INDIANS TO MEET MUSTANGS . . .

PLAN MORTON HOMECOMING, OCTOBER 21ST

The annual homecoming dinner for Morton Exes will be served at 6 p.m., Friday, Oct. 21, it was announced this week following a meeting of the executive officers of the group Tuesday morning at the Chat and Chew.

Murray Crone, president of the group, said plans call for the banquet to be held at the Morton School Cafeteria. Among other highlights on the menu will be T-Bone steaks and home-made cakes.

Tickets for the event will be \$1.50 each and may be ordered now from Mrs. Jewel Chesher, secretary-treasurer.

A parade and pep rally has been scheduled for 3 p.m. Mr. and Mrs. Leonard Gandy will be in charge of arrangements for the parade.

The football game for the evening will be the season's first conference game for Morton. Meeting the Indians will be the favorites for the District title, Olton.

Following the game cake and coffee will be served at the cafeteria. Arrangements for corsages for the homecoming and game are being made by the Student Council.

All Morton exes, former students and teachers are being encouraged to attend the event.

Hub Cadenhead is vice-president of the Exes this year.

Whiteface W.S.C.S. Bake-Rummage Sale, Here, Sat.

Members of the W.S.C.S. of the Whiteface Methodist Church are sponsoring a bake sale and rummage sale, Saturday, Sept. 24, on the Courthouse Lawn in Morton.

Pie and cake will be served by the piece, if preferred, and coffee will also be served.

The sale is scheduled to start at 9 a.m.

Kelly's Spraying Moves Location

Kelly's Spraying Service, Morton, has moved three blocks east of the signal light on the Whiteface Highway, it was announced this week by Sam Kelly, owner.

The firm has been located north on the Muleshoe Highway. Its new location is just east of Lebow's Cafe and opposite Connie's Gulf Service.

The firm's phone number will remain the same, 4526.

BOWLING ALLEY EXPECTED TO OPEN SATURDAY; FREE BOWLING FIRST DAY

Word was received at the Tribune office late Wednesday night, just prior to press time, that Frontier Lanes Bowling Alley hopes to open its doors on Saturday morning.

A request for advertising had to be rejected because of the time. Pinsetters, expected Tuesday, did not all come until Wednesday noon, and late Wednesday it was decided the pinsetters could be put in operation by Friday night, and final de-

tails in the installation of the bowling alley can be made by Saturday.

Beginning at 9:00 a.m. Saturday, if all goes well, the lanes will be open for free bowling all day, and the snack bar will serve free coffee and doughnuts throughout the day.

First league play is to get underway next week, with other leagues to start shortly thereafter, according to Babe Vanlandingham, proprietor.

The Tribune received in the mail Wednesday, a strongly worded letter, copies of which were sent to all City Council members, addressed to Mayor Amos Taylor, from the Board of Directors of Five Area Telephone Cooperative.

The letter, deploring the people of Morton's failure to demand action from General Telephone Company to secure EAS service, stated that 5-Area would be ready for Extended Area phone service when the people in Morton "decide to take the necessary action for this service."

The letter stated that the Board of Directors of the Cooperative felt the people in Morton want Extended Area service "but not strongly enough to do other than the way General Telephone Company dictates."

The letter was signed by Walter Damron, president and approved by Five Area's Board of Directors on Sept. 19th.

It also stated that 5-Area was "withdrawing our horsetrading proposal on the Maple-Lehman to Morton EAS."

INDIANS FACE FARWELL TEAM FRIDAY NIGHT

This could be the toughest team Morton will face all year — that's the statement you have to make before most of Morton's games from here on out.

The Jonesmen travel to Farwell Friday night to take on one of three Class A powerhouse teams they will face in succession.

Farwell is outrated in the area only by Idalou, next week's foe, among Class A teams.

Then, high in the standings come Sundown and Sudan.

Farwell's attack, featuring another Lovelace, this time "Jerry" is both speedy and powerful.

Lovelace scored three times in each of the first two routs of Friona and Farwell and quarterback Benji Dial also starred. A freshman, Carol Lovelace, also stars.

Halfback Terrell Huggins was the star as they routed Labudde last week.

WIN STADIUM SEAT AT WILLIS FOOD

Willis Food Store announced this week that Morton Indian boosters may register Friday and Saturday for two free stadium seats to be given away this week-end.

(Details will be found in the firm's ad which appears on page 2 of this publication of the Tribune.)

The seats are in the Indian's colors, and carry the name of the team on the back.

Martin Luther Film Showing Set At First Baptist

Area residents were given a cordial invitation this week to attend the showing of the "Martin Luther" film, Sunday night, Oct. 2, at the First Baptist Church, Morton.

Rev. Fred Thomas, pastor, said a definite time for the showing on Oct. 2 would be announced later.

He said it takes approximately one and one-half hours to show the film.

The film gives the story of the information which began in the 16th Century and resulted in the formation of various Protestant churches.

Rev. Thomas, in making the announcement, said that he will not be here that evening, since he is to leave that afternoon for Blanding, Utah, where he will conduct a meeting from Oct. 3 through Oct. 9.

New Pastor at Maple Baptist

Rev. Milton Kresse, who begins a revival meeting Friday night at the Maple Baptist Church, recently became pastor of the church, moving to the Maple church from Vega.

Rev. Kresse has served as pastor of the Vega Baptist Church for the past eight years. He and Mrs. (Evelyn) Kresse moved to Maple August 21.

They have one son, Milton, Jr., who is manager of a J. C. Penny Store in Ft. Worth.

Rev. and Mrs. Kresse are natives of Missouri, and were educated and wed in Missouri.

Prior to going to Vega, Rev. Kresse was pastor at Dennison for five years and at Pottsboro, two years.

ARLAN HARALSON SHOWS TOP SEARS GILT; TO COMPETE IN DISTRICT CONTEST SATURDAY

Cochran County 4-H boys' Sears gilts were brought in Saturday morning, September 17th, and judged at the County Livestock Barn, located at the County Park.

All eight boys who had gilts under the program, showed them in competition. The gilts are all registered Hampshires.

Arlan Haralson followed in the footsteps of his brother, David, by showing the first place gilt. David placed first last year in the county show.

Larry Jeffcoat's gilt was second; Leroy Tackett had the 3rd placed animal; Joey Newsome's gilt was 4th; and Bill White showed the 5th place animal.

J. K. Adams, Bailey County Agricultural Agent, judged the show. Joe Adams, Bailey County 4-H club boy demonstrated for the group, "How to Show a Gilt," preceding the Cochran boys' showing of their animals.

The results of the show do not indicate the best hog for breeding purposes. The animals were judged on size and ability to compete in the district show to be held next Saturday at Lubbock.

They could have been placed differently if judged on the basis of breeding purposes only.

Others who showed their Sears gilts in the show were Raymond Guajardo, Dale Hale, and Ronnie Hale.

Rites Held for Daniel A. Blair Ex - Dist. Judge

Funeral services were held at 10 a.m. Tuesday in the Lubbock View Christian Church, for 62-year-old Daniel A. Blair, Lubbock, widely known area attorney and former 72nd District Attorney and 72nd District Judge.

Rev. Roy W. Ford, pastor, officiated, assisted by Rev. R. N. Huckabee, associate pastor of the First Methodist Church.

Burial was in the City of Lubbock Cemetery under the direction of Sanders Funeral Home.

Judge Blair retired in 1951 to go back to private law practice and was succeeded by Judge Victor Lindsey.

Cochran County was included in the 72nd District until a year ago. A graduate of the University of Illinois, he moved to Lubbock in 1928. He died Sunday at his residence after several months illness.

He was very well known among the people of Morton and this area who have lived here the past 15 years or more.

Survivors include his wife, a brother, E. A. Blair, and his mother, Mrs. Gus Blair, all of Lubbock.

Honorary pallbearers were members of the Lubbock, Crosby, Hockley and Cochran County Bar Associations, including M. C. Ledbetter of Morton, who as County Attorney here during Judge Blair's terms as District Judge, practiced with him.

Officers to head the group for the coming year will be elected following a report from the nominating committee.

All Methodist men are urged to make plans now to attend the meeting.

Willis Continues Store Expansion

Willis Food Store, South Main, in Morton, continued expansion work this week.

The firm's floor space will be approximately one-third larger than in the past, E. L. (Snoball) Willis reports.

In addition to enlarging the floor space the firm will move the main entrance to the southeast corner of the building where it will open on the paved parking lot, south of the building.

New Operator At Virginia's Shop

Ed (Ada Bell) Howell of Morton joined the Virginia's Beauty Shop staff in Morton this week as an operator, it was announced by Mrs. Virginia Moore, owner-operator of the shop.

Besides Mrs. Moore and Mrs. Howell, Mrs. Claudine Judah is also with the shop.

Mrs. Howell recently completed a course in beauty work at Isbell's University of Beauty Culture, Lubbock.

She extends her area friends a cordial invitation to drop by and visit with her at their first opportunity.

The shop is open Tuesdays through Saturdays, from 8:30 a.m. until 5:30 p.m.

It is located west of the square on the Portales Highway.

Sunday Rally Day For Methodists

Next Sunday, September 25th, is Rally Day in the Methodist Church.

A very special program is to be presented by the Commission on Christian Education.

The goal is for each class to be on hand with 100 percent of its enrollment in attendance for the occasion.

All Methodists, and any person who is not now attending a church school in Morton is cordially invited to meet with the Methodist congregation.

The church school session begins each Sunday morning at 9:45 o'clock. "We hope to see you next Sunday," said pastor H. F. Dunn.

150 Attend P-TA Kickoff Banquet; Program Chairman Is Named

Approximately 150 parents and teachers turned out Tuesday night for the annual Morton P-TA kick-off banquet held in the Morton School Cafeteria.

Among other things, the group elected Woodie Combs, manager of Cobb's Department Store here, vice-president and program chairman; and Mrs. Steve Monroe, treasurer.

Also, they heard Mrs. Murray Crone, who served on the program committee last year, stress the im-

portance of parents' interest in school activities. Mrs. Crone said she was speaking as a parent.

Byron Willis, former P-TA president, also spoke stressing the need for a P-TA organization.

Elra Oden, president of the group, presided at the meeting.

Following the dinner of fried chicken and upside-down strawberry shortcake, the chairman asked for the election of officers to complete the executive slate.

Oden then asked each teacher to introduce themselves. This was followed by an introduction of the parents.

The banquet was under the direction of Mrs. Woodrow Cunningham, second vice-president of the P-TA.

Ticket sales were handled by Mrs. Cunningham, Mrs. W. G. Freeland, Mrs. E. E. Whitecotton, Mrs. Richard Key, Mrs. Kenneth Coats, Mrs. Monroe and Mrs. Clyde Strickland.

Other officers are Mrs. Bill Harris, secretary; Mrs. John Barnes, historian; and Mr. and Mrs. Bill Glastonford, publicity.

Methodist Men Will Organize Wednesd'y, Oct. 12

An organizational meeting for the formation of a Methodist Men's group at the First Methodist Church in Morton, has been announced.

The meeting will be held Wednesday night, Oct. 12, at 7 o'clock in Fellowship Hall.

Dinner will be served by members of the Woman's Society of Christian Service of the church.

Officers to head the group for the coming year will be elected following a report from the nominating committee.

All Methodist men are urged to make plans now to attend the meeting.

WMC Will Host Sectional Rally Tues., Sept. 27

A sectional rally of the WMC will take place at the First Assembly of God Church, Morton, Tuesday, Sept. 27, it was announced this week by Rev. and Mrs. H. T. Clarke, pastors.

Mrs. Clarence Love of Carlisbad, N.M., will be the morning speaker. The service begins at 10:30 a.m.

She will tell of the church's work with Indians in Arizona and New Mexico.

Lunch will be served at noon by ladies of the church.

Afternoon service will begin immediately following lunch.

Mrs. Clarke, sectional director, has extended the public a cordial invitation to attend the services

Farmers Attend Field Day Program

Cochran County farmers who attended the annual Field Day and Barbecue at the High Plains Research Foundation, Halfway, Texas, were:

D. J. Cox, Leonard Clevenger, James Clevenger, Hadley Kern, E. H. Tucker, Curtis Sealey, T. H. Blackstock, B. O. Hurley, Marvin Wolam, J. W. Haralson, Dale Halleck, Karl Griffith, Cliff Harvey, Jesse Jackson, Tommy Lynch, Charles Palmer, Floyd McBe, J. H. Chesshir, Homer Thompson, H. B. Barker, Ire Brown, L. E. Huggins, Haskell and Raymond Milligan and Roy Hickman.

It was the largest turnout they have ever had at the station, and Cochran County was well represented.

Lawrence Hodges, an A&M graduate, who is with the J. I. Case Co., Racine, Wisconsin, made the principal address. "The farmer is not overproduced," he told the group, "he is under-researched."

Congressman George Mahon was on hand and made a short talk to the group.

BAND WILL AGAIN SELL SUBSCRIPTIONS BEGINNING TODAY

The Morton school band will begin its annual sale of magazine subscriptions today, Thursday, selling the Look Magazine plan, Band Director Bill Hulse announced.

Anyone desiring a subscription to a host of magazine included in the plan, or who is planning on renewing a subscription, should contact a member of the high school band, a member of the 7th or 8th grade band, or Mr. Hulse.

The sale will conclude around the 5th of October, Hulse said.

Soil Conservation Supervisor For District Two Will Be Elected

On the first Tuesday of October (October 4) an election for Soil Conservation District Supervisor for Zone 2 of each Soil Conservation District in Texas will be held.

The election will be at a mass meeting held at an hour and place set by the Supervisors of the local Soil Conservation District.

Zone 2 of the Cochran Soil Conservation District includes roughly the southeast quarter of Cochran County, all of the land in community Pct. 2.

All persons (both husbands and wives) who own land in Zone 2 and live in a County all or some

Grandmother's Services Held At Kirkland

Funeral services for W. J. Sides, grandfather of Mrs. Jerry Winder and T. K. Williamson of Morton, were held Tuesday afternoon from the First Baptist Church, Kirkland. Burial was at the Kirkland Cemetery.

Mr. Sides, 89, passed away Sunday night at Childress. He had been in ill health for the past three months.

Mr. Sides moved to Childress County in 1908. He had been a member of the Baptist Church and the A. F. & A. M. for more than 50 years. He was a retired farmer and carpenter.

Mrs. Sides passed away two years ago. Survivors include 23 great-grandchildren.

Attending the services from Morton were Mr. and Mrs. Jerry Winder and Mr. and Mrs. T. K. Williamson.

COUNTY CHAIRMAN OF LUB. CHRISTIAN COLLEGE FUND DRIVE

Clarence Harbison of Morton has been named chairman of the Morton committee working toward completion of the advance campaign for Lubbock Christian College.

Other members of the committee are J. M. Philbrick of Morton and Minister Charles J. Hill of the Eastside Church of Christ, Morton.

The committee is scheduled to meet Friday night to finalize plans for the local work in association with the \$2 million drive.

The committee plans to make personal contacts, but anyone desiring to have a part in the campaign may do so by contacting any member of the committee.

Truett's Food Store Adds New Fixtures

Truett's Food Store, South Main, Morton, has recently added some new frozen food display cases and other equipment.

Also, the firm has completed some inside painting.

The new display cases and shelving is in peach-pink to match other new racks added earlier.

Revival To Start Friday Night at Maple Baptist

Rev. Milton Kresse, pastor of the Maple Baptist Church, will begin a week-end revival meeting at the church Friday night at 7:30 o'clock, it was announced this week.

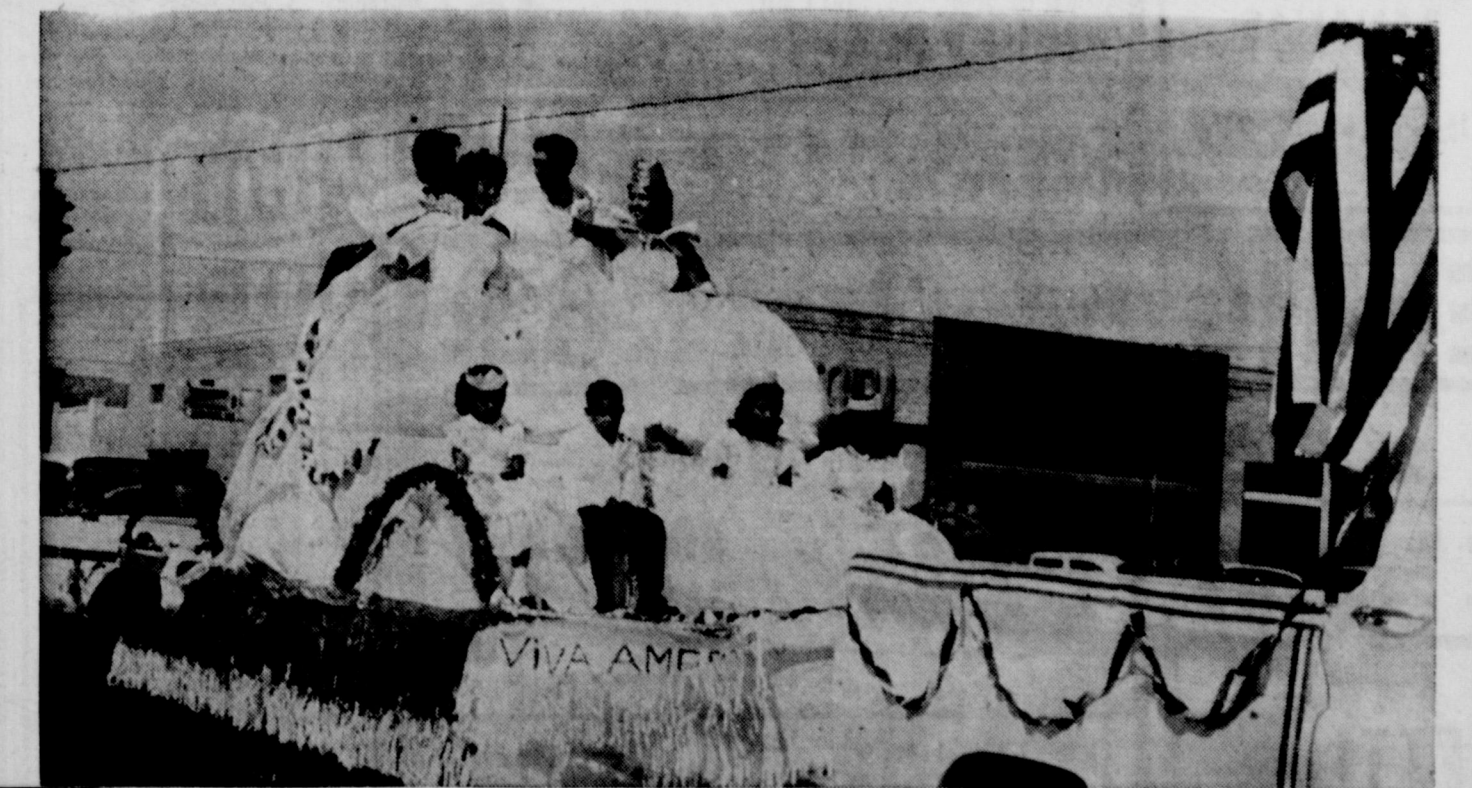

Conducting the song service will be Harold Drennan of Morton.

Services will be held Saturday evening at the same time with regular church hours observed Sunday morning and evening.

A cordial invitation has been extended area residents to attend any and all of the services.

COTTON GINNINGS

A check of area and Cochran County gins Wednesday showed more than 50 bales of cotton ginned in the county to date this season.

LEVELLAND SPANISH FIESTA QUEEN — Helen Guajardo, daughter of Mr. and Mrs. Robert Guajardo of Whiteface, rides by as queen during the 16th of September fiesta parade at Levelland. The fiesta celebrating the 150th anniversary of Mexican Independence, was a three day affair last week. Miss Guajardo is pictured with crown atop her head. ALREADY WE have been asked several times, why we took 5-Area Cooperative's side in our discussion about the extended area phone service. To which we reply, as we see it, it's past the stage

of taking sides. Both companies have a valid argument, to us. We will never be in a position of being able to determine right or wrong.

but the . . . IMPORTANT THING, to us is to get EAS service. Certainly, anyone with very much intelligence can see that someone, or something has got to give. Phone users of both companies are will-

ing to give it all. But that won't break the deadlock. The companies are deadset each of them is right.

alright then . . . HOW DO YOU break up that type of deadlock. There's only one way. That's for those who have the power, the axe, or whatever you wish to call it, to get together and, in effect, order the companies to break the deadlock.

It's also . . . COMMON SENSE TO know that you or I, who use phone service, cannot tell a company that provides phone service to someone else, but not to us, what they should or shouldn't do. But we can, as people who help pay the salaries at General Telephone

presume to tell them what kind of service we want from them.

reverse the situation . . . AND THE SAME thing applies. The Coop phone users can presume to tell their board what they want, but they aren't in any position to tell General what they want.

that's it . . . THERE SIMPLY is no other way to go about it. Wouldn't we have been silly to advise anything other than something we can personally take part in?

we just don't . . . HAVE ENOUGH SPACE each week to print all of the publicity stories that are released about area attractions. We've published two or three stories about the coming Panhandle-South Plains Fair, Sept. 26 through October 1, which many people from Morton will attend two or three times.

but we've . . . ALSO HAD SOME stories about features that we didn't print. Am-

ong the attractions coming up to the Fair that are worthy of comment, will be a trailer mounted Nike-Hercules missile display which should prove very interesting to area folks, in this age of missiles. The missile will also have with it a demonstration team to show how it works.

another . . . DISPLAY will be the U. S. Atomic Energy Commission's new and largest traveling exhibit, "You and the Atom" a glimpse into the present and future world of the peaceful atom. Both of these are among the many free exhibits at the fair.

at this . . . WRITING WE'VE received the usual publicity on the big Fair opening parade saying a lot of school bands will compete, but we have no publicity on whether Morton or Whiteface will be in the parade. They usually are, and perhaps, by the time this paper gets to press Wednesday, we will have in it a story about the bands.

speaking of . . . WHITEFACE, and the Whiteface area, recently Mrs. Betty Hudson, secretary to the H. D. Agent and County Agent, received a letter of thanks from Pauline Jones, acting director and manager of Gristown, USA, located just below Whiteface in this county, saying how much they appreciated the fact that "a Mr. Reese from around Morton brought them the canner they had asked for, and they put it to good use canning peas, beans, cucumber and squash. They were also at that writing, and that was back in August, in hopes of getting their corn canned before school started.

other notes about . . . THINGS TO COME, which we have received and couldn't print in full, include a Midland Jaycee Airshow, September 25, which might be some place area folks would like to take a Sunday outing to see.

at the show . . . ONE OF THE attractions will be the famous U. S. Navy aerial precision crew, the Blue Angels. This event will mark the fifth Annual Aviation Day at Midland Annual Aviation Day at Midland. Twenty thousand persons attended the show last year.

also . . . THE 29th ANNUAL prison rodeo at Huntsville will be unreeled five Sundays in October featuring such well known personalities as Ricky Nelson, Allen (The Deputy) Case, Molly Bee, Bo Diddley (re-cording star), John Wayne, Frankie Avalon, Jimmy Rodgers . . . all of these on various weekends. The rodeo, of course, is always described as one of the roughest anywhere, and folks who have been, join in these comments.

and at the . . . SOUTH PLAINS FAIR, we just mentioned, of course the famous Ice Capades will be a featured attraction each day.

so much for . . . THE COMING events. There's a lot of folks around Whiteface, and for that matter all over this area, who are close acquaintances of Mr. and Mrs. Noah Cunningham. Noah, for several years, was Superintendent of Schools at Whiteface, and went from their to Tuloso-Midway Schools near Corpus Christi.

Supt. Cunningham . . . SENT US A brochure recently along with a letter about the opening of the new Tuloso-Midway High School, a functional designed school that is really a beauty to see. We're sorry we can't include in this paper pictures of Noah's new school, we know you'd be interested. For those who are interested we'd be glad to show you the brochure, if you stop by.

a copy of . . . NOAH'S LETTER is reprinted in this issue of the Tribune, and we personally, and we know a lot of you join us, in wishing him a lot of success.

Letter to Editor . . .

August 27, 1960

Dear Editor:

Thought you might be interested in this article which was printed by the Robstrom Record on our new high school. I have been here as Superintendent since leaving Whiteface Superintendency in 1956. We have made great progress in our schools and I am happy with the prospects for the coming school year since I have an outstanding faculty with which to introduce my teacher grouping plan with horizontal class departmental work. By this method we have twelve small schools in one large school and do the departmental teaching in one grade only rather than have teachers assigned to teach on the departmental basis in more than one grade. It so happens that I have five and six sections for each grade in school and this gives us a great opportunity to assign the best math teacher to all sections of one grade as well as the best teachers in all the other fields to do likewise by grades. Our school is divided into a 4-4-4 set up with the elementary and intergrades housed on the old campus two miles east of the new high school location.

I will be happy for you to use any material from this reprint and will be glad to furnish some pictures if you desire to write anything concerning my school. We look forward to getting the Morton Tribune each week for that seems like getting a letter from home. I have many friends in the South Plains and Mrs. Cunningham still calls it home out there.

I am so sorry to read today of the passing of one of my friends and co-workers, Orville Summers of Whiteface.

Sincerely Yours,
Noah Cunningham

HOOD COUNTY HOMECOMING

Former Hood County residents will meet Sunday, Sept. 25, at the Barbeque pits in Mackenzie State Park, Lubbock, for their annual reunion. A basket lunch is set for noon with soft drinks provided. The event starts at 10 a.m. and continues through 6 p.m. "Bring your instruments and let's have some music," requests Mrs. T. A. Bowers.

MAN... that's sorghum!

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G. you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.

Effort Being Made to Require Automatic Cotton Sampling Device, Cotton Group Reports

Charlotte, N. C. — The Chairman of the Committee on Cotton of the American Cotton Manufacturers Institute today issued a strongly-worded statement in opposition to steps that might be taken to require use of any automatic gin sample device.

Ellison S. McKissick, of Alice Manufacturing Company, Easley, South Carolina, the Committee chairman referred to a joint resolution which was passed recently by the Executive Committee of the Domestic Mill Rules Committee of the American Cotton Shippers' Association and the Committee on Cotton of ACMI.

The resolution charged that during recent years a strong "propaganda campaign on behalf of the automatic gin sample has been

directed at the cotton trade." So far, the resolution continued, "few if any of the mills have indicated that the automatic sample is completely satisfactory for proper classing."

McKissick said the resolution pointed out that "the purpose at hand is the apparent intention of advocates of the automatic sample to require the use of this device through concerted educational program or by law which would eliminate the cutting of samples as presently done."

"To deny the owner of a bale of cotton the privilege of sampling his own property, would be patently unfair and greatly hamper normal trading", McKissick stated in quoting from the joint resolution.

He said the joint ACMI-ACSA resolution firmly calls attention to the belief of the two groups that "any legislation would ultimately lead to all trading being done on U. S. Department of Agriculture classification, which would be one of the final steps to socialization of the raw cotton industry."

McKissick said the resolution concludes with the following: "It is, therefore, resolved that the Cotton Committee of the American Cotton Manufacturers Institute, and the Executive Committee of the Domestic Mill Rules Committee of the American Cotton Shippers Association, are opposed to any legislation, regulation, or trading rule that would in any way hamper or deny the privilege of an owner of a bale of cotton to sample it as he sees fit, or to give any affirmative consideration to the automatic gin sample until it has proven itself

more valuable to the equitable movement of cotton in the normal channels of trade than the present methods of sampling."

McKissick said the resolution is a reasonable statement made by the two groups. He stated that both organizations have a deep interest in the future of cotton and in its competitive position.

"I earnestly hope" he said, "that all organizations and individuals throughout the cotton industry will realize the dangers that are so obvious in the current campaign being conducted in behalf of the automatic gin sample. I further trust that these organizations and individuals will join those of us who positively oppose any move that would require its use.

Spur Future Farmers Round Up Interesting Farm Exhibit for Fair

An industrious Future Farmers of America Chapter at Spur High school has earned a place of distinction never before achieved in the history of the Panhandle South Plains Fair.

A total of 58 FFA students, under the direction of advisors Bill Gregory and Tommy Kissinger, have collected, assembled and delivered to the Panhandle South Plains Fair Grounds, a collection of 10 historic plows which were among the first to break the sod of the South Plains.

The exhibit of old plows will be on display for the first time this year when the Fair opens in Lubbock September 26, through October 1.

With the fourth-year agriculture class leading the way, FFA members pooled their "brainpower" joined hands for "horsepower", exerted a little "willpower", and loaded all of the heavy pieces of equipment on a 14 wheel truck for the journey to a permanent place of exhibit, the Panhandle South Plains Fair Ground in Lubbock.

Three youths were outstanding in the project, according to Advisor Gregory. They included Gary Ripple, son of Mrs. Myrtle Ripple, of Spur, Ronnie Williams, son of Mr. and Mrs. J. L. Williamson, also of Spur, and Jimmy Pickens, son of Mr. and Mrs. Durwood Pickens, Spur.

The Three youths accompanied the truck load of equipment to Lubbock on September 9.

Working after school hours on the project, the youths collected the plows, pieced them together and repaired broken parts until the plows which will be exhibited at the fair are "ready for mules."

"We had to dig one of the plows out of the sand," says young Williamson. "All we could see were the handles sticking out." The youth referred to a double row planter, used by C. C. Scott in the Girard Community in Kent County in 1920.

"Other plows were covered and grown over by mesquites," says young Ripple. "We spent as much as three hours just loading some of the plows for the trip to Lubbock," he continued.

One of the plows, a two-row cultivator, used by W. W. Pickens in 1924 in Dickens County, was delivered to Lubbock by Pickens' grandson, Jimmy, a member of the aggressive FFA chapter.

All of the equipment was used by early day farmers in the Kent-Dickens-Stonewall County Area, according to Gregory.

The FFA Chapter launched the project about a year ago at the suggestion of assistant Fair Manager Gene Linn. "We're going to paint signs telling about the plows for exhibits at the Fair," Linn says. "They (the plows) will be a permanent part of the annual event."

Included in the 10-piece collection of historic plows is a single row planter used by Bill Wyatt, who farmed in Kent County in 1925. Another implement is a Georgia Stock, used by A. A. Fry, in 1910 in Kent County.

A Sulky breeding plow will be shown, which was employed by J. H. Kidd, in 1870 in Stonewall County. Also included is a walking breaking plow, used by Walter Driggers in 1895 in Dickens County.

A Single-row planter, used by B. W. Bilbrey, still carries the original "farrowing point" which was used by Bilbrey in 1908 in Dickens County.

Another implement is a two-row sod planter, used by A. Woods in 1904 in Kent County. Wood's ranch is well-known throughout the South Plains and Panhandle because it is the site of an annual rattlesnake shoot by area peace officers.

Also included in the equipment is a single-row wiggie-tail cultivator, used by W. C. McArthur in 1910 in Dickens County, in addition to a single-row slide go-devil, used by J. B. Morrison in 1912 in Kent County. The go-devil still is equipped with the original wooden runners on the plow. Portions of the runners have

been repaired by the FFA Chapter.

Also included in the truckload of equipment is a double-row planter used by C. C. Scott, in 1920 in Kent County. The planter was found buried deep in the soil, with only the handles sticking out.

A two-row cultivator, used by W. W. Pickens, in 1924 in Dickens County, still is equipped with the original plow points.

Advisors Gregory and Kissinger, both Texas Tech graduates, expressed satisfaction and praise for members of the FFA chapter. "They have done a bang-up job all the way," they said.

All of the implements will be on exhibit when the 43rd annual Panhandle South Plains Fair opens in Lubbock, September 26th for a week long run.

7TH, 8TH GRADE FACE LITTLEFIELD TODAY

The 7th and 8th grade gridlers will open their home season this afternoon with games against Littlefield scheduled for 4 p.m. & 5 p.m. Morton's 8th graders are undefeated having won over the freshman team and over Littlefield in 2 outings. The 7th graders have played only one game, a 38-32 loss to Littlefield.

B-TEAM OUT-DOES LITTLEFIELD ELEVEN

The Morton B-team scrimmaged Littlefield on the local field last Saturday morning and scored two touchdowns to one for the visitors in the hour long workout.

Morton 8th Graders Beat Littlefield; 7th Grade Loses Close Decision

The Morton 7th and 8th grade football teams put up a good scrap at Littlefield, Thursday afternoon, coming home with a split of the two games, and a real tussle in both contests.

Morton, used to being a kind of doormat from Littlefield, Levelland and other larger area schools, even though these are the teams they must play if they are to play 7th and 8th grade games, gave the Wildcat Junior High teams more than they bargained for.

Coach Bob Vanoy's 7th graders lost a 38-32 decision, by the expedient of not making enough extra points.

The 8th graders, riding the passing and running of Charles Ledbetter, and a sizable group of linemen, won their game, 28-14.

Littlefield, who had shut out our freshmen recently, 40-0 and then decided the Morton B-team also last week, 24-0; was geared to hand the same kind of medicine out in these games. They had enough boys for three teams, and used them all, which may account for the closeness of the 7th grade game. Actually, Morton outgained, out first downed, and out totaled the Littlefield 7th grade in every department but scoring. But there were reasons for it. Littlefield had the pigskin only three plays the first three times they got possession of the ball. They scored on a 68 yard run on the first play; fumbled on the first play from scrimmaging the second time they had the ball; and raced to a 51 yard score the third play that was snapped.

In between all of this Morton took the opening kickoff after the Wild Kittens had posted an 8-0 lead and scored on a 45 yard romp; and took the recovered fumble for a long scoring rampage that put them temporarily ahead, 12-8.

With the Morton 7th graders trailing 7 to 0, Maddox went over center for 35 yards and the first score. A try for extra point failed. Two plays later Kenny Palmer recovered a fumble, the first of two he covered in the game. Maddox covered the remaining 39 yards in four runs and

Coach Sam Mayo's Three Way Eagles ended a long drought, Friday night at Bula, when they romped to a 33-6 triumph over the Bula Bulldogs, the first time Three Way has beaten Bula on the gridiron in 12 years of trying.

Three Way school, which is only 16 years old, had fielded stronger teams a time or two during the 12 year rivalry, but never could get past Bula, which for many years was a real 6-man powerhouse.

But Friday the powerhouse belonged to Three Way. They thoroughly outclassed the Bulldogs, though the first half ended with Three Way clinging to a scant 7 to 6 lead. In the second half they outran and out-defended the Bula charges, coached by Mayo's ex-ENMU teammate and roommate, Charles Seagler.

Seagler himself had played on the Bula teams that rolled over Three Way in previous years.

In 1948, Three Way beat the Bulldogs twice.

Larry Dupler raced 8 yards for the initial score for Three Way on the third play from scrimmage. A pass from Virgil Thomas to Tom Coffman added the extra point.

Jerry Cox took a pitchout from Larry Pollard and raced 43 yards for the Bula score, but Pollard's

pass for the extra point was good. Early in the fourth quarter George Holley raced 63 yards for still another score and Kenny Sims scored the point after.

The final score came on a 5 yard pass from Clay to Thomas with B. Batteas scoring the point after.

The victory, second in conference play for Three Way, definitely stamped them as one of the top contenders for the district title. They will play Bula again, at Three Way later in the season.

THIS FISH WAS HOOKED, BUT GOOD

Fishing is a sport — some say, others just enjoy the trip.

L. W. Barrett and W. G. Baker of Morton proved last week that anyone can catch a fish, even if the fish has been caught previously.

Baker reports the two caught a catfish on another individual's nylon leader by hooking the leader which was already attached to a hook in the catfish's mouth.

A tall tale? — "Not," say Baker and Barrett.

Anyhow the two left for Lake Kemp last Thursday and returned to Morton Saturday night.

QUESTIONS AND ANSWERS ON PREPARATION AND HARVESTING OF COTTON WITH MECHANICAL STRIPPERS

These questions and answers have been prepared by Fred C. Elliott, Extension Work Specialist, and Glenn W. Associate Cotton Specialist. The Extension Service is stressing a drive to keep cotton growing from defoliating or desiccating cotton prematurely.

Leaflet No. 145, 1960 Cotton Defoliation Guide is available at the County Agent's office.

If you will read and follow these questions and answers, I believe it will help you bring to the gin a more desirable cotton to gin and market. These questions and answers are especially fitting to growers who plan harvest of cotton with mechanical strippers.

The true defoliants have not given uniform results. Desiccants have been more effective in preparing

cotton for stripping.

1. What is a desiccant?
A. A desiccant is a chemical material applied to cotton for the purpose of drying the leaves in preparation for stripper harvest of the open bolls.
2. How do desiccants differ from the action of true defoliants?
A. Desiccants do not cause all of the leaves to fall to the ground. Because of faster action on the tissue of the leaf, it may dry and stick to the stalk.
3. What are the recommended desiccants?
A. Pentachlorophenol and Arsenic Acid, usually 75 percent, have been very effective.
4. When should the desiccant be applied?
A. Cotton should be fully mature, 60 to 80 percent open and preferably 90 percent open. "Penta" is applied with diesel oil after the dew dries. Arsenic Acid is applied with water and can be applied under conditions of higher humidity than the "Penta."
5. What is the cheapest material for use as a desiccant?
A. Commercial preparations containing about 75 percent arsenic acid.
6. Is Arsenic Acid poisonous to man and animal?
A. Yes. It is very poisonous and the SAFETY DIRECTIONS ON THE MANUFACTURER'S LABEL SHOULD BE FOLLOWED. It is also corrosive to equipment. Sprayers should be flushed with water and a baking soda solution after each spraying. Black pipe is less corrosive than galvanized. Copper, aluminum, etc. are still less corrosive.
7. Is there a safer material to use in desiccating cotton?
A. Penta (Pentachlorophenol) is safer and does a satisfactory job in favorable weather (hot and dry), but is more likely to require two applications. A shower before penta completes its action and reduces its effectiveness.
8. How much Arsenic Acid should I use?
A. Three fourths to 1 1/2 quarts per acre, depending on the size of the cotton.
9. What is Arsenic Acid mixed with?
A. Water - 8 to 12 gallons per acre for ground spraying and 5 gallons for aerial spraying.
10. How should a ground sprayer be prepared for applying a desiccant?
A. Use a regular cotton sprayer with 3 to 5 cone type X3 or X4 nozzles per row 8 to 10 inches from the cotton. Pump pressure 40 to 50 p.s.i.; 50 mesh strainer; tractor speed 3 to 5 miles per hour. Cotton under 24 inches high use 3 nozzles per row, over 24 inches high use 5 nozzles. Get material on all leaves. Under windy conditions, protect the operator and machine from spray drift. It might be necessary to spray in one direction of travel only.
11. How do you tell when the desiccated leaves are dry enough for stripping?
A. When leaves near the bottom of the stalk will crumble in the hand and the leaf stems break. Normally, this will be 7 to 8 days after applying. In the mornings these leaves are tough and will not crumble. Higher grades come with dry harvest. Let cotton dry to 8 percent moisture. Eat an early dinner, then go to the field with the stripper at about 11 o'clock.
12. How do you tell if a second application is necessary?
A. At the McGregor Experiment Station, they recommend retreating if more than 4 percent of the old le-

aves are still green. The better grades will pay for the second treatment.

or plants under moisture stress are unfavorable to desiccation. Addition of spreaders or activators to arsenic acid mixtures does tend to help hinder the above conditions; however, they are not to be used with penta and diesel. Generally 1 to 1 1/2 pints per 100 gallons of spray solution is recommended.

17. How much acreage should be sprayed at one time?
A. Stagger the application. Cover the field at about the same rate you expect to harvest. This will help in avoiding greening up.

MRS. GARY WILLINGHAM

Janie Thomson, Gary Willingham Exchanged Vows at Sudan, Sept. 10

The First Methodist Church of Sudan was the scene of the marriage of Janie Thomson, daughter of Mr. and Mrs. H. M. Thomson of Sudan and Gary Willingham, son of Mr. and Mrs. E. O. Willingham of Morton, read Sept. 10th by the Rev. Grady Adcock, pastor of the church. Organist was Miss Marika Brooks of Muleshoe.

Mr. Thomson gave his daughter away at the double ring service. The bride wore a street length dress of white organza over white satin, with a white headband and a tiny white veil. She carried a white Bible topped with a tapered bouquet of pink roses and stephanotis.

TRYING TO CUT FOOD COSTS?
You're paying for more than food when you pay the grocery bill, according to our Extension Foods and Nutrition Specialists of Texas A&M College.

BRUISE EASILY?
Do you bruise easily? ... A vitamin C deficiency might be responsible ... Oranges, grapefruits and other citrus fruits are rich in vitamin C important to good health of the blood vessels.

EATING BREAKFAST?
Two out of three Americans eat too little breakfast ... How about

you? Extension foods and nutrition specialists say breakfast should supply about one-third of the total daily food needs ... Studies show that a protein rich breakfast can save off fatigue hours longer than a breakfast with little protein.
