AND STILL MORE RAIN

Rains which began anew Monday evening and have continued intermittently throughout Tuesday morning, let up for the rest of Tuesday and then began again early Wednesday morning and were still coming down as the Tribune went to press, have brought another two inches or better of moisture to Morton and heavier amounts of water to farms throughout the county.

The official gauge was .88 of an inch when the gauge was read Tuesday morning; and another .4 when the gauge was read again Wednesday morning by Soil Conservation office officials. An estimated more than an inch fell during Wednesday.

Rodeo Time Near; Ticket Selling To Start Soon

Herb Hillman, one of the five-man directorate of the "Texas" Last Frontier Rodeo Association, said this week things are beginning to shape up for the 10th Annual Rodeo here, only a little over a month away.

Below Lehman and west some farmers were reported to have had a veritable flood. West of Morton farms gauged from 8 to 2 inches Tuesday morning.

On all sides of Morton, Wednesday afternoon, nearly every field had water standing in the rows, and all potential lakes were rapidly getting full. But for the most part, only scattered portions of the crop appeared to be seriously damaged by the excessive rains.

Some hail was reported Monday night, but not to any great extent. Small feed appeared to be suffering the most. And of course, crops washed out by last week's rains, certainly had no chance to recover without additional rain.

Prospects for more rain were high as the Tribune went to press.

Some hail was reported Monday night, but not to any great extent. Small feed appeared to be suffering the most. And of course, crops washed out by last week's rains, certainly had no chance to recover without additional rain.

Prospects for more rain were high as the Tribune went to press.

Childs' Clearance Opens Today

Childs' annual "July Clearance" begins today in Morton. Details of the clearance will be found on page seven of this publication of the Tribune.

L. B. Childs, owner and manager of the firm, invites area residents to attend the clearance.

Ministerial Group To Meet Today

The area Ministerial Alliance will meet Thursday, July 7, at 10 a. m. in the First Baptist Church, Morton, for the election of officers. It was announced this week by Rev. Austin Steadman, pastor of the First Missionary Baptist Church, Morton, and secretary to the alliance.

COUNTY EQUALIZATION BOARD WILL MEET WITH OILMEN ON FRIDAY

SESSION WITH LOCAL PROPERTY OWNERS SET FOR TUESDAY

The Cochran County Commissioners' Court sitting as a Board of Equalization, will have its annual hearing with Oil Companies and its oil evaluation engineers on Friday of this week, with the session set to get underway at 9 a. m. in the Court House.

The Board will meet with local property owners who have a question concerning their taxes on Tuesday, July 12th, at 9 a. m.

County Judge Glenn Thompson said this week that among the local property owners, 98 persons have figured in tax changes levied for this year. A total of 61 tax valuations have been raised by the Board in considering the tax roll and 31 persons have received tax valuation cuts.

The proceeding is an annual duty of the Commissioner's Court set out by law. The Board considers and adjusts, where deemed necessary, renditions of property owning taxpayers.

ALL STARS CHOSEN BY BABE RUTH LOOP

Babe Ruth League all stars were to be selected at a meeting held Wednesday night at Whiteface, it was announced in the minutes of the Babe Ruth League meeting held last Friday night.

The list was not available to the Tribune at Press time. All Stars were to be selected by the managers.

EQUALIZATION BOARD MEETS AT BLEDSOE

The Board of Equalization of the Bledsoe Independent School District will meet next Wednesday at 9 a. m. at the school, it was announced last week.

HOSPITAL BOARD TO MEET

Members of the Memorial Hospital Board of Managers will meet Monday night, July 11, at 8 o'clock in the dining room of the hospital. The meetings are open to the public.

How Important Is It?

The resignation this week of Principal Eli Douglas is once again one of the unfortunate things in this school business. It's unfortunate because Douglas wasn't even looking for a job. He was happy where he was. Then, the Roosevelt authorities, seeking a High school principal, were able to make the offer so attractive, he couldn't afford to pass it up.

And once again, Morton was "easy pickings" for another school district. Area schools pretty well know they can get any Morton teacher they want, simply by making an offer, as long as that teacher is not attached to Morton for reasons other than teaching.

This is precisely why local officials are so interested in using wives of businessmen who own a business here. They have more reason to expect permanency from the teacher.

But its not simply because our salaries are not good enough, that we lose teachers. The lure of larger cities, brick teacherages, better hours, more pay, is great. The only weapons with which to fight back are the same things. Until we get our business in shape locally where we decide it's important enough to keep teachers we will continue to loose them to the lure of other schools.

The decision remains ours. We can keep our teachers, if we think it's important enough.

TO PREACH SUNDAY AT ASSEMBLY OF GODS

Paul Thompson of Odessa will preach Sunday at the Assembly of God Church in Morton, according to Rev. H. T. Clarke, pastor. Bro. Thompson will bring both the morning and evening message.

Lois Courtney Represents County As 4-H Dress Review Winner

Lois Courtney will again represent Cochran County in the District 4-H Dress Review contest July 29. Lois was the highest scoring girl in the County Dress Review held Thursday afternoon in the auditorium of the County Activity Building.

Lois, who will be a junior in Morton High School next term, has been in seven Dress Reviews. In addition to her projects in dress reviews and clothing work, Lois has had demonstrations in Gardening, Canning, Dairy Foods, Poultry, Frozen Foods, Home Improvement and Safety.

A wide-ribbed cotton pique jacket costume of bright red was modeled by Lois. A long - sleeved white blouse added contrast.

Lequita Masten will again represent the Junior division at the district contest. Laquita was first place winner in her division at the County 4-H Dress Review in 1959, and repeated her performance this year. Her dress was brown plaid shag-bark gingham. Laquita belongs to the Morton Junior High 4-H Club.

Placing first in the age 9-10-11 group was Sandra Courtney. Janita Scoggins won second place, and Janice Price third. Sharon Clayton was a blue ribbon winner with her skirt.

In the age 12-13 group Laquita Masten was first; Cloie Haralson second; Judy Philbrick third. Patsy Beseda and Ginger Scoggins also competed in this age group.

Sandra Courtney, and Sharon Clayton.

Receiving red ribbons were Janita Scoggins and Judy Philbrick with scores between 90 and 99. Patsy Beseda, Ginger Scoggins, and Janice Price had scores between 85 and 89 and were awarded red ribbons.

Money prizes were given each girl. Mrs. Lewis Walker, 4-H

Leader, presented the prizes. Miss Leila Petty, County Home Demonstration Agent, was commentator for the revue. Judges were Mrs. Jewel Robinson, Hockley County Home Demonstration Agent, and Mrs. A. E. Sanders, Homemaking teacher, Morton High School.

About 40 persons attended the revue.

LOIS COURTNEY

LAQUITA MASTEN

Services for "Jube" Thornton Held Saturday

Funeral services were held at 11 a. m. Saturday at the Singleton Funeral Home Chapel in Morton for 76-year-old Leonard "Jube" Thornton, father of Mrs. Ray Hudson of Morton.

Rev. H. F. Dunn, pastor of the First Methodist Church of Morton conducted the rites held here and rites were then held Sunday afternoon, at 4 p. m., at Gaisland Cemetery Chapel, near Grapeland, before interment.

Mr. Thornton, a resident of the Morton area since 1926, was a retired farmer. Previous to coming here he had been a railroadman. He died at about 6:30 p. m., Friday, while walking home from a visit downtown. He evidently fell dead of a heart attack, just east of the Clinic on Taylor Street. He was dead when found.

An inquest conducted by Justice of the Peace Albert Morrow found death due to natural causes.

Mr. Thornton moved here from Rusk County, Texas, born Oct. 12, 1883, at Houston County, Texas, his wife preceded him in death in 1920. Burial in the Gaisland Cemetery, was beside his wife, Singleton Funeral Home of Morton was in charge.

Survivors include two daughters, Mrs. Ray Hudson, Morton and Mrs. Major Moores, Arp, Tex.; a son, Hathan H. Thornton, Los Angeles, Calif.; two sisters, Mrs. Ava Adams and Mrs. Jenny Adams, both of Grapeland; a brother, Nathan Thornton, Grapeland; four half-brothers, John L. Thornton, Grapeland; Ezel Thornton, Henderson; Odell Thornton, Florence, Ariz.; and Jack Thornton, Florence, Ariz.; six grandchildren, nine great-grandchildren and one great-grandchild.

Eli Douglas, Ele. Principal, Resigns Here

Eli Douglas, Morton Elementary School Principal for the past year, will become High School Principal at Roosevelt High School, Lubbock County, he confirmed this week.

Douglas, who said he wasn't looking for a job, had planned to stay in Morton for another year or two. He simply answered a call from the Roosevelt school officials as a courtesy. Then the offer made was so attractive he just couldn't afford to pass it up.

He said he hopes to move his family on Monday of next week, if everything goes well. They will move into a temporary house for the remainder of the summer, and then will move into a brand new brick home being built by the school.

The Roosevelt High School, with between 175 and 200 students now, is a fast growing district, Douglas believes. New housing developments surround the district. He felt the increased opportunity at Roosevelt was too good to pass up. Douglas has taught in high school previous to being elementary principal here, his first principal's post.

He offered his sincere thanks to everyone in Morton for their cooperation during the past school year making it a pleasant association for the Douglas family... one which they hate to leave behind.

IN MULESHOE HOSPITAL

A. V. Walker, who suffered a heart attack Monday, was reported improved Wednesday at the Muleshoe Hospital. He was taken to the Muleshoe Hospital late Monday and placed under an oxygen tent. Tuesday the tent was removed.

But its not simply because our salaries are not good enough, that we lose teachers.

The lure of larger cities, brick teacherages, better hours, more pay, is great. The only weapons with which to fight back are the same things.

Until we get our business in shape locally where we decide it's important enough to keep teachers we will continue to loose them to the lure of other schools.

TO PREACH SUNDAY AT ASSEMBLY OF GODS

Paul Thompson of Odessa will preach Sunday at the Assembly of God Church in Morton, according to Rev. H. T. Clarke, pastor.

DOING WELL AFTER LOSS OF EYE

T. B. White, one of the Morton school custodians, injured an eye while working at the school, Tuesday, about 10 a. m. and the eye was removed at St. Mary's Hospital, Lubbock.

White was treated at the Medical Center in Morton where the doctor advised taking him to Lubbock. He was reported doing as well as could be expected. Wednesday, following removal of the eye.

WHO'S WHO TOTAL PRIZE MONEY \$132000 THIS WEEK \$30000 See details elsewhere

Entries are to be taken to Woolam Implement Company, Morton Tribune, Rose Auto and Appliance, Herb's Gulf Service Station.

Posse Takes Third at Amarillo; Two More Rides Are Scheduled

The Cochran County Sheriff's Posse answered a "hurry up" call to take part in a rodeo parade at Amarillo, Saturday, and

Trio Are Fined In County Court

Fines of \$200, \$100 and \$50, one suspended 30 day jail sentence and one 10 day jail sentence were the results of county court held here this week.

Jesse Robinson was fined \$50 and costs and was sent to jail for 10 days for theft of a television antenna.

James Hawkins and Carl Morgan were fined \$100 and costs and \$200 and costs, respectively, for carrying concealed weapons. Morgan was given a 30 day jail sentence, suspended, because he participated in a disturbance in the "flats" section of town in which a pistol he was carrying was fired.

3-Way Methodist Revival Begins On Friday Night

Rev. Cecil M. Tune, Methodist Conference Evangelist, will conduct a revival at the Three Way Methodist Church beginning Friday night, July 8, and continuing through Sunday, July 17, it was announced this week by Rev. C. R. Smelser, pastor of the church.

Rev. Tune, who resides in Lamasa, will conduct services each night at 8 p. m. No time has been announced for the morning services.

A cordial invitation has been extended the public to attend any and all of the services.

TO SCHOOL

Willis Hammond, local SCS range conservationist, is at John Tarleton State College, Stephenville, attending a SCS training school.

The special school, which will continue through the first week in August, is for new employees of the SCS in Texas, New Mexico, Oklahoma and Arkansas.

FIESTA CANDIDATE -- A pretty 18-year-old Cochran County girl is a candidate for queen of the SPANISH FIESTA which is to be held September 15 - 16 - 17 at Levelland.

She is Miss Helen Guajardo, daughter of Mr. and Mrs. Robert Guajardo, Route One Morton. A 1960 graduate of Whiteface High School, Miss Guajardo had many honors bestowed upon her while at Whiteface.

The queen contest is being held to help raise funds to defray expenses for the Fiesta. Each vote for the queen costs 10 cents. Special representative for Miss Guajardo, who is being assisted by her sisters, Miss Audelia Pompa and Miss Anita Pompa, in booming Helen's candidacy. Anyone wishing to vote for Miss Guajardo should contact one of the above named trio... support for Helen, who is vying against four Hockley County candidates, will be greatly appreciated.

STEPS ARE TAKEN TO IMPROVE CITY'S STATE WATER RATING

A meeting last week between City manager, Joe Seagler and District Health Department representative Bill Powers has determined the city is well on the way toward fulfilling the necessary requirements to retain its City Water approval from the state.

Last month it was noted that certain repairs were needed before the city could comply with state health requirements. Among the things needed were to catch up on the amount of water sampled for testing; to put a cement floor in the substation located just east of the City Hall, and to repair cracks in the reservoir at City Hall.

Seagler said Monday, following the City Council meeting, that in 1959 the city had complied with this week.

SEAGLER REPORTS THIS WEEK THE CITY HAS BEEN "GOING WELL" WITH ATTENDANCE.

Both has been giving private lessons and piano lessons. The school has been open each night, at 8 p. m.

Clarke reported this week the school has been "going well" with attendance.

WIGGLY AT THE END OF THE LINE

Wiggle, Morton, is out to get it right, Saturday.

It's the day a nickel... no more ones, please... will buy a cup of dip ice cream come at Wiggle.

ANNIVERSARY, JULY 13TH... Ray's Hardware Prepares for Sale

On the eve of 15th year in business here

February 1st, 31 years ago, Carl began selling Maytag washing machines.

He's been featuring Maytag washers ever since, 15 of those years.

Introduction to Maytag was at the J. B. Knight Hardware building.

Seven years later, on July 13, Ray purchased the firm on the east side of the square, Morton. Now bears his name -- Ray's Hardware and Furniture Company.

Starting today, July 7, Mr. and Mrs. Ray began observation of their 15th anniversary sale.

In connection with the sale, which begins through Wednesday, July 7, Ray's giving away three door floor lamp, a table lamp, desk lamp.

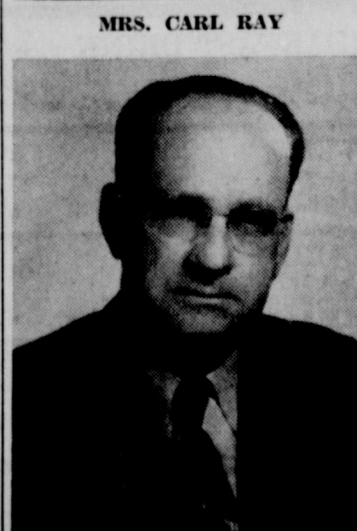

According to the ad which appears on page three of this publication of the Tribune, "15c down" on anything in the house.

Merchandise featured at Ray's includes TV's and radios, maytag washers and dryers, Maytag refrigerators, Lane cedar chests, maytag refrigerators, White sewing machines, and other lines.

Essentially, Ray is the original dealer in Morton.

and Mrs. Ray have two children of the firm and Mrs. Ray Jr., of Lubbock.

Why is he closing the sale this time? Well, he and Mrs. Ray are leaving that day for Dallas to the Southwest Furniture mar-

MRS. CARL RAY

CARL RAY

Mother's Rites Held at Slaton

Funeral services were conducted 9 a. m. Thursday at St. Anthony's Catholic Church at Slaton for Mrs. Lucy Jefferies, 79, wife of W. R. Jefferies of Morton.

The Rev. Erickson officiated.

Mrs. Jefferies, who had lived in Slaton only about six months, died at Mercy Hospital at 4:30 p. m., Wednesday.

Funeral services were conducted at 7 p. m. Wednesday at the Williams Funeral Home Chapel for the former wife of P. N. M.

Burial was in Englewood Cemetery.

Survivors include two sons, W. Murray, Lingo, N. M.; five daughters, Sister Mercedes, Slaton; Mrs. J. B. Agnew and Mrs. F. White, O'Donnell; Mrs. McQuarter, Portland, Ore.; Mrs. D. F. Ferguson, Plains; two brothers, 7 grandchildren and great-grandchildren.

Monthly Sing For Sunday

Regular monthly County Sing will be held Sunday from 2 to 4 p. m. at the Assembly of God Church in Morton and the public is invited to attend.

In addition to the out of town guests from neighboring cities that have been attending these meetings are Mrs. Bryant Booth and daughter, Muleshoe, who are conducting singing school at the Assembly of God Church here, will be in attendance.

Both has been giving private lessons and piano lessons. The school has been open each night, at 8 p. m.

Clarke reported this week the school has been "going well" with attendance.

KEL DAY AT WIGGLY

Wiggle, Morton, is out to get it right, Saturday.

It's the day a nickel... no more ones, please... will buy a cup of dip ice cream come at Wiggle.

Trinights and Side State CAPITOL

By Vern Sanford

AUSTIN — When the various states go to battle to capture new industries, other states go in with cannon sized budgets. But not Texas.

Texas is, by comparison, fighting with a rubber band and spit balls. At least that's the view of the man who heads the Texas effort, Walter E. Dickerson. Dickerson, as executive director of the Texas Industrial Commission, directs himself. He has no staff and no secretary. Legislature allotted him \$23,750 a year to do a job for which the neighboring "poor" state of Arkansas spends more than a half million a year.

Dickerson uses his slim funds for a brochure on Texas and, since out of state travel is impossible, long distance telephoning. He's also seeking additional funds from Texas firms to carry on the work.

Next winter he'll be before the Legislature to ask for more money to give Texas an even break in the intensely competitive industry seeking field.

Dickerson's pleas come against a background of warnings that Texas manufacturing has not been growing fast enough to offset the decline of oil and agricultural. Some areas, such as the Gulf Coast, are becoming highly industrialized, but Texas needs more industry all over, say the economists, if it is to avoid stall.

More manufacture of products for the Texas consumer market is especially recommended. Dickerson has data showing that Texans send \$2,500,000,000 of their money out of state to buy manufactured products.

Dickerson also supports his urging for a beefed up industrial Commission with figures showing that new industry is literally "money in the bank" for a town and state.

For each industry with 100 employees — not a particularly big one — bank deposits jump \$270,000 and retail sales \$360,000 per year. BUSINESS TOTALS TUMBLE — Texas' most recent business activity reports are not entirely rosy, either.

Retail trade for May was down

2 per cent from April and 4 per cent from a year ago according to the University Bureau of Business Research.

Building construction was also in a downward spiral, 3 per cent from April and 11 per cent from last year. Building decline between April and May was due to a sharp drop in home building. Non-residential construction was up 3 per cent.

Slow down in retail buying was unexpected, inasmuch as employment, income and savings are at an all-time high. An increase in home building is hoped for as a result of eased FHA down payment requirements. More homes would, in turn, stimulate more retail buying, particularly furniture, appliances and hardware. GAS TAX LOSES ROUND — Texas' new natural gas severance beneficiary tax flunked its first court test when an Austin district judge ruled it unconstitutional.

Judge Jack Roberts held the tax violated the U. S. Constitution's prohibition against levying a tax on interstate commerce. Severance beneficiary tax is aimed at the natural gas pipeline companies who, the tax's supporters contend, benefit from taking the gas from Texas soil and should pay a tax for these benefits. Most pipelines operate on a national scale. Producers, the people who actually take the gas from the ground, already pay a tax.

Atty. Gen. Will Wilson, representing the state, said he would appeal Roberts' decision, probably to the Third Court for Civil Appeals. Since the case involves a constitutional question, it could be appealed directly to the State Supreme Court, probably not in time for the next Legislature to know whether the state can count on any revenue from it about \$7,500,000 a year.

Gov. Price Daniel said he was "keenly disappointed" in the disappointed in the district court decision especially in that it saw no difference between the severance beneficiary tax and the old gas gathering tax which lost out in the courts.

Daniel said he was confident this tax eventually would be up-

held. STRAY LIVESTOCK LAW IN FORCE — Farmers are warned to pen up their livestock and keep them penned, or be subject to a \$200 fine and impoundment of the animals.

Each day the animals roam at large will be considered a separate offense.

The new law relates to horses, mules, donkeys, cows, bulls, seters, hogs, sheep and goats loose on state and federal highways. Farm and ranch roads are not included.

An increasing number of deaths and injuries due to auto collisions with stray animals necessitated the law.

Heretofore the motorist was liable.

SCHOOL PROBLEM ERUPTS — At the instigation of Texas Commissioner of Education, J. W. Edgar, Brownboro school officials, both board and superintendent are resigning en masse.

Decision was reached after an involved and rather heated hearing in Austin to review school conflicts that had resulted in a killing at a Brownboro school board meeting.

Homers Bass was appealing his dismissal by the Brownboro school board when his contract as superintendent still had two years to go. Board members charged Bass was instructing teachers how to vote in school board elections, handling school funds carelessly and failing to meet state accreditation standards.

Several board members said they felt mass resignation was a good solution that would enable the community to start afresh on a peaceable basis.

BIGGER BUDGETS ASKED — Three state agencies presented their requests for funds for the Sept. 1, 1961-Aug. 31, 1963 period. All want more than they are now pending.

Legislator's and governor's office budget staffs are reviewing the requests of State Health Department, State Board of Insurance and Texas Employment Commission.

Health wants an 18 per cent increase to a total of \$17,000,000 for the coming biennium. State Board of Insurance is asking \$5,173, for the same period, approximately a 20 per cent increase. TEC estimates its needs at \$28,384,905.

With Your... COUNTY AGENT

By Homer E. Thompson

GRASSHOPPER CONTROL ON NATIVE PASTURE LAND

New regulations are out on spraying for grasshoppers on grazing land. The food and Drug Administration now has the right to condemn, or confiscate any food or meats when found contaminated with insecticides that call for zero tolerance. The owner is held responsible in all instances, usually that is the rancher, even if cattle have been marketed.

All previous recommendations of insecticides are hereby rescinded for grasshopper control when spraying grazing or pasture land.

Dairy animals are not to graze any grassland treated for grasshoppers, when organic insecticides are used.

Toxaphene is about the only compound recommended for grasshopper control in range land for beef cattle with these limitations: (1) Use not over 1 1/2 pounds of toxaphene per acre, (2) Remove beef cattle from area for a period of 6 weeks after removal from treated area.

When heptachlor is used at 3 oz. per acre there is a 90 day waiting period and 8 months delay in slaughtering the animals after removal from treated area.

Be sure to follow directions on the container when using all insecticides especially as to quantity used.

On non-agricultural land as idle land, roadsides, fence rows, etc., use any of the recommended insecticides for grasshopper control.

For range being grazed by breeding stock, feeders, and animals to be slaughtered follow the above

recommendations. The line of authority comes from the U. S. D. A. and the U. S. D. A. and the State Department of Agriculture for coordinating and direction of survey for control of grasshoppers.

As more information is received on tolerances as determined through research, it will be passed on to you.

If more information on grasshopper control is needed, please contact your County Agent.

GRAIN SORGHUMS

There are many field lakes under water in the county. It looks favorable for much late grain sorghum plantings. Plant early maturing varieties as may be recommended. These are: 7078, Sorghum, RS 590, and C 44A.

Rains came again July 4, range from 1/2 inches to better than 2 inches over the county. Hail was in a few areas and did some damage to cotton and grain sorghum. Some variety demonstrations were lost two weeks ago on both cotton and grain sorghum tests. Most has been replanted to early maturing varieties.

A second car for the family is growing in demand. Two-car families now comprise about 17% of all families. A recent survey discloses that another 17% want to buy second cars. In some cases, the car is a used one. The average automobile dealer allocates approximately 72% of his used car advertising budget for newspapers.

TEXAS PRESS ASSOCIATION
AUSTIN, TEXAS

SENATOR *** Yarborough's Report

The decision of Fidel Castro to enter into economic agreements with Russia, and his continuing hostile and insulting manner in whipping up Cuban resentment against America made it mandatory that we approve President Eisenhower's request for discretionary powers to alter the Cuban sugar quota.

Possibility that we will have to alter the Cuban sugar quota does not grow as an act of economic reprisal against Cuban people, who we have long regarded and still regard and treat as good neighbors. But events of Castro's own making are driving us to a position where we cannot afford to be reliant on Cuba to supply too large a share of our sugar.

"When I say that as a nation and a people we have befriended Cuba and have gone to extreme to use her sugar, many Texas farmers know what I'm talking about. As a matter of fact, at considerable injustice to some Texas and other American farmers, the Administration has limited American farmer's sugar production to only 27 percent of the American market, while allowing Cuba and other friendly nations large shares of our sugar quota."

For example, farmers of many counties of the Texas Panhandle and upper South Plains area can produce excellent best sugar crops and it will bring more money, about \$100 to \$150 per acre, than most other crops. Yet Texas farmers are allotted only 1800 acres for sugar beet production despite the fact that they have many

times requested additional acreage allotments. Ironically, instead of being permitted to raise more sugar for the tables of America, a commodity which can be used, they are left with land on which they raise wheat or grain sorghums — grains already in fantastic surplus.

"With this situation confronting us, I strongly urge the Administration to take firm steps to allocate more of the American sugar quota to the American farmer and to establish new quotas which will not to a substantial degree leave supply of this vital commodity in America to the whim of an unsound, slanderous, double-dealing tyrant."

HAS CAT FEVER
Little Randy Scarborough, 2 year old son of Mr. and Mrs. Ray Scarborough of Lincoln, Nebraska, is in the hospital there suffering from a rare disease, cat fever. The youngster was reported slightly better, according to Mrs. M. L. Doyle, grandmother. The Doyles went to Lincoln recently and brought back with them the youngest grandchild to stay with them until Randy gets better.

Mrs. Doyle said doctors told them it was only the second case of "cat fever" they had diagnosed in many years. The disease is one which is contracted from playing around with cats, Mrs. Doyle said she was told.

SOMEWHAT BETTER

Walter W. (Moon) Lytle, brother of Mrs. Thurl Lemons of Bayleyboro and Mrs. Edie Lewis of Morton was reported "somewhat improved" in a Ft. Worth Hospital this week, suffering from a blood ailment.

May Hurt Labor Reform . . . Bill Would Repeal Protection of 1959 Labor Reform Legislation

WASHINGTON — A bill to repeal major protection in last year's Labor Reform Act, which resulted from shocking disclosures of the labor racket hearings, is making progress in both the House and Senate, the Chamber of Commerce of the United States reports.

"The bill would allow secondary boycotts and blackmail picketing whenever construction workers cut a board or paint a wall, whether at construction sites, factories, office buildings, or homes," the National Chamber said. "Protection offered employers would go right out the window," according to William Barton, Manager of the Chamber's Labor Relations and Legal Department.

Anybody could be hurt by this picketing bill, the National Chamber pointed out, even the government — even the national defense program. For example:

Carpenters struck the Morrison-Knudsen Co., building six Titan missile bases in Colorado. They wanted to take some jobs from ironworkers. Thanks to present legal safe guards (which the picketing bill would wipe out) construction at the base is proceeding without interruption.

The Electricians Union stopped work at the Redstone Arsenal, Alabama, for one month by picketing all entrances. The dispute was with one contractor. Had the picketing bill been in effect, the

Electricians could have held up missile development for as long as their pickets could walk, the National Chamber said.

With construction and maintenance constantly going on, every major defense plant and defense base in the U. S. would be subject to work stoppages from the countless job disputes of the AFL-CIO construction unions, the National Chamber said.

Perhaps the unions would forbear further widening the missile gap. But there has been no evidence (witness the Machinists strike) that at Cape Canaveral and aircraft plants and missile bases that patriotism will take precedence over the usual attitude of "get what you want any way you can get it," the National Chamber said.

At Texas City, Texas, the Operating Engineers halted construction of a vital, new chemical plant, union painters would not hire a full time engineer to push a button to start and stop a paint sprayer. The job took two minutes a day. The painters did not mind doing it. The Operating Engineers, nevertheless, insisted that a full time member of their union was needed. They struck. Work resumed quickly. A court enjoined the strike under the ban on secondary boycotts — the same ban which the picketing bill would wipe out.

The unions want the right to strike and picket — no matter

Red Cross Aid Being Rushed To Chileans

Washington, D. C. (spl.) — Building supplies to be used in constructing shelters for 2,000 of Chile's hardest hit families have been purchased by the American Red Cross it was announced recently. Such shelter is desperately needed because winter weather is already adding to human suffering.

National headquarters reported that at the request of the Chilean Red Cross and government, it is providing 200,000 square feet of corrugated aluminum roofing and 1,000,000 square feet of interior wallboard for shelters being set up in the battered region of southern Chile.

Chileans are providing other necessary material and arranging for construction of units which later will be converted into permanent two family homes, the Red Cross said.

The United States State Department has worked out plans for roofing and some wallboard to be flown to Chile while balance of the wallboard will be shipped by sea.

The Red Cross also reported it is assembling in Chile 5,000 family kitchen units having a total value of over \$175,000. Each unit contains a two burner kerosene stove, large cookpot, frying pan, water jug, tea kettle, wash tub, soup ladle, plates, cups, knives, forks, and spoons. Distribution of kitchen units has begun in Concepcion.

The American Junior Red Cross is sending to Chilean youngsters affected by disaster, 150 school chests filled with such items as recreational equipment, health items, and school supplies.

The Red Cross announcement covered the latest aid provided to Chile. Since the disaster struck in late May, the Red Cross has sent vast quantities of drugs, clothing, blankets, and other urgently needed material for thousands of victims.

Four representatives of the West Texas Agriculture Employers Group were in Washington June 20 — 25 working in behalf of the Farm Labor Bill, which was passed by the House last Thursday. This bill called for the extension of Public Law No. 78 which governs the use of Braceros in agriculture labor in this country.

The House version of this bill called for a two year extension and Washington representatives indicated the House version would probably be passed by the Senate later this summer, when congress reconvenes.

Representing the WTAEG were G. Boyd, Lamesa; C. E. Jackson, O'Donnell; and Ed Dean, Lubbock, secretary.

The group worked through Congressman George Mahon and with other congressional representatives and met with the National Users Group to consider including legislation which called for curtailing Secretary of Labor Mitchell's power over domestic labor. Representatives from Arizona, California and Wisconsin opposed such action and the National Users Group voted to work for the two year extension although WTAEG representatives voted to stand firm to try and curb Secretary Mitchell's powers over domestic agricultural labor.

If the Senate passes the House version calling for an extension of Public Law No. 78 it will insure Bracero labor for agriculture for two more years, from June 1961 until June 1963.

Pfeiffenberger said that while he found some dissatisfaction with American cotton shipments, and the general belief among European cotton men that American cotton is being damaged by over drying and over cleaning, there is a high level of cotton consumption in Europe and the potential is good for even more export markets there.

The export program of this country the past year or so has been very successful making American cotton very competitive and the outlook for 1960 seems to be equally as good.

Pfeiffenberger said that while he found some dissatisfaction with American cotton shipments, and the general belief among European cotton men that American cotton is being damaged by over drying and over cleaning, there is a high level of cotton consumption in Europe and the potential is good for even more export markets there.

EDITORIALS . . .

Stop, and Say Thanks!

Summer is a time when folks seem to specialize in doing things for others. . . and yet, one of the things witnessed far less often than it should be, and definitely lacking in our world today. . . is the sight of people thanking others for the efforts that they make on behalf of someone else.

Summer in this part of the country starts off with a bang for the youngsters who are almost immediately, upon the closing of school for the summer, enrolled in various summer schools.

Vacation Bible schools, manned by unpaid, cooperative adult leaders have been a big success in this area. And, the church folks usually get a warm thanks. . . this Christian attitude usually abounds in church activities.

But in things not directly connected with the church, this Christian thanks is often lacking. Someone shepherds the boys and girls on their summer Scout and Camp Fire trips, and others donate money to help defray expenses.

Others, just taking a vacation, partly to entertain their own children, and partly because they know the neighbor's youngster will appreciate it, take them along.

Someone plans the picnics; others drive the kids to the swimming pool; still others happen to have a vacant seat on the way to somewhere. Boats and fishing lines get a workout; and volunteer labor maps, plans, and conducts a Rodeo.

Someone manages the ball teams; someone else umpires; and still others drag the playing field, water the grounds, build fences, etc. . . the myriads of things that are to be done.

Of course this is not just a summertime thing. . . some folks delight in doing things for others, the year round. Folks certainly should, whenever possible, give of their particular talent, so that others may benefit.

Simple as it may sound, some have an ability to teach others how to swim, or drive; not everyone can umpire a game, but those who could, should.

One of the very biggest reasons our efforts to form and maintain a Chamber of Commerce have hit a snag, is because so many, many folks want to let the other fellow do the leg work.

Truth is, those who are habitually taking part in activities that boost the youngsters and the town in general, are the last ones to expect or seek thanks. They get their thanks from the persons who are benefitted directly.

But they also appreciate, beyond what words can describe, a mother or father taking the time to come to them and say, "thank you so very much for making it possible for my child to go to camp." They appreciate hearing someone say, "I know you donated money for this or that project, and I appreciate it." It means just a little more if someone comes up after the rodeo and says, "you posse members and Lions put on a real swell show this year."

Anyway it comes. . . anyway it's said, a little encouragement goes a long, long way.

Try it a little more often, and see. Try personally thanking your child's teacher at school; or your Sunday School teacher; or others who are helping to build a better, stronger community. We think your kind words couldn't fall on more appreciative ears.

Conservation — Everyone's Job

An unusually fine film on soil stewardship was shown to the Morton Lions Club this week by Ed Thomas, local Soil Conservationist.

The film, shown to several groups, during soil Stewardship Week last spring, is entitled, "The Earth Is The Lord's." It points up a theme that has often been stressed, but quite often doesn't "get through" to city residents, who just aren't concerned with the need for conserving water and soil.

Thomas, in a few words prefacing the film showing, reminded that it is the job of all of us. . . not just the farmer, to conserve our natural resources.

Many of our natural resources are now nearly depleted, because of lack of foresight of we, and our forefathers. We took of the abundance, but we did not attempt to replace, for those generations that will follow us.

Not only in the use of soil and water, but in the enjoyment of all of our abundant natural resource blessings, we should take a particular pride in doing whatever we can to conserve what we have, and to give nature a hand in putting back into our country, what we have taken out of it.

Neglect of our land, lavish waste of our water, careless destruction of forests. . . continues to be a national disgrace that we should take pride in eliminating. . . for the sake of our children, their children, and generations unborn.

Aptitude Test For All Students

Fort Worth (spl.) — All students applying for admission to Texas Christian University as freshmen in the fall of 1962 will be required to take the Scholastic Aptitude Test of the College Entrance Examination Board.

For those applying for academic scholarships, the Board test will be mandatory for the fall of 1961 and all other entering students will be urged to take it on a voluntary basis.

The new policy, announced Saturday by Chancellor M. E. Sadler, is another step in TCU's program of placing increased emphasis on academic excellence.

To SCHOOL.
Babe Vanlandingham, who will be one of the partners in a new bowling alley venture in Morton,

is in California attending a several weeks schooling on how to manage and operate the school will last about two weeks.

10 Water Wells Drilled Here During May
Cochran County was high up in the list of Counties of the High Plains Water Conservation District No. 1, in wells drilled during the month of May.
The information, released in the June publication of "The Cross Section," district paper, showed Cochran drilled 10 new wells during the month, ranking 6th among the 13 counties in the district. Lubbock county drilled 26 and Hockley, 25.
Floyd County drilled 15, Lamb 14, and Bailey 11. No replacement wells were drilled in this county and no dry holes were reported. Only Armstrong, Floyd, and Potter counties had less permits issued during the month.
HOME FROM VISIT
Miss Elaine Dunn has been visiting with her sister, Eleanor, in Amarillo the past two weeks. She returned to her home in Morton on Sunday.
VISITORS SUNDAY
Misses Jane Ellis of Mertzon, and Glenda and Brenda Cole of Lubbock attended the services at the Methodist Church in Morton last Sunday.

Lamesans Pledge Vows In Morton

Wesley Harold Lawler and Miss Mattie Glee White of Lamesa exchanged wedding vows at the altar of the First Methodist Church in Morton at six o'clock Saturday evening. The pastor of the church, Rev. H. F. Dunn performed the ceremony.

SEVERAL ATTEND JUNIOR CAMP OF METHODISTS

Jeanetta Rowden, Linda Seagler, Patricia McClure, Jeanette Childs, Mary Ann Holloway, Eddie Holloway, Jerry Luper, and Rev. H. F. Dunn, pastor of the First Methodist Church of Morton attended the Methodist Camp meeting for Juniors at Gota Canyon, Monday through Friday of last week.

The general theme was "Living Together As Christians." There were one hundred and one boys and girls with 18 counselors from the Brownfield District in attendance.

Mesdames L. B. Childs, Joe Seagler, and James McClure helped to transport the boys and girls to and from the camp.

MILLS FAMILY HAS AMARILLO REUNION

The Mills family reunion was held July 4th at the Park in the City of Amarillo, with a total of 25 persons present.

Several attending from Morton included Mr. and Mrs. Ed Mills, Mrs. Minerva Shaw, Miss Ola Mills, Mr. and Mrs. Vernon Shaw and family, Mrs. John Mills, and Mr. and Mrs. Carl Proctor and baby.

Three Way News . . .

By Mrs. Frank Griffith

GUESTS OF STEGALL'S
Recent Guests in the Cass Stegall home were Mr. and Mrs. Ira Merchant, Mr. and Mrs. Jack Feagua, Mr. and Mrs. Don Taylor, Mrs. Mark Oliver and Mrs. Mary Campbell all of Amarillo. Mrs. Merchant is a sister to Cass.

WMS PRESENTS PROGRAM
World Alliance in Brazil was the theme of the Royal Service program presented by the WMS of the Three Way Baptist Church, Wednesday evening.

Taking part in the program were Mesdames Andrew Wittner, Gene Kinley, D. P. Brinker, Jack Lane, and Eg. Neutzler. Supper was served in the church kitchen before the program.

WEEKEND AT RUIDOSO
Mr. and Mrs. Cass Stegall and family spent the weekend at Ruidoso, N. M.

VISIT IN BURLESON
Rev. and Mrs. Byron Hardgrove and son visited last week with his mother at Burleson, Texas. A sister to Rev. Hardgrove was at his mother's home at the same time. He had not seen the sister for several years.

VISIT PARENTS
July 4th visitors in the D. S. Fowler home were their daughters and families, Mr. and Mrs. Don Morgan and Mr. and Mrs. Buddy Cook, all of Dallas.

ATTEND FUNERAL
Mr. and Mrs. D. S. Fowler and Mr. and Mrs. Don Morgan attended the funeral of O. O. Burleson at Slaton Saturday. He was the father of Truman Burleson who formerly lived in the Three Way Community.

IS ILL
Mrs. Charles Bowen Sr. of Bangs, Texas is ill. She is the mother of Mrs. Charles Bowen of

Maple.

GET TELEPHONES
Mr. and Mrs. Oran Reeves and Mr. and Mrs. Frank Griffith were among those getting telephones last week.

Anyone wishing to call in items for the Three Way News may dial Whitehall 6-2131.

FOURTH AT FRIONA
Spending the 4th at Friona were Mr. and Mrs. Jack Lane and children and Winona Williams.

HOME FROM SCHOOL
Sandra Lemons was home from school the past weekend.

VISIT AT LEVILLAND
Visiting relatives at Levelland and Lubbock last weekend and through the fourth were Mr. and Mrs. Lewie Jordan and Linda. Linda went to Ruidoso with her cousins, the Randall Cooks of Levelland.

VISITING RELATIVES
Ginger Carlisle is visiting with relatives at Hereford.

AT ALAMOGORDO LAKE
The Earl Bowers family spent the July fourth weekend at Alamogordo Lake.

VISITS IN COMMUNITY
Paulette Theford of El Paso, Texas, visited the past weekend with friends in the community. She formerly lived here and attended school at Three Way.

VISIT IN JOHNSON HOME
Mr. and Mrs. W. Wilborn and children of Westminster, Calif., visited Wednesday evening in the Baker Johnson home.

TO CAMP
Nan Johnson leaves Wednesday from Muleshoe by chartered bus for Camp Davis, near Las Vegas, N. M. She will be counselor to girls age 9 to 14. Miss Johnson will be gone about 4 weeks.

GUESTS OF GRIFFITHS
Guests in the Frank Griffith home the past weekend were Mr. and Mrs. John Paul and Mr. and Mrs. W. K. Paul all of Albuquerque and Mr. and Mrs. Jimmie Batteas and girls of West Camp. Mrs. W. K. Paul and Mrs. Batteas are daughters of the Griffiths.

BREAKS ARM
Windell Williams, son of Mr. and Mrs. Conrad Williams broke his left arm Monday morning

when he fell from a horse. He had gone to visit J. L. Lemons and had been there only a few minutes when the accident occurred.

VISITING AUNT AND UNCLE
Alesia and Rhonda Ragsdale of Bovina are visiting this week with their aunt and uncle Mr. and Mrs. Buck Ragsdale.

HAVE GUESTS OVER 4th
Guests in the Elmer Batteas home during the July 4th weekend were Mr. and Mrs. Sam Batteas of Pampa, Mr. and Mrs. Jimmie Batteas and girls of West Camp, Mr. and Mrs. Ernest Whitaker, and Mr. and Mrs. Kent Cooper and children all of Fairview.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

A conservation cropping system is the most vital function to assure a long and profitable life for your soil. The four integral parts or steps to a conservation cropping system are: 1. Rotation of crops; 2. Cover cropping; 3. Stubble mulching; and 4. Crop residue use.

Rotating crops, in a planned crop rotation system to include high residue crops, at definite intervals, to maintain and improve the biological and physical condition of the soil, is fast gaining recognition in the Cochran Soil Conservation District. High residue crops such as small grains, grain sorghums, and hay and pasture crops such as grasses and alfalfa, return more organic material to the soil than is burned up in their production. Low residue crops such as cotton, sesame, and ensilage, deplete the soil of its life sustaining organic matter.

Cover crops or soil improving crops such as vetch and small grains not only add organic matter, but do an excellent job of holding the soil in place during the winter and early spring months.

Stubble mulching and crop residue use are systems of managing residues, of high residue crops, to protect the soil from erosion. In the event of wind erosion, the organic matter and fertilizing elements are the first to move off. Stubble mulching is managing the residue on the surface throughout the entire cropping year, while crop residue use is managing the residue on the surface until planting time for the following

crop. Definite plans result in definite action. See your Cochran Soil Conservation District Supervisor, or one of the Soil Conservation Service Technicians, about a basic conservation plan for your farm or ranch now.

VISIT SONS IN AIR FORCE
Mr. and Mrs. G. F. Cooper, Jr., Jerry Don and Miss Linda Benham, visited A/B George F. Cooper III at Lackland AFB over the weekend. George will remain at Lackland for the next 3 weeks to complete his basic training. The Cooper's also have a cousin, T/Sgt. Grady D. Roddy at Kelly AFB San Antonio, who is in the Air Force and will retire in 4 years. Grady is formerly of Morton and attended Morton High School.

Also visiting at Lackland AFB were Mr. and Mrs. Olan Darland visiting their son A/B Larry Douglas Darland who has been at Lackland AFB 5 weeks and is now going to Lowry AFB, Colo., to complete his next 3 weeks basic. Both Airmen are this year's graduates of Morton High School. The Darlands also visited her sister who lives in San Antonio, who's husband is serving in the Air Force in the Philippines.

CITY —

Continued From Page One

the minimum requirements of water samples to the district, but had not complied with the state requirement. However, this year, he said the city was behind in sending its samples for testing, but reminded that they were in the process of "catching up".

He said the floor, ordered by the state inspector, in the substation was put in, in April of this year and said plans are underway to repair cracks in the reservoir. However, he said the district inspector said he didn't think the cracks were at the stage where the water could be polluted, but ordered the repairs before they did reach that stage.

Seagler had read to the council at the meeting a list of 9 recommendations to comply with the state health laws. He also said Morton was one of only four or five cities on the entire South Plains who have water approved by the state.

Seagler said better chlorine

residual records are now being kept and that adherence to bacteriological analysis rules will be maintained.

As further improvements, Seagler cited that overflow vents on the storage reserve have been screened; pump bases on the wells have been sealed and nearly all dead end water mains have been eliminated to give better circulation.

Also brought before the council was a copy of the agreement with the Morton School District in 1955 in which the city received land at the school to locate a city well, in exchange for offering the school water to keep up their practice field and stadium football field.

Seagler said the amount of water being used by the school is nearly the capacity of the well during the summer months, creating a water shortage problem for other residents of the area. The Council was also shown a report by the Commissioners Court of Cochran County advising them of the need to terminate their fire control agreement as

of Dec. 31, 1960; since it is not advisable for the county to enter into any such agreements for longer than one year at a time.

Bills were examined, approved and ordered paid for the month of June.

ATTEND "DEMOCRACY TALKS"

Mr. and Mrs. Bill Berry of Morton were among those who attended the "Democracy vs. Communism" talks last week at ENMU, Portales, N. M. The talks were sponsored by the Portales American Legion Post. Berry is a former commander of the post, and Mrs. Berry is president of the Portales Auxiliary of the American Legion.

No. 204

NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to the order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in Session at its regular meeting place in the Court House in the town of Morton, Cochran County, Texas, at 5:00 o'clock A. M., on Fri. and Tues. the 8th and 12th day of July, 1960, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Cochran County, Texas, for taxable purposes for the year 1960, and any and all persons interested or having business with said Board are hereby notified to be present.

Lessey Silvers County Clerk, Cochran County, Texas Morton, Texas. 28 day of June, 1960. 19-2tc

No. 203

NOTICE TO BIDDERS

The Cochran County Commissioners Court will accept bids until 10:00 A. M. on July 11, 1960, at its regular meeting place in the Courthouse in Morton, Texas to purchase one:

Alphanumeric Accounting Machine to write Tax receipts and Roll and Automatically Compute Taxes.

"DESCRIPTION"

It has a 22" carriage, fully electric typewriter with magnetic stops, control panel with four schedules which by turning knob will do four different and unrelated jobs.

The Court reserves the right to reject any and all bids.

Glenn W. Thompson Cochran County Judge Cochran County, Texas 19-2tc

VISITS HERE; REPORTS

GOOD POTATO CROP

Mr. and Mrs. H. L. Ward of Hereford and children, Gayland and Phyllis, were in Morton Tuesday visiting her (Lorena's) parents, Mr. and Mrs. J. R. Ward. H. L. reported his red potato crop was doing well, and reported up to that time, the current rain had brought about two inches of moisture to his fields. He said it was enough to soften up the ground but didn't think it would hurt the quality of the potatoes, if it didn't stay wet to long. He reported an average of 225 sacks of red potatoes per acre being harvested from his field at a FOB Hereford price of \$5 per sack, one of the best prices received in recent years.

TO CALIFORNIA

Mrs. J. D. Hawthorne and daughter, Jan, left Clovis this morning (Thursday) by train for California where they will visit Mr. Hawthorne's sister, Mrs. W. H. Day and family at Santa Ana, and Mrs. Hawthorne's sister and family of Bakersfield, and other relatives in Los Angeles.

UNDERGOES APPENDECTOMY

Lyndon Gatrigh, son of Mr. and Mrs. J. O. Gatrigh of Morton, underwent an emergency appendectomy last Tuesday at the Amarillo Osteopath Hospital.

Young Gatrigh, and his brother, Murvin, are employed at a camp trailer assembly there.

Mr. and Mrs. Gatrigh were in Amarillo Tuesday and Wednesday visiting the youths.

Lyndon Gatrigh suffered a badly cut leg last summer, but was able to participate in track at Howard Payne College this past season. He expects to return to Howard Payne this fall. Murvin Gatrigh plans to enter Ossa Junior College.

20,000,000th Visitor To Empire State Building

IF THE nearly 20,000,000 persons who have visited the Empire State Building's observatory were to stand in a continuous line, it would stretch from Empire State, a quarter of the distance around the globe to the Islands of Samoa.

EMPIRE State's 20,000,000th visitor will be sent with a guest of his choice on a 6,500 mile trip to the major cities of the United States where they will be feted as personal emissaries of the world's tallest building.

Help strengthen America's Peace Power

It's a face filled with peace and strength—the face of the Statue of Liberty.

Peace costs money. Money for strength to keep the peace. Money for science and education to help make peace lasting.

She's a great symbol of one of the things most worth keeping. But she can only stand for liberty. It's up to each of us to help keep it.

Your Savings Bonds, as a direct investment in your country, make you a Partner in strengthening America's Peace Power.

And you can help—by helping to keep the peace. Think it over. Are you buying as many Bonds as you might?

Buy U.S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, The Advertising Council and

PATCHWORK PRETTY—Now it's fashionable to wear patches! This novel patchwork skirt was made from plain and printed cotton feed and flour sacks. The patches are accented by rows of Wright's rick rack. Directions for making the skirt may be obtained from the National Cotton Council, Box 9905, Department M, Memphis 12, Tennessee.

You'll Find His Phones In 4500 Communities

Gen'l Telephone is Second to A.T.&T.

Men Who Make America Great

Gave up Geology to Study Utilities

Right off the bat things began to happen.

First, he expanded and restaffed the important New York office; second, he initiated a growth program.

Two years ago he acquired Theodore Gary & Co., a big independent, which owned manufacturing facilities also. So now, next to Western Electric, Power's firm is the country's biggest maker of phone equipment.

This year, through an exchange of stock, he joined forces with Peninsular Telephone Co. of Florida, adding another 300,000 phones. Previously, he adds, "we didn't have a single phone in that state."

A big, round-faced man of 37, Power is a quiet sort of fellow who moves quickly and noiselessly. Conservative, he doesn't like to fly—though he is constantly on the move. He averages 100,000 travel miles a year—just by train.

His chief worry

Every weekend he entrains for his 220 acre Ohio farm to be with his wife and two daughters.

Now that General owns plants in Belgium, Italy, Canada and the phone systems of the Philippines and the Dominican Republic, Power is now on a business trip to Europe where he is exploring new opportunities.

In summer he takes off for some Quebec fishing—always worrying about where he will get the new capital for the \$300 million plant expansion he plans for the next five years. But that's a small worry—Power always seems to get what he wants out of the business as he did

By LOUIS JAMES

How did David feel next to giant Goliath?

"Sort of small," grins Donald Clinton Power.

Power ought to know that feeling. As president of the General Telephone Corporation, he feels "sort of small" next to mammoth A.T.&T. which controls 50 million of the country's 60 million phones.

But General Telephone is a Goliath in its own right. It is the giant of a vast network of 4300 independent companies who run most of the phones in the smaller communities throughout the country.

Operates in 30 states

General's three million phones tentacle 30 states and many thousands of towns, making it the second largest phone company in the world.

Bell, for instance, may control Los Angeles, Power admits, "but we have Los Angeles surrounded."

In six years, Power helped jump General's assets into the billion dollar class, upping its net from \$5 million to \$41 million. He did it because few men in the field know public utilities and the complexities of rate systems as intimately as he does.

For years he taught the subject at Ohio State (he was chairman of the board in 1951) and later was chief counsel for the Ohio Public Utilities Commission.

Last year, the Wall Street Journal gave him a special token of leadership in progressive business and he readily admits his dependency on business news

WAS partner of Bricker

In 1939, a law partner, John Bricker, was elected Ohio governor and Power became his secretary. When Bricker got the presidential big four years later, Power left to become chief counsel for General Telephone.

"I had as many as 19 rate cases in 19 different states going on at the same time," Power recalls, wondering how he ever managed it.

When General needed a new president in 1951, Power was their logical choice—no one knew as much about the intricate network of the business as he did

RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any one of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week . . . but only one entry per person at any one store (more than one will disqualify all entries of that person for that week). Anyone can enter unless a member of your family is employed by the MORTON TRIBUNE. Sponsoring merchants, their families, (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into the Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

3. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star (*) appears in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) appear elsewhere in the paper. Clues will be scattered . . . many ads will have no clues while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts.

4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted . . . and MAIL ENTRIES WILL NOT BE ACCEPTED.

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$50.00 will be given. Whenever this bonus is not won it will be added to next week's BONUS . . . which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues . . . the exact number and all copied correctly. Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss! Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter . . . Fix up your entry NOW!

Who's Who Fooled 'Em All . . .

\$300 JACKPOT NEXT WEEK AS FINALE IN WHO'S WHO CONTEST

There wasn't any "payola," and the thing wasn't "rigged." Nevertheless, all entries Tuesday failed to identify Rev. Henry Winfield (Dub) Kile of Enochs as the mystery Who's Who — thus \$66 is added to the \$234, and with Who's Who in its final stage, the possible award climbs to \$300.00. . . . and it gets even more exciting around the Tribune office.

All entries, all 54 of them, were drawn from the red cage by little Johnny Rozell, 3 year old son of Mr. and Mrs. Daniel Rozell of Morton.

Not one entry correctly listed Dub as the mystery person. (There's a first time for everything, they say.)

Guesses included Gene Benham, Roy Gentry, Elra Oden, Bob Dunham, and Leon W. Dupler.

Apparently we made the mystery a bigger mystery than ever before . . . recall we promised the Who's Who would become more difficult.

The 54 was a far cry from the 1,577 entries that showed up in last week's Who's Who.

But we're looking forward to a "big one" this week . . . \$300 is real money.

(We've been often asked why Who's Who must stop. Well, you wouldn't want it to conflict with the National Conventions would you?)

Among the interesting developments following the drawing Tuesday was one regarding a lady from Enochs.

She reports she is a member of the Enochs Methodist Church of which Rev. Kile is pastor, and he didn't say anything about Who's Who in his sermon Sunday.

Also, she says she called Rev. Kile's neighbor, Mrs. Bob Newton and inquired about the possibility of Newton being the Who's Who.

Regarding her name, she said she'd appreciate it if we left it out — "I've already taken enough ribbing," was her explanation.

This being the last week of the Who's Who — we hope you've enjoyed it as much as we — we'll draw Tuesday, July 12, until we get a winner.

The first entry out of the box with the correct identity of Who's Who gets \$10, if all clues are correctly listed, \$300, if not, we will draw until we get a correct entry. If no correct entries?????

The Who's Who awarding was conducted at Virginia's Beauty Shop. Entries were gathered from Morton Drug Store, Gardner-Ross, Reynolds Tire Company, and Virginia's.

This week the boxes move to Woolam Imp. Co., Rose Auto and Appliance, Herb's Gulf Station, and The Morton Tribune.

Here are the clues to the identity of Rev. Henry Winfield Kile, pastor of the Enochs Methodist Church, and former Bula pastor.

We've listed 26 correct clues here, but 28 would have been approved because two clues were listed twice each.

(Maybe you folks will believe we're getting excited around the Tribune office now.)

Wed in Texas County named after one who fought in Battle of San Jacinto, (Dawson County, named for Nicholas Dawson who fought in Battle of San Jacinto and later died leading an expedition against Mexican invasion.)

Middle name same as given name of American General born in 1786. (General Winfield Scott); Has nickname (Dub); Mate has nickname, (Pat).

Attended Tech, (after attending San Angelo Junior College); Drives 4 door auto, (brown and light tan Ford); Favorite color, blue; Reads Saturday Evening Post; Enjoys food;

Speaks Spanish, too, (along with English and German); Plays "42"; Active in Scouts, (assistant Scout Master of Troop 176, Bula);

Worked as bus boy, (Luby's while at Tech); Home faces south; Has east entrance to home; Once worked as bricklayer, (in Dawson County and area);

Served on a Grandjury, (Muleshoe in 1959); Enjoys fishing; Enjoys Golf, (on the Murton Country Club with Rev. James Harrell);

Enjoys reading (in fact, he and his wife prefer reading to radio or TV); Attended school in county where Judge Roy Bean presided, (Del Rio in Val Verde County, and the Judge was on over at Langtry);

Born in South Plains County, (Dawson County); Has relative in Littlefield, (B. L. Snyder with Telephone company);

Mate's shoe size, seven; Drives four letter auto, (Ford); Enjoys iced tea, and that was it . . . and one more Who's Who and that's that . . .

ant Scout Master of Troop 176, Bula);

Strong Defense Bill Passed; Mahon Supports Johnson

WASHINGTON, D. C. (sp.) — A busy Congress, heading for a recess early this week until after the national conventions of the two major political parties cleared several important measures and sent them to the White House for the signature of President Eisenhower.

One of the most important and far-reaching of these bills was the \$40 billion Defense measure, handed in the House by George Mahon of the 19th Congressional District of Texas. Speaking of the Defense Bill, Mahon said:

"I think we produced a good bill. We kept politics out of the bill, as attested to by the fact that all Republicans and Democrats on the Appropriations Committee except one supported it."

"We exceeded the budget in order to make up for certain deficiencies in the defense program. Many significant changes were made in the President's program in order to add needed strength to the defense effort. Congress took the position that this was no time to let our guard down."

Just prior to the recess, after heated debate, a wheat and feed grain farm bill was voted down in the House by a vote of 171 to 236. According to Mahon, the defeat of this measure means that no major farm legislation will be enacted at this session. Mahon said that the atmosphere was unfavorable and the conflicts were so great between Congress and Secretary Benson and among the farm organizations that it would be much better to consider the farm problem under the changed atmosphere of the new Administration, Democratic or Republican, which will take over next January, following the November elections.

The House passed a bill extending the Bracero farm labor bill for two years. Favorable Senate action is expected in August.

Final action on most of the appropriation bills for the session was taken prior to the recess. Indications are that appropriations in the over all budget requested by the President in his January Budget, and major readjustments, both up and down, were made. The Defense addition accounting for the major increase.

Indications are that the granting of obligatory authority other than appropriations by Congress will be decidedly over the President's Budget.

Final decisions as to what will be done on such major issues as federal aid to education, minimum wage, and other matters, will be made after the November elections.

4-H LEADERSHIP CAMP
Beth Wemken and Judy Williamson, members of the Morton Junior High 4-H Club, are among those attending the District 4-H Leadership Camp at Lubbock this week. The 4-H club members attending from Cochran County were in charge of the

flag lowering ceremony Wednesday evening.
A new 50-star flag was presented to the 4-H Camp by Mrs. Bayne McCurry and her mother of Anton.

BAGWORM CONTROL TIME
Bagworms are, or soon will be, active in all parts of the State. The time to obtain good control of these pests is when they are young, as chemicals applied after the worms are grown give no control according to James Hawkins, our Assistant Extension Entomologist.

After hatching, the larvae immediately start to feed on the foliage of ornamental plants. The young worms spin a silken bag about themselves and as they feed attach bits of foliage to this bag. The worms carry this bag with them as they move about. When the worms are grown, this bag is one and a half to two inches long and affords the worm almost complete protection.

In September the female worm deposits her eggs in the bag and then dies. The bags should be picked from infested plants and burned because the eggs for next season's worms go through the winter inside the bags.
Mr. Hawkins recommends 10 percent toxaphene or 4 percent malathion dust as a control. Lead arsenate, toxaphene or malathion spray can also be used. Remember, these chemicals are effective only if used when the worms are young.

For additional information on control of bagworms ask this office for L-199, "Texas Guide for Controlling Insects on Ornamental Plants."

THINKING OF A PATIO?
Simple directions are available at the Extension office for making a patio or terrace. The directions are complete with pictures. The same steps can be followed to build a walk, pathway, play area, or other hard-surface "floor" under a clothesline.

EASY OUTDOOR COOKERY
A quick, easy way to prepare the main dish for a picnic or outdoor meal is to cook on skewers.

"Shish-Kabobs" are delicious and different. Why not try them for your many July picnics.
There are many possibilities for "Shish-Kabobs." You may have all vegetables or all meat on the skewer, or alternate the meat cubes with a combination of vegetables such as tomato wedges, chunks of carrot, mushrooms, pieces of green pepper, onion, etc.

A basic "shish-kabobs" is made with boneless meat, cut in 1

1/2 or 2 inch cubes. Beef, lamb, ham or pork may be used.

With lamb or veal, use the shoulder or leg; with beef, use round, chuck or rump. Allow 1/2 to 3/4 pound per person.

Prepare the meat by simply brushing with lemon juice and olive oil, or marinate from 2 hours to 2 days in the following mixture: 1 part of lemon juice to 2 parts olive oil seasoned with crushed garlic, salt and pepper, and if you wish, add some thyme, oregano, bay leaf or cumin.

Now string the cubes on your skewers. . . . If you like the meat at rare, push the cubes closely together. For all-around crispness, separate the chunks on the skewer.

Broil over coals. It will take from 10 to 16 minutes, depending on how well done you want the food.

Serve immediately.

MILK IS BASIC FOOD
Even if June, the Dairy Month is over the spotlight is still on milk and dairy foods. Actually milk provides so many good nutrients, it's almost impossible to have an adequate diet without it. If you don't drink some milk in addition to using cheese and other dairy foods, chances are you are not getting enough calcium.

We Americans depend upon dairy products for three-fourths of the calcium in our diets. This mineral is the chief material of our bones and teeth. Without enough of it, children cannot develop good teeth and strong bones. Adults need calcium for upkeep of bony structures. It's also needed for contraction and relaxation of muscles and the carrying of nerve messages in the body.

All dairy products provide some calcium, but it takes more than one serving of some to equal the calcium you get in a cup of fluid milk. So eat some dairy foods, and drink milk, too.

Use milk in cooking. Make liberal use of creamed soups, scalloped dishes, milk puddings, curries and ice cream.

Try these recipes to add milk to your diet:

COFFEE ICE CREAMFLOAT
1 qt. milk; 1/3 cup sugar
1/4 cup powdered coffee
1 pint ice cream
1 teaspoon vanilla
Scald milk in double boiler. Add powdered coffee and sugar. Chill. When ready to serve, stir a tablespoon of ice cream in each of 4 glasses of coffee mixture. Add a scoop of ice cream to each glass and serve.

CHOCOLATE MINT ICE CREAM
Melt 24 chocolate mint wafers (not cookies) over boiling water. Stir into 1 quart soft vanilla or chocolate ice cream. Freeze until firm.

WORLD'S LONGEST BURRO RACE... LAKE CITY, COLORADO TO LAKE CITY U.S.A., TEXAS

Riding a balky donkey from Lake City, Colorado to Lake City U.S.A., Texas just north of Dallas is no easy job for 19-year-old Bill Stenderlin, 21-year-old Ed Emery, and 25-year-old Don Craig, all Lake City, Colorado area cowboys. They are making the 865-mile junket in quest of 1750 dollars worth of prize money. The Deutsch Donkey Derby will arrive at Lake City U.S.A. on July 4th to climax a gigantic old-fashioned Independence Day celebration.

Glimpse Back Into History . . .

Cowboy Strike in 1883 May Have Included Cochran Area Cowpokes

It could have been the first "strike" in the whole wide west — a part of which may have occurred right here in Cochran County.

V. H. Torrance, Star Telegram writer, describes it as "What is said to have been the only cowboy strike in history occurred in the Texas Panhandle in 1883."

And, writes Torrance, "They struck to continue their right to eat with the boss."

Continuing, "No reliable accounts of the strike remain. The Federal Bureau of Labor Statistics refers vaguely to 12 days duration. It is known to have lasted more than a year. You will find reference to seven struck ranches, but only five are named, LS, LX, Altaz, T - Anchor, and Lit. It seems likely that XIT was included.

"XIT was the 3,050,500 acre spread the State traded in 1882 to what became the Capitol Syndicate for construction of the present capitol.

"It includes parts of Dallam, Bailey, Lamb, Cochran, and Hockley Counties."

Torrance says you may read that there was no violence, but Pat Garret, who outgunned Billy the Kid, was made boss of a crew of gun fighters, in the strike.

Torrance writes, "The strike brought into existence the 'Get Even Cattle Company'. This was a loose organization of Panhandle cowboys who frequently rode over into New Mexico. And almost invariably they were plagued by a bunch of somebody else's cattle running along ahead of them."

According to Torrance, apparently the thing was kicked off when three wagon bosses met in March, 1883, at Tascosa, and issued an ultimatum to their bosses for \$50 per month for riders and cooks, and \$75 for any . . . running an outfit.

And, the cowboys said 105 hours a week on horseback was excessive.

But writes Torrance, Sheriff East of Oldham County touched

the real grievance. "You see the cow business is not what it used to be. You take such men as John Chisum and Charley Goodnight, they were real people. They got right out with the boys on the trail, and did as much work as the boys, and ate the same food. Their cowboys would have died in the saddle rather than have complained. See what we have now; a bunch of organized companies. Some of them foreign, and have costly managers and bookkeepers, who live on and drink the best stuff money can buy, and call their cow help, servants."

And, cattle prices soared to \$25 and \$30 a head, and the \$30 a month cowboys wanted their share of that.

Always before the cowboys had ridden with men who were cowboys themselves.

Writes Torrance, "Therefore more than 300 Panhandle Cowboys struck against a break-up of their way of life, and against a new and alien era."

Torrance says the end of the strike may have been hastened by the choice of Tascosa as strike headquarters — Tascosa had varied attractions, but these diversions cost money, and the only real way to money for the cowboy was to continue cowboying.

Eligible For Pensions Under New Law, July 1

Austin, (sp.) — Several thousand widows and children of deceased veterans of World War II and the Korean Conflict will become eligible to receive pension benefits on July 1. These dependents will be entitled to these benefits as the result of a new pension law enacted by Congress last year, according to Charles L. Morris, Executive Director of the Veteran's Affairs Commission in Austin.

Prior to passage of the new law known as the Veteran's Pension

Act of 1959, dependents of deceased World War II and Korean Conflict, veterans were entitled to pension only if the veteran had a disability which resulted from his active military service. The new law provides benefits to the dependents of deceased veteran of World War II and the Korean Conflict if the dependents meet certain limitations with regard to income and the size of their estate.

Morris said that a very small percentage of the widows and children in Texas who could benefit from this new law have applied to the Veteran's Administration for the benefits to which they are entitled. Morris pointed out that the children of deceased World War II and Korean veterans are eligible to receive pension, even though their mother may have remarried since the death of her veteran husband, and even though the children may have been adopted by the mother's new husband. These children are eligible to receive pension while they are unmarried and under the age of eighteen years. They may continue to receive pensions until age twenty one if they remain unmarried and attending an approved school, and may receive pensions indefinitely if they become physically or mentally incapable of self support before their eighteenth birthday.

Blankets for Chilean Relief

Members of the Methodist Church have gathered sixteen full sized bed blankets and five baby blankets, & nineteen dollars in cash for the Chilean Relief program.

"Our hearts go out to the people of this land where the earthquakes were so severe," said pastor H. F. Dunn, "and where so many people are without shelter and the necessities of life. These are the winter months for them and they are having it pretty rough."

BUSINESS TRIP
John E. (Tubby) Holloman of Socorro, N. M., was in Morton this week visiting his mother, Mrs. J. A. Holloman and attending to business.

Stone houses over 500 years old in Texas? Yep, in our Texas Panhandle. Nope, they don't build 'em like they used to any more. These were built by the Pueblo Indians and were discovered in 1907. You can see them today just 18 miles southeast of Perryton.

CHEVY WINS GREATEST PREFERENCE EVER!

This year, more people are buying Chevrolets (including Corvairs) than ever before, making Chevy the year's hottest seller by a record-shattering margin. Come in and see what the buying's all about—at your Chevrolet dealer's soon!

CHEVY'S CORVAIR WINS YEAR'S TOP AWARD!

Corvair got the unanimous nod of the experts as it walked away with Motor Trend Magazine's coveted Car-of-the-Year award. And you'll know why in a hurry once you drive it. Corvair's satiny ride, nimble handling and road-gripping traction have winning ways with people as well as prizes.

WTCC Organizes Executive Board At Abilene

Abilene (spl.) — Organization of the 19 member executive board of directors of the West Texas Chamber of Commerce has been completed, according to J. Carter King, Jr., of Albany, WTCC president.

The 132 county region is divided into 10 districts, King explained, with a district vice president elected by local directors in towns of each district.

board include the immediate past president, treasurer, executive vice-president, president, and five members at large appointed by the president.

Elected district vice presidents in a series of meetings recently were Tucker Teustch, vice president of the First National Bank of Dumas; Dr. D. M. Wiggins, president of Citizens National Bank in Lubbock; Hal Dyer, district manager of Lone Star Gas Company in Wichita Falls.

Also J. A. Ferguson, president and chairman of the board of the First National Bank of Decatur; J. C. Powell, Jr., president of the National Bank of Sweetwater; W. H. (Bill) Collyns, editor of the Midland Reporter - Telegram; Mike Brumbeow, public relations director of El Paso Natural Gas Products of El Paso; Hugh S. White, owner of White's Highland Village in Alpine; E. H. Danner, president of General Telephone Company of the Southwest, San Angelo; and Walter Garland, superintendent of operations, Coleman Gas Company in Coleman.

Appointed as members at large were B. E. Godfrey of Fort Worth, partner in law firm of McGown, Godfrey, Logan and Decker; Townsend Douglas of Amarillo, president and chairman of the board of the First State Bank; Frank H. Kelley of Colorado City

with Mobil Oil Company; Ben R. Barbee of Abilene, division president, Anderson - Clayton Company; and E. L. Buelow of Abilene, regional manager of Lone Star Gas Company.

Completing the board are King, Treasurer Ray Grisham of Abilene, Executive Vice President Fred H. Husbands of Abilene, and Immediate Past President R. C. Jordan of Amarillo; president of Curry Motor Freight Lines.

Comparison of County Growths Over Past Two Decades Revealed

Figures released this past week by the West Texas Chamber of Commerce show the growth of the 132 county West Texas area by decades since 1900, and provide a barometer by which to measure their growth during the past two decades, since just prior to World War II, and just after World War II.

Cochran County's official census count for the past six decades shows 25 persons in 1900, 65 in 1910, and 67 in 1920 (all before any county was formed). Then in 1930, the first Federal census as a county showed a population of 1,963. In 1940 it had climbed to 3,735 and by 1950 it was 5,928. This year's final figure was 6,345.

Some persons might be interested in this comparison with other neighboring counties. These we list, without attempting to

tabulate into columns, remember the order in which they appear are name of county, 1940 population, 1950 population, and 1960 population.

Honor Student In U of Texas Engineering

Clovis R. Hale, of Morton, is one of 217 engineering honor students at the University of Texas during the spring semester, according to a list released this week by Dr. W. W. Haggerty, Dean of the School of Engineering.

Hale, was one of the many listed "ampla cum laude" . . . with much honor.

Band Camp Was Successful

Band Director Bill Hulse recently closed what he termed a successful summer band camp with a swimming party for the registrants.

Hulse took the 25 members of the two week summer training camp to the County Swimming Pool, which he had rented for a two-hour period last Monday morning (a week ago.)

The band director said he hoped to ex, and the camp another year but was very satisfied with the registration at this initial camp.

He also said that five regular drum majorettes and one alternate will attend the SMU summer band camp at Dallas sometime in August.

VISITING HERE

Visiting in the home of Mr. and Mrs. M. J. Morgan of Morton were a son and wife, Mr. and Mrs. Don Morgan and son Mike, Dallas; Mr. and Mrs. E. L. Morgan, Dallas; Mr. and Mrs. Doyle Fowler and sons, Ray and Bill, Maple; and Mr. and Mrs. Buddy Cook of Dallas.

LITTLE LEAGUE BASEBALL

Cards Continue to Play Like Champs; Come from Behind for Two 3-2 Wins

PIRATES HAMMER CUB PITCHING

The Little League Pirates jumped on Cub pitching early for their most enjoyable afternoon of hitting and clubbed out a 15 to 2 victory over the second place team, Thursday.

Jim Street hurled for the Pirates and kept the usually booming Cub bats in check all of the way.

Pirates batsmen hammered a total of 12 base hits off a trio of Cub hurlers. The victory put the Bucos back in contention for second place in league play.

CARDS MOVE AHEAD WITH 13 - 9 WIN

The Little League Cards, well on their way toward a runaway of the league championship, walloped the Giants in Friday's game, 13 to 9.

The final margin of victory was not nearly so decisive when the Giants rallied in the last half of the final frame against the Cards' top pitcher. But their rally of four runs, was too little, and too late.

David Newsom and Joey Newsom hurled for the Cards and Tom Tom Burke was the Giants' pitcher. The Cards edged to a 13 to 9 lead before they broke the game wide open with a big six-run fourth inning.

The loss dropped the Giants into fourth place in a tremendous three way battle for 2nd, 3rd, and 4th places in the league that has developed.

PIRATES COME BACK TO EDGE SOX, 7 - 3

The Pirates continued their three sided race with the Cubs and Giants for second place in the local Little League, Saturday, by gaining a 7 to 3 victory over the Sox in a well pitched, well played game.

The Sox took a 3 to 0 lead in the second inning using three walks, an error and two hits. Then Kenny Palmer took over the pitching for Donnie Jonas of the Pirates and shut out the cellar team the rest of the way, allowing just one hit.

Meanwhile, the Pirates tied the score in the third on three solid hits and added two runs in the fourth and fifth innings, using bases on balls as their most effective weapon.

Dick Van held the Pirates to just five hits in the game but walked seven men, four of whom scored.

GIANT - SOX TILT SET FOR SATURDAY

A scheduled Monday Little League game between the Sox and the Giants was postponed Monday, July 4th, until Saturday of this week, because it was expected many of the players would be out of town for the holiday.

The game instead will play as part of a double header on Saturday, it was agreed by Harold Dremann, Giant manager and E. Irwin, Sox manager.

The postponed game will start at 4 p. m. and the regularly scheduled game should be able to get underway at approximately the correct time.

CARDS NIP BUCS WITH 2-RUN 5TH

The Cards did it again Tuesday, coming from behind a 2-1 deficit to post their second 3-2 win in two weeks, this time over the Pirates.

Playing like true champions, after they had erred to give the Bucos a 2-1 lead, the Cards came back with a walk, a scratch hit for fielder's choice, and a walk with the bases loaded to plate the two runs.

The key play saw the tying run score as the Pirate third baseman tried unsuccessfully to make a play on a runner on second base, and held the ball as the tying run scored. The winning run walked home.

Kenny Palmer was the losing pitcher and Joey Newsom was the winning pitcher in relief.

Little League Standings

(Including games played Tuesday)

| TEAM | WON | LOST |
|---------|-----|------|
| PIRATES | 11 | 1 |
| CUBS | 7 | 6 |
| GIANTS | 5 | 7 |
| SOX | 3 | 11 |

All Star Team To Be Completed As Season Ends

Most of the all stars of the Morton Little League were selected Friday at a meeting of team managers but four places were left open to be filled at the end of the regular season.

Managers decided to withhold all names of all star players until the season is completed, assuring all 11 and 12 year olds that their efforts in the final games could land them a place on the all star team.

A total of 14 players will be named to the team which will represent Morton in the playoffs at Leveland late this month.

Contributors To Little League Are Listed Here

A total of 16 Morton merchants and individuals have contributed the money that serves as the foundation of operation of the Morton Little League this season.

In addition, many Mortonites have contributed regularly through collections taken up daily at the games.

The \$275 main fund was contributed in the following manner:

| | |
|-------------------------|---------|
| Rose Auto | \$32.50 |
| Weldon Newsom | 25.00 |
| McDermott Liquefied Gas | 25.00 |
| Windom Oil Co. | 25.00 |

"Killer" Dogs Blamed in Death Of Posse Goats

Folks in this area who have pet dogs were cautioned to treat them like pets . . . take care of them, keep them at home, see that they aren't wandering around town with dog packs.

Sheriff Hazel Hancock said Tuesday, packs of dogs have badly injured a cow at McDermott's Feed lots, and have killed two goats and injured about 8 more, belonging to the Cochran County Sheriff Posse, and located at the Rodeo Grounds.

The Sheriff said that dog packs have been causing trouble ever since early in the year. He said one small group of the dogs is not to blame, because on occasion the pack has been nearly wiped out, and others have come back.

Two weeks ago Tuesday the dog pack was noted and complaints were lodged. A week later, on Monday, the incident with the cow occurred, in which the cow was badly chewed and it is feared her calf probably lost.

Monday night of this week the group paid the visit to the rodeo grounds and killed the goats.

Anyone who thinks very much of their pet dogs, had better look to them, the Sheriff advises. It's an old story, he said, with folks who let their dogs roam, saying that "my dog never strays and wouldn't be a part of any pack of killer dogs."

He notes that the dog population around Morton has simply multiplied too rapidly and there are too many strays.

He cautions dog owners to be sure their dog is inoculated and tagged; keep them around their home, if it means they must be tied up or penned up.

Button Silvers Is Country Club Golf Winner

Button Silvers was winner of the Morton Country Club Race Horse Golf Tourney, Monday, July 4th, as he tied with J. D. Hawthorne. The method of settling the first place tie was for each man to chip for the pin, from off the green, and Silvers chipped closer to the pin than Hawthorne.

Whiteface-Morton Game Set for Sundown, July 14

The Cardinals vs Indians Babe Ruth League game set for Morton, according to the schedule, on Thursday, July 14th, will be played instead, at Sundown.

The change was agreed upon by league officials at a Directors meeting, Friday, at Whiteface, not attended by any Morton representatives. It had been called the night before, at the game at Sundown, & Morton directors were notified, but could not attend.

Minutes of the meeting do not state how the vote was recorded, nor do they indicate any discussion concerning the change of playing site, simply stating the motion was made, seconded and carried to play the game as originally set by the league.

The place of all Morton - Whiteface games had been changed to Morton, by agreement between Morton and Whiteface managers. The Sundown league representative, Doyle Wolfenbarger objected, feeling it deprived Sundown fans of seeing their fair share of league games. Since the two teams had no right to the agreement, without approval of the Board of Directors, the director meeting was called.

Morton managers and officials argued it was silly for Morton and Whiteface teams to go to Sundown to play their games, when only a handful of Sundown fans would even attend the games. However, Morton officials felt they had made their point clear and determined not to oppose the issue if Sundown officials felt they were getting a raw deal. They left it strictly up to Sundown and Whiteface to do whatever they felt was right.

TIGERS HAMMER WHITEFACE NINE IN BABE RUTH PLAY

The Morton Tigers got a shutout relief pitching performance by Larry Dupler as they won an 11 to 3 victory over the Whiteface Cardinals at Sundown, Thursday.

Archer started on the mound for the Tigers and gave up the three runs in 1 and 2-3 innings. Dupler relieved and shut out the Whiteface nine the rest of the way.

It kept the record of Morton's two Babe Ruth teams in tact - they having won every game they have played with Sundown and Whiteface this season.

Whiteface First To Gain Win Over Morton Indians

The Whiteface Cardinals pulled the upset of the Babe Ruth season as they turned in an 11-4 triumph over the Morton Indians in a game played here Tuesday.

The Cardinals posted an early lead and caught the shorthanded Indians napping. The Indians had three key players missing, due to the fact that they thought the field would be too wet to play on. The field was damp, but not too wet.

The game was played Tuesday after having been postponed from Monday night due to rain.

The Tiger's game with Sundown set for Tuesday night, had to be postponed because the Sundown field was again under water.

The victory, first for the Cardinals this season, came at the expense of Bob Decker, hurling for the Indians, who were without the services of Donnie Powers.

Farm Facts

Farmers average well below the minimum wages for most workers and still less than average industrial wages.

MAHON -

Continued From Page 8

imum wages, and social security will be made when Congress resumes. On these programs, as well as a number of others, either the House or Senate or both have taken preliminary action.

Mahon predicts that the Congress will be in session "from four to six weeks" when it reconvenes after the political conventions. The House is due to return to action August 15th, while the Senate has voted to convene a week earlier, on August 8th.

"I am hopeful," Mahon said, "that members of both political parties will refrain from turning the remainder of the session into a partisan show. The times demand serious, responsible attention to the legislation that will come before us."

Most members of Congress were disappointed that final adjournment was not achieved prior to the conventions, but sustained con-

trovery over many key bills slowed action and prevented the wind up of legislative business.

Mahon will attend the Democratic National Convention in Los Angeles, beginning July 11th, and as a delegate, will join all other Texas delegates in working for the nomination of Senator Lyndon B. Johnson for President.

Blackwood Bros. To Sing at Lubbock

The Blackwood Brothers Quartet will be in concert Sunday, July 10, at 2:30 p. m. in the Lubbock City Auditorium, it was announced this week.

A number of area residents reported hearing them in June when they visited Lubbock.

Their early return is in connection with their tour of the west coast.

H. D. Council Plans Countywide Picnic Recreation School Set for Tuesday

The Cochran County Home Demonstration Council came to order Tuesday with Mrs. C. D. Arnold, vice chairman, presiding. Roll call was answered with "A Flower That I Have Blooming."

A Gladioli show will be held July 9 and 10 in the Garden Art Center, Clapp Park, Lubbock. It will be from 2 to 9 p. m. on Saturday and from 12 noon till 5 on Sunday.

The H. D. Council wishes to thank each one that helped to make the Bill Mack Show a success.

A countywide picnic was discussed and plans made for it to be held August 6. All members are invited to bring their families with a basket lunch. Those planning to go swimming are to be there by 7 p. m. and plan to pay their own way as the Council

will not rent the pool this year. A recreation school will be held Tuesday in the County Activity Building, with Miss Moore, state representative, in charge.

The Friendly Circle Club had a colorful exhibit of articles made by the ladies of that club, some of them being fresh flower arrangements, artificial flower flower arrangements, straw purses, aprons, crochet and appliqued sheet and pillow case sets.

Mrs. Lewis Walker gave a report on the 4-H Dress Revue in which 10 girls modeled dresses they had made. Ages of the girls ranged from 8 years of age to 16. Some very fine sewing was done by the girls.

Mrs. Walker, Mrs. Stanley Henderson and Mrs. Carl Koontz was elected to go as delegates to the state meeting to be held in Sep-

Those attending the meeting were Mesdames Walker from the Lehman Club; L. U. Thompson and Fred Payne from Whiteface A. C. Jones, Arnold and Henderson from the FOR; Jake Reid and L. Z. Scoggins from the Friendly Circle, a visitor, Mrs. Carl Koontz and Mrs. Oland Clifton and Miss Leila Petty H. D. Agent.

By Eddie Irwin

MORTON WAS the scene of an official state traffic check this week, by a representative of the Highway Department, from the Austin office.

the check . . .

WAS MADE THURSDAY on Highway 290. The man set his "little box" out on the south side of Highway 290. Just East of Bolton Furniture and stretched the cable across the highway toward Hawkins Olds., at 5 a. m. Thursday morning.

LINDA WELCH ENGAGED TO THOMAS WALL

Mr. and Mrs. W. L. Welch of Maple, are announcing the engagement of their daughter, Linda Karen to Thomas Edwin Wall, son of Mr. and Mrs. Arthur N. Wall of Morton. The forthcoming marriage will be Thursday, July 28 in the First Methodist Church, Enochs, Texas.

All friends and relatives of the couple are invited.

VISITING IN LAMESA

W. B. Ray of Morton left Friday for Lamesa to visit relatives. He expects to continue on to Rockport where he may spend the balance of the summer visiting.

C & I MEETS JULY 14

Members of the Morton C & I Club will meet Thursday night, July 14, at 8 p. m. in the Western Abstract Building.

it took . . .

ONLY A FEW minutes to set up the rig, test it, and put it to work. Nevertheless, the night patrolman, not forewarned of the fact that the check would be made, made a routine investigation when the man drove into Morton and began to layout the metering device.

seems that . . .

THERE ARE four of the devices in operation out of the Austin office. At the present time they are working this "area" out of a Lubbock office. Last Thursday happened to the time for Highway 290, at Morton.

it caused us . . .

TO WONDER for what purpose the check was being made. At first we were afraid that maybe the state was checking traffic and planning to take our other light away . . . if the results of the check didn't show sufficient traffic. Or maybe some other project was in the wind . . . such as making the highway a federal highway, or something of that nature.

but the . . .

MAN MAKING the check said there was nothing special about it. Simply a routine check which the state makes as often as they can get around to it, on all state highways, at all towns, so they can gauge the amount of traffic flow, the amount of wear highways are receiving, etc.

we weren't . . .

ABLE TO DETERMINE what the results were, so now we don't know any more about it than we did, except that there is nothing special occurring.

DREAMY—A colorful Mexican print in paprika red or peppy blue is used in the lace-edged torador trousers of these gay cotton pajamas by M. G. Schrank. Rich eyelet embroidery and rick rack decorate the loose-fitting blouse.
