Serving 'Texas' Last Frontier'

MORTON, TEXAS, THURSDAY, OCTOBER 31, 1957

NUMBER THIRTY - FIVE

Wage Notation Received Here From T. E. C.

A telegram received last week from R. C. Bunting, Office Manager of the Texas Employment Commission, Lubbock, wage findings, of October 15 were reported.

Quite the telegram:

"Wage findings effective October 15 cotton harvest Cochran County: First pulling irrigated and dryland \$1.50 per hundredweight. Rate less than \$1.35, for pulling is not applicable to Mexican contract workers. Ed McDonald, Regional Director, Bureau of Employment Security."

Junior Class Carnival Tonight At County Barn

The Junior Class of Morton High School is planning its second annual Halloween Carnival, tonight, at the County Barn.

Booths and concessions are sponsored by the various classes and organizations. In addition each of the classes has put up a candidate for "Queen."

The Carnival is open to the public—admission free—only the games on the inside court. It will get underway about 8 p.m.

Class officers, Carol Leavitt, class officers, have been in charge of arrangements for the carnival.

Friday Deadline For Placing Dates On Band Calendar

Friday, Nov. 1, is the deadline for placing listings on the Morton Community calendar which is sponsored by the Band Boosters, Birthdays, club dates, anniversaries and other important dates may be listed.

If you wish a listing please call Mrs. Al Mullinax at 3971, Morton. Each listing is 25c. Calendars may be ordered for 50c.

Invited to Attend Armistice Breckfast

All veterans, their wives, families, and friends are invited to the Veteran's Day breakfast to be held at the Veteran's Hall here Monday, Nov. 11, from 6 a. m. to 8:30 a. m. It has been announced by H. T. Golden, post commander.

Members of the post promise everyone "all they can eat" for one dollar.

BACK AT THE OFFICE

J. B. Knox, of Western Abstract, was in his office Wednesday for the first time since his recent trip to the hospital.

Garden Club Changes Date of Annual Book Review — Tea, to November 7

The Cochran County Garden Club announced this week they have changed the date of their annual book review for all Federated club women — to next Thursday night. Originally set for Monday, Nov. 4.

Wild Animal Exhibit Coming

The Congoland Exhibit, a zoo on wheels, will move into Morton for a three day stand early next week, sponsored by the Morton Jaycees.

Featuring a large number of venomous and non-venomous snakes, bobcats, ocelots, a porcupine, alligators, a Gila monster, a monkey, a parrot and many other items, the show, in a trailer, will be open to adults for 25 cents and to children under 12 for 15 cents.

Scott Lamb, owner of the exhibit, has called the show highly educational for youngsters. Scott and wife operate the show which will be located on the square three days of next week.

Other things to be on exhibit include an authentic Egyptian mummy, said to be thousands of years old, a shrunken human head, and many stuffed animals. The Lambs have a collection said to be valued at \$25,000.

They have a permanent zoo in Denver, Colo.

AMENDMENT VOTE TUESDAY

Texas go to the polls again next Tuesday to vote on three amendments to the Constitution, offered by the last session of Legislature: one establishing a change in the retirement, disability and death compensation for officers and employees of the state; one raising the limit on maximum monthly payments to needy aged persons, and to needy blind and needy children; and the other authorizing issuance and sale of \$200,000,000 in bonds by the state to create a Texas Water Development Fund.

The election has attracted little interest throughout the state but the third mentioned proposition has drawn strong backing. Voting is expected to be extremely light — and in that type of an election the result is usually a large margin in favor of the amendments.

Voting will be held in each precinct, Tuesday, from 8 a. m. until 7 p. m.

In Morton, Pet. One, will vote at the County Activities Building, W. E. Angley is election judge and clerks are J. B. Knox, Truman Smith and Hume Russell.

At Whiteface, Pet. Two, voting is at the School Building, T. A. Keith is election judge and clerks are L. W. Bills, J. T. Lawrence and John Russell.

In Pet. Three, Bledsoe, voting is in the school with Fred Young as judge aided by Buford Webb, Mel-

vin Chandler and Alvie Harris.

Pet. 4, Neely Ward, will vote at the former school building under the guidance of B. R. Stovall. He will have as clerks, U. F. Wells, Roy D. Greer and T. M. Tanner.

Election box 5, part of Precinct 2, at Lehman will be presided over by J. W. Pond assisted by F. L. Fred.

At White's Gin, Election Box 6, part of Pet. three, Mrs. Garland Brown will be judge. She will be assisted by Mrs. Hugh Smith.

The judges are annually appointed by Commissioner's Court and a special order was entered to put Mrs. Brown as judge of Election Box 6. She replaces Willie Mae Houston who moved to Morton.

Ed McClellan is judge of the Special canvassing board and will be assisted by L. B. Childs and J. A. Mullinax.

The amendments, if passed would do the following:

Amendment One: Establish the retirement, disability and death compensation fund for officers and employees of the state which includes workers for the various state boards, and departments. The state will match the amount of money paid by the employee and not exceeding five per cent of his salary.

Amendment Two: Will permit a raise in the amount of monthly payments to needy aged

FIRST KILLING FREEZE LAST SATURDAY; LIGHT FROST RECEIVED THURSDAY, OCTOBER 24TH

Morton and area got its first freeze early Thursday morning as the mercury dipped to around the freezing mark but did not do any appreciable cotton damage. But the good fortune was short lived. Two days later, sometime early Saturday morning, what has been termed by the Soil Conservation Office — our weather station — as a killing freeze, enveloped most of Texas' Last Frontier.

Just how much loss this freeze meant to area farmers probably never will be figured very closely, but agricultural agents may have an estimate soon.

But, though the clear, cold weather killed a lot of still blooming cotton, at least it shook the area, out of what had been a damaging wet spell and crews got back into the fields to pick cotton. The result was a rapid increase in ginning activity and the TEC's week old report of 2,400 estimated bales ginned in Cochran County was quickly outdated.

Rainbow For Girls Assembly Will Be Instituted, Installed Here, Monday

The Morton Assembly for the Order of the Rainbow for Girls, sponsored by the Order of the Eastern Star 841, will be instituted and installed Monday in official rites at the Banquet Room of the County Activity Building.

Twenty officers selected by the Advisory Board will take office & 32 girls will be charter members of the organization.

The institution of the Assembly will take place at 7 p. m. The rites will be closed except for Masons and Eastern Star members.

The installation of officers, which takes place at 8 p. m. is open to the general public.

Mrs. Martha Marie Whitfield of Dallas, Supreme Inspector of Texas in the Rainbow organization will be the Institution and Installing officer and will be assisted by the Friona Assembly.

The initial rites of a new group are somewhat unusual in that the officers have been appointed by the Advisory Board and will not know until the time of the ceremony the position they will hold. On succeeding years they will be elected by a vote of the Assembly members.

Masons and Eastern Stars are urged to attend both ceremonies & the public is cordially invited to attend the installation at 8 o'clock. Banquet Room, County Activity Building.

Methodist Ladies Meet Tomorrow At Tchoka

The Brownfield district of the Women's Society of Christian Service of the Methodist church will hold its fall meeting at the First Methodist Church in Tchoka on Friday, Nov. 1. This was announced last week by Mrs. John Crowder, Morton, district secretary of the Women's Society of Christian Service.

Registration begins at 9:30 a. m. Lunch will be served in the church dining room and a nursery will be available.

Mrs. W. B. Landrum of Little Rock, Ark., will be the guest speaker. She has been a member of the Women's Division, Board of Missions and Church Extension service.

As a field worker she has spoken in every state in the United States has taught in jurisdiction and conference schools of missions, and has pioneered in helping establish schools of missions in Alaska and Hawaii.

A number of members of the Morton Methodist ladies group are expected to attend.

C. B. Caplinger Severely Burned

C. B. Caplinger, who farms four miles north of the Star Route Grocery Store, was the victim of a painful accident last week that temporarily crippled him and may cause him to lose some of his toes.

Caplinger was poisoning Johnson grass on his place and had quit and was getting ready to go home. He decided to burn off a few tumble weeds before he quit and as he lit the weeds, he caught a shoe, soaked with the poison, aflame.

The resultant burns, in some places all the way to the bone, may be so bad that some toes will have to be removed, Mrs. Caplinger said this week.

The accident occurred at about 5 p. m.

needy blind and needy children. At present the maximum is \$20 and this would elevate the maximum to \$25, impose certain restrictions, when more than \$20 is paid, and would mean \$5 million more funds would be needed annually.

Amendment Three: Would create the Texas Water Development Fund, by issuance & sale of \$200,000,000 — that's two hundred million dollars worth of bonds to provide financial assistance in conservation and development of water resources. The mon-

ey would probably most go to build dams, and to help relieve possible flood areas. The money, in a fund, would be loaned only, at interest rates, and must be repaid the amendment would state.

Hospital News

Mrs. W. M. Satterfield, discharged. Maria Silhon, discharged. William Carl Ray, discharged. Grady McHam, transferred. Reyes Gonzales, remains in good condition. L. F. Simon, remains in fair condition.

ACCIDENT — Gary Kessler, discharged. Mrs. B. F. Coleman, remains in good condition.

SURGERY — Antonio Mojca, remains in good condition.

BIRTHS — Amelia Seriato, baby girl, remains in good condition. Mrs. G. A. Hefflin, remains in good condition.

REMAINS — Infant Leveitt boy, remains in hospital condition as well as can be expected.

Rev. Harrell Now Back to Duty

Rev. James E. Harrell, pastor of the First Methodist church here, has returned to full-time duties as pastor.

Rev. Harrell, who had a number of major operations during the spring and summer, has been assisted in his duties by Rev. George Turrentine, former pastor at Denver City.

Mon., Once Again, Is Dollar Day

Monday is Dollar Day again in Morton and merchants wishing to use the Dollar Day Special as an advertising media, are reminded to get their ad copy in to the Tribune office sometime today.

And, area residents are reminded to look for their copy of the Dollar Day Special in their mailbox on Saturday or Sunday.

'Trick or Treating' For CROP Is Planned Tonight

"Trick or Treating" tonight will carry a special purpose in Morton tonight — at least among the young people of the Methodist church who are out on the well known Halloween past time.

The Young People of the Methodist Church will go out for "trick or treating" for CROP — the Christian Rural Overseas Relief Program, tonight.

The money you give to CROP will go for the relief of suffering & hungry people of the world, it has been announced.

The Government gives 20 to 1 for each dollar sent to the relief of these unfortunate people. You are urged to give willingly and gladly to this worthy cause.

The young people who knock at your door for the CROP cause will be identifiable by arm markers.

W. W. Smith is county chairman of the CROP program.

COCHRAN COUNTY FARM BUREAU Advocate Sales Tax; Postal Rate Boost; 18 Others

The Cochran County Farm Bureau, in the recent meeting of its resolutions committee, has come up with 20 resolutions to be submitted at the coming State Farm Bureau meeting.

1. FARM TO MARKET ROADS — Be it resolved that the Texas Highway Department be instructed to stop issuing special excess weight permits for hauling on the Farm-To-Market roads of Texas.

We oppose any attempts to reduce the present Farm-To-Market road funds.

2. TAX INCREASE OPPOSED — We oppose any increase of additional ad valorem taxes, and recommend that the Farm Bureau continue in its efforts to secure a depletion allowance for income tax purposes on the natural resource of irrigation water.

3. EXEMPT LICENSED VEHICLES FROM PROPERTY TAX — We go on record favoring the exemption of cars, trucks, and other licensed vehicles from personal property taxes for state and county revenue, and recommend that the licensing fee on such exempted vehicles be increased to offset any tax revenue losses caused by such exemptions.

We doubt that more than 50 per cent of the licensed vehicles in Texas pay a personal property tax.

4. OPPOSE MINIMUM FARM

3 Suspended Sentences Handed Out; Murder Case Put Off Jury Back for Possible Civil Case This Morning at 10:00

Civil Case No. 1155, the Morton Independent School District vs Fred Stockdale and wife, Alice may be heard this morning. It was revealed yesterday when the Pettit Jury was dismissed until 10 a. m. today by 72nd District Court Judge Victor H. Lindsey.

The jury, after two appearances, Monday and Wednesday, was not needed in four cases that were removed from the docket — one by trial, Monday, one by trial Wednesday, and two by guilty pleadings.

It was not known Wednesday if the attorneys for either side were ready to present their cases — but Judge Lindsey simply told the petit jurors, perhaps a civil case will be heard. District Attorney George Gilkerson, said Wednesday they were through with the criminal cases for this term.

The first case set on the docket, Priscilla Young, charged with murder with malice, was put off.

Kenneth L. Dugger, entered a plea of guilty and was given a two year probation sentence by Judge Lindsey.

The case of J. W. Arnett, DWI, 2nd offense, was put off Monday & on Wednesday again was put off.

Coffee, Doughnuts, And the '58 Chevy Await You Today

A two-door Bel Air sport coupe arrived at Allsup Chevrolet yesterday in time for today's big unveiling of the new 1958 Chevrolet.

The new car is on display this morning and Allsup welcomes viewers with its usual open house. Coffee and doughnuts are on the house and door prizes will be awarded.

And, if they get a "break" another new Chevy may have arrived late last night.

Mortonites are welcomed to read inside this issue of the Tribune all about the beautiful new Chevrolet, to view pictures of it in the news columns and ads, and then to see it in person — today, at Allsup's showroom in Morton.

Morton Meets Springlake, Friday In Third District 3-A Grid Battle,

The Morton Indians meet a team they know practically nothing about Friday — except that in games thus far this season the Springlake Wolves have appeared to be weak.

Coach Vernard Alexander's crew, in their next to the last home game of the season, and their third conference outing, will be after their 7th win of the season. Success will give them as many victories this season as they hung up in the entire years of 1953, 1954, 1955, and 1956.

Morton will undoubtedly enter the game as odds-on favorites because of previous records. Sudan, the team Morton whipped easily on their field last Friday, won a big victory over Springlake earlier. On that occasion Morton was scouting the game but it was so one-sided, our scouts wound up getting only statistics on Sudan. They did mention the Wolverines were big but green — and they no doubt have improved with experience.

Morton's two biggest worries, as they go into the game, were health and underestimating the Springlake eleven. On this last count there's not much you can do, except to see that the boys work hard.

The health problem could get serious — but only time will tell just how serious. More than \$100 worth

Morton Has Early 'Maid of Cotton' Contest Entrant; Miss Martha Wright

Morton and Cochran County had its first entrant in the South Plains "Maid of Cotton" contest this week with the announcement by the L'A'I Negro Study Club of Morton that they were sponsoring the entrance of Miss Martha Wright, 21 year old Morton Junior High School teacher.

Miss Wright, who teaches Junior High School English, is in her second year of teaching at Morton. She came here from East Texas State college where she received her BS degree in Business Education in 1956.

Originally a native of Quitman in Wood County, Miss Wright graduated from High School at Quitman and then attended Tyler Junior College and North Texas State, before attending East Texas State.

Her father, who is deceased, was employed by Shell Oil Corp. at Quitman and Miss Wright lived there all her life, before going away to college. She has a brother, Denman Wright, now out of school, living at Dallas. One sister is a sophomore at Quitman High School. Her mother is Mrs. Era M. Wright of Quitman.

This is the 8th consecutive year a South Plains Maid of Cotton contest was announced this week by George Brassell, Jr., Chairman of the Contest.

She is Miss Ann Porterfield, 19, who was selected by the Post Chamber of Commerce as the Garza County entry in the South Plains Maid of Cotton Contest.

Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Ave., or at the local Chamber of Commerce in any South Plains county or through the Plains Cotton Growers.

To Preach at First Christian

Danny Manning, a Texas Tech student who is studying for the ministry, will conduct the services Sunday morning at the Morton First Christian Church, in the Veteran's Hall.

Sunday school begins at 10 a. m. and preaching will be at 11 a. m.

MONDAY IS DOLLAR DAY

The overall contest is sponsored by the American Cotton Industry in conjunction with the National Cotton Council.

Among the qualifications required of an applicant are she must be between the ages of 19 and 25, at least 5 feet 6 inches tall, never have been married, not wear glasses, and have been born in a cotton producing state.

The area contest will be held at Lubbock, November 18 - 19.

The first entry in the 1957 - 58 South Plains Maid of Cotton Contest was announced this week by George Brassell, Jr., Chairman of the Contest.

Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Ave., or at the local Chamber of Commerce in any South Plains county or through the Plains Cotton Growers.

WAGE. We recommend that the State and National Farm Bureau Federalism be opposed to the application of the minimum wage and hour laws for farm labor.

5. STANDARDIZED WEIGHTS FOR GRAIN. We recommend that all grain be standardized on one hundred pound units instead of bushels and hundred pounds as it is at present.

6. SALE OF FARM PRODUCTS BY PENAL SYSTEM OF TEXAS. We recommend that the penal system of Texas be prohibited from raising any agricultural commodities for sale to the general public. We

(Continued on Page Two)

Sweeping styling changes are apparent in the 1958 Ford car line. The Fairlane 500 Town Victoria (right) and Fairlane Club Victoria (left) share with all new Fords such dramatic styling changes as new safety dual headlights, corrosion-proof anodized aluminum grille, power flow hood, slip stream roof, sculptured fendered V-trunk lid and twin safety taillights. Engineering and design advances include new engines, new Cruise-O-Matic transmission and optional Ford-Aire suspension. The new Ford car line will be on display at Ford dealerships on November 7.

NOVEMBER 7TH IS "U" DAY — DAY OF UNVEILING OF NEW FORD FOR 1958 — AT DEALER SHOWROOMS

The 1958 Ford car line featuring new optional air suspension, will go on display at Ford dealerships Nov. 7. J. O. Wright, Ford Motor Company vice-president and Ford Division general manager, announced today.

COUNTY FARM BUREAU DRAWS UP ITS LIST OF RESOLUTIONS

- 1. NEW CUTTON PROGRAM. We recommend that our farm cut program be based on a two price system as recommended by the Plains Cotton Growers, which includes a price support of not less than 90 per cent for domestically produced cotton and a reasonable support on that produced in excess of domestic consumption based on world price, and said excess to be sold in the world markets, and be eligible for a CCC loan at the reasonable support determined in order to provide a uniform marketing program.
- 2. INCOME TAX EXEMPTION. We recommend that the personal income tax exemption be increased from \$500 to \$1200 for each dependent.
- 3. LOAN RATE FOR LIGHT SPOT COTTON. We recommend that a loan rate be established for light spot cotton and if this cannot be secured that a loan basis for spot cotton be determined by averaging the light spot and spot classifications.
- 4. STATE A.S.C. COMMITTEE MEMBERSHIP. We insist that a member of the State A.S.C. Committee be appointed from the Extension Service District 2, in Texas. This area produces approximately one and one-half million bales of cotton annually, and we believe that we should have a member on this committee.
- 5. PERMANENT SCHOOL FUND. We recommend that legislation of a constitutional Amendment be passed which prohibits the use of any part of the principal of the permanent school fund of Texas or of it being transferred to any other fund.
- 6. INSURANCE COMPANIES RESERVES. We recommend that insurance laws governing hospitalization insurance be made more strict with reference to the required reserves, and that such companies be required to honor all legitimate claims within 90 days from the date the claim is submitted.
- 7. REA ASSOCIATION. We insist that the Texas Farm Bureau exert every proper effort toward repeal of the Saul-Hazelwood Amendment, and toward passage of legislation that would allow electrical cooperatives equal rights with utility companies where other power suppliers in areas that the cooperatives initially served and subject to all rights and powers of cities to regulate and grant franchises when such areas become classified as non-rural.
- 8. REA INTEREST RATE. We strongly oppose any increase in the interest rate charged on loans the Government makes to the REA.
- 9. STATE SALES TAX. We recommend that we have a State sales tax to secure additional funds for enlarging or improving the school systems of Texas, including the State colleges, which do not share the income from the State lands. We believe that the sales tax will furnish us the most fair and equitable tax for additional revenue which is going to be needed.
- 10. THE N.F.B.F. WORK MORE CLOSELY WITH COMMODITY GROUPS. We believe that the N.F.B.F. should work more closely with the various commodity groups in securing national legislation for Agriculture. It is the only major farm organization which is not working with these groups, and we believe it would be to its advantage as well as to the advantage of the farmers for them to cooperate more closely with all other farm organizations as well as the commodity groups.
- 11. C.C.C. LOANS CONTINUED. We recommend that the CCC loan programs for agricultural commodities be continued.
- 12. POSTAL SUBSIDY. We recommend that the postal rate

be used by labor and industry that is being so highly recommended for the farmer.

20. APPROPRIATIONS FOR STATE WATER BOARD. We recommend that a generous portion of the funds appropriated to the State Water Board and for flood control and water conservation in Texas be allocated for use of underground water programs recommended by the State Water Board.

21. REVISED PARITY. We recommend that parity on agricultural products should be based on an allowance for increase in cost of production and the cost of living. This formula is being used by labor to secure higher wages, and industry in turn is using it to increase their cost or prices to the consumer. The farmer has not been allowed, or given, any protection in his prices in accordance with these practices, but he is being asked by the Secretary of Agriculture or the National Administration to lower his parity support privileges & increase his efficiency.

We insist that the same formula

With Your... COUNTY AGENT

By HOMER THOMPSON
4-H ACHIEVEMENT DAY WILL BE HELD NOV. 2ND

Texas' 117,257 4-H Club members will join with the more than 2,000,000 members in the nation to observe National 4-H Achievement Day on November 2. The Texans belong to 4,222 local Clubs and 10,993 volunteer adult leaders assist them with their demonstration activities. Too, more than 3,200 4-H members are serving their clubs as junior leaders.

During the past 50 years, about 18 million young people in the nation have been 4-H members. Former members among the nation's outstanding leaders in every field of business, industry, the professions, agriculture and homemaking. The 4-H organization, directed by the Agricultural Extension services of the states and territories, in cooperation with the U. S. Department of Agriculture, is now worldwide in its influence. Since World War II 4-H or similar organizations have been established in many foreign lands. The International Farm Youth Exchange commenced in 1948 has played a major role in this spread.

In Texas, thousands of 4-H boys and girls have been exhibiting the products from their demonstrations at fairs and stock shows. The list of delegates from Texas to the National 4-H Club Congress which meets in Chicago from December 1-5 has been released and these state winners will be telling others how it feels to be a delegate to this great national meeting.

A local achievement program is to be held in the future for the home folks to have an opportunity to see for themselves what their boys and girls are doing in 4-H club work.

Airman Robert Taylor Is Transferred To Mississippi

Airman Robert Taylor, son of Mr. and Mrs. Willie Taylor of Route One Morton, has completed basic training at Lackland AFB and has been assigned to Keesler Air Base at Biloxi, Mississippi.

Airman Taylor, who entered the service on Sept. 4th, hopes to be home on leave around Christmas time.

A graduate of Morton High School in the spring of 1956, Airman Taylor completed one year of College at North Texas State studying electronics. He has been assigned to a radar training school at Keesler.

erates some of the most extensive changes ever made in the car," Mr. Wright said.

Historically, auto companies have made basic changes in their cars every three years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just one year after its completely new 1957 model," he said.

Demonstrating this change are twenty-one models on two separate wheelbases; the Fairlane & Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

The new distinctive styling is emphasized in a front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with seven front-to-rear flutes or grooves and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Ford introduces the newest and most modern V-8 overhead valve engines in its 1958 line—the 332 and 352 cubic inch displacement engines. The result of more than 25 years' sales and engineering leadership in V-8 engines, these engines combine new highs of efficiency, durability and economy with the added time and cost savings of quick service accessibility.

The new 332 cubic inch engine, which will be standard on the Fairlane, Fairlane 500 and station wagon series, is available as an extra-cost option in the Custom and Custom 300 series. The 352 cubic inch engine is an extra-high performance option on the Fairlane, Fairlane 500 and the station wagon series. The economical "Milenge Maker" six is available for most models and the 292 cubic inch V-8 engine is standard on the Custom and Custom 300 series.

The new engines feature completely machined, wedge-type combustion chambers, larger, cooler-running valve, new carburetion, and exhaust porting and direct flow intake for peak performance at all engine speeds. Each engine is electronically mass balanced while running at operating speed and temperature under its own power.

Cruise-O-Matic, an automatic transmission combining instantaneous "solid" response with nearly imperceptible up-shifting is new for 1958. Coupled with the four-Venturi 312 and 352 cubic inch engines and a low rear axle ratio, Cruise-O-Matic provides a new power team that combines overdrive economy with automatic transmission convenience, first such combination in the industry. The new transmission introduces a new drive position for solid feel take-off or all-out acceleration through all three gear ranges. An improved Fordomatic transmission also is available.

Also new will be air suspension, optional for Ford Fairlans, Fairlane 500's and station wagons with

locks, standard in all models, and the optional seat belts and padding have been improved for 1958.

Exterior trim and interior fabrics and color treatments are new for 1958 as well as distinctive tone combinations of new color schemes of power assists, two models of air conditioning units, and new types of heaters.

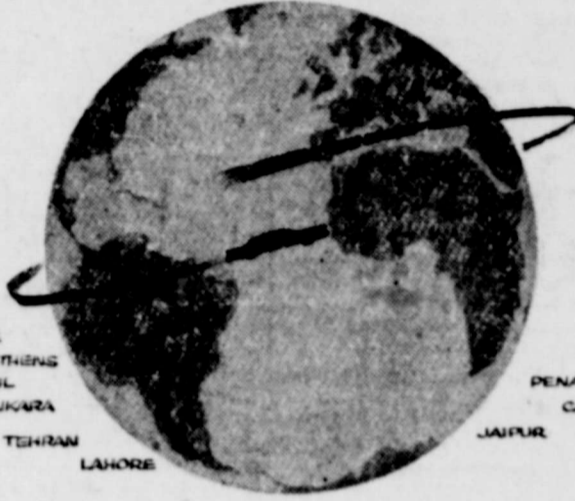

Air domes, made of especially strengthened rubber reinforced with steel sleeves, substitute for springs at each wheel. Air pressure inside the domes, which is supplied by a compressor and air storage tank, varies according to the weight of passengers and luggage to keep the car at a constant height and optimum springing for a boulevard ride. Switches on the car's doors operate valves to quickly readjust height and balance when passengers enter or alight. Other valves make slower adjustments for luggage, etc.

Ford also continues its policy of improving safety packaging for driver and passengers, which it pioneered in its 1956 models. The deep center steering wheel, shatter-proof rear view mirror and safety door

58 FORD COMING NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history, the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and passed the Eiffel Tower. It was greeted by the great Paris couturiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of South-east Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford . . . has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And the 58 Ford is the most dramatic possible demonstration of the best.

The 1958 Ford is unique: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

proved and approved around the world

QUARTER - MILLIONTH TELEPHONE — G. Howard Briggs, operating vice president for General Telephone Company of the Southwest, looks on as General's 26,000th telephone is installed in the home of Mrs. R. E. Kane of Denton. James M. Glover, installer repairman at Denton, is shown testing the instrument before Mrs. Kane makes the first call on the new yellow extension telephone. General is the largest telephone company in the Southwest and operates 264 exchanges in Texas, New Mexico, Oklahoma, Arkansas, and Louisiana.

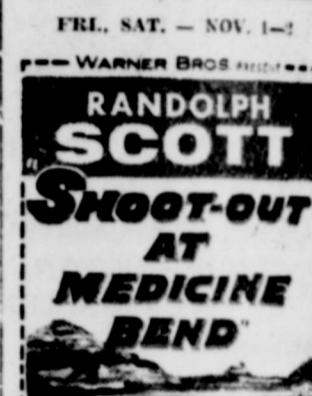

visiting those who have not been by to see the first crop of the station to make the visit now, before the crop is harvested. Janeway said approximately 30 Cochran Counties were in a group which recently toured the station. Lion President Neal Rose reported, when all ticket money is counted, the Lions will realize approximately \$100 on the magic show which appeared here Tuesday. The Lions then heard from Bob Wilson, publisher of the South Plains Yearbook. They voted to try to sell the volumes in Morton and will receive \$1.25 for each copy they sell. Anyone wishing to purchase a copy of the book may do so by contacting any member of the Morton Lions Club.

DORM NAMESAKE
 Truman Harris, formerly of Morton, now of Lubbock, a member of the first class of Lubbock Christian college, was selected as sing boss in the school quarter last week. Harris and his mother, Mrs. L. la Harris also received another honor when the dormitory in which he is staying and for which Mrs. Harris is dorm mother was named "Harris Hall."

From \$50. a Week Job To Head of US Steel

Ex-School Teacher Came a Long Way

By LOUIS JAMES
 Is it possible for a \$50-a-week school teacher to become head of a big American corporation? It is, if your name is Roger M. Blough.

Thirty years ago, Blough (rhymes with plow) was teaching history in Hawley, Pennsylvania. Today, he is Chairman of the Board of the \$3 billion United States Steel Corporation, employing 260,000 people.

How did he do it?
 "Luck and circumstances, says Blough who, at 53, is a six-footer with an easy, relaxed manner, known as a "low-pressure" executive.

Was farm boy
 A Pennsylvania farm boy, Blough attended a one-room grade school, worked his way through tiny Susquehanna University in Selinsgrove, Pennsylvania, and then spent three years teaching school.

He left teaching to study law at Yale. Blough's first big break came when he became one of many lawyers employed by U. S. Steel in 1939 during its legal tussle with the Government.

He worked harder, longer and more effectively than most. Wall Street law clerks and caught the eye of Ben Fairless, who was President of the Corporation.

Fairless liked his wary, prudent mind, his ability to answer questions with up-to-the-minute facts and assigned him to successively bigger and bigger jobs. Blough worked and studied

Men who make America great
 No. 1 of a series

ROGER M. BLOUGH

"Just Ordinary Guy" Avows Blough

zations. He has to know what is going on in the world.

One of the architects of U. S. Steel's reorganization and expansion, he is well versed in the intimate facts of American business. His mind is capacious and fact-filled. His modest, careful manner masks a man with important talents. His strength is his thoroughness and ability in analyzing problems.

"He's a hard man to know," a close friend once said. "But once you get to know him he wears like steel."

Lives in New York

Blough lives in New York, is married and has two daughters attending college. Although he likes to play golf and swim, his hobby is just plain "work."

"I'm just an ordinary guy," he says. "I like to work hard and I like to relax. I go to bed early and get up early. On weekends I go home to Hawley and plant a tree or a flower in my yard."

Blough is optimistic about America's future. "I think this is the best time ever to be young," he maintains. "The industrial and business trend is upward. Our organization, for example, has expanded research fivefold in the past 15 years. Yet we are only beginning."

"Yes, it's a great period for youth," concludes this former schoolteacher, who keeps a constant eye open for young talent to stock his Corporation for the future.

INDIANS WIN 2ND CONFERENCE GAME OF SEASON

BEAT SUDAN HORNETS, 25 TO 7; JACKIE BROWN COMPLETES TWO TOUCHDOWN PASSES

Morton's Indians won their second straight Conference game, and their sixth game of the season with apparent ease Friday night as they defeated Sudan, 25 to 7.

The Braves rolled to a 19 to 0 halftime lead despite the fact that they had three key men down with the flu, and then took it easy to protect the margin and their tie for first place in the District 3A.

The game was quiet about five minutes out when Jackie Neal Brown found Clayton Flanagan open for a 31 yard aerial and the touchdown. Dewbre's boot for the point was off to the left.

On the third play of the second quarter, Jimmy Collins booted a 35 yard punt up the middle which Macky Ballard, halfback, got his hands on but couldn't hold. Sharon Hawthorne, a defensive standout all night, recovered the pigskin on the 29.

Brown then calmly flipped a 22 yard aerial to Perry Don Seaney who was stopped on the 7. Butch Nairn picked up four over right guard and then Eddie Thompson took a handoff and swept left end for the second Morton score. This time Dewbre booted the ball squarely and it was 13 to 0.

Sudan summed up the strength to

drive to the Morton 22 yard line and fumbled. But Morton returned the compliment and Sudan had a real good opportunity. Morton's defense put the brakes on quickly. Cole lost a yard and then gained 3. Dan Woods got two on a keeper and on fourth down, a pass to end Charlie Nichols was batted down.

Here Morton started their best drive of the night. They rushed to running of Nairn, Thompson, and Seaney. Perry Don's 25 yard right end sweep was the biggest gain taking the ball into Sudan territory.

On the Sudan 26, Thompson went wide left for 25 and was knocked out of bounds on the one. But a clip by Jackie Neal Brown on the 7 yard line nullified the play and took the ball back to the 27.

Brown threw over Collins' head but Seaney got three yards to the 24. Brown was halted before he could hand off on the next play but a defensive holding penalty took the ball to the 8 yard line. That made it first and goal to go.

Morton was guilty of holding on the first play and again the ball came out to the 25. Brown hit Eddie Thompson with a short pass and he was downed on the 13 for a 12 yard gain. Nairn got six to the 7 yard

line but on the next play he was pitched for a four yard loss. On fourth down Brown found Seaney open in the middle on the five yard line. He cut away from the only Sudan defender and went over for the 11 yard scoring play. Dewbre's boot was wide on the right.

As the second half opened, Morton halved a Sudan drive on the Indian 27 when Dewbre recovered Woods' fumble. Then, on the first play from scrimmage, Butch Nairn, one of the three Morton men who took over the 13 to set up the Sudan score.

Cole plunged for five and then swept end against a team composed of only four regulars and seven reserves for the TD. Humphries took a handoff for the extra point.

With Nairn again shouldering the load, Morton rang up two more 1st downs and were driving toward a score when the game ended.

Morton gained only a slight edge in first downs, 13 to 11, but maintained a distinct superiority in yards gained both on the ground and in the air. The Indians racked up 83 yards passing and Sudan failed to complete a pass against the Morton defense. The Indians racked up 220 yards on the ground while Sudan was managing 145.

The Indian passers completed 6 of 13 passes to keep Brown's and Seaney's combined passing average for the season still hovering around the 50 per cent mark — a great record for a high school team.

Morton lost two fumbles but covered five of Sudan's miscues.

Penalties were nearly even, the Indians drawing 6 for 70 yards and the Hornets penalized six times for 60 yards.

Collins got off one bad kick to cut his average to 26 yards on a trio of kicks.

Morton played without the services of Max Hawthorne, sick in bed with flu. Peters was taken out in the second quarter weakened by a bad cold, and was taken to the hospital having respiratory trouble.

Nairn, who had been out of school much of the week with a bad cold, played nearly the whole game. Several others had colds or touches of the flu. Sudan too had five men out with the flu and several sick boys played.

The Sudan band, flu riddled, did not march at halftime but Morton

One-Time Trainee Runs World's Biggest Store

Men who make America great

He Passed Up a Harvard Scholarship

By LOUIS JAMES

Ever since he went to work 50 years ago, Wheelock H. Bingham has had one boss — R. H. Macy, the world's largest department store.

Last year, Bingham pulled a switch. Now he bosses his company.

When energetic Bingham last August took over the helm of R. H. Macy & Company, Inc. (which not only runs New York's Macy's, but numerous affiliates), it marked a milestone in a career that began at 18 when he made the most important decision of his life.

He decided to give up a Harvard scholarship to become a shoe salesman!

An excellent student with a promising future, he had tasted something new and vital during a summer vacation—selling—and he liked it.

"Take a job at Macy's for a year," his Harvard dean had advised, "and see what happens."

He learns retailing

What happened was that they never saw young Bingham at Harvard again, except as an honored guest. Macy's put him in their training squad and, when he finished, made him department manager—the youngest in the store, heading the newly created varsity shop.

As years rolled on, Bingham (Bing for short) raced up Macy's ladder at a fast clip. Now, at 49, he sits at the top

WHEELOCK H. BINGHAM

Was Youngest Captain in the U. S. Navy

as you think."

Bingham rose rapidly. Just before the war he became a Macy vice-president and then joined the Navy as a lieutenant. By 1945 he was the Navy's youngest captain.

As Forrester's assistant, he reorganized the buying of ship's stores under his widely acclaimed "Bingham Plan," still used.

In 1946, he headed San Francisco's Macy so well-tripled its volume in five years — he was called East.

For the past three years Bingham had steered New York's Macy's (handling almost half a million different items of merchandise and employing 11,000) into record sales.

Depends on facts

His success secret? Yes, he has one—hunger for facts which he satisfies by constant reading of daily papers for current events, a daily business paper for economic trends, magazines and books for background.

Married and father of two children, Bingham is a self-imposed, part-time suburban Pennsylvania farmer who raises Holsteins, swims and plays golf in his free time.

His creed, engraved on a plaque which hangs on his office wall:

"The retailer by tradition has been interested in things. I think we should be interested in people."

LEGAL NO. 136

THE STATE OF TEXAS

TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS — GREETING:

You are hereby commanded to cause to be published once, the publication to be at least 10 days before the return day thereof, exclusive of the date of publication, in the Morton Tribune, a newspaper printed in Cochran County, Texas, the accompanying citation, of which the herein following is a true copy.

THE GREATEST FOOD SALE OF THE YEAR NOW AT STORES DISPLAYING THIS BANNER-

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1958 models, as shown by this view of the Bel Air sport sedan. Strong eye-appeal is found in the modish grille, the dual headlamps and low, flat hood. Notable also is an unusual Sculpturamic styling which supplies an air of distinction. A new engine, new frame and two new suspension systems are only a few of the major chassis advances. Station Wagon, Bel Air, Biscayne and Delray Series are offered.

LEAN, LOW LINES SPARK CHEVROLET BEAUTY

Dramatic new styling and outstanding engineering advances mark the 1958 Chevrolet which makes its bow this week.

Labeled "the car of the year" by newsmen and technical writers who have attended private showings, the new model will be unveiled Thursday (today), October 31, in Chevrolet dealerships across the country.

Also on public display for the first time will be the rakish 1958 Corvette and the latest in the Chevrolet truck line.

The 1958 Chevrolet is new from bumper to bumper and from frame to roof line. The all-new features include:

A completely restyled car which is longer, lower, and wider & emphasizes flowing sculptured lines from the dual headlamps to softly flared rear fenders.

An X-shaped frame which allows a lower silhouette but retains ample head room and increases leg room and luggage space.

Two suspension systems for a more luxurious ride along with remarkable handling, stability and durability. Sturdy coil springs front and rear, are standard. A new "Level Air" system which automatically adjusts to all load weights is optional.

A 248-cubic inch engine which is new from fan to flywheel. Designed primarily around a new combustion chamber, the optional Turbo-Thrust V8 offers greater torque for improved mid-range performance.

Chassis-body design integration to supply exceptional structural strength and greater rigidity.

Forward-mounted steering linkage which provides more responsive action and reduces road vibration to the steering wheel.

Some idea of the fresh newness of the Chevrolet line is suggested by the new body groupings and identification.

In recognition of the growing popularity of station wagons an exclusive five-unit series of this body type has been established.

The Bel Air series is continued but adds among its six models a sumptuous sport coupe and convertible under the Impala nameplate, introduced on a "dream car" at the General Motors motorama in 1956.

In the middle range of the low-priced car bracket is a Biscayne series, with two sedans. The bottom end of the price spread will be occupied by three models making up the Delray series. In 1957 comparable series were known as Two-Ten and One-Fifty, respectively.

Roominess & quality of the new line, says the company, will be immediately apparent.

Over-all lengths have been extended a full nine inches to a new measurement of 206 inches. The wheelbase is up two and one-half inches to 117-1/2. Roof lines have been lowered up to 2-1/2 inches, yet design skill has retained ample passenger headroom.

In looks, the cars have an air of

liveliness. Because of the thoroughness of the transformation, stylists and engineers were able to correlate their ideas into a single unit of bumper-to-bumper progress.

Dual headlamps, a grille with fine concave ribs and a low, flat hood, unbroken by ornamentation, distinguish the frontal view. Varied two-tone color patterns, a judicious use of chrome moldings & decorative panels give each series an individuality and supply the latest examples of the industry's new art of "sculpturamic" styling. The rearward treatment also is unique. Avoiding sharp tin protrusion, rear fender lines sweep outward from the body, then curl around the taillight ensemble to form a shape which stylists likened to a graceful gull-wing in flight.

Chevrolet is quick to explain that the longer, lower lines of the 1958's were not inspired alone by a desire for beauty. The form complements advances in chassis engineering that promise to heighten immeasurably driving and riding enjoyment.

Important in the broad gains along the mechanical front is the adoption of coil springs at the rear wheels as a standard fixture. Long a front-end feature on Chevrolets, the coils cushion shocks far better than previous suspension systems.

As optional equipment, the company additionally pioneers in its field a new "Level Air" suspension, employing for the first time rubber bellows at all four wheels. Through an inter-connected air supply and exhaust system with leveling valves this suspension assures precisely the same resistance to shock regardless of car load.

The new Turbo-Thrust engine is still another highlight that illustrates the magnitude of the engineering job behind the 1958 Chevrolets. Predominant is a completely new combustion chamber design which assures uniform combustion. The shape of the chamber, located entirely in the cylinder block, permits positioning of the larger valves for high volumetric efficiency.

The new engine is one of five V8's and a six cylinder carried in the new line. Ramjet fuel injection which Chevrolet introduced last year, is again offered as an option

on the 283-cubic inch V8. Automatic Turboglide, Powerglide, an improved three-speed Synchromesh and overdrive are again available. Totalled, Chevrolet gives the buyer his pick of 18 power trains.

More than ever before in its price area, Chevrolet has fitted body interiors in accord with the exterior distinction of each series. For example, each series has its own steering wheel. Each has exclusive upholstery fabrics and paneling, with special luxury reserved for the Impalas.

Three instrument panel is new, extending rearward into the sides of the body. Major instruments are grouped in separate housings. The speedometer is oblong and spans the entire cluster.

While the members of the Lions will be around contacting persons to sell the books, anyone desiring a book can purchase one by calling any member of the Lions Club.

Seniors: La Velle Benham, Nancy Cagle, Jerry Beth Lebow, Ronald Lindsey, Ray Ann Ross and Billy Wood.

Lions Will Sell S. Plains Yearbook

The Morton Lions Club, this week, accepted as a project, the selling of South Plains Yearbooks — the new area publication which features seven pages about Morton.

The Lions will get 50 per cent of the money collected on the books, for their efforts.

While the members of the Lions will be around contacting persons to sell the books, anyone desiring a book can purchase one by calling any member of the Lions Club.

12 Are Listed On High Honor Roll At Morton High

Twelve students, including six Seniors have been placed on the first "A" Honor Roll for the school year 1957-58.

Listed by Principal Jim L. Kidd, were:

Seniors: La Velle Benham, Nancy Cagle, Jerry Beth Lebow, Ronald Lindsey, Ray Ann Ross and Billy Wood.

Juniors: Clyde Brownlow, Kirby Hoffman and Carol Leavitt.

Sophomores: Henrietta Bedwell, Mary Lee Ledbetter, and Gary Willingham.

Bel Air Impala Sport Coupe — such luxury never came out of the low-price field before!

ALMOST TOO NEW TO BE TRUE! '58 CHEVROLET!

The biggest, boldest move any car ever made!

Meet the beautifully moving '58 Chevrolet . . . panther-quick, silk-smooth! It brings a V8 unlike any other, a Full Coil suspension system, a real air ride and even two new super models! See it today!

Look at Chevrolet's airy new styling. That's how new Chevrolet is all over! It's lower, wider—nine inches longer.

There's an all-new Turbo-Thrust V8* engine. Pair it up with Turboglide*, you'll command the quickest combination of all!

There are two new rides—Full Coil suspension—and the first real air ride* in Chevy's field. The body-frame design is new, the wheelbase is longer.

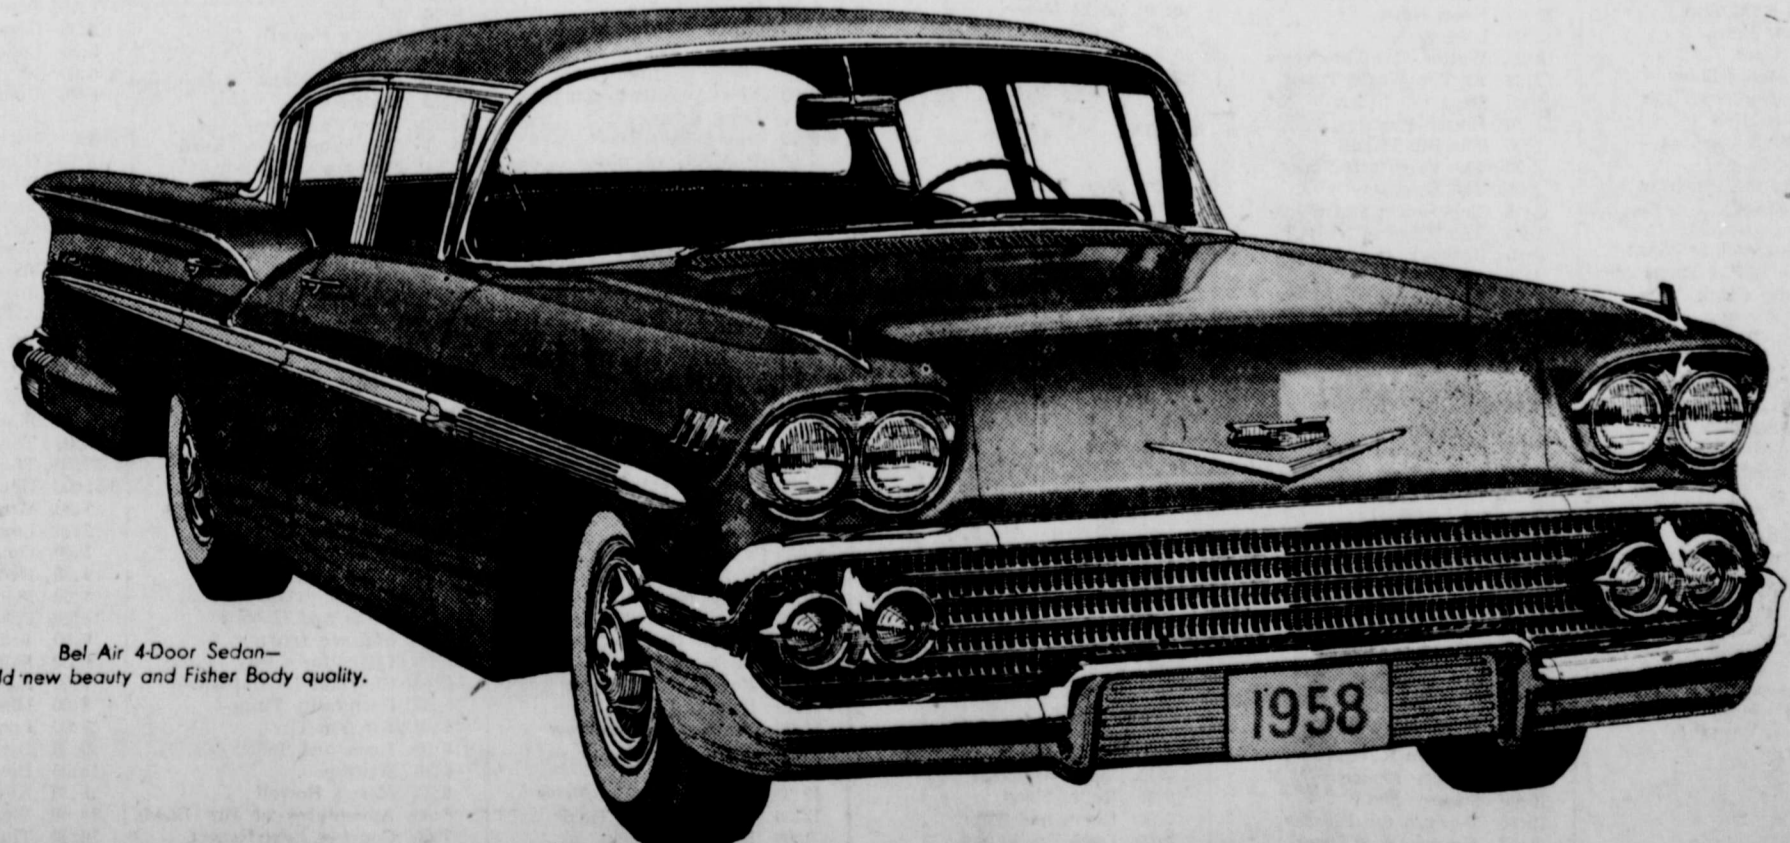

There's plenty more—a new 4-headlight system for safer seeing, new 6 and V8 power, a foot-operated parking brake. And two new super models—the Bel Air Impala Sport Coupe and Convertible, most luxurious Chevrolets of all.

See all that's new at your Chevrolet dealer's! *Optional at extra cost.

'58!

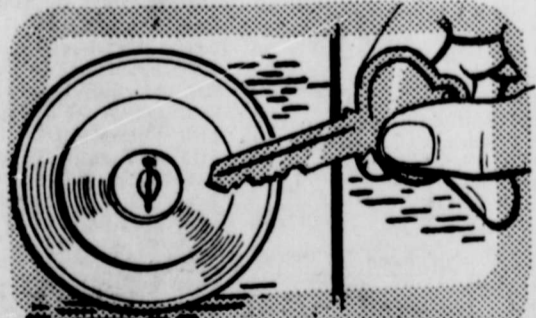

New '58 Chevrolet Corvette—America's only sports car goes even sportier!

Bel Air 4-Door Sedan—bold new beauty and Fisher Body quality.

LOPES BEAT LORENZO, 40 - 27

Whiteface Faces Wilson, Friday In Clash For 4-B Conference Lead

The Whiteface Antelope on their way to a district championship, racked up two first quarter TD's for a 14 - 0 lead Friday and then held their own the rest of the way for a 40 to 27 win over Lorenzo — the Lopes' third straight district win.

The last three quarters of the District 4-B battle were surprisingly even but Whiteface was never in serious danger of losing.

Quarterback Kenneth Welch and fullback Neil Allen shared honors for the Antelopes. Welch scored 3 times on runs of 4, 32 and 15 yards and ran an extra point.

Allen broke loose for spectacular 63 and 85 yard scoring runs and also ran a PAT. Halfback Don Arnold notched the other touchdown on a 24 yard scamper and ran two points after touchdowns for the Whitefacers who have yet to find an extra point kicker but have done very well running their points.

Lorenzo got two touchdowns out

of fullback Ronnie Cox and two more from halfback Joe Dunham. Dunham ran two points and Cox, one.

The win left Whiteface with a 5-1 mark for the year, their only loss a 7 to 6, defeat by Class 3A Friona — rated a strong chance of beating Morton for the 3A title.

Whiteface and Wilson, who also has a 3-0 conference record, get together in the game Friday that should settle that race. Wilson beat Cooper, 35 - 0 last week and has allowed only one touchdown in the three conference games.

ATTENDED CONVENTION
Jim L. Kidd, Morton High School Principal and Elmer Smith, Junior High Principal were in Fort Worth this week to attend a three-day convention of the Texas Association for Secondary School Principals. They attended work shops at the meeting and listened to lectures on education.

LANDLUBBING shrimp boat "cruises" down the highway at Cameron, La., amid a scene of devastation left by Hurricane Audrey winds and waters.

DEAD ANIMALS were a familiar sight in Cameron Parish (county), La., after high waters from Hurricane Audrey swept over land only about two feet above sea level, and wiped out some 35,000 head of cattle. Farm organizations have made some overtures to the agriculture division of the Cameron Planning Commission toward helping re-establish a foundation herd in the stricken area.

CHANGE TO SHAMROCK 10W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY

The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures.

All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature.

The effect on your car's performance is important. When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage.

These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly — replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

BULA BEATS WELLMAN, 48 TO 21

Bulldogs Win 7th Straight; Meet Spade In Six - Man Tilt Friday

Quarterbacks Hear Of Friona Power In Mon. Meeting

The Morton Quarterback club had a slightly larger attendance on Monday night to watch the films of the Sudan game and hear pre-game doses on remaining teams.

Most of the discussion centered around the Friona team, rather than Springlake — Friday's opponent.

Coaches knew little about the strength of Springlake, the Wolves having had five men out of the lineup in the game in which they were scouted. They were described as a green team, with little outstanding ability but quite a bit of size in some of their linemen.

Coaches reminded quarterbacks that Friona handled Farwell as easily as Morton did and that they have a fast improving ball club.

Condition of our players was noted as not too good in that several of our boys developed colds and touches of flu.

Speedy Norvel Roberts and John Pool racked up seven touchdowns Friday as Bula won its 7th straight grid encounter Friday and readied itself for the final three games — all the top three conference foes they will face.

The Bulldogs pulverized Wellman by a 48 to 21 margin. Roberts got loose for five touchdowns, making him easily one of the top and perhaps the top grid scorer on the South Plains.

Pool added two touchdowns. Friday the Bulldogs tackle the Spade Longhorns — a game Bula should win — but not nearly as handily as they have been winning. Then comes the top two of the 6 man conference, Southland and Union.

Bula, which started the season under a new coach with a small in numbers squad — has lost one of its top men, Don McCord with a broken collarbone, and another Freshman who had seen lots of service, Larry Pollard, with a broken foot. Now they have but nine men left to try to maintain their unbeaten record.

We're all rightly proud of Morton's team — but, we're equally proud of our neighbors — especially Bula and Whiteface . . . Bula once again stands undefeated in season play . . . Whiteface, like Morton, has suffered only one setback — that to a Class A team. This weekend sees the Bula Bulldogs tangling with a powerful conference foe, Spade . . . one of their two remaining games that are supposed to decide the championship. And, at Whiteface, the Antelopes meet Wilson — a team whose defeat could open the way for a championship for Whiteface . . . so lets all root for Texas' Last Frontier's football teams.

Friendly Circle Meets Friday at Cartwright Home

The Friendly Circle Home Demonstration Club met on Friday, Oct. 18, 1957 with Mrs. B. H. Kelly. Visitors were Mrs. Bill Glasford and the Home Demonstration Agent, Miss Letta Petty. Eight members, Mrs. Bernard Eblint, Mrs. Woodrow Self, Mrs. Lucene Gardner, Mrs. L. Z. Scoggin, Mrs. Bud Littlefield, Mrs. Jack Reid, Mrs. J. W. Jeffcoat and the hostess, were on hand. Miss Petty gave a demonstration on "The Importance of Wills" by both husbands and wives. Each member brought Christmas gifts they had made and showed them. There was a good variety. The Council delegate gave a report on the Council meeting for October. Refreshments were served at the

close of the meeting. The next meeting will be November 1, at Mrs. J. Cartwright's home at 2 p.m.

Kenneth Millsap Completes Radio - Teletype School

FORT GORDON, GA. (AHTNC)—Pvt. Kenneth R. Millsap, 20, son of Mr. and Mrs. Wavel C. Millsap, Route 1, Morton, Tex., recently completed the radio teletype operation course at the Army's South-eastern Signal School, Fort Gordon, Georgia. The 15-week course trained him to operate radio transmitting and receiving sets in combination with teletypewriter equipment. Millsap entered the Army last March and completed basic training at Fort Hood. A 1955 graduate of Bledsoe High School, he attended Eastern New Mexico University at Portales.

NOVEMBER 8TH IS DATE SET FOR UNVEILING OF NEW 1958 OLDSMOBILES AT HAWKINS SHOWROOM

Exciting styling changes that enhance the appearance from every angle mark a completely new Oldsmobile for 1958. In addition, the General Motors division is introducing a true air suspension system, newly efficient and economical Rocket engines and an improved Jetaway Hydra-Matic Drive.

The 1958 Oldsmobile will be on display, beginning November 8, at Hawkins Oldsmobile in Morton.

Oldsmobile's new "mobile look" is very evident in the entirely redesigned body, new rear quarter panels, a new front end with recess-type grille and four beam headlights, one-piece rear window with greater glass area and new rear deck and roof. The decorative trim on the side panels accentuates the length, flowing lines, and low silhouette of the new Oldsmobile.

"The 1958 Oldsmobile has been completely and tastefully redesigned with distinctive and exciting styling. In fact, practically everything you can see is new," said Jack F. Wolfgram, Oldsmobile general manager and vice president of General Motors. "We believe our new car is a fitting culmination of six decades of progressive product leadership, and is a fitting car to start Oldsmobile's next 60 years of progress."

Oldsmobile for 1958 offers three different Rocket engines in its three series of cars. The economy-priced Dynamic "88" series is powered by an engine with the new "Econo-Pony" dual carburetor and is rated at 265 horsepower. This engine, according to Wolfgram, represents the greatest fuel economy improvement in Oldsmobile history. The Super "88" and "98" series both have the Rocket engine with quad-let carburetor and develop 305 h.p.

Available as an optional extra on all series is the J-2 Rocket engine with three dual carburetors and generating 312 h.p. Compression ratio is 16 to 1 and displacement is 371 cu. in. in all three engines.

The "88" series has four body styles in 1958—two hardtops, Holiday sedan and Holiday coupe, a four-door sedan and a convertible. There are five body types in

the Super "88" series—Holiday sedan, Holiday coupe, four-door sedan, convertible coupe and Fiesta station wagon. The budget-priced Dynamic "88" Series offers a wide range of seven body selections—Holiday sedan, Holiday coupe, two-door sedan, four-door sedan, Fiesta, Fiesta sedan and convertible. In all there are 16 body styles.

Two Oldsmobile accessory innovations for 1958 are available to customers—a Trans-Portable radio that can be completely removed from the car for use elsewhere & a Safety Sentinel speedometer warning that utilizes both a light and buzzer to warn when any pre-set speed is being exceeded. The compact all-transistor radio with its self-contained batteries and aerial fits in a conventional compartment on the instrument panel but it can be withdrawn to use away from the car. Both these accessories are optional at extra cost.

Oldsmobile's new 1958 styling starts at the four-beam headlights in the front and extends to the new and larger taillights. Two headlights are recessed and placed side by side in each front fender. The recess-type grille is composed of anodized aluminum louvers with

7 Make Top Roll At Whiteface H.S.

Seniors and freshmen dominated Whiteface High School's first six week honor roll, as released by the principal, Edwin D. Stokes, last week.

Those listed on the 90 or better Honor Roll were:

Seniors: Jamie Caffey, Carylon Johnson and Gloria Medley.

Sophomore: Anna Pond.

Freshmen: Tommie Abbott, Sandra Dickson, and Ollis Ray Sammers.

Principal Stokes also listed the newly elected members of the National Honor Society at Whiteface. They are: Juniors, Neil Allen and Bobbie Jean Cagle and Seniors, Don Arnold and Carylon Johnson.

Safety Inspection Change Is Noted In For Vehicles

Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today a change in motor vehicle inspection regulations so as to no longer require the removal of a wheel in order to inspect the brakes of vehicles.

In an effort to prevent accidents which might occur due to brake failures, the Department's earlier regulation had required that the wheel be removed for the principal purpose of determining the percent of thickness of the remaining brake lining. Inspection stations found difficulty in making these inspections due to the fact that there was no accurate way of determining the original thickness and the decision in each case was left to the inspecting mechanic who had no satisfactory guide to follow.

The change in regulations, which resulted from action of the Public Safety Commission, does not affect the remainder of the inspection of brakes, which will still be required to have the performance ability required by statute.

Col. Garrison announced that this change in the regulations was made in the interest of fairness to the inspection stations and to the motoring public.

Conference On Irrigation Is Set For Novemb'r 14-15

An irrigation conference of interest to farmers, agricultural leaders and the irrigation equipment industry has been scheduled November 14-15 at the Lubbock Hotel in Lubbock.

The conference is being sponsored by the newly formed Texas Inter-Industry Irrigation Council & irrigation specialists from throughout the nation will be on the program.

Jack Z. Anderson, administrative assistant to President Eisenhower, will highlight the conference. He will talk on "Irrigation Farming—A Key to Better Living."

Dr. E. N. Jones, president of Texas Tech; Dr. W. N. Williamson, assistant director, Texas Agricultural Extension Service, College Station; and C. I. Wall, president of Pioneer Natural Gas Co., Amarillo, will preside over the conference.

MONDAY IS \$ DAY IN MORTON

additional air into the springs, "pumping them up" to keep the car from sagging. When the car is lightly loaded, the height valves release air from the air springs, keeping the car level and preventing the front or rear from "riding high."

functional use of all four precision aimed lamps for down-the-road lighting. The outboard lamp on each side provides the low or passing beam. Both the outboard and inboard lamps on each side combine to provide the high or driving beam.

Interior styling of the 1958 Oldsmobile matches the striking new exterior appointments. The Super 88 and 98 Holiday models present new "star-light" headlining of vinyl in light colors to set the "fashion-flair" upholstery fabrics. Among the nine fabrics available is a three-dimensional puffed nylon cloth that affords extra passenger comfort, offered several Holiday models.

Watch for OLDSmobility!

... and the greatest advance in fuel economy in Oldsmobile's 60 years of engineering leadership!
