NEW BRACERO REGULATION WILL DEAL BLOW TO MANY COCHRAN FARMERS

Mrs. Charles Palmer, officer for the Frontier Farm Labor Association and the Cochran County Farm Bureau, revealed this week that the organization had been notified that new rulings to go into effect July 1st will void the approval of all special contracts, and will allow only 10 percent of the quota of braceros to receive extensions on their contracts.

Previously, contracts were for 12 months, and farmers could ask for and receive a six month extension of the contract. Also, farmers could get contracts on "specials," laborers whom they had given special training and of und satisfactory and wanted to re-hire the particular individual.

She said the new policy would work a serious hardship on farmers who had special laborers, and the inability to get extensions for more than 10 percent of the quota, could work a serious harvesting hardship on all farmers using Bracero labor.

Farmers who wish to write the letter, but want help in the drafting of the message, are asked to come by the office.

Teachers Re-hired for Next Term; School's Tax Program Considered

The teachers in the Morton school were re-hired for another year, subject to consultations with the Superintendent and principals, in action taken by the Board of Trustees of the Morton Independent School District at a regular meeting Tuesday.

The motion to re-hire the teachers was made by Buck Huckabee and seconded by Jim Clappitt, after Supt. John Barnes notified the Board that his principals recommending re-hiring faculty personnel subject to the consultations. The vote was unanimous.

The consultation factor concerned only a few teachers who were to be talked with concerning their teaching certificates, and health factors.

The Board, in another motion, accepted the resignation, at the end of the present school year, of Mrs. J. A. Gowdy, who submitted a written resignation.

As the meeting opened, with all Board members present except Hadley Kern, minutes of previous meetings were read by Dub Hodge, Secretary to the Board, and approved.

Bills for the month of February totaling \$4,880.50 were approved unanimously on the motion of Clappitt, seconded by Huckabee.

The Board discussed formulation of a compulsory retirement program, a plan that some schools are now using, but decided against it at this time, feeling that they would rather consider

Commercial Trucking Was 'Boogerman' Jackpot Boosted to \$122; Extra Clues Whittle Mrs. Hudson's Prize to \$10

For the first time since the week's Who awarding began four weeks ago, the first entry drawn from the Who's Who boxes failed to receive the \$66 Tuesday afternoon prize.

Instead, Mrs. Russell Hudson, incidentally was the first Morton resident to have an entry drawn from the box, received \$10.

Her entry listed 26 clues. At the time later in this contest there were only 24 clues.

Mrs. Hudson correctly listed Mrs. Lonora Jackson as the Who's Who mystery person.

But since her entry failed to list the clues, the balance, \$66, was added to this week's award, making a grand total of \$122 available for the winner of the week's Who's Who complete this publication of the Morton Tribune.

The entry was drawn by little De Ann Ramsey, daughter of Mr. and Mrs. D. A. Ramsey, 2 Morton.

The drawing was conducted at Wiggly. Entries were gathered from First State Bank, S. F. Department Store, Meeker Tractor Company, and Wiggly.

Mrs. Hudson's entry was one of 75 entered in the Who's Who mystery person contest.

Next week the entry most distant from Morton was signed by a person; this week's name of a Levelland resident.

FIRST STATE BANK PROMOTIONS REVEALED... T. K. WILLIAMSON BECOMES PRESIDENT; FATHER IS CHAIRMAN OF THE BOARD; JAMES ST. CLAIR IS NAMED A VICE-PRESIDENT

T. K. Williamson has been named president of the First State Bank, Morton, Texas, it was announced this week following a meeting of the Board of Directors, Tuesday.

The announcement came as one of several promotions revealed for major offices of the bank.

T. K. who succeeds his father as president, becomes, at the age of 37, one of the youngest presidents of banks in Texas, a considerable block of stock having been purchased by T. K.

W. W. Williamson, who organized the bank in 1941, and has seen it grow from its first call statement in September of that year, of \$73,000 on deposit, to deposits of over \$6,000,000 the first of this

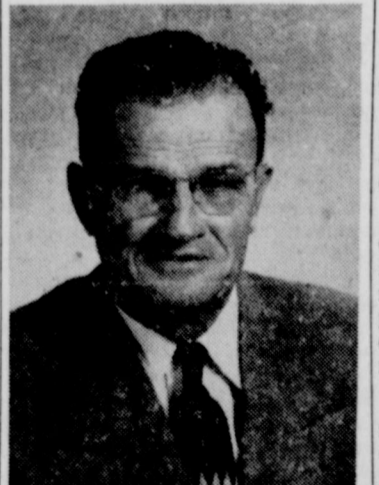

year, will continue as chairman of the Board of Directors and as executive advisor.

James St. Clair, long time Morton Merchant who has been a director in the bank since its formation, has been elected to the position of vice president.

The new president, following the director's meeting, announced that B. H. Tucker, well known Cochran County farmer and S. M. Monroe, vice president and cashier, have been named to the Board of Directors of the bank.

T. K. hastened to explain that his father was not in any sense retiring from the banking business. "His 42 years of banking experience will be put to the fullest use as executive advisor," the young president said. "If anything, both he and W. W. Williamson feel that the new position will be a more demanding job, but one where much of the burden of detail work will be taken over by the other officers of the bank.

W. W., who started in the banking business at the First State Bank at Kirkland, in 1917, came to Morton from the First State Bank in Childress, in 1941. He had spent 15 years at that bank and was a cashier when he came to Morton to form this bank.

HOW MUCH DOES CREDIT COST

Buy now — pay later. It all sounds so easy. As a matter of fact, buying "on time" is said to be a favorite American pastime.

If you are one of the millions of Americans who use credit, it will pay you to consider the different types available, and the usual costs of each.

Extension home management specialists of Texas A & M give some descriptions of the various kinds you have to choose from in a special bulletin entitled, "Using Consumer Credit."

The bulletin explains the difference between charge, budget, revolving and installment accounts, as well as bank credit.

It will pay you to shop for credit, just as you would for merchandise. Ask at this office for a copy of MP-343- "Using Consumer Credit."

BRIEFS FOR FOOD SHOPPERS

Carrots rate the spotlight at most vegetable counters now. Co-

lorful, crunchy and filled with Vitamin A — they deserve a place on your menu, at meal or snack time. Cabbage, onions, rutabagas, lettuce and celery are available too — in good quality at attractive prices.

Fresh oranges and orange products such as frozen concentrated juice and canned juice are winter health values. Grapefruit is of good quality and plentiful in most markets. Canned peaches and cranberry sauces are wearing attractive price tags and bananas are good quality at low to normal prices. Keep the fruit bowl filled for between-meal snacks or for easy, nutritious mealtime desserts.

PLANTING VEGETABLES

One of the most important factors in growing vegetables successfully is timing the planting and transplanting of each vegetable so that it has all the advantages of local conditions.

Many home gardens in Cochran County have excellent gardens when planted early, others prefer later plantings and still have fine results. Some plants do better in cool weather; the heat is just an invitation for certain insects to have a feast. Many vegetables may be planted from spring to fall, thus insuring fresh products for all the summer months.

Vegetables that may be planted 4 to 6 weeks before frost-free dates are asparagus, broccoli, cabbage plants, English peas, lettuce, onions, potatoes and turnips. Two to six weeks before frost-free dates beets, carrots, chard, mustard, radishes, parsley, English peas, lettuce and mustard may be planted.

Read the rules carefully, the publishers are making the contest a little more difficult each time.

Any piece of paper will do for your entry: write down the correct name of Who's Who, list the clues, copied correctly from the Tribune, sign your name, address and phone number if you have one.

(A marked copy of last week's Tribune, with the clues circled in red, will be found in each of the four firms with boxes last week.)

After completing your entry, or entries, deposit it or them in the Who's Who boxes at firms whose ads appear inside the heavy black border.

Here are the clues to Miss Jackson's identity: Attended first school organized in Morton, (1923 and 24); served as election official, (here in Morton); drives a four letter auto, (1957 Ford); plays 42; basketball fan.

Attended Bull Camp School, (fall of 1924 northwest of Morton); on basketball team that went to district, (this clue should have read "with basketball team that went to district, - this was an error and the judges were prepared to go along with however the entry considered the clue - that is: listed as a clue "on basketball team that went to district", or if considered a false clue and left out.);

Lived in a tent and rode to school, (family moved here in December, 1923, and lived in tent while building home - some folks even recalled the tent burning); watched antelope play near school, (those were the days for hunters); Shipman Ranch, (attended school there right here in Cochran County); conservative in taste;

Eleven in family, (original family consisted of five girls, four boys, and the parents); pulled bolls; milked cows; pulled broom corn, (in Cochran County); flower enthusiast; that "commercial trucking" was false clue; friendly, thoughtful, courteous, (to everyone who knows her); moved west to McCulloch, (from San Saba County with family, prior to moving on to Cochran County); born on the northern edge of Edwards Plateau, (San Saba County);

And, of course, as you note, there were 23 or 24 clues to the correct identity of Miss Jackson. That's it . . . this is a new week . . . play Who's Who, have fun, and - you might just be lucky enough to gain some extra cash . . . nice stuff these days, what with taxes and every-

VEHICLE INSPECTION DEADLINE FAST APPROACHING CAR OWNERS

By Eddie Irwin

Ever since the State of Texas came up with its motor vehicle law, there have been a great many citizens who, disgruntled with the effort it takes to have the car inspected, have assailed the law.

Some contend it's a law passed solely for the purpose of making the inspection station owners wealthy, by the method of refusing to "pass" cars unless major repair work is done.

Others contend it is simply a big waste of time. But, regardless of the complaints, few of which probably have any grounds at all, the fact remains that the law was passed and is enforced.

No one can deny that some good does come of such a law. Folks who are too busy with other problems of just getting along in this world today, wouldn't be taking their autos in for annual checks, if there were no law forcing it. The inspection station that is doing a good job, and we're sure most of them are, is working on the saving of human lives and material destruction, every time a car is inspected.

We, as auto owners, should be thinking about the inspection, long before April 15 deadline. In nearly every case, the auto owner will be making a trip of extended length, from 150 to 1,000 miles, sometimes within a four month period before the deadline. He should make it a point to get that car inspected "before" making the trip in question.

Col Homer Garrison, Jr., director of the Texas Department of Public Safety, said in the past week, that more than two million motor vehicles remain to be inspected before the April 15 deadline. That figure represents nearly half of the motor vehicles in the state.

Inspection stations cannot do their job during wet, rainy, weather and the late winter and early spring can bring a lot of that to this country.

Motorists should keep a watch

out for the weather, and the first day possible, take their car to the station and get that inspection taken care of, before the last minute rush.

Dr. Tom Spencer Is Speaker to Local Jaycees

Dr. Thomas Spencer, president of South Plains College, spoke to the Morton Jaycees on junior colleges and the petitions being circulated to call an election for the purpose of voting the Morton School District into the College District, at the Jaycees luncheon, Monday.

Dr. Spencer, and Robert S. Burks, dean of the College night school, were guests of Bill Glassford and Supt. John Barnes.

Dr. Spencer reiterated the statements he made last week in explaining why Cochran County was not included in the formation of the original college district. He also repeated the financial figures concerning the present school district tax levy, and said at the last figures they had, prepared more than a year ago, at their present tax rate and valuation scale, the Morton district residents would pay around \$13,000 in taxes to the college district.

Figuring the savings to full time students at \$20 per semester tuition and \$24 per semester bus fare, by being in the district, each student from the Morton District would save \$88 per year and 148 students would pay for the tax money. At the present time 55 persons from Cochran County are enrolled in the day and night programs at South Plains College.

Dr. Spencer also reaffirmed that buses would be run to carry in the district students, but out of district, buses would run only as long as there were enough students on a route to support the bus. He said there were no plans to discontinue the bus service to Morton.

He answered questions from the floor and explained that the present cost for a full time day student in the district is \$100 tuition, \$15 laboratory fees and about \$40 for text books per year.

He said one petition in Morton had 39 names on it at the time he spoke to the Jaycees. The petitions must have the names of 5 percent of the legal voters in the school district.

The Jaycees meeting was under the direction of President John Barnes.

Adds Color to Presidential Race...

Lyndon Johnson Pictured as Man Marching Toward "Date With Destiny"

(Editor's note: The following, from the Christian Science Monitor, an international daily newspaper published in Boston, gives some light as to what may be in store for Democrats this year.)

The man with LBJ on his cuff links, the tall Texan with the tremendous inner drive, is marching determinedly toward his rendezvous with history.

Two years ago Senator Lyndon Baines Johnson was insisting that he had no presidential ambitions, that it would take a powerful draft to push him toward the White House. But as nearly everyone forecast, he does have a hankering for the presidency after all, as would anyone with his brisk record as a powerful Senate Majority leader, his deep devotion to the nation's best interests — and his suspicion that probably he, Lyndon Johnson, could do a better job in the White House than almost anybody else.

Now he is challenging, with all the shrewdness he can command, which has thwarted the hope of many southerners: the argument that the big-city bosses of the north wash their hands of southern presidential candidates, and that this aloofness is fatal.

To challenge this impediment, Senator Johnson is virtually guaranteeing the passage of a civil rights measure through Congress this session, a measure which — through registrars or referees, it matters not which — will move significantly toward giving qualified Negroes voting rights in the South. He has got his measure on the rails in the Senate. Now if the House will cooperate — and both parties are vying for the honor — the legislation will be enacted.

There will really be enough credit on all sides, no matter who claims what, and the public will realize that it took both the Democrats, led by Senator Johnson, and the Republicans, abandoning their usual collaboration of convenience with southern Democratic conservatives, to put the measure across against die-hard Dixie opposition.

In other legislation as well this term, Senator Johnson will be seeking to write a record. There may be presidential vetoes. That will be all right with the Texas senator; 'twill make the record more impressive.

Some party professionals say his bid will fail; the attacks of extreme liberals, in and out of the Senate, will wreck his own "liberal" pose. But the senator believes he can talk man to man, persuasively, to the big city Democratic figures — in New York, Pennsylvania, and elsewhere. The

nation, he would argue, does not want flamboyant liberalism. Public opinion is in midroad in sentiment, wants mild progressivism, responsibility.

Senator Johnson maintains that "responsibility" is what he has given the country as majority leader. Certainly his willingness to support an Eisenhower program — slightly warmed over to give it a Democratic flavor — has been a major factor in President Eisenhower's ability to preside almost non-partisanly at the White House, with a minimum of party strife.

The senator could well quote what Jack Bell, veteran Associated Press political writer, says of him in his new book about the presidency, "The Splendid Misery", that he "accomplished the amazing feat of rescuing many of Eisenhower's foreign-policy proposals from the abyss of defeat by the Republican - Democratic coalition . . ."

Of course, the big city Democratic bosses must, in turn, ponder just what a Johnson Ticket would do for them — or to them. Could they present him to their minority groups, who might provide the margin of victory or defeat, as a genuine liberal? Could they maintain their grip this year, and next year, with a Johnson program in the White House?

The Johnson supporters think their man can carry the south, the Southwest and border states, some of the midwest and a few industrial states such as Pennsylvania and Ohio. They argue that such a compilation would win at the convention.

We shall see. The senator must preside over the civil-rights strategy without alienating too much of the South. His other liberal-legislation efforts must look good — and not contrived. The hope of the Johnson forces to persuade Senator John F. Kennedy to be his running mate will surprise some, and seem hopeless to others.

Lyndon B. Johnson is a man

of determination and ability. Though he hasn't roamed the world as Vice-President Richard M. Nixon and Adlai E. Stevenson, his outlook has never been provincial. One can imagine his emerging from a debate with Nikita S. Krushchev with the grudging respect of the Soviet Premier, and not total victory in the argument. Just the fact that Lyndon B. Johnson is in it makes the presidential race a lot more interesting this year.

RELATIONSHIP BETWEEN WHEAT AND BREAD PRICES

In January 1948, farmers were getting \$2.81 per bushel for wheat and consumers were paying 13.8 cents for a one pound loaf of bread.

By January 1955, the farmer's price had dropped to \$2.14 per bushel and the consumer's cost had climbed to 17.6 cents per loaf.

But, by January 1959, the farmer was getting only \$1.71 per bushel for wheat, and the consumer was paying 19.6 cents per loaf of bread.

Thus, between 1948 and 1959 - wheat prices dropped 39 percent and bread prices increased 42 percent.

INDIVIDUAL MEETINGS HELD ...

FHA Farm Families Planning For Better Farming Methods

FHA FAMILIES PLAN FOR BETTER FARMING

Approximately 50 farm families, representing a good proportion of those using Farmers Home Administration credit in Cochran County have completed a series of individual meetings with Marvin E. Elliott, the agency's county supervisor, to take a careful look at their 1959 operations and to make 1960 plans.

Mr. Elliott said this year-end analysis is a service given by the agency which makes loans to el-

igible farmers to operate, improve, or enlarge family - type farms.

As a result of this study of their farm operations, Mr. Elliott said some of the better practices that farmers here are working into their 1960 plans include (1) testing soil, (2) fertilization according to soil needs, (3) use of hybrid grain seed, (4) selecting disease resistant varieties of planting seed, (5) selection of cotton seed suited for mechanical harvest.

Farm families in Cochran county now are using FHA credit include 42 with emergency loans, 38 with operating loans, 11 with farm ownership loans, 7 with loans to build or repair houses or other farm buildings, and 53 who have soil and water conservation loans.

Loans totaling \$360,900 have been made to farmers in this area, in an eight-month period since June 30, 1959. This entire amount has been for acquiring equipment livestock, seed, feed, fertilizer and paying other operating costs, and paying for labor and materials in connection with housing and other improvements. This money, and the extra money from increased incomes, circulate through local trade channels.

Good farm planning and record keeping are carried on throughout the year and play an important part in operations financed with FHA credit. As proof that good practices pay off, Mr. Elliott pointed out that since January 1, 1959 approximately 80 borrowers repaid their loans in full and are now obtaining their necessary credit from local banks or other lenders.

Bud Nairn, president of the Athletic Boosters, said that 350 tickets had been printed and were being sold throughout Morton by Boosters this week.

He urged all who plan to attend to purchase their tickets by Friday noon, so that suitable arrangements can be made for preparing the meal with a knowledge of how many persons to expect.

The tickets are on sale at \$1.50 per plate and anyone is invited and eligible to attend.

The banquet honors both football and basketball players as well as boys who are competing in track and other school sports, and also honors the girl athletes of the school.

An investment of only \$5.60 in Phillips 66 Ammonia returned \$54.32 extra cotton profit per acre, after deducting the cost of ammonia, for one prominent Texas farmer. Where to LOOK for CLUES... RULES

Clues may be hidden in ANY ad in this group ad. When a "Star" appears in any of these ads, it means that additional advertising for that merchant appears elsewhere in this issue of the Morton Tribune, and additional clues may be hidden in any of those ads, also!

Grid of advertisements for various businesses in Morton, Texas, including Bedwell Implement Co., St. Clair's Variety, Flash-O-Gas, Ideal Gift Shop, Derwood Texaco Service Station, Morton Malt Shop, Cobb's, Chevrolet Allsup Chevrolet Co., Willingham Farm and Ranch Store, Nu-Way Cleaners, Luper Tire Service, Raines Cash Food, Merritt L. - 1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week... but only one entry per person at any one store (more than one will disqualify all entries of that person for that week!).
- 2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.
- 3. WHO'S WHO may be anywhere in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star(s) appear in any ad in this section, it is your warning that other ad(s) of the same merchant (in which there may be clues) appear elsewhere in the paper.
- 4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.
- 5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted... and MAIL ENTRIES WILL NOT BE ACCEPTED.
- 6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$56.00 will be given. Whenever this bonus is not won it will be added to next week's BONUS... which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues... the exact number and all copied correctly. Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss! Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter... Fix up your entry NOW!
