

Withdrawing our troops from Vietnam might be a popular thing with many people, but it would be the "easy way" out, Congressman Bob Price told a gathering in Friona on Monday.

Price, speaking before a group of constituents at the Farmer House Restaurant, pointed out that freedom hasn't ever come cheap for this country, and predicted that it never will.

"As I view it, the struggle in Vietnam is between two ideologies: freedom and communism," Rep. Price said.

No other country on our planet has the resources and ability to help the weaker countries on our globe resist the onslaught of communism, Price pointed out.

The congressman reviewed communism's pledge to control the world, and how it had spread since World War II. "It spreads so quickly that you don't seem to notice it. Someone has to help those countries which do not wish to give into communism," Price said.

"If we withdraw into our shell, we'll be destroyed just like other nations have which acted in like manner," he added.

The congressman said that one of the biggest disgraces in our nation today is our failure to back our boys in Vietnam.

"We don't seem to get excited unless it happens to be our son, or our daughter's husband, or a good friend. Otherwise, we just go about our business -- making money, and forget that those boys are over there, fighting in our place," he said.

"You really can't blame some boys for not really wanting to go to Vietnam, with such an attitude prevailing in the country. We should be as concerned as we were during World War II," Price added.

Price, who is a candidate for re-election as congressman for the 18th Congressional District, listed crime and riots, followed by the fiscal conditions, as the top internal problems of the nation.

Concerning crime, Price said he didn't think the nation needed new laws. "We just need an Attorney General who will enforce the laws. We need to give our policemen the tools and authority to apprehend criminals; and then give our judges the authority to make stiff penalties to lawbreakers," he said.

Price listed the farm program and water as top local problems. "The Federal government is NOT going to solve the farm problem," Price predicted. "We need to have a Secretary of Agriculture who is for the farmer for a change," the Pampa lawyer said.

Congressman Price, who was on a swing through the district following the recent windup of congress, said that many people were discouraged by the many problems which beset our country today.

"However, our parents' generation was faced with problems -- our grandparents had plenty of problems -- and there will be many problems left when we are gone.

"God gave us a brain to help us solve our problems. Have you ever thought what it would be like if you had absolutely no problems to worry about," Price asked the audience.

The congressman concluded with a humorous remark that when he was first elected, he thought he could solve all of the problems within six months. "Now, I can see it's going to take longer," Price concluded.

Texas cartoonist Ace Reid, on a trip to Montana, became acquainted with an old cowboy whose house had been washed away by a flood.

The cowboy reverted to frontier form. He made himself a dugout. He lined its ceiling and walls with logs and, when he finished, he was satisfied that it would withstand any flood.

He stocked up on supplies and began living quiet and comfortably in the dugout. He made the first winter there just fine. One day in the spring, he noticed that his can of pepper seemed just as heavy as it had when he'd bought it the summer before.

He couldn't figure that out. He eats four fried eggs for breakfast each morning and

PLAY SCENE. . . A scene from the Theatopian play, "The Diary of Anne Frank" is shown here. From the left are Shirley Johnson, who plays Anne, Norman Mohr (Mr. Frank), Janice Clark, (Mrs. Frank), Connie Stone (Margot Frank) and Jerry Teel (Mr. Kraller). The play will be presented October 28 and 29 at the high school auditorium.

FRIONA, TEXAS, 79035

THURSDAY, OCTOBER 24, 1968

TEN CENTS

THE FRIONA

STAR

VOLUME 45, NUMBER 4

FOURTEEN PAGES

AT FLOYDADA

Floyd County Foe Number Two Friday

Having had a hair-raising episode with one team from Floyd County last week (Lockney) the Friona Chiefs meet the other half of their Floyd County, schedule this Friday at Floydada. Gametime is 7:30. Most recent comparative score shows that Floydada defeated Lockney by the same margin by which the Chiefs did a single point.

The teams have only met four other occasions -- during the last four years, and each school has won twice. Floydada's most memorable win was when the Whirlwinds upset the Chiefs, 8-7 in the final game of 1964, to tie the Friona for the district title, and represented district by virtue of their winover the Chiefs.

Since that first meeting, Friona has won, 27-0 in 1965 and 27-6 last season. Floydada won 26-6 here in 1966.

Both teams come into the game with identical 5-1 season records. Floydada's loss was a 14-0 decision in the Whirlwinds' muddy homecoming game -- the same night Friona absorbed its 46-7 shock against Dimmitt, also at homecoming. (District teams finally broke the homecoming jinx last week.

Office Open

The Friona Chamber of Commerce office is open from 9-12 a.m. Monday through Friday of each week.

Mrs. John Gay is serving as office secretary, and reminds residents that the chamber has national Zip Code directories for sale at \$1.50, each, and Farmer County farm plates at \$1.

Olton topped Hale Center, 14-0, and is the only team of six known homecoming games to win as homecoming hosts.

"Floydada is a whole lot like Lockney, except they're bigger," coach Bob Owen said this week. "They are basically a running team, but their quarter-

back is also like Lockney's. He does a lot of scrambling," Owen said.

"They spread out and run out of an 'I' formation. They have a good tailback and other good backs besides the quarterback", Owen concluded.

(Continued To Page 9)

Contract Awarded For FM Road South From Black

Contracts for highway construction in the Lubbock district have been awarded by the Texas Highway Commission.

The work will be under the supervision of District Engineer O.L. Crain, and will be in Farmer, Gaines, Terry and Dawson counties.

Boswell and Crafton, Inc. of Lubbock was awarded a contract for grading, structures, base and surfacing on 11.8 miles of Farm to Market Road 1172 in Farmer County. Low bid was \$347,950.90.

The project extends from US Highway 60 at Black, southward to State Highway 86. Rhea E. Bradley of Littlefield, is the Highway Department engineer in charge of the project which will take an estimated 175 working days.

Kerr Construction Co. of Lubbock was awarded a contract for grading, structures, base and surfacing on sections 34.4 miles on FM 1066, 213 and 403 in Gaines, Terry and Dawson counties. Low bid was \$487,752.11.

New Liquid Feed Business Established In Friona

Eugene Cole, a native of Hereford, has opened a new business in Friona, called Pro-Vit-AI, a liquid feed business. Cole has located his business just west of the Elk Drive-In Theatre on property owned by W.F. McGlothlin, the property formerly occupied by Gifford-Hill Western.

With some eight years in the liquid feeding business, Cole says he's no novice in the business. He also has several years experience in cattle-feeding.

Pro-Vit-AI uses a special wheel-type self-feeder which gives the cattle a feed with at least 34 per cent protein. It is said to help cattle gain more or less feed, and to have less trouble adjusting to changes in rations. Cattle on the liquid feed are supposed to have a good appetite, and be free from digestive troubles and bloat.

Cole invites everyone to come by and get acquainted with the city's newest business.

YOUNGSTER WINS

Scores Improve For Football Contestants

If it were not for the tie-breaker system, there would have been a 23-way tie for first in the sixth week of the Friona Star's Cotton Bowl Football contest. As it was, there still was a three-way tie for second in the contest.

With most games going according to form, scores improved during the past week, and 23 contestants had scores of 12. From this group, young Jimmy Hamilton emerged as the winner, by missing the tie-breaker score (Friona vs Lockney) by only six points.

Hamilton picked Friona to beat Lockney, 14-7, when the

actual score was 14-13. His score guess won him the weekly prize of \$5.00.

Floyd Reeve, Mrs. Edward White and Nita Powell tied for second and third place, all missing the score by eight points. Reeve had guessed it at 13-6, while both Mrs. White and Mrs. Powell guessed the score at 21-14. Each of the three contestants were awarded \$2.00.

Owen Drake was one of the contestants correctly picking 12 games, and this shot him into a tie with Paul Mohr in the race for the contest grand prize, each having scores of 62. Sam Mears, Raymond Milner, Phillip Weatherly and Winston Wilson are a step back at 61.

The Hereford-Canyon game listed last week was a week premature, and this one was given to all contestants. The Texas Tech-Mississippi State contest, which was a 28-28 tie, was automatically counted wrong for everyone.

Besides the top four money winners, those picking 12 games of the 14 last week were Benny Pryor, Jerry Loflin, Lee Roy Nuttall, Gene Hamilton, Mary Pryor, Sam Mears, Phillip Weatherly, and Frank Truitt. Also, Owen Drake, Raymond Milner, Edward White, Dean Blackburn, Mrs. Glenn Phillips, John White, Bobby Wied, Teddy White, Janice Clark, Mike Pavalus, Sr., and Glenn Phillips.

The seventh weekly contest appears on an inside page this week.

Seventeen Students Make Straight A Honor Roll

Seventeen Friona High School students were listed on the straight A honor roll for the first six weeks grade period according to a release from the office of Principal Raymond Cook late last week.

They were Brenda Blackburn, Janice Clark, Rose Denney, Carlene Greeson, Denise Frazier, Lowery Harper, Shirley Johnson, Sally Kendrick, Norman Mohr, Joel Osborn, Darla Perkins, Karla Patterson, Missy Renner, Ray Russell, Jill Riethmayer, Connie Whaley and Lou Whaley.

Those making A's with 1 B were Debbie Baxter, Johnnie Barker, Isidore Cordova, Donna Carter, Linda Carson, Glenda Deaton, Paula Fortenberry, Carolyn Hutson, Bobby Thomas, Barbara Latham, Janet Mingus, Carolyn Martin, Dale Neel, Deloris Phipps, Mike Pavalus, Sheila Struve, Connie Stone, Shirley Schueler, Vickie Schueler, Wayne Schueler, Jeanne Thompson, Debra Wylie and Susan Vestal.

Names listed on the A's with 2 B's were Freddie Bailey, Nick Collier, Randy Dorrell, Margaret Emerson, Pam Hartwick, Randle Kelley, Donnie Lewellen, Gwyn Moore, Janice Miller, Dorothy Miller, Kathy McLean, Sandy Reznik, David Sides, Mary Scales, Dale Schueler, and Mollie Seright.

Those making A's with 3 B's were Randy Allmon, Bill Bailey, Ellen Denney, Don Fortenberry, Kathy Horton, Larry Johnston, Kathy King, Danny Kendrick, Pat Roberts, Angela Schilling, Jerry Shelton, Gay Welch and Cynthia Wiseman. Sharen Crofford, Hazel Fallwell, Bennie Hannold, Debra Mears and Bill Ruzicka were named on the A's with 4 B's list. Those making B's with 1 A were Dave Buske, Danny Carthel, Regina Duke, Marilyn Emerson and Rickey Pierce.

Lions To Hold Light Bulb Sale

The Friona Lions Club will conduct its annual light bulb sale Thursday beginning at 5 p.m.

Club members, as well as members of the Friona Noon Lions will canvass the city, selling packets of Sylvania light bulbs.

Proceeds of the project go toward the Lions' sight-saving programs.

Standard Time Returns Sunday

Frionans will be able to get that extra hour of sleep Saturday night that they lost last April -- at least theoretically.

When folks get up Sunday morning, they will find the time run back an hour to Central Standard Time.

Superintendent of Schools Alton Farr, reminded parents this week that the school time schedule will change to Standard Time, the same as business houses and others.

NEWEST MEMBER. . . John Bingham, left, vice president of the Chamber of Commerce, is shown presenting Don Powell of Don's Tasty Cream with the Chamber's "nest member" plaque.

Five Rural Accidents During September

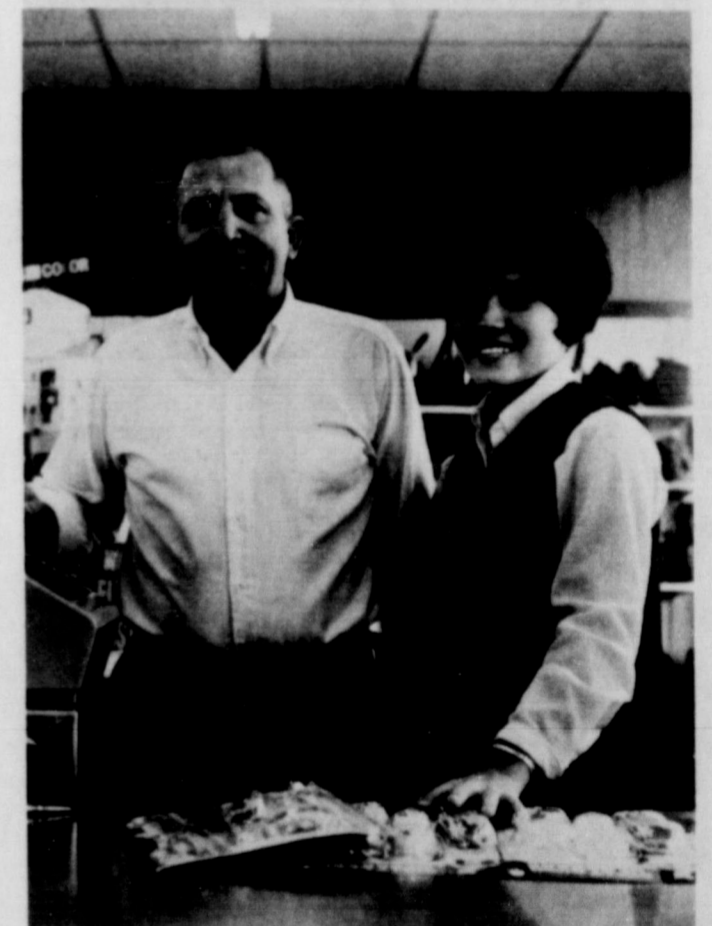

The Texas Highway Patrol investigated five accidents on rural highways in Farmer County during the month of September, according to Sergeant W.E. Wells, Highway Patrol Supervisor of this area. These crashes resulted in one person injured and an estimated property damage of \$2,995.

The rural traffic accident summary for this county during the first nine months of 1968 shows a total of 93 accidents resulting in four persons killed, 53 persons injured, and an estimated property damage of \$51,632.

"Accidents Go Up When The

Sun Goes Down," is a slogan so true. Darkness hides danger, giving the driver a false sense of security. That is the reason traffic accidents increase during October's shorter days and longer nights. Statistics prove that traffic deaths will increase over 40 per cent during this period of shorter days and longer nights.

At sundown, long shadows and fading lights make it increasingly difficult for drivers to spot traffic hazards and stop in time. The veteran patrol supervisor said, "Make it a habit to turn on your driving lights at the first sign of fading light and falling shadows."

D-E STUDENT. . . Mary Rando, right, is saluted this week by Friona's Distributive Education and ICT classes as their "Student of the Week." Mary is employed at Friona's Ben Franklin Store, and is shown with Kenneth Williams, owner.

PRICE SPEAKS. . . Congressman Bob Price, left, chats with C.W. Dixon following Price's "town hall" report at the Farmer House Restaurant in Friona on Monday. Price discussed issues of the campaign before the luncheon gathering.

PICKETS. . . Another first for Friona, this time pickets carrying signs, have been in evidence at the entrance to Missouri Beef Packers during the past week. Workers went on strike last Thursday for additional wages.

Support CROP Drive By Friona Youngsters

It will take you about one minute to read this article, and in this interval 21 persons will have died from the effects of malnutrition. In the same amount of time the world's population will have increased by some 88 persons -- the difference between total births and deaths.

This means that there will be 180,000 more persons for breakfast tomorrow. Experts estimate that there are 3,400,000,000 people in the world and half of them go to bed hungry every night.

These statistics show that there is a world war going on right now -- it is the war on hunger and all must join this battle.

A group of young men of our community has joined the battle and will be coming by your home on Tuesday night, October 29, to ask you to contribute to CROP. The FFA boys, under the supervision of Mr. Benny Pryor, and Bob Middleton and Rev. Paul Mohr, will ask you for money which will be used to help provide for the handling and distribution of government-donated foods, as well as other assistance -- high protein foods, emergency supplies, seeds, agricultural tools.

Last year, the FFA boys collected \$240.00 and helped others throughout the state of Texas collect over \$65,000 for the program. These amounts helped CROP to provide almost 10 million pounds of food. Watch for the boys next Tuesday, so that we can do better this year.

Pause And Reflect

By Nelson Lewis

The day is rapidly approaching when we run our clocks back and return to "suntime" and once again abandon "daylight saving time."

There is usually a certain amount of confusion connected with this operation.

A year or so ago a friend of mine set his clock ahead and then his wife came along and did the same thing. He arrived at work almost two hours before he should have.

We might better stay on suntime. If these modern politicians start running "time" like they do other things no telling where we will wind up.

Several years ago a bunch of us were working at the Marine Base at Paris Island, South Carolina.

Due to over-crowded living conditions four of us shared a large bedroom.

Three of this ignoble quartette had been downtown and returning in a somewhat jovial mood found our buddy in bed and fast asleep.

We were undressing to retire when he awakened and asked what time it was.

Inspired by the same friend we all told him it was six o'clock in the morning.

He jumped out of bed and began to dress for work.

We walked about yawning and stretching and stalled until he had completed dressing and left for the dining room to eat breakfast.

Finding the kitchen and dining room dark and deserted he assumed that it was very, very early in the a.m. -- then he entered the lobby and turned on the TV to get the news. He got it all right, but it was the 10 o'clock at night broadcast.

Returning to the bedroom he found us pretending to be asleep. He expressed himself in no uncertain terms (his exact words will be understandably omitted.)

Next day his friend thought was the purchase of a new wrist watch.

His second was to fill all our pants pockets with shaving cream.

Most of us are driven by two very stern taskmasters -- Time and Money.

We may not have the same amount of money but we do have the same amount of time -- 24 hours a day.

Its how we spend both that is important. A young lady told me that she was "filled with compassion" for a certain segment of our population and that she wished she could "do something for them."

She was thinking of help or charity, in terms of money alone. She failed to realize her time spent in friendly, constructive conversation much more badly than they needed financial aid.

We might profit by heeding Longfellow when he says in his poem "Psalm of Life" --

Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time.

Frionans Attend Colorado Funeral

Mr. and Mrs. Travis Light returned home Tuesday after attending funeral services in Denver for Mrs. Dora Gregory, Mrs. Gregory, who was the mother of Travis Light and grandmother of Friona's former football coach, Don Light, had lived in the Mount Vista Nursing Home in Wheatridge, Colorado, several years.

Other survivors include two sons, O.Z. Light, Panhandle and Cordell Light, Amarillo; three daughters, Lola Tracy, Aurora Colorado, Ethel Chiddister, El Paso, and Pauline Oliver, Evergreen, Colo.; 18 grandchildren; 33 great-grandchildren and two great-great-grandchildren.

Notes From F.A.R.M.

(Friona Association Of Retail Merchants)
By Chuck Everett

Supporting your town gives it a better foundation. "Talking up" your town will build up its character.

Take time to analyze the fact that Hereford has recently announced its new Wilson's parking plant. Hereford is enjoying tremendous growth. Why isn't Friona??

Every business will look at land, location, business opportunity, availability of transportation, but just as important, they want the support of the people to back them up. New business wants to know they are welcome and will be accepted.

To secure new businesses or industries, we desperately need a financially solvent chamber of commerce. If we would give our fair share in dues, businesses, townspeople and farmers, the chamber could hire a capable manager.

The chamber could appoint committees (finance, transportation, local affairs, etc.) and get the ball rolling our way. We have people working on various projects right now, but they can't do it all by themselves.

To show you what I mean, one cannot get paid unless he works for his wages. He still cannot get paid if the man he is working for does not make enough money to pay him. Point in hand; it takes money to make money.

If we want more economical rates and prices, if we want a greater selection and variety;

OUR READERS Write

Dear Carol and Bill,
Once again we have reason to be very proud of the Friona homefolks.
On October 19th, the annual fall workshop and board meeting of Caprock District Federated Women's Clubs convened in the Friona High School. There were so many compliments on this building and our town facilities in general.
You may be interested to know that, at the end of the session, a resolution was passed thanking Friona "Star" for the wonderful write-up you gave in your paper -- Charles Allen and the Friona merchants for their hospitality bags "Com-

pliments Chamber of Commerce" - Mayor Edelman for his speeches -- our Senior Girlsout troop for their flag ceremony - Eva Miller and her Trebellaires for their music with special thanks to Risa Howell and Esther Smith for their accompaniment - Mr. Alton Farr for all his help at the high school and to the cafeteria ladies for providing an excellent meal.

To all these people I would add the thanks of Friona Woman's Club, Modern Study Club, Progressive Study Club, New Horizons Jr. Study Club, Anne Spring

OUR READERS
Write

Hi Folks,
As you can see I have nearly 3 months down, and it just doesn't seem possible these months I have looked back and pondered on what has taken place just during this relatively short period of time. I have seen sights I thought I would never see, and I hope I shall never see again.
For example, I have been in 5 rocket attacks and 2 ground attacks, I have seen and felt the concussion of 1.22 MM rockets hitting less than 90 meters from our bunkers and seeing the flashes from the NVA launching them from the side of the mountains which surrounds this valley.
Then almost in minutes gunships leap into the air and with their mini-guns and rockets, they pelt the area of the flashes. Many of the copters bravely take off even while the rockets were hitting the pad, flying just barely 20 feet off the ground to avoid being hit by enemy ground fire.

Incidents like this happen daily all over Vietnam, you get to the point where it becomes part of your daily life over here. The other factors is the elements. Right now we are in the Monsoon season and it will rain like this until March. The way a typical day during the Monsoon season goes, is that it will be hot real early in the morning, up in the eighties as a matter of fact, then about 10 o'clock it starts to rain and boy, does it pour at the rate of about 2" per hour for about 3 hours then it will stop abruptly and then it will be hot with temperatures in the nineties and 98% humidity and just as regular as clock work it starts again at 6 o'clock in the evening for another 3 hours. When the Monsoon season is over it is nothing but hot! hot! hot! with temperatures in the range of 120 degrees plus.

Vietnam is strange in other respects such as, there are plenty of trees but no birds, only an occasional night hawk and his may be a rare find.
Here in the Nam we put in long hard hours especially in aviation, because here in Vietnam as you will know the helicopter is just about the prime mode of transportation and the main strike force of combat operations here in Vietnam, with such work horses as the

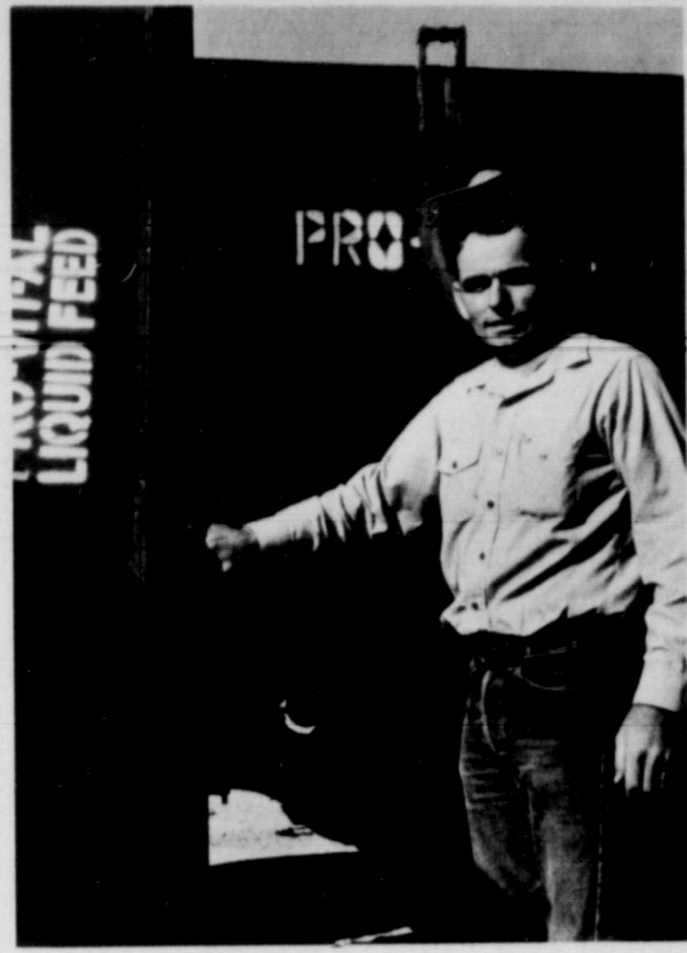

Huey, Cobra Chinook, Sky-crane etc. and its a big job to keep these aircraft in peak operating efficiency. You have probably heard of the Ashaw valley. We are camped just 30 miles from it. It was once the main stronghold of the NVA but due to the last com'at operation "Summeralt Plain" we managed to break down key enemy strongholds in the valley, but persistently the enemy still is trying to get it back, but if the elements of the 2nd - 1st of the 502 and our helicopters assaults and airforce and naval strikes, we should continue to hold fast. My only hope is that for our sake, I hope and pray they don't stop the bombing because it would put everything we have so far in jeopardy, if anything, I feel we should "march" all the way to Hanoi and punch Uncle Ho in the mouth. The reason is a military one, which is a very simple one, keep Charlie's supplies from getting through and building them up.

I am sure though that our top government officials and the people of the United States will make the right decisions. I hope everyone is feeling fine and I want to let you know that I am feeling fine and in good health under the circumstances and I am thankful that I am in the division that I am in now, because we get things done, as the motto goes "Airborne all the way."
Love Tom

(Editor's Note: The above is a letter from Tom Shelton, the son of Mr. and Mrs. John Shelton of Friona, who is stationed in Vietnam)

Date Set For Annual Bazaar

Announcement was made early this week of the coming annual November 5 Bake Sale and Bazaar, which is sponsored by members of Women's Fellowship of Union Congregational Church.
The sale will begin at Bi-Wize Drug at 9:00 a.m. Cakes pies and other baked items will be on sale as will a large variety of hand made articles which will be suitable for gifts or personal use.

NEW BUSINESS... Eugene Cole is the owner of Friona's newest business, Pro-Vit-A1, a liquid feed operation Cole is shown in front of his truck, loaded with the self-feeders which he delivers.

NEW UNIFORMS. . . Employees of the City of Friona are shown with new uniforms which the city began furnishing. In the back, left to right, are Clyde Fields, Kenneth Brook-

er, Howard Love, E.E. (Dutch) Sparkman and Rafael Gonzales. Kneeling are Louis Murietta, Albert Woffington, Ruben Martinez, P.C. Aragon and Juan Samarron.

Local Pass-Punt-Kick Winners Given

Winners were announced this week in the annual Pass, Punt and Kick contest, co-sponsored by the National Football League and Ford Motor Co.

Friona winners went to Hobbs, N.M., where they com-

peted in the "Zone" eliminations. David Barnett was second in his age group (10 year) for the second straight year. Johnny Rando was third in the 12-year group. David Hutson, a first-place winner last year,

was fourth this time in the 11-year-old group. In the local contest, Clint Mears, David Barnett, Steve Owens of Farwell, Johnny Rando, Gary Staples and David Hutson were the age-group winners.

Second and third-place winners included Teddy King, Johnny Bandy, Clay Bandy, Kevin Welch, Jay Jarboe, Jeff Porter, Mark Neill, Dee King, Freddy Barron, Keith Martin, Waymon Lee and Gene Strickland.

Back-To-School Night Planned

The annual back to School night for parents of students in the fifth through eighth grades will be held on Monday, according to principal Tom Jarboe.

Fifth grade parents report to their children's home rooms, and parents of boys and girls in sixth through eighth grades will go to their children's first class where schedules will be provided. The program starts at 8 p.m.

On The Farm In Parmer County

RONNIE McNUTT
County Agent

Farmers and businessmen in Parmer County will want to obtain a copy of the 1968 High Plains Irrigation Survey now available at the County Extension Office in Farwell. The survey contains loads of valuable information on irrigation in Parmer County as well as 41 other counties in the Panhandle and South Plains.

The survey gives the total number of irrigated farms, irrigation wells and current irrigated acreage for each county. It also shows the irrigated and dryland acreages for individual crops and pasture for this year. Irrigated acreages are listed by both surface and sprinkler irrigation methods. (Data on the kind of fuels used by the irrigation power units are also a part of the survey.)

In addition, trends over the past 10 years in irrigated acreages of major crops are included in the report. Other trends shown are pump capacities, pumping lifts and the number of wells required to supply water.

The survey is of value to individual farmers and others who keenly observe conditions, changes and trends in irrigation. Industry and commercial firms find the survey valuable in planning business activities.

The survey is prepared annually by the Texas Agricultural Extension Service, having been published since the early 1950s when irrigation in the High Plains really began to boom.

All the facts and figures on each county in the irrigation survey are obtained through the efforts of the county agricultural agent. This county information is then sent to Leon New, Extension Area Irrigation Specialist at Lubbock, who compiles the complete report. The survey is sent to equipment firms, fertilizer, chemical, seed and utility companies and government and education agencies throughout the area.

IRRIGATION PUMPING PLANT REPORT

The Texas Tech Agricultural Engineering Department recently released an irrigation report on pump power requirements, pump efficiency and power unit efficiency. This report presents complete performance test results on 134 pumping plants located primarily in the High Plains.

The report shows the pump efficiencies range from a low of 6 per cent to a maximum of 82 per cent. The 82 per cent was on a new installation and is about the maximum that can be expected. Efficiency is the ability of the pump to convert engine horsepower into available water. It has a direct influence on the cost of pumping water.

Factors that influence efficiency are pump wear, the dropping water table, improper pump selection and pump adjustment. Repairs to pumps will not only reduce water costs, it should increase the pump output.

Factors that influence efficiency are pump wear, the dropping water table, improper pump selection and pump adjustment. Repairs to pumps will not only reduce water costs, it should increase the pump output.

Irrigation Test Underway On Farm Near Bovina

How to manage irrigation water for maximum profit? That's a big question facing many farmers. Decisions that put available irrigation water to its maximum producing power are not always evident.

C.W. Bowman, who farms 6 miles west of Bovina, and County Agricultural Agent Ronnie McNutt have teamed up to provide some answers to this question.

Cotton is being grown this year on Bowman's farm under four different irrigation practices or moisture levels. Results of this irrigation demonstration will be good guides on which to base irrigation management decisions.

One plot has received only one irrigation during the growing season. It was applied on August 6 at peak bloom which is the maximum water requirement period for the cotton plant. Every furrow was irrigated.

Another plot received two irrigations, one on July 15 and the second on August 6. The first irrigation was applied when the first bloom appeared

IRRIGATION TEST. . . C.W. Bowman, who farms near Bovina, is shown in his cotton field, which is being used as an irrigation test plot this year, with various irrigation techniques being tried. Results of the test could prove interesting to area cotton farmers.

and the second, at peak bloom. Every furrow was irrigated during both applications.

Still another plot received the same two irrigations on July 15 and Aug. 6. In this plot only alternate furrows were irrigated instead of each furrow.

The last plot received three irrigations. These were applied on July 15, Aug. 6 and August 22. Every other furrow was irrigated during each application.

Bowman kept irrigation cost records, these being the application costs of fuel and labor. They can be deducted from the cotton income to determine the most profitable irrigation practices. A major factor influencing cotton production and profit is quality. Cotton from each plot will be graded to determine quality variations from the different irrigation practices.

Bowman farms on one-half-mile rows. Siphon tubes were set on 15 rows and left 12 hours for each irrigation. Well or pump capacity was measured to

determine the amount of the irrigation.

Bowman planted the four irrigation plots to Paymaster 111 the last of April. He applied 150 pounds of 18-46-0 and 50 pounds of anhydrous ammonia. A fifth plot, irrigated three times, alternate rows, is planted to Gregg.

You will want to follow the

results of this cotton irrigation demonstration. Results will be available after harvest and will also be printed in the Parmer County Agricultural Demonstration Handbook which will be released by McNutt next winter.

A similar demonstration was conducted on grain sorghum on the Ronald Minyen Farm.

At Home In Parmer County

By CRICKET TAYLOR
County HD Agent

Several important events are scheduled for November for Extension Clubs and 4-H'ers.

The County Gold Star Banquet for 4-H members (who completed project work) and their parents will be held Nov. 9th in Bovina. Here an outstanding boy or girl will be receiving recognition for their 4-H work. Awards will also be presented to members who have done outstanding work in 4-H projects this year. This special recognition banquet is made possible by the Bailey County Electric Cooperative Association in Muleshoe and the various business establishment in Parmer County who are donors of cash awards. This event is the highlight of the year for 4-H'ers.

The District Gold Star Banquet in Amarillo on the 10th is a highlight of the year for the County Gold Star winners.

COUNTY EXTENSION CLUB events. For Extension Club women the Holiday Cookery affair is a special event for November. It will take the place of their regular club meeting and will feature special holiday foods using various appliances in the home. It promises to be fun, as well as informative.

Last but not least, the Annual Luncheon of Parmer County Extension Clubs will be held at Friona Parmer House Restaurant in November and this is an event that club women are looking forward to also.

With the holiday season close at hand thoughts of homemakers turn to Holiday Cookery. Request for a "repeat" on the "Three Day Canned Pineapple," has come in. If your thoughts are turning to holiday baking this recipe is a money saver for your fruit cakes.

THREE DAY CANDIED PINEAPPLE
1 can (1 lb. 4 oz.) sliced pineapple
1/2 box confectioners sugar
(Approx.)

1 3/4 cups granulated sugar
FIRST DAY: Drain pineapple in colander for 10 minutes. Sprinkle half the granulated sugar in a large skillet. Arrange the pineapple slices on the sugar in a single layer. Sprinkle the remaining sugar over the slices. Let stand for 24 hours at room temperature.

SECOND DAY: Bring the sugared fruit to a boil. Cook, at a

Leather-Like Fabrics New For Fabrics Lovers

The leather-like fabrics duplicate many of the new looks in real leather.

Three types of this new fabric are available by the yard, according to clothing specialist at Texas A&M University.

One is a vinyl surface with cotton knit backing. It comes in light to heavy-weight with smooth or antiqued finish in a variety of colors. Some are machine washable but should not be ironed, warns the specialist.

The cotton canvas has a resin or polyurethane coated outer surface. This type may be ironed carefully on the wrong side and washed and dry cleaned.

The third type, nylon knit, has a soft, sleek kid-like surface which may be washed and pressed lightly.

boil, for 5 minutes. Lower heat and cook on simmer 15 minutes. Turn over the pineapple slices occasionally, watching carefully to make sure they don't scorch. Let stand until the following day.

THIRD DAY: Pat sides and edges of each slice in sifted confectioners sugar to make a thick coating. Let slices stand on a wire rack for 24 hours. Acrosty glaze will form. Store in a loosely covered container. If slices become moist, roll in confectioners sugar. Yield: 10 slices candied pineapple.

CALL YOUR
PUBLIC SERVICE MANAGER

A few days ago I heard a radio announcer say, "There are only 92 shopping days left between now and Christmas." Thinking Christmas couldn't possibly be that close, I counted the days on the calendar. Now I know that after today (Thursday) there will be only 55. Most of the people I know think each year, "Next year I'm going to do differently, to eliminate some of the pre-Christmas confusion."

Then if you do some checking, each Christmas is just about like the one before. In spite of our good resolutions from the year before, we reach about the same state of confusion each year. Some of this can be eliminated if we will do some sensible planning, then carry out some of our plans.

At least one Farmer County resident gets her Christmas baking done ahead of time. Really she has her affairs no more organized than a lot of the rest of us and lets some things do undone until the last minute, but not her baking. For a number of years Mrs. E.L. Fairchild has baked fruit cakes for her own use as well as for gifts for other members of her family, friends and persons she wants to remember.

Monday morning early she was in town doing some errands and stopped in for a brief chat. Had I not known her better, I would have thought her excuse for being in a rush was a trumped-up one. When she first came in, she said, "Now, don't keep me too long. I left some cakes in the oven and have to be there to take them out at ten."

Another local resident who started her Christmas gift making early is Mrs. G.E. Reed. She is kept pretty busy with assisting her husband in the operation of the cleaning shop, doing lodge work and keeping up with the interests of her children, grandchildren and others.

Before school started Juanita had a number of garments made and said, "If I don't do some Christmas sewing in the summer, I never get it done."

Perhaps some of us, who are prone to put off our sewing, baking or other gift making would pattern after these two. We would eliminate some last minute frustration. Then, too, our local merchants generally have Christmas merchandise in by the first of November and we could do a lot of early shopping if we would just get busy.

The time to begin is right now.

Activity is beginning in the area of Reeve Lake just west of Highway 214 and north of Highway 60. Dirt moving equipment is at work and stakes have been set for a large project. The city may have its second park sooner than has been expected.

Since most of our readers are farmers or are "farm connected," maybe you will enjoy "What is a Farmer?" It has appeared in several farm publications, so some of you may have already read it. However, for those who have not had the pleasure of reading it, it is being re-printed:

WHAT IS A FARMER?

A farmer is a paradox -- he is an overall executive with his home his office; a scientist using fertilizer attachments; a purchasing agent in an old straw hat; a personnel director with grease under his fingernails, a dietitian with a passion for alfalfa, aminos, and antibiotics; a production expert with a surplus; and a manager battling a price-cost squeeze.

He manages more capital than most of the businessmen in town.

He likes sunshine, good food, state fairs, dinner at noon,

Play Clay Politics

Election time is close at hand and politics is the topic of conversation. For your gatherings, whether political or not, show that you are involved; display political decorations molded right in your own kitchen from an inexpensive Play Clay made from corn starch and baking soda.

Play Clay: Combine 2 cups (1 pound package) baking soda and 1 cup Argo corn starch in saucepan, mixing thoroughly. Add 1 1/2 cups water. Mix. Bring to a boil over medium heat, stirring constantly until mixture reaches a moist mashed potato consistency.

Turn out on plate; cover with a damp cloth and let stand until cool enough to handle. Knead as you would dough until smooth. Mold play clay over small cans for body of donkey and elephant. Add heads, legs and

other details by modeling play clay into proper shapes. Use pencils, small sticks or rolled light-weight cardboard in the center of animals legs to insure sturdiness. Use pipe cleaner to help shape the elephant's trunk and add paper tusks, while clay is still soft. Form the tails with string or cord. Let animals dry at room temperature or on rack in oven which has been preheated to 350°F., then turned off. When dry, paint with water colors or tempera paint.

LONG TALL MAMA

The tallest woman of all time was probably the Greek girl Wassiliki Calliandji (1882-1904) who stood 7 feet 6 1/2 inches!

suctions, his neighbors, his shirt collar unbuttoned and, above all, a good soaking rain in August.

He is not much for droughts, ditches, throughways, experts, weeds, the eight-hour day, grasshoppers or helping with housework.

Farmers are found in fields -- plowing up, speeding down, rotating from planting to, fertilizing with, spraying for, and harvesting. Wives help them, little boys follow them, the agriculture department confuses them, city relatives visit them, salesmen detain them and wait for them, weather can delay them, but it takes heaven to stop them.

A farmer is both faith and fatalist - he must have faith to continually meet the challenges of his capacities amid an ever-present possibility that an act of God (a late spring, an early frost, tornado, flood, drought) can bring his business to a standstill. You can reduce his acreage but you can't restrain his ambition.

Might as well put up with him --he is your friend; your competitor; your customer; your source of food, fiber, and self-reliant young citizens to help replenish your cities. He is your countryman -- a denim-dressed, business-wise, fast growing statesman of stature. And when he comes in at noon, having spent the energy of his hopes and dreams, he can be recharged anew with the magic words: "The Market's Up."

When men come to blows, it is a sure sign that they have run out of ideas.

How To Vote A Straight Ticket or A Split Ticket

To vote a "straight party" ticket, mark an "X" in one, and only one, of the boxes on the ballot's top line:

Candidates for:	<input type="checkbox"/> PARTY A	<input type="checkbox"/> PARTY B	<input type="checkbox"/> PARTY C
-----------------	----------------------------------	----------------------------------	----------------------------------

To vote a "split ticket" do not mark any box on the top line. Instead, mark "X's" in the boxes at the side of the individual candidates of your choice:

Candidates for:	<input type="checkbox"/> DEMOCRATIC PARTY	<input type="checkbox"/> REPUBLICAN PARTY	<input type="checkbox"/> AMERICAN PARTY
Pres. & V. Pres.	<input type="checkbox"/> HUBERT H. HUMPHREY EDMUND S. MUSKIE	<input type="checkbox"/> RICHARD M. NIXON SPIRO T. AGNEW	<input type="checkbox"/> GEORGE C. WALLACE S. MARVIN GRIFFIN

State Treasurer	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Election Ballot Change May Confuse Some Voters

Two factors may cause some balloting confusion in the November 5 general election, election officials in Texas forecast this week.

The two factors are:
1. A new State law has inserted a new top line on the paper ballots so that persons desiring to vote a "straight party ticket" may do so by making one mark. This new line is expected to confuse not only the "straight ticket" voters, but also the "split ticket" voters.

2. "Split ticket" voters are expected to be more numerous than ever before, especially since there is a third party, the American Party, and it has candidates for only President and Vice-President and no other offices.

Voters are cautioned to be certain that their ballots are properly marked so that their intentions will not be subject to interpretation by election officials.

The "scratch" method of voting, which some people prefer, is still permitted. However, voters using this method are cautioned to be certain to mark through all names in all three party columns for which they do not wish to vote.

There are 19 counties in Texas that use voting machines. As in the past, one lever can be pulled to vote a "straight ticket." To vote a "split ticket," individual levers should be pulled for each candidate of the voter's choice. Persons who are uncertain as to how to operate a machine should contact one of the election officials before entering the voting booth.

Voting machines are scheduled to be used in the following counties: Bell, Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Nueces, Potter, Randall, Rusk, Smith and Tarrant.

Once you decide to break a bad habit, don't wait to act on your resolution. No exception to the rule should be allowed until the old habit is broken. Faith in God can often be helpful in breaking bad habits, according to Dr. Oswald Hoffmann of radio's famed Lutheran Hour, as can discussing the problem with a trusted friend or member of the family.

WOMEN VERSUS MEN

A woman's tear ducts are twice as active as a man's, scientists report--and females may suffer from headaches nine times as often as males. The most common type of female headache is the tension or muscle-contraction headache, according to the makers of Cope, a headache remedy made especially for women.

A new wave of air travel is hailed by this Dior model wearing a one-piece jumpsuit created for the supersonic hostess of 20 years from now.

The hooded silhouette-shaped costume of navy blue stretch fabric is trimmed with light blue metallic-finish leather. It was designed by Dior in honor of Air France's 20th anniversary of transatlantic service.

Sleek simplicity marks both the slash pocket lines and the fitted helmet hood with its light blue visor. Friction snap closings accent the circular collar and conforming cuffs.

Dior's mannequin is set against the background of the 1,450-m.p.h. Concorde jetliner, which will set the pace for Air France's fleet in 1971. Flying at nearly twice the speed of sound, the aircraft will deliver passengers from New York to Paris in 3 hours.

CONTEST RULES

1. Pick the winners of the 14 games listed in the advertisements on this page. Write the winners in the blanks provided on the official contest blank.
2. Pick the score of the tie-breaker game. This score will be used to break weekly as well as grand prize winners.
3. Bring your entry blank by the Friona Star or Bi-Wize Drug by 5 p.m. on Friday. Entries must be post-marked on Friday to be eligible, if mailed.
4. The leading contestant at the close of 12 weeks will receive two free tickets to the Cotton Bowl Football game, along with \$25 expense money and hotel reservations. Second place winner will receive two tickets to the Sun Bowl game and \$25 expense money. Third place winner gets two season tickets to the Friona Chiefs games next fall.
5. Only one entry per person.
6. To count for grand prizes, entries must be on official blank printed in the paper.
7. Contestants must be 12 years of age or older.
8. Everyone eligible to enter (sponsors included) except employees of the Friona Star and their families.
9. Weekly prizes of \$5, \$3, and \$2 will be awarded to first, second and third place winners.

Chiefs, Floydada...

(Continued from Page 1)
The Friona coach indicated that center Donny Carthel, hobbled all season by injuries, has bursitis in an elbow and is a doubtful starter. Carthel was out with a leg injury for several games, but got well in time to kick two big extra points in last week's 14-13 win over Lockney.

Joe Boggess missed early-week workouts with a pulled muscle, but was expected to be ready to go.

Mr. and Mrs. Doug Whatley and children from El Paso were visiting in the Sloan Osborn home last week.

If you have a young finger-paint artist in the family, keep his clothes free of the paint with a pint-size artist's smock. Ideal for it is a man's old cotton shirt. Cut the collar and sleeve off and finish with a machine stitch. Shorten the hem. The finished "smock" is worn backward. Pop the washing machine w/ colored cottons.

Frioman Honored

Mrs. Bill Stephens was honored with a birthday dinner Sunday by Mr. and Mrs. M.B. Harper. Others present were Mr. and Mrs. Bert Harper, Antonio, parents of the honoree, Mr. and Mrs. Vernon Mason and Melissa, Clovis, and Mrs. Basil Jones and Stephanie, Friona.

Twin Girls Born To Don Watsons

Captain and Mrs. Don R. Watson became parents of twin girls in the Fort Rucker Air Force Base Hospital, Fort Rucker, Alabama, October 7. They were named Donna Raelene and Della Christine and weighed 6 lbs. 1/4 oz. and 6 lbs. 10 ozs.

Paternal grandparents are Mr. and Mrs. C.A. Watson, Lazbuddie. Capt. Watson is a 1962 graduate of Lazbuddie High School and is stationed at Fort Rucker.

Maternal grandparents are Mr. and Mrs. Coy Wheeler, Columbus, Georgia.

Bumper Crop

All About King Cotton

If you depend on king cotton for your livelihood, you're not alone; for according to government statistics, nearly 11 million American workers and their families also rely on this 3,000-year-old "wonder" fabric to make ends meet.

And "wonder" fabric is exactly what it is. The fiber, for example, can be woven into cloth one-fourth inch thick or so sheer and delicate as to have been referred to as "webs of woven wind."

A pound of cotton can be spun so coarse that it would extend not more than a few hundred yards, or so fine that it would reach from Washington to New York. Cotton cloth can be woven so tightly as to be waterproof. Chemical processes can make it resistant to flame, oil, rot, mildew, heat and scorch. Modern cotton fabrics can be truly wash and wear. With all of these attributes, the demand for cotton goods is greater than

ever. Farmers - particularly in the Southern Plains and Mississippi Delta regions - are meeting this demand by growing 2, 3, 4 and even 5 bales of cotton per acre - and, thanks to good management and improved fertilizers, are using less labor in doing it.

Studies at the Texas Agricultural Experiment Station in Lubbock, Tex., revealed recently that yield differences between fertilized and unfertilized continuous cotton increased each season. What's more, after two years of applying high analysis nitrogen and phosphorus fertilizers, the number of pounds of lint cotton per acre soared close to 900 as compared to 385 pounds per acre without help from fertilizer treatment.

Many farmers have found it most profitable to spread on high analysis plant foods - like Ammo-Phos fertilizers made by Olin - during the first couple of weeks in January or as soon as weather permits. These farmers have found Ammo-Phos fertilizers to be pelletized, ammonium phosphate fertilizers that are highly water soluble and convenient to use. In fact, according to leading agronomists at the Olin Mathieson laboratories, Ammo-Phos fertilizers revolutionized the fertilizer industry.

OCEANSIDE GOLF . . . Golf is an outdoor game with scenic beauty sometimes an added bonus. Oceanside holes are hallmark of the Bermuda links. There are five golf courses in the mid-ocean vacationland, embracing 72 holes. Prevailing breezes allow comfortable playing conditions just about anytime of the year.

VOTING RECORD & POSITION

***WATER DEVELOPMENT**

Bill Clayton has been directly associated with every major piece of water legislation passed during the last six years. He is recognized by his colleagues as being one of the most effective and well informed members of the Texas Legislature on water and soil resource development and conservation. Bill Clayton knows the vital importance of water, not only to your future, but to the future of the entire State. Past accomplishments and effective leadership have made Clayton vital to continued progress in development of water resources for the High Plains.

***EDUCATION**

Child by child we build our nation. . . tomorrow depends on today's children and young adults. Bill Clayton is ever mindful of the need to raise our standard of excellence in the Texas school systems. This can only be done through the uprating of the Texas schools, and dedicated recruitment of the finest teachers. Clayton co-authored a bill that created the "coordinating Board of Texas Colleges and University systems. His voting record shows a continued support of teacher pay-raise and the strengthening of all educational systems in Texas.

***LAW ENFORCEMENT**

Today, law enforcement agencies are facing new problems. Bill Clayton is concerned about the breakdown of law and order. Clayton has been active in seeking higher salaries for law enforcement officials and uniform standard procedures. Bill Clayton served on a special House Committee which will suggest revision of our obsolete liquor laws. Clayton believes that all people must respect the law and that proper enforcement is essential to maintain law and order.

BILL CLAYTON

Representing
The 72nd

Legislative
District

Your Effective Voice In State Government

Take advantage of this opportunity to keep your firm grip in the State Legis-

lature by going to the polls on November 5th, and casting your ballot for **BILL CLAYTON.**

VOTING RECORD & POSITION

***INDUSTRIAL DEVELOPMENT**

Bill Clayton knows that industrial development helps to stabilize the economy of any given city or area. During his six years in the Legislature, Bill Clayton has worked aggressively for industrial development for our area of the State. Several smaller cities in our 72nd Legislative District now have airports as a result of Clayton's assistance in starting a program of State grants. These State grants are financed with unclaimed gas tax refund on aviation fuel. Bill Clayton knows that airports help encourage industry in less densely populated areas.

***TOURISM**

Bill Clayton has worked hard for tourism during his six years as State Representative. Clayton, House Speaker Ben Barnes and other interested legislators were successful in establishing a National Park in the Big Bend area of West Texas. The water importation program being led by Clayton will develop many new recreational opportunities with huge water reservoirs for fishing and boating. Bill Clayton realizes both the need for more recreational facilities in his district and increased business activity from tourist trade.

***COUNTY, CITY & LOCAL GOV'T**

Bill Clayton has been a strong advocate of local government. He is currently serving as chairman of the Committee on Counties of the Texas House of Representatives. Clayton believes that government at the county and city level are more responsive to the people and whenever possible they should take the lead and the responsibility of many governmental programs and functions. Clayton has authored many bills that benefit the cities and support the idea of allowing cities and the option to choose their own method of taxation. Bill Clayton is needed on the job for more effective and responsible county, city, and local government action.

THE 72nd DISTRICT NEEDS BILL CLAYTON

Pd. for by: Bill Clayton for Better Government Fund. Virgie Haile, Chairman, Littlefield, Texas

WEDDING PLANS ANNOUNCED... Mr. and Mrs. Travis Bales of Amarillo have announced the engagement and approaching marriage of their daughter, Ginger Buckley, to Mike Stephens, son of Mr. and Mrs. Bill Stephens. Wedding vows for the couple will be read at 8 p.m. Saturday, December 7, at Hamlet Baptist Church, Amarillo. Invitations are not being mailed locally, but friends of the couple are invited to attend.

Program Presented

By Mrs. R.B. McKee

Mrs. R.B. McKee presented the program at the regular meeting of Women's Fellowship of Union Congregational Church Wednesday afternoon. Her theme was "We Have A Relationship." The devotional was presented by Mrs. Elmo Dean. Guests were Rev. Paul Mohr, Mrs. J.C. Wilkinson, Laguna Park, Texas, and Mrs. William

Thornton, Benton Harbor, Michigan.

Members present included Mesdames Paul Mohr, F.W. Reeve, Walter Loveless, Mike Pavalus, Elmo Dean, Malinda Schlenker, Marie McKee, O.F. Lange, M.S. Wier, Carl Maurer, Lillie Taylor and Bert Shackelford.

Church Women To Meet Friday

The Friona Women's Inter-denominational meeting will be held at the Friona Methodist Church Friday, October 25, at 2:30 p.m.

Rev. Bill Foil of the First Baptist Church will be the featured speaker. Devotional will be given by a representative of the Calvary Baptist Church.

All women in the Friona area are invited to attend, according to Mrs. R.B. McKee, spokesman for the group.

THE FRIONA STAR

Society

Chloe Ann Ford Weds John Edward Ferguson

In a candlelight ceremony at Friona United Methodist Church at 8 p.m. Friday, October 11, Chloe Ann Ford, daughter of Mr. and Mrs. Howard Ford, became the bride of John Edward Ferguson, son of Mr. and Mrs. Emory Ferguson, Portales, New Mexico.

The double ring vows were read before an arrangement of arched candelabra holding white tapers and entwined with greenery and centered with a white satin covered kneeling bench by Rev. James Price, pastor.

Traditional wedding marches were played by Dorothy Hough, organist. She also accompanied Mrs. J.L. Witten, soloist, as she sang, "Whither Thou Goest," and "The Wedding Prayer."

Susan Mills was the maid of honor and Mrs. Kenny Ford, sister-in-law of the bride, was the matron of honor. They wore identically styled street length dresses of Nile green satin designed with empire bodices accented with matching velvet ribbon with flat bows in the center fronts. Their veils of tulle were held by velvet ribbon bows

matching their dresses. They wore white carnation corsages. Tommy D. Hill, Portales, was the best man. Kenny Ford, brother of the bride, was the groomsmen. Ushers were Barry Don and Gary Von Detson, Portales. Doug Norwood, cousin of the bride, and Karen Ferguson, sister of the groom, were candlelighters.

Monique Osborn, cousin of the bride, was the flower girl. Another cousin, Jim Norwood, carried the rings and an heirloom white satin pillow appliqued with twin red satin hearts and white satin ribbon ties. The bride, who was escorted to the altar and presented in marriage by her father, wore a formal wedding gown of white Alencon lace over satin. The gown was designed with an empire bodice outlined with velvet ribbon and bow and Sabrina neckline. The lace overdress had elbow length sleeves which were pointed and re-embroidered with seed pearls. The Wateau train was attached at the back neckline and fell to a point in the back.

Her veil of silk illusion fell from a flat bow of white velvet ribbon outlined with seed pearls. She carried a cascade arrangement of white carnations.

Hostesses for the reception which followed the ceremony in Fellowship Hall were Mrs. Dorra Norwood and Lois Norwood. The serving table was covered with a white linen cloth and centered with a floral arrangement. The tiered wedding cake was cut by Mrs. Forrest Osborn, aunt of the bride, and served by Mrs. Keith Blackburn. Punch was served by Linda Stone. Guests were registered by Shirley Dunn, Littlefield.

Mrs. Ferguson is a 1968 graduate of Friona High School and is attending South Plains Junior College, Levelland. Her husband, a 1968 graduate of Portales High School, recently completed basic training at Fort Bliss and is attending Officer's Candidate School at Fort Sill, Oklahoma.

MR. AND MRS. JOHN EDWARD FERGUSON

Study Club Receives

State Award Recently

Highlight of the Thursday evening meeting of New Horizon Junior Study Club at Federated Club House was an announcement that the club had been awarded a first place certificate in state competition for its Operation Healthy Babies project last year. Mrs. Jimmy Maynard, chairman of the project, received the engraved certificate.

"Your last will and testament", was presented by Mrs.

Dale Williams and Mrs. Walter Cunningham. A question and answer session followed. "Words of Life" was presented by Mrs. Jerry Brown.

A skit "Marriage Now and Then," was presented by Mrs. Joe McLellan, Mrs. Joe Reeve, Mrs. Karen Blackerby and Mrs. Mike Chaney.

Refreshments of cherry pudding, tea and coffee were served by Mrs. Jimmy Maynard and Mrs. Joe Reeve, hostess.

Students Present

Study Club Program

The program at the Tuesday evening meeting of Modern Study Club at Federated Club House was presented by two Friona High School speech students, Shirley Johnson and Janice Clark. The numbers "How to or how not to give a speech," and "The spread of communism in the country and what can be done about it," were introduced by Miss Joy Morton, speech and English teacher.

Miss Johnson presented the first number in costume and Miss Clark presented the second. Miss Morton was introduced by Mrs. Ernest Osborn.

Other guests were Mrs. J.T. Gee and Mrs. John Gaede. The serving table was covered with a white cloth and centered with an arrangement of chrysanthemums. Pie, coffee and tea were served. Mrs. J.G. McFarland poured.

The federation song was directed by Mrs. Lois Miller with Mrs. Charles Allen at the piano accompanying.

Other guests were Mrs. James Price and Larry Tanahill.

Cast Selected For "Diary Of Anne Frank"

The cast for the annual play presented by members of Theatrical Troupe 1379 has been chosen. "The Diary of Anne Frank" will be presented at 8 p.m. Monday and Tuesday, October 28 and 29 in Friona High School Auditorium.

Those having parts in the play and the roles they will fill are:

Mr. Kraler, Jerry Teel; Anne Frank, Shirley Johnson; Mr. Frank, Norman Mohr; Mrs. Frank, Janice Clark; Margot Frank, Connie Stone; Mr. Van Dan, Bobby Thomas; Peter Van Dan, Leslie Jarecki; Miep Gies, Sallie Howard; and Mr. Dussel, Steve Stone.

Chairman of the various committees assisting with production of the play are: Pam Hartwick and Missey, student

directors; Rex Talley, sound technician; Milton Carlton, stage manager; Troy Bass and Jerry Shelton, lights and curtain; Freddie Bailey, sets; Paula Fortenberry, props; Darla Perkins and Deloris Phipps, tickets and publicity; Debbie Baxter and Kathy Bandy, costumes, and Bennie Hannold, make-up.

Admission will be \$1 for adults and 50¢ for children under twelve.

Dinner guests in the home of Mr. and Mrs. Elwyn Hartman Sunday were Mr. and Mrs. Lester Wiggins of Canyon, and Mr. and Mrs. A.E. Balize of Friona, Mr. and Mrs. Roy Daniels of Bovina were guests in the Hartman home on Monday.

If, within 60 days from your date of purchase, you are not happy with your new electric range, your dealer will take it back and refund the money you have paid... you still keep the free wiring. You need only live in a 1 or 2 family home and receive your electric service from us. Act now... offer expires November 30th.

Clean ELECTRIC Cooking

★ AT YOUR PARTICIPATING ELECTRIC APPLIANCE DEALER

FREE Wiring Offer Also Good To Customers Of DEAF SMITH COUNTY ELECTRIC CO-OP, INC.

It's easy-when you know the answers

All of life is not far removed from the classroom. There are truths to be learned every day. And there are questions to be answered.

But some people don't have the answer when they need it. And some people do...

Any teacher will tell you it's a question of preparation. And any preacher will tell you the same.

The people who go to church on Sunday have no more problems than those who stay home. Nor do they expect as a result to have any fewer.

They believe simply in preparation—preparation of the mind, conscience, heart and soul... faith.

This is the preparation God offers men... for the questions that will confront us all tomorrow!

THE CHURCH FOR ALL — ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Highlight of the Monday evening meeting of the Ethel Benger Chapter of Future Teachers of America at Parmor House Restaurant was presentation of yearbooks, which had been made by the executive council, by Deloris Phipps, president.

accompanied by Gay Welch, Debra Buske, Janice Clark and Esther Smith.

Joy Morton directed Shirley Johnson and Janice Clark in presentation of two numbers on "How To Make A Speech," and "How Not To Make A Speech."

Special guests were Mrs. Benger, for whom the chapter was named and Miss Morton. Forty-seven members were present.

Following a buffet dinner two patriotic numbers were presented by Mary Rando, who was

FHS Grads Receive

College Honors

Four graduates of Friona High School have been awarded academic scholarships by Wayland Baptist College for the fall semester. It was announced this week by Dr. W. Harold Reese, chairman of the committee on student finance.

Students receiving these scholarships represented the top seven per cent of the total enrollment at Wayland. Honored were Dennis Howell, Danny Murphree, Darrell Schwab and Shirley White.

senior physical education major, and is the son of Mr. and Mrs. Curtis Murphree of Route 2.

Schwab, a junior chemistry major, is the son of Mr. and Mrs. Bill Schwab of 811 Virginia. Miss White, a sophomore majoring in English and biology, is the daughter of Mr. and Mrs. Ray White of 110 Washington.

Mr. and Mrs. G.E. Shackelford and children, Danny, Molly and M.G. of Perryton were weekend guests in the home of Mr. and Mrs. Bert Shackelford.

Turkey Dinner To Be Served

The annual turkey dinner sponsored by St. Ann's and St. Teresa's society in Friona and Bovina will be served from 11:00 a.m. to 2:00 p.m. Sunday, November 3 in St. Ann's Parish Hall in Bovina. The public is invited to attend. Plates will be \$1.25 each.

Local Couple Honored Recently

Mr. and Mrs. Bill Stephens, who have recently moved into a new home in Western Addition, were surprised with a housewarming. Host couples were Mr. and Mrs. Clarence Monroe and Mr. and Mrs. Herbert Day.

Others attending and sending gifts were Mr. and Mrs. Raymond Fleming, Mr. and Mrs. Joe Talley, Mr. and Mrs. James Procter, Mr. and Mrs. Bill Woolley, Mr. and Mrs. J.A. Lofflin, and Mr. and Mrs. Kenneth Williams.

DISTRICT PRESIDENT. . . Mrs. Lane Decker, Floydada, is pictured as she presided over the annual Caprock District Board meeting held here last Saturday. Over 100 club women from around the area attended the meeting which was hosted by Friona's four federated women's clubs.

Visitors in the home of Mrs. M.S. Weir Sunday were Mr. and Mrs. Charles Davis, Hereford. Mr. and Mrs. Paul Spring were in Corpus Christi last week at the meeting of the Academy of General Practitioners. Mr. and Mrs. Floyd Kizzia from Delight, Arkansas, and Mr. and Mrs. Neil Osborn from Hops, Arkansas, spent last week visiting in the homes of Mr. and Mrs. Sloan Osborn and Mr. and Mrs. Claude Osborn.

Annual Board Meeting Draws Large Crowd

One hundred thirty-two women attended the Caprock District Federated Women's Clubs annual board meeting at Friona High School Saturday, October 19. Theme of the convention was "Happiness is - A Federated Club Woman."

The meeting began with coffee and doughnuts being served by members of Friona Woman's Club during hospitality hour. Department committees met in various rooms and registration was completed at 10 a.m.

Mrs. Lane Decker, district president, presided at the general meeting in the auditorium. The Friona Senior Girl Scouts presented the flag ceremony and stood at attention while the pledge was repeated in unison.

Risa Howell, vocalist, sang "God Bless America. She was accompanied by Esther Smith, pianist. Greetings were extended by Mayor W.L. Edelman. The welcome address was presented by Mrs. J.G. McFarland, president of Modern Study Club, on behalf of Friona's federated clubs.

During the business session, the Caprock president's special project - aid to Girlstown, U.S.A. - was presented. Mayor Edelman, in his capacity as director of Girlstown, outlined some of the needs and the project was later passed by the club women in the district.

Lunch was served in the cafeteria and was followed by the afternoon session. Bryan Clemens, dean of students, Wayland Baptist College, Plainview, presented a talk entitled, "Happiness is -- Women Involved." "With A Song In My Heart," "I Need Thee Heavenly Father," and "Happiness is," were sung by the Trebelaires under direction of Mrs. Roy V. Miller Sr. with Esther Smith at the piano.

Concluding the program was a resolution thanking Mr. Alton Farr for his assistance with high school facilities; Charles Allen and Friona merchants for providing Chamber of Commerce hospitality bags; Mayor Edelman for his speeches; Mrs. Miller and her Trebelaires for songs and music; Risa Howell and Esther Smith for their presentation on the program; the Senior Scouts for performing the flag ceremony and the cafeteria ladies for serving lunch.

Election Day Dinner Is Planned By WSCS

The Women's Society of Christian Service will hostess an Election Day Dinner Tuesday, November 5 in the fellowship hall of the Friona Methodist Church. Dinner will be served from 11:00 to 2:00. The menu will be turkey and

dressing, ham, cranberry salads, garden fresh corn, black-eyed peas, green beans, cabbage slaw hot rolls and homemade pies. Admission charge will be \$1.75 for adults and 75¢ for children under 12 years of age.

Girl Scout Troop Has Regular Meet

Girl Scout Troop 166 met Monday afternoon at Girl Scout House. After the meeting was called to order, the roll was called by Sandra Deckard. A sing song and quiet game followed. A demonstration on flag etiquette was presented.

Those present were Janice Peak, Vickie Florez, Sheri Rector, Sammy Sue Rector, Kl-

ma Dawson, Jena Short, Vera Stokes, Karen Young, Jackie Rando, Shirley Esquivel, Melissa Patterson and Rhonda Lindstrom.

Sandra Deckard, Anna Castillo, Darla McClellan, Brenda Lathan, Donna McBroom, Tammy Williams, Oralia Ramriz, Linda Anthony and the leaders, Romalee Rector and KayRiethmayer.

McCown Services Conducted Monday

Funeral services for Albert R. McCown, 74, Willow, Oklahoma, were conducted from the Church of Christ, Erick, Okla., at 2:30 p.m. Monday. He died at Northwest Texas Hospital, Amarillo, Saturday evening, following a brief illness.

Survivors in addition to his wife, are two sons, four daughters, including Mrs. Glenn Floyd, Friona, one sister, one brother, eighteen grandchildren and ten great-grandchildren. Those from Friona attend-

ing the services were Mr. and Mrs. Glenn Floyd and Susan, Mr. and Mrs. Gerald Floyd and Jason, Mr. and Mrs. Eric Rushing, Mrs. R.E. Snead and Mr. and Mrs. Bill Wooley. Burial was in the Erick cemetery.

Mr. and Mrs. J.C. Wilkison, Laguna Park, Texas, visited friends in Friona this past week. They are former Friona residents and also visited friends in Hereford, Farwell and Clovis. They went home Sunday.

These are the things to look for in a great road car. And every day more and more people are finding them in the 1969 Ford.

Wider. The '69 Ford hugs the road with as wide a track as Cadillac.

Longer. The '69 Ford smooths your ride with a longer wheelbase than Chevrolet. Yet it turns in a smaller circle than last year's Ford.

Roomier. We've grouped all the controls in front of the driver, made our front passenger compartment so spacious people are calling it the Front Room.

Quieter. Our '69 LTD is designed to ride even quieter than the LTD that rode quieter than Rolls-Royce.

Record first-month sales of the '69 Ford tell us we've got a good thing going. A test drive will tell you.

The place you've got to go to see what's going on—your Ford Dealer!

Friona

FRIONA WINS, 14-13

Chiefs, 'Horns Start Out Different, But End Same

For a while there last Friday night, Friona and Lockney almost didn't follow the script that their previous games had dictated, but it changed in plenty of time for the regular hair-raising ending.

The Chiefs escaped with their scalps for the fourth year in a row, this time with a narrow 14-13 victory. The Longhorns rallied from the brink of disaster to threaten to take the win.

Friona had jumped to an early 14-0 lead in the first quarter, and had almost made it 21-0, and fans were about to reach the ho-hum stage, when here came the 'Horns. About that time the Chief's express seemed to stall, and it almost proved disastrous to the home team.

But Friona prevailed, and held onto its 5-1 season record and 2-1 in district play. The Chiefs had scored on both of their opening possessions of the ball. Friona kicked to Lockney, allowed five yards in three plays, and put the ball in play at their own 32 following the Longhorn punt.

Friona covered the 58 yards in 15 plays, with star halfback Tony Perea sparking the drive with nine of the plays and 40 of the yards. The Chiefs picked up six first downs in the process, with Perea notching five of them.

Only critical point of the drive was when the Chiefs reached fourth and one from the six. Fullback Lowery Harper gained to the three, and from there Perea scored in two thrusts at the line. Donny Carthel's kick lighted the scoreboard, 7-0 with 6:16 left in the quarter.

Lockney put the ball in play at its own 18-yard line, and on the third play from scrimmage, Perea recovered a Longhorn fumble at the visitors' 30.

Perea gave the team a first down at the 19, and quarterback Danny Kendrick rolled out and fired a strike to end Danny Carthel who grabbed the ball and dived into the end zone for six

more quick points. Brother Donny's kick again split the uprights, and Friona led, 14-0.

Lockney again fumbled, this time on its second play, and once again Friona set up shop on the Longhorn 30.

Kendrick lofted a pass toward Jim Schlenker in the end zone, and many thought the 'Horns defender might have roughed Jim a bit, causing an incompletion. However, Lockney took over on down, avoiding further damage on the scoreboard.

Friona got the ball near midfield following a short Lockney kick late in the second quarter, and drove to the Lockney 36 before running out of downs. Lockney called time and there were only five seconds left on the clock.

Quarterback Tandy Johnston faded to pass, was almost trapped for a loss, but got a pass away to halfback Tracy Dickson at about the Lockney 40. Dickson took the screen pass, ran out of a wad of interference and would-be tacklers, and was in the clear for the last 40 yards. It mattered not that the gun had sounded before Dickson reached the goal-line. Johnston calmly kicked the point, and Friona's lead had been halved, 14-7.

Friona had a threat midway of the third period. Starting from their own 19, the Chiefs' drive drove 62 yards. Perea highlighted the drive with a 27 yard scamper on which he almost broke for a touchdown.

The drive stalled at the Lockney 14, when on a fourth-and-seven situation, the do-everything Perea came close, but was stopped a yard short of a first down.

Once again Friona penetrated. The Chiefs, with Perea ripping off gains of 11, 15, 14, 5, and 8 yards, rolled meticulously to the Lockney 12. However, on fourth down, Kendrick was rushed in a passing attempt to foil the screening threat.

Lockney threatened twice before finally scoring their second TD. Once was a punt from

the Longhorn 46. Halfback Robert Duckworth gathered it in at his own 10-yard line, and was off to the races. Johnny Barker finally caught him at the Friona 39, a 51-yard return.

The Longhorns had excellent field position, but Johnston's pass from the Friona 24 was intercepted by Ted Procter at Friona's 15 to seemingly save the day for Friona. There was 2:15 left to play.

However, Perea, playing with a jammed little finger during the last quarter, fumbled on third down, and Lockney was back in business on the Friona 27.

On third down, Duckworth got around end and outraced the secondary to the goal line. The Longhorns hadn't made their comeback for a tie. They lined up for a crack at two points, a backfield man jumped early, and may have caused Johnston to rush his pass. It fell incomplete, and Friona refused the offered penalty, leaving the score at 14-13 with 1:07 left in the game.

Donny Carthel fielded Lock-

ney's on-side kick attempt at midfield, and the Chiefs ran out the clock.

Perea carried the ball a record 43 times, and his 217 yards gave him a grand total of 1105 for the year. This left him only 79 yards short of Doug Dodd's mark of 1184, set in 1954.

It was the third straight year for a Friona-Lockney game to wind up in Friona's favor by two points or less, and four straight years for the Chiefs to win by five or less.

Friona won, 12-7 in 1965, 13-12 in 1966, and 14-12 in 1967.

HEELS OVER HEAD. . . Johnny Barker, in the center of the picture, hits the deck after being hit low by a tackler in recent game action. Lowery Harper (45), Barker's blocker, is shown on the ground at left.

Seventh, Eighth Graders Top Hereford Stanton

Friona's seventh and eighth grade teams won a pair of games from Hereford Stanton recently, the seventh taking a 30-0 win and the eighth grade by 14-0.

Blocked punts aided the seventh grade cause, as twice Friona used this to set up touchdowns. The first came late in the opening quarter, Friona taking the ball at the Hereford four-yard line. It took four plays, but Randol Snyder went over for the TD and James Perea ran for two points and an S-O lead.

Hereford fumbled the kickoff and Friona also used this to advantage. The Braves recovered at the Hereford 27, and on the first play Randol Snyder ran for the touchdown. Bill Fallwell ran the points for a 16-0 Friona lead.

In the third quarter, Friona again blocked a Hereford punt, and the Braves got the ball at the Stanton 33. Friona drove to the 11 as the quarter ended, and on the third play of the fourth quarter, Perea ran for the TD. Point try failed, but Friona led, 22-0.

Next time, Hereford gave up the punting idea, and Friona merely had to hold the visitors at their 37. From the 30, Snyder passed to Bobby Lewellen for a score, and Fallwell's run made it 30-0 which was the final margin.

Perea, Snyder, Trip Horton, Ricky Johnson, Ricky London and Gregg Collier stood out on defense. The defensive performance was unbelievable, as Hereford failed to make a single first down.

In the eighth grade game, the Braves drove 47 yards for the go-ahead touchdown in the second quarter. A pass from Johnny Bandy to Lewis Lee kept the drive alive, and Mario Perea went over from the two for the TD. A run for extra points failed.

In the final quarter, Friona again scored with Perea running 12 yards. Jerry Chance ran for two points and a 14-0 score.

Kevin Wiseman and Perea were outstanding on defense. Most of the last half of the eighth grade game was played in the rain.

The wins left the eighth grade 3-0 for the season and 1-0 in district. The seventh was 2-1 and 1-0. The teams played at Tullis Tuesday night in their second conference games. This report will be given next week.

FUEL PROOF . . . A U.S. Air Force CH-30 helicopter is refueled by a U.S. Marine Corps KC-130F tanker at Cherry Point, N.C. recently in what is described as the first successful air-to-air refueling test involving a 'copter and a fixed wing airplane. It took three minutes to refuel the chopper. Success of the experiment promises much greater range for the chopper.

A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

... AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT
change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right to work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

GEORGE WALLACE CANNOT
be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

RICHARD NIXON CAN... AND WILL
supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

- NIXON ON LAW AND ORDER is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.
- NIXON ON VIET NAM will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.
- NIXON ON LOCAL GOVERNMENT is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.
- NIXON ON OTHER PROBLEMS has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

NIXON'S THE ONE!

PASS-PUNT-KICK WINNERS. . . Shown are the winners in Friona Motors' annual Punt, Pass & Kick contest. At the left are the six first-place winners. They are Clint Mears, David Barnett, Steve Owens. In front are Johnny Rando, Gary Staples and David Hutson. At the right are second and

third-place winners. In back: Chairman Ronald Smiley, Teddy King, Johnny Bandy, Clay Bandy, Kevin Welch, and chairman Troy Young. Row two: Jay Jarboe, Jeff Porter, Mark Neill, Dee King. Front: Freddy Barron, Keith Martin, Waymon Lee, Gene Strickland.

Sixty one pre-school children attended story hour last week. Mrs. Pat Ferguson's Kindergarten students were visitors, we invite them to come back again soon.

The librarian has been busy processing books purchased by Friends of the Friona Public Library. We have most of the titles on the best seller list, fiction and non fiction for adult readers. Also many of the Caldicott and Newberry award winning books for children.

Books in braille were obtained through the library for Mrs. Doris Sides and her second grade class from Texas State

Library. They also sent a card of the alphabet in braille, these cards may be ordered free. If you know of any one who is blind or for any reason unable to hold a book to read, talking books can be obtained for them from the Library of Congress, if the patron does not have a record player and is not financially able to purchase one, these can be obtained also. The library has a catalogue of books

titles that may be ordered by the librarian and we will be glad to help you provide entertainment for a friend or loved one.

Many new volumes have been added to the library by Friends of the Friona Public Library. This organization is planning a membership drive in the near future. If you wish to become a friend, you may contact Mrs. Jimmy Mabry, Mrs. Wesley Hardesty, Mrs. Jim Johnston or Mrs. John Gaede, librarian.

Girl Scout Troop 211 recently decorated the bulletinboard using the Halloween theme. The library committee wishes to express its appreciation to these girls. Children attending the story hour will enjoy the bulletin board very much. Requests have been filled recently from students needing

books for reports in reading, history and science. Some which were not available were secured from the Amarillo library. It is a privilege to be able to secure services from other libraries. Requests were filled for the local library from Fort Worth, Abilene, El Paso, and the Texas State Library. We invite all new residents in our community to use our library. If any have pre-school age children, they are especially invited to attend Story Hour each Thursday morning from 10 to 11 a.m. The library is open Wednesdays from 3 to 6 p.m. The telephone number is 247-3200.

RONNIE McNUTT
County Agent

The preparation of sorghum grain for cattle feeding has been under research studies for many years. It has been fed whole, ground, rolled, dry, moist, reconstituted, cooked and popped. It has been stored in plastic sacks, in air-tight above ground silos and in trench silos. Research on this important grain continues not only in Texas but in several other states. Presently, several conclusions may be drawn depending upon the treatment of the grain. Professor J.K. Riggs, Texas A&M University, recently made the following summary statements which give you the current status of sorghum grain.

1. Grain of 25-30 per cent moisture can be harvested successfully with standard self-propelled combines.
2. Moist grain can be stored without spoilage in air-tight structures.
3. Moist grain in underground form is unsatisfactory for finishing cattle.
4. Ground moist grain (early harvested or reconstituted) produced weight gains equal or superior to those of cattle fed ground dry grain.
5. Cattle fed ground moist grain have required approximately 10-20 per cent less dry matter per pound of gain than have those fed ground dry grain.
6. Digestibility of dry matter, organic matter and non-protein organic matter has been 15-30 per cent higher and of protein 16-22 per cent higher in moist grain than in dry grain.
7. Dry grain reconstituted to 25-30 per cent moisture by adding water and stored 10 days or longer has performed in the same manner as grain harvested 25-30 per cent moisture.
8. In closely controlled studies grain reconstituted in ground form has failed to show the improvement in feed efficiency shown by grain reconstituted in whole form.

CATTLE FEEDING PROJECT

Results of a feeding project recently completed at the Swisher County Cattle Co., will be aired at a meeting on Friday, Nov. 1, at 10 a.m. at the Swisher County Electric Cooperative. All cattlemen, feedlot operators, mass media representatives and agribusinessmen in the area are invited to attend, announces Dr. Lowell Schake, area livestock specialist with the Texas Agricultural Extension Service and coordinator of the feeding project. Feedlot performance, carcass data, cost of gain and grain processing costs will be discussed. "With the beef cattle feeding industry growing by leaps and bounds on the High Plains, this project was set up last spring to check the performance of feedlot steers on three different types of processed grain sorghum." "These preparations of grain were steam flaked, whole reconstituted and rolled and ground reconstituted. Reconstituting is bringing the moisture level of the grain up to about 30 per cent."

led and ground reconstituted. Reconstituting is bringing the moisture level of the grain up to about 30 per cent."

The three types of processed grain were used in each of three rations fed to six groups of 75 feedlot steers each. The rations differed only in the type of processed grain. Three groups of steers were light-weight, averaging about 665 pounds, and the other groups consisted of heavier steers averaging about 807 pounds. This each ration was replicated with a light and a heavy group. The steers starting out with the extra weight were slaughtered at 129 days while the lighter steers were slaughtered at 158 days.

"This is the first time such a project has been undertaken under actual feedlot conditions." Information obtained from this study will be of interest to all cattle feeders throughout the area.

Cooperators in the project, in addition to the Swisher County Cattle Co. and the Texas Agricultural Experiment Station, were Parker Cattle Co. at Wayside and Elliott Feedlot at Canyon.

Time to make Your Home WINTER-TIGHT... DRAFT-FREE

IT'S FLEX-O-GLASS TIME

ONLY 36¢ Running Ft. 36" wide Also in 28" and 48" widths

THIS IS WHAT FRANK FORD HAS BEEN SAYING DURING HIS CAMPAIGN TO SERVE YOU AS STATE REPRESENTATIVE

WATER CONSERVATION AND IMPORTATION:
"Water is the life-blood of our irrigated economy, and the importance of total water resources planning cannot be over-emphasized. Feasibility studies for importing water to the high-plains from the lower Mississippi basin should be pushed forward at maximum speed. Funding on these-and importation itself-must come from congress, with maximum state-federal cooperation. At the state level, our district is far behind on planning for flood control and conservation dams on our creeks. We must keep the water that falls in our district, rather than seeing it rampaging on down-stream after every big rain. We must use lake water and tail water return systems to the maximum, along with irrigation practices consistent with the water available in any given area. If elected, I intend to work with men who have a proven record of water conservation. Under no circumstance must this issue be allowed to become a political football to be used at election time for partisan gain."

EDUCATION AND VOCATIONAL TRAINING:
"Texas has fallen from 33rd to 38th during the past eight years in per-student support for education. During the same time, we have fallen from 40th to 44th in literacy. This dismal record cannot be continued if our young people are going to be able to hold jobs which will be available in the 1970's. We must increase our attention to primary education and the development of basic skills, give additional help to children with specific learning disabilities, increase pre-school opportunities with bilingual education where needed. Vocational training must be increased, with emphasis on job training by private industry, so that the trainee will know that a specific job is waiting upon completion of the training. Education and jobs are the only effective answer to poverty."

FRANK FORD IS THE ONLY CANDIDATE IN THE RACE WHO HAS SPOKEN OUT CLEARLY ON:

- ★ The need to keep the family sized farm unit strong as it is the backbone of our rural economy.
- ★ Practical measures that should be encouraged in each community for economic growth.
- ★ The need for abolishing daylight savings time, a measure which his opponent pushed to passage in 1967.
- ★ Ways to reduce the crime rate, which has nearly doubled in the last eight years.
- ★ The need for a two-party system so that the people can regain control of their state government.

FRANK FORD WILL REPRESENT THE PEOPLE OF THIS DISTRICT
