NUMBER 27

## Grid Season Underway

### ★ INDIANS OPEN SEASON FRIDAY BATTLE POST ON LOCAL FIELD

A "green", but eager band of Morton Indians will open their 1955 football season, this week meeting Post tomorrow night on the local gridiron.

From all the reports local men have been able to gather, Post is approximately the same shape as Morton, with the added advantage of being a larger school and that being in a higher class and with more boys to choose from. In effect they should have a weight advantage over Morton, but no comparison of weights has been announced. From advance reports the Post team is green and crippled by pre-season injuries.

It would be hard for coach Bucky Walters to name a starting lineup. The Indians have only one returning regular, according to the coach's latest word, Bobby Neagle at quarterback.

Of course, this is a good sign in that respect since Neagle, as quarterback and leader of the team will have experienced more action than the others and will be respected by the more inexperienced players. This mental attitude, the impor-

tant asset that was lacking most of last season, is one of the team's strongest points this year, Walters has pointed out. He wishes he had more time for practice.

The local coach made no pre-season predictions nor did he state the pattern of play his team will follow. He did say his biggest boys were looking the best in practice, and that he did have a couple of halfbacks whom he thought would be able to run well.

Kickoff time, as usual is 8:00 at the local field.

### Bledsoe School Fills Faculty With Recent Addition

Arrangements have been completed for the addition of the final member of the Bledsoe teaching staff it was announced this week by Supt. J. E. Roane.

Mrs. Katherine Brink coming to Bledsoe from Little Rock, Ark., is to arrive September 19 to take over the assignment of teaching English. In the meantime, substitute teachers have been handling the assignment.

School opened Monday at Bledsoe, Roane said with approximately the same enrollment as last season. All other teaching department vacancies were filled and Mrs. Joe Conaway and Mrs. Alvie Harris were the community ladies who did the needed substitute teaching.

Mrs. Brink, who formerly taught English and Journalism at Little Rock High school, is well qualified with both bachelor's and master's degrees from University of Arkansas and has completed some work toward her doctorate degree, from Columbia University.

### No Treasurer Yet Official Says

No treasurer has been named nor has the name of any individual applicant for the job been discussed by the official word from Commissioner Ray Holloman. Tuesday in answer to persistent rumors that the court was considering certain men a had already hired one.

The Commissioner said, when we get ready to consider applications, everyone will be given an equal and fair consideration.

He said the Court had about 12 to 14 applications for the post that must be filled by appointment from the Commissioner's Court. Asked how much time the Court had in which to pick its successor to Odell Smith who resigned about a month ago, Holloman said he had not run across a statute that set any definite length of time. "After all," he reminded, "we've only been out of a treasurer for about 40 days & things are going along very well."

### 1st Bale On Square Wednesday; Ray Edges Competitor By "Minutes"

Cochran County's first and second reported bales of cotton from the 1955 crop were ginned within hours of each other Wednesday afternoon.

First on the courthouse square was a 440-pound bale produced by Carl Ray and ginned by "Red" Willingham of the Willingham Gin of Morton.

Reporting second, only some two and one-half hours later, was Bill Wright of the Alamo Gin just east of Morton, whose gin turned out a 400-pound bale produced by R. B. Sides who farms just one mile east of the Alamo Gin.

It was Sides third time to miss first bale honors by a matter of hours.

Ray, who resides one and one-half miles east of Morton, grew his bale on some six acres of land that had been partly irrigated.

He pulled up to the Willingham Gin Wednesday afternoon at 2:55 o'clock with 1820 pounds of seed cotton—from which "Red" turned out the 440-pound bale and 820 pounds of seed. The gin brought the lint for 50 cents per pound and

### ★ Bula's Bulldogs Set To Face Roaring Springs

Bula's Bulldogs, rated again at least a strong contender for the district six-man football title, will be out to avenge one of the few blots on last year's schedule, Friday night as they open their season at home against Roaring Springs.

The opposition, always one of the better six-man teams in this part of the state, held a strong Bula team to a tie last year.

Under Coach Claude Morrison, Bula has become a perennial power in the area football picture and, until injuries this week dampened the spirits a little, were one of the most feared teams in the league. The coach isn't crying yet, even with speedster Gerald Neel sidelined by a recurring knee injury and one of his better linemen, Curt Green on the shelf for a few days, also with a bad knee.

Morrison's formula for success, a tight defense, makes his teams a threat even with key men out of action. He'll have several of last year's district championship team back in action, including Burlie Roberts and Carl Wayne Halford.

But with Morrison's type of team, it's not fair to name a few of the players. They probably are the best, or certainly one of the best, team playing units in the area. He plans it that way. There's little room for one man stars on a Bula team.

The coach has 19 boys out this season and most of them have had experience. They'll miss Jimmy Gage the plucky little quarterback of the past three seasons and defensive standout DeWayne Neel. They'll miss others too. After all, they had two of last year's team on the coaching school all-star team, and boys like these you don't easily replace. But from what seems to be the opposing teams like inexperience reserves, once again Morrison has made him reaffirm "we may not win, but we'll be tough." And, the confident though not overly cocky Bula coach means just that. One reason he knows it, the entire communities of Bula and Enochs will be backing the team.

### Area Pioneer Dies at Matador

Joe C. (Kik) Kennedy, 92, pioneer West Texan and the father of Joe Kennedy of Bronco was buried Tuesday at Matador.

He died Monday at the home of a daughter, Mrs. Frank Stafford, at Matador. Funeral services were conducted by Rev. H. T. Harris pastor of the First Baptist Church there.

Survivors besides those mentioned, include four daughters, Mrs. J. G. Eden, Brownfield; Mrs. Earl Lanford, Avenor; Mrs. C. H. Martin and Mrs. Floyd Chanka, Arkansas City, Kansas; and two other sons, Claude of Lubbock and Silas of Torrance, California.

### Cemetery Deeded More Land

The Morton Cemetery Association has been deeded a several acre tract of additional land, bordering the present site of the cemetery it was announced here this week.

The grant was made by Mrs. Morton J. Smith whose husband, now deceased, founded the town-site of Morton some 30 years ago.

Mrs. Smith, now a resident of Lubbock, advised her attorneys to deed the strip of land to the Cemetery group and it was being done this week.

The land is a strip that lies between the site of the cemetery and a junk yard bordering the cemetery from the west side.

The announcement came just a day after the cemetery association had met to discuss ways and means of securing funds to put up an attractive brick entranceway and to discuss the need to set a standard price for graves that will help pay the cemetery's way and still not make the burial plots unaffordable to persons who cannot afford a more expensive plot.

Monday night directors of the Cemetery Association voted to increase the price of grave spaces, to begin groundwork for the building of a brick gate at the main entrance to the cemetery and the beautifying of the east line, the improvement of cemetery roads, and a method of moving extra dirt from newly dug grave areas.

Attending were Smiley Monroe, president of the group, Mrs. Lem Chessier and Bill Glassford, directors, and visitors: Mr and Mrs. Jack Wallace, Mrs. Hap Rogers of the Garden Club and Sewing club, and Mrs. Dexter Nobbut and Mrs. Eddie Irwin of the Jayceettes. Mrs. Wallace represented the L. Allegro Study club.

The directors voted that upright grave markers be allowed in only a small section of the eastern half of the grounds—an area where upright markers are already in use, and that grave spaces in the eastern section be priced from \$25 to \$100 depending on the location.

The price of grave spaces in the western part of the cemetery to remain at \$10 each or three for \$25.

It was suggested by the Jayceettes present, and adopted, that various clubs of the city set bricks for the building of the entrance. Individuals would thus be making donations for the building of the gate.

Mrs. Rogers was asked to re-

**TURN IN YOUR FAIR ENTRIES TO PROPER SUPT. SOON AS POSSIBLE**

General K. L. Berry, State Chairman for the 1956 March of Dimes, and Maurice Heath, veterans in the fight against polio, point the way to the 1956 March of Dimes building for Texas, Maurice, age 7, after 5 years of treatment hopes to discard braces and crutches soon. General Berry again leads the fight against polio in 1955.

### Jack's Bar Burglarized Early Sunday By Thief With Varied Liquor Tastes

Tatum and other New Mexico law enforcement officers were investigating the burglary of Jack's Bar, located just across the state line from Bledsoe.

The burglary occurred sometime between 1 a.m. (Texas time) Sunday morning, when the bar closes, and noon Sunday when it was discovered.

Local police did not have complete information from the break-in, since the investigation was out of their jurisdiction, but they did release the following information.

Missing was an unspecified amount of change from the drawer of a cash register, probably around \$25, and 10 cases of beer, six cases of gin, and several cases of cheap and expensive whiskey.

The person or persons responsible broke into the rear of the bar and the assortment of liquor they took would indicate that they may be bootleggers, with calls for several price ranges in liquor.

The bar, operated by Ray Hoyle, is located about 4 and one half miles southwest of Bledsoe and only a mile from the Texas line.

### Cemetery Deeded More Land

The Morton Cemetery Association has been deeded a several acre tract of additional land, bordering the present site of the cemetery it was announced here this week.

The grant was made by Mrs. Morton J. Smith whose husband, now deceased, founded the town-site of Morton some 30 years ago.

Mrs. Smith, now a resident of Lubbock, advised her attorneys to deed the strip of land to the Cemetery group and it was being done this week.

The land is a strip that lies between the site of the cemetery and a junk yard bordering the cemetery from the west side.

The announcement came just a day after the cemetery association had met to discuss ways and means of securing funds to put up an attractive brick entranceway and to discuss the need to set a standard price for graves that will help pay the cemetery's way and still not make the burial plots unaffordable to persons who cannot afford a more expensive plot.

Monday night directors of the Cemetery Association voted to increase the price of grave spaces, to begin groundwork for the building of a brick gate at the main entrance to the cemetery and the beautifying of the east line, the improvement of cemetery roads, and a method of moving extra dirt from newly dug grave areas.

## County Interest Hangs On Jury Resumption

Convence at 10 am, Audit Still Not Completed

With the outside audit still incomplete, members of the April term of the 72nd District Grand Jury will get together again this morning at 10 a.m. to resume their investigation of county irregularities.

There's an outside possibility the group might ask for another postponement until the auditor's records are complete. However this was considered unlikely since the District Attorney said they hope "to have essential parts ready" indicating the complete report might not be necessary.

Travis Shelton, District Attorney indicated the remainder of the investigation would take at least two or three days. All men who are on the list the Grand Jury wants to speak to, have been subpoenaed.

The Jury is also expected to consider hospital records since they were specifically asked to by the hospital. There has been no statement as to whether the outside auditing firm of Niemeier and Pierce have completed their check of the hospital books.

Seven felony indictments were returned at the end of the Grand Jury's first period of deliberation. They were levied against four former County officials two of whom had resigned only a few days earlier. The total amount of money involved in the specific indictments was only slightly over \$2,000 but neither the auditors, the County Judge, the Commissioners, the District Attorney nor the District Judge have said how much the books lacked in balancing when the outside auditing firm took over.

Syd Coffman is foreman of the Grand Jury.

## Mexican National Farm Laborer Dies As Clothing Catches On Well Shaft

A 33-year-old Mexican National farm laborer was choked to death on a farm east of the County-Line church early last Tuesday morning September 2nd, caught by his clothing in the belt of an irrigation motor.

Identified as Cristobal Brisen Contreras, of Sanchez Roman in the state of Zac. Old Mexico, he had been in the county about 60 days working as a farm laborer.

It was theorized he had attempted to start the motor about five o'clock in the morning and the serape most nationalists wear, which is a blanket thrown around the shoulders, got caught by the tassels in the drive shaft. He was evidently choked to death though he also suffered an assortment of contusions, abrasions, and facial and scalp lacerations. The motor was almost pulled from its mounting before it shut off.

The body was discovered a couple of hours later and taken to a funeral home here where it was to remain for a week. L. W. Barrett, of Singleton Funeral Home finally received instructions from the office of the Mexican Consul to take the body to El Paso yesterday and there it was delivered aboard a train for the trip back to the man's home town. He was married but no information was available as to family status.

The man was one of those hired through the association, and thus insurance will pay his family the specified sum of money for which all immigrant laborers are insured. It was the first Nationalist death reported in this county this season but was the 4th death to occur on a farm in the Morton trade area by accident since the first of the year. Tractors crushed to death two persons and smothered another.

## Funeral Services Held Here Monday For Mrs. Latham

Funeral services for Mrs. L. L. Latham, pioneer South Plains resident and mother of Mrs. Earl Cadenhead of Morton, were conducted Monday afternoon at the Church of Christ here by Bro. A. D. Forhand, a long time friend of the Lathams.

Burial was in Texas Tech Memorial Cemetery, Lubbock, under the direction of the Singleton Funeral Home.

Mrs. Latham died at 6:15 a.m. Sunday morning at the Cochran County Hospital following six months of illness. She suffered a severe stroke only recently, and was taken to the hospital Cause of immediate death was attributed to heart failure following complications of the stroke.

A native of Kaufman County, Mrs. Latham the former Mary Ella Green and L. L. Latham were married July 11, 1904 in Eastland County. In 1908 they moved to Jones County, in 1921 to Terry County, and in 1936 to Cochran County.

Her parents were Mr. and Mrs. W. A. Green. Her father died in 1919 and her mother in 1947.

Mrs. Latham became a member of the Church of Christ in 1907.

Survivors include her husband, one daughter, Mrs. Lorena Cadenhead, a grandson, Hub Cadenhead, and two granddaughters, Sherie Jan and Mary Carol, all of Morton; five sisters: Mrs. Lida Newton, Jacksboro; Mrs. Reba McClain, Big Spring; Mrs. Maude Elder of California; Mrs. Lavern Higgs, Long Beach, California; and Mrs. Frankie Kale of Odessa; two brothers, Johnnie Green of Big Spring and Casey Green of Abilene.

One brother, W. E. and one sister, Miss Ruby Green, preceded her in death.

## Committeemen For ASC Elected

The 1956 ASC committeemen selected in a recent election were announced here last week in a bulletin released by the ASC office.

The men responsible for administering the very important 1956 ACP, Price Support and Allotment programs in Cochran County were elected by farmers of the area.

Named to serve were: on the County Committee, Max Bowers, G. D. Lewis, L. L. Taylor, Mon Tanner, and O. B. Huckabee, Chairman is Bowers and Lewis is vice-chairman. Tanner and Huckabee are first and second alternates.

In addition to these men, County committeemen have also been elected. They are for Morton: Fred Crow, chairman; R. J. Hill, vice-chairman; Roy Brown, and as alternates, Willard Cox and Gene Benham. At Neelyward, B. H. Tucker is chairman and George Williams is vice-chairman. Hadley Kern is the other member and as alternates they have Karl Griffith and Mon Tanner.

AT Whiteface, George Smith is chairman; Leonard Calmer, vice-chairman; J. C. King, member and Ray Carter and J. W. Marshall as the alternates. At Lehman, Ralph Burt is chairman; Leo Cunningham is vice-chairman. O. B. Huck, abee, member; W. W. Cook, 1st alternate and Ira McCasland, 2nd alternate.

Ruth McGee, office manager of ASC, also announced that seven varieties of wheat have been designated as inferior for milling and undesirable and as such, have been discounted 20 cents per bushel in 1956 price support rates. On that list are Red Chief, Red Jacket, King King, Chiefman, Early Blackhull, Yocco and Blue Jacket.

One final announcement from the same office concerned cotton plowed up. The report said that a recent check of the destroyed cotton revealed in many cases it isn't totally destroyed and must be classed as cotton for harvest.

If your cotton is in this condition, you'd better take steps immediately to destroy it, the report stated. More spot checks are to be made soon.

Cotton marketing cards will be ready about Sept. 15, farmers may pick them up at their convenience,

## Rules Are Set Up On Art Division Of County Fair

Two divisions for art have been listed for showing at the fair, according to Mrs. Evelyn Seagler, superintendent of fair art.

They are original art and crafts. In the original division will be finger painting, oil painting, water color painting, pastel painting, ink drawing, crayon drawing, and mixed media.

In the crafts will be leather work, plastics, jewelry, metal work, pottery-ceramics, hand-painting china, wood carving or chip carving, hand weaving, stenciled article, toy of any kind, raffia or reed article, coaster, copper-tooled article, copper-tooled article, articles not listed, and children's (under 12 years) original art work.

Other rules include:

Professional art may be exhibited but cannot be entered in competition.

Amateur, student, adult, youth, and children's art must compete together, and will be judged impartially.

Two major divisions will be crafts and original art.

Judging will be at 10 a. m. Friday.

\$5 will be awarded to original children's art of \$1 for the 5 best.

No article must be over 3 years old.

All pictures must be framed and wired for hanging with the exception of children's (under 12) picture which may be framed or installed, provided they are wired for hanging.

No more than one entry may be entered under any premium number. Pairs will be as one entry.

The exhibitors name must appear only on the back.

## Outwits Frost: Is Now Eating Morton Peaches

Peaches, home grown fresh off the tree—that's what the Maurice Lewallen's enjoyed lately.

And they were plenty big, too. Just ask one of the Lewallens.

How did the peaches stand the late freeze? Seems Maurice tried two methods of frost prevention. One, he had smudge fires—effect unsuccessful. Two, he turned the sprinkler on one tree and ended up that morning with a small glacier. This time the effect was successful.

So, there's one answer to how to grow peaches, big one, in West Texas, regardless of the date of the last killing frost.

## Magnolia Protest To Be Heard

An important hearing on a matter of county tax assessments, between Magnolia Oil Co. and the Cochran County Commissioner's has been set for next Monday in the Commissioner's Courtroom.

The meeting grew out of the apparent dissatisfaction of the Oil Company with their taxes and the reduction of their property.

Members of the Commissioner's Court have indicated it could be a very important decision, and even indicated at the recent budget hearing that it might change the entire assessment picture and the proposed budget.

The decision is still up to the Commissioners, and, if they should still feel that Magnolia has no legitimate quarrel, the only alternative for the Oil company would be to refuse to pay their taxes and it would be then necessary for the County to sue for collection of the taxes.

## Announce Stops On Soil Tour Next Monday

The Cochran County Soil Conservation District annual tour will be held Monday, Sept. 12 beginning at 8 a. m. from the County Activities building. It will last until noon.

All area farmers are especially invited.

Conservation practices, which earn ACP payments, to be seen include the following examples:

Earl Crum farm north of the McBurnett plant—Graham conservation plow in deep placement of fertilizer with seed being placed immediately above.

J. D. Hawthorne farm—production of hybrid grain sorghum.

Sam Kelly farm—Cotton following grass alfalfa pasture.

W. C. Gowan farm—Grain sorghum in 20-inch rows.

Max Bowers farm—planting of hybrid grass for seed production and soil improvement.

By Eddie Irwin

**SENSE OF THE** better punch lines we've heard in the way of slogans this year was in an editorial in an exchange paper a week or so ago, but it very easily and quickly describes an important duty of the motorist. It says, referring to the why of being extra careful around children playing at school or in any other locale, "Expect the unexpected."

If all...

OBSERVED THAT caution, it

would certainly cut down the huge list of children killed by autos last year. We'd be far better cutting down the list, than cutting down another 4,100 under 15 years of age.

FROM A NEIGHBORING newspaper, this gem. Anyone with sense wouldn't ever try for the \$64,000 question on the popular TV program for the simple reason that the tax on the "extra" \$32,000 is so high it would leave the winner less than one fourth of it. In other words, you're gambling \$32,000 you've already earned, less the amount of the tax against \$8,000 & a tremendous chance that you'll lose. Kinda' foolish, even for the

most fanatic gambler, those of you... WHO HAVE BEEN moaning & groaning about our taxes and the spending in the county have a definite reason to be thankful this week. It could have been worse. In Yaskum County the other day they raised the tax one cent. They say they'll have to spend the sum of \$1,006,533.25 to run their county. That's nearly three times our budget. Their evaluation is \$44 million, or about 40 percent more than Cochran County. Their budget increase this year over last, is \$146,910 over last year. Of course, remember the voted a \$900,000 road bond last year.

we know...

LITTLE OF THEIR business or their politics but it looks like the Commissioners over that way had better change their mind and hold an audit. Last year they refused to call for an audit, even though it was pointed out they hadn't had one in the past fifteen years.

brother...

IT COULD BE that their own County auditor is making an annual and complete audit to the Court, and thus no outside audit is necessary. But if he isn't, like was the case here, they'd better do some fast and fancy checking. That's a mighty big budget for a not so big county.

If we can ever...

FIND SOMEONE who can interpret the thing they called a proposed budget in terms that we can understand. I give you some comparisons on the amounts the two counties will expend on various of the funds. But we haven't been able to understand our own county proposed budget, yet.

there isn't...

MUCH MORE to be said about the reconvening of the Grand Jury today, that hasn't already been said. The rest is up to the men who are trying to sift all the facts and make the decisions. We wish for them a speedy end to the investigations, though we hope its complete. We wish for them courage to do what must be done even though compassion could give them the desire to do less and we wish for them courage enough from the persons who know so that their decision won't be difficult to arrive at.

don't forget...

IT'S FOOTBALL TIME again, this week. The season opens on Friday, against Post, a Class AA team, but one that is supposed to be in the same shape as we are—full of ambition and fight, but very short on experience. We certainly can't judge the team from performance of years gone by, or at least we can't do that fairly. Soaring under a fact we all know to be true that teams with support play better, we ought to all flock to see the opener Friday and reserve whatever opinions we have until we've had a good look-see. Coach Walters did say he's already plagued with injuries before the season has started. But he likes the general mental attitude of the boys providing they don't get lazy.

and let's make...

THEM KNOW we're there Friday by giving them lots of verbal support. It also might encourage the new assistant coach to see the fans supporting the team.

we're making...

AN APOLOGY this week for a flowing you to be duped along with us about something which was very unimportant until it began to involve people lying to one another—then it became ridiculous.

when our...

SOFTBALL LEAGUE was set up last spring there were no provisions for a third place trophy to be presented. Nevertheless, one of the Commissioners and one of the managers got together and decided to give the certain team a trophy. It isn't known why, perhaps because they hadn't ever won a trophy except one a year or so ago, and for of all things, sportsmanship.

at any rate...

THE WONDERFUL sense of the sportsmanship of this man who is managing the team was shown as he got one commissioner to commit himself on the award, and after we were told to announce over the loudspeaker that there would be no third place trophy, obviously, so there would be no open criticism from either the team who was tied for third place, or from any of the fans, then they awarded

the trophy a few nights later, not telling anyone except those who had to know. Therefore, when we passed on the false story both on the loudspeaker and in the paper, we had no idea whatsoever, they were anything but the truth. They had one Commissioner tell us the story to tell the fans, that there would be no third place trophy, & that the trophy was simply ordered by mistake and would be sent back. Naturally, that mistaken ordering of a third place trophy in a league where only two were to be awarded was a laugh. Anyway, they duped us and we unwittingly told you. We apologize. A third place trophy was awarded to the Maple team, because of a previous commitment, and though two of the league Commissioners accepted responsibility, its obvious that it was a plan hatched up by only one commissioner and only one of the managers. If they had wanted to do it right they would have gone by our rules clearly set up; and consulted the other team representatives.

most pitiful thing...

ABOUT IT IS, that even though the two teams were tied for third place in the league standings the boys from Maple probably really were the better team this year. In taking the season as a whole, they seemed to us to play better ball. But when the chips were down their manager didn't have the nerve to play off the tie for the third place trophy that wasn't even supposed to be given. Wonder if that could have been because Maple had just somehow failed to win against the team they were tied with, until the last meeting of the two.

congratulations...

TO MAPLE for their third place win given to them by softball league Commissioner Waller over the light but not severe protest of the other Commissioner, Lewellan.

maybe that...

WILL GIVE us a little fuel to fan the fire and start a red hot grudge battle for next season.

the harvest...

IN COCHRAN COUNTY is underway, even though it wasn't a bale of cotton responsible. Joe Beseda of Beseda Grain Co., Inc., at Whiteface, was in the other day to say he had his first trailerload of new 1965 grain from a Cochran field.

it was...

C. B. (BUSTER) BETTS whose field yielded this first trailerload, and the price paid by Beseda was well above market.

as for the...

COTTON, evidently something is happening to it, something a little unusual. Not being a farmer we didn't exactly understand what the boys were talking about except we did catch phrases about improper watering, too chilly weather, too early in the season; not enough of an underground season; not enough rain.

and we are...

IN THE MARKET for rain now, on the dryland crops, and we need it soon, very soon, before the cotton and grain both burn up.

we mentioned...

OUR FOOTBALL TEAM and our first home game, a little while ago but we forgot about the other area teams. That's because only one of the coaches has been in to let us know what kind of a team he will have and what the schedule will be.

over Buja way...

THE BOYS MAY not be able to whip anyone else but they edged to a dramatic scrimmage victory over the boys who played for them the last couple of years. And any six man team that outmans the list of boys who graduated from Buja in the past couple of years, is in fair shape.

but Coach Morrison...

HAS A FEW dark moments, in the loss of one of his star players, Gerald Neel to a recurring knee injury, and also the temporary knee injury to the center, Green. The Coach still feels his boys will give a good account of themselves, and its a foregone conclusion, they will.

late reminder...

DON'T FORGET the Fair, set for next weekend, if you have any pre-fair planning to do; better get on it as soon as possible. If there is something you want to know about entering a division, or placing a booth, just check with Elwood Harris and he'll put you in touch with the right person to talk to. And,

## Spotlight on HEALTH

The Search for Health

The search for antibiotics, the infection-fighting chemicals produced by tiny organisms, has progressed at an amazing pace during the past decade. If the quest continues with the same intensity prevailing during this period, it is estimated that some 400 antibiotics will be discovered in the course of 1965 alone.

Of these 400—derived from bits of soil, plants and other organic matter gathered in all parts of the world—only one or two are likely to be found useful in the fight against human infection. The others will be disqualified or scheduled for further study.

The one or two that remain, however, may be drugs destined to save millions of lives. Polycycline (also known by such names as Panmycin and Stedlin), newest and safest of the clinically proven broad-range antibiotics, is an example. Developed by scientists at Bristol Laboratories, this drug—which is of the chemical family called the tetracyclines—is being used in hospitals throughout the world to fight scores of infections ranging from pneumonia to venereal disease.

But before a drug reaches such eminence—in fact, before it is tested on a single human patient—it must be subjected to a series of careful tests. And here is where the weeding-out process commences. The tests reveal if the drug is too toxic, how likely it is to produce allergic reactions, and other pertinent information.

The care exerted by research laboratories in the development of antibiotics is illustrated in the case of Etamycin, one of the most recent antibiotic discoveries. Although this drug, also developed by Bristol, has shown considerable effectiveness when pitted in the

## Easing Fear Called Vital Factor In Aiding Recovery From Polio

Minneapolis, Minn. — When polio strikes, not only the disease, but the accompanying fear and anxiety as well, must be treated.

A vital factor in speeding recovery of polio patients treated at Sister Elizabeth Kenny Foundation centers across the nation is the alleviating of fear and readjustment of the patient by the psychiatric staff.

Other department personnel, including social service specialists, assist to calm terror-stricken relatives. There is an enormous fear of the disease in the minds of nearly everyone. Fear and anxiety, which inevitably come to patients and their families when diagnosis of polio is made, may actually interfere with the treatment and recovery in the acute stages of illness as well as in later stages of convalescence.

Fear and anxiety, however, can be treated. Sometimes this treatment is relatively simple. At other times, the problem is more complicated and longer periods of counseling are needed. At Kenny Foundation treatment facilities, expert management of emotional problems is under the direction of the psychiatric staff.

Regardless of the length of time involved, the goal is the same—to help the patient understand his own feelings about his illness and to utilize every resource to assist in his recovery.

(Released by the Kenny Foundation's Medical Staff)

**HEALING**  
ARTICLES OF FAITH Divine Healing. Deliverance from sickness is provided for in the atonement, and is the privilege of all believers (Isa. 53:4,5; Mat. 8:16,17).  
It is advocated by some Divine Healers (?) that the healing of the body here and now, as well as the remission of sins, is included in the atonement. If so, it would be wrong to go to a doctor for healing as it would be for remission of sins.

The scriptural truth which these "healers" have distorted is that the redemption of the body is promised to the Christians when they enter glory. This corruption must put on incorruption before that. This will take place when the last enemy, death, is destroyed. Death will not be conquered until the return of Christ. (1 Cor. 15:26,38)

The body is not spared on this earth from sickness and death. It is to be used as an instrument of righteousness, but it will not be changed or redeemed until man enters into glory. (Rom. 8:22, 23).

**OBJECTIONS TO HEALING**  
1. If healing is in the Atonement, sin and sickness must be co-existent. The vilest sinner is the sickest human being and vice-versa. Even the healers (?) get sick and die sick. Are they backsliders and will they go to hell because they die of sickness? The truth of the matter is, that if the proposition were true, no redeemed one would ever be sick or would ever die. The doctrine is false because saved people, redeemed people have sickened. (See Cor. 12:7-9; Tim. 5:23; and 2 Tim. 1:6).

2. Nowhere in the Bible did Christ or the apostles teach that sickness needed atonement. Neither do they anywhere teach that the physical is as important as the spiritual.

L'ALLEGROS HONOR NEW PRESIDENT MRS. T. A. ROWLAND

The L'Allegro Study Club members and husbands as guests honored the president, Mrs. T. A. Rowland, holding a buffet dinner on Thursday evening, September 1st at the home of Dr. and Mrs. N. A. Monk.

Serving as co-hostesses were Mesdames Truman Doss, Paul Goodman and Wayne Walthall. Yearbooks were presented to the club members and Mrs. Cross, 1st vice-president then introduced the president who asked the cooperation of each club member, and challenged each member to make her program as interesting and inspiring as possible.

Hostesses served a delicious dinner and entertainment was enjoyed by all.

Those attending were: Messrs. and Mesdames H. B. Barker, Charles McDermott, J. C. Reynolds, N. A. Monk, E. O. Williamson, T. A. Rowland, Tom Rowden, M. A. Silvers, Arlee Bernard, Bob Cross, T. K. Williamson, Van Greene, Wayne Walthall, Truman Doss, O. L. Tiger, Bill Proctor, and Paul Goodman.

DINNERS HONOR MISS ALLENE CURRY LAST WEEKEND

Miss Allene Curry of Los Alamos, New Mexico, was a house guest over the Labor Day weekend in the home of Mr. and Mrs. Carl Rowland of 112 East Pierce Street.

Miss Curry was honored Friday afternoon when Mrs. England entertained with five tables of bridge with Mrs. Albert Morrow assisting in hostess duties.

Pockets of assorted greeting cards were used to mark places for guests. Dessert was served preceding the games.

Guests present were Mesdames J. B. Knox, Elizabeth Groer, Hume Russell, Nell Rose, Gage Knox, Joe Ginson, J. B. Nicewarner, Lloyd Hiner, N. A. Monk, Van Greene, Roy Hickman, Courtney Sanders, Lem Chesher, M. C. Ledbetter, J. D. Hawthorne, Lloyd Miller, D. E. Benham, Fred Morrison, and C. A. Baird.

On Saturday evening Miss Curry was honor guest when Mr. and Mrs. Morrow hosted a formal dinner party.

Before leaving for her home in Los Alamos, Tuesday, Miss Curry visited in Snyder with her mother, Mrs. A. M. Curry.

HERE ON VISIT

Jimmy Gast of Amarillo was a Labor Day weekend visitor in Morton with friends and relatives. Jimmy, recently discharged from the Navy, after four years of service, is a former Morton resident.

1936 STUDY CLUB OPENS NEW YEAR WITH A DINNER HONORING PRESIDENT, MRS. WILLIS

The 1936 Study Club held its last meeting of the 1955-56 season in the home of Mrs. Gage Knox with the club officers entertaining with a dinner, in honor of the new president Mrs. E. L. Willis.

Mrs. Willis, in her president's message gave an interesting and helpful discussion of the club's subject for the year, "Forever Learning." Mrs. Willis told the group: "By learning, our faith is strengthened."

MRS. R. W. HILL NEW PRESIDENT OF BUSY FINGERS CLUB

Mrs. R. W. Hill was elected president of the Busy Fingers Sewing Club in a meeting held recently in the home of Mrs. Roy Allsup.

The election of officers was the first order of business as the ladies reconvened after a summer vacation.

Other officers elected for the coming year include: Mrs. Ralph Merritt, vice-president; Mrs. Buja Newton, secretary-treasurer, and Mrs. Bud Young, reporter.

Other members present for the meeting were Mesdames Henry Bedwell, C. B. Markham, Sammie Williams, L. W. Barrett, E. C. Roddy, Jack Baker and Butler.

Refreshments of ice cream, cake, punch and coffee were served. The next meeting is to be held in the home of Mrs. Jack Baker, on Sept. 15th.

HAPPY HOUR CLUB HAS FIRST MEETING OF NEW CLUB YEAR

The Summer activities of the Happy Hour Sewing Club included a picnic at the County Park which the husbands were invited to as honored guests, and a lawn party at the Ern Polvado home followed by games.

The first meeting of the year was on Thursday, September 1st at the home of Mrs. J. E. Knox where the new club year-plans were outlined.

Those attending the first meeting included Mesdames Baldwin, Baird, Cochran, Hawkins, Hill, Huggins, Key, Rogers, Roberts, Webb, and the hostess. The next meeting will be at the home of Mrs. L. A. Cochran.

POSSIBLE MERGER WITH GENERAL TELEPHONE CORP. IS BEING PASSED ON

SAN ANGELO - The Board of Directors of both General Telephone Corporation and the Theodore Gary and Co. recently approved a plan under which the Theodore Gary and Company would merge with General Telephone Corp.

Stockholder meetings of both of the companies were held September 29 to vote the action. General Telephone is now the largest system of Independent (non Bell) telephone companies in the nation with nearly 2 million telephones. Gary company has about half a million phones and a manufacturing subsidiary, Automatic Electric Co., originators of the dial telephone and the second largest telephone manufacturing company in the nation.

The merger would give General operation in 31 states where they now operate in only 21.

ENTERTAIN FACULTY WITH BARBECUE DINNER

Mr. and Mrs. H. A. Owens entertained the entire faculty and the members of the school board and their families with a chicken barbecue at their home last Friday night.

ATTEND REUNION

Mr. and Mrs. J. L. Middlebrook, Mr. and Mrs. Major Beasley and sons, and Mr. and Mrs. Dale Middlebrook attended a family reunion.

CHEHELOS ENJOY CAMPING TRIP TO COUNTY PARK

The Chehele Camp Fire group enjoyed an overnight camping trip last week at the County Park.

The girls with their leaders cooked their supper on an open fire, made their beds rolls and slept on the ground. Then they prepared a breakfast before breaking camp.

Those taking part in the camp-out were: Shirley Miller, Keitha Walton, Billie Crockett, Penny Gussendorf, Genda Cheshler, Linda Williams, Vivian Ledbetter, Marie Ruth Coon, Mrs. M. C. Ledbetter & Mrs. Lloyd Miller.

The girls had gathered at the Ledbetter home at 5:00 in the evening on August 30th, went to the park and fixed the dinner of hamburgers, corn on the cob, punch & smores.

They did the dishes, had a council fire and told stories about different counties. They were in bed by 10:30 and got up at 6:30 a.m., fixing the breakfast of juice, bacon, scrambled eggs, cocoa and toast & departed for home again at 8:30.

KDUB-TV BOOSTS TRANSMIT POWER

KDUB-TV, Channel 13, Lubbock, will go to maximum allowed power of 316,000 watts Sunday, Sept. 11, it was announced this week by W. H. Shippey, promotion manager of the station.

Already boasting the tallest tower in West Texas, the CBS station

was the first television station established in West Texas, west of Ft. Worth.

The station's daily program is a regular feature of the Tribune.

GUESTS FROM CALIFORNIA

Mr. and Mrs. Brad Holtz, of Fresno, California are the guests of Mr. and Mrs. R. T. Ray this week. Mrs. Holtz's Mrs. Ray's niece.

**BACK FROM REUNION**  
 The S. E. Davis returned to this city Tuesday after attending a 3-day family reunion at Craterville Park in Oklahoma. All of the children in the family were on hand for the 1st reunion since the death of their mother last year. The father died some time before. They had been gathering in Clay County, the old home, but switched to the scenic park in Oklahoma, more accessible to most of the family. 80 persons attended the reunion, from Friday through Monday.

**JUST ARRIVED**

- Westinghouse Appliances (small and large units)
- New Livingroom Suites
- New Bedroom Suites
- New Lamps
- New End Tables

The Morton Lion's Club resumed their meetings for the year, Wednesday with their weekly luncheon in the Methodist Church after a summer layoff of seven weeks.

### Why not Music in the church?

By Rev. C. F. WATSON  
**Assembly of God Church**  
When I was a Campbellite debater I liked to argue the point that we should never have any kind of music in our worship services. I told to Campbell's and Barton W. Stone's first slogan, "Where the scriptures speak, we speak; and where the scriptures are silent, we are silent." Now that is a mighty fine slogan, if I have accepted even all that the New Testament seemed to say. But I was a false teacher, like the rest of Alexander Campbell's teachers. First of all, I was mutilating God's Holy Bible by cutting out all the Old Testament and the Psalms. Then, I began mutilating the New Testament by first stating we must first remember that in speaking and to whom he is speaking. Then, when I got through everything we Campbellites really believed in this 20th century, it could easily be put in one chapter and that would not necessarily be the longest one in the book, either. Well, I was just as lopsided and warped on this music question as the other wolves in sheep's clothing. Now that my heart is converted and changed, music played in the Spirit, lifts me in worship, just as it has done from the days men of old first played unto the Lord. Ever since Jubal invented the harp and the organ, it has been such an inspiration. Heb. 13:8 reads that Jesus Christ, the same yesterday, today and forever. Thus, if it ever pleased the Lord for men to play music unto Him, it still does. Have you ever noticed how prominent a place is given to music in the Bible? Again and again we read of musicians playing instruments unto the Lord. The prophet in Saul's day played on the Psaltery, tabret, pipe and harp. David and his musicians played on all manner of instruments made of wood. So did Solomon. We also read of full orchestras. Can't you imagine how the spirit must have come down on David and other musicians from time to time as they played unto the Lord. Sometimes the Holy Spirit does it today. In Chronicles we read that there were as many as 4,000 who praised the Lord with instruments at once. The Bible speaks a great deal of choir. There was a large organ and choir in the house of the Lord in Old Testament times. An entire chapter of I Chronicles 25 is devoted to an account of how the singers

and musicians were organized. Sometimes the choir sang alone, and other times it was accompanied by a full orchestra. Why do you suppose God had the Israelites form choirs? Don't you think it was because He loved to hear the united, tuneful praise of His people arise to Him from hearts full of devotion and adoration? He delights in the same kind of music from choirs today, if they are singing for His glory alone. Music had such a prominent place in worship in the Temple and Synagogues all the days of the Law and our Lord was born and lived all the days of His mortal ministry under the Law. Don't you think if Jesus had meant to change the people in this form of worship He would have been outspoken against it? He surely would. Do you remember the story of Elisha and the minstrel? The prophet of God said, "Bring me a minstrel." When he came and prayed Elisha began to prophesy, "And it came to pass when the minstrel played, that the hand of the Lord came upon him. And he said, Thus saith the Lord . . . 'God can use music in as mighty a manner today as in Elisha's time, and prayer laden music from consecrated musicians can bring an outpouring of the spirit in our meeting today. The New Testament is not silent altogether concerning the subject. We are given some very interesting glimpses into heavenly scenes in Revelations 5:8. 'And when he had taken the book, the four beasts and four and twenty elders fell down before the lamb, having every one of them harps, and golden vessels full of odors, which are the prayers of saints. And they sang a new song saying, 'Thou art worthy.' " In Rev. 14:2, " . . . and I heard the voice of harpers, harping with their harps; and they sung as it were a new song before the throne. . . ." Rev. 15: 2, 3, 'And I saw as it were a sea of grass mingled with fire; and them that had gotten the victory over the beast, and over his image, and over his mark, and over the number of his name, stand on the sea of glass, having the song of Moses the servant of God, and the song of the lamb. " Friends don't you see the truth of the matter is that God has never changed? He loved music and song yesterday and He does today and He will throughout the eternal ages to come.

### Big Machines Star In GM Powerama Stage Show

CHICAGO—The world's first "technological circus" featuring huge earthmovers like this 37 ton scraper with beautiful girl jockeys, singers, dancers, aerialists, elephants and horses is presented four times daily at General Motors' fabulous Powerama, the big free show on Chicago's lakefront through Sept. 25. The "world's fair of power" has 253 exciting exhibits of power in action plus GM "dream cars," the "Kitchen of Tomorrow" and a fashion show. It will be open daily from 10 a.m. to 11 p.m. and Sundays noon to 11 p.m.

### Needed A Fresh Viewpoint LOCAL MAN NOMINATES PILOT AS TOP HUNTER

Looking for a man to help locate a needle in a haystack, or perhaps someone to help track down down rabbits on a ranch? Heulin Coon believes he's found a man who'll fill the bill, a man with the resourcefulness to look at the problem from a different point of view. One of the big tandem trucks in use by Coon and his associates to haul sand and other items, lost a brand new wheel, tire and tube on Tuesday morning of this week, as it rolled along toward Morton from Portales. Coon had an approximate idea where the wheel could be but he knew it would be an expensive task, and perhaps a futile one to have his men spend a couple of days in the fields over a stretch of about 20 miles of fields beside the highway looking for the wheel. Still, the thing was worth about \$150 and parting with that kind of money

in this area ain't very 'sweet' sorrow. What to do? He decided to appeal to the better side of human nature, and run an ad in the paper offering a reward for the return of the wheel. But that probably wouldn't speed things up any, since the wheel might be well off the road in some farmer's cotton patch, and wouldn't be discovered for some time. He decided he'd have to figure out a new approach, and what other view would there be to look from, than by air. He consulted Sark crop dusting and flying service and it didn't take long for the idea to pay off. Approximately 150 yards into one man's grain field, the wheel was quickly spotted from the air and almost as quickly recovered. Morale of this story — a new approach to any problem doesn't always work but don't let anyone kid you it doesn't pay to get up in

the air about these problems. Hmmm! Wonder if Sark throws in a free flying lesson while he's out on these spotting tours. **HOSPITALIZED AT LEVELLAND** R. D. Butts who farms northwest of Morton was reported in the Phillips Dupree hospital at Levelland earlier this week. **REPORTED SERIOUSLY ILL** Mrs. J. T. Phillips is reported in the hospital at Muleshoe seriously ill. **Ellie's CORN BEEF HASH** A super supper treat!

Tech Graduate Is One of Top Ranked Young Journalists

Lubbock - David Clark now a graduate student in journalism at State University of Iowa, and a 1955 Texas Tech journalism graduate, is one of four finalists in a contest to select the nation's top journalism student.

Clark enters the final round of a nationwide competition begun this spring by Foster Parents' Plan for War Children, Inc., an international charity. If victorious, Clark will be given a two month trip to Europe to report on the desperate conditions of war orphans on that continent.

He is the son of Mr. and Mrs. J. C. Clark of Lubbock and while at Tech was editor of the Torreador, student paper and also lettered four years in tennis.

### Joyce Ramsey W. D. Marshall Wed at Portales

Wedding vows were exchanged on August 27th, by Joyce Lavene Ramsey, daughter of Mr. and Mrs. S. A. Ramsey of Morton and Wayman Dare Marshall, son of Mr. & Mrs. T. D. Marshall, also of this city.

The vows were told at Lovington New Mexico in a quiet ceremony performed by Rev. M. J. Mahaffey.

The couple both graduates of Morton High School, will reside at 1806 16th Street in Lubbock. Both will be back in school at Texas Tech before the end of the present school. He will start back this term and will be a junior mechanical engineering major. She plans to return to Tech next February to resume her schooling.

GINGER ROGERS stars in Tight Spot, the feature today and tomorrow at the Rose Theatre.

a hurry to escape the fury of this blast are these stars who are appearing in the production, "Hell's Outpost" showing Saturday at the Rose Theatre. Joan Leslie and Rod Cameron play the romantic leads in the show.

#### FARM MEETING FOR COTTON DISCUSSION SET SEPTEMBER 19TH

In a letter sent out to all farmers this week, County Agent Homer Thompson has advised that a meeting has been called for 8:00 Monday evening, September 19, in the auditorium of the Activities Building, to discuss the cotton situation, the late ACP practices and to explain soil improvement practices.

Levon Ray, of the Texas Agricultural Experiment station at Lubbock will be here to discuss cotton production improvement work, and more especially varieties, tolerant and disease resistant varieties, irrigation methods, yields of varieties, defoliation, and lots of other things important in cotton growing.
