VOLUME NUMBER TWENTY

MORTON, TEXAS, THURSDAY, JUNE 30, 1960

NUMBER NINETEEN

Profitable, Damaging Rains Fall

RAIN and HAIL DAMAGE HEAVY BENEFITS MAY OFFSET LOSSES

The heaviest rain storm of the season... packing a hail and electrical wallop... brought heavy damage to a good deal of Cochran County's crops, and at the same time played "hob" with electrical equipment around the area, Thursday night.

But the benefits, in the water for crops that sorely needed water, outweigh the destruction of crops, is a prediction voiced by several observers.

The heaviest rain damage seemed to be concentrated around Bledsoe, westward to the state line, and northward to Highway 13. Most of the crops in this western belt of the county were washed away.

The hail, which concentrated northeast of the city, also wiped out some of the better looking cotton in the county.

The electrical storm left in its path a path of more appliances and electrical circuits burned.

The rains, though very general in nature for the county, were highly irregular, and the storms seemed to follow no particular pattern.

In the northwest corner of the county and in the southwest part of Bailey County, rains measured an inch down to a quarter.

In the northwest of Morton, John McGee, 3-may Dewbre, Glenn Thompson, and others measured from three inches. Along the line west, going toward Bledsoe, the rains were pegged at 6 inches, some reported even heavier. East toward Lehman rains seemed to have been lighter and around Lehman and back north, several farmers called "just right", inch to inch and a half rains.

East toward Whiteface rains were heavier, around two inches over, but no reports of hail.

In the south, hails accompanied heavier rains. In the northeast, rain and hail fell in several places which seemed to come back off, and then start again.

The hail, which came east of Morton at about 5:00 to 5:30 p. m., preceded the rain, and then accompanied later rains. It raked the farm of Weldon Newsom, Howell Milligan, John and Eddie Chin, Earl Polvado, and Carl... Some of the best and biggest crops raised by the Silhans and Newsom, was nearly wiped out. Silhans estimated 50 percent loss.

South of Whiteface, Charlie Thompson, T. R. Harrison and Fred Scriffes had heavy hail of three or more inches of rain. It beat the roofs of houses, blowing severe damage, broke down gauges, beat out screens, and cotton crops in that area appeared to be wiped out by hail than rain, but the heavy cotton was washed under.

Ed Rosson, just north of Bledsoe, was washed out. Just south of the Star Route Gin, Richard D. and Vernon Blackley were hurt as bad, getting good crops, but a group of farmers near south, who had planned fishing trip, took a quick look at their fields and went on to...

June Rainfall Is Recorded at 4.66 Inches Here

Although the official rainfall in Morton last week was relatively little compared to the amounts received elsewhere in the county, the total for the month of June, according to records, is the second heaviest in the past 17 years, for the month of June.

The Soil Conservation Office gauge showed 1.41 inches on Thursday night, in Morton, and 1.39, on Friday and Saturday. The total of 2.8 inches raised the monthly total for June to 4.66. The year's total is now 7.46 inches.

The average rainfall for June in the 17 year period has been 1.5 inches, and for the past 50 years it is estimated at around 2.5 to 3 inches.

The 4.66 inch total is also the sixth largest amount for any month in Cochran County in the past 17 years, according to records.

The most rain officially gauged in any one month in the past 17 years here was 8.3 inches of moisture in the month of September, 1950.

2ND RAIN FILLS COUNTY LAKES CITY'S DRAINAGE GETS TEST

A second heavy rain, a little over 24 hours after the late Thursday night storm, raked Cochran County early Saturday morning depositing over 2 inches of water over much of the county.

There were no reports of hail during Saturday's storm which began shortly after midnight and continued until around 2 a. m.

Typical of the comparisons around the county was Lloyd Miller, just south of Morton who gauged 2.6 in the second rain as compared to 1.3 the night before. Throughout the county totals were from 3.5 to 6 inches in the two day period.

Saturday's rainfall, of the driving type, fell in a much shorter period of time and seems to have been at its hardest in downtown Morton. However, though many lowlands throughout the county, that are seldom under water, were inundated because of the large amount of rain in a short period of time, it was estimated that the amount of acreage actually badly damaged was small in comparison to the hail and rain damage, Thursday night.

The rain also provided city residents with their first eye witness account of how drainage will work in Morton, since the new 40 plus block paving project. Though the results were in most instances, okay, there were some real headaches... and the city was due to get some serious complaints.

Water which ran from the south sections of town, down 8th street, flowed into the basin in the "flats" section, before flowing out toward the County Park, and added just that much more water to a section of town that always has had more than its share of water.

One homeowner reported a 'new wrinkle' when the water, which never has gathered around his property, suddenly found a new route and flooded his back yard, missing coming up into his home by only a few inches. The particular homeowner had appeared at a city council meeting, during the paving consideration, and asked engineers how the water would be drained out of town. Saturday morning he found out the hard way.

Just how the drainage problem can be remedied for the future remains to be seen.

DRIVE SAFELY THIS "4TH"

Services Today For C. Bowden Of Whiteface

Funeral services for Claud Bowden, 58, an oilfield pumpjack, and resident of Whiteface for the past 30 years, will be held today (Thursday) at 10 a. m. from the First Methodist Church, Whiteface.

Mr. Bowden, father of Mrs. Mary Lou (Truman) Swinney of Whiteface, was dead on arrival at Phillips - Dupre hospital, Levelland, after suffering a heart attack about 4 p. m. Tuesday on his oil lease about three miles northwest of Whiteface.

Born in Comanche County, Mr. Bowden moved to Whiteface from Monday. For a time he operated the Whiteface Variety Store.

He was a member of the Whiteface Oddfellows Lodge and the First Methodist Church.

Survivors include the wife; two daughters, Mrs. Swinney, and Mrs. Earl Maze of Odessa; two brothers, Buell Bowden of Andrews, and Burnice Bowden of Monday; a sister, Mrs. B. C. Cooner of Olton, and four grandchildren.

It Won't Pay To Be Reckless In Your Driving

Planning to drive carefully in Cochran County over the 4th of July weekend?

Better!

All available patrolmen. Patrol will be on duty, and they've been told to "get after those who refuse to drive carefully."

Fines may not be so hard to take, but killing someone in your family or someone else's, will be hard to take.

You may not care about your life, but remember, the life you save may be MY own... and I care.

Rites Held for Brother-in-law At Brownfield

Funeral services were conducted at 3 p.m. in the Memorial Chapel of the Brownfield Funeral Home, Thursday, June 23, for Edgar E. Kirk, 41, brother-in-law of Orville Tilger of Morton.

Kirk, a farmer, died at his home, 1 1/2 miles northeast of Meadow, on Wednesday afternoon.

Rev. Don Murray, pastor of the Meadow First Baptist Church officiated and burial was in Lincoln, Ark.

A resident of Rt. 1, Meadow, Mr. Kirk had resided in the Meadow area since 1951, moving to Terry County from Oklahoma City. He was married to the former Miss Lucille Tilger in 1944 at Meadow. He was a World War II veteran.

The wife; a daughter Betty; and two sons, Ronnie and Keith, all of the home, survive along with his parents, Mr. and Mrs. R. L. Kirk, Lincoln, Ark., and a brother, J. R. of Lincoln.

Mr. and Mrs. Orville Tilger attended the funeral and also the burial services in Arkansas.

Most Businesses To Close On "4th"

By far the majority of Morton merchants plan to close their doors to business on Monday, July 4th, and observe the long Independence Day Weekend.

County, Federal and City offices will be closed along with the following merchants who were reached by a poll:

Grocery Stores, Truett's, Doss, Willis, Piggly-Wiggly, Seaney's and Jeter's. Open for business will be Raines, Baldrige, West Side, and House Gro. and Fruit Stand.

Dry Goods, St. Clair's, Coob's, Childs', Minnie's, Clarke's, and Ideal Gift Shop, closed.

Hardware and Furniture Stores are Ray's, Rose Auto, White's

Singing School To Open Monday

A singing school will begin Monday, July 4, at the First Assembly of God Church, Morton, it was announced by Rev. and Mrs. H. T. Clarke, pastors.

The school is under the sponsorship of the area singing convention.

The public is cordially invited to attend any and all of the school.

The school will continue for two weeks, with classes Monday through Friday, beginning each night at 8 p. m.

Mrs. Bryant Booth and daughter of Muleshoe are conducting the school. Private classes by day may be arranged.

Ministerial Group Meets Next Week

The area Ministerial Alliance will meet Thursday, July 7, at 10 a. m. in the First Baptist Church, Morton, for the election of officers, it was announced this week by Rev. Austin Steadman, pastor of the First Missionary Baptist Church, Morton, and secretary to the alliance.

Rev. Fred Thomas, pastor of the First Baptist Church, Morton, is president of the alliance.

FISK TIRES HAS NEW DEALER FOR MORTON AREA

B & C '66' Service announced this week the addition of the Fisk Tire line to their firm.

The dealership was formerly held by Reynolds Tire Company which is being closed out. J. C. Reynolds, as shown in another news story in this publication, became associated with the Chevrolet dealership, here.

Jack Gunnells, who was with Fisk at Reynolds, has been named manager of the B & C.

Lions Adjourn For The Summer

The Morton Lions Club adjourned for the summer after their luncheon meeting, Wednesday.

The club will reconvene the first Wednesday in September according to Lion President E. L. Willis.

Ed Thomas, Conservationist with the SCS, gave their program a film, on soil and water conservation.

Thomas emphasized that it's everyone's job to conserve soil and water... not just the farmer, but every citizen.

Lightening Causes Fire In Home Here

Lightning caused a fire in a house owned by Mr. and Mrs. Glenn Black early Saturday morning. The fire was spotted about 7 a. m. Saturday, by Earl Crum. The fire department was called and promptly put the fire out.

The home is located in the southeast part of Morton just west of the F. F. Roberts home.

The Blacks had moved out of the house just a few days before and no one lived in the house at the time of the fire.

Damage to one room was rather heavy, but it is theorized that the fire had smoldered for sometime and was just getting in shape to be a big blaze, when discovered.

LION PRESIDENT TO ATTEND NATL CONVENTION

Mr. and Mrs. E. L. Willis will leave Sunday morning by special train from Lubbock to attend the national Lions Convention in Chicago next week.

They plan to return to Morton the following Monday morning.

JAYCEES CANCEL MONDAY MEETING

The Morton Jaycees have cancelled their meeting next Monday, due to the fact that it is a holiday.

TWO 5 YEAR SENTENCES GIVEN IN DISTRICT COURT MONDAY

A five year sentence, and a five year probation sentence were handed out in 121st District Court here this week, and two cases have been set for the September docket.

Feliciano Aguilar Ortiz, charged with passing a truly forged instrument, pled guilty, waived jury trial, and received a 5 year probation sentence, as long as returns to old Mexico and does not come back to the United States during the 5 years.

Archie Baker, charged in a trio of county burglaries last spring was sentenced to 5 years in the state penitentiary at Huntsville.

Cases against Leonard Ray Henderson and Brigido Hernandez were put off until the August and September term of Court. Henderson is charged with burglary and Hernandez is charged with rape.

Ortiz, who worked as a farm laborer for Aldon Mullinax, forged two checks on Mullinax and was about to board a bus headed for old Mexico, when apprehended a few months ago. He cashed the checks in Morton and was charged on one of the checking violations passed to George Farhat, local merchant, operating the Popular Store.

He came into court with a clean previous record, and with an interpreter and court appointed

BARBER HELD 'NOT GUILTY' WEDNESDAY IN UNUSUAL J.P. COURT CASE HELD HERE

Celestino Sotello, operator of a barber shop here, was found "not guilty" in Justice of the Peace Court, Wednesday morning of a complaint which charged Sotello with operating a barber shop on Sunday.

The case, styled "The State of Texas vs. Celestino Sotello," was heard in Justice of the Peace Albert Morrow's court. Location of the trial was in the district court room. The trial lasted 45 minutes.

In handing down his decision from the bench, Judge Morrow said:

"If I found this boy guilty of a crime by operating his shop on Sunday, knowing other stores are open for business within a stone's throw of his shop, I couldn't sleep at night... there are higher courts than mine... one of which I must face someday... I find the boy not guilty."

Sotello was represented in court by George W. Boring and E. L. (Max) Hamilton, Morton attorneys. County Attorney Grover D. Edgar represented the state.

Appearing as witness for the state were T. G. Long and M. G. Matthews, operators of barber shops here, and signers of the complaint.

The complaint charged Sotello with the operation of a barber shop on Sunday, June 26, at which time he cut the hair of H. G. Long for the sum of \$1.25.

At the start of the trial before Judge Morrow, attorneys for Sotello, and Sotello, waived the error in the spelling of Sotello's name in the complaint. Sotello also waived a jury, and entered a plea of "not guilty."

Although Sotello was sworn in with Long and Matthews, he was never called to the stand.

Long, who was the first witness on the stand, described how he received a hair cut at Sotello's shop Sunday morning, and paid

Indians Slip Past Tigers, 8 to 7, In Nip and Tuck Babe Ruth Game

The Morton Tigers came mighty close to being the first Babe Ruth team to upset the Indians, Monday night, but couldn't hold an early 7 to 3 lead, and lost out in the final inning, 8 to 7.

Donnie Powers struggled through to get the win for the Indians, though he was wilder than usual, and almost suffered his first loss of the season. The Tigers lost three men on the bases any one of which could have kept them in the game, if they had scored instead of being picked off.

Powers himself spanked a home

family requested to bring enough food for their own family, will be held at 7:00 p. m. All members of the Country Club are being urged to take part in these holiday events.

CUBS MOVE UP THE LADDER WITH CRUCIAL LITTLE LEAGUE VICTORIES

CUBS SWAT SOX BY 20 - 3 COUNT

The up and coming Little League Cubs utilized five solid base hits and two Sox errors to wrap up a first inning 7 to 0 lead and then watched the demoralized chance to score in losing a 20 to 3 decision.

The game was called in the top of the 6th inning after the Cubs had run across another half dozen scores, when it got too dark to see the ball.

The win put the Cubs another notch ahead of the Giants in their battle for second place in the Little League.

GIANTS COMEBACK NIPS PIRATES

In one of the better Little League games of the season Friday afternoon, the Giants came to life in the bottom of the sixth inning to plate four runs and carried home a 5 to 4 triumph over the Pirates.

Jim Street, hurling good clutch ball, fanned Giants pitcher Penn Tom Burke twice with the bases loaded, and forced another Giant to bounce out with the bases loaded in three of the first four innings. Meanwhile the Pirates pushed across a third inning run to break a 1 - 1 tie and added two more in the fourth for a 4 to 1 lead.

Then the Giants went to work in the 6th. A loop single and a wild overthrow at second base scored the second Giant run. A single to right, only the third Giant hit of the day and a walk put the tying runs on base. Burke and Sammy Garza then came through with the clutch hits that won the game for the Giants.

CARDS BEAT CUBS IN 8 TO 7 THRILLER

The Little League Cards, down 6 to 1 at the end of two innings of play, pulled one out of the fire Saturday when they captured an 8 to 7 win over the second place Cubs.

The League Leaders played the first half of the first inning with only 7 players, before a full team arrived. They took advantage of two hits, two walks and two lapses in defense by the Cubs to take an 8 to 6 lead with five runs in the bottom of the fourth inning.

In the 6th frame, Bill Sokora drove one over the wall to whittle the margin to 8 to 7 before the Card's Joey Newsome shut the door on the Cubs to preserve the victory.

McDaniel and Sokora pitched for the Cubs while brother David Newsome pitched the first three innings for the Cards before being relieved by Joey.

CUBS BEAT GIANTS 13 - 11, MONDAY

The hard hitting Cubs, getting constantly stronger as the season progresses, seemed to be assured of a second place in the final Little League standings, Monday, after a 13 - 11 triumph over the Giants.

The Cubs put together three four run innings in the 3rd, 4th and 5th to nail down the triumph. But they also had to fight off a closing Giant rally that netted two runs in each of the 3rd, 4th and 5th frames and a four run 6th inning.

Gordon McDaniel's home run over the scoreboard was the biggest blow of the game.

Fabian Flores and Otho Hightower pitched for the losers, while McDaniel was the winning pitcher, being relieved by Turney in the final inning.

CARDS BEAT SOX IN PITCHING GEM

With the pitchers for the Sox and Cards hurling a double-one-hit game, Little League fans were treated to one of the most exciting games of the season, Tuesday, as the League leading Cards continued their mastery by gaining a 3 to 2 victory.

The Sox, not conceding a chance to even stay in the game with the league leaders, after having been mauled by them in two previous games, came up with one of their best efforts of the season afield, and certainly their best pitching effort.

The Cards had to play their very best brand of ball afield,

Sports News

LITTLE LEAGUE BASEBALL

runs in the third inning on three walks and on error and then added what proved to be the winning run in the fourth, on a walk, a hit batter, and David Newsome's single, a timely one, winning his own game. It was the only hit allowed by Mike Irwin, pitcher for the Sox.

Mike pitched the full game, fanning five batters and allowing five walks. He was so effective that the only ball handled by the outfield was the base hit by Newsome. Every put out was made in the infield.

David Newsome pitched the first five innings for the Cards and then brother Joey, a harder thrower, was put in to pitch the final inning to protect his lead. Between them they fanned six batters and walked only two. Again, the pitcher's were tremendously effective, only one ball being hit out of the infield in addition to the home run.

The Sox made five errors, the Cards, three.

Little League All Star Team To Be Named

The Morton Little League All Star team will be selected by the league managers, after Friday afternoon's Little League game.

The decision was announced this week by George Boring, League Executive Secretary.

The managers will turn in ballots, and boys selected unanimously will be placed on the team with others selected by agreement of the managers, at the Friday meeting.

Fourteen players will be named to the all star team which will represent Morton at the Little League playoffs in Levelland. Boys selected must carry a league age of 11 or 12.

RC Rotary Hoe
does double duty

• SPEEDS UP EARLY CULTIVATION

You can cultivate crops at your fastest field speed with the RC rotary hoe or go at slower speeds when required. Eighteen-inch steel digger wheels get out just-starting weeds, break up soil crust formed after rains. Your crops get a good growing start. Digger wheels rotate independently on the gang axle.

• PACKS THE SOIL WHEN REVERSED

With the V-type hitch hooked at the rear, the RC rotary hoe becomes a packer. Used in this way, it gets down through trash and packs around the seed. Surface soil is not finely pulverized; small lumps thrown up on the surface help to prevent soil loss from drifting and blowing.

Features: All-steel construction. Each 42-inch section has two gangs of seven digger wheels with 10-inch replaceable steel fingers. . . Whether one, two, three, four, or five sections are used each section follows ground contours. . . Oil-impregnated wood bearings never need oiling. . . Deep pan weight boxes are regular equipment.

FOR 3-POINT HITCHES

Two-section RC rotary hoe is available for 3-point hitches. Lifts off ground for easy transport and turning. Fits the Minneapolis-Moline QO Hitcher and other 3-point hitches.

Stop in and see the Minneapolis-Moline RC Rotary Hoe.

Mary Duron Engagement Announced

Mr. and Mrs. Cruz Duron of Rt. 2, Morton, announce the engagement and forthcoming marriage of their daughter, Mary, to Joe Salas of Rt. 2, Morton, son of Mr. and Mrs. Manuel Salas of Morton.

The date for the Nuptial Ceremony has been set by the bride and groom to take place on July 10th, 9:00 a. m. in St. Anne's Catholic Church in Morton, the Reverend Fred Hyland officiating.

The bride attended the Morton Elementary Schools and graduated from Morton High School with the class of 1958. She is presently employed by Dr. J. Walker Davis, M. D. at the Morton Medical Center.

The bridegroom attended Kennedy schools and has lived in the Cochran County surroundings since 1952. He is employed by Earl Polvado and is engaged in farming. The couple will make their home on the Earl Polvado farm two miles east of Morton.

Friends of the couple are cordially invited to attend the wedding.

Friendly Circle H. D. Club Meets

The Friendly Circle H. D. Club met June 20, in the home of Mrs. C. G. Koontz. For the program, members made posters for the Bill Mack Talent Show sponsored by Cochran County H. D. Clubs.

Roll call was answered by, "How to Understand Our Children Better, Especially Teenagers." Patience and Trust seemed to be some of the important factors to help understand our children.

Mrs. C. G. Koontz was elected as nominee to the State THDA meeting.

Those attending this meeting were Mesdames H. T. Gardner, Jake Reid, C. G. Koontz and new member, Mrs. Weldon Wynn.

Mrs. Weldon Wynn will be hostess at the next meeting on July 21 at 3:00 p. m. The program will be "A Skirt that Fits", to be given by Miss Leila Petty, H. D. Agent.

TO VISIT IN SANTE FE
Mr. and Mrs. Oval Massey of Morton and her parents, Mr. and Mrs. Coy Austin of Ft. Worth, plan to spend the 4th in Santa Fe, N. M.

IN MULESHOE HOSPITAL

Mrs. Carl Dupier of Morton underwent surgery Friday at the Muleshoe hospital. She expects to be in the hospital for at least 10 days.

VISIT ON WEST COAST

Mr. and Mrs. Bill Bierman of Whiteface, son and wife of Tullia, returned recently from a two week vacation spent visiting relatives in California, Oregon, and Idaho.

They report landing salmon up to 24 pounds in weight caught out of the Pacific Ocean. At Ontario, Oregon, they had an "old fashion" get together with two of his brothers and a sister.

BROKEN COLLAR BONE

Jimmy C. Seif, son of M. and Mrs. Carl Seif, suffered a broken collar bone recently while cranking a tractor on his father's farm, Rt. 2, Morton.

Born in South Plains County

See the Chevy Mystery Show in color Sundays, NBC-TV—the Pat Boone Chevy Showroom weekly, ABC-TV.

IT ONLY FEELS LIKE POWER STEERING

(Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or

conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or antifreeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much

they add to your driving pleasure. But why wait!

4-H DRESS REVUE

Parents and friends of 4-H Club girls are invited to the County Dress Revue at 3 o'clock, Thursday afternoon in the Auditorium of the County Activity Building.

4-H COUNCIL

Presidents, Secretaries, and Council Delegates of all Boys' and Girls' 4-H Clubs in the county have been sent notices of a Council meeting scheduled for Friday evening, July 1. The meeting will begin at 8:00 and will be held in the Banquet Room of the County Activity Building in Morton.

Planning for the annual 4-H County Wide Rally Day will be among the items of business.

DISTRICT CAMP

The annual 4-H District Camp will be held at Lubbock July 6, 7, 8. Four girls, four boys, leaders and agents from each of the 20 counties in the district will attend.

TRY SOME NEW CORN MEAL

Need some variety in your daily meals? Special dishes made

from corn meal can give a new look to the main course, the bread course and even the dessert course. "Sausage Corn Bread Supper" is one example. Add a tossed green salad, milk and fresh fruit and you have a quick easy meal ready to serve.

To make this tasty dish follow these directions: Brown a pound of sausage links in a skillet over low heat. Drain the drippings and arrange 10 sausage links over 6 apple rings in the bottom of a skillet. Save the extra sausage links and cut into pieces to blend in with the batter.

For the corn bread sift together 1 cup corn meal, 1 cup flour, 1/2 teaspoon salt and 4 teaspoons baking powder. Add 1 egg, 1 cup milk and 2 tablespoons sausage drippings. Beat with rotary beater until smooth, about 1 minute. Blend in the chopped sausage links. Pour the batter over the apple rings. Bake at 425 degrees F. for 20 to 25 minutes. Invert immediately. Serve with warm apple sauce. Serves 6 to 8.

Recipes for other corn meal dishes such as Banana Corn Meal

Loaf, Corn Meal Waffles, Dixie Brownies, Corn Dogs, and others are found in B-269, "Corn Meal and Grits - Selection and Use." Get a copy from this office.

"Corn Dogs," sometimes called "Super Dogs," made a great hit this month when Food Leaders prepared them in Home Demonstration Clubs.

FOOD ADVICE FOR TRAVELERS

Keeping your family well-fed may be your biggest vacation problem. Here's some food advice for travelers that may be the answer to the problem: Include lots of fruit, vegetables, meat, eggs, and milk in your diet. Try to avoid fat or fried foods and sweets, such as too many soft drinks, candy, cookies and ice cream. These foods may not be harmful, at home in moderation, but it's easy to eat too many on a trip. They may cause you to omit other necessary foods. Eating well-balanced meals will do more than anything else to prevent car sickness and constipation - two common problems of travelers.

To select a safe, sanitary restaurant, specialists suggest you watch where local people eat or follow the recommendation of travel authorities. Eating places within a large city usually are under more strict, sanitary control than those outside city limits. Drink only pasteurized milk. Avoid creamed foods such as potato salads, custard or cream pie des-

serts. Danger of food poisoning are greatest in these foods. **MORE MILK IN THE DIET** Ice creams and frozen desserts are pleasant ways to add milk to the diet. Try these recipes for family or company meals:

PEPPERMINT STICK ICE CREAM

Crush enough peppermint candy to make 2/3 cup.

Soften 1/2 teaspoon unflavored gelatin in 2 teaspoons cold water. Scald 1 cup evaporated milk over boiling water, add softened gelatin and stir until dissolved. Chill until icy cold. Whip with cold rotary beater, or electric beater at high speed, until stiff.

Fold in peppermint candy. Freeze, without stirring, in tray of automatic refrigerator at coldest temperature, or in a mold buried in a mixture of 3 parts ice to 1 part ice cream salt.

LEMON CREAM SHERBERT

2 teaspoons grated lemon rind
1/2 cup lemon juice
1 1/2 cups sugar
2 cups milk
2 cups light cream

Combine lemon rind, lemon juice and sugar. Allow to stand several hours. Gradually add lemon mixture to milk and cream. Turn into refrigerator tray. Freeze until firm throughout. Remove to chilled bowl and beat with rotary beater or electric mixer until smooth and fluffy. Return to refrigerator to complete freezing. Yield: 8 to 10 servings.

WAS PLANNING JEWELRY STORE AT HALE CENTER

Roy Green, former Morton resident who passed away last week in Lubbock, was making plans to open a jewelry store in Hale Center, it was reported this week.

Mr. Green, who operated a jewelry store on the southside of the square here in 1955, died of an heart attack at his home.

He had moved equipment to Hale Center and was planning to open his store there this week.

Daughter Safe At Port Lavaca

Mrs. Mike Dawdy of Port Lavaca called her folks, Mr. and Mrs. H. A. Barnes of west of Morton, this week to report the South Texas family were all safe.

Port Lavaca reported more than 27 inches of rain fell from late Thursday to Sunday afternoon. It was declared a disaster area Monday.

The Dawdys reside six miles out of Port Lavaca, but flood water surrounded their home.

They reported they were able to save their livestock and poultry though most had to be moved.

Cooperative Slogan Contest Planned; Members, Patrons Are Eligible to Enter

Members and patrons of farmer local cooperatives, or mailed.) Additional details may be secured at local cooperatives.

Second award will be an all expense paid trip for two to the annual cooperative meeting in Galveston in February.

The winner of the Plains regional contest will receive a wrist watch and have the entry entered in the state contest.

Directors and employees of participating regional associations and members of their immediate families are not eligible to participate.

J. R. Kuykendall of the Morton Cooperative Gin, said entry blanks may be picked up at any cooperative. The entries must be in the U. S. Mail or received by participating regionals by midnight, July 31.

Slogans must be 25 words or less and stress the theme of advantages to farmers of participating in cooperatives.

In case of duplicate winners, the slogan bearing the earliest postmark or delivery date will be the winner.

(Entries may be delivered to

BRIDAL SHOWER for MRS. BILL THOMPSON

The home of Mrs. Hub Cadenhead was the setting of a bridal shower honoring Mrs. Bill Ed Thompson (nee Paulette Birchfield), Sunday, June 26, 1960.

Blue and white carnations and Belles of Ireland was the centerpiece of a lovely crocheted tablecloth over blue. Mrs. Wayne Porter served about thirty guests. Hostesses were Mesdames H. B. Barker, W. L. Foust, Wayne Porter, Truman Doss, E. O. Willingham, Fred Morrison, E. L. Willis, Wayne Rowden, Russell Hudson, Misses Barbara Waintrip and Peggy Patterson.

RETURN FROM VISIT

Mrs. Bruce Bolton and Mrs. Dink Billington went to Truth or Consequences and Juarez, N. M. for a weeks visit. Mrs. Bolton said that they fished and enjoyed themselves very much.

SINGING SCHOOL TO BE HELD

A singing school at the Assembly of God Church will begin on July 4. Mrs. Booth and her daughter, Barbara, from Muleshoe are going to teach the school. The school is open to everyone and will be held for two weeks.

MOTORISTS URGED TO DRIVE SAFELY OVER LONG HOLIDAY; TEXAS' JULY 4TH WEEKEND DEATH TOLL EXPECTED TO BE 27

"The Fourth of July is Independence day, but the driver who gets to independent on the road may do his celebrating in jail!" This warning was given to motorists by Sergeant D. S. Lawson who is making an all-out effort to see that traffic accidents will not mar this year's Independence Day celebration.

The Texas Highway Patrol and other agencies are sponsoring a safe vacation driving program during this July 4 weekend, Sergeant Lawson said. This program deserves the support of all citizens, and we can show our intentions to cooperate, right off, by observing the rules of safe driving over the weekend of the Fourth.

An independent attitude on the part of drivers is bound to lead to accidents, Sergeant Lawson said.

He pointed out that drivers must share the road with all other drivers, and if they are too insistent on their rights, or carry a chip on their shoulders most of the time, they are asking for trouble.

INCREASE IN POPULATION INDICATED BY NUMBER OF MAIL BOXES ADDED HERE

There has been a substantial increase in the number of mail boxes being used by people in Morton in the past few years. The average increase is almost 3 percent in the boxes used in the past three years.

Although it is early yet to give any definite figures, Murray Crone, Postmaster, announced that post office receipts this year could be over 1 percent more than re-

ceipts of last year. This is an indication that Morton has been growing at a rate above the national average for the past five years.

The number of rural boxes has been fairly stable for many years now, he said. Although this is not as good as we might like, most rural areas over the country have had a decrease in population.

Make courtesy your code of the road, Sergeant Lawson urged. You will find that you will be more relaxed when your trip is over, and you will have a much better visit. And it may surprise you to know, he added, that other

drivers return your courtesy almost every time. The Sergeant also warned against trying to cover too many miles in too short a time and driving at speeds too fast for conditions. He gave the following tips for a safe visit:

1. Don't try to cover too many miles.
 2. Be prepared for heavy weekend traffic.
 3. Leave early, and pause for rest occasionally.
 4. Drive with speed limits.
 5. Leave your drinking off.
 6. Remember that the application of common courtesy to traffic situations does prevent many accidents.
- Sergeant Lawson said it would be a good idea for drivers to paste the slogan, "Drive to Arrive Alive," on their dashboards.

With Your ... COUNTY AGENT

By Homer E. Thompson
**CATTLE IN THIS AREA
NEED PHOSPHORUS
SUPPLEMENT**

Forage plants here are deficient in phosphorus. Cattle grazing on such forage need 6 to 9 grams of supplemental phosphorus daily, advises the county agent.

Cattle have a distaste for dicalcium phosphate containing a mixture of 35 percent dicalcium phosphate and 65 percent common salt.

Equal parts of bone meal and salt were supplied free choice at the East Texas Laboratory at Lufkin, Texas. The dicalcium phosphate used was odorless and tasteless to man. The dicalcium phosphate contained 17.5 percent, thus the station cows received about 1 gram of phosphorus from the dicalcium lick as compared to 5 grams received from the bone meal lick. The cattle prefer the bonemeal and salt mixture. Do not rule out the possibility that a satisfactory combination of dicalcium phosphate, salt, cotton seed meal may be developed to make a phosphorus supplement.

DISEASE OF PEACHES
Leaf curl, a disease of peaches occurs during the spring. The leaves turn white and pink in color and fall off. The leaves do thicken and become distorted. The damage is done. No cure recommended in the spring, but this fall or winter treat with Bordeaux mixture or fixed copper spray, and water, cultivate and fertilize the trees next spring. This treatment will prevent the disease from damaging the trees next year. Of course other pest should be controlled, usually by spraying at blossoming time with

2 pounds of 50 percent wettable DDT in 100 gallons of water at three week intervals for three applications. Get guide for controlling diseases and insects on fruits from County Agent's office.

**STILBESTROL IMPLANTATION
ON STEERS IN PASTURE
AND FEED LOT**

Steers implanted with stilbestrol at start of dry lot fattening period made slightly more gain than steers implanted for a preceding 148 days pasture period and reimplanted for dry lot.

Stilbestrol implantation whether for pasture, drylot, or both pasture and dry lot, increased gains significantly.

A pasture period of 148 days from Feb. 16 to July 14, 1959 and dry lot feeding period of 104 days from July 14 to Oct. 26 1959 were used in growing and fattening of 96 yearling steers at Experiment Station Temple, Texas.

Steers implanted at the beginning of the 148 day pasture period made 46 pounds more gain per head than non-implanted steers.

Too, steers implanted only at the start of the pasture period were the most desirable in carcass grade. Those implanted later or for the feed lot period produced the least desirable carcass. An ear implant of 36 MG of stilbestrol was given. If you are interested in the progress report No. 2142 the complete report is available in the county Agent's office.

1960 SEARS GILT PROGRAM

All eight registered Hampshire gilts were delivered to 1960 Sears 4-H winners in Cochran County. Six boys received gilts from the Arvie Johnson farm, Rt. 2, Abernathy. They were: Ray-

mond Guajardo, Rt. 1, Morton; Joey Newsom, Rt. 2, Morton; Arlan Haralson, St. Rt. 2, Morton; Ronald Hale, Rt. 1, Morton; Leroy Tackett, Moron; and Bill White Morton.

Two other boys, Mike Hale and Larry Jeffcoat received gilts from Terry Anglin and Leon Jeffcoat. Terry and Leon entered the Sears

Program in 1959. Five of the boys who received 1959 Sears gilts are: Dickie Walker, Dennis Lemmons, David Haralson, Lester Dupier, and Stanley Cunningham. These five will be furnished another gilt in 1961 if they still want them, advises the Swine 4-H Committee.

JULY 22 - 28, IN COLORADO David Ross Is Tribune Correspondent As Scouts Prepare for Nat'l Jamboree

David Ross of Morton received word this week that he has been accepted as an "official Scout correspondent" for the Morton Tribune to the 5th National Jamboree at Colorado Springs, Colorado, July 22-28.

David is the son of Mr. and Mrs. Raymond Ross of Morton.

Other Scouts planning to attend from here are Bill Hanson, son of Mr. and Mrs. Troy Hanson, Charles Ledbetter, son of Judge and Mrs. M. C. Ledbetter; Mike Doss, son of Mr. and Mrs. Truman Doss; and Ray Luper, son of Mr. and Mrs. Carlton Luper.

Adults making the trip from this area include J. R. Arnold of Levelland, Scout Master, and Orville Rankin of Whiteface and Raymond Ross of Morton, assistants to Arnold.

Mike Miller, son of Mr. and Mrs. Ermon Miller of Lamesa, and a former Morton resident will also attend the Jamboree.

The Jamboree is expected to be the largest encampment of youth in the world. Some 55,600 Boy Scouts, Explorers and adult leaders are to participate, including 425 guest Scouts from 38 other nations.

Theme for the Jamboree is that of the Scouts 50th anniversary year, being celebrated this year — "For God and Country."

The camp site occupies 2,000 acres of the Reverse J. Diamond Ranch, eight miles north of Colorado Springs and opposite the Air Force Academy.

Region IX, which is made up of New Mexico, Oklahoma and Texas, is expected to have possibly the largest number in attendance, 7,000.

To indicate to some extent, the size of the Jamboree, 68 special trains and 28 regular trains will move in some 32,000 Scouts and leaders, some 4,000 are expected to arrive by chartered planes, and some 18,000 by bus.

The railroads have authorized special railroad rates for accredited members of the Jamboree, menus have been approved for the dining cars by Boy Scouts of America.

Scouts will cook their own meals over charcoal fires. Two hundred and eighty three tons of charcoal briquettes, or nearly 20 freight car loads, will be required

for the Jamboree.

Regarding food — it will require 1,330 head of steers to supply the needed cuts of top sirloin for the final dinner, July 28, and the daily fresh milk requirements will be 74,480 quarts, or production from an average herd of 7,448 cows.

Each day's fresh water requirement is estimated at 1,500,000 gallons.

And, of course, the Scouts will have their daily newspaper which will be distributed to troops at breakfast each day.

On hand will be medical, dental, sanitary supervision, safety protection, and traffic control services.

Religious services will be observed according to religious practices of members of each group. The FCC has assigned K (Zero) BSA as the call letters for the Jamboree's amateur radio station which will receive and give messages to "hams" through the world.

As to finances, the Jamboree is a self liquidating enterprise. Each participant at the Jamboree pays a \$50 fee which provides the food, use of certain equipment, and covers cost of building the Jamboree camp.

LOCAL MAN GETS 51½ BUSHELS WHEAT PER ACRE

Ira Brown, a Morton farmer, has proved that excellent wheat yields can be obtained on more than garden plots in this county.

Brown averaged 51½ bushels on 60 acres this year.

To obtain the yield he put down 100 lbs. of nitrogen and watered the crop three times.

When interviewed this week he said the wheat also helped to control the Johnson grass.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Seeding Rangeland
Reseeding of Rangeland to establish a better variety and a higher percentage of good native grasses is one of the objectives of the Cochran Soil Conservation District

This year some 7200 acres of rangeland has been seeded by aerial application and grass drills through the Great Plains Conservation Program. In areas where native and better grasses make up less than 10 percent of the total forage produced, seeding a mixture of good native grasses has proven to be profitable. In areas which support very little of the better grasses, mixtures of sideoats grama, sand lovegrass, Indiangrass, and switchgrass have been seeded.

Brush Control
In order to obtain best results from seeding rangeland, brush control should be practiced to reduce competition for moisture and room for young seedling to sprout and grow. All native ranges that are being seeded under the Great Plains Conservation Program this year in the Soil Conservation District are

also scheduled for brush control. Some 14,179 acres of brush has been sprayed this year.

Deferred Grazing
For best results rangeland should be deferred for at least one complete growing season following seeding and control of brush. This gives young seedling and overgrazed plants a chance to become better established. Some of the Cooperator under the Great Plains Program who have controlled brush and are deferring grazing this year are Jo Jack, Alvie Harris, Tom Williams, J. L. Schooler, Frank Bennett, Hadley Kern, R. M. Middleton, Tom Standefer and H. L. Fitzgerald.

See Texas First Vacationers Urged

Not only is there more to see in Texas, but Texas also provides the best avenues to get there.

Texas has more private roads than any other state in the union. Today there are 1,591 miles of superb divided concrete highways. The total will reach 2,700 by 1975.

Truly, there's more to see in Texas — and you can see it better.

Cards of Thanks

CARD OF THANKS

May we express to our friends and neighbors, our deepest appreciation for the many kindnesses extended our father, Mr. O. B. Tyler, while he was in the hospital. Especially, do we wish to thank the doctors, nurses, and you who set up at the hospital. Also we wish to express our appreciation for the food, flowers, and acts of sympathy extended at his death. May God bless each of you.

The children of O. B. Tyler
19-1tc

CARD OF THANKS

We wish to take this means to say thanks to all for their thoughtfulness and kindness during my stay in the hospital, to Dr. Lee and Dr. Davis and Hospital staff, to those who sent flowers, gifts, cards and visited. Especially to those who donated blood. May God Bless each of you.

Mrs. H. G. Pollard
19-1tc

SOTELLO —

(Continued from Page One)

the case was about. Matthews, after taking the stand, said he saw Long in Sotello's shop Sunday morning, and entered himself.

Boring asked if he, Matthews, had discussed with Long anything regarding the haircut within two hours prior to Long's entrance into the shop. Matthews said he had.

While Matthews was on the stand, the attorneys engaged in discussion with themselves and the judge regarding state law on operation of any general business on Sunday.

Also it was brought out, in the questioning of Matthews, that the barbers here had for many years offered Spanish customers the same privileges as others.

Matthews said his only purpose in the case was his interest in seeing Sotello's shop closed on "the Sabbath."

3-WAY NEWS —

HONORED WITH SHOWER

Lorena Long, bride elect of Carl Miller of Canyon, was honored with a wedding shower, Wednesday in the home of Mrs. H. C. Toombs. Co-hostesses were Mrs. games Beulah Toombs, Melba Roberts, E. M. Lowe, W. L. McKee, Woodrow Self, H. C. Gardner, Earlon Wall, D. S. Fowler, Johnny Wheeler, Rayford Maston, John Tyson, C. R. Smelser, D. V. Terrell, Horace Hutton, Willie Welch, R. L. Davis and L. F. Warren.

A corsage made of tea strawberries with a white ribbon and orchid net was presented to Miss Long. Measuring spoons and dish cloths made up with orchid and white ribbons were presented to the mothers of the couple.

The serving table was covered with an orchid net cloth and centered with an arrangement of white flowers. Miss Linda Welch presided at the punch bowl. Cookies and nuts were served.

About 60 gifts were received. The hostesses' gift was a set of stainless steel coolware and a duet control electric blanket.

MORTON'S DOLLAR DAY

MONDAY, JULY 11

VISITOR IN WALLER HOME
Mrs. Sadie Patterson of Jackboro was a visitor in Mrs. J. M. Waller's home Saturday.

**TEXAS
TIMBER TOPICS**

This is the first in a series of weekly informational articles on the use of wood in Texas. A different subject of practical interest to the homeowner, hobbyist, or layman will be discussed each week.

Wood is a very useful and common material. We all use it every day. What causes wood to swell and shrink? Do you know why paint cracks and peels from wood siding? What should we do about termites? Why do wooden floors squeak? What do lumber grades mean? The articles will explain these and many things you have always wanted to know about wood. Middle name same as given name of American general born in 1786.

The series has been prepared in an authoritative fashion by the Texas Forest Service. We feel that they will be of interest to all of our readers - old and young alike. Students may want to clip each article as it appears and save it for school use. Look for the first of these informative articles next week in this newspaper.

CHEVROLET —

big Legion Convention at St. Louis, along with the local Legion Color Guard.

Don Allsup and J. C. Reynolds both grew up in Morton, attending and graduating from Morton schools. J. C., the son of Mr. and Mrs. Clyde Reynolds, took over operation of Reynolds Tire Co., when his father died. His mother still resides here.

J. C. is a member of the School Board, retiring past president of the Morton Lions Club, married and the father of 1 child. Don, also a member of the Lions Club, is married and the father of 2 children. Both are veterans of World War II.

They pledge to continue to offer fine automotive service in their first ad, appearing in this issue of the Tribune, emphasizing sale of new units for the month of July.

Roy, as he stepped down this week, offered his sincere thanks to all of his friends and neighbors who have helped the business struggle and grow in years gone by (see ad, page 7). He said it felt fine to have the burdens of the business lifted from his shoulders, but reminded that it wasn't easy to leave a business he had founded and operated for 15 years.

Col. Homer Thompson Resigns After 29 Years Service With Army Reserve

Lt. Col. Homer E. Thompson, Morton, retired from Army Reserve after 29 years of service on May 29. The Reserve Act of 1954 calls for retirement of officers with his combination of rank, age, and service.

Thompson, who will begin to receive retirement pay in eight years, when he reaches the age of 60, recently said if he had the 29 years ahead of him, he would again serve in the reserve. "Reservists never had it so good," is his candid opinion of the situation. Homer recalls when he began his career as a second lieutenant, upon graduation from Texas A & M ROTC in 1931, the organized reserve program was loosely knit. Extension courses and summer camps were the highlights offered reservists.

The organized reserve unit meetings each week, many of them on a paid status, began to be highlighted after World War II, emphasizing the military preparedness program. Then came rulings which allow reservists to substitute six months of active duty and ready reserve duty thereafter, for various periods according to their enlistment agreements, to satisfy their military obligations. This type of program is tailor made for the many youth who have started on other careers, for which a several year military stint might be damaging to their future career.

Officially, Thompson's last assembly with the 413th was the drill period last Tuesday night (last week). He was honored with a dinner Tuesday of this week, at Lester's Hickory Inn in Lubbock.

Thompson went on active duty

in 1941, reporting to the Second Infantry Division at Fort Sam Houston. After extensive training at various service schools, he attended the Military Government School at University of Virginia in 1945 and the Civil Affairs Training School at Yale University.

Specialization in the Japanese language and national characteristics led to his being made commander of the Headquarters Detachment, 79th Military Government Company, in Chingu, Korea, in 1945 and 1946.

Serving with Thompson in Korea, was another South Plains agriculture official, L. O. Buchanan, director of the Lubbock Cotton Classing Office at that time. Upon return to the United States, both convinced of the value of military government, sought a reserve unit in this area.

"Just about the time we were going to give it up," recalls Thompson, "the 413th GAMC Company was activated here in January 1951."

Thompson served as executive officer of the unit from its beginning until he succeeded Buchanan as commander in March of 1957.

"Our faith in the ability of the South Plains to sustain a civil affairs unit has been more than justified," Thompson said. "Civilian occupations of persons in this area — along with Texas Tech contributing both trained personnel and source material — fit in well with the mission of such a company. In fact, the resources definitely are here for another company or, better still, a civil affairs group."

A group co-ordinates the activities of two or more companies and conducts more specialized functions of civil government.

No doubt, when the 413th leaves for summer camp in July, it'll seem mighty strange to Homer, not to be in the fold. And, he has a host of boys from this area, various ranks from Private on up, who'll think it strange also, but Thompson, Cochran's County Agent, has satisfied his military obligation, many times fold.

REPORTED IMPROVED

Mr. and Mrs. Lavern Corder brother and sister - in - law of Mrs. Wilburn House, of Morton, were reported "much improved" in the Hendricks Memorial Hospital, Abilene, Sunday. They were injured in an auto

accident, May 31.

Mrs. N. H. Corder, also in the hospital there, was also reported "better" after being hospitalized, Thursday.

NEW BABY FOR CLEVENGERS
Mr. and Mrs. C. R. Clevenger

of Morton announce the birth of a son, Weldon Ray, weighing seven pounds and fourteen ounces who arrived Wednesday, June 29, at 12:30 p. m. in the Muleshoe hospital. Grandparents are Mr. and Mrs. Amos Shifflett of Plains and Mr. and Mrs. Leonard W.

Clevenger of Bula. The father is employed at Flash - O - Gas, Morton.

OVER THE HOLIDAY**

See the Chevy Mystery Show in color Sundays, NBC-TV — the Pat Boone-Chevy Showroom weekly, ABC-TV.

IT ONLY FEELS LIKE POWER STEERING
(Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or

conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or anti-freeze or radiator repairs . . . and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much

they add to your driving pleasure. But why wait!

Thanks, Folks . . .

In announcing the sale of Allsup Chevrolet Company to our son, Don, and his partner, J. C. Reynolds, may we extend to you, our loyal friends and customers, our deepest appreciation for 19 years of wonderful patronage . . .

It has indeed been a pleasure to have served you over the years . . . and we wish to express to you our hope that you will continue to look to the local Chevrolet house for your automotive, truck, and pickup needs . . .

We know that you will receive the same type of quality service from the same friendly folks at the same location . . .

Sincerely,

Mr. and Mrs. Roy Allsup

**News About
Whiteface Scouts**

Temple Kern and Larry Kern are attending the camp at Post this week. They were unable to attend the mountain camp this year due to being called out of state. They will work on swimming, rifle shooting, and pioneering.

Temple Kern was initiated into the Order of the Arrow this past weekend. This is an honor campers organization of the Boy Scouts. Daniel Galvin, Ship 444, and James Rankin of Troop No. 73 were on the Indian Ceremonial team that helped confer the ordeal on 33 candidates.

Daniel Galvin and James Rankin have been on the summer camp staff at Post. Daniel has had charge of the swimming pool, teaching swimming, conducting, and passing advanced students in merit Badge Swimming and life saving. James has had charge of the Rope and Ax Yard where he works with Scouts in splicing, knots, lashing, pioneering and to-ten chip.

James Rankin will attend the National Jamboree at Colorado Springs, Colo., July 22 - 28, where 60,000 boys from all the free world will be represented.

O. C. Rankin will attend the National Jamboree as an assistant Scout Master of the George White Scout District.

The scouts have returned from Tres Ritos Mountain Camp. According to the leaders, Truman Swinney and M. Stegall, it was a huge success. The boys were all interested in doing their part and competing with the other Scouts in camp. Although they didn't win first place they finished high in competition camping.

A total of 15 merit badges were earned in camp, and will be presented to the boys at a Court of Honor in the near future.

Boys attending Mountain Camp were Charles Bridges, Mike Howard, Jack Brock, Billy Eaton, Jerry Howard, Gerry Adams, Stanley Stegall, and Robert Pond.

VISITORS FROM LOUISIANA

Sgt. and Mrs. Richard Hancock and son, Randy of Barksdale AFB, La. spent the weekend with his parents, Mr. and Mrs. Hazel Hancock and other relatives. Melinda returned home with them for a visit.

ATTENDED FUNERAL Mr. and Mrs. J. D. Hawthorne attended the funeral services for former District Attorney Lloyd Croslin

in Lubbock last week. VISITED IN LOVINGTON Mr. and Mrs. J. D. Hawthorne,

Max and Jan, visited relatives in Lovington, New Mexico over the weekend and Jan remained there for a week long visit.

RETURN FROM VACATION Mr. and Mrs. Truett McCuistion and family of Morton attended a family reunion last week at

Cassville, Mo., where they visited his sister and family, Mr. and Mrs. Lee Underwood. While there they fished at Table Rock Lake.

Two daughters, Lauretta and Carol are staying with the Underwoods this week.

MRS. PAUL GUNTER GETS \$10 . . .

Biggest Who's Who Pot Yet, \$234 To Be Offered Here Next Tuesday

"Multiple clue trouble" cost Mrs. Paul Gunter of Route 1, Morton, enough "cool cash" for a vacation Tuesday. Mrs. Gunter's entry incorrectly listed two of the thirty one clues identifying Murray L. Crone, Morton postmaster, as the mystery Who's Who person.

And, in place of being awarded \$178, Mrs. Gunter receives a check for \$10 and the balance, \$168, is added to the \$66 already scheduled, bringing this week's Who's Who possible award to \$234.

(It gets a little exciting around the Tribune Office, too.) Mrs. Gunter's entry was drawn from the red cage by Rickey Swicegood, 4-year-old son of Mr. and Mrs. D. Swicegood of Morton.

Mrs. Gunter correctly named Murray as the mystery person and listed thirty-one clues, but two incorrectly. Listed incorrectly were "Born in town served by the old IGN", in which she left out the "old", and "Favorite radio station, KFYO" was written "Favorite Radio Station KFYO."

Remember, as the rules say, "The BONUS requires a PERFECT list of correct clues." We were unable to contact Mrs. Gunter by phone Tuesday, but no doubt the word reached her quickly.

A check of the 1,577 entries showed folks are well acquainted with Murray, or at least they all could or did identify him by the clues.

And, among the more than 1,500 entries were some from Lubbock, Amarillo, Friona, Causey, N. M., Enochs, Maple, Whiteface and Brownfield.

Among the more interesting false clues was one "Adventure's Most Reckless Rogue!"

With only two more Who's Who to go including this week the question arises, "What will you do if the first entry doesn't win the last go around?"

The man who copyrighted the Who's Who had an answer for that.

"Just keep on keeping on" until a correct entry is found. Of course, the first entry with the Who's Who correctly identified would get \$10, but if the clues were not all listed correctly, we would try for another, etc.

The entries we enjoyed most Tuesday were those entered by the youngsters, and in their own handwriting. We've some seven year olds hereabouts that can turn out a nice hand.

The Who's Who awarding was conducted at Daney Beauty Salon. Clues were gathered from boxes at Truett's Food Store, Higginbotham - Bartlett Co., Windom Oil and Butane Co., and Daney.

Boxes this week move to Morton Drug Store, Virginia's Beauty Shop, Gardner - Ross, and Reynolds Tire Company.

Here are the clues to the identity of Murray L. Crone, postmaster, Morton.

Attended Morton Schools; Prefers right hand, (that was a great clue); Reads Readers Digest; Favorite radio station, KFYO; Preference in clothing, cotton goods, (stays with the home products); Favors cotton socks; Has Bermuda grass lawn; Uses reepl-type lawn mower; and you who read the classified ads would have found a give-away clue there, 'cause Mrs. Crone offered that lawn mower for sale last Thursday!

Drives late model 4-door auto, (1960 Chevrolet); Drinks Lipton's tea; Likes Folger's black; Leaves home by north door; Works in orchard, (a visit to his home will discover the orchard); Often vacations in New Mexico; Sports Croton Wrist watch, (another grand clue); Wears gold band wedding ring; Favorite color, brown;

Favorite politician, George McGovern, (we knew Mr. George should have been a candidate for president); Favorite ink, blue-black; Favorite newspaper, Morton Tribune, (thank you, Mr. Crone);

Been on campus at Texas Tech; Mate attended Tech, (a natural after that other clue); Been on campus at University of Texas; Been on Campus at Southwest Texas State Teachers College; Visited Texas Western College, (we didn't say he attended them all);

Favorite book of the Bible, St. Matthew; Prefers belt to suspenders; Member American Legion; Smokes LS's, (a lucky draw); Born in town served by the old IGN, (none other than Lindale, Smith County, and the IGN - the International Great Northern Railway);

Once lived in same county as Whitehouse, (another town in Smith County on the IGN; incidentally, Lindale is the center of a unique blackberry and fruit growing and canning industry. . . . and that's it, until someone may receive a nice chunk of Uncle Sam's currency - remember, only two to go - join in the fun . . . NOW!

Who's Who Gets Decision On Tricky Question

For the forthcoming edition of the Texas Almanac, the date of founding of Wayland Baptist College is given as 1908, which is the same date as given for the 1958-1959 edition of the Texas Almanac, writes Stuart McGregor, editor of the Texas Almanac.

McGregor's letter was in reference to the June 9 Who's Who in which a clue listed Wayland Baptist College as founded in 1908.

(Since the question apparently is not settled yet, it's a good thing the Tribune considered the answer either way.)

McGregor says the Almanac depends upon the registrars of the various colleges to give "an accurate information. We print the date of founding that they send."

He admitted "It is true that a number of past Texas Almanacs we have given the date of founding as 1909, but perhaps they have a new registrar who looked up the date of founding and decided it should be 1908."

McGregor, in his letter to the Tribune says "I am sorry I cannot be more definite on this. . . . (Editor's note: we still have loads of faith in the Texas Almanac.)"

And, we still appreciate the many folks who were kind enough to inform us of our predicament prior to the deadline, of awarding of winners.

Teaching Church Camp Classes

Rev. H. R. Dunn, pastor of the First Methodist Church, Morton, is teaching in the junior camp at Methodist Camp, Ceta Canyon, near Happy, this week. He will return to Morton on Friday afternoon.

Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss!

Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter . . . Fix up your entry NOW!

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$56.00 will be given. Whenever this bonus is not won it will be added to next week's BONUS . . . which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues . . . the exact number and all copied correctly.

9. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

10. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

11. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star (s) appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) appear elsewhere in the paper. Clues will be scattered . . . many ads will have no clues while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts.

12. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

13. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted . . . and MAIL ENTRIES WILL NOT BE ACCEPTED.

14. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week . . . but only one entry per person at any one store (more than one will disqualify all entries of that person for that week). Anyone can enter unless a member of your family is employed by the MORTON TRIBUNE. Sponsoring merchants, their families, (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into the Sponsor's place of business.

SENATOR ☆☆☆ Yarborough's Report

One of the most important challenges facing us here at home is to find the key to wiping out the widespread unemployment that persists during this period of "spotted prosperity."

Examples of "spotted prosperity":
Last year, the average family income in America rose to an all time high of \$6,500. Yet approximately 5 percent of our entire labor force, 3 1/2 million Americans, couldn't find jobs they needed to decently support their families.

Last year, four more major American corporations were added to that exclusive group of big businesses which have annual sales of over \$1 billion, making a total of 49 such corporations in America. But, on the other hand, last year, 100,672 small businesses went bankrupt — the highest number of failures in a single year in history.

We have been fortunate that the situation in Texas has been better than in many places. But even in Texas we have around 150,000 men hunting work and last year we had 340 business failures.

perity is very complex. Yet, it demands solution in order for our free enterprise system to really work for all American families.

A special Senate study of the manpower requirements, resources, and chronic unemployment, is scheduled to start soon. It's my privilege to have been named a member of the Senate Employment and Manpower Subcommittee which was designated to make this vital study.

One of the major factors already found to blame for this spotted prosperity has been our nation's snail pace rate of economic growth over the past seven years. Our large population growths are adding around 875,000 new workers to our labor force each year, but we aren't building enough homes and schools or creating enough new businesses and plants to have work for all these new workers.

Solution of this problem of spotted prosperity and too slow economic growth hold great promise for better life for millions of Americans. Economists tell us that we stand at the threshold of a fabulous decade, the decade of the 60's. They say that by meeting these challenges, we

Americans can increase our production by a tremendous 50 percent in the next ten years. This would mean an average increase of 25 percent in the living standards of every American family by the year 1970. Texas, as one of the fastest growing states, can be expected to participate in this advance to the fullest.

By Vern Sanford

AUSTIN — Amid searing, summer weather, Texans are putting new emphasis on getting a statewide water plan.

Though Texas is supposed to be mid-way in a 7 year wet cycle, now, unexpected harsh drought settled on parts of South and South Central Texas in late spring and early summer. As one scorching day followed another, crops were stunted and pasturage began to burn.

Though conditions were better elsewhere, the difficulties of the farmers in the areas around the Capital city lent emphasis to Gov. Price Daniel's plea for a "crash program" to develop a water plan. If Texans don't do it, said the governor, the federal government will take over.

Target is to have a complete master plan for development of Texas' water ready by May 1, 1961. To help meet this deadline the governor asked representatives of the river authorities and districts to file updated master plans for their areas with the Water Board by Nov. 1. He also asked the river authorities to lend engineers and technical personnel to help prepare the state plan.

Meanwhile, farmers, watching their corn burn up in the fields, took what comfort they could from the often repeated state-

ment that "Texas has plenty of water; it's just a matter of distribution."

STEEP GRADES AHEAD — Looking ahead 10 years at estimated costs of state government, the governor's State Finance Advisory Commission got a dizzying view of spiraling expenses.

Sub-committees of the commission will study the problem of future costs and how to meet them through the summer and make reports to the entire commission Sept. 10. Commission's report and recommendations to the governor are due Oct. 10.

Estimates of their future needs made by major state agencies for the Commission indicated a need for spending \$29,000,000 more each year to meet growth needs.

Governor Daniel told the commission he hoped they could find ways to scale down the new money needs some and find revenue sources that would grow as population and demand for services increase.

FINANCE STUDY GROUPS — Making up the Finance Commission sub-committees which will work through the summer to find answers to Texas' worrisome money problems are group of citizens with more than average experience in public affairs and finances.

The panels and their chairmen, as named by Commission Chairman John Redditt are: Sources of Additional Revenue: Dr. George C. Hester of Georgetown.

Financing Law Enforcement, Welfare, Hospitals and the Industrial Commission: E. B. Germany of Dallas.

State's Fiscal System and Deficit Problems: Ben H. Wooten of Dallas.

Public Schools: Thomas B. Ramsey of Tyler.

Higher Education: Dr. Frank Connally of Waco.

Highways: Herbert C. Petry, Jr., of Carrizo Springs.

MORE FROM FUNDS? — Facing a money short future, a State Senate Committee is studying the possibility of earning higher returns from the investment of state trust funds.

Sen. Hubert Hudson heads the panel which is studying administration and investment of four funds totaling \$1,200,000,000. They are the University Permanent Fund, the Permanent School Fund, the Teachers Retirement System Fund and the State Employees Retirement Fund.

Mortgage bankers suggested to the panel that the funds could earn a higher return without sacrifice of safety by investing in government insured home mortgages. Some panel members observed that the funds now invested in federal bonds were not earning as much as was being lost through inflation.

For the past three years some Fund has been invested in corporate securities which has increased its earnings over what it had been from government bonds.

Senators also discussed the possibility of saving through a unified organization for administration and counseling on the four funds.

GAS DECISION AWAITED — State of Texas and the natural gas pipeline companies are waiting for a decision in the first round of a long series of court fights on the validity of the natural gas severance beneficiary tax.

A total of 108 lawsuits have been filed against the tax by pipeline companies. Their attorneys argue that it, like the old natural gas gathering tax that was knocked down by the courts, is unconstitutional because it constitutes a burden on interstate commerce.

Companies have paid the \$6,363,878 in severance taxes under protest. If the law is struck down in the courts, the money will be refunded to the companies.

Atty. Gen. Will Wilson, arguing for the state, declared the law is not unfair to interstate commerce because it treats gas sold outside of Texas and gas sold within the state exactly the same.

WARNING FOR DRIVERS — This year's Fourth of July falls on a Monday, making a longer holiday for fun — and accidents. Department of Public Safety has predicted 27 traffic deaths in Texas between 11:15 p. m. July 2 and 11:59 p. m. July 4.

"Their purpose is to render a service to the traveling public," said Garrison. "They need the full cooperation of all motorists in driving safely and sanely at all times."

SAUNDERS CASE ARGUED — Court of Criminal Appeals is to rule next fall in a case hinging on whether a witness can be convicted of perjury in connection with testimony before a legislative committee.

Defendant in the case is J. Byron Saunders, former chairman of the State Board of Insurance, to 2 years imprisonment for lying who was convicted and sentenced to a legislative committee about funds received from ICT Insurance Co. while he was in office.

Saunders' attorney contended that perjury is possible only before a judicial body, not before a legislative committee.

Mixed Bales Costing Farmers In Bale Grades

Well in advance of the beginning of another ginning season, it might be well for Texas cotton growers to consider and remember the results of a recent study on money losses resulting from mixed quality cotton bales.

The study was made by the Agricultural Marketing Service of the U. S. Department of Agriculture, and showed that in a single season cotton farmers lost an estimated \$2,400,000 because of mixed quality bales.

The AMS found the situation basically to be this: When cotton is sampled for grading, a small amount of lint is taken from each side of the bale, and both parts are classed. If the quality is different on the two sides, the farmer is paid on the basis of the lower quality — even though most of the bale may be higher.

Cotton shippers also lost money in payments to warehousemen for special handling of the mixed bales. Some warehouses reopened the bales, resampled, and rebaled them with the low quality lint removed. Usually the benefits were not enough to defray the costs.

The AMS reported that most frequently it is the ginners who get the blame for mixed bales because they often combine cotton from two different growers, but the study showed actually that it is the farmer who is most often responsible. It was found that 61 percent of the mixed quality bales was brought to the gins as mixed seed cotton, with only 38 percent being mixed by the gins.

The problem of mixed quality cotton of course, can never be entirely eliminated because it is impossible for farmers always to bring in loads with same quality of cotton throughout. Weather causes certain differences, and cotton from two different fields may have to be combined to make up a load.

However, the AMS made two principal suggestions: First, farmers can be more careful to reduce mixing cotton of different qualities, and, second, ginners in starting a new bale should see to it that their presses are not turned before all of the cotton from one farmer's load has been baled.

During one recent season, it was estimated that nearly half a million bales of cotton were of mixed quality. About 70 percent of these came from Texas, Oklahoma, and Arkansas, where only 37 percent of the year's production was ginned. All other states showed considerably less than the national average of mixed quality bales, which amounted to only 3.4 percent of total ginnings.

Search for Ways to Improve Area Cotton Quality Occupies Discussion at New Mexico Cotton Ginners' Convention

RUIDOSO (sp.) — The growing need for improvement of cotton quality at every level of operation in the cotton industry was sounded here today by E. W. Carpenter of Greenwood, S. C., in an address before the New Mexico Cotton Ginners Association.

Carpenter is manager of the Cotton Department of Greenwood Mills. In his appearance before the New Mexico group he discussed "The Effect of Mill Cleaning on Cotton Fiber."

Any type of cleaning does some damage to cotton fibre, Carpenter said, but he also pointed out that mill cleaning processes differ from gin cleaning processes in that mill cleaning is followed by

a large scale testing of its results, that is in the mill itself. "Any changes in the cleaning process that reduce quality immediately show up at the mill level," he said. "This shows in the spinning room and in the weaving room and at quality control points."

Carpenter also said, "The trend of cleaning at the mills has been to reduce the amount of machinery used and to substitute fewer processes, entailing greater efficiency. . . . The cotton fibre loses part of its quality and strength every time it is processed and the least it is handled before it becomes cloth the more of its inherent, good qualities are preserved."

Carpenter paid tribute to the research which is going on in cotton ginning throughout the country and current efforts toward custom ginning for mills. He added, "The sum and substance of good ginning is simply this: Cotton that has received a minimum of drying and cleaning invariably process better at the mills and makes better yarns and fabrics."

AREA BANDSMEN IN SUMMER CAMP AT TEXAS TECH

More than 300 junior and high school musicians from throughout West Texas are enrolled in a two week summer Band School currently underway at Texas Tech. Among them are Kay King of Rt. 1 Morton, and Haroldine Reynolds of Star Route 2 Morton. Both are attending school at Whiteface.

Each is getting intensive daily instruction from outstanding area bandmen who are specialists in individual musical instruments, said Keith McCarty, director of the annual Tech event.

Highlighting the days of practicing will be a three band concert, July 1 at 7:30 p. m. on the Ad Building Green on campus.

NEW ASSISTANT SCOUT EXECUTIVE FOR THIS AREA

Jack Barnes will assume the duties of Assistant Scout Executive of the South Plains Council, Boy Scouts of America July 1st according to Cliff Cummings South Plains Council President.

Barnes comes to the South Plains Area from Tyler, where he has served as District Scout Executive for the past four years. He started his professional Scouting career in 1950 at Austin, with the Capitol Area Council.

Barnes is a graduate of Texas University and a Navy Veteran. He is married and has three children.

Barnes will serve the South Plains council in fields of camping and activities, leadership training, Exploring Director, and public relations.

County Reaches 42 Percent of Year's Bond Goal

During the first five months of this year the citizens of Cochran County purchased \$20,977 in Series E and H United States Savings Bonds. This announcement was made today by W. W. Williamson, chairman of the Cochran County Savings Bonds Committee.

"We have now achieved 42 percent of our 1960 goal of \$50,000," Chairman Williamson reported. Texas sales for the first five months of this year were \$69,824,409, which represents 42.2 percent of the 1960 goal of \$165,500,000. May sales in Texas totaled \$12,341,632, which is \$1,049,468 greater than sales in the same month during 1959.

"The United States Savings Bonds program is one of the finest ways of encouraging regular savings. Through the payroll savings plan or other regular purchases, millions of Americans have become savers for the first time. They have found these "save as you earn" plans an ideal way to build up financial reserves for emergencies and for special goals, such as sending children through college, buying a home, or supplementing retirement income," concluded Williamson.

Five counties, Crosby, Dickens, Hockley, Lynn and Yoakum Counties, of the 12 county District 4, Amarillo Area, have reported reaching a greater percentage of their goal than Cochran County. Crosby, with 86.3 percent of its goal reached, is far ahead of the other counties Yoakum's 59 percent is second in the District.

WHITEFACE PAIR ARE WINNERS OF TALENT SHOW HERE SAT'RDAY

Monte Dewbre of Morton, Pat-offer their sincere thanks to all who attended and supported the show, the proceeds from which go to help pay for Council Projects.

Sandra Powell and Donnie Mack Dickerson, with a vocal rendition of "How Far Is Heaven," were declared the first place winners in the Bill Mack Talent Show held here Saturday, sponsored by the County Home Demonstration Clubs.

The Whiteface pair received the first place prize and a "to come" appearance on TV in Lubbock.

Another Whiteface group, this time a trio, composed of Cathy, Gayle and Lenny Hughes took second place with a rendition of "Harbor Lights."

Third place went to Barbara Chamberlin, accompanied by Jeannette Moore of Levelland, for her presentation of the song, "Please Help Me, I'm Falling."

Others on the program included Jonas of Morton, and Mrs. L. Z. Soggins and Jan and Ginger Soggins, of Morton.

The Home Demonstration Clubs

Pat-offer their sincere thanks to all who attended and supported the show, the proceeds from which go to help pay for Council Projects.

Highlight of the show was the appearance of Bill Mack and his boys, of Lubbock, in a musical program which followed the talent show.

GUESTS LAST WEEK

Mr. and Mrs. C. R. Nix of Ft. Worth and Mrs. Emma Nix of Oklahoma visited Mrs. Herman Enos of Morton last week.

By Mrs. Frank Griffith

RETURN HOME

Gayle McCelvey and Elaine Kenley returned home Saturday from Las Cruces, N. M. They have been attending a special course in science the past two weeks.

Miss Jo Ann Hodge, Cpl. Jack Reeves Exchange Wedding Vows at Morton

The first Methodist Church of Morton was the setting for the 5 p. m. wedding. Saturday, of Miss Jo Ann Hodge, daughter of Mr. and Mrs. Joe Hodge, Whiteface, and Lance Corporal Jack Edwin Reeves, USMC.

Reeves, stationed with the Marines at Camp Pendleton, Calif., is the son of Mr. and Mrs. Leon Reeves of Goodland.

The double ring ceremony was officiated by Rev. H. R. Dunn, pastor of the church.

The bride, escorted to the altar and given in marriage by her father, was clad in a floor length

gown of lace over cotton satin. The gown was designed by the bride and had long sleeves, and a veil of nylon tulle descending from a tiara of pearls.

Maid of Honor was Miss Bonnie Batters of Goodland, who wore a blue dress and carried a single white rose.

James Reeves, brother of the bridegroom, was best man. Ushers were Phillip DeHoyos and George Taylor of Goodland.

Candles were lighted by Sue and Linnie Hodge, sisters of the bride.

Mrs. Peggy Hodge, sister-in-law of the bride, played the traditional wedding marches and accompanied Mrs. Pat Hodge, soloist.

For travel on her honeymoon, the bride wore a beige suit with bone and white accessories.

The bride is a graduate of Three Way High School and is employed by First Federal Savings and Loan Ass'n., in Lubbock. Her husband is a graduate of Three Way High School and is in the United States Marine Corps.

Area Rainbows Attend State Grand Assembly

Twenty-six members of the Morton and Levelland chapters of Rainbow for Girls attended the recent annual meeting of the Grand Assembly of Texas in Corpus Christi.

Miss Dorothy Tucker, worthy advisor of the Morton Assembly, and Miss Kathy Huggins, Morton treasurer, attended the Grand Cross of Color vows at the session.

"B" certificates were received by Misses Tucker, Barbara Masten, Jennie Tyson, Huggins, Mary St. Clair, Kay St. Clair, and Pam Reynolds of Morton.

Mrs. St. Clair also attended from Morton.

President of Rebekah Assembly Speaks in Morton

Morton Rebekah Lodge was joined by lodges from Earth, Littlefield, Muleshoe, and Needmore of District 7 in a called meeting on Friday, June 24th, at 8:00 P.M. to entertain the President of the Rebekah Assembly of Texas.

Her theme, "Take Time for Others," was explained by Sadie Patterson of Jackboro, as being our means of helping the children in the Odd Fellow Home at Corsicana by eel refrigerator. Her fund also has supplied them with a stainless steel providing needed lighting for the Odd Fellow Home for the Aged at Ennis, and they have plans to replace the furniture in the parlor at that home. The donations from each lodge to the President's fund furnish these needed items. Sister Sadie is also sponsoring a Scholarship Fund to help needy and deserving students to a college, business, or nursing education.

The members of the two homes

have enjoyed the "birthday parties" given each month by the contributions of the Rebekah Lodges of Texas. This is also a project that was introduced by the president, one the lodges hope will be kept going by the future leaders.

A salad supper was served by the Morton Lodge to the representatives

from District 7 and visitors from Whiteface, Levelland, Dumas, and Graham.

Lodges represented were Love Number 223, Graham, 1; Dumas No. 186, 1; Earth No. 139, 2; Levelland No. 5, 2; Littlefield No. 61, 4; Needmore No. 160, 5; Muleshoe No. 114, 7; Whiteface No. 273, 8; and Morton No. 39, 18.
