MORTON, TEXAS, THURSDAY, NOVEMBER 10, 1960

NUMBER THIRTY-EIGHT

## Turkey Shoot at Saturday Whiteface

WHITEFACE (Spl.)—A "turkey shoot" has been announced for Saturday, Nov. 12, under the sponsorship of the Odd Fellows Lodge 172, Whiteface.

## Red Powell Services Held Monday, 2:30 p.m.

Funeral services were held at the Baptist Church in Morton, Sunday at 2:30 p.m. for Fred C. Powell, operator of Kings Courts, in Whiteface.

Mr. Powell, who had been hospitalized 34 days and in critical condition at that time, died Thursday morning at the Morton Memorial Hospital.

## Willis Food Store Says, "Thanks"

"Thanks, folks," was the way Willis reported on their 20th anniversary sale last Friday and Saturday.

Prize winners were Mrs. G. Cooper, Sr., the electric rotisserie; Mrs. Ruel Kelly, the bowling bag; and Mrs. Mamie Durr, the transistor radio.

## Truett's Winners Announced

H. C. Edwards of Morton was the winner last week in Truett's Store "Christmas Bonus Contest."

## VETERAN'S DAY OBSERVANCES ARE ANNOUNCED

Whiteface American Legion 534 is located just south of the store, there the menu will be pancakes, sausage, and coffee.

Whiteface American Legion 534 is located just south of the store, there the menu will be pancakes, sausage, and coffee.

Officers of the post are E. McKissack, first vice-commander; Bill Gilmore, second vice-commander; Arvel McClure, adjutant; George Mitchell, service officer; and J. Ashmore, chaplain.

## BEET CROP FOR COUNTY COULD BE IN THE FUTURE

The possibilities of area farmers getting into the sugar beet production in a move that would establish a partial trend toward diversifying county agriculture were talked this week with the word that the national sugar beet acreage allotments would be lifted.

Willard Cox, prominent Cochran County farmer, this week told the Tribune that moves are underway strongly in Clovis and in the Hereford area for the location there of sugar beet refineries to take care of increased sugar beet production which is almost certain to follow recent developments between the United States and Cuba.

No definite commitments of any kind have been made, as far as

Cox knows, but he revealed the interesting highlights of conversations he has had in the past week with men in and close to the sugar industry.

Cox said his investigations grew out of a determination he made while on a recent hunting trip—that in respect to the USDA-Cuban recent disagreements, and resulting cutting off sharply of sugar imports into this country, that American farmers would have to increase their sugar production to take care of United States needs.

He said in checking with the ASC office he found that a recent directive was received here to the effect that the allotments for sugar beet

(See BEETS, page 8)

## TEC SAYS COUNTY COTTON CROP NOW 13 PERCENT HARVESTED

"Fifty per cent open, 13 per cent harvested," was the Texas Employment Commission's report on Cochran County's cotton crop, released November 7.

The report listed 7,240 bales of cotton ginned from the estimated 80,000 bales crop for this county. Wages were listed holding steady at \$1.50 for pulling and 25c for weighing and hauling.

The report listed the gins working 10 hours per day, though reports from all counties around showed gins working from 15 to 24 hours.

## Winner Named At Super Save

Celestino Sotelo, Morton barber, received the General Electric coffee pot given away last week by McClain's Super Save, Morton.

In the firm's regular ad last week J. W. Arnold, manager, announced that "in appreciation of your wonderful patronage... we're offering a free gift to someone each week-end until Thanksgiving."

This week the free gift will be an electric skillet. All that is necessary to enter is registration at Super Save prior to the drawing Saturday evening.

## Cub Scouts Help Boost the Vote

"I Have Voted. Have You?" tags were popular with voters in Morton Tuesday.

The idea was part of the Cub Scouts effort to increase the local vote.

Pinning voters under the direction of Mrs. James McClure, den mother, were members of Den 5: Dennis Clayton, Gerald Baker, Jimmy Allen, Joe Philbrick, Bill McClure, Danny Barker, Roe Crone, and Tommy Merritt.

## Radio Station Frequency Granted

The way has been cleared for the establishment of a radio station in Morton, it was revealed this week with the release of findings of the Federal Communications Commission hearing held in Washington recently.

On October 26 it was ordered, pending any appeal, that the application of Mike Barrett of Brownfield for a radio station to operate on (See RADIO, page 8)

## Will Close Friday

Local offices will observe Veteran's Day, Friday (tomorrow) Nov. 11, as a legal holiday, it was announced this week.

All offices in the Court House will be closed with the exception of the Sheriff's Office; the ASC and Soil Conservation offices will also be closed.

Postmaster Murray Crone also announced that the Post Office will be closed.

## Piggly Wiggly To Give China

Piggly Wiggly, Morton, is giving away 40 pieces of china valued at \$71.60 next Wednesday.

Area residents may register at the firm anytime before 6 p.m., Nov. 16, the day of the drawing.

(Details will be found in the firm's ad appearing on page seven of this publication of the Morton Tribune.)

## VETERAN'S HALL TO BE SCENE OF BREAKFAST

"Everyone's invited," is the way local veterans are describing the annual "Veterans' Breakfast" scheduled for Friday, Nov. 11, at the Veterans Hall, Morton.

The observance of Veterans Day, formerly Armistice Day, will get underway at 5 a.m., E. D. Jackson, commander of the Jesse R. Bond American Legion Post 374, has announced.

Plans call for breakfast of eggs, bacon, hot cakes, hot biscuits, and coffee to be served as long as folks keep arriving.

Members of the post will meet tonight, Thursday, to complete plans for the event.

Albert Morrow, post adjutant, emphasized again this week that veterans and friends of the post are invited to bring the "whole family."

"Plenty of cooks, and good cooks, will be available to prepare the breakfast," Morrow said, "but folks may cook their own if they desire."

Plans are being made to serve approximately 100 people.

## COUNTY VOTES WITH WINNING TICKET... Democrats Take State, Nation

JOHN F. KENNEDY

LYNDON B. JOHNSON

## CITY TO GET ADDITIONAL GAS LINE; MORE GAS

### P-TA Will Meet Tuesday Night

The Morton Parent-Teacher Association will hold its regular third Tuesday night meeting Tuesday night, Nov. 15, in the Morton School Cafeteria.

All persons interested in the P-TA are invited to attend.

### Note on Cotton: 'If 'twarn't Dead 'tis Now'

The first real cold front of the season moved into Cochran County late Wednesday evening and temperatures were predicted to drop around or below the freezing mark before this morning.

Perryton, Amarillo, Dalhart and Hereford reported the state's first snowfalls, Tuesday night and early Wednesday, all light snows.

### Children Turn From Election To Santa Claus

Just in case you are one of those souls who was either so wrapped up in the election, and are now so happy or so disgusted that you had forgotten; or if you are one of those who simply didn't want to think about it... here's a reminder received in the mail this week:

Dear Santa Claus, I like a toy typewriter. I want a doll house. I want a teddy bear.

Yes, Carol Edwards, we knew Christmas was just around the corner but we also, belong to the latter group, the ones that were kinda trying not to remember how close December 25th really is.

### Injures Eye in Chemical Mishap

Art Wall of Morton was reported improved this week following an accident last Tuesday in which he received chemical burns in his left eye.

At first it was feared he might lose use of the eye.

Wall is employed by Pan American Oil Company here. He said it was his first "lost time" accident with the company in 29 years.

### C & I MEETS TONIGHT

The C & I Investment Club will meet tonight (Thursday) at 8 p.m. in the Western Abstract Building, Morton, it has been announced by Van Greene, president.

### MORTON'S SUSIE HAWKINS IS ENTRANT IN SOUTH PLAINS MAID OF COTTON CONTEST

The Tribune received word early Thursday that Susie Hawkins, daughter of Mrs. H. S. Hawkins of Morton, and a Texas Tech student, is one of the final entrants in the Maid of Cotton Contest from this area.

The Maid of Cotton Ball will be held on November 21st, the first day of the two-day contest, and the winner will be picked in the finals of the contest at the Lubbock Coliseum, on the 22nd.

### Morton - Lockney Final Game Set for 3 P.M., Friday

The Morton Indians will make a final attempt to win their second game of the season, and their first — and only — District win, Friday afternoon at Indian Stadium, at 3 p.m.

The Lockney Longhorns will supply the opposition for the Indians who will remain underdogs, because of injuries that have plagued them all season long.

Lockney, though boasting a "not bad season record," has been ineffectual as Morton in District play, though they did manage one upset victory. A win for Morton would at least force Lockney to share the cellar with them.

### Soil Survey of County Is Completed in October

The field work for the Standard Soil Survey of the Cochran Soil Conservation District was completed in October. When the report is prepared and published in book form, each farmer and rancher in the district may obtain a copy. Expected completion is 1962.

During October, a party of Soil Scientist and Soil Conservationist reviewed the Cochran soil survey in the field and prepared the Final Field Review. Personnel making the Final Field Review were: James Coover, State Soil Scientist, SCS, Temple; Bob Daniell, Supervisory Soil Scientist, SCS; Allen Newman Area Soil Scientist, SCS; James D. Abbot, Area Conservationist, SCS; Y. E. McAdams, Area Engineer, SCS, all of Lubbock; Dr. Allen, Professor of Soils, Texas Tech College; Doctors Jongen and Vancompennable, Soil Scientists, Belgium and Ed Thomas, Work Unit Conservationist, Morton.

The soil survey was made under the National Classification Standard, Ansell Outlaw, formerly with the SCS in Morton, started the survey in 1957. He was in charge of the survey and classified the soils according to their natural characteristics which are: depth, texture, permeability, amount of free live, kind of parent material, slope of the land and per cent of past erosion. The survey information is now being used by the District in working with District Co-operators.

Cochran County, consistently giving its voting majority to the Democratic Party since 1928, maintained tradition and got back on the winning side of the ledger after two straight national election defeats, Tuesday, as they gave John Fitzgerald Kennedy and Texas' own Lyndon B. Johnson a 1,028 to 643 margin in the record vote.

The majority in Cochran County, as perhaps the majority in the state of Texas was little stronger than had been expected for the winning Democratic candidates, but nationwide, the popular vote margin between the Kennedy-Johnson ticket and the Republican's Richard Nixon and Henry Cabot Lodge appeared to be as razor thin as many had predicted, late Wednesday night.

The Sullivan-Curtis Constitution Party Ticket and the Decker-Munn, Prohibition Party ticket trailed far behind in this county with 28 and six votes respectively.

Democrats had been expected to sweep all other state offices and did so handsily, though Republicans were claiming a success in the heavy vote scored by Senatorial Candidate John Tower against Lyndon Johnson for the U. S. Senatorial seat and in the heavy vote total of gubernatorial Candidate William Steger, who polled enough statewide votes to call for Republican County elections next (General Election year, under the state's election laws).

Every Cochran box gave Kennedy-Johnson a substantial majority, the Absentee Box giving the least majority; followed by Whiteface (Precinct 2) and Morton (Precinct 1). The heaviest percentage for the Democrats came in the Lehman Box, a 4 to 1 majority.

Although Tower ran well ahead of his ticket in Cochran County, polling 483 votes to 1190 for Johnson, generally the Republican ticket garnered around 225 votes.

Constitutional Party candidate J. R. Anderson, paired against Democratic Congressman George Mahon, for the 19th Congressional District seat without a Republican entry in the race garnered 260 votes, about the same percentage of votes Republicans had in their races.

Although there were no active write-in campaigns, Max Hamilton and G. D. Edgar, local attorneys, garnered 24 and 22 write-in votes respectively in the County Attorney's race where George Boring, Democratic party nominee polled 1,639 ballots. By far the majority of these write-in votes were in Precinct

(See ELECTION — Page 8)

Available, reports Mrs. Harris, are classes in ballet, tap, modern jazz, and high school ballroom.

REGISTRATION OPEN FOR DANCE CLASSES

Mrs. Doris Harris of Lubbock, who has been teaching classes for dance here for some years, has announced that students may register for classes any Monday afternoon from 1 to 6 p.m. at the Veterans Hall, Morton.

Lockney, though boasting a "not bad season record," has been ineffectual as Morton in District play, though they did manage one upset victory. A win for Morton would at least force Lockney to share the cellar with them.

Lockney, though boasting a "not bad season record," has been ineffectual as Morton in District play, though they did manage one upset victory. A win for Morton would at least force Lockney to share the cellar with them.

### H. D. CLUB HEARS PROGRAM ABOUT HOUSE PLANNING

"Planning and Remodeling a House" was the program subject at a recent meeting of the Friendly Circle H. D. Club held in the home of Mrs. Carl Koontz, last month.

Miss Leila Petty, H. D. Agent gave the program and distressed size and convenience in the planning.

Roll call was answered by four members and the guest with "What I Have Done to Improve My Yard this Year." Several members had sowed grass seed and planted bulbs.

The group discussed the county H.D. Achievement Day and all had planned to exhibit something.

Attending the meeting were Mesdames: L. Z. Scoggins, Weldon Wynn, Jake Reid and Carl Koontz, and Miss Petty.

The group announced officers who will be elected at the second October meeting which was held on the 20th.

### Cochran Garden Club Will Again Sponsor Christmas Lighting Contest

The Cochran County Garden Club met at the home of Mrs. T. M. Tanner Monday evening, November 7. Mrs. R. J. Hill, president, presided. Roll Call was answered by suggestions for "putting the garden to bed for winter."

The Christmas Lighting Contest was discussed. Mrs. Roy Hill, Chairman of the Lighting Committee, said the theme this December would be Christmas songs. Divisions will be religious, humorous, and traditional songs. Individual homes and business firms will be asked to join in the lighting contest for the Christmas season.

Orders for fruit cakes were turned in. Orders will still be accepted for fruit cakes to be received in time for Christmas eating or giving.

Mrs. Murray Crone, Mrs. Bud Thomas and Mrs. J. D. Glass were appointed to the nominating com-

mittee. Officers for the coming year will be elected at the November 21 meeting, which will be at the home of Mrs. Dona Doughty.

An interesting program on "Designing the landscape for year-round color" was presented by Mrs. Murray Crone. Some suggestions for attaining a good design are the use of scale in choosing plants, and the plantings should be easy to keep. The skillful use of flowing lines gives richness; uneven surfaces or knolls and different types of textures add interest.

Slides of shrubs and trees that add color to the landscape were shown by Mrs. Crone.

Attending the meeting were Mesdames: Bob Cook, Dona Doughty, H. A. Barnes, Roy Hill, R. J. Hill, Bud Thomas, J. J. Jenkins, Crone, A. E. Sanders, J. D. Glass, Miss Lorraine Jackson, Miss Leila Petty, and the hostess.

By Homer E. Thompson

### COTTON BURRS

It is estimated that all the burrs which will be ginned in Cochran County will total about 10,000 tons this year. If some of these burrs are burned the total will be reduced accordingly.

All the cotton gins in the county, as far as I know, do have burr hoppers for storing a limited amount of these burrs. If these burrs are not taken from the hopper when it becomes full, it is natural for the gins to have to burn them to lessen the fire hazard.

Was talking to Mr. Clyde McCormack, ginner at Bledsoe, Monday, Nov. 7. He advised me that his hopper was full and he was having to burn the burrs from cotton being ginned now. Mr. McCormack said he

hated to burn the burrs and said he would like to see them carried off and applied to the land. I am sure the other ginners in the county

feel the same way as Mr. McCormack. Many farmers need these burrs (burrs) and certainly the burrs improve the land.

The burrs are excellent organic material and contain plant nutrients and condition the soil. Test figures show that the increase in lint yield, more than pays for the burrs for the first year of application.

There is also a partial payment for application of the burrs to the land by the County ASC Committee. The payment is made where an application is approved at \$1.00 a ton up to 5 tons per acre, or a maximum

(See—COUNTY AGENT, page 4)

### WCS CONCLUDES CURRENT STUDY

The Womens Society of Christian Service met at 2:30 p.m. at the First Methodist Church in Morton, Tuesday, Oct. 18.

Mrs. W. C. Benham, president, was in charge of the meeting.

It was announced the W.S.C.S. and the Guild would hold a joint meeting on Monday, Oct. 24, at 7:30 p.m. This meeting was to be held for the "Week of Prayer and Self Denial."

Mrs. Paul Gunter led the devotional.

Mrs. Willard Henry concluded the study, "Into All the World Together."

Mrs. Charles Jones, president of the W.M.U. First Baptist Church, Morton, reported on two young Japanese girls, sisters, who attend college at Wayland, Plainview, Texas, and are studying to become missionary and school teacher, so that they can return to Japan and help their people in becoming Christians.

The hostesses, Mrs. John Crowder and Mrs. Myrna Briley served refreshments to 15 members and the guest, Mrs. Jones. Members attending included Mesdames: Willard Henry, H. F. Dunn, W. C. Benham, Ed Lytle, E. L. Cox, C. C. Benham, Bob Ramp, J. N. Burnett, H. M. Christian, Elizabeth Greer, Bob Mayon, Paul Gunter and Pegues Houston.

### Bowling Star Will Appear In Morton

Stan Gifford, former ABC team and doubles co-champion and a Brunswick star bowler, will appear Saturday, Nov. 20, in a special exhibition at Frontier Lanes, Inc., Morton, it was announced by Babe Vanlandingham, manager.

He will conduct an instruction session following his exhibition scheduled for 2 p.m.

Nicknamed "Mighty Mouse" because of his slight build, Gifford stands as proof that championship bowling is not reserved for those of above average size or strength.

As a member of the fabulous Falstaffs of Chicago in 1956, Gifford led the squad to the ABC title with a 697 performance. He teamed with Bill Lillard to capture the doubles crown that year and compiled a 1,953 total to help boost the Falstaff into the team all-events championship.

On May 19, 1955, he pocketed \$5,000 by rolling a 300 game on a televised bowling show.

Before moving to Chicago, Gifford was a teenage sensation on the West Coast where his first major victory came in 1950 when, at 18, he captured the Idaho State all-events title.

He now carries a 206 average with the Chicago Munsingwear Team in the North End Traveling League.

NEAT—Look, no buttons! A hidden snap closing adds to the neat styling of this open necked sport shirt. The shirt by Puritan Sportswear features a bright abstract Everglaze cotton print.

INSURANCE HIKE ASKED  
A 2.6 per cent increase in workmen's compensation insurance rates has been recommended to the State Board of Insurance.

**AD FACT**  
No. 15...  
Of the 27 million American workers who get a daily coffee break, better than 16 million don't have to leave their desks or work benches. Their coffee is brought to them. Coffee drinking in the U. S. reached its highest level in history last year. Total consumption was more than 390 million cups a day. An estimated \$7,000,000 was spent for advertising coffee and tea in newspapers in 1959.

ticians said that the rate increase was needed because of the increased cost of individual claims, rather than an increase in the number of claims. It would up by \$3,000,000 a year the \$112,000,000 a year paid by Texas employers for on-the-job insurance of workers.

**DUSTING DAMAGE UPHELD**  
A landowner is liable for damages caused to neighboring farms by crop dusting activities, the State Supreme Court ruled.

Defendant in the case was the Pitchfork Land and Cattle Company which was sued by a group of King County landowners. Suit also was brought against the aerial spraying firm hired by the land company. Pitchfork Company contended that the spraying firm was solely responsible for any damages, but the high court held the land company responsible too.

**WATER POLLUTION RULING**  
In another case involving landowner rights, the Austin Court of Civil Appeals upheld a lower court decision awarding damages from salt water pollution.

A Runnels County woman, owner of a 150-acre farm, claimed her fresh water supply had been polluted by salt water discarded by a drilling firm during oil exploration efforts.

District court found the drilling firm negligent in not having sealed the pits in which it discarded the salt water. It awarded the landowner \$9,000 in damages.

**PICKLE NAMED TO TEC**  
J. J. (Jake) Pickle, Austin public relations man, has been appointed by Gov. Price Daniel to succeed Maurice Acers as employer representative on the Texas Employment Commission.

Acers' term expires Nov. 21, but he will remain in office, at the governor's request, until Jan. 9.

Pickle has had a significant background role in many of Texas' major political events in the past decade. He was director of the State Democratic Executive Committee for four years and has worked at

one time or another in the political campaigns of Governor Daniel, former Gov. Allan Shivers and Sen. Lyndon Johnson.

Acers, an attorney and former FBI agent, was appointed to TEC by Governor Shivers. He served as Shivers' executive assistant in the governor's office.

**CLUB RULES DUE NOV. 21**  
After listening to a round of protests at a hearing on proposed new regulations of private clubs, the State Liquor Control Board plans to re-study the rules and possibly make some changes.

Administrator Coke R. Stevenson Jr. indicated, however, that the rules would probably be basically the same.

Primarily, says Stevenson, the rules are designed to give the Board a means of preventing the operation of open saloons under the guise of private clubs. They would provide for the licensing of clubs and forbid liquor dealers to deliver liquor to those that did not meet licensing standards.

Representatives of private clubs called some phases of the rules unreasonable, such as requiring a club to be in existence 3 years before receiving a liquor selling permit. They declared they would welcome some workable guidelines for operation.

**SHORT SNORTS**  
Austin Court of Civil Appeals ruled that state hospitals have the right to retain social security payments made for the benefit of patients.

State Securities Board announced that state permits for 56 firms to offer \$21,621,541 in securities were issued in September. This is an increase of more than \$8,000,000 over securities approved in August and nearly six times the \$3,835,490 in securities approved for September, 1959.

Court of Criminal Appeals reversed a decision in which the defendant was fined \$300 for sale of liquor in a dry area because in the trial of the case the state had neglected to prove that Morris County — scene of the event — was a dry county.

Deficit in the state's general revenue fund jumped \$6,500,000 in two weeks, making the latest in-the-red figure \$38,416,716, according to State Treasurer Jesse James.

State Highway Department will open sealed bids November 9 and 10 on 143 miles of construction work on state roadways. Low bids are expected to total about \$12,300,000.

**Pate Speaks to Methodist Men**  
Tom Pate, principal at Morton High School, spoke to members of the Methodist Men Thursday night at Fellowship Hall, First Methodist Church, Morton.

Pate outlined the scholastic program offered students, and the time schedule employed for the first time this year. Members of the W. S. C. S. of the church served the dinner. Ed Thomast, president, introduced Pate.

# Home Demonstration Agent

By LEILA PETTY  
PROGRAM PLANNING COMMITTEES MEET

Four meetings for county program planning were scheduled recently. The purpose of such committees was to look at the problems in the county and set up some plans of action that might help solve some of them.

The Health and Safety Committee met at 7:00 o'clock Thursday evening, November 3. The Food and Nutrition Committee met at 2:00 Friday afternoon, November 4.

The Clothing Committee met at 2:00 p.m. Monday and the Home Management Committee met at 9:00 o'clock Wednesday morning, November 9. All meetings were held in the County Activity Building in Morton.

Attendance at the Program Planning Committees has been small,

but interest great. Suggestions for some work that might be done in the county during the coming year on foods include emphasis on better diets. Some of the work suggested to be done on health and safety was to emphasize importance of having polio shots, having water supplies analyzed, and training on civil defense.

The need for more information on fabrics and care was a suggestion of the Clothing committee. Programs or demonstrations will be planned to meet these needs. These will include programs on dry cleaning as well as home laundering.

These programs will be held during the coming year and will be open to the public. They will be announced in advance of the meetings. (Ed. Note: The recent meetings were announced in advance, but th-

# Three Way News ...

By Mrs. Frank Griffith

**BIRTHDAY PARTY**  
A birthday coffee honoring Mrs. Jack Furguson was given in the home of Mrs. Earl Bowers Wednesday, Oct. 26. Guests were Mesdames: Thurl Lemons, Doyle Davis, Geraldine Lowe, and the Guest of honor, Mrs. Furguson.

— o o o —  
**SHOWER HONORS**  
MRS. JAMES HOLLY

The home of Mrs. Buck Ragsdale was the scene of a baby shower honoring Mrs. James Holly.

Assisting Mrs. Holly in opening the gifts were her mother, Mrs. Ed Latimer and her mother-in-law, Mrs. Virgil Holly.

A corsage made of baby socks was presented to the guest of honor. Refreshments of punch, coffee, cake, nuts, and candy mints were served from a table laid with a white linen cut work cloth, centered with a crystal punch bowl.

Pink tapers in crystal candelabra flanked the centerpiece. Plate favors were miniature baby diapers holding the candy mints.

Hostesses were Mesdames Ragsdale, Jack Furguson, Thurl Lemons, and Frank Griffith.

— o o o —  
**ROYAL SERVICE PROGRAM PRESENTED**  
South America and Mexico were the topics used in the Royal Service program presented Tuesday evening

# AGENT —

(Continued from page 2)

of \$5.00 per acre federal cost share. The special practice for burrs reads in part: "This practice is applicable only to cropland which is subject to wind erosion. Burrs must be evenly distributed over the land and must be applied at not less than five tons per acre. Heavier applications are recommended."

I wish to urge that farmers who have no facilities for hauling and spreading these burrs on their land contract the work to make the maximum use of this program.

**TREES FOR WINDBREAKS AVAILABLE**

Plenty of seedlings are available for Texans who want to plant windbreaks this winter. Orders are being taken now by the Texas Forest Service, College Station.

Requests for trees will be handled on a first-come-first-serve basis, so interested persons are urged to submit their applications and payments right away.

Application forms for reforestation pines are available for Pineywoods county agents, Soil Conservation Districts, ASC officers or district offices of the Texas Forest Service. The windbreak tree forms are available from some of the offices of West Texas county agents. Either of the forms may be obtained by writing, Texas Forest Service, College Station, Texas.

Shipment of reforestation seedlings will start about December 15, Smith continues.

Slash, shortleaf and loblolly pines are available at either East Texas nursery, and a limited supply of loblolly pine, grown from seed collected in Bastrop and Fayette counties, will be available from the Indian Mound Nursery in Cherokee county. No for less than 500 of the reforestation seedlings will be accepted.

Also, some 13 different kinds of hardwood and evergreen seedlings, plus multiflora rose plants will be available for farmstead, feedlot or field windbreak plantings. These trees will be shipped between January 15 and March 15, 1961.

"These trees will not be available for shade or ornamental plantings. For further information on cost and application procedure contact the local County Agent.

# FFA's Purchase Poland Chinas

Registered Poland China pigs were purchased by members of the Morton FFA Chapter Saturday, October 29, from Mr. Callaway at Lockney. Boys who purchased pigs and barrows were Larry Baseda, John Tucker, Rhodney Williams, and Bobby Nieman. Dale Debord purchased three gilts.

rough no fault of the Agent, the Tribune was unable to get all of the stories set for publication date, and this portion of Miss Petty's column was held up. Our apologies, and we'll try, in the future, to save stories on past meetings, when copy must be held up, and publish those items about coming meetings.)

**INCOME TAX MEETING**  
A district meeting on income tax will be held today, November 10, at the Plains Coop Oil Mill Board Room, Lubbock. All who are interested, may attend this all day meeting.

**AGENT'S CONFERENCE**  
One of the speakers at the Extension Agent's Conference held at Texas A&M College last week was Paul V. Kepner. He is now U.S.D. A. Extension Service Administrator. He succeeded C. M. Ferguson who was named Assistant Secretary of Agriculture.

**PEAR MINCEMATE**  
7 lbs. pears, peeled and cored  
1 orange, 1 lemon  
2 apples  
1 cup fruit juice or juice from pickled peaches  
1 1/2 teaspoon each, cinnamon, cloves, and allspice  
1 lb. seedless raisins  
6 cups sugar  
1 cup vinegar  
1 teaspoon salt  
(Some add 2 cups ground peaches and small can crushed pineapple.)  
Grind pears, orange and lemon (leave orange and lemon unpeeled) with raisins. Mix all ingredients together and cook slowly two hours. Seal in sterilized jars while hot. Add butter when pies are made. Nuts may also be added.

**RED RELISH**  
5 pounds red sweet peppers (weigh after seeds and stems are removed and before washing)  
3% pounds mild white onions peeled and cut in small sections  
Grind peppers and onions together, using coarse cutter. Mix well (juice and all.) Cover with boiling water and let stand 5 minutes. Drain off as much water as possible; then squeeze dry. To this add:  
1 quart vinegar  
2 tablespoons salt  
2 cups white sugar  
If liked hot, grind in a small hot pepper or red pepper or hot sauce. Bring to a boil and cook 20 minutes. Seal in sterilized jars. (If peppers are not a dark, pretty red, add a little red fruit coloring. In preparing peppers, be sure to cut out any green spots.) (This recipe is from Helen Corbitt's cook book.)  
Sweet red peppers are available in grocery stores now. They are good sources of Vitamin A, a vitamin often lacking when the season for fresh vegetables is over.

**BIBLE GROUP MET**  
The Goodland Bible Study club met last week in the home of Mrs. Louis Henderson. The lesson was from the book of Exodus. The next meeting will be Wednesday, Nov. 9, at the home of Mrs. W. C. McCreedy. Chapters 9, 10, and 11 in Exodus will be studied.

— o o o —  
**W. S. C. S. MET**

The Three Way Methodist W. S. C. S. met Monday afternoon in the home of Mrs. Doss Terrell. The program was entitled "One World, One Mission. Mrs. Cecil Cole led the program. Six members were present. They were Mesdames: Leon Reeves, Cole, John Tyson, Cass Stegall, Smeltzer, and Terrell.

— o o o —  
**H. D. WORK DAY**

The members of the Three Way Home Demonstration club met Wednesday in the home of Mrs. Louis Henderson for a work day. They made aprons and pot holders for the booth at the school carnival.

The club made \$46 with the booth.

— o o o —  
**WIN OVER NAZARETH**

WORLD PEACE BARRIERS AND PROSPECTS IS RECENT STUDY OF YOUNG MATRONS

The home of Mrs. Ray Keith Monahan was the scene of the Young Matrons Junior Study Club meeting for October 27.

MRS. THOMPSON IS HOSTESS TO WHITEFACE HD'S

Mrs. L. U. Thompson was hostess to the Whiteface Home Demonstration Club October 27, when the Cochran County delegates to the State meet at Brownsville gave their reports.

Everyone present took part in the program on "The Amendments to the Constitution."

Next meeting is to be November 11 at the home of Mrs. F. Z. Payne.

Mrs. Dexter Nebhut, president, appointed Mrs. Bob Mayon as parliamentarian and Mrs. Max Hamilton to serve on the Youth Conservation Committee.

Mrs. Wayne R. Mohundro was elected as a new member in the club.

The president turned the meeting over to the Program Chairman who in turn introduced Mrs. Sammy Leverett.

Mohundro said that we are facing the greatest crisis in the times of our nation.

Highlight of the evening was the showing, by Mohundro, of a film-strip entitled, "The New Administration in Washington."

In addition to the guest speaker, Mrs. Lou Mohundro and Mrs. Willis Dykes were visitors to the club.

LEILA PETTY IS HOSTESS TO GARDEN CLUB

The Cochran County Garden Club met in regular session Monday evening, October 18, at the home of Leila Petty.

Roll Call was answered with items from the "Lone Star Gardener."

The Cochran County Garden Club is again selling fruit cakes.

Members attending the meeting included Mesdames Bob Cook, E. E. Thomas, Benham, A. E. Sanders, J. D. Glass, R. J. Hill, J. J. Jenkins, Roy Hill, Misses Lanora Jackson and Leila Petty, and the guest, Mrs. H. D. Ashby.

**Cards of Thanks**

**CARD OF THANKS**  
 Dear Friends:  
 My heart overflows with gratitude toward each of you for every thought, prayer and act of kindness extended me and Carl's family at the time of his short illness and death.

I am deeply grateful to the two fine doctors, G. P. Flanagan and Gilbert Coghurn, for their untiring efforts. Most of all I appreciate their understanding love and tenderness to Carl and me during those crucial hours. I feel that they and the nurses went beyond the call of duty in their efforts to aid and comfort us.

We are also deeply thankful to everyone for the beautiful flowers and the food. Again, may we thank you and may God bless you.

Mrs. Fred C. Powell and Mr. and Mrs. Fred C. Powell, Jr. and Children.

**Cards of Thanks**

**CARD OF THANKS**  
 The family of Mr. Fred Powell wishes to take this opportunity to thank the wonderful friends and neighbors who were so helpful during his illness and death. We are especially thankful to Mr. Strickland of the Second Street Church of Christ and Rev. Fred Thomas of the First Baptist Church, and the other men who assisted at night. Dr. and Mrs. Coghurn and the nurses at the hospital are to be thanked, too, for being so thoughtful and helpful to each of us.

We are also deeply thankful to everyone for the beautiful flowers and the food. Again, may we thank you and may God bless you.

Mrs. Fred C. Powell and Mr. and Mrs. Fred C. Powell, Jr. and Children.

**Annual Winterizing Is Vital Phase Of Economical Home Maintenance**

**Careful Checkup In Fall May Save Big Repair Bills**

Getting a house ready for winter doesn't and merely with hanging storm windows and having the heating plant inspected.

Equally important is an inspection of the entire house and grounds to discover weak points that might break down under the onslaught of winter winds, snow, ice, and sleet.

**Roof Important**

These include loose shutters and siding, dead tree limbs that might be blown down to cause damage, a tottering TV antenna, crumbling mortar in chimneys and foundation, and such things as loose screening in attic vents that might entice squirrels or other rodents to take up residence.

Perhaps most important of all to a home's winter welfare is the condition of the roof. This is where winter's hardest blows land: scraping ice, melting snow, severe temperature changes, harsh winds.

**Leaks Are Threat**

Most any home owner can get a fair idea of whether his roof will protect the house through the long winter by merely looking at it. If it looks shabby, it probably is worn out and will have to be replaced. A closer inspection can be made in the attic during a rainstorm. Darkened areas along deck boards and rafters indicate leaks. This means the entire roof is weak, since roofing material wears out uniformly.

When a roofing contractor confirms the home owner's analysis, chances are he'll recommend a new roof of asphalt shingles at a price that generally is a pleasant surprise. This is because asphalt shingles go in place quickly over old roofing material, keeping the labor cost of applying them at a low level.

Wise home owner swarms all over his house for pre-winter inspection. He caulk cracks around doors and windows; 1; repairs broken siding; 2; checks chimney and TV aerial; 3; insulates attic floor; 4; checks screening in ventilating leavers; 5; inspects roofing material; 6; caulk around foundation; 7; and inspects furnace; 8; a similar annual pre-winter check can save any home owner a lot of cold weather headaches.

**House 'Detective' Can Find, Arrest Budget Robbers**

Proper home maintenance is one of the most important aspects in the economics of home owning today.

Heating fuel is too costly to be wasted. Labor costs for major repair jobs—often the result of neglect—are high. Even a leaky water faucet can waste dollars worth of water if it is ignored for long.

**Waste Avoided**

Waste and damage through neglect can be avoided by semi-annual inspections by the home owner. He can caulk heat-wasting cracks at the foundation and around window and door frames, and install weatherstripping.

New washers eliminate water waste, and a fresh coat of paint can protect exposed surfaces against severe winter weathering.

Among the major causes of excess heat loss are insufficient insulation and the lack of storm sash and doors. Accessible areas such as attic floors, floors above crawl spaces, and the ceiling and wall of an attached, unheated garage can be insulated easily by the home owner with batts or blankets of mineral wool. Other wall and ceiling areas can be filled with mineral wool by a contractor with equipment that blows insulation into enclosed spaces.

**Storm Sash Vital**

Combination storm and screen doors and windows of ponderosa pine can be purchased from building material dealers in sizes to fit all requirements.

These wood combination units are preferred because wood is a natural insulating material and can be painted to harmonize with exterior color schemes.

A properly insulated house with storm sash and doors can be heated for as much as 50 per cent less per year than a house insulated to minimum FHA requirements without storm sash.

**WASHINGTON AND "SMALL BUSINESS"**  
 By C. WILSON HARDER

The Attorney General of the State of California has filed an action for over a million dollars in the Federal Courts that will be watched with great interest as it could result in achieving another milestone in the enforcement of anti-trust laws.

Defendants in this suit are six manufacturers of folding bleacher seats. The suit charges that school districts in the state suffered provable damages of almost \$350,000 because the defendants conspired to allocate business among themselves and fix prices charged to the schools.

Last year these same six manufacturers were the defendants in a criminal action brought by the United States Department of Justice for conspiring to fix prices, allocate markets, and as a result paid a fine of

### NEWS and HAPPENINGS — FROM the ENOCHS - BULA AREA

#### By Mrs. JEROME CASH VISITED WITH PARENTS OVER THE WEEKEND

Mr. and Mrs. Douglas Cash, Glenda and Buster of Fort Worth spent the week-end in the home of his parents, Mr. and Mrs. Jerome Cash, and attended the funeral of S. F. Cash at Muleshoe on Friday afternoon, brother of Jerome.

On Saturday, they went to Amarillo to see his grandfather, Mr. C. E. Hinton who is bedfast after having a stroke over a year ago.

#### VISITOR FROM CALIFORNIA

Mrs. Fred Hinton of Riverbank, Calif., is spending a few days with his sister and family, Mrs. Jerome Cash.

#### NEW MEXICANS VISIT

Mr. and Mrs. Curtis Snitker and son visited in Enochs Sunday. They live at Arch, N. M.

#### CONDUCTS FUNERAL AT BOARING SPRINGS

Rev. J. J. Terry received a call Tuesday while at the Baptist Convention at Lubbock to come to Roaring Spring on Wednesday to conduct the funeral service of Lewis Clifton, who had lived in that community prior to his death.

#### ATTEND CONVENTION

Rev. and Mrs. J. J. Terry attended part of the Baptist Convention and also attended the W. M. U. Convention last week.

#### VISITING IN CARLSBAD

Mrs. Jackie Shann and daughter, Raynette, are visiting in Carlsbad, N. M., with relatives of her husband. Mrs. Shann expects to rejoin her husband in Maine about January

5, when he returns from a tour of service in Iceland. Her parents are Mr. and Mrs. J. O. Done.

#### HERE FROM MULESHOE

Mr. and Mrs. Doyle King and daughter, Ronda Sue, of Muleshoe visited in Enochs last week-end.

#### VISITED MOTHER

Mr. and Mrs. W. E. Speck and children of Lubbock visited his mother, Mrs. Minnie May Speck, during the week-end.

#### ON SICK LIST

Among those on the sick list this week were Glen Price, Ralph Bearley, Mrs. Roland Gibson, Mrs. P. A. Altman and Donald Grusendorf.

#### HOME FROM HOSPITAL

Linda Elliot spent some time in the hospital last week. She went home Saturday.

#### BROTHER, WIFE VISIT

Visiting in the home of Mr. and Mrs. W. M. Bryant last week-end were his brother and wife, Mr. and Mrs. Earl Bryant, of California.

#### VISITED IN NEW MEXICO

Mrs. Jerome Cash and her brother, Fred Hinton, of Riverbank, California, visited in Farwell and Clovis, N. M., Monday afternoon with their uncle and family, the Howards.

#### BEAUTY CONSULTANT SPEAKS TO CLASS

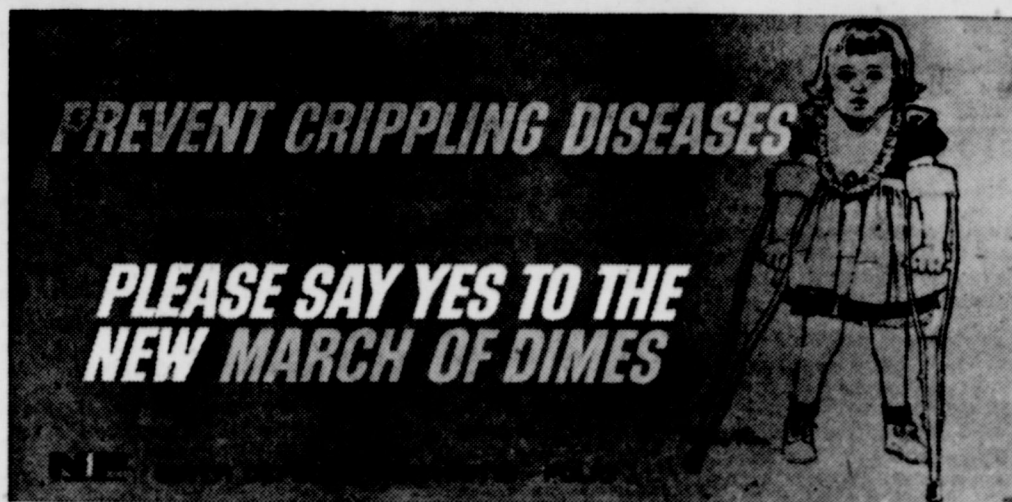

Miss Ruth Wheelis beauty consultant for the Ruth Francis beauty line was in Morton last week and while here, spoke to the Morton High School home economic's class.

### 1961 Posier Child for March of Dimes Is Victim of Two Grave Birth Defects

This likeness of Linda Breese appears on millions of posters and coin collectors

Linda Gail Breese, a pictorial and high-spirited young lady of four, who lives in Columbus, Ohio, was named this week as the 1961 New March of Dimes National Poster Child.

Selection of the vivacious child, a victim of the grave birth defects of an open spine and excess fluid on the brain, was announced by Basil O'Connor, president of The National Foundation, parent body of the New March of Dimes. Study and patient aid in birth defects and arthritis, together with continued work in polio, embody the expanded program of the health organization.

In January, during which the New March of Dimes will be held throughout the nation, Linda will probably feel she is facing mirrors everywhere she travels. That's because millions of posters will bear her likeness which, in drawings and photographs, will also be published in thousands of newspapers and magazines. The blonde and blue-eyed child will also appear on network television.

Linda's parents are Mr. and Mrs. Dean E. Breese. Her father is an industrial engineer. Her mother, Dorothy Lehr Breese, in addition to Linda has another daughter, Susan, 14, and two sons, Ronnie, 12, and Terry, six. Tragically, since there is

handicapped Linda among the Breese children, Ronnie is a victim of cerebral palsy but his general physical condition is described as good.

Mrs. Breese has been a Mothers' Marcher for the annual March of Dimes.

"My husband and I are deeply grateful that at last something constructive is being done about birth defects," she says. "We pray that The National Foundation which, through public contributions to the March of Dimes, financed the development of the Salk polio vaccine, will in time also solve the puzzle of birth defects, which are the largest unmet childhood medical problem in our country today."

Emphasizing the enormity of the problem, Mrs. Breese cited statistics showing that 250,000 infants in the United States are born annually with significant birth defects. Also, because of these congenital malformations, 34,000 babies a year in the nation are stillborn or die in the first four weeks of life.

Linda underwent surgery to close her spine when she was less than a day old. The operation was performed at Children's Hospital, Columbus, where The National Foundation with March of Dimes funds established the nation's first Birth Defects Study Center a few months ago. Nine months

Linda Breese

later, she again had surgery for excess fluid on the brain, and the little girl today wears a "shunt" tube to drain off this liquid. Linda also uses crutches but has been able to discard her leg braces.

Recently, while helping her mother wash dishes, she took three steps without her crutches—a memorable and hopeful event.

### with bowling ...

On the basis of games played through last week, Cities Service team was leading the Monday night men's league at Frontier Lanes and Rose Auto and Appliance remained in front of the Thursday night League.

P and B Automotive led the other men's league, a Tuesday night loop, on the basis of standings posted on the board last week.

Fred Thomas posted the top scratch game in league competition on Thursday when he recorded six strikes in the first seven frames and finished with a 214. It was the first 200 game in the actual league play, and he was the first bowler awarded a cigarette lighter offered by the alleys for each 200 game bowled in league play.

On the basis of his 550 scratch series, and his handicap, he also was unofficial winner of the steak dinner given by the Snak Bar for the top man and woman bowler of the week, in league play, with handicap.

Jack Molar, who substituted in the Thursday league last Thursday also turned in a 550 scratch series.

Currently, or up until this week, Ray Spector was high average bowler in the Thursday night league; C. D. Windom had the high average in the Tuesday league, and Molar's average was tops for the Monday league.

After 5 weeks of play about half the bowlers are beginning to shape a consistent average, the remaining half still are varying considerably as they get used to bowling in a league for the first time.

Another women's league, daytime play is in the process of forming. Team handicaps, combined with the wide variance of bowlers scores from week to week, continues to be the major factor in winning games in both men and women's leagues. This factor is expected to diminish as averages level off in the next 5 or 6 weeks of play.

As yet, through Monday of this week, no man's team had yet been able to crack the 3,000 pin mark for a three game total with handicap. But this mark should be reached within a week or so, and soon the winning team in each league will be consistently around or over the 3,000 mark.

The Snak Bar also awards malts to members of the team bowling the high team score each night of league play, both men's and women's leagues.

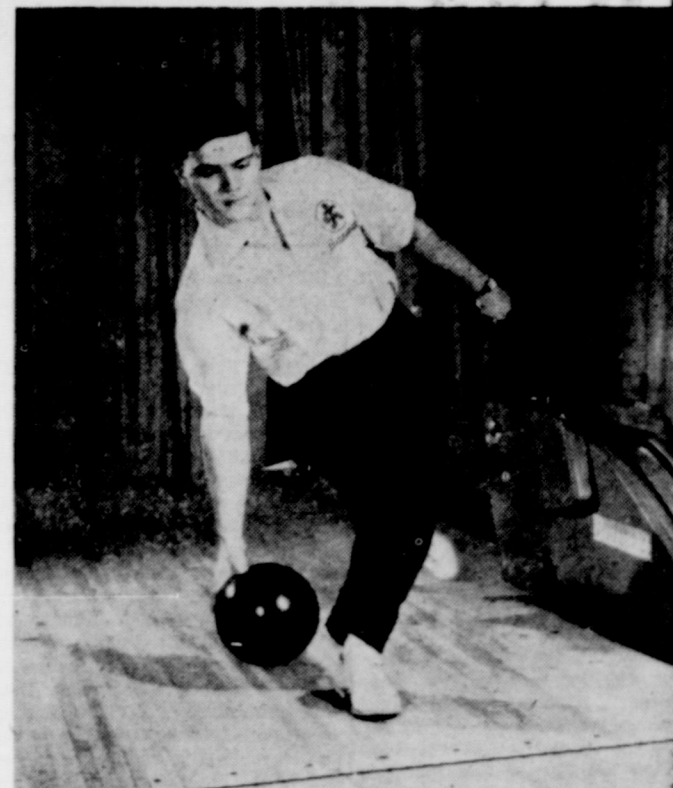

### Cities Service Is League Leader

The re-figuring of handicaps changed entirely the outlook in local bowling leagues. In totals re-figured and brought to the Tribune

office last week, but too late to be able to write them up for last week's paper, the report on the Monday night league showed the following:

Cities Service	11-5
Maple Co-op Gin	10-6
Silvers Butane	7½-8½
Collins Packing	7-9
Doss Thriftway	9-7
Neutzler Real Estate	7-9
St. Rt. Co-op Gin	9-7

Allsup-Reynolds 3¼-12¼  
Team scores last week: Doss Thriftway 2-2; Star Route Co-op Gin 2-2; Collins Packing Co., 3-1; Maple Co-op Gin 3-1; Cities Service 3-1; Silvers Butane 1-3; Allsup-Reynolds 1-3; Neutzler Real Estate 0-4.  
(Top Pin team totals All season): Doss Thriftway, 2,896 (wh); Silvers Butane, 2,280 (wh); Collins Packing, 2,858 (wh). (wh) with handicap.

RADIO . . .

(Continued from page 1) 1280 KC, daytime only, has been granted. An application by Clarence E. Wilson, Hobbs, N. M., for the same frequency was denied by the hearing.

The application grant is to the Morton Broadcasting Company, for construction of a 500 watt Class III standard broadcast station.

In the hearing conclusions, the Commission stated the following:

"Clearly a grant of Barrett's application would better conform to the mandate of Section 307 (b) than a grant to Wilson. Reception service to both the Hobbs and Morton areas is abundant. But Morton, a county seat and for its region a substantial community, lacking as it does a broadcast station obviously is entitled to its first transmission facility over Hobbs which, for all that it is a larger city, already has two stations. And Morton's need for a first station is sufficient to outweigh the need for the service which would be lost by reason of objectionable interference from the Morton proposal to KTFY (Rule 3.24 (b)). This conclusion is reinforced by the fact that no less than eight primary services are available to any part of the potential interference area, which has only 3.2% of the population within KTFY's normally protected contour.

"The significance of the increase in Morton's population from below 2,500 to over 2,500 between 1950 and 1960 is not crucial. It is of no consequence whether preliminary 1960 figures should be considered determinative of the question of primary service to Morton from KTFY (Rule 3.182 (g)), since with simultaneous operation of both stations KTFY will not serve Morton with a primary signal.

"Wilson, however, relies on the overlap to disqualify Barrett. Rule 3.35(a) directs that a license for a standard broadcast station shall not be given to an applicant who owns 'another standard broadcast station, a substantial portion of whose primary service area would receive primary service from the station in question, except upon a showing that public interest, convenience and necessity will be served through such multiple ownership situation.' It must therefore be determined whether it is in the public interest to grant Barrett's Morton application even though he also owns another station 47 air miles away

(KTFY), whose primary service area would overlap the Morton proposal's.

The overlap of the 2 mv/m contours is only some 2 miles at the point of deepest penetration. Neither the Morton nor Brownfield station would provide primary service to the principal community of the other. The primary service area common to both stations and its population represent less than 50% of the areas and populations within the 0.5 mv/m normally protected contours of KTFY and the Morton proposal. The overlap covers a sparsely settled rural area between the principal city of each station. There is a minimum of 7 other primary services (at least 0.5 mv/m) available to any part of the overlap area. While the program formats of the existing and proposed stations are similar, program content, though pedestrian enough in all conscience, will not be the same; and the fact that listeners will not have a choice between program types because of parallel programming of KTFY and Morton (assuming here that at the most there is only a dubious qualitative distinction between the "popular" music of KTFY and Morton's hillbilly and western records) is not entitled to the emphasis Wilson would put upon it, in view of the other services available to the overlap area. Nor is the danger of suppression of competition or concentration of economic power more than theoretical. More than 97% of KTFY's income comes from the city of Brownfield, which the Morton station will not serve. KTFY's only regional advertising is from Lubbock. There will be no radio tie-ins between the two stations,

and no discounts if time is bought on both. As a matter of fact, few advertisers would be interested in buying time on both stations.

The significance of the increase in Morton's population from below 2,500 to over 2,500 between 1950 and 1960 is not crucial. It is of no consequence whether preliminary 1960 figures should be considered determinative of the question of primary service to Morton from KTFY, since with operation of both stations KTFY will not serve Morton with a primary signal.

Morton and Brownfield are, as is obvious from the distance between them, entirely separate communities. Each is a county seat. Under the circumstance there is no reason why Morton and other parts of the proposed service area should be deprived of program service, which has otherwise been found by the Commission to be at least minimally in the public interest, because of the overlap here threatened.

Accordingly, because public interest, convenience, and necessity will be served, IT IS ORDERED, this 26th day of October, 1960, that unless an appeal from this Initial Decision to the Commission is taken by a party or the Commission reviews the Initial Decision on its own motion in accordance with the provisions of Section 1.153 of the Rules, the above-captioned application of Mike Allen Barrett, tr/as Morton Broadcasting Company, is GRANTED, and the application of Clarence E. Wilson is DENIED.

Herbert Sharfman, Hearing Examiner FCC

BOY SCOUTS OF AMERICA

BEETS —

(Continued from page 1)

acreage, which had been exceptionally hard to get, were now to be cut off in order to step up U. S. sugar beet raising.

Cox made a trip to Portales and on to Clovis to check on reports he had heard that these areas were attempting to obtain location of a sugar beet refinery in their area. He interviewed Z. A. McCasland, Clovis businessman, working on the project along with the Clovis Chamber of Commerce and Bob Schiller, Clovis area agriculturalist.

The substance of what Cox has learned, as he related it to the Tribune, is:

Sugar beet production is contracted from the farmer by the industry. A sugar refinery and processing plant, which would cost about \$13,000,000 to construct, would take care of 20,000 acres of sugar beets per year. Before such a plant would be contemplated, the builders would have to have some sort of guarantee in the area of that much production.

Sugar beet prices, Cox said, are about \$13 per ton of 13 percent sugar content beets. Average production is about 18 tons per acre. At these projected prices, figuring the farmers' cost to raise the beets at from \$100 to \$120 per acre, Cox said the net income for the farmer would be a little over \$100 per acre, figuring the market price at \$234 per acre. He said the market price would vary about \$1 per ton as the sugar content for those particular beets was higher or lower.

Cox said that the state of Colorado has 6 sugar beet refineries and has already informed Texas sugar beet raisers that they cannot contract for Texas sugar beets because they would only be able to handle the beets raised in their state and area.

This has stimulated farmers and agricultural organizations around Hereford, one of Texas' biggest diversified crop raising areas, to also seek the location of a sugar beet

refining and processing plant.

Cox had not talked with the Hereford interests at the time he talked with the Tribune correspondent. He did say that he was making plans to consult with James Witherspoon and Lee Benefield of the Hereford area, about the sugar beet outlook, and about any possibilities of Cochran farmers allying with them to raise the beets for a refinery established in that area.

He said that necessarily farmers would have some sort of binding contract with the industry to protect them and their future market, if they decided to enter the sugar beet raising field.

Cox has been told that sugar beet allotments, if resumed at a later date, would be based on sugar beet production this year, which would indicate farmers may profit from getting into the field as soon as possible. He also said that the November 1 USDA edict, lifting all allotments on sugar beets in the USA, would probably remain in effect only until such time as USA production increased enough to take care of U. S. consumption.

Clovis and Artesia, N. M., and Hereford, Texas, groups are so interested in the possibilities that they have already sent delegations to Washington to discuss the matter.

The local farmer also added that projected United States population increases indicate that about 20,000 additional acres of sugar beets will be needed each year to take care of U. S. consumption, a fact that enhances the outlook for the industry.

Cox hopes to arrange, or assist in arranging meetings with representatives from the industry, from Hereford, and other areas, and Cochran County farm leaders in the near future.

HOSPITAL BOARD TO MEET MONDAY

Members of the Memorial Hospital Board of Managers will meet Monday night in the hospital dining room.

Three Way News . . .

By Mrs. Frank Griffith

THREE WAY PICKS "BEST"

The high school students of Three Way, elected by popular vote, Most Popular Boy and Girl, Kenneth Everett, and Sandra Lemons; Most Courteous Boy and Girl, Frank Stegall and Elaine Kenly; Most Handsome Boy, Dewayne Clay; Most Beautiful Girl, Kathy Pollard.

by Cotton Center 19 to 13 in a play-off game at Three Way Friday evening for District. Both teams will share the honor as football co-champions of District 6-B. Each team will receive a trophy.

VISITED GRIFFITHS

Mr. and Mrs. J. D. Choate and girls of Whiteface, and Mrs. Clara Hearn of Pettit visited in the Frank Griffith home Sunday.

GUEST OF EPERLYS

Paul Clary of Waxahachie, Texas, spent the week-end in the Roy Eperly home. Paul and Roy, Jr., were

H. D. CLUBS GET TOGETHER

The Three Way Home Demonstration Club entertained the Progress and Muleshoe Home Demonstration Clubs in the home of Mrs. Thurl Lemons, with a salad luncheon and games. There were eighteen present.

WEEK-END VISITORS

Week-end visitors in the Louis Henderson home were Mr. and Mrs. Bobby Henderson and children from New Deal. Mrs. Henderson kept the children until Monday, while Bobby was at Lovington, bowling with the Oakwood Lane Traveling Team of Lubbock.

ATTEND CONVENTION

Mr. and Mrs. Louis Henderson will leave Wednesday for Dallas to attend the State Farm Bureau Convention. They will stay at the Adolphus Hotel, headquarters for the convention. The Hendersons will return Sunday.

DINNER IN PORTALES

Mr. and Mrs. Tommy Galt, Mr. and Mrs. Cass Stegall, and Mr. and Mrs. L. W. Chapman had Sunday dinner with Mr. and Mrs. T. G. Gaddys of Portales.

DR. PHIL RUSSELL

VISITS IN CITY

Dr. Phil R. Russell, executive secretary and treasurer of the Texas Association of Osteopathic Physicians and Surgeons, visited with staff members of Memorial Hospital, Morton, Wednesday.

Dr. Russell, who had been called to Lubbock from his offices in Ft. Worth, visited here briefly during the summer. He is a former member of the state board of medical examiners.

in the Army together. Roy, Jr., received his discharge, and his parents met his plane at Amarillo Saturday.

AREA GINS TURN OUT 4,014 BALES, SO FAR

Gins in the Three Way community have ginned 4,014 bales of cotton as of Monday, Nov. 7. Stegall Gin has ginned 628 bales, Maple Co-op 1,610 bales, Nicholes Gin 989, Casey Gin 219, and Shearer Gin 648.

FROM LEVELLAND

Mr. and Mrs. E. S. Russell of Plainview, and Mrs. Kent Cooper and children of Levelland visited in the E. T. Bateas home Friday. Bonnie Bateas was home from Wayland Baptist College over the week-end.

"I DID NOT THINK-- I INVESTIGATED"

SIXTY-FIVE YEARS AGO

on November 8, a German professor looked at something no one had seen before—the bones of a living hand. The man was Wilhelm Roentgen who unexpectedly discovered a new and mysterious kind of ray that could pass through solid substances. And by so doing, he gave birth to the modern science of x-ray—or radiology.

"FEW EVENTS

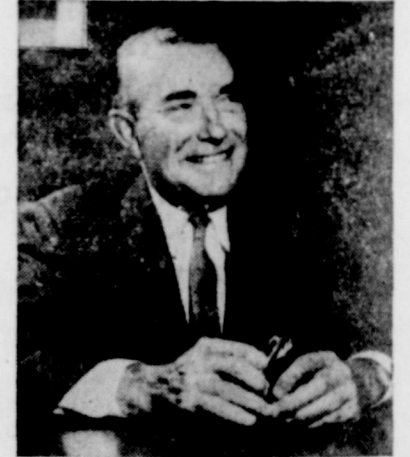

in the history of science have had so powerful an impact as the discovery of x-ray . . . says the Encyclopedia Britannica. By allowing radiologists, or specialists in the use of x-ray, to peer into the internal structures of the body, x-ray has become an indispensable tool of 20th Century medicine.

NOBEL PRIZE

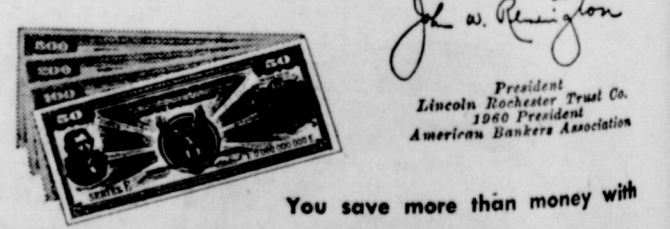

EVEN ROENTGEN was not fully aware of the importance of his discovery. When asked what he thought when he first saw evidence of this new ray, he replied, "I did not think—I investigated." In 1901, Roentgen received the Nobel Prize for physics. In 1923 he died, making a gift of his x-ray to humanity, seeking no reward and receiving no monetary gain from his great discovery.

A Leading Banker Speaks About Better-than-ever U.S. Savings Bonds

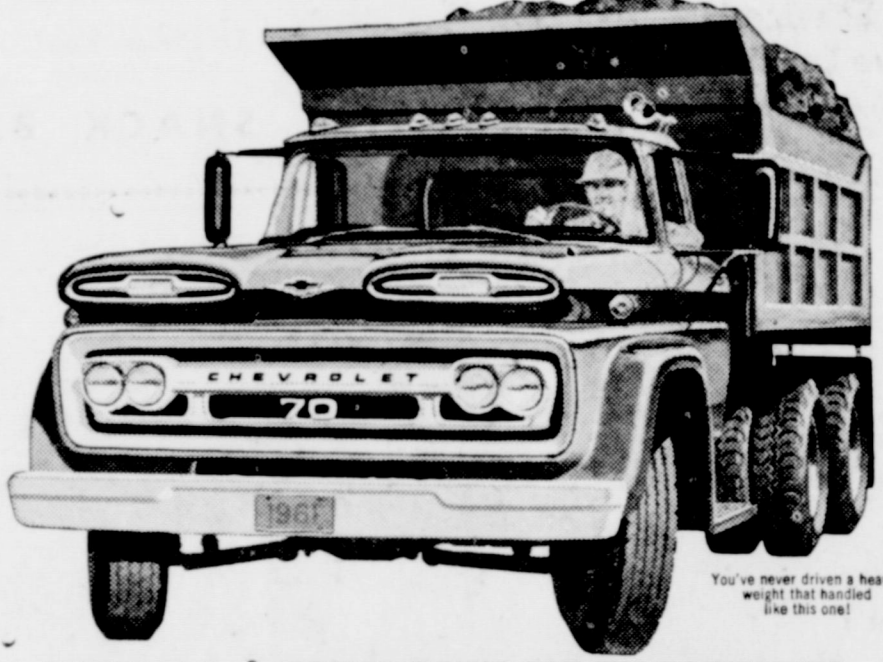

"THE American Bankers Association has once again pledged vigorous support of the U.S. Savings Bonds program as an essential part of good Federal debt management. The encouragement of thrift, in all forms, is to the direct advantage of every financial institution and of the nation. America needs more savings, more thrifty families. "The nation's bankers have long appreciated the value of the Bond program, and have given it consistent support. We approve the new, more liberal terms which apply to both new Bonds and old. We will continue to help our country, our customers and our communities by promoting and selling U.S. Savings Bonds—now better than ever. "We bankers value our customers' faith in our financial judgment and, therefore, exercise extreme care in giving advice. But we need never hesitate to advise our customers to buy and hold U.S. Savings Bonds."

U.S. Savings Bonds

The U.S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, The Advertising Council and

THE MORTON TRIBUNE and DOLLAR DAY SPECIAL

HERE! EASIER GOING FOR THE DRIVER AND THE LOAD. LONGER LIFE FOR THE TRUCK!

'61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, everything) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

and look! NEW REAR-ENGINE CORVAIR 95's

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvaire 95's are nearly two feet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!

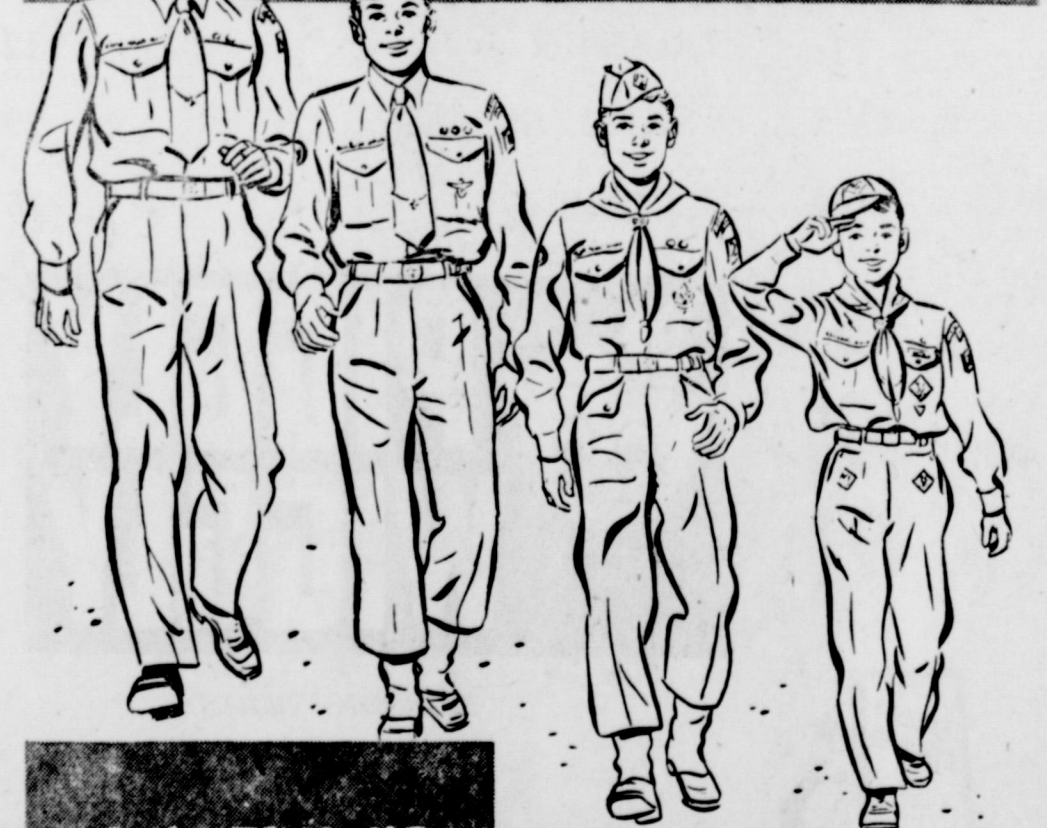

CORVAIR—Side doors open a full 49" wide. Loading height is a low 14" lift

On Tour With the Navy . . .

**Local Radar Man Antarctic Bound**

PEARL HARBOR, Hawaii — On board an Antarctic-bound U. S. Pacific Fleet ship is Morton, Texas, Navyman Eugene C. Strickland, son of Mr. and Mrs. J. Clyde Strickland. Strickland, a radarman seaman apprentice, maintains and operates the radar equipment aboard ship. Strickland's ship, the Pearl Harbor-

based radar picket escort vessel USS WILHOITE (a converted destroyer escort), sailed September 8 from the warm waters of Hawaii for a six-month tour of duty with the Navy's Task Force 43 in the frozen wastes of the Antarctic Continent. The Task Force of nine ships and several cargo planes will resupply the U. S. Antarctic bases and help scientists carry out their mission in connection with this year's geophysical studies of the continent.

Commanded by Lieutenant Commander Charles H. Willis, the WILHOITE is the first Pacific Fleet radar picket escort vessel ever assigned to operate in the Antarctic. During these Antarctic operations one ship is selected to serve as a weather station ship. In the past this service was provided by various Atlantic Fleet destroyers.

The WILHOITE, although a unit of Task Force 43 while in the south, will operate independently as an ocean-station weather ship in support of logistic flights of C-130 cargo planes shuttling between Christchurch, New Zealand, and McMurdo Sound Naval Air Facility in the Antarctic.

The 306-foot vessel's principal responsibility is to provide weather information to Task Force 43 pilots.

Antarctic flight operations will largely depend on the weather data supplied by the WILHOITE. Strickland was graduated from Lufkin Sr. High, Lufkin, Texas, in June, 1958. He entered the Navy in May, 1959 and reported aboard the WILHOITE in June, 1960.

"This trip is going to be quite an experience for me," says Strickland. "But I'll welcome the sight of Pearl Harbor in March, 1961."

His ship is scheduled to return to her homeport of Pearl Harbor on that date.

**South Plains College—Dedicates Three Dormitories, Sunday; 2:30 p.m.**

South Plains College at Levelland announces the dedication of three new dormitories Sunday, Nov. 13. The new dormitories, entitled respectively Frazier, Spencer, and Stroud Hall, are of brick construction and feature complete air-conditioning. Open house for all buildings begin at 1 p.m.

The ceremonies, featuring an address by Congressman George Mahon, representative of the 19th Congressional District, will begin at 2:30 p.m. on the college campus.

A flag raising ceremony will be featured by this year's first appearance of the Tex-Anns, South Plains drill team, with the college band also scheduled to perform. The Hockley County Sheriff's Posse will present the flag and the honor guard will be the Levelland unit of the Texas National Guard. The Faculty Women's Club will host a reception for all guests and visitors to the campus immediately following the ceremony.

South Plains College, now has a total enrollment of 414 day students which makes it one of the fastest growing junior colleges in the nation.

**Morton Man Elected To Honor Society**

COMMERCE, Tex., Nov. 7—Herschel Veldon White, Morton, junior student at East Texas State College, has been nominated for membership in Alpha Chi, national scholarship society.

To be eligible, a student must be a junior or senior, rank academically in the upper 10 per cent of his class, and have an average of 88 in all college work.

**South Plains Scout Finance Drive Is Underway Throughout the Area**

Cliff Cummings, President of the South Plains Council, and E. W. Williams, Jr., Finance Chairman announce the approaching independent Boy Scout Finance campaigns in certain towns and counties throughout the 26-county area of the South Plains Council. Jack Kastman is serving as the Independent Campaign Chairman for 1960.

Of course, the Boy Scouts of America is a participating agency in Community Chests and do so in Lubbock, Plainview, Lorenzo, Hockley County, Garza County, Terry County, and Dawson County. Scouting is an integral part of these Chests and lends appropriate support with manpower, visual aid helps, and in many other ways.

Independent Campaigns, local Chairman, and kick-off dates (where dates have been confirmed) include: Morton—Snowball Willis; Whiteface—H. Galvin, Nov. 8; Bula—John Hubbard, Nov. 15; Bledsoe and Three Way—no chairman named yet.

The South Plains Council Budget for 1960-61 is \$109,684. This operating budget helps to provide the Scouting program to over 7,200 boys and almost 3,000 adults in over 300

Scout units. A professional Scout Staff of nine men who are college trained and professionally trained in Scouting, with the assistance of five Scout Service Center employees help to carry out the administration of the overall Scouting program in the South Plains Council. Also two Scout Camps are maintained throughout the year for camping and training experience for boys and adults. Camp Post near Post, Texas, and Camp Tres Ritos in the mountain area of New Mexico.

**VISIT IN MORTON**

Rev. and Mrs. Joseph E. Yeates of Hermeleigh were visitors this week in Morton. They report their son, Jackie, is employed on an oil refining plant construction job between Lamesa and Snyder.

PRESENTING THE 1961

**Thunderbird**

UNMISTAKABLY NEW... UNMISTAKABLY THUNDERBIRD

SO NEW THE STEERING WHEEL MOVES OVER TO WELCOME YOU IN

The new optional Swing-Away Wheel symbolizes the newness of this remarkable car. Just a touch of your hand as you enter, and the Swing-Away Wheel moves aside a good ten inches. You take the driver's seat as easily as you drop into your favorite chair. (Incidentally, you can drive only when the wheel is locked safely, securely in normal driving position.)

Here is the finest expression of the Thunderbird spirit, unquestionably Thunderbird in its classic lines and sparkling performance—not a hair wider nor a tenth of an inch longer—yet a Thunderbird so uniquely new it stands alone in the fine car field. In six brilliant years the Thunderbird has established itself as the trend car of our times. The dramatically new Thunderbird for 1961 is true to the Thunderbird tradition in every trend-setting inch. It preserves all the features that mean Thunderbird: the classic Thunderbird size and distinctive styling, the four-passenger luxury, the famous console, the sports car handling and performance. At the same time, the unmistakable newness you find in the Swing-Away Wheel is reflected throughout this uniquely new luxury car. As standard equipment, you have the exhilarating, new high-performance Thunderbird 390 Special V-8. Tailored precisely to the Thunderbird's weight and size, this brilliant, new engine brings you Thunderbird spirit at its liveliest. A trio of power assists—also standard equipment—functions as a precision team for a new high in automatic driving. New Cruise-O-Matic Drive introduces you to the silk-on-silk smoothness of vacuum-controlled automatic shifting. New Power Steering reduces steering effort up to 65%. New, larger Power Brakes adjust themselves automatically. As you take the driver's seat, you notice new luxury, new comfort everywhere. See your Ford Dealer to test-drive the unmistakably new, unmistakably wonderful Thunderbird for 1961.

Whiteface Scouts Court of Honor Held; Explorer Group Is Formed

WHITEFACE (Spl.) - Boy Scout Troop 73 of Whiteface had a Court of Honor, Oct. 24, at the Scout Hall. An Explorer Post has been organized in Whiteface with seven members at the present time. The Post Committee is composed of Truman Swinney, L. S. Salser, Cecil Riddle, J. A. Summerlin, and O. C. Rankin. Oren P. Peden has been selected as Advisor of the Post and Jerry Fletcher, assistant-advisor. Fletcher is an Eagle Scout, Honor Camper, and Member of the Order of the Arrow, Galveston. All boys who are 15 years of age are eligible for the Explorer Post. Fourteen year old boys in high school are also eligible. If interested, boys should contact Mr. Peden.

FLOYDADA KEEPS RECORD CLEAN WITH 34-0 WIN OVER INDIANS

An assortment of shifty backs took middle. He also kicked the PAT. A Middleton pass to Fyburn, juggled, and then intercepted by Floydada's Marler, set up the final score. Despite two 15 yard penalties and a 5 yard miscue, the Whirlwinds rolled through the disconsolate Indians for the touchdown, substitute fullback Albert Hernandez executing the last 7 yards on a pitchout play. Injuries to Tommy Morris and Johnny Van greatly hurt the Indian cause, early in the game, and the legion of injured Indians on the sidelines, from this and former games, almost was enough to field a complete team. Floydada wasted no time in settling the issue. They received the Morton kickoff, and in eight plays, including one penalty they had netted three first downs, 58 yards and a touchdown. The big gainer was a 35 yard pass and run, Teague to fullback Van Stovall. The TD was scored by Richard Marler on a 21 yard jaunt around right end. Teague booted the extra point.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

A perfect example why the Federal Trade Commission doesn't get on faster with the work it is supposed to do to protect free enterprise in the market place was furnished by the recent action against the Murray Hill House on Long Island.

The FTC has been taking a great interest in advertisements, probably because it is much easier to sit C. W. Harder in an easy chair reading newspapers than getting out on fieldwork to run down violations of the anti-trust laws.

The Murray Hill House advertised "Large New Towels... Unwoven Cotton and Rayon." The towels were offered at a price of \$1 for two dozen, or less than 5 cents each.

In January preferred false advertising charges against the merchant. In August, after a lot of expense had been incurred by the FTC, Examiner J. Earl Scott, who appears to have an uncommon amount of common sense for the lint-picking FTC operation, threw the case out of court.

It was brought out in the hearing that the towels offered for less than a nickel each measured only 12 by 18 inches. Examiner Cox pointed out that there is no definition existing of what comprises a large towel. He also went on to say that there are all kinds of towels used in the home and for the government to try and establish that the towels advertised were not actually towels or even

large towels were quite beyond the province of the law.

He said "The fact that respondent's product cannot be claimed to be a bath towel, hand towel, or face cloth does not prove that it is not a towel customarily used in the home. Many types of towels are used in homes, and their size, thickness, appearance and texture vary widely. This proceeding cannot be decided on the basis of conjecture, surmise or assumption."

This decision by Examiner Cox could be quite important to every merchant who advertises, and to every medium carrying advertising. Obviously, no government bureaucrats are competent to pass on the language of an advertisement, as much as some of them would like to do so, as evidenced by the money wasted by the FTC in this matter.

There is also the bureaucratic mania of superiority which assumes that the average home-maker doesn't know how to look out for herself.

There is a bureau in the Kremlin that decides what things shall be put in print. The mental processes of bureaucracy appears to be the same under any ideology.

But Examiner Cox's decision in the towel case perhaps deserves to rank with the minority decision rendered by the former FTC Commissioner Lowell Mason, when this very learned and logical man questioned that Congress had given the FTC the power to rewrite the English language. In the meantime, under the very nose of the FTC, anti-trust laws, the Robinson-Patman act, are violated with impunity.

### DISTRICT SCOUT AWARDS MEETING IS SET SATURDAY AT LEVELLAND

Raymond Ross, district chairman for the George White District, announces the annual district recognition dinner to be held on Saturday, Nov. 12, 1960, at the San Andres Hotel in Levelland beginning at 7:15 p.m. This is the highlight meeting

for all adult scouters in this five county scout district during the year.

During this meeting, the newly elected district officers will be installed and operating committee chairman appointed. There will also be numerous awards presented to the various unit leaders and scout units through out George White District. Included among the awards to be presented will be: National Camping Awards, Pack Outdoor Standard Awards, 40% First Class Awards to Troops, Veteran Awards, Leadership Training Awards to unit leaders, and Arrowhead Honor Awards.

Murray Stewart of Levelland is in charge of arrangements and tickets sales. Tickets are \$1.75 for adults and \$1.25 for children. Tickets orders may be made directly to: Murray Stewart, Box 217, Levelland, Texas, or by seeing any district scouters in the district, or by contacting Alfred Groves, district executive.

The program will be one of inspiration and recognition and entertainment. All adult scouters, their wives, or husbands, as the case may be, are cordially invited and urged to attend this most important scouters' meeting.

The George White District has carried out a very successful scouting program this past year and the accomplishments and people who helped to achieve this fine record will be duly recognized and honored at this meeting.

Reservations are filling up rather fast, so be sure and plan now, and make your reservation for this scouters' meeting, Saturday night, Nov. 12, in Levelland at San Andres Hotel beginning at 7:15 p.m.

## edlines...

By Eddie Irwin

DR. CRUME, who is a member and faithful attendant of the Morton Lions Club, gave an interesting talk on the United Nations, to the club last week.

the talk...

HE SAID, was a sort of practice session, as he needed someone upon which to practice a speech he had made for a Toastmaster's meeting, elsewhere. But practice or no, and regardless of his ability as a forceful speaker, what he had to say was more informative, than it was pro or con on any phase of the U. N.

nor was what...

HE HAD TO SAY, anything new. It's just that, living in the type of supercharged society that we live

in today, constantly bombarded and flooded with statements and ideas as we are, we often lose sight of simple facts that we once understood. In a very simple and direct way he traced the development of the United Nations, the functions of its various bodies, and the things that had been achieved and much of which has not been achieved.

in summation...

HE REMINDED something that most of us have always known, that the UN, like anything else worthwhile, must have giving and taking on all sides to be successful; that complete domination by any one nation cannot prove worthwhile; that concessions must be made guardedly and carefully.

but if world peace...

WHETHER IT BE achieved as a major effect or a by product of a UN, is worthwhile at all, it is worth working at. It cannot be achieved easily, or inexpensively.

being a member...

OF ONE OF THE Bowling Leagues at Frontier Lanes, we were anxious to see just how the application of handicaps would affect the totals in the leagues, and we were absolutely amazed to see. Two of the teams in the three men's leagues with bowlers in the top ten individuals of their league, fared better or as well. But all of the others dropped considerably. However, after about a month, when averages begin to stabilize, it will be interesting again to take a spot check and see if the handicaps are doing the job of equalizing the league's bowlers in competition.

the city will...

WILL GET A new gas line it was announced recently by Maurice Lewallen, manager of the local gas department. Maurice said the final contract had not been signed up to that time, but was in the process of being signed.

the new line...

HE SAID, will be in the form of an additional line into Morton, rather than a replacement of an old line.

It will allow the city, under certain situations that can develop, and have developed in the past, to have more gas on hand when needed.

not only will...

IT TAKE SOME of the stress and strain out of the situation, it also could mean the ability to provide gas in a situation that would have previously called for cutting off the gas throughout town.

the city will...

PURCHASE GAS the same way it always has, and it will purchase additional gas through El Paso Natural Gas, Co., through this new line.

at least one...

AREA FARMER is somewhat encouraged in one respect about his crop. Merlin Roberts has found a long staple cotton that matures in approximately the same amount of time as the ordinary short staple cotton. Results of his first bales have proven. Roberts said recently, that he can pay for hand picking

of the cotton with the additional price he received from the longer staple length. These are the findings after his first checks. If these findings hold up throughout the harvesting of his crop, the information should make an interesting story to farmers of this county who have always battled the problem of cost of planting, raising and harvesting a crop and too often found they just couldn't get enough return, even on a good quality crop, to pay for the cost of raising the crop.

### "LUCK" FISHING

Amos Taylor of Morton returned this week from a fishing trip to Lake Stamford. Proof of the "luck" was a 40 pound yellow catfish and some smaller ones.

### VISITING REV. CLARKE HOME

Visiting this week in the home of Rev. and Mrs. H. T. Clarke of Morton is his sister and husband, Mr. and Mrs. Charles Rabb of Altus, Okla.

THE PRESCRIPTION PHARMACY

### How helpful Can We Allow friends to be...?

Their advice may be offered in a spirit of helpfulness—and still be dangerous. The remedy that seemingly helped one may be entirely wrong for another.

When sick, seek advice only from your Doctor. Diagnosis and treatment are specialized knowledge with him—not guesswork. Seek his guidance in all matters of health, and follow his directions faithfully. His prescription will be written especially for you.

### Whiteface Names H'Coming Queen

On October 28, 1960, during half-time ceremonies Miss Linda Welch, a sophomore at Whiteface High School was crowned Homecoming Queen. She is the 15-year-old daughter of Mr. and Mrs. Daniel Welch, route 3, Levelland, Texas.

Her attendants were Miss Paula Riddle, daughter of Mr. and Mrs. Cecil Riddle of Whiteface, Texas; Miss Immie Stokes, daughter of Mr. and Mrs. Clayton Stokes of Morton, Texas; Miss Daria Baldwin, daughter of Mr. and Mrs. F. S. Baldwin of Whiteface, Texas; and Miss Mickey McKissack, daughter of Mr. and Mrs. E. J. McKissack of Whiteface, Texas.

### SOIL TESTING STATION IN PROCESS OF BEING ESTABLISHED AT LUBBOCK

Area Soil Chemist James H. Valentine, A&M College Agricultural Extension Service, has completed preparations for the formal opening of a new Soil Testing Laboratory in Lubbock. Above, he is making a final check of the delicate chain balance which is used to measure the minute quantities of chemicals required in running a soil analysis.

A native of Wills Point in Van Zandt county, Valentine is a former Future Farmer of America. He received both his B. S. and M. S. degrees from Texas A&M College with a major in Agronomy and minor in Plant Physiology. The overseas veteran of World War II served for 5 years as Soil Scientist with the Soil Conservation Service and for the past 9 years has been director of the Soil Testing Laboratory at Stephen F. Austin College at Nacogdoches. Valentine says the new laboratory, which he heads, will devote full time to fertility problems of farmers in the Panhandle and High Plains areas of Texas.

County Agent Homer E. Thompson urged local farmers, home gardeners and others with fertility problems, to take advantage of the laboratory's facilities. The cost per sample is only \$2. Vocational Agriculture Teachers and Soil Conservation Service technicians, as well as the county agent, will be glad to assist in obtaining samples.

### Church Plans Loyalty Dinner

The First Baptist Church of Morton will have a loyalty dinner of the Forward Program of Church Finance at the Community Building, Wednesday, Nov. 16 at 7:30 p.m.

### REPORTED IMPROVED

Jim Young of Morton, who suffered a bad burn on a hand last week while operating the Steak House, was reported improved this week.

### Attend State Teachers Meeting At Corpus Christi

Superintendent John Barnes and Harold Drennan of the Morton Schools were among the many teachers who attended the 82nd annual convention of the Texas State Teachers Association recently in Corpus Christi.

Barnes is a member of the executive committee of the Texas Association of School Administrators, and attended the administrators meetings.

Drennan, a member of the House of Delegates to the Cochran County teachers association, attended as the group's representative.

Accompanying Drennan was Mrs. Drennan and Mr. and Mrs. Jerry Winder who visited in Corpus Christi during the three-day convention.

### Ochawa Girls Elect Officers

The Ochawa Camp Fire Girls met in the VFW Hall on Nov. 1, 1960.

The president, J'Taun Lewellan called the meeting to order. New officers for the group were elected.

The new officers are: President, Sherry Lynch; Vice-President, Gail Barkley; Secretary, Jill Jones; and Scribe, Betty Taylor.

The girls discussed their books for their beads and ring which were earned in Wood Gathering Craft. Also the girls are going to bake cookies for the Orphan's Home at Waxahachie.

The girls made plans to act as baby sitters, Tuesday, during the P-TA meeting.

Attending the meeting were Betty Taylor, Linda Blackstock, Jill Jones, J'Taun Lewellan, Mary Taylor, and Mrs. Taylor and Mrs. Lewellan.

### BUSY BEE CLUB HOLDS MEETING

The Busy Bee Club met Friday, Nov. 4th, at the home of Mrs. Rolly Hill.

The eleven members present enjoyed refreshments.

The next meeting is to be held on November 17 at the home of Mrs. C. B. Markham.

### OPEN HOUSE TODAY AT VET'S HOSPITAL IN AMARILLO

The Veterans Administration Hospital at Amarillo will have an "Open House," today, from 1 to 4 p.m. with the public — especially the Veterans of all wars — invited to view many portions of the hospital not generally open to the public.

The hospital treated over 1,700 patients the past fiscal year, most of them from the Panhandle of Texas and from Oklahoma, Kansas, Colorado and New Mexico. Refreshments will be served.

### LAST CALL for FOOTBALL in 1960

MORTON vs. LOCKNEY

Indian Stadium 3 p.m. Friday, November 11 MORTON

### ELECTION —

(Continued from Page One)

One, Junior Cooper got four write-in votes for Tax Assessor-Collector. The Constitutional Amendments all carried by large majorities in Cochran County as they did all over the state.

No unusual trends were established in the County races, unless the 200 plus Republican votes could be considered as such. The county has only about a dozen Republican Party active members.

Perhaps one of the most interesting outcomes of the voting was the large number of mutilated ballots that had to be thrown out because of improper filling out by the voter. Many crossed out (correctly) the names of the major party candidates they did not wish to vote for, but forgot to cross out the names of the other two party candidates, and thus counters had no way of establishing how that voter wished his ballot counted.

Others stumbled over several technicalities trying to properly fill out

the rather complicated ballot which included candidates of the four parties heretofore mentioned, plus an Independent and Write-in Column, plus the four Constitutional Amendments.

The Precinct One Election Judge, M. A. Silvers, said Tuesday, though Harral Rawls', Precinct Three Candidate for County Commissioner, appeared on all the ballots, including those voted on in Precinct One, that the ballot would not be thrown out because a voter left his name in the unscratched total. The vote simply would not be counted, Silvers said. Presumably the same situation prevailed in other Precincts, where the ballot was the same, but voters could not vote for an office not in their Precinct.

The Democratic majority in Cochran County was slightly greater than it was in 1952 (894 to 599) and considerably greater than it was in 1956 (923 to 754). The loss of strength, as far as Republican Presidential candidates were concerned, was in Precinct One. In 1952 it was (452-436) Democratic and in 1956 (364-449) Republican in Precinct One.

### AT WEDNESDAY LUNCHEON... LUBBOCK U. S. WEATHER BUREAU REPRESENTATIVE SPEAKS TO LIONS

Harold Cross, member of the U. S. Weather Bureau, Lubbock, station, spoke to the Morton Lions at the noon luncheon, Wednesday, attempting to show, in his words, "why it is so easy for our forecasts to be off."

The speaker said that upper atmospheric conditions are far more important to the forecaster than the surface conditions. He explained that wind currents often increase and push a "low front" across the nation at a more rapid pace or in a slightly different direction, thus "crossing-up" the forecaster who made his prediction of the effect of the "low" on an area, expecting it to move more rapidly, or perhaps to remain more stationary.

Cross explained the three main duties of the Bureau: to observe the present weather; to forecast

short range weather; and to keep weather records. He said the forecasting was the most important of the duties since they supply information to area communications media.

He answered questions from the floor and invited members to stop in at the weather bureau office, at the Municipal Airport, when they are in that area.

Other guests were C. B. Hendricks and Buddy Hoyt of Lubbock, Bob Morrison of Odessa, Dr. Phil Russell, Ft. Worth, and Bill Glassford, Morton.

In the only business taken care of, Lion President E. L. Willis, asked Lions aiding in the Scout Fund drive to turn their money over to the Lions Secretary, when they have completed their portion of the drive.

### Don Baldwin Wedding Told

Mr. and Mrs. L. M. Baldwin of Morton announce the marriage of their son, Don, to Miss Patricia Ann Harclinger, daughter of Mr. and Mrs. Albert Harclinger of Bonanza, Utah.

The marriage took place on October 13th and the couple is now making their home at Rangley, Colorado.

Don is a graduate of Morton High School.
