MORTON, TEXAS, THURSDAY, JULY 30, 1959

NUMBER TWENTY-THREE

ANOTHER LOCAL TEACHER RESIGNS; NO ACTION HAS BEEN TAKEN ON FACULTY REPLACEMENTS

Mrs. Pat Hatcher, who has taught in the Morton school system for 12 years, in a four and an eight year stretch, announced her resignation last week to accept a teaching position with the Whiteface schools.

Mrs. Hatcher, who taught in the elementary school, said she hated to leave Morton but that the Whiteface offer was too attractive to turn down. She will receive a slight raise in pay, but more important to her, she will teach in junior high where she will have no outdoors playground duty. She said the outdoors playground duty had created a health problem with her, and she needed, if possible, to get a position that didn't force her to be out in the weather. She taught in the lower grades in Morton.

In addition to an \$80 a month increase in pay she said she will

be teaching in her specialty field, language arts, with on social science course, probably geography or history.

Another inducement is the social security under which Whiteface teachers are enrolled. Morton teachers are on the state teacher retirement plan only.

Especially interested in reading instruction, Mrs. Hatcher said she would be able to give her special interest in teaching more time. She will work with Mr. Cunningham in the language arts program.

She said school takes up 15 minutes later and lets out 15 minutes earlier at Whiteface, thus giving her about the same time at home as she now has, and could find only the driving expense as a detriment to the new position.

Another phase of the work she liked was a two-hour open period in mid-day to help prepare school work and to eat meals.

Mrs. Hatcher is in Canyon this week attending a reading clinic at West Texas state.

She was the fifth local teacher to resign since the rehiring of teachers last spring, at which time three resignations were announced.

Supt. John Barnes said he couldn't blame her for accepting the new job, especially in view of her health problem. He said he had hired no new teachers, to fill the recent vacancies, but has applications.

He said the next school board meeting would be probably August 11th, and added that the Board of Equalization hearings will not be until after that meeting.

The Superintendent's recent out-of-state accident caused postponement of the July board meeting.

Enochs Methodist Revival to End Saturday Night

Continuing through Saturday night is the Revival meeting now in session at the Enoch's Methodist Church.

Rev. L. K. Hatcher, father of Rev. Thomas Hatcher, pastor of the Enoch's and Bledsoe Methodist Churches, is conducting the revival series. The elder Hatcher is from Blountburg, Texas.

Services are held at 8:00 o'clock each evening, and last week it was announced the group would try holding 6 a. m. services in the morning and test early four attendance, before deciding whether to hold morning services early or whether to hold them around 10 a. m. as has been a common practice in this area.

It turned out fine with breakfast at 6:00 followed by services at 6:30 in the order or the day each morning.

Zed Robinson is leading the singing.

Echl Smith Resigns

Earl O. Smith Jr. has resigned as Work Unit Conservationist with the Soil Conservation Service here effective 7-26-59.

Bula School to Open on August 31; Two Teachers Still Must Be Hired

Bula Independent School will begin the 1959-1960 school term on Monday, August 31, Superintendent Joe Turner announced this week.

The action setting the date was taken at a regular meeting of the school's Board of Education Thursday night. The board meets on the last Thursday night before the last Saturday of each month.

In making the announcement, Supt. Turner said the latest addition to the faculty was Fred Dirieckson, a graduate of Texas Tech, who will teach agriculture at both the Bula and Pep schools.

Lacking on the faculty is an English teacher and a science teacher.

The schedule calls for school to be let out on Nov. 25 for Thanksgiving, giving students and faculty Nov. 26 and 27 free from classes.

The Christmas vacation will be from Dec. 24 through Jan. 3 with school letting out on Dec. 23 and taking up on Jan. 4, 1960.

Plans call for one day off on March 4 when teachers will attend the TSTA District 13 meeting.

Easter holidays will be on the Friday preceding Easter and the Monday following.

Weather permitting, school will terminate May 18, 1960, with Grade School graduation set for May 19 and High School graduation following on May 20.

Members of the Bula board are Guy Sanders, president, Chester Setliff, Dewitt Tiller, J. Ray Spence, and Paul Young.

Electrocution Said Cause of Death Of Jack Lowe

A pathologist's final report established definitely that Jack Lowe, well known Maple-Goodland area farmer, died of electrocution last week.

It had been theorized that Mr. Lowe's death might have been caused by a heart attack. His body was found near an electrically charged guy-wire on an R. E. A. electric pole.

Last week a Lubbock pathologist made the final findings.

W. Fred Services Held at Levelland On Wednesday

Services were held at the First Methodist Church in Levelland, Wednesday afternoon, for Wayland W. Fred, prominent Pettit farmer, son of Mr. and Mrs. F. L. Fred of Lehman and brother of Malcolm Fred and Mrs. Curtis Sealy of Morton.

Rev. H. W. Kile, pastor of the Pettit Methodist Church officiated at the funeral rites for the 45-year-old secretary of the Pettit School Board who died of a heart attack at his farm Monday morning.

Mr. Fred, a native of Runkles County, attended Lubbock High School and in 1933 moved to Pettit. A member of the Pettit First Methodist Church, he was widely active in community affairs.

He had gone to the field to check on laborers shortly after 8 a. m. Monday, and was found in the field by a Latin American laborer who carried him to the house. His wife drove him to the Phillips-Dupre Hospital at Levelland where he was dead on arrival at 8:45 a. m.

Survivors include the wife and three daughters, Darla, DeAnn and Debra, all of the home; his parents, the F. L. Freds; four brothers, Darrell and Navvil, Levelland; Malcolm; and Royce, the latter from Lubbock; and three sisters, Mrs. A. W. Roberts, Orlando, Fla.; Mrs. Raymond Chadderdon, Monroe La.; and Mrs. Sealy.

City Paving Project Looms Nearer

A total of 19 blocks of paving are "in the mill" for Morton, the City Council was told Thursday afternoon in a meeting with engineers from Clovis who early last spring had a representative in Morton, consulting local property owners on paving.

The 19 blocks are areas where the engineers have received agreements from most landowners that they are willing to pay their share on the paving. In addition, several other blocks nearly had enough signers to go ahead.

The paving a voluntary project, with no bond issues involved, would be paid for principally by the landowners, with the city paying only on intersections. All of this was explained to the City Fathers Thursday and a protest hearing will be held — at which time, those opposed can voice their say.

The City would like to pave about 25 blocks at one time, if possible — that being about the amount of money they can afford to pave in intersections.

All of this is still in the planning stage. Taxpayers contacted have been given only an approximate cost. No contract has been let.

Enochs Baptist Revival to Open

A revival meeting will open on Friday, July 31 at the Enoch's Baptist Church, according to J. J. Terry, pastor of the church.

Gene James will be the evangelist for the series of meetings and Don Collins will lead the singing.

Miss Sandra Austin will be pianist for the meeting series.

Morning services will be at 7:00 a. m. and prayer service at 7:45 p. m. will precede the evening 8:00 o'clock services. Sunday services are set for 10:00 a. m. and 7:30 p. m.

The series of meetings will continue through Sunday, August 9, Bro. Terry said in issuing an invitation to all area residents to attend any or all of the services.

GARY MIDDLETON IS WINNER OF BILL MACK TALENT SHOW

Before a capacity house, Saturday night, at the Cochran County Auditorium, Gary Middleton, freshman college student to be from Morton won a TV appearance on the Bill Mack show.

Middleton, who was accompanied by his father on the guitar, also strums a guitar and sings — mostly rockabilly style. He has been a talent show winner here several times previously.

The program was a Bill Mack Talent Show held in Morton under the sponsorship of the Cochran County Home Demonstration clubs and the crowd that gathered was the largest since the Blackwood Bros. appeared here a few years back.

Second place went to Becky, Linda and Jim Uselton, a trio from Plains and third place winner was Nick Jolley from Lubbock.

Nine door prizes were also awarded by the sponsoring group. Bill Mack, Lubbock TV personality who along with a western string band conducts a weekly arena talent show, was on hand to add to the entertainment.

Miss Edna Lee, (Mrs. Percy Dewbre), who has also made several appearances on Lubbock TV shows as a singer, emceed the talent program.

Members of the Home Demonstration clubs offer their sincere thanks to the merchants who donated prizes awarded to contestants and as door prizes, and Miss Lee and others who helped make the show a big success.

Proceeds will be used to carry on H. D. projects of the clubs through the Home Demonstration Council.

In addition to his TV opportunity, Middleton received a first prize of a radio. Second prize was a camera and third prize was a \$10 gift certificate.

Thompsons Move To California

Minister Denton Thompson of the Morton Church of Christ, 202 Southwest Second, and family were completing their move to Clovis, California, this week.

They were honored with a "going away" party Tuesday night by members of the church.

The Thompsons have been in Morton for almost three years. He has accepted the minister's post at the Church of Christ, Clovis, California.

Youth Revival Continuing at Assembly of God

Continuing nightly this week at the Morton Assembly of God Church is a youth Revival which began Sunday and will conclude Sunday, August 2nd.

Miss Sybil Gresham of Oklahoma City is conducting the series of meetings at 8:00 o'clock each evening. . . a former youth director for the Great Plains Conference.

Rev. and Mrs. H. T. Clarke and Miss Gresham invite everyone to attend as many of the meetings as possible and issue a special invitation to the youth of the area to attend.

Miss Gresham is a niece of Mrs. Clarke and has been preaching for 15 years.

Father Dies At Slaton

Funeral services were held at Slaton, Monday, July 20, at 3:30 p. m. for A. Wilke, 75-year-old father of Mrs. C. B. Betts of Morton.

Rev. Leroy R. Deans, pastor of the Grace Lutheran Church officiated at the final rites and burial was in Englewood Cemetery at Slaton.

Mr. Wilke, who had been a resident of the Southland Community from 1921 to 1952, then moved to Slaton. He had resided in the area for 38 years.

Survivors include the wife, three sons, Marcus and Edmund of Southland and Walter of Dimmitt; six daughters, Mrs. Gertrude Gindrof and Mrs. Minnie Steinhauer of Wilson; Mrs. Alvine Gindrof of Post; Mrs. Myrtle Staleno, Slaton; Mrs. Freda Mueller, Sundown; and Mrs. Bertha Betts, Morton; a sister, Mrs. Bertha Breiger, Wilson; 27 grandchildren and 8 great-grandchildren.

Joe Turner Starts First Year As Bula Superintendent

Joe Turner, a teacher in the Floyd N. M., school system for the past three years and a former Bula teacher, has assumed his duties as superintendent of the Bula Independent School.

The new superintendent and his family moved to the teacherage at Bula June 25.

Mr. and Mrs. Turner have three children, two boys, Edward and Richard, both in school, and one daughter, Belinda. They are members of the Methodist Church.

Supt. Turner succeeds H. A. Reynolds, who retired this year after serving as superintendent at Bula for more than ten years.

Supt. Turner received his B. A. and M. A. degrees from Eastern New Mexico University at Portales. He has done some work at Oklahoma State University and at Texas Tech.

He taught at the Bula schools from 1950 to 1955, then moved to the Causey and Dora N. M., school system, later moving to Floyd.

NEW BLEACHER CONSTRUCTION IS SET FOR FIRST OF AUGUST

Fans and school supporters who have been wondering about the new bleachers to the football stadium, when they will be built and how they are to be paid for, will be interested in the information released this week from Supt. John Barnes.

The all-steel supported new bleachers will be erected around August 1st. At that time, when the seating numbers are known, a plan for selling reserved seats for \$5 per person, per season will be started. This will be for reserving a special seat only. Admission to the individual games will still be charged.

The bleachers will be financed on a five-year plan and it will be planned to build the tennis courts in the same long range program, the Supt. said, although he reminded that the courts are still in the bidding stage and they would need final figures before completing plans.

He also said the bleachers on the other side of the field would be built using some of the lumber torn down from the old stands, but it would also be a contracted job.

Cub Pack Plans Weiner Roast

The Cub Scout Pack will take part in a weiner roast at its meeting Monday night, August 3, at 7:30 o'clock in the Cochran County park.

Each Cub Scout has been asked to bring weiners and food for himself, according to Harold Drennan, cub master.

Hail Damage Is Reported on Farms In County

Some damaging hail was reported received on farms east of Morton last Wednesday night, as the Tribune was going to press.

The hail, which accompanied a rain storm that dropped up to .75 inches of moisture in the area, was reported on the farms of Mrs. Ben Yarborough, Waddy Dickson and Bob Ramp, east of Morton.

Light hail was also reported north of Morton.

The official gauge of the Soil Conservation Office in Morton showed .44 of an inch.

Three Way area was reported to have received one-half inch of rain Tuesday morning.

Childs' Begins Annual Summer Clearance Sale

Childs' men and boys store, located on the westside of the square, Morton, begins its annual summer clearance today.

(Details of the clearance will be found on page three of this publication of the Tribune.)

L. B. Childs, owner-manager, says he is trying a new type of ad this year, one which has no sale price, but he promises "red hot" sale prices. He invites all to drop by and see for themselves.

Rev. Steadman Conducts Revival At Mt. Selman

Rev. Austin Steadman, pastor of the First Missionary Baptist Church, Morton, will leave Sunday night for Mount Selman Baptist Church, 14 miles north of Jacksonville, where he will conduct a revival continuing through August 9th.

Rev. Steadman plans to go from Mt. Selman to the National Encampment at Latham Springs, near Hillsboro, for four days, August 11 - 14.

He plans to be back in Morton for the Sunday services on Aug. 16th.

Services for Trevino Infant Held Monday

Funeral services were held Monday at St. Anne's Catholic Church in Morton for 2-year-old Ruben Trevino who died Sunday, at 2:30 p. m. in the Cochran County Hospital.

The child, who died one day after his second birthday, lived in Whiteface for the past three weeks, with his parents, Mr. and Mrs. Crespin Trevino, farm laborers. Their actual home is San Juan, Texas.

Born at Hale Center, the child was reported to have died of a lockjaw infection.

Services were held at 9:00 a. m. with Father Fred Hyland, pastor of the church officiating. Burial was at Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Survivors include the parents; a grandfather, Tiburcia Trevino, of Donna, Tex.; maternal grandparents, Mr. and Mrs. Arbertos Garza, San Juan; 3 sisters, Petra, Jolanda and Juanita and 5 brothers, Fred, Paul, Rene, Roberto and Crespin Jr., all of the home.

Mary Smith Is Stamp Winner At Willis Food

Mary Ann Smith, daughter of Mr. and Mrs. Hughes Smith who reside south of Lehman, was the winner of the 2500 free Buccaneer Stamps given away Saturday at Willis Food Store, South Main, Morton.

She was among the hundreds who registered during the past month for the grand award.

In addition to the 2500 Buccaneer Stamps, Willis Food gave away 100 free Buccaneer Stamps each week over the past month.

There was no contest, all that was necessary to qualify for the drawing was registration.

Singing Set For Eastside Church

The East Side Church of Christ will be host to the area monthly Church of Christ sing, Sunday Aug. 2nd.

'Cold Checker' Hits Area With Stolen Checkbook

Merchants of Morton and other Mortonites who might have the occasion to receive checks, were cautioned this week to BEWARE.

The words of warning came from Sheriff Hazel Hancock, who said, though Morton merchants have been pretty careful since they were taught a lesson a few years back by one Carl Jesse Williams, there still may be some who have forgotten.

Last Friday, 150 company checks were stolen from Cook's Farming Center, near Plainview. The checks are written on the Citizen's National Bank in Plainview, are made out to B. J. Coe, and are signed by Donald R. Cook. To make matters more dangerous, a check protector was also stolen, which when used will tend to give the checks a more authoritative look, and will probably make them easier to cash.

Tulla, Canyon and Muleshoe have already been victims of this cold checker, to the tune of \$400 worth.

Sheriff Hancock sends along this brief reminder. If you spot one of the checks or are suspicious of one, make a notation of the passer's description, car, license number, or anything else that will help identify him, and contact the Sheriff's office.

The Sheriff said Williams' episode in Morton and Levelland a few years back . . . he stole checks at a grain elevator in Levelland and since has been apprehended . . . made Morton and Levelland two of the most careful towns on the Plains. He added, "let's keep it that way."

Bula Girls Play In Cage Tourney

Six Bula girls took part in the All State basketball tournament last week at Huntsville.

Making the trip were Carol Cook, Opal Bogard, Lynda Holt, Jackie Risinger, Phyllis Fred, and Kay Spencer.

Sponsors taking the girls to Huntsville were Coach Melvin Howard and girl's coach W. C. Risinger.

SPECIAL ENVELOPES FOR STAMP COLLECTORS WILL COMMEMORATE MAIL SERVICE ANNIVERSARY

The Hockley and Cochran County Sheriff Posse have made a move recently to further enhance the excitement of the new stamp cancellations that will be issued here August 13th and in Levelland, August 20th, in commemoration of the 35th anniversary of staked plains mail service.

The two posses have ordered printed envelopes carrying information about the event, which will, when imprinted with the cancellation from the post office, give collectors a more attractive item for their collection.

Philatelists will have a heyday come August 13 — that's the day the Texas Last Frontier Rodeo will be kicked off here in Cochran County.

The special event attracting stamp collectors will be Overland Mail and Pony Express U. S. Mail deliveries between Morton, Whiteface, and Levelland.

The deliveries, marking the 25th anniversary of overland mail between the three towns, is under the sponsorship of the Cochran County Sheriff Posse and the Hockley County Sheriff Posse.

The two posses also plan to finance some of their projects through the sale of these envelopes, specially cancelled and mailed to stamp collectors the world over, at a small fee.

According to Posse Officers, the envelopes may be purchased for a

total of 14c each, with stamp from Roy Gentry at Forrest Lumber Co., from Rob Richards at the Malt Shop. Either the individual could mail the letter to a friend or to himself on the given day, or one of these men will make arrangements to mail it for him.

Murray Crone, Morton postmaster, will have 20,000 Overland Mail stamps ready for the event.

The special cancellation will be applied to all mail carried during the opening of the rodeo here August 13, and the opening of Hospitality Day, August 20, in Levelland.

The cancellation will read: "Staked Plains Overland Mail, 35th Anniversary Mail Service, Levelland, Whiteface, and Morton."

Delivering the mail will be a special organized company, the Staked Plains Overland Mail Company, and a star route contract is being issued to Dr. Bob Robertson, president of the Hockley County Sheriff Posse, who will operate the route.

The specially formed mail company will travel only with east-bound mail, from Morton, through Whiteface and to Levelland. The mail company will travel with west-bound mail from Levelland, through Whiteface and to Morton.

The envelope prepared by the Hockley County posse is printed in black ink. It commemorates the special event, and includes the pic-

ture of a mounted rider. The Cochran Posse's envelope is in two colors, black and gold, the riding group's colors, and in addition to commemorating the mail service also gives the dates of the local rodeo. It contains pictures of a western settlement with a man carrying a mail pouch to a pair of waiting horses, and also the drawing of a stagecoach on the move.

Also cooperating in the promotion is the South Plains Stamp Club of Levelland.

Postmaster Crone said recently that he will place the stamps on sale approximately ten days before the event.

Also being planned in connection with the promotion is a horseback trail ride along U. S. Highway 385 from Burlington, Colo., to Levelland.

Morton Little Leaguers Bow Out of National Play After Two Exciting Tilts Beat Levelland 7 to 6 Friday; Lose Finale to Littlefield By Same Margin

After battling their way to the finals of the area Little League playoffs with an exciting . . . and somewhat lucky . . . win over Levelland's American League winners, Friday by a 7 to 6 count, the Morton All Stars dropped a game by the identical score to Littlefield, Saturday evening.

In both games Morton rang up

what could have been a substantial lead and then watched it fritter away. Yet there was a tremendous difference in the two games.

Both Levelland and Morton made approximately the same amount of miscues . . . both in actual errors and in mental errors that aren't recorded in the

scorebook. Neither team scored enough earned runs to make a victory secure . . . but both teams played capable enough ball to deserve the victory. And, in the end, it was a tough break that singled Levelland out the loser, or vice-versa, a lucky break that picked Morton to advance to the finals.

Levelland had the tying run on third base and the winning run on second, Morton's pitcher was on the ropes and was taken out of the box. Tommy Terrell, scared and nervous took the mound for Morton and was having slight control trouble. With a little more difficulty he might have walked the tying run in . . . or with a steadiness he might have forced the batter to pop out or ground out to end the game. But neither of these situations occurred. Instead, a pitch got away from the catcher and rolled to the screen. The runner at third base thought too long deciding whether or not to go and the crowd, predominantly Levelland favoring, roared its disapproval as the catcher got the ball and the runner decided not to come home. They taunted that he could have made it.

Seconds later another pitch trickled away from the catcher, and the runner didn't wait. He set sail for home plate and was half way down before he realized the ball had rolled only a few feet away, instead of back to the screen. A throw to third base trapped him off the base and he was caught in the rundown. Morton had won at a moment when things looked the darkest.

Saturday, it was a different story. Where Morton's team effort on Friday had been fairly well done, Saturday, as a team, they collapsed. Given a 3-0 lead on Tommy Terrell's home run in the first inning they committed an error in each of the last four innings, and two in each of the 3rd and 6th innings. Littlefield, on the other hand played the game with only one error. Morton collected six earned runs, five of them coming on two Terrell home runs, but that wasn't enough. The six errors allowed 7 unearned Littlefield runs and the Lamb Countains took home a deserved victory. They simply outplayed the Morton lads.

It was a good game from the spectator standpoint. Morton led until Littlefield tied it in the 4th, and then Morton immediately took the lead back. Again Littlefield tied the count in the 5th and scored the winning run in the 6th. Morton's last hopes flickered out in the 6th with the tying run on base . . . but few Mortonites would believe that Morton deserved the victory.

So, just as there was no outstanding hero in Morton's victory, so there was no real goat in the

in the area was Jake Johnson, now of Colorado.
Morrow was flown from Benghazi to Cairo, returning to the states in August, 1943.

One-key control: only Chevy in its field has done away with fumbling for two or three keys. The same key unlocks the door, starts the engine, opens the glove box and trunk.

WHY DO WITHOUT THIS CONVENIENT LITTLE TOUCH... LET ALONE

THESE BIG CHEVY VIRTUES!

BIGGER BRAKES

Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR-conducted test of repeated stops from highway speeds.

*National Association for Street Car Advancement and Research

GREATER ROOMINESS

Official dimensions reported to the Automobile Manufacturers Association make this point abundantly clear. For example, Chevy's front seat room is up to 5.9 inches wider than in comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

MOST ADVANCED ENGINES

We'll let SPORTS CARS ILLUSTRATED talk about Chevy's standard passenger car and Corvette V8's: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." And every motor magazine concurs! There are eight V8's to pick from—the widest choice in Chevy's field.

FRESH STYLING

POPULAR SCIENCE magazine's experts took one look and said, "In its price class, Chevy establishes a new high in daring styling."

HIGHER TRADE-IN

N.A.D.A.* Guide Books carry the proof of Chevy's extra trade-in value. They show that Chevrolet used car prices last year averaged up to a solid \$128 higher than comparable models of the other two cars in Chevy's field.

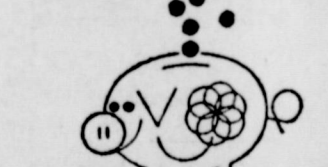

*National Automobile Dealers Association

FULL COIL RIDE

You've almost got to find a really rocky road to show off Chevy's easygoing ride to full advantage. MOTOR TREND magazine gives you an idea, though: ". . . the smoothest, most quiet, softest riding car in its price class."

BIGGER SAVINGS

Two Chevrolets packing out pennypinching 6 with Powerglide delivered a whopping 22.38 mpg in this year's Mobilgas Economy Run, winning the first two places in their class and walking away with top honors among all full-size cars. How can you argue with a figure like that?

No wonder more people are buying Chevrolets in '59 than any other car

See your local authorized Chevrolet dealer and see how much more Chevy offers!

SHOP MORTON'S DOLLAR DAY MONDAY

Cards of Thanks

CARD OF THANKS — We wish to take this means to express our appreciation for the kindness shown us during the recent illness and death of our little girl, Wanda.

The flowers, the food, the words of condolence and friendly hand clasps from the sympathetic friends help make our burden easier to bear.

May God bless each and every one of you.

Mr. and Mrs. Norman Hodges and relatives of Wanda 23 - 1tp

CARD OF THANKS — We can not find the words to express our gratitude for the prayers, flowers, gifts and kind deeds during my short stay in the hospital. And we especially want to thank the blood donors for their blood and the complete hospital staff for their good services.

May God's richest blessings be with each of you is our sincere prayer.

Christine Wilson and family 23 - 1tp

CARD OF THANKS — We want to express our thanks and appreciation to our friends and neighbors for the food that was brought in, for every word of kindness, for every word of sympathy, and for the flowers during the loss of our loved one.

The family of Jack Lowe J. H. Lowe and family Mrs. Earl Lyles and family 23 - 1tp

CARD OF THANKS — May we express our deepest appreciation to all our friends for the many flowers, cards, and expressions of sympathy extended at the death of our husband and father.

May God bless each of you. Mrs. A. Wilke and families Mr. and Mrs. C. B. Betts and family 23 - 1tp

CARD OF THANKS — To the friends and neighbors of Raymond Robinson.

Words cannot begin to express our appreciation for the many things you have done to help Marie after Raymond's sudden death.

Your many kindnesses and courtesies have shown what real neighbors are. We are so very grateful for your helping hands and only hope that each of you will accept our gratitude, as a mere "Thank you" is so inadequate for all the nice things you have done. May the Lord bless each of you, and may each of your harvests be as bountiful as your willingness to help others. Thank you ever so much.

The Brothers and Sisters of Raymond Robinson 23 - 1tnc

CARD OF THANKS

— To the Morton People: We have enjoyed being in your community for nearly three years and are moving of our own volition to a new field of work.

We can truthfully say our stay has been most pleasant among your good friends and will look forward to the time that we can be together again. We plan on being back next summer.

During our stay with you, there have been so many expressions of kindness shown unto us, we could not begin to enumerate them but we express to all of you our sincere thanks. Good luck and may God bless you all. The Denton Thompsons 23 - 1t

VISITING HARRELLS

Mike Kood of Stanton, grandson of Rev. and Mrs. James E. Harrell of Morton, is visiting with the Harrells this week. His parents, Mr. and Mrs. John J. Wood, were visitors in the Harrell home over the weekend on their return trip from a vacation in Yellow Stone National Park.

VISITED LAST WEEK

Mr. J. F. Elder of Ballinger visited last week with Mr. and Mrs. Vernon Wright and other friends in Morton.

VISITS IN TUCUMCARI, N.M.

Melinda Hancock is visiting in Tucumcari, N. M., this week.

With Your... COUNTY AGENT

by Homer E. Thompson The cotton is loading up good but later in general than in 1958. Insects are not doing a great deal of damage at this time. A few boll worms and cabbage loopers are being observed. Blight disease (angular leaf spot) is much worse in some fields than in others. In this connection those who used fertilizers with nitrogen will likely observe less damage from the blight.

Some farmers are using nitrogen and phosphorus fertilizers as a side dress on cotton this late. The Agricultural Experiment Stations to date, have not encouraged this practice.

Of course the most of the cotton is late (not blooming by July 4) and to apply nitrogen fertilizer to such crops may delay maturity and consequently end up with immature bolls of frost.

To Lose Teachers

LUBBOCK, June — Neighboring states will continue to siphon teachers from Texas schools because of better salaries, Texas' assistant commissioner of education told school business officials at Texas Tech.

The possibility of meeting this competition evidently will have to await the next regular Legislative session, Leon Gramum of Austin told a School Business Service Workshop.

He pointed out, Graham said, done nothing to change the situation, his good friends and will look forward to the time that we can be together again. We plan on being back next summer.

During our stay with you, there have been so many expressions of kindness shown unto us, we could not begin to enumerate them but we express to all of you our sincere thanks. Good luck and may God bless you all. The Denton Thompsons 23 - 1t

4-H Rally Day Set

A Cochran County 4-H Rally Day will be on Friday, August 7th, at the Swimming Pool and County Park.

The special event begins at 9:30 a. m. with swimming until 11:30 a. m. according to information released by the two Extension Agents. A sack lunch will be eaten in the park at 12:00 noon, if weather permits. If not, the lunch will be eaten in the County Activity Building.

Council games will be played following lunch and the affair will wind up with a skating party from 3:00 to 5:00 o'clock.

All 4-H members are cautioned to bring the lunch, the money for skating and cold drinks. Swimming is free.

The quality and yields both could suffer. Will encourage all who apply nitrogen late as a side dress to cotton to at least hold a check plot (with no fertilizer) to determine later whether or not you have helped or hurt your cotton performance. The year, 1959, looks now that it is going to be a year in between two extreme years for cotton. Namely 1957, and 1958 as far as performance. That is, 1957 was not a year to apply much nitrogen, and 1958 was a year to apply a high nitrogen fertilizer. Experiment Station tests show phosphorus application when applied to cotton returned more dollars when put down ahead of planting, and in bands 4 to 6 inches below the seed bed.

I'd warn farmers to keep looking for flared open squares in their fields of cotton. Usually this indicates a punctured square and usually boll worms have been there. I don't see much of this prevailing at present. Certainly do not apply insecticides unless the situation demands it. This can put an imbalance between good and harmful insects and harmless insects can build up faster, once you have turned them loose.

HOW TO OFFER LAND FOR 1960 CONSERVATION RESERVE

One of the most important changes concerns the eligibility of land. Land which has changed ownership, except through inheritance, since December 31, 1956 is now ineligible. Also, if land under a 1960 contract is sold, the contract generally may be assumed by the purchaser only after it has been in effect 3 years.

A priority will be given farmers who were unable to participate in the 1959 program because of lack of funds.

The governments 1960 goal is 5 million acres, compared to 12 million new acres placed under contract in the 1959 sign up.

If you wish to offer land for contract in 1960 reserve:

(1) Ask your County A S C Committee during period Aug. 24 through Sept. 10, to set a basic annual rate per acre for land you want to place under contract.

(2) After basic rate is established you have from Sept. 14 to Sept. 25th to make the committee an offer on the annual payment rate you will accept. Your offer must be less than the basic rate or it cannot be considered by the County ASC Committee.

(3) If your contract can be accepted by the County Committee will provide a contract for your signature. You will be notified of the date you are to return the signed contract by the ASC Committee.

Your County ASC office can give you the details on the 1960 Conservation Reserve. Remember the dates given above for compliance in requests and offers are set. For example, if you do not request the basic rate from the County ASC Committee by September 10, you cannot place land in the 1960 Conservation Reserve Program.

VISITORS FROM HILL COUNTY

Mr. and Mrs. Quince Taylor of Hill County visited in the Hazel Hancock and J. A. Richardson home over the weekend.

MOTHER HAS SURGERY

J. M. Philbrick's mother underwent surgery at Goodland, Kansas last week and is reported doing fine.

 VISITORS IN THE D. P. BRINKER HOME
 Visiting in the D. P. Brinker home Monday were their daughter and grandson, Mrs. R. B. Wittner and Terry of Lubbock, the mother of Mrs. Brinker, Mrs. W. W. Manning of Idalou, and a brother and family, Mr. and Mrs. G. N. Manning of Lubbock.

State Vice Pres. Jaycee Visitor
 Three guests were on hand Monday for the weekly meeting of the Morton Jaycees, one of them a charter member in 1952, Sam Kelly, and the other the state vice-president from this area, Mel Lisman, Lubbock.
 Lisman, former president of the Lubbock Jaycees, was in town to urge the Morton club to attend the summer regional convention at Plainview, Aug. 22 and 23.
 He explained the advantages to a club in sending a delegation to such a meeting, pointing out the enthusiasm received will help spark the club.
 There was no local business at hand.

Colorado Sheriff Regretfully Finds Not "Too Old" to Get Polio — at 38
 John Freeland, 38, Estes Park, Colo., didn't get Salk shots because he was "too old" to get polio. Stricken on March 3, he is Colorado's first polio victim of 1959.
 Thus reads an article in the National Foundation News. Mrs. Freeland has asked newspapers to print the story, saying: "The publication of my husband's story may help the people of your community avoid such an unnecessary tragedy."
 Appearing in the Foundation News is a picture of Freeland, Larimer County Sheriff, in the Colorado General Hospital. Pictured with him is his daughter, 3 year-old Linda Lee, and his wife. The Freelands are expecting another child soon. Both the wife and daughter have had three shots each.
 "I was one of those wise guys . . . too old to get polio." Freeland says, pacing his speech to the rhythm of an iron lung. "If you just stop . . . and think . . . of the value of the . . . half hour it takes . . . to get the shots . . . you'll get them."
 So that others may be spared his experience, John Freeland has written an open statement to the people of Colorado, telling his story and urging vaccinations for the family. The statement and a family picture have been mailed to all Colorado newspapers along with a note from Mrs. Freeland, parts of which appear above.
HOME FROM VISIT
 W. B. Ray of Morton returned home last week from Hereford where he attended the marriage of a granddaughter, the daughter of Mrs. Ona Bynum. He also visited in the Lamesa and Big Springs areas.

Rapid Growth Is Recorded By McMaster Tractor

"We do general repair on anything that burns gas or diesel, but we specialize in Ford tractors," says Clayton, usually called "Mac", and son, Kenneth McMaster, of McMaster Tractor Company, located on the Muleshoe highway, right north of the square.

The McMasters moved to Morton in 1941. Prior to coming to Morton, Clayton owned a garage at Anton.

In January of 1947, Clayton and Wes Lackey bought Hawkins Tractor Company and started their own successful business, a business that has kept on its toes to better serve the people of Morton.

To meet with their ever expanding business volume, McMaster Tractor Company moved to a larger building located across the street from the water tower in 1952. Clayton bought out Wes Lackey in 1953, and they moved to their present location in 1958, for the same reason — to handle an ever expanding business.

Clayton and his wife, LaVerne, were wed in Clovis, N. M., in November, 1932. They have two children, Kenneth and Doris.

Kenneth and wife, JoLene, were married in Clovis, on August 27, 1953. They have two boys, Ricky, 5, and Mickey, 2.

Doris is Mrs. Willis Dykes of Dallas. Before moving to Dallas, Willis was associated with McMaster Tractor Co.

The McMasters are outdoor enthusiasts. Clayton and LaVerne are members of the Country Club and golfers. In High Plains Ladies' Golf competition and in the local Club you'll always find Mrs. McMaster competing in the championship flight. She's mighty tough to beat, and recently has carried home top honors a time or two.

Clayton also likes to fish when he has time and Kenneth is a water enthusiast of another kind. Most week-ends finds him heading for the nearest lake to engage in water skiing.

McMaster Tractor Company offers a complete selection of Ford parts and tractors. They also handle Comfort Sprayers, Dempster equipment, and all types of plow sweeps, etc.

When you have mechanical problems on your farm, McMaster Tractor will pick up irrigation motors and tractors within a twenty-five mile radius of Morton, free of charge.

McMaster Tractor Company promises to give you the best deal on any new or used tractor.

Drop by to see Clayton, Kenneth, or the mechanics, Tom Fipps or Lonnie Gaston. Let them help you solve your repair problems.

And Kenneth wants to be sure and let folks know, "all visits and patronage are appreciated."

BROKE HIS ARM

Ricky, 5 year old son of Mr. and Mrs. Kenneth McMaster, Morton, was released, Saturday, from the Lubbock Methodist Hospital. Ricky was playing on a clothes line pole when he fell and broke his arm. The accident happened Tuesday, July 21.

OUT OF HOSPITAL

E. R. Fisher was released from the Taylor Clinic, at Lubbock, where he was treated for pneumonia, Friday. He is recuperating at home.

Windom Oil and Butane Is Booster For 'Last Frontier'

C. D. (Tip) Windom is a local businessman whom you might say "lives and breathes" Phillips 66 Flight Fuel.

Tip is the Phillips 66 wholesaler for "Texas" Last Frontier. Almost everybody knows where Windom Oil & Butane is, but if you happen to be one who doesn't — it's on the Muleshoe highway, just behind Edwards 66 Service.

Windom Oil & Butane handles all Phillips 66 Products at wholesale prices — Flight Fuel and other Phillips gasolines, Phillips oils and lubricants, and other fine Phillips products.

Tip moved to Morton in 1948 from Albuquerque, N. M., where he was associated in the real estate business. Sept. 1, 1948, saw the end of a business transaction, in which Tip purchased the company from W. W. Jeter and began an eleven year stint of successful business with one of the largest product outlets in Morton.

Tip and his wife, Mildred, were married in Hereford in 1938. They have two children, Ronny, 10, and Mikella, 5.

Tip is a booster to the growth of Morton. His products are in a trio of stations located on the highways running north, south, and west from the square. So motorists entering or leaving Morton, are constantly reminded by the familiar orange and black Phillips shield, this is a good place to "fill er up."

Tip is a member of the Morton Lions club — taking an active hand in their activities. For instance, each year at rodeo time, you'll find him selling tickets at the gate along with other Lions members. It just wouldn't quite be the same rodeo, after 9 straight years, without Tip, and his fellow Lions joshing their friends at the gate.

But his service to the community takes a far greater scope. He was a director and one of the faithful few Chamber of Commerce workers, when it had to be killed and buried a few years back — because of lack of interest. At the same time he was a director on the Chamber of Commerce sponsored Retail Merchants Association — which fortunately survived the death of the Chamber. These are positions his fellow merchants elected and appointed him to.

He served as a member of the City Council, for several years sponsored a softball team when softball was a big part of Morton's evening entertainment, and now sponsors a Little League team, helping furnish the uniforms for the Pirates, while his son plays on a Minor League team. All of these things Tip was asked to do to help his community — he cheerfully agreed. This certainly leaves no room to doubt his intentions. Tip does what Tip can do to help further the future of Morton.

Tip is an out-of-doors sportsman, too! He enjoys fishing when he can find time for it. He is also an avid member of the Morton Country Club. As one of the hardest hitting golfers in the club, Tip was a match for any opponent until back trouble forced him to give up golf. But man, oh man, he used to be able to drive a golfball.

Tip is also a real booster of the fortunes of Morton High School athletic teams.

Windom Oil & Butane has all trucks two-way radio equipped, "to fill your needs faster and with more efficient service than ever before."

Windom Oil & Butane handles the best product available for your car, truck, or tractor — Phillips 66 Products. Ask the neighbor who has done business with Windom, he'll tell you.

And, Tip adds, "we enjoy doing business with you and we appreciate your patronage."

GRANDPARENTS AGAIN

Mr. and Mrs. J. J. Watts of Morton last week were informed they are grandparents again. Bro. and Mrs. Bill Watts, now in New Zealand, have become the parents of a baby girl, named Letia Diane, born July 15, at Nelson, New Zealand. They have two other girls, aged 9 and 7.

C. W. Oden of Berea, Calif., is the maternal grandparents. Bro. Watts is a missionary for the Church of Christ.

VISIT IN ROSE HOME

Mr. and Mrs. Ben Townley of Gorman were visitors over the week end in the home of Mr. and Mrs. Neal Rose, Morton. The Townleys' son, Dick, has been employed in Rose Auto and Appliance this summer.

HOW BOUT THAT By RALPH TEE

PINCPENNY PEMBERTON HEARD IT WAS CHEAPER TO HAVE HIS CAR FIXED IN THE BIG TOWN

HA! ONLY \$8.50? WHY THOSE SHARPIES BACK HOME WANTED \$10 TO FIX IT!!!

OF COURSE WE MIGHT FIND SOMETHING ELSE WHEN WE TEAR IT DOWN

WHY THOSE CROOKED MECHANICS!! THEY WOUND UP BY CHARGING ME \$33 AND NOW IT SOUNDS LIKE A CEMENT MIXER! FROM NOW ON I'LL HAVE MY CAR FIXED AT HOME IN MORTON

SO NOW IT'S FIXED AND ABOUT HALF WAY HOME

LOOKS LIKE THE "SUPER-DUPER" MECHANICS OVERHAULED PEMBERTON'S WALLEY, BUT FORGOT THE MOTOR.

ROBINSON CROP NEEDS HOEING AGAIN — Friends Continue to Work Crops of Widowed, Crippled Goodland Woman

Neighbors of Mrs. Bud Robinson continued recently a pledge they made with themselves to see through her crop. On Thursday, July 16, a group of 50 men and 23 tractors gathered to cultivate the crop . . . most of which they had earlier cultivated, knifed, planted and hoed.

Mrs. Marie Robinson, widow of Raymond (Bud) Robinson, is a cripple. She lives with her mother on the farm in Goodland. Her husband had planted 87 acres of cotton when he died. Since that time neighbors have taken over. They have knifed, stalk out the beds, planted 210 acres of feed, knifed the cotton twice, hoed the cotton once and the crop is badly in need of another hoeing, according to Pete Tarleton.

Anyone wishing to help this second hoeing can do so by leaving money with Tarleton, Dee Tucker or at the Maple Cafe. The maize seed for the 210 ac-

res was furnished by a seed breeder in Spur. Many neighbors have worked themselves, others have sent hands and tractors. Some donated money for the first hoeing, and they'll donate more for the second hoeing.

That they'll see the crop through . . . there is little doubt.

CALIFORNIAN VISITS
Patrick Harper, Fresno Californian retired businessman, brother of Mrs. J. A. Gowdy of Morton stopped in Morton Sunday for a visit with his sister, but found her out of town. Harper, who last visited with Mrs. Gowdy here in 1956, drove on through to Littlefield and Plainview to visit other relatives before journeying to Ft. Worth.

Mr. and Mrs. Harold Drennan and family have been vacationing this past week in Colorado.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Many a farmer in the Cochran Soil Conservation District have initiated a Conservation Crop Rotation System on their farms. This conservation cropping system consist of a rotation which puts a soil building crop on land following a soil depleting crop. Farmers, after growing cotton on the same land year after year, soon found their production warning. A boost was obtained by the addition of expensive fertilizers and the application of more water, while the management of the soil was neglected.

It took mother nature hundreds of years to store up in the soil, the wealth of fertility, organic matter, and microscopic soil bacteria that all farmers recognize in "New Land." Until Space travel reaches a much greater degree of perfection than has been demonstrated thus far, we will be forced to live on the production of the land we now

Escape Injury As Car Overturns

Mr. and Mrs. John Barnes escaped with slight cuts and bruises when their auto was nearly demolished in a mishap at Gunnison, Colo., while returning to Morton two weeks ago.

The accident occurred on an unpaved road near Gunnison, Barnes said. They passed another car and the dust stirred up did not settle or blow away. It prevented him from seeing a curve and the car overturned, throwing Mr. and Mrs. Barnes out. The accident occurred a week ago last Saturday. A doctor befriended the couple, loaned them his car while they were making necessary arrangements, and asked them to stay at his house until they were ready to return to Morton.

Trousers Lead In End Uses of Country's Cotton

MEMPHIS, Tenn. (Spl.) For the second year in a row, men's and boy's trousers occupied the number one spot among the largest end uses of cotton in 1958.

Preliminary consumption figures for 1958, compiled by the National Cotton Council's market research section, show the production of men's and boy's trousers consumed more cotton than any other end use, accounting for 723,000 bales.

The 1959 edition of "Cotton Counts Its Customers" reveals

the next four largest end uses in order were: men's and boy's shirts, 429,900 bales; sheets, 443,000 bales; towels and towelings, 372,000 bales; and drapery and upholstery fabrics, 347,000 bales.

Cotton scored competitive gains during 1958 in apparel and industrial uses and maintained its previous year's share of the household market, according to the report. Nearly 7.7 million bales were consumed in approximately 460 end uses covered.

During 1952, a recession period for all textiles, utilization of cotton was only one per cent below 1957 consumption. By contrast, use of competing fibers and materials, measured in terms of cotton, declined 7 per cent for the

end uses covered. Cotton increased its share of the apparel market from 60 per cent in 1957 to 61 per cent in 1958. In addition the number of bales going into apparel uses showed a gain.

Although household uses consumed about 11,000 bales less cotton in 1958 than in 1957, cotton's share of the market remained at 50 percent in both years. Cotton consumption decreased more in industrial markets than in the other two major classifications, but its competi-

ve share in industrial uses rose from 25 percent to 26 percent between the two years.

ARRIVES IN ARGENTINA

Mr. and Mrs. C. E. Lindsey received a telegram Wednesday from their daughter, Mrs. J. P. Tharp, saying she and the children had arrived safely at Tierra del Fuego, Argentina, to join her husband, "Pret" Tharp. They left by plane from Odessa, July 13.

FRONTIER BABE RUTH ALL STARS LOSE THRILLER TO NORTH LEVELLAND BY NARROW 3 TO 1 MARGIN

The Morton - Whiteface - Sunday All Stars dropped a heart-breaking 3 to 1 verdict to the North Levelland All Stars in the Babe Ruth League playoffs at Levelland Monday night, by the margin of two untimely walks.

Morton pitcher Donnie Powers, unsettled because of a slippery mound, walked two men in the top of the first inning and spaced them in between a single and a double. That tallied three times for the Levelland crew.

After fresh dirt was put on the mound, Powers retired the last 19 men in a row, pitching a perfect game the final 6 and one third innings. He fanned 10 men in the stretch.

However, Powers' great finish wasn't enough. David Smedley, hurling for Levelland, scattered three walks, a hit batsman and two singles effectively to go all the way for the win. He blanked the locals without a hit until the 6th inning when they had their big chance. With one out Glen Kuehler walked and Lester Dupier advanced him to second. There Steve Middleton and Joe Henderson followed with singles scoring one run and putting the tying runs on second and third with Virvil Tomas batting. Tomas looked at a called 3rd strike and Morton didn't have another good chance.

In the 7th they threatened with two away when a two base error by the Levelland left fielder brought Archer to bat with a man on second. But Archer waved at an outside curve ball for the third and game ending strike.

Smedley pitched fine ball and deserved a victory. But he couldn't match the superb finish of Powers. Donnie had his curve ball breaking beautifully after the first inning and was seldom behind on batters. Smedley fanned nine batters, one less than Powers. The Frontier League stars didn't make an error in the game while Levelland was charged with three bobbles, but all of the runs scored in the game were earned.

The defeat ousted Morton-Sunday-Whiteface from the playoff. Muleshoe and Brownfield captured other first round games played Monday.

Line Score:
 N. Levelland 3 0 0 0 0 0 0 - 3 2 3
 M. W. S. 0 0 0 0 0 1 0 - 1 2 0

HAPPENINGS OF INTEREST FROM THE ENOCHS AREA

GUESTS OVER WEEKEND
 Mr. and Mrs. Doyle King of Muleshoe were guests over the weekend with her mother Mrs. Joe Speck.
