 (The following column was held over from last week, when shortage of space prevented the publishers from getting all news items in print.)

CLUB MEETINGS
 The Letman Home Demonstration Club met Wednesday in the home of Mrs. Charles Sanders. Mrs. Carl Koontz was hostess to the Friendly Circle on Thursday. On Wednesday, October 12, the F.O.R. Club met with Mrs. Randall Hughes. The White-bellies Club will meet with Mrs. W. S. Gilmore today (Thursday), October 13. The program will be on Home Planning and Remodeling for all these meetings.

Visitors are welcomed at all meetings of the various HD Clubs.

ACHIEVEMENT PROGRAM
 The annual Achievement Day was observed by Home Demonstration Clubs on Tuesday, October 11. The "Life Fair" was held in the County Activity Building in Morton with exhibits of canned vegetables, fruit, pickles, jellies, and preserves. Other exhibits were of clothing, hand work, and crafts.

Cakes were added to this year's exhibits. Varieties were Angels' Food, Clifton, White Layer, Pound, Chocolate or Devil's Food. After the judging the cakes were sold.

Mrs. Harriette Jackson, Bailey County Home Demonstration Agent, and Mrs. Peggy Kendall, Assistant Buckley County Agent were the judges of the exhibits. Mrs. Charles Sanders is Exhibit Chairman of the County Council.

The exhibits were open to the public from 12:00 noon until 5:00 p.m.

COUNTY COUNCIL
 Election of officers for 1961 was held at the meeting of the Cochran County Home Demonstration Council Monday afternoon. The business meeting began at 2:00 o'clock. Mrs. Edward Brownlow, chairman, presided.

Reports of the state meeting of the Texas Home Demonstration Association were heard. Delegates attending the state meeting in Brownsville were Mrs. Lewis Walker, Lehman; Mrs. Carl Koontz, Friendly Circle; and Mrs. Stanley Hender-

son, Farm, Oil and Ranch Club.

OCTOBER PLENTIFULS
 There is festive October eating in store for families that serve plentiful foods often, suggest the Agricultural Extension Service bulletins from A & M College.

Cheese is the featured item. All varieties of cheese are in good supply. Also, October is national cheese Festival time, when food markets will provide special displays and bargain buys on the many kinds of cheese.

Four meats are on the list, as determined by USDA's Agricultural Marketing Service in cooperation with producers and the food trade. Beef has become plentiful again. Lamb, too, is available in abundance. Prices of both are much lower than they were last spring. Broiler-fryers and turkeys continue plentiful.

Which Democratic Platform?

Which do you prefer: the socialistic, anti-Texas platform of Kennedy — or the Nixon Platform that more nearly conforms with Texas principles and ideals as expressed in the State Democratic platform?

The Kennedy platform is against nearly everything Texans are for—it is for nearly everything Texans are against.

What will be your choice? It is between a party label and the best interest of Texas and the Nation.

Allan Shivers says:
"I'LL TAKE TEXAS. I accept the Texas Democratic platform and will work for it. I repudiate the other—the Kennedy platform. I will join with my fellow Democrats to work and vote for men of maturity, experience, responsibility, and a fearless dedication to this country's best interests."
"I will vote for Richard M. Nixon and Henry Cabot Lodge."

W'face Hardware & Supply Opens

"Grand Opening" of the Whiteface Hardware and Supply has been announced for Saturday, Oct. 22.

The firm, which opened last week, is under the management of Vaughan Killian.

It is located one block west of the Whiteface Post Office, and opposite the Red and White Grocery.

MAIL VOLUME HITS ALL TIME HIGH BOTH ACROSS NATION, LOCALLY

A new all-time high in the nation's mail volume was reached during fiscal year 1960 ended June 30, which continued the steady upward trend of the past seven years at a rate which even exceeds the population growth, according to advance information from the Annual Report of the Post Office Department which has been made available to Postmaster, Murray Crone.

Although subject to last minute revisions, the year's total has been estimated as 83.6 billion pieces of mail which includes about one billion pieces of parcel post. It was stated that this would mean an increase of nearly 25 per cent over the corresponding figures for 1953 when the annual volume was 50.9 billion pieces.

During this same period, it was pointed out, the revenue of the Department also has shown an impressive gain with an increase from \$2,091,714,000 in fiscal year 1953 to \$3,276,800,000 for fiscal year 1960.

Here in Morton, the receipts of the post office climbed from \$22,997.46 in 1953 to \$26,853.77 last year.

"There is not much we can do

about how much mail we have to handle from day to day or how many people are making use of the Postal Service," Postmaster Crone stated, "but the whole Department keeps busy in devising ways and means for doing the job not only more efficiently but more economically. As I recall it, that was the way President Eisenhower outlined the principal objectives of the Department when Postmaster General Arthur E. Summerfield was being sworn in back in 1953, and that's the way we have been operating ever since. "We can't deny that we still make mistakes and that the human element still plays a vitally important part in daily operations, but the statistics in the Department's annual report offer positive proof that we are making progress on a nation wide basis. As an example, while the mail volume showed an increase of 16 billion pieces handled annually, the employment increase during this same period amounted to only 11 per cent.

"By way of explanation, it should be mentioned that the employment figures, based on thousands of man years, are first worked out under two separate headings, city carriers and "all other," and then combined for over-all percentage figures just mentioned for fiscal 1960.

"It should also be mentioned that there has been a steady and substantial increase in 'city carriers' each year as compared with 1953, ranging from 4.5 per cent in 1954 to

29.2 per cent in the latest estimates. This increase has been essential to keep pace with the ever-expanding growth of established cities as well as the establishment of new ones. City delivery service has been started in 800 communities in addition to

the extension of literally hundreds of routes which were already in operation. This required the equivalent of 31,000 more letter carriers to serve approximately 9,000,000 more American families and upwards of 700,000 more business concerns.

QUARTET VISITED IN RUIDOSO AND LINCOLN

incided with the annual Aspencade held at Ruidoso each October.

Beautifully proportioned to the
CLASSIC FORD LOOK

A magnificent view . . . the 61 Ford Galaxia Club Victoria . . . the Villa d'Este near Rome.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

You are looking at the trend-setting car of our times, the '61 Ford . . . a car whose clean and classic profile is unmatched by any other in the world. Just one glance at the Big Circle taillights and sculptured rear deck, one look at the crisp, fresh front-end design and you'll know the '61 Ford is the classic style of the Nineteen Sixties.

Here is a Ford that is not only new in looks and ride and comfort, but new in its entire concept. The '61 Ford is actually built to take care of itself! It lubricates its chassis . . . cleans its own oil . . . adjusts its own brakes . . . protects its own body.

Indeed, here is a car that will save you valuable time and money by doing away with many stops for service.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF . . . THE FIRST 1961 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates Itself. You'll normally go 30,000 miles without a chassis lubrication.

Cleans Its Own Oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Guards Its Own Muffler. Ford mufflers are double-wrapped and aluminumized - normally will last three times as long as ordinary mufflers.

Adjusts Its Own Brakes. New Truck Size brakes adjust themselves automatically.

Protects Its Own Body. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.

Takes Care of Its Own Finish. New Diamond Lustre Finish never needs wax.

Warranty. The '61 Fords are built to meet three principal goals: finest quality, greatest durability, most reliable operation. Expressing their complete confidence that this has been accomplished, Ford Dealers led the industry in extending their warranty on '61 Fords to 12,000 miles or one full year, whichever comes first. See this warranty at your Ford Dealer's now.

With a record crop of cranberries being harvested, this colorful item takes its place among October plentiful. Potatoes and rice are expected to be in greater than normal abundance so wise menu planners will do well to include these popular foods often.

Farm products are eligible for USDA's monthly plentiful foods list when supplies are estimated greater than expected trade needs.

RICE PUDDING

For a simple and delicious dessert using one of the plentiful foods try Rice Custard Pudding:
2 cups milk

2 egg whites, beaten stiff
1/2 teaspoon vanilla or grated rind and juice of 1/2 lemon

of the district.

Morton may have to go into the game not at top strength. J. R. Wilson, one of the most counted on experienced linemen, was injured in the Sundown game and hospitalized with a bruised knee.

End Tootsie Davis was also injured.

The Indians, trailing 14 to 0 in the first quarter last Friday, roared back on the passing strength of Steve Middleton, the sure fingered receiver of several halfbacks and ends, and fullback Zuber; and determination on the part of a defensive line.

With only four minutes to play the Indians went ahead, 16 to 14. But Sundown was not to be denied. On a tremendous job of quarterbacking, they marched down the field to score the winning tally with but 14 seconds left on the clock.
