Urgent Polio Meeting Tonight; \$1,000 at Stake

There will be a meeting held tonight at 7:30 p.m. in the County Library, to reorganize the Cochran County Polio Chapter.

Ray Tarver, Jr., mayor, called the meeting this week when he said it became evident that the chapter will die without organization, and \$1,000 in funds now on hand would go to the National Foundation, when it is needed right here in Morton.

There is at least one known case in Morton where funds are needed to help pay the cost of bills incurred by polio. But without an organization, there is no one to write the checks and carry on the business.

Those who will volunteer to help reorganize the polio chapter and would serve in an office, are urged to attend this meeting, tonight, Thursday, at 7:00 p.m.

College District Taxes Can Be Paid At Whiteface

Whiteface residents, who last year voted to include their school district in the South Plains College District, with Hookley County, will have the convenience of paying their first taxes into the new college district, in their home town today, as T. O. Pettit, Assessor-Collector for the college will be in Levelland to collect taxes.

Mr. Pettit said last week the reason he would be in Whiteface today, was for the convenience of the taxpayers. He will be located at the City Hall from 9:00 a.m. until 1:30 p.m., or later, if persons keep coming to pay the taxes.

The usual 2 per cent discount is allowed if paid this month.

Today, Thursday, October 23, is a good day to pay college taxes for residents of the Whiteface School District.

Local Farm Bureau Drafts 11 Resolutions for Coming State Meeting; Elects Six New Directors for County

Approximately 50 persons, including former members and guests, were in attendance last Thursday night at the annual Membership meeting of the Cochran County Farm Bureau and heard area director Hub King lash out at the local group's inactivity in Farm Bureau area and state meetings.

King, taking note of the eleven resolutions adopted by the local group, minutes before he took the floor, noted the absence of resolutions based on local problems and scored the Cochran organization for not taking part in Farm Bureau meetings on the area and state level.

Mr. King also found himself in a spirited debate with Roy Hickman, local Farm Bureau member, who challenged the Farm Bureau "was on a state and national level, and challenged what direction we were leading the farmer."

Earlier, the local group had elected six directors to go with five holdover directors who still have a year to serve.

Elected were Henry Cheshire, Jim Middleton, Ralph DeBord, Merlin Robert, Jim Greener and J. W. Bond.

For Roberts it was re-election. Other nominees were: George T. Bond, Pate Todd, Ralph Burt, John Kennedy and Lloyd Miller.

Holdover directors are William Zuber, George Williams, Elmer Gardner, Syl Greener and D. L. Linder, Jr.

In another highlight of the meeting, B. C. Butler, whose name was drawn once previously for a door prize when he wasn't there to claim it, won the \$70 door prize this time by being present.

Other action included the reading of the minutes of last year's meeting, a financial report, and a report by the resolutions committee, composed of Hickman, Gene Benham, Elmer Gardner, Homer Thompson and assisted by J. R. Kuykendall. The group presented 19 resolutions and Kuykendall introduced another from the floor. All 11 were adopted after discussion on most of them.

The rural phone problem was brought up and it was decided, the president who will be elected as the new board holds its first meeting in the near future, would appoint a committee to meet with the Morton City Council, and see if they won't make an attempt to have toll charges removed between city phones and the REA phones.

Resolutions which were passed, and will be forwarded to the state Farm Bureau for action at the state meeting, included:

(1) That the state and National Farm Bureau offices, recommend that the proposed farm bill as recommended by the Plains Cotton Growers, be passed to replace the present program, which is a bill with compensatory payments to farmers, contained in the bill submitted by Rep. Poague.

(2) That the state and national offices work to maintain our present parity formula for agricultural products and support prices.

(3) That when and if additional revenue is needed by the State, a sales tax be passed to secure the needed funds.

(4) That the State and National Farm Bureau organizations expand their educational activities and forces to reach more people (both rural and urban) relative to prices received by farmers and prices paid by consumers for agricultural products. (FARM BUREAU), page four

Not Getting Enough Graduates Various Fields of Agriculture

By DUANE KNOTT.

made in agriculture, needs 1,600 research workers each year. Agricultural education, which has the responsibility of educating farm youth and adults, and others connected with agriculture, needs 3,000 new professional workers each year. Agricultural business and industry, which employs approximately 30 per cent of the workers in the United States, needs 6,000 workers annually. Each year we need 1,000 for conservation, 500 for agricultural communications and 1,500 for agricultural services.

E. V. Walton, head of the Department of Agricultural Education, states that, "When and if a global war comes, the difference between Russia and the United States will not be in technology but in agriculture. Agriculture is the one productive area in which we are superior to Russia. We have had a 40 year lead. It is expedient for us to keep this substantial superiority."

High school vocational agriculture students obtain a background that prepares them for college work in these various fields of agricultural sciences.

ABERNATHY ANTELOPES POUND OUT 38 TO 0 VICTORY OVER INDIANS IN DISTRICT 2AA OPENER

A somewhat lachrymose Abernathy Antelope eleven, used a heavier line to the best advantage on the Abernathy field Friday night as they coasted to a 38 to 0 win over Morton, spoiling the Indians' first bid in Class AA play. Grinding out most of their yard-

age through the middle, the 'Lopes didn't have to extend themselves in gaining the victory, though they didn't look particularly impressive in winning.

The 2AA favorites did the same thing most other Indian opponents have done this year. They used a series of Morton mistakes to score their first two touchdowns, then after Morton had come out in the second half with renewed vigor, the Antelopes simply wore them out and put over a couple of 4th period scores to make the score look impressive. As is usually the case, Morton's third quarter was their best, though Abernathy left their first team in the game all but six plays of the game. It was a fresh second team that punched

over the last score as Morton almost held off the last scoring threat until the end of the game.

The Indians themselves had no serious scoring threats though they did let two breaks go a glimmering with mistakes of their own. They captured an Antelope fumble in Abernathy territory as the game got underway, but a pass interception stopped this Morton threat on the Abernathy 33 yard line.

Shortly thereafter Morton reached the 42 of Abernathy and fumbled. In the second quarter Morton got three first downs to their own 48 yard line and then lost the ball on a poor lateral attempt. As the first half ended Morton reached the 32 of Abernathy and lost the pigskin on a pass interception.

On each of these first half miscues Abernathy took advantage to go on to score and rang up a 24 - 0 lead at the half.

In the 3rd quarter Morton was held for the first time and Abernathy blocked Brown's punt. But Morton in turn held the Antelopes for downs twice, once on

a deep interception by Seaney in the Morton end zone.

Abernathy intercepted another Brown pass to halt final bid in the 4th quarter.

Thus Morton had only three of its drives halted all night long by Abernathy tacklers — the rest of Morton's drives were stopped by mistakes.

The Lopes quarterback, Lane Tannehill was the big cog in their offense though it was a trio of running backs, Danny Miller, Gerry Watson and Aubrey Smith that did most of the ground gaining. Tannehill passed for two of the touchdowns, the first one an explosive blast that sent Wasston deep. He got behind Morton's defenders and was easily in the open for a 46 yard

pass and run play. A pass to Pat Attebury garnered the two points.

Tannehill scored the second TD on a 9 yard keeper play and Leo Kiker ran the points.

Kiker also scored the third TD, another pass to Watson scored the 4th TD, and substitute quarterback John Brown tallied the final six points. So that the two big men, Miller and Smith, didn't score a TD all night, though they got the bigger part of the yardage between them.

to tell from the performance they put up last Friday.

Morton managed seven first downs to Abernathy's 15 in the final statistics.

The Morton band as usual did a good stint of marching for the crowd. John Brown has been building a fine marching group. But,

in numbers, the Morton band was badly outclassed for the first time this season. The 72 piece Abernathy unit marched and played well, a credit to their school. Yet, with all this material, Morton's baton twirlers did a far more impressive job than did Abernathy's trio of twirlers.

COUNTY AGENT

By HOMER THOMPSON

A national marketing quota of 12,187,000 bales of cotton, a national acreage allotment of 16 million acres, and a date set, December 15 for a farmer referendum of marketing quotas have been set by Agricultural Secretary Benson. All are in accordance with legislation covering cotton. In setting the marketing quota, the Secretary found that the total supply of upland cotton exceeds the national supply needed by 4,379,000 bales. The national acreage allotment for 1956 will be apportioned to the states, the state allotment to the counties, and the county allotment to the farms according to the provisions of the law. If a 2/3 favorable vote in the December referendum takes place, then the cotton grower will have a choice between two allotment price support programs known as choice A and B.

Under A, growers who comply with their regular acreage allotment will have available price support at not less than 80 percent of parity. Growers under Choice B receive larger farm allotments, that is 80 percent above the regular allotment, but with a reduction of 15 percent parity in support prices as compared with Choice A. If marketing quotas are not approved by 2/3 majority vote in December for upland cotton, then only the regular allotment program will be in effect. Price support will be available to cooperators at 50 percent of parity as provided by law. — COTTON DEFOLIATION — What to do, or not to do with this cotton defoliated several days ago but not stripped, is the big question? This is the preparation and condition of plant for stripping. The IDEAL condition of a cotton plant for stripper harvesting is a completely defoliated plant with main stems and branches alive and turgid with all the cotton on it mature and dry. With this plant condition stems and branches are pliant and sticks and barks are not broken off to contaminate the cotton.

Will say it looks like we have a live tough plant and a few green bales unopen. Certainly we should not get a bawky cotton — at least until after a freeze. As to the unopen bales, that is another problem. Perhaps the next best thing to do, when most of the bales are open, is to go ahead and strip it. Take the stripped cotton with all bales (open and unopen) pile in big piles on the ground, not grassy ground, and let it dry and bleed for 10 days to 2 weeks. Then strip it in large bales lots at the gin. This method will permit the farmer to gin his cotton more uniformly, get it out of the field earlier, before the stalks get bawky and the unopen bales will open faster when stacked on the clean ground with the open cotton.

Anyway following a killing frost, if cotton is not stripped — you can bet it will get bawky in a few days time, more especially the defoliated cotton. Our motto is as soon as possible and to get the highest grade cotton. Management is a big item; so don't strip or pull cotton before 9:00 a.m. or after 6:00 p.m. as a rule because of dew and dampness in order to maintain a better quality cotton. Never pull when wet — or follow a Nationalists advice.

Scouts Deliver 700 Safety Handbooks To Mortonites

The Cub Scouts of Pack 101 and Boy Scouts of Troop 101 of Morton delivered door-to-door over 700 Handbooks for Emergency, to Mortonites last Saturday.

The Cub group, under the leadership of Leon Hamilton, Ludean Crockett and Curtis Chapman were very helpful in making this delivery a success.

Boy Scouts taking part in the delivery were Mike Doss, Tommy Smart, Robert Carter, Benny Turney, Terry Bickett, Andy T. Wilson, Bobby Neiman, David Ross, Lee Mapes and Douglas Miller.

Refreshments were served to the boys by Ailsup Chevrolet and each boy was presented with a model of the new 1956 Chevrolet.

L'Allegros Still Trying to Establish School for Exceptional Children

The L'Allegro Study Club met on Thursday, Oct. 16 at 8:00 p.m. in the home of Mrs. Babe Vanlandingham.

The meeting was called to order by the President, Mrs. Truman Doss, with a report by the Treasurer, Mrs. Jack Wallace.

Following the reading of the minutes by the Secretary, Mrs. Harold Drennan, Mrs. James Greener was voted into the club as a new member.

One of the club projects for the coming year is establishing a school in DeWitt County for exceptional children. Mrs. Vanlandingham, Chairman of the project, reported that the school must have \$80,000 before it could receive state aid, and as of now, "we have not been able to contact parents of enough children who would qualify for the school."

Miss Pat Key, Cochran County agent in the Mail of Cotton contest had been in Lubbock participating in a full schedule of activities for the contestants.

The President announced that the CARE packages this year would go to Greece.

A report was given by the president on the Annual Board Meeting and Workshop of the Seventh District, Texas Federation of Women's Clubs on October 9, 1956, for District Board members and club presidents. One of the highlights of the program was a book review given by Mrs. Arnold Macker of Lubbock on the "Woman I Would Like To Be."

The club voted to have a float in the Homecoming Parade, Mrs. T. K. Williamson, Mrs. Bobby Travis and Mrs. Tommie Hans were appointed as the Committee.

Mrs. M. A. Silvers introduced

Mrs. Eddie Irwin who was in charge of the program for the titled "Religion in the Life of Confucius." The history of Confucianism began when Confucius was born in 551 B. C., and as he grew out by Mrs. Irwin, many principles of Confucianism are of great interest to Christian peoples.

The most frequently cited principle is the answer of Confucius to the question "What is there any single saying one can act upon all day and every day?" The answer was "Others what you would expect them to do to you." This is 500 years before the birth of Christ. The program was very interesting and informative.

The club adjourned and various refreshments were served by the following members: Mrs. Jerry Barton, Doss, Drennan, Dene, Hans, John E. Hillier, D. Knott, T. A. Rowland, Travis, Vanlandingham, Williamson, E. O. Williamson, Irwin.

Legion Receives Recent 'Windfall'

Allport Morrow, Jesse R. Bond American Legion Post Adjutant, announced this week that he had received a check of \$47.57 for the local post from the Brownfield Veterans 1470, 40 and 8.

A number of area veterans were at one time members of the 40 and 8 at Brownfield.

William C. Brown, a former member of the now inactive Voiture at Brownfield, wrote Morrow "The Brownfield Voiture 1470, 40 and 8, had a bank balance of \$95.14, inactive these several years, which the bank wanted cleared up. So I took the responsibility of drawing it out, depositing it to our post, and having Jim Miller write your post a check for half of it."

Brown is acting postmaster at Brownfield.
