Entries are to be taken to Williamson Farm and Ranch, 200 N. Highway 101, Morton, Texas, until 5 p. m. on Friday, March 25. The Morton Lions Club brings Zolo the Magician to town.

## Law Partnership Formed Here

The announcement was made last week of the association of George B. Dornier, local attorney and W. L. Hamilton into a partnership for the practicing of law.

George B. Dornier, who is a candidate for position of County Attorney in the May primary election, said the association would be effective immediately. Hamilton and family moved to Morton this week, and he moved into a house here, and the first of April.

W. L. Hamilton, graduate of the University of Texas law school, in the spring of 1958 has been in law practice at Morton, Texas.

Hamilton has spent most of his life in North Texas and married a Florida girl. They have a daughter, Laurie, born January 28th this year.

Hamilton was born at Lubbock, Texas, and moved to Morton, Texas, where he attended the first few grades of school there, while his father was a geologist at Morton. He feels this is his home.

After an afterthought, this week, Hamilton mentioned that in addition to being anxious to meet as many residents as possible, he is especially anxious to meet fellow residents of Texas students.

The law firm will continue to maintain its offices in the Western street building on the Eastside of the square in Morton.

## Judge M. C. Ledbetter Will Seek First Elective Term as District Judge

Judge M. C. Ledbetter of Morton this week authorized the Morton Tribune to announce his candidacy for district judge of the 121st Judicial District which includes Cochran County.

Judge Ledbetter, who is seeking his first elective term as judge of the 121st Judicial District, was appointed to that office last year by Governor Price Daniel following the election of the district by the Legislature.

The district includes Yoakum, Rockwall, and Cochran Counties.

Before coming to Morton, Judge Ledbetter has practiced law in Yoakum County for the past two years.

Judge and Mrs. Ledbetter have two daughters and one son, all living in the Morton schools.

Judge Ledbetter is the former county attorney of Yoakum County, Texas, and was graduated from the University of Texas at Austin in 1933. He received his law degree from Baylor University.

Judge Ledbetters were wed in the Morton schools. Judge Ledbetter was serving in his seventh year as county attorney of Cochran County.

## ZOLO MAGIC SHOW IS COMING FRIDAY

A two hour show featuring "mirth and mystery" is the billing on tap tomorrow night (Friday) March 25th, when the Morton Lions Club brings Zolo the Magician to town.

The show, entitled Zolo and his 20th Century Phantasies, will get underway at 8 p. m. in the Cochran County auditorium.

All members of the Lions Club have tickets to the show, on sale for \$1.00 for adults and 50 cents for children.

A well known magician and mystery, Zolo has been seen in this area previously and his show promises a lot of entertainment as well as baffling mystery and just plain fun.

Whiteface Girl, Diane Fields, is Spelling Champ

Diane Fields, 8th grader, from Whiteface, was crowned Cochran County Spelling Champion last Thursday just a little more than an hour after nine students from three schools had begun their spelling-off.

Miss Fields, daughter of Mr. and Mrs. C. W. Fields, in her second year of spelling competition, won the event when Lynda Lynch of Morton failed to spell the word "peaceable". Miss Fields spelled it correctly and then correctly spelled "peculiar" to claim the title.

She will represent the County in the district contest at O. L. Slaton Junior High in Lubbock. Miss Lynch is the alternate. Lovelle Millsap of Bledsoe went down on the word "candidate." Linda Jennings of Whiteface missed the word "manufacture". Bledsoe's Marilyn Brown went down on development. The word "entitle" took out Carol Ann Williams of Morton. Judge Ashworth of Whiteface missed "license". "Boquet" tripped up Mike O'Brien of Morton. Meredith Evans of Bledsoe dropped out after missing the word "expire."

Shows Received After Midnight

Prospects for another good crop season received a boost after midnight, Wednesday, just before the Tribune went to press, when a shower began to fall and promised the first appreciable rain since the first day of March. No measure was available at 3 a. m.

Revival Series To End Saturday At First Baptist

Services continue this week, twice daily, through Saturday, in the spring revival series being conducted at the First Baptist Church in Morton by the pastor, Rev. Fred Thomas.

Attendance has been good at the 7:00 a. m. and 7:45 p. m. meetings but the pastor issues an invitation to all those who have not yet attended to do so.

Harold Drennan, music director for the church is in charge of the music program during the revival series.

Area Scout Leader Is Transferred

Phil Pegues, Field Director for the South Plains Council, Boy Scouts of America has accepted a position as District Scout Executive of the European Trans-Atlantic Council of the Boy Scouts of America in Germany.

He is scheduled to leave Lubbock April 8 and will depart the United States May 8th for the new assignment.

## Services Held For Father of Area Minister

Funeral services were held March 12 in East Texas for Rev. L. K. Hatcher, 53, father of Rev. Thomas Hatcher, pastor of the Enochs and Bledsoe Methodist Churches.

Rev. L. K. Hatcher, who held a meeting at Enochs last summer, died suddenly of a heart attack while watching TV in his home at Cass the evening of March 10.

Rev. Hatcher, who was also superintendent of the Cass Springs schools, had been teaching for the past 17 years. He had been in the ministry for some 25 years. He was serving as pastor of the First Methodist Church in Bloomburg.

Funeral services were held from the Bloomburg Methodist Church and the Shiloh Methodist Church. Burial was in the Shiloh cemetery.

Survivors include the wife; two daughters, Miss Dorothy Hatcher of the home, and Mrs. Joyce Williams of Cass; one son, Rev. Thomas Hatcher of here.

Rev. Thomas Hatcher returned this week from East Texas where he had been since the notification of his father's death.

## NEW CENSUS CREW LEADER NAMED . . . Tests To Be Given in Morton Today To Fill County Census Position

A new two-county crew chief in the 1960 Federal census was named this week for Bailey and Cochran Counties, after Carl Case who had been appointed crew leader was unable to continue the work.

Ellen Gupton of Mulshoe has been named crew leader and in one of her first official duties she announced that one more enumerator is needed for Cochran County and tests will be given this afternoon (Thursday) at 1:30 p. m., in the District Court Room, Cochran County Courthouse.

Anyone interested in taking the written test should be at the Courthouse at 1:30 today. Although only one post remains to be filled, there is the possibility that one or more of the six enumerators for this county might not be able to complete their duties and for that reason it is hoped that more than one will take the exam.

A field representative of the district office will accompany Mrs. Gupton to Morton and some of the preliminary mapping of the county will have to be re-done.

## Chamber Study Continues Here

Morton's Chamber of Commerce study committee will hold another meeting next Wednesday afternoon, beginning at 1 p. m. at the County Activities Building, a meeting in which they will have a large gathering of persons interested in seeing the Chamber formed.

The action came out of the fourth committee meeting, a breakfast meeting held Wednesday, at 7:00 a. m.

## Dad - Daughter Banquet Tuesday

The annual Bluebird, Campfire, and Horizon Club Girls Dad-Daughter banquet will be held Tuesday night, March 29th at the school Cafeteria.

The dinner is scheduled to get underway at 7:30 p. m.

Revival Series To End Saturday At First Baptist

Services continue this week, twice daily, through Saturday, in the spring revival series being conducted at the First Baptist Church in Morton by the pastor, Rev. Fred Thomas.

## Paving Program Getting Underway

### Motorists Warned 1960 License Plate Deadline Is Near

"Avoid the last minute rush! Get your 1960 license plates now!" is the warning coming this week from Mrs. Otha Denny, Cochran County Tax Assessor-Collector.

Auto registration deadline is April 1, and that's next week. In other words, this is the last call.

Mrs. Denny pointed out car tags may be secured at Vern Beebe's Insurance Agency office at Whiteface, and at the First State Bank, Morton, March 28 through April 1.

She also said the assessor-collector office at the courthouse would remain open Saturday, March 26, until 5 p. m.

On Thursday, March 31, Mrs. Denny plans to keep the office open as long as folks are getting tags.

## Book Review Set for Monday, Public Invited

The review of a book entitled "Dear and Glorious Physician" will be held by Mrs. M. C. Ledbetter, Monday night, March 28th in a program set for Fellowship Hall of the First Methodist Church of Morton.

Sponsored by the Wesleyan Service Guild, the book review will be held at 8 p. m. The public is cordially invited to attend.

## Lions To Elect Club Officers

The Morton Lions Club will hold its annual election of officers at its meeting next Wednesday noon.

Dr. Howard H. Hollowell

## Revival Scheduled At First Methodist For Sunday, Apr. 3

A series of Evangelistic Services are to begin Sunday morning, April 3, at the First Methodist Church and continue through April 8. Dr. Howard H. Hollowell, pastor of Laurel Heights Methodist Church, San Antonio, Texas, is to do the preaching, and Mr. Zed Robinson of Enochs will lead the singing.

Dr. Hollowell is a native of Nolan County and an honor graduate of McMurry College, Abilene. He was awarded the honorary Doctor of Divinity Degree of McMurry College in 1958.

He held a number of pastorates in West Texas, among them are O'Donnell, Spur and Midland First Methodist Church. He was then pastor of Oak Cliff Methodist Church in Dallas before going to Laurel Heights Methodist Church in San Antonio some six years ago.

He is no stranger to many people in this part of Texas having conducted a series of evangelistic services here several years ago besides preaching and conducting services in many parts of this section. He is one of the leading preachers of Texas Methodism, Bro. James E. Harrell, pastor of the local church said, "we are indeed fortunate to secure his services for this revival."

The public is most cordially invited to the services each morning and evening at an hour announced.

## Rifle Matches Planned Sunday

The second week of sharpshooting will be held Sunday at 1:30 p. m., at the caliche pit, northwest of Morton.

Shooters must bring their own rifles and ammunition for the contests of high powered rifles and 22 rifles. Entry fee is \$2.00 per event. Prizes will be awarded the winners.

## Ballot Positions Are Determined

Cochran County's Democratic Committee held its official drawing for places on the Primary ballot, in a meeting Tuesday night, according to Carl Ray, county chairman.

The official ballot was drawn up and the ballots were ordered printed Wednesday morning.

Orders for ballots in the County and independent district school elections, in the City of Whiteface and City of Morton elections were also turned in this week, and absentee voting will get underway in these elections as soon as the ballots are delivered.

## Hotel to Serve Family Style Food

"Family style meals" will be offered at the Morton Hotel Dining room beginning Friday, April 1, it was announced this week by Miss Elza Ramsey of the hotel.

Also, on April 1, the hotel will observe an open house and persons dropping by may register for two free meals to be given away.

The hotel is located in the second block east of the signal light.

## Chamber Study Continues Here

Morton's Chamber of Commerce study committee will hold another meeting next Wednesday afternoon, beginning at 1 p. m. at the County Activities Building, a meeting in which they will have a large gathering of persons interested in seeing the Chamber formed.

The action came out of the fourth committee meeting, a breakfast meeting held Wednesday, at 7:00 a. m.

## Dad - Daughter Banquet Tuesday

The dinner is scheduled to get underway at 7:30 p. m.

## ENTRY LIST TOPS 1,100 - Charlotte Doyle Is \$178 Who's Who Contest Winner

"It's wonderful, wonderful, wonderful," is all Mrs. Charlotte Doyle could say when informed Tuesday afternoon that her Who's Who entry had gained her \$178.

(She added, "I had heard I'd won, but I just couldn't believe it.")

Mrs. Doyle's entry was one of 1,103 entered in the Morton Tribune Who's Who mystery person contest this week, sponsored by 44 Morton merchants.

Her entry correctly named James Robert Jamison as the mystery Who's Who and listed 23 clues. (22 or 21 clues would also have been correct - note details later in story.)

Mrs. Doyle, a former Morton resident, recently returned to Morton from Plains.

The Who's Who award had risen from \$66 to \$178 over the past two weeks when winners failed to list all clues correctly.

The lucky entry was drawn by Lesley Carter, 5-year old son of Mr. and Mrs. J. B. Carter of Morton.

The Who's Who awarding was conducted at Cobb's Department Store. Entries were gathered from Derwood's Texaco Service

Visitors to the Texas Law Enforcement Foundation Crimemobile view such exhibits as the lie-detector, a police gun display, a drunkometer, ballistic microscopes, and the X-ray machine. Wall pictures show Texas crime fighters in action protecting citizens of the state.

W. W. "Bill" Williamson, founder and president of the First State Bank of Morton, for 19 years, predicts a rosy future for the bank and the economy of the Texas Last Frontier area.

That optimism, coming at a time when pessimistic attitudes seem to prevail concerning the agricultural picture and the economy of agricultural communities, is refreshing to hear.

Williamson, who remains as Chairman of the Board of Directors and Executive Advisor to his son T. K., who is now president of the bank, feels that the bank is in a position to improve its financial standings as much during the next 10 to 15 years as it has the past equal period of time ... not percentage-wise, but in actual dollars and cents.

He feels, and he should be in about as good a position to know as anyone, that farming becomes a more and more exacting business each crop year, but the boys who are in the farming business, are also increasing their carefulness, their know-how and their business sense, in equal proportions.

The former bank president has spent the past week or so "checking" up on farming interests in the county jointly owned by he and his son. He shyed away from the thought that he was "taking over" the farming chore, pointing out that a person who feels they can just jump into the farming business and make a fortune, is

not acquainted with the tremendous changes that have been wrought in the science of agriculture.

"I'll be taking plenty of time to get my bearings in this farming business," he said. He said he'd already seen some of the mistakes son T. K. had made and felt they would make some more but the glint of his eye indicated he was rather enjoying the prospect of looking into this business of farming.

It was around 1905 when the Williamson family moved to Childress County, Bill having been born at Yell County, Arkansas. His father farmed, operated a grocery store for a time, and was in the picture show business later on.

In 1917, at Kirkland, Bill first got into the banking business as a combination janitor and cashier. By the time he was 21 years old he was in charge of making loans for the bank, had a hand in the automobile business in Oklahoma and kept stud horses and jacks and pioneered in the art of artificial insemination breeding. Later he once lectured before a class at Texas A & M concerning this particular art.

Young Bill quit the banking business for a short time and was engaged in operating a small string of moving picture theatres, then a pioneer industry, with his father.

Sometime around this period in his life, young Bill got his call from the service, disposed of most of his holdings and got ready to go. But, stomach ulcers played a two-fold part in his life. They caused him to be rejected for service and he made a trip to Mayo Brothers clinic to get the ulcers corrected.

Bill also joined the Masonic Lodge at Kirkland at the age of 21 and held several offices in the lodge before coming to Morton.

After his venture in the theatre business, Bill returned to Kirkland and banking, and then came the event that was to shape the course of his life. Martin Crews, cattleman, long time friend, and now chairman of the Board of a bank in Childress, called Bill early one morning and asked him if he were coming to Childress that day. Replying that he was Bill heard Crews say to try to make it as early in the morning as possible.

In Childress, Crews asked Williamson to make a trip to Lakeview and look the bank over and check their records as he was thinking about investing in the bank. This Bill did, and upon his report that the bank was solid, Crews advised him to get packed and prepare to go to Lakeview to take over the bank. Explaining that he bought stock in the bank on the say so of Bill, Crews convinced young Williamson he should go to Lakeview. Actually Crews did not buy the bank, only an interest in it, and Williamson did not become president, only cashier.

Soon Bill was running the bank and he had an interest in a Ford Agency at Wynoka, Okla., plus the stud horse and jack business. From 1925 until 1941 he remained with the bank in Lakeview, Hall County, heading the banking operation most of that period. When the depression hit, Bill lost a considerable sum of money in his auto business venture, but one of the proud memories of his life is that his bank at Lakeview was one of two, of seven in the area, that did not go under. Deposits got as low as \$75,000, he said, "but we stayed and made it through."

Bill's excursion to Morton was certainly no bed of roses to look at. He came to Cochran County against the advice of lots of banking friends who said a bank simply could not make it in Morton. When he arrived, in 1941, he had a little cash and a new auto. As the bank was founded, W. M. Ashworth was president and Bill was cashier. Mrs. Myrtle Ray also came to Morton at the same time she having served as cashier for Bill in the business at Lakeview.

Under Bill's leadership the bank has shown steady and even spectacular growth. At the end of the first day of business they had on deposit around \$73,000 and by the first call statement it had increased to over \$96,000. The capital structure at that time was around \$37,500, with actual capital listed on the first call statement, \$25,000.

As Morton and the bank grew Williamson, who is a member of the First Baptist Church of Morton, served several times as president of the Chamber of Commerce, was for a time a director in the West Texas Chamber of Commerce, and headed up many a committee which was formed to help the town grow in one way or another.

Two years ago he saw the bank move from its initial location, the building which is now occupied by Cochran Fower and Light, on the southwest corner of the square into the beautiful new headquarters, a block south, diagonally across the street from the County

### Activities Building.

The bank's rise, in comparison with other banks across the nation, of which there are 4,800 — has been more than 841 places, or just over 20 percent, in the past three year period. Deposits are now around \$6,000,000 and Bill believes, when the March ending

call is issued, the statement will reflect close to a half a million dollars in capital structure.

They probably won't climb as many positions, but in actual money, Bill feels the bank will continue to grow at the same phenomenal rate. He bases this prediction on 42 years in the banking

YOUNG BANKER — Shown above is the young, W. W. Williamson posing on the porch of a house in Childress County, just about the time he got started in the banking business, around 1917.

field, and a rating of the area's economy. He is long on praise on the type of farmer now in the agricultural field, a type that has differed a great deal from the farmers he encountered early in his business here. Bill feels the situation in which the bank was established here was an especially good one, in which this bank could meet the needs of some of the best available customers in the area, but other banks weren't in a position to serve their needs. If he were to start a new bank today, he doesn't feel as many

of the strong type of customers would be available for backing. So Bill along with his bank, has entered a new phase of his career. He doesn't think of it as retirement, or even semi-retirement. Rather he is simply passing on a lot of the load of technical paper work on to others in the organization. As long as he was in the office, in the bank, many persons who could have had their business tended to by T. K., See (WILLIAMSON) Page 12

**IS HOSPITALIZED AFTER ACCIDENT**

Mrs. P. A. Altman of Enochs has been returned to the Edgar Walsh clinic in Levelland, suffering an accident while enroute to Levelland Mar. 6. Mrs. Altman was thrown from the car and suffered severe lacerations and bruises. She has been recuperating at the home of another daughter, Mrs. Kenneth Coats.

Mrs. Altman had to be returned to the hospital as the result of blood clots.

**Local Future Farmers Honor Ray Lewis With Membership, at Parent-Son Feed**

Ray Lewis, well known Cochran County farmer and breeder of registered hogs, and Chairman of the Cochran County 4-H and FFA Fat Stock Show for the past two years, was awarded an honorary Future Farmer's of America membership, Friday night, as a highlight of the annual Parent and Son Banquet.

The award was conferred on Lewis by the officers of the local senior chapter in recognition of his work on behalf of the FFA during the past year.

The banquet, held in the School Cafeteria, was attended by approximately 200 FFA members, parents, teachers, businessmen and friends of the FFA as invited guests.

R. E. Thompson, president of the local chapter, conducted the program which included a banquet chicken dinner, handing out of FFA awards to members for efforts during the past year, and entertainment by the "Tumbleweeds", a local musical group composed of Jim and Gary Middleton and Harold Drennan.

Junior FHA girls served and the meal was prepared by the Cafeteria staff.

Elwood Harris, one of a group of several honorary FFA members of past years was given the honor of handing out the certificates of merit to the local boys.

Billy Ray Stovall was introduced as a local member who has completed requirements for the conferring of the Lone Star Future Farmer State degree, the highest FFA award which can be given on the state level.

The chapter conducting team opened the evening's program and aided in the granting of the honorary membership on Lewis.

**Hi-Plains Hi-Lights**

NEWS from the High Plains Research Foundation

All wells at the High Plains research Foundation are now connected by underground concrete lines with the addition of 2183 feet of 15 inch line. This line added to the existing 4050 feet will now service all but a small area of the farm. Also 1291 feet of 12 inch seal gasket concrete line has been installed. Another 2800 feet of underground line will complete the system so that no open ditches will be needed for irrigation. Research has shown losses in open ditches because of evaporation, and deep percolation is very high in the High Plains. Underground concrete line eliminates these losses and adds to ease of operation.

Farmers in the High Plains are asking the question "Should I preplant irrigate?" In order to find the answer to this question, soil moisture blocks have been placed in four locations at the High Plains Research Foundation, James Valliant, Water Engineer, announced.

Three of these locations are on Pullman clay loam on three types of land surface, as follows: (1) sloping land, (2) benched land, and (3) gentle sloping land.

A fourth location is on Amarillo clay loam in the Southwest section of the Foundation farm.

These blocks are placed at depths of one, two, three or four feet. Available soil moisture data will be released at weekly intervals with the hope that it may be helpful to farmers in deciding whether to preplant irrigate.

**Sacred Heart Parish Spring Meeting To Be Held Today at Littlefield**

PEP (spl.) "The Dignity of Womanhood; How to promote the Catholic Ideal" will be the Theme for the Spring Convention. Sacred Heart Parish, Littlefield, Texas, will be the host for the Lubbock Deanery Council of Catholic Women; Thursday, March 24, 1960, at 9 a. m. in the Community Center, West 3rd Street (North East corner of City Park). At this time registration will start.

Mrs. C. O. Buxkemper, Deanery President will call the meeting to order at 9:40 with the singing of "Come Holy Ghost" and the "Prayer to Our Lady of Good Counsel", by all present. Welcome by host Parish President; Responses by Mrs. C. O. Buxkemper; roll call. At 10 a. m. the workshops at the Sacred Heart Church. The Workshops will be conducted by chairmen of the various Deanery Committees.

Rural Life - Mrs. Walter Schmalstieg, Moderator Father Norbert F. Wagner.

Due to limited space available we have combined the following committees:

Youth - Mrs. August Kitten and Family Life - Mrs. Paul Vigil, Moderator Father Joseph James of Lubbock.

Immigration - Mrs. C. W. Ratliff; and Catholic Charities, Mrs. D. F. Ferguson, Moderator Father, Paul H. Laub of Brownfield.

Organized - Mrs. J. J. Kitten and Promotion of Resolutions - Mrs. Alvin Shambeck; Moderator Father Wilmer Riechel of Lubbock.

Confraternity of Christian Doctrine - Mrs. James Qualla and Spiritual Development - Mrs. Luther Barbour - Moderator Father Thomas J. Lurry.

Public Relations - Mrs. Frank Sinnacher Jr. and Libraries and Literature - Mrs. Joseph W. Harter, Moderator Father Clifton J. Corcoran of Muleshoe.

At 11:40 a. m. each chairman will have two minutes to summarize her workshop.

Benediction of the Blessed Sacrament at 12 noon. Then back to the Community Center where luncheon will be served at 12:30 p. m. Father Norbert F. Wagner will introduce the Clergy at lunch. After a short break the afternoon session will begin at 1:30 p. m. with guest speakers. A business meeting will be held at 2:30 and will close with the Installation of the

New Deanery Officers by Mrs. Lawrence Jentzen.

Registration fee is 75 cents and the luncheon is \$1.50. Each parish president is asked to send in the luncheon reservations to Mrs. Joe Foltyn, 400 East 11th Street, Littlefield Texas.

Everyone is invited to come and take an active part in the Lubbock Deanery Convention on March 24.

**Says Thanks for Response on Return of Books**

Sheriff Hazel Hancock offered his sincere thanks this week to the many persons who have turned in copies of the driver's handbook.

The Sheriff said the response was very good. However, they can still use all of the extra books anyone can turn into his office, to re-issue them to persons getting ready to take their driver's license examination.

**Federal Boating Act Effective Apr. 1 Concerns Motors With 10 HP or More**

WASHINGTON, D. C. (spl.) — Effective April 1, 1960, boats of more than 10 horsepower operated on the navigable waters of the United States MUST be numbered under the Federal Boating Act of 1958, the Coast Guard has announced. Vessels documented by the Bureau of Customs are exempted from this Act.

On that date the Coast Guard will start receiving applicants for numbers in those states which have not yet adopted their own

**HOSPITALIZATION LIFE, HAIL and INSURANCE**  
Real Estate LOANS  
**ROBERT C. CROSS**  
Phone Office 2521 Home 6391 Box 813 MORTON

numbering systems. These states are: Alaska, Connecticut, Georgia, Hawaii, Idaho, Maine, Massachusetts, Iowa, Nevada, New Hampshire, New Jersey, Pennsylvania, Tennessee, Wyoming, Washington and the District of Columbia.

Applicants for Federal Certificates of Number may obtain application forms at local Post Offices. The completed application form and a \$3.00 fee must be filed with the Post Office. At that time a blue, \$3.00 Federal boating Stamp will be affixed to the application and a temporary certificate will be returned to the applicant. This certificate will serve as proof of compliance with the law until such time as the application has been processed by the Coast Guard.

The permanent Certificate of Number to be issued the boat owner will be an embossed plastic card similar to a gasoline credit card. The certificate will show the Coast Guard number to be affixed to each side of the bow of the boat by the owner and must be on board whenever the vessel is in use. A number awarded by the Coast Guard will be valid from the date of issuance and for 3 years from the date of the owner's birthday next occurring after the certificate is issued. Documentary proof of title and ownership is not required by the Coast Guard with application for number. Application blanks may also be obtained from any Coast Guard Marine Inspection Office, but the fees must be paid at the Post Office.

Even though boats have been previously numbered by the Coast Guard prior to March 31, 1960, application MUST be made for a new number on April 1 under the Federal Boating Act; however the previous number and certificate may be retained for temporary identification until the new number is issued. Boat owners may continue to operate their craft legally if they have applied for renumbering, paid the required fee and retained proof of payment.

For further background information, as of 10 March 1960 the U. S. Coast Guard has approved the numbering systems adopted in 26 states. These states are: Florida, Utah, Montana, Minnesota, North Carolina, South Carolina, West Virginia, Texas, Michigan, Oregon, Arizona, Kansas, Rhode Island, California, Vermont, Arkansas, Alabama, Nebraska, Delaware, Indiana, South Dakota, Illinois, Wisconsin, North Dakota, Ohio and Oklahoma.

The following states have already enacted numbering laws and Coast Guard approval of their numbering systems is expected soon: New York, Missouri, Colorado, and New Mexico.

In addition, it is possible that numbering laws may be enacted prior to 1 April 1960 in the following states: Maryland, Kentucky, Louisiana, Mississippi, and Virginia.

**SIX-PASSENGER CAR OR STATION SEDAN...CORVAIR IS BOTH!**

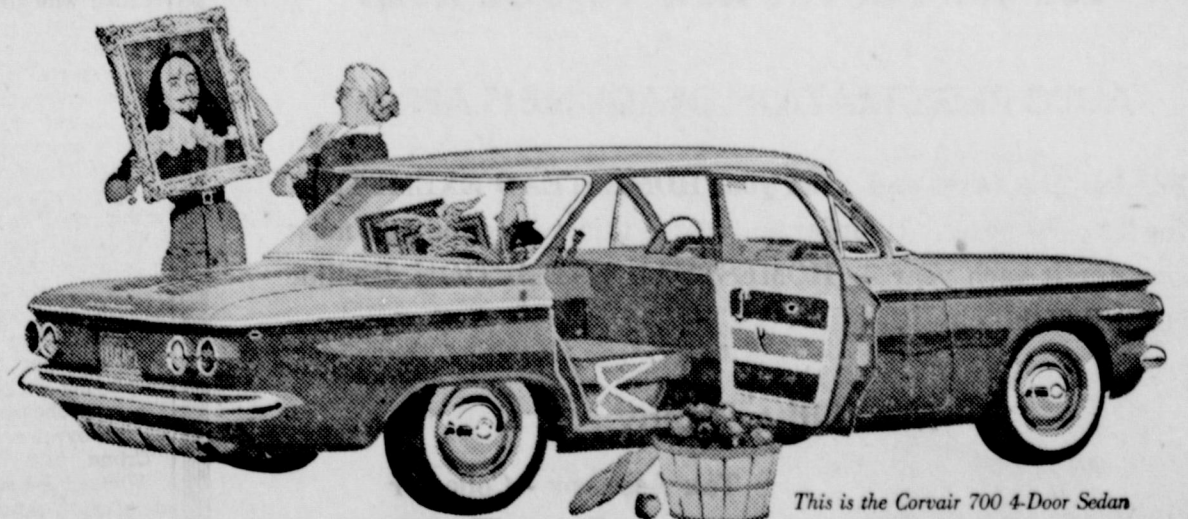

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one... soon.

**BILL ED THOMPSON, JOYCE EDWARDS ARE WINNERS OF ANNUAL BAND AWARDS**

Formals, suits and casual wear were worn to the annual Band Banquet that kicked off at 7:30 in the County Activities Building Friday, March 11. A Spanish theme was used for decoration; a huge bull and bull fighter gracing the south wall, while a little gray donkey and a senorita carried out the theme at the north end of the room.

Guests of the band were: Mr. and Mrs. John Barnes; Mr. and Mrs. Tom Pate; Mr. and Mrs. Elmo Smith; Mr. and Mrs. Eli Douglas; and Mr. and Mrs. Babe Vanlandingham.

After R. E. Thompson's welcome, Mr. Barnes gave the invocation and dinner began with fried chicken, green beans, gravy, baked potatoes, butter, hot rolls, cherry pie a-la-mode, tea and coffee being served by girls from the sixth and seventh grade bands.

Entertainment was provided by the "Tumbleweeds", a local singing group composed of Harold Drennan, Jim Middleton, and Gary Middleton. The group sang several popular songs and a spiritual. Two awards were given. The Arion Award for the most versatile musician was presented to Bill Ed Thompson, the band's solo trumpeter. The John Philip Sousa Award for the outstanding band musician went to Joyce Edwards. After the awards were given, Bill Ed Thompson gave the benediction and the banquet was adjourned.

According to Bill Hulise, band director, the banquet was a huge success and he would like to give special recognition to Betty Igo and Katrina Hardberger for their excellent work on the decorations.

**Highway Patrol Positions Open**

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, today reminded young Texans that April 1 is the deadline for applying for patrolman positions now open in the department.

Examinations will be given young men between 21 and 35 years of age at locations throughout the state during the month of April. To be eligible a person must have graduated from high school or college, be of good moral character and in good health. More details may be obtained by writing to the Texas DPS, Box 4087 North Austin Station, Austin Texas.

Garrison said that persons selected to fill these important positions will receive the very best in police training at the DPS Law Enforcement Academy in Austin.

He said these law enforcement officers not only receive vital training to handle any situation, but are well supervised in their new positions and are given the best in equipment. Young men interested in these good jobs must apply before April 1.

**EDITORIALS...**

**Powerful Weapon In the War Against Crime . . .**

The Crimemobile was visited by an average of 1,875 persons each of the 104 exhibition days during 1959. A total of 194,906 persons came to see the exhibit, making a daily average of 533 visitors for the entire year, including travel time, holidays, idle periods during the bad weather months and school vacation time during the summer months. The big unit traveled 11,786 miles during 1959, making exhibition stops in 63 Texas cities.

During the fall, the Crimemobile was shown at nine fairs over a period of 44 exhibition days. The visitors on these occasions totaled 142,198, which is an average of 3,231 each day. It was the excellent interest shown at fairs that makes the overall daily average so high. Climaxing the fair season was the State Fair of Texas in Dallas where 50,245 persons were Crimemobile visitors.

The Crimemobile was invited to 26 cities for the primary purpose of being shown to school children. At each of these stops, the pupils were given an opportunity to examine the exhibits and to hear an explanation on them.

For each group there was also a brief lecture on general law enforcement, the Texas Law Enforcement Foundation, and the purpose of the Crimemobile. For the days the Crimemobile was exhibited at schools, the average daily attendance was 962, which is too large a number to be accommodated in one six-hour school day. Experience has shown that in order to receive the maximum benefit from a Crimemobile visit, 20 minutes is required for a class of 30 pupils. This would be a total of 540 students each day, and in making our 1960 schedule we are attempting to allow enough time at each school so that the daily visitors will not exceed that number.

Without exception, the school program of the Crimemobile effort has been unanimously acclaimed by school administrators and law enforcement officers alike. As a result of the Crimemobile's visit to Marble Falls, a "Junior Law Enforcement Foundation" was organized by a number of local boys assisted by Mr. H. E. Faubion, a TLEF director. Mr. Faubion arranged conferences for the boys with their county judge, county attorney, and sheriff for the purpose of giving the youngsters more insight into local law enforcement. This is an example of the great interest the Crimemobile exhibits create in law enforcement.

In each area where the mobile unit is shown, school children are encouraged to compete in a theme contest concerning their impressions of the Crimemobile. Curtis Leggett who visited the Crimemobile on December 9, 1959, in Menard entered the theme contest and was presented a \$25 check as winner of the state-wide semi-annual award. The award presentation was made by Mr. Carl A. Martin, a TLEF director in Menard. Mr. A. G. Ainsworth, a director from Luling, conceived the idea for the Crimemobile themes during a visit in his city which he had arranged.

In directing our efforts to reach as many Texas youth as possible with the Crimemobile story, it was exhibited to 577 Boy Scouts at a bivouac in Houston and to 400 girls who attended the 1959 Girls' State in Austin.

With each exhibition, every youngster is invited to become one of the Junior Enforcement Team Supporters (JETS). Membership requires the signing of the following statement: "I pledge to do my best to obey the law and to help all law enforcement officers do their job better by cooperating with them in every way I can." Another membership requirement is to work on a school law enforcement project or visit a law enforcement agency, or a justice, city or county court, promising cooperation with them. Upon fulfillment of these requirements, a youngster is sent a membership card and badge.

Although the Crimemobile was burglarized in August, no permanent damage was done and all but one of the stolen weapons were recovered. The event of the burglary was put to positive use by displaying clippings concerning the apprehension and conviction of the burglar under the heading, "Crime Still Doesn't Pay!"

While repairing the burglary damage, several changes and additions were made to improve the interior of the Crimemobile. A book case was added which displays the Crimemobile library to a better advantage, and a narcotics case was built and attached to the wall to replace the original one which was damaged by the burglar. The major physical change made in the unit was the moving of the store room door two feet forward, decreasing storeroom space, in order to provide an

appropriate place for the supervisor to stand while lecturing and observing.

Another improvement was the change made in the chemical glassware exhibit which is now set up for an actual operating demonstration of the analysis of poisons. This has added considerable interest for high school classes. A fingerprint wall chart has been added to illustrate basic fingerprint patterns, and plans are now being made to demonstrate fingerprinting techniques to each of the visiting school classes.

The Crimemobile continues to receive a warm, appreciative reaction in each area. Recently in a West Texas town, the Crimemobile supervisor was discussing the purpose and intent of the Crimemobile program with an adult visitor. The guest remarked, "Your job is a lot like the farmer's; all he can do is prepare the ground properly and plant the seed and hope and pray for the right combination of other elements to produce a good crop. And from what I have seen here today, you folks are sure doing a fine job of planting the seed of right ideas in young people's minds."

In appearing before civic clubs over the state, the Crimemobile supervisor has also been received with understanding and appreciation for the efforts and accomplishments of the Texas Law Enforcement Foundation.

The Crimemobile not only is beneficial in the public education portion of the Foundation's program, but is also of immense value in overall public relations, thus aiding all TLEF undertakings. It champions the TLEF cause, stimulating public awareness and endorsement of the job the Foundation is doing. The only disappointment ever heard expressed by visitors to the Crimemobile was that it could not stay longer in their area.

We are convinced that the Crimemobile has instilled in the minds of thousands of young people the need for good law enforcement and also the complete folly of a "career of crime". After seeing the display of modern crime detection techniques in the Crimemobile any youth is assured that the odds of being apprehended after committing a crime are overwhelming. The visual aid lesson taught by the Crimemobile to impressionable children could well be a contributing factor in lowering future crime rates.

**VISIT KEYS**

Mrs. Leon Nash and daughter of Floyd, N. M., were visitors here Sunday in the home of her parents, Mr. and Mrs. A. S. Key of Morton.

ROBERT W. CALVERT

**Release States Calvert Endorsed By State Lawyers**

Associate Justice Robert W. Calvert of Hill County has been overwhelmingly endorsed for chief justice of the Supreme Court of Texas by the legal profession of the State.

The State Bar of Texas makes a state wide poll of judicial races each election year, and has tabulated the following vote of Texas attorneys in the race for chief justice of the court:

For Robert W. Calvert — 4,231 or 62 percent.  
For Robert G. Hughes — 2,573 or 38 percent.

Judge Calvert is presently a member of the Texas Supreme Court and is seeking to succeed Chief Justice J. E. Hickman, who is retiring.

In an earlier poll among lawyers in Dallas County, Judge Calvert gained the overwhelming verdict of 574 to 80.

"This expression of preference in Judge Calvert by members of the candidates' own profession is in accord with the public's opinion that good service, especially on our highest civil court, should be rewarded," Gaynor Kendall, state campaign manager for Ju-

dge Calvert said.

Kendall said that now with the endorsement of the legal profession of the State, Judge Calvert is favored for chief justice in polls made in various groups of Texas voters including business men, farmers, laboring men, merchants, ranchers and other professional groups.

Judge Calvert has been an associate justice of the Supreme Court since 1949 and is known throughout the State for ability, fairness and whole-hearted devotion to the work of the Texas Supreme Court.

**BIRTHDAY DINNER HONORS MRS. CROW**

Mrs. J. E. Crow was honored on her 89th birthday, Sunday, March 20 with a dinner at the County Banquet Room. The dinner, enjoyed by 108 persons was prepared by children, grand children, and great grandchildren. "Granny" Crow raised 10 children of her own and one granddaughter. She has 42 grand children, 79 great grandchildren, and 5 great-great grandchildren. Mrs. Crow moved with her husband and family to Morton from Winters, Texas, in 1928. She has watched Morton spread year by year to the town we know today. She lives alone and is active in

quitting and fancy work. Those attending the birthday occasion were Mr. and Mrs. Thurman Smith and girls; Mr. and Mrs. Bobby Smith and boys, Mr. and Mrs. Olen Cooper, Sue and Erwin; Mr. and Mrs. L. T. Lemons and family; Mr. and Mrs. Fred Crow; Mr. and Mrs. Noel Crow and family; Mr. and Mrs. G. F. Cooper; Mr. and Mrs. S. A. Ramsey; Mr. Elmer Akin; Mr. and Mrs. Ollie Gathright; Mr. and Mrs. L. M. Baldwin; Mr. and Mrs. J. W. Lightfoot; and family, all of Morton. Mr. and Mrs. Laverne Smith and children; Mr. and Mrs. Troy Hale and children; Mr. and Mrs. G. W. Asbell and baby; Mr. and Mrs. E. K. Angley and family; Miss Phyllis Milligan; Mrs. Wa-

yne Kennard and baby; of Muleshoe. Mr. and Mrs. W. B. Hodnett; Mrs. and Mrs. Jack Hodnett and baby; Mr. and Mrs. John Hodnett; Mr. and Mrs. Dalton Hodnett; were from Three Way. Others include Mr. and Mrs. Noble Moore of Odessa; Mr. and Mrs. Kenneth Gilbreath and son and Larry Gilbreath of Levelland; Mr. and Mrs. Lloyd Crow and son of Lovington, N. M.; Mr. and Mrs. Odell Smith of Plainview; Mr. and Mrs. Harold Stillwell of Abernathy; Mr. Melvin Cooper of Pep, N. M.; Mr. and Mrs. Joe Gresham and family; Mr. Paul Zuber from Brownfield; Mr. and Mrs. Clai Crow and son of Hobbs, N. M.; Mrs. Jewel Crow; Mrs. Bill Culver of Truth or Consequences, N. M.; Mr. and Mrs. Royce Smith and daughter; Mrs. Nettie Perry; Mr. Orvel Perry and boys, attended from Lubbock. Family and friends are looking forward to this occasion again next year.

**Home Demonstration Agent**

**SHOE COVERING WORKSHOP**

The workshop for covering shoes will be held Tuesday, March 22. It will begin at 9:30 and will be held in the Banquet Room of the County Activity Building. It will be over about 4 o'clock.

Any person interested in attending the workshop should call or write this office for materials to bring. Mrs. C. D. Arnold, member of the FOR Club, will assist with the workshop.

**NOW IN THE GARDEN**

Shrubs and trees need a good soaking. If philox, petunias, larkspurs and poppies have not been planted, no times should be lost. These annuals are colorful and hardy. Any cold weather we are likely to have will not hurt them.

**ORCHARD HINTS**

Even at this late date some pruning may be done on fruit trees. Broken limbs or those that rub together may be pruned at any time. Thinning some of the branches should result in more and larger fruit.

Late freeze damage can be prevented in some measure by spraying the trees with water when the temperature gets below freezing. This has been demonstrated by Mr. and Mrs. Edwin Nieman. They had a crop of plums and peaches last summer while many other fruit trees in the country did not bear. The quantity of the fruit was below normal but the size and quality was superior.

**FOOD FOR LENT**

Recipes in this column are especially suitable for the season of Lent but they add variety and good nutrition to the diet at any time during the year.

**EGGS, PLAIN OR FANCY**

Eggs have a split personality. They can be simple and strictly for the family or they can shine as gay party or company food. They add bright color and taste appeal to buffet dinners, luncheons, hors d'oeuvre trays, salad plates and snack. Supplies are plentiful now and prices are reasonable.

Hard-cooked eggs are the brightest social lights. Many delightful taste combinations can be created with hard cooked eggs. Cooked eggs lengthwise or crosswise. Slip out the yolks, mash with a fork, and add your chosen mixture. Mix to desired consistency, and refill the whites. You might try some of these mixtures:

- (1) 2 teaspoons of anchovy paste as a mixer
- (2) 1/2 cup grated cheese
- (3) 1 or 2 slices of bacon, crisply cooked and minced
- (4) 1/3 teaspoon curry with 1/3 cup chopped ripe olives
- (5) 3 tablespoons minced chicken, ham, lobster, shrimp, or mushrooms
- (6) 3 tablespoons minced or grated onion with 1/4 tablespoon minced parsley
- (7) 1 tablespoon of minced pimento
- (8) 3 tablespoons of crab flakes, broken apart with a fork (These amounts will fill 6 hard cooked eggs.)

**TUNA TRIUMPH**  
 4 ounces spaghetti  
 2 teaspoons salt  
 3 cups boiling water  
 1 1/4 cups condensed cream of mushroom soup (10 1/2 oz. can)  
 2/3 cup milk  
 1 cup chunk style tuna (7 oz. can)  
 1/4 cup chopped pimento  
 1 cup shredded processed cheese (1/4 pound)  
 2 tablespoons grated Parmesan cheese

Add salt and spaghetti to boiling water. Boil rapidly, stirring constantly for 2 minutes. Cover, remove from heat and let stand 10 minutes. Meanwhile blend soup and milk. Add tuna and pimento. Rinse spaghetti with warm water and drain well. Place spaghetti in greased 1 quart baking dish. Pour soup mixture over

**LOCAL GIRL NAMED SEC. - TREASURER OF COLLEGE GROUP**

Plainview (spl.) — Miss Henrietta Bedwell, daughter of Mr. and Mrs. H. B. Bedwell, 510 E. Buchanan, Morton, was recently installed secretary-treasurer of the Home Economics club at Wayland Baptist College, according to Mrs. Cecil Cosper, assistant professor of Home Economics and also sponsor of the club.

These newly elected officers of the Home Economics Club were officially installed in a ceremony on March 7 They will assume their duties on April 1.

Miss Bedwell, a 1959 graduate of Morton High School, is seeking the Bachelor of Arts degree with a major of business administration from Wayland College. She was listed on the honor roll for the first semester also.

**VISITOR FROM KANSAS**

Sp4 Jerry Pond of Ft. Riley, Kansas, is visiting in the home of his parents Mr. and Mrs. J. W. Pond.

**LEHMAN HD'S MET MARCH 16**

The Lehman H. D. Club met in the home of Mrs. Clifford Howell on March 16th, with Mrs. Charles Sanders giving a demonstration on tailored buttonholes. The devotion was read by Mrs. Howell. Roll call was answered by nine members and one guest. Each club member brought a small gift they had made to be auctioned off to the highest bidder. This is one of the projects planned for raising money for the club fund.

**MRS. T. J. CAPPS IS HOSTESS TO WHITEFACE HD'S**

Mrs. T. J. Capps was hostess to the Whiteface Home Demonstration Club, March 15. Seven members and one visitor heard Miss Leila Petty's demonstration on "Vitamin C in Pleasant Ways." After the reading of the Scripture passage, Philippians 4:8-13, each person present answered roll call with "My Most Treasured Souvenir" with several unusual souvenirs with interesting histories being shown.

After a comparison of the Vitamin C (ascorbic acid) values of some fruits and vegetables, Miss Petty combined cabbage and pineapple into a tasty salad. She also prepared a layered fruit salad to show another very interesting pleasant way to add Vitamin C to the diet.

Mrs. Bob Keith of Orange, Tex., visited with the members, Mmes. F. Z. Payne, W. S. Gilmore, L. U. Thompson, H. J. Knox, Ted King, G. C. Keith, and the hostess Mrs. T. J. Capps.

The next regular meeting is to be with Mrs. G. C. Keith, and on Tailored Buttonholes. All members and all women interested in learning to tailor buttonholes are invited to be present, Thursday, March 24, at 2 p. m. A pot holder exchange will be a feature of the program.

Patterson Edward Brownlow, Lewis Walker, Tim Brooks, F. L. Fred, Clayton Stokes, David Burt, Ralph Burt, Sanders and the hostess Mrs. Howell. The next meeting will be in the home of Mrs. C. W. Howard, on April 6th. Miss Petty, the H. D. Agent, will give a demonstration on Cooking With Your Hat On.

**WHY FEWER BABIES DIE TODAY!**

FIFTY YEARS AGO, one out of every 10 babies died during its first year of life. Today, infant mortality during that first year has declined to only one out of 40 babies. Much of the credit for this huge drop belongs to the potent drugs that help defenseless infants fight the diseases that once meant certain death. That's why we say . . .

By Leila Petty  
**SHOE COVERING WORKSHOP**  
Some smart and colorful shoes were covered at the Shoe Covering Workshop held in the Activity Building Tuesday. Worn shoes were made useful and everyone has a pair that will add a smart accent to her wardrobe.

Attending were Misses G. C. Keith, E. J. French, J. Jack French, C. D. Arnold, Stanley Henderson, Eddie Hale, Woodrow Self, and Ervin Merritt.  
Mrs. Arnold assisted with the workshop.

There were several other visitors during the day.  
**HOW SAVINGS GROW**  
You don't have to be an expert statistician to read and understand a rather interesting table of figures that came in the mail recently. Somebody had figured out how fast savings grow when you can put aside a certain amount regularly. This particular table is based on the purchase of Savings Bonds, and includes the interest that builds up on E bonds over the years. It reflects, of course, the new 3 1/2 percent rate of interest that became effective last June 1. For example, if you put just \$18.75 each month into Savings Bonds, you'd have a little over \$1,200 in five years — or nearly \$2,000 in seven years and nine months, the time it would take the first bond to mature. If you could buy a \$50 bond each month (cost price \$37.50), you'd have \$1,400 in three years — or nearly \$4,000 in seven years and nine months. In these times when more and more farmers are beginning to have a year-round or all season income, regular saving — through bonds or some other means — is not so far fetched as it once was.

**HAD YOUR VITAMIN C TODAY**  
Citrus fruit is an easy, pleasant way to meet daily requirements for Vitamin C. The vitamin that, because it is not stored in the body, must be supplied each day. Fresh, canned or frozen citrus fruits and juices are rich in vitamin C. They are quickly and easily served as appetizers, desserts, salads, garnishes, with main dishes, as the fruit course for breakfast and as between meal snacks.

The City Commission has ordered a hearing on 28 March, 1960, at 5 p. m. at the City Hall in Morton, Texas, concerning the above improvements and all interested parties are invited to appear and express their approval or objection to the proposed improvements and the assessments therefor.

A woman needs 70 milligrams of Vitamin C each day. One medium orange has 77 milligrams, one cup of fresh orange juice has 122 mg. 1 cup canned unsweetened juice has 193 milligrams, and 1 cup reconstituted frozen orange juice has 95 milligrams of vitamin C.

Recent surveys show that many Texans are not getting enough Vitamin C in their diet. How about you and other members of your family?  
**FOOD FOR LENT — UP NORTH SALMON SUPPER**  
Loaf pan, 9x5x3 inches, or casserole dish, 2 quart. Preheat 26 F. oven.  
1 1-lb. can red salmon skin and bones removed  
1 package frozen peas  
1 1/2 cups cottage cheese large curd  
1 egg, slightly beaten  
1 cup cracker crumbs  
1/2 cup crushed oven toasted rice cereal  
1 cup shredded Cheddar Cheese  
3 T. chopped green pepper  
1 T. chopped onion  
1 T. lemon juice  
1/8 T. pepper  
Salt to taste  
Drain Salmon, partially cook peas in the salmon liquor. Mix together cottage cheese, egg, cracker crumbs, crushed rice cereal, Cheddar cheese, green pepper, onion, lemon juice, pepper and salt. Add peas and salmon, which has been broken into chunks. Spoon into loaf or casserole dish and bake 45 minutes. Garnish with lemon wedges and parsley.

**SALMON BISQUE**  
1/4 cup (1/2 stick) butter  
1/3 cup finely chopped onion  
1/3 cup finely chopped green pepper  
1/2 cup finely chopped celery  
4 tablespoons flour  
1 teaspoon salt  
1/8 teaspoon pepper  
1 quart milk  
1 7-3/4 ounce can salmon, drained  
2 tablespoons chopped pimiento  
Melt butter in sauce pan. Sauté onion, green pepper and celery until lightly browned. Add flour, salt and pepper, mixing to a smooth paste. Cook over medium heat, about 1 minute. Remove from heat and add one half of the milk, stirring until blended. Return to heat and stir constantly until mixture begins to thicken. Add remaining milk. Heat to simmering point; cook about 5 minutes. Add salmon, broken in chunks, and pimiento. Heat to serving temperature.

Kinda like the motor, the man who frequently knocks is losing his power. — O —

WHO'S WHO —

(continued from page one)

And, at least one entry was noted that bore no name at all. Each week a marked copy of the last Tribune, with clues circled in red, will be found in each of the four firms which had Who's Who boxes in them that week.

Political Announcements

The Tribune has been authorized to publish the following announcements for the political office under which the names appear, subject to the Democratic Primary, Saturday, May 7, 1960.

Cochran County

FOR REPRESENTATIVE 19th CONGRESSIONAL DISTRICT GEORGE MAHON (Candidate for re-election)

FOR DISTRICT JUDGE 11st JUDICIAL DISTRICT M. C. LEDBETTER (First elective term)

FOR STATE SENATOR 28th SENATORIAL DISTRICT PRESTON SMITH (Candidate for re-election)

FOR COUNTY COMMISSIONER PRECINCT ONE M. R. RAN HOLLOMAN (Candidate for re-election)

FOR COUNTY ATTORNEY GROVER D. EDGAR (First elective term)

FOR COUNTY TAX ASSESSOR-COLLECTOR MRS. OTHA DENNY (Candidate for re-election)

FOR COUNTY SHERIFF HAZEL HANCOCK (Candidate for re-election)

FOR JUSTICE OF THE PEACE PRECINCT ONE ALBERT MORROW (First elective term)

C. SHELTON

more difficult to identify as the game progresses. The more you participate, the better your opportunity to gain an award — recall the old saying, "practice makes perfect."

Any piece of paper will do for your entry. Write down the correct name of Who's Who at the top of your paper, list the clues, copied correctly from the Tribune, sign your name, address, and phone number if you have one.

Deposit your entry, or entries, in the Who's Who boxes at the firms whose ads in the big Who's Who ad appear inside the heavy border. (Remember, only one entry per person per box.)

Here are the clues to the identity of Jamison, Superintendent of the Cities Service Oil Co., Lehman plant.

Given name same as six Scottish Monarchs, (James); Wed in Oklahoma, (Nov. 8, 1947); Loves "Cotton", (his wife's nickname); Middle given name, same as given name of famous Scots author (since "Middle given name was employed, and we were corrected by a school teacher — it would appear as though Who's Who had three given names, thus, this clue was considered to count or not count, either way correct — the author, Robert Louis Stevenson);

Advanced battleship sectional dry dock, (upon which he was stationed during WW II); Arrived here in December, 1955, (should have been 1954 — therefore, the clue was counted either way); Came here from an oil city, (Midland); Enjoys fishing; CMO, (his rating in the U. S. Navy, Chief Motor Machinist Mate);

Drives, mostly green, nine letter, 1959 auto, (Cities Service Chevrolet); Favorite politician, "Harry S."; Reads U. S. News and World Report; Met mate in Colorado Springs, Colo., (she was visiting her sister there); Has worked as stillman, (at a refinery); Rarely misses a day being

VACATIONERS FROM CHEYENNE, WYOMING Spring vacationers from Cheyenne, Wyoming are Mr. and Mrs. Kenneth Wynn, visiting in the homes of Mr. and Mrs. E. C. Wynn, Mr. and Mrs. Weldon Wynn and Max and Mrs. and Mrs. T. H. Bonds. The group enjoyed a trip to Carlsbad Caverns, Sunday.

So you're going places and passing the all? When we find the wreckage, just whom shall we call?

in downtown Morton, (brings in the mail); Worked as garage mechanic, (in Colorado); Member of church not active

in Morton, (Christian Church); Goes by Nickname, (Bob); Mate is a "Sooner", (born in Oklahoma); Attended specialist school in Los Angeles, (Institute of Technology); Proud of "Wee Willie" and big sister, (William Gary 1 year, and Bobby Sherell, 5

years, Mr. and Mrs. Jamison's children); Favorite sport, football; Mate works Who's Who. "Harry S." is Bob's favorite

politician because, in Bob's words "He said what he thought..." And that's it... another Who's Who begins in this publication of

the Tribune... it's fun, it's educational, and profitable at times to some... but then, anyone could be some...

WIN CASH...

TOTAL PRIZE MONEY \$1320.00 THIS WEEK \$ 66.00

WHO'S WHO in MORTON

and the MORTON AREA

Copyright 1959 by B. Reinhardt. All Rights Reserved

Where to LOOK for CLUES... RULES

Clues may be hidden in ANY ad in this group ad. When a "Star" appears in any of these ads, it means that additional advertising for that merchant appears elsewhere in this issue of the Morton Tribune, and additional clues may be hidden in any of those

ads, also! Clues will be scattered... there may be from one to five clues in any ad... or none. This is a contest of skill... and we intend to do our best to outwit you. We invite you to do your best to outwit us!

Grid of 40 advertisements for Morton, Texas, including Willingham Farm, Nu-Way Cleaners, Luper Tire Service, Raines Cash Food, Merritt L.P. Gas Co., Smith Furniture and Appliance, Seaney Food Store, Lorant-Tatham Co., Truett's Food Store, Higginbotham-Bartlett Co., Daney Beauty Salon, Windom Oil and Butane Co., Morton Drug, Standard Abstract Co., Gardner-Ross, Reynolds Tire Company, Woolam Implement Company, RCA Victor, Herb's Gulf Service Station, Morton Tribune, Doos Super Market, Butler Motor Co., Morton Floral and Greenhouse, Lindsey Feed and Seed, Clarke's Dry Goods, Hawkins Oldsmobile Co., Byron's Auto Supply, Ray Hudson Texaco Distributor, Willis Food, Morton Laundry, First State Bank, St. Clair's Department Store, McMaster Tractor Co., Piggly Wiggly, Bedwell Implement Co., St. Clair's Variety, Flash-O-Gas, Ideal Gift Shop, Derwood Texaco Service Station, Morton Malt Shop, Cobb's, and Allsup Chevrolet Co.

RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any of all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week... but only one entry per person at any one store (more than one will disqualify all entries of that person for that week). Anyone can enter unless a member of your family is employed by the MORTON TRIBUNE. Sponsoring merchants, their families, (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into the Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

3. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star (s) appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) appear elsewhere in the paper. Clues will be scattered... many ads will have no clues while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts.

4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted... and MAIL ENTRIES WILL NOT BE ACCEPTED.

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$50.00 will be given. Whenever this bonus is not won it will be added to next week's BONUS... which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues... the exact number and all copied correctly.

Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss! Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter... Fix up your entry NOW!

Piggly Wiggly advertisement for Stereo Records, featuring 'The BIG CHIEF Stamp Redemption MOBILE UNIT' and 'COMING to MORTON SATURDAY, MARCH 26'. Includes images of Big Chief stamps and a stereo player.

**HAVE DINNER GUESTS**

Mr. and Mrs. H. S. Boles and children were dinner guests in the home of the latter's parents, Mr. and Mrs. J. W. Pond, Saturday.

**JOHN WHITE SPEAKS TONIGHT at 7:30 P.M. . .**

**Commissioner of Agriculture to Speak at Muleshoe ; Area Farmers Invited to Attend F. Bureau Meeting**

Cochran County Farm Bureau members have issued an invitation to attend the Bailey County Farm Bureau annual convention in the Muleshoe High School auditorium tonight, (Thursday, March 24) at 7:30 p. m.

Featured speaker for the occasion will be John C. White, state Commissioner of Agriculture.

Because they feel fortunate in obtaining the services of such a distinguished man, the Bailey County Farm Bureau directors announced they are throwing the meeting open to anyone interest-

ed in Agriculture. Also they announced, any adult attending the meeting will be legible for winning a door prize, many of which will be given away.

They sent a special invitation to Cochran Farm Bureau members through the local manager, Mrs. Palmer.

White, a gifted speaker in addition to recognized as an authority on state agriculture problems, is also known as a student of economic and political philosophies associated with state and national agricultural legislation.

**QUILTING SESSION IS HELD BY CLUB**

The Friendly Neighbors held a quilting meeting at the home of Mrs. Tolbert Blackstock, on March 17th at 1 p. m.

The group completed one quilt during their session. Attending were Mesdames Gilbert Wilson, Robert Thompson, J. W. Pond, Leroy Wilson, C. Smelser, Harold Blackstock, Bert

Darland, Evelyn Sandefer, Blackstock and Joyce Wilson. The next meeting of the club will be on Thursday, March 31, in the home of Mrs. Bert Darland.

**LOCAL LADIES TO HOST GOLF GROUP**

Nineteen members of the Morton Country Club Ladies Golf Association met Monday, March 21,

in the home of the President, Mrs. W. W. Williamson. Plans were made for the High Plains Golf Association meeting of Wednesday, April 13. This Association is made up of women golfers from Tullia, Muleshoe, Hereford, Floydada, Levelland and Morton. Tee off time will be at 9 a. m. and all ladies interested should contact Mrs. Williamson for details.

**Ralph Cadjew Is Winner of Shooting Honors**

Ralph Cadjew, one of the instructors for the Cochran County 4-H Rifle team for the past several years, and one of the charter members of the Pioneer Rifle Club was top man when the smoke of last Sunday's firing cleared away and scores were figured in pistol and shotgun competition.

Cadjew's 96 was tops in the pistol division with Donald Lackey runner-up and Tokio Doty, third. Sunday, at the same time, the second phase of the two week shooting competition will be held this time with bench rest rifle, high power rifle, and .22 rifle matches.

Awards are given in each division and an overall award will be given to the top shooter. Entrants in last Sunday's matches came from Plains, Tokio and Levelland as well as from all over Cochran County. The Matches are sponsored by the Pioneer Rifle Club.

EXCLUSIVE P-A-G SORGHUMS LOOK GOOD IN THE FIELD . . . PROVE THEIR TOP PERFORMANCE WHEN YOU HARVEST

You can plant P-A-G Sorghums with confidence. Each one has been researched, tested, and proven before it has been offered for farm plantings. These hybrids are exclusive with P-A-G because they are the end result of extensive P-A-G research and development.

What are the main things you look for when you choose a hybrid sorghum? Standability . . . quick drying . . . easy harvest . . . drought and disease resistance . . . PLUS HIGH YIELDS. All these characteristics are carefully bred into P-A-G Sorghums. This careful quality control pays off in your field when you plant P-A-G Sorghums. Order soon from your local P-A-G dealer.

**TRACTOR SAFETY**  
If you could talk to anyone who has ever had an accident with a tractor he would likely tell you that he could have saved his health or even his life by observing a few simple and common sense rules.

We have far too many tractor accidents that could be avoided by giving some thought before the accident, to some of these rules:

1. Keep tractor wheels spread when possible to avoid tipping hazards.
2. Do not operate the tractor on dangerous inclines or ditch banks.
3. Keep all guards in place on power shafts, belts and chains.
4. Turn off all power before adjusting or unclogging machinery.
5. Keep tractor speeds down, or under 4 1/2 miles per hour for off the road operations, and never carry passengers, especially children, on tractors.

Of course there are other safety rules for operating a tractor, but every operator should become familiar with the machine, study the operator's manual, and take more pride in becoming a safer tractor operator.

**COTTON SEEDLING DISEASE**  
Cotton seedling disease can be prevented and increase your profits. From \$15 to \$20 net profit an acre may be expected when in the furrow fungicides are used at cotton planting time to control seedling diseases.

The value of seed treatment to prevent seed rot has been known for many years. However, seed treatment does not prevent seedling disease. The disease, more commonly known as 'sore-shin, or damping off' each year takes its toll of cotton seedlings and thus reduces stands and yields later in the year. It is caused by a fungi which lives in the soil and attack young seedlings from time of germination until true leaves begin to appear on the cotton plants.

The purpose of using in-the-furrow fungicides at planting time is to provide disease protection for the young sprout before and after it comes through the soil. A combination of captan, zineb, and penb is suggested for use in this area. These are used as a dust or spray by mixing in the covering soil in the seed trench. Good fertilizer placements in the

soil, and plant cotton when soil temperature and moisture is most favorable, will help prevent seedling disease. These diseases thrive in a wet cold soil.

**RAT BAIT**  
Close to 600 pounds of rat bait remains on hand and can be purchased from the County at a cost of only 12 cents per pound, which is below the regular cost. The bait can be purchased at the County Activity Building - contact Mr. W. A. Corder or Mrs. Russell Hudson.

Now is a good time to put out the rat poison which is injurious to rats because they continue to eat it.

**4-H RIFLE SAFETY TRAINING MEETINGS**

Every Monday afternoon of each week there will be a rifle safety meeting. The first meeting was held Monday, March 14. All boys, girls and parents who are interested in rifle shooting and safety are requested to attend. Mark this on your calendar - every Monday afternoon - if you are interested.

The training meetings are being held this year in the Adair caliche pit, located 1/2 mile west of the outdoor theatre and 300 yards north on the dirt road. This theatre is located 1 mile north of Morton.

**BRING NO AMMUNITION** to the pit. If you have a bolt action .22 rifle, bring it. If you have no rifle, come on anyway, because only about one-fourth of the boys will be shooting at a time. There will be a safety instruction at the beginning of each meeting.

Ken Coffman, Charles Cumpston, and Ralph Cadjew are the instructors in this program, and these leaders are doing a splendid job.

**SCS NEWS . . .**

The field work on the standard soil survey being carried out on farms and ranches of the Cochran Soil Conservation District is approximately two-thirds completed. Over 300,000 acres have been mapped in detail as to soil type, slope and erosion classes. Information gained from this survey will be of much value to people in all phases of agriculture. The main use of the survey will be in giving assistance to farmers and ranchers in planning management practice to conserve and improve their cropland or grassland.

Recently added to the soil survey staff of the Soil Conservation Service is Wayne Richardson of Littlefield. He has formerly worked on the soil surveys in the Bailey and Lamb Soil Conservation Districts.

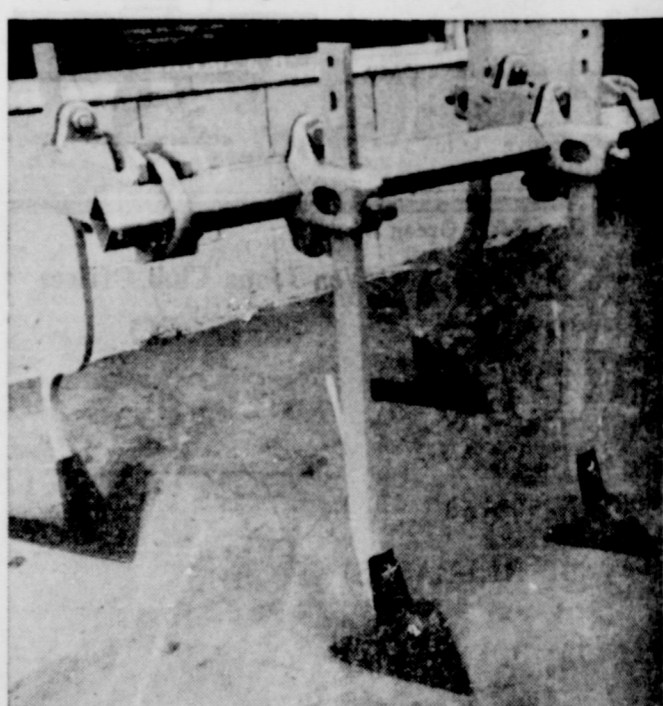

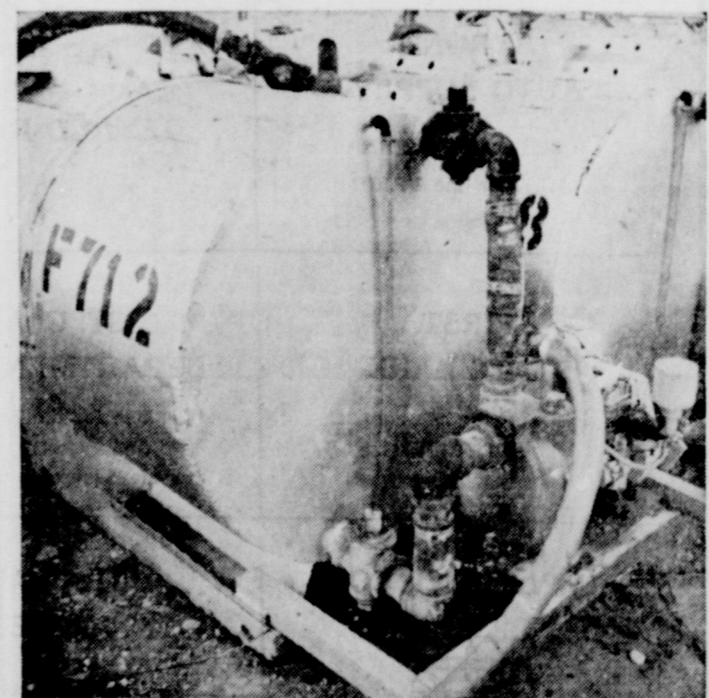

The survey is expected to be completed in 1961.

You are not buying just another fertilizer rig. This unit was specifically designed and built for use by South Plains farmers. It is sturdily constructed of the finest materials — ruggedly built to give acres and acres of trouble-free service. Built into each fertilizer rig is proven capabilities that take the guess-work out of fertilizing. Basically, your Liquid Fertilizer rig consists of chisels, tubing, sprockets, barrels to hold the liquid and a trail-wheel driven squeeze pump to give you uniform application at any speed. Go by Morton Spraying and Fertilizer Co., Inc., and let them show you the many advantages of a Liquid Fertilizer Rig.

**Cultivator Attachment**

With the purchase of your Liquid Fertilizer Rig — you have not only purchased a useful farm implement. With this rig there are certain attachments available with which you can convert it to a cultivator, plus many other uses about the farm. And best of all — in many instances you can arrange the attachments whereby you can, if you desire, pre-fertilize and plant at the same time. Later in the year — if you want to — you can side-dress, cultivate and apply insecticides in one easy operation. There are many advantages to owning a Liquid Fertilizer Applicator.

**Field 'Nurse Tank'**

One question that is often asked: "How do we get the fertilizer from the dealer to the field?" Here again is where we come to your rescue. You do not have to buy a 'nurse tank' because we loan it to you. It can be carried on a pick-up, trailer, or truck, depending on the size of the tank required. And best of all, the gasoline motor necessary to take the handling and work out of this type of fertilizer operation, is mounted on the 'nurse tank' and by its use you have a "filling station" type of operation. There is no heavy lifting, no need for excess labor — and with the Liquid Fertilizer operation you are able to fertilize more acres per day, applying the correct amount of plant nutrients at a savings which will amaze you.

If you're still pondering the use of LIQUID FERTILIZER . . .  
Ask the man who used it last year

Highlights and Sidelights FROM YOUR State CAPITOL

By VERN SANFORD AUSTIN, Tex. — We may have a muddy spring this year...

This is not a fantastic question but one that Texas' state and local officials, engineers and water planners are grappling with now.

Gov. Price Daniel told a farm convention in Austin that Texas has made great progress in statewide water management in the past three years.

Water planning and development, said the governor, is essential to the state's growth and prosperity in the years ahead.

A series of three meetings will be held during March along the Colorado River and its tributaries to discuss water needs of those areas for the next 50 years.

Meetings will be held in conjunction with the U. S. Commission studying Texas' major river basins. They will be in Wharton March 8; Big Spring March 15; and Austin, March 17.

Colorado River Industrial Development Association (CRIDA) will sponsor the Austin and Wharton meetings and the West Texas Chamber of Commerce the Big Spring Meeting.

State Board of Water Engineers called for a "time" out!

San Jacinto River Authority has been chief objector to granting of the permits. SJRA contends that Houston will shortly need more water for domestic use but that Trinity water, because it contains sewage from Dallas and Ft. Worth is not suitable.

In the far ranging testimony, water engineers discussed the probable water needs of Houston, Dallas and Fort Worth in 2010, and the possibility that Texas might be subjected before 2010 to a drought worse than that of 1950 to 57.

4. Texas is losing the battle for industry because of inadequate water supply, the director of UT's Balcones Research Center told an Austin meeting.

"Central Texas is in good shape," said Dr. J. Neils Thompson, "but the rest of the state is in sorry shape."

Texas has an average rainfall of 27 inches compared to an average of 30 inches for the U. S. as a whole, said Dr. Walter Moore, also a UT engineer. But he said Texas has a special problem — an evaporation rate 50 to 100 per cent higher than for the U. S. as a whole.

AUTO DEATHS DROP — Texas had an "almost sensational" 28 percent drop in traffic deaths in the first seven weeks of the year Governor Daniel announced.

This is the period since the new Safe Driving Auto Insurance Plan went into effect.

There were 69 fewer deaths during the first seven weeks of this year than during the same period in 1959. Drop was from 243 deaths in 1959 to 174 this year.

Board of Insurance Chairman Penn J. Jackson said he felt the new insurance rates, which are higher for careless drivers, were due at least a portion of the credit for the improved safety record.

Conclusive evidence, both the governor and insurance board chairman agreed, would have to await more time and statistics.

INDUSTRY SEEKERS NAMED Nine men have been named by Governor Daniel to the new, enlarged Texas Industrial Commission.

He also gave them as their 1960 assignment the gaining of 254 new industries for Texas — one for each county.

Members of the old three member Industrial Commission were appointed to the new board. They are E. B. Germany, Dallas; Houston Harte, San Angelo; and Chester C. Wine, Laredo.

New members are Robert F. Haynsworth, El Paso; Ray H. Horton, Houston; Morris Higley, Childress; Richard H. LeTourneau, Longview; James A. Redmond, Beaumont; and Al H. Chesser, Austin.

FISH FOR FARMERS QUESTION — A H-use of Representatives committee looking for ways to save tax money quizzed spokesmen of the Game and Fish Commission on its fish and quail restocking programs.

Committee members questioned whether the Commission should give out free young fish raised in the state hatcheries. They go to farmers and others to stock tanks.

A Commission official said the little fish cost the state about 1.5 cents each to raise.

Legislators also consider at length the Commission's quail hatching operation near Tyler. Quail it was brought out, cost about 69 cents each to raise, are sold to landowners for game restocking at 50 cents apiece.

POLIO OUTBREAKS FORESEEN — State Health Department predicts a rise in the number of polio cases in the spring months ahead.

Most of the victims, said the Department, will be among those who have not taken advantage of polio shots.

Last year's record shows that three out of four polio victims had not had any vaccine and 9 out of 10 had not had all the recommended series.

Texas had 526 cases of polio last year, approximately 13 percent of the 3,984 cases recorded in 1952 before Salk vaccine.

A health Department official deplored parents who, "in the face of almost daily urgings, ignore the chance of giving their youngsters an infinitely better chance to escape polio."

Most of the victims, said the Department, will be among those who have not taken advantage of polio shots.

39 Percent of Registered Vehicles Have Been Inspected in the County

"There are less than 20 working days left until the April 15 deadline for the new Motor Vehicle Inspection sticker," Captain Alan Johnson said today.

Service Commander for the Motor Vehicle Inspection service of the Texas Department of Public Safety, pointed out that only 44 percent of the 459,372 registered motor vehicles in this region had been inspected as of March 1, 1960.

This indicates that many motorists continue to postpone having their vehicle inspected. By failing to do it now, drivers face the possibility of waiting in line at one of the state approved inspection stations as the deadline approaches.

If bad weather occurs this adds to the burden because inspection stations do not make inspection while the streets are wet.

As of March 1st, 1404 out of 3600 registered vehicles in Cochran County had received their 1960 vehicle inspection it was announced this week in a release by the Department of Public Safety.

The figure represents only 39 percent of the cars inspected in the first six months of inspections for this new inspection year and 61 percent yet to be inspected in the final 20 days.

Bailey County has done considerably better with 48 percent inspected; Hockley has inspected 44 percent and Lamb County, 49 percent. Yoakum has only 36.5 percent inspected.

Texas Registered vehicles operated on public streets and highways after April 15 must display the 1960 Motor Vehicle Inspection sticker. Failure to do so often leads to traffic arrest for the driver without a current inspection sticker displayed on his vehicle.

DAUGHTER IS BORN TO JIMMY LINDSEY'S Mr. and Mrs. Jimmy Lindsey of Carlisle, are parents of a baby girl born March 16, and named Tracy Lyn. She weighed 6 lbs., 7 oz.

The Lindseys have one other daughter, Mari, 2 years old on March 17.

Mr. and Mrs. Cecil Lindsey of Maple are the grandparents and Mrs. W. A. Lindsey of Morton is the great grandmother. Mr. and Mrs. Cecil Lindsey and Mrs. W. A. Lindsey visited the Jimmy Lindseys Sunday.

PAIR HONORED AS STUDENTS of MONTH BY LIONS CLUB

Norma Flanagan and James Rutherford were the students of the Month, honored by the Morton Lions Club at its meeting recently.

The students, selected for their ability to "carry through a job," good citizenship, good grades, and their popularity in the school among fellow students, were introduced by Mrs. Helen Crone, faculty member.

Each stood up and told of their activities and then both were welcomed by Lion President J. C. Reynolds.

### YOUNG MATRONS WILL BE HOSTESSES TO L'ALLEGROS

The Y. M. Jr. Study Club met in the home of Mrs. Kenneth Watts on March 10th with 17 members present.

A letter was read to the club from Mrs. R. B. Jones of Plains saying she enjoyed the luncheon and meeting which she attended here on February 26, sponsored by the club.

The club discussed Bill No. 94, which is to be voted on in Congress in the near future.

The date for the next meeting was changed to avoid conflict with a revival meeting in session at the First Baptist Church. The new date for the meeting is March 31st. At that time members of the L'Allegro Study club will be guests of the Young Matrons. Co-hostesses for the affair will be Mesdames Ray Keith Monaghan, Sammie Leverett and Paul Gunter.

Mrs. George Boring was appointed by the club to meet with the Lions Club on March 23rd concerning the club's citizenship program.

The Club collect was read by Mrs. Eli Douglas.

Mrs. Dexter Nebbut appointed her committees for the coming club year.

Mrs. Ed Thomas was accepted into the club as a new member.

Mrs. Steve Monroe had the program, a book review of "The Unappointed," by Lawrence Chinn. It was a story of the life of David.

### W.S.G. HEARS REPORT ON SOCIAL CREEDS, MOVING POPULATINS

The Nineteenth Annual meeting of the Northwest Texas Conference for the Wesleyan Service Guilds Convened in Levelland First Methodist Church Saturday, March 12. One hundred guilds over nine districts were represented.

Miss Leila Petty, local president, and Mrs. Bill Wood represented the Morton group.

Registration began at 3:00 with a tea at the Methodist Parsonage in Levelland. The tea was a courtesy of the Woman's Society of Christian Service of Levelland. The evening meal was served at 6:00 with the evening session beginning at 7:00 in the Sanctuary.

Mrs. Ethel Terrell of Lubbock Conference, secretary, presided. Miss Helen Morton of Seminole lead the group in singing with Miss Lucille Flowers of Plainview, reading the scripture.

Special music was provided by a South Plains Jr. College group, directed by Mr. Harley Bulls.

A pledge service for the Ninth District was conducted by Miss Catherine Royalty of Lubbock.

The speaker for the evening was Miss Lucy Gist, a deaconess from the Bethlehem Center in Fort Worth.

Sunday morning session began with a breakfast at the church. A business meeting was conducted.

### WESLEYAN SERVICE GUILD CONFERENCE FOR AREA CHAPTERS, HELD MARCH 12TH

The Nineteenth Annual meeting of the Northwest Texas Conference for the Wesleyan Service Guilds Convened in Levelland First Methodist Church Saturday, March 12. One hundred guilds over nine districts were represented.

Miss Leila Petty, local president, and Mrs. Bill Wood represented the Morton group.

Registration began at 3:00 with a tea at the Methodist Parsonage in Levelland. The tea was a courtesy of the Woman's Society of Christian Service of Levelland. The evening meal was served at 6:00 with the evening session beginning at 7:00 in the Sanctuary.

Mrs. Ethel Terrell of Lubbock Conference, secretary, presided. Miss Helen Morton of Seminole lead the group in singing with Miss Lucille Flowers of Plainview, reading the scripture.

Special music was provided by a South Plains Jr. College group, directed by Mr. Harley Bulls.

A pledge service for the Ninth District was conducted by Miss Catherine Royalty of Lubbock.

The speaker for the evening was Miss Lucy Gist, a deaconess from the Bethlehem Center in Fort Worth.

Sunday morning session began with a breakfast at the church. A business meeting was conducted.

### T and C STUDY CLUB HEARS REPORTS ON WOMEN ARTISTS

Town and Country Study Club met March 16th in the home of Mrs. Willard Cox for a program entitled "Women Artists". Eleven members answered roll call and welcome was extended to one visitor, Mrs. Wade Strother.

Mrs. Otis Parr reviewed the life of Rosa Bonheur, and Mrs. J. D. Glass presented a report on Grandma Moses.

Club members were reminded that the next meeting will be the book review "The Woman I'd like to be", given at the home of Mrs. LeRoy Burris on March 30th.

# Headlines . . .

**By Eddie Irwin**

IT'S A SHAME a writer could begin to do justice to a speaker like Dr. Leon Hill who spoke before the athletic banquet on Monday a week ago.

we can carry . . .

A STORY saying he spoke and that he was enjoyed, but you can't picture in a story the reaction of the audience to his almost constant stream of humor and character.

all we can . . .

ADD IS THAT if you have a chance to hear him, and you want a delightful hour or so, be sure to attend. He'll tickle your funny bone, if you have one at all. We saw a lot of wry faces that hadn't been convulsed with laughter in many a day, suddenly breathed in smiles. It was good to see what ails people . . . to laugh little.

a lot of folks . . .

**ARE WONDERING** just what is coming of this study about the possible formation of a Chamber of Commerce in Morton. Actually, a lot has come out of it.

the committee . . .

**OF SIX MEN**, originally formed to make the study, was expanded, after a fashion, yesterday morning at a breakfast when each of the committeemen were asked to bring one interested merchant to the meeting for further discussion.

the object . . .

**IS TO MOVE SLOWLY** and carefully, so that every merchant in the area . . . indeed every farmer, every man, woman, and child knows just what it's all about. The object is to convince everyone, before the chamber is formed, of the worth of such an organization and of how important it can be in the future development of Morton.

it should be . . .

**STATED HERE**, that there is no doubt in the minds of any of the committee members about whether or not a Chamber of Commerce should be formed. The only questions, and they are serious ones that will take lots of thought and consideration, are just how much the membership fee should be, how much it'll cost to operate for a year, where do you get a competent manager and how much should you expect to pay him.

yes, these . . .

**QUESTIONS WILL** take some time to solve, and it is hoped that before they are solved, we will have a whole county full of merchants ready and willing to project their opinions, but also ready and willing to give in to the opinions of the majority . . . for it will surely take this kind of cooperative spirit to get Mortontites working in the same direction. Most of us already have the same common goals, but the question is as how to channel everyone's efforts in the same direction toward accomplishing that goal.

we want to . . .

**TAKE THIS opportunity**, on behalf of the committee members and everyone else interested in the Chamber project, to thank Ralph Duncan of the West Texas Chamber of Commerce for his aid in this project. Without his interest and help, we probably would still be floundering around indecisively . . . unable to agree on any approach to the problem.

the paving . . .

**PROGRAM UNDERWAY** in Morton, is having, as it was expected it would, a lot of headaches. Seems that the problem of trying to drain water off our fair city is not as easy as one might think. There just isn't enough grade difference over most of the city, and the places where the water naturally wants to drain are not the places where we would like it to go.

so when . . .

**THE ENGINEER** and contractors began work last week and began to dig away certain streets to a depth which not only necessitated the moving of a lot of city water lines, but also made some of the home owners a little skittish, it isn't our place to jump up and start telling them how to do it. Looks like we either should take the word of our engineers on the project, or else hire someone whose word we will take.

we doubt . . .

**SINCERELY**, with all the experts we have in Morton, there are any who would want to stand up and claim that they are better engineers than those who have an engineering degree . . . though it is quite possible, there may be some.

sport fans . . .

**WHO ENJOY TRACK**, have the opportunity of seeing one of the better balanced Morton teams in action a few more times this spring. We lack only about two boys for having a real fine, well rounded team. As usual, we lack the sprint man, and there's little chance of uncovering one. But there has been some talk, in the past week, that if Charley Silhan will continue to develop, he could be a real boon to our relay teams. We are actually stronger in moderately fast men who have the strength to run the middling distances, than in any other place. In years gone by, the jumping events were Morton's strong points, but we have a long way to go in these divisions.

there are . . .

**A LOT OF BOYS** out who could pick up some points for Morton in the district meet, in those field events, if they would just have the desire to work for the points, rather than to decide, if they can't be a winner, they just won't compete at all. Track meets are usually won by the team that picks up the second and third place points, rather than the team that has one or two first place winners.

Principal Eli Douglas had an enthusiastic thanks for parents of first graders-to be for their tremendous response to the pre-school held early this week.

Eighty students to be were on hand Monday to register and another 10 more were registered before the three day session ended. Douglas felt that the attendance was exceptionally good and the reception to the program excellent.

He said he felt they would see next fall the results of the program calculated to helping students get familiarized with the school, campus, and teachers so that it won't be such a radically new episode for them in the fall.

Douglas said the large attendance also emphasized the fact that the school will have another very large first grade group for next fall.

**Six Candidates In Coming Election At Whiteface**

Two candidates have announced for the office of mayor of Whiteface. They are Cecil Riddle and Cloyce D. Pond.

Riddle is associated with the General American Oil Company and Pond is with the Cities Service Lehman plant.

Mayor O. C. Rankin is not seeking re-election to the post.

Seeking the two posts of Whiteface commission are incumbents, L. U. Thompson, who operates the "Playmore," and L. S.

associated with General American Oil Company, and John V. Bridges, who is with the Cities Service Lehman plant.

Rep. George Mahon  
— ★ ★ ★ —  
**Rep. Geo. Mahon is Candidate For Re-election**

The 19th Congressional District's Representative, George Mahon, has submitted his name to the voters for re-election to another two year term.

Representative Mahon has officially filed for a place on the ticket in all the counties of his District, and he has asked the Tribune to make known his candidacy to the public.

The Congressman has no opposition. He has had the endorsement of the voters — without an opponent — for several years.

"It goes without saying," Representative Mahon said, "that I remain deeply grateful to the people of the 19th District for the confidence they have placed in me. It will always be my earnest desire to serve the nation and West Texas in ways that are right. I continue to be at your service and I will try to be of assistance in requests which come to my office and in legislative matters in the House of Representatives."

Mahon is ranked as one of the most influential members of the House of Representatives, with tenure in office dating back to 1935. His seniority, as well as his forthright approach to public affairs, has earned him high prestige in Washington.

He is Chairman of the Subcommittee on Defense Appropriations. In that role he receives national attention for his views on the nation's defense situation. He is the second ranking Democrat on the House Appropriations Committee and is especially active in fiscal and agricultural matters.

**VISIT EDGARS**

Van Ray Martin of Odessa visited Mr. and Mrs. Grover D. Edgar, Tuesday. Mr. Martin is an electronics engineer in charge of the Minneapolis - Honeywell Corporation District office in Odessa. He is Mrs. Edgar's nephew.

## Attendance Is Excellent at First Pre-School Clinic Held in Morton

Principal Eli Douglas had an enthusiastic thanks for parents of first graders-to be for their tremendous response to the pre-school held early this week.

Eighty students to be were on hand Monday to register and another 10 more were registered before the three day session ended. Douglas felt that the attendance was exceptionally good and the reception to the program excellent.

He said he felt they would see next fall the results of the program calculated to helping students get familiarized with the school, campus, and teachers so that it won't be such a radically new episode for them in the fall.

Douglas said the large attendance also emphasized the fact that the school will have another very large first grade group for next fall.

WSCS Continues Study of Luke

The Woman's Society of Christian Service met Friday, March 18, to continue the study of Luke being taught by Mrs. W. C. Benham. Mrs. Paul Gunter presented the devotional using Luke's record of the childhood of Jesus and a story of Christian insight, "One Solitary Life" which ends, "... all the armies that ever marched, and all the navies that were ever built, and all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon his earth as has that One Solitary Life."

Mrs. D. A. Ramsey discussed the call, response and empowerment of Christ, Mrs. John Crow-

der spoke on the temptations of Christ, then Mrs. Benham pointed out the way Jesus used Scriptures.

Those present were Mesdames J. E. Harrell, W. G. Briley, E. L. Cox, W. S. Key, J. D. Hawthorne, Pegues Houston, Crowder, Ramsey, Gunter and Benham.

On Tuesday, March 22, the study was continued. Mrs. J. D. Hawthorne discussed the prayer life of Jesus, and Mrs. Bobby Adams gave a meditation on the Lord's Prayer. The meeting closed with a playlet on the work of deaconesses presented by Mrs. Pegues Houston, Mrs. H. M. Christian, Mrs. John Crowder, Mrs. Paul Gunter and Misses Shirley Miller and Linda Benham. Others attending the meeting were Mesdames: W. G. Briley, Glenn Benham, C. C. Benham, W. S. Key, J. E. Harrell, Elizabeth Greer, and J. N. Burnett.

Lions, Guests Hear Program on 'Menace of Communism' Citizenship Training Course Outlined By Dr. Maddox

Seventeen guests were on hand for the regular meeting of the Morton Lions Club Wednesday, nine of them attending because of the program presented by Dr. Maddox, president of Lubbock Christian College.

The program, entitled a "Citizenship Training Program," was a synopsis of a six week course offered by the college, at no enrollment charge, to persons interested in studying the progress of Communism and the re-examination of the American way of life and the things that make it great.

Dr. Maddox discussed the lessons taught, in weekly two hour sessions, and said the course could be sponsored in Morton by a

local group, and taught by one of six representatives of the college taking part in the program.

Accompanying Dr. Maddox was his wife, and guest of the club was Byron Willis. Local women's clubs were represented by Mrs. Helen Crone, Cochran County Garden Club; Mrs. Willard Cox and Mrs. Alvie Harris of the Town and Country Study Club; Mrs. H. B. Barker of the L'Allegro Study Club; Mrs. Hume Russell of the 1936 Study Club and Mrs. George Boring of the Young Matrons Study Club.

Other guests included State Rep.

and Mrs. Bob Bowers of Brownfield; Tim Smothers of Lubbock; Max Hamilton, the city's newest lawyer; and Al O'Brien, Howard Schmieding and Guy Frowell, currently working on the city's paving project.

Dr. Maddox explained the course was non-sectarian, the project of LCC in the nation's \$500,000 National Education program. He illustrated his synopsis with slides used in the course. He told the group that he believed they have graphic proof of the complete inability of socialism to provide a better way of life.

WILLIAMSON —

Continued From Page 2

and others, came to Bill for their work. It simply placed a needlessly heavy burden on him.

Freed to tend to other details, still available for consideration on loans, and with his long time associate and fellow director James St. Clair, now a vice-president, Bill hopes to be able to get out and sharpen his perspective of the overall area economy. He hopes also to have more time for his favorite leisure hours, fishing.

One thing's for sure, in Morton Bill isn't fishing. By pulling the

First State Bank to the position it now holds in the community, he's already "landed" the big 'un.  
Connecticut this year enacted the uniform Vehicle Code definition: Stop: means complete cessation of movement."

Three Way News ...

By Mrs. Frank Griffith  
PATSY SOWDER GIVEN BRIDAL SHOWER

A bridal shower, honoring Miss Pasty Sowder, bride elect of Billy Dupler, was given in the Garvin home at Maple, Wednesday afternoon from 3 to 5.

Hostesses were Mesdames: Ed Lattimer, Conrad Williams, Pete Tarlton, Frank Griffith, Garvin, Amalia, Clark, Byers, Hightower, D. L. Tucker, Bud Warren, John Shepherd, George Tyson, Bill Eubanks and Misses Elsie Amalia, Annione Hightower and Jane Garvin.

The serving table was laid with an umbrella, flanked by a 4 tiered candelabra, holding tapers.

A white sheet cake decorated with blue was served with spiced tea and coffee.

Miss Sowder was presented a white carnation corsage. The hostesses' gift was a set of stainless steel cookware. Her gifts to the hostesses were corsages made of dish cloths.

Miss Sowder is the daughter of Mr. and Mrs. Eston Sowder of Baileyboro and Billy is the son of Mrs. Minnie Dupler of Maple. The couple plan to marry April 8th.

REHEARSAL FOR PLAY BEGINS MARCH 28

Rehearsal for the senior play begins Monday March 28. The tentative date for the production is April 22 at the Three Way school auditorium.

The Junior class took in \$132.50 at their play Friday evening. The money will be used for the Junior - Senior Banquet.

VISIT IN SUDAN  
Mr. and Mrs. Jack Lane and

Red Cross Services Depend On You

Since the beginning of Red Cross Safety Services in 1910, 50 years ago, the types of training and numbers of persons participating has changed constantly.

girls visited his parents at Sudan Sunday.

SUNDAY GUESTS  
Guests in the W. C. McCelvey home Sunday afternoon were Mr. and Mrs. Dub Alexander of An-ton.

BIBLE STUDY CLUB MEETS  
The regular meeting of the Goodland Bible Study Club was in the home of Mrs. Louis Henderson, Tuesday, March 14. They studied from the book of Romans.

A tacky party was planned for members and their husbands on April 1 at the Cass Stegall home. Tidbits and coffee were served to 9 members.

The next meeting will be in the home of Mrs. Horace Hutton on March 29.

SHOE WORKSHOP HELD  
A workshop on covering shoes was given at Muleshoe Wednesday. Attending were Mesdames Bob Klutts, Lewie Jordan, and Louis Henderson. The demonstration will be given to the home demonstration club if the members are interested in the project.

HOSTESS TO HD CLUB  
Mrs. Raymond Milligan was hostess to the Three Way Home Demonstration Club Thursday. A demonstration on repairing electrical appliance cords was given.

The business meeting was presided over by Mrs. Bill Eubanks. Refreshments of punch and cookies were served to 8 members.

COMPETE AT LEVELLAND  
The Three Way high school track team will compete in the meet at Levelland this weekend.

According to Frederic S. Laise of St. Louis, Mo., last year 133,820 residents of Texas received some kind of Red Cross safety instructions, including proper use of boats and motors, as well as the more familiar training in first aid, swimming, and lifesaving techniques. Laise is manager, Midwestern Area Office, American Red Cross.

Because of the accident potential attending the greatly increased popularity of recreational boating in nearly all areas of the country, Laise explained, the additional courses of particular value to boating enthusiasts were added by Red Cross to the already proven safety courses which have been taught with timely changes for many years.

In Texas there are over 7,000 volunteer instructors authorized to conduct various courses. As a result of their efforts and the materials and methods Red Cross has been able to develop and provide, 127 persons received certificates for completing courses in boating; 369 earned canoeing certificates; 42 persons received certificates for completing courses in sailing; 73,462 were formally trained in swimming; 10,271 were certificated as lifesavers; and 49,549 were trained in first aid.

In addition, Laise estimated, 117,470 got some kind of informal first aid or water safety instruction through demonstrations, film showings, and educational talks.

Across the nation a number of lives were reported saved as a result of this informal instruction. For example, lives of children particularly were reported saved in a number of instances when persons administered the new method of mouth to mouth resuscitation after reading about it or having seen it demonstrated.

Such services as these all depend upon voluntary contributions of funds. Laise says and it is vital that the 1960 campaign goal be met in order that such services may continue for safety's sake in Texas.

Heading up the Red Cross organization in Texas for the 1960 campaign are national vice chairman James H. Bond of Dallas and Ray S. Erlanson of San Antonio.
