Scout Fund Drive To Open Here Tuesday, Oct. 14

The annual Boy Scout Fund Drive will get underway in Cochran County on Tuesday, October 14th, according to Denton Thompson, the 1958-59 Drive Chairman.

Serving with Thompson will be Van Greene, Charles McDermott, Leo Holland and Don Avery, and others who will be named later.

The group met Monday in Minister Thompson's Study to map the plans for the coming drive, after a meeting a couple of weeks ago with the district Scout representatives.

Plans call for both a rural and a city drive, according to Thompson.

Farm Bureau's Annual Meeting Next Thursday

The annual membership meeting of the Cochran County Farm Bureau, at which the organizations of officers are elected and the financial situation is made clear, will be held a week from tonight, Thursday, October 16, in the Banquet Room of the County Activities Building at 8 o'clock.

L. F. Russell, manager of the Cochran F. Bureau, sent out cards to all members this week reminding them of the importance of this meeting. He said refreshments will be served and a door prize will be available if a member present has his name drawn from the hat.

Russell said new directors will be elected by the group as part of the business on hand and urged all members to be on hand.

At present there are 12 directors of the Cochran County Farm Bureau, headed by Lloyd Miller, president. Other officers are W. T. Zuber, vice - president and Merlin Roberts, secretary - treasurer. Also serving as directors are D. L. (Junior) Linder, Elmer Gardner, George Williams, B. H. (Burge) Tucker, Pete Todd, John Kennedy, Ralph Bart, Syl Greener and D. A. Ramsey.

To Collect Maize For Buckner Home

"Operation Maize," a program to secure funds for the Baptist Buckner Children's Home, Dallas, is being sponsored by the Brotherhood of the First Baptist Church of Morton.

All maize donated to the program is to be piled on the lot just east of the church.

Last year, it was announced, a small church near Plainview, gave 26,000 pounds of maize to the home.

Lloyd Wemken is president of the Brotherhood, Clyde Cravens & Roy Brown, activities vice-presidents, are in charge of the "Operation Maize" program here.

Persons making maize gifts need only to drive by the lot and unload the maize on the lot.

RUN AWAY CHILDREN RETURNED TO HOME

Three youngsters who ran off from a children's home in nearby Portales, were returned to the home Wednesday.

The three, all teen aged girls, were given a ride into Morton by a farmer who picked them up near the State Line and brought them to the Sheriff's Office.

Every Home Will Receive Handbook On Civil Defense from Boy Scouts

Every Morton home will receive a copy of a new Handbook for Emergencies published by the Office of Defense and Civilian Mobilization, more commonly known as Civil Defense, a week from Saturday.

The handbooks, filled with vital information of how to react during any community emergency, is to be distributed by members of Morton Scout Troop 101 in a door to door canvass, Saturday, October 11.

Raymond Ross, local Scoutmaster, said this week, that the President will make a talk to the nation sometime this week or early next week concerning this phase of Civil Defense and that the books are supposed to be given out this week. But rather than just pass them out at school, or on the street, and may be getting two or three in the hands of some individuals and not be able to contact others, the Boy Scouts decided leaving one at every house in Morton would be the best method of good distribution.

Saturday, October 18, was the time they could best work out this plan.

Saenz Services Set This Morning At Cemetery

Services will be held at graveside this morning (Thursday), at 10 a. m., at the Morton Memorial Cemetery for Eva Saenz, stillborn infant of Mr. and Mrs. Adan Saenz of Pep, Texas.

The infant was stillborn Wednesday at the Cochran County Hospital. Survivors include the parents.

Father Fred Hyland of the St. Ann's Catholic Church will conduct the rites.

Band Boosters' Rummage Sale Set for Saturday

The Morton Band Boosters are sponsoring a rummage sale, Saturday, October 11th.

The proceeds will go toward helping to pay for the new band uniforms which have been ordered.

The group said they would appreciate all contributions of clean and used clothing, shoes, or any article the donor can't use, but someone else might.

Articles to be donated may be taken to the Band Hall anytime before 3 o'clock on Friday, October 10, or the donor may contact any band member, Mrs. Willard Henry, Mrs. Don Samford, Mrs. Brad Stovall or Mrs. J. N. Burnett.

POSSIBLE PAVING DISCUSSED

Morton citizens in general will be given the opportunity to express their ideas toward more paving of the city and just how much homeowners would be willing to pay for more paving, in the near future.

The subject of paving of certain areas, and paving of streets in general was taken up at City Commission meeting Monday night when a couple of Engineers appeared before the Commission to quote approximate paving costs, engineering costs, and other pertinent information.

The Council was not in a position to hire an engineer. They hadn't given much thought to just how much paving could probably be undertaken. And, they were told by

City Secretary Joe Seagler, the City probably could not undertake much paving at any one time because they did not have enough money on hand to pave many intersections, without issuance of bonds,

which is not at this time contemplated. After hearing the report from an engineer of Lubbock and one from New Mexico, the Commission felt it would be well to know just how the homeowners felt on this subject. They instructed Seagler to get together with the newspaper editor and work out an article explaining what could be done, etc., and give the people a chance to voice

an opinion on the subject. The discussion with the two engineers, a session with City Judge Jess Shelton, and routine paying of bills occupied the entire Commission session.

Since the estimates prepared by the engineers were made in several groups, depending on various amounts of paving, and other specifications which may vary when plans are later cemented, it would do little good at this time to pass on the estimates.

However, cost figures, etc., will be discussed and explained in full, in the forthcoming article to the citizens of Morton.

Mr. Allsup, contacted by present serving manager Ernest Seale, at the request of the Board, will take over duties in about a week or ten days, depending upon how soon the Hereford hospital can replace him. Mr. Seale will work with him a few days here before moving on to Throckmorton where he will assume hospital management there.

Mr. Allsup has had some previous hospital executive work and is a combination man, like Seale, capable of doing lab and other technical work around a hospital. He comes to Morton fully cognizant of the unsettled conditions surrounding the hospital.

He is married, his wife being at the present time a teacher of High School English in Hart Schools, just outside of Hereford.

The Allsups have three sons, 13, 11, and 5 years of age. As far as he knows, they aren't kin to the Allsup family now living in Morton.

The Board met in a called session at 8:00 o'clock Saturday night for the purpose of interviewing Mr. Allsup. They also discussed at length other problems and arrived at their decision around 9:30 p.m.

Salary obligations are identical with that of Mr. Seale and the board has issued no contract in view of the fact that the new Commission's Court may decide that it is in the best interests of the county to attempt to lease the hospital.

The hospital in which Allsup is now employed, is also a County Hospital, but all of the doctors are

officed in a clinic near the hospital. The board reaffirmed its policy to Allsup of hoping to obtain the services of other doctors for Morton, to set up offices outside the hospital.

Mr. and Mrs. Buster Betts; Mr. and Mrs. Herb Hillman; Mr. and Mrs. Bob Mayon, Mr. and Mrs. Jake Wylie, Rob Richards, J. R. Kuykendall, Ran Holloman and J. T. Holloman.

Also going with the Cochran Countians were Mr. and Mrs. John Freid, and Mr. and Mrs. B. L. Tucker, all of Muleshoe and Bob Baird and son, Leon, of Lubbock.

Then, at Albuquerque, N. M., riding in the New Mexico State Fair parade, the Cochran riders came in second to Plainview in a nine-pony show. Third went to Carlsbad, N. M.

Making the trip from here were Mr. and Mrs. Roy Gentry and son, David; Mr. and Mrs. Leonard Gan-

The Garden Club urges all of its members to enter something in both divisions of the show, arrangements and horticulture.

The National Council Handbook will be used to determine the points of judging in the show, and, the promoters remind, the decision of the judges is final.

The annual show is one of the Cochran County Garden Clubs' yearly projects.

All entries in the show are to be received from 8:00 a.m. to 10:30 a.m. on the morning of the show. Any entries received later will be displayed but will not be judged for the show's awards.

Judging will be completed before the show is thrown open to the general public.

Only one entry is allowed to each class per person and the entries must be labeled correctly when brought in.

Three Way Sets Homecoming Day October 25th

Cards were mailed out this week to exes whose addresses were known, advising them of the annual Homecoming celebration at Three Way High School on Saturday, Oct. 25th.

The Eagles will climax the day of activities with a football game Saturday night against the Bull Bulldogs.

Fire Drill for Local School Children

A small blaze in a trash barrel on the school grounds provided the Morton Elementary School with a fire drill Wednesday afternoon as the Morton fire truck went to the scene and doused the blaze before the entire student body who were marched out of the buildings and assembled in the school yard.

76 Operators Draw \$140,000 in Funds For Conser. Reserve

Payments for the 1958 annual rental on Conservation Reserve contracts have been made to 76 operators in the amount of \$140,441.70. Ruth McGee, Office Manager of the Cochran County ASC announced this week.

Annual rental payments may be made after October 1st, as soon as the farm is inspected and found to be in compliance with the terms of the Contract.

Oct. 17 is the FINAL DATE to make application for a 1959 Conservation Reserve Contract. Only those operators who requested that a rate be set on their farms prior to Sept. 26th are eligible. Mrs. McGee said in a news release prepared for publication this week.

Indians, Sundown To Meet Friday At Sundown Field

The Morton Indians will have another tough battle on their hands Friday when they travel to Sundown to take on the perennially rugged Roughnecks.

Fortunately, for the Indians, the Roughnecks, for the first time in many a year, are not now rated as a team contending for state honors. However, the Sundown team is rated strong again, and has proven in games played to date.

Most of Morton's team will be in fair shape for the contest, but the Indians, who don't even have enough boys to suit up two teams, will be decided underdogs because of their lack of manpower.

The game is the last non-conference affair for the Indians before they swing into Class 2-AA Competition for their final four games of the season.

Closing out the season, after the Sundown game, Morton will play host to Olton, journey to Muleshoe and Aberrath, and play host to Lockney in the season finale, after an open date.

Bedwell Slates Pontiac Showing In Morton, Today

The 1959 Pontiac, announced as the only car with wide-track wheels, is on display today at Bedwell Implement Co., in Morton.

Free coffee will be served all-day to visitors who drop by the view the latest model Pontiac.

H. B. Bedwell and sons cordially invite everyone to attend the showing.

NEW HOSPITAL MANAGER NAMED BY LOCAL BOARD

Cochran County has a new hospital manager this week after a special meeting Saturday night at which Dewitt Allsup, a hospital technician at Hereford, was employed by the Board.

Mr. Allsup, contacted by present serving manager Ernest Seale, at the request of the Board, will take over duties in about a week or ten days, depending upon how soon the Hereford hospital can replace him.

Mr. Seale will work with him a few days here before moving on to Throckmorton where he will assume hospital management there.

Posse 2nd In Pair of Rides

The Cochran County Sheriff Posse, featuring 17 riders, captured two second places in parades last Friday and Saturday, losing a first place in one event only by a flip of a coin.

At Portales, N. M., Friday, they tied for first place with the Plainview Riding group and a flip of the coin gave Plainview the first place trophy.

Then, at Albuquerque, N. M., riding in the New Mexico State Fair parade, the Cochran riders came in second to Plainview in a nine-pony show. Third went to Carlsbad, N. M.

HD Council Election To Be Highlight of Home Demonstration Achievement Day

Tuesday will be a big day for all Home Demonstration Club women in the County as the County HD Clubs observe Achievement Day.

Another of the highlights will be the election of HD Council officers for the coming year. Mrs. G. C. Keith is present Council Chairman.

Club members were notified by mail this week of the Achievement Day and a good sized group is expected to be on hand.

Miss Pat Key of Morton, daughter of Mr. and Mrs. Calvin Key, has been selected as Cochran County's Maid of Cotton contest entrant, co-sponsored by the L'Allegro Study Club of Morton and the Cochran Cotton Growers Association.

Miss Key, a graduate of Morton High School in 1957, is a receptionist at the Cochran County Hospital.

The Cochran Cotton Growers had previously voted to pay expenses to Lubbock for the County representative, which includes some allowance for clothes worn in the competition. The L'Allegro Study Club has for the past two years promoted the contest in the County.

October 8th was the deadline for entries in the contest and the local girl will compete in the area contest at Lubbock, co-sponsored by the Lubbock Chamber of Commerce and other interested groups.

The winner named at Lubbock will be one of three winners in the State of Texas who will receive expense paid trips to Memphis for the national finals of the contest.

Plains Cotton Growers will pay the expenses of the winner at Lubbock to the finals at Memphis.

The contest in Lubbock includes two full days of activity, October 20 - 21.

A Maid of Cotton Ball will be the highlight of the first night with the contest coming off the second night.

D. S. Arnold Dies; Rites Are Held At Carey, Texas

Funeral services were held at 3 p.m., Tuesday, October 7, in the Carey Baptist Church for 83-year-old Della S. Arnold, father of Mrs. J. C. Cook of Morton and Paul Arnold, former Mayor of Morton, now of Lubbock.

Rev. George Clark, pastor of the church officiated at the final rites and burial was in the Carey Cemetery with Newberry Funeral Home of Childress, in charge.

Mr. Arnold, a long time resident of Carey, died in the Childress General Hospital at 4:30 p.m., Monday, after a long siege of ill health during which time he suffered a stroke.

Born March 16, 1875 at Little Rock, Ark., he had lived in Carey since the early 1890's. He had come from Decatur County, Texas, by covered wagon to Indian Territory, prior to moving to Carey.

A member of the Baptist Church since he was 14 years old, Mr. Arnold married Miss Louie Louvada Rich on December 6, 1891, at Decatur, Texas. To this union were born nine children.

Survivors include 2 sons: Reuben of Carey and Paul of Lubbock; 4 daughters, Mrs. J. C. Cook of Morton; Mrs. Ed Cutting of Ft. Worth; Mrs. A. L. Mills of Childress; and Mrs. D. L. Cawthon, also of Childress; 2 half brothers, Sam Bowman of Oklahoma City, Okla.; and Pat Bowman of Lake Charles, La.; one half sister, Mrs. Florence Ryd of Childress; 25 grandchildren and 35 great-grandchildren.

His wife passed away on March 26, 1956.

Those attending the funeral from Morton were Mrs. J. C. Cook, Arthur Cook, Orlan Cook, Mrs. Roy D. Greer, Franklin Cook and Jeff Cook, of Olton, Franklin Cook of Morton was the oldest of the 35 great-grandchildren.

Mulshoe Toll Free Rural Phone Plan Should Go Into Effect in December

Extended area (toll-free) telephone service between telephone subscribers in Mulshoe and those on the Lazbuddie and Needmore exchanges is expected to be a reality shortly after Christmas of this year. D. B. Lancaster, manager of the Five Area Telephone Cooperative, Inc., of Mulshoe, told Mayor W. T. Bovell of Mulshoe in a recent letter.

Lancaster, in writing the letter, stated he thought the mayor would be interested in the progress being made to secure extended area service to the two exchanges, by Five Area Telephone personnel.

"We plan to have extended area services from Lazbuddie and Needmore into Mulshoe shortly after Christmas of this year," Lancaster's letter stated. "This depends on delivery of equipment which is now promised the first part of December. If we can better the delivery date, then we probably can improve the time that we will be able to have free telephone service from Mulshoe to Lazbuddie and Needmore."

The project is similar to one which was discussed in Morton over a year ago, at which suggestions were made to try to get toll free service between Morton and Maple and Bula and Enochs.

Lack of apparent interest on the part of Mortonites has stalled any progress of this plan.

Lancaster pointed out, that the area west of Mulshoe does not look quite so good, although Five Area officials believe they have made some progress there.

The Five Area Telephone Cooperative has exchanges at Lehman, and Maple in the Texas' Last Frontier trade territory.

Sign Of Safety

Direction signs like these soon will be seen all over the country as guides to motorists. This one, in the state of Washington, shows the new reflective green signs that were recommended by the U.S. Bureau of Public Roads for all Interstate roads. Several states are using such signs on existing roads, with Washington the first. The signs can be seen from long distances because of their size and reflecting qualities that make them visible at night when most accidents occur.

Ann Alexander Is Dedicated In Matador OES Rites — 0 —
MATAADOR (SPL), October 6 — Matador Chapter No. 66 Order of the Eastern Star, in a stated meeting on Thursday night, Oct. 2, observed its annual Anniversary Banquet and joint Friendship night fellowship, October 9th commemorated the 50th anniversary of the Matador chapter.

Program for the evening included a "Dedication of the Babies" ceremony in which Leslie Ann Alexander of Morton was dedicated. She is the daughter of Coach and Mrs. Vernard Alexander of Morton, Mrs. W. D. Lipscomb, Worthy Matron and W. F. Jacobs, Worthy Patron, presided at the ceremony.

Worth Mayfield is attached with the 2nd Infantry Div. Ft. Benning, Ga., for his basic training it has been learned.

Worth has been employed with the Soil Conservation Service in Morton for the past year.

Leslie Ann's ties in the Matador OES are through four generations. Her great-great-grandfather, T. N. Edmondson, was the first Worthy Patron of this chapter and her great-great-grandmother was a charter member. Her mother, the former Patti Pipkin, and her grandparents, Mr. and Mrs. W. N. Pipkin are present members.

Mesdames J. B. Cooper, Forrest Campbell, Joe Bloodworth, Robert Darsey, and Ben Keltz participated in the dedication, and Mrs. G. E. Hamilton presented the baby with a gift from the Matador chapter.

Two of Leslie Ann's great-aunts, Mrs. W. F. Jacobs and Mrs. Robert Darsey, sang her a lullaby.

Conclusion of the program was a musical interlude by pupils of Mesdames Lular Wilkerson and G. E. Hamilton. Readings were presented by pupils of Mrs. J. R. Whitworth.

Following the program, out-of-town guests were introduced. They included two grand officers, Mrs. Clyde Hudson, Deputy Grand Matron, District 2, Section 5, of the Grand Chapter of Texas; and C. E. Blalfield, Past Grand Patron of Texas, both from Clarendon. Other guests were from Silverton, Estelina, Floydada, Roaring Springs, Morton and Clarendon.

Factory Prices Announced at Detroit on 1959 Pontiacs Which Are Scheduled to Go On Display This Week

Factory list prices for the new Pontiacs were announced recently by S. E. Knudsen, general manager of Pontiac Motor Division and vice president of General Motors.

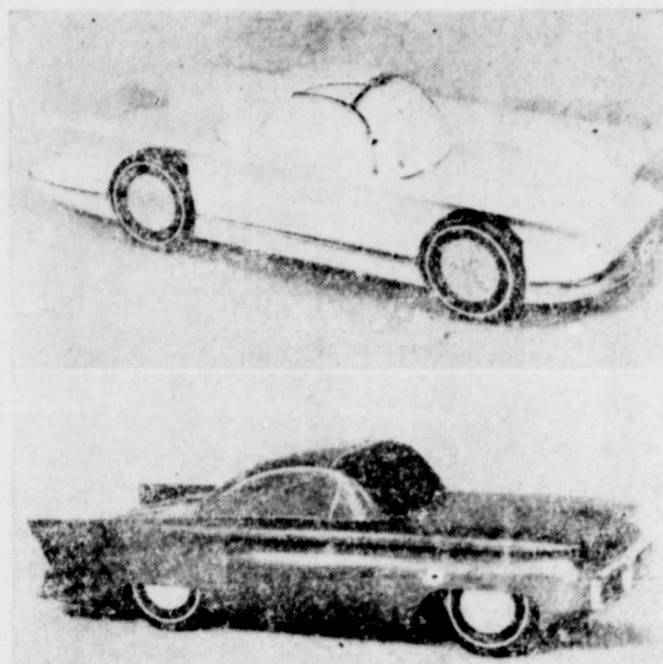

The new models, incorporating entirely new styling and exclusive engineering developments, go on display this week in dealer showrooms across the country.

The completely new Catalina series is priced between the 1958 Super Chief and Chieftan series which it replaces. The new value-packed Bonneville and the Star Chief series will be priced lower than the 1958 series, Knudsen advised.

The popular Bonneville series, which was introduced in 1958, has been expanded to a complete line to include a Vista Sedan and Custom Safari in addition to the Sports and Convertible Coupes. The wheelbase has been increased from 122 inches to 124 inches.

In addition Mr. Knudsen said Pontiac is offering entirely new styling, greater performance and an improved ride and a larger, roomier, better equipped interior than has ever been offered in a car in this more luxurious interior appointment class. "Magic Mirror" paint and electric windshield wipers will now be standard on all models. As power options which will be standard on the new Catalina series with the "Magic Mirror" paint. Prices remain the same on the new safety and comfort.

STATE BOYS WIN AWARDS

TEXAS WINNERS in the 1958 Fisher Body Craftsmen's Guild model car competition designed and built their own dream cars. They won \$150 in cash for their efforts. Upper car was built by John Williams, Jr., Dallas. Lower car was designed by Randal Wigington, Abilene.

BOY SCOUTS OF AMERICA

You get the solid quality of Body by Fisher

Who in the world built this beauty... the only car with wide-track wheels?

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number 1 Road Car!

PONTIAC! America's Number 1 Road Car!

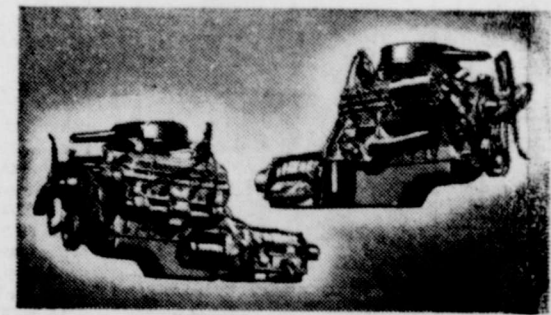

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look... it's inches lower without sacrificing roominess or road clearance. The first time you drive it, you'll discover this beauty handles city corners and clings to country curves in a way the conventional narrow-gauge cars can't hope to imitate. And the ride... the miraculous freedom from sway, dive and bounce... this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility... seats actually wider than a sofa... Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Come see why no other car can possibly be so new as the new Pontiac—three series: magnificent Bonneville, dramatic Star Chief and brilliant new Catalina.

2 Great New Engines

If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the accent on economy, choose Pontiac's new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines"... and it uses regular octane fuel.

A GALAXY of TV STARS at the PRISON RODEO

Tommy Hand, former singing star and one of the nation's top Western Television Stars will make personal appearances at the 27th annual Texas Prison Rodeo in Huntsville's \$1 million Prison Stadium, Richard Boone, Dale Robertson, Ward Bond, and Robert Culp will play starting roles on Saturday, Sunday in October — 5, 12, 19, and 26. These stars, plus Col. Dean Hagg, the "Flying Procher", the 12th Air Force Band, and musical comedians will make the 1958 version of the Prison Rodeo the greatest yet seen in the world. Net proceeds from ticket sales are earmarked for the benefit of inmates.

Setting for Arts Festival

Lebanese national dances under the towering columns of a 1900-year-old Temple of Jupiter will mark the final week of the Fourth International Baalbek Festival held from July 24 to August 24 in Lebanon. A week each of ballet, chamber music, and theater comprise the program in the scenic Bekaa Valley in sight of the snow-capped Lebanese mountains.

With a swiftly built reputation among globe-trotting festival goers, the Baalbek International Festival in Lebanon is satisfying audiences for the fourth year. Stellar programs of European drama, ballet, and music, plus a folk extravaganza, are scheduled, enhanced by the floodlighted ruins of the ancient city.

No weather problem faces visitors to Baalbek. Rain does not fall in summer, and nights are temperate and mellow.

As an innovation this year a "Sound and Light" production will portray Baalbek's story solely by the play of light on the ruins, the voices of unseen performers recounting the events of past ages within this ancient Temple of Jupiter. Floodlights will reveal massive 750-ton foundation stones, the high altar, the secret oracle, the fallen stone lion heads, the intricately carved acanthus leaf capitals of the six still-standing 60-foot columns, as the story of Baalbek is told. Experts have been studying lighting problems at the Temple to find the most effective staging for this novel presentation.

Ballet will be another innovation at the 1958 Baalbek Festival. The Rambert Ballet of London will appear in such popular numbers as "Giselle", "Les Sylphides", "Coppelia", and "Winter Night." The troupe has 28 dancers and a 30-piece orchestra.

The I Music Chamber Music Orchestra of Rome, comprising 12 musicians, will present three performances of chamber music. This year's drama group will be the Paris Troupe of Daquigne-Hermantier, giving performances of "Faust", "Andromaque", "Lysistrata", and "La Repetition ou l'Amour Puni".

As in former years the Festival will end with a Lebanese folk dancing spectacle. One hundred thirty dancers in village costumes whirl in national dances and group in living pictures, as village songs are sung. The popular singers, Farouz and Wadie Safi, will participate.

Beirut, capital of Lebanon is the base city for visitors to the International Baalbek Festival. Offering accommodations in 19 airconditioned hotels, it is located a short drive from Baalbek by scenic mountain routes. Trans-Atlantic ships dock at Beirut, and leading airlines make stops at Beirut's airport.

Financial Audit Is Completed At Pep Schools

On September 8, the independent audit made of Pep School by F. E. Coan, Accounts and Auditing of Amarillo was received and approved by the School Board and was forwarded to Austin for approval by the Texas Education Agency.

Taxes, teacher pay records, and finances were audited and according to the report, "the records of the District were found in excellent condition."

The audit shows that the school is \$14,000.96 less \$78.24 allowed for discounts plus \$62.02 owed as penalty and interest of delinquent taxes.

Bonded indebtedness of the District stands at \$66,100. The \$8,000 remaining indebtedness on the school building will be paid off in 1964-65. Indebtedness on the gymnasium will be paid off in 1967 - 68. Debt service for this year is \$3,770.

Surplus funds at the end of the fiscal year ending August 31 amounted to \$18,881.50. Surplus was \$7.3 63.97 in the local, \$2,094.75 in the Available; \$667.16 in the local transportation; \$1,504.26 in the County Transportation and \$1,839.14 in the inter- and sink-in funds. The Social Fund and Petty Cash fund, which are not budgeted funds, had \$5,402.82 and \$8.40.

According to Supt. Marion McDaniel, "Financial status for Pep School is possibly as good as it is for any school in the area. Placing on the campus and equipping an art room, a home-ec department and two teacherages has not required an issue of bonds or a raise in taxes. In addition to the departments, a teacher and a half have been added to employment over the last year."

Both the school and the county superintendent's office were given credit for having kept good records.

Total expenditures for the school ran \$56,296.51 last year, which included \$8,070 for new buses. Budget for the present year is set at \$58, 843 and receipts are expected to run slightly above that figure.

Outside of \$14,500.81 assessed for local taxes, the State under the rest.

PRISON RODEO OCT. 5-12-19-26

YIPPEE!!! Anything can happen at the Texas Prison Rodeo... and usually does as the above scenes testify. From the opening mad scramble through the old fence and Brahman bull riding events, along with wild cow milking, a wild game race and a grand finale Chariot Race... guarantee rodeo fans a fast-moving two-hour show they'll never forget. These events added to personal appearances by top television stars and military personages will make the 1958 Prison Rodeo the best yet. Held each Sunday in October in the prison's \$1 Million stadium, all proceeds from the rodeo are used to provide necessary services to inmates.

TRAY OF ICE CREAM in the refrigerator means cool assurance even when unexpected guests arrive. Serve it for dessert, with cookies, or as a topping on cup cakes or sponge shortcakes. This creamy, easily made, chocolate ice cream calls for sweetened condensed milk, needs only one heating while freezing and is always delicious.

MAGIC ICE CREAM
 3/4 cup (1 1/2 oz.) sweetened condensed milk
 1 square (1 oz.) unsweetened chocolate
 1/2 cup water
 1 teaspoon vanilla extract
 1 cup heavy cream

Set refrigerator control at coldest point. Put sweetened condensed milk and chocolate in top of double boiler. Cook over rapidly boiling water, stirring often, until thick (about 10 minutes). Slowly add water, mixing well. Chill. Stir in vanilla. Whip cream to custard-like consistency. Fold into chilled milk mixture. Pour into freezing tray. Cover tray with waxed paper. Freeze to a firm mush (about 1 hour). Turn into chilled bowl. Break up with fork. Beat with rotary beater until fluffy but not melted. Return to tray, cover with waxed paper. Return to freezing unit. Freeze until firm.

Space Age Car Stars In Motorama

DETROIT—Firebird III makes a final test run at the General Motors Technical Center before leaving for New York and Boston to star in GM Motorama of 1959. GM's newest experimental gas turbine car is guided by a single stick located between the two passengers which takes the place of conventional steering wheel, brake pedal and accelerator. Missile-like in appearance, it has two engines and uses space age electronics and transistors. It will team with GM's 1959 cars in the Motorama to show the public the latest in automobiles of today and tomorrow.

Adventures in ADVERTISING

THE FANTASTIC STORY of MUSA-SHIYA THE SHIRTMAKER

(Also Sometimes Drygoods Selling)

If the shipping department of a factory had not made an error, the world would never have known of Musa-shiya the Shirtmaker and the most astounding advertising campaign in history would never have been launched.

Following World War I an English textile factory was getting back on a peacetime basis. In error it sent a full five year backorder of shirting material to Musa-shiya, a Japanese shirtmaker who operated a small shop in Honolulu. Business was poor and Musa-shiya was near bankruptcy, when the customs office informed him that certain bales of cloth and a fat bill for duties awaited his pleasure at the port of Honolulu.

When the little shirtmaker realized what had descended upon him, he asked for time and went into the silence for purpose of mental refreshment. Remembering a friend in a big mercantile establishment, he hid himself there and sought counsel. How in the name of the horned prophet of evil was he ever to get rid of all that English shirting? And in the meantime where was he to put it? His little box of a shop wouldn't hold one bale.

"You'll have to advertise," advised his friend. "Leave it to me. I'll have our advertising agents help you out."

This merely compounded the little Japanese shirtmaker's troubles. Advertising to him was an uncharted sea. The advertising agent called on Musa-shiya and suggested \$300 as a modest starter. "Too-o-o much. Maybe I think thirty dollar plenty," said the shirtmaker. He was told that wouldn't even get him in print. The agent explained the costs of various advertisements and finally Musa-shiya agreed to try the plan and what was destined to be the most astounding and far reaching campaign in the history of advertising was launched.

Two column by five inch ads then started appearing regularly in the Saturday Honolulu Star-Bulletin. The ads were written just the way Musa-shiya talked—in colorful pidgen English which is used throughout the Orient. Here is an example of one of Musa-shiya's ads:

"Well here come storek again—but Musa-shiya, the shirtmaker, is able prepare. Wonderful accumulation of baby things in dry goods selling corner of Musa shop. Everything for the baby—especially diaper. Exclusive of storek, which find most easily, many persons not finding little shop of Musa-shiya the shirtmaker in King Street, Makai side, between fish market and river."

Tourists started sending copies of Musa-shiya's ads to their friends in many countries. Soon Musa-shiya was receiving orders from all over the world as well as doing a thriving business in Hawaii.

And that is the story of how a well planned, small advertising campaign made an unknown Japanese shirtmaker not only wealthy but world famous.

Your local newspaper doesn't promise to duplicate this story for its advertisers, but it does take your sales message into the homes of your customers where full and careful consideration is given your suggestions. Who knows, perhaps you too can be a Musa-shiya.

PRETTY GIRLS, PRETTY PICTURE

This amateur photographer has chosen an excellent camera angle for his picture of two bathing beauties. The result will show a striking shot of glamour girls against a background of sky. And that's one of the most important points to remember when taking glamour pictures at the beach this summer. Keep the background simple. The model is the subject, so don't add distracting elements by posing her with a cluster of people or beach umbrellas behind her. Best time for taking beach pictures is in the morning or afternoon, not at midday. The sun at high noon may cause unflattering black shadows around the girl's eyes. Speaking of lighting, there's a tremendous amount of reflection from an expanse of sand, so treat all beach pictures as bright, not average, subjects—even on hazy days.

Fruited Lemonade Flip

LEMONADE IS THE CLASSIC, old-fashioned summer cooler good as is, even better dressed up as a fruited flip. In this frothy modern version, quick-frozen lemonade is combined with beaten eggs and crushed fruit. The fruit goes in the bottom of a tall glass, the lemonade-egg mixture is poured on top. Serve with a long spoon so you can scoop up every last drop.

LEMONADE FLIP

- 1 can (6 ounces) quick-frozen concentrated lemonade
- Cold water
- 3 eggs, beaten
- Crushed pineapple, strawberries, or other fruit

Mix concentrated lemonade with cold water as directed on can. Add the beaten eggs, mix well, cover, and chill thoroughly. To serve, put a spoonful of fruit in each glass and fill with lemonade mixture. Makes about 4 1/2 cups (without fruit), or enough for 6 six-ounce servings.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Unfortunately, due to clever propaganda over the past twenty years, the issue of states rights has become in the minds of far too many people somehow entangled with racial questions. Thus, to many people, anyone who advocates states rights is also in favor of freedom to lynch members of minority groups.

Such, however, is not the case.

For example, in a recent poll of the nationwide membership of the National Federation of Independent Business, 79% of the nation's small businessmen, east, west, north, south, voted in favor of legislation to permit states to regulate labor disputes.

This is actually a demand by the nation's independent businessmen for state's rights in handling affairs on a local basis.

For two decades, or more, the federal government has been involved through the National Labor Relations Board in labor disputes regardless of how local, if somehow it is established the product made crosses state lines.

Thus, for example, while the competitive problems, living conditions, and every other factor may be entirely different as regards a clothes pin factory in Santa Fe, New Mexico, and one in Machias, Maine, in rush the federal boys to lay down the rules and regulations under which a labor dispute in either place will be adjudicated.

There are some who seem willing at any time to charge the National Labor Relations Board with harboring the largest group of communists in the U. S.

This allegation is probably not true. Yet, on the other hand, due to the fact that jobs on this board would be pretty hard to hold down year after year if any member of the agency were under constant attack by the leaders of big labor organizations, it is reasonable to assume that the National Labor Relations Board is not the most objective body in the nation.

In every labor dispute, local conditions and factors are important in the overall picture if fair and equitable settlements are to be arrived at. For example, workers in the garment industry in southern California do not have the high winter heating costs, other living costs, of their opposite members on New York's Seventh Avenue.

Yet a lower labor rate in southern California does not mean that the factory owners gain greater profits, because they have greater freight costs to reach the nation's more populous markets than their opposite numbers in New York have.

Thus, throughout the nation, there are many, many examples, where a settlement fair in one area, is not fair in another area. Yet the National Labor Relations Board must always be alert to what the big national labor leaders think.

And obviously, the economic health of a local community is more vital to the citizens of that community than anybody from the outside. Thus, the nation's independent businessmen, in a realistic recognition of this situation, are asking that handling of local labor disputes be placed on a local level. This is actually a part of what is included in the often misunderstood term of states rights.

Mrs. OLEN HARRIS

Former Resident Happy in Work at L. C. C.

A former Morton youth, who attended Morton schools from the 1st grade through high school, entered his second year at Lubbock Christian College, recently, planning to major in music in his college work.

TRUMAN DALE HARRIS

80 Attended T & C Newcomer Coffee in Fralin Home

"He alone has lost the art to live who cannot win new friends," was the theme for the Town and Country Study Club coffee held Saturday morning in the home of Mrs. A. A. Fralin.

Truman's mother, who also is at L.C.C., says Truman has enjoyed great spiritual growth at L.C.C. and has made a host of friends, but both he and Mrs. Harris will always long remember their many friends in Morton.

Defoliation of cotton has its place, but do not get the cart ahead of the horse. Most of the dry land cotton was ready to defoliate about the last week in September and the first of October.

Usually if cotton is 90 percent open, as on some dry land farms, it is best to defoliate and harvest early if possible.

Wilma Bertram, Earl Parkinson Wed In Double Ring Ceremony, Oct. 5th

The First Methodist Church in Morton was the scene Sunday, Oct. 5, of the exchanging of wedding vows by Miss Wilma Bertram and Earl Parkinson in a double ring ceremony.

Rev. James E. Harrell, pastor of the church performed the ceremony which united the daughter of Mrs. Ruth Bertram of Morton and the son of Mr. and Mrs. A. M. Parkinson of Portales.

The couple stood before a background of Palm trees and on each side were tall stands of pink glads and white daisies and appointed with pink and white satin ribbon.

Mrs. L. L. Price played the wedding music as friends of the couple were seated and then the traditional wedding music March as the bride was escorted down the aisle by her brother-in-law Ted Williamson of Milnesand, N. Mex.

Matron of Honor was Mrs. Ted Williamson of Milnesand, N. M., and best man was Preston Parkinson of Portales.

The bride wore a bridal gown of Pink imported lace over pink tulle. Her bridal bouquet was of white roses with Stephanotis and streamers of white ribbon and net.

For her something new the bride made and designed her own dress and veil and the something old

and borrowed was the ring belonging to her mother. She also borrowed a white Bible from Judy Hodges and wore a blue garter, with the lucky penny attached. The garter was a gift of Mrs. Otha Denny, Williamson, nephew of the bride, of Milnesand, N. M.

Ring bearer was Jimmy Dale Mrs. O. D. Chessir furnished the party with the date 1956, the year of the bride's birth.

At the reception which followed immediately in Fellowship Hall, a 5 tiered cake baked by Mrs. O. D. Chessir, Mrs. Edd Neiman and Mrs. Paul Blackwell centered the bride's table.

A crystal punch bowl also adorned the table. Mrs. Earl Parkinson and Mrs. N. H. Steed, Sr., served at the reception table, assisted by Mrs. Buford Elliott and Mrs. Richard Key.

For her honeymoon the bride selected a Navy blue suit and white accessories and wore a white rose corsage. The couple went to Carlsbad, N. M., and Cloudcroft and will be at home on a ranch in Milnesand, N. M., after Oct. 12.

The bride is a graduate of Morton High School and the bridegroom attended Milnesand schools.

Over 100 guests were present at the wedding and reception. Out of town guests came from Portales, Elida, Milnesand, Floyd & Kenna, New Mexico as well as Levelland, Muleshoe, Lubbock and Fannin.

PLAY IT SAFE, EAT BREAKFAST

Results of a two-year survey, made by the North Carolina Industrial Commission, reveal that, in a large textile plant, three out of four workers who had accidents had eaten no breakfast.

To play it safe, eat a breakfast of fruit, cereal and milk, or an egg, enriched or whole grain toast, and the beverage of your choice. These simple, easy to prepare foods may be the lifesavers which keep you from being a vital statistic.

SAUCE FOR VEGETABLES

Spoon this creamy onion sauce over chilled asparagus, green beans or tomatoes. Try it on grilled fish or hamburgers. Combine a teaspoon instant minced onion with 1/2 cup each sour cream and mayonnaise. Add seasoned salt and let stand to blend. Stir in generous amount chopped parsley before serving.

HUNTING HINT

What's bright is right when it comes to hunting clothes. Easy-to-see colors may save hunters from becoming mistaken targets of other stalkers in woodlands. Most people would choose red as the brightest color of all. But during a test at Fort Lewis, Washington, soldiers spotted yellow objects six times faster than red ones.

WEBWORMS AND TENT CATERPILLARS

Webworms and Tent Caterpillars that are infesting shade trees and shrubs should be sprayed with DDT Lead Arsenate or Toxathene. If webbing of branches are present, small scale infestations may be destroyed by cutting out and burning. "Web tents" in crotches of limbs may be destroyed mechanically. These should be done before the trees are sprayed.

STORE SUMMER CLOTHES NOW

Right storage will increase the life of summer clothing, and make all garments more wearable for the next season.

Here are some suggestions for keeping out-of-season clothing in good condition until next summer:

Mend any ripped seams, tears, loose buttons or other damages. A few stitches can save the life of a garment.

Wash or dry clean all garments before storing.

Store cottons and linens unironed. Make certain all starch is removed. It can cause fabric to deteriorate and may attract silverfish.

Dry garments thoroughly and store them in a dry place to prevent mildew.

Store in large boxes or trunks to make room in closets for fall and winter clothing.

Portraits Airborne For Texas State Fair

Air Force Colonel of World War II, Edwin S. Mayer, shown at the right, cattle and sheep producer of Sonora, Texas, and republican candidate for governor of Texas delivers portraits of himself and Mrs. Mayer to Dallas portrait painter Dmitri Vail on his arrival in chartered plane which he flew to Southwest Airmoval Airport, Dallas, for exhibition in the official Fifth Annual State Fair showing of Dmitri Vail Portraits at the State Fair Music Hall Oct. 4 to 19.

Bulldogs Face Stern Test In Cotton Center

Texas' Last Frontier's unbeaten football team was cut to just one on the third week of the season, but that one, always tough little Bula, may be in for their toughest fight this week against also always tough, Cotton Center.

The Bulldogs of Coach Howard play the Elks in their home ground and you just don't often beat Center in front of its home fans.

The two teams have had one mutual opponent in Three Way. The Eagles carried Bula all the way in a 19 to 14 loss to them, but the Elks soundly thrashed Three Way by a 38 to 20 count.

But don't sell Bula short. That indomitable spirit sewed by Coach Curley Risinger and former grid coach Claude Morrison, still rides high under Howard.

With the Kessamin reducing plan the only thing you can lose is weight!

Liberalization Noted in Regulations Concerning Old Age Pension Benefits

In a communication from Thurston Covey, director of program administration of the State Department of Public Welfare he indicated there has been a liberalization of regulations concerning food income for recipients of old age pensions. We quote from this letter:

The department wishes to encourage recipients on the part of applicants and recipients who are unable to raise home produced foods. Many individuals who live in small towns and villages derive a great deal of satisfaction from maintaining a cow and - or a few chickens, etc. Such activities provide the individual with an enjoyable hobby and a sense of economic usefulness.

Generally, however, the cost of production involved in production of food in this manner offsets the saving in the grocery bill. Agency experience has demonstrated that it is impractical to continue to explore such small-scale financially complicated activities that have no substantial effect upon the individual's grant or upon the total cost of the assistance programs.

In this quotation an example is

included of a cow and - or a few chickens. We are sure this would apply also to gardens, raised fruits, etc. This is of course, an indication that it is possible for a person drawing pension to have a cow, a few laying hens, a garden, fruit trees, etc., without penalty being levied against their regular payments. This opens the possibility for a vigorous liveable program as a means of improving the level of living for people in this category.

VISITED IN ABILENE

Mr. and Mrs. S. A. Ramsey and Sue and Peggy spent the weekend with their daughter and sister, Mrs. Wayman Marshall and Wayne of Abilene. They also visited friends, Mr. and Mrs. Odie Green and Mrs. Ada Greer who lived in Morton several years ago.

STILL HOSPITALIZED

Wesley Maston, who has been in the Muleshoe Hospital for a week with pneumonia, is reported better but will have to remain in the hospital several more days.

FOR 14 DAYS Without Suffering Hunger Pangs Or Loss Of Energy!

To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can be happy!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!

1. A reducing diet (The Kessamin Booklet, prepared by a physician and a dietitian) to give best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamins plus the bulk, Carboxy Methyl Cellulose, to stimulate normal intestinal elimination.
4. The "hunger" chemical, Phenyl Methylethylamine, to reduce hunger if such according to directions.

WASHINGTON AND "SMALL BUSINESS"
By C. WILSON HARDER

Readers, aware of the fact that the nationwide membership of the National Federation of Independent Business has on several occasions gone on record as opposing any extension of the reciprocal trade treaty set-up, have written to ask comments on the recently adjourned Congress action in extending this system for a record four years.

It is a matter of record that Congress did extend this act for four years, the longest term ever given this act.

C. W. Harder, which has so often been used by the State Dept. to smash U. A. protective tariffs.

Yet, as so often happens in the reporting of events in the big daily press, the facts of the matter have been glossed over, if not ignored.

In passing this act, Congress reserved to itself the right to ever rule by a two-thirds vote of both houses. To set aside a State Dept. rejection of a recommendation by the Tariff Commission. Thus Congress has served notice that it once again intends to exercise its traditional role in setting tariffs, and a role which is specifically granted Congress by the U. S. Constitution.

Actually, there is considerable doubt that Congress would have granted any extension of the reciprocal trade treaty act except for certain maneuvers of this nation's "friends and allies" abroad are engaging in.

In a very short time it is expected at long last the Western powers will set up what is known as the European Common Market which will virtually eliminate National Federation of Independent Business

But at the same time, these "friends and allies" of the U. S. will set up a common tariff wall against American products.

Thus, a big international brain-igan is in the making.

So Congress, in order to provide the machinery for fast dealing to prevent U. S. goods from being barred from the European market, extended the Reciprocal Trade Treaty Act.

Whether or not this will work, no one knows at this time. But it now seems certain that Congress has gone on record that it will watch the action on the tariff front with a critical eye, and that at any time it may upset the customary slappy happy State Dept. negotiations on tariff matters.

Actually, the constant cutting of tariffs has done more to hurt American independent enterprise than the big firms like General Motors who set up subsidiaries abroad to manufacture cheap products and bring them into the U. S. to sell in competition with their own productive capacities in Detroit.

By working both sides of the street, such big firms have not been hurt by the juggling of tariffs. But small independent firms, lacking the resources to set up plants abroad where labor is cheap have been hurt.

Thus, Congress has served notice that it intends to keep a close eye on the situation, because employment abroad does not provide jobs for Americans.

And it is significant that for the first time in over 20 years Congress has announced it intends to get into the tariff act again. Thus, some interesting times lie ahead.

Three Way Hammers Spade, 35 to 12; Will Face Nazareth This Weekend

Three Way's improving Eagles, eager to get back into the thick of it, will face Nazareth this weekend.

The Eagles, who play a round robin conference slate, and thus will have a second chance to come back and whip teams which beat them earlier, just might be the team to do it. They've been improving at a good clip.

Bailey Griffith paced the scoring for the Eagles with two 15 yard runs and a 40 yard scamper for touchdowns. Les Fine got another on a pass from Mike Flanniken, the entire play covering 20 yards, and Carter Williams dashed 10 yards for a tally. Griffith and Williams each ran over extra points and the Longhorns were held for a safety.

Defensively the Three Way six-man crew did fine except on pass defense which leaked for both tallies for Spade. However, both extra point tries failed for the Longhorns.

Three Way will meet Nazareth in their game scheduled this week.

Vocational Agriculture Program Is Aid In Developing Scientific Farmers

By C. D. KNOTT, Teacher of Vocational Agriculture at Morton High School

High school vocational agriculture programs are making a valuable contribution toward developing scientific farmers. Modern farming demands that farmers have a scientific knowledge of such things as insect and disease control of crops and livestock, fertilization of crops, operation of motors, etc. In high school vocational agriculture programs, training in these scientific aspects of farming is provided for youths preparing to become farmers. Too, such training is available to adult farmers.

Each high school student enrolled in vocational agriculture at Morton High School receives approximately seven hours of instruction each week in various agricultural subjects. These subjects pertain to the science of producing crops and livestock, developing farm mechanics skills in welding, electrification, shop, farm buildings, conservation of soil and natural resources, and farm machinery. Too, instruction for young and adult farmers is provided for those people who are now engaged in farming.

Such scientific training in agriculture is no doubt largely responsible for the high degree of perfection we have reached in Texas and the United States in producing farm commodities. This perfection is also making a very important contribution to our national economy and to the national leadership the United States is able to demonstrate among world powers. History has demonstrated that for a country to be world leader, she must have a strong program of agriculture. Consequently, it is important

that we train an adequate number of scientific farmers to produce the food and fiber needed by our people. And even though we will need fewer farmers in the future, those farmers that are needed must be highly trained in the science of agriculture.

(Next week Mr. Knott will discuss "Vocational Agriculture and the adult farmer.")

Don't be a statistic!

According to highway safety authorities, most serious automobile accidents happen at night. Poor visibility is an important cause.

Now that the days are getting shorter, it's a good idea to make sure that your car's headlights are properly focused and bright enough, and that your taillights and turn indicators are functioning properly. Your Phillips 66 Dealer will be glad to help you keep the lighting equipment on your car in top condition. Also, he has the fuses and sealed-beam units to fit your car.

If you possibly can, try to arrange your trips so that night-driving is kept to a minimum. When driving is unavoidable, take it easy, and the first time your eyelids get heavy, pull over to the side and get some rest. The life you save may be your own!
