whom lost a first battle in the softball tourney and then came back to win a tough 5 to 5 decision in the loser's bracket; suffered similar fates last Thursday as they were ousted from the meet by taking a terrific pounding from their opponents.

Morton was hammered into submission by Reece Air base, by a 21 to 0 count. They became the 3rd team to fall to get a hit off the Reece pitching. Meanwhile the airmen took advantage of several Morton errors and also pounded out 14 hits off Koenig and his replacement, Zeké Sanders, to run up the highest tourney scoring record to date.

The record, however, didn't last very long. In the second game of the evening, Clovis banged out 23 hits and roundly thumped the Muleshoe entry, 5 to 5. Included in their barrage of hits were three home runs and three triples. The Printers got just three hits off of Ox Lewis, Clovis pitcher, but all of them came together in the third inning to allow the Bailey County entry to score four times.

The results left only Clovis and Reece in the loser's bracket and they tangled the following night in that thriller.

**FORMER RESIDENTS BACK FOR WEEK-END VISIT**

Mr. and Mrs. W. A. Pendergrass and their daughter and son, Vera and Clyde Pendergrass, spent the week-end in Morton with the R. C. Stricklands and the Mike Waldens and other old friends. The visitors were former Mortonites who now reside at Truth or Consequences, New Mexico.

**GUEST OF GRANDPARENTS**

Rama Lynn Lemons of Portales spent last week with her grandparents, Mr. and Mrs. Hazel Han-

Incorporating many aids of modern day science to plant construction and operation, — one of the nation's big four mail order companies, soon will move into a huge new streamlined 2-story building that will centralize its middle west headquarters in Chicago. Automation is the theme of the 650,000 square feet of space that will expedite handling of needs of shop-by-mail customers throughout the country. Sketched above are some of the steps taken to provide improved service at lower cost.

**CHICAGO**—Designed throughout with the customer always in mind, the new headquarters building of — will house the administrative offices, the Chicago buying offices of the mail order and retail divisions, the advertising and sales promotion division and the financial, operating and industrial relations divisions.

Hours of time-consuming operation have been eliminated as Aldens' engineers and the architects combined their talents to streamline and mechanize the big mail order operation, with extensive use of automation. Operating costs will be cut, because a larger volume of business will be handled by their present personnel.

Features of the new building are relocation of executives to provide easy access and ready supervision of the thousands of employees. Daylight and artificial light are combined to provide constant lighting to reduce fatigue. Acoustical ceilings will reduce distracting order sounds, while color dynamics reach their full height in the interior decoration.

**Jaycees Study What to Sponsor For the Rodeo**

The Morton Jaycees left "open" the question of what sort of program they will sponsor in conjunction with the Last Frontier Rodeo, Monday, at their meeting as they decided not to sponsor a bathing beauty contest.

A three man committee was named to present a different proposal to the club next Monday. It was felt that the bathing beauty idea should be switched for the sake of bringing a new idea into the annual show.

Bill Bridges, Eddie Irwin, and Dexter Nebbut were named on the committee to come up with a different idea.

In other action taken, the group officially recognized the Jayceettes as their auxiliary; heard a report on the cemetery grass project and were told the results of a meeting between the Commissioner's Court and Cemetery Association officials, and were all urged and invited to attend Monday night's meeting on the Fair. They also discussed the advertising of the rodeo and voted to conduct a pre-rodeo booster tour.

**LEGAL NOTICE**

**LEGAL NO. 79**  
THE STATE OF TEXAS,  
To the Sheriff or any Constable of the State of Texas Greetings:

Aja Bowers, Administratrix of the Estate of Standlee A. Bowers, deceased, having filed in our County Court her Final Account of the condition of the Estate of said Standlee A. Bowers, deceased, numbered 204 on the Probate Docket of Cochran County, together with an application to be discharged from said Administration, as Administratrix thereof.

**YOU ARE HEREBY COMMANDED**, That by publication of this Writ not less than ten days before the return day hereof, one time in a newspaper printed in the County of Cochran you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 1st day of August 1955 at the Court House of said County, in Morton, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Morton this 20th day of July A. D. 1955

Deputy Sheriff.

**Giants Rap Cubs and Sox; Get First Half Season Championship**

By beating the Cubs, 10 to 8, in a game played last week, their 1st victory over the former league leaders, and then dropping the Sox by a six to two margin in the crucial game Monday, Hub Cadenhead's Giants copped the first half championship in the close Little League race and won the right to face the All-Stars in a game that was played on Tuesday of this week.

The Giants proved the master of the occasion in the crucial battles. The Cubs sported an early lead with Wylie Bailey on the hill, as he limited the Giants to three hits in the first four frames. But Larry Pollard's double and two singles gave the Giants a lead in the 5th that they never surren-

ed. They sewed it up in the top of the 6th with a four-run outburst highlighted by Taylor's triple and Van's double. Then Middleton had to stave off a belated Cub rally, which netted 3 runs, to get the win.

Monday, the Sox and Giants had a real nip and tuck battle until the final inning. The Sox scored twice in the second on two singles, a walk and three errors. The Giants tied it up in the 3rd without a hit. Two walks and an error did the damage. Going into the 6th, the score was tied 2 to 2, the Giants had only one hit, and the Sox had three. Then the Sox defenses collapsed. An error, a walk, a single, a fielder's choice and two more singles in that order gave the Giants four runs before an out was made. Larry Pollard then set the Sox

down in order to preserve the victory.

Selected on the All Star team were: Wylie Bailey pitcher of the Cubs; Shelby Chancey, catcher of the Sox; Glenn Keuhler, first baseman of the Sox; Donnie McCall, second baseman of the Sox; Robert Wier, shortstop of the Sox; J. Van, third baseman of the Sox; Kenneth Williams, left-fielder of the Sox; Mike Houston, center-fielder of the Cubs and Charlie Lebetter, right-fielder of the Sox. Van was replaced by Cates, the second largest vote getter at large because Van is a member of the Giants, host team. Pollard, also of the Giants was the pitcher with the second most votes; Patterson of the Sox was 3rd and Middleton, 4th; they round out the pitching staff. Little of the Cards was the alternate catcher, the only Card to make the team. Alternate infielders was Aaron and Robert Wilson and Benny Turney were the alternate outfielders.

**Toward A More Prosperous Community**

All margins from the operation of the Plains Cooperative Oil Mill are refunded to the South Plains cotton producers who send their seed to the mill.

This year \$16,316.46 in cash, and stock that will be redeemed for cash, has been refunded Cochran County cotton producers.

This sum represents the increase in value of Cochran County cottonseed after it has been processed by the Plains Cooperative Oil Mill. Every dollar of this increase in value is refunded to the farmer who produced the cottonseed.

This money, after income taxes have been paid on the entire amount, will be spent by Cochran County farmers for Cochran County goods and services.

This \$16,316.46 will help build a more prosperous community.

make your selection. Having only lived in one real small town, we'll always wonder if all little towns are as full of rumors and gossip as this one is.

here's something...

THAT'S NOT RUMOR, just fact. The people of Morton showed how unimportant county affairs are to them, Saturday as less than 100 bothered to cast a ballot in the election. We don't have to remind anyone, but we will, that's the very reason governments often go bad, because the people don't bother to keep tab on what is going on.

there's little...

DOUBT THAT the softball tourney just ended has been the most successful ever held here even though our home teams failed to take any of the trophies home. Fans saw the best pitching they're likely ever to see in Morton and local players, though they failed to get any hits off the rugged Reece and Lubbock hurlers, Wycoff and Reiger,

Jose Ferrar, Merle Oberon, Helen Traubel and Doc Avedon head the all-star cast of MGM's "Deep In My Heart", color musical based on the life and melodies of Sigmund Romberg. With Ferrar cast as Romberg, the new musical boasts an impressive collection of stellar personalities also including Walter Pidgeon, Paul Henreid, Tamara

Toumanova and guest stars Rosemary Clooney, Gene and Fred Kelly, Jane Powell, Vic Damone, Ann Miller, William Otis Cyd Charisse, James Mitchell, Howard Keel, Tony Martin and Joan Weldon. It is booked as an attraction coming to the ROSE THEATRE, in Morton, during the next week.

### YOUR BIBLE QUESTIONS "PURIFY"

QUESTION: "Sir: What purifies a person? ANSWER: ON GOD'S SIDE of this question, the cleansing of one's heart and soul is effected by the blood of Christ (1 John 1:7). "The blood of Jesus cleanses all from unrighteousness."

ON MAN'S SIDE of this question, the following scriptures: In Acts 15:9 we read: "And put no difference between us and them purifying their hearts by faith." This was in Peter's speech and has reference to the admittance of the Gentile to the Church of Christ. Their faith is accredited to them as "purifying their hearts."

IN 1 Peter 1:22 we read: "Seeing ye have purified your souls in obeying the truth..." Here we learn that obedience to the truth purifies.

We are not to conclude that faith and obedience contradict each other in these two passages. Rather, they complete each other. Two oars are needed to propel a boat in a straight course. Use of only one drives it in a circle. Both faith and obedience are needed to cleanse one's heart and soul.

In obeying the truth one must do it by faith. Any presumed act in sin, for "whatsoever is not of faith is sin" (Rom. 14:23). Faith comes by hearing the word of God. If God's word does not authorize it, one cannot have faith in it. What one does, therefore, in purifying himself through obedience is an expression of faith. For that reason Peter could say "purifying their hearts by faith" and "purifying our souls in obeying the truth." Our Lord said, "He that believeth and is baptized shall be saved" Mk. 16:15,16. Your Bible questions receive Bible answers. Mail them to the Church of Christ, Box 273

We can arrange FHA financing for you with repayment terms up to 36 months... and you get the LOWER FHA rate.

Let us show you how easy it is to modernize the FHA way.

### BURLESON PAINT & SUPPLY

NORTHSIDE SQUARE MORTON

were't too embarrassed at not getting any hits, since no one else seemed to get any hits either. At the same time our local teams did turn in a pair of good performances against the visiting teams.

certainly the...

REMAINDER OF THE softball season should be more interesting because of the tourney.

once again...

THE SEEMINGLY publicity shy posse polo team failed to notify us of their victory last week in time to make the publication. They ran up a terrific total of 22 points in one game, we're told, and, where they started the season rather dubious about their chances of coming out on top, now they are pressing the leaders and haven't begun to think about conceding the league championship to Lubbock or Terry County, the early leaders who both beat Cochran County in the first games in which the two teams met.

now...

WE WISH THEY would include on the rodeo program, a polo game against one of the league entries.

someone ought to...

STOP BY AND congratulate Mr. Ray on the wonderful condition of the courthouse lawn. He has done a magnificent job this summer. In fact, even the usual "hot spots" are gone, leaving not only a very beautiful carpet of grass, but, if you haven't noticed, also a very attractive foliage on those trees that were trimmed last winter and now have blossomed out nicely.

we wondered...

JUST HOW LONG it would be before the Avalanche Journal got wind of the dirty linen in our closet and Sunday we found out. The first story to appear in the Lubbock paper concerning the possible irregularities in our county government appeared in the Journal announcing our grand jury session called for August 3rd.

it didn't...

REALLY MAKE A great deal of difference, in fact its probably a good thing they started reading the paper we send them each week. It would have fallen our duty to inform them in a few days, but we're glad we were able to circulate the information first in our own way. We feel like it makes it a little easier on our folks rather than to see it first, in a big, bold headline in the Avalanche Journal.

after all...

AS WE'VE SAID before, the Avalanche Journal's allegiance is to its readers, and not to Cochran County. Now that the stage is set for the Grand Jury meeting, it's just as well that the Journal carry the story to people all over the Plains. After all, judging from the various things some of our local folks have overheard out-of-town, its not much of a secret, only the actual facts are missing, and it seems that no one in Cochran County knows them.

now that...

THE FAIR is a reality we can, even though we may not have a specific job, help a great deal in two ways. First, be thinking of a novel way in which to put in an inexpensive display of our goods. Second, if we belong to a club, to be thinking of a booth of some-kind we can set up to make some money on.

you're going...

TO BE ASKED to sponsor some kind of refreshment stand, or a game booth or to put in a display for your business. We need help from everyone to put on a fair.

## New! Space-Saving Laundromat 25 with the New Way to Wash

ONLY 25" WIDE • WASHES FULL FAMILY-SIZE LOAD • FULLY AUTOMATIC • IT'S PORTABLE, TOO

### Westinghouse Laundromat 25

ONLY \$199 A WEEK after small down payment

Power Packed Drive guaranteed for 3 years

That's right! Patented Westinghouse NEW WAY TO WASH now available in this new space-saving Laundromat that's only 25" wide. Gone is the old-fashioned agitator. Now Westinghouse builds the vanes right in the washbasket. As it revolves, clothes are flushed, lifted, turned and again. They come out cleaner and brighter, 100% uniformly washed.

PORTABLE—Keep it in a closet or kitchen—roll it into the kitchen to do a washing—then back again for storage installation. SAVES WATER—Uses less water than other automatic washers.

YOU CAN BE SURE...IF IT'S Westinghouse

### Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

In an engine test equal to 1500 miles of driving, piston rings lubricated with ordinary oil lost weight, showing extensive wear.

In an identical test piston rings lubricated with Phillips 66 Trop-Artic Oil showed scarcely any wear at all.

#### IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting... save gasoline... and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

**GRUBS**

Spotty damage to lawns, or a general unthriftiness for which there is no obvious cause, may be the result of work done by beetle grubs. Remaining in the soil throughout their larval stage, these grubs feed upon the roots of grasses and other plants. If a sufficient number are present in the lawn, whole root systems are destroyed and the grasses die.

Though lawns may suffer from the ravages of a great many insects, beetle grubs do most damage, and their activity is harder to detect, according to Dr. F. M. Fuller, extension entomologist. Mr. Fuller suggests an easy method of checking for the presence of grubs in the lawn. Cut down on three sides of a square foot of sod, two to three inches deep with a spade. Then, forcing the spade underneath, lay back the foot of sod

using the uncut side as a nidge. Inspect for grubs. If six or more are found in this section, the lawn is subject to damage and some treatment is needed.

Tests so far have shown chlordane to be the most promising insecticide for lawn treatment, but it includes aldrin, DDT, and dieldrin and heptachlor.

All these materials are poisonous and should be handled and applied according to manufacturers directions. When treating for grubs, it is a good practice to sprinkle the lawn after the insecticide is applied, washing the poison into the soil where it can reach the insect.

**CHIGGERS**

This is the time of year for picnics and summer chiggers, Mr. Fuller gives these tips which may save you some scratching.

One pound of five percent dust of either chlordane or toxaphene applied to 1,000 square feet of the lawn area is recommended. It will be effective for about seven days. Sulfur has long been a popular chigger killer but toxaphene and chlordane are more effective. Since chlordane, properly used, will kill ants and grubs on the lawn, as well as chiggers, it would be a practical

insecticide to have on hand.

**CLOTHING WORKSHOPS**  
Seven 4-H Club girls attended a clothing workshop at Whiteface on July 5. They were Sue Whitehorn, Louise Curbo, Jeanette Gilbert, Shirley Kitchens, Sandra Wilson, Mary Casey and Carolyn Curbo. Workshops are held in the clothing laboratory in the high school at 8:45 on Tuesday mornings.

**ATTEND REUNION**

Mr. and Mrs. Johnny Angel and family attended a family reunion at Abilene on the weekend, July 10.

**VISITED IN OKLAHOMA**

Mrs. Charles Jones and youngsters, who have been visiting relatives in Oklahoma, are expected to return home today.
