VOLUME NUMBER NINETEEN

MORTON, TEXAS, THURSDAY, FEBRUARY 4, 1960

NUMBER FIFTY

3-YR. SENTENCES GIVEN TWO MEN

Two three-year sentences in the State Penitentiary at Huntsville were handed out here at a hearing Monday morning in the 121st District Court at Morton.

James E. Hill, Levelland Negro, entered a guilty plea to the charge of murder without malice in the fatal stabbing last September of a Morton man, Marcus Moore, in an altercation at a cafe in the "flats" section of the city.

Hill received a three-year sentence handed out by Judge M. C. Ledbetter.

Fred Province, 22, Levelland

two-time previous loser, pled guilty to a charge of burglary of a Whiteface laundry, also last fall, and was sentenced to three years. Four other persons with Province at the time, two of them minors, had various dispensation of their cases. Two of them, one a minor, were being investigated in connection with other incidents at Levelland; one of the minors was probated to the custody of his mother in juvenile court, and the case against the other man is still pending.

Sheriff Hazel Hancock said Monday it would be about Thursday

of this week before he could complete arrangements to take Hill, Province, and another man being held in the Hockley County jail at Levelland, to Huntsville.

Pep School Sets First Homecoming Saturday Night

PEP (Spl.) — The first homecoming ever staged for Pep Schools is slated Saturday.

Selection of a homecoming queen, the high school athletic banquet and basketball games with Bledsoe will be top attractions of the event.

Registration is scheduled to begin at 5 p. m. at the school. Supt. Marion McDaniel says that enthusiasm is high about the homecoming program and community residents are cooperating in any way possible to make the event successful.

Information on the homecoming program is being mailed to all former Pep students whose addresses are known. McDaniel says the list of graduates from the school are mostly complete, and many of the exes have been contacted.

The superintendent adds that all former Pep students are urged to attend the homecoming celebration.

Scouting Week Is Proclaimed

WHEREAS, February 8, 1960, is the 50th anniversary of the founding of the Boy Scouts of America as a program for all boys and

WHEREAS, The Boy Scout Program has affected the lives of 33,500,000 boys and men, and now has an active enrollment of more than 5,000,000 and

WHEREAS, The Movement now observes its golden anniversary and seeks to motivate all its leaders to further and greater effort on behalf of youth under the theme of "For God and Country," and

WHEREAS, The Boy Scouts of America, a great force for training youth in right character and good citizenship, will hold its Fifth National Jamboree at Colorado Springs, Colo., this July.

NOW THEREFORE, I, Amos Taylor, mayor pro tem of the City of Morton, in the state of Texas, do hereby proclaim the week of February 7 to 13 as Boy Scout week. I do urge our Citizens to recognize the patriotic service being performed for our community by volunteer Scout Leaders; to express their appreciation to the religious bodies, school organizations, veteran's associations, fraternal groups, and service clubs which sponsor our Cub Packs, Boy Scout Troops, and Explorer units.

In testimony whereof I have hereunto signed my name, officially and caused

the seal of the City of Morton, Texas, this 20 day of Jan., 1960.

Amos Taylor
Mayor Pro Tem

Gardner, Rosson Become Commissioner Candidates

The deadline has passed and all the candidates are in, and three more last minute candidates were announced this week, two in county races and one in a district race.

Elmer Gardner became the fourth candidate for commissioner of Precinct One.

H. H. (Hub) Rosson, announced he would be a candidate for Commissioner of Precinct Three. Olen R. Petty, Levelland, entered the race for State Representative from the 98th District.

The announcement of Rosson and Petty, were the first indications of an opponent for the two posts now held by Harra Rawls seeking re-election; and Rep. Bob Bowers, of Brownfield, also running again.

Other names filed at the office of Joe Nicewarner, County Democratic Chairman, during the final hours of the filing were: H. C. Edwards, a candidate of Constable from Precinct One; Nicewarner, a candidate for re-election

for County Democratic Chairman; LeRoy Johnson, for Precinct Chairman from Precinct 1; and G. W. Garrett, for Precinct Chairman from Precinct 2.

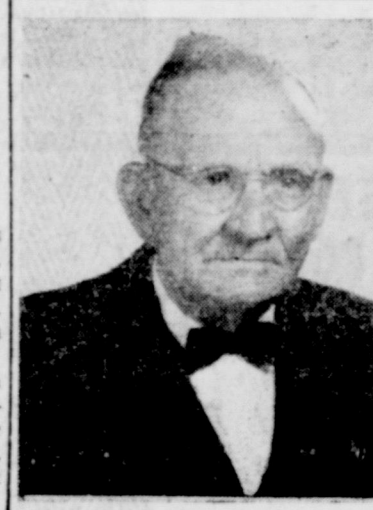

U. S. Representative George Mahon, District Judge M. C. Ledbetter; District Attorney Morgan

Copeland; State Senator Preston Smith; Constable Edwards; and the Democratic Chairman were the only candidates without opposition. No names were filed for Democratic Precinct Chairman from Precincts three and four.

2,318 ELIGIBLE TO CAST VOTE IN THE COUNTY

With a total of 1885 poll taxes paid and 43 exemptions issued, Cochran County is eligible to cast 2318 votes in the 1960 elections, the highest total on record in the county.

A heavy day Saturday and a "good many" receipts issued Wednesday afternoon, brought about the large total, according to Mrs. Otha Denny, Cochran County Tax Assessor - Collector.

Judge J. L. Winder

RAIN, SLEET, SNOW CONTINUE COUNTY'S FINE 'WET' WINTER

Cochran County had its first moisture of February, Wednesday of this week and early this morning, and though the Tribune had no gauged reports, the total moisture content may have been considerable.

Reports from the western half of the county indicate that snow fell from about 7 a. m. Wednesday morning until about 3 p. m. Wednesday afternoon, as far east as the vicinity of the Neely Ward school house.

Snow was reported in the En-

ochs - Bula area, and increasing in amounts going farther north.

Snow also covered Plains Wednesday afternoon in varying amount and as far north as the Gasoline Plant, 14 miles south of Morton.

However, in Morton proper, the moisture came in the form of light sprinkles in the morning, increasing to a drizzle around noon, and some light showers in mid and late afternoon.

The rain turned to sleet and snow late Wednesday night and fell for several hours but the snow melted as fast as it fell and the moisture halted around 4:00 a. m. today.

Reported to the Tribune during the day Wednesday were 3 inches of snow on the ground in the area of Lingo, by mid-morning; snow at Bledsoe and south of Lehman; snow at the N. H. Steed farm Southwest of Morton.

The Tribune had no late reports on the amounts of snow which fell early this morning.

Olen Petty Is Candidate for Representative

A 23-year-old Native Levellander, Olen R. Petty, filed his candidacy for the 98th District State Representative Post, this past week end and authorized the Tribune to announce that he will seek the office now held by Robert L. Bowers, Brownfield.

Petty, son of Mr. and Mrs. T. O. Petty, filed his candidacy from Fredericksburg, where he is presently teaching school. He will return to Levelland and begin his active campaign soon, his father said.

A graduate of Texas Tech, Petty majored in business administration and minored in government courses. He graduated last spring. He is married to the former Karen Schwab of Levelland and the couple have no children.

Olen is the youngest son of the T. O. Petty's, and has a twin sister in the teaching ranks at Odessa. A brother teaches, and one brother is in oil-field work. His father served as Superintendent of the Pettit Schools, as Hockley County School Superintendent, and at the present time is Tax Assessor - Collector of South Plains College.

AT FATHER'S BEDSIDE

Mr. and Mrs. C. N. Winder of Wichita Falls, Mr. and Mrs. Gene Winder of Canyon, and Mr. and Mrs. Charles Jones of Lubbock, were in Morton at the bedside of their ailing father, Judge J. L. Winder, when he passed away Tuesday.

CAUSEY Homecoming, February 6th

CAUSEY (Spl.) — The Senior Class of Causey High School, Causey, New Mexico will sponsor the school's third annual Homecoming, on February 6th. Activities planned include a supper which will begin at 4:30. The cost will be \$1.00 for adults, and 50c for children.

The school would like to invite all graduates, former students and teachers, and friends of the school, especially those residing in the Morton area to be present to make the 1960 Homecoming the biggest and best ever.

The coronation of the Homecoming King and Queen are planned for 8:30.

Of special interest this year will be the organization of an Alumni Association and the election of its officers.

MOD DRIVE ROLLS RIGHT ALONG WITHOUT FUND RAISING CHAIRMAN

The Cochran County MOD for the National Foundation continued to roll this week regardless of the fact the drive has no chairman.

Mrs. Fred Morrison, permanent county chairman for 1959, reports Eli Douglas, principal of the Morton Elementary, turned into the Foundation \$135.98 collected by students at the school.

Wednesday the Lions Club turned into the treasurer \$31.58.

Mrs. Bob Cook, chairman of the "Mothers March," reports \$422.85 collected last Thursday night. She reports the Morton Rebekah Lodge No. 39 will not consider the "March" completed until members of the Rebekahs have time to canvass local merchants.

Permanent officers of the Cochran County Chapter are holding

on until others are elected.

At the fall meeting for the election of officers attendance was insufficient to select new officers.

Evening Classes Still Open at S. Plains College

Robert S. Burks, Director of the Evening School at South Plains College, Levelland, reminded area folks this week that registration for the evening school courses of the second semester will continue through February 8.

Burks, in announcing that approximately 20 persons from this area (Morton, Whiteface, and in Cochran County) have already enrolled, said courses run the gamut from art to welding. Some courses, those in the industrial category, do not transfer for college credits, but those in art, business and academic subjects can be transferred as college credits.

In all 27 night courses are available, all to be handled in one night a week classes, with the exception of chemistry, which is a two night course. Classes run from 7 to 10 p. m., Mondays through Fridays.

Burks said those interested can enroll during the day or evening at the school.

Breakfast Draws Crowd; Farmers Urged To Fertilize With Caution

A highly successful breakfast and program on soil fertilizing, which followed, was held here Wednesday morning under the sponsorship of J. W. McDermott Fertilizer Co., and Lindsey Feed and Seed, Co., of Morton.

The session, planned through cooperation with Mathieson Fertilizer Company represented in Morton by both dealers, featured a talk and slides shown by Dr.

Ivan Miles, agronomist for the Mathieson Company.

A total of 64 names were listed on the registration roll at the breakfast and several others didn't sign the list. A great many more were present when the group moved from the banquet room of the Activities Building, after the breakfast, to the Auditorium, and Dr. Miles began his

CITY'S ONE-WAY STREET IS BACK; PAVING HEARING IS FEB. 15TH

The City of Morton will have its one-way street back again, as soon as signs can be erected.

The one-way street was revived at action of the City Commission Monday night at their regular session, on a motion by Roy Gentry, seconded by Rob Richards, and voted unanimously by the group.

Action was taken when the council was informed that the P-TA had discussed the recent stop-light controversy, and had wondered, at a recent Safety meeting, why the one-way street plan was abolished.

In other major action, the Commission also passed a resolution

approving the assessment roll on the proposed paving and setting February 15th, at 6 p. m., as the time for a hearing date.

In a legal announcement published in this issue of the Tribune, authorized by the Commission, the Contractor, J. R. Fanning, has listed the complete assessment figures for the proposed paving, which includes also some blocks it is hoped may be interested in paving.

Persons interested in the paving, or those opposed to the plan, may meet with the contractor and the Commission on the 15th of February to express their wishes. The contractor asked the city to publish the complete list so that everyone who might be included on the paving will read the exact figures and can thus voice their protest if they have one.

The motion to adopt the resolution was made by Commissioner Richards and seconded by Commissioner Gentry.

County Judge Glenn Thompson appeared and explained to the Commission the status on city cases recently appealed to County Court and heard in County Court. He told them the cases were still on the docket, and not dismissed as recently reported. The City instructed their attorney to investigate the cases and see if they wanted to press trying of the cases.

The city rehired at a unanimous vote the auditing firm of Ray Lawrence, to audit the city books at the end of the fiscal year, next month.

City Secretary Joe Seagler also informed the Commission that a stop sign had been installed at the corner recently complained about to the Commission, at Southeast First and Lincoln Streets, and that other stop signs would be installed

Electric Coop Meeting Set For Feb. 12

The annual meeting of the membership of the Bailey County Electric Cooperative Association will be held Friday, Feb. 12, at the High School Auditorium, in Muleshoe, it was announced this week.

The meeting is expected to begin at 2 p. m. All members of the cooperative are cordially invited to attend.

They'll Choose Sumpin Easier The Next Time

A group of would-be thieves, burglars, pilferers . . . or call them what you like . . . will think twice before they pick the same kind of West Texas target for their next raid.

Thursday night the word was passed to Seminole police, from a drilling rig worker, that a group of men had raided their "doghouse," and stolen money, clothes, etc.

The Seminole police alerted police and sheriff departments all over the area, noting the type of car they were looking for and a general description of the men.

But the lawmen didn't have a chance to fulfill their duties. An hour or so later the drilling crew showed up with the culprits in tow, slightly battered from the incident. They told the officers where the car could be found.

When they noted the theft, the rig driller sent one of the rough-necks into town to notify police and while he was gone the crew decided to shut down the drilling and catch the men themselves. They set out and soon overtook the thieves.

Flu Victims Urged To Be Careful

Texas state health officials warned residents this week not to minimize the fast spread of influenza.

"Don't take chances," Dr. J. E. Peavy, state health commissioner, warned.

"The possibility of complications is why self treatment is unwise, even hazardous," Dr. Peavy said.

"To minimize the severity and to guard against complications go to bed at the beginning, call a physician, and do not go back to work until the physician advises," he said.

Contest Opens In Next Week's Issue

Thursday, Feb. 11, will be C-day . . . "C" standing for clues or cash — possibly both.

The reference is the "Who's Who in Morton" and area contest which is scheduled to begin next week in the Morton Tribune.

Complete details of the contest will appear in the Feb. 11 Tribune according to plans.

There are no slight of hand tricks involved, it is all a matter of careful reading.

But you'll have to read the Tribune carefully if you expect to win any cash.

Grand Opening Termed 'Success' By Thankful Raines

"It was a tremendous success, and we wish to express our sincere appreciation to everyone who helped to make it so," was the way Mr. and Mrs. Melvin Raines described the opening of their grocery and market here over the weekend.

Mr. and Mrs. Raines own and

Mrs. J. F. Bass Services Held On Wednesday

Final rites were held at the First Baptist Church in Morton at 2 p. m. Wednesday for Mrs. J. F. Bass, 78, a two year resident of Morton. She is the step mother of Mrs. Bertie Lynch of Morton.

Mrs. Bass died at 6 a. m. Monday at the Cochran County Hospital following an eight day stay there. She had been a resident of Morton since moving here from Farwell in 1937.

The Rev. Mr. Fields, pastor of the Grace Baptist Church at Hereford conducted the services assisted by Rev. Fred Thomas, pastor of the Morton First Baptist Church. Burial was in the Morton Memorial Cemetery under the direction of Singleton Funeral Home of Morton.

Mrs. Bass was a member of the Morton church.

Survivors include the husband; three sons, Cecil Durham, Philadelphia, Miss.; Paul Durham, Lubbock and Robert Durham, Moss Point, Miss.; a daughter, Mrs. C. D. Manning, Jackson, Miss.; six step daughters, Mrs. Bertie Lynch, Morton; Mrs. Fannie Hagger, Mangum, Okla.; Mrs. Florence Oker, Modesto, Calif.; Mrs. Dolie McCain, Ariz.; Mrs. Laura Ellington, Amarillo, and Mrs. Johnny Garrat, Clovis; a stepson, D. T. Bass, Orville, Calif.; three sisters, Mrs. Carrie Porter, Hereford; Mrs. Lucy Wilkins, Hereford, and Mrs. Mae Vowell, Ariz.; a brother, Willie Allgood, Lake Village, Ark.; 27 grandchildren and 8 great grandchildren.

Judge J. L. Winder Dies; Rites Today At First Baptist

Funeral services will be held today (Thursday) at 4 p. m., at the First Baptist Church in Morton, for one of Cochran County's senior citizens, Judge J. L. Winder, who died Tuesday, in the Cochran County Hospital.

Judge Winder, former Cochran County Judge, and a retired Morton merchant, died at 7:45 a. m., Tuesday, following a three day heart ailment, and several months of illness.

Proprietor of Morton's first store, a general store; and established of Morton's Post Office — it was in the store — Judge Winder was 85 years old.

Rev. Hubert Foust, pastor of the First Baptist Church of Graham, Texas will conduct the final rites and will be assisted by Rev. James E. Harrell, pastor of the First Methodist Church of Morton.

Masonic rites will follow and burial will be in the Morton Memorial Cemetery, beside his wife, who died Feb. 16, 1946.

Judge Winder resided at 420 Southeast 3rd Street, just two blocks south of the location of his first store, the southwest corner of the square.

Born April 4, 1875 at Nacogdoches, Texas, he married the former Miss Mary Neoma Harvey in Nacogdoches, County, in 1897. In January 1924 they moved to Morton from Rusk, Texas. Mr. Winder had established a Post Office at Mahan, Texas, near Nacogdoches, in earlier years, and was responsible for the establishment of the local Post Office in Morton. A member of the First Baptist Church since he was very

Study Course at Missionary Baptist

The Study Course began Monday at the First Missionary Baptist Church, Morton, by Rev. Austin Steadman, pastor, will close Friday night.

Rev. Steadman is taking his study from a booklet, "The Over Flowing Life".

Classes are for juniors through adults. Beginners and primaries meet separately. The classes begin at 7:30 and continue to 9:15 p. m., each evening.

APPOINTED TO TEACHER'S COMMITTEE

Marion J. McDaniel, Supt. of Peg Schools, was recently named to serve on the Teacher Education and Professional Standards Committee.

The appointment was made by Charles Matthews, President of District XIII of the TSTA.

The committee will meet and draw up resolutions prior to the March 4 TSTA meeting in Lubbock.

White Auto Has Larger Crowd Than Expected

Mr. and Mrs. Oval Massey had nothing but praise for the wonderful reception given the opening Saturday and Monday of their White Auto Store, northside of square, Morton.

They particularly praised the friendly manner in which local residents introduced themselves.

In expressing their appreciation for the opening, they pointed out

See (WHITE AUTO) Page 10

Preaches Sunday At Eastside Church

Dr. Herman Wilson, registrar at Lubbock Christian College, will preach Sunday morning and Sunday night at the Eastside Church of Christ, Morton.

The public has been given a cordial invitation to attend the services.

Dr. Wilson preached last Sunday here in the absence of Leo Baker of Hobbs, N. M., whose father passed away just prior to Sunday.

Bible classes begin at 10 a. m., preaching at 11 a. m. and again at 7 p. m.

MARCH OF DIMES

NOTICE OF PUBLIC HEARING ON CITY OF MORTON PAVING PROJECT

BOY SCOUTS ON THE PLAINS . . .

History of South Plains Council

The South Plains Council, Boy Scouts of America, was organized in January of 1925. The first president of the council was Mr. Sim O'Neal. Mr. H. B. Palmer was the first Scout Executive.

The first annual meeting of the council was held at O'Donnell, Texas, in 1925 at which time officers were elected and a budget of \$11,200.00 was adopted.

The C. W. Post Memorial Scout Camp was opened at Post, Texas in 1926. The camp was a gift of the Post Estate.

The membership at the end of 1925 was 422 boys and 88 adults in 17 Scout units.

The first Cub Scout pack was organized in 1924 by the Lion's Club of Lubbock.

The Scouts and Scouters of the Council played an important part in the war years in various service projects.

In 1956 the Council was divided into six Districts: the Hays District, serving Castro, Swisher, Briscoe, Hale, Floyd, Motley, and the town of Turkey in Hall County; George White District included Bailey, Lamb, Cochran, and Hookley Counties; Commanche Trail District included Crosby, Dickens, Garza and Kent Counties; Quanah Parker District included Yoakum, Terry, Lynn, Garza, and Dawson Counties. In 1956 Lubbock was divided into two Districts . . . the Arrowhead District and the Longhorn District.

The membership at the end of 1959 was 7,834 boys and with 1,398 Scouters in 254 Scout Packs, Troops, and Posts.

Camp Tres Ritas, a mountain camp in New Mexico was used for the first time in 1959. It was acquired from the National Forest Service.

At the present time Mr. John Lott of Post, Texas is the South Plains Council President. Mr. A. W. Benner is the Scout Executive.

Past presidents of the council include Sim O'Neal, M. S. Harkey, R. J. Murray, T. A. White, W. G. McMillan, Dr. F. B. Mackens, Garza and Kent Counties, and Joe Salem.

NOTICE

Public Hearing on Paving

Notice to all owners, claimants or parties interested in any property abutting on portions of streets and avenues hereinafter mentioned in the City of Morton, Texas.

The City Commission of the City of Morton has ordered the improvements by grading, placing curb and gutter, caliche base and triple asphalt surface on the following portions of streets or avenues in Morton and has entered into a contract with J. R. Fanning for construction of such improvements. The portions of said streets and avenues to be improved together with the cost amounts per front foot proposed to be assessed against the abutting property and owners thereof are as follows:

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Frank Bennett, E. C. Hale, J. G. Stacy, Pat Smith, Bob Cross, and Mrs. Otha Denny are a few of the cooperators of the Cochran Soil Conservation District who are starting to plant native grasses during February and March as a part of their soil and water conservation plan.

Several of these cooperators farming dryland will be drilling the grasses into a dead litter cover of cane which was established last year. Others will be planting on a clean seedbed and sprinkle irrigation the grass seedlings to a stand. Either way the chance for success at this time is very good. Sufficient winter moisture has provided good planting conditions.

Producers anticipating grass seedlings should locate seed and seeding equipment. There are seed growers in the district as well as retail sales that can furnish the needed seed. Custom contractors as well as rental drills from the district, are available.

For assistance on your conservation plans, request assistance from your District Supervisor and the Soil Conservation Service technician.

WEEKEND GUESTS

Guests in the L. W. Barrett Mrs. Barrett's daughters, Mrs. Rube Hogan of Ft. Worth and Mrs. Claude Fincher of Seminole, and son, Mr. and Mrs. J. B. Riddle of Seminole. Mr. Barrett's brother and wife, Mr. and Mrs. Hubert Barrett of Canyon and nephew, Mr. and Mrs. Elmo Barrett and daughter of Amarillo.

Texas' Rural Heroism Award Planned by Farm and Ranch Safety Council

The Texas Rural Heroism Award will be presented annually by the Texas Farm and Ranch Safety Council to one person who during the year exhibits exceptional bravery at the time of crisis disaster in his local community.

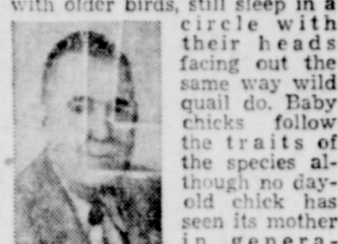

Eligibility for the award will be limited to a person living in rural area of Texas, or community of less than 2500 population. The award may go to a person credited with pulling another person from a flaming building or one who saved a life, by bringing a drowning person from a farm pond, saving his life, or other feat of heroism.

The award, an engraved plaque, will be presented at the annual meeting in March of the Texas Safety Association.

The honored person will be chosen on nomination basis, through Texas Volunteer Fire Department, County Agents, Vocational

FARMING AROUND

By Mark Welsh

Nature works in wondrous ways. Quail, hatched in an incubator and having no contact with older birds, still sleep in a circle with their heads facing out the same way wild quail do. Baby chicks follow the traits of the species although no day-old chick has seen its mother in generations. And mud wasps continue to make the same kind of nests even though the adult dies before the young mature. Even more wondrous is the instinct that tells the young what to eat, how to make a nest and how to determine mortal enemies from more friendly species.

Nature works in mysterious ways with plants, too. We already know some flowers can tell time because they blossom in the morning and close at night. Now, it appears they also have built-in calendars.

USDA workers at the Maryland Experiment Station recently discovered that plants can tell the length of a day and, thus, the season of the year. The secret is a protein-containing pigment which alters its chemical structure when struck

by the sun's rays or a red light and retains its new form until darkness when it changes back. The process takes about 12 hours.

This discovery enabled the researchers to fool the plants and make them bloom or grow at will. For example, using nothing but darkness and red light, they tricked pine trees into growing only eight inches in four years while trees outdoors grew several feet.

This is a basic discovery and important because, as our knowledge increases, farmers are able to make more practical applications which lead to better farm products and healthier living.

(Editors Note: Dr. Mark Welsh is a former university instructor and state livestock sanitary service director who has spent a lifetime in agriculture. He now is agricultural consultant to American Cyanamid Company.)

With Your ... COUNTY AGENT

By Homer E. Thompson

The following are questions and answers given by County Agents and answers given by Texas Extension Service and Experiment Station Staff at a district meeting. This information will be in two parts and is very important to all farmers. I suggest this information be saved and kept with the information in my column next week.

1. Is nitrogen from urea any better than nitrogen from ammonium sulfate?

Nitrogen is absorbed by plant roots in either the nitrate or ammonium form, with young plants generally preferring ammonium nitrogen and older plants preferring nitrate nitrogen. When the urea molecule breaks down in the soil, ammonium nitrogen is formed. This ammonium is the same as from ammonium sulfate or other ammonium-containing fertilizers. The decomposition of urea is rapid in warm soil. Hence urea and ammonium sulfate should be of equal value if the nitrogen is applied on equivalent basis. Experiments comparing the two have shown little or no difference.

2. Is dry or liquid fertilizer the best? Also discuss this in terms of application.

Dry or liquid fertilizer have equal value on the basis of equal pounds of N-P-K in the same forms. Liquid fertilizer is easier to handle if tanks with attached pumps are available. Dry fertilizer can be stored by farmers who may not have large tanks for storing liquid fertilizer. The cost per unit of N-P-K from dry and liquid fertilizer should be figured before making a decision on which form to use.

Liquid and dry fertilizer are equal in value regardless of application time. Anhydrous ammonia requires more care in application, especially sidedressing, than liquid or dry fertilizers.

3. When is the best time to apply nitrogen to burr?

Nitrogen should be used with burr to feed the crop to be grown and not strictly to decompose the burr. The recommended time of application of nitrogen on burr-treated land is 60 days to 1 week before planting.

4. Discuss NH₃ (anhydrous ammonia) in dry and wet soils.

The loss of anhydrous ammonia is most serious in soils that are too wet. If the chisel opening does not close quickly, then anhydrous ammonia loss is serious in soils. If chisels are operated at 4" to 6" below the soil surface and "farrowing out" shovels or sweeps are covering the chisel opening, anhydrous ammonia can be used over a wide soil moisture range from moist to dry soil. If the soil is saturated or extremely dry, anhydrous ammonia should not be used. Loss at a 2" to 3" depth may be serious. Loss at the 4" to 6" depth is negligible unless the soil is too wet.

5. Is there any P2O5 on the market that will leach down?

No.

6. Discuss a readily available N and P2O5 and a non-readily available N and P2O5.

Books are written on this question which means that the answer cannot be short and still be complete.

Response to nitrogen fertilizers are fastest when a nitrate form is used. Generally the application should be made enough in advance of the crop needs that the form of nitrogen (NO₃, NH₃ or NH₂) should be critical. However, if it is decided that an immediate feeding of nitrogen is necessary for a specific crop then a nitrate (NO₃) form would be preferred.

The availability of P2O5 in superphosphate (20%, 30%, 40%) or phosphoric acid (52%) is thought to be about the same regardless of the source when applied at the recommended rates.

7. If cotton stalks grow tall enough, should N fertilizer be used?

The height of the stalk is a poor indicator of the need for nitrogen. Tall stalks can be a result of reduced fruitfulness caused by bugs, poor variety, improper watering, cool weather and other things. With high temperatures, fruiting growth will usually stay ahead of stalk growth. Under these conditions, extra nitrogen is usually needed.

8. How late can cotton be sidedressed with nitrogen?

Side dressing nitrogen should be timed with the development of the crop. If it is applied before

squaring, it may affect maturity. In the warmer years, side-dressing too late, that is, after a number of young bolls have started growing may be ineffective. At the Lubbock Experiment Station, yields have been consistently increased by about a half of a bale by side dressing 60-60-0 any time in the first two weeks of July. At this time, the cotton was beginning to form squares rapidly. It is doubtful that side dressing would be beneficial after August 1. In fact, it would be better to make the application before July 15 if fruiting and weather are right.

9. Does N have the ability to hasten maturity?

Nitrogen certainly hastens maturity under the proper conditions. As seasonal conditions vary, so

does the amount of nitrogen needed to maintain balanced growing conditions. In years when fruiting and fruit growth occurs rapidly, such as in 1956 and 1958 over the Plains, additional nitrogen increased the rate of growth, kept the plants healthy, and hastened maturity. In 1957, when fruiting was slowed by cool weather, additional nitrogen caused more stalk growth than fruit growth, and caused a relative decrease in maturity.

10. Why is there more growth in cotton in Rolling Red Plains from nitrogen?

This is probably due to slightly higher temperatures in Rolling Plains as compared to High Plains - especially night temperature.

11. How bad does N leach when soil temperature is below 60 degrees F.?

Leaching of nitrogen is related more to the amount of nitrate present, the texture of the soil and to the amount of irrigation or rainfall water than to the soil

temperature. Losses of N in the absence of percolation water are negligible, probably less than 10 pounds per acre, annually. In the High Plains Area, the loss of N by leaching is small throughout the season under both low and high temperatures.

12. How far ahead of planting should N be applied to cotton? If there is no danger of leaching (see question 11), nitrogen should be applied well in advance of planting. Anytime after stubble or stalks have been destroyed should be satisfactory.

Anton "99" Stormproof Cotton

Developed to meet many requirements demanded by cotton producers, buyers, and the Cotton Industry. Is an excellent STRIPPER - SNAPPER cotton with top yields and grades, high lint turn-out. Fiber has high micronaire and tensile strength. All seed are State Registered, and properly processed and treated, fuzzy, saw delinted, and acid delinted seed available. DIRECT FROM BREEDER. PLACE YOUR ORDER WITH YOUR GINNER. Better Seeds - for Better Crops - Through Research

SENATOR ☆☆☆ Yarborough's Report

The Senate has gotten off to a strong legislative start in the new session with passage of a far-reaching "clean elections" bill by a vote of 59 to 22.

So far as the Senate is concerned, the vote marked the successful conclusion of a seven year effort to tighten campaign reporting requirements and set realistic limits on campaign spending primaries.

We Texans have long seen the need for a "clean elections" bill because certain large interests for years have exerted undue influence through unlimited money power in political campaigns.

Of course, large money concentrations also have had a disproportionately powerful voice in many national political campaigns.

For example, in the Congressional elections of 1958, the record shows that two of America's wealthiest families made campaign donations totaling the following - DuPonts, \$71,537; Rockefellers, \$56,000. These figures are not necessarily the entire amount donated, but only those that were reported under current law.

Some of the major provisions of the "clean elections" bill passed by the Senate include:

Extends federal campaign reporting requirements for the first time to cover primaries as well as general elections;

Extends federal campaign financial reporting requirements for the first time to state and local committees which spend over \$2,500.00.

Requires more detailed financial statements be filed with the Federal District Courts as well as with the Clerk of the House and Secretary of the Senate;

Places a \$10,000 overall limit on the amount an individual can contribute within a year.

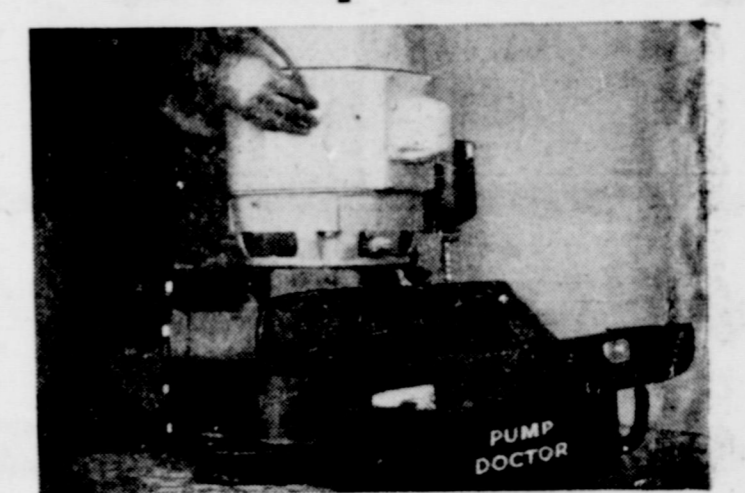

Although not a perfect bill, in my opinion it is a good bill. If it passes the House and is signed by the President, it will become effective January 1, 1961.

Grow a "Dream Vacation" in a cotton field?

It's not fantastic! And here is why:

One prominent Texas farmer used Phillips 66 Ammonia to realize an added net profit of \$54.32 per acre on his cotton, after deducting the cost of ammonia. Just 50 acres of cotton like this means over \$2,700 extra profit... enough to enable a family vacation in some of the world's finest spots.

Ask your Phillips 66 Distributor to help you work out a complete fertilizer program on all your crops.

	Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$75	\$75
Ammonia Cost Per Acre	\$5.60	—
Yield Per Acre	847 lbs.	633 lbs.
Net Profit Per Acre	\$156.56	\$102.24
INCREASED PROFIT PER ACRE \$54.32		

*Cotton of 1960. Example only. Results vary according to soil fertility, available moisture and cultural practices.

TOURS MATHIESON'S HOUSTON PLANT

Dale Houlett manager of J. W. McDermott Fertilizer Company, Morton, joined other Mathieson representatives this past week for a tour of the Mathieson "Ammono-Phos" plant in Houston.

Houlett reports the size of it amazed everyone who viewed it for the first time.

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer!

113 EAST WASHINGTON MORTON PHONE 3361 or 2311

WASHINGTON AND "SMALL BUSINESS"

The Federal Trade Commission has weakened its position in the fact that there is some hanky panky in the baking business, and has charged two bakers with giving discounts to favored customers.

Huber Baking Company, selling over 4,000 accounts in the states near its home base in Wilmington, Delaware, is charged with giving a few favored chain store accounts discounts of 5%.

Continental also launched with huge sums of advertising a so-called diet bread named Profile. The advertising was based on the premise that bread is fattening. But a slice of Profile had less calories than ordinary white bread, including presumably their own Wonder bread.

Of course, they completely neglected to mention that their Profile bread was sliced much thinner than ordinary bread.

Now, actually, Profile and all the other diet breads haven't created enough volume to make any inroads into the market. But it cannot be said the advertising was not successful.

As a matter of fact it was so successful that the sales of everybody's white bread went into a decline, and has not come back up yet, with the resulting loss to wheat farmers, or rather the taxpayers who make up the wheat support price payments.

So here is a perfect example of the astuteness of huge corporation management.

Now, apparently, according to FTC allegations it would very much appear that this great corporate brain decided the only avenue left open to them to hold up volume was to give special cut prices to the bigger retail outlets.

The Continental Baking story is an interesting one. If anything is ever needed to explode the myth of the higher competence of huge corporation methods over independent businessmen, this story should furnish it. And for this result, hundreds, or perhaps thousands, of good, sound independent bakers were driven out of business. It would be comical, if it were not so tragical.

It was not too long ago that Continental was advertising its wonder bread over the radio with the startling story that "if your child has stopped growing, start feeding him Wonder bread and in just eight days he will resume normal growth."

Eventually the FTC stepped in on this, but in the meantime the big baking combine made themselves and their brand ridiculous in the minds of hundreds of thousands of mothers, who just couldn't seem to buy this story that a couple of slices of any brand would start Junior growing like a weed.

Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex. — With the filing deadline drawing near, the political ring is filling with hats — most of them familiar to Texas voters.

Since there's to be no wholesale re-shuffling among top state offices, liveliest interest is focused on legislative campaigns.

Texas Legislative Service's compilation on legislative races indicate about six of the senators running for re-election have opposition or prospects of opposition. Usually the opponents include a representative from the senator's district.

New faces have entered the races in more than 50 of the House districts. In 19 of these the present representative is not a candidate for re-election.

Besides the usual preponderance of lawyers, there are a number of school teachers and former school teachers among the newcomers.

Campaign platforms rest mainly on these issues:

- (1) Betterment of schools and improvement of teachers salaries.
- (2) Revamping or doing away with the new merit plan auto insurance rates.
- (3) Providing medical payments for persons on the welfare rolls and raising old age pensions.
- (4) Enacting stiffer highway laws.
- (5) Developing a comprehensive statewide water program.
- (6) Solving the state's fiscal problems. This is generally cov-

ered in some broad, fairly vague statement, such as "modernizing the state tax system," "eliminating unnecessary expenditures" or "finding an equitable method of taxation."

ENOUGH'S ENOUGH — Presidents of Texas' tax supported colleges and universities have come out against adding any more schools to the state's higher education system.

Their reasons: (1) we've got enough already and (2) there isn't enough state money to go around. University of Houston is seeking admission. Its case will be heard by the Commission on Higher Education in April. Commission will report to the Legislature which makes final decision, in 1961.

Del Mar College of Corpus Christi, a municipally-supported junior college, would like to follow the course of Arlington College and become a state-supported four-year college.

Council of State College Presidents joined unanimously in a statement that to add more schools to the state system now or in the near future would be "a grave mistake."

Texas, said the Council, supports more colleges and universities, and contributes to the support of more junior colleges (32) than any other state except California.

Ninety-five percent of our people live within 100 miles of a state college now, the Council advises.

CHILDREN'S AID REFORM URGED — Texas' aid to dependent children program seems to be creating more of the same social ills it was supposed to alleviate.

This is the verdict of the Texas Research League after a two-year study made at the request of the State Welfare Department.

It seems that these abandoned children — those whom the parents refuse to support, or can't — often grow up to have children they too won't or can't support.

Welfare workers are seeing more and more second and third generation cases, said the League. League recommends re-shaping the whole program to put the emphasis on rehabilitation. At present, says the League, the program does little or nothing to help families help themselves or to get at the problems that caused them to be in need in the first place.

ACD payments go to about 105,000 persons in Texas — 80,000 children and 25,000 parents. Cost \$21,000,000 a year, of which 80 percent is federal money.

LEGISLATIVE EXPENSE RULING — Legislators who carry out between-sessions committee assignments are entitled to \$8 a day and 8 cents a mile for travel, according to an attorney general's ruling.

A special law covers the expense of members of the Legislative Council and Legislative Budget Board. They may be reimbursed for the actual costs of meals, rooms and other expenses incidental to this work.

Regular pay for state employees traveling on state business is \$9 per day and 8 cents a mile. BIG BUSINESS — Texas General Land Office, sometimes described as "the biggest real estate agency in Texas," did a land office business during 1959.

Land Office, which is the management and collection agency for the state's public lands, took in \$60,583,603 in the past year. This came from oil and gas royalties, bonuses, grazing rentals, etc.

Main beneficiaries were the public school permanent fund and the University permanent fund. In addition, 18 other funds received deposits.

Land Commissioner Bill Alcorn said 384 veterans paid off their land loans, bringing in \$2,352,767 that can be used for more veterans' loans.

SEGREGATION SUIT SIDESTEPED — Dallas is in a bind between a federal court order to desegregate its schools and a state law prohibiting desegregation without a local option election.

State Supreme Court has refused to overturn a lower court ruling that Dallas was not entitled to a court order freeing it from the effects of the state's anti-integration law. A law passed in 1957 says that a school district that integrates without a local option election shall lose its state aid. For Dallas this would be some \$2,600,000 a year.

A federal court ordered Dallas schools in 1955 to integrate "with all deliberate speed."

Sen. Johnson Leads Dimes Drive

Senator Lyndon B. Johnson, of Texas, adds his contribution to the 1960 New March of Dimes in Washington, with Mary Beth Pyron, two-year-old national poster girl for the campaign at his side. Mary Beth was born with birth defects. New March of Dimes funds are battling not only birth defects but also polio and arthritis.

harvested in Texas orchards and gardens. The state's orange crop is the best since the big freeze of nine years ago — 36 percent larger than last year, according to estimates of the Agricultural Marketing Service.

USDA's list of plentiful foods is prepared each month by AMS food distribution workers, in co-operation with growers and members of the food trade. The list includes items that are in larger than normal supply.

Menu planners will find it to their advantage to serve these foods often because plentiful and in-season items usually provide greater economy and more choice for quality.

Johnson Warns of Need to Know When We Are Adequately Prepared

Senate Majority Leader Lyndon B. Johnson said Sunday that America cannot rely upon a "crystal ball" method of guessing Soviet intentions in "an age of fifteen minute attack."

Speaking to Texas constituents Senator Johnson said that modern technology has reached a point where, in the event of aggression, "we will win or lose according to the forces that we have on the day of the attack itself."

"If we have sufficient force to strike back at once, it is unlikely that an aggressor will even dare to attack. But if we do not have such force, our prospects would be bleak indeed."

Senator Johnson said that one of the basic problems of defending our country is to determine just what constitutes "enough" in the way of defensive forces. In the past, he said, this country has tried to answer that question by determining Soviet capabilities. "The new Secretary of

Defense, Mr. Gates," he continued, "says that we are now basing our programs not upon what the Soviets can do, but what they intend to do."

He said that the Aeronautical and Space Sciences Committee and the Armed Services Preparedness Subcommittee are trying to bring out "all of the facts of the impact of this new theory upon our defense program in hearings which started Friday."

Home Demonstration Agent

By Lella Petty

COUNCIL MEETING
The regular meeting of the Cochran County Home Demonstration Council will be held Thursday afternoon, Feb. 9, in the Banquet Room of the County Activity Building. Mrs. Edward Brownlow, Chairman, will preside at the meeting which will begin at 2 p. m.

After the business meeting an auction of hand made articles will be held. This is one of the projects planned by the Finance Committee for raising the Council's budget. Visitors are welcome to the business and to the Council meeting.

CLUB MEETING
The Farm, OIL and Ranch Home Demonstration Club will have a regular meeting Feb. 10. The Whiteface Club will meet February 11.

TRASH BURNERS HELP INSURE SAFETY, BEAUTY OF HOME
A large percentage of home fires start by burning trash. A good trash burner helps insure the safety and beauty of your home.

For convenience, locate the trashburner near the kitchen, but far enough away for safety. It does not have to be large, if trash is burned every day or two.

For materials that won't burn, bottles, tin cans, etc., place a large fly tight, water tight garbage can near the trashburner.

Sparks fly easily, so cover top end front of the trashburner with one fourth inch wire mesh. It should be surrounded by shrubs that will not burn easily. Locate at least 12 feet away from buildings. Make sure that clotheslines are well out of range, too.

Plans for building a mortarless trashburner were distributed to those interested when Home Demonstration Clubs met in January. Plans are available from this office.

LANDSCAPING FOR EVERYONE
Every homemaker can do some landscaping with the opinion of club members when the program on "Landscaping for Everyone" was given during January. Some suggestions for landscaping were:

1. Clean up the place.
2. Provide trash burners.
3. Build a good clothes line.

All I do is click the switch, relax, and let EXERCYCLE take over.

Three Way News . . .

By Mrs. Frank Griffith

PLEASANT HOLIDAY

The holidays between semester and E. N. M. U. were not pleasant for Nan Johnson. She had her wisdom teeth pulled last Thursday, and she spent the rest of her vacation in the hospital.

TABOKA

Mrs. and Mrs. Lewie Jordan and family visited friends at Taboka last weekend.

DAY GUESTS

Guests in the Frank Griffith home Sunday afternoon were Mr. and Mrs. John Paul of Albuquerque and Mr. and Mrs. Kenneth of Portales.

ADMITTED TO HOSPITAL

M. L. Fine was admitted to the Medical Arts Hospital Sunday to the flu.

NETBALL SCORES

Girls and boys high school netball games were played Tuesday in the games played at Lubbock. However, the girls return game Friday evening at Bledsoe.

MOVING

Mrs. Jimmy Batten is moving to West Camp this week.

BACK LIST

Thurl Lemons and Mrs. Jordan were on the sick list last week. Included on the list were Mesdames: Brinker, Jack Love, and Mrs. Cass Stegall.

CELEBRATED ON BIRTHDAY

Friday dinner in the Gene home Sunday honored the birthday of Elaine. Guests present were Mike Pollard, Gayle Key, Charles Latimer, Kay Ballard and Dewayne Clay.

WELCOME VISITORS

During the past weekend in W. Chapman home were

ELWYN E. CRUME

OPTOMETRIST located on Northwest Corner of the Square WEDNESDAYS from 10 A.M. to 6 P.M. Phone 5851 Morton

Mr. and Mrs. Glen Thrush and Marietta, and Mr. and Mrs. Wendon Hargis all of Lubbock.

RELEASED FROM HOSPITAL

Mrs. Rayford Masten was released from the West Plains Hospital, Friday. She was a flu patient.

AT FATHER'S BEDSIDE

Mrs. Paul Carlisle is at the bedside of her father who is a patient at the Medical Arts Hospital in Littlefield.

MOTHER IS HOSPITALIZED

The mother of Mrs. Tommy Galt and Mrs. Cass Stegall is in the West Plains hospital at Muleshoe. She was reported to be improved Monday.

PARENTS OF BABY BOY

Mr. and Mrs. Ed Holly of Stegall are the parents of a boy born Saturday at 8 a. m. in the West Plains Hospital in Muleshoe.

ATTEND STYLE SHOW

The F. H. A. girls attended the style show on the Tech campus at Lubbock last week. Accompanying the girls were their sponsor Mrs. Betty Adams, Mrs. Betty Allsup, Mrs. D. Tucker and Mrs. Lewie Jordan.

TO VISIT PUDUCAH

Rev. and Mrs. Byron Hardgrove and son plan to visit with relatives at Puducah, Friday evening and Saturday.

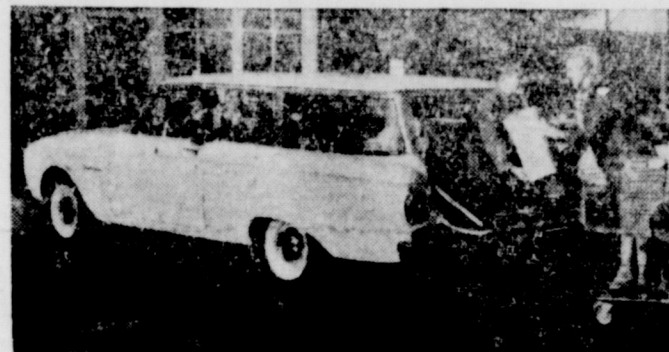

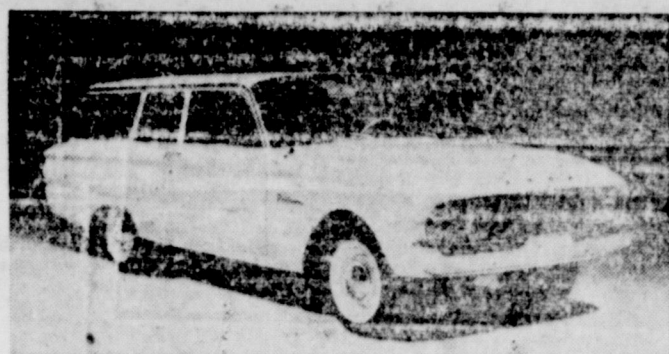

VISIT IN LUBBOCK

Mr. and Mrs. Jack Furguson visited in Lubbock Sunday afternoon.

SCHEDULE FOR SCHOOL

Activities scheduled for Three Way school through February, March, and April include the district tournament at Pep, Feb. 11, 12, 13, the TSTA meeting at Three Way Feb. 29 and National Education Week, Feb. 29 to Mar. 4. The high school students will take Project Talent tests March 1, 2, and 3. School will be out March 4 for teachers meeting at Lubbock.

The pep club's athletic banquet is set for March 12, the Junior Play is March 18, April 22 is the date set for the senior play and April 23, the Junior - Senior Banquet will be held at the San Andres Hotel in Levelind.

Ford, which has sold more station wagons than any other company, today announced the new Falcon station wagon as the latest addition to the economy car field. The two- and four-door station wagons, like the sedans, are powered with the 90-horsepower Falcon engine that gives 50 per cent better mileage than six-cylinder engines in standard sized cars. The Falcon station wagon has the longest cargo space and greatest load floor area in its class, as well as the lowest tailgate floor loading height in the industry.

1959 Bond Sales Are Announced

Texas Savings Bonds sales in December were the greatest since March of last year according to W. W. Williamson, chairman of Cochran County's Bond Committee.

December Savings Bonds purchases in Texas were \$13,482,290, an increase of \$2 million over the previous month. In Cochran County they were \$1,579.

"Sales in this county totaled \$28,856 during 1959. This represented 55.6 percent of the goal of \$52,000. Sales in the state amounted to \$152,557,812 or 83.8 percent of the state's 1959 Bond goal," Williamson reported.

"This sales record may be attributed to the recent increase in interest on Series E and H Savings Bonds and to the efforts of the hundreds of bond volunteers serving on the state and local bond committees," he pointed out.

Last fall the U. S. Treasury Department raised the interest rate on all E and H Savings bonds. All Savings Bonds purchased since June 1, 1959 earn an attractive 3 1/2 percent and all old bonds earn at least 1/2 percent more when held to maturity.

EDITORIALS . . .

It's Never Too Late To Gain An Education . . .

Teachers are not the only persons who need . . . or can profit by "going back to school" every once in a while.

One of the real advantages of having South Plains College at Levelland, is the closeness of the college and its evening class program offered for adults.

In this issue of the Tribune, the College has a quarter page advertisement in which they list the courses offered in the evening classes and the days on which the classes meet.

In the future, they hope to be able to offer a constantly expanded program of courses that will be of benefit to adults throughout the area.

Perhaps it hasn't dawned on many people how these courses can be of benefit to them. The fact is, if it is true that a college education is becoming more and more important to the youth of today, then it should follow that additional education is necessary for the adults of today.

Anyone can profit from courses in bookkeeping that will enable them to set up a set of books for their own private use . . . a set of books that will make figuring an easy chore rather than the backbreaking effort it now is.

Businessmen can always profit from any type of courses in business and economics that will enable them to better understand the laws of business; supply and demand; merchandising; etc.

What farmer or businessman couldn't profit by taking the course offered in conversational Spanish . . . which is not a course in the Spanish language itself, but is a course that will enable the graduate to converse in the Spanish - American language spoken in this area by braceros and by native Latin Americans.

The uses of this college training are almost endless. But the time is growing short. If you can spare one night a week, you can better yourself and your ability to get along in business, in farming and in life, by taking evening school courses.

Courses in basic mathematics and English can be the refresher or the knowledge you need to better get along.

Perhaps its an art course . . . just a hobby you're looking for. Or maybe you are interested in repair work, where upon the industrial course in refrigeration could be very valuable to you.

Why not apply at the college today? But hurry, Feb. 8 is the deadline for enrolling in second semester classes.

WE SALUTE WITH PRIDE . . .

Changes Indicated in Local LL Race

The Morton Little League could do a topsey turvey, this season which is usually a healthy thing for Little League competition.

The Sox, who have completely dominated the league for the past three seasons, have graduated a lot of their talent and could conceivably finish in the cellar this season, if the other teams live up to their potentials.

On the other hand, the Cards who only recently had to fight to stay out of the cellar, not only retain a veteran group of players but also retained their coaching and managing staff and should be the team to beat.

These were the early season opinions expressed at the local Little League held its first meeting last week.

But between now and the start of the season, lies the all important player auction sale, which annually brings new talent into the league; the naming of some new managers replacing others who have resigned; and a lot of practice sessions.

Who can tell, after these are over, which team will be on top in local Little League play?

Get it at your FAVORITE GROCERY MARKET

Thanks, Folks!

. . . for the wonderful reception given our "Grand Opening" Saturday and Monday.

It was greater than we had anticipated, and your "welcome" was even warmer than we had heard it would be.

And, to all of you who may not have had the opportunity to drop by our new store, please do so, and remember you still have time to register for the valuable prizes to be given away Saturday, February 13.

Use of Tax Form 1040-A Explained

"Treasury records show that one out of every four taxpayers use the simplified income tax Form 1040A," says Howard O. Nichols, Administrative Officer, of the Internal Revenue Service, of Lubbock.

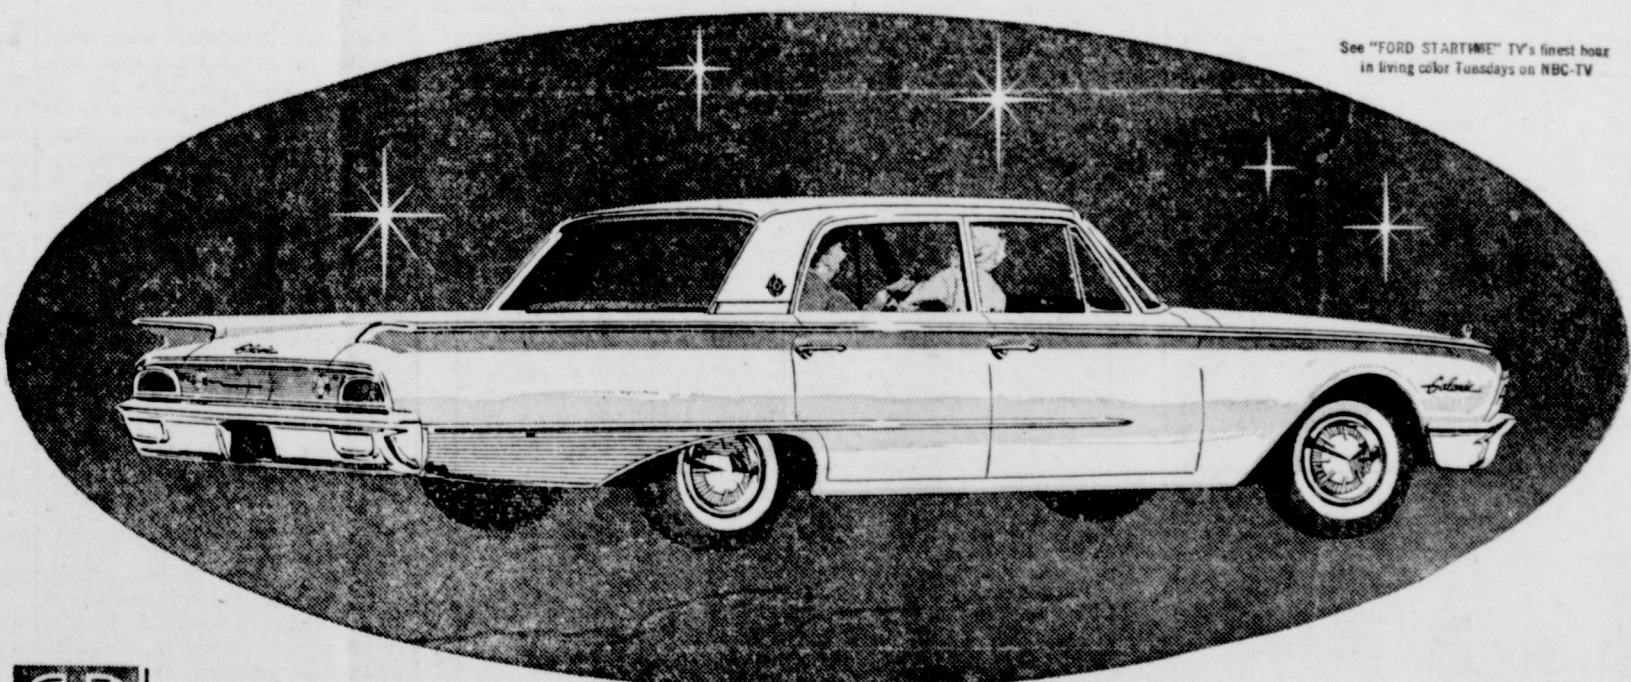

Revenue's midget (size of an average bank check) tax form may be used by individuals with total income of less than \$10,000, consisting of wages reported on Form W-2 and not more than \$200 in dividends, interest, and wages not subject to withholding.

Husband and wife may file a joint 1040A return for '59 if their combined income doesn't exceed the stated limits.

"Taxpayers using Form 1040A automatically claim the standard 10 per cent deduction allowed for such personal expenses as contributions, interest payments, medical expenses, and such. Taxpayers with allowable deductions for these items in excess of 10 per cent of their income for '59 must use the standard Form 1040 if they wish to claim them," Mr. Nichols explained.

Taxpayers with incomes under \$5,000 may figure their own tax, or have Revenue do the chore. Taxpayers with incomes of \$5,000 or more must figure their own tax.

Form 1040A must not be used when taxpayers claim "head of household" or "surviving spouse" status; dividends received credit or retirement income credit, "sick pay" exclusion; deducts for travel, transportation, or "outside salesmen" expense; or estimated tax payment credit, the IRS representative said.

The car that's medium priced in everything but its lower price tag . . . leads the field in looks, in luxury . . . with spirited performance that's pure Thunderbird. Leads in re-sale value, too.

3-Way, Bledsoe Break Even in Basketball Games

Bledsoe and Three Way split a basketball doubleheader, Jan. 26 with the Bledsoe girls coming from behind to post a 42 - 41 triumph, after trailing, 20 to 11, at halftime; and Three Way boys coming out on the long end of a 40 - 30 score.

The Bilbery sisters, Twila, with 18 points, and Wilsa with 17, pointed the Bledsoe girls' triumph in an overtime game at Bledsoe.

Friday night Bledsoe teams entertain Bula, with the girls game scheduled to tip off at 7:30 p. m.

QUILTING SESSION HELD BY CLUB

A quilting session was held at the regular meeting of the Friendly Neighbors Club that met at the home of Mrs. Ruth Wilson at 1 p. m. Thursday afternoon.

Attending the meeting were Mesdames Bert Darland, Evelyn Sandifer, C. Smelser, Harold Blackstock, Tubert Blackstock, J. W. Pond, Burt McCasland, Gilbert Wilson, and Brenda Enos, Joyce Hood, and Mrs. Wilson, the hostess.

The next meeting is set for Thursday, Feb. 11, at the home of Mrs. Gilbert Wilson.

SMALL BUSINESS

While the furor over whether American tax money should be used to furnish birth control information to the world, appears to have subsided for the nonce, perhaps no incident has better proved the utter ridiculousness of the foreign aid programs.

Leaving aside any pros and cons on the issue raised on religious grounds, the whole question was absurd from a matter of principle. Actually, the issue raised would be quite a laughing matter if it were not for the fact that it illustrates a very dangerous trend in the thinking in some quarters in this nation.

For here is thrown into sharp relief the international meddling mental complex of those who do so much to beat for foreign relief programs.

For here is a group of bureaucratic meddlers who take it upon themselves to decide that birth control should be practiced in foreign lands, and regardless of how the people in these lands may feel about the matter, they were determined to assess the American taxpayer to propandize this idea to the foreign peoples.

And this is perhaps also another reason why U. S. foreign aid programs have built up dislike for America abroad.

After all, people in other lands have their own customs, habits, and beliefs. And assuredly, they resent being told by some U. S. agency how they should conduct their lives.

What project these fertile bureaucratic brains will think of next to dissipate the American tax dollar is anybody's guess.

It is little wonder in many lands "Yankee, go home" is quite a popular slogan. Henry Wallace was really a piker. He only advocated plowing under pigs. Now U. S. bureaucrats want to plow under people.

Boy Scouts Mark 50th Anniversary

Official Poster for Boy Scouts' 50 Year Celebration

More than 5,000,000 boys and leaders of the Boy Scouts of America will begin the observance of their 50th anniversary year during Boy Scout Week, February 7 to 13. The golden anniversary will be observed in every city and town and most villages in the United States and territories. The Scout alumni since 1910 exceeds 23,500,000 strong.

The theme of the anniversary is "For God and Country." The high point of Scouting in 1960 will be the Fifth National Scout Jamboree when 53,200 Boy Scouts, Explorers and their leaders will camp at a 2,000-acre tent city on a ranch at Colorado Springs, Colorado next July 22 to 28.

Those remaining at home will conduct Cub Scout Jubilees, Boy Scout Jubilee Camporees and Explorer Jubilee Field Days the weekend the National Jamboree is in progress.

The National Good Turn for 1960 by the Boy Scouts of America will be their third non-partisan Get-Out-the-Vote campaign, conducted in cooperation with the Freedoms Foundation of Valley Forge.

School Leaders Meet at Lubbock In Cooperative Research Effort

LUBBOCK (sp.) - Does it really matter what your youngster studies in the third grade? How about in grade 12?

These are some of the questions which cooperative research group of 18 West Texas School systems will attempt to answer at a meeting Wednesday on the Texas Tech Campus. "A Balanced Curriculum in Grades 1 - 12" will be the subject of the meeting of the West Texas School Study Council in the Tech Union.

Morton Schools are members of the Council.

Dr. Jess Hudson, curriculum director of the Tulsa public schools will serve as consultant to the group, and will present some of the trends in balancing school programs throughout the country. He will discuss these trends in the light of increasing demands currently being made on schools.

Approximately 60 superintendents, principals, curriculum directors, teachers and Tech faculty members will hear a panel discussion on the problems and trends in the 18 schools in the Council.

Directed by Dr. Joe Tidrow, curriculum director of the Andrews public schools, those on the panel are Dr. Hudson, Dr. Ralph Schilling, superintendent of the Littlefield public schools; Tommy Thompson, superintendent of Kermit public schools; J. B. Youngblood, Underwood Elementary School principal at Andrews, and Seminole High School principal, Virgil Keyes.

For the past 18 months, the Council has directed study in the areas of science and mathematics programs, programs for gifted children, grouping students according to ability, special education programs for handicapped students, graduation requirements and pupil guidance.

In late 1959, a survey of practices and trends in public school programs in Texas and throughout the nation was completed by the Council. A current study includes research on ways of strengthening school programs and guiding students into proper courses of study. The schools in the council are now comparing the results of their survey with those of 11 other commissions.

Schools which belong to the Council include Andrews, Hereford, Plainview, Littlefield, Levelland, Hale Center, Abernathy,

edlines...

By Eddie Irwin

IF ENTHUSIASM could do the job, we'd be able to say we'll have a good group of basketball players coming up in the future. Local 6th graders have been gathering at the gym on Saturday mornings under the direction of coaches and working out. The work out consists of a period of just shooting baskets and a period of six minute scrimmages with five boys picked at random for each team.

There aren't...

MANY BASKETS made and there are very few minutes that go by without four or five mistakes made such as double dribbling, running with the ball, etc. But, as we said, if enthusiasm is a gauge to go by, these boys'll have what it takes one day.

the first phase...

OF THE 1960 elections is over. The phase that has to do with candidates filing and voters qualifying themselves by paying poll taxes. And we've got plenty of both.

the turn out...

OF PERSONS to pay poll taxes or claim exemptions is gratifying. We don't know if it's the fact that someone has been working at the job; that people are more interested; or that the population has just increased that much... but one way or another we have the biggest list of eligible voters we've ever had in Cochran County. And, the bigger the percentage of qualified voters, the bigger the percentage of vote we should be able to get out. It all adds up to a good election year in the promise.

there are only...

TWO OFFICES on the entire ballot that did not draw two candidates. Both District Judge M. C. Ledbetter and District Attorney Morgan Copeland have no opposition on the ballot. Every county race has at least two opponents.

It is now...

THE DUTY of every voter to do everything he can to ascertain for himself who is the best candidate in each race... who would do the best job in the office... and to support that candidate. Unfortunately, though every qualified voter knows this duty, many of them do not practice it.

on the day...

OF THE ELECTION there will be many voters who approach the ballot with pencil in hand and mutter to themselves, well I don't know about either of the candidates in this race.

one candidate...

IS USING THE old style type of candidate card, this time, the simple and direct approach "Vote For..." If everyone who cast a vote in an election voted "For" someone, rather than voting "Against" someone else, we wouldn't have any worries about the outcome of an election.

why not...

EXAMINE THE NAMES on the ballot and make an effort to know the persons running for the offices. Find out all you can about them and then select the candidate you thing can do and will do the best job.

for a drive...

WITHOUT AN ACTUAL fund leader, the 1960 March of Dimes drive is doing a good job this year. It could be, and would be, much better with a drive chairman. But it would be a mistake indeed if because the county had no fund drive leader we were to let those projects which have been conducted, go unnoticed.

we certainly...

WOULD LIKE TO offer our thanks to those clubs, those org-

anizations, and even those "hold over" workers who have helped get a fund drive carried on. We cannot soon forget the tremendous help Cochran County has received, in the past, from the National Foundation.

if you are...

ONE OF THOSE who constantly worries about how much more we may have given, as a county, than we have received, let us assure you again, Cochran County is "way ahead" in value and in dollars and cents received from the National Foundation.

though it's...

A SHAME SO MANY people want to use this sort of a criteria as a measuring stick.

furniture dealers...

FROM MORTON and from around the area had the opportunity Tuesday to bid on the furniture and stock at the Tarver Furniture Co. Store, in the northwest corner of the square. The bankrupt sale held Tuesday was a closed proceeding, that is closed to the extent that only furniture dealers were allowed to bid, but "open" in the way of bids.

Political Announcements

The Tribune has been authorized to publish the following announcements for the political office under which the names appear, subject to the Democratic Primary, Saturday, May 7, 1960.

AT WHITEFACE JR. HI. Outstanding Students Named By Faculty

WHITEFACE (spl.) — Whiteface Elementary Principal, R. E. Bradley, this week announced the students selected by the school faculty as the outstanding students of the 5th through 8th grades.

STUDENTS: First row, left to right, Alvin Nock, Handy Bony Brown, Amadé second row, Diane Wright, Haze Lanier, Ida Lynn Carter, Sandra Peden and Judy Ashmore; third row, Pat Lasater, L. Ronnie Caffey, Larry Kern and Luciana Guana.

Shoe Teams Deal Morton A Double Defeat; Indians Ace Abernathy on Local Court Friday Night

Shoeshoe Mules and the double win by Lockney over Olton Tuesday, left Morton the job of defeating Lockney again this season before they can escape the cellar.

Your Opportunity for Paving May Be Greatest Right Now . . .

Mortonites who sincerely want paving on their streets, and whose streets have not been included on the proposed list of paving noted in this issue of the Tribune, can still get in on the up-coming paving project.

Senator Lyndon Baines Johnson

Portrait of Lyndon B. Johnson with biographical text: "ELECTED TO U.S. SENATE IN 1949. TWO YEARS LATER BECAME YOUNGEST SENATE LEADER IN HISTORY. CONSIDERED THE ABLEST SENATE LEADER OF ALL TIME."

conference's strongest team, Abernathy, Friday night while the Mules will be meeting the Sun-down girls team, because Abernathy's girls team will be enrolled in a tournament.

Although this may seem like an impossible task in some instances, the fact remains that arrangements are being made to finance the cost of the paving for each individual landowner. Terms can be worked out.

Then, if successful, or if the persons think it could be successful with a little more persuasion, they should be at the City Hall for the hearing, Feb. 15 at 6 p. m.

With the proper groundwork laid, the paving program could snowball into one of the best things for boosting Morton has seen in many a year.

The time is ripe, and it is altogether likely that citizens won't see such an opportunity for many years to come. According to all bidders and engineers, the price being levied for the present project is extremely reasonable.

Get started immediately and have your plans worked up for the meeting, a week from Monday. After that date, any new request for paving would have to be included in a complete new program.

Look For It — in MORTON

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

Vote through the National Federation of Independent Business, almost 95% of the nation's independent businessmen have expressed themselves in favor of eliminating "good will" in computing estate taxes.

As it stands now, the proprietor of a business dies, and the tax boys, after taking up all the other assets which are tangible, then throw in for good measure a sum based on the "good will" C. W. Harder held by the business.

There is probably nothing more fragile than goodwill. Often the respect that a business enjoys disappears with the death of the founder and owner.

After all, if there is an element of good will attached to a business, it is largely based on the reputation of the owner or management.

Thus, it seems almost impossible to place a tax on a good reputation. But through some hocus pocus computation, the tax boys seem to find out how to tax a reputation.

So, while it might not be possible to take it with you, tax authorities seem to feel it possible to tax the reputation a man takes to his grave.

It would seem perfectly logical on this basis if an owner of a business died who was somewhat of a shady character, then the estate should be able to

More Registrations Needed for PCG Tour Through Cotton Mills

Lubbock — Additional reservations for the Plains Cotton Growers Textile Mill Tour to the Winston Salem, N. C. area March 1-4 have been received. PCG officials said today. Thus far 10 reservations have been made.

Geo. W. Pfeifferberger, executive vice president of the PCG, also announced that arrangements have been made with Braniff International Airways to charter a DC-6 plane that will accommodate 58 persons.

"We now need reservation from enough people to make sure we can fill this plane. Otherwise we will have to charter a smaller plane," Pfeifferberger said. Reservations should be made at the PCG office in Lubbock, 1720 Ave. M, Phone Porter 2-0553.

Total cost of the trip is not expected to exceed \$200 per person. Cost for the airline trip will be approximately \$100 per person and other expenses will probably include a hotel room for three nights and a few meals, however, the majority of meals will be furnished by textile mills in Winston Salem.

The tour is being made through cooperation of the American Cotton Manufacturers Institute.

MR. WINDER —

(Continued from Page One)

young, Mr. Winder had moved his membership to the Morton Church.

In 1927 he made the trip to Waco and personally brought to Morton the charter for the Antelope Lodge, No. 1245, A. F. & M.

In 1928, just a few years after the formation of the County, he followed Judge Caldwell and Judge J. R. Bond as the third Cochran County Judge, a post he held until 1935. He also was one of the first public school trustees, and also held that post for several years. In later years he served as both Justice of the Peace of Precinct One, and as Judge of the Morton Corporation Court.

Very Active in civic affairs and politics, he always took an active interest in elections, up until his death.

Survivors include three sons, C. N., of Wichita Falls; C. F. of Morton, and Gene, of Canyon; two daughters, Mrs. Roy Tarver, Sr., of Morton and Mrs. C. C. Jones, of Lubbock One son, Opal, died in May of 1928.

Other survivors include a sister, Mrs. E. V. Nooner, Nacogdoches; a brother, L. E. Winder, College Station; 15 grandchildren and 24 great-grandchildren.

Pallbearers will be James St. Clair, C. A. Moore, A. H. Daricek, Murray Crone, M. C. Ledbetter and Bob Allen.

Honorary pallbearers are E. G. Gardner, W. W. Williamson, Paul Hardwick, J. R. Ward, W. A. Woods and J. O. Hill.

GIVE TO THE MARCH OF DIMES

Babe Ruth Loop Meeting Set For Saturday

All persons interested in the formation of the Morton Babe Ruth League, or the continuation of Morton teams in the Frontier Babe Ruth League with Whiteface and Sundown teams, are urged to attend a meeting at 1 p. m. in the District Courtroom, County Courthouse, Saturday.

It is imperative that some sort of plans be worked out since one of the local directors and the local executive manager of the league moved from Morton since the season's end last year.

A meeting of officials of the Frontier League is set at Whiteface for Monday, and Morton must be ready by that time to be represented at that meeting and determine whether or not we will organize with teams from those cities.

CITY —

(continued from page 1)

at other blind corners. The one-way street will be the street in front of the Post Office, the 100 block of East Wilson, from Main to Northeast First. Traffic will move east only, being allowed to park on both sides of the street.

A Mr. Holland from Post, Texas appeared asking for permission to open a pool hall in the city and it was determined, after discussion, that the Secretary be instructed to draw up an ordinance regulating the operation of pool halls, similar to one drawn up on domino parlors, but not yet approved, and that he check the moral character of the man who will own and the man who will operate the pool hall. Later, if everything works out alright, the permission will be granted.

Mr. Holland told the group he operates the pool halls in Anton and Dimmitt, as he would in Morton, on a membership basis, with all members bearing a card on which they are cautioned that no drinking, gambling or cursing is permitted, and that the card is revoked on

violation of any of these rules. He also said no youngster under 16 years of age would be permitted, and those from 16 to 18, could play only if they bring a permit signed by their parents or guardians. Judge Thompson also invited the Commission to meet with the Commission Court of Cochran County on the Fire Truck problem, next Monday.

The phone situation was discussed but Secretary Seagler told the group the letter has not yet been written to General Telephone Company ordering them to expedite a contract with Five Area Telephone Cooperative. He was asked by Councilman Strickland to get to it as soon as possible.

Action on an addressograph machine for the City Hall office personnel was held up pending a look for what other types of machines may be available. Present for the meeting were Councilmen Amos Taylor, Dee Merritt, Gentry, Strickland and Richards; Secretary Seagler, Judge Thompson, Mr. Fanning, Mr. Holland and Edie Irwin.

Also discussed was the need for more thorough and more often cleaning of City Streets.

Thank, you . . . for making our "Grand Opening" a tremendous success. We sincerely appreciate the "warm welcome" extended us by you, the people of the Morton area. You have made our entrance into the grocery and market field an enjoyable step . . . we will continue to strive to provide you with the quality food and service you so rightly deserve. Thanks, again . . . Mr. and Mrs. MELVIN RAINES and EMPLOYEES RAINES CASH FOOD North of Smith Furniture and Appliance Morton

Look what we found in the Mail Box . . . handmacher "you can feel the good fit" HANDMACHER - VOGEL, INC. 63 SEVENTH AVENUE, NEW YORK 18, N.Y. The message I have for You, is another First in Your Industry: As a matter of fact, it is a first for us too. It all happened this way. Though we knew about Sanitone's working with retailers, we hadn't thought seriously about it until one day Les Francis, Al Jordan and John Magro dropped into my office in New York. I saw the merits of your Sanitone approach right away but I wanted proof that Sanitone would make a difference. So I said, "If Sanitone will do that kind of a job, I'll go all the way. I'll tag every Weathervane suit with a tag recommending Sanitone Dry Cleaning." We sent a dozen Weathervane suits to Cincinnati. When they came back we were utterly amazed. Now we know more about dry cleaning than you may realize. Most manufacturers of quality clothes do. It's really a part of our difference. You'll hear how we paraded these Sanitoned garments before the buyers from all over the country, comparing them in every instance with a similar suit not yet cleaned. But the success of this joint venture is up to you. It all depends upon how well you exploit it. Start by seeing the merchandising manager of the store that sells Handmacher suits. He'll be expecting you. Sincerely, (Signature) Alvin Handmacher P. O. Your SANITONE Cleaners in MORTON is STRICKLANDS

Three Way Students Included In National 'Project Talent' Program

LUBBOCK (sp.) - High school students from the West Texas area are among teenagers through-out the nation who have been chosen "by machine" to take part in Project Talent, a national survey of the talents of American youth.
Dr. Robert Anderson of Texas Tech's psychology department is directing the survey in this region.
The project, which will survey 25 areas of knowledge and aptitude including English and arithmetic comprehension, mechanical and clerical abilities and creativity, includes public parochial, and other private schools - large and small - urban and rural in each of the 48 states of the continental United States. Three Way High School at Maple, Texas is one of the schools participating.

In addition to Three Way schools participating in Project Talent, Anton High School, Canadian High School, Farwell High School, Fluvanna High School, Ira High School, Littlefield High School, Monterey, Lubbock and Dunbar High Schools in Lubbock, Lydia Patterson Institute in El Paso, McCarney High School, and Stinett High School, are also included.
Approximately one out of every 20 high schools will receive the intensive two-day battery of tests sometime in March. It is one of the largest studies ever made in his field and will be carried out by local teachers and arranged to fit the schedule of the school.
Dr. John C. Flanagan of the University of Pittsburg and administrative head of the program explained the mathematical methods by which more than 800 high schools were nominated.

"In order to sample American high school education as a whole," he said, "no school nor group of schools is chosen as typical of a city or a state."
Program Director of the survey, Dr. John T. Dailey, who planned the statistical design of Project Talent said, "We simply took the names of all schools in the United States," as supplied by the Office of Education and divided them into various categories - by size and by large geographical areas and by the number of students enrolled year after year.
"Then we worked out a mathematical system to be sure that the sample we drew would add up to

a fair cross section of American high school education. Finally, an electronic computer was assigned to the task of picking the specific names of the schools which would provide a fair sample."
Test results of individual students will not be released by Project Talent, nor will comparisons be made among participating schools. The purpose of Project Talent, is to sample American high school education, as a whole, thus results will not permit comparison between one city and another, one school and another or even one student with another.
Results will be released to the schools to help in their planning and to report to the students participating in the study. After graduation the students will receive questionnaires on their occupations. It is hoped that comparisons may then be made between test scores and occupations, and the aptitudes and backgrounds which led up to these occupations.
Aside from taking an inventory of talents in America, information gained in Project Talent is hoped, will give educators an insight into the patterns of aptitude and ability which are predictive of success in various careers. Follow-up to the national examinations will be sent to students in order to find out educational and vocational experiences.

AREA MEN NAMED... STATE'S BOY SCOUTS TO GIVE ANNUAL REPORT TO GOVERNOR

The following young men will represent the South Plains Council, Boy Scouts of America at the annual "Report to the Governor" ceremonies to be held in Austin during Boy Scout Week, February 12, 13, and 14.
Eagle Scout Scott Dunlap, son of Mrs. Lulu Dunlap of Jayton will represent the Comanche Trail District.
Eagle Scout Ted Holder, son of Mr. and Mrs. Louis E. Holder of 2316 28th Street, Lubbock will represent the Arrowhead District.
Eagle Scout Belverd Needler, Jr., son of Mr. and Mrs. Belverd Needles of 1710 20th Street, Lubbock, will represent the Longhorn District.
Eagle Scout Taylor Lee Knight, son of Mr. and Mrs. T. R. Knight of Tahoka, will represent the Quannah Parker District.
Eagle Scout Bill Melton, Jr., son of Mr. and Mrs. W. H. Melton of Levelland will represent the George White District.
Eagle John Farrell, son of Mr. and Mrs. Marshall Farrell, 3302 57th Lubbock, will represent the South Plains Council Explorer's Cabinet.
Governor Daniel will be the principal speaker at the noon luncheon Saturday after the Scout Parade in downtown Austin and the "Report of Scouting."
Every Boy Scout Council in Texas will have an official delegation.
Each state in America will have a "Report to the Governor" ceremony Feb. 13.
At the same time a special "Golden Anniversary" celebration will be held in Washington, D. C. when the "Report to the Nation" will be made to President Eisenhower by representatives from every state in the Nation.
The 1960 Boy Scout week will launch the 50th Anniversary of Scouting in America.

Gun Club Formed By Local Men

A new organization was formed recently by a group of 23 men interested in shooting, when the Pioneer Rifle Club was chartered through the National Rifle Association.
The group have recently elected Ken Coffman as their first president and have plans for the future to meet once monthly. Exact sphere of their activities will be announced later.

Mel Lisman Is Jaycee Speaker

Mel Lisman, former president of the Lubbock Jaycees, and now regional vice president, Region Three, was a visitor at the meeting of the Morton Jaycees Monday.
Lisman spoke to the group concerning the need for the local club to be represented at the upcoming tri-regional convention at Amarillo.
He told the group anyway he or other state officers could be of service to the local club, would be met with a sincere desire and attempt to help.
The only business discussed was the Chamber of Commerce project at which it was reported a Lions Club Committee would be named to work with the Jaycees in the investigation of possibilities of forming a Morton Chamber of Commerce.

MOVE TO ARKANSAS

Mr. and Mrs. Bill Lambert have completed their move from Morton to McRea, Arkansas. They will get their mail at a General Delivery address for the time being.

TRIBUNE SOCIETY . . . NEWS - FOR - AND - ABOUT - WOMEN - AND - CLUBS

'WHICH WAY, YOUNG AFRICA' IS REPORT HEARD BY LOCAL W.S.C.S. MEMBERS

"Which Way, Young Africa?" was the thought presented by Mrs. Willard Henry, Tuesday to the Woman's Society of Christian Service in the final session of the study of Africa. She described the African nations as standing between two civilizations, working for independence that they may govern themselves. Will they choose the democratic or commu-

nic government? The result of Christian mission schools as exemplified by the national pastors and their work was discussed by Mrs. John Crowder, Mrs. E. L. Cox, and Mrs. J. N. Burnett gave current news reports on Africa.

Those attending were Mesdames: Henry, Crowder, Cox, Burnett, J. E. Harrell, Bob Ramp, C. C. Benham, W. C. Benham, Ed Neiman, Bill Glassford, Pegues Houston, L. F. Hargrove and W. G. Briley.

BOY SCOUTS TO BE RECOGNIZED BY METHODIST CHURCH

This is Scout Week and in that connection the Boys will be given special recognition at the morning Service next Sunday. Sunday night the Senior young people will be in charge of the service. This is also "Youth Week" and the Youth Program Sunday evening will be keeping with this thought. The Intermediates will provide two Intermediate boys to act as ushers and receive the evening offering.

VISITED HERE

Mr. and Mrs. Walter Shipman of Post visited Sunday afternoon with Mrs. Eunice Oden.

SON BORN

Mr. and Mrs. Ed Oden of Lubbock announce the birth of a son, named Robert, born Jan. 27. The infant weighed 8 lbs., 4 oz. He is the third child of the family, having a brother, Stevie, 13; and a sister, Jeanne, 17.

Grandparents are Mrs. Eunice Oden of Morton and Mr. and Mrs. Bob Sternitt of Lubbock, formerly of Morton.

ALL DAY MEETING IS HELD BY F.O.R. HD CLUB

The F. O. R. Home Demonstration Club met for an all day meeting on Jan. 27 in the home of Mrs. Ralph Harrison.

Members worked on serving and crafts until noon.

The hostess served lunch. Mrs. A. C. Jones, president, called the meeting to order at 2 p. m.

Mr. Harrison read from Matthew 7:1-5. Roll call was answered with "The program I enjoyed most" The program on Foreign Cookery was favorite with most members.

Better Program Planning was discussed and plans for a shoe covering workshop were discussed.

Following the business meeting Mrs. Stanley Henderson presented a demonstration on "How Safe is Your Home."

After adjourning the hostess served coffee and brownies.

The next meeting will be on February 10 in the home of Mrs. C. D. Arnold.

— * * * —
Mary Beth Lewis

Engagement Is Announced

Mr. and Mrs. Lester Lewis of 9322 Charleston St., El Paso, Texas, wish to announce the engagement and approaching marriage of their daughter, Mary Beth to Truman Dale Harris of Lubbock, Texas.

Truman is the son of Lola Harris and the late J. O. Harris of Morton.

He moved to Lubbock three years ago with his mother. He is a graduate of Morton High School and also a graduate of Lubbock Christian College. Truman is now attending college at Eastern New Mexico University at Portales.

Mary Beth is a student at Lubbock Christian College.

The couple will make their home in Portales.

EARLY CHRISTIAN CHURCH IS STUDY OF YOUNG MATRONS

The Y. M. Jr. Study Club met in the home of Mrs. Lowell Webb on Jan. 28 with thirteen members present. Roll call was answered with "Bible Quotations." Mrs. Bob Mayon was the presiding officer. Mrs. Weldon Hill was appointed to meet with the nurses auxiliary. Mrs. Steve Monroe reported on the plans made for the fund raising Bridge party to be held on February 10. A bake sale will be held in connection with the Bridge Party.

Mrs. Webb had the program which was "The Early Christian Church."

Those present were Mesdames: Mayon, Paul Gunter, Dexter Nebbut, Ray Keith Monaghan, Robbie Key, Eli Douglas, Jerry Winder, Weldon Hill, Kenneth Watts, James Dewbre, Steve Monroe, George Boring and Lowell Webb. The next meeting will be Feb. 11 in the home of Mrs. Eli Douglas.

DAUGHTER BORN

Mr. and Mrs. J. C. Buchanan, Jr., are the parents of a baby girl, named Ginger Diane, born January 29th at Wimsboro, Texas. The infant, weighing 8 lbs., 8 oz., is the granddaughter of Mr. and Mrs. Walter Taylor and Mr. and Mrs. J. C. Buchanan of Morton. The father is manager of the Wimsboro Chamber of Commerce.

MRS. KOONTZ IS H.D. CLUB HOSTESS

Members of the Friendly Circle H. D. Club met in the home of Mrs. C. G. Koontz on Monday, Feb. 1, at 2 p. m. Roll call was answered by five members and H. D. Agent, Miss Leila Petty.

As chairman of the Citizenship Committee, Mrs. Woodrow Self wishes to state that all the mem-

bers paid their poll taxes. Mrs. Jake Reid gave a short talk on Repairing Pottery and Ceramics. A demonstration on "What's New with Zippers" was given by Miss Petty. Both programs were enjoyed by everyone. A 42 Party was planned for

Feb. 12 at 7:30 p. m. in the home of Mrs. C. G. Koontz. All former members and prospective members are invited to attend. Mrs. Jake Reid will be hostess for the next meeting on Feb. 15. The program will be on Nutrition notes and Home Care of the Sick.

FINAL PREPARATIONS BEING MADE FOR LONG HERALDED WHITE HOUSE YOUTH CONFERENCE IN MARCH, APRIL

AUSTIN (sp.) — With the date for the 1960 White House Conference for Children and Youth drawing nearer, the 124 delegates and members of the Governor's Committee are making final preparations to attend the Conference.

The Conference, to be held in Washington March 27 - April 2, will highlight the work and planning of a year, with the climax following, it is anticipated, in many advances for the children and youth in the United States of America.

More than 7,000 people are planning to attend the Conference and 500 international guests and National Committee members have been invited. It is hoped that the impact of this conference will even excel that of the preceding conferences which have been held every 10 years since 1909. Each conference has endeavored to pinpoint the generation's needs for its children and youth and out of each conference has come information which has developed to benefit the youth.

This year's Conference will deal with "opportunities for children and youth to realize their full potential for a creative life in freedom and dignity."

All the states in the nation have formed Governor's Committees, which in turn, have organized sub committees which spent a great deal of time and effort in finding out the advantages and needs of every community in each state. Texas committee members have done outstanding jobs in their research and have gained national wide recognition on their originality in "getting out the problems."

Included in the Texas research projects have been the Belden Scientific Poll and the Public Opinion Poll. The Public Opinion Poll, a Texas idea, is now being used on a nationwide basis.

The 1960 White House Conference in Washington has been preceded by meetings and Governor's Conferences in each state. At these meetings the material obtained on the local community level has been presented for study and compilation. This material will supply the topics of discussion at the Washington Conference.

The entire forum of the Conference, comprising more than 500 persons, will be devoted to problems of "youth in conflict,"

covering all phases of juvenile misbehavior: causes, diagnosis, prevention and rehabilitation. Under headings of "The World Around the Young," and "The Young in the World," eighteen topics will be discussed and throughout the entire conference there will be a central concern for ideas and values which will run parallel to the current national search for redefinition of these same issues.

The following is a complete listing of the 18 forum topics:

THE WORLD AROUND THE YOUNG

I. Environment - Social Conditions and Physical Facilities which Affect the Development of the Young.

II. Mobility - Population shifts and Changes in Health and Living Conditions, Education, Employment, and Social Situations which Affect the Young in the Community.

III. Support - Family Economic conditions which Affect the Development of the Young.

IV. Nature - Family Life: Attitudes and Practices in Child Bearing and Child rearing.

V. Opportunity - Freedom to Participate in Community Life and its Effects on the Young.

VI. Free Time - Constructive and Non - Constructive Uses of Free - Time and their Effects on the Young.

VII. Mass Communication - Trends in Media of Information, Entertainment and Culture which Affect the Development of the Young.

VIII. Human Resources - Ensuring Necessary Services to Children and Youth through Effective Personal.

IX. Beliefs - Religious, Spiritual and Secular Beliefs and Personal Codes of Conduct which Affect the Development of the Young.

X. Moving Toward Maturity: Birth to Puberty - Growth, care and training of Body, Mind and Emotions.

XI. Moving Toward Maturity: Puberty to Young Adulthood - Growth, Care and Training of the Body, Mind and Emotions.

XII. The Young as learners and Thinkers - Educating Each Child to Full Potential.

XIII. The Young as Doers - Involving the Young in Work and Responsibilities.

XIV. The Young as Citizens - Involving the Young in Service to the Community and the Nation.

XV. The Young with Mental Handicaps - Knowing, Understanding and Helping the Mentally Handicapped.

XVI. The Young with Physical Handicaps - Knowing, Understanding and Helping the Physically Handicapped.

XVII. The Young in Conflict - Knowing, Understanding and Helping the Maladjusted.

XVIII. The Young with Social Handicaps - Knowing, Understanding and Helping the Socially Handicapped.
