## Sudan Overwhelms Morton Eleven By 40-6 Count; Indians vs Whiteface

Morton did have one breath of don Gathright loose on a 40-yard touchdown run which caught the entire Sudan team asleep. But, when this came, Sudan already had a 26 to 0 lead, and the Indians were a thoroughly confused lot.

Morton bungled a glorious opportunity to make the first score of the game on about the second play of the game when guarterback B. Neagle threw his best pass of the evening in the left flats to end Phillips. But Phillips in the open, failed to hold the toss laid right in his arms. Morton went on to hold the rugged Hornets away from he goalline in the first quarter, despite the fact that it took two goalline stands to do it. At about that time they lost co-captain Monte Mc Ilroy on an injury. The chunky lineman was a key to Morton's de-

## Whiteface Jr. High Edges Plains, 13-9

WHITEFACE (Spl.) - Whiteface Junior High defeated the Junior High eleven from Plains he a 13-9 in a finely played game at the Whiteface gridiron.

The game, played last Thursday evening, was a thriller all the way. Plains scored first on a safety following a bad pass from center by the Whiteface team. They grounded the ball in their own end zone.

Whiteface came back to score on a sustained march capped by Jimmy Collins' 20-vard run according to Supt Noah Cunningham. Terry Tubb scored the extra point

on a quarterback sneak, Plains came back to score on short jump pass over center and added the PAT for a 9-6 lead. That set the stage for the winning rally as Collins again shook loose for the Antelopes on a 23-yard touch lown romp. The PAT failed.

## HISTORICALLY SPEAKING

We are taught to "rightly divide" the word of truth (1 Tim. 2:15). This solemn warning implies that there is a wrong as well as a right use of Scriptures. Our present study relates to the Old

It has been well said that "the Old Testament is the New Testament concealed: The New is the Old revealed." The Old Testament is the New contained; while the New Testament is the Old explained." These thoughts help us to appreciate the Divine relationship sustained by the two Testaments.

1. "SEARCH THE SCRIPT-URES" . . . they testify of Christ (John 5:39) Jesus made this statement in reference to the writings of the Old Testament. The divinity of Christ is attested by it.

2. WE SHOULD APPROPRI-ATE the lessons written aforetime

"for our learning" (Rom. 15:4). Christians should learn from the Old Testament the following lessons:

a. Not to harden our hearts (Heb. 3:7-13) b. "Let us therefore hear . . . (Heb. 4:1)c. Our "Sorer punishment" if we disregard

the Law of Christ (Heb. 10:24-29) d. The meaning and power of faith (Heb.

e. The grace of patience (James 5:10,11)

3. "WE OUGHT TO GIVE the more earnest heed to the things which we have heard" in the Old Testament (Heb. 2:1)

We thereby learn the lesson that "every transgression and disobedience received its just recompense of reward" (Heb. 2:2). We are reminded that the "way of the transgressor is hard." This leads us to humble submission.

The specialist lists at least five advantages for the two flock system. The problem of too many small eggs could be sharply reduced by having them come in at different times of the year thus relieving the market glut. Too, chick brooding facilities could be used more nearly on a year-round basis with a corresponding reduction in the cost of producing the hen. Eggs could be produced at more uniform rate throughout the year thus keeping production more

EDITOR . . .

Morton, Texas

On several occasions, you have stated that you were willing to put both sides of any pertenant question before the public

There is no question more important than the health and welfare of Cochran County Citizen's Machines-65c an Hour therefore, I should like to present a side of an issue that has been neglected up to now and I sincerely feel that the majority of the people of this county has never been allowed to think along this line. The more dramatic side has been pushed to the front at all times, and, I sometimes think that even those who have been so diligent in putting this side before us have honestly never given the other

aspect a thought. All I ask is that each intelligent family head in this county read these words carefully and with an

open mind There are approximately 7,000 people in this county. There are two physicians in this county at the present time. There is need for a third to really care for the people of this area. We have been told over and over, and over that the county has "lost" \$100,000 in he last four years because of the hospital. That makes \$25,000 per year. Divided among the approxmately 7,000 people of our county it means that each person has lost 30 cents per month for the security and priviledge of having our own hospital in this area, rather than 30 to 60 miles away. Please keep

these figures in mind. Now let's suppose that two phy sicians had had the hospital leased for the last four years. The \$100 000 would have been their loss Broken down into months it would mean that a little more than \$2000 per month would have had to come out of their own pockets to make up the hospital defecit. Their hasn't been that kind of money in their pockets through these dry

This, then, is the question I want to ask the people of Cochran County. Should two doctors, their wi ves and children sacrifice all this, op-South of Sig- so that the people of the county nal Light, Morton- can know that there is adequate medical care for their loved ones? Or should we each one, sacrifice or "lose" 30 cents per month for that security.

Do we say that the county "lost" so many thousands of dollars on county road maintenance? Do we say our grocery money is lost.? Do we say our Insurance premiums are lost? No, we do not. But there is little difference Th

ceived.

If the fact that we have a hospiaving one life, in the easing of the passing of one life, or even in em-
