Report Says Nicewarner Will Be Auditor

Earl Cadenhead, county auditor, has submitted his resignation to the District Court and it has been accepted and a new auditor appointed. This was the unofficial word from the courthouse Wednesday as a spokesman who had talked to Judge Lindsey about the matter talked with a Tribune reporter. The District Judge could not be contacted Wednesday night.

Cadenhead's resignation, submitted some days ago, was accepted, but word was held up so that the District Judge would have plenty of time to consider a successor before appointing one and so that he would not be swamped with requests for the post.

Joe Nicewarner, former vice-president of the First State Bank has been appointed, the unofficial source said and had told the judge would accept the appointment.

Cadenhead's resignation was to take effect August 1, and presumably Nicewarner would take over immediately. There was no official word as to how the text of the resignation was worded.

Cadenhead was contacted Wednesday night, but said he had no comment to make.

Cadenhead was appointed auditor in 1945 and took office on January of 1946.

VISITED DAUGHTER

Mr. and Mrs. L. W. Barrett returned Wednesday afternoon from Ft. Worth where they spent a few days visiting their daughter, Mrs. Rube Hogan and family and his brother, E. O. Barrett and family.

Former Merchant Dies at Carthage, Texas

A former Morton merchant, W. T. (Grandad) Hudson of Carthage, Texas died last Wednesday at the age of 83.

W. T. is the father of Albert Hudson and the grandfather of Mrs. Winford Patton, Mrs. B. R. Stovall, Russell Hudson and Ervin Hudson, all of Morton. Funeral services in Carthage were held last Friday and were attended by Mrs. Patton, Mrs. Stovall and Russell Hudson.

Grandad Hudson operated a grocery store in Morton in 1925 and 1926.

Grandfather of Former Resident Died At Causey

A man who was a frequent visitor to Morton through a resident of Causey, New Mexico most of his life, 92-year-old, McClellan Barger died at his home at 2 a. m., Monday, July 18.

Barger, grandfather of Dorman Corbin, former Morton resident & former employee of the Tribune, had spent more than half his life as a resident of Roosevelt County.

Born February 23, 1863 in Mansville, Kentucky, in 1906 he and his wife moved to New Mexico and set up a homestead near Causey. Mrs. Barger passed away 34 years ago and he continued to maintain his home. After his decease, it was hard for him to agree with the wishes of his children that he be with them most of his time. Honored at a recent birthday party, he proudly posed with his birthday cake adorned with 92 candles.

He has been a member of the Methodist church and a Methodist minister conducted the services at the Causey Baptist Church, Tuesday.

Burial was in the Causey Cemetery beside his wife who had died more than three decades ago. The funeral was under the direction of Wheeler Mortuary.

He is survived by five children. They are Mrs. J. F. Corbin of Portales, Mrs. Marie Keller and Mrs. Norene Ledbetter, both of Causey, and the sons, Lorel and Arvil Barger, both of Oklahoma City. In addition to Dorman Corbin, 16 other grandchildren and 17 great-grandchildren survive.

ON COLORADO TRIP

Mr. and Mrs. Neal Rose, Deanna and Denise are on a vacation trip this week. They planned to stop in Taos, New Mexico and then visit points in Colorado. Mrs. Rose's mother, Mrs. Dean, of Gorman also is making the trip.

LET'S GET GOING — William Fugett, George Schmidt, behind the special tail sign, and Ricky Cornelius, wave to the folks who came to see the 290 youngsters from America's First Boy's Ranch at Amarillo off on an educational vacation trip to California. The boys, accompanied by 40 adult ranch supporters, are on a grand tour of Los Angeles and Hollywood, July 24 to 29. A special ten car streamlined train made possible by the Santa Fe Railway left Amarillo Sunday night for a whirlwind tour of some of the attractions in Southern California. The group will return to Amarillo, Friday night.

IMPORTANT FAIR MEETING TONITE

Another important meeting of the Fair committee has been set tonight at 8 p. m. at the Activities Building, and all committee members are asked to be on hand and to be ready to make a report on what has been accomplished in the various planning stages of their departments and to list the names of any whom they have appointed to help them carry out their duties.

An announcement of all who are serving at the various jobs is expected to be released as soon as all positions are filled.

Many other problems are slated to be solved at the meeting, and, after this meeting, the various department heads should be ready to take the ball and complete arrangements for their part in the Fair.

The Fair will probably also receive an official name.

Chairmen of several of the divisions have already announced that interest in the Fair seems to be running high. Some of the organizations in the city of Morton have already applied for booths in the carnival portion of the show. The committee assigned to lay out the space for displays has made a preliminary check of the available space and is ready to make a report. Chairman Elwood Harris, who with Homer Thompson will serve as co-chairman of the entire fair, is highly pleased with the results of the first well attended general meeting last week. He said again this week it appears evident that the majority of people in the county are anxious to have a Fair.

Not just the people who have volunteered to serve, but anyone who is interested in helping and who may have some ideas, is welcome to attend tonight's meeting.

The Fair dates, September 16th and 17th were set last week and most of the division chairmen were appointed at last week's meeting.

RAINS CONTINUE; PROSPECTS OF GOOD CROP RECEIVE HUGE BOOST

Rains continued to fall in Morton on Wednesday night as the Tribune went to press as they have sometime or another for nearly all of the past nine days. The rains weren't heavy. They hadn't been at any time during the week. But all except a few spots in the county had received at least three or four inches of rain in the past couple of weeks.

What looked like heavy thunder and hail clouds gathered west of Morton late Wednesday evening as the Tribune was being prepared for the press. No report was brought in but it was feared hail may have caused considerable damage in the west.

Kenneth Waits and J. M. Taack, both farming west of town, reported four inches of rain had been received by Wednesday morning. No gauge of Wednesday night's rain was available. Reports from all sectors of the county indicated as much rain as has been received in the past two years had fallen in a two week period. Largest rains reported last year in any comparable period were three inches. Enoch has reported good rainfall several times in the two week period. At

Ford Dealership Reorganization Completed Here

W. H. Mahan, owner of Mahan Motor Company here, announced this week that he had completed the reorganization of his Ford dealership here.

Also, it was announced, that he had purchased the dealership building and one half block of lots accompanying the building, from Willard Cox.

"To obtain qualified personnel," Mahan said this week, "it was necessary to use the trial and error method and he is now happy to announce he has one of the best qualified Ford dealership service organizations in the state."

E. L. (Red) Thornton, who was previously in the Midland Ford dealership, has been named the new service manager. Thornton, Mahan says "has had more than 27 years' mechanical experience in Ford & Lincoln - Mercury dealerships, the past 16 years as service manager. Besides Midland, he has been the service manager at Lubbock and Hobbs Lincoln-Mercury houses.

Other department managers are Jerry Hovington, parts manager; with seven years' parts experience at Lamesa and Ft. Worth; Mrs. Geneis Moss, office manager, with 3 and one half years' experience at the Lubbock Oldsmobile office; Eddie Stovall, sales manager, with 12 years' experience at Coleman; and E. L. Cox, credit manager, who has had many years' experience with the Willard Cox Ford dealership, in Morton.

The Mahan Motor Company has given a cordial invitation for all Ford product owners to drop by and see for themselves the only authorized service and parts Ford dealership in Cochran County, and "if you're interested in a new or used car or truck, we'll appreciate your business," Mahan says.

Polio Shots To Be Offered Again On Monday, For Those Who Missed Out

Second polio shots for those who didn't get them last weekend will be offered one more time before remaining vaccine is shipped back, County Health Officer, Dr. Dan M. Brown said Wednesday.

Although both Dr. Brown and the School Health Nurse, Mrs. Fred Collins were happy over the local turnout last week, they wanted to give the local first and second graders who received the first shot last spring one more chance to get the second "free" inoculation in case their parents had been out of town or had not heard about the hurried plans made last week.

Dr. Brown said Wednesday that 97 received their second shot over the weekend out of a possible 223. That means 126 are still eligible. The shots will be given at the school office on Monday of next week, August 1st from 9 to 12 in the morning and from 1 to 3 in the afternoon. He urged that all those who want their children to have the second shot make plans to have it administered during those hours.

At Whiteface, 36 out of 86 eligible received their second shot and the other 50 may still get the shot at Morton during those hours on Monday.

Mrs. Collins said she turnout was

CALLLED SESSION TO DETERMINE IF FUNDS HAVE BEEN MISUSED

The special session of the 72nd District Court Grand Jury will convene Wednesday of next week with still little advance notice of just what may be in the wind.

A total of 17 subpoenas had been served through Wednesday (yesterday) and more were expected to be prepared but not before the jury convenes. County Attorney M. C. Ledbetter said the subpoenas were for the most part, summoning those county officials who would be the first to know if any irregularities might have occurred and who might throw light on the matters to be investigated. Also among those called were a few former county officials and the present hospital board members who had asked for an audit of their books, "just to keep the records clear."

There has been little or no rumors concerning hospital irregularities, but the officials of the county hospital wanted to have their books checked.

Just what may or may not be investigated by the Grand Jury seems to be a matter of speculation and could remain largely so since Grand Jury proceedings are secret. However, among the points most prominently discussed as possibly to be investigated are irregularities in appropriations, possible shortages, matters of incompetency in office, at least one Commissioner's Court appropriation, matters growing out of the county's \$500,000 bond issue a few years back. Ledbetter said both he and the District Attorney were preparing a list of "whatever we could anticipate might be brought up, but added that a lot more investigation could be needed."

District Attorney Travis Shelton said they "would investigate every county office, and let the chips fall where they may."

Attorney Ledbetter said the auditor who is conducting the 9-year check of county books had been instructed to have certain portions of the records completely checked, even though the complete report will probably not be ready in time for the Grand Jury.

District Attorney Shelton had no further words as the Tribune went to press, but he and his staff, the

Booster Trip Set

T. J. Simpson, in charge of the rodeo booster trip next Tuesday and Wednesday, has asked that all who can make the trip contact him sometime this week so that he can complete plans.

The itinerary of the trip has not been definitely mapped out but the two trips will leave early in the morning, about 8 a. m. and should return to Morton in the late afternoon.

Suspect in Malt Shop Break-in Is Jailed; Offers To Talk If Certain Concessions Are Granted By Officers Here

An 18-year-old Morton youth is ready to make a written statement concerning the break-in last week at the Morton Malt Shop it was learned Wednesday, after "sitting tight" in jail for almost a week.

Tommy Murphy, who would tell officers nothing for the first couple of days then offered to make a "deal" with local officers and talk to the Grand Jury; if local officers would fix it so he could enlist in the service, finally made an oral statement this week and promised to sign a statement, local officers

Revival Begins Wednesday at Bledsoe Church

Evangelist John Jenkins of the Hodges Baptist Church will conduct the revival meeting starting on Wednesday August 3, at the Bledsoe Baptist Church. It was announced this week by Rev. C. R. Kinnaird, pastor.

Song services will be under the direction of Tom Williams.

Services will be held, weekdays, at 10 a. m. and 8 p. m. and at the regular times on Sundays. The revival meeting will continue through Sunday August 14.

Evangelist Jenkins, reported to be an outstanding preacher, was at Sundown before moving to the Hodges community. He attended Howard Payne College.

The public has been issued a cordial invitation to attend any and all of the services.

RODEO ADVERTISING DISTRIBUTED AS DATES OF PERFORMANCE DRAW NIGH

With the Last Frontier Rodeo a day or two more than a week away advertising was distributed in the towns around the area this week.

A total of 100 placards and 3,000 circulars rolled off the presses and were to be distributed.

Prospective competitors have already begun to sign up according to J. T. Holloman, Rodeo Clerk. Any local entrants should apply at the rodeo office in the basement of the Courthouse.

The full schedule of events in the rodeo was announced last week including the same events for the cowboys which were held last year except double mugging has been substituted for team tying.

Other events that have been definitely settled include the annual rodeo parade with \$50 in cash to the top three floats, distributed on a \$25, \$15, \$10 basis; the barbecue on opening night which this year will be open to the public but only on an advance ticket sale basis; a program sponsored by the Jaycees which will include Boy Scouts of the local troupe entertaining those waiting in line at the barbecue or after they have finished eating with Indian Dances in full dress costume; a wild mare race in the rodeo open to all; Sheriff Posse Wagon Race with trophies; the always colorful Grand Entry at the rodeo; and the dances after the rodeo which are not sponsored by the rodeo but which always attract large crowds.

Entrance fees in the regular rodeo events are the same as for the past two years: \$20 for ropers; \$10 for the riders; and \$10 for the barrel riders. Entries close at noon on August 5th, the day of the first rodeo performance.

It will be the 5th annual Texas Last Frontier Rodeo. The directors this year are Luke Cole, representing the Lions Club; J. T. Holloman, representing the Jaycees; Don Hoffman, representing the Roping Club and Lee Belcher of the Sheriff Posse and the fifth director, selected by the other directors, T. K. Williamson.

RECOVERING FROM BROKEN FOOT

Rev. C. R. Kinnaird, pastor of the Bledsoe Baptist Church, is recovering from a Windmill accident which happened about three weeks ago and resulted in a broken foot for the pastor. Rev. Kinnaird was aiding in the repair of the mill when the accident occurred. He expects to have his foot out of the cast in another week.

Color Guard Lost; Reese To Represent Texas In National Competition, Soon

A group of Reese Air Base members of a Lubbock American Legion Post, captured the state color guard championship of the American Legion, Friday and won the honor to represent Texas at the national convention next month.

The Reese boys thus thwarted the local Legion Color Guard's bid for a third consecutive state championship. But, the local boys testified this week if it hadn't been a victory for Reese it wouldn't have made any difference as far as the local guard was concerned. They experienced one of those "off days" you hear about, and everything went wrong. Consequently, Morton's boys finished out of the money. Second went to a group of policemen representing a Ft. Worth post and third was Forney.

The local guardsmen were high in their praise for the Airmen who won the crown. One of the local members said it was just one of those days when everything the local marchers did, ended up wrong. However, they felt that the defeat did them a lot of good in that it will force them to work harder the next time and they vowed to make another attempt for the crown in next years competition.

The competition was held last Friday at San Antonio.

Clarks Plan To Re-open Business In This City Soon

Another new business will soon be completed and in operation in Morton.

The business will be operated by Rev. and Mrs. H. T. Clarke, pastors of the Morton Assembly of God Church, and former owners & operators of the Clarke's Dry Goods in Morton.

They have purchased the Clark building on the eastside of the square and have been in the process of improving it for the past three weeks.

The Clarke's recently sold their business at Denver City to Mr. and Mrs. H. G. Donaghe, and plan to devote their full business time to their new establishment here.

No formal date has been set for the opening though painting inside was completed this week. This week the Clarke's are in Dallas to buy new stock for the store.

Georgia's Beauty Shop Plans Grand Opening

Georgia's Beauty shop opens in a new location this week, next door to Marian's Gift Shop.

The official Grand Opening is set for July 30, that Saturday, & during the hours of from 10 a. m. to 4 p. m., special things are in store. For instance, a door prize of a three piece milk glass set will be given away. Other awards will be a permanent wave, a haircut, shampoo and set. All that is necessary to win is to register during the opening hours on Saturday. The winner does not have to be present when the drawing is made. The drawing is planned for 4 p. m.

The winner will be able to select anyone of the three operators to do the work.

Refreshments of coffee and cookies will be served all day during the hours of the grand opening.

Polo Game Was Postponed

The proposed palmetto polo tilt last week with Slaton was postponed due to the heavy rains that fell in the Slaton area, a posse member said late last week.

Slaton received so much rain in the early fall last week, the men who play on the polo team would have had difficulty getting their horses to Morton for the game.

THINGS GOT STAYED so late on the rodeo this year as upon us before we knew it. There are still a lot of details to be attended to, but no matter how late it is, we have only about a week and a few hours to get them taken care of. Meanwhile, the rodeo will be just as successful as we make it, no more so, no less.

kinda' like . . .

THE OLD story about the lady who had so many children and she was asked how she found time to take care of them all. Her answer was that there are just so many hours in the day, no more, no less.

so if we . . .

GOT STARTED a little late, it makes little difference in the success or failure of the rodeo. The real key to success is whether or not we all do our part to put it on or to support it.

there's been . . .

SOME GRIPING, as there always is, this time about the fact that the advance combination tickets cost so much, and about the fact the barbecue tickets are being sold only on an advance notice basis. These are both very simple to explain, if those who are griping care to listen. First of all, if the barbecue and rodeo combined are worth \$2.25, then there isn't a reason to even start figuring. The people who have gone out to buy a barbecue dinner pay as much as \$1.25 for it. Those who make it a practice of going to rodeos, seldom get in for less than a dollar and often it costs a lot more.

remember . . .

FOOD... through the ages...

MAN KIND HAS ASCRIBED UNUSUAL QUALITIES TO CERTAIN FOODS. THIS:

THE RODEO tickets can be purchased separately, without paying for a barbecue dinner. It's only the barbecue tickets that cannot be bought separately, and there's a lot of good reasoning behind this. After all, the barbecue is being

faith in the opinion of the nation's Health Service. The mere fact that polio is way down this year over last year, should be proof enough that the vaccine is doing an important job in stopping polio incidence. After all, we can't expect a 100 percent preventative the first

shortage of . . . BOTH TIME and space prevented us from getting a complete story last week on our local men who competed in the Levelland invitational golf tourney. Babe Van got in the championship flight but got beat out. Neal Rose and Tom McAllister went a long ways before they lost out, and we had a trophy winner in Jack Russell who won in his consolation flight. One or two others competed whom we failed to get the results on, but we know they didn't win any trophies.

EARLIER, TWO of our local lady golfers, Blackie Reynolds and Lillian Silvers did right well competing in a New Mexico tourney, getting trophies for their efforts.

DIDNT DO SO well in the state Legion Color Guard competition on Friday of last week, losing to a new entry, Lubbock. But, after a three year stretch as tops in this area and two years as state champs, is probably good for the Legion that someone else won. After all, in that type of precision competition, you can't expect to win every time. So here's hoping Lubbock's boys do real well in the national competition.

EVENTS AT LITTLEFIELD, including acts of destruction of property by what was believed to be teen aged vandals, plus a very serious charge against another teen aged youth, might well get us a little stirred up in this county, as well as their citizens.

THERE ARE THOSE who will say we shouldn't be worried about it since these things haven't happened in Morton. And there are also those who say to mention the things in the paper might be bad because it will give local vandals, but look at it . . .

THIS WAY. What if their turning the heat on in Littlefield gives those hoodlums the idea of coming to Morton to do their next dirty work? Or what if they were Morton kids who did it in the first place. Or why wait until it gets that bad in Morton before we act? We don't think it'd be too bad an idea if some of our Jaycees met with the folks over there to see what steps they decided to take.

HERE'S WHAT HAPPENED in the space of a few days. Vandals entered a churchhouse and tore things up in general amounting to a lot of damage. They also got in the Courthouse and flooded the County Judges office and threw a lot of valuable papers in the water, destroyed others and left the lavatory running. Then a 17-year-old parolee from the reformatory got

home one day and molested a six year old girl the next day. According to the Littlefield papers they were considering several courses of action, including a curfew. It might not be a bad idea at all for Morton.

Maple Beat Morton; Bula, Enochs Win As Bula Boosted Softball League Lead

The Maple Farmers gave Bula a good boost toward the Softball loop championship, Friday as they knocked off Morton, Bula's nearest competitor, in the first game of the second half, 6 to 5, in a game that was a real thriller all the way. The Bula boys then responded to the favor by lashing out an 11-1 win over Llano-Grande to give them a two full game lead in the league.

Maple led most of the way in the game with Morton, Wayne Caffrey coming in to relieve Don Lamar on the mound in the late innings to protect a slim lead and save the game for Maple.

It was Lamar himself who won the game for Maple with his big bat. After Maple had left runners stranded on the bases on two occasions, he clobbered two of Carl Kernell's fattest pitches for long home runs to deep left and deep right fields, both with the bases empty.

It was the second time this year Maple had beaten Morton and left them ahead in the series. The victory also strengthened their slim lead over the Muleshoe Printers & left them just a half game behind Enochs, pending their game with Muleshoe, Friday.

But Enochs, no thanks to their weak fielding, was able to pick up the half game Friday with a narrow 10-9 win over the short-handed Printers. Enochs was guilty of no less than eight errors in the seven inning game, and twice blew three run leads.

Muleshoe was forced to play 3 roving players, all of whom did a fair job, but they lacked the batting strength they usually possess

Local Choral Man Will Take Part In ENMU Opera

PORTALES (Sp.) — Six public school choral directors attending the summer opera workshop at Eastern New Mexico University will be included in the cast of "Fiedermaus," to be presented at 8 p.m., July 28-29 at the University Theatre, and among them is the Morton Choral Director.

The presence of these experienced choral directors assures the production of attaining a near-professional level in skill. Robert E. Page, director of the opera workshop and musical director of the production, said.

Joe Carroll, Director of Choral at Morton, Texas and Norman Hatch, choral director at Neizer Junior High of Hobbs, will be featured in two of the major roles. Carroll will play the part of Dr. Blind, a lawyer, while Hatch will be the noted Ballmaster, who arranges all the honours in the show.

Three Way Men Attended Meeting

Two men from Three Way attended a recent District Administration meeting of the South Plains Council, Boy Scouts of America. The meeting was held at Muleshoe for the district which has recently been re-named the George White District. Attending from the Three Way Community were Harold Kirby and W. T. Parker. Executives from the District, Robin Sullender and Bill Strain also attended.

White, who was honored at the dinner for his work on behalf of the Scouting movement, operates the Yellowhouse Ranch in Lamb County, for which the district had previously been named.

FAMOUS TEXANS' RECIPES

Pre-Planning Is Secret To Margo's Late Suppers

Whether she's directing a play or whipping up an after-theatre beef casserole for the cast and friends, Margo Jones' personality dominates the scene. Her effervescent quality causes Broadway to call her "the Dazzling Dynamo from Dallas" and fellow Texans to refer to her as "our own tornado".

But beneath the exterior "bubbles" lies a determined and serious nature. Margo Jones pioneered in founding a permanent professional repertory theatre dedicated to the staging of new plays and classics in 1947 when she established Theatre-in-the-Round in Dallas. Then the only one of its kind in America, Margo's theatre has set a pattern for other such theatres in metropolitan cities over the nation.

And Margo, a native of Livingston, Texas, sets other precedents with her after-theatre suppers where careful pre-planning makes hosting an easy and delightful adventure. Her Beef and Rice Casserole, to be included in the Texas Beef Council's "Famous Texans Recipe" book, is a good main dish for informal get-togethers late at night since much of the preparation can be done hours in advance. The final mixing and heating takes only about 20 minutes—minutes which can be divided gracefully between kitchen and living room.

BEEF AND RICE CASSEROLE
(Yields 6)
2 pounds ground beef
1 teaspoon garlic salt
salt and pepper to taste
1 cup chopped onion
1 cup uncooked rice
1 1/2 cups tomato juice or tomato sauce
1/2 cup grated American cheese

Advance preparation: season ground beef with garlic salt, salt and pepper; brown. Sauté onions lightly; add to meat. Set mixture in refrigerator. Boil, drain, cool and set rice aside separately.

After the show, to speed the cooking process, pre-heat the meat mixture in a heavy skillet over low heat before mixing in the cooked rice and adding liquid.

"Do not mix the entire casserole in advance because the rice will absorb the moisture of the tomato juice or sauce and dry out the finished dish," Margo warns.

"Pour the well moistened mixture into a casserole, cover with grated cheese and pop into hot (450°) oven until bubbling. Serve piping hot with tossed green salad and French bread and fruit for dessert," she advises.

"If this sounds pretty heavy for after-theatre eating, remember that midnight to actors is equivalent to the 6 p.m. dinner hour for folks who work daytime schedules, and we're ready for a hearty meal," the talented theatre director, author and lecturer concluded.

Giants, Cubs Won League Games

The Giants maintained their one game lead in the Morton Little League last weekend as the second half of the season got underway, but the Cubs, who have either led or been hot on the leader's trail, all season, kept within close range by defeating the Sox in the other game. The Giants had decided the Cards for the fourth time this season.

For awhile, it looked as if the Giants maybe had waited too long to get their starting lineup in the game. The Cards with several new players, and definitely an improved team, took an early lead and held it through the third inning.

The Giants took the lead in the 4th and won pulling away. Johnny Van got credit for the pitching victory. In Friday's game, a close one, Jerry Winder's Cubs edged the fading Sox who led the league for a week earlier in the season.

Another big meeting between the Giants and Cubs was slated this week and a win for the Cubs would tie the two teams for the top spot again.

532 Cooperators Have Applied At Least One Soil Conservation Practice So Far

Our District with the aid of the Soil Conservation Service, has, in the first half of 1965, had 532 cooperators that have applied one or more conservation practices on their own farms.

An additional thirty-eight landowners have become cooperators in the Cochran Soil Conservation District.

Total accomplishments by the various conservation practices include: Contour farming of 1515 acres of land; cover cropping 151 acres; Rotation hay and pasture 30 acres; Utilization of crop residue 52,755 acres; eradication of brush on 536 acres; terracing four miles; underground concrete pipe 7.1 miles; sprinklers, 34, covering 4228 acres; border irrigation, 35 acres; improvements in application of irrigation water, 1,039 acres; emergency tillage (principally deep plowing) 17,404 acres.

Still another practice is being interplanted with grain sorghum on 1,950 acres. This practice should be increased in 1966 as seed supply and planter boxes will be more plentiful.

In addition to the thirty-four sprinklers that have been checked for efficiency there are an additional 131 systems that have been installed making a total of 165 complete systems to date.

The supervisors of the Cochran Soil Conservation District plan to purchase another piece of equipment in the near future. It will be used to seed legumes, place fertilizer deep and for stubble mulching purposes. Provided funds are available, your County ASC office has approved a special practice whereby they will share the cost of seeding a cover for wind erosion control. Payments are scheduled as follows:

SORGHUMS
in normal width rows, \$1.20 per acre; in 16 to 24 inch rows, \$1.50 per acre; drilled broadcast \$1.90 per acre; millet, \$1.75 per acre small grain (rye, oats or barley), \$2.00 per acre.

Grazing will be permitted but a good cover must be maintained. No harvest will be permissible.

Dehn Wyatt, residing east of the Bula Community, has been accepted for membership in the colorful, Wayland College International A Cappella Choir for 1965-66, according to William E. Steward, director and chairman of the Division of Fine Arts.

Miss Wyatt was accepted after an audition by Mr. Steward for the 40 voice traveling choir. She is a 1965 graduate of Whitharral High School, where she was active in student affairs including choir. At Wayland College she plans to major in business administration & home economics.

Bula Defeated Local Stars In Softball Classic

Bula's Merchants defeated an all star team in the local softball loop Tuesday night, to become the first host team to win in six years of the annual game.

The final score was 4 to 3 as Keith Wynn, held the stars to just four hits. Wayne Caffey hurled the first five innings for the stars and was tabbed with the defeat. J. Van shutout Bula in the final inning.

Others who made the all stars selected by the fans were: Carl Hallford, catcher; Clinton Oden, first base; Orville Baker, second; Robert Richards, shortstop; Lloyd Pollard, third base; Buddy Hanna, left field; Andy Behrens, center field; Ben Kuhler, right field, and Neustizer, Soles, Kerrel and Sowder as utility players.

Five Local Girls Enrolled Early In WTS Music Camp

CANYON (Sp.) — Five High school musicians from Morton are among the more than 300 who reserved places early for the 3rd Annual West Texas Music Camp, opening at West Texas State College, Sunday, July 31 and continuing through August 12.

Students from all over the Panhandle and West Texas were expected to participate. Local girls planning to attend the band and choir camp are Glenda Allsup, Nelda Kay Fincher, Thelma Foust, Barbara Lackey and Mary Silhon.

Faculty for the camp include a group of instructors from all over the United States, renowned for their work among students directed by John Minnesota, Oklahoma, California and Florida. Three Camp bands and a choir will be formed, and students will attend daily, sectional and group rehearsals, classes, practice sessions, and twirling classes throughout the camp. Concerts, recitals, TV appearances, & entertainment each night are planned.

A series of outdoor concerts and programs have been scheduled on each week-day night of the camp, and the public is invited. The program this year, with one exception will be held in Buffalo Stadium, and all will be at 8 p.m. except the final show.

The schedule includes Aug. 1st, the Amarillo Air Force Band; Aug. 2nd, students with the Palo Duro Players drama, "Kind Lady" in the Branding Iron Theatre; Aug. 3rd, a camp talent show; August 4th, two abridged operettas, "The Mikado" and "Isolante" will be presented by four students directed by John Butler; Aug. 5th, Prescott's Symphonic Band, Piersol's Concert Band and Dr. Bright's Camp Ch the final show.

On August 8th, a faculty-student program; Aug. 9, the Camp Choir at 7 pm over KGNC-TV; Aug. 10, the Symphonic Band and a group of twirlers will appear over KPDA-TV at 10:30 pm; Aug. 11 a dance is slated for camp members; and on Aug. 12, a grand finale concert by all camp groups and twirlers will be held.

YOUR BIBLE QUESTIONS "MONEY and MUSIC"

QUESTION: "Sir, why don't you go to town and take up a collection to buy a piano? A church as nice as you have surely needs one."

ANSWER: Churches of Christ do not use instrumental music in their worship. This question suggests that the reason we do not use mechanical instruments of music in worship to God is that we cannot afford to purchase a piano, or similar instrument. Now, to an answer.

The question naturally divides itself into two parts. We treat each separately. First, that of going to the towns people for contributions:

There is no authority in the Bible for this way of raising money for the church. The New Testament teaches that each Christian is to give purposefully, as he has prospered (See 1 Cor. 16:1; 2 Cor. 9:6). These are the only two rules laid down to guide the Christian in making his gifts. The language, "on the first day of the week," determines the day also.

Churches that approach merchants for contributions toward their work do so knowing that it is implied in the request, if not actually said: "If you do not give us your money, we'll boycott you." This is as much to say, "Give us that which is yours, or we shall take it by means of force." The force being threat of loss of customers and business. We ask what is the difference in this means of "robbery" and that used when a man demands your money using as his "force" a gun? It is a matter of principle with us not to use such unfair methods.

Second, what of instrumental music in the worship of God? The word music is a generic term, and has with-in its scope every kind of music known to man—instrumental and vocal. The words "vocal" and "instrumental" specify different kinds of music; therefore, these specific terms in the music family. If the Lord had instructed the early church to "make music," any kind of music would have been permitted. However, the New Testament gives the specific kind to be used in commanding to "sing and make melody in the heart" (Eph. 5:19; Col. 3:16). Had the Lord said to Noah, "Build the Ark of wood," Noah could have used any kind of wood, but God specified "Gopher wood." Every other kind then is excluded by the specific command, and this is parallel to the command to sing in the New Testament.

The New Testament is a complete guide in Christianity. If one accepts it as final authority, he honors its spoken word, and he respects its silence also.

When the New Testament states a thing to be done, every thing necessary to the doing of that thing is included in the command. Things not necessary to do the thing commanded are excluded.

Consider these rules carefully, and we think that your conclusion will be as ours when the following facts are pointed out.

It is a fact that the only command, example, and necessary inference in the New Testament is for Christians to sing and to "make melody in their hearts to the Lord," (Col. 3:16; Eph. 5:19).

It is a fact that the church did not use instrumental music in worship for about seven hundred years after the beginning of the Christian era. Any good music encyclopedia or history will give the facts in this.

The Church of Christ does not use instrumental music because it is not authorized in the Bible. Christians sing because it is authorized. Vocal music being specified all others are excluded. Read 2 John 9-11.

We shall gladly help you with your Bible questions. A Bible question will receive a Bible answer.

Bollworms Noted; Farmers Warned 'Keep Eyes Open'

Cotton producers need to be on the lookout for bollworms, County Agent Homer Thompson has been warning for the past two weeks.

In releasing his report for last week which showed six of 35 fields tested had sufficient infestation to justify poisoning, he listed some simple precautions to follow, for detecting the young bollworms. At this time, the Agent said, bollworms are usually very small having just hatched from eggs. They eat on the young squares and must be killed soon after hatching or they will get into the young bolls. Usually the worm enters the boll within five days, he said.

He also pointed out that the rains received recently would help the bollworms. Watch for any discoloring of squares and bracts turned pale in color, he said. He added the information that fields are due for a poisoning when as many as three worms are found to each 100 stalks. He urged not to wait until you see the worms, but wait only long enough to spot the damage to bracts, and then to get busy with the poisoning.

Poisoning directions for ground or air spraying or dusting may be secured at the Agent's office. Usually aircraft employ from 50 to 100 percent more poison per acre, he said.

He also reported some lygus active eating the little buds and forms before the square stage.

For dryland farmers who must yet plant milo, the Agent advised

Johnny Weismuler, Maureen O'Sullivan and Cheeta, the almost human chimpanzee, appearing on the Rose Theatre screen in MGM's original hit, 'Tarzan Escapes', one of the screen's all time great jungle adventures.

7078 or Double Dwarf Yellow Sooner seed, each said to mature in a 90 day period.

Nearly all generally damaging insects were found in the weekly insect checks in Cochran County this week, but the most damaging infestations were of fleahoppers & bollworms according to the weekly PFA report.

Elwood Harris, local ag instructor at Morton High, warned farmers again to keep a close check on the bollworms and fleahoppers in the next few weeks. Local rains should cause a definite increase in the bollworm activity.

Thrip damage increased in most fields, although the insects were found in considerable numbers in fields that have not been treated.

Fleahopper infestations have decreased in some fields, but the majority of fields have damaging numbers of fleahoppers at this time. Fields show light to medium fleahopper damage already.

Bollworm activity increased over that of the previous week. A few fields show heavy damage to small bolls and squares and almost all fields have some bollworm damage. If farmers can hold one extra boll for every ten feet poisoned, it will pay for the insecticide application.

Cabbage loopers have been found in several fields, and also lygus bugs which have caused light damage to young squares and bolls. Aphids are still found in the fields of late planted cotton.

Another Bindweed Location Found in County; Control Method Is Cited

Another bindweed location has been cited in Cochran County. The discovery was made recently by J. W. McDermott who then brought the vines into the Tribune office.

McDermott found the vines growing on the west side of the highway five miles north of Morton. Cochran County farmers have found bindweed to be a killer and have had to practice killing it to rid themselves of it.

A new light was thrown on the subject last week with the announcement by A. F. Weise, agronomist for the Amarillo Experiment Station, that bindweed can be controlled on large acreages of cropland through competitive cropping, intensive cultivation and the use of 2,4-D.

Texas Panhandle experiments have been conducted on the weed since 1940 when it was recognized as a dryland killer.

Wheat was the best competitive crop used. Sorghum was not easily established during the summer when the weeds were growing vigorously.

A fallow-wheat system, using intensive cultivation during the fallow periods, eliminated 92 percent of the weeds in three years.

The 2,4-D was applied in the fall before the wheat was planted or in the spring when the wheat was fully tillered. Complete results of this study is given in the Texas Agricultural Experiment Station's bulletin 802, copies of which are available through the County Agent.

Last Call For Rodeo Program Ads

"If you haven't as yet placed an ad in the annual souvenir edition of the Fifth annual 'Texas' Last Frontier Rodeo' programs, hurry!" members of the Morton Jaycees warned this week.

The programs are given away, free of charge, to rodeo fans as they enter the gates, August 5-6. All profits from the programs are turned over to the Rodeo Association, and each year the money donated this way is an important part of the amount needed to insure the financial success of the rodeo.

Previously the Lions Club has handled the advertising in the program but this year the Lions' representative felt that it was not their job. So the Jaycees took it over. Advertising may be placed by seeing Bill Glassford, Jaycee committeeman, or by dropping by the Tribune office.

Morton and Maple Win Games Mon.

Morton beat Llano-Grande and Maple defeated Muleshoe, in the games played Monday in the City Softball League but Bula, sporting an 8 to 0 lead over Enochs, had a misfortune in that the game was called by the Commissioner's with two out in the top of the 3rd inning as rains broke out one of the big flood lights. The game will be replayed from the start at a date to be agreed on by the two teams.

It was the second time this year a game was postponed after it started, due to rains. The other time, Enochs led Morton 3-0 in the first inning. In the re-played tilt, they were soundly defeated by the Morton nine.

PLAINVIEW GIRL IS NAMED WINNER OF DISTRICT HD SCHOLARSHIP AWARD

Elvera Duerksen, daughter of Mr. and Mrs. A. J. Duerksen of Plainview, has been named the winner of the District Two 4-H scholarship by Mrs. Glen Wages, treasurer of the Scholarship Fund & Chairman of the Lubbock Home Demonstration Council, and Mrs. Audrey W. Russell, District Agent, Extension Service, Lubbock. Elvera has done her 4-H Club work during the last four years under the direction of Miss Wanda Greathill, Assistant County H.D. Agent in Hale County.

The \$500 scholarship is donated each year by the Home Demonstration Clubs in the district and is given to an outstanding 4-H Club girl from one of the counties in the District who plans to attend Texas Tech and take home economics or related subjects.

Miss Duerksen has done outstanding work in dairy foods, clothing citizenship, leadership, gardening, recreation and was the State Winner of the Girls Records Contest in 1952. She has received a number of awards for her outstanding 4-H Club work.

She was a member of the District Dairy Foods team in 1952 and was County Gold Star winner the same year. She went on the talent club tour for 1953 and attended the Texas Junior Leadership Lab in

1952 and 1954. She represented the 4-H Club girls in District Two on the state council for the year 1953, and was the chairman of the District Two 4-H Club Girls' Camp at that time. She has worked on floats, given demonstrations to her club, lead recreation, written poetry, assisted in training officers, & has served in every office in her local club and has held most of the offices in the 4-H County Council.

Elvera plans to enter Texas Tech at the beginning of the fall semester to start on her work with a major in Home Economics education.

Elvera is the oldest of three children in the Duerksen family. Her younger sister, Dolores is active in 4-H Club work there.

Besides her 4-H activities, she is active in the Girl's Auxiliary, F.H.A., Farm Bureau, National Junior Honor Society, Tri-Hi-Y, Future Business Leader's of America and has entered declamation contest, senior play and many other school activities.

The Home Demonstration Clubs in Cochran County have contributed each year to the District Scholarship fund. They have a special interest in the fund as the first one given was won by Mary Helen Keith of Whiteface.

ANOTHER PEARL HARBOR

This editorial cartoon, reprinted through the courtesy of the Stanly News and Press, Albemarle, N.C., is attracting considerable notice throughout the Cotton Belt because farmers fear the "bomb" will have an impact on the raw cotton industry equally as severe as on American textile mills.

Mortonites Among Those Receiving Reserve Promotion

Two Mortonites are among the six men to receive promotions as announced by Lt. Col. L. G. Buchanan, commanding officer of the Army Reserve Unit at Lubbock.

Billy G. Furtenberry, Star Route Two, Morton, has been elevated to the rank of sergeant first class. Benjamin B. Hansen, Route Two, Morton, has been promoted to the rank of Corporal.

Other promotions to Sergeant First Class went to Gene Edwards and Raymond McNeice of Lubbock. Promoted to Corporal was a Lubbock man, Donald Mimms. A new Private First Class is Pilar G. Piaz, also of Lubbock.

The 413th began its two weeks of annual summer training at Ft. Hood, last Sunday.

TO CHEYENNE RODEO

The Year Book Committee of the Cochran County Home Demonstration Council and the program chairman from each of the Home Demonstration Clubs met on Friday afternoon to plan their work for the year 1956. Mrs. Bernard Nebhut, chairman of the Council Committee, presided.

Plans were made to continue the cereal phase of food preparation with emphasis on cake making. Clothing will also be continued with special meetings on tailoring and accessories. A new, long-time demonstration will be started on Family Economics.

Attending the meeting were Mrs. B. Nebhut, Mrs. H. T. Gardner and Mrs. Dexter Nebhut of the Friendly Circle; Mesdames H. M. Clark, W. B. Barnett and G. C. Kleth, of Whiteface; Mrs. Vernon Blackley of County Line; Mrs. Charlie Sanders of Lehman; Miss Leila Petty, County HD Agent and Mrs. Nina Matthews, visitor from Whiteface.

4-H NEWS

The County 4-H Dress Revue will be held on Friday, August 12, in County Auditorium, Morton Di-

visions will be made according to age groups. The age 9 to 10 group will model skirts. The age 11-12 group will model dresses or skirts and blouses. The age 13 group will also model dresses or skirts and blouses as will the age 14 group.

Report forms should be brought in with the dresses. Dresses should be brought to the Agent's office by 9:30 Friday morning, August 11. Construction will be judged that morning. The girls will model the dresses for the judges that afternoon & prizes will be given at the Revue. To be eligible the 4-Her should make her own dress and model it in the revue. The public dress revue will be given at 8 p.m. parents and friends are invited.

4-H PROGRAM

A program will be given by 4-H Club girls at the County Line Club meeting on Friday, July 29. Mrs. Vernon Blackley will be hostess. The meeting day was changed to Friday for the convenience of those who will give the program.

DISTRICT ELEC. 4-H CAMP

The Southwestern Public Service Company, in cooperation with the Texas Extension Service is having its first District Two Electric 4-H Camp at Lubbock Wednesday, Thursday and Friday of next week. The dates are August 3, 4, & 5. Lighting wiring and appliances will be studied. Groups have been named 'watts', 'volts' and 'amps'.

In addition to study sessions, other diversions have been planned. These will include swimming, games, eating, flag ceremonies and night ceremonies. At 6:30 o'clock on Wednesday, the group will pay a visit to TV station KCBD, Channel 11, and will be guests on "Hospitality Time". Friends of the 4-H boys and girls attending will want to watch for this program. The list of delegates to attend the camp from his county was incomplete as the Tribune went to press.

NATL FARM SAFETY WEEK

By proclamation of the President of the United States, this has been designated National Farm & Home Safety Week.

The Texas Farm and Ranch Safety Committee believes that accidents on farms do not occur because farmers and their families are more careless than other citizens. But with excess work and fatigue they often neglect necessary precautions in working with power equipment and edged tools. And they also neglect keeping in good repair articles which are used frequently.

Prevention of accidents has a deeper importance than merely in keeping people in condition to do their work. The waste of human lives, the pain and sometimes permanent crippling resulting from accidents, and the disruption to family life when a member is injured are of even greater consequence. The distressing thing points out the committeemen is that so large a part of the accidents which are happening daily could be avoided by caution and common sense safe guards.

Hazards to life and limb in home and farm buildings are many and obvious. A systematic check will reveal them, and knowledge of them should be an urge to remove them. Falls cause more injuries in the home than any other type of accident. Looking before stepping could reduce such accidents, the Safety Committee suggests.

Finally, the committee suggests

that these seven days should take on special significance. It is time that farmers and their families & neighbors pooled their efforts toward making their industry as safe as any other in the nation. As stated in the theme for safety week, "Your Safety Is In Your Hands."

New Call-back Code in Effect On Telephones

In connection with the new switch in Morton by the General Telephone Company of the Southwest from the old central office equipment to the new equipment here, the call back code for party lines was changed.

There has been no change of telephone numbers, it was pointed out.

However the call-back code for party line subscribers calls to other parties on their party line was changed. To make this type of call now, lift the receiver and dial "9". Then dial the last digit of the called number and the last digit of the calling number. Then hang up the receiver and wait until the called party's telephone has time to ring.

For further information regarding this type of call, subscribers may contact the Levelland operator.

Eleven Reservists From Morton Are On Duty

NORTH FORT HOOD. Eleven Morton men, members of the 413th Military Government Company, U. S. Army reservists, were among a large group from the South Plains who began their summer two-week tour of duty Sunday, at Ft. Hood.

The Morton contingent, headed by Major Homer E. Thompson, included Sgt. H. B. Bedwell, Sgt. R. J. McCasland, Sgt. J. E. Polvado, Sgt. G. G. Williams, Jr., Sgt. B. B. Fortenberry, Cpl. H. B. Hansen, Pfc. W. C. Hodge, Pfc. W. E. Hodge, Pfc. H. D. Zuber and Pfc. R. D. Key.

The first day of actual camp began 'Operation Kangaroo'. On Wednesday they were slated to be on the rifle range.

Chevrolet V-8 Pickups Showing

The new 'V-8' Chevrolet pickups available in numerous body styles, are now on display at the Allsup Chevrolet Co.

With added power more cab room, and sleek styling, Chevrolet pickups have undergone a big change since last year.

Don Allsup, who made the announcement this week, has invited everyone to drop by and see the new models.

Advance Tickets For Rodeo Are On Sale

Advance tickets for the rodeo and barbecue next week went on sale early this week at five locations in downtown Morton and local folks who expect to attend the barbecue were urged to get their tickets early.

The combination tickets sell for \$2.25 for adults and \$1.50 for the children. Only through these advance tickets will persons be admitted to the barbecue. Tickets will not be sold at the barbecue. The First State Bank, St. Clair's, Tarver Furniture, Ray's Hardware and the Morton Tribune office have these tickets for sale.

Johnny Weissmuller sounds his famous jungle call in a scene from an original hit, "Tarzan Escapes" showing at the Rose Theatre on the coming week's bill.
