## 101 Names On Hospital Petition

The Cochran County Hospital is still the center of lots of discussion this week as its appointed Board of Directors continued Saturday to attempt to find a permanent manager.

As the Dollar Day Special went to press late Friday night, the Board had called an important meeting for Saturday afternoon and could, by this time, have already appointed a manager.

As one of the Board members pointed out, Thursday, the selecting of a manager is not made any easier by the fact that there are petitions circulating asking for the Commissioner to call an election to determine whether or not the hospital should be leased out. It means that the situation carries an element of uncertainty, and many capable managers would not apply for the job because they would be of the opinion that their job would not be assured.

However, the petitions have not yet been presented to the Commissioners, and there is no indication that they will lead to an election, even when they are presented because as many have pointed

out, the county has already voted on the issue once before, and at that time, it was not leased out, and Commissioners said they did not find a capable doctor or group of doctors to lease it to.

As of Friday evening, at 6 p.m., the petition circulated in Morton, had some 91 signers, and one at the Community of Bledsoe was said to have 10 signers.

Just what was the status of the 101 signers was not known by the Tribune — that is, whether or not they were property owners, voters, or had poll tax receipts.

One of the men who was circulating the petition said it would be presented to the Commissioner's Court at their regular meeting, October 10th, which is the regular meeting date, the second Monday of the month.

Should the Commissioners desire to call an election, the petition should contain the names of at least 10 percent as many qualified voters as cast a vote in the last general election. The spokesman carrying the petition, said approximately 600 persons voted in the last general election held in Coch-

ran County. That the petition had brought the hospital into the status of a real issue, was certain. Fears were expressed that several things may result. Some feared that the two doctors presently serving Cochran Countians and people of the last Frontier area, would leave because of the unpleasantness and uncertainty surrounding the hospital. At the same time it was feared that this might lead to the closing down of the hospital.

Cochran Countians from all around sounded the hope that this would not happen. But the key to the problem, many felt, would come when a new manager was appointed.

Without an auditors report available, there still seemed to be some conflict in opinions as to how much money has been spent on the hospital the past four years.

## C. of C. President Lauds Staff Of County Fair

Joy Strippling, president of the Morton Chamber of Commerce, expressed his appreciation this week for the cooperation extended by area folks to make this — the 1st Cochran County Fair, "successful beyond expectations."

Especially did he express his appreciation to FFA and FHA students, 4-Hers, the Commissioner's Court, Elwood Harris, FFA instructor and general chairman of the Fair; John Bealmear, Morton Band director; Wayne Walthall, maintenance supervisor at the park; Roy Gentry Forrest Lumber Co. member of the Fair Committee Commercial group; Mrs. Murray Crone and all the ladies who aided her in the various women's clubs activities; civic and women's study and Home Demonstration clubs; area schools and their students; & all merchants who took part in the success of the Fair; and many others who also combined their efforts to make it a huge success.

Richard Key is chairman of the Board. M. C. Ledbetter, lawyer, will be in charge of arranging the program for Wednesday.

Chairman of the food committee is J. R. Kuykendall, first assistant is J. B. Kempton and Raymond Ross is the third member of the Committee.

All Methodist men are invited to attend and take part in the meeting according to the announcement from Rev. S. Frank Weir.

**ATTENDING OLDS SCHOOL**  
Henry McMahan, mechanic at Hawkins Oldsmobile Company, is attending a special GMC school at Oklahoma City, Okla., this week.

**VEHICLE IN OKLAHOMA**  
Mr. and Mrs. Orlan Cook and family visited with her folks in Mangum, Oklahoma over the past weekend.

and as its financial status — that is, how much money it has lost in its operation.

But through it all, one thing remained certain, through Friday, it was still in operation and Dr. N. A. Monk, a Cochran County doctor for many years, was acting manager. And, the doctor said Wednesday night the operation of the hospital was going along smoothly, while the Board continued to interview prospective managers.

## W.S.C.S. Holds Second Study On Amer. Indians

The Women's Society of Christian Service met Tuesday at the church to continue the study "Understanding the Indian American."

Mrs. M. C. Ledbetter sang an Indian Missionary song to the tune of "Indian Love Call" accompanied by Mrs. S. Frank Weir.

Mrs. E. L. Cox gave a brief history of Ft. Davis and told of the coming celebration, on October 8-9, of "Old Ft. Davis Days."

Mrs. Mark Kennedy gave a "History of the Red Man's Origin," & also told the story of Dr. Carlos Montezuma, of the Yavapai Indian tribe who was captured by Pima warriors at 6 years of age and sold to an Italian in Florence, Arizona for \$30. He graduated from Medical school and obtained work with the Indian Bureau practicing medicine on the Indian reservation in South Dakota. He published a paper entitled "Let My People Go," and was instrumental in getting more recognition of the rights of Indians, which was incorporated in the Indian Reorganization Act of 1934.

Mrs. Willard Henry, teacher, gave excerpts from "The Trial of Tears" a forced removal of Indians from Florida to Oklahoma, in the early 19th century.

Those attending the meeting included Mesdames F. E. Baldrige and A. S. Key, hostesses; who served refreshments to Mesdames J. D. Hawthorne, J. W. McDermott, M. C. Ledbetter, S. Frank Weir, Mark Kennedy, Marjorie Nebbut, Willard Henry, E. Greer, C. H. Silvers, L. F. Hargrove, Fugues Houston, E. L. Cox, John Cowder, E. R. Lytle and Miss Kova Key.

**HEADS SCOUT FUND DRIVE FOR MAPLE COMMUNITY**

Jimmy Darieck of Maple Community has been named to organize the Boy Scout fund campaign there, it was announced at Littlefield last week by Scout officials.

## TRIBUNE ERRS

The Tribune erred Wednesday in a story on the hospital issue when it stated that the hospital lost in the neighborhood of \$119,000 in the past four and one half years of operation.

The only figure the Tribune has been given is "more than \$100,000" which was used in a letter to the editor by a nurse who used to be employed at the hospital. Exact figures are expected to be released in the final auditors report, which should be available soon.

## New Salesman For Miller Motor

Jimmy Coats, Morton and Cochran County native, has been named new and used car, pickup, tractor and truck salesman at Miller Motor Company, local Dodge-Plymouth dealer.

Mrs. Coats is the former Miss Nell Brown, and both are graduates of Morton Schools. They have two children.

Coats served a number of years in the U. S. Army following his completion of school. He invites his friends, and anyone interested in a new or used car, truck or a pickup, to see him, "for a good trade."

## 1st Anniversary In New Building

Mr. and Mrs. O. D. Vernon, proprietors of the East Side Cafe in Morton are celebrating their first anniversary in their new building Thursday, October 6th, by serving of free coffee and doughnuts.

The Vernons are taking that method of thanking the many friends and patrons who enabled them to construct the new building by the patronage of the local cafe.

## FHA Offices Will Close Oct. 6-7

The Farmer's Home Administration Office at the County Activities building, will close Thursday and Friday, October 6 and 7, it was announced this week.

All personnel of the office will be attending a district meeting at Lubbock during the two days.

## High School Sets Homecoming On October 21st

The Morton High Homecoming game, with special activities dedicated to MHS exes will be with O'Donnell on October 21, it was announced by Bentley Monroe, president of the Ex-students Ass'n.

Plans are now underway to make this homecoming even more successful than last year's, which was one of the largest to date.

## District Governor Will Be Guest of Morton Lions Club

W. T. (Dub) Nelson, Lions District Governor of Childress will meet with the Morton Lions on Wednesday, October 5th, it was announced at this week's regular meeting by J. W. McDermott.

Nelson is governor of District 2-TL.

Special guests at Wednesday's meeting were boosters from Seminole who were advertising the Gaines County 50th Anniversary celebration to be staged in Seminole, Oct. 3-4-5-6. They handed out wooden nickels as souvenirs, good for a nickel purchase anywhere in Gaines County.

Local guest at the meeting was Mayor J. C. Reynolds, a guest of Van Greene, City Secretary.

## Pantomimist Will Appear Here As Jaycee Attraction

The Morton Jaycees have announced they will bring Larry Kelly pantomime artist to Morton for a pantomime show.

The young Amarillo performer, will appear here Tuesday, October 18, in the County auditorium.

The Jaycees have earmarked 10 percent of their profits to go to the Cemetery Association.

Kelly appeared in Morton last year under the auspices of the Lions Club and was acclaimed a success.

## NO CHARGES YET IN SLUGGING OF SCHOOL OFFICIAL

Among the items to be investigated by the October term of the Grand Jury next week will be the assault on local school Superintendent H. A. Owens, by an irate parent.

Owens had not filed charges this week against the man who hit him several times with a piece of flexible pipe, before Owens was able to take the weapon from him and advise him to go home.

The Superintendent suffered a back eye, a chipped tooth and numerous body bruises.

Sheriff Hazel Hancock said it would probably be left up to the Grand Jury to investigate the incident and make any charges the would be made.

## MORTON JUNIOR HIGH IN VICTORY OVER WHITEFACE

The Morton Junior High football team handed Whiteface Junior High their first defeat in two seasons, last Tuesday as they punched across a lone touchdown on a reverse, and made it stand up for a 6-0 victory.

It was the second victory of the season for Coach Jim Middleton's charges, to go with one defeat.

A return game is scheduled with Whiteface later in the season.

## WHITEFACE WINS OVER MORTON BY 26-12 COUNT

The Whiteface Antelopes rang up four first half touchdowns and then withstood a late Morton rally to hammer out a 26-12 non conference victory over Morton before a Whiteface homecoming crowd Friday night.

Morton tallied in the third and in the fourth quarters and had another touchdown called back. But the Antelope lead was too much to overcome.

The victory left Whiteface undefeated in three games and the loss was Morton's fourth in a row.

## WINNERS OF FAIR GIFTS BY THREE LOCAL FIRMS

Among the winners of items at the Cochran County Fair last week were three persons missed by the Tribune in its story.

Winner of a Westinghouse Vacuum cleaner awarded by Tarver's Furniture, was Mrs. E. V. Thompson.

Winner of 100 lbs of Chick Feed offered by Baker Feed and Seed, was Mrs. E. J. Doran.

Winner of a set of luggage given by Ed Howell Motor Company was

## Posse After Win In Aspencade Ride At Ruidoso, Oct. 9

Cochran County's Sheriff Posse, fresh from a victorious ride at Portales last week, their only first place crown of the year, will be one of several riding units after one of the top trophies in the business next week as they ride in the Aspencade celebration at Ruidoso.

The Cochran riders will be out to keep Hockley from winning the event three years in a row, and getting to keep the trophy. Permanent possession goes with winning three successive years.

The competition is only a part of the program which also includes a Sunday morning ride to the summit of "Old Baldy" where they are to attend open air church services.

## With Your... COUNTY AGENT

### TESTING BULLS IN BEEF PRODUCTION PROGRAM

Testing of bulls is being introduced in the beef production program. The method of performance testing young bulls is shown in Bulletin number B-309, on page 8, and available at the County Agents office or Extension Service, Information office, College Station.

When the Pan Tech farms near Amarillo reported in 1954 a difference of 38 lbs in the weight of weaning calves sired by high and low gaining bulls, many thought difference too much and staved with the theory that weaning weights were 90 per cent milk production. At Ft. Reno, Okla., Experiment Station work found that calves sired by one bull weaned nearly 35 lbs. heavier than calves sired by another bull.

The state Experiment Station is doing this testing work for a limited number of ranchers for 120 to 140 day feeding periods where ranchers furnished the feed bill & transportation. This does give the rancher a chance to increase his income with increases in weaning weights as well as price per lb. the calves sell for. This work could be done at home if you are interested.

**FARMERS' FIELD TOUR INTERESTS 45 PERSONS**  
On Monday, September 12, 1955,

## Lorenzo McCall Is Buried Tuesday

Funeral services were held Tuesday afternoon at 2:30 p.m. for Mr. Lorenzo G. McCall, long time resident of Enochs who died Sunday at the Cochran County Hospital after several weeks illness in that hospital.

Rites were held in the First Baptist Church with Rev. J. E. Moore of Mulleshoe officiating.

Burial was under the direction of the Singleton Funeral Home of Morton.

McCall, a native of Milam, Texas had been a resident of Enochs since February of 1926 when he moved his family here.

Survivors by a marriage to Loma Anderson, in 1905, include 3 sons: E. N. and R. P. of Enochs and G. H. of Harlington, and also he is survived by a son John I. of Detroit, Michigan and a daughter, Lula Belle Cole of Cleveland, Tex.

Four sisters, twelve grand-children and two great-grandchildren also survive.

Pall bearers and honorary pallbearers included F. C. Saitter, J. W. Layton, C. W. Vanlandingham, L. J. Jones, J. M. Angel, Dutch Cash, Zed Robinson, J. C. Pearson.

## Meeting Set For Farmers Seeking Hybrid Grain Seed

All farmers who are interested in growing hybrid grain sorghums for seed next year, are advised to attend a meeting at the Experiment Station 8 located two miles E. of Lubbock, next Tuesday morning.

The announcement came from Homer Thompson, County Agent, who said the program beginning at 9 a.m. includes a tour of the sorghum breeding plots in order that growers may see hybrids they are producing, and will also include a discussion on releasing of seed stocks.

## WINS JOES GROCERY AWARD

Winner of the grand prize at Joe's Grocery final drawing last week, was Fred Morrison.

GOING DOWN

Parting company with his contrary mount this convict cowboy finds the ground a welcome refuge after the spring-riding on the Brahma Bull. It's Outlaw vs. Outlaw in this titanic spectacle of the 24th Annual Prison Rodeo being held in Prison Stadium every Sunday in October. Vicious outlaw animals matched with the caged outlaws of the prison make this rodeo the most dramatic ever seen.

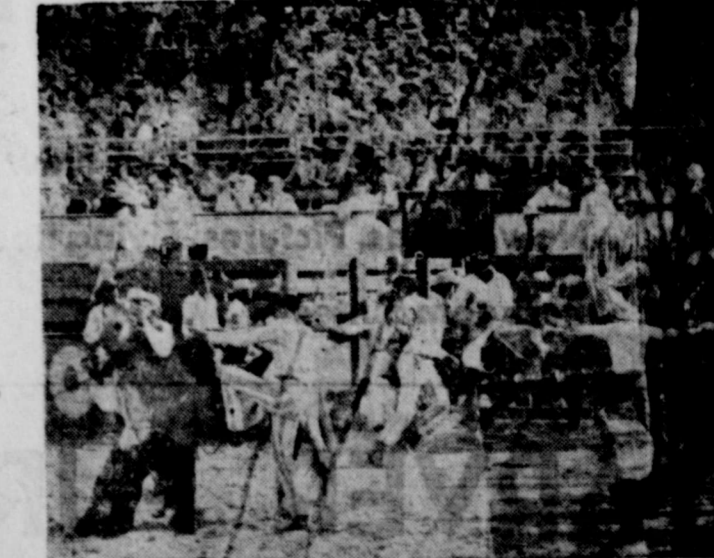

USING HIS SPURS

This convict cowboy rakes his outlaw mount fore and aft picking up points toward the cash prizes offered the riders at the 24th Annual Prison Rodeo. It's Outlaw vs. Outlaw in this spectacular rodeo known as The Wildest Show on Earth. This year's show runs for five action-packed Sundays in October at Prison Stadium in Huntsville, Texas and promises to be wilder and woolier than ever.

PRISON RODEO FEATURE

Two trios of Arabian-blooded horses take the hurdle at nerve-tinting speed as they perform a dramatic cross fire jump in preparation for the 24th Annual Prison Rodeo being held at Prison Stadium in Huntsville, Texas every Sunday in October. The all girl group will thrill audiences with the breath-taking skill and daring with which they Roman Ride, Jump and Drive their horses. They have appeared at most of the major rodeos from Los Angeles Coliseum on the West Coast to Madison Square Garden and the Boston Gardens on the East Coast.

THREE MEN TO A HORSE

Wild Horse Racing, according to rodeo rules, gives the horse the short end of numerical odds, but it takes plenty of team work for three cowboys to saddle and one to ride the ornery mustangs used by the Texas penitentiary in staging its annual Prison Rodeo. The Wild Horse Race will be one of the most action-packed events at each performance of the 24th Annual Prison Rodeo, each Sunday afternoon in October at Huntsville this year.

**COUNTY AGENT**  
(continued from page one)  
ing as a hybrid the following year, should contact your County Agent, Homer E. Thompson. Hybrid grain sorghum seed will be scarce for a few more years and you may get a year ahead of time. The Agent will be glad to explain the requirements when you contact him. Hybrids produce 20 to 50 per cent more yield than regular grain sorghums under the same conditions. Everyone will plant hybrids in a few years, once they see what they will do compared with the regular grain sorghum varieties, the Agent said.  
At other places visited, we saw grain sorghum growing with area

of Chinese Red peas interplanted in same rows. This may lead to land improvement more especially if legume seeds, as peas are introduced. A field of Indian grass grown by Max Bowers was observed. The estimated yield 400 lbs per acre, or better worth about 70 cents per lb, retails for \$1.25 now. That could make over \$300 per acre as cash. Not bad is it?  
At Ruel Keily's farm we saw cotton growing following several years of alfalfa. It looked like two bales per acre. Could, make three, or one bale, weather conditions will decide the fate. Frost or freeze will be the deciding factor on total yield this cotton makes. Also saw grain sorghum growing in 20' drill. Had good ground coverage.

(continued from page two)

and looks good. Will hold the wind erosion to a minimum. Monday evening, Sept. 19th, 50 farmers gathered in the auditorium of the Office and Activities building in Morton at a county-wide called meeting for a discussion on cotton breeding, varieties, yields & diseases of cotton.

Mr. Lavon Ray and H. J. Walker of the Texas Agricultural Experiment Station were over to give the data on the factors mentioned above dealing with cotton. Mr. Ray's talk was most interesting & educational as many questions were asked on history of the cross breeds of cotton, yields, shedding, uses of planting and diseases.

Angular leaf spot is severe in Cochran County cotton this year as well as in 1951. Much cotton has shed its small bolls due to this disease this year. Nothing can be

done about it when it shows up. It is too late to plant a tolerant variety after it appears. We can treat our cottonseed before planting and it will help. It is not a cure. We can rotate crops which will help, but, is not a cure. We can plant tolerant or resistant varieties which will help a great deal, advises Mr. Ray. There are working on a new variety, Blightmaster, which he says is not so susceptible to the disease.

This can eliminate undue shedding of bolls and leaves and we will likely come to this — as the disease gets worse. Some years it is worse than others and the disease is in the land. Mr. Ray mentioned several varieties partially tolerant to the disease and other varieties which are highly susceptible. This year these other diseases found on cotton here, were: club root, verticillium, wilt and nematode. There is no fusarium wilt found to date in this area, thank goodness. We have too many already said the county agent.
