

Nathan Brown

January 27, 1952

Dear Friend:

After — the national problem is Texas — is the target of your attention.

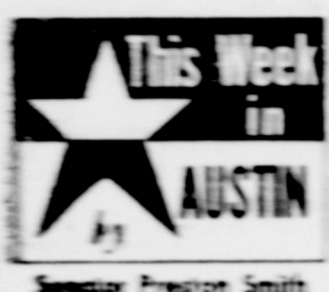

Representative Nathan Brown, United States House of Representatives, in his third year of office in Texas was elected to the House of Representatives in 1951. He was the first Texan to be elected to the House of Representatives since 1933.

As a member of the House of Representatives, Nathan Brown has been active in many of the important legislative programs of the House.

He has been a member of the House of Representatives since 1951. He was the first Texan to be elected to the House of Representatives since 1933.

He has been a member of the House of Representatives since 1951. He was the first Texan to be elected to the House of Representatives since 1933.

He has been a member of the House of Representatives since 1951. He was the first Texan to be elected to the House of Representatives since 1933.

This Week in Austin

Sanctor Preston Smith

My friends, here is a general idea of the week's events.

There's much talk around the Capitol of the Texas State Board of Education. The board is expected to meet next week in Austin to discuss the state's educational program.

In a joint session, the Texas State Board of Education met in Austin to discuss the state's educational program.

The board is expected to meet next week in Austin to discuss the state's educational program.

What I discovered in Japan

by **FREIDA DIAMOND**

Top American Home Furnishings Consultant and Designer, Freida Diamond, spent several months in Japan, Easting and now in America are the native Japanese products that Diamond brought back to us in a book, "What I discovered in Japan" by Freida Diamond.

"Brighten your dining table with a variety of hand-lacquered accessories, such as lacquered butter plates, which match with oriental woven silk linings." — elegant lacquered boxes, which make perfect individual cigarette containers. — elegant lacquered receptacles, which, they say, is decorative and functional.

"Decorate your fireplace with three lacquered vases, used in lacquered stems for lacquered vases, 'sakonaka,' like a cluster of them on a bookcase, table or desk as an art and decorative touch."

Freida Diamond, Japan Trade Center, 30 East Avenue, R. T. C. B.

HOUSE DEMONSTRATION CLUB MEETING

Home Demonstration Club meeting this week at Highway and Fwy, at the home of Mrs. Leila Paty.

The Home Demonstration Club will meet at the home of Mrs. Leila Paty at Highway and Fwy, at the home of Mrs. Leila Paty.

SPECIAL MEETING

Given at the present Legislative session gets underway I am going to predict that we will have a Special Session in the late Texas Legislature. I believe that we will be having a Special Session on many matters — tax and appropriations.

The main reason for this belief is the fact that the House of Representatives is now in session and the Senate is expected to meet in the near future.

WATER LEGISLATION

We have many of the water problems of legislation back with us this year which were not passed last session, notably about, however, are major water bills.

Most all members are waiting to see how the state law center the statewide water legislation which was passed last session.

BIG CITY LARGE INFLUENCE

The influence of the big cities — Dallas, Houston, Fort Worth, and San Antonio — and also that of Organized Labor is certain to be made more prominent this session in the House of Representatives.

Already these pressures have had their part in the appointment of Speaker Carl Albert. The former Labor — Union lobbyist to the CIO was given a prominent position in the House of Representatives.

This is almost unprecedented in Texas politics. The House, due to Carl Albert's recognition of Labor, will probably wind up passing some Labor legislation. The Senate, however, is little changed in sentiment and will be expected to kill these measures.

— your Representative
E. L. Bowen, Jr.
District 8

To Hear Talk on Braero Labor At Lubbock

Members of the Frontier Farm Labor Association are expected to attend an important meeting at the recently formed West Texas Agricultural Engineers Association in Lubbock, Thursday.

The Frontier Farm group, which is a member of the new organization, has been invited to speak at the meeting.

The meeting will be held at the Lubbock Hotel, at Lubbock, Texas, beginning at 10 a.m.

The meeting will be held at the Lubbock Hotel, at Lubbock, Texas, beginning at 10 a.m.

Maid, Indians Win

(Continued from page one)

In that crucial last half, poured in five runs all, eight of the Indians to help open up a five-run lead of 20 to 14.

The third period brought me. Morton ripped three in the first 1:35 to pull to 24 lead. They had talked without. Oton scored on a hit in 11 batters in the 35 to 26 third period. Morton scored Oton, 46 to 28 in half.

They wound up their out of their shoes in 13 attempts. Oton scored per cent of their field and hit only 16 of 27 in the game.

Brownlow's 19 points though he played less than a quarter. The scoring was well divided, however. Zuber getting 12 points and Middleton 11.

Jim Hutchins had 10 of the lower and was the savior good shot and 7 of 12 shots in the John Hair's one field tries.

For the Maids it was Fincher who tipped the scales. He had 11 field goals and 17 points. He had 17 points and 17 points. He had 17 points and 17 points.

The Morton girls won 100-80. They had a good chance of making a record in the final standing. They can split even their games.

GOES AND GOES AND GOES ON A GALLON!

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas — up to 10% more — and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "get" in the speeds you drive the most.

Here's an engine that always seems able to coast extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tall on things like gas mileage, you'll see in your pocket that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this Hi-Thrift 6 is the extra pep it gives you for passing and climbing hills. That's due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '52 Chevy can be such a stunner for economy. But — whether you pack the Hi-Thrift 6 or a six-cylinder V8 — this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

now — see the wider selection of models at your local authorized Chevrolet dealer's!

LOBBYISTS WORKING . . .

Farm Bureau Maps Out Busy Schedule of Proposed 1959 Legislation for Farm Interests

Texas Farm Bureau were of its proposed legislation in the present session, it would surely have as big a task as Farm attempted in this year as the impetus of Linder, Jr., and Olin

Lewis, representing the Cochran County Farm Bureau, gathered at the recent state meeting they attended.

Linder, who is County Farm Bureau vice-president, and Lewis were among some 350 who attended the annual president's meeting at the Stephen F. Austin Hotel, in Austin, recently.

T. R. Harrison, who lives below Whiteface, and who is president of the Hockley County Farm Bureau, also attended, and he had the honor of opening the state meeting

with the invocation.

Harrison, in an interview with the daily Sun-News in Levelland, explained some of the pertinent information learned at the state meeting — information that is not generally known by Farm Bureau members of individual chapters. He said the Bureau has three legislative representatives lobbying for Farm Bureau interests, seeking to push through bills which are of interest to Farm Bureau members.

When a particular bill is due for discussion, these representatives contact the local Farm Bureaus & ask for a barrage of letters and telegrams supporting the particular side the Bureau favors. This is no trick, no underhanded method of doing things, it is the way of all legislation, and must be supported by individual members of the Farm Bureau if they expect to get their legislation through.

While they were in Austin, the local group had the opportunity to view the inauguration of Governor Price Daniel, and it was pointed out that Daniel's inaugural speech placed him considerably in line with Farm Bureau thinking on a number of the major ideas.

The men who attended the meeting spoke of the address by Charles Shuman, National President, and it was pointed out the theme of the whole convention was the need for the Bureau to fight for getting the government out of agriculture and returning it to the farmers. They didn't stop there. They are solidly in favor of getting away from a strong centralized form of government — giving the government as a whole back to the people.

The Bureau, it was said, fights as hard to oppose legislation that does not favor, in all cases, as it does to push Farm Bureau legislation.

As a whole, the group of area men who attended, came back a good deal more satisfied with the Farm Bureau policies than they were when they left. To know the Farm Bureau is thinking in the right general direction, helps to better understand why they cannot push for a complete radical change in farm policy, all at once.

Here, in words taken from the Farm Bureau's policy, is the general gist of proposed legislation of the State Farm Bureau, — which Linder, Lewis, and Harrison were privileged to hear at the meeting: Animal Health is one of the major Farm Bureau concerns in their proposed legislation for this year's Legislature and here are the following things they hope for in the way of legislation to better the animal health situation:

1. Area control brucellosis legislation.
2. Tubercular testing and restriction of cattle.
3. Changing the name of Texas Livestock Sanitary Commission to Texas Animal Health Commission.
4. Legislation to prevent the

manufacture, possession, sale and distribution of live hog cholera virus vaccine.

5. Legislation requiring veterinarians to report certain contagious and infectious diseases of animals and domestic fowls to Livestock Sanitary Commission.

6. Legislation to eliminate existing conflicts between state law & federal regulations relating to interstate shipment of livestock.

7. Legislation to provide livestock health inspection service at market centers.

8. Legislation to clarify certain sections of the Vesicular Exanthema Law.

9. Securing of approximately two million new dollars from general revenue fund to finance expanded animal health program.

Farm Bureau also has policies concerning the needed funds and taxation. They have taken the following stand:

1. Farm Bureau will support taxes on natural resources to raise additional state revenue.
2. Oppose a general sales tax.
3. Oppose a state income tax.
4. Oppose any increase in state ad valorem tax.

In the field of research and education, Farm Bureau will support increased state appropriations for the State Extension Service, the State Experiment Station and Forest Service.

In the field of transportation the Farm Bureau will support legislation to:

1. Increase Texas' gross truck load limit.
2. Increase farm trailer gross weight licensing exemption from 4,000 pounds to 14,000 pounds.

As for roads and highways, the state Farm Bureau took the following stand:

1. To oppose any effort to change farm-to-market road laws.
2. To oppose any efforts to require state to pay expense or cost of relocating private utility lines which have been located on highway right-of-way free of charge to such utility company.

As for water, they support legislation to simplify procedures for obtaining permit to build 200 acre foot reservoir water from such to be used for any beneficial purpose.

Milk labeling was also in for a hoped for piece of legislation. To support legislation to require that all packaged fluid milk and cream be labeled to show minimum percentage of butterfat contained therein.

In the field of protecting the representation of rural folk in county activities, the Farm Bureau will oppose any effort to permit compulsory re-districting of County Commissioners' precincts on population basis that would result in decreased representation of rural areas on the County Court.

As for labor, they oppose any efforts to eliminate or weaken the state right-to-work law.

And, for REA, they support rural electric co-op legislation to clarify service rights.

Area Boys Get Good Production in 1958 Cotton Growing Contest

By HOMER E. THOMPSON County Agricultural Agent

The records of the 4-H boys enrolled in the cotton demonstrations have been turned in to the County Agent's office, with the highest record in the irrigated division and the highest record in the dry land division being submitted to the District Agent to compete in the District Contest.

R. E. Thompson and Billy Bryant's records will compete in the District Contest sponsored by the Plains Cooperative Oil Mill; R. E. in the irrigated division and Billy in the dry land.

Two records were entered in the Irrigated Division. R. E. Thompson had 5.1 acres and a yield of 610 lbs. lint per acre. Dickie Walker entered 5 acres and produced 583.6 lbs. lint per acre.

Three 4-H boys entered records in the Dry Land Division. Billy Bryant's yield on 5.1 acres was 445.09 lbs. per acre lint cotton. Gary Ken Coffman was right behind Billy with 444.2 lbs. lint per acre on 5.2 acres. Ricki Coffman also had 5.2 acres and his dry land yield was 372.1 lbs. lint per acre.

This is the 2nd year for R. E.'s record to be entered in the District competition. This is R. E.'s story about his 1958 cotton demonstration: "For my 1958 cotton crop, I shredded and listed my land and later fertilized it with 10-20-10 before planting. I had a few rows which were planted too shallow, that dried out. In order to get them up I had to water the land. I knifed twice and cultivated three times. I poisoned twice and defoliated once.

On November 11 I stripped all five acres of my cotton crop. Later that month I sold my cotton. I had 3111 pounds of lint and 4620 pounds of seed."

This is Billy Bryant's second year as a club member. The following is Billy's story of his club work. "I have been a club member two years, and really like club work. The part I like best is the way you learn to do things

for yourself. I had a 4-H club cotton patch last year, only made 2 bales but it was a start."

"This year I had 5 acres of cotton. I only had to plant it once and rains came just right. I thought I'd have to poison in August but we had a 1/2 inch rain about that time. I defoliated it. I think I gained by doing it. We pulled it with a stripper, with me pulling on the ends. I got almost 500 lbs. lint to the acre. I planted Lankart seed."

"I also attended all the 4-H club meetings at Bledsoe and a tractor school. I received the tractor award at the achievement meeting. I was sure proud of it. I have made up my mind that this won't be the last award I'll win in 4-H."

YATES RADIO - TV Laboratory NOW OPEN One Door North of the East Side Cafe MORTON, TEXAS

BY BOB COLLINS

There is a growing concern in the cotton trade over the handling of Choice "A" cotton . . . the law says the CCC must purchase the "A" cotton to support it . . . this puts the government in business as never before . . . prior to this the farmer always had the choice of withdrawing his supported cotton from the loan if he wished . . . now there is no choice on "A" cotton . . . much of the concern centers around the destruction of the competitive marketing system

If normal trade channels are not maintained the farmer may wake up some morning to find he has no place to sell his cotton except to the government and there'll be no chance of selling it for the "best" price because there'll only be one price: The one set by the government . . . remember the story about the camel that sticks his nose in the tent? . . . then the first thing you know he's all the way inside . . . surely there is a way to preserve normal trade channels and it's worth any amount of trouble to keep as much of the camel out of the tent as is possible

ings to be held by Conoco jobbers in Texas, Oklahoma, Louisiana & Arkansas, the council will attract distributors from throughout north and west Texas who are part of the company's Fort Worth Marketing Division. Problems common to both the jobber and the company were to be discussed during the all-day session. Conoco's councils are among the first to be scheduled by a major oil company.

MORTON — LEVELLAND

Farmers, HERE'S FACTS ABOUT COTTON DELINTING You can plant your fuzzy, flame, gas delinted, saw delinted or wet acid delinted. We recommend the wet acid delinting. Here's Why: 13. Gravity table floats out the weak seed. 14. Treating prevents seed rotting even in cold, damp weather. 15. No sticks, stems, or lint to clog up the planter. 16. In warm soil, seed will sprout in 12 hours — a stand can be had in 4 days. 17. Less moisture is required for germination. 18. For only one pound of lint cotton per acre you can have your seed delinted using the wet acid process. For those who would rather have saw delinted cotton, we will have our saw in process by the first of February. Let bigger yields. One call will get you complete details —

PATSY WILLIAMSON, FORMER RESIDENT ENGAGED TO WED

Mr. and Mrs. V. V. Williamson of Lubbock announce the engagement and approaching marriage of their daughter, Patsy Louise, to Paul S. Poyner, son of Mr. and Mrs. R. W. Poyner of Lubbock.

Miss Williamson lived in Morton and attended school here several years before moving to Lubbock. She is the granddaughter of Mr. and Mrs. John Freeland of Morton.

The wedding is set for Feb. 28 in the 17th and Ave. N. Church of Christ in Lubbock with the father of the bridegroom to be, R. W. Poyner, officiating.

BROWNIE GROUP HOSTS FATHERS IN WHITEFACE PARTY

WHITEFACE (Spl.) — Brownie Scout Troop No. 339 held their first annual "Date with Dad" party, Friday, January 30, at 6:30 p.m.

Each girl brought a nose - bag lunch for herself and her father.

The tables were set with trefoil shaped program-plate card combinations the girls had made during a prior meeting. Each girl introduced her father, giving his name, occupation, and hobby. The troop furnished coffee and cakes throughout the evening.

During the program, Patrol No. 4 led the Flag Ceremony; Patrol No. 2 did two folk games; Patrol No. 3 led several Brownie songs; and Patrol No. 1 presented a skit entitled the Brownie Story.

Brownie pins were presented to Barbara and Sue Eaton.

Membership stars, earned by a one year's continuous membership were pinned to the following girls uniforms by their fathers: Jan Abbott, Ida Lynn Cagle, Esther Cunningham, Ann Jennings, Pat Lavater, Nancy Lewis, Wibalene McNabb, Linda Peden, Sheryl Peters, and Linda and Brenda Shorter.

Following the program a short social hour was enjoyed by the girls and their dads; then all of the girls helped with the Clean-up Campers, assisted by the Troop Committee.

Those present were Tom Abbott and Jan, Penn Cagle and Ida Lynn, James Carroll and Kay, Leo Cunningham and Esther, Lee Eaton, Barbara and Sue, E. J. French, Jr. and Lynn, Tommy George and Linda, Ed Jennings and Ann, Marvin Lasater and Pat, Olin Lewis and Nancy, Leon Low and Cynthia Ann, W. L. McNabb and Wibalene, Fred Owens and Fredna Oren Peden and Linda, Windell Peters and Sheryl, Charla Jo Booz, Jesse Depaw, Rita Jean Linder, Brenda and Linda Shorter, Vikki Bert Cunningham, Kim Peters and Mrs. Tom Abbott, Mrs. Leo Cunningham, Mrs. Windell Peters and Mrs. Ross Shorter.

Miss Ruth Gattis and Alton Lamb, Jr. Exchange Marriage Vows Friday

In a double ring ceremony performed at the Eastside Church of Christ, Friday, at 3 p.m., by Cecil Williams, minister, Miss Ruth Gattis and Alton Lamb, Jr., were united in marriage.

The couple are the daughter of Mr. and Mrs. Guy Gattis of Bayboro and the son of Mr. and Mrs. Alton Lamb, Sr., of Morton.

The bride wore a gown of white Chantilly lace and tulle over satin and carried a bouquet of white roses on a white Bible. She also had a veil of imported silk illusion falling in double tiers from a tiara of pearls and sequins.

She was given in marriage by her father.

Miss Jerry Beth Lebow, a schoolmate, was Maid of Honor and Rodney Fralin, served as Best Man. Miss Lebow was clad in a turquoise chiffon dress, over taffeta, designed with scalloped neckline.

Eddie and Ricky Bedwell, nephews of the bridegroom were ring bearers. Ushers were Delmas Dobson and Arnold Lamb, brother & brother-in-law of the bridegroom.

Mrs. Donald Cox and Miss Glenda Che-shir and Miss Carol Leavitt

provided vocal music for the ceremony.

A reception was held in the parsonage following the ceremony with Miss Janice Lebow, Mrs. Delmas Dobson, Mrs. Cecil Williams and Mrs. Eugene Bedwell as members of the House Party.

For the wedding trip to Austin, the bride wore a black wool suit with black and white accessories. The couple plan to make their home in Morton.

Mrs. Lamb is a bookkeeper for Windom Oil company and her husband is engaged in farming.

OCHAWA CAMP FIRE ADDS \$60.15 TO MARCH OF DIMES

The Ochawa Campfire group participated in the March of Dimes campaign Saturday, Jan 31, 1959.

FHA STYLE SHOW and TALENT REVIEW SET NEXT TUESDAY

Area folks are reminded this week of the Morton Future Homemakers Style and Variety show to be presented a week from tomorrow, on Monday, February 9, at 8 p.m., in the County Auditorium.

Mrs. A. E. Sanders, Homemaking teacher at Morton High School, and sponsor of the FHA chapter, is in charge of the program.

As usual, the event will be in two parts, the Style Division, open to students enrolled in Homemaking I, II, and III, with the creations to be judged by classes.

The other portion of the evening's entertainment, the talent show, is open to local talent and prizes will be awarded.

Tickets are now on sale by the FHA members. Proceeds go to carry out the yearly program of the Future Homemakers.

ter spending a week in the West Plains Hospital at Muleshoe.

DAIRY FOODS ARE EMPHASIZED AT 4-H SPECIAL MEETING

A special meeting of the Morton Sixth Grade and Junior High 4-H Clubs was held after school on Wednesday afternoon, January 28. The meeting was held in the kitchen of the Activity Building and it was to emphasize the Dairy Foods Demonstration Contest as well as to give suggestions for other club members who have food preparation as a club project.

The 4-H Pledge was led by Lois Courtney, president of the Junior High 4-H Club. Mary Kate Miller and Linda Hawkins led a game.

Demonstrations using dairy products were given by Miss Leola County Home Demonstration Agent. A baked custard was made

with whole milk, a chocolate milk drink was made with dry milk, and cheese sauce was made with condensed milk and processed cheese. The cheese sauce was used over broccoli.

After a discussion on "Judging a demonstration," a tasting session was held.

Attending the meeting were: Mary Kate Miller, Linda Hawkins, Betsy Crowder, Gloria Stroud, Sandra Courtney, Lois Courtney, Jane Barnhill, Barbara Haley, Beth Wenken, Pauline Woods, Beverly Criswell, Lynne Freeland, Kathryn Browning, Judy Wenken, Patsy Beseda, Deana Jackson, Clodie Haralson, Mylinda Westerman, and Mrs. S. W. Westerman, Mrs. L. C. Wenken, Mrs. B. L. Haley, Mrs. J. W. Haralson, Miss Petty, and others who did not register.

A special meeting on vegetable preparation will be held in February.
